

FIFTEEN MEN PERISH IN TERRIBLE DISASTER OFF THE NOVA SCOTIAN COAST

Lightship Halifax No. 19 Ashore on the Liscomb Ledges.

WENT ON ROCKS IN A DENSE FOG AND GALE.

Nothing Known Until Early on Saturday Morning When Captain Murdoch of Steamer Dufferin Saw Bodies and Wreckage Drifting in Sea.

Halifax, May 24.—The new lightship Halifax, No. 19, built for Glasgow harbor and on her way from Glasgow to Halifax, stranded on Liscomb Ledges in a dense fog and heavy seas and it is believed that her crew of least fifteen men have perished.

Nothing was known of this until Saturday morning about 9:15 when the steamer Dufferin, Captain Murdoch, which was cautiously groping her way into Liscomb harbor through a thick and almost impenetrable fog, suddenly ran into a quantity of wreckage, among which he saw lifeless bodies. At great risk of getting in the breakers himself he put out boats and succeeded in recovering three bodies, all of which were found in that vicinity. By this time the fishermen, being ready to take any risk, put out their boats and succeeded in recovering four more bodies, making seven altogether.

The government steamer Stanley arrived at seven o'clock in the evening and arrangements were made to bury the bodies at the Methodist cemetery. The bodies recovered may be identified by the following description:

No. 1. Elderly man, about 60 years of age, grey hair and moustache, left forearm tattooed with crown, finger tattooed with ring.

No. 2. Young man, about 30 years of age, no beard, name on pocket book, William Wilson, Glasgow.

No. 3. Englishman, said to be John Gordon, Glasgow.

No. 4. Age about 35, dark hair, moustache.

No. 5. Age about 35, dark hair, brown moustache, weight about 160 pounds, thought to be engineer.

No. 6. Dark, wavy hair, tattooed on both arms, left eye artificial.

No. 7. Age about 70, badly bruised. Seven of the crew of the lightship were buried here by side by Underaker Sears, of Guysboro. The funeral service was conducted by Rev. E. Plowman, minister of the Methodist church. Nearly all of the crew of the government steamer Stanley attended and there were many of the residents of the place also present.

The bodies of nine or ten others who perished when the lightship went on the rocks on Friday night are still adrift on the sea or at its bottom. The lightship itself is piled on Crook's ledge, half turned over.

Such in brief sentence is the terrible story of the havoc wrought by a heavy sea and dense fog on the eastern part of the Nova Scotia coast on Friday night, news of which was brought ashore on Saturday morning by Captain Murdoch, of the steamer Dufferin.

The exact hour when the lightship struck will never be known, but the chronometer which was found in the wreckage stopped at 2:10 Greenwich, or 10:10 p. m. Halifax time. The ship may have struck some time before that hour. A steamer's whistle was heard at five in the afternoon, but it did not sound like that of a craft in distress.

Fourteen on Board.

A special cable from Glasgow, Scotland, says there were fourteen men on lightship Halifax number 19 when this ill-fated craft left the Clyde for Nova Scotia on April 25th. Nearly all of them were Glasgow men. So far as the builders of the craft, Bow, MacLaughlin and Company are aware there were no women and children on board, but the lightship called at Queenstown four days later and there is a possibility some passengers may have come on board her there seeking a cheap trip to Canada.

Those who signed on at Glasgow for the trip were:

John MacBeath, master, Glasgow.

John Anderson, mate, Dundee.

John MacKenzie, chief engineer, Glasgow.

James Ray, second engineer, Glasgow.

David Cairns, third engineer, Glasgow.

John MacKillop, Glasgow.

Augustus MacCorkell, Glasgow.

John MacPherson, Glasgow.

MacFarlane, Glasgow.

Alexander MacGregor, Glasgow.

William Morrison, Glasgow.

Joseph Lee, Greenock.

John Gorman, Belfast.

Mike Pothill, residence unknown.

No more bodies have been recovered.

An Unexpected Explosion.

On Sunday evening a number of the explosives used in the construction work being carried on in East Saint John were ignited and made a loud report. A fire which had been started by some boys, it is thought, set into the house where these explosives are kept and they were set off. It was reported that the dynamite house had blown up but such was not the case.

ACADIA UNIVERSITY BUILDINGS IN FLAMES

Chipman Hall, Gymnasium and Residence Already Gone and Main Building Threatened Grave Fears for Safety of Wolfville.

Special to The Standard

Wolfville, N. S., May 25.—As a result of a blaze which started in the western end of the Acadia University gymnasium at one o'clock this morning the gymnasium is a complete ruin, Chipman Hall, the University residence is a mass of flames and the main university building is threatened with destruction. Help has been asked from Kentville and a special train with fire fighting apparatus is on the way here now. A heavy wind is blowing from the southwest and unless help arrives soon the north eastern section of the town will be destroyed.

Fire was first discovered in the gymnasium at one o'clock and before help arrived the whole building was a mass of flames. Chipman Hall, a five story structure, where many of the students are housed, was soon in flames the wind is now driving the sparks onto the main college building. The male students have been formed into a bucket brigade and they are at present drenching the roof of the main building. It is hoped that the main building will be saved. Chipman Hall was a five story building and had accommodation for about seventy-five boarders. Both the hall and the gymnasium are partly covered by insurance.

MAGNIFICENT MUSIC AT MOUNT ALLISON CLOSING

Italian Artists Win Approval of Audience — Students Hear in Excellent Programmes—Baccalaureate Service Conducted by Rev. John V. Smith of Montreal.

Sackville, May 25.—In connection with the closing exercises of Mount Allison University this evening in the Charles Fawcett Memorial Hall the two Italian artists, G. Aldo Van Ran, singer and Michael Scalfaro, pianist and violinist, respectively, delighted a very large and appreciative audience. These artists were brought here from New York especially to perform at the annual closing exercises of the institution. They were ably assisted by two instructors of the Conservatory of Music, Misses Tydell and Clavering.

In Charles Fawcett Memorial Hall this afternoon at three p. m. students of Mount Allison school of expression gave a very pleasing recital. A large number of spectators were in attendance and greatly enjoyed the program successfully carried out by these young artists, for truly they were each a number of well merited and prolonged applause. These clever pupils have been under tuition of Miss Clavering, principal of Mount Allison school of expression and this recital is proof positive of her ability to conduct this particular department.

The weather Sunday morning was threatening. A strong wind was blowing and clouds were scudding the skies. Slight showers occurred, but toward noon the sky cleared and the remainder of the day was fair and clear. In the morning in the Methodist church Rev. A. S. Rogers of Yarmouth, N. S., preached a very forceful sermon to a large congregation, basing his discourse on various passages of the Book of John. Special music was rendered.

In the afternoon at three o'clock in the gymnasium the farewell meeting of the Y. M. C. A. and the Y. W. C. A. was held. The services in connection with this event were of a very pleasing nature.

Baccalaureate Service

At about 6:30 p. m. the faculties of the institutions, the resident members of the board of regents, including His Honor Lieutenant-Governor Wood, and the students of the three institutions gathered in front of Memorial Hall and marched in a body to Charles Fawcett Memorial Hall, where the Baccalaureate service was held. Rev. John V. Smith, pastor of Douglas street Methodist church, Montreal, preached the baccalaureate sermon, his text being taken from Acts 4, 12 and St. John 14, 16, "Neither is salvation in any other man cometh to the Father but through Me." The address which was of exceptional power and interest, had as its keynote the essentials of the Christian religion, a warning against the easy tolerance of modernism and the suggestion that after all the old songs, the old beliefs, the old doctrines of preaching Christ, and His crucifixion, was what the world most needed.

Music of a special nature was effectively rendered by the choral class of the institution, assisted by an orchestra of thirty pieces, all under the direction of Prof. A. E. Whitehead. The outstanding features of the service was the duet sung by Miss Annie Ford of Sackville and V. William Godfrey of Chatham, N. B., and the anthem, "The Radiant Morn Hath Passed Away," sung by the choral class. The service throughout was of the most impressive nature and very uplifting.

VILLAGE NEAR MONCTON WAS FIRE SEPT

Hamlet of Berry's Mill Practically Destroyed by Flames.

SEVEN BUILDINGS BURNED TO GROUND

Two Dwellings, a School House, Barns and Outbuildings in Ruins—Hundreds Fought the Blaze.

Moncton, May 25.—Seven buildings, including two dwellings, a school house, barns and outbuildings, causing a loss of about ten thousand dollars, were burned this afternoon at Berry's Mills, about eight miles from Moncton along the northern division of the I. C. R. The fire started about noon on the roof of Daniel Berry's house, which was soon leveled to the ground.

A heavy gale was blowing and burning boards and shingles were blown to other parts of the neighborhood. The house and barn belonging to Gilbert Lutz, adjoining Berry's were destroyed and soon several other buildings were on fire.

Telephone calls for assistance went out to farmers for miles around and soon there was a force of a hundred men fighting the flames. A fortunate change in the wind when the fire was close in town at the Misses Hazel, Minnie and Hilda Tait, Mr. and Mrs. Alexander Tait, of Shediac; Miss Ryan Moncton; Misses Bessie Dismore and Marjorie Baskin, St. Stephen; Miss Gladys Woodbury, Halifax; Miss Edith McCormick, Annapolis, N.S.; Miss Marion Marshall, Bridgewater, N.S.; Miss Violet Newcomb, Kentville, N.S.; Miss Nellie Pickup, Granville Ferry, N.S.; Mrs. McLean, Campbellton, N.B.; Mr. and Mrs. N. C. Christie and Mr. and Mrs. N. T. Averd, Amherst, N.S.; Mrs. Gordon Mills and Miss Roach, Sussex; Miss Helen Hughes, Charlottetown; Mr. and Mrs. Thomas Francis, Halifax; The Misses Alice Wilson, May Goodwin, Zela Lamereaux, Alice Lockhart, Mr. and Mrs. Robert Crawford, who resides in Fairville was severely injured on Sunday evening when he was given a toss from the carriage he was driving on the Mansfield road, and it is thought likely that his left leg has been fractured. He was also cut about the hands and face. Crawford is about sixty years old.

Thrown From His Carriage.

Robert Crawford, who resides in Fairville was severely injured on Sunday evening when he was given a toss from the carriage he was driving on the Mansfield road, and it is thought likely that his left leg has been fractured. He was also cut about the hands and face. Crawford is about sixty years old.

Magistrate Hopkins of the Dow St. police station this afternoon addressed a suffragette who had applied for a summons against an unknown man who she declared had struck her in the face when the crowd rushed the suffragette meeting in Hyde Park Sunday afternoon, and the police came to the women's rescue.

The magistrate's warning is well founded for public exasperation against the militants was never before so high. Their attacks on the King have done more to intensify it than their acts of incendiarism and vandalism for the English are an intensely loyal people.

The language of the militants at the meeting of the Women's Social and Political Union this afternoon, when shouts of "shoot the King" were heard on every side, shows that the warning is little likely to be heeded and except for the protection afforded them by the police they would be unable to hold public meetings anywhere without the risk of being badly hurt.

Miss Mary Richardson, who was sentenced to six months imprisonment last March for slaying the "Rokeby Venus" and who was released and then re-arrested on May 20 after undergoing an operation for appendicitis when released tonight from Holloway jail. She had been on a hunger and thirst "strike" and was in a serious condition.

A TWENTY ROUND DRAW

Halifax, N. S., May 25.—Mickey McIntyre of Glace Bay, and Bay Wood of Boston boxed twenty rounds to draw at the arena tonight. Both men put up a clever exhibition, and decision was popular, as they were strong and going fast at the end of the last round. 1,200 persons witnessed the bout.

HOME RULE BILL PASSES THIRD READING; SENT ON TO THE HOUSE OF LORDS

Vote in House of Commons 351 to 274 Giving Hard Fought Measure a Majority of 77—End of Struggle Came Quite Suddenly.

WILD SCENES OF ENTHUSIASM BY THE LIBERALS AND NATIONALISTS

Premier Asquith in Brief Speech Defends Action of Government—The Provisions of the Bill — Irish Parliament Cannot Interfere With Religious Beliefs—Division Strictly on Party Lines—"A Contemptible Farce," Says Andrew Bonar Law.

London, May 25.—By a vote of 351 to 274, a majority of 77, the House of Commons today read a third time the Irish Home Rule bill and passed the hard fought measure on to the House of Lords, where further effort will be made, by means of amending the bill, to bring the act into a shape which will secure it the good will of all classes of Irishmen.

The end of the struggle came quite suddenly, the Unionists refusing to debate the bill without further information as to the government's intentions in regard to the proposed amending measure.

Premier Asquith lifted a corner of the veil, but Andrew Bonar Law leader of the opposition, learned Mr. Asquith had not told them anything. To discuss the third reading under the circumstances would, he said, be futile and ridiculous. He added, "Let the curtain ring down on this contemptible farce. It is only the end of an act and not of the play. The government can carry the bill through parliament, but the concluding act of the drama will be in the country, where an appeal to the people will not end in a farce."

After a brief speech by Premier Asquith, in which he defended the government against the charge of ignoring the rights of the minority and redressing the balance of power between the parties by means of the Parliament Act, he concluded his speech by introducing an amending bill, not because he thought the Irish Home Rule measure was bad or imperfect, but because he was anxious for peace.

The vote was then taken and the announcement of the figures, showing a majority of 77 for the bill, brought out a great demonstration by the Nationalists and the Liberals. As one man they rose from their seats cheering and waving hats and handkerchiefs.

Division on Party Lines.

The division was taken strictly on party lines. The followers of William O'Brien abstained from voting. Mr. O'Brien expressing the view that "the premier's action was not straight dealing either with England or Ireland."

The Right Hon. James Lowther, the speaker, took an early opportunity to day of applying balm to the sores left by the violent incidents of Thursday last. He frankly admitted that he should not have used the expression he did when he asked Andrew Bonar Law, leader of the opposition whether he approved of the disorderly demonstration by the Unionist members. The speaker appealed to the Premier to give the house some information regarding the bill to be introduced after the adjournment.

Overseas Club Celebrates Empire Day

Lord Mayor of London and Lord Northcliffe Among the Speakers—Open New Quarters.

London, May 25.—Empire Day was celebrated here by the Overseas Club in a fitting manner, the new club premises on Aldwych street, opposite the site of the proposed Canadian buildings being formally opened. A large number of guests associated with life in various parts of the Empire gathered together under the joint presidency of the Lord Mayor and Lord Northcliffe. At noon the former declared the premises open after which luncheon was served at the Waldorf Hotel.

Lord Northcliffe in responding to the congratulations of the Lord Mayor on the progress made by the organization emphasized the non-partisan character of all its efforts. In seeking to promote Empire fraternity the club had difficulties such as that of the problem of Hindustani immigration to Canada but it was possible to tactfully reconcile many racial elements.

Mr. Salbom, former governor of South Africa, said that while this was not the occasion to refer to naval standards, "our doses of salt water could not be prescribed in pint bottles," nor could sea strength be estimated by meticulous measures.

Viscount Buxton, Sir George Reid

ter the passage of the Irish home rule bill for the amendment of that measure, so as to meet some of the objections of the people of Ulster.

In response to the speaker's plea Premier Asquith announced that the amending bill would give effect to any agreement which the government was still hopeful might be reached. He said that if, at the time of the introduction of the Irish home rule bill to the House of Lords, no such agreement had been reached the amending bill would embody the substance of the proposals outlined by him on March 9 in the hope that after discussion an agreement might be secured.

The Provisions.

The Irish home rule bill contains the following provisions:

A senate of forty members, a House of Commons of 164 members.

Irish parliament cannot legislate on peace or war, navy, army or any naval or military force, foreign relations, trade outside Ireland, except certain defined legislation coinage or legal tender.

It cannot make any law either directly or indirectly to establish or endow any religion or prohibit the free exercise thereof, or give a preference, privilege or advantage, or impose any disability or disadvantage on account of religious belief or refusal to accept ecclesiastical status, or make any religious belief or religious ceremony a condition of the validity of any marriage.

Temporary restrictions are placed on legislation on land purchases, old age pensions, national insurance, labor exchange, Royal Irish constabulary, post office, and other savings banks, and friendly societies.

The executive remains invested in the Sovereign or in his representative. Forty-two members still will be sent from Ireland to the House of Commons.

The judicial committee of the Privy Council to give the final decision as to the constitutional validity of any act passed by the Irish parliament.

The Irish exchequer to defray the cost of the Irish administration, except for reserved services mentioned above.

The Imperial exchequer to pay an annual sum to the Irish exchequer, starting at \$2,500,000 and eventually, after six years, becoming a permanent payment of \$1,000,000 annually.

No Demonstrations

Dublin, Ireland, May 25.—There were no demonstrations here or at Belfast tonight on the passage of the home rule bill.

Peculiar Predicament in which Police Officer Frank O'Leary Found Himself.

Police Officer Frank O'Leary is now out of a job as the result of a clash in instructions issued by Commissioner McLellan and not sanctioned by Chief Clark.

O'Leary was told early last week to don civilian clothing and do special duty during the time of the fire scars in North End. These orders were given by Commissioner McLellan of the Safety Department. O'Leary did as requested but not with the sanction or permission of Chief of Police Clark. As a result O'Leary was called before the chief on Saturday evening and dismissed from the force.

It has been rumored that O'Leary may be sworn in by the commissioner as a special constable to do duty in the Old Burying Ground and the King Square, which duty was performed last year by Special Constable Howard who is now on the police force doing duty in the West End.

and Thomas MacKenzie also spoke while messages of congratulation were received from the Duke of Connaught, Prince Alexander of Teck, Right Hon. R. L. Borden, George E. Foster and others. Premier Morris of Newfoundland was among the guests.

HOW POLICEMAN LOST POSITION

Lord Mayor of London and Lord Northcliffe Among the Speakers—Open New Quarters.

"THE MASCOT" A SUCCESS

Catchy little French Opera well produced by amateurs—Attendance should have been larger.

Upwards of fifty singers and local players, who had been working often and late for the past month under John Lloyd's able direction in preparing the catchy little French opera "The Mascot" made their bow yesterday afternoon and evening in York Theatre and acquitted themselves admirably. The efforts of these young people was a gratuitous offering in aid of the Public Playgrounds—those hives of poor children in summer time when their less fortunate school mates are basking in the balmy air of the country far from the sidewalks and alleys of the city.

The little opera, which is sparkling in melody and funny throughout was prettily presented. Considerable talent was introduced indicating that St. John is constantly producing players and singers heretofore not generally known. It would be unfair to particularize in mentioning the work of the principals, for there was a uniformity of cleverness and if comparisons were to be made, it would be along the lines of vocal effort. The cast was as follows:

Bettina, the Mascot's daughter, Loretta, Lorenza's daughter. Mrs. B. L. Gerow Pippo, a Shepherd. Mr. Elmer A. Belding Lorenzo XVII, Prince of Piombino. Mr. Albert F. Bédias Rocho, a farmer, Mr. George Dupuisa Frederic, Prince of Pisa. Mr. Frank Wry Parafante, a Sergeant, Mr. C. E. Baker Mathio, Inn Keeper, Mr. Joseph Riggs A Peasant, Miss Betty Wry Luigi and Marco, Pages to Lorenza, Miss Rhona Lloyd and Miss Betty Wry Physician, Mr. Thomas St. A. Franceca, a Peasant, Mr. R. H. Fitzgerald Pavia, a Peasant, Mr. R. H. Fitzgerald Pages—Francis Tilton Lena Cairn, Priscilla Hymann Doris Hymann, Edna Goldina, Ida Bond, Vera Day, Marjuri Curran, Estie Hoop, Marion Belding, Bettie Wry, Rona Lloyd, Charles—Misses—Mrs. Ryan, Myrtle McKinney, Geraldine Melick, Edith Wright, Beryl Blain, Irene McEwen, Nita Brown, Margaret Poles, Eva Fredsham, Rhona Thorne, Augusta Ryan, Florence Belding, Celia, Amdur, Hazel Willis, Hattie Hill, Miss Storm, Eva Galloway.

Messrs. Fred Henderson, Harry Heans, L. C. Holder, R. Fitzgerald, Roy Edwards, Bruce Johnson, D. J. Henneberry, Jack Harrington, Fred Mayes, Albert Rolston, Sydney Marwood, Fred Foley. It seemed a great pity that St. John did not show its appreciation of this sacrifice on the part of so many nice young people by attending in larger numbers. It cost quite a little to get up the piece and to present it properly, and much hard labor and variable time was spent for the sake of the children who benefit by the playgrounds idea. Furthermore, it was a good show and nothing of the particular nature need be ashamed of. It was nicely staged, richly costumed and superior to many amateur performances seen here of late years. It is to be hoped tonight's rendering of it will be enjoyed by a hostful of people. There is no outsider who has the profit of the affair, it is a noble effort for the poor children, and some of the sweetest little girls in town, along with their grownups, have been lent by their parents to share in the philanthropy. Surely then it is up to the people who go to shows to lend their presence.

THIN-BLOODED MEN AND WOMEN

Need the Rich, Red Blood Dr. Williams' Pink Pills Actually Make.

Thin-blooded people do not remain so from choice, but from indifference; in some cases from despair. People who are pale, languid, with palpitation of the heart, some difficulty in breathing and a tendency to be easily tired are suffering from thin blood. They need only the resolution to take the right treatment and stick to it until cured. The remedy that can be relied upon is Dr. Williams' Pink Pills for Pale People. With every dose they make new blood, and new blood means health and strength. The red cheeks, good appetite, increasing weight and strength that follow the use of these Pills prove their great value to thin-blooded people. Here is an example. Mrs. R. Steele, Afton Road, P. E. I., says: "Following childbirth I took a pain in my head which grew so bad I had to call in a doctor. He told me that my blood had turned to water and that I was in a serious condition. He treated me four months, but still the pain remained, and my condition was growing pitiable. I lost my appetite, and was so weak and run-down that I could no more than walk across a room. I was as pale as a corpse, and the doctor told my friends he had but little hopes of my getting better. A cousin who came to see me urged me to try Dr. Williams' Pink Pills, and I sent and got a supply. In about a month after beginning their use I had much relief, and by the time I had taken six more boxes I was fully cured and felt as well as ever I did in my life. I have never had a twinge of the pain since, and feel that I owe my life to Dr. Williams' Pink Pills, as they cured my nerves and blood."

Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

Cream Sauce. One quarter cupful butter, one cupful powdered sugar, one half teaspoonful vanilla, one quarter cupful heavy cream. Method:—Cream the butter, add sugar gradually, vanilla and cream beaten until stiff.

ENVOYS NEGOTIATING FOR PEACE BETWEEN AMERICA AND MEXICO

Shown above are the Huerta envoys, the "A B C" delegates and Justice Lamar, representatives of the United States, who are now at Niagara Falls negotiating for peace between the United States and Mexico.

NEW PEOPLE AT IMPERIAL GO BIG

Excellent New Singers—Big Holiday Crowds.

New concert talent was introduced at Imperial Theatre on the holiday and judging from the demands for "encore" they bid fair to be quite as popular as the last singers. Miss Gertrude Leroy, stunningly gowned in black with jet, rose at the bodice and attractive head-dress, sang a number appropriate to the day—"A Song To Canada." This inspiring and dignified number elicited thunderous applause. Miss Leroy is prime favorite in this city. Signor Stefano Pettini is the newcomer. He possesses a dramatic tenor voice of the operatic kind, though his opening number was a charming and quiet little serenade, "Lolita," which Enrico Caruso uses with great deal. The Italian vocalist was recalled as well.

THE DAILY HINT FROM PARD

He's Back at Work Strong and Hearty

ONE MORE SPLENDID CURE BY DODD'S KIDNEY PILLS.

Quebec Man Who Suffered for a Long Time From Kidney Disease Finds a Complete Cure. Allen's Mills, Portneuf co., Que., May 26—(Special)—Another splendid cure by Dodd's Kidney Pills is that of Michael Gauthier, a well known resident of this place. Mr. Gauthier was for a long time a sufferer with a pain in his head caused by kidney disease, and at length got so bad that he had to quit work. Dodd's Kidney Pills cured him. He is back at work, strong and hearty, and naturally he feels that he wants all who suffer from kidney disease to know that they can find a cure in Dodd's Kidney Pills. "For God's sake," says Mr. Gauthier, "do not cure the pain or ache that is causing the most distress, but put the kidneys in good working order and all the impurities and poisons are strained out of the blood. The result is that new strength is carried to every part of the body. That is why so many sufferers cured by Dodd's Kidney Pills sum up their condition, 'I feel like a new man.' New energy is new life. You can't have it with sick kidneys. With healthy kidneys you must have it. Dodd's Kidney Pills make healthy kidneys."

by Connolly played the leading role, ably assisted by "Shep," his collie dog. There was the Hearst-Selig News Weekly, in which King George and Queen Mary were shown on their recent visit to Paris, a Whiffles farce by Pathe and a two-part western story by the Kalem Co. entitled "The Raid of the Red Marauders." The Festival orchestra was especially good in an overture, three operatic selections and a fine line of incidental music. Tomorrow the Imperial continues its mid-week policy of introducing a big feature by presenting Charles Klein's "Daughters of Men" in five acts. This is a Lubin production, the same people who put on Klein's "The Lion and The Mouse" and "The Third Degree." This latest release is claimed to be most stupendous in its society scenes and thrilling in its dramatic heights. For the week-end there is to be the Kathryn series (No. 6) and a Pathe stunner "The Leech of Industry."

Are Your Nerves Alive and Full of Vitality?

Or Are You Nervous, Irritable and Feeling Out of Sorts? Read What Dr. Chase's Nerve Food Can Do For You.

Do you realize the wonderful control over the organs of the body that is exerted by the nerves? Through the voluntary nerves you walk, talk and work, but there are other nerves which control every movement of every muscle in the body. When these nerves become weak and exhausted there is failure of the organs of the body to perform their functions. The action of the heart becomes weak, the lungs are weak in breathing, and digestion fails because the nerves which control the flow of gastric juices give out. Many a man and many a woman who is tired out, weak and discouraged does not realize that it is the nerves that have given out. They do not know what a wonderful change Dr. Chase's Nerve Food would bring about in their condition. Headaches, sleeplessness, indigestion, irritability, nervousness and loss of energy, ambition and courage are among the warning symptoms. Do not let these danger signals go unheeded, for nervous prostration and paralysis are the natural results of neglect. Almost every day you will find in this paper reports from people who have been cured of some form of nervous disease by using Dr. Chase's Nerve Food. No treatment has ever proven so successful as a restorative for the nervous system. Note your increase in weight while using it. 50 cents a box, six boxes \$2.50. All dealers, or Edmondson, Bates & Co., Limited, Toronto.

LAST WEEK OF ENGAGEMENT

Thompson-Woods Stock Co presents another success—Are favorites in St. John.

The Thompson-Woods Stock Company delighted large audiences yesterday afternoon and evening with the presentation of "Girls," a light comedy drama in which the individual members of the company were well cast. It was for the players and the management a most auspicious opening for the closing week of the engagement. At both afternoon and evening performances yesterday the auditorium of the theatre was filled to capacity and the players were greeted with the liberal applause that they have evinced in each performance throughout their entire engagement. Such audiences as those which yesterday greeted the Thompson-Woods players on the initial production of the closing week of the engagement most surely have left the impression on the management that they have well pleased the St. John theatre goers. The company which is now closing its engagement at the Opera House is undoubtedly one of the best stock companies that have ever visited the city and each individual production has been worthy of most favorable comment.

It is the only theatrical company of any description that ever attempted such a lengthy engagement in St. John and despite the general view at the opening that they would not continue their productions for forty consecutive weeks the test has proven that the members of the company are capable of appearing in many roles and at the same time well satisfy critical audiences. In the presentation of "Girls" the company added to its laurels and seemed to thoroughly please. The play is a comedy about three young girls who firmly declare themselves bachelor girls forever and would not degrade themselves to even associate with men. The compact holds good for a time but eventually the former woman haters are wedded. The plot is worked out nicely. The play will be repeated this evening followed by "The Nest Egg" tomorrow. On Thursday and Friday the offering will be "A Gentleman of Leisure" and "The Private Secretary" will be the closing production of the company on Saturday.

LYRIC THEATRE HAS VERY STRONG BILL

Holiday programme greatly enjoyed by successive capacity houses—Pictures win much applause.

Lyric patrons enjoyed themselves yesterday with the different features of the holiday bill presented. Pictures of the first water and a vaudeville act above the average made an entertainment that was hard to beat. The weekly news has always been a feature of the film service in the Charlotte street house and the news items displayed yesterday were full of human interest. "The Power of the Mind" was a strong drama which appealed to all. The producers had given a great amount of attention to the details of the staging and the result was pleasing to the eye. Queer and Quaint as a vaudeville attraction were the goods and their singing as well as their dancing were generally appreciated. Those interested in the new dances were in evi-

dence among the audience and there is no doubt that many of the steps seen at the Lyric yesterday will be practiced at home. The whole entertainment was pleasing to eye and ear alike, and will be repeated today. Queen and Quaint will be at the Lyric until Wednesday.

The St. John Standard

Published by The Standard, Limited, 52 Prince William street, St. John, N. B., Canada. ALFRED E. MOGINLEY, Managing Editor. H. V. MACKINNON, Editor. Yearly Subscriptions: \$5.00. Commercial Advertising: Line Rate, over 5,000 @ 1.00. Classified, One Cent Per Word. Invariably in advance.

ONE FOR ST. OHN.

From the Pacific Coast comes an intimation that will probably be received with glad acclaim by the young women of this city who cherish a weakness for that most delectable of summer delicacies "ice cream." The editor of the Vancouver News-Advertiser has been delving into the contents of a report sent out by the inland Revenue Department at Ottawa concerning ice cream and its purity, and he has discovered that the finest to be obtained in Canada was found not in the fashionable ice cream and confectionery establishments of Montreal, Toronto, Winnipeg, or any of the larger Canadian cities, which are sometimes held to possess advantages which this city cannot boast, but right here in St. John.

According to the standards of the inland Revenue Department the quality of ice cream is determined by its food value, that is it must contain at least 14 per cent. of butter fat, unless fruit or nuts are present, in which case the percentage is twelve. During last year the inspectors of the department tested 134 samples of ice cream purchased in different cities, and the result as given shows that the finest sample procured in all Canada was bought in a St. John dairy for 40 cents per quart.

Of the 134 samples, seventy-seven were found to be pure and 57 adulterated, but of the adulterated portion some were found to be very slightly below the necessary standard of excellence. The Vancouver News-Advertiser sums up the result as follows: "At Halifax ten samples were purchased. Five of these were genuine and five adulterated, the best of the latter containing less than 9 per cent. of fat and the worst less than 6 per cent. The highest quality was little over 14 per cent. The price of all the imitations was 50 cents per quart, while three of the genuine samples were sold at 40 cents. Ten from St. John revealed only three below the standard, the lowest being 10 per cent., the highest 26 per cent. Prices were forty, fifty and sixty cents, the latter price charged for the poorest goods. In Quebec city only three samples out of ten reached the standard, and there the low record of 2.53 per cent. was made. Three Rivers produced four genuine samples out of ten. Eastern Townships five, Montreal seven out of eleven, Kingston seven out of ten, with 11 per cent. as the low mark; Toronto seven out of nine. Hamilton makes a good showing with one sample slightly below the standard. Manitoba presents only two out of ten up to the mark and these shaving it closely. Thence the record skips to British Columbia. Nelson supplies three samples at 75 cents per quart, one genuine with the extraordinary percentage of 27.50, and two adulterated. The single Fernie sample was adulterated, and the one from Rossland was genuine. Vancouver is not represented. The inspector at Victoria took ten samples all at 50 cents per quart. Five of these are reported genuine, three somewhat below the standard and two adulterated. One of the latter shows less than 6 per cent. of fat. The highest percentage in Victoria was 18.38. In all Canada the highest was 26.34—containing more than double the butter fat required. For the benefit of travellers it may be explained that this particular quart of cream was bought from the St. John, N. B., creamery for forty cents."

THREE YEARS IN MEXICO

Three years is not a long time in the life of an individual, let alone a nation, yet the people of Mexico can look back to the 29th day of May, 1911, and from that date count the practical commencement of the events that resulted in civil war and the embroiling of their country in a difficulty with the powerful neighbor to the north of them. It was just three years ago today that Porfirio Diaz, for years dictator of Mexico, stole away from his capital in fear lest he lose his life as well as his presidency. Five days later he boarded a vessel at Vera Cruz and went to Europe where he has since lived in ease and security if not in contentment.

The last words uttered by Diaz on his native soil were prophetic. He said: "Who will govern Mexico after me will have to govern as I did" and time has proven that he spoke in truth. Since his departure the page of Mexican history has been written red with the civil war after another. First Francisco Leon de la Barra acted as provisional president until the election of the ill-fated Madero, who had no sooner been inaugurated than he faced a revolt led by General Reyes. Reyes, however, was arrested by United States authorities, charged with violating the neutrality laws and Madero was left for a time in peace.

But it was not long—surrounded as he was by, cunning self-seeking poli-

tics, the visionary Madero found he could not put in force the reforms he had promised and speedily discontent spread in the land. Zapata, partly soldier but chiefly bandit, who had been a Madero supporter, turned against him and raised the flag of revolt, while, in the north, another leader, Orozco, had appeared. While Madero was successful in coping with the rebels who openly took the field against him, he was not so fortunate with the enemies in his own "household." Military plots proved his undoing and General Huerta, who had been the commander-in-chief of his army, established himself in power and assassinated Madero, his brother Gustavo and Vice-President Sarracín. Of all of whom were shot under the pretence that they were attempting to escape from Huerta's guards who had made them prisoners.

It now appears that Madero dead yields a greater influence than he ever did alive. Correspondents, who are following events in Mexico, state that he has become almost a saint among the men of the Villa and Carranza forces who now are menacing Huerta's regime. Recent events would indicate that in a comparatively short time Mexico will have another new ruler but whoever he may be he will hardly equal the Diaz record for stability of government.

Diaz, himself, was no saint. For thirty-four years he ruled Mexico in the guise of "a singularly pure and able patriot" as he had been termed by a biographer, but after he had fled from his capital, stories came to light which showed him to be merely a despot who won power by force and kept it by fear. His successors who have attempted to play out the same role have been singularly unsuccessful and even today it is said that if the choice of president of Mexico should be settled by the unrestricted voice of the people Porfirio Diaz would not be found at the foot of the poll.

IRISH HOME RULE

By a majority sufficiently large to leave no question as to the desire of the party in power, the Irish Home Rule Bill has passed the third reading in the British Parliament and now becomes law. Formerly, when this bill was passed by the British Commons, the House of Lords rejected it, but, under the Parliament Act, no such disposition of it can be made this time.

What will happen next is a question the answer to which has been awaited with interest and anxiety. There can be no doubt of the earnestness of the opposition in Ulster toward the measure, also there is no room to believe that the supporters of Home Rule are not equally as determined that the wish of the Ulster anti-Home Rulers shall not prevail. Sir Edward Carson, is quoted as saying that the question will be settled now for all time and, in the same despatch with this warlike statement from the Ulster leader, is the information that the Nationalist forces also, are armed and prepared to enforce Home Rule at the point of the bayonet if necessary. Much is liable to happen during the next few days and whatever the outcome there is a feeling that the Asquith Government, in passing the measure without an appeal to the people, has assumed a great responsibility the full measure of which may not be apparent for years to come.

RUINING A RAILROAD.

Remarkable evidence is being given by Mr. C. S. Mellen, late manager of the New York, New Haven and Hartford Railroad, before the United States Interstate Commerce Commission regarding the conduct of that company, says the Toronto World. Enough of a damaging nature has already been elicited to make it certain that the probe will go far and deep and will throw much light on the methods employed by the financiers who controlled the board of directors. Mr. Mellen admitted that he was simply the hand of the late Mr. J. Pierpont Morgan, that he was kept in ignorance of the way in which the money of the railroad was expended and was denied information which he asked and to which he thought he was entitled.

During Mr. Mellen's testimony it was elicited that in his opinion the value of the work done on the Westchester road at the time of its purchase by the New Haven Company was about \$1,000,000, and in addition there was \$4,000,000 of real estate. The original understanding was that it should cost the company \$5,000,000, but in the end it cost around \$35,000,000. Mr. Mellen admitted that he now thought the purchase to have been a mistake and that it was a dangerous proposition. The further investigation travels the clearer does it become that the New Haven road was the victim of an attempt to establish a complete monopoly in the New England section made by a group of New York money barons.

UNDEVELOPED WEALTH.

The possibilities of undeveloped wealth in Canada are well illustrated in a bulletin just issued by the census statistics branch of the Dominion Department of Trade and Commerce, which deals particularly with the agricultural industry. According to the bulletin there is a total land area in Canada of 1,401,316,413 acres, of which 440,951,000 acres are cultivated. This does not include swamp land or forests, which may eventually be cleared and tilled, nor does it take account of the areas of the north, the agricultural possibilities of which are as yet unknown. Of the area which could be made to yield product in the way of food stuffs, there is actually under cultivation and producing, not more than 35,000,000 acres, of which 25,375,000 are in field crops, and 625,000 in vegetables and fruits. The startling fact is that only a little more than two and one-half per cent. of Canada's land area is under cultivation.

Dealing with the provinces, it is interesting to find that Prince Edward Island, although the smallest of all, still retains its right to the title of the garden province of Canada. Of the land area there it is estimated that ninety per cent. is cultivatable, while \$6.01 per cent. is already cultivated. Prince Edward Islanders, therefore, are getting from their province about all they can get in the way of produce. Nova Scotia shows a greater percentage of farm land occupied than does New Brunswick. In the latter province, 38.63 per cent. is under cultivation, while the total of cultivatable land is about sixty per cent. of the area of the province. New Brunswick bears about the same proportion in the matter of cultivatable land, but there is not such a good showing in the areas under cultivation. The percentage of this province, which is being used, is 25.36, a showing which, while better than that would have been the case ten or fifteen years ago, is still far from the possibilities of the province.

Apparently the only province in the whole of Canada which has reason to pride itself upon the showing is Prince Edward Island. There nothing is being wasted, and that in no small measure explains the general prosperity of our Island neighbors. The bulletin, however, serves to show that the resources of Canada as an agricultural country, have as yet been but scratched, and the possibilities of undeveloped wealth from this source are so vast as to dwarf all gold mines, oil wells and other mineral propositions as revenue producers. The next ten years should witness a great change in these statistics, and it is to be hoped that before that time rolls around the Province of New Brunswick will show less idle cultivatable land and a greater number of producing acres, housing a thrifty happy farming population. It is truly said that agriculture is the backbone of all industry, and as our farm communities develop, so also will our cities grow and prosper.

Diary of Events

THE HUMAN PROCESSION QUEEN MARY'S BIRTHDAY.

On public buildings throughout the Empire on which the sun never sets the banner of Britain will fly today in honor of the twenty-seventh birthday of Queen Mary of the United Kingdom and of the Dominions beyond the seas and Empress of India. The Queen was born in the city of London before her marriage to Prince George in 1893. Her father was His Highness the Duke of Teck, and her mother was Her Royal Highness Princess Mary Adelaide, a daughter of His Royal Highness the first Duke of Cambridge. Queen Mary's younger brother, His Royal Highness Prince Alexander Augustus Frederick, William Alfred George of Teck, was recently named the Duke of Connaught as Governor General of Canada.

Queen Mary was a famous horsewoman in her girlhood days, but of late years she has developed a great fondness for reading, and is now several years since she last took a ride. She is a proficient German, Italian and French, plays the piano and harp, and is very fond of reading, but she finds her favorite recreation in paying the arts of a needlewoman. As a result of the Queen's activity in this line, the cult of "stitchery" prevails widely in London society and needlework has taken the place of bridge among Englishwomen who look to the Queen as their arbiter.

Queen Mary, it is said, has insisted upon superintending all the details and workings of the royal household, and does much work which was heretofore entrusted to officials of the court. One of her acts after she was exalted to the throne was to reorganize the household and to discharge many useless servants and functionaries. "The businesslike spirit that prevades the whole of the Queen's household is most striking," says the bulletin.

Little Benny's Note Book

BY LEE PAPE
Ma was electid vice president of the Ekwil Suffridge Club the uthir day, and last night I sed to pop. Pop, do you believe in ekwil suffridge. Wares yure mothr, sed pop. Up in her room, I sed. Well I hope he has convinced you, Benny, sed ma. Yes mam, I sed.

Ladies' Field, an English publication, "Everything seems to proceed there as though by clockwork, and while there is no stint. Her Majesty permits no waste, the strictest economy being enforced in every direction. The Queen exercises full control over all that takes place in her name, and the head of the household, although the former designation is officially the correct one, and harks back to a day when the women who held such positions actually aided in the robing and disrobing of the Queen—a task now performed by servitors.

The ladies of the household of an English Queen are divided into four classes. The mistress of the robes is the most important of the ladies who serve the Queen, and is the nominal head of the household. Of lesser importance are the ladies of the bed-chamber, now modestly styled ladies-in-waiting, although the former designation is officially the correct one, and harks back to a day when the women who held such positions actually aided in the robing and disrobing of the Queen—a task now performed by servitors.

THE COMMON SENSE OF TORIC LENSES

Toric lenses are deep-curved lenses—Nature's curve. They enlarge the field of vision wonderfully, consequently are the most practical lenses. You who wear glasses will greatly appreciate the improvement of vision and added comfort they bring. You who are ordering your first pair of glasses should know all about Toric lenses. Toric lenses can be ground to correct any defect in refraction, and being curved like the ball of the eye, improve one's personal appearance as well as the vision. Our facilities for grinding and fitting Toric lenses are unequalled in the Maritime Provinces. Come in and let us demonstrate the many advantages of Toric.

THE VICTORIA DAY CELEBRATIONS IN THE BORDER TOWNS

Horse races at St. Stephens and band concerts and dancing at Milltown - Passed quietly.

Special to The Standard St. Stephen, N. B., May 25—Victoria Day has passed without special observance in the border towns other than a general suspension of business.

This afternoon some local races drew a good sized crowd to the trotting park. One race had two starters, W. W. Willie, owned by H. R. Haley and Bob Macao, owned by C. B. McKay, and was won in straight heats by W. W. Willie, best time 1:15.

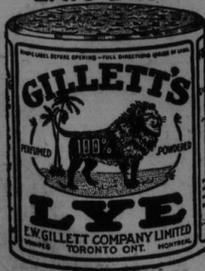

The second race was won by A. A. Jaffins' Robert B.; H. R. Haley's Pills second and A. Johnson's Gimp third; best time 1:13.1-2.

The third race was won by H. Vall's Sally M. P.; J. F. Duston's Berlum second and R. L. Todd's Kenoras third; best time 1:18.

All were half mile heats. F. D. J. Graham was starter.

A number of Catala horses were entered but failed to appear. This evening an open air band concert is being given in Milltown and a dance in Eston, Hall will follow.

GILLETTS LYE EATS DIRT

Yarmouth, N. S., May 25—The first big stop of mackerel on the Nova Scotia coast this season took place today when the Cranberry Head trap took forty barrels; the Sanford trap thirty barrels and the Byrn's Point trap at Port Maitland fifty barrels. Owing to the bad weather the men were unable to take all the fish from the traps probably not more than half. The westerly winds of the last few days are bringing the fish in and a big catch is looked for tomorrow.

NEWS FROM THE CAPITAL

Special to The Standard Fredericton, N. B., May 25—Today was generally and quietly observed as a holiday here. The city baseball league opened its season with two games. September Morns defeating the Federals in the morning and the Imperials winning from the Pets in the afternoon. There were many fishing parties away for the day and this evening the Flat reg. band played their first concert of the season on parliament square.

In the matinee racing, Slippery Bill won the free-for-all and Lillian Patchen, the green pace.

Attorney-General Clarke who returned to St. Stephen from Ottawa on Saturday, arrived here at noon. Other members of government are also here and a meeting is being held tonight. Acting Premier Clarke is greatly pleased over the success of his trip to Ottawa and says the people of this province should feel gratified that the dominion government is to build the two large valley railway bridges.

TRY UNGAR'S LAUNDRY FOR CARPET CLEANING.

BIG MACKEREL CATCH MADE NEAR YARMOUTH

Yarmouth, N. S., May 25—The first big stop of mackerel on the Nova Scotia coast this season took place today when the Cranberry Head trap took forty barrels; the Sanford trap thirty barrels and the Byrn's Point trap at Port Maitland fifty barrels. Owing to the bad weather the men were unable to take all the fish from the traps probably not more than half. The westerly winds of the last few days are bringing the fish in and a big catch is looked for tomorrow.

R. K. Y. C. OPENING

The yachting season was opened by the R. K. Y. C. at Millville yesterday morning. There was the usual ceremony, the commodore fired a salute from the cannon and the flag was raised on the club house. A number of the yachts went into commission and the yachtsmen look for happy days this season.

ACADIA CLOSING EXERCISES VERY SUCCESSFUL THIS YEAR

Hundreds of visitors—Excellent musical programmes Activities of Collegiate and Business School—Appropriate religious services mark occasion.

Wolfeville, May 25.—At 11 o'clock this morning a large number of visitors and students gathered to be conducted on a tour of inspection. The occasion might be designated "Seeing Acadia." Buildings are rising in rapid succession on this historic hillside. The group of buildings, dedicated to the higher education of youth, constitute a plant of which the Baptist denomination is justly proud. The presence of these institutions contributes immensely to the religious, social, commercial and educational interests of the community. Indeed it can truthfully be said that these halls of learning comprise one of the greatest contributing elements to the educational development of the Maritime Province.

Two New Buildings. By next fall two additional buildings will have been completed. The new residence for college women, and the new library building. Work on the former is already under way. The main building will be 100 feet long, with an ell in addition. Local brick will be the material used in its construction with slate roof. It will be two stories high with roof gables, making it practically three stories, and the estimated cost will be in the vicinity of \$25,000. The contract has been let to the Rhodes Curry Co. Ltd., and the architect is C. H. McClure of Cambridge, Mass. The fire-proof library building is being constructed of Wood Point red and Rockport olive stones. The floors and partitions will be of cement, the roof of slate. The walls in some parts are already over 20 feet high. At the farther end of the hall way will be the librarian's office. On either side of the hallway will be two large reading rooms. In the rear of the whole a convenient arrangement of stock room will be situated, with solid wall between it and the rest of the building, and the door will be double and fire-proof. The basement will be divided into four rooms, three of them to accommodate special collections. James Reid is the contractor and A. R. Cobb the architect. The cost of this structure is being defrayed by a handsome contribution from the family of the late Rev. H. H. Emerson. When completed these buildings will occupy commanding positions on the hillside.

New Gymnasium. At a large and enthusiastic meeting of the student body held on Saturday, it was decided to proceed with the erection of a new gymnasium, and a fund was started at this meeting. \$2,700 being exercised of the Seminary graduating class took place this afternoon at 2:30, a very pleasing program being presented by the members of the 1914 class, whose motto is "Loyal Enthusiasm." Colors garnet and blue, and class flower American Beauty. Although taking place in the open air, the untiring of the new Seminary flag, with appropriate ceremony, was a part of these exercises. An interesting incident was the presentation to each of the graduates of a beautifully bound copy of Lyman Abbot's "Secret of Happiness." The music was very large crowd was present and entering into spirit of the occasion thoroughly enjoyed the programme, the different numbers of which elicited generous applause.

The following was the programme: Entrance march, the class; opening address, president reading of message and roll call; secretary; election of officers; class history, Miss C. MacGregor; vocal solo, Miss B. H. Laws; class will, Miss M. Manning; presentation of gifts; class prophecy, Miss H. L. Alward; vaudeville, Miss D. M. Baker; class song. The private art exhibition by Miss Estelle Eaton, held this afternoon was greatly enjoyed. This young artist is to be most heartily congratulated upon her successful course and its equally successful completion.

Acadia Collegiate and Business Academy. The closing exercises of Acadia Collegiate and Business Academy took place this evening at 7:30 when the following program was given: Professional address, Misses P. Dodge and M. Woodworth; opening prayer; essay, Canada's Duty to the Empire, Harold Titus; vocal solo, Miss E. Miller; essay, Class History, John Parshore; N. S.; J. C. Duncan, Fredericton, N. S.; W. C. Sterling, Mattitand, N. S.; S. C. Trenholm, Grand Pre, N. S.; S. G. Vail, Truro, N. S.; A. W. Vail, Truro, N. S.; A. Whitman, Milestone, Connecticut, U. S. A.

Prize List. Prize essays on Imperial subjects offered by the St. Catherine's Imperial Order of Empire. Subject, "Canada's Duty to the Empire." First prize \$30, J. I. Mosher; second prize, \$20, H. H. Titus. High standing in English for the work of the year, \$10, W. W. Rogers. Leader of senior class, \$10, H. H. Titus. Leader of middle class, \$10, C. R. White, St. Martins, N. B. Leader of junior class, \$10, Charles Corry, Visianagram, India. Prize for greatest improvement, \$10, G. C. Dexter. Leader of business class, \$10, W. P. Jackson. Spelling prize, \$5, L. L. McKee, Canning, N. S. Bookkeeping prize, \$5, L. L. McKee, Canning, N. S. Prize rapid calculation, \$5, Miss Mabel Parker, Dorchester, N. B. Ward of Strathcona Shield, Albert Corey, Visianagram, India. Best medal for declamation, C. E. White, St. Martins, N. B. Manual Training Prize, \$5, highest standing, A. L. Steeves. Manual Training attendance prize, \$5, to seven boys of the public schools of Wolfeville who attend all classes during the year.

The class of 1914 are defraying the cost of installing electric light fixtures in the new dining room of the Academy, in token of their appreciation of the benefits they have received during their residence in that institution.

Total gross attendance, 216; taking two courses, \$0; net total, 184. Holiday Spirit.

Wolfeville, May 24.—A walk around town yesterday disclosed two facts: in the business section one was impressed with the fact that the merchants were leaving "no stone unturned" to attract customers during Anniversary Week, their alluring window displays suggesting that they were prepared to cater to the most fastidious taste. One window in particular is attracting attention, where-in are on exhibition the handsome prizes to be competed for at the College track meet. These have been donated by the business men of the town. In the residential sections there are unmistakable evidences that the residents are vying with the visitors in extracting as much pleasure as possible from the commencement exercises and their attendant features. The many beautiful home-propriety looking stock and span, instead the whole town has attired itself in anniversary garb. Nature has also risen to the occasion, for since last Sunday the verdure has reached perfection. For a whole week now we have literally revelled in propitious weather. Human efforts, supplemented the silent work of nature have combined in making Wolfeville a "Town Beautiful." Ideal excursions for educational institutions. Here are blended the scenic and historic which attract both home-seeker and visitor.

U. S. MARINE WHO FACED DEATH AT VERA CRUZ

CHARLES L. DOYLE, ORDERLY OF CAPTAIN BUSH, WHO CARRIED MESSAGE TO ADMIRAL FITCHER, ASKING HIM TO OPEN FIRE ON VERA CRUZ.

Above is shown Charles L. Doyle, who carried the message to Rear Admiral Fletcher from Captain Bush asking for help from the fleet when the "walpers" began their deadly work in Vera Cruz. Doyle's uniform and knapsack were shot away, but he escaped unharmed by bullets, only to be badly hurt by an automobile while on horseback, and was smashed by a trolley car before he could regain his feet. He was one of the wounded men who were brought back to New York on board the hospital ship Solace.

Orchestral Club. Miss Starr demonstrated her ability to play the most difficult compositions with consummate ease. As a concert violinist this young lady has already gained for herself the fullest recognition of musical connoisseurs. (Continued on page 8)

AN AMAZING CURE FOR NEURALGIA MAGICAL RELIEF FOR HEADACHE

The Most Effective Remedy Known is "Nerviline."

This affords a sure barrier to the re-establishment of congestion. You see the relief you get from Nerviline is permanent. It doesn't matter whether the cause is spasm or congestion, external or internal; if it is pain—equally with its curative action upon neuralgia—Nerviline will relieve and quickly cure rheumatism, sciatica, lumbago, strains, swellings or enlarged joints, and all other muscular aches. Nerviline is a guaranteed remedy. Get the large 50 cent family size bottle; it is far more economical than the 25 cent trial size. Sold by dealers throughout the country, or direct from the Catarothone Co., Kingston, Canada.

COAL RICH IN HEAT VALUE

This Kind Has the Maximum of Burnable Matter With the Minimum of Ash—it is Clean Coal.

All coals are much alike in appearance, but there is a great difference in the work they do. Low grade coal will burn out quickly without much heat except in starting. High grade coal burns gradually and evenly and holds its heat for the longest time. The special American anthracite being imported by the Consumers Coal Co. is a coal rich in heat, lasting in effect and leaves a surprisingly small amount of ash to go to the ash barrel. Just at the present time, they are quoting lowest summer prices on all sizes of anthracite. Household will do well to inquire about this coal and get prices, if they anticipate filling their bins through the summer for winter use. Consumers Coal Company's address is 331 Charlotte street, just below Britain street, Phone 312670. This American anthracite is clean glossy coal and means more than the ordinary value to the janitor.

PEACH CROP FAILS IN NIAGARA BELT

Not a Blossom in the Whole Fruit Belt. TREMENDOUS LOSS FOR THE FARMERS

St. Catharines, Ont., May 25.—The spectacle of the whole Niagara fruit belt with hardly a peach tree in blossom when usually at this time of year the whole country is literally covered with the lovely white and pink white the air is filled with their fragrance is final and irrefutable evidence that there will be no peaches this year.

The blossoms come first on the peach trees, but now the leaves are all out and there is scarcely a sign of a peach blossom anywhere. The failure of the peach crop this year will mean many thousands of dollars of loss to the Niagara fruit belt growers, even ruin to some. New growers who have just gone into the business of fruit growing, buying their farms at \$1,000 an acre in expectation that this year's crop would go a long way towards paying for their land, now find themselves in a sorry plight. They will have practically nothing coming in for most of them depend entirely on the crop of last year and the year before.

QUOTATIONS FOR MARITIME SECURITIES

Table with columns for security names (Acadia Fire, Acadia Sugar, etc.) and their respective prices.

St. John's, Nfld., May 22.—It was officially announced today that the Duke of Connaught will arrive on the west coast in the warship Essex July 7th, visiting the different points the following week. He arrives at St. John's on the 15th, returning he will reach Quebec on the 19th. The Duchess is not coming owing to ill-health.

Paul F. Blanchet, CHARTERED ACCOUNTANT, 54 PRINCE WILLIAM STREET.

WHEAT TRADE SHOWS UP STRONG; REPORTS

(F. B. McCURDY & CO.) Chicago, May 25.—Wheat—Every-thing considered this wheat trade displayed anything but weakness for the day; short sellers seemed to lose confidence when the market failed to break under the even figures. It was a stubborn, and gradually hardening market towards the close; cable news so far as it had any influence was bearish, northwest receipts this side of the line were not small enough to be a bullish feature.

WARMER WEATHER HELPS THE RETAIL TRADE.

Montreal, May 23.—There was no local market today, but there was considerable interest in London and New York, both of which opened strong. C. P. R. was a feature, advancing as high as 194 7/8 from 193 3/4, but later reached to 194 1/2, at which level Wall Street opened. Yesterday's range here was 193 1/2 to 195 closing at 193 3/8.

GROCERIES SHOW FAIR MOVEMENT—REFINERS ANNOUNCE FURTHER ADVANCE OF TENTS—LIGHT FRUIT CROP.

Dunn's bulletin—Warmer weather has proved helpful to the retail trade in light fabrics, and wholesalers report rather more doing in a sorting way, as well as some improvement in remittances. The iron market continues depressed under light enquiry, as locomotive and car works and the general railway shops are working with much reduced staffs. Importations of British iron have been small this spring, and best Scotch brands are quoted at about \$21.00, and No. 3 English at about \$19.00. There has been no recovery of activity as yet in the boot and shoe manufacturing trade, and leather sales are of very moderate volume, but there has been no weakening in values.

ROYAL MAIL PACKET LINE STR CHAUNIER SAILED FROM HALIFAX ON FRIDAY FOR DEMERARA VIA WEST INDIAN PORTS.

She has on board 6 first class, 5 second class and 53 third class passengers.

THE RITZ-CARLTON HOTEL

Sherbrooke Street, Montreal, offers the Comfort, Service and Cuisine of the famous Ritz chain of Hotels and Restaurants round the world, at similar rates to those of other leading hotels in Canada.

7,000,000 Acadia Brand Bricks

were sold to the contractors and were used by them in the construction of two of the largest buildings erected in the Maritime Provinces in recent years. These buildings were the new refineries of the Atlantic Sugar Refining Co., St. John, and the wholesale plant of the Acadia Sugar Refining Co., Dartmouth.

WEAK CONDITIONS IN STOCK MARKET

Government Contemplates Enquiry into Large Railway Systems. HEAVY UNDERTONE SHOWN AT CLOSING

BOND MARKET MORE ACTIVE THAN STOCK LIST, BUT MARKED BY IRREGULARITIES—FOREIGN DEALING TRIVIAL.

New York, May 25.—Various conflicting conditions served to keep the stock market in check again today. Chief among these were the general intimations from Washington that the government contemplates further investigations into the management of certain large railway systems, as well as indications that the administration purposes carrying out its so-called anti-trust programme during the present session of congress. Absence of definite details regarding the Missouri Pacific situation, misgivings as to the progress of Mexican mediation, and additional gold exports to Paris were contributing factors.

SIX PER CENT Mortgage Debenture Stock

A desirable opportunity for a conservative six per cent investment is afforded by the Nova Scotia Steel & Coal six per cent. Perpetual Debenture Stock, which we offer at ninety-eight and interest. The company's property is considered to be admirably situated for economical production, which is very essential in the steel and coal business.

HOW COLONEL ROOSEVELT LOOKED BEFORE HE WENT SOUTH AND AS HE APPEARS TO-DAY

THEODORE ROOSEVELT BEFORE HE STARTED SOUTH

Theodore Roosevelt, much worn by his experiences in the Brazilian jungles, where he had been delirious from fever, returned to New York and was taken to Oyster Bay on a special trip. He has lost forty pounds, for he gained in weight on his twelve days' trip to this port. The returned traveler passed through a period of great depression, from which he roused himself by force of will to his now hopeful convalescence. His face is much thinner, his clothes hung on him almost in festoons and he walks with a cane on account of the injuries sustained to his right leg in attempting to get a canoe. Mr. Roosevelt's old fire and vigor flamed anew, however, when he reiterated that he had indeed explored a river and added it to the map of Brazil. He hurled back the aspersions of Henry Savage Landor and declared that he would make an answer to the British explorer who so adversely criticises his announcement concerning the "River of Doubt," when he addresses the National Geographic Society next Tuesday evening in Washington.

World's Shipping News

Table with columns for ship names, destinations, and departure times. Includes 'MINIATURE ALMANAC' and 'May Moon Phases'.

Table with columns for ship names, destinations, and departure times. Includes 'VESSELS IN PORT' and 'STEAMERS'.

COAL STEAMER HERE. The Str Lina C. Kaminski arrived in port yesterday from New York with a cargo of hard coal consigned to the C.P.R.

SHENANDOAH ARRIVES. The Furness Liner Shenandoah arrived yesterday morning from London via Halifax and docked at the Pettigill wharf. Last night she was shifted to the L.C.R. terminal.

HARD PINE SHIPS ARRIVE. The schooner Irma Bentley, Captain Hilton, with a cargo of hard pine consigned to T. Bell and Co., and the schooner Katherine V. Mills, with hard pine for J. A. Likely, arrived in port yesterday.

STEAMER NOTES. Str Royal George, for Montreal, has on board 42 first, 254 second and 423 third class passengers. With about a dozen plates smashed her forepeak filled with water, and generally the worse for her experience with the ice, the Black Diamond Str Kendall Castle crept into Montreal Tuesday. The accident occurred between Cape North and Bird Rock, while the steamer was plowing through field ice from six to a dozen feet thick. The steamer Eslington sailed for Parrsboro yesterday.

CAN'T OBTAIN CHARTERS. Masters of some of the big coal laden sailing schooners which have been lying in Boston and Portland harbors for many weeks report it as almost impossible to obtain charters for their vessels, the situation at the Virginia coal ports being reported as dull beyond precedent. The six-master Alice M. Lawrence, which arrived here from Newport News on March 23, has been anchored in the lower harbor since she discharged cargo but is understood to have been engaged within a few days and will leave for a southern port as soon as the weather changes. Her sister Sch, the Addie M. Lawrence, which arrived here a month later than the other, is still in the lower harbor unchartered. Several of the vessel owners, realising the uncertainty of the market, have chartered their vessels for a year and probably in doing so have acted wisely, the Jane Palmer and Cora F. Cressy having been engaged to run for a year between Portland and Newport News, while the six-master Edward B. Winslow has a charter for 15 months to carry coal between Boston and Norfolk.

DANGERS TO NAVIGATION. New York, May 23—Str France (Fr) from Havre, reports May 20, at 41 22, lon 50 27, saw four icebergs from two to eight miles N.W. Reported to the Hydrographic office: Str Genesee reports May 16, at 40 44 N, lon 67 29 W, passed a spar standing upright and projecting about 10 feet out of water, with a small flag attached. May 18, in lat 39 21 N, lon 72 23 W, quantities of wreckage, consisting of part of deckhouse, planks, tables, boards, etc., were passed; lat 39 29 N, lon 73 22 W, what appeared to be part of a vessel's bow, with jib-boom broken off, and lat 38 24 N, lon 72 50 W, a piece of wreckage about 60 feet long, apparently a vessel's bulwarks.

AMONG THE FOX RANCHES (Charlottetown Guardian) A rancher reports that he lost a number of young foxes when about two weeks old, and discovered that his ranch was infested with rats, and he thinks that possibly, as rats are very numerous this year—having in some cases taken young pigs from their mothers—they may have been responsible for the loss of the foxes, directly or indirectly. The suggestion is made in view of the above circumstances that it would be well for all ranchers to report, through the medium of the press, any such occurrence or anything they know that might throw light upon the matter of the cause of the death of young foxes.

Exceptional success is reported in the ranch Mr. Stan Rayner, which is located near Alberton. He has eight pairs of silver blacks in the ranch, and already five of them have litters, totalling no fewer than twenty-nine pups. This surely is as prolific

BURDOCK BLOOD BITTERS CURED A BAD ATTACK OF ECZEMA. All skin diseases such as Eczema, Salt Rheum, Tetter, Rash, Boils, Pimples, and Itching Skin Eruptions, are simply caused from the blood being in a bad condition, and it is impossible to eradicate them from the system unless you get your blood into good shape. This you can very easily do without the slightest trouble by using Burdock BLOOD BITTERS. It drives out all the humor from the blood, and makes it pure and rich, and not only are the unsightly diseases removed, and a bright complexion produced, but the entire system is renovated and invigorated at the same time. Mrs. G. A. Day, Somerville, N.B., writes: "Last spring I had a bad attack of Eczema. I tried several patent medicines as well as the medicine of a physician, but they seemed to make the disease worse. I was advised to try Burdock Blood Bitters, and I did so with the result that in two weeks time the sores began to disappear. I continued to take it until I had taken three bottles, and they worked a complete

production as has occurred this season. Three litters are reported to be out in the Barker ranch at Summerdale, and others are expected. The stock of the Rayner International Fox Company has been over-subscribed and the company are reported to having excellent success as regards the production of young. Mr. Daniel Getson, fox rancher of Kildare, has one litter of three pups from one of his two pairs of breeders, and he expects a family from the other pair. The Clark Bros. ranch, which is in the vicinity of Alberton, and has two pairs of silver blacks, has high expectations of two litters this season from its two pairs of foxes. One litter, in fact, is already out of the dens. While the island ranches are reporting great success in regard to the present season of production, good results are also obtained in ranches elsewhere. For example, the Salisbury Black Fox and Fur Company, who are ranching at Salisbury, N. B., where they started a ranch last autumn, with three pairs of black foxes, report gratifying success. Each pair has produced a litter, and already nine pups have been put in an appearance about the ranch, and possibly all of the little ones have when they'll take another dive in that "TIZ" bath. When your feet feel like lumps of lead—all tired out—just try "TIZ". It's grand—its glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions. There's nothing like "TIZ" it's the only remedy that draws out all the poisonous exudations which put up your feet and cause foot torture. Get a 25 cent box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

Each drop is as pure as a summer morning's dew, and brings the thought "That's the flavor that suits me". This is what the people say of Royal Arms Scotch. JOHN J. BRADLEY, ST. JOHN. Sole Agent for Canada and Newfoundland.

For nursing mothers Na-Dru-Co Laxatives offer the important advantage that they do not disturb the rest of the system or affect the child. 25c. a box at your Druggist's. National Drug and Chemical Co. of Canada, Limited, 175

ACADIA CLOSING EXERCISES SUCCESSFUL THIS YEAR

The Orchestral Club, under the baton of Miss Beatrice Langley, the accomplished head of the Violin Department of the Conservatory of Music of the Seminary, herself a brilliant concert violinist, on this occasion added another triumph to a long list of successes.

The large and enthusiastic audience gave indubitable evidence of their interest in and enjoyment of the programme.

Baccalaureate Sermon. An enormous congregation attended the Sunday morning service. The student choir under Mrs. Richmond, with Miss Frantz at the piano sang "All Hail the Power of Jesus' Name." The choir, assisted by the student body, sang "Hark, Hark My Soul." Invocations by Dr. Macdonald, Scripture reading by Dr. Gouger, Prayer by Dr. Gouger, Benediction by Dr. Chipman.

The speaker said in part: "Paul writing to the Corinthians refers to questions that covered the entire range of their experience, their attitude towards society, religion and their own lives and destiny. The same questions face humanity today; we find ourselves like the Corinthians in quest of the source of authority in the religious life. The speaker differentiated between a prophet and an apostle. The prophet utters his message and his hearers may accept it or reject it. The apostle institutionalizes his message, he is the religious administrator facing the temptation to substitute his own apostolic power for spiritual authority. Paul refused to rule the Corinthians' religion 'By your faith they stand'."

Cut This Out

Famous Specialist's Recipe for Catarrhal Deafness and Head Noises. If you know someone who is troubled with head noises, catarrhal deafness, cut out this formula and hand to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. Recent experiments have proved conclusively that catarrhal deafness, head noises, etc., were the direct cause of constitutional disease, and that salves, sprays, inhalers, etc., merely temporize with the complaint, and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle yet effective tonic that would quickly dispel all traces of the catarrhal poison from the system. The effective prescription which was eventually formulated, and which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that anyone can treat themselves in their own home at little expense.

Secure from your druggist 1 oz. Parment (Double Strength), about 75c worth. Take this home, and add to it 14 pint of hot water and 4 oz. of moist or granulated sugar, stir until dissolved. Take one tablespoonful four times a day. Saint John's is the most distressing head noises, headaches, dizziness, cloudy thinking, etc., while the hearing rapidly returns as the illness is invigorated by the tonic action of the treatment. Loss of smell and mucous droppings in the throat or of the throat are other symptoms that show the presence of catarrhal poison, and which are quickly overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh, therefore there are but few people whose hearing cannot be restored by this simple home treatment. Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form. There is nothing better.

Important—In ordering Parment always specify that you want Double Strength; your druggist has it or he can get it for you; if not, send 75c. to the International Laboratories, 74 St. Antoine St., Montreal, P. Q., who make a specialty of it.

NOTICE

Notice is hereby given that the undersigned rat-payers have been assessed in School District No. 2, Parish of Saint Martin and County of Saint John for district school purposes, for amounts and years set opposite their several names, and unless the said taxes and expenses are forthwith paid the lands of the delinquents will be sold to pay the same.

WAKEFIELD I. PENTON, Chairman. LEON A. KEITH, Secretary. JAMES MYLES, Board of Arbitrators.

We would sell every pound of Tea consumed in the Maritime Provinces, if only we could persuade everyone to taste—

Try the New Price 25 Cents Per Pound Its a Marvel of Cup Quality Free of Dust, and of Virgin Purity Sold only in Sealed Packets.

Other Grades of "Salada" are sold at 30c, 40c, 50c, 60c Per Pound, and all Matchless Value for prices charged.

Interpret religion but you must place the proper interpretation upon it, and then your life will have a spiritual significance. Faith in Jesus Christ not as a victim but as a Saviour. Many minds and hearts are filled with apprehension and anxiety in your behalf. Your faith must be supreme. The great power of the gospel is expressed in terms of divine life in Jesus, who Himself is the great ideal set before you; but if you are untrue to that ideal your life will be without significance.

OUR CUT PLUG "MASTER MASON"

Is cut from our original "American Navy" Plug A cool and most fragrant smoke. Made from finest selected American leaf tobacco. SOLD BY ALL DEALERS. Manufactured by ROCK CITY TOBACCO CO., QUEBEC.

"Man am I grown, a man's work must I do, Live pure, speak true, right wrong, Follow the King."

"Four things," he said, "you must be and do if you would accomplish a man's work: 'Purity of life, be argued, 'is the first essential: If the citadel of the heart is kept pure you have a fortress that is impregnable and have learned the first secret of a happy and successful life. Truth is another essential to manhood. Before you can speak true you must learn to think true. The supreme test of an education is the ability to distinguish between truth and error and to detect the fallacy of half truths. Young men of culture are especially called to right wrong. They are not only called upon to help their unfortunate neighbor who fell among thieves, they are to go to the seat of government and see that life's thorax-antifares are made safe for all travelers."

"No man comes to his own till he takes his place in social service, Minister and worker who express his fellow men. To accomplish a man's task we must follow the Son of Man, who is the embodiment of purity, truth and service."

THE CITY LEAGUE

The first game in the City League will be played on the North End grounds this evening commencing at seven o'clock sharp.

ST. JOHN POWER BOAT CLUB OPENS SEASON

The season of 1914 was officially opened at the club house yesterday morning, the Commodore and all the flag officers being present as well as a large number of the members.

At 8 o'clock the salute was fired and tags were hoisted on the club house and all the boats in the harbor and the season was declared open.

At 9 a. m. the fleet left and proceeded to Rocky Point to the grounds of Fleet Capt. Roberts, where the sports were held as follows:

Tender rowing race, won by Vice Commodore Chesley, who defeated Rear Commodore Tapley by fifteen minutes.

Board race, won by Abe Eastabrooks who received a club cap as prize.

Running race in which C. E. V. Cowan easily defeated J. C. Chesley in the 200 yards dash.

Scrub race won by F. Roberts and received a pair of sidelights.

A splendid dinner was served the members and in the afternoon a baseball match was played, the opposing teams being captained by I. Hurley

and Wm. Gizey. Capt. Hurley's team won and he received a briar pipe and the members of his team clay pipes.

During the afternoon Mr. Al Jones did the high dive assisted by Wm. Gizey from the spring board.

An added event was the three legged race won by Mayes Davis and James Izzard.

Commodore Gerow presented the prizes and after supper served on the beach, return was made to Marble Cove with all hands tired but happy.

Otis Mullin of the Greyhound won the pennant for the best time home.

A heavy wind prevailed and several launches were in trouble. The Skidoo went ashore at Craig's Point and the teamer went ashore at Munro's Bluff and was hauled off by a derrick in charge of Fleet Captain Roberts.

BRADDOCK KNOCKED OUT

London, May 25.—"Young" Ahern of Brocklyn, N. Y., knocked out "Pete" Braddock in the eighth round before the National Sporting Club tonight.

At the Blackfriars Ring Jim Savace, an American pugilist, defeated Pat Curran, an English heavyweight, on points in a twenty round bout.

"IT MEANS THIS TO YOU"

The merchant, before buying his first car, consulted at motor-wise friend. Naturally they discussed the RUSSELL-KNIGHT and its famous test.

"I've owned cars ever since the 'one-lunger' days," remarked his friend, "so I know just what this test should mean to every motorist."

"Do YOU realize, for instance, that 13 days' and nights' continuous running means a whole year's service without a stop?"

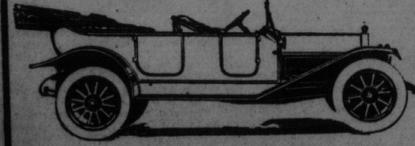

"Do YOU realize that a 28-horsepower motor, capable of developing double speed, power and efficiency of a '56' motor, with the size, weight and economy of but a '28'?"

"Do YOU realize that the new fuel and oil records mean a saving of many dollars every year?"

Before YOU buy your new car, you owe it to yourself to realize the full meaning of these Russell facts—the tremendous superiority of the RUSSELL-KNIGHT. Let us give you all the details of the \$20,000 Challenge Test, and show you the

PROVINCIAL LEAGUE OPENS; MONCTON DROPS TWO GAMES

The Provincial Baseball League opened yesterday on the North End grounds with Moncton losing the morning game to the Rocklands by a score of 14 to 1, and also losing the afternoon game to the St. John Athletic Club team by a score of 9 to 7.

There was a fair attendance in the morning while the afternoon crowd was a large one.

While the class of baseball served up was not of the fast kind that has been played on the North End diamond by the professionals, the playing of the teams yesterday was on the whole good, and the afternoon game especially was most interesting.

Morning Game.

At 10:30 o'clock the morning game commenced with James S. Neil as umpire. The Rockland team proved faster than the visitors and pounded McLellan, the Moncton twirler, for 19 safe bingles. Aucoin was found for nine safe hits. He managed to strike out no less than 15 men. The visitors' inability to hit at the proper time along with errors was the result of their small score. Their only run was made in the sixth inning when McLellan drew a base on balls and scored on hits made by G. Swetman and McLeod.

The following is the box score and summary of the game:

Moncton.	AB R BH PO A E

First of all—

you buy a tidy red tin of Prince Albert tobacco that's all pleasing and fragrant and fresh. Then you start your jimmy pipe or rolling cigarettes like you were on the trail of the best deal you ever put across.

Don't put off P. A. pipe or cigarette joy till tomorrow. You just can't afford delay, because every day you pass up P. A. the longer your regret will be. Because you nor any other man ever smoked tobacco so lusciously good as

PRINCE ALBERT

the inter-national joy smoke

It can't burn your tongue—can't parch your throat! Just mellow and cheerful. You see, P. A. is made by a patented process that cuts out bite and parch. You get just the bully flavor and freshness and aroma that has made P. A. the favorite smoke of millions!

And you'll never know the joys of a jimmy pipe until you jam in some P. A. It shoots a new idea into your system, it's so downright bully delicious. Life's too short to fuss with ordinary tobaccos. Be game. Buy a tidy red tin of P. A. and get your smoke-bearings!

Prince Albert is the largest seller in the United States. It is now being imported into Canada by wholesale dealers and is sold by all of the leading retail dealers. In one-eighth-pound tidy red tins.

"Fruit-a-lives" Cured Me

Newbury, Ont., May 25th, 1914.
I am not a strenuous user of medicines or patent medicines, but I have taken nearly everything recommended for indigestion and constipation. I have been so bad with Acute Indigestion that I was nearly in convulsions and had to be held. I have used "Fruit-a-lives" and I have not had another attack nor suffered at all with indigestion since taking them.
"Fruit-a-lives" is the only remedy I ever used that did me any good, and I am grateful to "Fruit-a-lives" for making me as well as I am today, and everyone agrees that I look in first-class health.
My husband likes "Fruit-a-lives" very much and takes them whenever he has occasion to use a remedy for constipation.

MRS. D. McRAE.
"Fruit-a-lives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c., or will be sent to any address on receipt of price by Fruit-a-lives Limited, Ottawa.

PRESIDENT MAY UNVEIL STATUE OF JEFFERSON

STATUE OF THOMAS JEFFERSON, BY WILLIAM ORNDY PARTRIDGE

After having worked on the statue of Thomas Jefferson for two years Mr. William Orndy Partridge, of New York city, has on exhibition in his studio the plaster cast of the huge work which is to stand in front of the School of Journalism of Columbia University, New York city. The late Joseph Pulitzer bequeathed \$25,000 to present the statue to the city. To this was added \$3,000, making the fund \$28,000. The statue will be of bronze and will be unveiled June 2. Mr. Partridge said he hoped that President Wilson and Mayor Mitchell, of New York city, would both be present and that the President will unveil the statue.

Sauce.
Method:—Mix butter, flour and sugar; stir over fire until butter is melted. Add water, cook until the right consistency. Flavor.
Two tablespoonsful butter, one tablespoonful flour, one cupful sugar, one cupful boiling water. Flavoring.

THE FIRST CRICKET OF SEASON

The St. John Athletic Club cricket team comprising the former St. John Cricket Club which has been amalgamated with the St. John Athletic Club, played the first match of the season on the Rothsey grounds Saturday with the Rothsey College losing a closely contested game by 17 runs, the totals being 61 to 44. Owing to lack of practice and also on account of the grounds being in poor condition the scores were low. The Rothsey College team, however, is improving every year and with the material on hand the St. John Athletic Club expects also to have a good eleven.

The features of the game were the bowling of Popham for the St. John team and the batting of Mr. Mallett for the college. The fielding of the college team was also particularly good.

Scores.
Rothsey College—1st innings, 34; 2nd innings, 27. Total, 61.
St. John Athletic Club—1st innings, 22; 2nd innings, 22. Total, 44.
A return match will be played on the Barrack Square on Wednesday, 2nd June at 5 p. m.

ST. JOHN HORSES WIN AT MONCTON

Moncton, May 25.—The horse races on the local speedway this afternoon were well attended, and notwithstanding the high wind making weather conditions somewhat unpleasant, there was keen racing.

The events were won as follows:
Green Race-Oakley Club—1st. P. De la Hunt, Moncton. 1-1
Jennie Mack,erry McArthur, Shediac. 2-2
Shea Bird, J. P. Delahant, Moncton 2-2
Best time, 1:20.

Free-For-All
Pearl Pink, Wm. McDonald
St. John. 2 1 1
Coquette, Thomas Etter, Amherst. 6 2 1
Ariel Wood, A. S. Etter, Amherst. 2 3 3
Royal Clayton, Fred Boves, Dorchester. 3 5 4
Stella D. Gaven McPherson, Amherst. 7 4 4
Tommy Johnston, Jas. A. McAnn, Moncton. 5 7 6
Our Proteem, Wilbur, Moncton. 4 6 4
Best time, 1:09.

Three Minute Class.
Black Bees, Wm. McDonald
St. John. 2 1 1
Claudie C. E. S. Livingston, Amherst. 1 0 3
Queensboro, W. B. Gould, Nappan. 7 2 2
Drum Ambulator, Thomas Dobson, Jolicoeur. 6 3 4
Queen Aliondy, D. W. Wilbur, Moncton. 3 5 6
Addison, Harry Fowkes, Hope-well Cape. 8 4 4
Bessie K. J. A. McAnn, Moncton. 5 0 6
Jack Wilkes, J. P. Delahant, Moncton. 4 6 7
Best time, 1:14.

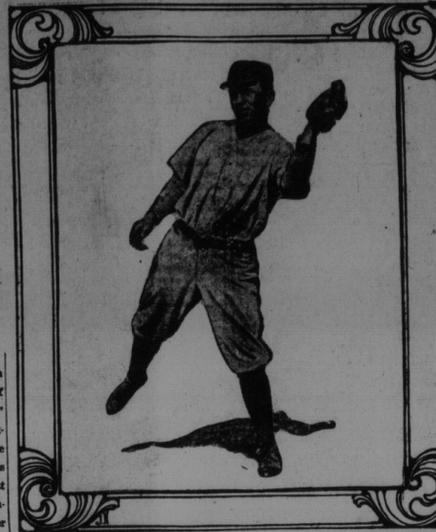

Lemon Sauce.
One half cupful sugar, one cupful boiling water, one and one half tablespoonful flour, two tablespoonfuls butter, one and one half tablespoonful lemon juice, few grains salt.
Method:—Mix sugar and cornstarch, add water gradually, stirring constantly; boil five minutes, remove from fire, add butter and lemon.

TWO FORMER YANKEES WHO MAY DON OLD UNIFORMS

BIRDIE CREE

Two former Yankees may be seen back in their old uniforms because of their hard hitting. They are "Birdie" Cree and "Bert" Daniels, both outfielders and both playing for Baltimore of the International League. It is largely due to their stick work that the Orioles are leading the International League standing. Manager Chance is badly in need of some good hitters. His pitching staff has kept his team in the race and if he only had a couple of heavy hitters the Yankees would be much higher in the race.

DANIELS

local team has options on their services and it is likely to exercise them immediately.

SHOOTING ON RANGE SATURDAY AND YESTERDAY

CITY RIFLE CLUB

Saturday's Match
The St. John City Rifle Club held their regular weekly spoon match Saturday afternoon on the local rifle range. There was a large attendance. But the thick fog which hung over the range during the afternoon greatly bothered the marksmen, the targets being completely shut out at times.
The following was the winning scores:
200 500 600 T'1
Jas. Sullivan . . . 1st 29 24 32 95
J. J. Pinkerton . . 2nd 32 30 31 93
P. J. Norby 3rd 29 30 30 89

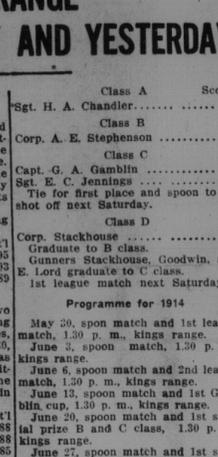

Matches Yesterday

The City Rifle Club also shot two matches yesterday, the morning match at nine o'clock, King's Ranges, and the afternoon match at 1:30, Kings range, the attendance was very large, but the weather conditions were bad for good shooting. The following was the winning scores in the morning match:
200 500 600 T'1
R. A. C. Brown . . 1st 29 29 30 88
N. J. Morrison . . 2nd 32 30 26 88
P. J. Norby 3rd 29 27 28 85
The scores in the afternoon match were as follows:
200 500 600 T'1
Jas. Donnelly . . . 1st 29 24 33 96
J. J. Pinkerton . . 2nd 32 31 30 94
R. A. C. Brown . . 3rd 32 31 30 93
The regular weekly match will be shot next Saturday afternoon.

3RD REGT. C. A. RIFLE ASSO.

The first spoon match of the season was shot on the local range yesterday in the face of unpleasant weather conditions. A cold uncertain wind prevailed all day carrying with it quantities of dust making sighting very difficult. The competition in the various classes was keen and interesting. The winners are as follows:
Handicap: One spoon two points; each additional spoon one point; five points maximum handicap.
Gambin cup to become property of competitor winning same two seasons, highest aggregate for two named matches to be considered.
Special prize for class B, donated by Lieut. Archibald, to be presented to competitor making highest aggregate in three named matches, season 1914.
Special prize for class C, donated by Sgt. D. D. Duffy, to be presented to competitor making highest aggregate in three named matches, season 1914.
Special prize for class D, donated by Lieut. S. K. L. Macdonald, to be presented to competitor making the highest aggregate in three named matches, season 1914.
Wigmore challenge cup, donated by Commissioner R. W. Wigmore, to be won twice in succession in order to become property of competitor.
Special prize, donated by Major. J. T. McGowan, conditions of same to be posted in club house.

FIGHTER WHO WILL BE SEEN ON PACIFIC COAST

LEACH CROSS

Leach Cross will not be seen in action again at any of the Eastern clubs for at least two months, as he has been engaged for two more fights in California. "Sam" Wallach, his brother and manager, signed articles of agreement for the contests. Leach's first encounter will be with "Red" Watson, the promising San Francisco lightweight, whom he will meet for twenty rounds in Frisco May 29. His second go will be with "Jimmy" Duffy, of Buffalo, at Vernon, Cal., on June 19. Rochelle studio for she was instantly in great demand by photoplay fans. One of her latest triumphs was in "Turkey Trot Town" in which the four year old leading lady of the Thanlousier does a turkey trot with all the savoir faire of a Mrs. Vernon Castle. Her best work, however, her critics say, was in "The Tin Soldier and the Doll."
Little Miss Badegley has roguish black eyes, a shock of silky hair, and a very diminutive nose. She is the pet of the whole Thanlousier company.

EAST END LEAGUE SATURDAY

The Alerts poned out a 9 to 6 victory over the Glenwoods in Saturday night's game and won their third straight game for the week. Donovan won an handsome pipe and tobacco pouch donated by F. Dunham for the longest hit in Saturday's game. Much interest is taken in the games and the attendance during the past week was very encouraging. The score and summary follows:

Will The MERCHANTS BANK OF CANADA Increase Its Dividend.
The statement which the General Manager of the Merchants Bank of Canada has just issued to its shareholders, shows that the Bank's reserve now stands at \$7,000,000.00, which is almost the amount of its paid up capital. Will the shareholders now come in?

GOLD DUST does more than clean

Gold Dust sterilizes and leaves your kitchen things sanitarly safe. The ordinary soap-washed utensil is not fit to eat from, because soap does not cleanse as thoroughly as it should—does not kill germs of decay which are bound to lurk in oft-used utensils.

Gold Dust does most of the cleaning without your assistance, and does it, too, in a quicker and more thorough manner than will soap or other cleansers.

Gold Dust makes pot and pan spick and span.

for a share of the profits, earned on this accumulation?
Bank Managers, in Canada, have very rightly aimed at accumulating a good times a reserve which would enable them to weather any ordinary business stress, without having to curtail dividends, but the present strong position of the Merchants Bank of Canada, its good percentage of quick assets, its high standing among the community, would seem to justify at least a bonus distribution.
Canada has a right to be proud of its Banks, and under the present Management, the Merchants Bank of Canada, has increased its right to be considered one of the leaders, of the foremost financial institutions of the country.

Why He Missed The Train
The two men came running at top speed toward the station, where the train that would run them to town in a few minutes was steaming ready to start. As they reached the station door the whistle sounded and the train was off. Gasping for breath, the one said to the other with cheery good humor, "Yes, Jim, the didna run fast enough."
"Yes Ah did," Jim instantly replied "but Ah didna start soon enough."

THE WEATHER.
Maritime — Fresh south-west winds; some local showers but mostly fair and warmer.

AROUND THE CITY

Hand Hand Hurt
J. Well who is employed at the Randolph & Baker mill had his hand badly hurt while working in the mill on Saturday. The hand was bruised and the little finger and thumb were injured. Dr. Dalton dressed the wounds.

Pollock Pleinful.
Government steamer Curlew has returned from Grand Manan where she has been patrolling the coast to prevent fishermen using dynamite to kill pollock. Pollock are very plentiful around the island. Some fishermen say they have not seen so many pollock for the last twenty years.

Bitten by Wolf
Considerable excitement was caused in Rockwood Park yesterday afternoon when a young lad, Herbert Doucet, was bitten by a coyote which is caged in the park. The boy was poking the animal with a stick not thinking that there was any danger but the coyote snapped and bit his hand. The boy was cared for and later removed to the hospital by Police Officer Smith.

Sardine Industry.
It is reported that Eddy, McNeil Company, the well known Maine sardine packers, are negotiating for a lease of the Canadian Sardine Company's big factory at Chamcook with the intention of starting canning operations there. The sardine industry is now well under way, but so far small catches have been made, and very high prices have prevailed.

WORKING FOR DELINQUENT GIRL'S HOME

Rev. V. M. Purdy in city to interest citizens in matter—Need of institution.

Rev. V. M. Purdy, financial agent for the Maritime Provinces Home for Delinquent Protestant Girls, arrived in the city Saturday and will remain here during the rest of the week in connection with the raising of funds for the home.

The site for the home, which will be situated at Truro, has already been purchased at a cost of \$4,000. It is expected that the buildings will cost \$45,000 or \$50,000. Mr. Purdy has been at work twenty-six days and has collected \$2,310.

The institution will be for the delinquent girls of the three provinces. Already the Roman Catholic church has such homes but this is the first of its kind for helping the Protestant girls.

Girls, on evidence of waywardness, will be detained at the home, where they will be taught domestic subjects as well as educational branches. The support of the school will be mostly from government grants, but it is expected that other funds will be necessary to carry on the work.

The site has already been secured and members of the staff have been appointed. Twelve or fifteen girls are at present waiting to be cared for and it is expected that others will be on the waiting list before the home is completed. It is hoped to have the buildings for occupancy before the winter months.

There has been need of such an institution for many years and the Protestant denominations have taken hold of the matter in earnest and expect to keep the home in operation as long as such an institution is needed in these provinces.

Half a dozen people have pledged \$12,000 and have contributed \$9,000 already. New Glasgow has contributed more than \$1,000 and Charlottetown has paid over \$2,310.

Rev. Mr. Purdy occupied the pulpit of Centenary church at the morning service Sunday and in the evening was heard in St. Stephen's church.

SUMMER SCHOOL OF SCIENCE WILL BE LARGELY ATTENDED

W. S. Carter tells of work being done in rural communities—Creating much interest.

W. S. Carter, chief superintendent of education, was in the city on Saturday. Dr. Carter was at Kingston attending the Empire Day exercises at the Consolidated school.

Speaking of affairs in his department Dr. Carter said that the summer school of science at Woodstock would be largely attended, and that the plans for working out a system of elementary agricultural education were being advanced. At present the director of agricultural education is devoting a good deal of time to the development of school gardens in the rural districts, and the arrangements in this connection are attracting a good deal of interest.

"What we want to do is to encourage the agricultural spirit, and try to keep our young people at home by giving them a better appreciation of possibilities of making life worth living in rural communities," said Dr. Carter.

FOREST FIRE DESTROYS SOUTH BAY PROPERTIES

Believed to have started from camp fires—Spread over three miles of country—Large force of men finally conquered flames—Heavy Damage.

A forest fire which spread rapidly and threatened to totally destroy that section of South Bay known as the low lands broke out Sunday and caused damage to the Robinson and Charlton properties. From when it started as an ordinary brush fire, the blaze increased with marvelous rapidity and had it not been for the faithful and willing work of the fire fighters secured by the Warden Walter Dean and the ready and prompt assistance of the farmers living in the vicinity much more serious damage would have resulted. The fire started about noon on Sunday and with a stiff wind it was rapidly eating its way towards the bay. The fire fighters after sticking all night at their task succeeded in conquering the fire at an early hour yesterday morning.

It is presumed by the fire warden and those living in that section that the fire originally started from a camp fire which was left lighted by some fishermen.

In the low lands of South Bay in a section known as Little Lake or Mary Ann's Lake, the fire first reached dangerous proportions. It appeared as though to check the flames would be an almost useless task. There was a strong and steady wind blowing and the flames were rapidly carried towards the bay. Dense volumes of smoke rolled in the air and those liv-

JOHN TILTON PASSED AWAY AT OTTAWA

Was at one time Deputy Minister of Marine and Fisheries—Had Honorable career.

News of the death of Col. John Tilton, formerly of St. John and for some years deputy minister of fisheries, was received in the city on Sunday. Col. Tilton passed away in his residence in Ottawa after a short illness. He was 77 years old. He is survived by his wife who was a Miss O'Dell of Eastport. Postmaster Tilton of Fairville is a brother.

Col. Tilton was born in Lancaster Parish in 1837, the son of Barnabas Tilton, a native of Boston, and Annie Wylie of England. He was married to Roberta, daughter of Daniel J. O'Dell, who was for many years English consul at Eastport, Me. He was educated at the St. John Grammar School and at Kingston, N. B. For some years he was in business as a merchant in St. John. In 1867 when the Confederation of Canada was formed he joined the public service at Ottawa, and after rising through several grades was promoted in 1884 to the position of Deputy Minister of Fisheries. When the Department of Marine and Fisheries were united under one head in 1892 he retired from the service. He was a member of the Royal Commission appointed in 1889 to enquire into and report on the organization of the civil service.

After retiring from the public service Col. Tilton entered the insurance business and for some years was general agent for Canada for the Metropolitan Life Insurance Company. He was very active in militia circles, and was for some years Lieut.-Colonel, commanding the Governor General's Foot Guards at Ottawa. He commanded the Canadian team at Wimbledon in 1892, and at Biele in 1901. He was for some time chairman of the executive of the Dominion Rifle Association and devoted much time to the encouragement of rifle shooting. In 1901 he was made a Honorary Colonel.

The remains will be buried at Ottawa.

PERSONAL

Dr. W. W. White returned from Halifax on Sunday.

Hon. J. K. Flemming was at the Victoria on Saturday.

Professor Falconer, of Pine Hill College, Halifax, was in the city over the holiday.

Miss Blanche O'Brien, of Moncton, was in the city over the holiday, the guest of Mrs. B. L. Gerow. Miss O'Brien, who is a contralto soloist in the First Baptist church, Moncton, assisted the choir of Main street Baptist church on Sunday, and at the evening service was heard in a solo.

Dr. H. B. Wood, formerly connected with the Boston Dental Parlor of this city, successfully passed the Alberta dental examinations held May 24 to 28th. Of the seven candidates five were successful.

VICTORIA DAY SPENT QUIETLY IN ST. JOHN

Many went to country, while fishing parties were numerous—Sports and Theatres well patronized.

Victoria Day passed quietly in St. John. The sun shone brightly during the greater part of the day but a raw wind made conditions in the open rather chilly.

Many people took advantage of the two days release from labor and went to the country on Saturday, while others who had to work during Saturday evening, found means of visiting the green fields on Sunday. The streams and brooks in the vicinity of the city had many visitors during yesterday but there was no record of fish being more plentiful than on former Victoria days.

Those who remained in the city had the benefit of different moving picture shows as well as performance in the York Theatre and the Opera House.

The Thompson-Woods Stock Co. played to two large houses, afternoon and evening and their offering seemed to please.

The amateurs were heard at the York Theatre in "The Mascoo" which proved very acceptable to two crowded houses.

The Star, Gop, Imperial, Lyric and Unique, all did good holiday business.

Members of the St. John Power Boat Club and the Royal Kennebecasis Yacht Club spent the day on the river. Many motor and sail boats got underway for the first time this season and presented a very pretty appearance in their new paint and fittings.

NINE FIRES ON SUNDAY AND MONDAY

None serious, however—West End dwelling gutted—Grass and bush fires numerous.

About noon on Sunday the dwelling on Water street, West End, owned by L. P. D. Tilley caught fire. The fire is supposed to have caught from the chimney, and when discovered the attic floor was in flames. An alarm was sent in from box 113.

The upper section of the house including the roof was badly gutted. The blaze looked rather dangerous owing to the high wind that was blowing at the time.

The dwelling was occupied by Otis Craft and Sylvester Humphrey, and these tenants were forced to have their belongings moved to the street. Their furniture was considerably damaged.

Sunday morning about 11:30 o'clock an alarm was sent in from box 53 for a fire that had caught in some grass on Edmund street. The fire is said to have been started by boys setting off fire crackers.

At four o'clock Sunday afternoon Chemical No. 2 responded to a still alarm for a grass fire off Victoria street.

About 5:30 o'clock Sunday afternoon Chemical No. 2 responded to a still alarm and put out a grass fire near the C. P. R. tracks off Grand avenue.

Yesterday morning the fire department was called out by an alarm from box 145 for a slight fire which had caught on the roof of William McCready's house on Main street.

The damage was trivial.

At 1:30 o'clock yesterday afternoon an alarm was sent in from box 412 for a large grass fire which started near the L. C. R. yards at Gill's Lane. The fire spread over a large area and caught in some railroad ties. It was necessary to make a long stretch of hose, and considerable time was spent by the firemen in extinguishing the flames.

About one o'clock yesterday afternoon No. 2 Chemical responded to a still alarm for a brush fire near the bridge on Adelaide road, 82d which at one time looked rather dangerous.

About 1:30 o'clock yesterday afternoon the West End fire department was called out by an alarm from box 116 on the corner of Union and Guilford streets. The smoke in William Emerson's house on Union street had backed down the chimney, and it was thought the house was on fire. No damage was done.

OBITUARY.

Mrs. Louisa Christiana Rowan. The death of Mrs. Louisa Christiana Rowan, widow of Archibald Rowan, formerly Dominion gas inspector of this city, took place at her home in Fredericton yesterday afternoon after a protracted illness.

Refrigerators
To get the full season's benefit of a refrigerator you should buy one early.

MEN'S FURNISHINGS DEPARTMENT.

Manchester Robertson Allison, Limited

Her first husband was T. Fred Barker, son of T. B. Barker of the firm of T. B. Barker and Sons.

Mrs. Rowan was a daughter of the late H. B. Crosby and for many years she was a resident of St. John where she was very well known. In recent years she has made her home in Fredericton.

She is survived by two sons, George F. Barker of Fredericton and Frank A. Rowan also of Fredericton, and two daughters, Misses Gertrude and Marion Barker of Fredericton, and one sister, Mrs. John M. Taylor of St. John.

Stanley H. Taylor and Harold Taylor of this city are nephews. Arrangements for the funeral will be announced later.

FOR THE KIDDIES, WON'T YOU HELP?

Telephone for "Mascoo" Tickets for tonight, while you think of it—Right Now.

The bright little opera "The Mascoo" to be shown for the last time in York Theatre this evening, is solely for the assistance of the poor kiddies of St. John. It is an effort on the part of fifty young folks, including a party of sweet little girls, to raise funds to keep this excellent philanthropy alive. They are putting on a good show. It is bright, clever and tuneful—worth the fifty or thirty-five cents all right. After a month's hard work and some expense to those participating, they were greeted by small houses yesterday. They didn't deserve this treatment. Grasping promoters from outside have put on shows here time and again and gone off with a lot of good coin, but this is a local affair, no outsiders are running it. And it reflects credit upon the producer, too. Even if the performance was a poor one—which it most certainly is not—the object for which the affair was gotten up is deserving of assistance. It takes money to make the unfortunate stay-at-home children happy in vacation time and the participants in "The Mascoo" are striving to make some of it with the talented good graces. A bumper house is needed tonight to offset the shortage in crowds yesterday and citizens and their ladies are urged to see to it that it is assured. Seat sale is being conducted by the Imperial Theatre stores people, King Square in co-operation with the committee.

PARK HOTEL, KING SQUARE. THE PRINCE WILLIAM HOTEL.

"Shand The Florist" has removed from Charlotte St. to the Royal Hotel Building, 53 Germania St. Come and see the new store.
