GERMANS BRING UP BEST TROOPS TO OPPOSE CANADIANS

CRACK GERMAN SOLDIERS FACE CANADIAN LINE

Raids Established Presence of First Guards Regiment at Lens.

STRONG RESISTANCE

Enemy Fails to Check Impetuosity of Dominion's Men.

By W. A. Willison.

Canadian Army Headquarters in France, via London, Feb. 15.—On the eve of an historic dinner to commemorate the arrival of the first Canadian division in France, three years ago, the Canadians raided the enemy lines near Hill 70 and in front of Lens, capturing a total of ten prisoners and two machine guns. At approximately the same time, far south, at Hargicourt, other Canadians again crossed 1000 yards of No Man's Land, took 18 prisoners and two machine guns, destroyed four trench mortars, and bombed both the enemy's front and support lines.

At 6 o'clock this morning in front of Lens, Canadian troops, operating in two parties, gave the nervous enemy another decisive taste of Canadian mettle. The operations, which were covered by artillery, trench mortar and machine gun barrages, were carried out by two parties. On the left little opposition was encountered, the attackers capturing three prisoners and two machine guns. On the right the party headed up by the close range machine gun fire, but succeeded in capturing one prisoner.

Crack German Troops. These raids confirm the presence of crack German troops, opposite the Canadians, the prisoners taken belonging to the First Guards Regiment. Late this morning Canadian headquarters was the scene of a dining ceremony, in which Belgium, honoring the Canadian corps, gave a striking appreciation of the value of Canadian services at Passchendaele. The historic combats in the salient. Fourteen Canadian officers were decorated by Gen. Sir H. S. Home, commanding the first army, with the Belgian Croix de Guerre. The same decorations have been awarded to six other officers and 187 non-commissioned officers and men.

Tonight more than 100 officers of the original first expeditionary force, who landed in France in the middle of February, 1915, met at dinner to commemorate their arrival three years ago, while at the first of the week the first batch of married men of the army, who have been in Canada on a three months' furlough to Canada. Altogether nearly 700 married men have applied for this special furlough, which Canadian legislation has made possible by the striking support of its forces in the field.

WILL DRAFT BILL FOR CIVIL SERVICE

Sub-Committee of Cabinet Will Be Named to Consider Needed Legislation.

Ottawa, Feb. 15.—A sub-committee of the cabinet, which it is understood, will include Hon. F. B. Carter, Hon. J. A. Calder and Hon. Martin Burrell, will be named by the government to consider the legislation to be introduced at the next session of parliament, placing the inside and outside service on practically the same basis.

A bill providing for the abolition of patronage and the introduction of the competitive merit systems will be drafted by the civil service commission, of which Hon. W. J. Mackenzie, former minister of the interior, is the chairman. This bill will then be considered by the sub-committee of the cabinet in conjunction with the commissioners. It is realized that there are many practical difficulties in the way of applying the same system to the outside as well as to the inside service, more particularly on account of the large number of laboring men and temporary employees in the outside service. It is expected that it is probable that a system of registration of the unemployed will be adopted, like that in use in the United States.

No Wounded Soldiers Will Return Home Today

Trains Are Tied Up by Storms and Men Cannot Reach Toronto.

On account of heavy snow-storms in Quebec all trains are delayed, and no returned soldiers will arrive in Toronto today. A party may arrive on Sunday morning. The evening newspapers probably will publish a list of the names of the men and the time of their arrival.

YOUNG BENEDICTS SEEK PROTECTION

Rush to Dominion Police Headquarters to Avoid Arrest as Defaulters.

MUST CARRY PROOF

Five Men Taken Yesterday Were Put in Khaki at Camp.

Active work by the Dominion Police for the rounding up of Military Service Act defaulters began yesterday in Toronto on the streets. As a result five of the men gathered in by the Dominion Police officers on the streets were sent to Exhibition Camp and put into khaki during the afternoon. In proof of the announcement that wilful defaulters, even if not up to the physical standard, would be apprehended by put in the army, it is reported that one of the five defaulters put into khaki yesterday was a "D" (temporarily unfit) man.

The feature of the day at the headquarters of the Dominion Police at Yonge and Front streets was the rush of young married men who were anxious to safeguard themselves from arrest. The streets are swarming with being class one men. This rush, heard in large proportion of the Dominion Police on patrolling the streets, as they had to stay in the office to deal with the cases of the men who applied voluntarily for advice.

GERMAN U-BOATS FEAR DEPTH BOMBS

Engineer From Kiel Says Germans Find it Hard to Muster Crews.

Geneva, Feb. 15.—A Swiss engineer, employed for the past ten months at the electrical works at Kiel and who has recently returned, informs the Associated Press that the Germans are making every effort to conceal their submarine losses, especially those from the navy, because of increased difficulty in mustering crews. He estimates the Germans lost 80 per cent of their submarines during the time that he was at Kiel.

ST. LAWRENCE RIVER ON THE RAMPAGE

Ice Jam Causes Bad Floods in the Neighborhood of Cornwall.

Special to The Toronto World. Cornwall, Feb. 15.—The ice jam in the St. Lawrence River at the mouth of the Grasse River is creating a disturbance all along the shores of both rivers, the backwater in the St. Lawrence extending to Richard's Landing and in the Grasse River to the dam at Massena Village. At the Polley Creek below the South Sault the water was six feet over the roadway, and the railing of the bridge was carried away while at Richard's Landing the dock was completely submerged, as were farms and roads in the vicinity. Near the dam at Massena cellars of houses by the Grasse River are full up to the ground floors, and foot bridges have to be built by the residents within their homes out to higher ground. The water conditions have not been so serious at this point for twenty years.

AMERICAN EXPORTS LICENSED TO GAIN SHIPS FOR TROOPS

All Foreign Trade of United States to Undergo Curtailment.

PRESIDENT DETERMINES

Allies Will Also Make Further Cuts in Trade Reduction.

Washington, Feb. 15.—All foreign trade of the United States—exports and imports—was put under license today by President Wilson as a part of a general program of the American and allied governments for releasing ships to transport troops and supplies to Europe. The less essential exports and imports will be reduced to a minimum and materials regarded as necessary will be transported by the shortest route possible. The allies are working in close co-operation with the United States, and the trade routes of the world in many instances will be shifted to bring the most economical operation of tonnage.

The allies already have cut their foreign trade sharply, but will make further reductions as a part of the general plan. American representatives sitting in London will work with allied representatives in eliminating and rearranging ocean commerce to free ships for war service.

Licensing of American exports and imports will be handled through the war trade board, which has created a special contraband committee with final powers in deciding the country's foreign trade policies. The board, which already issues licenses for the large number of ocean-going ships which the government has exercised export and import control, will work with the state department, the department of commerce and the shipping board in arranging trade routes.

American ships taken out of the non-hazardous trades and out of transatlantic service will be replaced where it can be done by neutral tonnage, for which the government now is negotiating. This tonnage will be the nearest entirely, however, and licenses for goods regarded as non-essential will not be granted.

WAR WITH RUSSIA NOT DEEMED OVER

Von Kuehlmann Still Considers Peace Not Made by Demobilization.

SITUATION NOT ALTERED

When Armistice Ends, Hostilities Must Revive, is German View.

