## Trade and Navigation.

*To His Excellency the Right Honourable Sir Gilbert John Elliot Murray-Kynynmond,  
Earl of Minto, G.C.M.G., &c., &c., Governor General of Canada.*

MAY IT PLEASE YOUR EXCELLENCY,—

The undersigned has the honour to present to Your Excellency the Tables of Trade and Navigation of the Dominion of Canada, for the Fiscal Year ended 30th June, 1898, as prepared from Official Returns and laid before him by the Commissioner of Customs.

All of which is respectfully submitted.

W. PATERSON,  
*Minister of Customs.*

OTTAWA, 10th January, 1899.

CUSTOMS DEPARTMENT,  
OTTAWA, 10th January, 1899.

Hon. WILLIAM PATERSON,  
Minister of Customs.

I have the honour to hand you the annual statement of the Trade and Navigation of the Dominion of Canada for the fiscal year ended 30th June, 1898.

The Reciprocal Tariff came into effect on the 23rd April, 1897, but it was not found practicable to show separately the importations thereunder in the annual statement ending 30th June, 1897.

Instructions, however, were issued for a distinct account to be kept at all customs ports showing the importations of goods entered under the General and the Reciprocal Tariffs after 1st July, 1897. This information has been compiled in the department from the port returns, and is submitted in tabular form in General Statement No. 37, part 2, of this volume,—showing by countries the total imports of each article under the two tariffs combined, and the total imports of articles entered for consumption, together with the imports of articles entered for consumption separately under each tariff, placed in juxta-position for ready reference and comparison.

It is to be particularly noted that the statements presented herewith do not fully show the extent of the importations which have received the benefits of the Reciprocal Tariff, owing to refunds of duty subsequently granted upon production of proof as to the origin of the goods. In the absence of satisfactory proof of origin at the time of importation the importer first enters the articles either for warehouse or consumption under the General Tariff, and the tables are compiled from such prime entries.

I have the honour to be, sir,

Your obedient servant,

JOHN McDUGALD,  
*Commissioner of Customs.*

## EXPLANATORY NOTES.

IN GENERAL STATEMENT No 37 OF IMPORTS AND GOODS ENTERED FOR CONSUMPTION, The term "Entered for Consumption" is the technical term in use at the custom-house, and does not imply that the goods have been actually consumed in Canada, but that they have passed into the possession of the importer and that duty has been paid on that portion liable for duty.

The value of goods imported is governed by Section 58 of the Customs Act, which provides that the value of imported goods subject to ad valorem duty "shall be the fair market value thereof, when sold for home consumption, in the principal markets of the country whence and at all the time when the same were exported direct to Canada."

IN GENERAL STATEMENT No. 38 OF EXPORTS, The term "The Produce of Canada" includes all imported articles which have been changed in form or enhanced in value by further manufacture in Canada, such as sugar refined in Canada from imported raw sugar, flour ground from imported wheat, and articles constructed or manufactured from imported materials.

"Goods not the Produce of Canada" shows the exports of foreign goods which had been previously imported.

The value of "Goods the Produce of Canada" is their value at the time of exportation at the ports of Canada whence shipped.

The value of "Goods not the Produce of Canada," is the actual cost of such goods.

The initials N.E.S. mean "not elsewhere specified."

do N.O.P. mean "not otherwise provided for."

The expression "Gallon" means an imperial gallon.

do "Ton" means two thousand pounds, and "Cwt." one hundred pounds.

do "Standard hundred," when applied to deals, means 2,750 feet board measure.

do "Ton," applied to square timber, means 40 cubic feet.

In the shipping tables the tonnage is given in net tons.
