REGULATIONS

GOVERNING THE DISPOSAL OF MINERAL LANDS OTHER THAN COAL LANDS.

1. These Regulations shall be applicable to all Dominion Lands containing gold, silver, cinnabar, lead, tin, copper, petroleum, iron, or other mineral deposit of economic value, with the exception of coal.

2. Any person or persons may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining under these Regulations a mining location for the same; but no mining location or mining claim shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location or claim.

I.—QUARTZ MINING.

3. A location for mining, except for iron or petroleum, on veins, lodes, or ledges of quartz or other rock in place, shall not exceed the following dimensions: Its length shall not be more than 1,500 feet, its breadth not more than 600 feet; its surface boundaries shall be four straight lines, and the side lines and end lines shall be parallel lines, except where prior locations may prevent, in which case it may be of such shape as may be approved by the Superintendent of Mines. Its length shall not be more than three times its breadth. Its boundaries beneath the surface shall be the vertical planes in which its surface boundaries lie.

4. Any person having discovered a mineral deposit may obtain a mining location therefor, under these Regulations, in the following manner:—

(a) He shall mark the location on the ground by placing at each of its four corners a wooden post, not less than four inches square, driven not less than eighteen inches into the ground, and showing that length above it. If the ground be too rocky to admit of so driving such posts, he shall build about each of them, to support it and keep it in place, a cairn or mound of stones, at least three feet in diameter at the base, and eighteen inches high. If the location be timbered, a line shall be run and well blazed joining the said posts. If it be not so timbered, and the ground is of such a nature that any one post cannot be seen from the ends of either of the lines which form the angle at which the said post is placed, posts flattened on two sides (such flattened portions facing the directions of the line) shall be planted or mounded along the side lines wherever necessary, so that no difficulty may be experienced by a subsequent prospector or explorer in discovering or following the boundaries of any location. If the location be laid out with its boundaries due north and south and east and west, then he shall mark on the post designating the north-east angle of the location, legibly, with a cutting instrument, or with colored chalk, his name in full, the date of such marking, and the letters, M. L. No. 1, to indicate that the post is Mining location post No. 1. Proceeding next to the south-easterly angle of the location, he shall mark the post planted there with the letters M. L. No. 2, and his initials; next to the south-westerly angle of the location the post planted at which he shall mark with the letters M. L. No. 3, and

his initials; and lastly, to the north-westerly angle of the location, the post planted at which he shall mark with the letters M. L. No. 4, and his initials. If the location be laid by other than due north and south and east and west lines, the first mentioned post shall be the one at the northerly angle; the second the one at the easterly angle; the third the one at the southerly angle; and the fourth the one at the westerly angle. Furthermore, on the face of each post which face shall in the planting thereof be turned towards the post which next follows it in the order in which they are here named and numbered, there shall be marked in figures the number of yards distant to the next following post. If means of measurement are not available, the distance to be so marked on each of the posts may be that estimated. If the corner of a location falls in a ravine, bed of a stream, or any other situation where the character of the locality may render the planting of a post impossible, the said corner may be indicated by the erection at the nearest suitable point of a witness post, which in that case shall contain the same marks as those prescribed in this clause in regard to corner posts, together with the letters W. P., and an indication of the bearing and distance of the site of the true corner from such witness post.

(In this manner any subsequent prospector, informed of these Regulations, will, on finding any one of the posts or mounds, be enabled to follow them all round, from one to another, and avoid encroachment, either in search of or in marking out another location in the vicinity for himself.)

(b) Having so marked out on the ground the location he desires, the claimant shall, within sixty days thereafter, file with the Agent in the Dominion Lands Office for the district in which the location is situate, a declaration under oath, according to form A in the schedule to these Regulations (which may be sworn to before the said Agent, or may have been previously sworn to before a Justice of the Peace or Commissioner), setting forth the circumstances of his discovery, and describing, as nearly as may be, the locality and dimensions of the location marked out by him as aforesaid: and shall, along with such declaration, pay to the said Agent an entry fee of five dollars.

(c) The Agent upon such payment being made shall grant a receipt according to the form B in the schedule to these Regulations. This receipt shall authorize the claimant, his legal representatives or assignees, to enter into possession of the location applied for, and subject to its renewal from year to year as hereinafter provided, during the term of five years from its date, to take therefrom and dispose of any mineral deposit contained within its boundaries, provided that during each of the said five years after the date of such receipt he or they shall expend in actual mining operations on the claim at least one hundred dollars, and furnish to the Agent of Dominion Lands within each and every year a full detailed statement of such expenditure, which evidence shall be in the form of an affidavit corroborated by two reliable and disinterested witnesses; and the Agent shall thereupon, subject to the payment by the claimant of a fee of five dollars, issue a receipt in the form C in the schedule hereto, which shall entitle the claimant to hold the location for another year.

