German Offensive Has Begun; Rheims Centre of Attack; Enemy Cross Marne

Mighty Attack Along Front of 50 Miles or More

London Reads in News That Developments Are Quite Satisfactory—Tremendous Bombardment Precedes Assault—Americans Heavily Engaged Near Vaux, Counter Attack And Drive Enemy Back

Paris, July 15.—A new offensive by the Germans was begun last night in the region between Rheims and the Argonne. The war office reports: "After violent artillery preparation, the Germans attacked this morning from Chateau Thierry as far as the Main de Massiges. French troops are meeting energetically the shock of the enemy on a front of about fifty miles. The battle is in progress."

London, July 15.—The Germans have crossed the Marne at several places in their offensive begun this morning, according to advices received here.

ALONG LINE OF 55 MILES.

London, July 15.—Advices received here regarding the German offensive state that the attack began on a front of thirty miles between Chateau Thierry and Bligny, southwest of Rheims. The Germans also attacked east of Rheims, between Prunay and Maison de Champagne, on a front of twenty-five miles.

VIOLENT ATTACK ON AMERICANS NEAR VAUX.

With the American Army on the light to-day launched a violent attack against Chateau Thierry, especially near Vaux. The bombardment of high explosives and gas enemy infantry appeared the Americans with a rain of machine-gun bullets. The attacking Germans.

An enemy bombardment of towns in the rear of the lines began soon after 6 a. m.

The latest reports say that the Americans are holding their own in the fighting, maintaining their positions.

Heavy shells from German naval guns are falling in regions far behind the actual battle area. Many of these projectiles have fallen in the City of Masses, twenty-five miles from Chateau Thierry. In many of these towns the German shell fire is constant, the projectiles being from ten and twelve inch naval guns.

"HANDLING THE ENEMY WELL."

Reports from American advance positions said that the American troops were "handling the enemy well," in the desperate fighting which is continuing. In this locality it was not known whether the Germans in this attack had begun another offensive, but the intensity of the fighting indicated to those near the scene that the operation was a renewal of the general attack that had been expected.

At 5.51 a. m. it had not been determined how the battle in the vicinity of Vaux was progressing. The whole line in both directions from that town was dense with smoke and gas fumes. The roar of the cannonade was punctuated in the few intermissions with a terrific din of machine gun and rifle fire which seemed of the hottest character in Vaux.

ST. JOHN PEOPLE MAY SEE THEMSELVES IN THE MOVING PICTURES

A national motion picture convention was to open in the Hotel Plaza, Boston, to-day and continue for several days. It is a gathering of producers, stars, exhibitors and film folks in general, to say nothing of specialists who have apparatus to sell and accessories to introduce. The big display of all the goods, made in the Mechanical Building, Columbus avenue, Boston's big exhibition place. Various well-known producing corporations will have booths in which their stars will hold receptions, there will be the various demonstrations of the taking of motion pictures and to show the speed with which these photographs can be turned out they will be developed from the raw film to the finished picture during the same day so that spectators who witnessed the process may also see the screening.

SAYS IT'S A NUISANCE.

Residents of Benford are complaining of a motor boat which is used for towing cutwood from the woods. They say that no muffler is used and that the noise has developed into a public nuisance. It is said also that there is a penalty for operating motor boats without mufflers.

British Land Men On Murman Coast

Russian Foreign Minister Demands Withdrawal—Port of Kem Has Been Occupied

London, July 15.—British forces, after landing on the Murman coast, have occupied the port of Kem, on the White Sea, says the Frankfurter Zeitung, according to a Rotterdam despatch to the Daily Telegraph.

London, July 15.—American and British troops have occupied the whole of the Murman coast in Northern Russia, says a despatch from Moscow to the Central News Agency by way of Amsterdam.

London, July 15.—M. Tchitcherine, Russian foreign minister, has addressed a note to Great Britain demanding that the British detachments now on the Murman coast be re-embarked without delay, says a Central News despatch today from Amsterdam relaying a Moscow despatch.

London, July 15.—That Czechoslovak troops have captured the City of Kazan, 480 miles east of Moscow, says an Exchange Telegraph despatch from Copenhagen, is a report from Moscow. The city was taken after the Bolsheviks had put up violent resistance.

Siberian War Cabinet.

London, July 15.—General Horvath, commander of the anti-Bolshevik forces, has appointed a temporary war cabinet for Siberia. The present situation offers every inducement for formal guidance, preferably under an allied council at Vladivostok. The Czechoslovak hitherto led by General Horvath's overtures to a committee of the Russian war cabinet in Russia.

Amsterdam, July 15.—An attempt of the Germans to recruit soldiers from conquered Russian territory is indicated by the London despatch which states officially: "Youths from the Baltic provinces are now eligible for officers' commissions in the German army."

KERENSKY CALLS ON ALLIES TO HELP.

Paris, July 15.—Havas Agency.—Alexander F. Kerensky, former premier of the Russian provisional government, yesterday declared to a committee of the French Radical Socialist party, that in Siberia but along the Volga and even north of Moscow, are being carried out to a plan, formulated while he was in Russia.

