

The Acadian

DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XL. No. 38.

WOLFVILLE, NOVA SCOTIA, FRIDAY, July 8, 1921.

\$2.00, payable in advance

Greenwich Items

Last Sunday afternoon, our minister, Rev. W. H. Watts, delivered his farewell sermon. Next Sunday, it is expected the new pastor will be the speaker. We hear Rev. F. J. Armitage, a former minister, has been invited to remain with the Windsor church another year, making a four year session. Quite recently our church was thoroughly cleaned throughout, which certainly is a great improvement.

Mr. Henry Forsythe, of Mass., is visiting at the home of his son, Mr. Dexter Forsythe, also visiting old friends and relatives.

Mr. Mealey, of Montreal, is making an extended visit with his sister, Mrs. Charlotte Bishop, at the home of Mr. Dexter Forsythe.

The news of the approaching marriage of a former well liked school teacher, Miss McFadden, was received with interest by her many friends in this place. The wedding will take place in Regina, Sask., where she has held a responsible position for several years. Miss McFadden will become the bride of a prominent lawyer.

Mrs. Lee Bishop, who is a member of the telephone staff at Wolfville, has been enjoying her vacation. She had as her guests a few days, Miss Kenzie and Miss Burgher also of the telephone staff.

Mr. George Bishop is now owner of a splendid new Overland car, having disposed of his faithful "Lizzie". Mr. Elmer Hennigar recently purchased a Chevrolet car, which he and family are making good use of.

On Tuesday afternoon of last week our school held its public examination, a good number of visitors attended and enjoyed the whole session, it being the general verdict of all that Miss Boves as head teacher had proved to be a first class teacher and one who has taken a great interest in the education work of the pupils. Miss Joyce Harvey has been a helpful assistant. We all regret that Miss Boves is not coming back next year, but trust Miss Fisher will prove an able successor.

Mr. Burpee Bishop and Mr. Hazen Bishop with their cars and accompanied by Robert and Maurice Bishop and Mr. Russell, of Acadia, and Messrs. Lovett Forsythe, Lee Bishop and Grant Murphy, arrived home recently from an enjoyable six days trip around the South Shore.

A number from this place attended the circus in Kentville last week, some only going to enjoy the great parade.

Several of our residents motored to Kentville on Tuesday evening to enjoy the delightful music of the Kentville Bands. The music in the open air is good and makes a trip worth while and every Tuesday evening some of our residents avail themselves of the trip and incidentally "do some shopping".

A narrow escape from a serious accident occurred last week on the Main street here. Mr. and Mrs. Havelock Brown were driving to Kentville to attend the circus, and when near Geo. Bishop's met a large barrel wagon with high rack, the driver a young boy. Just at that time a car driven by Harold Dodge came up behind Mr. Brown and evidently thinking he had sufficient room made the attempt to go between the two teams, but struck both, throwing the boy from his high seat and Mr. and Mrs. Brown both from their carriage, which was quite badly broken. All three people were badly cut and Mrs. Brown severely shaken up. Needless to say they did not proceed to the circus, but borrowed a wagon from Mr. G. Bishop and returned home.

On Thursday afternoon, June 30th, at 2 o'clock a most interesting event took place in our church, when the Pastor, Rev. W. H. Watts, united in marriage two well known young people, Mr. John Fenwick and Miss Mable Lantz. The church was handsomely decorated, colour scheme being green and white, and was well filled with interested relatives and friends, six large auto loads, relatives of the bride coming up from Newport, Hants Co. Mr. and Mrs. Fenwick left on the afternoon express for Windsor, Newport and near by places, for a few days. The bride, who is an orphan and spent the greater part of her life in Newport, has several relatives in this place and during her stay here deservedly made many friends and for over a year has been a valued member of the household of Mr. and Mrs. C. H. Wright, Wolfville. A few evenings before her marriage, Miss Lantz was invited up to the home of Mr. and Mrs. Leandes Bishop, and a number of her friends and relatives here, "showered" her with many splendid and very useful articles, amusing rhymes accompanying each gift. Mrs. Bishop served ice cream and cake during the evening, all a complete surprise to Miss Lantz.

Mr. and Mrs. Mason, of Mass., who have been visiting at their former old home in Newport, arrived last Wednesday at the home of Mrs. Emma Harvey, where they were guests for a few days and attended the wedding. Mr. Mason, a cousin of the bride, gave her in marriage. Miss Ernest, the grade 8 teacher of the past two years in Wolfville school, was the week end guest of Mrs. George Bishop, also Miss Miner, a nurse at Acadia Sem-

School Board Meeting

At the regular monthly meeting of the School Board on Monday evening all the members were present.

Offers were read for the supply of coal for the school-building next year and the matter was left in the hands of the chairman and Mr. C. M. Vaughn for action.

The following bills were read and ordered paid:

R. E. Harris & Sons.....\$203.90
Petty Cash.....5.32
Leslie R. Fair.....800.00

The following appointments to the staff were ratified by the Board:

B. C. Silver, as Principal, salary \$1650.
Miss Elizabeth McWhinnie, as Vice-Principal, salary \$1050.
Miss Mabel Welsh, Grade 8, salary \$650.
Miss Edna Power, Grades 6 and 7, salary \$650.

Principal Ford reported that the total number of pupils enrolled at the close of the school year, June 30, 1921, was 403, distributed as follows:

High School.....	53
Grade VIII.....	29
Grades VI and VII.....	60
Grades V and half of IV.....	56
Grade III and half of IV.....	55
Grade II.....	48
Grade I—section 2.....	61
Grade I—section 1.....	41
	403

The grading redistributed these as follows:

High School—about.....	50
Grade VIII.....	30
Grades VI and VII.....	60
Grade V.....	45
Grade IV.....	38
Grade III.....	46
Grade II.....	48
Grade I—section 2.....	45
Grade I—section 1.....	16
	378

The difference between 403 and 378 is due to the fact that a few pupils have moved from town and that others have completed their public school course.

It will be noted that there are only 16 in the first section of Grade I. At the beginning of school in September about 20 to 30 children who will have then arrived at the school age of 5 years, will be coming in to swell this grade to normal number.

An enrolment of nearly 400 pupils. During the course of a school year between 25 and 40 new pupils enter the primary grade. In grade VIII the normal number is between 20 and 30.

Mr. E. Percy Brown, having been given permission, addressed the Board briefly, referring to the present condition of the school-grounds, and urged that the material recently placed thereon should be properly levelled at once. Mr. Brown offered his services in securing the proper grades.

THE PARRSBORO EXCURSION

On Dominion Day there was an excursion to Parrsboro, by the steamer Prince Albert, conducted by Mr. I. S. Boates. The boat left the government wharf at about 8:30 with over ninety excursionists on board, and the sail over was most enjoyable. The "Prince Albert" is a speedy and comfortable boat and the officers and crew courteous and obliging. Somewhat threatening in the morning the weather proved most favorable and the party spent a very pleasant day. The people of Parrsboro gave the visitors a cordial welcome and so far as the representative of this paper was concerned certainly left nothing undone that might contribute to making the day an enjoyable one. There are plenty of fine cars in Parrsboro and the owners are by no means slow in sharing them with visitors to their town. As a result the ACADIAN man and his party had the good fortune of a most interesting and enjoyable drive over splendid roads to many points of interest in and around Cumberland's shipping centre. Parrsboro is making improvements and is a town of considerable importance with apparently plenty of wealth.

inary. is a guest of Mrs. Bishop for a time. Mrs. Molly Patterson and little daughter, of Annapolis Co., are guests at the home of Mr. and Mrs. T. A. Pearson. Miss Boves, our head teacher of last term, left Friday afternoon for her home near Brooklyn, Hants Co. She was a good teacher and won many friends in the place. Miss Sadie Dill, of Windsor, is visiting Mrs. Robt. Chisholm here. Mr. Elias Eagles, who came home from Westwood Hospital, Wolfville last week, is doing nicely. Miss Josephine Allen, of Hantsport, and a number of friends from there are staying at Miss Stuart's cottage. Her many friends here are glad to welcome her.