(d) Any party of miners, not exceeding four, whose claims are adjoining, and each of which has been entered within three months of the other, may, for the better development of their locations, and upon being authorized to do so by the Agent, make upon any one of such locations, during the first and second years after entry, but not subsequently, the expenditure required by these Regulations to be made upon each of the said locations. The authority herein provided for shall be in the form D in the schedule hereto, and shall be granted by the Agent upon application made in writing to that effect by each of the claimants interested, and payment of a fee of five dollars, upon which payment the Agent shall also grant a receipt in the form E in the schedule hereto: Provided, however, that the expenditure made upon any one location shall not be applicable in any manner or for any purpose to any other location.

5. At any time before the expiry of five years from the date of his entry for his mining location, the claimant shall be entitled to purchase the said location upon filing with the Agent proof that he has expended not less than five hundred dollars in actual mining operations on the same, and that he has in every other respect complied with the requirements of these Regulations.

6. The price to be paid for a mining location shall be at the rate of five dollars per acre, cash.

7. On making the application to purchase a mining location, and paying the price therefor, as hereinbefore provided, the claimant shall also deposit with the Agent the sum of fifty dollars, which shall be deemed payment by him to the Government for the survey of his location: and upon the receipt of the plans and field notes, and the approval thereof by the Surveyor-General, a patent shall issue to the claimant in the form F in the schedule hereto. If on account of its remoteness or other cause, a mining location cannot at the time of the deposit of fifty dollars by the applicant for the purpose, be surveyed by the Government for that sum, he shall be subject to the alternative of waiting until the employment of a surveyor by the Government on other work in the vicinity of the claim renders it convenient to have the survey made at a cost not exceeding fifty dollars, or of sooner procuring, at his own cost, its survey by a duly commissioned surveyor of Dominion Lands, under instructions from the Surveyor-General; in the latter case, on receipt of the plans and field notes of the survey and approval thereof by the Surveyor-General, as hereinbefore provided, the claimant shall be entitled to receive his patent, and to have returned to him the fifty dollars deposited by him to defray the cost of survey.

8. Should the claimant, or his legal representatives as aforesaid, fail to prove within each year the expenditure prescribed, or having proved such expenditure, fail within the prescribed time to pay in full, and in cash, to the Agent, the price hereinbefore fixed for such mining location, and also to pay the sum of fifty dollars hereinbefore prescribed for the survey of his location,—then any right on the part of the claimant or of his legal representatives in the location, or claim on his or their part to acquire it, shall lapse, and the location shall thereupon revert to the Crown, and shall be held, along with any immoveable improvements thereon, for disposal, under these Regulations, to any other person, or as the Minister of the Interior may direct.

(a) In cases where applications for mining locations are made in respect of lands within surveyed townships, they must conform to the regular system of surveys; that is, the location shall be either legal subdivisions or regular sub-divisions thereof; and prior to the application being granted it shall be necessary to stake out the location, at least approximately, on the ground, and it shall be surveyed by a Dominion Land Surveyor, acting under instructions from the Surveyor-General, within one year thereafter.

(b) If applications for mining locations are made within a township of which at least one boundary has been surveyed, to protect himself the discoverer may stake out his claim in conformity with these Regulations; but, before the issue of the patent, the claim shall, if required by the Minister of the Interior, be described by legal sub-divisions or fractional portions thereof, upon a survey made by a Dominion Land Surveyor acting under instructions from the Surveyor-General.

Locations taken up prior to this date may, until the 1st July, 1888, be re-marked and re-entered in conformity with these Regulations without the payment of new fees, in cases where no existing interest would thereby be prejudicially affected.

9. Where two or more persons lay claim to the same mining location, the right to acquire it shall be in him who can prove he was the first to discover the mineral deposit involved and to take possession, by demarcation in the manner prescribed in these Regulations, of the location covering it.

10. Priority of discovery alone shall not give the right to acquire; but a person subsequently and independently discovering, who has complied with the other conditions prescribed in these Regulations, shall take precedence of the first discoverer if the latter has failed to comply with the said other conditions: Provided, however, that in any case where it is proved that a claimant has, in bad faith, used the prior discovery of another, and fraudulently affirms that he made independent discovery and demarcation, he shall, apart from any other legal consequences, have no claim, and shall forfeit the deposit made with his application, and shall be absolutely debarred from obtaining another mining location.

11. Not more than one mining location shall be granted to any individual claimant upon the same lode or vein.

12. Where land is used or occupied for milling purposes, reduction works, or other purposes incidental to mining operations, either by the proprietor of a mining location or other person, such land may be applied for and patented, either in connection with or separate from a mining location, in the manner hereinbefore provided for the application for and the patenting of mining locations, and may be held in addition to any such mining location; but such additional land shall in no case exceed five acres in extent, and shall be paid for at the same rate as a mining location.

