FOX BREEDERS HOLD SESSION

Nova Scotia Association Hold Two En-
thusiastic Meetings Here.— Re-
gistration And Other Mat-
ters Discussed.

A very largely attended meeting of
the Nova Scotia Fox Breeders was
held Tuesday 10th, afternoon and
evening in the Board of Trade rooms.
Over ninety fox breeders were pre-
sent at the afternoon session and
nearly as many in the evening. While
the larger number were from Bridge-
town and vicinity there were repre-
sentatives from East and West, in-
cluding Dr. Randall, of Truro, Presi-
dent of the Association, E. M. Mac-
Dougall, of West Gore, Hants Co., Sec-
retary-Treasurer, and Hon. J. W.
Comeau, of Comeauville, who is the
owner of a very large ranch at that
place. There were members from
Kings County, and Annapolis County
was generally represented from end
to end. The constitution of the As-
sociation was read and adopted. Dr.
Randall gave an interesting address
on the state of the industry and the
manner in which its business was
being handled. Ex-Mayor Hicks gave
an address expressing interest in the
industry. A letter was received from
C. C. Avard, Secretary of the New
Brunswick Association, giving a re-
sume of a recent meeting at Port El-
gin, New Brunswick, where fifty new
members were added. Fifty-five mem-
bers enrolled at the afternoon meet-
ing here. The Directors of the As-
sociation are President Dr. Randall of
Truro; E. M. MacDougall, Secretary-
Treasurer, West Gore, Hants; A. B.
Clerke, J. I. Foster, C. I. Piggott, H.
B. Hicks, Bridgetown; A. L. David-
son, Middleton; H. Cruikshanks,
Truro; Hon. J. W. Comeau, Comeau-
ville. The President and Secretary
gave interesting addresses on the im-
portance of registration and discus-
sion on the subject was very fully
participated in by the members pre-
sent. A petition is being prepared to
be sent to the Minister of Agriculture
at Ottawa asking for an extension of
time of one year for the registration
of foundation stock for the fox ranch-
ers of the Province.

At the evening session F. E. Bath
was appointed Auditor. A letter was
read from the Publicity Bureau of
Nova Scotia inviting the fox breeders
to co-operate in an advertising cam-
paign which would help to make
known their business in other coun-
tries. Some favorable comments were
made on this matter and it will be
soon into further by the Directors.
The Financial Report was read which
showed the funds of the Association
to be in a healthy condition. A re-
port was also made by the Secretary
concerning arrangements with the
Government in connection with the
removing of some disabilities
under which the industry at
present is placed. A hear-
ing is expected from the Govern-
ment at an early date. One of the
matters involved is the removal of
the royalty tax on pelts. The mem-
bers consider that this tax should not
apply to domesticated foxes and more
than to other domesticated animals.
The President, Secretary and Capt.
Salter were appointed to interview
the Government regarding redress re-
quested on some tax impositions con-
nected with the industry. The Sec-
retary went quite fully into the mat-
ter of scoring of foxes and strongly
recommended owners to register their
stock. The matter of a tax of \$100.00
per year on outside fur buyers com-
ing into the Province was discussed.

WEST PARADISE.

Mrs. Manetta Piggott has gone to
visit her daughter, Mrs. E. Baker and
relatives in New York, and other Amer-
ican cities.
Mr. McKenzie Grimm, who has been
visiting for some time at the home of
Mr. Norris Daniels, has returned to
his home in Berwick.
Mrs. P. C. Borden and children
have gone to join her husband in Bos-
ton, where they will make their home.
The bi-weekly Crokinole Club met
at the home of Mr. and Mrs. D. H.
Sarsfield. Although the night was
very stormy, forty members were pre-
sent. Eight tables were in progress.
Miss Dorothy Saunders and Mr.
Edward Bent were the winners.
Delightful refreshments were served
by the hostess.
Through the kindness of Mr. W.
Jackson and Harris Sarsfield, who
provided horses and sleighs, the chil-
dren and teacher of West Paradise
school enjoyed a sleigh drive to Law-
rencetown Wednesday afternoon.
"Under the snow the roses lie" says
the old verse but Mrs. B. W. Saunders
says it with pansies, for she picked
a bunch in her garden after the thaw.

95th BIRTHDAY OF MRS. JUD. BALCOM

Water Question at Lawrencetown.—
Ladies Good Work for Soldiers
Memorial Hospital.—Social
And Personal Items.

Lawrencetown.—Mrs. H. H. Whit-
man, and Mrs. J. Stoddart, did noble
duty at "The Library At Home." All
spent a very pleasant evening, though
some who were wont to be at these
meetings have passed on to the Bet-
ter Land.
On Thursday, Mrs. Judson Balcom
had her 95th birthday.
One aged lady of Lawrencetown re-
members that once long ago, gardens
were made by the 21st of April.
Mrs. Jane Daniels is now better,
and has been out for a walk.
Mrs. Gallagher, Halifax, takes care
of Mrs. Daniels for the winter.
Mrs. Mary Wheelock is spending
some time in Wolfville, the guest of
her son, Dr. F. Wheelock.
Mrs. McLearn is also in Wolfville.
Mrs. Emma Ruggles is a guest at
the home of Mrs. V. Shaffner.
Mrs. and Mrs. Foster, and child
have left for a home in Boston.
Mr. and Mrs. D. M. Balcom were
visiting friends in Williamstown.
Mrs. H. H. Whitman spent a few
days in Digby.
Mrs. R. L. Morse gave a tea which
was much enjoyed by the guests.
Mrs. (Dr.) Primrose had letters
from friends in Florida, all having a
grant time, mid flowers and birds and
a June climate. Oh! to be there just
now.
Dr. J. B. Hall is very busy and
deeply interested in "Short Course
School."
Mrs. J. Sanford is ill. A very severe
cold is the cause.
Royal Bank Inspectors were in
town, Mr. Fash and Mr. McKenzie.
Inspectors of Water Supply of the
Town are taking measures to stop a
certain amount of water that may be,
or has been wasted.
Jack Frost, for a time kept out
plumbers very busy.
The Stork has appeared at several
homes of South Lawrencetown.
Mrs. John Weizell is still very ill,
and has been so for many weeks.
Five houses are now closed for the
winter, as their owners are in the
Sunny South.
Methodist S. C. met at the home of
Mrs. W. P. Morse. A good number
were present, and much work was
done.
The Women's Institute met at the
home of Mrs. J. B. Hall. A large
number of ladies braved icy streets,
rain and cold. Business transacted,
reports read, and plans made for the
future.
Supplies for the S. M. Hospital were
brought in for the Lawrencetown
room in generous quantities.
All cash subscribed had been paid,
and more had been promised. When
our ladies take a matter in hand, all
can be sure it will be well done.
All the ladies of the three churches
held Pantry Sales and generally do
very well.
A Valentine Supper will be held in
the vestry of the Methodist church.
The Ladies Guild will have a grand
entertainment in the near future.
Busy times in our town, loads of
wood, hay, apples, pass on to their
destination. One day, ox sleds, sleighs,
wagons and autos were all going
their devious ways on Main Street.
A few more dogs are now to be seen,
some of them fine animals.
If one can judge from the number
of big trucks that Mr. C. Bishop's
truck takes to the sample rooms quite
a brisk business must be going on
for the many commercial men who

COURT HOUSE SOLD TO E.J. MUISE

Purchaser Will Convert It Into a
Bowling Alley Which He Expects
to Open Early in March.