Town Council

New Fire Alarm has Arrived

The regular monthly meeting of the Council was held on Wednesday evening with Mayor Fitch and all the Councillors present.

Coun. Sutherland for the Streets Committee reported repair work done on a number of streets during the month at a cost of \$412.40. The total expenditure during the year so far was reported as \$1579.03.

Coun. Nowlin for the Water Committee reported the work of extension at the east end of the town as about completed. The expenditure including a small amount on current account amounts to \$1931.54. It was reported that the water in the old reservoir had fallen about three feet. He also reported that the new fire alarm had been received and would be installed at once.

The expenditure on account of the Poor Committee during the month was reported by the chairman, Mrs. Moore, as having been \$229.10.

Coun. Cox for the Sewer Committee reported an expenditure during the month for pipe, etc., \$467.94. Work is being done on Highland Place.

Coun. Shaw reported for the Finance Committee as follows:

Receipts during month, \$1114.68; with expenditure \$8005.94. The debit bank balance at the end of June was \$1824.81.

The following accounts were read and ordered paid:

Nat. Evans.....	\$ 84.00
Jas. Lake.....	1.00
Aubrey Dakin.....	6.50
W. H. Evans.....	25.00
Mar. Tel. & Tel. Co.....	27.05
Burton Croft.....	12.00
Davidson Bros.....	71.83
Reg. of Deeds.....	2.50
C. H. Wright.....	1.42
N. S. Hospital.....	38.75
Bickle Fire Engine Co.....	525.93
Barratt Co.....	855.31
Canadian Iron Foundry.....	69.22
Petty Cash.....	68.61
Wm. Stairs, Sons & Morrow.....	158.45
Andrew Delahant.....	17.70

A letter was read from Mr. E. G. Johnson, claiming \$200 damage to dyke land by sewer. A similar claim was presented by Messrs. Blauvelt & Withrow on behalf of Mr. Emery Coldwell, of Gasperau. No action was taken by the Council.

Mr. Morgan Tappin, secretary of the Association to the members of the Council and town officials for assistance and suggestions given in the work done on the new athletic field.

Communications were read from a number of firms giving quotations for the pump and motor to be used at the Artesian Well. A committee comprised of Coun. Nowlin, Shaw and Wheaton with Mr. Chisholm, was appointed to look into the whole matter and if possible secure the installation of the plant.

The need of having by-laws to govern the automobile traffic on our streets was brought up by Coun. Moore, and the Police Committee was instructed to have such regulations provided.

GOOD WALKING

We learn that an interesting event is staged to take place on Saturday evening when Fred Saltzman, one of the men engaged in re-painting Acadia Ladies' Seminary, will attempt the feat of walking from Porter Bros. store at the corner of Main street and Highland avenue, over the "Ridge" to the Gasperau post-office in twenty minutes. There are many good pedestrians who would hesitate to undertake to walk up the hill from the corner to the ridge—a distance of a mile—in the time specified, and that will be more easily accomplished than the remainder of the distance down the steep path to the Gasperau Bridge, and strictly adhering to the "heel and toe" rule. Saltzman is a plucky young athlete, hailing from the Windsor district, and considering the amount involved he is not likely to have accepted the challenge without having good reason for believing in his ability to win. The result will be watched with interest.

N. GRAND PRE NOTES

Mr. and Mrs. Harry Low and sons, of Halifax, have been spending some days with Mrs. Maurice Dimock. A number of the young people from here went to Parrsboro on the Excursion last Friday.

Miss Sadie Dill, of Windsor, is visiting Mrs. Robt. Chisholm here.

Mr. Elias Eagles, who came home from Westwood Hospital, Wolfville last week, is doing nicely.

Miss Josephine Allen, of Hantsport, and a number of friends from there are staying at Miss Stuart's cottage. Her many friends here are glad to welcome her.

Rev. S. Spidle, D. D., is supplying the pulpit of the Bridgetown Baptist church during the month of July.

Wolfville Loses

Bridgetown in League Cricket Match

The game of cricket played here last Friday between the Wolfville and Bridgetown teams resulted in a win for the latter, the score being 78 runs to 59. Two full innings were played, the score at the end of the first innings being 39 to 35 in favor of the visitors. The teams were entertained at lunch at the Acadia Villa by the Wolfville Club. The scoring was as follows:

Bridgetown (1st innings)

C. S. Bothamley, b Robinson.....	7
W. Donat, b Spittal.....	2
R. Whiteway, c D'Almaine b Robinson.....	12
J. Ruggles, c Mason b Robinson.....	5
R. Snape, b Spittal.....	0
D. Snape, b Spittal.....	0
C. Palfrey, not out.....	9
I. Donat, b Robinson.....	2

Liabilities

Due Mr. Brown (Sal. and Exp.) Jan., Feb., Mar., 1921.....	\$600.00
Due Mr. Tingley, balance sal. and exp.....	150.00
	\$750.00

Subscriptions in arrears should be sent to Geo. W. Munro, Treasurer.

Necessary repairs are being made at "Butt Inn" and the other College residences. It is understood that the former will be occupied next year by members of the faculty only.

Wolfville Mourns

Death of Esteemed Lady Resident

Seldom has this community been saddened as it was by the death of Mrs. (Dr.) A. J. McKenna, which occurred on Friday evening last at her home on Acadia street. Mrs. McKenna had been ill for nearly a month and it was hoped by her many friends that she was on the road to recovery when on Thursday night she suffered a relapse and remained unconscious until 7:30 on Friday evening when the end came.

The deceased was before her marriage Miss Love Ellis, of Sheffield Mills, at which place she spent her girlhood days. She studied at Acadia Seminary and on Sept. 15, 1893 was married to Dr. McKenna. After residing for some time in Kentville they came to Wolfville to make their home about twenty-five years ago, and have since resided at the home then erected on Acadia street.

Interested in whatever tended to the community welfare and the Baptist church of which she was a faithful member, and a devoted wife and mother, her passing is a decided loss to the home, the church and the community. Many warm friends whom she made during her residence in Wolfville, held her in high esteem and will mourn deeply her demise.

She is survived by a sorrowing husband and three sons—Horace, who since returning from duty overseas has been connected with a railway survey party in New Brunswick and Clair and George at home. The sincere sympathy of the community at large goes out to the bereaved ones in their sore affliction.

The funeral took place on Sunday afternoon and was one of the largest seen in Wolfville for many years. Numerous friends from various parts of the county came to pay their last token of respect.

The service was conducted by Rev. Dr. MacDonald, pastor of the Baptist church, who was assisted by Rev. G. W. Miller, who read comforting passages of scripture, and Rev. Dr. Manning, who made most sympathetic and feeling prayer. In his beautifully worded address, Dr. MacDonald paid a high tribute to the departed and on behalf of the church and the community testified to her worth and the sympathy generally felt for the members of the bereaved family. The service included the singing of the beautiful hymns "Nearer My God to Thee" and "Jesus, Saviour, Pilot Me" and an exceedingly well rendered solo by Mr. A.

Many and beautiful were the floral offerings which completely covered the casket. The pall-bearers were Mayor Robinson, b W. Donat, Messrs. Edson Graham, J. E. Hales, W. A. Reid, and B. O. Davidson.

The interment was in the family lot at Willow Bank, the committal service being read by Rev. Dr. MacDonald, prayer by Rev. Mr. Miller and benediction by Rev. Dr. Manning.

BORN

BISHOP.—At Seaman, Sask., July 2nd, to Mr. and Mrs. Lewis L. Bishop, a daughter.

MEISNER.—At Port Williams, June 25th, to Mr. and Mrs. J. W. Meisner, of Hortonville, a daughter, Rowena Gertrude.