13. The Minister of the Interior may grant a location for the mining of iron or petroleum not exceeding 160 acres in area, which shall be bounded by due north and south and east and west lines, and its breadth and length

shall be equal: Provided, that should any person making an application purporting to be for the purpose of mining either iron or petroleum thus obtain, whether in good faith or fraudulently, possession of a valuable mineral deposit other than iron or petroleum, his right in such deposit shall be restricted to the area hereinbefore prescribed for other minerals, and the rest of the location shall thereupon revert to the Crown for such disposition as the Minister may direct.

14. When there are two or more applicants for any mining location, no one of whom is the original discoverer or his assignee, the Minister of the Interior, if he sees fit to dispose of the location, shall invite their competitive tenders, or shall put it up to public tender or auction as he may deem expedient.

15. An assignment of the right to purchase a mining location shall be endorsed on the back of the receipt or certificate of assignment (Forms B and G, in the schedule hereto), and the execution thereof shall be attested by two disinterested witnesses: upon the deposit of the receipt or certificate with such assignment executed and attested as herein provided, in the office of the Agent, accompanied by a registration fee of two dollars, the Agent shall give to the assignee a receipt in the form G in the schedule hereto, which certificate shall entitle the assignee to all the rights and privileges of the original discoverer in respect of the claim assigned; and the said assignment shall be forwarded to the Minister of the Interior by the Agent, at the same time and in like manner as his other returns respecting Dominion Lands, and shall be registered in the Department of the Interior; and no assignment of the right to purchase a mining location which is not unconditional and in all respects in accordance with the provisions of this clause, and accompanied by the registration fee herein provided for, shall be recognized by the Agent or registered in the Department of the Interior.

16. If application be made under the next preceding clause by the assignee of the right to purchase a mining location, and such claim is duly recognized and registered, as hereinbefore provided, such assignee shall, by complying with these Regulations, become entitled to purchase the location for the price and on the terms prescribed thereby.

II.—PLACER MINING.

17. The Regulations hereinbefore laid down in respect of Quartz Mining shall be applicable to Placer Mining so far as they relate to entries, entry fees, assignments, marking of locations, Agents' receipts, and generally where they can be applied, save and except as otherwise herein provided.

NATURE AND SIZE OF CLAIMS.

18. The size of claims shall be as follows;—

(a) For "bar diggings," a strip of land 100 feet wide at high water mark, and thence extending into the river to its lowest water level.

(b) For "dry diggings," 100 feet square.

(c) "Creek and river claims" shall be 100 feet long, measured in the direction of the general course of the stream, and shall extend in width from base to base of the hill or bench on each side, but when the hills or benches are less than 100 feet apart the claim shall be 100 feet square: Provided, however, that in any case where the distance from base to base of the hill or bench exceeds ten chains, such claims shall be laid out in areas of ten acres each, the boundaries of such areas to be due north and south and east and west lines, and if within surveyed territory the said area of ten acres shall consist of one-fourth of a legal sub-division, and shall be marked on the ground in the manner prescribed by these Regulations for marking quartz mining locations: Provided further, that any such claim intersected by a creek or river, shall, in addition to the stakes at the four corners thereof, have the points at which its boundaries may be intersected by the high water mark of the creek or river, on both sides of the creek or river, designated by posts of the same size which shall be driven into the ground the same depth and showing the same length above it as the posts prescribed by these Regulations in respect of quartz mining locations, and the said posts shall have marked upon them legibly, with a cutting instrument or with colored chalk, the name of the claimant in full and the date of such marking.

(d) "Bench claims" shall be 100 feet square.

(e) Every claim on the face of any hill, and fronting on any natural stream or ravine, shall have a frontage of 100 feet, drawn parallel to the main direction thereof, and shall be laid out, as nearly as possible, in the manner prescribed by section 4 of these Regulations.

(f) If any person or persons shall discover a new mine, and such discovery shall be established to the satisfaction of the Agent, claims of the following size, in dry, bar, bench, creek, or hill diggings, shall be allowed:—

To one discoverer.....	300 feet in length.
“ a party of two.....	600 “
“ “ three.....	800 “
“ “ four.....	1,000 “

and to each member of a party beyond four in number, a claim of the ordinary size only.

A new stratum of auriferous earth or gravel, situated in a locality where the claims are abandoned shall, for this purpose, be deemed a new mine, although the same locality shall have been previously worked at a different level; and dry diggings discovered in the vicinity of bar diggings shall be deemed a new mine, and *vice versa*.

RIGHTS AND DUTIES OF MINERS.

19. The forms of application for a grant for placer mining, and the grant of the same, shall be those contained in forms H and I in the schedule hereto.