Amsterdam, Feb. 15.—That Germany and Austria were still at war with Russia was the belief expressed by Dr. Richard von Kuehlmann, the German foreign secretary, at the concluding session of the recent peace conference at Brest-Litovsk after Troitzky, the Bolshevik foreign minister, had made his final statement that Russia was out of the war and her armies would be demobilized, but that she would desist from signing a formal peace treaty.

Field Marshal Congratulates Canadians on Raid's Success

London, Feb. 15.—(Via Reuters' Ottawa Agency).—Field Marshal Sir Douglas Haig, commander-in-chief of the British forces in France, has sent a message of congratulation to the Canadians who took part in the successful raid near Hargicourt on Feb. 12.

FEDERAL FRANCHISE FOR WOMEN WILL BE GRANTED BY GOVERNMENT

Not Certain, However, That Necessary Legislation Will Be Introduced at the Coming Session.

Ottawa, Feb. 15.—That Canada's Union government intends to adhere to the platform in its program to extend the franchise to all women was officially intimated here today. It is not certain that the necessary legislation will be introduced at the session of parliament to be held within a month, as there are certain difficulties to be cleared up in regard to the position of naturalized aliens, but the legislation will not be long delayed. At the recent general election the female relatives of soldiers voted. At the next general election all qualified women will have the right to cast a ballot. Canadian women in Ontario and the four western provinces have the privilege of voting in provincial contests. A Dominion franchise act is necessary to make woman suffrage universal throughout the Dominion. It is roughly estimated that from one to two million will be affected by the proposed legislation.

GERMANY TO CHANGE SUBMARINE POLICY

Important Naval Conference Called to Decide on Future of U-Boat.

Amsterdam, Feb. 15.—Frederich von Payer, imperial vice-chancellor, is expected to make an announcement before the next session of the Reichstag of the government's future submarine policy, according to The Frankfurter Zeitung. Much significance is found in the fact that the emperor has summoned Admiral Eduard von Capelle, minister of the navy, and Admiral von Holtzendorff, head of the naval general staff, to attend a conference being held at the main headquarters.

TO DIVIDE RUSSIA INTO FRAGMENTS

Germans Plan Setting Up of Weak Separate Governments.

WILL BE OWN JUDGES

Central Powers Will Determine Governments to Recognize.

Amsterdam, Feb. 15.—Germany was pictured as a peace-loving, non-aggressive nation in the speech of Dr. von Kuehlmann, the German foreign secretary, at the concluding session of the recent peace conference at Brest-Litovsk. Dr. von Kuehlmann said the Russians should have no fear that Germany held any designs on Russia.

"I need only refer Mr. Troitzky (the Bolshevik foreign minister) to the permanent basis of the German policy, which, up to the time when war broke out, was to draw the Russian people into the orbit of German good and friendly relations toward our eastern neighbors," Dr. von Kuehlmann said. "Germany's policy will always continue as soon as the war has reached a satisfactory conclusion—to strive for the friendship and cooperation of Russia by avoiding all interference in its internal affairs."

Dr. von Kuehlmann said the German idea in drawing the frontier lines for Poland, Courland and Lithuania was "to observe the racial point of view as suggested by the Russian people, and to draw the frontier lines so that the German people, consisting in the present view of good and friendly relations toward our eastern neighbors," Dr. von Kuehlmann said. "Germany's policy will always continue as soon as the war has reached a satisfactory conclusion—to strive for the friendship and cooperation of Russia by avoiding all interference in its internal affairs."

As to a separate peace with Ukraine, Dr. von Kuehlmann said, the central powers must reserve the right to be their own judges as to what states they should recognize. The Russian government, he said, had recognized the Ukraine, he said, and there was no use discussing that question any further. Count Czernin, Austro-Hungarian foreign minister, expressed surprise that Troitzky had introduced the subject of the Ukraine at the peace conference.

"The relations between the Ukraine and the Petrograd government," said Count Czernin, "do not concern the central powers, and our conclusion of a peace with the Ukraine cannot be regarded as an unfriendly act toward the Petrograd government. We signed no treaty of alliance with the Ukraine, but only a treaty of peace which makes the Ukraine, so far as the central powers are concerned, merely a neutral state."

Replying to Troitzky's inquiry regarding the frontier south of Brest-Litovsk, Dr. von Kuehlmann said, "In drawing these frontier lines we attempted merely to find a middle course between racial divisions and the historical frontier."

Big Batch of Canadian Cars Are Returned From U. S.

Montreal, Feb. 15.—Altho 4455 Canadian freight cars have been returned from the United States railways at the request of the Canadian Railway War Board, General Secretary Neal of the war board states that there are 17,204 Canadian cars overdue from the United States. Over and above the reciprocal exchange between the two countries. The return of the 4455 cars is the largest single gain yet made in the campaign to recover Canada's cars from the foreign tangle.

WAR AIM SECURED UKRAINIAN PEACE

Czernin Promises General Peace if Austria Holds Out Longer.

CIVIL WAR IN RUSSIA

Bread From New Region Will Relieve Strangle of Blockade.

Amsterdam, Feb. 15.—A despatch received here from Vienna says that Count Czernin, the Austro-Hungarian foreign minister, replying to an address of the burgomaster, who welcomed Czernin on his return to the Austrian capital, said it was the war aim of their supreme war lord and emperor which had secured for them a peace with the Ukraine. This peace, he added, was in a double sense of the greatest significance.

"What has happened at Brest-Litovsk," Count Czernin said, "is not yet the end of the war, but it is the beginning of the end. Not only political diseases, but political recoveries are infectious, and peace will be so, too. Moreover, the strangling blockade of the entente has been broken by the signing of the peace with the Ukraine, with its bread. The difficulties of transport certainly still are considerable, but all necessary preparations have been made and, if conditions do not alter, an improvement will take place."

Count Czernin added that he had assurances that Austrian prisoners of war would be released. Civil war between Russia and the Ukraine might cause difficulties, but he was full of hope. In conclusion, Count Czernin said: "If ever confidence was justified, it is today. I am firmly convinced that we have only to hold out a little longer and an honorable general peace will be attained."

Another Canadian army and navy board has been formed. Its announcement was officially authorized last night by Capt. (Rev.) J. L. Gilmour. It will look after the welfare of the Baptist soldiers in the Canadian expeditionary forces. The branch has elected temporary officers and will include representatives from the Baptist unions of every province in the Dominion.

An early application will be made to Major-General Macpherson, minister of militia, for arrangements to be made similar to that for Rev. Dr. Chown, Presbyterian and Rev. Dr. Neil, Anglican, for a representative of the Baptists of the Dominion to make a visit of inspection to the training camps in England, and to the battalions in the rest billets in France in the interests of the Baptist soldiers.

Capt. Gilmour stated that last summer the government then in power refused permission for a Baptist representative to be sent, altho appointed by the Baptist Unions of Ontario and Quebec, on the technical ground that he was only a representative of an inter-provincial Baptist union, and not a Dominion board. So confident had the Baptist executives been that the government authorities would have accepted their representative's credentials that this representative, a leading Toronto clergyman, had every thing ready for the trip, almost to having his baggage packed.

This time the Baptists are not taking any chances and will have all Canada officially represented. The temporary officers include Rev. A. N. Marshall, of the Ontario Baptist Union, chairman; Rev. Dr. O. S. C. Wallace, formerly chancellor of McMaster University, Toronto, and now of Montreal, representing the Baptist Union of Quebec, vice-chairman.

The call for the general meeting to consider the organization of the general board, formulate the application to the Union government and adopt a constitution, will be issued from the Baptist Church offices in Toronto at an early date.

Capt. (Rev.) J. L. Gilmour, in addition to being Baptist chaplain at Toronto Exhibition Camp, is a member of the faculty of McMaster University.

BRITISH MAKE GAIN NEAR JERUSALEM

General Allenby Advances Two Miles on Front of Six Miles.

LITTLE OPPOSITION MET

Success Extends on Both Sides of Village of Mukhmas. London, Feb. 15.—The British forces in Palestine yesterday made an advance of two miles on a front of six miles, northwest of Jerusalem. The official statement says: "Yesterday we advanced our line on a front of six miles on each side of the village of Mukhmas, 11-12 miles northeast of Jerusalem. Little opposition was experienced. A minor enemy entrenchment against one of our posts about four miles northwest of Jerusalem was repulsed after it had reached within bombing distance. A few prisoners were taken."

LABOR TO AID MOBILIZATION ON CONDITIONS

Government Submits Memo. Showing Purposes of Manpower Registration, ON BROAD LINES

Labor Suggests Commission and That Fair Wages and Hours Prevail.

Ottawa, Feb. 15.—In further legislation of the government's plan to take an inventory of the man-power of Canada a memorandum was given out this afternoon by the prime minister. It is understood that the plan to be followed has not yet been definitely decided, but that it will be worked out in the course of a short time. It will be one of the matters considered at the conference of provincial prime ministers now in progress here. The statement issued today is as follows: "The government submitted to the representatives of organized labor the following confidential memorandum dealing with the organization of man-power and woman-power in Canada. To give effect to the declared policy of the government to mobilize the man-power and resources of Canada for the vigorous prosecution of the war in all its phases, the government believes that inventory of the man-power and woman-power of Canada should be taken, the inventory to include all those of 18 years of age and upwards. This inventory and mobilization is required in order that Canada may more fully co-ordinate and concentrate her war efforts to meet both the urgency of the present military situation and the imperative needs of greater food production and conservation, increased labor and production in essential industries and other pressing problems which face the nation."

Specific Purposes. Among the specific purposes sought to be accomplished by the inventory are: 1. To ascertain the numbers, residence, nationality and occupation of all persons who have evaded registration under the provisions of the Military Service Act. 2. To facilitate the operation of the Military Service Act by requiring that all registered men carry a certificate of registration. 3. To ascertain the numbers, residence and occupation of those who do not now engaged in agriculture, have had experience in farming and are qualified to assist in agricultural production. 4. To ascertain the numbers employed in various occupations or lines of industry so as to ascertain the labor supply which might be rendered available by closing or curtailing less essential industries and diverting labor to more essential industries. 5. To ascertain the availability of woman labor available to supplement the work of men, or to take over the work of men who could thereby be released for other services of national importance. 6. To ascertain the number, residence, nationality and occupation of all persons resident in Canada who are not British subjects by birth or naturalization. 7. To be able to utilize with the least inconvenience and to the best advantage the services of all men and women in the employment to which they are fitted by special training and experience. 8. To secure all such information as will enable the government in co-operation with labor, to carry on an effective and organized Dominion-wide propaganda, and appeal for procuring voluntary enlistment of labor, the men and women necessary for all such industries and occupations, as are essential to the successful prosecution of the war, and to assist in securing an equitable distribution of labor for such purposes. 9. To secure the information which will be required in case the state at a future date should be compelled to arrange for a more equitable distribution of fuel, food or other necessities of life. Labor's Reply. After due consideration of the memorandum the representatives of labor submitted the following report to the government: "Your tentative proposals contained in your memo. to us we answer as follows: 'That we will co-operate with the government on the lines suggested in your memo, providing that clause 8 of same is carried out on

UNSYNKABLE SHIP IS PROVING A MYTH

Naval Authorities Disagree With Chairman of Shipping Board.

INSIDE HONEYCOMBED

Held That There Would Be No Cargo Space Which is Indispensable.

Washington, Feb. 15.—The naval consulting board will meet here tomorrow to discuss among other subjects experiments made with the former Austrian steamer Lucia, designed to make her unsinkable. Vice-Chairman Saunders of the board announced last Saturday at New York that the effort had been successful by "honeycombing" the ship's interior with buoyant separate compartments.

The plan was proposed by William T. Donnelly and work has been in progress for several months on the ship, a 500-ton craft. Naval opinion generally is that the technical details of the scheme so far as known, would not justify its general use. Time and money are members of the consulting board and will be present tomorrow.

There appears to be no doubt that a virtually unsinkable ship could be built in any of several ways. Neither the allied powers nor the United States has as yet found, however, any scheme so far as known that would justify its general use. Time and money are vital elements in the war that must govern whatever is done.

CAPITAL AND LABOR TO OUTLINE POLICY

Have Each Selected Representatives to Sit on United States Commission.

Washington, Feb. 15.—Capital and labor have named the five representatives each was asked by the government to appoint to outline a basis of relations for the period of the war. The first sessions of their deliberations probably will be held next week, after each side has named one other man to represent the public, making a board of 12. Announcement of the personnel of the men, who were chosen by the National Council for Industrial Safety and the American Federation of Labor, is being withheld until the acceptances of several of the men asked to serve have been received by the government. The department of labor, which suggested that a general policy be outlined in an effort to eliminate friction at a time when all energy should be centered on the successful prosecution of the war, is endeavoring to expedite the constitution of the board in the hope that unrest will be allayed.

The broad lines embodied in resolution number 7 of our memo and which...

WAR SUMMARY THE DAY'S EVENTS REVIEWED

The British forces made an advance of two miles on a six-mile front in Palestine. The scene of the fighting was on each side of Mukhmas Village...

The sinking of eight British small craft, including seven destroyers and one trawler, by enemy destroyers in the Strait of Dover will induce new censures of the admiralty, especially as the German vessels got away.

The news that the enemy proposes to proceed with the invasion of Russia so as to occupy Petrograd shows that after using the Bolsheviks as a shield, the enemy does not intend to allow them to remain in power on account of their effect on German workmen.

VICTIM OF AMNESIA IS JESSIE BYFIELD

Girl Found on Roadside Near Weston Lives on Chambers Avenue.

MEMBER GIRL GUARDS Up to Late Hour Last Night Had Not Recovered Memory.

Jessie Byfield, aged 17, of 18 Chambers avenue, who was found last Wednesday in the snow near Weston in a dazed condition and who has had no memory since...

Some woman was here to see me today," she said. "She said she knew me—that my name was Jessie something—I forget what. She said I had a mother and sister, but I don't remember them. The constable said he was going to find out."

MUCH SIMILAR CASE.

Scantly clad, Ennis Lyons, a young girl living at 42 Lewis street, early yesterday morning, was found by a police officer lying on Gould street.

SCORES—"THE HOUSE THAT QUALITY BUILT"

A man said the other day, "Well, the back of the winter will soon be broken by the coming of spring. I have shown a great inclination to break yet. When the calendar keeps moving along a day at a time, and men's minds move along with it, whether along lines of duty, pleasure, or business or pleasure. And weeks will say the same thing. That reminds me—and it will be the same with other work. That is the house that quality built."