MARRIED

FENWICK-LANTZ.—At Greenwich, on June 30th, by Rev. W. H. Watts, Mabel Edith Lantz, to John Bannerman Fenwick.

STANDARD Blue Bird Tea

"Brings Happiness"

It Must Sparkle!

A good tea has a bright, sparkling liquor the moment it is poured out. After that it will often "cream" in appearance as it cools down.

The final test is the taste, however, and by this test Blue Bird Orange Pekoe is gaining users faster than any other tea.

"Brings Happiness"

Rev. Watts Farewell

On Sunday last Rev. W. H. Watts, who for the past three years has been the faithful pastor of the Wolfville Methodist church, terminated his pastorate and bid farewell to the congregation at both Wolfville and Greenwich. At the evening service his sermon was based upon Paul's exhortation to the Corinthian church: "Watch ye, stand fast in the faith; quit ye like men; be strong." The address was thoughtful, appropriate and helpful. Mr. A. J. Mason, assisted the choir and rendered very effectively "In My Father's House Are Many Mansions." Rev. Dr. Borden pronounced the benediction.

In saying good-bye to his people Rev. Mr. Watts, on behalf of Mrs. Watts, thanked the ladies who were prominently associated with the activities of the church for the token of appreciation and remembrance presented to her. He could not refrain from saying that he was glad they had so expressed themselves because congregations seldom realize now much of the efficiency of their pastor's services they really owe to the pastor's wife. In bidding them farewell there were three special requests which he would make: (1) That they give his successor, Rev. Mr. Hemmeon, their heartiest co-operation and endeavor to make his pastorate the most successful in the history of the church; (2) That they especially remember him at 11 o'clock next Sunday morning at Digby at the beginning of his work in a new circuit; and (3) That as it would not be possible for him to make a farewell call upon all the members of the congregation, he would esteem it a privilege to have the opportunity of shaking hands with every member and adherent after the prayer service on Wednesday evening.

THE ACADIAN joins with a wide circle of Rev. Mr. Watts' friends here in wishing for him every prosperity in his new field of work.

SPORT BRIEFS

The local baseball team played a league game with the Kentville team at Kentville on Monday evening. The Wolfville team was greatly weakened by the loss of Arthur Brown and Wallace Barjaux, but put up a game fight, and with the exception of the second inning the game was closely contested. In that inning the Wolfville boys went up in the air and Kentville scored 9 runs. Fred Eagles and Charlie Schuchman pitched for Wolfville with Charles Schuchman for Wolfville.

ville battery was Lide and Walsh. Only six innings were played on account of the late hour of starting. The score was 19 to 8 in favor of Kentville.

Wolfville's next game will be played here next Wednesday when the Berwick players will be the visitors.

On Wednesday the Kentville team defeated Berwick at Berwick, the score being 8 to 6.

One of the best baseball games in the league series was played last evening at Windsor between the Windsor and Wolfville teams. The game, which was practically errorless, resulted in a win for Windsor by the score of 4 to 1. Windsor scored three of their runs in the seventh inning. Blair Elderkin pitched a splendid game for Wolfville, and the whole team gave him good support.

The standing of the teams in the baseball league is now as follows:

	Won	Lost
Windsor	3	0
Kentville	3	1
Berwick	1	2
Wolfville	0	4

Canning AND VICINITY

The annual congregational meeting of the Canning Methodist church held Wednesday evening, June 29th, was largely attended. Rev. F. Friggins presided. The report of the recording steward, R. W. North was encouraging, showing a great forward movement and much earnestness in all departments of the church.

Mrs. L. F. Blenkhorn, secretary of the Women's Missionary society, reported an increased membership with growing interest, \$299 having been raised during the year. S. B. Blenkhorn reported that the Sunday school work was progressing favorably with a good attendance, the great need being for more workers.

A vote of thanks was tendered the choir, of which Mrs. Alfred Ellis is the efficient leader, for its hearty co-operation.

The prospective budget for the year already entered upon was accepted, \$2,000 being the sum deemed necessary to carry on the work of the church. Mrs. R. W. North reported for the parsonage aid, \$53.87 having been contributed during the year.

An expression of appreciation was tendered R. W. North, recording steward for his untiring efforts, and greetings were extended to Mrs. Charles Sinnett and Miss Kathleen Rand.

A social hour was then spent with the Rev. F. Friggins and Mrs. Friggins, who during their stay in Canning have endeared themselves to the church and community. They leave for Halifax this week. A musical program was given by Mrs. Charles Sinnett, Miss Kathleen Rand and S. B. Blenkhorn.

The annual school meeting of Canning school section number 55 was held Wednesday, June 27th, Colonel Northup presiding. It was moved by G. S. Kerr and seconded by S. B. Blenkhorn that the following resolution of appreciation be sent to A. S. Burgess, retiring trustee:

Whereas A. S. Burgess has been a trustee of school section 55 for the past six years and has fulfilled the duties of that office with the most commendable zeal and energy and

Whereas, by reason of severe illness he is debarred from attending this annual meeting so as to receive the usual vote of thanks usually tendered to the retiring trustee.

Therefore, resolved that this school section as a slight token of appreciation for his untiring efforts in the administration of such duties as trustee do tender him a hearty vote of thanks and with a deep expression of sympathy for his illness which we sincerely hope will not be prolonged and that a copy of this be forwarded to him.

R. W. North was appointed to fill the vacancy with William F. Holt and Joseph A. Harris as trustees and W. B. Burdidge, secretary. The sum of \$3500 was voted for school purposes.

After a salesman had sold a big order of goods to the Scotch buyer for a Chicago store, he sought to make the Scot a present of a box of cigars.

"I'm sorry I canna accept," the Scot said, "but there's a rule of the house that ye canna take presents from salesmen."

"Well," laughed the salesman, "I'll sell them to you for five cents then."

"That's different now," the canny buyer replied after taking a good sniff at the box. "I can buy my smokes a nywhere I please. I'll take four boxes."

AMERICAN AGRICULTURISTS VISIT THE VALLEY

Dr. A. W. Gilbert, Commissioner of Agriculture for the State of Massachusetts, accompanied by Professor Sidney B. Haskell, Director Massachusetts Agricultural Experiment Station, Mr. Leslie R. Smith, Deputy Commissioner and Director of the Division of Reclamation, Soil, Survey and Fairs and President of the Massachusetts State Drainage Board visited Kentville and vicinity recently.

Their object in visiting Nova Scotia is to get a general idea of the methods employed in the drainage of marsh areas of which there are many thousands of acres in the State of Massachusetts. The areas there, however, are different from the tidal deposits around the Bay of Fundy and are largely of a peaty nature.

The dyking of these areas is not a great problem, but because of the range in tide being only about six feet the development of outlets to rapidly carry the water from low level areas is very great.

Professor Blair accompanied the party, visiting the Canard, Wickwire and Grand Pre dykes. An examination was made of the Aboiteau at the Wellington dyke and the one nearly completed on the Wickwire dyke at Wolfville, and the Grand Pre aboiteau near Long Island.

F. H. Crane and S. A. Bowser aided in giving information relative to the development of the Grand Pre dykes and the methods of drainage employed there.

The party came by Yarmouth and had their own motor car and are returning by Truro, Amherst and Sackville where further study will be made of the drainage problem of the dyked areas in these sections.

Dr. Gilbert is well known through his book on potatoes and his revision of the Plant Breed book by Dr. L. H. Bailey. Dr. Haskell is well known because of the valuable agricultural research work carried on by him.

They expressed themselves as being greatly pleased with the experimental work being conducted at the Kentville Station and took time not only to look into the field experimental work which greatly appealed to them, but to look over the Shorthorn stock which compared favorably with herds in their State.

The incumbent of an old church in Wales asked a party of Americans to visit his parochial school. After a recitation he invited them to question his scholars, and one of the party accepted the invitation. "Little boy," said he to a rosy faced lad, "can you tell me who George Washington was?" "Iss surr," was the smiling reply. "E was a 'Merican gen'ral. "Quite right. And can you tell me what George Washington was remarkable for?" "Iss surr; 'e was remarkable 'cos 'e was a 'Merican an' told the truth."

THE LOCAL NEWSPAPER

The local newspaper must always be the mainstay of any advertising campaign designed to catch the eye of the masses of the people—the buying public. By no other means can so large a proportion of the best trade of the community be reached. The local merchant should not get this idea:

"Oh, my dear fellow, I can not lay off my clerk without losing him; I cannot change my location without losing it; I cannot suspend my insurance without losing my protection—but advertising, that is different! Advertising is a faithful dog, I can kick him into the street whenever I feel like it and he wags his tail comes back when I want to wipe my feet upon him."

This is not true. Advertising is not different. It is a great force in business and many great and many foolish claims are made for it, but it is not greater, not more powerful than any other factor of business. If any good is to come from it it must be kept on the job.

The local merchant should set aside a definite sum to be spent in a year. His expenditure should be based upon a percentage of last year's business and he should spend it systematically. Don't let the question of "copy" frighten him to death; don't let him get the idea that "copy" is the whole thing to advertising. To be sure there is a great difference in the effectiveness of advertisements; but if he will forget all about fine writing or being smart and clever; if he will forget the big sounding, pat phrases which have been used so often that they mean nothing, and sit down and talk to the people of his community, about his store and his stock and his service, he will write a good ad. without knowing it.

Is there any reason in the world why the local people should buy the merchandise he sells. Let him tell them the reason; and tell them again and keep on telling them. That's advertising—good advertising. Has he anything in stock that Mrs. Jones or Miss Smith or Hank Brown would be interested in? Let him tell them about it, and tell them about something else next week, and keep on telling them, until they know beyond all doubt he has just about the "niftiest" stock of merchandise ever brought together in his nick of the world. That's advertising—good advertising.

It's a poor lawyer who can't construe a law in more ways than one.

VISITING AT HORTONVILLE

Mr. Charles V. Briggs, of Boston, a graduate of Harvard and also in Technology, accompanied by his wife and Miss Clair Dennison, of the Massachusetts General Hospital, are visiting friends and relatives at Hortonville. They motored all the way from Boston, a distance of 650 miles, coming through Maine and New Brunswick to Parrsboro, where they took the boat across to Wolfville, arriving at Hortonville on Tuesday afternoon.

Mr. Briggs is an extensive traveller and does not hesitate to say that our Evangeline country is unsurpassed in natural beauty by any other part of the world he has visited. Mrs. Briggs was formerly Miss Susie Mills, of Grand Pre, granddaughter of the late Mr. White, of that place. She is connected with the educational department of the American Red Cross.

Miss Dennison is a daughter of Mr. and Mrs. Lewis P. Dennison, of Hortonville. She has had wonderful success in her profession and is now assistant superintendent of the Massachusetts General Hospital. The many friends of the ladies have given them a hearty welcome.—Advertiser.

Acadia Seminary Conservatory of Music and Fine Arts

Announces the following well known Artists and Teachers for the coming session which begins September 7, 1921.

Pianoforte:

Mr. Frank Marsh, Jr. Director of the Conservatory.
Miss Marion Gay, Graduate in Normal and Artist's Course of the New England Conservatory.
Mr. David Maneely, Associate of the American Guild of Organists. Two others to be appointed.

Voice:

Mr. William Arthur Jones, Tenor. Pupil of Hughes, Witherspoon and Braun. See reader.
Miss Louise Berghuis-Krak, Soprano, of the Hague, Holland. Pupil of Klatté and Seitz. Graduate in both Pianoforte and Voice of the Nederlandsche Toonhunstenaas-Vereeninging.

Violin:

Miss Beatrice Langley, former teacher in Acadia Seminary and Pupil of the famous Joachim.

Expression:

Miss Evelyn Smallman, M. A. Graduate in Expression of Acadia Seminary and Leland Powers School of the Spoken Word.
Miss Leah Whidden. Graduate in Expression of Acadia Seminary and Leland Powers School of the Spoken Word.

Reservations for places with these teachers must be made early. For tuition fees apply to Principal H. T. DeWolfe.

REAL ESTATE

I have several farms for sale in Hants County. No better land anywhere for general farming and yet it is cheaper than most.

Several houses for sale in Windsor at reasonable prices.

If you want to sell a farm list with me. I leave you free to sell for yourself if you get a chance and charge no commission unless I find a buyer.

LESLIE WILTSHIRE, Windsor, N. S.

MORE ATTENTION IS NOW BEING PAID TO CHASSIS BUILDING.

According to the generally accepted rule, when there is keen competition, there is greater engineering advancement than in times when sales resistance is nil. The past year has seen a vast amount of development work. It is plain to see that mechanical excellence is beginning to be the chief aim of the builder. Body work is better, to be sure, but for some time the chassis has been neglected so the car may be made better looking.

Changes in body lines are but slight compared with 1920, but body detail has been bettered all through. The cars as a whole are larger, and one disappointing feature is that the average car is somewhat heavier. There are more four-cylinder cars than there were last year, more sixes as well the engines show slightly greater power and more attention has been to carburetion. The vacuum fuelfeed and battery ignition remain standard.

Improvements are to be noted in cooling system and in lubrication. The plate and disc clutches have gained again. Hotchkiss drive has made an increase, and three-speed transmissions located apart from the engine have gained about the same with improved mountings and wire and disc wheels accepted by mere makers for standard equipment.

The engine characteristics, as a whole, have changed somewhat. The average power is greater, around 53 per minute. Engine oiling systems have been given a lot of study and a great deal of attention has been given to better balance and a reduction of engine vibration.

THE VALUE OF SOLDER.

When a wire carrying electric current is to be attached to a terminal or to another piece of wire, the common practice is to make the connection, wrap it with tire tape and call it a job. The connection serves very well until corrosion of the parts sets in, when a resistance to passage of the current is set up with increasingly detrimental results.

As a matter of fact all connections of this kind should be soldered as soon as they are made. In soldering these parts care should be taken to keep the solder from flowing on any part of the wire except the terminal as the heat tends to make the wire brittle and likely to break. In doing the work hold the tinned surface of the soldering iron close to the place where the juncture is to be made. Hold the iron steadily in the one place so that the solder flows freely on the connection and after completing the job test with the battery to see that the current flows properly. As the flux for this sort of work powered resin dissolved in grain of alcohol to a thin syrup should be used rather than the ordinary muriatic acid flux, which tends to destroy the insulation, besides being a conductor of electricity and likely to cause shorts.

THE WORLD'S MOTOR CARS

If ownership of automobiles can be taken as a sign of prosperity, the people of Canada are well off in comparison with other countries. A return recently made by the National Automobile Chamber of Commerce of New York showed that in 1920 the United States possessed 9,211,285 motor cars, amounting to one car for every eleven inhabitants and to 83 per cent. of all the motor cars in the world. Canada is next to the United States in ownership, there being in this country one car for every 21 people. New Zealand has one car for every 41 people, Australia one for every 64 people and Cuba one for every 94. The United Kingdom, while coming next on the list, possessed last year only 554,100 cars, or one for 110 of population.

SHORT CIRCUITS.

There is frequently danger of short circuits in the battery because of the fact that one of the terminals is located near the metal handle used for lifting the battery. To obviate this danger it is only necessary to slip a short length of rubber tubing over the wire at the point where the contact might be made. To do this the tubing should be slit lengthwise, slipped over the wire and taped firmly in place. It is a good plan to follow this practice wherever there is danger of the wires rubbing off their insulation and so establishing a short circuit.

TO FILL VACUUM TANK.

In cases where the vacuum tank has become empty for some reason it is a simple matter to fill it again by turning over the engine a few times with the throttle closed and the spark off. This takes only a moment and creates vacuum enough to fill the tank.

Minard's Liniment for Dandruff.

R. J. Whitten & Co.
HALIFAX

Receivers and Sellers of all kinds of Farm Produce.

Consignments Solicited.
Prompt Returns.

CARBURETOR ADJUSTMENTS.

A great many car owners make the mistake of adjusting the carburetor when the engine is cold. Now it is always best to make adjustments to the motor after it has been run for long enough to get thoroughly warmed through and this applies equally to the valve tappets, etc. It is quite possible that the cold motor may operate very well on certain adjustments that will not agree at all with the hot engine.

CHAINS PREVENT WEAR

Many motorists seem to believe that tire chains induce wear. Not if they are properly used. Without tire chains the wheels tend to spin around more or less on slippery surfaces. Sharp pieces of stone, cinders and other similar material in the road cut the rubber and scrape it deeply, a condition that does not arise when the chains are in place.

THINNING CEMENT.

The attention of car owners should be directed to the inadvisability of thinning rubber cement with ordinary gasoline, which contains too much oil to be safe for that purpose. Oil is a deadly foe to rubber. High test gasoline or bisulphide of carbon are the proper agents for thinning rubber cement.

USING THE CLUTCH

Always let the clutch in gradually. Never release it suddenly, because this will jerk the whole driving mechanism, and set up unnecessary strains.

NOVA SCOTIA HEN IS A WORLD'S CHAMPION.

Barred Plymouth Rock at Kentville Experimental Farm Makes a World's Record by Laying 104 Eggs in 104 Days.

Not so long ago the United States poultry papers were full of a story of a white Plymouth Rock hen that had laid 94 eggs in 94 days and told how this bird was the champion hen of the world for continuous laying. They are mistaken however in their claims, as we have in Nova Scotia the World's champion hen for continuous laying.

She can be seen by anyone who cares to go to Professor Blair of the Dominion Experimental Station at Kentville and he will gladly point her out.

Her name is "Lady Lena". She is a barred Plymouth Rock and is registered on the Experimental Station as No. 63, which number she carries on her leg band. She was hatched on May 15th, 1919 and bred from stock bought from "Guilds" the famous upper Canadian breeder. She started to lay on Nov. 1st., 1919. She laid three eggs and then went into a molt. She got over her molt during December but did not lay her next egg until January 2nd, 1920. During January she laid 22 eggs. During the first twelve days of February she laid eight eggs. On the 13th day of February she started on her world's record. She laid an egg a day for the remaining 17 days of February. 31 eggs in the 31 days of March, 30 eggs in the 30 days of April, and 23 eggs on the first 23 days of May. Making a total of 104 eggs in 104 days without a break. A world's record.

She then laid 18 eggs in the next 24 days and then took a broody spell till the end of June. In July she laid 25 eggs. In Sept. 24 eggs and in October 18 eggs. Her total for the year being 246 eggs. This is truly a remarkable hen.

LOOSE VIBRATOR

In case the screws that hold the small brass jackets to the vibrator box become worn so that they are loose, do not try to remedy the trouble by using longer screws, as this will probably injure the windings of the coil and ruin the vibrator. The better plan is to put a metal band clear around the box and attach it to the dash with small bolts.

BALL BEARING CARE

Few owners pay the attention to the ball bearings that these latter deserve. They usually wait until the garage man calls attention to the injury done by breakage. At least once in six months ball bearings should be inspected, the rough or worn balls replaced with perfect new ones and the ball run filled with graphite grease.

MISSING.

When missing occurs in one cylinder at slow speed, while the firing is alright when the speed is raised, it is a pretty good guess that the fault lies in too wide a spark gap in the plug of the cylinder.

There is no part of the car of greater importance to the occupants and to the others users of the highway than the brakes. It is the modern brake lining that today makes the car so easily handled, and which is the factor of safety in operation in thickly settled sections, or in coming down mountain roads.

CARING FOR THE TUBES.

The tube should be rolled flat, with soft cotton between the layers. A strip of cotton flannel rolled up with a tube is excellent. The roll should then be placed in a thick cloth bag with the stem protruding and the mouth of the bag be tied around the stem. It is a good plan to put talcum powder in the bag.

When the engine runs jerkily the obvious cause is carburetor trouble. To locate the trouble prime the carburetor and watch for dripping. If there is no dripping, the trouble lies between the tank and the float valve. If there is free dripping the trouble may be looked for between the float valve and the engine cylinder.

WHEN NOAH WON OUT

"You remember Noah had to work a long time on that ark. It was up hill business, too, at best, building a boat way out on dry land, while the local anvil-and-hammer club say around spitting tobacco juice on his lumber, whittling up his pine boards with their jackknives, and telling him what a fool he was for expecting a big rain in a country that was too dry to grow alfalfa. But he kept at it. Finally the flood came and every mother's son of the croakers was drowned. This is the only instance, we know, either in sacred or profane history, where a bunch of knickers got exactly what was coming to them.

DAVIDSON BROS., Printers and Publishers
Members of the Canadian Weekly Newspaper Association.

Subscription Rates—In British Empire, in advance, \$2.00 per year. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon, in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

Editorial Notes

The retirement of Mr. R. W. Ford from the principalship of the Wolfville public school after twenty-four years of faithful service, calls for more than passing remark. During all these years Mr. Ford has wielded a mighty influence on the present generation of Wolfville residents and those who have gone out from our community to do world service. Seldom appreciated, the work of a public-school teacher is a most important one and always very inadequately compensated. On behalf of our town and the many boys and girls who have profited by his painstaking efforts in their behalf, THE ACADIAN gladly pays tribute to the faithful and efficient work of Principal Ford. May success attend his future life.

A new and attractive edition of Longfellow's "Evangeline" has recently appeared from the press of The Musson Book Company, Limited, of Toronto. The new book is handsomely illustrated with views of local interest and presents a fine appearance. A most interesting feature is the introduction, written by Mr. John F. Herbin, of Wolfville—"the only descendant of the original Acadians now living on the home soil." Mr. Herbin has for years made a careful study of the history of the deported people and the section of country which they formerly occupied in this vicinity. His references are most entertaining and valuable, and should make the new publication a most welcome visitor in every home. THE ACADIAN has been fortunate in securing a limited number of copies which may be had on application while they last. The price is 75c. per copy and we know of no way in which the amount could be more profitably invested.

SCOTT'S BAY NEWS

Our Bachelors and Benedicts played baseball here on Saturday last, score 13 to 10 in favor of Bachelors. Trueman Corkum umpired the game.
Messrs Dingle and Draper occupied the Hall on Saturday night in the interests of the Red Cross Society. A crowded house greeted them and were delighted with the pictures. N. W. Eaton, Ward Chairman, accompanied them and met with Society representatives at the close of the lecture for campaign organization purposes.
Mrs. Joshua Huntley died on Thursday of last week leaving a husband, five daughters, four sons and the entire community to mourn their loss.
The fishing has been fairly good but herring are very small.

ACADIA SEMINARY CONSERVATORY OF MUSIC

Additions to the Staff

Mr. WILLIAM ARTHUR JONES, the well known Welsh Oratorio and Concert Tenor, has been engaged by the Acadia Seminary Conservatory of Music to take Charge of the Voice Department for the season 1921-1922. Mr. Jones comes direct from New York where he has held important Church positions and has taught a number of years. He has studied in London, England, and New York under such well known teachers as Welsford Jones, Vernon Hughes (teacher of Evan Williams), Herbert Witherspoon and Leo Braun, with whom he is studying and coaching during the months of July and August.

Mr. Jones has made several successful concert tours through the States. He has a beautiful tenor voice and has won the Tenor Soloist's Prize in competition at the Welsh Eisteddfod held at Utica, New York, for the past eight years. He has conducted for a number of years the famous Cambrian Male Chorus and the Union University Glee Club.
Mr. Jones will be assisted in the Vocal Department by a Teacher equally musical and finely educated, Miss LOUISE BERGHUIS-KRAK, of the Hague, Holland. Miss Krak has studied with some of the best teachers in Europe. She has the natural endowment of a fine voice, soprano, which she uses remarkably well. She is a successful teacher of wide experience and has made concert tours in Switzerland and Holland. She speaks German, Dutch, French and English fluently and is a woman of fine family and excellent personality.

The Principal is also glad to announce that Miss BEATRICE LANGLEY so well and so favorably known to Acadia Seminary Patrons and Pupils is returning to take charge of the Violin Department in the Conservatory. Her ability as a Violinist, a Teacher and as an Orchestral Conductor is so universally known through the provinces that comment is unnecessary.

Mr. Frank Marsh, Jr., Director of the Conservatory, has also secured as his first assistant in Pianoforte, Miss MARION GAY. Miss Gay is a graduate of the New England Conservatory in both the Normal and the Artist's Course. During the last year she has been teaching successfully in the Conservatory and has been especially recommended to Acadia by Mr. Trowbridge.

Mr. MARSH whose direction of the Conservatory during the last year has been so successful is to be congratulated on the exceptionally strong staff which he has been able to associate with himself. Other important appointments will be announced later. But with the present staff the success of the coming year's work is assured.

The Tennis Dance at the Parish Hall on Monday evening was a very pleasant affair. There were about fifty present and all thoroughly enjoyed the evening. The chaperones were Mrs. Geo. Anderson and Mrs. C. E. A. deWitt.

GASPEREAU NOTES

Mr. Hubert Trevvy spent the week-end with his sister, Mrs. Clifford M. Coldwell.

Mr. Ray Coldwell has returned home from New Waterford, C. B., to spend his holidays with his parents.

Mrs. Earl Duncanson and children are visiting her brother in Digby.

Mrs. Douglas Benjamin, of Kentville, is visiting Mrs. Russell Kenne.

Mr. and Mrs. Percy Turner, of New Minas, spent Sunday with Mrs. Turner's parents.

Mrs. George Coldwell is visiting her parents at Hantsport.

CARD OF THANKS

For myself and boys I wish to acknowledge the many acts of kindness and sympathy tendered us during the recent dark days. We wish to sincerely thank all those who in many ways have endeavored to lighten the burden resting upon our home. The words of sympathy, deeds of kindness and the expressions of tenderness bestowed upon us have been fully appreciated, and have materially helped us to bear the bereavement that has come to us. Sincerely,
A. J. MCKENNA.

TOWN IMPROVEMENTS

The store of J. E. Hales & Co., Limited is being improved in appearance by the application of a new coat of paint.

The Acadia Pharmacy building has recently been newly painted and presents a much improved appearance.

A friendly tennis tournament will be played here on Saturday between Bridgetown and Wolfville. Play will begin at 11 o'clock and resume at 2. Tea will be served at the close of the game.

Items of Local Interest

A barge with a cargo of about 45,000 feet of spruce plank and scantling assigned to Mr. C. H. Wright was towed in on Monday.

A sale of grass of Grand Pre Dyke will be held at Grand Pre station on Saturday, July 16th, at 2 p.m. See posters for further particulars.

Mr. J. F. Herbin has just received his commission from the Provincial Government as a member of the N. S. Board of Examiners in Optometry.

Longfellow's EVANGELINE, beautifully illustrated, and with historical introduction by J. F. Herbin. Price 75 cents at THE ACADIAN store.

Strong but not Heavy—Small but Complete—Rigid but yet Elastic and Responsive—The Compact Portable Remington Typewriter. A. Milne Fraser, 157 Hollis St., Halifax, N. S.

At the closing of the public schools last week the members of the teaching staff paid Principal Ford a surprise visit and presented him on the occasion of his retirement, with a handsome mahogany clock as a token of their appreciation and regard.

On the occasion of her leaving Wolfville for Digby, N. S., Mrs. Watts was presented with a lovely cut glass bowl by the ladies of the Women's Missionary Auxiliary and of the Ladies' Aid. The members of the Ladies' Aid also presented Mrs. Watts with a beautiful berry spoon, in token of the warm appreciation of her work done in connection with that organization.

THE ACADIAN has received the announcement of the marriage of a former Wolfville boy, Mr. Lewis G. Pick, son of Mr. and Mrs. M. W. Pick, of Gasperau avenue, and Miss Mary Warren, daughter of Mr. James Wallace Franklin, of Bristol, Rhode Island, which took place on Saturday, June 25th. Mr. Pick is a young man who has brought credit upon his native town through his success in the musical world. Many friends will join THE ACADIAN in hearty good wishes for the prosperity and happiness of Mr. Pick and his bride.

Visitors to the Sells-Floto circus which showed at Kentville last week, expressed themselves as very much pleased with the show, which was perhaps the best that ever visited this section. A former Wolfville boy, Henry Oliver, son of Mr. William Oliver, is a member of the staff, having charge of the seating arrangement in the big tent. Mr. Oliver began the circus business with Barnum's, and has been with the Sells-Floto people for the past three years. He appears well satisfied with the life and looks prosperous and happy.

THE ELECTRIC COMMISSION

At a meeting of the Electric Commission held on Thursday evening of last week the rates for the use of current for power were fixed. A minimum rate of \$18.00 per horse power and a rate of 8c. per kw. with 12 1/2 per cent. off was decided upon. The application of the Grand Pre Electric Company for current through our system was again considered and it was decided to offer to undertake the service at a rate of 8c. per kw.

To the Editor of THE ACADIAN.

Dear Sir,—I was very much pleased to learn by a recent issue of your paper that my brief letter of June 17th was effective in saving the town the difference between \$38,500 and \$34,559 in the contract price of the new school building. This was certainly worth while and I think I am entitled to the thanks of the citizens. If we were not so "easy" the saving might have been greater. A. B. C.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

During the Sunday evenings of July Dr. MacDonald will preach on "Things which make for NATIONAL UPBUILDING." Subject next Sunday: THE HOME.

Every one should plan to attend the Big Social to be given by the Wolfville A. A. A. at the Parish Hall on Wednesday evening next. Show by your presence that you take an interest in the Association.

AVONPORT NEWS

Mrs. Gillis returned on Wednesday last week to her home in Newton, Mass., after spending two weeks with her mother, Mrs. James Duff.

Master Allen McDonald, of Halifax, arrived in Avonport on Tuesday and will spend the summer at the home of Mr. and Mrs. A. B. Cox.

Miss Minnie Brooks, D.A.R. Station Agent, returned on Wednesday last from a very pleasant two weeks vacation spent in Halifax, Bridgetown and Yarmouth. Her place was filled by Mr. J. E. Jedry during her absence.

Mrs. Burpee Shaw, of Falmouth, spent a few days of last week the guest of her daughter, Mrs. L. F. Fuller.

Mr. and Mrs. J. A. MacPherson and family, of Wolfville, are occupying their summer cottage here. Also Mr. and Mrs. L. E. Shaw and family have moved from Wolfville and are spending the summer in their cottage on the river bank.

Dr. and Mrs. B. C. Borden and little granddaughter Elaine Dickie, motored from Sackville, N. B. last week and will spend a month at their summer home. They were accompanied by Miss Gertrude Borden, of Wolfville.

Mrs. Susie Hughes and little son Jack, left on Tuesday for Melvern Square to spend a few days at the home of Mr. and Mrs. John P. Morse.

Miss Annie Walton, who has been spending a month with her Aunt, Mrs. F. G. Borden, left on Monday for her home in Boston, Mass.

The students who have been attending Wolfville school, the Misses Bernice Neiforth, Mildred and Dorothy Cox, were all successful in passing their examinations, the first two named for entrance into high school.

Mrs. Geo. Brooks spent a few days of last week in Centrelea, the guest of Mr. and Mrs. Clark Brooks.

Miss Lillian Marshall left on Thursday last for her home in Burlington, Kings Co. after completing a very successful year as teacher in our school. She will be very much missed here as she made many friends during her stay.

The number of cars owned in Avonport is steadily increasing. Mr. A. B. Cox recently purchased a new "Gray Dort".

A Wednesday afternoon Tea was given by the Ladies of Wolfville at the Ken-Wo Country Club, and it was a great success. About 85 guests were present and enjoyed the dainties and tea supplied by the ladies. Mrs. W. C. B. Harris, Mrs. (Dr.) Leslie Eaton, Mrs. G. K. Prescott and Mrs. F. C. Churchill were the hostesses for the afternoon.

A GOOD SPORT

By Ella Wheeler Wilcox

I was a little lad, and the older boys called to me from the pier.
 They called to me: "Be a sport! Leap in and swim!"
 I leaped in and swam, though I had never been taught a stroke.
 Then I was made a hero, and they shouted: "Well done! Well done!"
 Brave boy; you are a sport, a good sport!"
 And I was very glad.

But now I wish I had learned to swim the right way,
 Or had never learned at all.
 Now I regret that day,
 For it led me to my fall.

I was a youth, and I heard the older men talking of the road to wealth.
 They talked of bulls and bears, of buying on margins,
 And they said: "Be a sport my boy; plunge in and win, or lose it all!
 It is the only way to fortune."
 So, I plunged in and won; and the older men patted me on the back,
 And they said, "You are a sport, my boy, a good sport."
 And I was very glad.

But now I wish I had lost all I ventured on that day—
 Yes, I wish I had lost it all.
 For it was the wrong way,
 And pushed me to my fall.

I was a young man, and the gay world called me to come.
 Gay women and gay men called to me crying: "Be a sport; be a sport;
 Fill our glasses and let us fill yours.
 We are young but once; let us dance and sing,
 And drive the dull hours of night until they stand at bay
 Against the shining bayonets of day."
 So I filled my glass, and I filled their glasses over and over again.
 And I sang and danced and drank, and drank and danced and sang.
 And I heard them cry: "He is a sport, a good sport!"
 And they held their glasses out to be filled again.
 And I was very glad.

**Oh, the madness of youth and song and dance and wine,
 Of women's eyes and lips, when night dies in the arms of dawn!**

And now I wish I had not gone that way,
 Now I wish I had not heard them say,
 "He is a sport, a good sport."
 For I am old who should be young.
 The splendid vigor of my youth I flung
 Under the feet of a mad, unthinking throng.
 My strength went out with wine and dance and song:
 Unto the winds of earth I tossed like chaff,
 With idle jest and laugh,
 The pride of splendid manhood, all its wealth
 Of unused power and health,
 Its dream of looking in some pure girl's eyes
 And finding there its earthly paradise,
 Its hope of virile children free from blight,
 Its thoughts of climbing to some noble height
 Of great achievements—all these gifts divine
 I cast away for song and dance and wine.
 Oh, I have been a sport, a good sport:
 But I am very sad.

It's an easy matter to obtain peace; all you have to do is to let the other fellow have his way.

Good fortune nearly always finds a man in a receptive mood.

BROWN EYES ARE BEST

"The brown-eyed girl makes the best wife," was the opinion expressed to an interviewer by an old-established family doctor.

"During nearly forty years," he continued, "it has been my hobby to watch the married lives of my patients. Brown-eyed girls I have found make true, reliable wives. Grey or grey-blue eyes denote brains, but their owners do not make the best wives, for they are usually extravagant and pleasure-loving."

"I can give actual cases in proof. Let us take a brother and sister who have been patients of mine since childhood. The girl, who is brown-eyed, married one of the good-sort-out-of doors type. They have had a lot of trouble, and the man is extravagant and careless. But she has stuck to him through it all.

"Her brother married a pretty blue-eyed girl. He is a steady and reliable fellow. His wife is lazy, weak, pleasure-loving and extravagant."

GAS STORAGE FOR APPLES IS APPROVED

In storing apples there is a very interesting alternative to cold storage, known as "gas storage." The apples are placed in an air tight chamber filled with the gas produced by the respiration of the apples themselves. An electric instrument is used to determine whether at any time the proportion of carbon dioxide in this gas becomes excessive, and when that condition occurs air is admitted to dilute the gas. The air is kept in slow circulation by its own temperature variations and means are taken to remove excess moisture. It is stated that this system doubles the time during which apples can be kept in good condition and that the cost of working is very much below that of any kind of cold storage. The merits of the system are being closely studied by the British Investigation Board.

Curtain lectures should be delivered behind the scenes.

GRAND PRE NEWS

The Rev. Prof. J. Alfred Faulkner, D. D., and Mrs. Faulkner, of Madison, N. J., are visiting here, guests of the former's sister, Mrs. Louise Bishop. Prof. Faulkner will occupy the pulpit of the Methodist church next Sunday morning, July 10th.

Miss Julia H. Borden, accompanied by her two nieces, Misses Eunice and Mable Borden, returned to her home here last week. They are welcomed by a number of friends who are glad to have them back again.

Miss Edith Kennedy is visiting friends at Cambridge, N. S.

The Mission Circle met at the home of Miss Minnie King on Monday evening. At the close of the meeting dainty refreshments were served.

It's a wise travelling man who knows when and where to stop.

It's surprising - what a lot of noise masquerades as music.

When you think of Cake—Think of FIVE ROSES

Strawberries, whipped cream and—
Five Roses Flour

A LITTLE extravagance now and then is relished by the best of men. But a Strawberry Short Cake is so decorative, so delightful, it is such a tribute to your baking skill that you will be justified in serving at least one this season.

You will find a new delight in the exquisite freshness of flavor and soft texture that FIVE ROSES flour imparts.

Whether you prefer your Strawberry Short Cake made with layer cake or biscuit dough, you will find the right recipe in the famous FIVE ROSES Cook Book.

OVER 200 CAKE RECIPES

For the economical cook, there are hundreds of cake recipes without eggs and with few ingredients, hints for left-overs and scraps that reduce expense. More than 500,000 women are now making their cakes, bread, rolls, puddings and pastries from its 144 pages. Send for the FIVE ROSES Cook Book, enclosing 40c. in stamps for your copy. Lake of the Woods Milling Co., Limited, Montreal and Winnipeg.

This famous flour comes in bags of 7, 14, 24, 49 and 98 lbs. Also in barrels of 98 and 196 lbs.

CANADA'S DOLLAR AND UNCLE SAM

Latter is Losing More Through Exchange Situation Than is Canada

The superstition that Americans make a profit out of the premium on their funds in Canada dies hard, in spite of the evidence to the contrary.

Similarly an American dollar is only a promise to pay, which must be collected in the United States.

The present premium on New York funds in Canada is a distinct detriment to American trade with Canada.

Much of the criticism here is on account of the demand for certain classes of American goods in Canada.

One of the reminiscences that former President Taft delights in relates to one of his maiden speeches, in which he came off anything but a hero.

E. K. LINCOLN THE WEALTHIEST MAN IN THE MOVIES TO BE SEEN HERE IN HIS LATEST PICTURE "THE INNER VOICE"

E. K. Lincoln, who is one of the few motion picture stars who has commanded financial as well as artistic success in moving pictures will appear in the American-Cinema Corporation's super special production of "The Inner Voice" at the Opera House on Wednesday and Thursday, July 13-14.

As far as the story goes, there is much that makes a definite appeal to the heart. It preaches a forceful moral, but unlike many other pictures dealing with the spiritual and moral regeneration of a man, it does not sacrifice the dramatic values for the sake of moral preaching.

Critics everywhere claim that in "The Inner Voice" all the elements upon which the art of the drama has been developed since its early days, are to be found in this production in perfect balance and contrast.

Mr. Lincoln is capably assisted by a well balanced and competent cast. Agnes Ayres is perhaps the most beautiful young woman on the screen to-day.

The vast throngs which have greeted this picture wherever it has been shown is proof that the people are willing to stand behind the project which has as its purpose, the raising of standards in the motion picture field.

INSTRUCTIONS FOR THE YOUNG

Yells from the nursery brought the mother, who found the baby gleefully pulling Billy's curls.

"Never mind, darling," she comforted, "Baby doesn't know how it hurts."

"Nothing, mother," said Billy, calmly, "only now she knows."—Tit-Bits.

GETTING THE NEWS

(From the Boston Transcript.) In the press bulletin published each week by the University of Wisconsin, and circulated generally among the people of the State, mention is made of the efforts of S. A. Mellen, editor of the Plymouth Reporter, to secure news for his paper.

HAS ANY ONE

- Died Had a fire
Eloped Had a baby
Divorced Had a party
Left town Sold a farm
Embezzled Been arrested
Come to town
Had twins or colic
Sold a cow or lost an auto
Stolen a dog—or his friend's wife
Committed suicide—or murder
Fallen from an airplane
Fallen into a well
Fallen into a legacy?

Well, then, THAT'S NEWS So phone or mail it to "THE REPORTER"

It is better to fall out than to be kicked out.

A dinner that appeals to the eye doesn't always appeal to the stomach.

Minard's Liniment Relieves Neuralgia

The Royal Bank of Canada advertisement with logo and text: Teach Your Children the Value of Money. Open Savings Accounts for each one of your children.

PRESERVING BY FREEZING

The preserving of fresh fruit by freezing will soon become of practical commercial value. The United States Government for several years has been investigating this method, and reports that such fruits as strawberries, raspberries, logan berries, blueberries, currants and cherries are now being frozen.

The process is simple. The fruit in the same crates in which it is marketed is subjected to a temperature of about 10 degrees F. Soft fruit is usually subjected to a lower degree.

A dull minister in the pulpit is a sore trial, but the soprano in the choir is apt to be a soarer.

SURELY NOT

Inspector: "Do you teach observation?" Teacher: "Yes." Inspector: Then I will test the class. Now children, shut your eyes and sit still."

For some time there was no answer, but ultimately one little boy piped out: "Kissed teacher."

Blistered Feet, Sore Feet, Tired Feet, Burning and aching Feet.

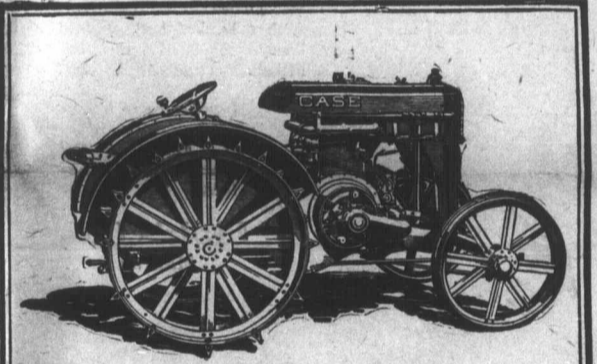

After a hard day's work or a long tramp and your feet are completely used up, bathe them in hot water, then rub them well with MINARD'S LINIMENT.

Miss Ruth Foster, of Montreal, is visiting in town for a few weeks, a guest of Mrs. B. O. Davidson, Summer street.

Miss Annie Robertson, of Barrington Passage, and Mrs. Josephine Robertson, of Lockport, are guests of Dr. and Mrs. Allan, Summer street.

Mr. William Strong, of Buffalo, N. Y., arrived on Wednesday and is visiting at the home of his sister, Mrs. (Dr.) Roach. Many old friends are glad to give him a welcome back to the old home town.

Mrs. James Primrose, of Bridgetown, was a visitor in Wolfville this week attending the funeral of her friend, the late Mrs. McKenna. On her return home on Wednesday she was accompanied by Master George McKenna, who will spend part of the vacation at that place.

Dr. and Mrs. Primrose will occupy "Sunny Brae" the residence of Mr. and Mrs. L. E. Shaw, during the summer. It is expected that the former, who has been absent for some time on account of his health, will return to Wolfville on Tuesday next and be accompanied by his son, Dr. Primrose, late of India.

Mr. and Mrs. R. W. Ford and family left yesterday to spend part of the summer at the old home of Mr. Ford, at Milton, Queens county.

Mr. and Mrs. Shumway and daughter, of Greenwood, Mass., are visiting at the home of Mrs. Shumway's parents, Mr. and Mrs. Wm. Regan.

Dr. Judson McGregor, of Back Bay, Boston, was a recent visitor in Wolfville. Dr. McGregor is a former Wolfville boy and a graduate of Acadia.

Mr. and Mrs. J. Edgar Whidden, of McMinnville, Tenn., arrived in town this week on a short visit to the former's parents, Mr. and Mrs. D. G. Whidden.

Miss Sadie McGregor, of Acadia Business College, is visiting friends at St. Martins, N. B., and later will enjoy a vacation with relatives in Charlotte-town, P. E. I.

Mr. G. H. Waterbury motored down to Digby on Sunday accompanied by his father, Mr. G. H. Waterbury, of St. John, who has been spending some time in this vicinity, and his sister, Mrs. S. Percy Benjamin and family. Mr. Waterbury returned home on Wednesday, his companions going to St. John, N. B.

Wolfville friends who were expecting to see Mrs. C. S. Hamilton and family, of New Haven, Conn., at their summer home here will be disappointed to learn that they will not return this season owing to the recent sudden illness of Mrs. Hamilton. While she is recovering satisfactorily it was decided to cancel their return to Wolfville this season, and they will remain at their home in New Haven.

The Cadet Camp for the province opened Monday at Aldershot, and is now a scene of busy activity, about five hundred cadets being in attendance.

NOTICE

On account of the 10th coming on Sunday, Discount on your Electric Light Bill will be allowed on Monday the 11th. By-law No. 11 reads as follows:

11. In the event of the said rates and charges not being paid within ten days after the same are due the electric current may be turned off from the premises of delinquents and shall not be turned on again to such premises until, in addition to the rates and charges due, the defaulter shall have paid the further sum of one dollar to cover cost of such turning off and on of current.

H. Y. BISHOP,
Sec'y. and Treas.

"THE INNER VOICE"

Here are four Reasons why you should see the "Inner Voice".

1. "Love one another" was the God sent message to the bleeding and strife torn world. For two thousand years that simple, yet powerful, message has been ringing in the ears of the human race—yet few have heard it, for there are none so deaf as those who have ears and hear not.
2. The law of selfishness has been weighed and found wanting—to us who live upon the world during this age is given the Divine task of putting to the test the law of love.
3. I come to you with this Divine message—to you this hour through the silent, yet eloquent tongue of the motion picture will this wonderful message of the ages be repeated.
4. Might, Majesty, Dominion and Power shall not prevail against its truth, nor shake its Eternal foundation—for the Law of Love is the Law of God.

ALSO 2 REEL COMEDY

Prices for this Extraordinary Special Feature will be 20-35c. Show at 8 p.m.
DON'T FAIL TO ATTEND
Shown recently at the Orpheus, Halifax, at 50c.

What's in Me?

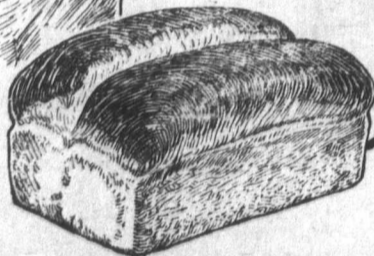

If you ask the chubby figure typical of Dan-Dee bred children, here's your answer: "I'm full of Dan-Dee and milk."

If you ask the loaf below the answer is just as wholesome. Robin Hood flour, fresh milk, leaf lard, strained honey, granulated sugar, salt, Fleischmann's yeast—that's all!

If your grocer hasn't got it he can get it for you. Made by the makers of Moir's Chocolates.

Moir's Ltd.