20. The entry of every holder of a grant for placer mining must be renewed and his receipt relinquished and replaced every year, the entry fee being paid each time.

21. No miner shall receive a grant of more than one mining claim in the same locality, but the same miner may hold any number of claims by purchase, and any number of miners may unite to work their claims in common upon such terms as they may arrange, provided such agreement be registered with the Agent, and a fee of five dollars paid for each registration.

22. Any miner or miners may sell, mortgage, or dispose of his or their claims, provided such disposal be registered with, and a fee of two dollars paid to, the Agent who shall thereupon give the assignee a certificate in form J in the schedule hereto.

23. Every miner shall, during the continuance of his grant, have the exclusive right of entry upon his own claim, for the miner-like working thereof, and the construction of a residence thereon, and shall be entitled exclusively to all the proceeds realized therefrom; but he shall have no surface rights therein; and the Superintendent of Mines may grant to the holders of adjacent claims such right of entry thereon as may be absolutely necessary for the working of their claims, upon such terms as may, to him, seem reasonable.

24. Every miner shall be entitled to the use of so much of the water naturally flowing through or past his claim, and not already lawfully appropriated, as shall, in the opinion of the Superintendent of Mines, be necessary for the due working thereof; and shall be entitled to drain his own claim free of charge.

25. A claim shall be deemed to be abandoned and open to occupation and entry by any person when the same shall have remained unworked on working days by the grantee thereof for the space of seventy-two hours, unless sickness or other reasonable cause be shown, or unless the grantee is absent on leave.

26. A claim granted under these Regulations shall be continuously, and in good faith, worked, except as otherwise provided, by the grantee thereof or by some person on his behalf.

27. In tunnelling under hills, on the frontage of which angles occur, or which may be of an oblong or elliptical form, no party shall be allowed to tunnel from any of the said angles, or from either end of such hills, so as to interfere with parties tunnelling from the main frontage.

28. Tunnels and shafts shall be considered as belonging to the claim for the use of which they are constructed, and as abandoned or forfeited by the abandonment or forfeiture of the claim itself.

29. For the more convenient working of back claims on benches or slopes, the Superintendent of Mines may permit the owners thereof to drive a tunnel through the claims fronting on any creek, ravine, or water-course, upon such terms as he may deem expedient.

ADMINISTRATION.

30. In case of the death of any miner while entered as the holder of any mining claim, the provisions as to abandonment shall not apply either during his last illness or after his decease.

31. The Minister of the Interior shall take possession of the mining property of the deceased, and may cause such mining property to be duly worked, or dispense therewith, at his option ; and he shall sell the property by private sale, or, after ten days' notice thereof, by public auction, upon such terms as he shall deem just, and out of the proceeds pay all costs and charges incurred thereby, and pay the balance, if any, to the legal representatives of the said deceased miner.

32. The Minister of the Interior, or any person authorized by him, shall take charge of all the property of deceased miners until the issue of letters of administration.

III.—BED-ROCK FLUMES.

33. It shall be lawful for the Minister of the Interior, upon the application hereinafter mentioned, to grant to any bed-rock flume company, for any term not exceeding five years, exclusive rights of way through and entry upon any mining ground for the purposes of constructing, laying and maintaining bed-rock flumes.

34. Three or more persons may constitute themselves into a bed-rock flume company ; and every application by them for such grant shall state the names of the applicants and the nature and extent of the privileges sought to be acquired. Ten full days' notice thereof shall be given between the months of June and November, and between the months of November and June one month's notice shall be given, by affixing the same to a post planted in some conspicuous part of the ground or to the face of the rock, and a copy thereof conspicuously upon the inner walls of the Land Office of the district. Prior to such application, the ground included therein shall be marked out in the manner prescribed in sub-clause (a) of clause four of these Regulations. It shall be competent for any person to protest before the Agent within the times hereinbefore prescribed for the notice of such application, but not afterwards, against such application being granted. Every application for a grant shall be accompanied by a deposit of \$100, which shall be returned if the application be refused, but not otherwise.

35. Every such grant shall be in writing, in the form K, in the schedule hereto.

36. The holders of claims through which the line of the company's flume is to run may put in a bed-rock flume in their claims to connect with the company's flume, upon giving the company ten days' notice in writing to that effect ; but they shall maintain the like grade, and build their flume as thoroughly, and of as strong materials, as that built by such company.

37. Every bed-rock flume company shall lay at least fifty feet of flume during the first year and one hundred feet annually thereafter, until completion of the flume.

38. Any miners lawfully working any claims where a bed-rock flume exists, shall be entitled to tail their sluices, hydraulics and ground sluices into such flume, but so as not to obstruct the free working of such flume, by rocks, stones, boulders or otherwise.

