We don't ask you to encourage home industry—we ask you to see the quality of goods we manufacture and get our quotations. Goods manufactured by us are considered High Grade in the leading cities of Canada. Foreign woods imported direct from the south.

**MAIL ORDERS**  
We solicit out of Town orders, which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled up as far as the position in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SEPARATE LINES INSURING PROMPT ATTENDANCE.  
OFFICE HOURS—7 A. M. TO 6 P. M.

## Make Work Easy

Wash Day is what you make it. If you wish to lessen the labor of "Wash Day," see our stock of Laundry Supplies. Washing Machines, wringers, Wash Boards, Tub Stands, Boilers, Irons, etc.

We have just received a large shipment of Electric Irons which we are selling at \$5.00, guaranteed for ten years

**A. E. ALEXANDER & SON,**  
Campbellton, N. B.

## THE BUSY MAN

We live in such a busy world that some men can hardly spare the time to get measured for a suit of clothes. Their business cares occupy so much time and require such attention that they forget the clothes question entirely, and when they remember it, they must have the suit right away—today.

Those are the men with whom "FIT-RITE" Clothing makes a hit for the "FIT-RITE" process gives a man a suit right off the rack that fits perfectly in every respect and equal in tailoring and finish to most made-to-measure garments, lacking entirely that "hand-me-down" look that is objectionable to good dressers.

\$12.50, 15.00, 18.00  
20.00

Very reasonable prices when you see what we are offering for your money. Let us show you a few. We appreciate the courtesy of an inquiry and it is no trouble for us to show goods.

**FERGUSON BROS.**  
MEN'S CLOTHIERS AND FURNISHERS.

## NEW COMPANY NOW ISSUES PROSPECTUS

Re-organization and Increase  
of Capital by Campbellton  
and Gaspe S. S. Co.

The Campbellton and Gaspe S. S. Co. seeing the best opportunity to extend its operations, develop its resources, and thus increase its earnings, has decided to re-organize and increase its capital.

This step has been taken in order to allow all business-men, all citizens residing along this line, in the counties of Restigouche, N.B., Bonaventure and Gaspe, P. Q., whose interest consists in maintaining a steamer service, for many a reason, to form part of this company.

The actual members with all men of good will of the region to join them, to increase the company's influence, which is quite considerable already with the ministry and government of either party and with the business community of the country generally.

We want to make a close friend with all those residing at the ports on the line, or their vicinity, that all may work towards the company's success.

The actual capital is insufficient. It has sufficed hitherto to finance the operations, but owing to developments, to sure prospects of paying results, it requires necessarily \$35,000.00 at least, which will be divided into shares of \$100.00 all equal, no preferential or common; all on the same level. The capital should at least yield 7% dividend. Past experience has proved this; this will allow for a possible future fund and surplus.

The company having now succeeded in obtaining an increase of subsidy to \$20,000.00 per annum for 53 trips, (\$27.35 per trip), which is 21% on a capital of \$95,000.00, and having made the experience, proved by the results of two seasons of the following record; having earned, the 1st year \$13,000.00 subsidy for 54 trips, and the 2nd year \$13,250.00 for 53 trips, a possible subsidy of \$15,000.00 for 60 trips, which would be the conditions of the old contract, it could pay 7% on its capital, i.e. \$2,450.00 on its surplus of earnings, and provide for a depreciation fund, and create a reserve.

Here is what we can reasonably predict for the future; the new contract for 53 trips will allow earning the full subsidy of \$20,000.00 per annum and the traffic, much increased and increasing, will enable us to pay expenses, and without being too optimistic, basing our figures on past experience and results accomplished, we can conclude as follows:

S.S. "Canada" having till now realized for her proprietors in 2 years, 1911 and 1912, a surplus of her revenue over expenses of \$15,000.00 when earning \$26,750.00 subsidy, it is reasonable that after that in the future in continuing the service with a same ratio of expenses according to revenue, and considering the increase in the subsidy to \$20,000.00 each season, results such as demonstrated below can be obtained:

With the present business the steamer will yield yearly a net revenue of the amount of subsidy:

Net revenue of Subsidy	\$20,000.00
Deducting for dividend 7% on	\$85,000.00
Leaves	\$13,350.00

Deducting again for improvements, repairs, and the unprovided, about 3,350.00

There remains a net reserve fund of \$10,000.00

With the aim of fixing the stability of the new company, and giving a serious encouragement to all interested, Mr. G. A. Binet, the principal shareholder of the existing company will take \$30,000.00 stock.

However, the present company will sell S. S. Canada with all her equipment, furniture, accessories, and more, its contract for 3 years subsidy at \$20,000.00 year, i.e. \$60,000.00, for the price of \$75,000.00, although the actual value of the Canada alone is \$85,000.00 (she has cost over \$100,000.00).

By this operation here is what the position of the new concern will be at its outset:

ASSETS	
S.S. Canada and accessories	\$85,000
Cash	20,000
<b>LIABILITIES</b>	<b>\$105,000</b>
Paid up capital	\$85,000
Surplus	20,000

Verily if the new company receives from its shareholders \$95,000.00 paid up capital, Mr. Binet taking \$30,000.00 in shares and \$55,000.00 in cash for the sale of the steamer and her contract, there remains \$20,000.00 working capital, with this fine surplus of \$10,000.00 and the above statement shows well the real situation.

Without doubt this is a safe investment, on a clear available property, having its full value, which will yield a sure profit, which can but increase, through the efforts of all concerned in increasing the earnings.

Let everybody subscribe according to their means. The actual company will be absorbed by the new one and other officers elected. There is influence of tourists at present, but the number can be doubled, even tripled, by good advertising and improving somewhat the steamer's accommodation.

By the new arrangement made with the Intercolonial railway, for through rates, now

## MUSICAL RECITAL IS MUCH ENJOYED

Pupils of Miss DeCorrevont  
Gave Good Entertainment on Monday

Last Monday evening the pupils of Miss F. DeCorrevont gave an interesting recital before a select audience in the studio. Admission was by invitation and those who were present enjoyed a well-rendered program.

Rev. T. P. Drummond announced the numbers which were all well received.

The following program was rendered:—  
Piano Solo—Waltz Op. 556, No. 1, Engelman,  
Master Harold Marquis  
Solo—Just A-Wearyin' For You, Bond,  
Miss Gladys Kean  
Solo—Calvary, Rodney,  
Mr. P. Carter  
Piano Solo—Sonata No. 1, Mozart,  
Miss A. Alford  
Solo—Sing Me the Rosary, Klickmann,  
Mr. R. J. Lavoie  
Solo—As Long as the World Rolls on, Ball,  
Miss M. Dickson  
Solo—The Armorer, DeKoven,  
Mr. H. W. Ferguson  
Male Quartette—Oft in the Silly Night,  
Messrs Lavoie, McDevitt, Carter and Ferguson  
Piano Solo—Op. 40, No. 1, Beethoven,  
Miss A. Anderson  
Solo—Absent, Meredith,  
Miss I. Murray  
Solo—Lullaby, Needham,  
Miss M. Dickson  
Solo—Lost You, Berlin,  
Mr. R. J. Lavoie  
Chorus—Don't be Cross, Zeller,  
Messrs Dickson, Murray, Kean, Cameron,  
Gallagher, Messrs Lavoie, McDevitt, Carter, Ferguson,  
"God Save The King"

In fact, the traffic will necessarily increase considerably. Under these conditions, those interested will pay the same rates for freight as they pay presently to the steamers coming from Montreal and Quebec.

The new shareholders in giving their preference to S.S. Canada, will thus cause accrued earnings, and by the good word passed among their friends, their sphere of influence can more than double their present income.

What an excellent opportunity for the residents of Bay des Chaleurs and vicinity to regain possession of a paying enterprise which belongs to them by right; and to operate same for their own benefit. But it must not be forgotten that one of the first conditions for the success of any business is its administration.

To clear all doubt from the most skeptical minds, let us remember that this service during its long existence has passed through several stages of successes and reverses; but the two years of 1911 and 1912 and the actual service are an excellent proof, quite tangible, that success crowns the efforts, conscientious and honest, of a good administration.

Therefore, what has been done, can be continued. Imitating the existing company the new one will have a like management and administration, wise, economical, prudent and honest.

This line of steamers is the Bay des Chaleurs and the coast of Gaspe is one of the most ancient in Canada.

S. S. Canada is the type of steamer apt for this service. Experience has demonstrated that a steamer of exceptional resistance, of a strong build is necessary in these parts. The route, one of the most attractive in America is nevertheless strewn with obstructions and difficulties; often visited by malignant storms, especially in the spring and fall, and it requires a steamer capable of facing all weathers and conditions.

The preference given to this route by tourists in the summer season shows that prospects are most encouraging.

Since the present company has improved matters there, it is a marked progress in this respect; at this point of view alone, this line is absolutely necessary.

There is another, much more important; it is the source of considerable income it assures to the residents of the region.

The continuance of said service is an assurance for the public to be well treated, with justice, and will prevent abuse. Those who foresee, who judge with impartiality, the far-seeing business men observe with satisfaction, the growing prospects of this country, the rapid development of industry, and do not hesitate to invest their capital here.

There is ample room for two companies of transportation by rail and by water and this double service guarantees an accommodation useful and necessary to everybody.

The astonishing development of this part of the country, from Campbellton to Gaspe, provides so much so far to the traffic, that before long the present transportation facilities will not suffice. The construction of the Gaspe and Matane railroad will then impose itself. The constant wants of commerce and industry will utilize the great resources at hand. Already several large concerns have understood this important opportunity, and are preparing for the situation. The actual population of the coasted N.B. Min. the Bay des Chaleurs and Gaspe coast is over 100,000 souls but some will triple before long. The counties of Restigouche, Bonaventure and Gaspe are among the richest in Canada. The capital

## WELL KNOWN BATH URST MAN DEAD

Dr. Gideon Duncan Passes  
Away on Sunday After  
Long Illness

Bathurst, N. B., Oct. 5.—By the death of Dr. Gideon Duncan, which took place at his residence, Bathurst, on Sunday morning, the 5th inst., in the 72nd year of his age, the town of Bathurst lost one of its oldest and most highly respected citizens and the province has lost one of its cleverest and most successful physicians.