The Court House building in which
Mr. Kenneth Leslie holds the control-
ling interests, was purchased Tues-
day by Mr. E. J. Muise, of Annapolis,
who will convert it into a bowling
alley, which he expects to open for
business early in March. (It now ap-
pears that Court sittings, which have
come into active prominence since the
remodelling of the Court House at
Annapolis may now be disposed of in
a way quite contrary to previous gen-
eral expectations. Citizens of this
town years ago at their own expense
provided a building here in order that
County and Supreme Court sessions
might continue to be held alternating
with Annapolis. This arrangement
continued without much or any dis-
satisfaction till about two years ago when
the work of remodelling the Court
House at Annapolis was commenced
and carried to a conclusion. So long,
however, as a suitable Court House
remained as such in Bridgetown court
sittings could not be changed except
by a special act of Parliament. This
was not introduced and matters con-
tinued as heretofore.
During the interim the only alterna-
tive toward keeping sessions here
would be in a case of transfer of the pro-
perty have lain with its purchasing
by the town. General uncertainty as to
future disposition of court sittings
would no doubt influence against such
a purchase.
The acquiring of this building by
Mr. Muise may thus lead to removal
of the whole question at issue with-
out recourse to legislation in any
way.
Mr. Muise has conducted the past
three years, a successful bowling al-
ley in Annapolis and with his recent-
ly acquired local purchase expects to
stimulate interest most materially.
Mr. Muise will still continue his
Annapolis business as well as conduct-
ing business here.

ENTERTAINMENT IN RECREATION HALL UNDER BAPTIST CHURCH AUSPICES.

A most successful and well received
entertainment was given on Tues-
day evening last at the Recreation
Hall, furnished under the auspices of
the Baptist church. The programme
was varied and introduced a number
of novel and comic features.
The first number was a selection
by that well known and popular local
musical organization, "The Melody
Men." The second number was a
reading by Mrs. Hopkins, followed by
a solo by Mr. George Wheeler. The
next number was a reading by Miss
Allen Miller.
The fifth number was a Labor Song
to the accompaniment of various use-
ful forms of work. Then followed an-
other selection by the "Melody Men."
Next came a selection by quartette,
composed of Messrs V. A. Lloyd, Geo.
Wheeler, Rev. P. R. Hayden and
Kempion Hyson. This was followed
by a solo from Rev. P. R. Hayden. A
reading by Mrs. W. A. Warren was
an interesting and entertaining fea-
ture. A third selection by the "Melody
Men" was followed by one of the
main features of the evening, the
"Foly Graft Album." Little Lydia
Hopkins introduced the various pic-
tures to the audience. The pictures
were living ones, the various persons
dressed in costumes of a past day.
Some of them were screams. Per-
formers in turn took their places be-
hind a screen which represented a
page in the album. At each turn of
the page a new photo appeared which
created great interest in the audi-
ence. Very unfavorable weather pre-
vented the usual bumper house at en-
tertainments given in the Recreation
Hall.

NEWSY BUDGET FROM ANNAPOLIS

Masonic Bridge And Dance Great Suc-
cess.—Presentation by Dr. Augustus
Robinson.—Owen-Wheaton
Nuptials.—Quarterly Meeting
ing Historical Association.
Annapolis Royal.—The Masonic
"Bridge and Dance" on Thursday
evening was a most enjoyable affair,
and largely attended in spite of rain
and bad roads. Tables were arrang-
ed upstairs for "Bridge" and "Forty-
fives," and the hall down-stairs was
beautifully decorated and used for
dancing. Music being furnished by
Rippeys Orchestra. Many tasteful
and striking costumes were worn.—Cross
Word Puzzles being considered the
most original. Mrs. F. W. Harris and
Mrs. R. S. Miller acted as chaperones.
During the evening an interesting
presentation was made by Dr. Augustus
Robinson, who gave to the Lodge, an
oak cabinet, containing a lamb-
skin apron, with hand-painted Masonic
emblems, which had originally be-
longed to George Ryerson, formerly
of Brooklyn, N. Y., born Dec. 22nd,
1742, died Sept. 22nd, 1842. The
widow of his grandson, George Ryerson,
presented the apron to Dr. Robinson
about forty-five years ago. Daniel
Owen, K.C., made the opening speech
for the occasion, and Mrs. Edwin
Gates, the town's oldest inhabitant,
and a direct descendant of George
Ryerson, unveiled the cabinet. Dr.
Robinson requested that the apron be
worn at the yearly installation cere-
monies, and was thanked by the Wor-
shipful Master, Dr. Lawrence B.
Braine.
Mrs. W. A. Kinney of Bridgetown,
arrived on Thursday to visit her
daughter, Mrs. G. W. Bellevue.
Mrs. Thomas Buckler, of Middleton,
is the guest of her cousin, Mrs. S.
Rippey.
Mr. Kenneth L. Crowell, of Bridge-
town, attended the Masonic function
on Thursday evening.
A wedding of interest to many Nova
Scotians, took place at Pawtucket, R.
I., on Saturday, Feb. 7th, when Miss
Dorothy Evelyn Wheaton, daughter of
Dr. and Mrs. James L. Wheaton, be-
came the wife of James Collins Far-
ish Owen, younger son of Mr. and
Mrs. J. M. Owen of Annapolis Royal.
The ceremony was performed in St.
Paul's Episcopal Church, and the
bride, beautifully gowned in her
mother's wedding dress of brocade
of blue and Duchesse lace, with veil
of net and lace, and Empire bouquet
of lilies of the valley, was attended by
a maid-of-honor and three brides-
maids. The best man was Thomas A.
Clarke of Providence, and among the
six ushers was Dr. Ralph B. Thomas
of Jersey City, N. J., only son of Mr.
and Mrs. A. D. Thomas of this town.
On their return from their wedding
trip, Mr. and Mrs. Owen will reside
on Rochambeau Avenue, Providence.
The bride has been a visitor at Mil-
ford for several summers, and Capt.
Owen's service as aviator during the
late war, and long imprisonment in
Bulgaria are well remembered.
The Quarterly Meeting of the His-
torical Association of Annapolis Roy-
al was held on Monday evening 15th
in the Town Hall, with the President,
Mrs. J. M. Owen, in the chair. Mr. G.
W. Bellevue, the new Secretary, read
the minutes of the Society, followed
by Mr. L. M. Fortier with a paper on
"The History of the Roman Catholic
Church in Annapolis Royal." Mr. For-
tier described the beginning of the
church in Port Royal, the first bap-
tism in Canada—that of the old chief
Memberton—and followed up the
many changes in its history, referring
at the last, to the Jubilee of Rt. Rev.
Monsignor Grace, celebrated here in
1922. At the close of the address Mrs.
R. P. Gorham sang in a most charm-
ing manner, an Acadian hymn and
Britannia lullaby, first translating and
explaining them. Some relics of
French habitation were also shown—
the old Missal used in the Acadian
churches, an iron set for baking altar
breads, an Acadian cradle and chair,
and a photo-sta of a letter from
Thomas Chandler Haliburton to the
Abbe Signone, concerning some legal
transaction. The May meeting
will be the occasion of the unveiling
of a memorial to the Baronets of
Nova Scotia, when Rev. W. Bruce
Muir will be the principal speaker,
and a portrait-general of Sir Fenwick
Williams will also be unveiled.
Mr. and Mrs. Percy Farnsworth left
on Friday for a visit to relatives in
Boston.

TO OUR SUBSCRIBERS

At this time of the year, we are
sending out our subscription ac-
counts. We respectfully ask that
you will be prompt in your remit-
tance. Your account is small, no
doubt, but when there are hun-
dreds of small accounts just like
yours the total amounts to a large
sum of money.
When paying your account we
would ask you to purchase a pos-
tal note or money order from your
postmaster or an express money
order. If this is not possible please
add sufficient to your check to
cover the exchange as we cannot
accept checks for \$2.00 when we
have to pay 15 cts. to the bank.
We solicit your aid and co-opera-
tion in this matter.