39. Upon a grant being made to any bed-rock flume company, the Agent shall register the same, and the company shall pay for such registration a fee of \$10. They shall also pay, in advance, an annual rent of \$10 for each quarter of a mile of right of way legally held by them.

IV.—DRAINAGE OF MINES.

40. The Minister of the Interior may grant to any person or persons permission to run a drain or tunnel for drainage purposes through any occupied mining land, and may give such persons exclusive rights of way through and entry upon any mining ground for any term not exceeding five years, for the purpose of constructing a drain or drains for the drainage thereof.

41. The grantee shall compensate the owners of lands or holders of claims entered upon by him for any damage they may sustain by the construction of such tunnel or drain, and such compensation, if not agreed upon, shall be settled by the Superintendent of Mines and be paid before such drain or tunnel is constructed.

42. Such drain or tunnel, when constructed, shall be deemed to be the property of the person or persons by whom it shall have been so constructed.

43. Every application for a grant shall state the names of the applicants, the nature and extent of the proposed drain or drains, the amount of toll (if any) to be charged, and the privileges sought to be acquired, and shall, save where the drain is intended only for the drainage of the claim of the person constructing the same, be accompanied by a deposit of \$25, which shall be refunded in case the application is refused, but not otherwise. Notice of the application shall be given and protests may be made in the same manner as provided in regard to bed-rock flumes.

44. The grant of the right of way to construct drains or tunnels shall be made in the form L in the schedule hereto. The grant shall be registered by the grantee in the office of the Agent, to whom he shall at the time pay a registration fee of \$5, or, if the grant gives power to collect tolls, a fee of \$10. An annual rent of \$10 shall be paid, in advance, by the said grantee for each quarter of a mile of right of way legally held by him, save where the drain shall be for the purpose of draining only the claim of the person constructing the same.

V.—DITCHES.

45. The Minister of the Interior may, upon application hereinafter mentioned, grant to any person or persons, for any term not exceeding five years, or in special cases for such length of time as he may determine, the right to divert and use the water from any stream or lake, at any particular part thereof, and the right of way through and entry upon any mining ground, for the purpose of constructing ditches and flumes to convey such water; provided always, that every such grant shall be deemed as appurtenant to the mining claim in respect of which it has been obtained, or is required in connection with reduction works, sampling works, stamp mills, concentrating works, or other works connected with mining operations, and, whenever the claim shall have been worked out or abandoned, or whenever the occasion for the use of such water upon the claim or in connection with such works shall have permanently ceased, the grant shall cease and determine.

46. Twenty days' notice of the application shall be given, in accordance with Form M. in the schedule to these Regulations, by affixing the same to a post planted in some conspicuous part of the ground, and a copy thereof conspicuously posted upon the inner walls of the Land Office for the district, and any person may protest within such twenty days, but not afterwards, against such application being wholly or partially granted.

47. Every application for a grant of water exceeding 200 inches shall be accompanied by a deposit of \$25, which shall be refunded in case the application is refused, but not otherwise.

48. Every such application shall state the names of the applicants, the name or description of the stream or lake to be diverted, the quantity of water to be taken, the locality for its distribution, the price (if any) to be charged for the use of such water, and the time necessary for the completion of the ditch. The grant shall be in the form N in the schedule hereto.

49. Every grant of a water privilege on occupied creeks shall be subject to the rights of such miners as shall, at the time of such grant, be working on the stream above or below the ditch head, and of any other persons lawfully using such water for any purpose whatsoever.

50. If, after the grant has been made, any miner or miners locate and *bonâ fide* work any mining claim below the ditch head, on any stream so diverted, he or they collectively shall be entitled to 40 inches of water if 200 inches be diverted, and 60 inches if 300 inches be diverted, and no more, except upon paying to the owner of the ditch, and all other persons interested therein, compensation equal to the amount of damage sustained by the diversion of such extra quantity of water as may be required; and, in computing such damage, the loss sustained by any claims using water therefrom, and all other reasonable losses, shall be considered.

51. No person shall be entitled to a grant of the water of any stream for the purpose of selling the water to present or future claim holders on any part of such stream. The Minister of the Interior may, however, grant such privileges as he may deem just, when such ditch is intended to work bench or hill claims fronting on any such stream, provided that the rights of miners then using the water so applied for be protected.

52. The Minister of the Interior may, on the report of the Superintendent of Mines that such action is desirable, order the enlargement or alteration of any ditch, and fix the compensation (if any) to be paid by parties to be benefited thereby.

53. Every owner of a ditch or water privilege shall take all reasonable means for utilizing the water granted to him; and, if he wilfully take and waste any unreasonable quantity of water, the Minister may, if such offence be persisted in, declare all rights to the water forfeited.

