TWENTY-SEVENTH YEAR SIXTEEN PAGES SATURDAY MORNING OCTOBER 13 1906—SIXTEEN PAGES ONE CENT

MISUSE OF ONTARIO BANK FUNDS TO EXTENT OF MILLION DOLLARS WILL NECESSITATE WINDING UP

Sensational Happenings in Financial Circles—Bank of Montreal, as Agent for Other Banks, Will Assume Control of Affairs To-day—Depositors Will Be Fully Protected.

WILL PAY ALL LIABILITIES.
ALEXANDER LAIRD, ASSISTANT GENERAL MANAGER OF THE BANK OF COMMERCE, AUTHORIZED TO MAKE THE FOLLOWING STATEMENT AFTER THE MEETING AT 3 O'CLOCK THIS MORNING:
"A meeting of the representatives of the Toronto banks was held last night to consider what action should be taken in connection with the Ontario Bank."
"Arrangements are now in progress to be consummated on the arrival this morning in the city of the representative of the Bank of Montreal, for securing payment of all liabilities."

MEETING WILL BE HELD EARLY IN THE MORNING WHICH IT WILL BE SETTLED WHETHER THE BANK WILL BE OPENED. ALL ARRANGEMENTS DEPEND ON THE INTENTIVE OF THE BANK OF MONTREAL.
As a result of financial difficulties, following unfortunate investments or speculations on the part of the general manager, Charles McGill, the Ontario Bank will to-day be taken over by the Bank of Montreal.

Losses to the Ontario Bank, placed in round figures at least one million dollars, have caused this unusual transaction.
The first intimation that the general public, and even very high up financiers, received of the impending trouble was yesterday morning, when a broker attempted to sell some stock of the bank on the exchange. Sales of the stock had been made on Thursday as high as 124, but as yesterday's offerings were scaled down point by point without takers, brokers looked askance and became seized with misgivings. At the morning board the seller of the shares drew his figure down as low as 124-1/2, but still found no one.

Enough to buy a case of a panic in Ontario Bank shares, and it was useless to make concessions to find purchasers.
Around the street it was impossible to get any inkling as to what was the cause of the absolute want of confidence in the shares of the bank. Numerous innuendoes and insinuations were ventured by individuals who thought they were in the know, but at the head office no word was given until late in the day, otherwise there might have been many withdrawals by timid depositors.

By 8 o'clock, however, rumor had gained full play around the city and eager enquiries were being made as to the position of the bank with the public. While it was not possible to give any definite answer, the fact that officers of the bank could not be found to make an official statement added fuel to the flames of misapprehension.
In financial circles the necessity for prompt action was recognized and a call was sent out for a meeting of the representatives of all the city banks. This meeting was held at the residence of Duncan Coulson, manager of the Bank of Toronto, on Beverley-street. Laird, assistant general manager of the Bank of Commerce, presided. After a six hours session an official statement was made as given above.

The object of the banks is to prevent any run on the bank and to protect the depositors and this will be done. The general public need feel no anxiety.
As to the position of the stockholders, nothing was announced, but it was rather intimated that their position is not so comfortable.
The Ontario Bank was incorporated in 1867. Its officers are: G. R. R. Cockburn, president; Donald Mackay, vice-president; R. D. Perry, Hon. R. Harcourt, R. Grass, Thomas Walsley and John Fleet.
It has branches in Alliston, Aurora, Bowmanville, Buckingham, Q. Collinswood, Cornwall, Fort William, Holstein, King City, Kingston, Lindsay, Montreal, Mount Forest, Newark, Ottawa, Peterboro, Port Arthur, Sudbury, Toronto, Trenton, Tweed, Waterford and Warsaw.

Funds Misappropriated.
G. R. R. Cockburn was interviewed by The World as to the cause of the trouble. He stated that misappropriation of the funds was the real difficulty, and this had all occurred in the last few months. The bank as a bank was all right, and in a healthy working condition, and the branches so far from being a hindrance were very productive and of great benefit.
The depositors and noteholders, he stated, would be guaranteed against loss by the Bank of Montreal, which was taking over the assets and business of the Ontario Bank. The other banks were guaranteeing the Bank of Montreal in this, the Bank of Montreal this acting as the agent of the others. Nothing would be settled as to the conduct of affairs until the arrival of the Bank of Montreal officials this morning, when a meeting would be held. Everything remained for settlement until then, which details as the opening of the bank premises and similar matters would be attended to. With regard to the amount of misap-

ABSORBED.

The Ontario Bank has been absorbed by the Bank of Montreal. The depositors in the Ontario Bank will be protected absolutely by the new combination, that represents the strongest financial interests in Canada.
Any disquietude that might have arisen from the fact that the Ontario Bank had been taken over by another bank will be dissipated by the announcement that the depositors will be fully taken care of under arrangements made by the Bankers' Association.
The first tangible intimation that the Ontario Bank was in the stock exchange, when the stock was offered at 121 1/2, without buyers—a fall of ten points.
The rumor became busy, and it was stated on good authority that an official of the Ontario Bank had, thru misdirected speculation, jeopardized the funds of the bank.
Funds to the amount of \$750,000 have disappeared, if one story is to be believed. Other stories place the amount lost as high as \$2,500,000, a large proportion of which is composed of injudicious loans.
The name of Charles McGill, general manager of the Ontario Bank, is associated with all the stories of dissipated funds, and the answer to the question, What caused the trouble? is given in the reply, Speculation.

McGill Denies Speculation Says He Invested for Bank

Ex-Manager Makes Brief Statement—His Whole Career Spent in Service of Ontario Bank—Stories of His Alleged Speculations.
NO CAUSE FOR ALARM.
While it is untoward and unfortunate in the highest degree that the position of the Ontario Bank should be made the subject of public criticism, the fact ought not to breed anxiety, much less result in panic.
Its difficulties are undoubtedly due to causes personal to the management and do not reflect on the Canadian banking system or any other of our banking companies.
The public will do well to remember that the surest way of injuring themselves and business generally is to yield to blind and unreasoning fear. More especially would this weakness be unjustifiable when the statement is authoritatively made that the depositors and holders of circulating media of the Ontario Bank will be absolutely protected.

Then in addition it is announced that the Bank of Montreal, whose standing needs no certification, has arranged to take over the business and public liabilities of the Ontario Bank. All risk of trouble and inconvenience to its depositors and customers will thus be obviated.
So far as the general body of the citizens is concerned there is not the slightest cause for trepidation, and a wise and prudent course is to leave the Bankers' Association who have been deliberating upon the situation free to take whatever steps are necessary to relieve the crisis with the minimum of disturbance to the ordinary course of business. It is their interest to do this and to see that the high standard which Canadian banking has deservedly earned is fully maintained.
There is of course no virtue in any system, however admirable, apart from the men who control the fortunes of the institutions established under it, and it is safe to say that the position of the Ontario Bank was not unknown to the banking community, that the denouement was discounted and as far as possible anticipated.

The action of the Bankers' Association and of the Bank of Montreal is accordingly of the most reassuring character and virtually amounts to a declaration that the situation is under control and can be handled in a manner which will restore and confirm public confidence.
FOR ROYAL ASSENT.
London, Oct. 12.—Lord Northcote, Governor-General of Australia, has reserved the British preference bill for royal assent.

With the Laurier goal again threatened.

FOWLER SAYS "I WON'T" REFUSES TO TELL OF THE \$55,000 ARRAIGNS THE TRIBUNAL

Lively and Prolonged Colloquy Between Witness and Counsel Concludes With a Red-Hot Attack on the Commission, Which, Mr. Fowler Says, Has Been Actuated by Political Vindictiveness—Had Never Been Asked About the Option, He Says.
There were pyrotechnics at the final session of the royal insurance commission in Toronto yesterday when George Fowler, M.P., the witness long desired by the tribunal, refused to tell where that \$55,000 went to.
Mr. Fowler told of the different options he had got from Mr. Ryan—one for \$200,000 and one for \$350,000. The difference he was to have as his profits. Mr. Shepley asked numerous questions, and the witness explained that the property was bought under the conditions that he was to make money out of it, and in good faith because he took one-quarter interest. When the Foresters bought the property they paid \$255,000; it was now worth \$300,000.
"Would you consider it proper to put before your intended partner the statement that you had paid more than \$100,000?" asked Mr. Shepley.
"No," replied witness.
"Did you intend them to believe that you had paid the amount of the \$250,000 option?"
"I won't answer that" was the firm rejoinder.
"Then the option was reduced to \$225,000, which you put forward to your partners as indicating the price you were paying Ryan?" pursued Mr. Shepley.
"You can put any infection or inference you like on it. I put it forward to indicate what I was paying Ryan."
"Did you suppose they believed that was the correct option?"
"I did not suppose anything. They could believe what they liked. They never asked me and I never told them. If they would have asked me if I was making a profit I would have told them."
"Will you make any further answer?" queried Mr. Shepley.
"No, I won't." The refusal was flat. "Did Ryan pay you the \$55,000?"
"That is between Ryan and myself. I decline to answer."
Judge says "Must."
Mr. Shepley asked for a ruling, and Judge MacTavish told witness to answer, but he declined again, and Judge MacTavish said: "It is a proper question and must be answered."
Mr. Fowler addressed the commission. This might be subject of litigation. He would not answer it.
"You must yield to the ruling of the commission, that is your duty," said Mr. Shepley, coaxingly.
Mr. Fowler beat around the bush and kept Mr. Shepley sparring for wind until he was asked why the question was a proper one.
"Did Peter Ryan pay you \$55,000?" he asked.
"Not all of it."
"How much does he owe?"
"I don't know."
"Can you get out?"
Mr. Shepley produced certain cheques,

which witness assented to, showing that he received up to the amount of \$44,000. He would find out what \$3000 cheques he had forgotten.
"Who did you pay the money out to?"
"I don't know whether I will tell or not. Why should I tell?"
Mr. Shepley explained very carefully what the enquiry was for. Mr. Fowler argued that the whereabouts of the money was not relevant. He had sold the property to the Great West Land Company, and whether he got a portion or not made no difference.
Mr. Shepley then read Mr. Foster's evidence, which said that Fowler was the agent of the Union Trust Company.
"What do I care what Foster said? I was not agent," declared Mr. Fowler. "Must I be bound by what you say?"
"No."
"I won't waste any more time," said witness.

McBRIDE STILL HOLDS OUT FOR FAVORED TREATMENT ASKS \$1 PER CAPITA

Conference at Deadlock Over British Columbia's Claims—Must Be Unanimous or Question Will Revert to Laurier.

Ottawa, Oct. 12.—(Special).—The provincial premiers have not yet arrived at an agreement regarding the financial demands embodied in the Quebec resolutions. British Columbia was the one question which monopolized the proceedings of the conference all day today. What Premier McBride holds out for is a sliding scale grant of an increased amount for his province, or to refer the whole matter to a commission. Mr. McBride suggests that British Columbia should get \$1 per capita, and that as the population increased this amount could be gradually reduced to 25 cents when the population reached two and one-half millions, and to remain permanently at that figure.
The conference does not approve of this. What is suggested is that a special additional grant of from \$50,000 to \$100,000 should be given to British Columbia, more than the other provinces. Because of the difficulties connected with the administration of public affairs in that province.
All the other provinces are agreed, but British Columbia is expected to hold out to the end.
The premiers will meet again tomorrow, and if no agreement is arrived at nothing will be done meanwhile.
Sir Wilfrid Laurier has made the pronouncement that a unanimous decision must be concurred in by the provinces, else the whole question for the different provinces will revert to himself for decision.
The special affairs peculiar to the different provinces can be taken up separately with the Dominion government. Take, for instance, the fisheries in which Manitoba, Saskatchewan and Alberta are not concerned. All the provinces with the exception of British Columbia and Ontario have informed the Dominion government that there will be no difficulty in arranging to give control to the Dominion. Mr. Whitney feels disposed to this as far as the great lakes are concerned, but he would like to consult his colleagues first. Mr. McBride admits the principle that Dominion control is desirable, but has not agreed to it.
As far as Quebec, New Brunswick, Nova Scotia and Prince Edward Island are concerned, the arrangement to give control to the Dominion, so that the work of the conference is progressing satisfactorily.

IRELAND'S HOUR IS AT HAND ABOUT TO BE FREE AGAIN BILL IN FEBRUARY
T. P. O'Connor's Prediction at Ottawa—Laurier Heads List and Gathering Raises \$700 for Irish National Cause.
Ottawa, Oct. 12.—(Special).—Ireland is about once more to be free," said T. P. O'Connor, this evening at a public meeting held under the auspices of the United Irish League. "The hour of Ireland's deliverance is at hand."
The well-known Irish parliamentarian declared that home rule was within sight. Twenty-five years ago he and Mr. Parnell were hooded and spat upon in the streets of Manchester. To-day nine members were returned by that self-same city pledged to home rule.
Hon. R. W. Scott presided at the meeting and Sir Wilfrid Laurier attended. He moved a vote of thanks to Mr. O'Connor, remarking that he was a home ruler.
Subscriptions for the Irish national movement were taken up, and Sir Wilfrid Laurier and P. D. Ross headed the list with \$50 each; \$700 being collected.
Hon. Daniel O'Connor, the aged ex-postmaster-general of Australia, was present, and spoke briefly.
T. P. O'Connor wrote a lengthy editorial for The Ottawa Journal this afternoon on the Irish situation, concluding by saying:
"Next February, we shall, according to all probability, see the measure for the new government of Ireland introduced by Mr. Bryce. Nobody expects that the measure will put the final copingstone on the fabric of Irish self government, but everybody expects that it will lay the foundation broad and deep."

ANOTHER STUDENT DEAD FROM FOOTBALL INJURY

Gwyn Ellis Succumbs Unexpectedly as Result of Injuries Received Wednesday.

As the result of injuries received on Wednesday afternoon while practicing with the Varsity H.L. Rugby team, Glyn Ellis, eldest son of Matthew C. Ellis, vice-president of the P. W. Ellis Company, died yesterday afternoon at 4 o'clock. In the midst of play he came into collision with another player, and fainted shortly after. He was assisted off the field into the gymnasium, where Dr. Henry attended to him. He was taken to his home at 15 Elm-avenue, in a cab. Here Dr. Davidson of Charles-street was called. The doctor said that no fatal result was expected, since he rallied immediately after the accident. He admitted that he was injured, but said he was unable to state the exact cause of his death. Only yesterday morning the young man had been in bed for blood which spread and stopped circulation may have been the cause of death.

As a result of Mr. Ellis' death the Athletic Association have canceled the game with McGill to-day. The McGill team came into the city before the news of Mr. Ellis' death reached the directorate, and will return to Montreal to-day.

Prof. Mavor said that even before the death of Mr. Paulin from injuries at football last week, the university authorities had decided to have a medical examiner appointed for the gymnasium and to have two physicians in attendance at all games and practices. It was also decided that no student should participate in any games till he had received a certificate from the medical examiner. Two physicians had been ordered to be in attendance at the McGill-Toronto game to-day. In all these arrangements the athletic directorate had fully concurred.

