MOTOR CAR FELL INTO LAKE
IN CROSSING PONTON BRIDGE
FIVE PASSENGERS MET DEATH

Party of Eight Torontonians, Including Five Boys, Plunged Into Water Near Utterson, Muskoka—Accident Happened During Driving Rain Storm—Bodies Were Recovered.

DROWNED
Henry R. Alley, librarian, department of education, 16 Foxbar road.
Fred Alley, son of H. R. Alley.
Miss E. M. Lawson, 1400
Angus Lawson, nephew of Miss Lawson.
Beverly Swabey, son of Charles Swabey, 51 Ardair road.

SAVED
Harold Swabey, son of Charles Swabey.
Douglas Lawson, a second nephew of Miss E. M. Lawson.
John Clarke of Utterson, driver of the car.

Five Toronto people lost their lives and three narrowly escaped drowning when a seven passenger motor car slipped from a pontoon bridge crossing a small lake near Utterson, Muskoka district, at 3 o'clock yesterday afternoon, plunging a party of eight persons into thirty feet of water.

Three Saved Themselves.
Clarke, the driver, Harold Swabey, two of the boys, managed to free themselves and in some manner reached the bridge. The remaining five went down with the car.

A rescue party was hurriedly formed by farmers in the vicinity and an effort made to recover the bodies.
Albert Bell, of Huntsville, a soldier recently involved here from France, divided from the bridge and succeeded in locating the car. An hour had elapsed before the first body, that of Angus Lawson, was recovered. The car itself was next brought to the surface and finally at 6 o'clock, the remains of Mr. Alley, Fred Alley, Miss Lawson, Angus Lawson and Beverly Swabey.

One Son at Front.
Another son, Lieut. Herbert R. Alley, a Q.O.R. member of the front, was reported wounded some time ago and has since returned to the firing line.

INTRODUCE SUPERINTENDENT.
The board of directors and medical staff of the Women's College Hospital and Dispensary gave a reception Wednesday afternoon, to introduce their newly appointed medical superintendent, Dr. Geraldine Oakley, B.A., N.B. In the absence of the president of the board of directors, Dr. Margaret Johnson, chairman of the advisory board, received the guests.

Closing Out Summer Stocks of Straws and Panamas to Make Room for Fall Shipments.
Such is the state of affairs at Dineen's, 140 Yonge street, where the departments on the ground floor and basement is substantially reduced to clear, and you cannot miss spotting considerably by the purchase of your summer goods. There's plenty of summer weather still to come, and vacation season is ahead of many. Don't let this, the biggest opportunity in men's hats in 50 years, slip past you. Visit Dineen's today and satisfy yourself.

Sanguinary Battle Takes Place at Schratzmannelle Height in Vosges.

CONTEST ON FECHT

Bomb and Hand Grenade Duels at Souchez and in Argonne.

Special Cable to The Toronto World.
LONDON, Aug. 5.—Sanguinary battles fought in the Vosges today resulted in the repulse of the Germans, but not before they had made some headway. The engagements were fought on the heights north of the Fecht River, particularly at Schratzmannelle peak. Here the enemy launched a violent attack in considerable force and captured a French blockhouse. He was immediately driven out in a fiery counter-attack, and the French positions were regained.

PARIS, Aug. 5.—In the course of a discussion in the French Senate today on the bill to raise the limit of national defence issues, which was passed in the chamber of deputies July 29, Alexandre Ribot, the minister of France, took occasion to review the financial situation.

ERECT DAM NEAR QUEENSTON

The plan outlined by Mr. Porter at the meeting of the commission today, calls for the erection of a dam 90 feet high, three-quarters of a mile south of Queenston. The drop of the river from the falls to Lewiston is 100 feet and a dam would impound the waters of the river clear back to within one mile of the falls.

MEANS HEAVY DAMAGES

Mr. Porter estimates the plan would cost, including the plan of damages to the Gorge Route and other interests, about \$100,000,000. In reply to Assemblyman Quick's question as to what effect the war would have on the scheme, Mr. Porter replied that the war would not last forever.

Following closely upon the proposition presented by Mr. Porter came that of J. Boardman Scovell of Lewiston, who seeks to have the old canal project revived. This calls for a canal from La Salle to a point below Lewiston, and would necessitate the abrogation of the present power treaty with Great Britain.

Grand Duke Now Faces Problem of Extricating Armies From Dangerous Salient—Retreat Carried Out in Orderly Manner With Muscovite Successes.

WITHDREW UNMOLESTED.
PETROGRAD, Aug. 5.—(Via London, Aug. 5.)—The following official communication has been issued here:

The Russian army in the Vistula district has taken the offensive. The Russian army has crossed to the right bank of the Vistula, blowing up the bridges behind them.