54. The owner of any ditch or water privilege may distribute the water to such persons and on such terms as he may deem advisable, within the limits mentioned in this grant; provided always, that such owner shall be bound to supply water to all miners who make application therefor in a fair proportion, and shall not demand more from one person than from another, except where the difficulty of supply is enhanced.

55. Any person desiring to bridge any stream, claim or other place, for any purpose, or to mine under or through any ditch or flume, or to carry water through or over any land already occupied, may, in proper cases, do so with the written sanction of the Superintendent of Mines. In all such cases the right of the party first in possession shall prevail, so as to entitle him to compensation if the same be just.

56. In measuring water in any ditch or sluice, the following rules shall be observed: The water taken into a ditch or sluice shall be measured at the ditch or sluice head: no water shall be taken into a ditch or sluice except in a trough placed horizontally at the place at which the water enters it, and which trough shall be extended two feet beyond the orifice for the discharge of the water: one inch of water shall mean the quantity that will pass through a rectangular orifice two inches high by half an inch wide, with a constant head of seven inches above the upper side of the orifice.

57. Whenever it shall be intended, in forming or upholding any ditch, to enter upon and occupy any part of an entered claim, or to dig or loosen any earth or rock, within four feet of any ditch not belonging solely to the registered owner of such claim, three days' notice, in writing, of such intention shall be given, before entering or approaching within four feet of such other property.

58. Any person engaged in the construction of any road or work may, with the sanction of the Minister of the Interior, cross, divert or otherwise interfere with any ditch, water privilege or other mining rights whatsoever, for such period as the Minister shall approve.

59. The Minister shall order what compensation for every such damage or interference shall be paid, and when, and to whom, and whether any and what works, damaged or affected by such interference as aforesaid, shall be replaced by flumes or otherwise repaired by the person or persons inflicting any such damage.

60. The owners of any ditch, water privilege, or mining right, shall, at their own expense, construct, secure, and maintain, all culverts necessary for the passage of waste and superfluous water flowing through or over any such ditch, water privilege, or right.

61. The owners of any ditch or water privilege shall construct and secure the same in a proper and substantial manner, and maintain the same in good repair to the satisfaction of the Superintendent of Mines, and so that no damage shall occur to any road or work in its vicinity from any part of the works of such ditch, water privilege, or right.

62. The owners of any ditch, water privilege or right, shall be liable, and shall make good, in such manner as the Superintendent of Mines shall determine, all damages which may be occasioned by or through any part of the works of such ditch, water privilege, or right, breaking or being imperfect.

63. Nothing herein contained shall be construed to limit the right of the Lieutenant-Governor of the North-West Territories in Council, or of the proper authority in any Province containing Dominion Lands, to lay out, from time to time, public roads across, through, along, or under any ditch, water privilege or mining right, without compensation.

VI.—GENERAL PROVISIONS.

INTERPRETATION.

64. In these Regulations the following expressions shall have the following meanings respectively, unless inconsistent with the context:—

“Minister” shall mean the Minister of the Interior.

“Agent” or “Local Agent” shall mean the Agent of Dominion Lands for the district, or other officer appointed by the Government for the particular purpose referred to.

“Mineral” shall include all minerals whatsoever other than coal.

“Close Season” shall mean the period of the year during which placer mining is generally suspended.

“Miner” shall mean a person holding a mining location or a grant for placer mining.

“Claim” shall mean the personal right of property in a placer mine or diggings during the time for which the grant of such mine or diggings is made.

“Claimant” shall mean a person who has obtained an entry for a mining location with a view to patent.

“Bar Diggings” shall mean any mine over which a river extends when in its flooded state.

“Dry Diggings” shall mean any mine over which a river never extends.

The mines on benches shall be known as “Bench Diggings,” and shall, for the purpose of defining the size of such claims, be excepted from “Dry Diggings.”

“Streams and Ravines” shall include water-courses, whether usually containing water or not, and all rivers, creeks and gulches.

“Ditch” shall include a flume or race, or other artificial means for conducting water by its own weight, to be used for mining purposes.

“Ditch Head” shall mean the point in a natural water-course or lake where water is first taken into a ditch.

“Placer Mining” shall mean the working of all forms of deposits, excepting veins of quartz or other rock in place.

“Quartz Mining” shall mean the working of veins of quartz or other rock in place.

“Location” shall mean the land entered by, or patented to, any person for the purpose of quartz mining.

HEARING AND DECISION OF DISPUTES.

65. The Superintendent of Mines shall have power to hear and determine all disputes in regard to mining property arising within his district, subject to appeal by either of the parties to the Commissioner of Dominion Lands,

66. No particular forms of procedure shall be necessary, but the matter complained of must be properly expressed in writing, and a copy of the complaint shall be served on the opposite party not less than *seven* days before the hearing of the said complaint.