Kerensky suggested that all the Bolshevists should give aid by each sending a small number of troops to Russia but above all munitions of war were needed in that country. The Allies must hurry, he declared, because three months from now, it would be too late.

HOME FROM CAPITAL

Young ladies who have been attending the household science and food conservation convention at Fredericton, at which Mrs. Muldrew, representing the federal lecture bureau, gave extended talks, passed through the city today to their homes. The party included Miss Sue Prescott of Albert, Miss Grace MacLellan of Springfield and Miss Steeves of Hillsboro. These young ladies will be part of a lecturing corps to tour the provinces in food conservation work. Mrs. Muldrew will lecture in St. John today.

Drowning In Kennebecassis

ST. JOHN NURSE WHO CROWNED DEVOTED LABORS IN WAR BY GIVING HER VERY LIFE

Edward Lee, Son of T. C. Lee, Loses Life

Boat Captured by Squall and He Falls in Effort to Reach Land—Little Brother and Mrs. Fenety See Fatality

Edward Lee, son of T. Carlisle Lee, of W. H. Thorne & Co., Ltd., aged seventeen, a naval cadet home on furlough, was drowned by the overturning of a small sailboat during a squall in the Kennebecassis at Gouda Point about 10.30 this forenoon. The plucky lad struck out for shore, as he was able to swim, but rather rough water and a strong breeze retarded his progress to such an extent that he sank before help could reach him.

The accident was witnessed by two people only, his little brother, Willie Lee, and Mrs. Fenety of Fredericton, visiting at the point. They gave the alarm and in a few minutes James Mullett and Herman Saunders were on the scene, but the boy was under the water and all they could do was to tow his upturned craft into the wharf.

Cadet Lee had not acquired anybody of his intention of going out in the sailboat alone and it is assumed he felt quite safe in his knowledge of swimming and his training for nautical work. When his boat was reached, a point about 800 yards from the shore, it went over with a gust of wind.

Up to 1.30 this afternoon the body had not been recovered, although an increasing number of volunteers were at work grappling.

The Lee family is prostrated by the fatality. "Ned" was a favorite in the household and his many choice of entering the British navy, after a thorough cadet training, made him a more heroic figure even than a big brother usually is.

With his many friends old and young the lad was thoroughly well liked. He had been a student at the Naval School, Halifax, and also at Montreal, and it was in his plans to be further educated for the sea at Esquimaux, B. C., the new naval training station, commencing in the autumn after his vacation.

Besides the stricken parents, Master Lee leaves several older brothers and sisters and some younger. One sister, Margaret, is on the clerical staff of the Bank of British North America, and a brother, Harold, is an engineer.

The young man had been at the Gouda Point cottage a fortnight and was bright and cheery with all the suburbanites and country folk. Nobody thought anything of his sailing the boat alone, and as the spread of canvas on the little craft was very limited—a mere lug-sail—it was never suspected there was any danger.

THE BERRY PICKERS.

The father of one of the St. John girls who died on Friday, he found they visited them on Friday. He sought them in farmette attire, very snugly settled in five roomy tents pitched in front of Mr. Pawcett's house. They had picked eighteen crates that day but did not expect to be really busy until this week, as the berries were only then ripening.

The girls were greatly enjoying their outing. Ex-Governor Wood and others from Sackville had visited them, and they were planning a "straw ride" to town for Saturday night. They have an ideal location with lots of milk and buttermilk and meals well prepared by themselves, taking turns about. Miss Church is winning golden opinions as leader of the party.

ST. SWITHIN'S DAY

Exactly 947 years ago today a body of devout monks of Winchester, Eng., made an attempt to remove the body of a noted saint from its place of temporary interment to the newly erected Cathedral. They were prevented from doing so by a heavy downpour of rain. Repeated attempts were likewise frustrated, in all forty days of steady wet weather. As most people can guess the notable ecclesiastic was St. Swithin, and today, July 15, is the anniversary of the commencement of that memorable rainy spell. It is to be hoped the generally upset condition of this poor old war-ridden world and its many traditions and precedents will include in its shakedown a dislocation of this St. Swithin's day legend of forty days of rain if it is kept on this day.

Lieutenant G. Ormonde Perley, who went across with an infantry draft early in the winter and who has been on duty in England since then, arrived home this morning, having landed at an upper Canadian port.

CHOLERA REPORTED RAMPANT IN PETROGRAD

Stockholm, July 15.—Six cases of what the medical board pronounces to be Asiatic cholera are on board the Swedish steamer Angermaland, which arrived from Petrograd on July 11. Members of the ship's company say cholera is epidemic and has spread widely in Petrograd. When the vessel sailed on July 9, they add, rioting was in progress in Petrograd and machine guns had been used in several quarters of the city.

Stockholm, July 15.—The Finnish senate, according to a telegram from Helsinki, has closed the frontier between Finland and Russia owing to the prevalence of cholera at Petrograd.

MOST AMBITIOUS ENEMY STROKE SINCE THE BLOW OF MARCH 21

Great Naval Guns New Factor In German Drive

BOMBARDMENT FAR BACK OF THE ALLIED LINES

Evidently Hoped to Find Our Forces Least Prepared in Section Where Attack Was Made Today—Rheims Seems to be the Siam Centre

(Associated Press.)