LONDON, Aug. 5.—The Germans are in possession of Warsaw, capital of Poland, and the third largest city in the Russian Empire. Bavarian troops entered the city this morning, having taken successively the Blonie lines and the outer and inner fortresses of the town itself, the Russians only fighting rear-guard actions to allow their main army to make good its escape.

Several Russian Successes.
The Russians are fighting desperately and stubbornly to check the progress of these four armies, and have had several successes, inflicting heavy losses on their pursuers; but they have been steadily pressed back, which made the longer occupation of the Warsaw Polish salient a hazardous undertaking.

Even now, although the steeliness of the Russian troops and their fierce counter-attacks have gained much valuable time for them, it is not yet certain that the whole Russian army will succeed in reaching the new positions chosen for it, or that, if it should get there, it will not find those positions turned by the Austrians, who have crossed the Bug southeast of Cholm, and the Germans under Gen. von Scholtz and von Gallwitz, who have crossed the Narew.

At the northeastern end of the line the Russian communications are further threatened by Gen. von Buelow, who is advancing toward Dvinsk on the Vlna-Petrograd railway. Indeed, the Austro-Germans have set three traps to try to catch and destroy the Russian army. None of them was sprung, but one was so near to closing that the Grand Duke Nicholas was forced to evacuate Warsaw and now is fighting with all his might to prevent the others from cutting off his retreat.

Others Suffer So Far.
Thus far he seemingly has been successful, for although the Germans claim the capture of a large number of prisoners, the capture of a large number of prisoners.

Probably have recourse to a long term loan whereby we can consolidate all our short term treasury issues. We still have a great military and financial effort to make to reach a victorious conclusion of the war.

The public brings in its gold without pressure. It is conscious of the situation and feels that today no man can save himself by thinking solely of himself. It can be done only by the citizens giving the country their lives, if necessary, and their goods of this world in any case.

The bill increasing the limit of national defence issues was passed.

Thirty-Four Mount Soldiers, Leaving for Front, Get Presentation.

HAMILTON, Friday, Aug. 6.—Hamilton's machine gun campaign continues to make splendid progress. Machine guns have now been contributed, which represents \$160,000 in cash. Several guns were donated yesterday. This does not include the efforts of the 14 committees which are making a canvass of the business and industrial places of the city. When the report on the canvass is received it is expected that it will show a large addition to the list, as the workers have been cordially received in every case where they have made an appeal.

Give Soldiers Send Off.

The residents of Mount Hamilton last evening tendered a public farewell to 34 young men who are leaving for the front. John Peart, of the front line, was accompanied by his wife and children. The soldiers were presented each with a wrist watch by Sir John M. Gibson and C. R. McCullough. A musical program was also rendered by the Misses Irene and Grace Campbell and Master Cyril Wright.

Gas Cooking Means Economical Cooking

Gas is cheaper in Toronto than in any other Canadian city not supplied with natural gas.

The modern gas range will bake, roast, boil or broil to a degree of perfection unknown to users of coal cooking apparatus and at a lower cost of operation than any other cooking appliance.

The Gurney-Oxford Cabinet range illustrated will do anything that a coal range will do—will do it better, cheaper and with less bother. The kitchen heater will warm the kitchen, heat an abundant supply of hot water, and make an excellent rubbish burner. Lighted by gas kindler.

TACTICS OF ALLIES ON WESTERN FRONT

General Offensive at Present Time is Not Advisable.

GREAT DIFFICULTIES

But War of Attrition is Gaining Satisfactory Results.

PARIS, Aug. 5.—An explanation of why so little progress is being made in the French and Belgian war zones so far as actual ground gained is concerned is afforded in a statement from unquestionable authority in which the almost insurmountable difficulties of the present struggle are set forth. "During the last six months," says this authority, "from the North Sea to the Swiss mountains, there has been a steady warfare along the length of the broken line of trenches. In this warfare all strategic manoeuvres are absent, because manoeuvres are impossible on ground where every square metre is marked and swept by artillery fire. The only alternative is a frontal attack. Such an attack is smashed to pieces in one part or another against the formidable organizations of defence, in which all the resources of art and science have been employed by the two adversaries.

Elaborate Defences. "In concrete subterranean works, armored and casemated, flanked by rapid fire and mortars, and linked to one another by marvelously concealed communicating trenches, which are protected by the fire of heavy batteries, dwell the infantry abundantly provided with rifles and hand grenades. To take possession of one of these works it is first necessary to dismantle these trenches and destroy the material which they shelter. This is the artillery's task.

