Manufacturers' Annual Meeting Discusses the Labor Situation

LABOR KETTLE SEETHES NEAR THE BOILING POINT

Internal Dissension Makes General Strike Still Problematical Tho Metal Workers Are Even More Bitterly Determined to Arouse Masses.

"As you were" very simply sums up the labor strike situation in Toronto yesterday. There were very few developments of any of the serious issues at stake except the official announcement that the notices issued by the Trades and Labor Council had been sent out to all the local trade unions, calling a conference for Tuesday next to decide the question of a general strike. Even at this early date there seems to be some dissension between the various unions concerned. Those unions who have lately been out on strike and have obtained a satisfactory settlement of their grievances, do not seem inclined to go so far as to put their affairs into the melting pot of fate. There are other unions, however, who are prepared to back up the metal workers to the limit, and it looks like being a very lively meeting of Tuesday evening next. Any kind of unanimity on the question of a general walk-out, looked for last night's indications, as a far and distant event, so far as Toronto is concerned. Matters, however, were not improved during the day as regards the employers and employees coming together, by a speech delivered yesterday afternoon before the Toronto branch of the Canadian Manufacturers' Association by Thomas Roden, the president. He declared that labor had an absolute disregard of basic economic laws and that in the matter of the metal trades strike no sensible man could sympathize with their demands. The stand

MANUFACTURERS ARE PREPARED TO DEAL JUSTLY WITH LABOR

Keynote of Reports at Meeting Was Betterment of Labor Conditions. RODEN SPEAKS OUT Says Labor Requires Education in Economic Science.

"Clearly we are getting nearer to conditions in which the claims of great groups of workmen who are more or less organized can be settled on lines which to the men will mean better conditions and which, to the employers and the community, will mean avoiding the losses entailed by strikes and industrial unrest." This was the keynote of the various reports read yesterday afternoon at the nineteenth annual meeting of the Toronto division of the Canadian Manufacturers' Association which was held in the board of trade assembly room, Thomas Roden, (chairman) presiding. The Toronto division invariably formulates the position of the general association, which meets here next month. As ex-President Parsons put it in commending the report, a better relationship and understanding between employers and workers must be the first aim of the manufacturers of Canada. The afternoon meeting was rather sparsely attended. The first report presented was that of the secretary, H. Macdonald, which concisely reviewed the events of the year. The report of the executive committee paid tribute to the value of Mr. Roden's disinterested labors. In connection with the superannuation of fire-chief Smith this report anticipates improved features in the city fire department to meet public safety. The committee has forwarded to Ottawa a report on alleged Bolshevik propaganda in Toronto. In reviewing the financial position the report dealt with the introduction in Canada of taxation on luxuries, and continued to say: "It is evident that Dominion taxation which is being done now is the meeting of current requirements in the work. Above all, the city's war expenses was shown; but other municipalities, all of which, during the course of the war have experienced increases in tax rates. Referring to the coal shortage of last

Toronto Union Men Divided On Question of Mass Strikes

WINNIPEG BREADLESS; CITY IS IN THE THROES OF LABOR UPHEAVAL

Government Powerless to Interfere in General Strike—Telephone Operators to Strike Tomorrow Morning—Police Remain at Work, But Walk-Out Possible—Volunteer Firemen on the Job.

Winnipeg, May 15.—Winnipeg is in the throes of a general industrial upheaval. In spite of the energetic efforts made by Premier T. C. Norris, and Mayor Charles F. Gray, in spite of numerous meetings at which workers and employers attempted to come to a basis of understanding, the threat of labor has been carried into effect. As a last resort Ottawa was appealed to by the mayor. Senator Robertson, minister of labor, can do nothing. He wired in reply to the message sent last night by Mayor Gray stating that when conciliation and arbitration were declined, "and the workers refused to respect the governing powers of their organizations" government could do nothing. He added that it was regrettable that the metal trades employers would not meet their employees' chosen representatives for the purpose of discussion. Mayor Gray supplemented his message to Senator Robertson this morning, stating that owing to an omission last night, he had failed to point out that employers of metal workers had agreed to arbitration which the men declared as unacceptable. Will be Breadless Today. Winnipeg will be breadless in the morning. Bakers in a number of the shops left work promptly at 11 o'clock a.m. today. Drivers also quit work. This means that there is no bread being baked today and that old bread alone will be available in various stores. An attempt is being made by bread manufacturers to come to an agreement with the trades and labor council whereby they will be permitted to manufacture sufficient bread for hospitals. Very little bread is obtainable this afternoon. The Webb pressmen have decided to remain at work, and this will mean that all the local newspapers will continue publication. Free automobile rides in pedestrianism is again the order of the streets. The question of the city granting the jitneys permission to operate is being considered. Phone Operators to Strike. W. G. Anderson, president of the Manitoba government telephones, stated that he had been notified that telephone operators would strike at 7:30 Saturday morning. The operators were requested to refrain from attempting to use the telephones for the present. Two hundred volunteer firemen are already on the job to combat the big strike. The police force is remaining at work, but another five or six hundred men are being called up to replace them if they walk out. It was announced by Alderman J. K. Sparling, chairman of the police commission. The fire and light committee authorized Fire Chief J. E. Buchanan to take on volunteers as they presented themselves, and City Engineer W. P. Breton was authorized to take men to get ready for emergency for high pressure plants and to accommodate them with meals and sleeping quarters. Heads of other public utilities were given similar authority. Fire Chief J. E. Buchanan said: "We will try to keep the fire halls. The downtown district will be looked after and part of the outskirts. Only the officers are left at the various halls, and the great difficulty is in looking after the horses." Members of the citizens' committee of one thousand were soon on the scene, and they busied themselves assisting day and night shifts for the volunteers. No false alarms have been turned in as yet. Railway Men Out. About 1,500 Canadian Government Railway employees at Transcona, a suburb, struck and came into Winnipeg on a special train. Telegram operators at local commercial telegraph offices remained on duty. Departmental Stores Suffer. In the late departmental stores of the hour of 11 a.m. saw many salesmen and salesgirls leave. Officials of all the large departmental stores declared they were able to "carry over." Some of them said they were not seriously affected. Others admitted embarrassment but declared they would be able to give service. The postoffice presented a very desolate appearance shortly after 11 o'clock this morning. After all the postal employees stopped work and marched out. After this hour the only wickets open were the stamp ones, in many places closed "tight."

SEAPLANES START, BUT CANNOT RISE

Forced to Postpone Flight Till They Have Discharged Excess Fuel.

Trepassey, Nfld., May 15.—The "jinx" which visited the NC-4 on the initial leg of the navy's transatlantic flight last Thursday, compelling her to put in at Chatham, N.S., and to pairs turned its attention today to the NC-1, and NC-2, holding their harbor bound while the NC-4 caught up with them, for the day overseas. The NC-4 landed here at 6:37, Halifax time, which had just returned after an ineffectual attempt to get away on the 1,250 mile flight. NC-1 and NC-2, Lieutenant-Commander A. C. Read, of the NC-4, hopes to have his machine overhauled and ready to fly with them, for the day overseas. The crew of the NC-4 owes its chance for an even start from here with the sister planes to the fact that the NC-1 and NC-2 refused to rise from the water this afternoon with the heavy load of fuel which had been taken aboard. The NC-1, commanded by Lieutenant-Commander Bell, was taxied off down the harbor at 5:04 p.m. Halifax time, hoping for a getaway. The NC-2, Commander Towers's flagship, followed 18 minutes later. Discharged Excess Fuel. A short time later, however, both disappeared and coming to a stop near the mooring ships, the crews were able to discharge excess fuel to reduce their weight. A second attempt to "hop" off, was not made, however, and the big seaplanes returned to their mooring places. The appearance of the NC-4, which had been sighted shortly after the NC-1 and NC-2 taxied off, was believed to have influenced Commander Towers in his decision to postpone the "hop" off so that all three planes might start together. The NC-4 was apparently unharmed by her flight from Halifax, but an examination will be made tonight to determine whether any repairs are necessary before the big jump. She came into the harbor from the east, flying low. The NC-4 left Halifax this morning at 9:20 a.m. time, but was compelled to land 30 minutes later at Storey head for repairs to the oil and gas lines. She resumed her flight at 11:47. Her actual flying time for the 460 mile trip was 6 hours and 20 minutes, making her average speed 72.6 miles an hour.

BARBER ACQUITTED OF MANSLAUGHTER Chief Justice Blames Older People for Lad's Predicament.

Not guilty was the verdict returned in the assizes by a jury last night after remaining out for an hour and a half in the case of George Barber, the 17-year-old lad who for two days has been on trial for manslaughter, as a result of an accident in which Kathleen Macintosh, a young girl, was killed on March 23 in Scarborough township. According to the evidence, the car had been traveling at a good rate of speed when it was struck by a train on a level crossing. It was admitted that there had been drinking among the occupants of the car. In discharging the lad, Chief Justice Sir William Mulock, before whom the case was tried, told the jury that he entirely concurred in the verdict, which contained in it full justice. His lordship stated that the other parties in the car, who were older than the lad in the bar, were more to blame than he. "They had taken advantage of the simplicity of a child," said Sir William. "The older people led him into this," said his lordship. To the lad who was standing in the box and accused in a voice full of emotion, said that his present troubles had resulted because of his disobedience to his father. He pointed out to the boy that his father had stood by him all through his trouble, and he advised him to love him more and more for that fact. "Don't be led astray by loose people," he concluded his lordship. "Be on your guard. You have a great future before you. Don't spoil it by being weak." On the stand accused told of taking the motor car without his father's permission, and of calling at a dance hall for some girls to take on a joy-riding. The liquor was produced by some one in the car, and he took a drink. "It kind of choked me," said the witness.