HAMILTON NEWS STARTLING CASES OF SOCIAL VICE

Hamilton, Feb. 15.—An act which would make the reporting of venereal diseases compulsory and the establishment of some institution wherein those affected could be segregated were urged by Chief of Police Whitley this afternoon at a sitting of Mr. Justice Hodgins, commissioner appointed by the Ontario Government to investigate social vice.

Some of the testimony of the chief was of a startling nature. "There should be authority for the police to order a medical examination of all women charged with vagrancy," said the chief.

Montreal Wastes Millions On Useless Civic Works

Montreal, Feb. 15.—The health department of Montreal is severely criticized by the bureau of municipalities in the province. The report states that the board of health, consisting of the mayor and seven aldermen, two of the latter physicians, and the medical health officer, has not performed any function of value, and met only to discuss the expenditure of the city's money.

New York, Feb. 15.—Rumors of an important deal affecting the New York City club of the New York Yankees and Detroit American League clubs were current today following a lengthy conference between Miller Huggins, the New York manager, and Frank Navin, president of the Detroit club. It was generally believed that the deal involves the transfer of Ty Cobb to the New York club.

THAMESVILLE DEFEATS BRAMPTON

Special to The Toronto World. Thamesville, Feb. 15.—The Thamesville Thunders, by defeating the Brampton Sox, here tonight by 3 to 2, secured a second place in the Ontario League. The locals led in scoring throughout, getting three in the first, four in the second and five in the last, and it was not until the latter season that the visitors scored. They were easily the best team on the ice. Only one penalty was imposed, the same being very clean. The teams: Thamesville: Goal, McQuinn; Defence, Pridemore, Reocham, Defence, Dobie; Centre, Barratt; Wing, Huggins; Sub, Spence; T. Munro, Linn.

Municipal Research Bureau Finds Extravagance in Civic Administration.

Montreal, Feb. 15.—A series of economies and readjustments whereby the city of Montreal would save over a million dollars annually is one of the outstanding features of the report to the city council by the New York Bureau of Municipal Research, which was released today for publication. The elimination of the clerical staff of the board of control is advised, such work to be done by the city clerk's staff. The establishment of a civic service commission, the sitting of the recorder's court on Sundays and holidays, are among the recommendations made by the bureau. The report declares that on a conservative estimate \$680,000 may be saved by the adoption of the bureau's recommendations with reference to the various civic departments, and a total of a million dollars or more saved by acting on the numerous suggestions made in the report.

MONTREAL SPENDS MILLION TOO MUCH

Montreal, Feb. 15.—A series of economies and readjustments whereby the city of Montreal would save over a million dollars annually is one of the outstanding features of the report to the city council by the New York Bureau of Municipal Research, which was released today for publication. The elimination of the clerical staff of the board of control is advised, such work to be done by the city clerk's staff. The establishment of a civic service commission, the sitting of the recorder's court on Sundays and holidays, are among the recommendations made by the bureau. The report declares that on a conservative estimate \$680,000 may be saved by the adoption of the bureau's recommendations with reference to the various civic departments, and a total of a million dollars or more saved by acting on the numerous suggestions made in the report.

FIGHTING FLYERS AND CIRCUS FEATS

Perform Dangerous Stunts as Necessary Measure of Safety.

IS USEFUL EXPEDIENT

Can Get Beneath Enemy Plane and Avoid Attack.

Every day at the front all manner of what in peace time would be regarded as "circus tricks" are performed as necessary measures of safety in the presence of hostile machines. With a view of illustrating their bearing upon aerial fighting methods, and alike upon the conquest of the air, writes Charles L. Freeston in Scribner's, I may now describe in detail the chief variations from ordinary straightaway flying.

TO LOSE BORDER LAND

Enemy Would Remove Occupied Territories From Rule of Muscovites.

Amsterdam, Feb. 15.—Dr. von Kuehlmann, at the Brest-Litovsk conference, proposed a new text for the second article of the peace treaty, to the effect that certain frontier territories, which were not defined, should no longer be subjected to the territorial sovereignty of Russia, and that, in the future the lot of these territories should be decided in agreements with their respective peoples according to agreements which Germany and Austria-Hungary shall make with them.

LORD ROBERT PLANS LEAGUE OF NATIONS

British Minister Aims at Having Disputes Go Before Conference.

London, Feb. 15.—Lord Robert Cecil, minister of blockade, who announced in the house of commons recently that he himself had prepared a plan for a league of nations, discussed the whole problem today. While declining to give a detailed outline of his plan, which, with others, is now being considered by the cabinet, he was engaging the consideration of the British Government, he indicated a number of conclusions to which his study of the problem had led him.

## BUY TROUSERS, TODAY, MEN!

### 250 Pairs of Sturdy Bannockburn and "Untearable" Tweed Pants Offered at \$2.60 Pair

Bannockburn and untearable tweeds are two of the strongest, most reliable materials from which a pair of pants could be made. Most men are well acquainted with this fact—particularly working men whose clothes are subject to hard grinding wear. \$2.60 is an exceptionally low figure for pants of this kind, so take full advantage of the offer by securing a couple of pairs today! The Bannockburn tweeds are in the popular brown heather mixture, and the "untearable" tweeds in dark grey stripes and mixtures. Some worsteds are also included in stripe designs of grey and brown. All are strongly sewn trousers with durable pockets and trimmings. Sizes 32 to 42, but not all sizes in any one line. Today, pair ..... 2.60

### These Melton Overcoats at \$25.00

If you're wearing a fur-lined overcoat or a heavy Ulster, you have, no doubt, felt that its cumbersome weight is practically unnecessary these days of mild temperature. These Melton Overcoats are just the kind that should prove most satisfactory for a medium-weight coat for early spring and later wear. They are made of a firm English melton cloth that's noted for its wind-resisting properties and its unusual durability. The coats are single-breasted, fit snugly around the neck and shoulders and drape rather full from the shoulders. They're 43 inches long and lined with twill mohair. Obtainable in dark grey with self collar and black with black velvet collar. Sizes 36 to 46. Price ..... 25.00

### Men's and Young Men's Suits at \$15.00

These are made of serviceable tweed in fancy mixtures, small checks and neat stripe effects of grey and brown in many shades. The young men's suits are two and three-button sacks—some in double-breasted style, with notch or peaked lapels. The men's are semi-form-fitting, three-button sacks, with well-formed shoulders and close-fitting collars. Many of these are EATON-made. Young men's sizes, 33 to 39. Men's, 36 to 44. Price. . 15.00

### Bring the Kiddies to See the Fascinating Miniature Village "Toyville" in the Toy Department

They will simply revel in the wonders of that quite marvellous little village, for it contains everything the young heart could wish to have in any town. Immediately you alight at the wee "Toyville" station you are entranced with it, for there's Charlie Chaplin guiding the traffic and in the act of topling a lamp-post over; there are dolls in bathing suits in the act of diving into a sparkling pond already inhabited by graceful swans; milk wagons and automobiles carelessly frequenting the road where cows are grazing and pigs lazily lying about. And the houses! No small girl could wish for more delightful houses—there are palatial mansions, bungalows and cottages with real little fences about them, some have recently been built on the edge of the town and have not yet grown the green trees and grasses which beautify the older houses. A company of soldiers gives a real military touch as they march along the road, and everyone knows it's a modern village because great interesting aeroplanes fly about the skies, yying with the dainty birds which appear in the trees.

## T. EATON CO LIMITED

### 150 Boys' Grey Tweed Suits Offer Substantial Economies at \$3.45 Each

It's rather unusual nowadays to see suits of such sturdy build as these for boys of 10 to 15 years, at \$3.45. For these are made of durable thick tweeds, in dark grey patterns of faint stripe effect. They're Norfolk style, with sewn-down pleats from yoke to belt, the latter sewn all around at waist. Have patch pockets, good body linings, and roomy bloomer pants. Sizes 28 to 33. Today ..... 3.45

### New Arrivals in Boys' Spring Two-Pant Suits Show Great Assortments and Present Good Values at \$10.00

It's the new spring stock—fresh from the EATON factory, with such an array of bright new patterns and snappy new styles that we could scarcely begin to tell of individually here. And the value—it's really surprising value, for—remember—these are 2-pants suits at \$10.00. Grey is the predominating color, and coats with pleated backs and plain fronts promise to be style leaders. The tweeds are in smooth and rough finish and of fairly heavy and medium weight. In many shades of grey there are fancy mixtures, fine stripes, large and small checks, pin check, and diagonal effects. The coats are single-breasted and show pleated backs of many kinds. They have belts sewn all around at waist and two or three patch pockets—some of which are adorned with fancy flaps. One particularly interesting model has two full-length box pleats at back, all-around loose belt and three patch pockets. Every suit is the product of our own factory, so we can safely recommend the tailoring in every garment—particularly in the collars, lapels and shoulders. Two pairs of good, roomy bloomers, with expandable knee bands. Sizes 29 to 34. Price ..... 10.00

### New Also Are One-Pant Suits at \$8.75

These are fine tweed suits in rich brown mixtures and distinctive grey pin checks. They have fancy pleated backs, some in "pinch-back" effect, others with pointed yokes. All have 3-piece belts, flapped patch pockets, and some have fancy cuffs. Good body linings and full-fitting bloomers. Sizes 29 to 34. Price ..... 8.75  
—Main Floor, Queen Street.

### CANADIANS FLOCK TO KHAKI COLLEGE

Authorities Make Grant to Cadets Training for Commissions.

**C. A. P. Correspondence.**  
London, Feb. 15.—The Canadian Khaki College at Witley Camp started on its second term in a most encouraging manner. Beginning with a handful of students the enrollment in the initial term increased to 840, while an additional 228 students are already enrolled for the second term, a grand total to date of 1,068. The business and agricultural departments have grown most rapidly, the highly satisfactory progress is also reported in all the departments.  
Much to the relief of the aspiring young Canadians who expect to bear all the burden of their education, the authorities have just made a well-earned grant towards expenses. By a new regulation all cadets accepted for a course of instruction with a view to qualifying for commissions in the Canadian overseas forces will be given an advance of £9, to be expended on the necessary uniform. As the home government has recently put a fixed price on officers' uniforms, so that tailors cannot overcharge, the cadets ought to be able to get good value for their outlay.

### MONTREAL FOUND DEN OF INIQUITY

Police Department Tolerates Wholesale Gambling and Vice.

**Police Department Tolerates Wholesale Gambling and Vice.**  
Montreal, Feb. 15.—Wholesale condemnation of the Montreal police department is made in the report of the bureau of municipal research of New York, to the city council. The report states that the vice forces cost \$1,250,000 a year, dictation of partisan political leaders and faulty organization prevent it from rendering protection to the public equal to its cost. The finds of the bureau indicate that an investigation by an authority having criminal jurisdiction was desirable.  
On the subject of vice the report says commercialized prostitution, professional gambling flourish in the city and are tolerated by the police. The effect of the periodical raids on the houses of ill-fame or gambling dens simply amounts to licensing these premises for revenue purposes. Mutual consent raids are also conducted, the estimate as to the number of houses of commercialized prostitution given by the officers of the morality squad is that there are between 250 and 300, and they state that there are six or eight hotels operated almost exclusively as houses of prostitution. The estimate probably does not include the very many places operated as disorderly flats, furnished rooms and call houses.  
The vice conditions of the City of Montreal are such that, if for no other reason than as a protection to the soldiers now in the city, a vigorous campaign against vice should be commenced at once by the military authorities, should relief not be had thru the civic authorities. Among the suggestions made by the report is

### JITNEY BARS DOOMED

Manitoba Special Committee is Considering Legislation.

Winnipeg, Feb. 15.—A special committee of the provincial legislature is considering the Hotel Accommodation Act, which is putting the jitney bars out of business in many instances. A license is necessary for the sale of fermented drinks, including two percent, no hardiads may be secured for the sale of such drinks and no singing or similar form of entertainment will be permitted on premises where such drinks are sold.

### APPOINTMENT OF OFFICIAL CHAPERON FOR DANCE HALLS

The report shows that where policemen were dismissed for cause by their chief they were invariably reinstated over his head. One man was reinstated five times and resigned twice. Further, policemen found guilty of serious misconduct have been given a definite time in which to resign, and generally never left the force.

### SENDS IN RESIGNATION.

Winnipeg, Feb. 15.—E. R. Chapman, registrar for Manitoba under the Military Service Act, sent in his resignation to Ottawa yesterday. Acceptance has not yet been received from the government. Mr. Chapman, who was formerly head of the Manitoba branch of the National Service League, desires to return to his law practice here, his chief work in connection with the calling out of the first class under the Military Service Act now being completed.

### ASKING FOR AN INCREASE.

Winnipeg, Feb. 15.—Employees of the Winnipeg Street Railway Company have made application to the company for increase in wages of from two to three cents an hour, to take effect May 1. There are practically 1000 men who would benefit by such an increase, and the annual additional cost of operating the system in consequence would be over \$60,000 a year.

### ARE SEEKING DIVORCE.

Ottawa, Feb. 15.—Notice is given in The Canada Gazette that Simon John Fraser of Toronto, will apply to parliament at the next session for a divorce from his wife, Mabel Erskine Fraser, also of Toronto. Another application which will be made at the next session of parliament is that of Alfred Frank Scott, of Paris, Ont., for a divorce from his wife, Lily Mary Scott, formerly of Paris, but now of Hamilton, Ont.

### ESCAPED PRISONER WAS REARRESTED

Is Held by Kitchener Police on Suspicion of Housebreaking.

Kitchener, Feb. 15.—George Marrello, who recently knocked out the turkey and escaped from the jail in London, Ont., was arrested on King street here last evening by P. C. Farrel and arraigned in police court this morning. When arrested Marrello was carrying a loaded revolver and among his effects were found clippings from papers describing his successful jail breaking in London. For some weeks a series of housebreakings have been going on in this city and Marrello is suspected.  
The local police were on the lookout for him when reports of the housebreaking began to come into the police department, because they bore resemblance to the kind of work Marrello was charged with doing. In police court this morning he pleaded not guilty and was remanded to jail.  
Valuable jewelry was also found on Marrello when arrested. The police are holding the valuables for identification.

### FOR A SERIOUS OFFENCE.

Chatham, Feb. 15.—Zachariah Bass, colored, was this morning sent for trial on one of the most serious offences which has been heard in the county police court in recent years. The charge is preferred by a little white girl who resides with her father on a farm in Harwich Township.

### ANOTHER PARTITION.

Washington, Feb. 15.—The Polish people consider the cessation of the government of Cholim to the new Ukraine republic another partition of Poland. An official despatch said that when the news was received in Cracow the inhabitants appeared in mourning and theatres and moving picture shows were closed. The inhabitants of the districts taken are about eighty per cent. Polish.

### A DANGEROUS LUNATIC

Kitchener Man Held as Result of Letters to Police Authorities.

Special to The Toronto World.  
Kitchener, Feb. 15.—Joe Ringler, believed to be a dangerous lunatic, was rounded up this morning by the local police and arraigned in police court on the formal charge of vagrancy. Evidence from Ottawa and Toronto shows that Ringler wrote to the police authorities at both places declaring that he wanted detectives sent to Kitchener to watch people who, he claimed, were trying to poison him. In the letter to Ottawa Ringler alleged that the Toronto police chief was sending detectives to Kitchener to poison him.  
Ringler was remanded to jail this morning pending medical examination, following which it is expected he will be committed to an asylum.

### Neutrals Unite to Protest Against Russian Repudiation

The Hague, Feb. 15.—Holland has suggested to the other neutrals that they take joint action in respect to the repudiation by the Bolsheviki of Russia's foreign loans. Foreign Minister Louden has informed a deputy. Spain, said the minister, already has consented in principle and replies are expected shortly from Switzerland and the Scandinavian countries.

### Day Named for Offensive Passes Without German Move

London, Feb. 15.—It is recalled by Reuters' correspondent at British headquarters that today is the day fixed by German newspapers last month for opening of the much-anticipated great German offensive. This morning's reports to British headquarters from the battle line, however, showed that all was quiet, except for the usual artillery firing in various sectors.

### UNSTINTED FAITH IN GENERAL HAIG

General Robertson Will Probably Remain as Chief of General Staff.

London, Feb. 15.—The rumors of the compulsory retirement of General Sir William Robertson as chief of staff, which began after The Mall's sharp attack on him and Field Marshal Haig a few days before the meeting of the supreme war council at Versailles, and constituted the subject of a large part of the debate in the house of commons this week, continues to be discussed by the newspapers.  
The Times takes the point of view that no one cares a rap what first-class soldier is selected for this or that great military appointment. It says unstinted confidence is reposed in Field Marshal Haig, because the army trusts his leadership, which is a vital factor in the army's morale. But as to the work of others, in the nature of things, next to nothing can be known.  
In a letter to The Morning Post the Duke of Somerset, a strong and candid stand, saying: "It is apparent that an attempt is being made to take the command of our armies out of the hands of our generals, who have so successfully carried on the war, and to put ignorant civilians in actual command of our forces. We cannot afford such a disaster."  
**FAILED TO REGISTER.**  
Winnipeg, Feb. 15.—For failing to register under the M.S.A., J. Ross was sentenced to two years in jail in the city police court this morning. Ross explained that he knew he had no chance for exemption and as a conscientious objector he thought he might evade the draft by failing to register.

FIRE LOSSES CUT DURING PAST YEAR

Consideration of Estimates Brings Statement in the Legislature. OPPOSITION OBJECTED Point Made That Money Should Come From the Government. Consideration of the supplementary estimates at yesterday's session of the legislature brought objection from William Proudfoot, leader of the opposition regarding the practice of taxing insurance companies and using the money for the upkeep of the fire marshals' department.

Defending the system, Hon. I. B. Lynch, attorney-general, said fire marshals could not work miracles, and he said few convictions of a criminal nature had resulted from investigations. Lynch said that in 1917, however, had not increased, as had been intimated, but on the contrary the reports showed that it had decreased in 1917 as compared with 1916, there being 3000 fires less and a saving of \$4,000,000.

Shipyard's Dispute May End Monday—Due to German Influences.

Baltimore, Md., Feb. 15.—When John H. Ferguson, president of the Baltimore Federation of Labor, who had been to Washington today to confer with government officials, returned tonight and attempted to address a meeting of the striking shipyard workers, he was ejected, and a new president was elected.

### President Hutcheson Wants Strikers to Return to Jobs

New York, Feb. 15.—William M. Hutcheson, president of the United Brotherhood of Carpenters and Joiners, declared tonight that he was powerless to order the shipyard strikers back to work under any such order. He asserted, however, that it was his desire all men return to work and trust to the government to adjust "their long-standing grievances."

### HE FORGOT WIFE IN GOLF FANNING BEE

Not long ago a golf "bug" walked into a doctor's office, and it happened that the medical man was also a golfer and fellow clubmate.

There were no patients waiting, and consequently for nearly an hour the pair talked golf. Finally the visitor arose to take his departure, when the doctor casually inquired:

"By the way, how is Mrs. Blank? Well, I hope."

"Gee whiz, doctor! That's what I came around for. When I left she was terribly sick."

### A NEW EXPERIENCE FOR WILLIE HOPPE

Willie Hoppe, the nonpareil in billiards, had a new experience in Spokane, Wash., one Sunday recently.

He was called to the pulpit of a Methodist church there, and was exhibited by the pastor as an example of what clean living will do for a young man. The preacher was discussing about the men rejected for the army, and he selected Willie to illustrate his point.

Bob Benjamin, Hoppe's manager, is a wonder in publicity, and his Italian hand is readily seen in this latest exploitation of his charge. It has to be acknowledged, however, that Hoppe is an excellent example of clean living.

### CRICKET BLUE IS AMONG THE KILLED

Latest British Casualty List Carries Names of Well-Known Sportsmen.

London, Feb. 15.—The toll among Britain's best athletes who have fallen in the war continues, the latest casualty list leaving the names of several prominent sportsmen. Another cricket "blue" has been lost in Second Lieut. L. G. Colbeck, whose death at sea is announced. He showed early promise of becoming a fine batsman, securing 45 and 82 (not out) for Marlborough against Rugby at Lord's in 1905. Going up to Cambridge, he got his "blue" against Oxford in 1905. He played a great innings of 107 in the variety match, which had much to do with the light blue's victory by 49 runs. The same year he scored 120 in 75 minutes against the Gentlemen of England at the Crystal Palace, and in 1906 he again showed his liking for the Gentlemen's bowling by scoring 175 against a team captained by W. G. Grace. He also made 54 for Gent's against Oxford.

Captain Lawrence Giers, killed, was a well-known Charterhouse and Cambridge footballer. He gained his colors for soccer football at Charterhouse in 1909, and represented both Birmingham and Trinity College, Cambridge, in 1912, and was given his "blue" as a freshman, playing half-back against Oxford in 1912. He represented both Birmingham and Glasgow Universities, and in 1910 was a member of the Scottish team against France. Lieut. R. Sale, killed, was a fine cricketer, and one of the best amateur golfers of Warwickshire. Capt. G. B. Crole, previously reported missing, but now stated officially to be a prisoner

### RECORD TOURNEY WILL GET UNDER WAY TODAY

Cincinnati, Feb. 15.—After a final inspection of the alleys here today by the officials of the American Bowling Congress everything was in readiness for the opening of the eighteenth annual tournament of this congress at the Hamilton County Armory tomorrow night when sixteen local teams, hailing from as many industries, will roll the first balls on the 15 new alleys.

From 8:30 o'clock tomorrow night until March 10 the alleys will be occupied daily from 10 a.m. until midnight, and during this time 652 five-man teams will contest for supremacy.

Beginning on Sunday morning the women team section of the tournament with 1494 entries and the singles with 3033 entries will be started.

Almost every state in the union is represented, as well as several cities in Canada.

### THE PEACE TERMS.

New York, Feb. 15.—Arrangements for the settlement of the controversy between the major baseball leagues and the defunct Federal League were completed here today. They are in accordance with the peace agreement reached at the time the Federal League withdrew from the baseball field. It was announced that papers would be signed tomorrow. It is stated that the case of the Baltimore

Club of the Federal League, which has a suit in court against organized baseball, is not involved in the settlement. The agreement was completed at a conference here today attended by American, National and Federal league representatives. While its terms were not made public it is understood that the Pittsburgh Club of the Federal League will receive \$50,000 in cash, to be contributed in equal parts by the two major organizations, and that the latter will take over the Federal League parks in Brooklyn and Newark in addition to carrying out the financial obligations incurred in the original peace agreement. The National League representatives today were John K. Tener, president, and H. M. Hempson, of the American League were B. B. Johnson, president, and F. Navin, of the Detroit Club.

### AFTER-THE-WAR YACHTING.

New York, Feb. 15.—That there will be international yachting competitions after the war was assured today upon the arrival of Captain Walter Marks at an Atlantic port aboard a British passenger ship. Captain Marks, who, in 1914, represented Sir Thomas Lipton in this country, came over to inspect the Shamrock. This boat has been in the shipyards outside Boston since the international races on the America Cup were called off because of the war. If the yacht can be successfully overhauled, Captain Marks said, Sir Thomas will enter her again after the war is ended. If not, he will build another and try to lift the famous trophy.

GERMANY DECIDES TO INVADE RUSSIA

Military Conference of Central Powers Agrees to Occupy Petrograd.

ARMISTICE AT END Enemy Will Probably Try to Support Ukraine by Force.

London, Feb. 15.—Germany has resolved to renew military activities against northern Russia. This decision is said to have been reached at a conference at imperial headquarters...

Invasion of Great Russia, it is added, will continue, as any armistice at Petrograd is occupied by German troops. A despatch to The News from Rotterdam says that the Germans take the view that Trotsky's declaration, that it did not end the war, automatically ended the armistice.

To Break Up Russia. The Germans, it says, are carrying on an active propaganda in the Ukraine for the purpose of suggesting to the ruler that the new state is endangered by the Bolsheviks. It is declared that this is all part of Germany's scheme for breaking up the former Russian empire.

To Open Way to East. Amsterdam, Feb. 15.—A statement from a well-informed source dealing with the conclusion of the Brest-Litovsk negotiations and given to Vienna newspapers says that Trotsky's attitude, particularly concerning the application of the principle of self-determination, made a satisfactory conclusion impossible.

Value of Ukraine Peace. "Peace with the Ukraine," the statement continues, is the cornerstone of the entire peace structure, and opposition to these arrangements cannot be regarded as anything more than an interference with the interests of the monarchy.

Neither Speeches Can Alter Success at Brest-Litovsk. Amsterdam, Feb. 15.—Vassil Radslavoff, Bulgarian premier, in an interview in the Vossische Zeitung of Berlin on the alleged differences in the statements of war aims by President Wilson and David Lloyd George, said today:

French Infantry Repulses Two Enemy Raiding Parties. Paris, Feb. 15.—The official statement from the French war office issued tonight says:

On both sides of the Meuse, in the Woëvre region, and in the Vosges Mountains there have been spirited artillery engagements. Two raids on our lines along the Chaume Wood were repulsed by our fire.

Eastern theatre, Feb. 14: West of the Tardar two raids upon our positions were completely defeated. West of Ochrida a French reconnaissance dispersed Austrian detachments and captured three prisoners. There were reciprocal artillery actions north of Monastir.

DOZEN GERMANS TAKEN BY FRENCH AT COURCY

Lively Artillery Duel Obtains in Champagne—Air Raid in German Rear.

Paris, Feb. 15.—The war office reports: "Detachments of French troops last night penetrated the German lines northeast of Courcy and returned with a dozen prisoners and one machine gun.

On the right bank of the River Meuse and in the Woëvre the night was marked by violent bombardments. In upper Alsace the French repulsed a German raid in the region south of Seppois.

On the night of Feb. 12-13 French aerial squadrons dropped 4500 kilograms of projectiles on the railway stations at Thionville, Conflans, Schembiez, Metz and Sabions. Fires and explosions were observed at the stations at Schembiez, Metz and Sabions.

VERNON CASTLE KILLED FLYING Made Turn to Avoid Collision and Plane Failed to Respond.

Port Worth, Texas, Feb. 15.—Capt. Vernon Castle of the Royal Flying Corps, world-famous dancer and aviator, was killed early today in a fall from his airplane at Benbrook Field, near here, where he had been stationed.

Castle, in trying to avoid a collision, swerved his machine beyond control, fell, and was unable to right himself. The cause was an American, but was instructed by the British. The accident happened close by the Benbrook Field. The cause was an American, but was instructed by the British.

German Chancellor Joked About British Coaling Depots. Amsterdam, Feb. 15.—Commenting on the speech made by Premier Lloyd George in the house of commons this week, German newspapers argue that to British coaling stations was not at all a question of German "demands."

WOMEN LICENCES TO PACK SALMON

Those Enjoying Privilege Will Have to Pay Proportion of Profits.

Paris, Feb. 15.—An encounter between two French hydro-airplanes and a German submarine in the English Channel recently resulted in the sinking of the U-boat after it had been bombed by the planes, according to an official announcement by the French admiralty.

On the night of Feb. 12-13 French aerial squadrons dropped 4500 kilograms of projectiles on the railway stations at Thionville, Conflans, Schembiez, Metz and Sabions. Fires and explosions were observed at the stations at Schembiez, Metz and Sabions.

BOLO HAS APPEALED FROM CONVICTION

Verdict of Court-Martial Astonishes Caillaux, Charged With Same Offence.

Paris, Feb. 15.—Bolo Pasha, who yesterday was convicted by a court-martial of treason and sentenced to death, today appealed from the verdict to the court of cassation.

Bolo, much to his surprise, was dressed in prison garb and taken to the death cell upon his return to the prison. He passed a restless night, but was apparently hopeful that the decision may be reversed on appeal.

ASK YOUR NOSE

whether the cigar you smoke has been thoroughly cured and matured.

Let the smoke come through your nostrils: does it irritate, is it raw, harsh, peppery or scratchy?

If it is, the tobacco is not properly cured.

Ask your nose about any Davis cigar: you will find it mild, mellow, smooth, free from any of the faults mentioned.

Why not try a Davis "Perfection"?

LIVE STOCK MARKET

The market out at the Union Stock Yards is gradually getting back to normal and this fact was perhaps as clearly shown yesterday in comparatively light receipts and the small amount of business. Friday, as everybody knows who attends the Union Stock Yards month in and month out, is not one of the market days when while odd lots of stock do occasionally drift in, there is no disposition on the part of the drovers of commission houses to make it such. Four good busy days suffice very nicely to handle all the receipts at the Union Yards, hence they are, as the official bulletin yesterday showed receipts from all sources of cattle to be 44 cars, consisting of 225 cattle, 139 calves, 1865 hogs and 98 sheep. Some of the commission houses report the sale of small lots, but the bulk of the receipts were hogs, and these sold at 19c fed and 18c water, 18c off cars.