"No one before the war could have imagined the vast amount of shells required. Several thousand shells fired during a few hours on a restricted space announce an attack for which this preparation is being made.

Daily Machine Guns. "But no matter how numerous the heavy guns or how well directed their fire, it often happens that the preparation has been insufficient. One or two rapid fire down the trenches who climb from the trenches ready for the charge and after suffering heavy sacrifices the attacking party arrives at the first line of the trenches of the enemy. The opposing artillery, with a literal wall of fire, effectively prevents any reinforcements from advancing to their support. They must fortify the captured trenches, being subjected to a bombardment, as the enemy knows the exact range of their former positions.

"Such offensive movements could not be multiplied nor prolonged indefinitely, as much on account of the moral and physical effort which they demand of the men as on account of the losses which they involve. Neither can such offensives be improvised before beginning an attack, large quantities of material and projectiles must be gathered in one place previously appointed by the commander, advanced fortifications dug, and the ground minutely studied.

Costly Sacrifices. "In spite of these difficulties, the French army renews an offensive at the price of a bloody sacrifice, it is with the conscientious mission of holding large enemy forces on the western front. By the Marne victory it stopped the invasion and ruined the first German plan, which was first to charter France and return then against Russia.

"By the victory of the Yser, with the aid of the allied armies closing the line of defence, it effectively prevented the enemy from getting a foothold in Pas de Calais. "The continuous offensive actions from February to July in Champagne, the Argonne and Artois, it demoralized approximately 2,000,000 men and captured an enormous amount of material. Without allowing the enemy an instant's respite, it forced the German general staff to utilize on the western front reserves in barracks and arsenals.

Gaining Real Object. "It would be a serious mistake to measure our effort by the ground conquered. The demoralization and wearing down of the German army is the real goal.

"We have attained this goal, since it has been proved that during these six months the enemy has suffered heavy losses, and taking everything into consideration, he can only remove from our front eight per cent. of his total effectiveness."

WARSAW ENTERED BY GERMAN ARMY

Russians Evacuate City With Main Armies Intact Without Molestation.

REARGUARD BATTLE

City Stripped of Everything of Value to Enemy Before Abandonment.

LONDON, Aug. 5.—Warsaw has fallen and the Germans already are in occupation of the Polish capital. The news first came by wireless telegraphy from the German general army headquarters and it was quickly followed by cabled confirmation from Berlin crediting the occupation of the city to the forces commanded by Prince Leopold of Bavaria after a stubborn fight with the Russian rear guard.

With the Russian admission in last night's official communication, that the Russian forces defending the Blonie front had been withdrawn, all hope that Warsaw would be saved was abandoned. "The outer line of forts to which the Russians withdrew are only six miles from the centre of the capital and these defences apparently were carried last night, the inner line of defences being captured in time to enable the victors to enter the city early this morning.

Main Army Escaped. "The statement from Petrograd that the Russian retreat to the Blonie-Nadaryn front had been carried out unhindered, was taken here to indicate that Grand Duke Nicholas had everything in readiness for the evacuation of Warsaw itself, and the announcement in today's Berlin statement that only a stubborn rearguard blocked the advance of the Germans, seems to confirm that the main army, with its guns, has escaped being caught in the citadel.

The vice-governor-general of Warsaw took prompt measures to organize a voluntary postoffice force and to resume the operations at Praga, a suburb across the Vistula. Since Saturday, this staff, headed by Miss Vanda Stokroka, president of the Warsaw Ladies' Yachting Association, has been working under the direction of the Central Citizens' Committee. Eighty young women, lately employed in the Red Cross hospital service, volunteered their services as sorters and distributors.

Polish Girls as Clerks. A volunteer corps of 400 young Polish men assumed the duties of postal clerks, and the sorting and delivering of the hundreds of thousands of letters and parcels, which had piled up during the last two weeks since the departure of the state postal authorities now is under way.

The removal of the state bank and private banks with all their funds left the city without means of carrying on trade. An appeal had been made to the minister of trade and commerce to permit the re-establishment of a money order station and efforts were made to secure the return and reopening of a department of the state bank for limited operations. The chief of police and his staff left the city ten days ago, together with all the courts and justices of the peace. All the railway equipment, of both gauges, was removed from the west bank of the Vistula, as were all the machinery shops.

The Russian military hospitals were removed with their staffs and equipment. The Polish municipal and private hospitals are carrying the burden of caring for the wounded from the nearby battle line. The staffs are working hard under the highest pressure day and night.

POSTAL OFFICIALS LEFT.

WARSAW, Russian Poland, Aug. 2.—By messenger to Petrograd, Aug. 5, 1.30 p.m.—In consequence of the cessation in the operation of postal facilities, Warsaw for ten days has been without mail connection with the outside world. With the exodus of the postal authorities even the post-boxes were removed.