PREVENTION OF CRIME ABLY TREATED BY DR. LIDDY OF MT. ALLISON UNIVERSITY.

Crime and its prevention was the
subject of a very interesting lecture
here on Thursday evening last by Dr.
Liddy of Mount Allison University
staff. Reference was made at the
opening to the unenviable crime re-
cord of the United States and the
administration of Criminal Law there
which the American Chief Justice
Taft had referred to as a disgrace to
civilization.
Retribution and repression methods
in connection with crime were inter-
estingly discussed also the question
of mental defects and the propaga-
tion of criminality. Segregation
and supervision was recommended
for the sub-normal, unfortunately
there was not as yet such an institu-
tion in the Maritime Provinces.
Need of mothers allowance legisla-
tion which prevails in 41 states of
the American union and also in the
majority of Provinces of Canada was
stressed. A commission was appoint-
ed in 1919 but action thus far has not
been taken.
The importance of Juvenile courts
was also fully discussed and the va-
lue of prison farms. Interesting dis-
cussions took place after the lecture
and the lesser number of crimes in
Great Britain as compared with some
other countries, such as the United
States, was attributed to splendid de-
fective system and the unerring cer-
tainty of crime being detected and
punished. A vote of thanks was moved
by Dr. Armstrong, seconded by O.
S. Miller and passed enthusiastically.
The subject of the lecture by Dr.
Nichols of Dalhousie University Tues-
day will be, "The Struggle for Life.
How the Body Protects Itself Against
Diseases." The lecture will be given
in the class room of the United
church.

FORMER LOCAL MAN HELD UP IN CALIFORNIA.

Intimation was conveyed here by a
San Diego, California paper, that Mr.
Ernest Williams formerly of this town
and son of Mr. and Mrs. Bert Wil-
liams of Washington Street, was held
up in that city by two men each
carrying pistols and was relieved of
\$32. The scene of the hold-up was
near Valley Bridge, Murphy Canon.

PARADISE.

Paradise.—Mr. Fred Worthylake is
seriously ill in the Memorial Hospi-
tal, Middleton, where on Feb. 16th he
underwent a critical operation for ap-
pendicitis. The communities sym-
pathies are extended to the mother
and relatives during the days they
await a hopeful assurance of an
early recovery for Mr. Worthylake.
The Women's Institute met Friday
afternoon, Feb. 13th with Mrs. Burke
at the Paradise Inn. Considerable
business was handled with the Pres.
Mrs. R. S. Leonard in the chair. A
committee to arrange a public tea
and entertainment was appointed.
Place and time will be announced in
the near future.
The Church Aid Valentine Supper
and Social held in the church vestry,
Feb. 12th. Owing to unfavorable weath-
er conditions business at the Valen-
tine Post Office was not as brisk as
was expected. However, the unusu-
ally good supper was provided and
thanks to the co-operation of the
Willing Workers, a goodly number of
well earned dollars were added to the
treasury.
Several couples from among the
younger set enjoyed a moonlight
sleigh drive to Middleton on the eve-
ning of February 9th, where they spent
several hours skating, satisfied keen
appetites with a timely lunch and
sometime later arrived home certain
of having had a good time.
Rev. W. H. Rackham of Lawrencetown
recently gave a stereopticon lec-
ture in the Paradise church vestry at
which time he placed on the screen
some typically characteristic and
daily appreciated pictures from the
class room of the United
church.

THOROUGH INVESTIGATION NEEDED.

The Conciliation Board appointed to use its good offices in an attempt to settle the industrial difficulties at the Cape Breton Collieries has concluded its sessions without being able to accomplish any tangible results. As conciliation failed to get company and men to a common agreement there was nothing further to be done by the Board which accordingly concluded its sittings.

The Lemieux Act has been declared ultra vires by the Privy Council and some other means must be found of dealing with the difficulties. A proposition from the men of a four months truce with a full equity in points of dispute looks fair enough on its face. These yearly disputes between Company and men are disastrous to industry, disastrous to local business and improvements where they take place and disastrous to the Province at large.

The third party, the outside public is interested as well as the direct participants in the industrial troubles and entitled to know why this disturbance and commotion goes on every year. Bolshevism and Red Propaganda cannot explain the situation. The Reds have been dethroned from official positions in the U. M. W. but disputes and difficulties are as life as ever.

The question should be settled this year and settled good. This can only be done by a thorough and impartial enquiry. There is at the present time talk of a Royal Commission being appointed from Ottawa but the public are getting sick of Royal Commissions which draw down fat salaries and usually wind up by telling the country a few facts which the majority of thinking men already knew. The question of mines comes under the purview of our own local government and we incline to the view that good results might be secured by their appointing a Commission to go fully into this matter. It is not necessary to go to Ottawa for a commission. Our own local parliament has the power and authority to go into the matter and by attempting to solve it is doing only a plain duty. Its solution would be heartily welcomed by the entire population of the Province barring a few Red Socialists and Bolsheviks.

Press Comment

MATHEMATICAL MODESTY.

Chicago News: Chicago's population, according to the carefully considered estimates of the Federal census officials, now exceeds 3,000,000, and that of Greater Chicago, including the suburbs within ten miles of the city limits—is more than 3,700,000. That Chicago, because of its energy and enterprise and its exceptionally advantageous geographical position, is destined ultimately to be the largest city in the world is the settled belief of many persons. For them it is not a question of speculation, but virtually of mathematical calculation. And there are only London and New York—and perhaps Berlin and Paris—to be passed.

THE TIMES ARE OUT OF JOINT.

London Daily Express: In spite of the skill of the British workman, in spite of the vast financial resources and the high credit of this country,

port the conclusion that nearly all juvenile delinquency is the fruit of parental delinquency, and that in correcting the child the court serves well enough in a superficial way, but wholly misses, because it lacks the jurisdiction, the fundamental problem which is home reform. After the child gets into court, both it and its parents can be taken in for the best interest of the State, but the case comes to the judge five to fifteen years after it can be adjudged to best advantage.

SHIPS ON THE SCRAP HEAP.

Glasgow Herald: When the revival in trade does come those ships which cannot compete economically with tonnage constructed within recent years will have to be taken out of service. There is still a very large number of such ships, many of them laid up, but still potential competitors in the freight markets of the world, and many others operating only because the loss on service is less than the cost of laying up. No vessel built before the war or in that period of hectic activity dominated by the standardized construction of the later war years, can compete effectively with the highly specialized and up-to-date ships which are now being built, and one of the first results of a real revival in trade must necessarily be the relegation of an enormous number of perfectly seaworthy, but obsolete, vessels to the scrap heap.

FRANCE AND MOROCCO.

London Times: Marshal Lyautey, that great French administrator, expressed to our Foreign Correspondent recently some anxiety as to the effect of the administration of Spain in the Moorish in the French Protectorate of the abandonment of Spanish pressure on the Rif. This anxiety is entirely justified. France certainly has no desire to undertake the task of subduing or restraining those reckless hillmen, yet the new boundary problem cannot be ignored. The action taken by the Marquis de Estella was wise and necessary in the interests of the administration of Spain. It is a decisive measure in the direction of stable and normal government; but, incidentally, it has had the effect of throwing into a still clearer light the new temper of the Moslem peoples. There is a community of general ideas and hopes and dreams from the Rif to Anzora, and Marshal Lyautey wisely insists, in face of those new developments, on the need for common thought and common action among these European Powers—particularly Great Britain and France—who are in the closest contact with the restless world of Islam.

CROSS WORDS.

Manchester Guardian: The complete "cross-word" enthusiast is led up hills of chemistry and into dales of botany, he must even put his nose to the English grammar and be quite sure where the species "adverb" begins and ends. The thing beneath the word need not excite him; it is the raiment of letters that he seeks, and he must be sure to get them in their proper order. The young lady who thought that to write was to hunt man but to spell divine might profit by the new pastime, but people who are more deeply interested in things than in words will wonder, like the charity boy, confronted with the alphabet, whether it is worth going through so much to learn so little. However, the nominalists appear to be a large, happy, and busy faction, but this only increases one's fears as to the fate of a family in which there should be a lonely realist railing at all this quest of the shy noun or dim, elusive epithet. May not the result of such a clash become upon occasion—cross words?

PARENTAL RESPONSIBILITY.

Indianapolis News: Some judges go so far as to declare that in from 75 to 90 per cent. of the cases brought to their attention, the trouble began in the child's home at an early age when it could only set its course by home standards. A child neglected by its parents before it goes to school, may be set on the right course in school, but such children often have neither the discipline nor the curiosity to derive more than a meagre benefit from school work. These observations sup-

PAINS IN BACK AND SIDES

Ended by Taking Lydia E. Pinkham's Vegetable Compound

Fustler, Sask.—"For two or three days every so often I would have such pains in my back and sides that I could not do anything—could not even lie quietly in bed, and my head ached, too. I was this way about three years, but was worse after I was married. I was on a farm with not a house nearer than five miles and there was not a person to advise me, as my folks live in Manitoba. My sister-in-law told me about Lydia E. Pinkham's Vegetable Compound and told me to try it. I took her advice and have been thankful for it ever since. After taking the medicine for three months I can say it has helped me a lot and I am doing fine. I am glad to recommend the Vegetable Compound to others and you may publish my testimonial."—Mrs. HELEN BALANOFF, Fustler, Saskatchewan.

Often some slight trouble will cause a general upset of the system. Such symptoms as nervousness, painful times, irregularity, backache and headache indicate some form of female weakness. Women who bother should give Lydia E. Pinkham's Vegetable Compound a trial. This dependable medicine has helped thousands of women and it is reasonable to expect that it will help you. Try it today. Your druggist sells this medicine.

COL INNES RESIGNS.

To Become Manager of The Maritime Provinces Development Association. Ottawa—Lieutenant-Colonel R. Innes, for the past six years agricultural director of the Soldier Settlement Board of Canada, has resigned to become general manager of the Maritime Provinces Development Association, an organization recently perfected in the Atlantic Provinces to promote the interests of that part of the Dominion.

During the time Colonel Innes was with the Soldier Settlement Board he was responsible for the general administration of field supervision.

PROTECTION OF INDUSTRY.

Times of India: A decision has been come to by expert economists and business men that the Indian steel industry will repay protection and the decision has been endorsed by the elected representatives of the Indian people. If the decision is to be carried out it must be carried out thoroughly without too much counting on the immediate cost. It is easy to say that the country cannot afford to protect the steel industry beyond a certain point, but the burden on the taxpayer and the consumer beyond that point is intolerable. But the country cannot have it both ways. If it wants to build up a strong and prosperous industry—and the advantages which the country will eventually derive from such a consummation are incalculably great—it must be prepared to make sacrifices. If it is not prepared to make these sacrifices, then it had better cease talking about the industrial future of India and prepare itself to relapse into the condition of a plantation producing raw materials and importing all its manufactures.

CHURCH PEOPLE HONOR 85 YEAR OLD MEMBER.

Lawrencetown.—At the home of Deacon W. B. McKeown, on Saturday evening, a number of the members of the Lawrencetown Baptist church, including the pastor and deacons and their wives, with other officers of the church and members of the choir, assembled to honor Mrs. McKeown, on her 85th birthday.

The evening passed in singing and social converse, after which an appropriate address was read by the pastor, Rev. A. H. Whitman, following which Deacon J. S. Hatt, on behalf of the friends present, presented to Mrs. McKeown a fine work-stand.

Both Deacon and Mrs. McKeown are held in high esteem by the people of Lawrencetown.

Following is the address: To our Esteemed Friend and Sister, Mrs. William B. McKeown,

We your friends and members of the Lawrencetown Baptist church and congregation would take this opportunity on this the occasion of the eighty-fifth anniversary of your natal day of expressing to you our sincere love and regard for you and of extending to you our heartiest good wishes that you may yet observe another and another and yet, and yet another such anniversary.

We regret, that on account of certain physical infirmities which have befallen you in recent years, you have been debarred from attending the services of the church and of meeting with your friends in the social functions held.

We miss you very much from the gatherings but we are cheered by the assurance that you are ever with us in spirit and that your loyalty and

VIOLATOR OWL MADE REIGN OF TERROR IN LUMBER CAMP.

Sheet Harbor.—The killing of an owl measuring 5 feet three inches from tip to tip of wings, at Dauphin's lumber camp near this place, brought to a close a mild reign of terror in which the bird had figured as chief actor.

For several weeks the owl had been making vicious night attacks on the men employed by the A. W. P. Co. at the camp, and in three attacks severe wounds were inflicted with claws and beak, one man barely escaped having an eye torn out. The others were badly scratched about the face and head. Several men were attacked by the bird on different occasions but all but three were able to reach shelter without injury.

Last night Grant Melsener, one of the men who had been injured by the owl, secreted himself, before dusk near the bird's nest, and after two hour's patient watchfulness he managed to get a shot at the nocturnal prowler as it prepared to sally forth, and brought the terrorizer to earth.

The owl will be sent to a taxidermist to be stuffed, and will be kept as a trophy in the camp.

FAULTY NUTRITION

Many of the ailments of grown people may be traced to faulty nutrition. Well-fed children or adults withstand weakness better than those who are indifferently nourished.

Scott's Emulsion

supplies the weakened child or adult with food-factors that other foods often fail to furnish in useful volume.

Not a great deal of Scott's Emulsion is needed—but a little regularly often means restored vigor and strength to those who are rundown in vitality or who are weak.

APPLE-BUYER MAY LOSE \$15,000 IN BIG FRUIT FIRM'S FAILURE.

Berwick.—As an echo of the financial difficulties of the big English fruit firm of Northard and Lowe hundreds of writs and attachments have been issued against that firm during the past two weeks. Thousands of barrels of apples have been removed from the Northard and Lowe warehouses by different people claiming them under sellers' lines. Prolonged and heavy litigation is in prospect.

One man near Middleton stands to lose in the neighborhood of \$15,000. This man was buying for Northard and Lowe, and paying cash to the farmers. In time he got his money from the proceeds of drafts on the English firm. It is understood that he cashed about \$10,000 worth of drafts on England within the last month, all of which were dishonored, and he is now indebted to the bank for this sum.

THE FRIENDS OF DAY GONE BY.

Oh, friends who gladdened vanished years,
Your dear, dear faces glowing fair,
On memory's love-lit wall;
Though change and distance brightly beams
Each earnest, truthful eye,
For friendship's portraits never fade,
Dear friends of days gone by.

Your kindly love and cheering words
Made smooth life's rugged ways,
Your smiles were sunshine in the gloom
Of sorrow-clouded days;
Oh, peaceful, happy be your paths,
Though far from mine they lie,
And oft in spirit may we meet,
Sweet friends of days gone by.

My heart is full of grateful thoughts
And faint would breathe in song
The deep devotion, fervent, true,
That has been yours so long;
But far too weak are words to tell
Of love that never can die—
God bless you all forevermore,
Dear friends of days gone by.