Official reports relative to the grand offensive begun this morning against the Allied positions shows that it is the most ambitious stroke since March 21, when the Germans launched their assault against the British lines from the vicinity of Arras to La Fere. The front in the March 21 offensive was reported to be about fifty miles in length. The one over which the Germans are attacking today is approximately fifty miles from Chateau Thierry, on the west, to Massiges, in the Champagne, on the east.

The Germans followed their most recent tactics of beginning an offensive. There was a brief artillery preparation of great violence, and then came the advance of assault troops.

There seems, however, to have been a few naval guns behind the line from Chateau Thierry east along the Marne, over the rolling hills to Rheims, and thence eastward in the great attack along the Aisne late in May. They evidently hoped to find the Allies less well prepared in this sector than elsewhere. In spite of the repulse of the Germans before Rheims early in June it may be that the Allied line eastward from Chateau Thierry had been more thinly held than that from Chateau Thierry north to the Aisne and thence through the Picardy sector to Ypres.

German assaulting troops this might expect to encounter less violent resistance in the sector east of Chateau Thierry, and the Germans possibly hoped for gains which even would compel an allied retirement from the Verdun and St. Michel sectors.

The north bank of the Marne is held by the Germans for a distance of some twenty miles east from Chateau Thierry. A successful attack in the Rheims area might force the Allies back on the Marne still farther east and give the German command of the communication system by which the French and American troops at Verdun and St. Michel are supplied with food and munitions.

In this district is the city of Chalons, which is reputed to be an important supply centre. It is approximately eighteen miles back of the line where mighty armies are locked in a death struggle today.

THE AUTO LIGHTS

Shafts of Light in All Directions Particularly Noticeable Out of City

People little realize the efficient brilliancy of a high-power automobile headlight until they watch from a central vantagepoint after nightfall. During one of the few clear nights of late a Times man, standing near Manchester's corner on the Manwagons Road, saw dozens of startling shafts of light doing in and about, not only from the roadway in the direction of Spruce Lake, but the branch road leading to Days and elsewhere, while to the right a number of cars heading for town on the highway shot their beams of white illumination from hilltop to hilltop, only now and again being lost to view as they dipped into a valley or under a knoll. It reminded one of the old days when gala events in the city were marked by man-of-war illuminations in our harbor—a cross-crossing of searchlights. There is really nothing more conspicuous after dark than an auto light bobbing up and down, now on the ground now in the air. In fact even in the city the illumination of cars is getting to be a big factor. Some car-owners have been employing shading devices for keeping the lights directly on the ground and minimizing the upward way which casts the light far into the air, by darkening the upper half of the lens.

SAYS COMMISSIONER HAD NO AUTHORITY TO FREE PRISONER

Magistrate Comments on Release of Man Before Appearance in Court

That a prisoner who was arrested on Saturday on a charge of drunkenness and sent to the English coast in an air patrol duty on the English coast. In this, as in many other cases where Canadians are concerned, a tribute of deep gratitude is paid to Lieutenant Murray MacLellan, M. D., who did much to make the arrangements and who even went to Newcastle to see the remains of the gallant young aviator.

A melancholy incident was the receipt of a letter from Lieut. McLellan by his parents to-day. He wrote about being located at Bramborough, near the home of Lord Greve, in the Newcastle district. With him were Flight Lieutenants Patterson and Foley, also of St. John.

Woodstock, N. B., July 15.—James Gibson, a prominent farmer of Northampton, was instantly killed on Saturday when a staging on which he was working broke away. He fell twelve feet, breaking his neck. Two sons in the army and a son and daughter at home survive.

ALLIES PROTEST.

Peking, July 15.—(By the Associated Press.)—The British, French and Japanese ministers to China have strongly protested to Gen. Horvath, the anti-Bolshevik military commander, who has formed a temporary war cabinet for Siberia, asking him to withdraw his dictatorship proclamation on the ground that it is unjust and untimely. The proclamation, the ministers say, is calculated to cause a situation which may impede the movement of the Czechoslovaks, which movement at the present time is all important.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

POPULAR MOVIE MAN IN OPERA HOUSE BILL, CAN YOU TELL WHO? For those who like good acting—and there are many such in St. John—the one-act play "Extravagance," being offered this week at the Opera House by Phyllis Gilmore, Victor Brown & Co., is especially recommended.

HAVE SECURED BIG ATTRACTION The Red Cross Society of St. John, who are leading the movement to help France on Thursday of this week by utilizing Imperial Theatre as a complete buy-out for the day—have secured from the Vitaphone Company of America the thrilling war romance entitled "For France." This is a pictorial replica of a chain of incidents in the French campaign during the early stages of the war and is another of the spirited and patriotic stories of the Rev. Dr. Cyril W. Townsend.

ANOTHER DOROTHY DALTON SUCCESS AT IMPERIAL Then Dorothy Dalton as Maids in her newest Paramount release at the Imperial Theatre tonight, no prettier Maids could be imagined. A role that fits her perfectly as her diminutive gloves already do has been provided for her in "Gardner Sullivan's play, "Love Me," which was directed by Roy William Neill under the direct supervision of Thomas H. Ince himself.