MILITARY CAMP TO BE A FEATURE

Picked Soldiers, Now in Training, Will Demonstrate at Exhibition.

Regular Work to Be Maintained and Aeroplane Will Land.

Col. Logie, officer commanding the second division, has given his formal approval of the model military camp at the Exhibition, and Major Barker, who will be in charge, is at Niagara completing arrangements for the men and equipment. The forces to occupy the camp will be a specially picked complement from the men and officers now training for overseas and all branches of the service will be represented. The men will have a strenuous two weeks' work.

As Major Barker has mapped out the program, there is to be physical training, with and without arms, and bayonet fighting each day from 11 to 12 noon on the ground to the west of the government building; from 3 to 4 p.m. the detail calls for trench defence and bayonet fighting, while from 4 to 5 p.m. there will be company and platoon drill, and from 6 to 7 p.m. a march thru the grounds and around the track, with a march past in front of the grand stand.

Outside of these hours regular training must proceed under orders from Col. Logie, and as regular training for active service is rather severe work, the men will need to be picked specimens to stand the strain.

Arrangements have been made to have aeroplanes land on the camp grounds each day.

FARMER PAID MONEY FOR FINDING HORSES

W. J. Anderson Paid Hundred Dollars for Brother for Assistance Rendered.

DORCHESTER, N. B., Aug. 5.—W. J. Anderson, a farmer, of Shemogue, who figures in the remount department statistics dealing with the purchase of horses for Major Anderson of Moncton, as having received \$3945 for 18 horses, and who got \$100 for

his trouble in locating animals for the army, was examined as to these transactions by John Thompson, K.C., Ontario, who met in the court house here today.

Mr. Anderson said he was asked by the detail calls for trench defence and bayonet fighting, while from 4 to 5 p.m. there will be company and platoon drill, and from 6 to 7 p.m. a march thru the grounds and around the track, with a march past in front of the grand stand.

Outside of these hours regular training must proceed under orders from Col. Logie, and as regular training for active service is rather severe work, the men will need to be picked specimens to stand the strain.

Arrangements have been made to have aeroplanes land on the camp grounds each day.

to W. H. Anderson, for \$2945, for 18 horses.

Nine Sealed Envelopes. Mr. Thompson next showed witness the signature "W. H. Anderson" on the back of the cheque and witness identified the writing as his and the cheque as the paper presented to him by his brother and signed by him on the bank at Shediac.

Anderson said he never had the cheque in his hands.

Sir Charles Davidson asked if Anderson knew what he was signing. Witness said he never enquired. He signed it without reading the cheque, because his brother told him to be quick about it. He recollected now that when he had signed it he said it was like signing a death warrant.

One of the farmers got \$10 too much and returned it to him. He took it to the major with an explanation and his brother told him to put the money in

his pocket. He declined to give it back to the major.

Notes of Women's World

There will be an open meeting of the Canadian Business Women's Club at 114 1-2 Yonge street on Tuesday, Aug. 10, at 8 p.m., when Mrs. Hector Prenter will give an address on "Organized Warfare v. Organized Womanhood." Contributions for soldiers' comforts and hospital supplies will be gratefully received.

On Saturday afternoon and evening, Aug. 7, a patriotic garden party in aid of Toronto District W. C. T. U. Ambulance Fund will be held at the home of Mrs. J. Puddy, 371 Lansdowne avenue, under the auspices of Youmans Paul Union.

The St. Anthony's Tennis Club are giving a dance in their club rooms, Gladstone avenue, this evening at 8.30.

Dreadnought Chapter, I. O. O. F., bandage meeting will be held at 9 a.m. today at St. Simon's parish house.

The Women's Auxiliary of the Army Medical Corps will meet this afternoon in the Academy of Music at 2 o'clock.

The garden fete to be given by the Duke of Teck Chapter and Mrs. Morrison, wife of the commanding officer of the Eaton Machine Gun Battery, will be held this afternoon on the lawn of the regiment, Mrs. J. W. Magwood, 588 Clinton street. The proceeds are for patriotic purposes.

The garden party of the W. C. T. U. to take place on the grounds of the W.M.C.A. in aid of the motor ambulance, will be held tomorrow afternoon.

The Toronto Women's Liberal Club will be glad to supply empty jars, of which they have a liberal supply on hand, to friends in country or towns who would be willing to fill them with jam or jelly for shipment to our soldiers in the autumn. The jars will be sent packed in cases of two dozen each. Application may be made to Mrs. W. H. Deacon, 153 Crescent road, and notice will be given later when necessary to deliver.