67. The complaint may, by leave of the Superintendent of Mines, be amended at any time before or during the proceedings.

68. The complainant shall, at the time of filing his complaint, deposit therewith a bond-fee of \$20, which shall be returned to him if the complaint proves to have been well-founded, and not otherwise, except for special cause, by direction of the Minister of the Interior.

69. In the event of the decision of the Superintendent of Mines being made the subject of an appeal to the Commissioner of Dominion Lands, the appellant shall, at the time of lodging the appeal, deposit with the Agent a bond-fee of \$20, which shall be returned to the said appellant if his appeal proves to have been well-founded, and not otherwise, except for special cause, by direction of the Minister of the Interior.

70. The appeal must be in writing and must be lodged with the Superintendent of Mines not more than three days after his decision has been communicated in writing to all the parties interested, and must state the grounds upon which the said decision is appealed from.

71. If the Commissioner of Dominion Lands decides that it is necessary to a proper decision of the matter in issue to have an investigation on the ground, or, in cases of disputed boundaries or measurements, to employ a surveyor to measure or survey the land in question, the expense of the inspection or re-measurement or re-survey, as the case may be, shall be borne by the litigants, who shall pay into the hands of the said Commissioner, in equal parts, such sum as he may think sufficient for the same, before it takes place; otherwise, it shall not proceed, and the party who refuses to pay such sum shall be adjudged in default. The said Commissioner shall subsequently decide in what proportion the said expense should be borne by the parties respectively, and the surplusage, if any, shall then be returned to the parties, as he may order.

72. All bond-fees adjudged as forfeited and all payments retained under the last preceding section, shall, as soon as decision has been rendered, and all entry and other fees or moneys shall, as soon as they have been received by him, be paid by the said Agent or Commissioner to the credit of the Receiver-General in the same manner as other moneys received by him on account of Dominion Lands.

LEAVE OF ABSENCE.

73. The Agent in each district shall, under instructions from the Minister of the Interior, declare the close season in his district.

74. Each holder of a mining location or of a grant for placer mining shall be entitled to be absent from his mining location or diggings and to suspend work thereon during the close season.

75. The Agent shall have power to grant leave of absence to the holder of a mining location or grant for placer mining pending the decision of any dispute in which he is concerned under these Regulations.

76. In cases where water is necessary to the continuance of mining operations, and the supply of water is insufficient, the Superintendent of Mines shall have power to grant leave of absence to the holder of the grant during such insufficiency, but no longer, except by permission of the Minister of the Interior.

77. Any miner or miners shall be entitled to leave of absence for one year from his or their diggings, upon proving to the satisfaction of the Superintendent of Mines that he or they has or have expended on such diggings, in cash, labor or machinery, an amount of not less than \$200 on each of such diggings, without any return of gold or other minerals in reasonable quantities for such expenditure.

78. The time reasonably occupied by the locator of a claim in going to, and returning from, the office of the Agent or Superintendent of Mines to enter his claim, or for other purposes prescribed by these Regulations, shall not be counted against him, but he shall, in such cases, be deemed to be absent on leave.

MISCELLANEOUS.

79. The Minister of the Interior shall, from time to time, as he may think fit, declare the boundaries of mineral and mining districts, and shall cause a description of the same to be published in the *Canada Gazette*.

80. The Minister of the Interior may direct mineral and mining locations to be laid out within such districts wherever, from report of the Director of the Geological Survey, or from other information, he has reason to believe there are mineral deposits of economic value, and may sell the same to applicants therefor, who, in his opinion, are able and intend in good faith to work the same; or he may, from time to time, cause the said locations to be sold by public auction or tender. Such sales shall be for cash, and at prices in no case lower than those prescribed for locations sold to original discoverers, and shall otherwise be subject to all the provisions of these Regulations.

81. The Minister of the Interior may grant to any person or persons who have a mining location and are actively developing the same, an additional location adjacent to and not exceeding it in area, provided the person or persons holding such location shall show to the satisfaction of the Minister of the Interior that the vein or lode being developed on the location will probably extend outside of either of the vertical lines forming the side boundaries of the location before it has reached the depth at which it cannot be profitably mined.

82. Persons desirous of obtaining quarries for stone on vacant Dominion Lands may do so under these Regulations; but the Minister of the Interior may require the payment of a royalty not exceeding five per cent. on account of the sales of the product of such quarries, or the land may be sold not subject to such royalty at such price as may be determined.

83. Returns shall be made by the grantee, sworn to by him, or by his agent or other employé in charge of the mine, at monthly or other such intervals as may be required by the Minister of the Interior, of all products of his mining location and of the price or amount he received for the same.