TRADE IN TORONTO

Toronto reports to Bradstreet's that business in wholesale lines was ultimately little affected by the two fuelless days. While there was a necessary curtailment of retail trade on account of the enforced holiday, business immediately before and after was good, making up a fair proportion of the loss entailed by two idle days. Milder weather helped in the plan of coal conservation and the enforced holidays resulted in considerable saving of coal. Better weather has meant partial relief of the traffic tie-up, and a freer movement of freight is now looked for.

Drygoods houses report a continuation of spring sorting orders, but the chief difficulty appears to be to secure goods. Representatives of leading firms, recently returned from American centres, report no goods to buy. British textile imports will be very light. Remittances due on the fourth of the month have not come in as well as expected, and numerous requests have been made for renewals. In the shoe trade, preparations are under way for the shipping of spring goods. In retail lines, on account of the two days of soft, wet weather, there was buying of rubbers and boots and shoes reported this end of the trade exceedingly active. Prices are steady. The hide market is quiet and receipts are light.

The Toronto business is little changed from last week with an improved demand for staple lines. There is a continued scarcity of dried fruits, and in the shoe trade, preparations are under way for the shipping of spring goods. In retail lines, on account of the two days of soft, wet weather, there was buying of rubbers and boots and shoes reported this end of the trade exceedingly active. Prices are steady. GRAIN AT WINNIPEG

Winnipeg, Feb. 15.—At the outset of the session today the advance to 90c for the May future in oats was too rapid for the cash traders with the result that they pulled out of the cash market entirely. After midday when the futures became more settled there were a few buyers for the various cargoes offered at prices which showed a decline from 10c to 2c as compared with former sales. Offerings were, however, very light. In the cash market the rate was similar to that of oats with the option easing somewhat in their orders because of the lack of wheat. Grain dealers look for a freer movement of supplies, and the removal of the embargo on corn, eastward, has decided improvements in the trade was noted. Stocks of storage eggs are reported very light.

WHOLESALE FRUIT AND VEGETABLES

Oranges.—It is becoming increasingly difficult for the wholesalers to buy oranges, because a large percentage of last year's small crop has already been exhausted, and the holders of the balance are continually advancing the price, which makes them almost prohibitive here. Then, the navels mostly consist of exceptionally large sizes, which cost accordingly that the desirable smaller sizes, so that it now looks as if we would soon have to do without them.

Plant for Treatment of Impounded Tailings Will Be Erected... In the annual report of the Trefthewey Silver Cobalt Mine, Limited, just issued, President R. Wickert says that the plant for the treatment of the impounded tailings of silver in the Cobalt mine is now under construction. The plant is estimated at \$200,000 and will be completed in the summer of 1918. It will increase the capacity of the mine to 1,000 tons of ore per month. The plant will also be used for the treatment of the tailings of the other mines in the district.

There is a substantial increase of about \$175,000 in the amount of the guaranteed investment account representing funds placed in the care of the company for investment. These funds are invested in government and municipal debentures, first mortgages, etc. The president stated in his report that the company has been carefully made and are in excellent condition. These funds and the fund belonging to estates placed with the company for administration are kept entirely separate and distinct from the company's own funds.

ORE RESERVES OF TRETHEWEY LESS... The ore reserves at the end of 1917 show a decrease of 2870 tons compared with 1916. The ore broken increased 1435 tons, while the ore broken increased 4108 tons, the net decrease being 4108 tons. The net decrease of 4108 tons is due to the fact that the ore broken increased 1435 tons, while the ore broken increased 4108 tons. The net decrease of 4108 tons is due to the fact that the ore broken increased 1435 tons, while the ore broken increased 4108 tons.

DISCERN SOME CLOUDS... High Cost of Production is Emphasized in Searching Analysis... The financial future of the issued stock of the Hollinger is a subject of interest to many investors. The analysis shows that the cost of production is high, and this is a factor that will tend to reduce the value of the stock. The analysis also shows that the company has a strong management and a good record of production. However, the high cost of production is a serious problem that must be solved if the company is to remain profitable.

PROMISING FIRM... MADE ON OPHIR... Stock in Brisk Demand Yesterday—McIntyre Reaches Higher Level.

Bar silver closed unchanged yesterday at 42 1/2 in London and 85 1/2 in New York. Small gains and losses were intermingled in yesterday's local mining market, prices in general being without any definite trend.

Information from the north country pointed to the fact that definite news was heard that the Cobalt strike was over. The Cobalt strike was over and the market in this issue is again on the upturn. For several days prior to Tuesday the market was in a state of uncertainty. The Cobalt strike was over and the market in this issue is again on the upturn.

NEWYAP'S SITUATION... HAMILTON B. WILLS, in his weekly letter, says: The drastic drive waged upon Newyap this week caused a sharp drop in this stock, but the wild wave of selling is now apparently over and the market in this issue is again on the upturn.

DEALING WITH THE NEWYAP... The time that Newyap stock was put on the market up all the property and confidence in the Newyap property has never wavered, and while there is a possibility, as there always is in such a transaction, that the interests who are now in charge of the property will see fit to relinquish their control, we are assured that H. such action is taken will not be with reflection on the prospects or possibilities of the property. There has been some intimation that the Crown Reserve is being held by Crown Reserve, have been themselves more advantageous terms from the Newyap management. The Newyap management, however, it is understood, will oppose such action, and if the option is actually dropped, Crown Reserve will be able to obtain for itself a price of 100 cents per share.

WASAPIKA'S OUTLOOK... Isbell, Plant and Company say of Wasapika: "Manager George Rogers has gone north again to the property to superintend the transport of the new mining machinery and its installation on the property. No new developments have been reported from the property, but the exploration and development work is proceeding in an entirely satisfactory manner, and the property is shaping up more and more in the manner which we predicted."

KERR LAKE OUTPUT... New York, Feb. 15.—Kerr Lake Mines, Ltd., produced 204,641 ounces silver in January versus 203,043 ounces in December.

ROYAL BANK EX-DIVIDEND... Royal Bank stock was ex-dividend 3 per cent. yesterday.

GAMBLING... To the holders of Denbigh and silver mine owners: In the middle of my advertising campaign I was so overwhelmed with consolidation proposals from silver mine owners that I had to pause for the examination of the most likely ones. They numbered scores. If any one of them was a real proposition, it would be a 50 per cent. gain, as good as described, the coming of the silver mine should overtake both "Coppers" and "Steeles."

## Trouser Sale Extraordinary!

The Low Price is the Result of a Big Special Purchase of Short Lengths of Quality Suitings. Don't Miss the Opportunity

We purchased 350 short ends of suitings that were not big enough for suits, and had them made up into pants. Of course we got them cheap—that is why you get these pants cheap. A great variety of patterns made up into splendid pants for men who want to finish out the season with the old coat and vest, but would like to match them with a new pair of pants. Sale price today, \$2.95.

### Homelovers' Homilies

When father and son took the donkey to market, you remember, one passer-by and another jeered at them, first because the father rode, the next because the son rode, then because both rode, and then because neither rode—until the exasperated pair were driven to the absurd expedient of carrying the donkey.

Advice from others is all very well in housefurnishing, but after all it is you who are going to live in the house, and it is you who must be pleased. So a very good motto is "PLEASE YOURSELF." You'll find this "please yourself" spirit very much in evidence in all our homefurnishing departments, both in the matter of selection and payment. Advice is given if asked for; so also is the accommodation of the HOME-LOVERS' CLUB.