Since the need arose the members of the Montefiore branch of the Women's Patriotic League have been working. The members are especially asked to assist by making as many comforts for the soldiers as possible. When making jam they are asked to have a thought for the men who are fighting for liberty and send to the Jewish Girls' Working Club, 254 McCaul st., as many bottles as can be spared.

OBJECTS TO SCHOOL CONTROL BY STATE

Ottawa Board Attacks Action of Government at Os- goode Hall.

INJUNCTIONS SOUGHT

Court Adjourns Three Months Until Trial Comes On.

On behalf of the old separate school board and its chairman an application was made to Mr. Justice Clute at Os- goode Hall yesterday for three orders to restrain the City of Ottawa and the Board of Quebec from dealing with assets or paying out money from separate school funds and to compel the secretary-treasurer of the old body to call a meeting of that board.

A. C. McMaster for the applicants argued that the money belonging to the separate schools of Ottawa should be held until the privy council decided upon the questions involved.

He said that it was not a bilingual question before the court, but whether the government had the power to take from the separate school ratepayers the right to control their own affairs. The statute under which the minister had appointed the commission was such that he could select three Protestants if he so desired. The government had advanced money twice already and might probably do so again.

Asked by his lordship how the applicants could be hurt if the money was paid out, Mr. McMaster replied that if the money was spent they should be hurt. About \$30,000 had been paid by the government in salaries. Arrears due to religious teachers might total \$70,000. The old board had been restrained from paying bilingual teachers. He objected that the money should not be taken from the body elected by the separate school supporters and given to a commission appointed by the government.

Mr. Justice Clute suggested that it was hardly conceivable that the government would not do what was right. Mr. McMaster asked if his lordship was of the opinion that the orders should be granted, he would be enlarged on terms. He urged that the secretary of the old board be compelled to call a meeting, and emphasized "the fact that the commission had continued the old board's responsibilities and duties. He asked why the old board should not hold meetings.

McGregor Young for the commission, pointed out that the attorney-general should have been notified, as the statute creating the commission had been attacked. This motion had not been served.

This lordship adjourned the three motions until the trial of the action brought by the old board, and the newly appointed Separate School Commission of Ottawa will return to court at the schools and assets in the meantime.

WILLS PROBATED

In the surrogate court yesterday the will of the late Joseph Isaac Levey, K.C., of Quebec, who died in that city on Oct. 24, 1914, leaving an estate of \$78,401, was filed for probate. The estate, which is left without reserve to the widow during her lifetime, consists of \$20,200 in Quebec, \$80 in household goods, \$8000 secured by promissory notes, miscellaneous assets amounting to \$8710, securities and life insurance \$7912 and loans and other stocks totaling \$27,779. On the death of his widow the estate is to be divided equally among his children.

By the will of the late James Logan, retired farmer, who died on May 25, leaving an estate valued at \$2445, three Roman Catholic institutions will benefit. Letters of administration of the estate were granted yesterday.

Margaret Welch, a niece of St. Louis, is left \$800. To the Sacred Heart Orphanage, Sunnyside, she leaves \$200 and to St. Michael's Hospital \$200. He directs that \$100 be used for masses and that an equal amount be expended for his funeral. He bequeaths the residue of his property to the House of Providence.

WESTMINSTER CHAPTER ARRANGES COMIC OPERA

In furtherance of the patriotic work conducted by the Imperial Order Daughters of the Empire, the Westminster Chapter has arranged for a week of comic operas in the early autumn.

Gilbert and Sullivan's ever popular "Mikado" has been chosen, and thru the courtesy of Ed Solman it will be produced at the Alexandra. Mrs. W. J. Obernier, well-known to the Toronto public as a teacher of singing and orchestra conductor, has kindly undertaken to direct the presentation, which ensures that it will be in every way acceptable.

BRILLIANT FRENCH SUCCESS IN VOSGES

Half an Hour Sufficed to Drive the Foe From Position.

ENEMY PERSISTENT

But All Attempts to Regain Fontenelle Heights Failed.

PARIS, Aug. 5.—An official eye-witness' account of a French success at Ban-de-Sapt, in the Vosges Mountains, was made public today by the French War Department.

"On July 18," the eye-witness says, "the Germans directed four heavy counter-attacks with two battalions on the heights of Fontenelle, recently captured by us, which were completely checked."

"July 24 and 25 a French attack with equal forces took all the enemy's works to the west of Launois, including several houses, the village, killing or capturing the entire German garrison and occupying the positions."

Foe's Strong Attack.
 The eye-witness continues with a detailed description of the German attack on Fontenelle, which was prepared with an extended bombardment with guns of all calibres, saying: "The gun fire of the Germans was directed against four points simultaneously, their principal attack being made on our strong positions across the road from Laitre to Launois."