UNIQUE THEATRE TONIGHT—THE BELGIAN The Story of "The Belgian" stands forth like a brilliant etching against its background of tragedy. Throughout the story runs the dominating web of the German secret service, the web whose centre is at Wilhelmstrasse, and which reaches out to enfold in its meshes the characters of the story almost to their undoing. Prices slightly increased for this feature. Matinee, 5c, and 10c. Evening, 10c, and 15c.

GOOD PICTURES AT GEM; "THE WHIP" IS COMING "The Eagle's Eye" showing Hun plots to stir up labor trouble in the States, and Creighton Hale and Gladys Hulette in "Mrs. Slacker" provide a grand picture programme at the Gem for tonight, seven reels in all, five and ten cents. There will be big interest in the announcement that "The Whip" is coming to the Gem at low prices. Watch for it.

BRYANT WASHBURN AND TOTO AT THE STAR George Randolph Chester's amusing story of mixed identities entitled "Twenty-One," will be the attraction at the Star Theatre the first two days of this week. Bryant Washburn plays a dual role in this new Pathe play which is being shown at the Star for the first time in St. John.

THE ROTARY CLUB S. E. Elkin, M. P., addressed the Rotary Club today. He touched upon Courtenay Bay development, the need of closer union and co-operation in the maritime provinces, the growth and the unity and rising power of the west, the importance of making woman's franchise and the entrance of women into new vocations serve the public welfare to the greatest extent possible, and the illumination of partnership with politics. R. D. Paterson presided. Some of the club's songs were sung. A. M. Being reported the progress of the playground movement and the chairman said the club should at least next year after trophy for competition on the new grounds. A carriage board made by Samuel Patterson, containing 1,000 pieces, was shown by F. A. Dykeman. Mr. Patterson has made a dozen of these for military hospitals.

BIG LEAGUE TEAMS ARE TO BE SEEN IN ACTION IN MONTREAL

Joe Page Makes Possible Visit of Major League Clubs to Canadian Metropolis Major league baseball will be seen in Montreal this month. The Chicago Cubs, now leading the race in the National League, and the Boston Braves, leading the clubs in the second division, will be the opening attraction in Montreal on Sunday, July 28. The proceeds of the game will go to patriotic or Red Cross purposes. Showing this game proved to be a success financially and otherwise, a series of big league games, ten in number, will be staged in order for each succeeding Sunday. The games will be equally divided between the National and American League teams, so that the baseball fans of Montreal and adjacent cities and towns will have an opportunity of seeing not only the best baseball attractions that can be had right at their own door, but in addition these attractions will be staged at the regular admission that applies in the big leagues. Notwithstanding that the bringing of these star teams to Montreal entails a large expense, it is confidently expected by the business men of Montreal who are financing the proposition, that there will be a large surplus remaining to be given to patriotic war purposes.

Should such turn out to be a reality, Montreal would undoubtedly be in line for a major league berth in the reconstruction of base ball territory which is bound to take place after the war. It is now up to the fans of Montreal and nearby points to show major league how well they can support the major league proposition. Tickets for patriotic war purposes—at peace time prices. Should the fans make good on the proposition, means a whole lot from an advertising standpoint not only for Montreal but Canada, in general, and the gentlemen who have financed and carried out the project—will have had the satisfaction of having accomplished something worthwhile for base ball, for war activities, and satisfied the base ball public in general. It is Joe Page, veteran baseball player, writer and organizer who has made it possible to get the league teams there.

BURIED TODAY. The funeral of Mrs. Margaret Hines took place this morning from the residence of her brother, Philip E. Clarkin, 21 White street, to the Cathedral, where a requiem high mass was celebrated by Rev. F. S. Walker. Interment took place in the new Catholic cemetery. GERMAN OFFENSIVE HAS BEGUN; REHMIS THE CENTRE; ENEMY CROSS MARNE LONDON IN GOOD MOOD. London, July 15.—The feeling in London on the situation following the German attack in France is that the developments are quite satisfactory. AMERICANS IN COUNTER ATTACK DRIVE THEM MACK. With the American Army on the Marne, July 15, 11.15 a. m.—The American forces on this front delivered a counter-attack upon the Germans in the Vaux region this morning and drove off the enemy. It is reported that the Americans have advanced their own lines a distance of several hundred yards, but this has not been confirmed. With the American Army on the Marne, July 15, 11.20 a. m.—Word received here shows that the enemy also launched an attack east of Rheims, but on the sectors on that front which French and Americans are fighting side by side, the positions are reported intact. The American machine gunners here on the Marne, close to their positions and then opened a deadly fire into the advancing close formations of Germans. It is clear that the German attack in the Vaux region completely broke down under the American counter-attack, but further sharp fighting is likely to develop in this area at any time. With the Americans in France, July 15.—In their attack on the Marne front the Germans threw many bridges across the river. Over these the Germans are passing under a withering fire from the artillery. German progress is being stayed by the machine gunners. The Americans and their French comrades have resisted the enemy to the utmost and are continuing this character of resistance.