FOILED BOLSHIEVIKI BY COUNTER-OFFENSIVE

London, May 15.—General Dnezhnik, commander of the anti-Bolshevik forces, has frustrated by a counter-offensive of the Bolsheviki plan to bisect this army by capturing Rostov-on-Don at the head of the Sea of Azov. The war office makes this announcement tonight. The Bolsheviki have been compelled to move their positions to the northward.

HAIG SEES STRIFE IN YELLOW PERIL Field Marshal Gives Warning When Made Rector of St. Andrew's University.

London, May 15.—Field Marshal Haig has been installed as rector of St. Andrew's University. In his speech he said if we wished to avoid a repetition of the catastrophe of a world war, we must be prepared to actively prevent it. The seeds of future armed conflicts could be found everywhere in the world. Among the more obvious possibilities of strife was the problem known as the "yellow peril." The Chinese must eventually demand a place in the European labor market. India was beginning to turn towards social and industrial political developments. He suggested the solution was to give all races British freedom and justice. Several of the course of many years, leveling them up to our standard of life. The league of nations could never abolish us from our mission as an empire. Hydroplane for Shining Tree Mining Camp. An enterprising Toronto mining house sent an experienced aviator to Buffalo yesterday to buy one of the latest hydroplanes for an express service from Sudbury to Shining Tree camp, sixty miles herefrom. The cost and delivery involves over \$2,000. The machine ought to be in service in less than a fortnight. The flight from water to water will take less than an hour and one or more round trips will be made daily with passengers and mail. From twenty to thirty enterprising and miners are now going over the road between West Tree and Shining Tree as soon as men and teams can be got on the ground. There will be lots of work on the road in carrying supplies, but quick trips for passengers and mail will be made by the hydroplane. If this service makes good other hydroplanes will go into commission in the whole north country.

AIRSHIP TORN FROM MOORINGS BY GALE AND DRIVEN TO SEA Accident to Huge Dirigible at St. John's--Dropped Into Sea Eighty-Five Miles From Land--Sole Occupant Failed to Deflate Bag and Jumped.

St. John's, Nfld., May 15.—Plans of the United States navy for a transatlantic flight by dirigible received a serious jolt this afternoon when the giant Blimp, C-5 burst from her moorings in a gale, and was swept out from Montserrat after she had arrived from Newfoundland. For two hours she cruised about, seeking the landing field here, which was known to them only by radio description. Radio directions received from the base served to write the base was sending the bearings of the sending station from the C-5, the C-5's navigators interpreted them as the C-5's bearings from the station. Eventually, Commander Coll signed a narrow gauge railroad which he followed to St. John's. The ship occasionally made as high as 70 miles an hour, although the average was 48 miles an hour. The dirigible dropped into the sea about 85 miles off shore, according to a radio message received tonight by the cruiser Chicago from an unidentified British steamship. The ship said it was standing by the dirigible, but was unable to deflate it. Several of the crew were seen to jump overboard, but were thrown down by the dirigible's final tug, but none was injured. Commander Coll said the C-5 had performed perfectly on the trip from Montserrat Point, and only final authorization from Washington, a routine inspection of the engine and replenishment of fuel, and supplies, the aviator believed, stood between them and the transatlantic flight. Although the C-5 performed "perfectly," the weather, "did not seem nearly so well," one of the crew said. At times, he said, the winds carried the big ship under its engines stood on end and stopped, but soon

TAGGERS MET WITH HEARTY RESPONSE

Sum in Aid of Blind Assured Before Middy.

Wonderful was the unanimity of response to the appeal for the blind in the "tag" of yesterday, and from a very early hour it was quite evident that the day was to be a great success. It seemed as if the heart of Toronto were just waiting for an opening by which it could tell of its sympathy with and its desire to do something substantial for the blind who live among us. One class of the community who were especially sympathetic were the returned soldiers. A tagger who went thru the Convalescent Home on College street found every soldier in khaki ready with his coin. Messengers of Promise. Early subscriptions that came into headquarters were messengers of promise for the day's success, and in the afternoon when the returns began to be counted, one of the captains, Mrs. McClung, was able to announce that she had got in her boxes the splendid sum of over \$1,800. This in itself was assurance of success. Cheques, too, had been sent in to headquarters in advance. The "tag" was organized by the Women's Auxiliary to the Canadian National Institute for the Blind, and the funds will go to help the various activities of the blind in Toronto, and to assist the blind thruout Canada. Many cheques had been sent to headquarters, 134 West King street, in advance, among the largest being: \$1,000—Sir Edward Kemp and Lady Eaton. \$500—Mr. H. S. Osler, John Inglis and Co., Beardmore and Co. \$300—Reld, Shaw and McNaught. \$250—Mr. Lionel Clarke, Mr. Glyn Oiler, McCarthy and McCarthy, Sir Edmund Osler, Board of Trade, Canada Permanent Mortgage Corporation. \$200—Mr. P. G. Osler, Mr. Stephen Haas, Sir William Mulock, Loew's Theatres, Limited. \$100—Mr. A. Ivey, Mr. Stellman, Mr. Inglehart, Lady Melvin Jones, Mr. R. J. Christie, Campbell Reeves, Mr. William Mulock, Mr. H. Marriott, William Davies, Hume Blake, Alfred Rogers, A. E. Ames, Bongard Ryerson, Mr. George Wright, Walker House, Mr. B. Osler, Mr. R. Samuel. \$50—Mr. Lionel Clarke, Mr. James Lockart, Mr. Irving Robertson, Hon. Senator Nicholls, Mr. Hedley Shaw, John Macdonald and Co., Mr. H. J. Fleming, Mr. Strachan Johnson, Mr. N. Hilliary, Mr. John B. Harris. \$25—Mr. F. G. Osler, Otis-Fensom Elevator Company, Mr. A. M. Stewart, Mr. Justice Britton, Mr. Justice Hodgins, Mr. John Massey, Mr. G. H. O'Neill, John Stark and Co., Fairbanks-Morse, proceeds of raffle, Mrs. G. D. Boulton \$25. The returns were counted at the Dominion Bank, corner King and Yonge, where the captains of the districts were assisted by tellers. The honorary treasurer for the day was Gordon Osler. Mrs. Lionel Clarke, president of the auxiliary, had general charge. At 9 p.m. also three districts had not yet been heard from. The count showed a total of \$1,894.02 or \$1,844 and odd cents more than was asked for, clearly showing that Toronto can open her pockets when she wishes to.

BORDEN TO SAIL ON SUNDAY NEXT Will Be Entertained by Empire Parliamentary Association at a Luncheon.

London, May 15.—The Empire Parliamentary Association is informed that Sir Robert Borden is leaving for Canada on Sunday next the 13th. He will be entertained by the association at a luncheon in the commons on Friday.