"The enemy then charged, being sheltered by the fire from his heavy artillery. Despite this fire our quick riflemen, which were mounted on the parapets of the trenches, mowed down the advancing line, while our artillery directed a wall of fire in the rear of the Germans, thus effectively preventing any reinforcements coming to their support."

"The advancing line was seen to waver, to break and fall back. During the night the battle was continued by the aid of searchlights."

"At daybreak the side of Hill 597 was seen to be strewn with bodies. Our losses were four killed and 35 wounded."

French Success.
 "A French attack on July 24 was directed against height 527 and a group of houses forming a portion of the Village of Launois, which offered shelter to the enemy's trenches. The attack was prepared by a bombardment with guns of heavy calibre which was very effective."

"Despite the intense fire of the enemy, our troops climbed out of their trenches at 6.30 o'clock in the evening, and half an hour later had attained the objectives assigned to them, penetrating even to the interior of the Village of Launois. One German blockhouse alone held out until the following morning, when it was surrounded by our troops."

"The Germans directed a counter-attack, but they were easily repulsed. Our daily progress has since given us possession of a new group of houses, so that now we hold approximately half the village."

"As a result of this action we took 11 officers and 225 men prisoners and also captured eight quick-fires, some bomb throwers and a large number of rifles."

OTTAWA WILL TAKE APPLICATION STILL

No Truth in Report That No More Aviators Are Wanted, Say Curtiss Officials.

Officials of the Curtiss Aviation School stated yesterday that there was no foundation for the report that the government had indicated that it did not want any more aviators, in fact, they have a communication from the naval air service at Ottawa stating that applications will be considered.

Instead of placing the 10th in the 3rd Battalion, Col. Logie has decided to place it in the 8th, as Col. Stewart is the commanding officer of the 10th.

A big recruiting day will be held in St. Catharines on August 11. Col. Logie went to St. Catharines last night to make the preliminary arrangements.

ABSCONDER ADMITS GUILT.

MONTREAL, Aug. 5.—Samuel Stafford Blurton, cashier of the Canadian Steel Foundry Co., Ltd., who stole \$7000 in money from the company on July 10 and who was arrested by the New York police last Tuesday with over \$6000 in his possession, appeared before Judge Leet today and pleaded guilty to a charge of theft to the amount of \$7000. Blurton, who was remanded for sentence on the 8th, is understood to have made restitution of the balance of the money.

Leafs Back Into Their Own Trough Skeeters Twice

Locals Came From Behind in First Game with Solid Hitting to Win Four to Two—Luque Scored a Shutout in the Closing Fixture, Only Allowing the Pests Two Scratch Hits.

It was worth waiting two days for. The Clymerites, after being held back for two days by rain, opened up on the poor Skeeters yesterday and walloped them in both ends of the double-header. The Leafs came from behind to win the first 4 to 2, and Luque held Yeager's gang to two scratch hits in the closing bill, and the locals won 4 to 0.

Scoreboard for Toronto vs Jersey City, including batting averages and fielding statistics for both teams.

The Leafs showed their worth in the first game. The Skeeters were off running with two counters in the first inning, but the locals kept battling and things came their way at last. Good healthy stick work was rewarded with four runs and the game, 4 to 2.

McTigue was away bad and the Jerseyites made a dash and romped to the front with two runs. McTigue got into his stride and held them safe after the opening inning. The Leafs fielded well behind him and chased Sherman to the stable with a home run in the second.

Ray Demmitt, the ex-Leaf, turned his first in the first inning, scoring second base and had to be sacrificed off the field. He will be out of the game for a week or ten days.

McTigue was shaky to the details. McTigue was shaky to open. Truesdale slapped a hit into right and Purcell laid down the sacrifice. Buss and Demmitt were placed to fill the bags. Barry sent a slow one over second, but the two scores and Demmitt turned his ankle when he fell crossing second. He was targeted out and carried off the field. Manning lined into Rath's hands.

The Leafs waited until the second. Williams eluded a single to centre and stole second. Koocher dumped to short, and Purcell hit Williams on the back, all hands being safe. Ware cut one base of second, and Purcell dived for it. Williams scored and Ware was safe at first.

Manager Jack Dunn and his Richmond club will be here today for a series of three games, playing the Leafs this afternoon at the Stadium, while tomorrow a double-header is on the card. This will be the first appearance of the visitors since the opening of the season here when Tim Jordan, Charlie Pick and Company took three straight from the locals. Trombley, the former Baltimore outfielder, who was with Cincinnati for a year, is also with Richmond, while Tim Jordan, who has always hit in the fourth or clean-up position for the last decade, is now batting in seventh position.