After 11 o'clock one of the American infantry regiments launched a counter-attack in the region of Chateau Thierry. It is reported that the Americans were a bit faint, for soon after it began the Germans attacked all along the Marne, where they were gallantly opposed by the peak of the American troops and the French. The crossing was made at the peak of the big river bend. The American machine gunners and infantrymen fought and died where they stood here. Officers of the American troops withdrew strategically at the enemy attacked from east of Chateau Thierry to the Marne, east of Dormans, making additional crossings.

Regarding the building on the corner of Union and Dock streets, gutted by the Marne to Jaulongue, where the Thomas Nagle had said that the walls were to be rebuilt. Commissioner McEllan said he had been informed that the Y. W. C. A. was contemplating the purchasing and reconstruction of the building. He would see that some action is taken this week. Commissioner Bullock was authorized to spend \$750 additional on repairs to North Rodney wharf. Commissioner Hilyard reported from the city engineer on the proposed extension of a sixteen-inch water main from the One Mile House to the drydock site in East St. John. The cost to the County Hospital would be \$65,000 and to the drydock, \$10,000 additional. Commissioner McLellan said that the city had guaranteed a water supply for the hospital but he would not vote for any more bond issues until the city provided for the fire department an eight-point aerial truck. Commissioners Bullock and Fisher intimated that this might not be an insurmountable obstacle. The council decided to postpone decision until after the meeting of the county council tomorrow. Expenditures totalling upwards of \$20,000 were advocated by various members of the City Council at a committee meeting. Commissioner Hilyard championed the extension of the water system to East St. John, at an estimated cost of \$80,000; Commissioner Bullock drew attention to the need for the completion of the Spruce Lake extension, which would cost another \$80,000, and Commissioner McLellan served notice that he would vote for no large bond issues until the Council agreed to provide a new aerial truck for the fire department, a matter of another \$80,000. The line for the Courtenay Bay district stands over until after the meeting of the County Council on Tuesday. The Council agreed to hear the Housewives' League on Thursday and the city engineers on Monday next, regarding a proposed by-law to make bread wrapping by bakers compulsory. The vehicles tax was discussed and a table of rates practically agreed upon. The schedule agreed on, so far, is as follows: Commercial motor-cars, on a basis of weight, passenger cars, for private use, \$2.00; passenger cars, for hire, \$8.00; chauffeurs, \$1.00; horses, \$1.00 each. It was suggested that the age limit for drivers be raised from 16 to 18 years. Further consideration will be given the matter at another meeting.

CASE OF SOLDIER. The case against Sergt. John Colodan, who was arrested a few days ago charged with wearing a returned soldier's badge, to which he was not entitled, was continued in the police court this morning. Major C. J. Morgan appeared on behalf of the military. The defendant again asked for a court martial or else that the military authorities be granted him the services of an attorney. The case was set aside until Friday in order to give him an opportunity of producing witnesses or counsel.

REICHSTAG ADJOURNS; EFFORT TO PREPARE GERMAN PEOPLE FOR HARD TIME IN WINTER

Amsterdam, July 15.—The Reichstag adjourned today from Berlin, last adjourned until November 6. One of its last acts on Saturday was to pass all taxation bills, which the finance minister declared were more extensive and more important than any since the foundation of the empire. After the Reichstag had voted the war credit, President Fehrenbach said that the Reichstag could look back with pride on the first year of the war, and that the people could also regard the peace treaties in the case with satisfaction, opening a way to the east, entering into friendly relations, bringing order where disorder reigns, and concluding reciprocal agreements. "We cannot tell our constituents," he declared, "that the end of their sacrifices has come, but it is to be hoped that as the trials of last winter were more bitter than the previous one and as Heaven has preserved us from crop failures that our staunch and faithful people will also be able to bear the hardships of the coming winter." Herr Fehrenbach asserted that as the result of the war did not rest with Germany and that as the enemy persisted in their desire to annihilate the German people, nothing remained for Germany but to break this desire for annihilation. He concluded: "We place our faith in God's protection of our valiant and comparable army so that it will, with victories this summer, lay the foundations of a honorable and lasting peace."

FOOD STORAGE REPORT

Ottawa, July 15.—The cost of living branch of the department of labor reports that the stocks of meat in storage on July 1 showed a decrease, compared with the preceding month. This is especially true in beef, doubtless due to very large overseas shipments. A comparison here with last year, judging from the limited list of firms reporting their inventories, indicates a shortage of the tremendous stock loosed by the enemy at that time. There have been as great a supply as our stocks of last summer. In the case of fish we have a substantial increase above last month, and at the same time more than last year. Ottawa, July 15.—Because of the limited supply of substitutes for wheat flour at present available in Canada, in comparison to the demand which would result from the operation of the recent order of the Canada Food Board, bakers, confectioners, public eating places, and private households will not, for the present, have to use one pound of substitutes to every four pounds of standard flour in baking. They must, however, use one pound of substitutes to every nine pounds of wheat flour. Dealers will be required to sell one pound of substitutes with only every four pounds of standard flour.

IN WALL STREET

New York, July 15.—(Wall Street 10 a. m.)—Stocks were irregular at the opening of today's market but soon developed a heavy tone on reports indicating a renewal of the German offensive along the western front. Active equipments and specialists, particularly tobacco, yielded 1 1/2 to 4 points in the course of the first half hour. United States Steel and Reading reacted two points and other leaders were one to two points under last week's final prices. Trading quickened on the decline. Liberty bonds were steady. One hundred city employees of Dallas, Texas, are going out into the harvest fields next week.

THE NEW DRIVE

Violent attacks by the Germans on a fifty mile front early today appear to be the beginning of the enemy's long expected drive towards Paris and the Channel ports.

While it is too early to form a clear idea of the enemy's success in today's fighting, it would seem that at no point has he broken down the Allied resistance. West of Chateau Thierry, around Yaux, United States troops are battling desperately to maintain their positions and are meeting the invaders on equal ground.

If the Germans should break through, their success would give the enemy new heart and bring serious complications for the Allies. If they fail, as Foch and Haig confidently expect them to do, military critics believe it will end any determined efforts on the part of Germany to smash her way further toward the Channel coast.

Part-time study. An interesting experiment to enable boys who must leave school early to get part-time work and part-time instruction is being made by the retail committee of the Halifax board of trade. The plan is for a merchant or other employer to engage two boys instead of one. One of these one works in the morning and the other goes to school. In the afternoon the latter works and the former attends school.

The news from Russia tells of further success by the Czechs-Slovaks, and of the waning power of the Bolsheviks. There is more and more talk of Allied intervention, and it begins to look as if this policy would eventually be pursued.

Polarine. FRICTION REDUCING MOTOR OIL. Makes a good car better. For Crankshaft Bearings. EFFECTIVE lubrication of the crankshaft and the connecting rod bearings keeps down vibration. UNLESS these bearings are protected against excessive wear by a film of oil of correct body and lubricating quality, "play" soon develops. KEEP BEARING WEAR DOWN AND CAR VALUE UP. The actual value of your car, whether in daily use or in the market for sale or exchange, is mainly a question of engine value. A car is no better than its engine. And engine upkeep is largely a matter of proper lubrication. Polarine is made in two grades—Polarine and Polarine Heavy. It is supplied in one-half, one and four gallon sealed cans, also in 12 1/2 gallon steel kegs, barrels and half-barrels. There are also Polarine oils and greases for effective transmission and differential lubrication. Buy Polarine where you get Premier Gasoline—at the sign of the "Red Ball."

SAVE YOUR CABBAGE.

It is about this time that the flies of the cabbage-maggot are most active, large numbers of eggs being deposited against the stems of young cabbage and cauliflower plants. The best preventive where these pests are concerned is the felt disk placed around the plant as soon as it is set. But for those who did not take this precaution earlier in the season care must be taken to prevent the flies from laying their eggs on the plants. A good remedy is to dust the infected plants with fresh ground lime or other dry material. One part of the lime to four of the plants. After being thoroughly mixed together the powder and lime should be kept in a tight vessel for 24 hours before using. The mixture should be applied from a dusting, sold by seedsmen, or from a cheesecloth bag tied on the end of a short stick, the operator holding the bag over the plants and tapping the stick with a cane held in the other hand. A mixture of Paris green and dry arsenic of lead may be safely used as a spray for cabbage until the heads are half formed, but not afterwards.

UGLY RUMORS FOLLOW HIS DISAPPEARANCE

Newcastle, N. B., July 14.—There is considerable stir in the little village of Chatham Head, directly opposite Newcastle, over the disappearance of James Babineau, of Acadville, Kent county, a married man aged fifty-three, without children. Last summer and this spring Babineau had worked at John Maloney's saw mill, Chatham Head. Four weeks ago he disappeared under very mysterious circumstances and has not been seen or heard of since. Ugly rumors were soon current about the man having been beaten or even killed, while some believed that he had fled the country for fear of assault or for some other reason.

COMPLAINT MADE AGAINST DRUGGISTS' ASSOCIATION

Washington, July 14.—Conspiracy with the purpose and effect of stifling competition in the wholesale drug trade is charged by the Federal trade commission in a complaint against the National Wholesale Druggists' Association, the Little Guaranty Trust Company of New York, the organization's treasurer and numerous individuals, including the officers.

Newcastle's chief of police, with another officer yesterday afternoon were told that it appears that Babineau was last seen in or around a house at Chatham Head occupied by two women. It is said that on the night on which Babineau went to the house for the last time, at least one other man was allowed to enter the house. The woman of the house told the police that on her return that night, after attending the Newcastle races, she found Babineau waiting for her, and that on his attempting to embrace her she had struck him. Babineau had then cleared out, and she had never seen him since. Another report is that Babineau was beaten by two men, perhaps three. A third man tells of two men asking him to help them beat Babineau, but he says he did not join in the assault but was home in bed when the racket occurred and merely heard the noise.

Charles E. Bedwell, Omaha, Neb., is president of the association; Clarence E. Hope of Boston, is one of the vice-presidents; F. E. Holliday of New York is secretary. The board of control also named in the complaint includes B. A. Jackson of Providence, R. I. The committee on proprietary goods likewise was named.