Mr. Ellis was 20 years of age and popular among the students, and gave promise of a brilliant career. He headed the lists in June in his course, was president of the Historical Club and sporting editor of Varsity.

EXPERT SAYS ARSENIC.

Answer to Hypothetical Question in Brouwer Murder Trial.

Toms River, N.J., Oct. 12.—Answering a hypothetical question which described the symptoms shown in the fatal illness of Mrs. Frank Brouwer, Dr. Walter S. Washington of Newark testified in the trial of Dr. Frank Brouwer to-day that in his opinion arsenical poisoning was the cause of Mrs. Brouwer's death. Dr. Washington testified as an expert.

HAMILTON HAPPENINGS

BUSTER BROWN'S MOTHER PUTS HIM IN RIDICULOUS POSES

Member of National Council of Women Scores Papers That Publish Supplement.

Hamilton, Oct. 12.—(Special.)—At the meeting of the National Council of Women to-day, Mrs. Boomer, London, made an attack on all the papers that published the Buster Brown pictures, because Buster's mother was put in ridiculous positions. In order to suppress trap advertisements that misled girls and women, and to stop the circulation of objectionable literature, the council passed the following resolution:

Whereas the members of the council find, in dealing with objectionable publications of all kinds that come thru the mails in Canada, that their work is hampered by being unable to trace these publications to their sources, they suggest that it is most desirable that the postmaster-general be again petitioned to exclude from the Canadian mails all printed matter not bearing the name and address of the publishing house from which it is issued.

Dr. Helen MacMurchy, Toronto, announced that she was collecting statistics for the Ontario government with reference to feeble-minded women, and that the government would take some action as soon as it found out how many there were.

Those who took part in the discussion this morning were: Mrs. Burns, St. Louis, secretary of the U. S. Council; Mrs. Cory, Toronto; Mrs. Robert Evans, Hamilton; Mrs. Couric, Toronto; Mrs. Horton, Ottawa; Miss Ritchie, Halifax, and Mrs. O. C. Edwards, Montreal.

Permit for Women.

The National Council of Women was in turmoil this afternoon over the question of the extension of the franchise to women. By vote of 22 to 22, the members declared themselves in favor of political equality for the sexes. The vote was not taken until about every person in the room had made a speech on the subject.

The Toronto Daily and Sunday World delivered to any address in Hamilton before 7 1/4 South Queen-street, Sunday, 5c per copy. Hamilton office, Royal Hotel Building, Phone 965.

Martian Cigars, 5c cents to-day, at Billy Carroll's Opera House Cigar Store.

Varsity Annual Games ON THE ATHLETIC FIELD

Bricker Breaks Broad Jump Record, Going 22 Feet 3 Inches—Meas. Ahead on Points.

The University of Toronto annual games were held yesterday on the athletic field in preparation for the intercollegiate meet on next Friday. Judging by the form displayed, Varsity is away behind other years, only a few good men being available, of whom Bricker and Good might be mentioned.

Only one record was broken, Bricker going 22 feet 3 inches in the broad jump, his previous record was 21 feet 8 1/2 inches, held by W. B. Worthington.

In the pole vault, C. Porter of Pharmacy tied with A. R. McSwain of Arts, but was unable to break it, as he dislocated his ankle. He received medical attendance and was taken home in a carriage.

Before the games there was the usual parade, leaving the campus, going down University to the grounds. The parade was not as large as other years, also S. P. S., Pharmacy and Meds, were well represented. The 100 yards (record 10 1/2 seconds)—First heat—E. E. Coombs (Vic.) 10 1/2, W. Klunger (S.P.S.) 2, H. C. Dooly (S.P.S.) 3. Time 11 1/2 seconds. This race looked very much like a dead heat.

Second heat—H. H. Murray (Meds) 11, H. C. Cringan (Arts) 2, C. O. Hay (S.P.S.) 3. Time 11 1/2 seconds.

Third heat—D. C. Bricker (Dents) 1, A. B. Davis (Meds) 2, F. C. Coombs (Vic.) 3. Time 10 4/5 seconds.

Fourth heat—A. B. Davis (Meds) 1, D. C. Bricker 2, R. E. Cringan 3. Time 10 1/2 seconds.

Second heat—J. Finn (Meds) 1, H. H. Murray (Meds) 2, L. W. Klunger (S.P.S.) 3. Time 25 1/2 seconds.

Third heat—D. C. Bricker (Dents) 1, A. B. Davis (Meds) 2, J. J. Finn (Meds) 3. Time 24 1/2 seconds.

One mile (record 4:53)—V. A. E. Good (S.P.S.) 1, G. A. McDonald (Arts) 2, A. Whann (O.P.P.) 3. Time 5:17.

Half-mile (record 2:43 1/2)—V. A. E. Good (S.P.S.) 1, G. A. McDonald (Arts) 2, A. Whann (O.P.P.) 3. Time 2:57.

Broad jump (record 21 feet 8 1/2 inches)—D. C. Bricker (Dents) 1, A. B. Davis (Meds) 2, A. H. McSwain (Arts) 3. Distance 22 feet 3 inches.

High jump (record 3 feet 6 1/2 inches)—A. B. Davis (Meds) 1, A. H. McSwain (Arts) 2, C. Porter (O.P.P.) 3. Distance 3 feet 7 1/2 inches.

15-lb. shot (record 36 feet 5 inches)—A. D. McKay (Meds) 1, H. Gillis (Meds) 2, Van Nostrand (S.P.S.) 3. Distance 34 feet.

40 yards hurdle (record 17 1/2 seconds)—D. C. Bricker (Dents) 1, A. B. Davis (Meds) 2, J. Van Nostrand (S.P.S.) 3. Time 20 1/2 seconds.

Discus (record 98 feet)—J. Van Nostrand (S.P.S.) 1, A. D. McKay (Meds) 2, H. Gillis (Meds) 3. Distance 96 feet.

Pole vault (record 10 feet 5 inches)—A. B. McSwain (Arts) and C. Porter (O.P.P.) tie for first, A. D. McKay (Meds) 3. Height 8 feet 7 inches.

15-lb. hammer (record 94 feet 9 1/2 inches)—H. Gillis (Meds) 1, J. Van Nostrand (S.P.S.) 2, D. W. McKay (Meds) 3. Distance 73 feet 3 inches.

The team race was declared on. In points for the day, Meds were high, with 388 Dents second, and 274 followed by S.P.S., with 20, U. C. or Arts with 16, Pharmacy 6, Vic. 4.

BOLD HIGHWAYMAN ARRESTED.

Hamilton, Oct. 12.—(Special.)—Archibald Langhorne, 40 Main-street, was this evening arrested on the charge of being the bold highwayman who held up citizens last night near the Central station at the point of two revolvers. He is only a youth, and with other youths of a playful disposition, imbued with dime-novel ideas, thought it would be fine sport to give a few pedestrians a scare.

Best Gambler's Debt.

An action full of interest was tried at the assizes this afternoon, when Frank Grice's suit against Thomas J. Carroll for the collection of \$83.30 owing, came up. Mr. Carroll gave an I. O. U. for that amount to Harry McGill, the banker of the game. McGill told the judge this afternoon that Carroll refused to liquidate the I.O.U. because he claimed he had been cheated. McGill then sold the I.O.U. to Frank Grice, who was also unable to collect it. Justice Meredith held that the courts could not enforce the collection of such debt, and dismissed the action, criticizing Mr. Carroll for his conduct.

To Expropriate for Park.

Chairman Walker of the parks board is taking the necessary steps to have the Holleran property expropriated for the north end park.

The descendants of Sir Allan Macnab have offered to give the city an acre of land in the Dundurn Park if the city will build and maintain a wall and erect a tablet for Sir Allan's grave.

John Everett was awarded \$850 damages to-day against Crawford Bros., in whose sand pit he had a leg broken.

George, better known as "Pud" Myers, was sentenced to five years in Central Prison at Cayuga for stealing a watch.

Seven Years for Sheep Stealing.

served three or four terms, was sent down this morning for seven years for stealing six sheep from A. McClelland, a Binbrook farmer.

It is rumored that John Thomson, appraiser in the custom house, will be superannuated, and that George Shambrook will get his position.

Two masked men assumed themselves last night by poking revolvers into the faces of pedestrians who crossed the Central School grounds. They did not attempt to rob any one. John Allan, 14 South Queen-street, was one of those held up. A masked man stuck two revolvers in his face, but after a few minutes walked away without saying anything.

Neil Kirkpatrick was this morning acquitted of the charge of house-breaking.

Liberal Candidates.

It is said that James Chisholm has been asked to be the Liberal candidate in East Hamilton, and that A. D. Wright will be the Liberal majority candidate.

TRUPOUS STILL ON GUARD.

Everything Quiet at Buckingham—Detective Warner in Danger.

Buckingham, Que., Oct. 12.—Everything is quiet here to-day. Work is being continued on the logs and the troops are still on guard, although there are no indications of another attack.

Coroner McMahon, Montreal, has been appointed to conduct the inquest, which will be resumed Monday, and some arrests may be effected by the Theil men within the next twenty-four hours.

Detective Warner is still in grave danger, but Pleaud and Bryant are doing nicely.

The Ottawa troops leave for home to-night.

LATE GRAPES RUINED.

Niagara District Growers Lose One-Fifth of Crop.

St. Catharines, Oct. 12.—Heavy damage to grapes was done last night by the severe black frost which visited the Niagara district.

It is estimated that there was about a fifth of the entire output of the peninsula still unpicked, being nearly a thousand tons, and a prominent dealer said this morning that practically all of this was ruined by the frost. One grower is said to have lost 2500 baskets alone.

This is a second blow to the hopes of the grape growers around here, who, when the Ontario Grape-Growing Company's wine-making plant was destroyed by fire last week, feared they would have nobody to take their grapes. However, the company had fitted up a temporary plant, and would have been prepared to take in most of the grapes, notwithstanding the fire.

Tomatoes which remained out are a total loss.

Robt. B. Barber In Asked to Account for Certain Lands.

The sale of the old Upper Canada College grounds loomed up again yesterday when the governors of the Toronto University entered suit against Robert B. Barber to set aside an agreement dated Aug. 5, 1904, claiming that the lands were procured by conspiracy and deceitful and fraudulent misrepresentation on the part of the defendant.

An accounting of all rents and profits made by the defendant is also asked.

It is alleged that Thomas W. Holloway used Barber in the same way as he did Foulds to secure the property for himself.

SHIPS PASS ST. KITTS' DOOR CANNOT SHIP ANY FREIGHT

Public Meeting Will Press on Government Necessity of Turning Basin in Canal.

St. Catharines, Oct. 12.—(Special).—A largely attended meeting of the manufacturers, business men and citizens was held this evening to take action towards having a turning-basin and wharf built on the Welland Canal at St. Catharines.

A committee, consisting of Messrs. Notman, McMillan, Riordan, Jencks, Burch, Briggs and Mayor Riddell, was appointed to act in conjunction with the city council and board of trade in pressing upon the government the great necessity of this work.

At a meeting of the board of trade evening the resignations of President R. H. Hamilton and Secretary John S. Campbell were received and accepted. Vice-President John C. Notman was elected president; W. B. Burgoyne, vice-president; and W. G. Argue, secretary, for the balance of the year.

A rather strange state of affairs was brought out at this meeting, when a prominent manufacturer, who was endorsed by others present made the statement that, although a large number of steamers passed up light thru the Welland Canal, it was impossible to ship freight from any point along the canal to upper lake ports, the steamers, when to get water, or Collingwood, Ontario, or to get water.

A motion was passed, asking the co-operation of the different boards of trade evening the resignations of President R. H. Hamilton and Secretary John S. Campbell were received and accepted.

MAGISTRATE McSWEENEY DEAD

Was Taken ill While Conducting Court at Cobocok.

Lindsay, Oct. 12.—County Police Magistrate McSweeney died today of acute inflammation of the kidneys. He left Lindsay in apparent good health on Wednesday to attend court at Cobocok and was taken ill in court.

Shape-Retaining Business Suits

The "Plastic Form" fit and cut, which strikes a man the minute he notices a "Plastic Form" Suit, is as enduring as it is exclusive.

The snug fit of the collar and shoulders is built right into the coat—it's there to stay, no matter how strenuous the day's work.

The sleeves and knees don't get baggy—the coat-skirts have always the straight, clean cut—and the pockets adhere to the original horizontal.

No matter how particular a man may be, he is certain to find the material, the cut, fit and workmanship that will suit him, in the "Plastic Form" Parlors.

Suppose you drop in to see some of our Autumn models.

Plastic Form Parlors 93 Yonge Street, Toronto.

HAS HEEL-COMFORTING COUNTERS

Action of a Heel-Skining Counter

What good are these Foot-rite ball and socket counters? They're this good! Their soft leather won't skin the heel, even though it may rub at every up and down movement...

Action of a Foot-rite Heel Comforting Counter

IMPROVEMENT NUMBER THREE

Don't know what is meant by a shoe counter? Well, it's the stiff leather that fits around the heel. It's the backstop of the shoe. It forms a leather cavity into which the heel fits.

Foot-rite counters are somewhat different—slightly. They're made of special oak-tanned counter stock, stout but soft, and being shaped the exact shape of a human heel...

There's a Foot-rite dealer in your town. His name's below. Ask him to show you Foot-rite Heel Comforting Counters. You'll find his door swinging inward but never outward to find a more welcome store.

Anywhere in America, Canada or Great Britain—\$4.00 and \$5.00. Every pair Goodyear Welted.

THE FOOT-RITE SHOE FOR MASCULINES

THE SHOE WITH TWENTY IMPROVEMENTS BOSTON THE FOOT-RITE SHOE COMPANY, MAKERS MONTREAL

NATIONALS WIN BY 1 TO 0 WORLD'S SERIES AGAIN

Two Hits Off Brown and Seven Off Altrock—Fine Weather, Big Crowd.

Scoreboard table showing runs, hits, errors, and other statistics for the Nationals vs. Americans game.

Chicago, Oct. 12.—The world's championship baseball series is again even, the local National League team today defeating the American Leaguers 1 to 0.

Each team has now won two games. Curiously enough both National victories have been on the American grounds, while the two wins of the league have occurred on their native soil.

Altrock led the Americans, and Brown for the Nationals, the pitchers who opposed each other in the opening game, which was won by Altrock's team, again contended for supremacy today. Brown was at his best, his stockiest, coolest, and most intelligent. He gave only two passes and allowed only two hits. He held the National League team to a scoreless game, with two out Haan singled cleanly to center.

Jones, however, promptly ended the inning by laying out to Schutte. The Nationals looked dangerous as early as the second inning, when Steinfield hit to center and Thomas laid on a sacrifice and O'Heare, Walsh, Thorne, Neale, Thomas and Kirkpatrick. The above mentioned players made things interesting. Then there came St. Louis American Win.

St. Louis, Oct. 12.—The local Americans won the third victory over the Nationals today, 4 to 3, in 11 innings. Seven games will be played. R.H.B. Americans, 0 1 0 0 2 0 0 0 0 1 3 1 Nationals, 0 1 0 0 0 2 0 0 0 3 9 0

Batteries—Glade and Spencer; Froug and Noonan.

Centrals v. Wellingtons. This afternoon at Diamond Park the second annual senior championship between the Centrals and the Wellingtons will take place.

Royals Will Have Two Teams. At least 12 teams will roll in the Centennial League this year. The Royal Canadians will have two teams in the game.

Bicycle Road Race To-Day. It all depends on the weather to-day. If it is fair there will be the best attended bicycle road race patrons of the sport have seen in years.

Dons' Amateur Boxers. Norman Lang last night entered the following card for the evening at the Dons Club in the city amateur tournament.

Lajoie, Weds Divorced Woman. Cleveland, Oct. 12.—Manager Napolean Lajoie of the Cleveland American ball team went to Buffalo this morning and was this afternoon married to Mrs. Myrtle I. Smith.

MINISTERS OF THE CROWN THE CHIEF CULPRITS.
Newspaper editors as usual are deploring the crimes that have been unveiled in connection with the London and other elections in the Province of Ontario.

AN talk is in vogue. The real culprits are the members of the Dominion government, headed by Sir Wilfrid Laurier, who found this money and whose organizers engaged their men to perjure themselves.

Even South Africa is using motor cars on the branch lines of the government railways. These are small motor cars, having a length of 26 feet 2 inches, and they carry only four first and eight second-class passengers, besides a compartment for baggage.

DEMAND FOR POWER.
The Ontario Hydro-Electric Power Commission has reported that applications have been received from municipalities aggregating 60,000 horsepower.

OBITUARY.
William Strachan.
Montreal, Oct. 12.—The death took place suddenly to-day of William Strachan, a man prominently identified with many industrial undertakings throughout Canada.

"Invoke the Criminal Code."
Editor World: Your article, headed as above, in to-day's issue, is to the point in every particular. If guilty rascals—for what else are they?—are not promptly jailed, and that, too, in the lowest and meanest criminal cells, what is the use of all these insurance and election exposures?

the Hydro-Electric Power Act. Now that the demand is present it will be met. The Whitney government is principally known throughout the entire English-speaking world by reason of its policy on the electric power question.

RAILWAY MOTOR CARS FOR SUB-URBAN TRAFFIC.
We have more than once called attention to the lack of enterprise on the part of our railways in not trying to cater to the suburban traffic by means of motor cars, and thus to preserve for themselves a good slice of this traffic, instead of allowing it all to go into the hands of the radial electric roads.

AT OSGOODE HALL.
ANNOUNCEMENTS.
Master's Chambers, Cartwright, Master, A.M., Divisional Court.

ON a recent day if you're looking for a bargain in a musical instrument, our offer for to-day is as follows:
BARGAIN NO. 12.
MASON & HAMLIN ORGAN—Heavy solid black walnut case, 64 notes, 8 pedals, 12 stops, and knee swell compound bellows—large pipe mitre—6 tone in first-class order—\$36.00.

AT OSGOODE HALL.
ANNOUNCEMENTS.
Master's Chambers, Cartwright, Master, A.M., Divisional Court.

THE BEGINNING OF IT.
When Mr. Fowler took the stand in the morning, he was led into details of the land deal. The inception of the deal was in October, 1902, when witness and Rufus Pope got together on northwest lands from the C.P.R. for \$2.0 an acre.

WHEN LONG BREATHS HURT.
You know that troubles exist which need quick attention. Proper action consists in a vigorous rubbing of the chest and side with Neroline, which sinks into the tissues where the pain is seated, and gives relief in a few minutes.

THE COURT HAVE NOW ALLOWED THE APPEAL and appointed him administrator upon the estate of the late Mrs. M. J. Fowler. The Toronto Railway Company and the C.P.R. are appealing from the judgment of Chief Justice Meredith, dismissing the company's action to prevent the city from taking steps to appropriate certain lands belonging to the company, for park purposes.

Next Week at the Theatres.

Ed. S. Willard will reappear next week at the Princess Theatre with his new play, "Colonel Newcome," which was so successfully played in London last season. This is ostensibly a drama.

As Col. Newcome at the Princess Theatre next week.

able him to present the colonel in an effective, interesting and dramatic way, so that the play is not "The Newcomes," but "Colonel Newcome," and the purpose has been not to do justice to the story, but to transfer with fidelity and affection the chosen personality from the book to the stage. Mr. Morton seems to have done this with judgment and skill, taking only pardonable liberties with the novel.

His first act shifts the memorable scene in which Colonel Newcome sings his last song from the earlier period of his life in London to the time, after his return from India, when he is already a director of the Bundelcund Bank, and living "in style" in Baywater.

The second act shows us a ball at Lady Faram's and introduces us to Ethel Newcome, Lady Kew and Miss de Florac. The third act concentrates into a single scene the marriage of Clive to Rosie MacKenzie, and the crash of the Bundelcund Bank and of the colonel's fortunes. The fourth act shows Clive's miserable household after the death of Rosie and the courtyard of the Greyfriars.

At Shea's next week George Fuller Golden will head the bill. Always original, this popular comedian will present a monolog and several songs that are clever and entertaining. He comes after renewed triumphs in London and Australia. As a special attraction Manager Shea has secured one of the biggest acts lately come into vaudeville, Jean Bedini, presenting "A Night in English Vaudeville." The company of fifteen people have been chosen for their cleverness, and are said to be extremely funny. Carleton and Macy and Maude Edna Hall have a new one-act rural comedy drama, "The Magpie and the Jay." The Sisters Meredith will be seen for the first time since their European successes. They made "Hiawatha" famous. Willy Zimmerman will present his live portraits of celebrated composers and orchestra leaders of the past and present. Mile, Nadie is known all over Europe as the Queen Equipeuse. The kinetograph will have new pictures.

Andrew Mack, the popular Irish singing comedian, whose appearance at Shea's next week has attracted considerable interest among the theatregoers, will be seen in a sumptuous revival of "Arrah-na-Pogue," a typical drama of old Ireland, written some thirty-six years ago by the late Dion Boucicault, the author of

the best Irish plays ever produced. Mr. Mack's appearance here years ago in "Tom Moore" and other plays have endeared him to the local playing population, and his return will undoubtedly prove an unusually pleasurable event.

ANDREW MACK, As "Shaan the Post" in "Arrah-na-Pogue" at the Grand.

able event. His role in "Arrah-na-Pogue" it is said, fits him more closely than any other he has yet attempted. The play itself is probably the most ambitious effort of this dean of playwrights and the production maintains the high standard of the effort as a whole. Mr. Mack sings, besides "The Wearing of the Green," his latest four songs, written by him especially for this production.

"Secrets of the Police," which is said to be one of the most notable melodramatic successes of recent years, is the attraction at the Majestic next week. "Secrets of the Police" is described as a stirring detective play of unusual worth and cleverness dealing with the adventurous side of life among criminals of New York. London.

The exact means employed by Silveira in obtaining the money which he is said to have embezzled is explained by Attorney William Nelson Cronwell. Ceballos & Co. was one of the best of the pay warrants of the Cuban revolutionary soldiers. These warrants issued by the commission in different parts of the island to the men who had fought in the revolution, were freely discounted by their holders about four years ago.

Because of the delay of the government's negotiations for a loan these warrants were sold to speculators at from 20 to 25 per cent of their face value. Ceballos & Co. bought up about \$2,000,000 of the warrants. Of this amount \$1,000,000 worth of the papers was sent to Silveira for collection, while the balance was deposited with the treasury department in Havana. The Cuban loan was finally arranged thru Silveira's payment on the warrants was made.

Dr. Donaldson, at the conclusion of his address, announced that the Carnegie had donated \$50,000 to the additional erection of a library of the university.

St. Paul's Methodist Young Men's Club. At the annual meeting of the St. Paul's Young Men's Club, the following officers were elected for 1906-7: Honorary president, Rev. W. L. Armstrong, B.A.; president, E. R. Wood; first vice-president, F. R. Skinks; second vice-president, F. Carman; chaplain, Rev. Mr. Matthews; literary vice-president, E. Woodley; athletic vice-president, James Murray; social vice-president, Bert Brown; secretary, Charles Clarke; treasurer, R. H. Prior; critics, W. J. McDonald and T. G. Rogers; reporters, W. J. Spence and R. J. Clarke; representatives, C. A. Deeks and F. Booth. Plans for the year were outlined.

The club meetings are held on the first and third Tuesdays of the month, and are open to all young men of the city who will be made welcome. Through the generosity of some of the men of the church, a gymnasium has been placed at their disposal, and the boys are anxiously awaiting the time of completion of its equipment.

Spine Injured in Fall. Guelph, Oct. 12.—Duncan Graham was seriously injured and two other workmen, Howard Clark and Maurice Weyle, were painfully bruised as the result of a scaffolding giving way at a new house on Green-street last evening.

The inner sill of one of the window frames, to which was attached the support for the scaffold, pulled out, and the men fell over twenty feet. Along the back of the house where they fell was a line fence, and Mr. Graham fell on the top of the fence in his fall. He sustained a serious injury to the spine, and this caused his legs and the lower part of his body to be paralyzed.

STUDENT CREMATED. Huntsville, Ala., Oct. 12.—One student was burned to death to-day in a fire which destroyed the main building of the Oakwood Manual Training School for Negroes.

To Rebuild Ruined Cities. Santiago, Oct. 12.—The Chilean congress at its coming session will discuss a project to raise a loan of \$25,000,000 to begin the work of reconstructing the public buildings, etc., destroyed by the recent earthquake.

At Church of the Messiah. Rev. T. C. Des Barres of Nottingham England, son of Rev. T. C. Des Barres, pastor of St. Paul's Church, Toronto, will preach at the Church of the Messiah to-morrow morning, and the pastor, Rev. R. A. Sims, in the evening.

Money Still Comes. The Rev. L. W. B. Broughall desires to acknowledge with many thanks the following contributions received for Mrs. Spencey yesterday: Friend in Owen Sound \$5, Beverly Jones \$5, F. Rowland \$1, Roman Catholic \$1, previously acknowledged \$24; total \$105.

After the travelling expenses are paid the balance will be placed to Mrs. Spencey's account in England.

HOW HE GOT A MILLION. Had Military Warrants to Collect—Heading for Venezuela.

New York, Oct. 12.—No definite clue as to the whereabouts of Manuel Silveira, the Cuban, who absconded in his own steamer with \$1,000,000 belonging to J. M. Ceballos & Co. of this city, has been gained.

Speculation has been rife, however, as to his destination, and the guess which gains the most belief is that he has gone to Venezuela. It is stated that Silveira is a close friend of President Castro.

The exact means employed by Silveira in obtaining the money which he is said to have embezzled is explained by Attorney William Nelson Cronwell. Ceballos & Co. was one of the best of the pay warrants of the Cuban revolutionary soldiers. These warrants issued by the commission in different parts of the island to the men who had fought in the revolution, were freely discounted by their holders about four years ago.

Because of the delay of the government's negotiations for a loan these warrants were sold to speculators at from 20 to 25 per cent of their face value. Ceballos & Co. bought up about \$2,000,000 of the warrants. Of this amount \$1,000,000 worth of the papers was sent to Silveira for collection, while the balance was deposited with the treasury department in Havana. The Cuban loan was finally arranged thru Silveira's payment on the warrants was made.

REGIMENT GOES HUNTING. Forest Overstocked and General Slaughter is Ordered.

New York, Oct. 12.—A Madrid despatch published here to-day tells of a unique hunt that was given this week in the royal forest near Lagranja by King Alfonso. His majesty invited a battalion of troops known as the Cazadores de Madrid, to join him and the court in a big sheep hunt, with members of the battalion, from the colonel to the latest recruited private, traveled to Lagranja to take part. The slaughter of deer was in full swing at the time. The reason for holding the hunt, which lasted thru Wednesday and Thursday, was that the forest had become so overstocked with deer that the pasturage was insufficient.

Bishop Lethbridge to Preach. Bishop Lethbridge of the Diocese of Moosejaw will preach at All Saints' Church, corner Wilton-avenue and Sherbourne-street, to-morrow evening.

PIMPLES, BLACKHEADS. Get Rid of All Your Face Troubles in a Few Days' Time With the Wonderful Stuart's Calcium Wafers.

Try Package Sent Free. You cannot have an attractive face or a beautiful complexion when your blood is in bad order and full of impurities. Impure blood means an impure face always.

The most wonderful as well as the most rapid blood cleanser is Stuart's Calcium Wafers. You use them for a few days, and the difference tells in your face right away.

Most blood purifiers and skin treatments are full of poison. Stuart's Calcium Wafers are guaranteed free from any poison, mercury, drug, or opiate. They are as harmless as water, but the results are astonishing.

The worst cases of skin diseases have been cured in a week by this quick-acting remedy. It contains the most effective working power of any purifier ever discovered—calcium sulphide. Most blood and skin treatments are full of mercury, arsenic, and other poisons. Stuart's Calcium Wafers have cured boils in 3 days. Every particle of impurity is driven out of your system completely, never to return, and it is done without dragging your system in the slightest.

No matter what your trouble is, whether pimples, blotches, blackheads, rash, tetter, eczema, or scabby crusts, you can solely depend upon Stuart's Calcium Wafers as never-failing.

Don't be any longer humiliated by having a splotchy face. Don't have strangers stare at you, or allow your friends to be ashamed of you because of your face.

Your blood makes you what you are. The men and women who forge ahead are those with pure blood and pure faces. Did you ever stop to think of that?

Stuart's Calcium Wafers are absolutely harmless, but the results are mighty satisfying to you, even at the end of a week. They will make you happy because your face will be what you look in the glass, but to everybody else who knows you and talks with you.

We want to prove to you that Stuart's Calcium Wafers are beyond doubt, the best and quickest blood and skin purifier in the world—so we will send you a free sample as soon as we get your name and address. Send for it to-day, and then when you have tried the sample you will not rest contented until you have bought a 25c box at your druggist's.

Dr. KOHR'S RESTORINE
New Century—the most wonderful Medicine ever discovered. It is astonishing the Medical world. It has cured in one month in Paris. The National Medical Board has recommended the Restorine in its most terrible form. In Europe the remedy endorsed by all governments and is now used as a specific in the great standing armies of both France and Germany. Stops losses in from seven to ten days as that they never recover. Drains entirely clean the eyes bright. Confidence returns, sleep elastic, bowels regular. Headaches disappear. A more useful memory, the mind becomes bright and active. A Food for Brain and Blood. A permanent cure so matter how chronic the case. Just send us to-day your name and address plainly written and a 5 days treatment of Restorine will be sent FREE in plain sealed package. Do not hesitate a moment. We will treat you with success and with honest confidence.

IT APPEALS TO EVERYBODY TO BE ABLE TO GET PURE GOODS

COWAN'S

Perfection
(MAPLE LEAF LABEL)

IS ABSOLUTELY PURE AND OF THE VERY HIGHEST QUALITY.

The Cowan Co., Limited, Toronto.

I have a house in South Parkdale, and on the finest residential street in South Parkdale, for which I have the exclusive sale—the price \$5,000.

10 rooms, solid brick detached house, fine wide veranda, with double drawing room, sitting-room, dining-room, kitchen and butler's pantry on the ground floor. Wide, deep lot, shrubbery and fruit trees. A house worth \$7,500 to \$8,000, in a high class residential locality, and the owner authorizes me to sell it for \$5,000—as easy terms of payment.

This is absolutely the best bargain in a realty investment that I have ever had on my list. I am sure that the first man who really wants a home will grasp this opportunity. The owner wrote:

"I have moved from Toronto for good. I have an ambition to be a landier. I offered this house through another agent and he simply used it as a magnet to sell 10,000 houses. A man who wants a house like this will willingly pay \$8,000 to \$10,000 for it."

See this house. I won't ask you to look at any other on my list until you decide about it.

I can offer very easy terms of payment, as my client simply desires to close up his Toronto investments.

M. J. MALLANEY, REAL ESTATE BROKER

NERVOUS DEBILITY CURED

No Names Used Without Written Consent
P. E. SUMMERS
PAY WHEN CURED
P. E. SUMMERS

Peter E. Summers relates his experience: I was troubled with Nervous Debility for many years. I lay in bed to indolence and excess in early youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night woke me—my back ached and pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc.

Before Treatment. Numbness in the fingers set in and the After Treatment. doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months went to Mt. Clemens for "baths," but received little benefit. While at Mt. Clemens I was induced to consult Dr. Kennedy & Kergan. They had lost all faith in doctors. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic—I could feel the rigor going through my nerves. I was cured mentally, physically and vitally. I have sent them many patients and will continue to do so.

CURES GUARANTEED OR NO PAY

We treat and cure VARICOCELE, STRICTURE, BLOOD POISON, NERVOUS DEBILITY, WEAKNESS, KIDNEY AND BLADDER DISEASES. CONSULTATION FREE. If unable to call, write for Question Blank for Home Treatment.

Drs. KENNEDY & KERGAN

148 SHELBY STREET, DETROIT, MICH.

PUBLIC WORKS UP NORTH. SPANISH MINISTRY'S WORRIES

Hon. Mr. Reaume is Back From an Inspection Trip. Hon. Dr. Reaume and Deputy Minister Campbell returned from North-western Ontario yesterday, where the public works in process of construction or recently completed were inspected. New roads have been built to the extent of 250 miles, and 525 miles have been repaired. The allowance in this department having been \$320,000. Some 4000 men, chiefly settlers, were employed.

The longest single span concrete arch bridge in Canada has been erected at Massey, and at Webwood the Spanish River Bridge of steel and concrete is 60 feet high to allow boats to pass.

The Kakabeka Falls power plant is now marking 5000 horse-power. At Fort Frances the preliminary work is proceeding slowly.

In Rainy River district 750,000 acres have been settled, and the land there is being taken up rapidly. The minister of public works was banqueting at Rainy River and Fort Frances. He left for Windsor yesterday evening.

Reactionists and Clericals Make Big Bid for Public Sympathy. Madrid, Oct. 12.—The reactionary party is using with good effect against the government the popular outcry against new commercial treaty, which is being negotiated with France, whereby duty on wines will be changed to the prejudice of Spanish producers, and it is feared that the Liberal ministry has been shaken in consequence.

Simultaneously the clericals are showing greater boldness. Five bishops, after meeting at Burgos, have sent a message to the government violently protesting against "anti-Christian movement," and declaring their purpose not to obey laws which violate rights of the church. The prelates of Santiago have sent felicitations to the episcopate of France for a letter appalling to the clergy of France to be faithful and not submit to the church and state separation law. Finally the Bishop of Troy has announced that his recent letter to the minister of justice apologizing for his utterance against the government regarding civil marriages does not constitute a retraction.

MY FREE ELECTRIC BELT

FOR MEN ALL AGES

Never before has another person made a free offer such as this. I do not distribute cheap samples broadcast, but am daily sending out dozens of my full power Dr. Sanden Electric Belts absolutely free of charge, and they are the same in every respect as though full cash prices were paid. The proposition is simple. If you are ailing, call at my office and take a Belt home with you. Or, if at a distance—no matter where—send your name and address, and I will at once arrange to deliver to you one of my Belts, with suspensory or other attachment needed. Use same according to my advice until cured, then pay me—many cases as low as \$5. Or, if not cured, simply return the Belt, which will close the transaction. That's all there is to it. If you prefer to buy for cash, I give full wholesale discount.

Not One Penny in Advance Nor on Deposit

Not a cent unless you are made well. I make this offer to show men what faith I have in my own remedy, and I can afford to take the risk because not one in a thousand when cured, will cheat me out of the small amount asked. It pays me and my patient. My business more than doubled last year. Each Belt embodies all of my exclusive inventions (latest patent March 7th, 1905), and all patients receive the benefit of my 40 years' experience, a knowledge of infinite value, and which is mine alone to give. I am the originator of the Electric Belt treatment, and all followers are imitators. This I will prove by any guarantee you ask. You wear my Belt all night. It sends a soothing current (which you feel) through the weakened parts, curing while you rest. Used for lost manhood, nervous debility, impotency, varicocele, lame back, rheumatism, lumbago, dull pain over kidneys, pains in all parts of the body, kidney, liver, bladder disorders, constipation and stomach troubles. Send for the belt to-day; or, if you wish more information, write me fully of your case and receive my personal reply. I will also send my descriptive book, mailed free of charge. I have thousands of recent testimonials from grateful patients. Would you care to read some of them?

Let me take charge of your case at once. I will put new life into you in two weeks' time. Don't you do the worrying. Put that on me. I will take all the risk. I have something to work for. Unless you are cured I get no pay. Address

DR. A. B. SANDEN, 140 YONGE STREET
TORONTO, ONTARIO.
Office Hours: 9 to 6; Saturdays until 9 p.m.
DIXIE BLDG., ENTRANCE 6 TEMPERANCE STREET.

Buffalo and Return, \$2.00.
The Niagara Navigation Company will have a rate of \$1.50 to Niagara Falls and return, and \$2 to Buffalo and return, good going Oct. 17, 18, and returning Oct. 19, account of Thanksgiving Day.

Alleged Smuggler Arrested.
Halifax, N.S., Oct. 12.—A passenger on the steamer Silvia, from Newfoundland this morning, registered as "Hearn," showed undue haste to get ashore, and brought such attention upon himself that he was arrested on suspicion of being J. B. Lehmann, a wanted in the United States on suspicion of being connected with the smuggling of forty contraband Chinamen from that colony into the United States, from the yacht Bonita.

He admitted his identity, and the police notified the United States consul-general here.

He admitted his identity, and the police notified the United States consul-general here.

ROYAL DISTILLERY WHISKIES

God whisky improves with age, but old age does not necessarily mean good whisky.

"ROYAL DISTILLERY" WHISKIES are good, to start with. They are distilled of the finest Canadian grain, by experts. Then they are stored away in the wood to age. It is purity and perfect distilling—as well as ripe old age—that give "ROYAL DISTILLERY" WHISKIES their smooth, mellow, delightful flavor.

"Royal" Whisky

is a joy to the palate. Not a drop leaves the distillery until it is thoroughly aged. Every bottle bears the Government stamp to prove its faultless quality.

ROYAL DISTILLERY, Hamilton, Canada

HANLAN'S POINT NEXT YEAR MAMMOTH AMUSEMENT PARK

Great Changes to Be Made—and Numerous Features Added for Next Season.

Wait till you see Hanlan's Point next year!

Plans are now being perfected to make it one of the finest amusement resorts in Canada, transforming the present amusement park into a veritable fairy land. Nearly 100,000 will be spent before the opening of the season in 1907.