BATON CRICKET CLUB. The following players of the Eaton C. C. have been selected to represent Eaton in a C. & M. League match at Centre Island on Saturday next against Newmarket C.C. WAR STOCK TRADE REPORTED BRISK

Market Unstable With General Course Tending Upward at New York.

RAILWAY SHARES GO UP

Bethlehem Steel Maintained Reputation as Most Spectacular Issue.

NEW YORK, Aug. 5.—The demand for the popular specialties showed no sign of abatement today, and there was another advance of good proportions. Public buying, which had given evidence of falling off, apparently was stimulated today, and there was another advance of good proportions. Public buying, which had given evidence of falling off, apparently was stimulated today, and there was another advance of good proportions.

Bethlehem Steel Erection. Bethlehem steel maintained its reputation as the most spectacular of the war shares. It passed the 300 mark early in the day and reached 307, an advance of 17 points. Later it relaxed to 301. Another new high record was made by General Motors at 191 7/8.

Railway Stocks Rise. Railroad stocks played little part in the forenoon, but in the quiet recovery which followed the early relapse they were bought heavily at advancing prices. Rock Island, St. Paul and Reading were prominent in the movement. The late selling was directed largely at the railroads, which fell back generally.

Sentiment was governed by the same influences which have prevailed heretofore, and the general course ran along the familiar lines of improved business conditions, particularly in the steel and allied industries. There was little doing outside of the issues above mentioned, and prices if anything in the major portion of the list were easier.

Bonds were irregular. Total sales, par value, \$3,220,000. The advance of C.P.R. in New York was not reflected in any activity locally. Total business, 17,907 shares, 331 rights, \$200,000 and \$46,100 bonds.

NOVA SCOTIA STEEL LEADER IN MARKET

Another Spectacular Advance at Montreal — No Activity in C. P. R.

MONTREAL, Aug. 5.—Heavy trading in war specialties, of which group Scotia continued the leader, with continued strength and firmness throughout. The advance of C.P.R. in New York was not reflected in any activity locally. Total business, 17,907 shares, 331 rights, \$200,000 and \$46,100 bonds.

BANK OF ENGLAND STATEMENT

LONDON, Aug. 5.—The weekly statement of the Bank of England shows the following changes: Total reserve, increased \$1,361,000. Circulation, increased \$45,000. Bullion, increased \$1,500,000. Other securities, decreased \$36,920,000. Public deposits, decreased \$20,675,000. Notes reserve, increased \$1,312,000. Government securities, decreased \$8,384,000.

DULUTH-SUPERIOR EARNINGS

Earnings of the Duluth-Superior Trust, Trust Company for June were \$95,125.87, a decrease of \$24,767.27, or 20.5 per cent.

To Real Estate Owners

Do you intend leaving to your heirs property in the form of real estate? If so, there will be rents to collect, repairs to execute, much property to sell or buy.

In all such matters the services of our Real Estate Department are of value. If you appoint this Company your executor, your estate will be safeguarded by an organization which has long dealt successfully with real estate problems.

Consultation invited.

National Trust Company Capital Paid-up, Limited Reserve, \$1,500,000. \$1,500,000. 18-22 KING STREET EAST, TORONTO.

QUIETER MARKETS IN MINING EXCHANGE

Cobalts Are Reactionary, But Porcupines Are Held Within a Narrow Range.

Aided from a little further pressure on some of the Cobalts the mining exchange yesterday had no special feature. Trading was considerably below with recent average showing that the selling movement was gradually exhausting itself. Sales of Cobalts are on purely sentimental reasons, the low price of the metal and not present production being responsible.

Porcupines were much quieter than of late, and there was scarcely sufficient fluctuation in the various issues to permit of a trader's scalp. There can be nothing said of the market further than that it has run into a dull period, from which it is liable to be aroused without much notice. Wall street speculation has taken some interest away from the mining market, but this will return when New York has run its course on the present bull campaign.

MANIPULATION SHOWN IN THE STEEL ISSUES

Nova Scotia Steel Advanced and Then Dropped Seven Points — Other Markets Quiet.

The Toronto stock market had the earmarks of keen manipulation yesterday in the specialties which have been bought recently. United States Steel was hoisted to 92 early on the day's business, but with buying orders out of the way the price was rapidly put back seven points to 85, from which it was raised to 97.

National Car was treated to somewhat similar tactics when the price was dropped to 41 and later taken up to 47. As a whole the market was quieter with the bulk of the day's business in Steel of Canada and Nova Scotia.