Born at Coldstream, Scotland, July 3rd, 1842, he was a son of Adam Duncan, Esq., principal of Bathurst Village Superior School. Two years afterward he began the study of medicine with Dr. W. W. Gordon and afterward finished his studies at McGill University with the degree of C. M. D., in 1871, and shortly afterward began practice at Bathurst. Dr. Duncan always took an active interest in the work of the New Brunswick Medical Association and was several times its president, and for many years a member of the medical council. He was also an ex-president of the Canadian Medical Association.

His practice extended not only in Bathurst but through all the surrounding counties. Skilful, kind and attentive, he was beloved and respected by his patients and by hosts of friends.

Dr. Duncan was married in 1871 to Martha Jane, daughter of the late Hon. Robert Gordon. For upwards of 27 years he had been in poor health and a great sufferer, but continued his practice until shortly before his death.

He was for many years an elder of St. Luke's Presbyterian church at Bathurst Village. He always took an active interest in the public school and was for many years a trustee and school secretary. He was Past Master of St. John's Lodge A. F. and A. M.

Dr. Duncan's wife died five years ago, but he is survived by three children, R. Gordon Duncan, M. D., of Bathurst; Mrs. A. D. W. Leach, of Mexico City, and Mrs. S. Howard Cox, of Bathurst, who were all with him at the time of his death.

Many Masonic brethren from Campbellton and Dalhousie and other parts of the province attended the funeral which was a Masonic one, took place on Tuesday afternoon.

The funeral was one of the largest seen in Bathurst for a long time, the procession being nearly a mile long. Rev. Mr. Matthews conducted services at the house, a special feature of the service being the singing by Mr. McBretny of one of the doctors favorite hymns. The choir of St. Luke's church also assisted. The floral tributes were many and beautiful, invested in the lumber business alone is \$25,000,000.00. The immense forests in this region can supply its wants for many generations to come. The fishing industry, salmon, cod, lobster, etc., produces over \$4,000,000.00 yearly. As regards agriculture this part of the country is most favorable and is developing more and more in this direction, as fast as the population increases. It can reasonably be said that these conditions guarantee progress and success ahead, with such sure prospects.

The above facts, proven by experience, and the figures shown, demonstrate that it is in the interest of all those residing along Bay des Chaleurs, the coast of Gaspe, from Campbellton to Gaspe, the intermediate ports and the adjoining localities to reorganize the actual company and to promote its growing success and maintain this service so necessary at all point of view.

Therefore we make a hearty appeal to all to subscribe to the capital, everyone according to his means, and we ask also that those who subscribe, encourage the company in giving it the preference in transportation; let those who cannot subscribe still advertise and encourage the service in any way, let them travel on the Canada, carry their freight on her; this will double, even triple the traffic.

Let us bear in mind well that it is of vital interest for the Bay des Chaleurs and the Gaspe coast, that this service be maintained, remain in said country, for the benefit of its inhabitants.

**BLACK CAPE**  
The Dr. Wardrope and McCurdy Mission Band held their Harvest Thanksgiving service in the Presbyterian church on Friday evening. The church was tastefully decorated with maple leaves and flowers. Rev. G. F. Kinnear gave a short but brief address, and the band had a well prepared programme. The collection amounted to over \$16.

Mr. Gordon Dewar has returned to Montreal to resume his studies at McGill University.

Miss Edith Campbell has gone to Waltham, Mass., where she will spend the winter.

Mr. and Mrs. Jamieson Coull spent Sunday with Mr. and Mrs. Duncan Campbell. They left on Monday for their home in New Carlisle.

Mrs. Edward Stenhouse returned on Monday from New Carlisle.

Miss Alice McKenzie and her sister Lottie, left last week for Montreal where they will spend the winter.

Mr. J. C. Levesque of Paspheiac, agent for the Ford Auto Co., passed through here last week by auto on his way up the coast.

## THE INCREASING EXPORTS TO U.S.

Value of Exports for nine  
Months Show Large Increase  
Over Last Year.

At the American Consul's office we get the following facts in relation to the growing export trade of this Restigouche and Bay Chaleur district with the United States:

During the nine months from January 1 to September 30th inclusive, in 1912, the Consul certified 1104 invoices, covering a valuation of \$764,630.32 and during the same time the Consul agent at Paspheiac certified invoices covering a valuation of \$127,531.06. In other words the declared exports to the U. S. from Restigouche and Gloucester counties, N. B., and Bonaventure county and part of Gaspe, Quebec, amounted during the period mentioned last year to \$892,161.38.

But in the corresponding period of this year, Mr. Botkin certified 1547 sets of invoices, covering a valuation of \$1,084,615.11, while the agent at Paspheiac had invoice valuation amounting to \$191,997.68, thus giving total values in the 9 months of 1913 for the whole district of \$1,276,612.79. Reducing this to a different form the two periods stand thus:

Value of exports, 9 months, 1912,	\$892,161
" " " " 1913,	1,276,612
Increase \$384,451 in 1913 or a gain of nearly 43 1/3 per cent.	

Were the St. Leonards-Van Buren bridge an accomplished fact, it is hard to prophesy how much more the increase would be.

## A WONDERFUL DISCOVERY

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poison! Not one species of microbe has been found that Zam-Buk does not kill!

Then again, as soon as Zam-Buk is applied to a sore, or a cut, or a skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, as a dose of Zam-Buk is applied to a wound or to a discolored part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it.

This is why Zam-Buk cures are permanent. Only the other day Mr. Marsh, of 101 Delormier Ave., Montreal, called upon the Zam-Buk agent and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to step in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. Today—over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema!

All druggists sell Zam-Buk at 50c. box, or we will send free trial box if you send this advertisement and a 1c. stamp (to pay return postage). Address Zam-Buk Co., Toronto.

## Church Notices

### St. Andrew's Church

Morning worship, 11 a.m.  
Sunday school at 2.30.  
Men's Union at same hour in men's room.  
Ladies' class at 2.30.  
Evening worship, 7 p.m.  
Tuesday at 7.30, Pres. Guild of C.E. led by two members.  
Wednesday at 7.30, prayer meeting.  
Wed. at 8.30, choir practice.  
All seats free. Hymnbooks provided. All invited.

### Christ Church

Morning prayer and administration of Holy Communion at 11 a.m.  
Sunday School and Bible Classes at 2.30 p.m.  
Evening prayer and sermon at 7 o'clock.  
The Rector preaches at both services.  
Service on Wednesday evening at 7.30 o'clock.  
Choir practice immediately after the Wednesday service.  
On Friday afternoon October 17, at 2.45 the meeting of Women's Auxiliary at Rectory.  
On Friday evening at 7.30 Girl's Auxiliary at the rectory.  
All seats free. Strangers are invited and will be provided with books.

### Methodist Church

Preaching service in the Methodist church on Oct. 12th both morning and evening.  
Morning worship at 11.  
Sunday school at 2.30 p.m.  
Bible classes at 2.45.  
Evening worship at 7.  
All seats are free and hymn-books provided.  
The pastor preaches both morning and evening.  
On Wed. evening at 7.30, prayer meeting.  
At 8.30, choir practice.  
Friday night at 7.15, Junior League.

### Baptist Church

11 a.m. public worship.  
2.30 p.m. Sunday school and Bible classes.  
7 p.m. evening worship.  
Wed. 7.30, mid-week prayer and praise meeting.  
Hymn books and bibles provided for all. All seats free.

# LOOK!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial? Especially if you could try it for fifty cents!

**Peps is the discovery!**  
Peps are little tablets, neatly wrapped in air and germ-proof silver foil. They contain certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapour, and are as once breathed down, the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the capillaries and tiny air sacs in the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing. Peps are entirely distinct from the old-fashioned liquid cough cures, which are merely swallowed into the stomach, and never reach the lungs. Peps treatment of coughs and colds is direct treatment.

If you have not yet tried Peps, cut out this article, write across it the name and date of this paper, and mail it (with 10c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps at 50c. box.

## JAILED FOR MONTH

Brantford, Oct. 5.—The way of the Indian transgressors is hard, especially when they partake of forbidden liquid refreshments on forbidden property. Dominion Government Detectives Reid and Champton arrested Harry Smith at the Ohsweken Fair for being drunk and James Hill for having liquor hidden in the oat box in his barn. They were immediately arraigned before Gordon J. Smith, Superintendent of Indian Affairs, who was on the premises. He sentenced the former to thirty days in jail and fined the latter \$15 or thirty days. He took the thirty days.

## CANON SHEEHAN, NOTED WRITER, DEAD

London, Oct. 7.—Rev. Patrick Augustine Sheehan, D. D., essayist and lecturer, and Canon of Cloyne, Ireland, since 1903, died today. He was born in Mallow, County Cork, on March 19, 1852. Canon Sheehan was noted as a writer. He was the author of several books, including Luke Delmage, My New Curate, and The Triumph of Failure.

## BIG GAME IN N.B. IS PLENTIFUL

Intention of Government to Shorten Season Next Year

"Big game is plentiful in the province this season, and although the hunters have not been as successful as usual, it is likely that with the beginning of October their luck will change for the better," said A. E. O'Leary, chief game warden for New Brunswick, who was at the Victoria Hotel in St. John recently. "We have had a warm summer, and the trees have kept their foliage longer than usual, and for that reason, according to the old guides, the moose have not been calling as usual. It was the intention of the government to change the date of the opening of the hunting season from September 15th to October 1st; but many of the guides had made arrangements to take in hunting parties in Sept. and it was not made. Next year, however, the opening of the season will not begin until Oct. 1st. That is time enough. The mating season does not really begin until October, and unless the moose are calling it is pretty hard to shoot one. Everywhere else they are shortening up the hunting season, and though big game is plentiful in New Brunswick, it is well to conserve it."

"Very few people have an adequate idea of the importance of our big game. Last year the number of moose, deer and caribou shot in this province was over 5,000. That means a big thing. Last season shooting licenses were issued to 518 non-residents and 9,752 residents. Besides, 44 licences to shoot deer, and 74 licences to shoot birds were issued. Licenses were also issued to 316 guides, and 68 camp helpers. Mr. O'Leary gave the following tabulated statement of the big game shot in the province last year:

District No. 1.				
	Moose	Deer	C'bou	
Restigouche	82	92	12	
Gloucester	172	80	1	
Northumberland	424	650	108	
Totals	672	822	121	
District No. 2.				
	Moose	Deer	C'bou	
Albert	80	163		
King's	121	148	2	
Westmorland	82	203	1	
Kent	140	280	7	
Totals	423	794	10	
District No. 3.				
	Moose	Deer	C'bou	
York	141	109	6	
Sunbury	81	109	6	
Queen's	146	304	18	
St. John	68	98		
Totals	436	620	30	
District No. 4.				
	Moose	Deer	C'bou	
Charlotte	83	164		
Carleton	72	204	4	
Victoria	104	209	13	
Madawaska	55	72	1	
Totals	314	649	18	

The chief game warden said the people of the province were every year showing greater appreciation of the importance of conserving the game supply, and that nearly every

## TO BENEFIT OTHER SUFFERERS

You May Publish My Letter About "Fruit-a-tives"

Mr. Jones is proud to acknowledge the great debt of gratitude he owes "Fruit-a-tives". He is glad to have his letter published in order that other sufferers may be induced to try these wonderful tablets made of fruit juices.

SARNIA, ONT., FEB. 5th. 1911  
"I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of the Stomach. I tried many remedies and many doctors, but derived no benefit whatever. Finally, I read an advertisement for "Fruit-a-tives". I decided to give "Fruit-a-tives" a trial and they did exactly what was claimed for them. I have now taken them for some time and find they are the only remedy that does me good. I have recommended "Fruit-a-tives" to a great many of my friends, and I cannot praise these fruit tablets too highly."

PAUL J. JONES.  
Box a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

## FATAL FALL

Montreal, Oct. 5.—While walking in her sleep early yesterday, Mrs. Milloy of St. James street, slipped and fell when approaching a staircase, rolling down to the first floor. The fall awoke the rest of the family, and they all came running down, to find the unconscious form of the somnambulist. An ambulance was summoned from the Western Hospital, and the unfortunate woman was removed to that institution. There it was found that Mrs. Milloy was suffering from a fractured skull and that a operation had to be performed. Mrs. Milloy died later in the day.

## NOX A COLD 108 WHILE YOU SLEEP

The most remarkable Cough and Cold remedy known to science. For all lung and throat trouble it has no equal. 25c and 50c per bottle, at all drug stores.

A doctor attended an old lady who had caught a cold. "Did your teeth chatter when you felt the chill coming over you?" asked the doctor. "I dinna ken, doctor; they were lying on the table," was the pleasant reply.

farmer in some countries interested himself in the protection of game. Hunters from all parts of the United States, Canada, and even Great Britain now come to New Brunswick to hunt big game, and they leave quite a lot of money in the province. Mr. O'Leary said that, according to reports from guides and hunters, moose were in an excellent condition this year.

## ENORMOUS WASTE IN MANUFACTURE

145,000 Cords of Wood Pulp Are Lost Annually

In the manufacture of chemical wood-pulp by the sulphite process, one-half of every cord so treated is dissolved by the liquor in which the wood is boiled, and is discharged into the adjacent rivers as waste liquor. According to the latest bulletin of Pulpwood, issued by the Forestry Branch, Ottawa, the amount of pulpwood subjected to this chemical treatment in 1912 was almost two hundred and ninety thousand cords. One-half of this amount was absolute waste. The average price of a cord of pulpwood is six dollars, so that this waste, reduced to its money equivalent, represents a loss to Canada of over eight hundred thousand dollars.

Nor is this the only loss, for by this process 140 pounds of sulphur are required to dissolve the waste materials out of each cord of wood. Some of the gases generated in the process are recovered, but most of the sulphur passes off in the waste liquor, and no method has yet been found to recover it for a second time. Sulphur costs twenty-five dollars a ton, and the loss in this particular is equivalent to a money loss of over half a million dollars on the total amount wasted.

In view of the fact that each year more and more pulp-wood is being manufactured into pulp by this process in Canada, the utilization of this waste liquor becomes an important problem. Even the most practicable method so far devised does not recover enough valuable products to make it pay.

The waste liquor contains many materials, such as oxalic acid, tannin, extracts, dyestuffs and alcohol constituents which, if they could be easily recovered, would make the liquor of great commercial value; but in spite of the tremendous amount of work which has been done on the subject, especially in Europe, the problem still remains for the most part unsolved. As the liquor also contains carbohydrates, it should be possible to obtain turpentine, and eventually it may be possible to obtain rubber from it. In furthering the solution of such problems and in eliminating other forms of wood waste, the new Forest Products Laboratories being established by the Dominion Government at McGill University will doubtless play an important part.

## ENGLISH YEOMEN FOR PROVINCE FARMS

Secretary of Farm Settlement Board, Receives Cablegrams Asking for Reservations

Two cablegrams from England were received yesterday by the secretary of the Farm Settlement Board asking for reservations of farms held by the board for new settlers. In both cases the farms asked for were large, and evidently the parties wanting them are men of considerable capital. Mr. Gilchrist said yesterday that the number of enquiries for farms under the Settlement Act coming in from the Old Country was increasing rapidly, and that the indications were that next year the board would have its work cut out finding ready-made farms to meet the demand.

There seems to be little doubt that the farm settlement plan, hit upon an excellent device for advertising the province and securing new settlers. Some of the enquiries received from England have indicated some suspicion that the opportunities offered by the act for taking up farms were too good to be true, but evidently since the act has gone into operation the reports which have been sent to the other side by new settlers have been of such a nature as to develop increasing interests in the ready-made farm scheme. The members of the board chosen to administer the act are all practical farmers, and they have used the best of judgment in the selection of farms for new settlers, as some of the letters received from men who have taken up farms under the act have contained many expressions of satisfaction.

THE COOL FALL WEATHER IS HERE, ARE YOU READY FOR IT?

# UNPARALLELED CHEAP PRICE SALE OF AUTUMN AND WINTER GOODS

Usually CHEAP SALES are made at the end of the season to work off "left overs" and "tag ends" of stock. But at this season, when new fall goods have just been placed upon the shelves, a genuine CHEAP SALE means an opportunity for everyone to get the newest and most seasonable goods at prices never before offered at such an early date in the season. This means DOLLARS SAVED for every householder who takes advantage of them.

Now is the Time to Purchase Your Winter Clothing  
And Save fifty Cents on Every Dollar

We have previously advertised Cheap Sales in the Graphic and the public know that we live up to our advertising. "Bargains for All" will be our motto, irrespective of profit.

SALE COMMENCES **SATURDAY, OCT. 4**  
AND FINISHES **SATURDAY, NOV. 1**

At the present time our stock is large and complete, but at the prices quoted goods will move quickly, so come early to insure getting what you want. Extra clerks will be on hand to serve you promptly.

## Ladies Fall and Winter Coats.

These are the latest style in heavy woolen cloth in fancy weaves. Made by the best makers. Good enough for any Campbellton lady. Other merchants are asking as much as \$25.00 for the same garments. As we have a very large stock of all sizes and styles we are offering them at a very close margin. Our marked down prices are:

Reg. \$22.00 coats for	\$14.00	Reg. \$20.00 coats for	\$12.25
18.00	10.75	13.00	8.00

## BIG GAME

Big game hunters report moose very scarce in the Restigouche county. Heretofore it was possible to go up to the headwaters of the Restigouche and see plenty of big game, but unfortunately the game laws have not been enforced during the past two years and consequently game is scarce. Deer appear to be about as plentiful as in former seasons.

In conversation with the Graphic one gentleman who has hunted regularly on the Restigouche, stated that it was a shame the way moose were slaughtered during the close season. It is said, and we believe it is true, that many of the small lumber jobbers supply their camp crews with fresh meat by killing a moose when the supply runs short, and one such operator boasted that last winter it took nineteen moose to supply his camp as well as a camp of his cousin who was operating near him.

It is also stated that some of the game wardens are not above suspicion in this regard.

It is too bad that the authorities cannot be stirred up, to take some interest in this matter in Restigouche. In other sections of the province the laws are more stringently enforced and such centres as New castle on the Miramichi, and Bathurst on the Nepisiguit are reaping the benefit by the returns from the many sportsmen that annually go into the woods from these towns.

We leave this matter with our local representatives with the hope that they will endeavor to have the proper machinery put in motion to have the game law enforced.

## GOOD WORK

The strict orders of the I. C. R. management that train crews must run their trains on time is bearing good results, even 39, the much abused night freight, is now nearly always on time, and other trains are also sharp on their schedule. May the good work continue.

## NEW RICHMOND

Rev. G. F. Kinnear of St. Mark's Church, Montreal filled the pulpit in St. Andrew's Church here on Sunday morning and evening.

Rev. W. B. McCallum and John Fallow, Elder left on Monday for Sydney to attend the meeting of Synod which is being held there this week.

Rev. Mr. Kinsail of Sydney, N.S., preached in St. Andrew's Church on Sunday morning the 28th.

Mr. James Henderson is home from Ont., but is leaving shortly to resume his work there.

Mr. Earl Robertson one of our popular young men has arrived home from the West where he has been for some time.

F. Dr. Cyr has returned from a trip to New Carlisle, Ont.

Mr. Harris of the Bonaventure and Caspe Telephone Co., was here last week on business.

Rev. G. F. Kinnear who has been spending a short vacation in New Richmond, left on Monday for his home in Montreal. Mr. Kinnear was a former pastor of St. Andrew's Church, New Richmond and many of his old friends were pleased to see his smiling face after an absence of 10 years.

Rev. W. B. McCallum and Messrs. Robert Hardy and James Montgomery attended a meeting of Presbytery in Campbellton on the 28th inst.

Are you one of those to whom every meal is another source of suffering?

**Na-Dru-Co-Dyspepsia Tablets** will help your disordered stomach to digest any reasonable meals, and will soon restore it to such perfect condition that you'll never feel that you have a stomach. # FAVORS BRIDGE ACROSS ST. JOHN

International Commission Recommends That Railway Structure be Built

Bangor, Oct. 2.—In a report to the secretary of war of the United States and the minister of public works of the Dominion of Canada, which has just been made public, the international commission, pertaining to the St. John River, favors the building of the proposed railroad bridge connecting Van Buren in Maine with St. Leonards in the province of New Brunswick. The commission holds that it is for the best interests of the inhabitants of both countries along the river and is not in violation of the terms of the treaty of 1842 between Great Britain and the United States.

The report is signed by all members of the Commission, M. G. Teed, K. C., John Keffe, of St. John; Hon. George Murchie, of Calais, and Peter Charles Keegan, of Van Buren. The matter of spanning the St. John river with the railroad bridge was referred to the commission by the United States war department.

The report says in part: "In the opinion of the commission the promotion of the interests and the encouragement of the industry of all inhabitants of the countries watered by the River St. John and its tributaries, whether living in the State of Maine or the Province of New Brunswick, will be served by the construction of the said bridge."

"Notwithstanding the restrictive provisions contained in Article III of the Treaty of Washington, 1842, in respect to the navigation of that portion of the River St. John, where it forms the boundary between the State of Maine and the Province of New Brunswick, the commission is of opinion that the erection of a bridge across the St. John river between Van Buren in the State of Maine and St. Leonards in the Province of New Brunswick, such as is contemplated by the plans submitted and as provided by the act of legislature of the State of Maine if authorized by the parliament of Canada and by the congress of the United States of America, would not be an obstruction to the navigation of the said river within the true spirit of the said treaty and adapted to modern conditions, and the commission recommends that said bridge be permitted to be built, provided the authorization above mentioned has been or shall be obtained, and further provided that the exact site and plans of such bridge be approved by the proper departments of the respective governments of the United States and Canada."

The commission is at present working upon its final report and the next meeting will be held in this city in the near future according to the present plans.

## PASPEBIAC

Having noticed in the Graphic that Paspebiac is about the only place that has no notes and as it is one of the most interesting little villages along the coast I will now publish a few of its most interesting events for our readers' interest.

Mr. Hanson of the "Park" entertained a few friends on Thursday Oct. 3rd. Among those present were Mr. and Mrs. Viall and Mrs. Camiot of Port Daniel, Mr. and Mrs. P. Leibel and daughter Corinne of New Carlisle and several others of our Paspebiac society people. A very enjoyable evening was spent.

Mrs. Harris and Miss E. Bignell have returned home after spending a few days visiting friends in Port Daniel.

Mr. and Mrs. J. Camiot and daughter Mildred of Port Daniel have been spending a few days here the guests of Mrs. E. B. Romeril.

Mr. M. O'C. Harris has returned home after a week's trip up the coast.

Mr. J. C. Levesque left on Friday, Oct. 3rd for a motor car trip to Campbellton. We wish him good luck.

Mrs. P. O. Viall who has been visiting Mrs. M. O'C. Harris has returned to her home in Port Daniel.

Mrs. E. B. Romeril entertained a number of friends at her home in Paspebiac on Oct. 4th.

Mr. A. Pare who has been acting custom officer here has returned to his home in Lachine. Mr. Edmund LeGallais of St. Godfroi has taken his place.

## DIES ON TRAIN

The death occurred suddenly on the C.P.R. en route from Montreal to Fredericton Saturday morning of Edward Mesereau, aged 68 years, of Doaktown. Mr. Mesereau was returning from the Canadian West, where he had been homesteading, and intended visiting his old home in Doaktown. He had been to the West each spring, returning in the fall for the past few years, but it was thought that he would remain there this year as some members of his family were in the West. The deceased had been troubled with heart disease for some years and that caused his death. He is survived by a wife and a large family. The remains were taken by the I.C.R. to Doaktown, where burial took place. The deceased was a cousin of Ald J. V. Mesereau, Chatham.

# WAR ON SWEATSHOP IN GREAT BRITAIN

Thousands of Women Working for Starvation Wages in Fearful Conditions

London, Oct. 6.—With the co-operation of the Federation of Trades Unions the Women Workers' Union to-day launched a national campaign to improve the wages paid and the working conditions of the working women of Britain. The first meetings of the campaign will be held at Birmingham in the next few weeks.

The conditions, both as to earnings and conditions under which the women work are said to be appalling, in many centres leading directly to crime and immorality.

Julia Varley, the head of the Women Workers' Union, declares that among the worst sinners in these respects are the employers in the jewelry and pen trades, where enormous fortunes are being made out of the labor of women and girls working under the worst sweatshop conditions.

Thousands of girls in the jewelry trades, she declares, are earning but six to eight shillings a week, and ten shillings is regarded as an exceptional wage.

These miserable pittances, she continues, do not provide a margin for clothes and decent lodgings.

Thousands of women employed in the making of pin-fines are making pay ranging from a few shillings to

twelve shillings per week at piece rates which are equivalent to three-pence halfpenny per three thousand stitches.

In the pen-making trade the conditions are atrocious. Miss Varley, instances cases where women are working at six shillings a week of fifty hours, and girls three full days at two shillings, tenpence. Still other cases are quoted where girls in the printing trade start at thirty-pence per week of fifty-four hours.

The pay for the women who work at their homes is even worse. Miss Varley visited one house where one woman, assisted by practically the whole family is making five shillings per week packing hairpins. To add to this woman's misfortune she is suffering from a terrible skin disease.

Miss Varley has just completed a campaign in the Black Country resulting in a considerable improvement in wages and conditions, in women chain and hollow wire workers.

Trades Union leaders are hopeful that as a result of the campaign to open at Birmingham the Federation will be successful in its proposal to compel the British Government to legislate in the direction of the fixing of a minimum wage in all the sweated industries.

## MARRIAGES

On Sept. 17th at Bonaventure River by Rev. W. B. McCallum, Miss Annie Campbell of that place to Jamieson E. Coull of New Carlisle the popular conductor of the Quebec Oriental.

At New Richmond on Sept. 17th by Rev. W. B. McCallum, Miss Edith Brown only daughter of Mr. and Mrs. James Brown to Alexander Fairservice both of New Richmond.

## LOCAL ITEMS OF INTEREST

Newspaper Notes of Town and Country Happenings Gathered by Graphic Reporters.

### AT BATHURST

Potatoes are selling in Bathurst this week at \$1.00 per barrel, with good markets for them.

### GOOD CROP

Mr. and Mrs. A. F. Chamberlain have now finished harvesting and their potatoes both as to quality and quantity are a special feature.

### HUNTERS RETURN

Messrs. A. Gills and J. R. Fraser with David J. Ferguson as guide returned from Tracy Brook, bringing with them a fine grouse and two ducks. They report game plentiful.

### MUCH TYPHOID

We are informed that there are numerous cases of typhoid fever at Bathurst just now, and one day this week there were no fewer than six funerals on the one day.

### LOST

Two parcels addressed to Mrs. John Adams were delivered to the wrong party on Sept. 12th. Would the person who received them kindly return to Messrs. Marquis General Store, Water Street.

### HELP ALL YOU CAN

The scholars of the High School are holding a Tag Day on Saturday to get a piano for the Assembly Hall. Put plenty of money in your pocket and help them all you can.

### TO CORRESPONDENTS

Owing to the Graphic being published on Thursday would our numerous correspondents see to it that their notes are received here not later than Tuesday morning? This is necessary in order to get the paper out in time.

### DIED AT NEW GLASGOW

Word has been received here of the sudden death at New Glasgow of Miss Maggie Moody from pneumonia. The deceased lady's many friends here will be grieved to learn of her death.

### O'LEARY ST. AGAIN

Who is responsible for leaving that old half burned building standing at the corner of O'Leary and Duke Sts.? Look out there is not a fire there again, as it is fast becoming a second "Bum's Restaurant."

### A YEAR AGO

A year ago yesterday we had good sleighing in our streets as there was a heavy fall of the beautiful snow the night before. On the 29th Sept. there was a snow fall of a couple of inches, but it disappeared before the heavy fall on the night of the 7th Oct.

### CHANGE OF TABLE

It is the intention of the management of the Bay Chaleur Railway to change their time table on the 15th inst. This would mean that the train would leave Matapedia early in the morning. The people about Cascapedia district, are sending in petitions, asking that it be left as it is at present.

### 30 DAYS CAMPAIGN

The Family Herald and Weekly Star, of Montreal are making an urgent appeal to their present subscribers to send in renewal subscriptions during October and relieve the enormous rush at the close of the year. It is a reasonable request from a newspaper in such great demand, and subscribers have nothing to lose by complying. The Family Herald and Weekly Star is looking for a bigger season than ever before. It is indeed a big dollar's worth.

### LOSES HORSE

Joe, Boudreau of Glenelg had the misfortune to lose a valuable horse in a most unusual way. He was driving at night, near his home, when he heard the report of a rifle in the distance, the whist of a bullet, and his horse sprang in the air and fell. On examination it was found the ball struck him in the groin, and he died a few hours later. It is not believed he was fired at intentionally, but by some hunter at a distance, probably firing at big game.

### LEG INJURED

Yesterday while playing football Tristram White had his left leg below the knee badly hurt by a boy jumping upon him. He was at once removed to his home at which time it was thought the leg had been broken, but on the doctor's arrival it was found the leg though badly bruised was not broken. Tristram will be confined to his bed for several days.

### DEAD AT TORONTO

Mrs. T. S. Riley, died at her home in Toronto last Thursday evening after a few weeks illness, leaving a husband and seven children to mourn the loss of a kind and loving wife and mother, also several brothers and sisters including John A. Cool of Washington, James of Vancouver and C. T. Cool of this town also Mrs. J. C. Morton of Moncton, Mrs. Isaac Crawford of Carmi, B. C., Mrs. Wm. Storey Mrs. A. C. Miller and Miss Cool of this town are sisters.

### ENTERTAINMENT

On Sunday evening 12th inst., at 7 o'clock in the basement of the church at the Mission there will be held a special entertainment mostly in French, the proceeds of which will be used to purchase a new main altar for the church. All people are heartily invited. Admission 50c, reserved seats 50c. People from Campbellton will be taken from the Ferry wharf to the Mission by special service, at 6.15 p.m., returning when the entertainment is over.

### DOES ADVERTISING PAY

Many readers of the Graphic glance over the news pages, but neglect the advertising. For the careful buyers their should be no more interesting part of any newspaper than its advertising columns. In these are frequently offered genuine bargains which mean dollars saved for the buyer. In our last issue was contained a full page of Messrs. David & Shalala, which judging from the number of customers at their store on Saturday, was read by a large number of our readers. This sale is still on. Read their announcement on page 3.

### ALLEN-BARTER

The wedding of William Lewis Allen, of the C.R. Moncton, to Miss Jenny Lind Barter, daughter of Samuel Barter, 4 Charles Street, St. John, took place last week at the residence of the bride's father, St. John, the ceremony being performed by the Rev. W. P. Dunham. A gathering of friends was present, the room being tastefully decorated for the occasion. The couple will reside in Moncton. Miss Barter will be remembered in this district having made many friends here while acting as canvasser and collector for the St. John Telegraph and later for the Campbellton Graphic.

### OBITUARY

Many friends on the North Shore will regret to learn of the death of Mr. Richard D. Southwood, which took place at Bathurst on Sunday last, after an illness of some weeks. Mr. Southwood was a successful merchant of that town. Mrs. Southwood survives him. The funeral took place on Tuesday. Deceased was a member of St. John's Lodge F. & A. M. of Bathurst. During his early life he lived at Chatham and also spent some years in Florida. A few years ago he was burned out in the fire which destroyed the business section of Bathurst. He was highly respected by all.

### WOMEN'S INSTITUTE

A meeting was held last evening in the Masonic Hall under the auspices of the Department of Agriculture for the purposes of organizing a Women's Institute. The Society was formed with the following officers: Pres.—Mrs. A. A. Andrew. Vice Pres.—Mrs. M. P. Moore. Sec. Treas.—Miss M. M. Mear. Director—Mrs. Wm. Currie. Auditors—Mrs. D. Richards, Mrs. D. J. Bruce.

The objects of the society which is non political and non-sectarian is for the betterment of civic conditions, and wide in their scope. After speeches by Mr. Wm. Currie and His Worship Mayor Andrew two demonstrations were also given one on Nursing by Mrs. Winters of Fredericton and one on Domestic Science by Miss McLellan. Miss Winters of the Agricultural Department at Fredericton also spoke. The executive will hold a meeting shortly when plans will be prepared for the work of the Institute.

### COMPOSITOR

## WOMAN A GREAT SUFFERER

Tells How She Was Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Tilbury, Ont.—"I could praise Lydia E. Pinkham's Vegetable Compound all around the world because it has done so much for me. For two years I was so run down that I was unable to do any work. I had female weakness and dreadful periodic pains, constipation and backache, but now I am well of all these things. I took Lydia E. Pinkham's Vegetable Compound, Liver Pills and Sanative Wash. I give you permission to publish this letter to help others."—Mrs. WILFRED MARSHALL, Box 464, Tilbury, Ontario, Can.

Case of Mrs. Trully. Chicago, Ill.—"I take pleasure in writing to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered with awful periodic pains, and had a displacement, and received no benefit from the doctors. I was advised to take Lydia E. Pinkham's Vegetable Compound, and am now as well as ever."—Mrs. WILLIAM TULLY, 2082 Ogden Avenue, Chicago, Ill.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

## LIVERY STABLE.

I am prepared to take picnic crowds to any part of the surrounding country, as I am fully equipped with hacks, also double seated, rubber tire waggon. (Something special). 4 rubber tire, single waggon, all new, and good horses to draw them.

H. P. DOYLE, Proprietor

## SAY PLAN WILL NOT WIPE OUT DEBIT

Members of The I. O. F. Take Exception to Officers Statements

(Montreal Star)

Explanations made by officials of the Independent Order of Foresters as to the means to be taken by the Supreme Court to remedy the deficiency of \$23,000,000 which the order has to face, has raised a storm of protest from all over Montreal. It is asserted that the agitation against the decision of the Supreme Court, by which a lien of \$260 is put on the policy of every member who joined prior to 1899 is not confined, as was suggested, to the English Courts, but that practically every court in the Montreal jurisdiction—and they number about seventy—is taking steps to make a protest.

The line of argument taken by prominent Foresters is that although the decision of the Court to impose a lien may not affect them financially to any serious extent, as they are able to bear it, yet it will be a grave injustice on the working men, who, after paying in for a great number of years, find that by the time they reach the age of seventy they have paid to the Order something like a hundred and seventy dollars more than they or their heirs can draw out.

Another grievance is that the lien of \$260 per \$1,000 policy, which is put on all pre-1898 members, in order to make up the deficiency, stated to be caused by the fact that they have not paid sufficient rates, makes no distinction as regards the period of membership, and a man who joined the Order a month before the new rates came into force, and was therefore an "old member," has the same lien of \$260 on his policy as the man who joined the Order ten or fifteen years before and had been paying the low rates, which were the cause of all the trouble. The contention is that this should be altered, and that there should be a graduated lien, so that those who have been longest on the low rates should have more of the responsibility for the deficiency of \$23,000,000 than those who had only paid a month or two's fees.

Paschal Gagnon, who is Deputy Supreme Chief Ranger for the Montreal Jurisdiction, is opposed to the scheme, and contravenes the statements made this week by the High Chief Ranger, Dr. Gauthier, as well as those by J. W. Stocks, the secretary.

"They want to make out that it is only the English courts who are kicking, but that is not so. They all are," he declared, "and there will be a meeting on the eighth to take some effective steps to show people what we think of the scheme. Every member of the Order is now paying adequate rates, and has been since 1908. They are all on the same footing now since the readjustment in that year, and the member who joined prior to 1908 is paying such an amount that when he reaches the age of seventy he will have paid in just the same as the members who joined, since that year. The members who joined since 1899 are now paying eighty cents a month, but the old members are paying eighty-two or eighty-three cents a month, so as to make up for their share of the deficiency."

"But as a matter of fact the deficiency was not caused by the old members who are still alive, but by the large number of pre-'99 members who are dead, and so the living old members contend that the responsibility for the deficiency caused by dead brethren should not be placed wholly on the shoulders of the other old members, but should be borne equally by every member of the Order in proportion to his length of membership. We are ready to take our own responsibility and are doing it, but we don't want to pay for the other people."

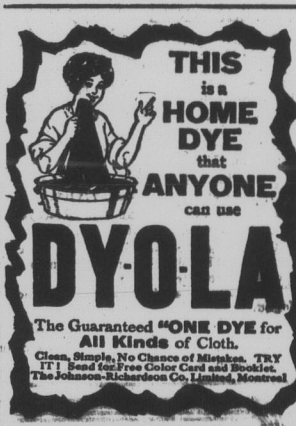

"It is absurd to say that a million dollars placed to the Fraternal Fund has reduced the lien of \$260 by \$60 per member. There are 86,000 old members, and this million would only reduce it about five dollars. Brother Stocks talked about paying it off in about seven years, but if it took from 1899 to 1913 to have a profit of \$1,725,000 from which the million dollars is being voted, how are they going to pay off \$22,000,000 in seven years? Besides they won't be able to take a million dollars from the reserved fund every year, because they won't have it to take."

"We don't want the officers to chloroform the old members, but state the facts clearly as they are. They are trying to get the old men

WHEN BUYING YEAST INSIST ON HAVING THIS PACKAGE

DECLINE SUBSTITUTES COTTAGE PUDDING. Cream 1 cup of light brown sugar with 3 tablespoons of melted butter. Sift 1 scant pint of flour with 2 tablespoons of cream of tartar and 1 teaspoon of soda on the butter and sugar, then add 1 unbeaten egg and 1 cup of sweet milk and beat altogether. Bake and serve with lemon sauce.

PLUM PUDDING Four eggs, 3 common crackers rolled fine, 1 cup sugar, 1 quart milk, ½ pound raisins, 1 teaspoonful lemon extract, pinch of salt, ½ teaspoonful of nutmeg, cinnamon and allspice. Stir the pudding once in a while so the raisins won't settle to the bottom.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The pro- prietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

to accept the scheme, but the courts all over the place will be up against it.

"A man reaching seventy years of age does not get a thousand dollars in any case, even without the lien. He only gets seven-tenths of his policy, so he would be getting seven hundred dollars, and now with this lien if he reaches the age of seventy this year he will only get \$540, although he has been paying in for a thousand dollars."

"Since 1908 there is but one class of members in the Order, and it is most unfair that a deficiency created by members who have died, should be now placed on one section, and that is the old members. A sinking fund should be created. We have a reserve of \$20,000,000, and we don't want to touch that, we want that as a protection, but the surplus of interest on that twenty millions should go to a sinking fund, which would wipe out in time the debt of \$23,000,000. No matter if it takes fifty years to do it, so long as the Order can show the Government that it is reducing the deficiency yearly it will be satisfactory. That would be much better than creating all this commotion, which is keeping out recruits to the Order, and causing many young men to leave it. They are not affected by this scheme, but they think when they get to be old members the same thing may be put on them. I don't think it will, but they think the possibility, and they are leaving the Order."

"It is true the Supreme Court consists of delegates from all the Courts but this convention was called by wire, and the government never gave notice to the Congress to elect delegates, and the High Courts selected them without reference to the provincial courts. No thing was put before them until they reached Toronto, and they had to decide on a scheme at a couple of hours' notice, which did not give them time to consider how it would affect the members."

## NEW MILITARY CAMP MCGIVNEY

Area Has Now Been Surveyed and Transfer is Expected Very Soon

"The new military area at McGivney Junction for the carrying on of the manoeuvres by the various branches of the service in the maritime provinces will be taken over by the department of militia and defence within a short time."

"Deputy Land Surveyor J. W. Wilson, of Welsford, who with a party of twelve men has been conducting a survey of the area, returned to Fredericton last week and is now engaged in the compilation of his report. His survey was carried on for the federal department of militia and defence under the direction of the provincial lands and mines department."

"The area will consist of about 68,000 acres and will almost entirely Crown lands to be purchased from the provincial government by the department of militia and defence. It has also been decided to include about 1,000 or 1,200 acres of private lands in the area in order to square up the rear line of the tract, into which the private lands projected. Arrangements are now being completed for the purchase of the private lands."

"The entire area will be located in York county, it having been decided not to take over the acreage in the original tract, which extended into Sunbury county. It is believed that the transfer of the lands will take place soon after the surveyor's report has been filed, which will be within a comparatively short time. Nothing has been arranged as yet regarding the clearing of the tract and the making of it ready for military purposes, but it is understood that a large crew of men will be engaged in that work in the early spring."

"Some definite announcements are expected upon the return of Colonel the Hon. Sam Hughes from the old country this month."

### Hockey Players in Demand

Fort William, Ont., Oct. 7.—Negotiations to have Jack Walker and Willard McGregor, who played with Moncton last winter, play with the National Hockey Association in Toronto, have been opened by Jimmy Murphy, who is behind the professional hockey movement in Toronto. Letters have been received by both boys offering them good terms, but neither have decided whether to go to Toronto or return to Moncton for the winter.

LEMON SAUCE. Mix 1 teaspoon cornstarch with 1 cup granulated sugar, add 1 cup boiling water and boil 15 minutes, then add juice and grated rind of half a lemon.

## NO HOSPITAL FOR MR. LAWLER

Together with all the buildings and improvements therein and rights and members privileges and appurtenances to the said lands and premises belonging or in any manner appertaining. Dated at Campbellton in the County of Restigouche this twenty-eighth day of August, A. D. 1913. ALEXANDER F. FERGUSON ARCHIBALD F. FERGUSON Mortgagees.

HUGH A. CARR Solicitor for Mortgagees Aug 28-29

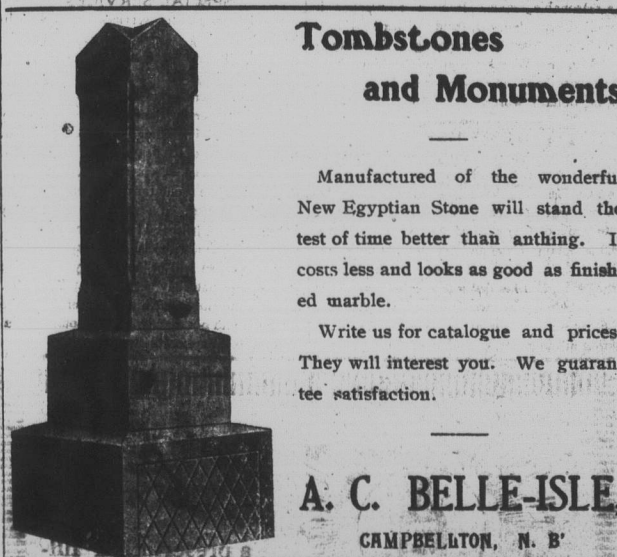

## DRINKING FOR 24 YEARS. A Physical Wreck Cured by the GATLIN TREATMENT.

A man who had been drinking steadily for 24 years, came to the Gatlin Institute for the Treatment. He was a physical wreck and was so extremely nervous that his hands were always shaking. The Habit was broken, the nervousness disappeared, his health improved, and he was even able to shave himself.

He left the Institute a new man with confidence in himself, and no more desire for alcoholic drinks. The Gatlin Institute has effected the cure of many men when their friends thought them incurable. No case is too difficult for this treatment, even the most confirmed drunkards. Every privacy is maintained with private room and nurse in attendance.

This is the original 3 Day Cure and absolutely reliable. Cure is guaranteed under written contract to be satisfactory in every particular or we refund the fee paid and the treatment costs nothing. Write today for booklet and full particulars.

THE GATLIN INSTITUTE CO., Limited. 46 Crown St., St. John, N. B. Also Montreal and Toronto.

Manufactured of the wonderful New Egyptian Stone will stand the test of time better than anything. It costs less and looks as good as finished marble. Write us for catalogue and prices. They will interest you. We guarantee satisfaction. A. C. BELLE-ISLE, CAMPBELLTON, N. B.

**BIG INCREASE OF SETTLERS**

1,100 Farmers have been located in Province During Last Year

So far this year the Provincial Immigration Department has located 1,100 new settlers in New Brunswick. As compared with the preceding year this shows a considerable increase in the stream of immigration to the province. In 1912 the total number of immigrants settling in the province was a little over 800. The aim of the department has been to bring people who will settle on the land and stay here. Officials of the department say a large percentage of those brought out recently have been old country farmers with a fair amount of capital, and that the amount of wealth added to the province by immigration this year will run well into the hundreds of thousands.

In pursuance of its policy of securing farmers who are likely to take up land in the province, the immigration department has shown great care in the selection of immigrants, and has avoided the methods adopted by some of the western provinces whose sole aim has been to pump in immigrants regardless of what might become of them. In practically every case the immigration authorities have undertaken to find farms for new settlers who wanted them, or to provide employment for those who wanted experience before deciding to take up farms on their own account. Every effort has been made to give the intending immigrant a fair impression of conditions here, and avoid the possibility of giving the province any undesirable advertisement. As a result of this policy the men who have located here have not been disappointed, and the letters they write to the immigration officials indicate that they were well satisfied with the conditions and prospects and will become good publicity agents through their letters to friends in the old country.

**LESS LUMBER IS CUT IN YEAR 1912**

Quantity, Value and Character of Cut is Smaller Than in 1911

There was ten per cent less lumber cut in Canada in 1912 than in the preceding year, the total quantity amounting to 4,389,723,000 feet board measure, valued at \$69,475,784. The shingle and lath production amounted to \$5,239,911 and square timber netted \$1,825,154, making the total value of lumber and allied products in 1912 equal to \$76,540,879.

Spruce is Canada's most important conifer, or "softwood", for it made up over one-third the amount of lumber and lath cut in 1912 and also constituted over three-quarters of the pulpwood production for the same year. Succeeding it on the list are white pine, Douglas fir, hemlock, cedar and birch.

Birch is Canada's most important hardwood, and takes precedence over many conifers, or "softwoods", as well. It was sawn in over 2000 mills, and formed 28.5 per cent of the square timber cut in Canada. To this large percentage the phenomenal increase of .89.9 per cent in the cut of square timber during 1912, this being the first increase since 1877.

Other "hardwoods" increasingly used are maple and basswood, both of which are also common in the farmer's woodlot. Although the "hardwoods" constituted only 7.1 per cent of the total lumber cut, the supply of trees is by no means exhausted for, unlike the conifers, there was an increase in the amount of such woods cut in 1912 over that of 1911.

**DUNLAP PONY CONTEST**

**EVERY CHILD HAS A CHANCE**  
The contest embraces one of the most liberal offers ever presented exclusively to the little folks of Campbellton, and will afford them an opportunity to develop their hustling propensities and at the same time win a splendid reward. The Pony outfit is not to be given to the prettiest child, nor the ugliest or best of either. It will be given to the boy or girl who can hustle. Every child under the age of sixteen years has same chance.

**THE PLAN**

The plan is as simple as the offer is liberal. Any child can understand it after a few minutes' explanation. During the contest the business men who are participating in this trade-booming carnival will give Pony Votes on all cash purchases and for the payment of old accounts. With every five cent purchase a five vote coupon will be given. With every ten cent purchase a ten vote coupon will be given. With every twenty-five cent purchase a 25-vote coupon will be given. With every dollar purchase a hundred vote coupon will be given. With every ten dollar purchase a thousand vote coupon will be given to the amount of any purchase made at these business places during the contest. The contest will last for thirteen weeks, ending Dec. 24th. The Pony, Vehicle and Harness will be given to the child who gets the most votes during the contest. Should two children tie for first place \$300 in gold will be divided equally between them. A pretty liberal present, isn't it.

**HOW TO ENTER**

Any boy or girl can enter the contest by going to all of the above named places and enrolling his or her name in the contest registry book. Or if preferable the contestants can have their parents or some friend do the enrolling for them. Each of the little contestants will be given some printed matter to assist them and the plan will be thoroughly explained to them.

**HOW TO VOTE**

On every vote coupon given out by the business men who are in the contest is a black line on which can be written the name of the child voted for. These names should be written plainly.

**WHERE TO VOTE**

There will be ballot boxes at each of the places interested in the contest. They will not be opened until the contest is over. No contestant can thus find out how many votes another contestant has, and as a result the contest is bound to be fair and above-board throughout.

## For Baking Success —This Oven Test

Success on some baking days can be expected no matter what flour you use. But constant success is rarer. It can be assured in only one way. The miller must select his wheat by oven test. So from each shipment of wheat we take ten pounds as a sample. We grind this into flour. Bread is baked from the flour. If this bread is high in quality, large in quantity, we use the shipment from which it came. Otherwise we sell it. Constant baking success comes as a matter of course from flour bearing this name

## The New Gurney-Oxford Range Has Solved The "Help Problem"

Everywhere women are coping with the same difficulty—the securing of domestic help.

A Gurney-Oxford with its wonderful devices for the saving of time and labor enables you to be independent, if from necessity or choice you are without a servant.

The Divided Flue distributes the heat evenly throughout the oven, and by means of the Economizer the temperature is determined, kept constant, or changed as desired. It is easily controlled by a little lever working around six notches.

Dough and batter-mixtures will always be light, thoroughly cooked, and nicely browned.

This range has smooth top castings that do not hold the dirt; and a nicker trimming that can be removed and polished.

If you must do your own work you owe it to yourself and to your family to spend less time in the kitchen.

No woman need be a drudge with a Gurney-Oxford range.

## AUSTRALIA NOW LEADS THE DOMINIONS

Has Assumed Foremost Place  
Among Daughters of Empire  
in Naval Defence

Sydney, N.S.W., Oct. 5.—The new Australian warships, Australia and Sydney, arrived at Sydney on Saturday. There were enthusiastically received, Admiral Kinghall and Rear-Admiral Patry exchanged official visits and a banquet was held at the Admiralty House. Among the speakers were Lord Denny, the Governor-General, Premier Cook, Admiral Kinghall, Rear-Admiral Patry and labor ex-ministers Fisher and Pearce.

The keynote of the speeches was the unanimous support of the scheme for a local navy co-operating for imperial purposes with the King's other vessels. The speakers emphasized the desire of both political parties that defence should be kept a non-party question.

Lord Denny said that for Australia a local navy was the sound and right policy. The contribution system was out of the question for Australia at the present time. Australia, he said, now took the foremost place among the dominions of the Empire in regard to naval defence. She had risen to the full height of her Imperial responsibilities and had made a really splendid contribution to the naval strength of the Empire.

The Hon. Mr. Cook said that His Majesty's Australian ships were none the less Australian because they were His Majesty's and none the less His Majesty's because they were Australian. Referring to the leader of the opposition, Mr. Fisher, the Premier said there were no politics where defence was concerned, a sentiment in which Mr. Fisher wholeheartedly concurred.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? For sale by all dealers.

## WOMAN POISONS SIX CHILDREN

Minneapolis, Minn., Oct. 1.—Mrs. Ida Leckwold was arrested last night charged with murdering two of her children. According to the police, the woman has not only confessed to killing the two of which she is accused, but four others as well.

Her husband, O. Leckwold, also was arrested, but later released, the officers being convinced that he was ignorant of the manner in which his children had met their death. The officers say the woman acknowledged administering quantities of liquid fly poison, but how she succeeded in getting the children to swallow, she would not tell. The first victim died in 1903 and the last in July 1913. Leckwold declares that all six of the children died under almost identical circumstances.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Brogan, of Wilson, Pa., who says "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For croup there is nothing that excels it." For sale by all dealers.

## RAISES RATE

Opinion That Bill Will Create  
Demand for Gold

London, Oct. 5.—Precautionary measures have been taken by the Bank of England, which has raised its rate to five per cent. on account of a big rise in the prices of jute and cotton, affecting Indian and Egyptian Exchanges respectively. Continental purchases of gold, even with the new rate of exchange making such purchases unprofitable, also influenced the directors' decision. The recovery in the New York Exchange is expected to become more pronounced with the adoption of the new tariff, as large quantities of goods were held waiting delivery for the signature of President Wilson. The Underwood bill will create a strong demand for gold. Nervousness characterized the stock markets this week, but the best opinion tended to discount ultra alarmist newspaper reports of the Lancashire cotton strike and a renewal of the Balkan trouble.

## CHARGED \$500 FOR ONE DAY'S SERVICE

Operated Upon Girl—Father's  
Refusal to Pay Brings  
Case to Court

Quebec, Oct. 6.—To the man drawing \$5 a day and contented, \$500 per diem, or rather twenty-seven hours, seems really princely. Yet such a figure is considered a mere stipend by Dr. A. Paquet, of Quebec, for his service for the above time mentioned. Whether he will receive the sum is a matter wholly in the hands of Judge Malouin, of the Superior Court here. Dr. Paquet bases his charge upon an operation he performed in 1912 upon Miss Baker of Rimouski, and he claims that expenses, time lost and medical skill warrant him in charging this figure.

Several prominent medical men of Quebec took the stand in support of Dr. Paquet, the trend of their testimony being towards establishing the doctor was quite justified in charging the fee. There were two considerations which should be taken into account, these being the difficulty of any particular case and the financial circumstances of the person who was paying for the medical attention.

Under cross examination, however, none of the witnesses would say that he had ever been paid \$500 for an operation.

Mr. Belier was willing to pay Dr. Paquet half the fee which he demanded but the doctor would not be content with less than the \$500.

The only witnesses called for the defence was Dr. Normand, of Three Rivers, who gave it as his opinion that if the Quebec physician had received a quarter of what he demanded he would have been amply compensated for his work. The court has taken the case under advisement.

## FIVE PERISH AT NEW HAVEN KY.

New Haven, Ky. Oct. 1.—Five persons perished in flames that swept through the business section of New Haven early today. The victims were the wife, three children and sister of James Devers, who were trapped by the flames in Devers' Hotel. The loss on several buildings destroyed amount to about \$50,000.

## IS COADJUTOR-BISHOP

Very Rev. Frank DuMoulin, son of the late Bishop of Niagara, has just been appointed Coadjutor-Bishop of Ohio. He was born in Montreal in 1871, and was educated at Trinity College School, Port Hope, and Trinity College. He was one time assistant at Holy Trinity, Toronto, and rector of Emmanuel Church, Cleveland; St. Peter's Chicago. Since 1906 he has been Dean of the Diocese of Ohio. He was offered the Deanery of Ontario in 1906, but refused.

When you have a bad cold you want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion: "I have sold Chamberlain's Cough Remedy for fifteen years," says Enoch Lollar of Saratoga, Ind., "and consider it the best on the market." For sale by all dealers.

## OBITUARY

The death of Mrs. John Haley occurred at her home, Nashes Creek, Sept. 17th. She is survived by six children, two sons and four daughters, two of whom, Bertha of Duluth, and Joseph P. holding a responsible position with the Walsh Railroad Constructing Co., U. S., was called home by the illness of their mother. Deceased was beloved and much esteemed in this community, and will be missed by a large circle of friends.

# The SABLE LORD

By MORACE MAZEITINE

When, therefore, we had entered the hall and Cameron was leading us towards the broad, ascending staircase, I asked:

"Do you mind giving me just a minute?"

He stopped, turned, and stood in questioning silence.

"A minute in your study," I added, in explanation.

Reluctantly, it seemed to me, he crossed to the study door, and throwing it open, asked aside that I might proceed.

The room appeared far less grim and gloomy than when I had last entered it. His windows faced the south; and between the olive-green tapestry curtains the sun poured in a flood, lighting up his room, shining on the gilt ornaments of the writing table, and bathing in dancing splendor the bookshelves on the crowded top of the bookshelves.

"I see you are not disposed to resume our discussion of last night," I began, when Cameron, having closed the door behind him, halted just inside, and with hands in pockets, awaited my opening. "But I want to show you that we have been in very much the same position as the warring children who watch the president's hour. We have imagined something amazingly like a miracle, which, in point of fact, is capable of a very simple, commonplace explanation."

"You mean the cutting out of the head of the portrait?" he asked, with kindling interest.

"I do."

"You have discovered how it was done, before my eyes, so to speak, and yet—"

"I have discovered how it may have been done," I interrupted.

He moved his head just perceptibly from side to side in skeptical gesture.

"The door of this room is seldom locked," I queried, ignoring the indicated skepticism.

"Never locked," he answered.

"It would be quite possible for any one, knowing that you were absent, to spend an hour or so here uninterupted."

"Any one?" he questioned.

"Any one who had gained entrance to the house," I amplified.

"Oh, yes, I presume so."

"They would have ample time to clear a space on the bookshelves, climb up, and carefully cut out the head, or any part, of the whole of a portrait, if they were so inclined."

I paused for his answer, but he only smiled with a sort of incredulous tolerance.

"Would they not?" I insisted. But Cameron was most perverse this morning.

"My dear Clyde," he scoffed, "of what use is all this? The portrait was cut out while I was absent, but while I was present, I saw it complete at three o'clock; at twelve minutes past three, it was mutilated."

"My contention is," I explained, quite patiently, "that while you saw it complete at three o'clock, the cut had already been made, but the cut portion had not been removed. In other words, the cutting having been done with a thin, sharp knife, it was perfectly feasible to leave the portrait apparently intact, though with the slightest effort the incised portion could subsequently be released—with, say, a piece of cord, glued to the back for that especial purpose."

Now that I had made myself clear, Cameron was quick to acknowledge the possibility of such a method.

"And the cord, you mean, led down behind the bookshelves, and perhaps through a window?" he suggested.

"Precisely. And was pulled by some one on the outside."

"Yes," he said, thoughtfully. "Such an explanation is not unreasonable. The thing, really, must have been done in some such way."

"And don't you see," I hurried on with my advantage, "how utterly absurd this makes the whole affair? There's nothing at all impressive in that performance when you find out that it was done. If the next demonstration is no better than such claptrap, you may rest assured you have a very playfulness sort of mountebank to deal with. So, cheer up, my dear man, and I'll show you a few tricks at tennis that may be equally eye-opening."

Unquestionably my friend appeared relieved. But I came to fancy later that the appearance was feigned for my benefit. Certainly he was not convinced, and that proved himself possessed of an intuition, a world more accurate than my own.

My route lay again through the miniature forest, for the day had waxed uncomfortably warm with the approach of noon, and there was scant shade on the high-road between our two houses. In the wood, however, the air was gratefully cool, and I strode on at a good pace, breathing deeply and with enjoyment the bookish odors which greeted me afresh at every step.

The dead silence which I had remarked earlier was broken now by the hoarse croaking of a steamboat whistle, somewhere off shore, and by the shrill cawing of birds, apparently in resentful protest at this raucous invasion of theirylvan quiet.

I had supposed in putting aside, for the moment at least, all thought of Cameron, his anonymous letters, and his mutilated portrait, and was dwelling on my disappointment at not having caught even so much as a glimpse of Evelyn Grayson during my morning visit to Cragside. It is true that I had gone there with a single purpose in mind—to convey to Cameron what I believed to be an important theory—but underlying this, I realized now, was more than a hope, a confidence even, that I should see Evelyn. I was tempted, indeed, to a regret that I had not waited, visited the house, and accepted Cameron's invitation for luncheon, which would doubtless have insured me a few words at least with my Goddess of Youth.

While on the verge of this self-reproach my spirit suddenly lifted, for the steam whistle having died away in the distance, and the feathered choristers have resumed into a pleased chirp that merely accented the stillness, there loomed at once on the main-calm of the woodland the silver sweetness of a girl's singing. Clear and sweet it rang through the forest aisles; a voice I knew beyond mistaking. Evelyn Grayson was singing towards me over the wooded turf. Still hidden by a bend in the path, the melody alone measured for me her approach. It was a French chanson, she was singing a lyric of Baudelaire's, of which we were both fond.

## NEWSY ITEMS FROM NEARBY PLACES

Gathered by Graphic Correspondents.—Contributions to this Column are Solicited from every District of the Bay Chaleur.

**RICHARDSVILLE**  
Monthly report of Richardsville school for September.  
Number of pupils enrolled, 47.  
Average attendance, 36.8.  
Names of pupils making perfect attendance, Robert St. Onge, Wallace Thompson, Beatrice Taggart, Stanley Taylor, Florine Belliveau, Bernice Taylor, Clifford Kerr, Robert Barnau, Agnes McConerny, Fred Haard and Amille Matheson.

Mr. and Mrs. C. Olsen left last week for Norway, sailing by the Empress of Britain.

Mr. Jack Barbic is in town for his vacation.

Mr. H. C. Shirley left last week to take up his new duties in Moncton.

Mrs. J. A. Stevens has returned from a pleasant trip to Boston, where she was visiting Mrs. E. Cassidy.

### BEAUTY CONTEST

Great interest has been taken in the Baby Contest held at Mersereau's studio. The result of the ballot shows Miss Marie Adams to have taken the first prize of \$10. Miss Irene Jardine ran a close second and was awarded the prize of \$5.00. We offer our congratulations to the successful candidates.

### WITH FOXES

Mr. W. J. Baker, late of Dalhousie, was in town Tuesday to take charge of a consignment of foxes which arrived at the St. Louis, via Caspe and Quebec Oriental railway. Among the animals were a pair of genuine black, one pair of silver black, one silver grey and a cross or patch. Mr. Baker stated that the consignment which was for the Coverdale farm, was valued at \$45,000. The foxes were taken down by him on Wednesday's morning.

### DEATH OF PRIEST

At Green Bay, Wis., Rev. Charles Audibert, of the Roman Catholic Order of the Oblates of Mary Immaculate of Lowell, Que., formerly of Campbellton, N. B.

### What Cures Eczema?

We have had so many inquiries lately regarding Eczema and other skin diseases, that we are glad to make our answer public. After careful investigation we have found that a simple wash of Oil of Wintergreen, as compounded in D.D.D. PRESCRIPTION made in the D.D.D. Laboratories of Toronto can be relied upon. We would not make this state-

ment to our patrons, friends and neighbors unless we were sure of it—although there are many so-called Eczema remedies sold, we ourselves unhesitatingly recommend D. D. D. PRESCRIPTION.

Drop into our store today and let us tell you more about D. D. D. Ask us also about D. D. D. Soap; it helps.—A. McG. McDonald.

### MARQUIS-SANDALL

The Exmouth Street Methodist church was the scene of a pretty wedding at 8 o'clock Thursday morning when Thos. George Marquis, manager of the Haymarket Square branch of the Bank of Nova Scotia, was united in marriage to Laura Sandall, daughter of Mrs. Mary A. Sandall, Wright street.

The church was prettily decorated with green palms and ferns and cut flowers, and in the arches over the aisles were autumn leaves. The ceremony was performed by Rev. H. Pierce. The bride was given away by her brother, Le Roi H. Sandall, and little Miss Vera Marquis, niece of the groom, acted as flower girl. The bride and groom were unattended. The bride was attired in a costume of grey with hat to match. Immediately after the ceremony, they left by boat for Boston, New York and other cities in the United States. On their return they will reside in Rockland road.—St. John Telegraph.

### DALHOUSIE

Dalhousie, N. B., Oct. 3rd.—On Monday morning a crew of men began excavating, etc. for the immediate erection of the new saw mill to replace the one destroyed by fire in July and owned by the Sydney Lumber Co. The McLennan Foundry Co. of Campbellton have the contract to build an up to date mill to be completed on or before December 15th, then to be opened during the winter.

The power house in connection with the proposed electric light plant is about complete. The machinery has about all arrived, and an engineer is expected from day to day to place same. In the meantime a crew of men under foreman Brown are busy completing the work all over town, while Mr. Kerr is busy wiring the buildings.

Mr. E. L. Gaudet, the popular proprietor of the Queen hotel is very busy putting up the addition to his house. This will add very much to the appearance of the west end of William street. Mr. Gaudet deserves great credit for his spirit of enterprise and his hotel being so well located near the L. C. R. station and steamboat landing is certain to be well patronized.

It is stated that an offer has been made for the purchase of the Inch Arran hotel by some Montreal people. Will the present proprietor accept a reasonable offer for his property is the question?

The agricultural societies in the county of Restigouche will soon be holding their annual meetings to elect their officers. Delegates will be appointed to attend the farmer's and dairymen's meeting at Fredericton. Good men should be chosen. There is a lot of good work to be done along agricultural and horticultural lines in the county.

The friend of Mrs. Wm. Malcolm, who resided nearly all her life at Dalhousie Junction, will regret to learn that she is suffering from an incurable disease. She is over eighty years of age and during recent months has resided with her daughter, Mrs. James A. McNair at Upper Charlo.

Mrs. A. P. Smith of Laconia, New Hampshire, has arrived here to spend a few days with her parents, Mr. and Mrs. James Duncan.

Mrs. G. E. Asker, Campbellton, spent Sunday in town, the guest of her brother, Mr. James Duncan.

Word has been received here of the death of one Patrick Power of New York, leaving an estate valued at \$75,000. He is supposed to have left Restigouche on Bonaventure when a young man. He never married and his relatives at Miguasha, P. Q., have employed the services of a lawyer to look into the affair.

Mr. H. D. Chisholm, who came back from the West on account of his late father's illness and death, and continued running the Chisholm general store at the corner of William and Brunswick streets, is going out of business and will leave shortly for British Columbia. Mrs. Chisholm, who is a western lady, has not been enjoying good health in the east, hence the proposed change. Dalhousie will lose another of its good citizens in the departure of Mr. Chisholm.

It is stated that the Chisholm home will be taken by Mr. Benj. Windsor of New Mills, a brother-in-law. It is not yet known who will occupy the store.

A very enjoyable surprise party was held at the home of Mrs. John McEwan on Wednesday evening last.

Several invitations have been received here from Campbellton Fire Brigade to attend

### PONY CONTEST IS SETTLING DOWN

Boys and Girls Interested are Working Steadily—Tuesday Double Day.

The Pony Contest is still in the limelight and those interested are working hard to win. Coupons are being eagerly sought after.

Shoppers from outside the town should ask for coupons and save them, as during the latter weeks of the contest, there will be an active demand for these.

Double day will be Tuesday of each week, unless otherwise notified.

All coupons should be in the ballot boxes by Saturday night, as this is the close of the second period, when forty per cent. is added to the count.

Coupons in this contest can be had at the following places and are given for cash purchases of all kinds.

Thos. Wran, The Retail Store.  
Geo. St. Onge, Groceries, etc.  
Central Book Store, Books and Stationery.  
J. F. Gallagher, Dry Goods and Ladies Furnishings.  
Oak Hall, Men's Clothing and Furnishings.  
A. E. Alexander & Sons, Hardware, Sporting Goods, etc.  
Miss A. A. McIntyre, Millinery Store.  
Irvine Floyd's Meat Market.  
The Campbellton Graphic.

In the case of the Graphic 500 votes will be given for every dollar paid for subscriptions on regular days and 1000 votes on special days to be announced each week.

In every copy of the Graphic will be found a coupon good for five votes when exchanged at the Graphic office for regular coupons. If interested in this contest induce your friends to subscribe for the Graphic, every dollar counts 500 or 1000 votes.

Already a large number of new names have been added to our list of subscribers and many more will be added.

Contestants who wish to write their friends for letters by applying at the Graphic office. Envelopes are supplied as well as the letters. These letters will help you. Call and leave your order.

Another rule which should interest contestants is the one whereby double votes are given for the payment of old accounts standing at least 60 days previous to Sept. 15th. On double days four times the amount paid will be given in coupons.

their annual ball to be held on Monday evening, the 15th inst., at Campbellton. There will no doubt be several attend from the shire town, to take in what is usually a very enjoyable function.

Miss Rosalind Ferguson left on Monday's Limited for Montreal where she will resume her studies at McGill University.

Miss Lucienne Sampson has returned from a very pleasant visit to friends in River du Loup and Quebec.

Mrs. Wallace Loggie of Chatham was in town on Wednesday last.

Miss Jessie Dunn of Dalhousie Junction spent Friday in town visiting friends.

Mr. and Mrs. A. G. McKenzie have returned after a very enjoyable trip to Quebec, Montreal, Boston and New York.

Mr. Willie McNeil of the Bank of Nova Scotia, Toronto, is spending a few weeks vacation here, the guest of his parents, Mr. and Mrs. Havelock McNeil.

Mr. Stock Barberie of Montreal spent a couple of days here during the week, the guest of his mother, Mrs. Barberie.

Mr. A. E. G. McKenzie of Campbellton was in town on Saturday last.

Mr. Clinton Johnson, manager of the Clifford Drug Co., is spending a few days in St. John this week visiting relatives and friends.

Mr. Wallace Sheehan, Mr. Gideon Baldwin, Mr. Arthur Wallace and Mr. Leo Comau are away on a hunting trip. So far they have been very successful, having captured a fine buck deer.

Hon. A. D. Richard, Dorchester, N. B., was here on Tuesday to visit his son, Mr. E. Rene Richard. He was a guest at the Queen.

Mr. D. A. Stewart, M.L.A. of Campbellton, was in town on Tuesday.

Mr. McQuarrie, manager of A. & R. Logie, Ltd., is spending a few days in St. John this week visiting friends.

Mr. Wendell Thompson of Campbellton is relieving Mr. Clinton Johnson in the drug store here.

Rev. Mr. and Mrs. Peter McIntyre and family left on Tuesday for their home in South Carolina.

Dr. Martin and Mrs. Martin of Campbellton motored to town on Sunday.

Mr. Chas. Scott of Amherst, spent a few days here last week, the guest of his parents, Mr. and Mrs. T. G. Scott.

Mr. and Mrs. George Jamkie spent the week end in New Richmond.

Mrs. W. Wason of Jansag, Queens Co., is spending a few days here. She came with her husband from P.E.I. He is the captain of the schooner, A. J. Trainer.

Very much sympathy is felt for Mr. and Mrs. S. Blanchard on account of the death of one of their children last week.

John and Willie Rinzler left here last Sunday evening on a pleasure trip for Montreal and will remain there for a couple of weeks.

M. Rinzler, Esq., is leaving here Thursday for Montreal on business.

LADIES' OUTFITTERS. Mail Orders Given Prompt Attention.

### BEFORE IT'S TOO LATE

Many prosperous citizens have lost their valued possessions over night. Then they kicked themselves because, an outlay of a few dollars on every thousand of valuation every few years would have left them protected and prosperous. Don't be foolhardy. Few things are as cheap as fire insurance in the beginning, and nothing may prove more costly in the end than its lack.