RETURNING SOLDIERS

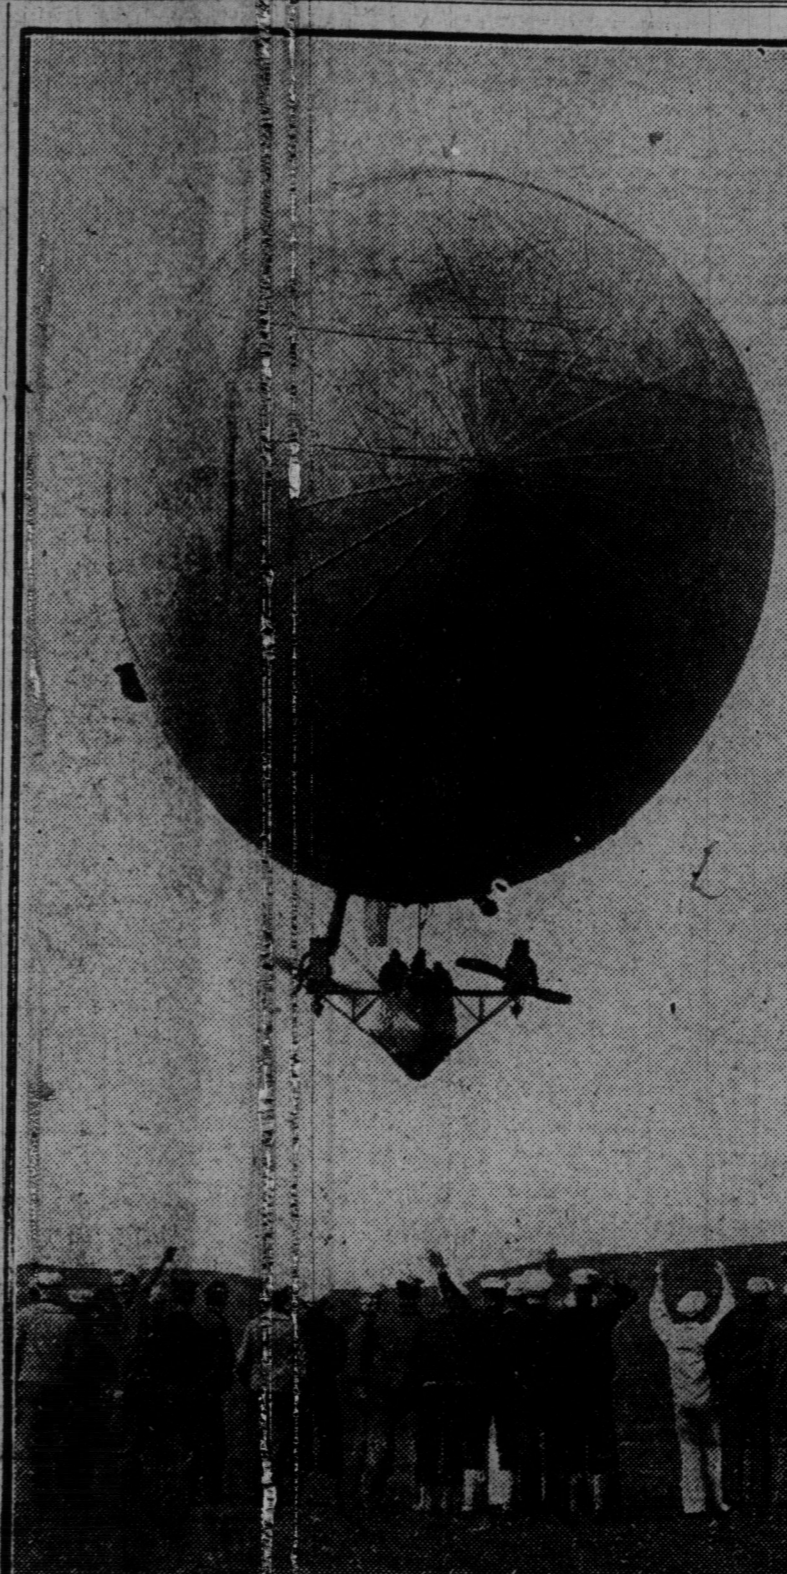

Three trains bearing soldiers from the troopships Royal George and Scotian, will arrive in the city today. The train bringing 15 officers and 372 other ranks from the Royal George is expected to arrive at 11 a.m. at Exhibition Camp. The two trains, bearing 25 officers and 762 other ranks from the Scotian, are expected in the afternoon. For definite information apply to the Military Information Bureau, Exhibition Camp.

VON RANTZAU DECLARES IT WILL BE IMPOSSIBLE FOR GERMANY TO FULFIL THE TERMS

Berlin, May 15.—Count von Brockdorff-Rantzau, the head of the German peace delegation, in communicating to the other members of the delegation the text of the three notes he sent to Premier Clemenceau pointed out that the peace treaty in its present form could not be accepted and could not be signed because it was impossible to fulfil its terms. Despatches from Versailles, reporting the count's action, add that he told the German delegation that it would sign nothing it was not intended to fulfil. The delegation, he continued, would endeavor to improve the treaty and make its signing possible.

## FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

## "KEEP OFF THE GRASS," IS HOUSEHOLDER'S CRY

After Beautifying Lawn, He Objects to People Walking Across It.

The tendency to take a short cut by stepping across other people's property is one that is causing no end of a mortification in residential parts of the city. It is evi- luek indeed when one has been fixing up the front lawn in good shape to find it spoiled by the wandering steps of some thoughtless invader.

Parks Commissioner Chambers has had the matter under consideration before now, but it has not been found possible to take some measure with authority behind it calculated to act as a deterrent. There is a park by-law in force which safeguards civic property and provides the necessary penalties, but so far as private lands are concerned the only recourse seems to be for the individual to lodge with the police authorities a complaint for trespassing.

At this season of the year when much money has been spent with a view to having lawns made so that they will appear to the best advantage, it is regarded as timely that people with trespassing proclivities should display more common sense and regard for their fellow-citizens' lawns than has been exhibited in past years, or even today.

**MASSEY-HARRIS GARDENS**

So gratifying were the results obtained last year from the garden plots given to the Massey-Harris Company to their employees that it has been decided to put the scheme into operation again this year. Twelve acres of land at the corner of St. Clair and Spadina Road have been plowed.

## Housing Commission to Be Granted Options on Land

The Toronto Housing Commission and the board of control were in conference yesterday and it is understood options will be given the commission of the city's lands required.

## TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck Magnesia at their meals.

There is probably no better, safer or more reliable stomachic antiacid than for this purpose. It has no direct action on the stomach and is not a laxative. A couple of five grain tablets taken in a little water with the food will neutralize excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble healthfully without need of pills or artificial digestants. Bismarck Magnesia is a reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate, and in the disurged form is not a laxative. Try this plan and see if this isn't the best advice you ever had on "what to eat."

## CANNOT PROVIDE FOR DEFECTIVES

Overcrowding of Schools by Normal Pupils Makes Task Impossible.

Toronto cannot provide the necessary classrooms for mental defectives, owing to the overcrowding already of the schools with normal pupils. This was the explanation given by the board of education trustees and school officials before Mr. Justice Hodgins at the resumed inquiry at the parliament buildings yesterday.

Mr. Justice Hodgins said that the board of education was accused of extravagance, but the truth was that the trustees were compelled by law to provide adequate school accommodation.

**Trustees Give Evidence.**

Evidence that the Toronto public schools were overcrowded was given by three trustees, Dr. John Hunter, Dr. Caroline Brown and Mrs. A. C. Courtice, also by Chief Inspector Cowley.

Miss Bartlett, secretary of the social service commission, testified that Toronto juvenile court methods were behind the times, as the antiquated method of hauling children in to court and investigating the cases afterwards by the probation officers was not up-to-date. In case of the American juvenile courts the probation officers first investigate the cases and in this manner render it unnecessary for a large proportion of children to be brought as culprits before the court.

## GRAND MASTER'S NIGHT.

One of the most distinguished events in Masonic circles that have occurred during the year in Toronto was the regular monthly meeting of High Park Lodge No. 531 held last evening. It was termed grand master's night in honor of the Grand Master, Most Worshipful Bro. W. H. Wardrope, K.C., of Hamilton. The grand master was accompanied by Most Worshipful Brothers W. D. McPherson, K.C., provincial secretary, Sir John Gibson, Judge J. B. Harding, Dr. D. J. Goggin, E. T. Malone and Rt. Wor. Bro's F. E. Harcourt, deputy grand master, Dr. W. J. McCollum, E. A. James, J. A. Graham and Wor. Bro's W. M. Logan, grand secretary and Henry T. Smith. The distinguished brethren were accorded a most cordial and hearty welcome by Wor. Bro. Dr. W. H. Wright, master of the lodge. During the evening the worshipful master on behalf of the lodge presented the grand master with a very pretty piece of sterling silver and arranged that at the same hour a lovely basket of roses should be given to Mrs. Wardrope at her home in Hamilton.

## WILL APPEAL RATES

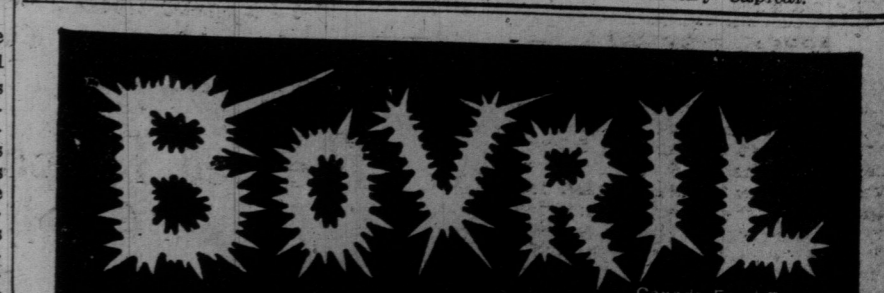

Mayor Church has instructed the legal department to appeal against the Dominion Railway Board's judgment granting an increase in rates to the Bell Telephone Company.

## BOARD REFUSES TO INCREASE RATES

Erie Telephone Co. Told Shareholders Must Find Fresh Capital.

The Ontario Railway and Municipal Board has given a decision refusing the application of the Erie Telephone Co. to increase its rates by 25 per cent. One point the board made was that if it was the purpose to charge rates sufficiently high to furnish additional profits to be used in new revenue-earning construction and extension, the application must be denied for the reason that it is the duty of the shareholders, not the subscribers, to provide the capital necessary to carry on their undertaking.

Toronto's objections against the Bell Company's application before the Dominion Board, in which case an increase was granted, were based practically on the principle that the shareholders and not the subscribers should provide the necessary capital.

### METROPOLITAN DEAL REVIVED AGAIN AT TORONTO CITY HALL

York Radials Has No Additional Offer to Make  
Controllers.

#### WITHOUT THE STRING

"Certainly Not," is W. A. Moore's Answer to Freight Proposal.

The Metropolitan Railway problem, and particularly the price at which the company is willing to sell the part on Yonge street within the city limits, was once more revived at the city hall yesterday when a conference was held between the board of control, the Toronto and York Radial Company, and county representatives. That the transportation of freight still excites more than ordinary interest was manifested by the discussion, which at times produced fairly lively exchanges, particularly when T. Herbert Lennox had his dig at Sir Adam Beck.

Attempts were made to ascertain if the company had an additional offer to make, but this did not elicit anything in regard to a price. W. A. Moore answered the mayor, there were no additional offers. "You served us with a notice of expropriation three years ago," he said. "It seems to me that upon the people who served the notice the onus lies to take leadership in the negotiations." Mr. Moore added, "We are prepared to make you an offer provided you assume our obligations with the county. Within our franchise is an obligation to perform a certain service, not to arrange terms of carrying of freight and the county has an interest in that."

Controller Robbins asked if the company would be willing to consider the offer of \$500,000 without the freight "string" attached, and Mr. Moore replied, "Certainly not."

Controller Robbins: How much extra would you want?  
Mr. Moore: I cannot say how much extra we will want. It is not so far as we are concerned simply a matter of price. We have our obligations and their disposition.

Will Hold Meeting.  
Eventually it was decided to hold a meeting on Monday week, when Mayor Church and city officials will meet representatives of the county and the Toronto and York Radial Company with a view to fixing a price for the railway within the city limits.

Mayor Church aroused some differences of opinion by his declaration that the city could not accept terms and conditions without the consent of the provincial Hydro Commission. The latter body, he said, must approve under the general terms of the franchise in a position to block the project if it felt so disposed in the private bills committee.

Controller McBride: "Are these negotiations to be carried on by the city or by the provincial Hydro? We want to know where we are at. I am not going to allow our officials to enter into negotiations and bring in a report, only to have it thrown out of the window by the provincial Hydro. If the city council has no authority to handle its own business, the sooner the people know it the better."

The mayor continued to hold that the city had no power to make an agreement to purchase without the consent of the Hydro Commission.

Mayor Not Right.  
T. H. Lennox, M.L.A., counsel for York county, expressed the conviction that the mayor was not right in his contention. The Hydro Commission, in his opinion, had nothing to do with the matter. Speaking for the county, he assured the board that there was no objection to the sale, but there were certain rights which the county claimed. The city was intending to take over the most valuable part of the franchise.

Cont. Maguire suggested that the Metropolitan confer with the county and then make an offer that would include the claims of the latter.

Mr. Lennox: "We cannot say what we would want until we know the city's policy regarding freight."

Controller McBride: "Freight to stop at the city limits."  
Mr. Lennox: "We must get our freight in."  
The mayor: "You will be in no worse a position than you are now."  
Mr. Lennox: "Give us a letter to that effect."

Longer Haul.  
Controller McBride pointed out that it was simply a matter of a longer haul by motor truck with the freight. It was gathered up all over the city by truck, and could be taken to York Mills for little more cost than to Farmham avenue.

Mr. Lennox: "Why do you object to carrying freight in the cars?"  
Cont. Maguire: "We are not in the freight business."  
Mr. Lennox: "Because Sir Adam Beck said you mustn't."  
Controller Maguire: "He's just as popular in Ontario as you are in North York."

Controller Robbins: "They went to get their last pound of flesh."  
William Keith, of Newmarket, defended the position taken by the county, saying the city was trying to take away the most profitable part of the line.

#### FINED FOR ASSAULT.

Thomas Greer and William Powell appeared before Judge Coatsworth in the sessions yesterday charged with assaulting Howard Ley on Yonge street on May 3.—Despite the fact that the men pleaded that they had been drinking and knew nothing of the occurrence his honor fined them \$10 each and warned them if they ever did it again they would be severely punished.

#### APPEAL DISMISSED

In a judgment handed down at Osgoode Hall yesterday, Justice Sutherland dismissed the appeal by Ernest Ducker, returned soldier and formerly a member of the P. P. C. L. I., who appealed by way of stated case from Judge Boyd of the juvenile court from a hearing case where Ducker is charged with an offence in the presence of children. The question submitted was to determine whether or not the jurisdiction of the juvenile court extends to the case.

#### BANCROFT LIBEL CASE MUST STAND OVER

When the famous \$20,000 libel case instituted against Controller Sam McBride by Fred Bancroft was called before Justice Cute at Osgoode Hall yesterday neither counsel for the principals in the case had appeared. The plaintiff brought the case before the court yesterday for a motion of judgment, to strike out the statement of defence on the ground that Mr. McBride would not produce the manuscript from which he read the remarks in council which Mr. Bancroft claims were libelous, and reflected on his loyalty.

E. C. Cattanauch, for Mr. Bancroft, asked for an enlargement of the case which was allowed to stand over.

#### FALSE MOTOR REPAIRS.

Adolphus Orvis, a motor car repair mechanic, was yesterday found guilty in the sessions of having obtained \$34 by false pretences from George Riley for a number of repairs to an automobile. "The public have to be protected," said Judge Coatsworth in fining the accused \$100 and costs for three months.

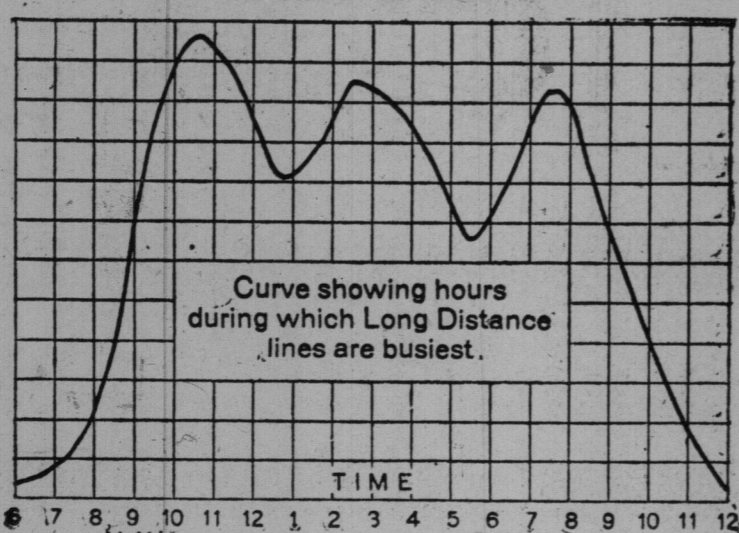

#### HOUSING COMMITTEE TO CONTINUE INSPECTION

The housing committee inspected the property held by the city in the various districts of Toronto and will submit their report to the board of control today to be dealt with immediately, according to the statement of Frank Rolph, a member of the committee, to The World yesterday.

#### TRUE BILLS RETURNED.

At the conclusion of their sitting yesterday the grand jury in the sessions returned the following true bills: L. Feldt, Meyer Feldt, and Sam Feldt, wounding; Annie Weidick, charged with theft; John Givens, criminal negligence; and John Hulton, receiving.

## Peak Loads

In practically all public services there are what are known as peak load hours—hours during which the demands for service are greater than at other hours of the day. A striking example of this is seen in the case of the street railway rush in the period just preceding and following the business day.

The accompanying curve shows the distribution of Long Distance business over the various hours of the day. It is evident that to make use of the service at hours other than those in which the peak loads are being carried, means that you obtain a more prompt and satisfactory service.

We suggest that where possible, you place your Long Distance Calls so as to avoid the hours of peak loads.

## VERA DE LAVELLE FOUND GUILTY

McCullough's Sweetheart Remanded for Sentence Till Session Ends.

Vera De Lavelle, the young girl who is charged with having aided and abetted the escape of Frank McCullough, the murderer, from Toronto jail, was found guilty of the charge by Judge Coatsworth in the sessions yesterday. Sentence was deferred by his honor till the end of the sessions.

Prisoner appeared unaware of the large crowd which packed the court room and chatted unconcernedly with her lawyer, W. B. Hopkins. She was dressed in the same dark clothes and furs which she has worn on her previous appearances in court, and during the summing up of the judge before pronouncing judgment she seemed but little affected.

**Condemnatory Facts**  
"As soon as I had finished taking the evidence in this case, I made up my mind what my decision would be, and as soon as I retired to my room, I prepared my notes, so no subsequent events have affected the decision to which I have come," said his honor in giving judgment. "After reviewing the evidence I have decided that there was no reason why I should change the course then reached. There are so many condemnatory facts brought out against this woman. First, there is her connection with McCullough, her meeting with Curran the night of the escape, her hiding of herself later and her efforts to avoid the police. Then we have the efforts she made to borrow money from Miss Sullivan, the statement about the watch which she made in the restaurant."

"At these points, conclusively to her being guilty of the offence as charged, I make no reference to the evidence given by Irene Harris, for I felt there was a great deal of weight in the objections which were taken to it."

Sufficient has been brought out, without her story, to convince me of the guilt of the accused."

#### TRIBUTE TO THE K. OF C.

Great Work Being Continued.

An interesting report has just come to hand to the effect that during sixty-nine days, from February 1st to April 11th, the K. of C. Catholic Army Huts, built at the West St. John docks distributed entirely free to returned men and their dependents:

- Sandwiches, 8,100.
- Cups of tea and coffee, 14,780.
- Chickens, 174.
- Palettes of cigarettes, 10,170.
- Boxes of matches, 820.
- Milk, 75 gallons, and a quantity of condensed milk.
- Cakes, 218 pounds of mixed.
- Letters and cards, 1,745.

Returned men who have partaken of the hospitality of the Catholic Army Huts, yesterday returned the following full of great praise for their work, both in Canada and abroad.

#### CATHOLIC AUNT KEEPS BROTHER'S CHILDREN

In a judgment handed down at Osgoode Hall yesterday Chief Justice R. M. Meredith quashed an order which would have taken the children of a soldier, Pte. George Hamilton, of Toronto, who was killed in action in France in September, 1918, from the sister so whose care the father had committed them. The judgment adjourns for six months the application to give the children into the care of another aunt.

The mother of the two children in question died shortly after her husband's enlistment. The father was a Roman Catholic, and the aunt who seeks to get the children is a non-Catholic, while the aunt who has the custody of the children is rearing them in the Catholic faith.

#### Justice Rose Benefits Under Will of J. H. Macdonald, K.C.

Miss Beatrice Macdonald and Justice Rose, daughter and nephew, have applied for probate of the will of May 13, 1912, made by James Holmes Macdonald, K.C., who died in Toronto on Feb. 3, 1919.

The estate is valued at \$111,327 which will be divided up between the testator's son Allan Holmes Macdonald, his daughter, Miss Beatrice Macdonald, and nephew Justice Rose, of the supreme court of Ontario. Legacies of \$5,000 each were also provided for Winnifred and Christie Rose, nieces.

#### Not Hearing From First Wife Seven Years, Remarried

William F. Palmeter, a farmer, appeared before Judge Coatsworth in the sessions yesterday on a charge of bigamy. According to the evidence Palmeter, after failing to hear from his first wife to whom he had been married some 13 years, contracted a second marriage on Nov. 7, 1917. W. B. Hopkins, counsel for accused, claimed that as Palmeter had not heard from his first wife for more than seven years, he was within the law, by marrying a second time. The case was remanded a week for judgment.

#### THIEVES MADE LARGE HAUL OF DRESS GOODS

Two bags, containing 72 dresses and nine bolts of silk and two rolls of cashmere, were found in the possession of Charles Frohman and Joseph Novak, Russians, arrested for theft by Constables Simpson and Myers yesterday morning in the county police court. Frohman took all the blame and stated that the goods had been taken from R. J. Shapiro, Pearl street. Both men were remanded for a week.

#### DECISION RETURNED.

W. S. MacBrayne, acting for Enos Clarke and Rachel Clarke, appeared before the appellate division yesterday at Osgoode Hall to appeal the decision of Justice Cute, who awarded Chas. Osborne, a Hamilton machinist, \$300 in his suit against Mr. and Mrs. Clarke, the latter's parents, who he claimed, had alienated her affections.

The plaintiff, before Justice Cute, had asked to recover \$100 for enticement, receiving, and harboring Aglavia Clarke, their daughter, and his wife. The court reserved decision.

# DINEEN'S SALE OF MEN'S HATS

## Today and Tomorrow

The Dineen Company offer extraordinary bargains in Men's Hats. The Straw Hat season is approaching, and the stock of Soft Felts is still very heavy—that is the reason for this SALE.

#### Women's Missionary Society Present Provincial Reports

Over one hundred delegates from various parts of Canada were present at the sessions of the general council of the Women's Missionary Society of the Presbyterian Church yesterday when the gathering convened in St. Andrew's Institute. Mrs. J. J. Steele presided at the morning meeting which was principally occupied with business. Rev. Colin Fletcher, D. D., gave thanks for victory and spoke on the "forward movement."

#### EFFECT ON ASSESSMENT.

The special assessment committee of the city council yesterday asked Commissioner Forman to submit a report on the effect of the changes in the act on the city's assessment.

## "See What I Brought You This Time, Mary"

"WHAT is it?"  
"Something to make you well."

"I only hope that it will for I have had a miserable week of it."

"In what way?"  
"Oh, the same old headaches and sleeplessness. I do not think I ever suffered so much, for, besides the headaches, I had sciatica pains in the limbs."

"Well, I got talking to a man on the train. We noticed a sign on a billboard about Dr. Chase's Nerve Food and he began to tell me his experience with this medicine."

"His wife was just like you have been and suffered terribly from nervous headaches. She had tried so many treatments that she had become very much discouraged."

"How long had she been that way?"  
"Oh, for some years, but she was completely restored after using the Nerve Food for about two months."

"That seems quite a while."

"Yes, but you must remember how long she had been run down and that it takes time to restore worn out nerve cells. He said they bought half a dozen boxes at first and before they were all used she had so improved that they felt sure they were on the right track."

"He told me about other similar cases and said that he used Dr. Chase's Nerve Food himself after he had had the 'flu' and it soon put him on his feet."

"Well, Jim, if this only cures me it will be the best present you ever brought me."

"It seems to me that it is worth trying, so I called at a drug store and bought half a dozen boxes."

"I am glad you did and I shall certainly give it a chance to help me."

In order to be sure of getting the genuine Dr. Chase's Nerve Food it is only necessary to see the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the box you buy. 50c a box, 6 for \$2.75, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

**Danger in the Strike Movement.**

There has never been so serious a strike situation in Canada before. This is not merely on account of the large number of men and the importance of the industries involved, but chiefly on account of the economic situation, which is at the lowest ebb of production.

The strike turns largely on the recognition of the eight-hour day, a matter which is made part of the terms of the treaty of peace now being considered at Versailles, and which must come into effect in all countries signing that treaty in a comparatively short time. Many people, both among the labor ranks and the ranks of capital, are unaware of the extent to which labor has entered into the preparation of the treaty of peace, and the importance of the labor principles embodied in it. Labor men are consequently fighting for the eight-hour day and capitalists are fighting against the eight-hour day, which will be in force for both without the approval of the one and in spite of the opposition of the other.

The recognition of the unions is another matter on which the employers must yield. They are running against a stone wall in this matter. Every civilized nation has accepted the union idea, and for Canadians to lag behind is altogether anomalous.

Apart from these two questions, the other points at issue could be settled at any kind of reasonable round table conference by representative men of both parties.

The real danger is from the men who do not desire such reasonable negotiation and settlement. Any man or party of men who holds aloof and refuses to recognize the interest of the community as involved with his own is not a patriotic Canadian. This is a time for co-operation, for amicable agreement, for energy and production, not for idleness on the part either of capital or labor.

Those who are seeking to promote strife or to prolong the struggle on one pretext or another, against the conciliatory advice of representative leaders, are playing the game of the disruptive forces, whether directly identified with them or not. Bolshevism, I.W.W.-ism, "One Big Union"-ism and various other movements ask nothing better than to see society weakening itself by idleness, non-production and class strife.

Capital and labor should fully consider this fact.

**Exploiting the Musk Ox.**

Vilhjalm Stefansson has developed a really gigantic idea for the development of what have been considered barren lands in the sub-Arctic regions. And the scheme has been endorsed as practical and recognized as useful by a number of well informed men. What is more to the purpose, perhaps, is the fact that the national resources committee sitting at Ottawa on Wednesday, approved Mr. Stefansson's views after going into the details.

His plan is one to domesticate the musk ox which roams wild all over the key steppes of the most northern lands of the Dominion. It is a quiet, easily domesticated beast. Its flesh is as good and palatable as that of any cattle. Its milk is excellent. Its wool is equal to many varieties and would have a high commercial value, and it thrives on the scant vegetation provided by the regions in which it is native. It cannot be brought south on account of the diseases it contracts outside its natural ranges, so that it cannot compete with other stock and they cannot compete with it.

It is also proposed to domesticate the reindeer, already introduced into Labrador and Ungava, and so essential to the life of Lapland.

A committee was appointed to inquire into the whole project and it would appear that something may actually be done to utilize the resources of the northernmost wilderness.

**Russia's Importance to the Allies.**

"Lux orietur," which was the motto of yesterday's tag collection for the blind, might almost be adopted for the Russian situation. Russia has a great deal more to do with the future peace of Europe than her Bolshevized condition would appear to make credible, but the light is breaking, and the forces of order are making progress. What Germany, or at least the militarist party in Germany, has been hoping for was a disordered and chaotic Russia which a recuperated Germany might organize for her own ends. If Russia is organized first, Russian ends and ideals the menace of Germany will be immensely minimized.

There are three points of vantage in Russia now from which the forces of order are working towards national

solidarity. The disruptive and wholly destructive energies of Bolshevism under Lenin appear to have spent their force. It is impossible for the people of any nation to tolerate such aims as Lenin has sought to impose and Hungary is discovering under Bela Kun what a colossal fraud on humanity every form of Bolshevism is.

Admiral Kolchak has had a fairly victorious march, and is now hoping to advance on Moscow, which he regards as indispensable. General Denikine in the South is also holding his own with his Cossack forces, and exchanges between the two generals indicate the happiest spirit of co-operation for the future of the country. On the north progress is also being made, and there is a general feeling that if the allies contribute supplies, the truly national forces of Russia will win out. After the final victory over the Bolshevists Admiral Kolchak has promised to summon a national assembly. From this will be organized a government acceptable to the whole people.

A truly Russian government uncontrolled by alien influences but in sympathy with the democratic nations of the west, will be the best possible check on the latent smoldering ambitions of Germany. Hence the importance of any assistance the allies can now give to those who are now striving for the pacification of Russia.

**Neil Requests Bab to Say Nothing of His Affairs to His Aunt**

CHAPTER LXXXVI.  
 The next day aunt told us all about the accident. It had been a rear-end collision and several had been badly injured; two or three killed outright.

"It was a terrible experience," she said, "one I hope will never be repeated, altho it makes very little difference how we die, if only we are ready." She made a very good, and really religious woman.

"I thought that train never would come," I said.  
 "It would have been very lonely and dreary for Neil had you not been with him. I know of nothing more worrying than waiting away in the night in a railroad station. Then, too, you were worrying about me." She had turned to Neil at her last sentence. I was about to say that I had been the one who was almost brought back to life just in time.

"Neil flushed when she said that it would have been tiring for him to wait all alone. I did not embarrass him by letting her know that he had arrived at the station only a few moments before she came.

"I hoped great things from Mrs. Carter's well-wisher, her fond of her, very proud to have her see how well he had done and anxious for her up spending his evening away from me. He might even give up going to Blanche Orson's if he thought she would know and disapprove. I would like to know if she enters into the plan, give little affairs from which Neil could not very well absent himself.

My social aspirations were again aroused. Perhaps Lorraine Morton and Mr. Frederick had not been quite so right as I had believed in saying that I couldn't do anything in a society way just at the present time. Aunt was very aristocratic, very fine appearing. She would be a great help to me. I should decide to persist in my plans. Yet even as these thoughts came I turned cold as other thoughts followed—that I might be snubbed. That Mrs. Powers might refuse to come to me, and all the other things which Lorraine had told me stood in the way of my success.

"You will remain at home more now that your aunt is here, won't you?" I said to Neil.  
 "I shall if it is possible. But I cannot neglect my business even for her. I shall tell her that she will have to excuse me when am unable to come home. Other than that I prefer she should know nothing of my business, my affairs."

"You will not go to those business dinners at Mrs. Orton's, will you?" She would be horribly shocked that I would accept an invitation to a woman's house without me.

"I shall do what I think necessary for the success of the deals I am trying to put thru. If she hears of anything which displeases her, I shall know you have told her. I shall not—Neil—you aren't doing anything wrong, are you, dear?"

"What role I must say, Bab, that you are getting to be rather a wet blanket. You used to be so pleased when I was successful, now you act all the time like a bear with a grouse. When I look around and see how differently we live from what we did when we were first married, I can't understand you. Most women would be delighted to have an as much more older people like Powers have more, but even they are in the minority."

"Sometimes I wonder if we weren't happier when we had less. Neil, you had more time for me, then."  
 "I shall have all the time you will want after a while more years. You will be crying for me to go out and let you have a rest when that time comes."  
 "I should like to try it. But joking aside, Neil, it doesn't seem as if I could go on this way. I am so worried over—things."  
 "You mean that silly twaddle about

**THE SITUATION IN EUROPE**

The Associated Press issues the following: Altho the peace terms which the allied and associated powers are to present to the Austrian delegation are virtually complete and report has it that next Wednesday has been chosen as the day when the Austrians are to be called before the peace congress, the negotiations may be delayed by reason of the fact that Hungary, where extremely unstable conditions still exist, has failed to appoint delegates to go to St. Germain.

The council of four Thursday continued discussion of the military items to be embodied in the Austrian compact. These, it is asserted, not only will require demobilization of the Austrian army and prevent future conscription, but will call for the dismantling of the famous Skoda works, Austria's great armament factories at Vienna and Prague, where the monster howitzers and other big guns used by the Teutonic armies during the war were made.

Premier Clemenceau during Thursday discussed with Signor Orlando and Baron Sonnini the claims of Italy with regard to Fiume and the Dalmatian coast which are still unsettled. While it is reported that the Americans remain indisposed to suspending the turning over of Fiume to the Italians, another report is to the effect that M. Trumbitch, head of the Jugoslav commission and Colonel House and Thomas Nelson Page, the American ambassador to Italy, have discussed the formula of a compromise on Fiume.

A refusal to consider the note of the German peace delegation regarding international labor legislation has been forwarded to the Germans by the council of four. All the other German communications have been referred to peace conference committees for reports.

Deput von Brockdorf-Rantzau, head of the German delegation at Versailles, is reported to have informed his associates that the peace treaty, as it stands, cannot be accepted, as it would be impossible to fulfill its terms and that the signature of the German delegation would not be affixed to any document the terms of which could not be carried out.

**"REDS" SURPRISED WHEN LEIPZIG TAKEN**

Neither Soldiers Nor Railway Employees Were Aware of Destination of Troops.

Coblenz, May 15.—The entrance of the troops of Gustav Noske, secretary for military affairs in the German government, into Leipzig, the last remaining stronghold of the Spartacists, on Sunday, was the first time since the signing of the armistice, that any military operations had been conducted secretly by the German government forces, according to information reaching third army headquarters.

The appearance of Noske's soldiers was such a surprise to the Spartacist leaders that the resulting casualties amounted to only two men wounded. The operation was conducted by General Muecke and his landwehr corps, reinforced by several detachments from the Luettwitz regiment in Berlin and from the troops which recently captured Munich, capital of Bavaria. Troop movements toward Leipzig began ten days ago, but they were accomplished in such a manner that the Spartacists were not alerted. The soldiers themselves believing they were merely being transferred from garrison to another.

Not even the railway employees were aware of the objective of the troops until four columns with armored cars assembled in the suburbs of Leipzig. One Saxony is rid of Spartacists there will remain only a few Spartacist nests in all Germany. Most of the remaining centres are along the eastern front.

**THE DAY AT OTTAWA**  
By TOM KING

Ottawa, May 15.—The House occupied itself today with more or less useful legislation on subjects that did not lend themselves to excitement or controversy. Some amendments were made to the act respecting fertilizers and to the statute regulating patent and proprietary medicines. The bankruptcy bill was reported from committee of the whole and now stands for third reading. It will probably pass the House tomorrow, and will then be sent to the Senate where it is said that Senators Lynch-Staunton, Beique, Laird, and others are preparing to welcome the measure with bloody hands to a hospitable grave. Mr. Jacobs, of Montreal, who drafted the bill, and Hon. Hugh Guthrie, who piloted it thru the House, are no doubt familiar with its contents, but few other members know anything about it. They have simply permitted the bill to pass and look for granted that it would be lost in the jungle when it got to the Red Chamber.

The House will avoid excitement while it awaits the return of Sir Robert Borden. It will find occupation in considering the government's bill to amend and consolidate the railway act, which has just been reported from the Armstrong committee. The bill, which is about the size of a book, has no less than 483 clauses, many of them with subsections and amendments. Then Hon. A. K. Maclean has promised to bring down a new civil service act which will contain 600 printed pages and some 1,200 schedules thrown in for good measure. With these bills and many estimates yet to be considered in committee, the supply the House should be able to restrain its impatience for the budget, the franchise bill and the reawakening of political controversy that is bound to follow the return of the prime minister.

The special committee in charge of the railway act finished their labors today with a knockout blow to Toronto. The clause respecting the Toronto and Niagara Power Company remains in the bill as it came from the Senate. The power company will have the right to sell and distribute electricity without saying by your ways to the municipality. The municipality, however, may appeal to the railway commission if the company exercises its franchise rights oppressively or in bad faith.

The power company won out in the committee by a vote of 14 to 8. Both Hon. Dr. Reid and Hon. Mr. Carvell voted against Toronto. Mr. Carvell made a strong speech in favor of the clause as it came from the Senate. He said the powers given the company might have been imprudent legislation, but it was legislation passed many years ago, on the faith of which nearly thirty million dollars has been invested. The way out, in his opinion, was for the Ontario government to acquire the power plant of the Electric Development Company and the transmission line, and the city to own the street railway, the radial and plant of the Toronto Electric Light Company.

**GUELPH S. S. CONVENTION.**

Guelph, May 15.—The thirtieth annual convention of the Guelph city Sunday school association which has been in progress for two days was brought to a close today. The following officers were elected: President, A. G. M. Henry; 1st Vice-President, H. D. Davidson; 2nd Vice-President, Prof. J. W. Crow; Secretary-Treasurer, Rev. ### Peterson Lets Them Down With Three Hits—Leafs Bang Ball.

Wild Bill Donovan and his Jersey Skeeters, it would hardly do to call them Pests, made their first visit of the season yesterday to the island. The New Jersey outfit rests on the bottom of the league ladder and they played like it yesterday. "Mooney" Gibson's leadoff Leafs gathered an even dozen hits and crossed the plate seven times. Peterson stood the Jersey outfit on their heads. Only three safe blows were registered off his delivery and not a Jersey City player reached the home plate. Jersey City had only one real chance to score when they lammed out a few hits into one round. The Leaf infield pulled off a double killing to smother the visitors. On the other hand the champions had a grand old time with the willow. Breckenridge was chief sweet-smith with a nice double and two singles. Gonzales and Whitman picked out two one corner knocks each, and the whole team, with the exception of Will Purcell, helped themselves to a good thing that was going around. Miller started the swinging for Donovan. He found six innings plenty, and in that time the Leafs had scored six times on nine hits. Smith finished and yielded one run and three hits. The Leafs were never any doubt as to who would win the first inning. The Leafs went to work early and kept banging away to keep the fans in good humor. In his first appearance, stole second, moved up to third on a wild pitch and came in on Onslow's fielder's choice. The Leafs waited until the third, and then put over three runs. "Breck" opened with a snaring single. Gonzales ambled down free, and Whitman popped out trying to bunt. Onslow rolled to first, but Purcell was passed. Holden smothered to right for two bases and all three base warmers scampered in. Holden started to steal third, forcing Anderson to hit, and he was out, also. The fifth saw another Toronto run. Onslow walked and galloped to third on Purcell's sacrifice. Holden whiffed, but Anderson supplied the hit for the run. Three hits gave us another in the sixth. Peterson got the first blow and "Breck" sacrificed. Gonzales rolled to short, Peterson was run down between third and home. Whitman's out scored Gonzales.

## ST. MATTHEW'S BOWLERS' OPENING PROGRAM

On Saturday, at 2:30 p.m., President Al. F. M. Johnston will start the ball rolling for this season at St. Matthew's Club. The green is in good condition. The President v. Vice-President match will be played, as follows:

## Andy Kyle Scored One for Kitchener

Bay City, Mich., May 15.—A gala day in Bay City sportsland was crowned with victory for the Leafs, playing on the home turf here before 2,500 fans, by May City taking the number of Kitchener in the opener of the league season by a score of 2 to 1.

## FLINT IN THE TENTH BEAT HAMILTON

Flint, Mich., May 15.—Flint and Hamilton battled ten innings in the opening of the Michigan League here this afternoon. The home club won, 8 to 7. A parade preceded the game and a crowd of 2,000 or more saw Mayor George C. Kellar pitch the first ball. Score: R. H. E. Flint . . . 8 1 1 1 1 0 0 0 0 0 0 0 0 0 0  
Hamilton . . . 7 1 2 0 0 0 0 0 0 0 0 0 0 0 0

## Tecumseh's Beaten At Battle Creek

Battle Creek, May 15.—The international baseball opened here today. The Clusters, named for the famous Indian fighter, massacred the Tecumseh, named for an equally famous Indian chief. The score was 7 to 5, and while the names were not as fast as the fans might choose, they were pleased that the visitors were on the losing end. The score: R. H. E. Tecumseh . . . 5 1 1 0 0 0 0 0 0 0 0 0 0 0 0  
Battle Creek . . . 7 1 2 0 0 0 0 0 0 0 0 0 0 0 0

## Save the Money You Waste and Make It Earn You More Money

How much of your wages do you fritter away each week on trifles? If you reckon it up you will probably find that at least five per cent. disappears thus "like snow wreaths in thaw." If your weekly wage is \$15.00 you spend easily 75 cents of that on "mere nothings" before you know it. But suppose you said to your employer: "Each week I want you to keep 75 cents out of my pay envelope and invest it for me in War Savings Stamps. As you buy each War Savings Stamp put it in my pay envelope, and go on doing that for a year." You will never miss that 75 cents. But at the end of the year you will have over \$36.00 invested in Savings Stamps. By then they will be worth considerably more than \$36.00, and by 1924 they will be worth \$45.00.

War Savings Stamps are guaranteed by the Dominion Government. They have the whole resources of Canada as their security, the same as Victory Loans. And they bear an unusually high rate of interest. You can cash them at any time, however, if you need to.

For full particulars address National War Savings Committee, Central Ontario Division, 43 VICTORIA STREET, TORONTO. PHONE MAIN 5960.

### LEAFS HAD A GOOD BATTING PRACTICE

Starving Serbians Have Nothing on Yesterday's Performers, Says Ida.

By Ida L. Webster.

In one of the papers we read the news that the Skeeters, the team they were at the bottom of the league, really should not be there, because they played deserved a much higher position. After watching them work yesterday all that we can say is that if they were to be listed according to their baseball ability, they would not be in the league at all.

In season past Jersey City had a poor club. No one who has seen them, or roller who had seen them would deny that, but boys, they were a flock of royal flushes in those days compared to what we saw at the island on Thursday.

Just why Fritz persists in having that town in the international league seems to be somewhat of a mystery, but it is not half as big a one as why the owners of the club stick to the habit of having incompetent players.

It would not be possible to pick out one position, and say that it was better than the rest, because from the grandstand it certainly seems that the whole nine cavities need refilling. In fact, when they are stacked up against the Leafs, the same takes on the appearance of a T.M.A. benefit competing with a church social.

Had the home crew worked there would have been only one inning, and that would have been the last half of the first. Why those boys of ours could have batted their heads off if they had tried, but thank to them, and their generous souls, they did not try, therefore doing their best to hit the stride of their rivals, it took some fierceness, we don't mind telling you, in fact, to be perfectly frank, both gangs looked like a "stiff" picture of the attitude of Serbians.

But as we said, had the Gimp Gibbies played as they have been doing, they would never have stopped batting, because there was not a man on the Jersey City Club who could get them out. That there were not more runs scored was simply due to the fact that the Toronto squad had brains enough to hit them half the time, and in that manner get the agony over early.

Miller did the pitching for our visitors, that is until the seventh, when he was relieved by the bat we do not know what he did, and do not particularly care, because whatever it might have been it certainly was not at all startling. For the simple reason that none of them did anything like that, even the one member of the staff did get a two-

### The Jockeys Who May Ride in King's Plate

Only jockeys in good standing will be permitted to ride in the King's Plate. Jockeys who held a license from the Canadian Jockey Association in 1917, the Jockey Club or Kentucky State Race Commission in 1918, and those holding a license in 1919 as above, will not be required to make application to ride. Owners or trainers contemplating riding apprentices or stable boys must have them passed upon by the committee of the Ontario Jockey Club, and applications for same must be filed with the secretary not later than Thursday, May 22.

The regulars were all in attendance at the Woodbine yesterday morning in witness to the "acid test" that was to be applied to some of the plate eligibles. A trio appeared on the scene composed of the Le Roy colt, Hemisphere, with his exercise boy in the saddle, Comas, the London candidate, with George Finch up, and Trainer Melmurray's Amphion, on whom Jockey Jimmy Foley had the

### K. OF C. CHORAL DELIGHTS AUDIENCE

#### Largest Musical Aggregation in City Make Wonderful Debut.

Surprise was general with the audience at Massey Hall last night when it found itself faced with the largest musical aggregation in the city, for such did the new K. of C. Choral Society prove. The membership announced on the program was 250, but that it is much larger was shown by the fact that a number of the singers had to find places at the wings of the platform. Another matter for surprise was the efficiency shown in the program presented, the ensemble giving promise in future of holding rank of no mean quality—among the best organizations of Toronto.

Opening with the national anthem, the chorus showed a good body of tone, the balance among the parts is not yet complete. "Soldiers' Chorus" followed and was given with spirit and attack. "The Minstrel Boy," "Ki lla-mey" and "When My Ship Comes Sailing Home"—(Dorel-Sultry)—were other choruses, the last perhaps showing the best work of the chorus for the evening. In this the voices of the sopranos achieved a mellowness in some parts not noticed elsewhere, and the men's section was rich and musical, and regard to shading was decidedly nice. Warm applause greeted the close of the number, and the conductor had to appear twice and the chorus to stand to acknowledge the appreciation before the audience was satisfied.

Renewed applause, a soloist, a pupil of Jean de Reszke, received enthusiastic and renewed applause. Arthur Leithner, well known in Toronto, sang "Blow, Blow Winter Wind," and was given a hearty recall. A feature of the evening were numbers of Mrs. Nellie Corbett Malone, first heard in the program, number, "La Villanelle"—(Dell Aqua), and one of those most delightful soprano selections was her tender and artistic rendering of "O Danny Boy."

Hon. T. W. McDiarmid, who had been billed as the speaker of the evening, could not appear, owing to ill-health, and Mrs. Lee and Mrs. E. McEgan were the accompanists of their part, which they made up in no small degree for the lack of an orchestra, the absence of which must have made it very difficult for a new organization to acquire themselves as well as did the K. of C. Society. The president is J. D. Hayes, and the capable conductor, D. A. Morel.

The proceeds of the concert will go to the funds of the Redemptorists for their new novitiate.

### LOSE POPULAR COMRADE

Many old boys of the 35th Battalion were grieved to learn as they did yesterday of the death of one of their comrades, Walter Westwood, who died at Euclid Hall at six o'clock in the evening from the effects of a bullet wound in the spine, received more than a year ago in the trenches. Comrade Westwood, who was among the most popular men in his battalion, suffered paralysis as the result of his wounds and suffered a long period of helplessness before he passed west. The funeral, which will be a military one, will be held from the residence of the comrade, at Section of 12 Hayes street, at two o'clock this afternoon.

### TRADES COUNCIL HOLD CONFERENCE

Reject Idea of Labor Man as Minister of Labor.

Two recommendations, one embodying mothers' pensions, child welfare, sick insurance and minimum wage bill, and another calling for the selection of a bona fide trades union labor man for the post of minister of labor were discussed at the Trades Council at last night's session of the trades council at the Labor Temple. The former recommendation was carried, the latter was lost. It was in accord with the recommendation for mothers' pensions bill, pointed to cases of extreme distress at his own door. John Chalmer, who opposed any sort of palliatives and urged the need of direct action, and Robert Troman recognized that a Bolshevik had brains. Tom Black urged that the Trades and Labor Council support the G.W.V.A. in its fight to retain the privilege of insurance to the returned soldier.

**Would Be Inconsistent.**  
The fight over the recommendation relative to the appointment of the minister of labor, centered around the interpretation of a bona fide labor man, and James Simpson pointed out that if the recommendation carried the labor council would be guilty of inconsistency, in that no man appointed to office with the cabinet of a Conservative government could long retain any semblance of labor interests.

### NOT A TORY NOW, SAYS CAPTAIN JOE

Returned Civic Veteran Preaches Democracy at Empire Club.

R. S. Stappella introduced another returned citizen hall man at the Empire Club yesterday. He had heard him described as Captain Thompson, as Controller Thompson, as good old Joe Thompson and as our future Mayor Thompson, he said. Captain Thompson disclaimed the inspiration of the introduction which he thought might be the result of the Scotch they had had, referring to Prof. Macnaughton's address. He was afraid to risk the Irish character for humor after that speech. He would only say that the men at the front had come to a keener appreciation of the great land they were in, Ireland, he thought, would come out all right. It used to be a Tory, I'm not a Tory now, if there were such a thing, he said. Denominational lines had been broken down at the front. They did not ask if men belonged to this lodge or that church, and when they saw them working together, praying together, dying together they wondered what there was in these little barriers. But they have honest differences of opinion, but they would look Black and white, but what he was, a man belonged to, but what he was, it used to be a Tory, I'm not a Tory now, if there were such a thing, he said. These two will be got rid of.

### G. W. V. A. DELEGATES VISIT FORD MOTOR CO.

Windsor, Ont., May 15.—This morning G. W. V. A. delegates visited during an industrial tour the Ford Motor Company of Canada, the Canadian Steel Corporation plant at Ojibway, and the six million dollar plant of the General Motors Corporation at Walkerville, now in the process of construction. In the afternoon, the convention members were invited as guests by Mrs. Havin, president of the Detroit Baseball Club, who served a block of seats at Navin Field, when the Tigers played the New York Highlanders of the American League.

### M'COLLOUGH STOLE AS LAST RESORT

Still Holds Religious Ideals, He Tells Spiritual Adviser.

Rev. Bertram Nelles, pastor of the Western Congregational Church, who is spiritual adviser to Frank McCullough, the latter's remarkable escape from the Toronto Jail, yesterday stated that many letters were received by him expressing views on McCullough's attitude towards spiritual matters that it would seem only fair that McCullough's real viewpoint should be made known to the many who had interested themselves for a time in the case.

Mr. Nelles stated that he had received a letter from McCullough yesterday which clearly set forth the writer's attitude towards religion, in which he states that he tried to remember the teaching given him by Mr. Nelles, who he admits committing burglary. The burglary, however, was only a "last resort," he said, and he was sure of his soul. Mr. Nelles visited McCullough in the death cell at the jail yesterday for the first time since the capture.

In the meanwhile, letters are continuing to pour into the office of the legal firm which defended McCullough at his trial, while citizens who have interested themselves in the welfare of the prisoner since his escape are also being swamped with letters.

### LOVE PIANO RECITAL

Masonic Hall, North Toronto, was well filled on the occasion of the annual piano recital by Miss Hilda A. Love. The playing reflected great credit on the pupils and teacher, some showing unusual skill.

They were ably assisted by Miss Cruijkshank, pianist, and Miss Mrs. Summerville, 125 Winchester street, received a number of minor injuries to the head and body last night when she was struck at the corner of Bloor street and Avenue Road by a motor car driven by James Gordon Wallace, who lives at 31 Bowe, avenue.

After receiving medical attention from Dr. Moorehead, who was called to the scene of the accident, Mrs. Summerville was taken home in the car.

### RAN INTO STREET CAR

Pete Semoff, a Macedonian, living at 366 East King street, received a number of cuts to the head, and a general shaking up when he ran his motorcycle and side car into a west bound Broadway street car at the corner of Sackville and Queen streets at 10.15 p.m. last night. The machine was badly smashed and Semoff was removed to St. Michael's Hospital in the police ambulance.

## DRY MONTREAL IS EXCEEDINGLY WET

Hard Stuff Sold Openly at Old-Time Prices.

It is fortunate for the peace of mind of the Rev. Ben Spence that he does not live in Montreal, for from all accounts reaching Toronto that city, although (except for so-called beer and wine) is still openly very wet. Most of the bars in Montreal are being hard hit by the rapidly spreading and threatening. The prohibition law notwithstanding, the habit is rapidly spreading and threatening. The strong and good stuff, for prices have not risen since the referendum.

The Montreal police are taking no interest in the matter and the game goes merrily on. The fact, they say, provided for a force of special policemen to enforce the measure. Therefore it is none of their business to interfere.

Happy Montreal!

## TRUSTEE SUGGESTS DIRECTOR-MANAGER

Board of Education Will Confer on Appointment Wednesday.

Toronto board of education made an effort towards relieving the school building shortage in the north end, and nothing was reported by the board of education. D. R. Franklin to have the levels taken for the Glenholme and Glen Grove avenue public schools. Mr. Franklin was the winner in the open competition for plans for the two schools in question. A payment of \$300 to Mr. Franklin was authorized for the two winning sets of school building plans.

The motion of Dr. Carloline Brown was adopted that "competent architects be secured to draw plans and specifications for proposed additions or annexes; and that the work be proceeded with as expeditiously as possible by the property committee."

On the motion to confine all collections in the school to the annual presented before the war was referred to the board of education with a view to report upon in each case to the board.

More Junior Schools

The proposition to have the second junior public schools, distinct from each other, where prominent architect the policy be adopted of relieving congestion in the schools by the erection of junior schools, instead of enlarging the present school buildings.

Continued use of Crawford Street School was given to the annual authorities, subject to an agreement as to a monthly rental for the balance of the year.

On motion of Dr. John Hunter, the question of the payment of members of the board of education will be submitted to a referendum at the next municipal elections.

The payment of painters at the rate of 65 cents an hour was approved.

Dr. John Noble gave notice in favor of the abolition of the department and the substitution of a maintenance department with C. J. Doughty as temporary superintendent.

Trustee McCrae proposed the appointment of a director-manager to conduct the fifteen million dollar interests of the board of education at a salary of \$12,000 a year, on the same basis as the manager of a great corporation. The board of education would then become a board of directors. This was following the model of the city with respect to the appointment of R. Harris.

Trustee Boland moved in amendment for a committee on the reorganization of the building department.

The McCrae motion was referred to a special private conference of the board to be held next Wednesday afternoon.

Trustee McClelland gave notice of motion for the appointment of a department of finance.

## BRITAIN'S TRIBUTE TO EDITH CAVELL

Streets Crowded Thru Which Funeral Cortège Proceeded to the Abbey.

London, May 15.—Great Britain paid tribute to Edith Cavell, the English nurse executed by the Germans at Brussels, October 12, 1915, here today, when her body, en route to Brussels for her native city of Norwich, was taken to Westminster Abbey for an impressive memorial service.

It was a public funeral, in which, it seemed, every resident of the great metropolis endeavored to participate. The streets thru which the cortège moved were congested with crowds, and every inch of standing room in the neighborhood of the abbey was occupied by a densely-packed multitude which was eager to do reverent homage to "that brave woman," as the Bishop of London described her, "who deserves a great deal from the British empire."

An Impressive Service.

The congregation at the abbey included high officials of the government and representatives of foreign countries and a prominent in many walks of life. King George was represented by the Earl of Athlone, brother of Queen Mary. The service was conducted by the Dean of Westminster. No address was delivered. The opening sentences of the burial service were sung by the choir, which then sang the twenty-third Psalm, and a short lesson from the Epistle of St. John. Then came Sullivan's Anthem, "Ye, The I Walk Thru the Valley of the Shadow of Death," and "I Heard a Voice From Heaven."

The Litany, the Lord's Prayer, and two Collects were then repeated, followed by the hymn, "Abide With Me." The benediction was then pronounced, and the last post and reveille were sounded.

The service, which began at noon, lasted half an hour. The procession left the abbey to the strains of Chopin's Funeral March, and proceeded to the station, where the coffin of plain oak was placed on a train for Narburgh.

On the coffin was the simple inscription: "Edith Cavell, Born December 4, 1865, Died October 12, 1915."

At Norwich it was placed on a gun carriage and was taken to Norwich Cathedral. The service, which was officially designated, "For the funeral of Edith Cavell, a nurse who gave her life for her countrymen," followed.

As the coffin was taken into the cathedral the hymn "Now the Laborer's Task is O'er," which was followed by the reading of the lesson, I Peter II, 12, by Canon Bechar. Then came the anthem, "I Know That My Redeemer Liveth," and "Chopin's Funeral March. While the hymn "Bride Life is Here, Ours Fortiori" was being sung the procession formed for the march to the graveside. There the latter portion of the burial service was conducted by the bishop, and the hymn "Abide With Me," which Miss Cavell repeated shortly before her execution by the Germans, was sung. The benediction was then pronounced and the bugle sounded the last post.

The funeral party which accompanied the body from Brussels to Norwich, included eight members of Miss Cavell's family, and prominent British and Belgian officials.

SOME HESITANCY IN WALL STREET

Money Situation and Fresh Break in Foreign Exchange Cause Uneasiness.

New York, May 15.—The most distinctive feature of today's stock market was the perceptible diminution of business and a scarcity of issues dealt in.

Several significant developments combined to restrain bullish ardor, these including the money situation and further realization in the foreign exchange market.

U. S. Steel made a further moderate gain at its best, but this was followed by the stock losing one point.

Local utilities, mainly tractions, dominated the final dealings.

Aside from utilities, which accompanied the rise in related shares, the bond market, including Liberty issues, total sales value aggregated \$13,750,000.

SPURT BY BREWERIES IN MONTREAL MARKET

Montreal, May 15.—With the number of issues traded in on the local stock market today, reduced five to 52, the number of shares dealt in increased further than in any previous day.

In the steel group, Dominion sold to the number of 1500 shares, and was strong, and Scotia made a new high at 70.

STONE IS CHEERFUL IN LOCAL MARKET

Steel Stocks Show Fresh Strength—Barcelona Forts Gains of Wednesday.

Altho the tone of the New York market yesterday was lacking in the confidence which has been shown for some time past, the feeling on the Toronto market remained cheerful.

The steel stocks continued to exhibit strength, altho the late decline in U. S. Steel at New York came as a damper.

Local utilities, mainly tractions, dominated the final dealings.

SOME RECESSIONS IN MINING STOCKS

Hollinger and McIntyre Show Firmness—Short Sales by Floor Traders.

Trading in mining stocks was less active yesterday, the total of 246,000 shares comparing with more than 300,000 on the previous day.

It was noteworthy that Hollinger and McIntyre did not show any tendency to move downward.

U. S. Steel made a further moderate gain at its best, but this was followed by the stock losing one point.

Local utilities, mainly tractions, dominated the final dealings.

Aside from utilities, which accompanied the rise in related shares, the bond market, including Liberty issues, total sales value aggregated \$13,750,000.

The Old-Fashioned Executor was Conscientious. BUT he was often busy with other matters, often away when needed, sometimes ill. Frequently he was not financially responsible. Disastrously often he died before the estates in his care were distributed. Above all, he was likely to lack training. In anyone managing property as trustee honesty is taken for granted. But it has come to be accepted that honesty alone is not sufficient. Permanence, facilities, organization and experience are all necessary. The trust company has these advantages; and in addition it offers a degree of responsibility unattainable by all but exceptional individuals.