STEEL AND RADIATION WILL BENEFIT BY WAR ORDERS

Sufficient Orders Now on Hand to Keep Plant Working to Full Capacity.

The annual report of Steel and Radiation Ltd. just being issued, like many other Canadian industrial reports, is of particular interest from the standpoint of the position the company is in to take advantage of war orders, rather than the showing it was able to make under the exceptional industrial conditions that prevailed during the past year. It is announced that the contracts which the company has obtained from the shell companies at Ottawa are sufficient to keep the entire plant operating to full capacity so that to a great measure this will offset the falling off in general construction work which calls for so much of the company's products.

The general statement shows capital assets at the end of the fiscal year of \$3,458,715, as compared with \$2,676,602 at the end of the previous year. There has been a reduction in current liabilities, these amounting to \$451,068 as against \$538,007. Current assets, as represented by raw materials, supplies and stocks on consignment of a value of \$296,913 compared with \$583,021.

LONDON STOCK EXCHANGE

LONDON, Aug. 5.—Money was in ample supply, and discount rates were easier today. The stock market generally did not do better than the previous day. Home rails were weak owing to the impending issue of \$1,500,000 London and Northwestern Railway 4 1/2 per cent. preferred stock. Brazilian Tractions were firmer. Coppers hardened and Canadian Car made a further advance of 1/2 points.

THE PRICE OF SILVER

LONDON, Aug. 5.—Bar silver is off 1-16d at 22 1/2. NEW YORK, Aug. 5.—Commercial bar silver is off 3/4c at 47c.

WHEAT PRICE DOWN WITH FINE WEATHER

Chicago Market Feels Influence of Improved Harvesting Conditions.

THRESHING RESUMED

Temporary Rally Bought About by Enlarged Buying for Export.

CHICAGO, Aug. 5.—Conditions that allowed threshing to be resumed throughout sections, especially in Nebraska, did a good deal today to pull down the price of wheat. The market closed unsettled, 7-8c to 13-8c under last night. Other leading staples too, all suffered a net decline—corn 1-4c to 2-4c, oats 1-4c to 1 1/2-2c and provisions 1-2c to 1 1/2-2c.

Hotter weather had taken the edge off the bullish sentiment on wheat long before trading began. Clearing skies over the entire belt brought a rush of selling orders to nearly every firm on "chick" wheat. The most conspicuous selling that ensued was done by recent buyers, who were anxious to secure profits. Not only was there greatly improved activity reported as to threshing and shipping the winter crop, but the outlook in the spring wheat states was presented in a much more hopeful spirit than was the case on the previous day.

At the same time, the uncertainty expressed as to whether the crop would be sufficient to make traders cautious about pressing the wheat market after midday, but the effect failed to last. Italy, Switzerland, France and Portugal were said to need liberal quantities. The actual amounts that were admitted to have been bought, however, were too small to be of any great importance to the bulk.

Corn went lower with wheat. The hot temperatures prevailing, the actual check on the bears. In the oats crowd country offerings were more plentiful. Values tended downward almost from the start. Big receipts of wheat sent provisions down. Many stop loss orders were brought into play. Support from buyers later caused only an incomplete rally.

HUDSON BAY PASSES DIVIDEND ON COMMON

Earnings Have Been Materially Affected by Outbreak of War. LONDON, Aug. 5.—At the Hudson Bay Company meeting today, Sir Thomas Skinker presiding, the annual report stated that in view of the unfavorable results of the past year and the uncertainty regarding the duration of the war and continued interference with the company's trade, the directors reluctantly decided not to recommend a dividend on ordinary shares.

The Homelovers' Club

Membership in this Club extends to those of our customers who are householders or leaseholders, either within the city or not, the opportunity of buying their furniture and other household equipment during this Sale, taking advantage of the Sale Prices, and paying for them within the year.
 Nothing is charged for this accommodation. One may buy anything for the house, and pay the amount of the Sale Price in payments spread over the year.
 During this Sale the Club privilege will be available all through the Sale period. Formerly they were available during only a part of the time occupied by the Sale.
 Do not delay, however, as those who come earliest will have the largest choice. The Club Secretary, in his office on the Fourth Floor, will answer any questions, and put you in a position to begin your selection at once.
 All arrangements for extended payments on things you want must be made with the Secretary before you begin choosing.

Important in Your Decorative Scheme Are Your Draperies and Cushions

For Friday Bargain Day here is a collection of drapery materials which are surprising both in beauty and richness of color effects, and in prices. We will make up any materials selected into curtains or draperies without charge for the making. We will also make up slip covers at special prices. Re-upholstering will be done, charging half-price for the labor.
 Advertised items are but a few of the specially priced drapery fabrics:
