COSTS MONEY TO CARRY TONIC BEER ON SUNDAY

John Driscoll Fined \$5 in Police Court Today for Sabbath Desecration

WILL BE \$40 NEXT TIME

He Conveyed Three Cases of Tonic Beer From His Uncle's Store to West Side Saloon on Sunday Afternoon Last and Rendered Himself Liable

Before Police Judge Ritchie this morning John Driscoll was fined \$5 or ten days in jail for desecration of the Sabbath. Driscoll was reported by Patrolman Hughes for conveying three cases of 'tonic beer' from his uncle's store on Mill street, to a restaurant on Union street, west end, conducted by Patrick Kane, on Sunday last between 5 and 6 p. m., thus permitting the violation of the law.

At the police court this morning C. H. Marshall presided in a Scott Act case against John Driscoll, of Springfield, who was charged with conveying three cases of tonic beer from his uncle's store on Mill street, to a restaurant on Union street, west end, conducted by Patrick Kane, on Sunday last between 5 and 6 p. m., thus permitting the violation of the law.

Thomas Roche who was recorded on the crest book as 71 years of age strenuously denied that he was intoxicated. Chief Jenkins testified that Roche was in the centre of a group of boys in front of Centennial school yesterday afternoon. The deputy chief could not persuade him to proceed home and an attempt to perform a war dance culminated in his arrest. Roche was positive that he was not intoxicated on any day. 'I ain't got no money to get a jag on I ain't got no money even to get a beer, so how can I get drunk?' he asked. Roche was travelling through the old burying ground one day when greeted by a number of youngsters with a fusillade of snowballs. He accosted the deputy chief who was passing and requested him to take the boys into custody but, 'I ain't got no money to get a jag on I ain't got no money even to get a beer, so how can I get drunk?' he asked.

THEY WILL PROVE TRUTH OF THE CHARGES

Manitoba Liberals Have Accepted Roblin's Challenge in the Matter of the Stuffed Lists--The Premier Sidesteps the Issue

Toronto, Ont., Feb. 12.—(Special)—A Globe Winnipeg special says: "The Liberals have accepted Premier Roblin's challenge to prove that men were refused and shunted out of their franchise in the previous lists for last election. He is trying to sidestep the issue of the stuffed lists by hiding behind the subterfuge that no one was improperly kept off, maintaining that his challenge refers to that only. They expect to prove gross corruption and partisanship in the making up of the lists."

PLOTTED TO DEPOSE SULTAN OF TURKEY

The Plot Was Discovered and Some of Those Concerned in It Have Lost Their Jobs

Berlin, Feb. 12.—The recent changes in the Turkish ministry are due to a plot against the Sultan that had for its object his deposition, according to the Constantinople correspondent of the Frankfurter Zeitung. The plan was to depose the Sultan today while he was riding to the Solanlik celebration and proclaim as Sultan Prince Izzeddin, the eldest son of the late Sultan. The publication of the correspondence with Prince Izzeddin exposed the plot in a few days and his undoubtedly will clear up the incident. The grand vizier, Kiamil Pasha, was fully informed of the conspiracy last week and he consequently wanted the Sultan to once to appoint Nazim Pasha to the post of minister of war. The Sultan, however, was opposed to this, because years ago he had degraded Nazim Pasha and made him serve ten years as a common soldier. Owing to the threatened danger, the Sultan finally yielded and made the appointment. It is reported that the ministers of foreign affairs and justice, the correspondent concludes, resigned last night.

NEWS FROM FREDERICTON

Fredericton, Feb. 12.—(Special)—The McArthur and McVey case vs. St. John was resumed this morning in the supreme court chamber. Ald. Baxter joined the counsel for city and assisted in living things up a bit. Levi Hall who had been foreman on the construction work, was first examined. He described the nature of the rock cutting and the difficulties encountered by the contractors. Robert J. Porter was next called and told of the part he took in laying the reinforced concrete work. Under cross-examination by Mr. Baxter, he admitted that contractors were able to lay the concrete work in a five foot trench.

George McArthur and William McVey have been temporarily removed to be disposed of. At the police court this morning C. H. Marshall presided in a Scott Act case against John Driscoll, of Springfield, who was charged with conveying three cases of tonic beer from his uncle's store on Mill street, to a restaurant on Union street, west end, conducted by Patrick Kane, on Sunday last between 5 and 6 p. m., thus permitting the violation of the law.

POLICEMAN'S ERROR CAU ED TROUBLE

Owing to an error of a policeman, the case against Harry Earle, boatman on the Canada Quays, for alleged assault on the steamer, was dismissed in the police court yesterday. Earle arrived at court at 2 p. m., and as nobody prosecuted he was discharged. The chief officer informed the judge that Earle was well behaved, whilst the policeman who had arrested him, was charged with dereliction in duty on several occasions. Earle said there was only a technical assault, as he had assigned the sailor to work, and when the latter disobeyed, he pushed him. Townsend, accompanied by six witnesses and his counsel, D. Mullin, C. J., arrived at 2:20, and said that they were notified for 2:30. Townsend was informed that he was liable to be lodged and prosecuted for assaulting himself from the steamer since 10 a. m. without leave. He said he was consulting the counsel and asked permission to go ashore and his request was not considered by the chief officer, who he claimed was shielding Earle. He was told to lay another information, as the steamer will not sail until Monday of Tuesday, and appeared rather dejected. Acting Sergeant Lee, of the west end division, was instructed, over the telephone, to notify Earle for 2:30, but understood it to be 2 p. m., and notified him accordingly. He subsequently received a written note from the chief asking Townsend and his witnesses to be present at 2:30. Trouble has now arisen over the absence of Townsend's supporters from the ship to attend the trial yesterday. Hereafter all of the police department who received notifications verbally and over the telephone, will be obliged to repeat it.

AMERICANS DO NOT GO TO THE FEAST OF LINCOLN IN APPROPRIATE MANNER

In Every City, Town and Hamlet in the American Union Today Praises of the Great Abolitionist Are Sounded in Song and Oration--Important Celebrations on Lincoln Farm, and in New York and Chicago.

Buffalo, N. Y., Feb. 12.—Throughout the length and breadth of the United States today, hundreds of cities, towns and hamlets are paying tribute to the memory of Abraham Lincoln on his centennial anniversary of his birth. Thousands of meetings of various kinds were in progress during the day and millions of persons participated therein. President Roosevelt has proclaimed the day a legal holiday in the District of Columbia and the territories, and in many states and cities the day was practically observed as a holiday. Among the many celebrations in favor of the beloved president were the exercises attending the laying of the corner stone of a memorial building erected by popular subscription, to shelter the life, log cabin which was the early home of Lincoln, on the Lincoln farm at Hodgenville, Ky., where the president was born. The corner stone was laid by President Roosevelt, who also delivered an address, and there were also addresses by Governor Wilson, of Kentucky, ex-Governor Joseph W. Folk, of Missouri, Secretary of War L. E. Wright and General James G. Wilson.

Abraham Lincoln. As the city stirred itself, thousands who remained at home for the holiday prepared to go to church and synagogue for services in honor of the great man, and school children made preparations for exercises at the 500 schools throughout the city. At 2 o'clock this afternoon the exercises in Cooper Union with Mayor McClellan presiding were to begin.

Right Rev. James Watson, Dean of Manchester, presided. Alfred Hutchinson, vice-chancellor of Victoria University, moved a number of eulogistic resolutions, and Church Howe, the American consul, spoke in reply. Lincoln, England, Feb. 12.—The mayor of Lincoln today called greetings to President Roosevelt on the Lincoln centennial. He said in his message: "The Lincoln centennial is a day of national significance and a day of national pride. It is a day when we should remember the great man who lived and died for the freedom of his country."

Chicago, Feb. 12.—Fifty public meetings, a city fairly burst beneath flags, bunting and portraits of Abraham Lincoln, and show windows filled with gilt, war relics and Lincoln memorabilia, the streets crowded with marching and military bands—these were the features of the Lincoln centennial in Chicago today. The celebration in Chicago was the largest in the city in addition to minor ceremonies.

Wilkes-Barre, Pa., Feb. 12.—Two mine workers who were entombed last night in the Black Diamond mine, which took fire from some unknown cause, are still in the workings and it is believed they have been suffocated. A large number of rescuers are at work, but they are proceeding cautiously, as the presence of after-damp makes their task a hazardous one. Twenty-one miles in the mine perished. Jersey City, N. J., Feb. 12.—Two men were killed and one so badly injured that he may not recover, by an explosion in the McCleod tunnel, along the Hudson River here, today. The accident is supposed to have been the result of a premature blast. The three men were members of a gang engaged in building a spur to connect the two tunnels on this side of the Hudson River.

A NEEDED AMENDMENT At first thought it seems like an interference with the liberty of the subject to say that an individual must go to the almshouse. But there is another point of view. If the individual is in actual fact a public charge, and suffering from neglect, with only such aid as charitable persons give, and in danger of dying alone or being prostrated by dangerous illness, it is not too much to insist that this person shall enter the Municipal Home, which is a well-conducted public institution, supported by the taxpayers, and established for just such a purpose. The patient would be well-cared for, would receive medical attendance, get the benefit of clean rooms, good air and healthful food. The Associated Charities would then be confronted with a case where the individual would be far better looked after in the Municipal Home than could possibly be done at his or her home. The like is true in the experience of the agent of the S. P. C. A. A distressing case recorded in this paper two days ago appears to be one of this class. Legislation is to be asked for which will empower those who have to deal with such cases to remove the patient to the Municipal Home. While it may seem a hardship, and while no such course should be adopted in a case where temporary relief would suffice, it is yet necessary in some cases, to save the patients from themselves, and insist that they go where they will be well cared for.

A WESTERN DREAM After having read that Hon. Mr. Templeman was returned without opposition in Comox-Atlin, one reads with interest the Conservative side of the case, as printed before the election took place. Needless to say, Mr. Templeman was not to have the honor of being elected. He was to be routed—horse, foot and artillery. The report was not enough of his left-politically to warrant an inquest. Thus the Cumberland correspondent of the Victoria Colonist (Conservative) wrote on January 29th: "Mr. Mike Manson arrived here today to open his campaign in opposition to Hon. Mr. Templeman. His appearance was hailed very heartily not only by his own party, but also by quite a number of the leading Liberals, who highly resent their being turned over wholesale as supporters of Mr. Sloan's nominee without being in any way consulted. Mr. Templeman was 'Mr. Sloan's nominee.' Mr. Sloan had acted in a most high-handed manner. He had hastily called together a few Liberals and fixed up a deal, without consulting the leading, consistent, hard-working members of the Liberal association. Therefore these tried and true Liberals had got out of the act and were lying in wait for Mr. Sloan and his nominee. All they wanted was a chance to show those gentlemen and Sir Wilfrid Laurier that Comox-Atlin could not be manipulated by three or four persons. The rank and file were indignant and clamorous. Therefore Mr. Mike Manson's advent (Tory though he is) was hailed with Liberal cheers, and there was to be 'a slump in Liberal votes on election day.' Somewhere out in Comox-Atlin there is a Conservative journalist who has not yet learned that the general elections took place months ago. He is still dealing out the Borden thunderbolts of pre-election days, and dreaming of a time when there will not be a Grit left in any office from Cape Breton to Vancouver Island. But Mr. Templeman was elected without opposition, and Mr. Mike Manson has vanished from the scene.

ST. ANDREWS The Times has received from R. E. Armstrong, editor of the St. Andrews Beacon, and chairman of the Port Committee of that town, a handsome 16-page booklet with map, setting forth the claims of St. Andrews as "the natural winter port of Canada." The booklet is issued under authority of the town council. Beginning with the statement that the ports for Canadian trade should be on Canadian soil, and therefore must be in the maritime provinces in winter, the book declares that St. Andrews, at the

entrance to the Bay of Fundy, and 42 miles nearer than St. John to Montreal, is the natural port and should be selected. It claims that St. Andrews has all the natural advantages of an ocean port, and the geographical advantage of being nearest to the heart of the Dominion. The book contains much indisputable evidence concerning the safety, depth, and large accommodation of the harbor of St. Andrews, and the ease with which it is approached, and quotes high authorities on these points. It points out that the C. P. R. already reaches the port, and that the G. T. P. is within 188 1/2 miles, where it crosses the Tobique branch of the C. P. R. at Waheke, and could therefore either send freight in over the C. P. R. or build a branch of its own to St. Andrews. The case for the Charlotte county port is strongly put, but should not have been weakened by a paragraph which conveys the false impression that heavy tolls on the cantilever bridge at St. John are borne by shipping traffic via this port. No doubt St. Andrews will some day get a good share of business as a seaport, though it has a keen rival in L'Etang. For the present, however, St. John, with a population of fifty thousand people and located at the mouth of a great river, with a great stretch of country tributary to it, and two lines of rail way bringing business, with another line fast coming and a fourth in prospect, will continue to be the great winter port of Canada. The people of St. Andrews show commendable enterprise in booming their port. It is a port with great natural advantages, and when the time comes that the enormous traffic which must develop along the seaboard seeks additional ports of egress and ingress, St. Andrews, in which the Canadian Pacific has placed faith by investments, will feel doubtless the thrill of expansion and become a station on the main line.

THE WIFE BEATER The Home Journal makes some pertinent observations on the breed of wife-beaters. We quote: "It looks lately as though we were either importing or producing in this young country a brand of humanity that we can do without. The frequent appearance of the wife-beater in our police courts is causing some concern as to how to stamp out this sort of diversion. A local grand jury recommends the 'cut' but this although having the great advantage of making the 'punishment fit the crime' is reactionary. The alternative, nevertheless, of committing the offender to prison, visits the sins of the father upon the innocent wife and children, who are deprived of his services as wage-earner under existing penal methods. One almost finds in these brutes who terrorize women and children an excuse for the pillory and stocks as the only means of making the cowards hang their miserable heads. It is usually the case that men of this type are more effectively reached through their hides or the public contempt. In the meantime imprisonment without a fine with hard labor and quieting of the mind will help to suppress the dangerous tendency. It is worth trying."

One hundred years ago today were born two men, the one a statesman and the other a scientist, whose contributions to the world's welfare the world does not forget. There was nothing in common between Abraham Lincoln and Charles Darwin, except the fearless honesty and the unwavering fidelity of each to his great task. Each in his own sphere widened the bounds of human freedom.

The report of the commission favors taking over most of the I. C. R. branch lines. It is the opinion of the commissioners that the transfer would be of benefit to the country. By taking over these lines and extending its westward connections the I. C. R. would be in a much better position to take its proper place in the great transportation system of Canada.

The question at issue between this city and the C. P. R. would be greatly simplified if it were made clear that the railway company would eventually require for its business all the facilities at Sand Point, and that none of the other lines heading this way would be likely to want access to those particular yards and wharves.

Surveyor General Grimmer would drain New Brunswick bogs and plant trees in them. The first and most needed step is the proper conservation of forests already planted.

Why does the empire need a strategy board while Col. Sam Hughes is still in the glow of health?

FIRST CASE OF KIND IN COUNTY OF ST. JOHN Before Magistrate W. E. Skillen, at St. Martins, Tuesday, Wednesday, three charges against Dr. Bailey, of colorably giving prescriptions which entitled persons to obtain liquor, violation of the liquor license act, were heard.

In one case there was a conviction and the lowest fine, \$10, was imposed with costs; in the second case the magistrate is considering, and in the third, G. R. Vincent, who, as chief inspector, presided in all three cases, asked for dismissal as in his opinion there was not sufficient evidence to convict. These are the first cases against a doctor under the liquor license act in St. John county. Dr. A. W. MacRae appeared for the defence.

Well, I don't know so much about that. Casey ever buy you anything?" "Yes," replied Mike, scratching his head. "One day he came into Fishery's and bought a bottle of beer for me. He was drinking, and he said to us: 'Well, men, what are we going to have—rain or snow?'"

The St. Croix Courier says: G. W. Ganong has started from Boston for Florida and Nassau, Bahamas Islands. He has been for the past two weeks, under the care of specialists in a private hospital on Commonwealth avenue. Reports of the specialists confirm the opinion of his local physician and they have suggested a milder climate for some weeks, with every hope that he will return in restored health. BOARD OF TRADE COUNCIL WOULD ACCEPT C. P. R. OFFER They Recommend that the City Should Make the Transfer of Foreshore Rights in the Rear of Sand Point in Exchange for 1600 Foot Strip—Reasons for This Decision At a special meeting of the council of the board of trade called yesterday to hear the report of T. H. Estabrook, the council's representative on the recent delegation to Ottawa in connection with the offer of the C. P. R. to exchange the 1,600 foot strip to the Bellefleur bay for foreshore rights in the rear of Sand Point, it was unanimously recommended that the city should make the transfer, subject to the approval of the Canadian department of public works, and on the understanding that the company should at once proceed to develop the property. It is understood that the meeting was held at the suggestion of the mayor, who is chairman of the harbor facilities committee, after consultation with Mr. Estabrook, in order that the feeling of the board of trade on the matter might be obtained prior to the meeting of the committee next Monday, when the report of the delegation will be considered. The difficulty which has presented itself to the harbor facilities committee in considering the application of the C. P. R. has been the question of granting exclusive rights to the company over the large area of foreshore which they have offered to accept in exchange for the 1,600 foot strip now required by the city in the proposed scheme of development south of Sand Point. It was principally to discuss this point with Hon. William Pugsley and D. McNeil, first vice-president of the C. P. R., that the recent delegation went to Ottawa. The company require the property for the purpose of constructing yards and terminal facilities to give accommodation for some 5,000 cars and were unwilling to give up the property to all railways. The council of the board of trade, it is said, were in favor of the city accepting the exchange offered by the C. P. R. for several reasons. During the recent negotiations the company made a concession to the city by including in their offer the

PLEASANT REUNION The first annual dinner of the Brock & Paterson Association was held in White's restaurant last night, with George Kirk in the chair. The usual toasts were honored. In reply to the sentiment "Departed Friends," W. F. Washburn made a touching speech, in which he referred to the death of two of the members which occurred last summer. The first was George Cook, who was drowned in the river during the R. K. Y. C. annual cruise. The second was John Boyle. A very pleasing programme of musical and other numbers was enjoyed. It consisted of: Song, D. Gandy; sleight of hand performance, H. Beasley; recitation, F. Mahoney; duet, Messrs. Kays and Galt; instrumental and vocal trio by Messrs. Kays, Galt and D. Patterson.

LATE LOCALS

Patrolman Nelson ejected a pigmation individual from O'Neill's saloon, on Main street, last night. Notice-The members of No. 3 Battery, 3rd Regt. C. G. A., who can attend the school of instruction to be started Feb. 15th, will meet at the armory, Fort Howe, to receive clothing tonight at 7.45 p. m. Donaldson Line steamship Parthenia, which sailed from this port last Sunday took away a cargo valued at \$246,251. Among her cargo was 120,000 bushels of wheat, 13,233 bags flour and 300 head of cattle.

York I. O. O. L., No. 3, and members of sisters lodges in the city, will pay a fraternal visit to Wills L. O. L., No. 76, Fairville, on Tuesday evening next, when a pleasant entertainment is expected.

There will be excellent out-door skating on the Every Day Club grounds all day tomorrow. The "roast" leaves left the grounds covered with a good sheet of ice, that only needed a little water to make a fine field for skaters.

W. Kenneth Clawson, son of W. S. Clawson, will leave this evening on the Montreal express for Arrowhead, B. C., where he has accepted a position with the Arrow Lumber Co. Mr. Clawson was formerly employed with the Delaware Lumber Co. and with T. McAvity & Sons.

The committee of City Hall improvements will meet this afternoon. The proposition to purchase the Masonic Building will be discussed, and several other properties have been mentioned as likely to be considered. Alderman McDonald is still of the opinion expressed on many occasions that a new and modern building should be erected on the Market Square.

There will be a very interesting time at the Every Day Club this evening. Last summer Turner B. Howard offered a very handsome hat rack to the club member making the most points at the various papers on the club grounds. A. W. Govey was the winner, and the presentation will be made in the club rooms this evening. There will also be a good musical programme. All men are welcome.

ACCIDENTS YESTERDAY

Six of them Were Reported and Some Were Quite Serious

The list of accidents in the city yesterday totaled six, all of which were more or less serious. On Main street, near Portland street, yesterday afternoon an aged man fell on the icy sidewalk and sustained a severe cut on the back of the head. He was taken into Travers' drug store where the cut was dressed and shortly after he was able to proceed to his home. Mrs. Gerrish, of Sydney street, was run down by a small boy coasting on Car-marthen street hill. She received a bad shaking up and was somewhat bruised. Thomas Wilson, of Sheriff street, injured his leg while coasting on the street on which he lives.

About 5 o'clock in the afternoon the 9-year-old son of Frank T. Murphy was knocked down and run over by a taxicab owned by Dr. McIntyre. He was playing in front of his home on Adelaide street. He ran in front of the approaching taxicab, and before the driver noticed him he was under the horse's feet. It was found, however, that beyond a shaking up he was unharmed. Last night Miss Scott, and Miss Anderson, coasting on Queen street, collided with a telephone pole with the result that Miss Anderson sustained severe injuries to her face.

The post office officials are already handling the advance bundles of these missives.

TAG! YOU'RE IT

Workers for the Free Kindergarten Will Hit the Trail Tomorrow to Raise \$1,000-Watch for Them and Pay up

Walk up and be tagged. Place whatever suit you feel inclined to give to the Free Kindergarten in an easily available pocket, then go forth and smilingly hand it to the first pair of young women you meet, who are equipped with the necessary bank and bundle of tags. Submit to the operation of being "tagged" and wear the tag all day. In this way you will secure immunity from a second levy.

However, the tagging process pleases you, you feel a glow of satisfaction at the knowledge that you have contributed your mite to a good cause, why not give? In this case there is no limit and the only rule necessary to play it properly is the old and familiar one-not ring the young women's heads with a tag, reply with a dollar. In this way the best results may be obtained.

The success of the work depends upon the willingness of the people to be tagged, and the number of volunteers who come. Already more than 100 volunteers have signified their willingness to assist in the work. One hundred more are needed, if only for a few hours Saturday. Those in charge of the project will be in attendance at the assembly rooms of the Moncton Theatre tomorrow from 9 a. m. to 5 p. m., where they will receive any volunteers and provide them with banks and tags.

The manager of the bank of New Brunswick has loaned 250 small banks for the tag day and these will be given out tonight to the volunteers, whose names have already been received.

The taggers will work in pairs tomorrow, one carrying the bank and the other the tag. While one worker is fastening the tag the other will receive the tagged suit or hat or overcoat. When the banks are filled they will be taken to the Bank of New Brunswick and opened, while bank officials have been deputed to count the money and keep the account straight.

It has been stated that no person will be tagged unless they are willing, but there is no saving clause in this proviso, for few would venture to refuse. As a last tip it might be mentioned that the only way for a citizen or a citizeness to escape being tagged somewhere in St. John tomorrow is to leave town tonight. And even this remedy is not guaranteed. Best plan is to be tagged early and get it over with.

The chaperons who will supervise the distribution of refreshments to the young ladies tomorrow in the city proper will be Mrs. H. H. Pickett, Mrs. John Bullock, Dr. Margaret Parks, Mrs. T. H. Bullock, Mrs. J. Roy Campbell, Mrs. Harris, Mrs. W. W. Hubbard, Mrs. B. C. Elkin, Mrs. Wm. Angus, Mrs. T. M. Vincent, Mrs. H. V. McMillan, Mrs. E. S. Fisher, Mrs. P. E. Holsman, Mrs. H. Colby Smith and Mrs. Landman.

DASCOLIN WILL SAIL FOR HOME

Austrian Who Has Had Rather a Strenuous Career Here Will go as Cattleman on the Empress of Ireland.

Nicholas Dascolin is free again. This morning he was released from jail under a civil action for debt in neglecting to re-compense Moncton men for liquor purchased from them during the past summer and fall, to the amount of \$200, and sold to the laborers on the Grand Trunk Pacific construction work on the line near Moncton.

On February 2, he reached St. John, and on the following night he was arrested for intoxication and carrying a loaded revolver on Mill street. On February 4 he was fined \$4, and deducted the sum from the \$100 more he possessed. He announced his intention of sailing on Feb. 5 on a steamer for Antwerp, and was again arrested shortly before the steamer departed, by the local police, in response to requests from Postmaster Crandall, of Moncton, to hold the Austrian on the charge of forging a fellow-countryman's name on a post office cheque. On Saturday he was escorted to the railway town by a Moncton policeman, and after he returned to this city, having been liberated owing to lack of prosecution, he informed a local policeman that on the journey to Moncton, the Moncton officer had advised him to jump the train at Sussex and escape, but he decided to continue. He compromised with his creditors this morning for \$80, and will terminate his trials and tribulations today, for he has booked passage on the Empress of Ireland as cattleman.

It is doubtful if the Moncton parties who obtained his arrest yesterday, would have secured a fraction of the amount of indebtedness and their subterfuge at the seventh hour in frightening the foreigner out of \$80, as the liquor was purchased in a Scott Act county.

In Moncton, Dascolin was fined \$175 by Stipendiary Kay for illegal liquor selling in his shack, and he claims that he was innocent, asserting that a man, named Cook, who was afterwards confined to jail, sold the intoxicants in his cabin without his permission. After Cook served his term, he deprived Dascolin of \$200, according to his story. If he had evaded arrest, however, for inebriation and carrying the weapon here on Feb. 3, he would now be across the Atlantic with at least \$100 more than he possesses now.

LADIES TO PLAY MONCTON

Two risks of St. John lady curlers went to Moncton at noon today to play the ladies of the railway town tonight. The risks are composed of the following ladies: Mrs. A. P. Crockett, Mrs. H. C. Schofield, Mrs. R. K. Jones, Mrs. E. A. Smith, Miss Winnifred Barnaby, Mrs. J. Royden Thomson, Mrs. F. S. White, Mrs. Walter Holly, skip.

THE LATE HARRY DUNHAM

The funeral of Harry Le Roy Dunham took place on Tuesday from the residence of his father, Samuel Dunham, Middleville Av., to Cedar Hill cemetery. The little fellow, who was only four and a half years old, was a general favorite, and news of his death, from congestion of the lungs, was received with much regret.

Ald. Frink returned to the city on the Boston train at noon.