OBITUARY.
Miss Eunice Jones,
Digby.—On Monday Miss Eunice Jones, the last one of the family of the late Robert Jones, of Brighton, passed away at Weymouth North. She was 86 years of age. Although infirm and with sight impaired, her interest in her church never failed. A funeral service conducted by Rev. M. Taylor was held at the home of Miss Rosa Jones, with whom she resided during the last two and one-half years. Interment took place at Marsh-shalltown, where service was also held in the Episcopal church.

When Victoria, the evergreen city of the West bids you welcome, which it will whenever you choose to visit the capital city of British Columbia, it will "say it with flowers," and at most unexpected times and places will present bouquets for your appreciation throughout your stay, whatever the season may be.

What an extraordinary city this is. Though very young compared with many other cities on the Continent it has, no doubt through the agency of its temperate climate, drawn about itself such a mellowed atmosphere as is usually associated with more ancient places. What- ever is offensively new is given a covering or a background of foliage and flowers and it soon fits into the general scheme of things Victorian. Even down in the business and shopping districts where there is much concrete and paving you will find your flowers, suspended, of all

Drastic Amendments Proposed For Ontario Temperance Laws.
Toronto.—Concurrent with Premier Ferguson's new temperance law amendment to permit the sale of 4.4 per cent. beer in Ontario, will come additional amendments, the effect of which will be to provide jail penalties, without the option of a fine upon persons commonly known as bootleggers. Premier Ferguson vigorously denied the imputations cast at him by "dry" leaders of having committed a breach of faith in bringing down stronger beer legislation.

REPORT Supt. COUNTY HOSPITAL
To The Warden and Councilors of The Municipality of Annapolis County.
Gentlemen:—I beg leave to present the following brief report of the Annapolis County Hospital for the year ending Dec. 31st, 1924:

Table showing Admissions, Deaths, etc., Enregistered Dec. 31st 1923	41
Admitted	6
Died	47
Enregistered Dec. 31st, 1924	43

The above statistics show that there were six admitted during the year; five from the County, and one from the town of Bridgetown; of the five belonging to the County, one was transferred from the N. S. Hospital.

The health of the patients as a whole has been good during the year; the usual employment and recreation have been provided for such as were able and willing to participate in the various activities. Various repairs incidental to an institution of this kind have been attended to during the year, and several minor improvements have been made in various departments. A long felt want has been supplied in the installation of an Electric Washer; this has relieved a serious problem with which we have been confronted for some time in carrying on the work of the Laundry.

An additional safeguard against fire has been provided during the year by the installation of Lightning Rods. This when properly done is a perfect safeguard against lightning. The rate of insurance has also been lowered since the buildings have been rodded.

It might be well at this time to recall the fact that two years ago the Hospital was struck by lightning, but fortunately, without serious damage. We have, however, since that time, been somewhat panicky during an electric storm. The rods I am sure will relieve us of at least one of the terrors that so often beset us.

A number of splendid entertainments have been provided by local talent, and under the auspices of the several Churches in Bridgetown. The usual Xmas tree and entertainment was provided again this year, and was thoroughly enjoyed by all who were able to be present. Those who were not able to be present received their gifts at the Institutions. To all who contributed toward the above we extend a hearty thank you.

We are indebted to Dr. Jost, the Baptist Deacons, and the various Clergy of the Town for religious services during the year. We are also indebted to the Editors of the Weekly Monitor and Annapolis Spectator for the usual supply of papers. Both papers have been regularly received and are appreciated by many who are interested in the news of the County.

In concluding, I wish to have the opportunity of expressing my appreciation of the many acts of courtesy and assistance accorded me in the discharge of my duties.

Your obedient servant,
A. F. HILTZ,

The eighth fire broke out August 4th at Hastings, only got over about one quarter of an acre, did no damage and only cost \$6.50 to put it out, origin unknown.

The ninth fire broke out August 4th at Port Wade, Lower Granville, burned over about three acres, did no damage, but cost about \$40.00 to put it out, burning very deep in the ground, origin unknown, but supposed to be berry pickers, as it started in a raspberry patch.

The eleventh fire broke out August 5th at Torbrook Mines, burned over twenty-five acres second growth wood, valued at \$50.00, and cost about \$60.00 to put it out, caused by one Aubrey Crouse burning brush, I laid a charge against this man for unlawfully setting fire. He was brought to trial, convicted and fined \$50.00 and costs \$4.00.

The eleventh fire broke out August 7th at Lake Pleasant. I was notified to come at once and when I arrived there found the fire in Lunenburg County (after tracing the line) and assuming very serious proportions, threatening both villages of Springfield and Lake Pleasant, and crossed the line into Annapolis on the 9th and burned over about fifty acres second growth, estimated value \$200.00, and cost over \$300.00 to put it out, origin unknown.

The sixth fire broke out July 11th at Granville Centre, started by one Frank Hale burning brush, only got over about one quarter of an acre, did no damage and did not cost anything to put it out, Mr. Hale looking after it. I was notified about this fire by W. A. Livingstone, Barrister-at-law, who owned or was in charge of a well timbered property adjoining there found it was started in such an extremely dangerous place surrounded by old pulp wood operations, with a strong wind blowing, I laid a charge against Mr. Hale for setting fire without permission, but the day of the trial Sub-Ranger Kearns came forward and swore he had given Mr. Hale verbal permission to burn and he was acquitted.

The seventh fire broke out July 21st at Eleven Mile Run, about five miles south of Milford, burned over about one acre, did no damage, but cost about \$20.00 to put it out, including transportation with canoes, burning very deep in the ground. I held an investigation as to the origin of this fire, but could not find out anything, but am of the opinion it was picked.

Stimulate Your Business by Advertising Victoria Will Say it With Flowers

When Victoria, the evergreen city of the West bids you welcome, which it will whenever you choose to visit the capital city of British Columbia, it will "say it with flowers," and at most unexpected times and places will present bouquets for your appreciation throughout your stay, whatever the season may be.

What an extraordinary city this is. Through very young compared with many other cities on the Continent it has, no doubt through the agency of its temperate climate, drawn about itself such a mellowed atmosphere as is usually associated with more ancient places. What ever is offensively new is given a covering or a background of foliage and flowers and it soon fits into the general scheme of things Victorian. Even down in the business and shopping districts where there is much steel and going you will find flowers, suspended, of all

the gateway to a land of enchantment. Hundreds of miles of good motor roads thread Vancouver Island through the virgin forest in which the biggest firs on the continent grow wading round mountain peaks and running out again here and there to the shore line. With its chief city, Vancouver Island is coming into its own as a Mecca for the pleasure and health seekers. For the convenience of the increasing number of tourists who visit the Island the Canadian Pacific Railway has built two of the most magnificent appointed vessels on the West coast, to ply between Vancouver, Victoria and Seattle, and for their recreation and pleasure a huge Crystal Garden is being built, to be completed early in spring and to feature the largest salt-water swimming pool on the continent. However, Victorians pride themselves on the fact that their chief attractions are not of an artificial nature which, in these days of publicity campaigns, is much more than can be said of many other fashionable resorts.

CENTRAL CLARENCE.

The Misses Vera and Gertrude Davies leave soon for Long Island to enter a hospital there for training as nurses.

Mr. James Summers of Deep Brook spent a short time this week with Mr. and Mrs. M. C. Marshall.

Mr. Edwin Whitman of Cambridge, Mass., has been visiting at his old home here. He has disposed of his property to J. W. Spross and has made his furniture for shipment to U. S. where he and family will permanently reside.

Mrs. Charles Nelly of Brooklyn, spent last week with Mrs. Everett Spross. The latter is recovering from an attack of the grippe.

Miss Jean MacDonnell has gone to Glouce Bay for an indefinite time.

Harold Marshall of Halifax, spent the week-end with his parents, Mr. and Mrs. Edward Marshall.

The students attending the short course being held at Lawrence town, visited V. B. Leonard's farm on Wednesday afternoon.

The Crokinole Club met on Saturday evening at the home of Mr. and Mrs. G. I. Salter. A very pleasant time was spent.

VICTORY.

A number of young people of this place spent a very pleasant evening at Mr. and Mrs. R. A. Serock's, Clements, Feb. 9th.

Mrs. Elsie Cross is spending a few days with friends and relatives at Smith's Cove.

Mr. and Mrs. Joshua Simpson spent Sunday, Feb. 8th with Mr. and Mrs. Stewart Potter, Clements.

Miss Lillian Campbell, spent the week-end with her parents at Bear River East, Feb. 7th and 8th.

A number of the children have contracted the whooping-cough which is prevalent in other communities.

Sorry to report Miss Beatrice Rosebrants on the sick list. We wish her a speedy recovery.

UPPER GRANVILLE.

The new barn is safely housed and somewhat earlier than usual, fortunately stored before the late snow.

We understand Mr. M. Kelly and staff hauled about four thousand cakes with an average thickness of twenty inches. Mr. Robert Kelly reported to have reached the century mark, and upwards, tied nine bundles of shingles one day recently besides doing many other useful things suitable to a boy of his age.

Local accidents to man and beast have been rather prevalent, none however, very serious.

It is rumored that Mr. and Mrs. Ralph Berry will remove shortly to their farm in this vicinity. They will be cordially welcomed as the best of neighbors.

Now came cold February sitting in an old wagon, for he could not ride, drawn of two fishes, for the season fitting, which through the flood before did safely slide, and swim away, yet had he by his side his plough and horses fit to till the ground, and tools to the pruned trees, before the grippe of hastening prime did make them bourgeois round.

SOFTLY SLIDE.

WEDDING.

Wheelock-Daniels.

A very interesting event took place at the home of Mr. and Mrs. Norris Daniels, West Paradise, Tuesday morning at 10 o'clock, when their daughter, Eugenie May, was united in marriage to Henry Fletcher Wheelock son of Mr. and Mrs. A. J. Wheelock of Clarence.

The bride, who was given away by her father, wore a gown of white crepe de chene, entered the room to the strains of the wedding march, played by Mr. N. J. Daniels, an aunt of the bride.

After the congratulations to the happy couple, refreshments were served by two girl friends of the bride, Misses Maude Daniels and Elsie Sheridan.

The gifts were numerous and costly, including several cheques, showing the esteem in which the young couple were held. The groom's gift to the bride was a substantial cheque.

The bride's going away dress was brown wool crepe, worn with hat and coat to match.

The happy couple then took the train at Bridgetown for Boston and other American cities, amid showers of confetti.

Mr. and Mrs. Wheelock will reside at Clarence.

PEROTTE.

Charlie Ramsay of U. S. A. is visiting his parents, Mr. and Mrs. James Ramsay.

Edith Goldsmith of Annapolis, is spending the week-end with her grandmother, Mrs. R. Copeland.

We are pleased to say that Mr. Copeland, who has been in very poor health for about a year, is improving in health and is able to be around the house again.

YARMOUTH MINISTER

RESIGNS PASTORATE.

Yarmouth.—At the regular midweek prayer service of Zion United Baptist church, last evening, the pastor, Rev. Marshall S. Richardson, tendered his resignation to take effect about the last of March. Mr. Richardson came from Bridgetown, and during that time Zion church and congregation under his administrations has prospered.

He has for some time been considering removing from Yarmouth, and has just received a call to the pastorate of the Highfield Street United Baptist church, in Moncton. This is a handsome new church of brick, just completed at a cost of \$100,000, with a membership of eight hundred, and the Sunday School an enrollment of seven hundred. The action of Mr. Richardson is keenly felt by the adherents of Zion church and on Wednesday evening action in accepting his resignation was deferred.

Whitman, Margareville; Rev. A. H. Whitman, Lawrencetown; also Rev. H. H. Phinney, pastor of the Lower Aylesford Church, from the Kings County District.

In the absence of the moderator Rev. W. Brown, D.D. and the Vice Moderator, Rev. G. C. Durkin, Rev. A. H. Whitman was appointed Moderator (pro tem). The afternoon session was devoted in part to routine business, including the matter of church finance as this applied especially to the work of raising denominational funds and of caring for special appeals.

A paper was read by G. C. Hartley (Lic.), his subject being "The Bible and the Home."

Rev. Donald Djon, of Springfield, who recently came from Scotland, gave an address on "The Evidence of regeneration."

In the evening the devotional service was led by Rev. M. B. Whitman, followed by a sermon was delivered by Rev. Frank Smith, of Deep Brook, his subject being "What can Christ do for the Morally Upright Man?"

Rev. H. H. Phinney of Kingston Village, and Mrs. Morehouse of Kingston, each sang a solo.

Two resolutions were passed unanimously, one expressing sympathy with the Moderator, Rev. M. W. Brown, D.D., and hoping for his speedy recovery; and the other extending the heartfelt thanks of the District Meeting to the entertaining church and its pastor for their hospitality and to the choir for inspiring music.

Inmates at Home at end of year 49

These are made up of 15 men, 15 women, 3 girls and 4 boys.

The general health of the inmates of both institutions has been good and we have not had any acute epidemics or m. l. acute sickness.

All deaths have been from long standing ailments. One patient at the Hospital was operated on at the Middleton Hospital during the year for Abdominal cancer, and has made a good recovery. Quite a number of patients at both Hospital and Home are bed patients and have been thus confined from a few months to as many years.

On the whole the morale of the inmates of both institutions is good and they are a cheery and bright family

and no case beyond this starting place have developed, and so deaths in all of these cases I was unable to trace the source of infection further than to suspect that there must have been a common carrier of these germs or a mild case that spread the disease without manifesting any of the common symptoms. Under such conditions no one can be in any way blamed for an outbreak of this disease.

These outbreaks of Diphtheria are always alarming in a community and interfere with business and the daily life considerably and in our Municipality where summer visitors are quite generally distributed, as temporary residents or boarders, the alarm from these outbreaks or other contagious diseases is quite a serious matter to both boarders and those interested in them but by early isolation and intelligent observation of the regulations laid down by the Provincial Health Dept. a community can feel quite secure and have ample safeguards so that a minimum amount of inconvenience will be given to regular business or to the family that has been affected with the contagion.

From observations of these outbreaks of Diphtheria and also Scarletina for many years now, I have seen many times that the outbreak usually are very often, almost invariably, dealt with when they are quiet as innocent as their alarmed neighbors, regarding their affliction, and should not be harshly dealt with by their neighbors under these conditions but should have humane and christian sympathy in this land. At the same time if the regulations are carefully carried out, as now explicitly given by the Health Dept. and should be in the hands of every local health board or other interested party, there would be no need of undue alarm or panic in these cases and very little disturbance would be occasioned unless the disease occurred in a hotel or school which would complicate matters more, but there need not be any panic even under such unlikely conditions.

Scarlatina appeared at Springfield and gave the local health board considerable anxiety. Councillor Grimm's long experience in quarantine work stood him in good hand and he was able to deal firmly with the situation and very successfully. In this disease the infecting agent is not known, and while it is not as contagious a disease as many others, yet on account of its unknown quantity, the disease is often passed along and gives more trouble than the more virulent contagion of others. In Scarlet Fever the early isolation of the sick is very necessary as at this period the danger is greater than the later stage of "spealing".

I should tell you again that we have not had any Smallpox for another year, and this leads us once more to remind ourselves that these improved conditions may be due to the very general vaccination that is being carried out throughout the Municipality.

As far as I know, we have not had any cases of Typhoid fever the past year.

During the year I have been called frequently to adjust difficulties here and there in the Valley or along the shore settlements where some sanitary conditions have been complained of and were more or less of a public nuisance and required a word of advice from some one to set right.

The growing Tourist business and many summer visitors that pass through the Municipality and remain for a longer or brief period is an extra incentive for us to have all unsanitary or unseemly rubbish destroyed and it is a wholesome sign that our people are much more sensitive about these things than they were a few years ago. Our local health boards in each Polling section, and Health Inspectors as well as well as every household should see that everything that is offensive to the eye, to the nose or to the comfort of our public, or the stranger within our gates, is removed or destroyed, or made wholesome and sanitary.

I have heretofore called your attention to complaints coming to me regarding Fox Ranches. Within the last few years this industry has become a very important one in this Municipality, and a word of warning seems necessary that these Ranches be built a good safe distance from the highways and also where prevailing winds will not interfere with the health or comfort of the immediate neighborhood. Foxes, unlike the farmers flocks of a thousand hills, must live in confinement the entire year, and they bring to the neighborhood unsavory odors of animal and feed that must be regulated. The Public Health Act (Sec 81) provides that Ranches are under the supervision or care of the local board of health, and are to be conducted under conditions "not detrimental to the health and comfort of those living in the vicinity."

A little care and judgment in locating these ranches when they are being built would prevent annoyance to all concerned.

I need scarcely remind you of the many new activities and demands that are yearly coming to the attention of the Public Health Department of Governments, by a science that has grown very much in importance during the last quarter of a century and

means an increased span of life and an increased measure of health and comfort to our population and must be shared in by all governments from the community to the federal or national.

Thanking you Mr. Warden and your Council for their support and sympathy during another year in carrying on the work entrusted to me.

I remain yours faithfully,
M. E. ARMSTRONG,
Medical Health Officer

REPORT OF COMMITTEE ON INSANE
To The Warden and Councillors of The Municipality of Annapolis Co.

Gentlemen:—We, your Committee on Insane, beg leave to report as follows:

We examined the accounts from the Nova Scotia Hospital and find we paid for the support of our patients at this institution for the year 1924 the sum of \$6113.15.

We recommended that the sum of \$2500.00 be placed in the presentment to cover the expenditure for the current year.

Respectfully submitted,

N. S. TEMPERANCE ACT ACCOUNTS AND INSPECTOR'S REPORT.
To The Warden and Councillors of The Municipality of Annapolis County.

Gentlemen:—I hereby beg to submit to you my report as Inspector under the Nova Scotia Temperance Act for the period of six months beginning July 12th, 1924, up to January 12th, 1925.

During that time I have to the best of my ability made strenuous efforts to enforce the law. To a new Inspector there are many difficulties to overcome and many things to learn.

Seventeen searches have been made since I assumed office. Eleven search warrants were required. Six were executed without warrant. Seven cases were brought before the court with the following results: the court One fine amounting to two hundred dollars and costs was collected. Two offenders were put in Jail.

One other case where a conviction was gained and a fine of \$200.00 imposed, or in default of payment of fine, four months imprisonment given, made this an illegal proceeding and the offender went clear because of the mistake of this magistrate.

There were three cases dismissed even although it appeared to your Inspector that the charges of violation of law had been sustained.

There is to my mind an increasing interest in the enforcement of the Temperance Act in Annapolis County. From many influential quarters appeals are now being made that must be attended to.

I am offering herewith a general account of expenses incurred during my tenure of office, with particular accounts annexed.

A Happy Childhood Is A Matter of Health.
Little children quickly get out of sorts but by prompt treatment they can just as quickly be set right again. Most of their troubles arise in the first place from the stomach and bowels; that is why a good clearing out is the first thing the doctor prescribes. Mothers' why not let Baby's Own Tablets keep your children well. Unlike that ill-smelling, rank tasting castor oil so dreaded by most children, the Tablets are pleasant to take and their action, though thorough, is gentle and causes no discomfort to either the baby or the growing child. Baby's Own Tablets are a never failing remedy for relieving constipation and indigestion; thus they break up colds and simple fevers, expel worms and make the teething period painless. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

MONTREAL MAN WAS FINED \$100. Because He Failed to Affix a Two Cent Stamp to a Receipt.

Montreal.—Because he failed to affix a two cent stamp to a receipt for \$18.58 as required by the Federal law, Almy Proulx, was condemned to pay \$100, to the Minister of Customs and Inland Revenue, by Mr. Justice Colquhoun in Superior Court.

The action was taken in the name of the King, against Proulx at the instance of the Dominion revenue officials.

It was alleged in the suit that Proulx, on June 29th, 1924, gave a receipt for \$18.58 to E. Berger, without affixing a stamp as required by the amendment to the Special War Revenue Act of 1915.

C. G. M. NO LONGER IN SHIPPING COMBINE.

Ottawa.—The Canadian Government Merchant Marine has withdrawn from the North Atlantic shipping combine, referred to in the House of Commons Monday afternoon, according to Hon. George P. Graham, Minister of Railways, when asked what would be the relation of the Merchant Marine to the ships of Sir William Peterson's company, which are to be subsidized by the Canadian government in an effort to bring down the ocean freight rates.

Mr. Graham explained that the Canadian Government Merchant Marine had withdrawn from the North Atlantic conference within the last year, and that it was not subject to the rates made by that body. Some arrangement would be made, he said, by which the Merchant Marine and the subsidized vessels would not operate in competition.

ST. VITUS DANCE.

Shows Through a Twitching of The Muscles of Face And Limbs.

Chorea, or as it is most generally known, St. Vitus dance, is a trouble that usually attacks young children, though older people may be afflicted with it. Its most common symptoms are a twitching of the muscles of the face and limbs. As the disease progresses the twitching takes the form of spasms in which the jerking motion may be confined to the head, or all the limbs may be affected. Frequently the patient is unable to hold anything in the hands or to walk steadily. In severe cases the speech is often affected. The disease is due to debility of the nerves and relief comes through an enriched blood supply, which feeds and strengthens the nerves. Dr. Williams' Pink Pills have been most successful in reaching this trouble through their specific action on the blood, which it enriches and purifies. The following instance will show what Dr. Williams' Pink Pills can do in this trouble. Mrs. S. E. Makins, Parry Harbor, Ont., says: "As a young girl I was badly stricken with St. Vitus dance. My parents tried several medicines, but without avail. I was steadily growing worse and could scarcely walk without falling. I had to quit school and had no control of my nerves or actions. Finally a neighbor advised the use of Dr. Williams' Pink Pills, and the use of these for a couple of months restored me, and I have had no attack of the trouble since. I have, however, taken the pills at different times since, when I felt out of sorts, and find them all you claim for them if given a fair trial.

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box from the Dr. Williams' Medicine Co., Brockville, Ontario.

COUNTRY FEEDS AND LEADS CITY SAYS LECTURER.

Dr. Prince Points Out That Majority of Men of Thought And Action Are Country-Bred.

Lawrencetown.—Dr. S. H. Prince, of Dalhousie University Extension Course, delivered a lecture at the Demonstration Building, Lawrencetown, Friday evening in connection with the Agricultural Short Course School and under the auspices of the Annapolis County Farmers' Association, J. S. Longley, of Paradise, presided, and a large attentive audience greeted the speaker.

Dr. Prince dealt with the subject of Rural Sociology, first explaining the meaning of sociology in general, stating that as biology was the science of life, sociology was the science of associated life—the science of living together; and then more definitely explaining the meaning of Rural Sociology—with its application to country conditions. To a large extent, he said, Rural Sociology was the same in principle as Urban Sociology for man is a grouping animal wherever found. The difference between city and country social conditions was largely one of organization, or lack of organization, the country not being so well organized for social work as the city.

In many places, the lecturer declared, "there are indications that the social wheels do not go round very well. Divorces, suicides, poverty child labor, and a high death rate all show that the social wheels do not go round as they should." Rural sociology believes in the policy of prevention rather than cure. They believe that it is better to place a fence at the top of the precipice than to have an ambulance below.

Our civilization, he said, rests upon the wholesomeness and attractiveness of the country. The country feeds the city. The country leads the city, for it has been shown by statistics that the majority of men of thought and action in the city came from the country. The city manufactures things. The country manufactures men. Men made the city. God made the country.

Country advantages may be summed up as follows:

1. A conservative type of mind.
2. Influence of isolation.
3. Influence of the order of nature and rule of law.
4. Influence of the out-of-door life leading to health of body and mind.

On the other hand, the rural dweller is not so socialized as the urban dweller.

1. He is more independent.
2. He lacks enthusiasm for co-operation.
3. He lacks pride in his occupation, agriculture.
4. He is possessed of a kind of fatalism, saying we are victims of circumstances.

The chief things to consider are health, education, occupation, and the value of society, and fellowship for the country dwellers. Churches and schools in the country should be better social centres, and provide opportunity for fellowship. Every rural dweller should have a full and complete life.

The lecturer closed by declaring that conditions today in rural districts were far better than in the past, and clearly pictured the conditions of the future.

COURT SETS ASIDE BEAR RIVER AWARD.

With the consent of L. A. Forsyth, counsel representing Theibert Rice of Bear River, an order setting aside an award of \$23,650, fixed by an arbitration board as the compensation for damage sustained by Theibert Rice, through the diverting of 1,500,000 gallons of water per day by the Bear River Pulp Company, from East Branch, Bear River, was granted on Saturday by the supreme court en banc.

When the case was called J. A. Walker, acting for the Pulp Company, said he believed Mr. Forsyth was willing to consent to an order to set aside the award.

In expressing his willingness to do this, Mr. Forsyth remarked that in his defence, due to allegations of unfairness he had been placed in a most unenviable position. He believed that that arbitrators had acted in good faith and he was sure F. W. W. Doane would be the last man who would want the award to stand if there was any doubt concerning it.

"I think I should say," declared the Chief Justice, "that so far as Mr. Doane is concerned, there has been no reflection on his integrity. Some of his remarks had been reported in a manner in which they had not been intended. He believed that Mr. Doane had gone into the matter in good faith."

An order to set aside the award with costs was granted.—(Halifax Herald.)

SNOWBALLERS FINED IN TOWN COURT.

Several youths about eighteen years of age or thereabouts were haled into Supt. Pay's court on Saturday afternoon and three were fined \$2.40 each, a fourth is out of town at present. Mr. Pay imposed a light sentence but promised a much severer one if similar offences take place. It appears that a large number of youths congregated about the Royal Bank corner on Sunday night and some of the number amused themselves by snowballing worshippers returning home from church. The fusillade was pretty strenuous for a short time till Chief Bishop appeared and dispersed the gathering. This is said to be the first time in the history of the town when persons were haled into court on an offence of this kind. The lesson administered will likely prove salutary.

Mr. W. R. Miller sustained painful injuries last week while pitching hay on one of his mows. The time came clear of the mow and he was precipitated over six feet to the floor of the barn landing on his head. The impact gave him a pretty severe shaking up but he will likely be pretty well over the effects of the fall in another week.

Dr. A. A. Dechman recently had a radio installed.

Mr. Deloroy, who lives down the Valley way, had an exciting experience and met with a heavy loss a week or two ago on West River where he was smelt fishing from a shack. Going ashore for a pull of water one morning he left a fire on and before he had gone far he saw that the shack was on fire. He ran towards the shack, but as he got close he was greeted with a fusillade of shots from two double barreled guns which he had left loaded and which the heat fired. The shots tore all around him and he had a narrow escape. The shack was a complete loss and with it went guns and some other effects, including a cat. (Picton Advocate).

The zentral proprietor of an hotel greeted a guest whom he had not seen for some time and enquired about a mutual friend. "Where is so and so?" asked the hotel man. "In St. John," answered the guest. "How is he on church union?" queried the hotel man to whom church union is the one vital question in life. He spoke a little low and the guest who is rather deaf, thought the hotel man was asking about their friend's health as the latter had been very sick, so this is the answer the hotel man got: "Oh he is—near died. We had to send him to Montreal and put him under X rays." At that, it was a good answer to the question; and a good many of the hot headed ones on both sides of the issue would do well to have their heads examined. (Picton Advocate).

Drivers or owners of unregistered cars are about to receive some active attention from Chief Bishop, who is determined to see that the law in this regard is carried out.

Telephone Use Saves More Than Cents!

It may be difficult to take too much care of the cents, but it is quite easy to let the dollars take care of themselves.

Many a man among us will spend hours debating the wisdom of buying wrapping paper a cent a pound cheaper, who, when the question of selling the article to be wrapped in the paper arises, will not pause an instant to consider whether a cheaper selling plan exists than that by train and travel.

Yet, there, right on his desk in front of him sits his Telephone giving him access to any part in the Province.

A Talk over the Long Distance Telephone Lines would sell his goods just as effectively as by a visit, and would save him hours of valuable time and dollars of hard cash.

IMPROVEMENTS TO BAPTIST CHURCH

Vestry to be Replaced by Larger Structure With Excellent Sunday School Accommodation, Banquet Hall, Ladies Parlor, etc.

During the past ten days or so a number of meetings have been held in connection with proposed extensions and renovations of the Baptist Church. A number of plans have been discussed and the building committee have been authorized to make improvements up to \$7,500.

The plans involve a renewing of the wall on the north and west sides of the church, the removal of the old vestry which will be replaced by an addition 52 5/8 ft. in this part of the church edifice. The bell tower will be retained as now.

In the part to be reconstructed there will be basement and two floors, on the upper probably kitchen and banquet hall, with ladies parlor in the first floor, also vestry. The remaining portions will be devoted to class rooms for the Sunday School. The building committee is made up of Karl Freeman (Chairman), J. I. Foster, M. C. Foster, Wm. Stronach, John P. Morse (ch. of trustees), A. L. Beeler, Dr. Crowe, J. S. Moses, W. R. Miller.

NO BOWLING ALLEY YET

Lively Discussions Precipitated on Turning Court House Into Alleys. - J. I. Foster Takes Over Building - Ratepayers Meeting to be Called to Decide on Purchase by Town.

There has been considerable change in Court House propositions since our last issue. Mr. E. J. Muis of Annapolis purchased the shares owned by Mr. Kenneth Leslie, these representing a controlling interest in the property. Mr. Muis put men at work making alterations in the interior of the building so as to fit it up for a Bowling Alley.

This at once aroused local action and a meeting of protest was called. It was pointed out that although Mr. Leslie owned 54 shares out of the 100, Mr. Muis had simply purchased stock to that amount and proceedings in remodelling without reference to other parties involved was irregular. A petition was gotten up to the effect that as the proposed bowling alley would be in a residential section of the town it would be detrimental to the interests of property-holders there. A resolution was also drawn up, moved by Dr. Armstrong and seconded by Councilor O. C. Jones and passed as follows:

WHEREAS by statutory enactment made more than fifty years ago the spring session of the Supreme Court and the fall session of the County Court must be held at Bridgetown, and

WHEREAS this procedure and arrangement has continued all these years, because it was more convenient to the central and eastern portion of the County of Annapolis, and

WHEREAS it still is more central and convenient to the greater portion of ratepayers who use the Courts,

THEREFORE RESOLVED that we,