IN THE CHURCHES

The Rev. J. H. A. Holmes, the new rector of St. Jude's church, West side, conducted the services on Sunday, and made a very favorable impression on his congregation. There was a large attendance in the morning, when the "Thirteen Articles" were read by the rector. The evening sermon was preached on the text: "As thy days so shall thy strength be," and was very eloquent and feeling.

Dr. P. R. Hayward, of Toronto, preached at the morning and evening services in the Waterloo street Baptist church yesterday. He is occupying the pulpit of that church for two weeks while the pastor, F. H. Wentworth, is on his vacation. Dr. Hayward, who is engaged in F. M. C. A. work in Toronto, was listened to with much interest on Sunday. Rev. M. F. McCutcheon, formerly pastor of the old Brussels street Baptist church, was given a hearty welcome back to the city when he preached at the two services in the Ludlow street Baptist church yesterday. Rev. Mr. McCutcheon is now pastor of the First Baptist church, Montreal, and is visiting in the city. The subject of his evening sermon was French Evangelization or What the Grand Ligne Mission is Doing for the French-Canadians.

Yesterday was the monthly Communion Sunday of the Holy Name Society for the men of the Cathedral parish. At the 7 o'clock mass the men in large numbers received Holy Communion in a body. Last evening after vespers the usual instructional sermon was given by Rev. Wm. Duke, chaplain of the society.

NOTABLE TRIBUTE TO THE BRITISH EFFORT

Paris, July 15.—Writing on the subject of the British effort from the point of view of effectiveness, the correspondent of the Petit Parisien at the front says: "If the British in imitation of Americans were to disclose to us the number of contingents sent regularly to our front and the number of discharged soldiers in factories, in services at bases and on the lines of communication, we should acknowledge with admiration the grandeur of Great Britain's sacrifices."

AMERICANS MAY BE PUT ON TOBACCO RATIONS

Washington, July 15.—Government control of the tobacco industry of the United States may result from the heavy requirements of the Allies and the American military forces abroad. Rationing of the American population is believed to be a possibility.

ABSENTEE TURNED OVER TO MILITARY BY FATHER

Birmingham, Ala., July 18.—Stirling Hicks, Jr., who deserted his command at Camp Wheeler, Macon, Ga., two months ago, is back in the hands of military officials through the instrumentality of his father. The young man, who hid in the woods near his home at Jasper, after leaving camp, was turned over to the authorities by his father, who spent several nights in the woods before finding his son.

"I nearly break my heart to have to arrest my own son and turn him over to the authorities on so serious a charge," the father told officials, "but even if it is my son, I cannot harbor him as a deserter or even countenance his action."

A hospital street car for transporting insane patients will soon be seen on Chicago's streets.

ST. JOHN YOUTH IN ROYAL AIR FORCE MISSING

Flight Lieut. Douglas Y. Hunter Not Seen Since July 7 is Distressing News Received by Mother

That Lieutenant Douglas Y. Hunter of the Royal Flying Corps, has been missing since July 7, is the disturbing announcement which has been received by his mother, Mrs. James Hunter of Pandemic.

Lieutenant Hunter is the youngest son of the late James Hunter of this city, who conducted a locksmith and electrical business in Princess street for many years. Since his father's death he has made his home in New York. He left New York in June, 1917, and enlisted in Toronto, where he received most of his training for the air service, spending also a brief period in Texas. Lieutenant Hunter left St. John for overseas in December and had been in training in England until April last, when he went to France.

The information which has been received was but meagre. It was contained in a communication from the Minister of Aviation in France and read as follows: "Lieutenant Douglas Y. Hunter, 29th Squadron, Royal Air Force, missing since July 7." Mrs. Hunter has cabled the Red Cross in Geneva but as yet has had no response.

The young officer's many friends in St. John will hope that more encouraging news soon will follow. He is only twenty-two years old.

LIQUOR CASES FROM NORTH END

Story of Arrest of Three Men Near Sheriff Street

Two Soldiers Taken From Jail to Hospital Very Ill After Drinking Vile Concoction

Charles Creary appeared before Magistrate Ritchie in the police court this morning on a dual charge of drunkenness and vagrancy. Police Constable testified that he saw the defendant and two other young men coming out of an alley behind places near Sheriff street on Sunday morning and that he and one of the others were drunk. As he saw the third could not give a satisfactory account of himself he also placed him under arrest and charged him with lying and lurking about public places to give a proper account of himself.

Police Constable testified that he had seen the liquor from two strangers on Long Wharf. He said they gave it to him and that he had had two drinks. He was warned that he was liable under two penalties and as his case will be further investigated he was remanded to jail.

One of the other young men arrested on a charge of drunkenness also said he got the liquor from a stranger. He was also sent below.

The third, David McKay, explained that he had been visiting his brother, who lived in Billings street, and that he had been going home by a short-cut when he was accosted by Creary. He said that while they were talking the police came along and arrested him. A fine of \$8 or two months in jail with hard labor was threatened against him.

A man arrested on a charge of drunkenness and for having liquor in his possession was warned that he was liable to a heavy fine and was then sent below.

That the concoction being sold by bootleggers is a serious condition and needs medical aid. On Saturday night two soldiers were arrested and their condition was so serious that they were ordered removed from the jail to the Military Hospital by Dr. Dunlop. This became a frequent occurrence and Magistrate Ritchie has on more than one occasion warned defendants that they will be found dead if they continue to drink the poison.

A respectable looking man, who appeared in court this morning to answer a charge of drunkenness, when asked by Magistrate Ritchie where he got liquor, said that he had procured it from a stranger. He was ordered below and informed that such a cock and bull story would not pass.

DIP UNDER WATER TO GET THE BERRIES

That's What They've Been Doing up Hoyt Way—The Rain and the Creps

Morris Stevens, a Scotch farmer from the Hoyt district, off the C. P. R. line, told the Times this morning that one of the sights in his locality a few days ago was a dozen men and women picking strawberries from under the water. The excessive rain had laid in a great long pools over the berry patches and to get at the fruit it was necessary to wade almost ankle-deep, a most tedious and laborious procedure, as can be imagined. Naturally the fruit suffered like many a stock-raiser enterprise, from an overdose of water.

Mr. Stevens says much of the lowland hay is suffering from the rain. Sand and silt of all kinds have been washed from upper ledges to the intervals and foothills, choking the growth and in some cases actually flattening the grass. In fact on uplands in some places fields after fields of what would have been splendid hay has been damaged by the heavy downpours as if trodden down. Farmers are becoming impatient with the continuation of rain. For a few days it was a much-needed blessing, now it is becoming a nuisance in a way that is not to be wished.

Last year the farms suffered from long spells of rain and inclement weather generally, but the growers philosophical, they dismissed it as an "off" year. This next season, however, starting in so bad makes some who are quick to complain wonder if Nature be slipping a cog. Last fall some farmers claim to have suffered from a particularly early snow fall which covered much of their late crops.

POWER COMPANY WILLING NOW

F. R. Taylor, solicitor, an H. M. Hopper, general manager of the New Brunswick Power Company, Limited, waited on Mayor Hayes this morning and informed him that the company is willing to permit an appraisal of the physical assets of the company by the experts selected by the city.

They said that they could not offer to let any more auditors begin work on their books at present, as three already are using them for that purpose. As the engineers appointed by the city have returned to their homes, it is not known when the city will be able to take advantage of the change in the company's attitude.

While strawberries took a decided jump in price during the latter days of last week, making Sunday's supply range from sixteen to eighteen cents a box, it is held by those who know the market well that by the middle of this present week the lowest figures should be quoted, possibly as low as eight cents by the crate. This information is not absolutely definite of course, but is based upon the supply yet unpicked and orders placed with growers by wholesalers. Wednesday is the day berries are expected to make the slide. It is said that comparatively few householders have yet done up their preserves—that is strawberry preserves—and if the big rush does not materialize this week there will be a shortage. However, shortage seems out of the question, as it has been a big crop this season in spite of the rain. Enormous quantities are being shipped to Montreal and other markets this season. One dealer in North End has a record of more than 20,000 boxes in sight.

THEY'RE PAYING HIGH FOR STRAWBERRIES IN LONDON

Mr. George Scott has just received a letter from his brother, James, who lives in London and whose son Arthur is attached to an Australian unit. Among other interesting news he says it is impossible for most of the population in the great city now to procure fruit, as it is so costly. The strawberry crop has been commandeered for the jam makers on every day except Saturday. On that day dealers are allowed to supply the public at a maximum price fixed by the government, nine pence per pound. In practice this maximum has proved the irreducible minimum. So eager are the people to secure the luscious berries even at this price that they form long lines in waiting outside the shop to secure them.

BULGAR IN COURT

A Bulgarian named Guche Vallif appeared in the police court this morning charged with breaking his parole. The charge was laid by Robert Crawford, a provincial constable, who said he accosted the accused in the Union Station on Saturday night and discovered that his leave was good only until yesterday. He said that he warned the defendant to leave the city on Saturday and return to Minto, N. B., where he was working in the mines, but that he refused to do so.

The defendant said that he went to the station on Saturday to leave the city, but found that there were no trains going to Minto. He said that he had his ticket at his lodging house. Magistrate Ritchie told the constable to take him to the boarding house and see if he had his ticket. If he did he was to leave the city on the next train and if not he was to be brought back to jail.

SHERIFF'S SALE

The property consisting of a dwelling house and frehold lot on the corner of Germain and Harding streets, owned by John S. Thomas, was sold at auction at Chubb's Corner at noon on Saturday by Sheriff A. A. Wilson, under an execution issued by the Supreme Court. The property was bid in by E. J. Heneberty, acting for Mr. Thomas at \$1,200.

EMPLOYEES ARE NEUTRAL

The employees of the New Brunswick Power Company are not supporting the company's application for permission to increase their rates of fare, according to a statement made by W. Frank Hatheway, who is representing the men in the wage arbitration proceedings which opens this evening. Mr. Hatheway says that the attitude of the men with regard to the rates is strictly neutral; their only concern is with their own wages.