84. The Minister of the Interior shall have the power to summarily order any mining works, to be so carried on as not to interfere with or endanger the safety of the public, any public work or highway, or any mining property, mineral lands, mining claims, bed-rock drains or flumes; and any abandoned works may, by his order, be either filled up or guarded to his satisfaction, at the cost of the parties who may have constructed the same, or in their absence upon such terms as he shall think fit.

85. The Superintendent of Mines, acting under instructions to be from time to time issued by the Minister of the Interior, shall cause to be laid out, at the expense of the person or persons applying for the same, a space of ground for deposits of leavings and deads from any tunnel, claim or mining ground.

FORFEITURE.

86. In the event of the breach of these Regulations, or any of them, by any person holding a grant for Quartz or Placer Mining from the Crown other than Crown Patents, or from the Minister of the Interior, or from any duly authorized officer of Dominion Lands, such right or grant shall be absolutely forfeited *ipso facto*, and the person so offending shall be incapable thereafter of acquiring any such right or grant, unless for special cause it is otherwise decided by the Minister of the Interior.

FORM B.—RECEIPT FOR FEE PAID BY APPLICANT FOR
 MINING LOCATION.

No.....

DEPARTMENT OF THE INTERIOR,
 DOMINION LANDS OFFICE,

Agency, 18 .

Received from (A.B.) of
 five dollars, being the fee required by sub-section (b) of clause four of the
 Dominion Mining Regulations, accompanying his (or their) application,
 No. , dated 18 , for a mining location in
(insert general description of locality).

This receipt authorizes the said (A. B.) his (or their) legal
 representatives or assigns, to enter into possession of the said mining
 location, and, subject to the payment of a fee of five dollars and the renewal
 of this form of receipt on or before the beginning of each year, during
 the term of five years from this date, to take therefrom and dispose
 of any mineral deposit contained within its boundaries, and, on
 due compliance at any time within that period with the several
 requirements in that behalf of the said mining regulations, entitles
 him or them to purchase the said location, which, provisionally, and until
 survey thereof, may be known and described as follows: *(insert description
 in detail).*

If the said (A. B.) or his (or their) legal representatives or assigns,
 fail to comply, as aforesaid, with the conditions that would entitle him or
 them to purchase, within five years from this date, or, having so complied,
 do not within that time make payment in full for the land, and also pay
 the sum of fifty dollars prescribed in the said regulations for the survey of
 the location, then the right to purchase shall lapse, and the mining location
 shall revert to the Crown, to be otherwise disposed of as may be directed by
 the Minister of the Interior.

Mining Regulations, accompanying his (or their) application No.
dated 18 , respecting the mining location described as
follows: (*insert description in detail*) for which he (or they) obtained entry,
No. on the 18 .

From evidence furnished in support of the said application No. it would
appear that (A. B) his (or their) legal representatives or assigns,
are entitled to continue in possession of the said mining location, and dur-
ing the term of year from the 18 , to take
therefrom and dispose of any mineral deposit contained within its bound-
aries, and, on due compliance at any time within that period with the
several requirements in that behalf of the said mining regulations,
to purchase the said location, which, provisionally, and until survey
thereof, may be known and described as above.

If the said (A. B) or his (or their) legal representatives or assigns,
fail to comply, as aforesaid, with the conditions that would entitle him
or them to purchase within year from this date, or, having so
complied, do not within that time make payment in full for the land, and
also pay the sum of fifty dollars prescribed in the said regulations for the
survey of the location, then the right to purchase shall lapse, and the min-
ing location shall revert to the Crown, to be otherwise disposed of as may
be directed by the Minister of the Interior.

FORM N.—GRANT OF RIGHT TO DIVERT WATER AND
CONSTRUCT DITCHES.

No.....

DEPARTMENT OF THE INTERIOR.

DOMINION LANDS OFFICE,

Agency, 18 .

In consideration of the payment of a deposit of twenty-five dollars, required by clause forty-seven of the Dominion Mining Regulations, to be made with the application for the right to divert water and construct ditches :

The Minister of the Interior hereby grants to (A.B.)
for the term of _____ years from the date hereof, the right to divert and
use the water from _____ (specify stream or lake) to the extent of
_____ inches, and no more, to be distributed as follows:— (describe
locality of distribution) together with the right to charge the follow-
ing rates for the use of the said water:— (insert rates to be
charged) and the rights of way through and entry upon the follow-
ing mining grounds (insert description) for the purpose of
constructing ditches and flumes to convey such water, provided such ditches
and flumes are constructed and in working order within
from the date hereof :

Provided, that this grant shall be deemed to be appurtenant to mining
claim No. _____, and shall cease and determine whenever the said
claim shall have been worked out or abandoned, or the occasion for the
use of such water upon the said claim shall have permanently ceased :

Provided also, that this grant is subject to all the provisions of the
Dominion Mining Regulations in that behalf, whether the same are
expressed herein or not.

Agent of Dominion Lands.