E. E. Gregg, president of the Ingersoll Construction Company of Pittsburg, Pa., who built and has operated the "Figure 8" and "Mystic River" was in town this week and completed arrangements for building an immense scenic railway, which will contain nearly a mile of track and costing in the neighborhood of \$5,000. The entire space formerly occupied by the sample room and ice house all the way from the "Air Ships" to the "Mystic River" will be occupied by the pavilion alone. The track will run through grounds fence to the extreme point of the island, forming a loop at the northeast corner, where an immense scenery house will be built nearly 40 feet high. From there the track will turn, following a similar route back, and continuing on past and over the "Mystic River" making a second loop with still more elaborate scenery. The cars will run on an iron track and in five trains of three cars each. Automatic signals the same as used on the New York Central line will be used, precluding the possibility of accident. It will be the longest, largest and most elaborate road ever built.

The "Mystic River" is also to be rebuilt, the course of the channel being

changed, and the entire route will be lined with scenery and grotto. All the large scenes will be lighted automatically.

In addition to this the Ferry Company's plans call for a mammoth dancing pavilion. Its floor surface will contain about 10,000 square feet, highly polished. It will be provided with ladies' parlors, handsome furnished, gentlemen's smoking and lounging rooms, check rooms and other conveniences. This will be used largely by societies, clubs and private parties.

A large merry-go-round has been contracted for to be located over the water near the "Figure 8." Its figures will consist of lions, horses, goats, giraffes, roosters, tigers, etc., a large part of which will be "gallopers" which have provided a sensation in other places.

The pavilion will be large and will be equipped with rockers and easy chairs for ladies and children. Special attention will be given picnic parties. The part of the ground to the left as you enter the island is to be cleared of all buildings and made into a picnic grove. Winding walks will be laid out, fountains installed, flower beds made and a number of pavilions and pagodas erected in various places where families and parties can picnic with all the conveniences of a well equipped kitchen. Swings and rustic seats will be scattered here and there for the convenience and comfort of the public.

All the old buildings throughout the entire park will be removed. A new band stand will be erected, and the best bands of the country will be heard in daily free concerts. Arrangements are also being made to have a number of theatricals given. These will consist of high wire walkers, trapeze performers, performing elephants and lions, etc., all of which will be given on the hippodrome stage in open air.

Great improvements are to be made in the way of beautifying the entire park. Several thousand incandescent lights are to be added. All the buildings and amusement features will be repainted.

The Ferry Company are now getting out plans for another large boat, which, with their already large fleet, will give the patrons of the island splendid service.

LOCATING POWER LINE.

Hydro-Power Engineer Drives From Guelph to St. Thomas.

Guelph, Oct. 1.—(Special.)—E. Rich, assistant engineer of the hydro-electric power commission, has been in the city to-day conferring with A. D. Lyon, secretary of the Western Ontario Municipalities Niagara Power Union.

He will start from Guelph on a driving tour, going westward as far as St. Thomas, to locate a right-of-way for a transmission line. He will take in Galt, Berlin, Stratford, St. Mary, Woodstock and London.

Mr. Lyon continues to receive applications from various parts of the province for electric power. Among the places which have recently applied is Brantford, which has asked for 3000 horse-power, and Bayfield and Steelton, each for 1000 horse-power.

UNITED TONAPA GOLD MINES.

Reports from the properties of this company continue to show that splendid progress is being made, and that the conditions are favorable in the extreme. The main shaft is over 180 feet deep. The last twenty feet have marked a considerable change and a distinct improvement in the quality of the ore. A number of rich streaks were found running in all directions. The most of them are found along the main dike or ledge that crosses the property, and give evidence of a large ore body, which will be cut by the drift run from the 200-foot level. The formation for some time has been almost identical with that of the famous Mohawk mine, which has made such a sensational record, and as a number of important strikes have recently been made in the vicinity of the Freedom, the indications point strongly for similar results in the Freedom. The superintendent is very enthusiastic over the outlook, and does not hesitate to predict sensational developments in the near future.

FREE CATARRH CURE

Bad Breath, K' Hawking and Spitting Quickly Cured—Fill Out Free Coupon Below.

"My New Discovery Quickly Cures Catarrh."—C. E. Gauss.

Catarrh is not only dangerous, but it causes bad breath, ulceration, death and decay of bones, loss of thinking and reasoning power, kills ambition and energy, often causes loss of appetite, indigestion, dyspepsia, raw throat and reaches to general debility, idiocy and insanity. It needs attention at once. Cure it with Gauss' Catarrh Cure. It is a quick, radical, permanent cure, because it rids the system of the poison germs that cause catarrh.

In order to prove to all who are suffering from that dangerous and loathsome disease that Gauss' Catarrh Cure will actually cure any case of catarrh quick, no matter how long standing or how bad. I will send a trial package by mail free of all cost. Send us your name and address to-day and the treatment will be sent you by return mail, duty free. Try it! It will positively cure so that you will be welcomed instead of shunned by your friends. C. E. GAUSS, 7500 Main-street, Marshall, Mich. Fill out coupon below.

C.P.R. Winter Service.

The fall change of time on the Canadian Pacific takes effect Sunday, next, Oct. 14. The most important change out of Toronto is in the transcontinental service. The train leaving at 1.45 p.m. daily will, during the winter, run as far as Calgary only, while the 11.30 p.m. daily train will run through to the coast as hitherto. A new train to Hamilton is also scheduled, making departure times as follows from Toronto: 5 a.m., 8.45 a.m., 1.15 p.m., 2.40 p.m., 3.55 p.m., 5.20 p.m., and 7.45 p.m. An alteration in train times on the Fort Burwell branch completes the fall list of changes.

CONSCRIPTS TO BE URGED NOT TO JOIN THE COLORS

Social Democrats Begin Campaign of Sedition to Augment Disorders.

St. Petersburg, Oct. 12.—The Social Democrats have assumed the direction of the organized movement for the refusal to perform military service which the Constitutional Democrats at their convention at Helsingfors decided to avoid.

At a secret and largely attended meeting of the central committee of the Social Democrats at St. Petersburg yesterday it was decided to begin the work immediately among conscripts of 1906 who to-day were notified to appear for enrollment, and endeavor to induce them to refuse to join the colors.

The presses of the revolutionists are printing thousands of the Social Democrats' proclamations and an organized effort will be made to reach every man of this year's list of conscripts.

The organizers of the movement have little expectation of actually preventing the enlistment of recruits and are aware that the conscripts have not adequate means to back up their refusal to join, but they hope to augment the disorders in the interior and send already disaffected contingents to the army.

Criticized by Press.

The halting policy of the Constitutional Democratic convention at Helsingfors has brought upon that party sharp criticism by the press. The late workers' council here has thus far resulted in the discontinuance of the prosecution.

The examination of the witnesses on the subject of the armed rising has been finished without establishing the delegates' actual preparations for a revolt. The purchase and manufacture of arms was admitted, but this was not considered sufficient to establish the participation of the accused in a conspiracy having for its object a general rising. Witnesses asserted that the arms were obtained solely for defence against the "Black Hundred," several of whose belligerent proclamations were admitted, but this was not considered sufficient to establish the participation of the accused in a conspiracy having for its object a general rising. Witnesses asserted that the arms were obtained solely for defence against the "Black Hundred," several of whose belligerent proclamations were admitted, but this was not considered sufficient to establish the participation of the accused in a conspiracy having for its object a general rising.

CLAD RESTORED.

St. Petersburg, Oct. 12.—Capt. Clado, who published attacks on the admiralty and foreign office in 1905, is restored to duty and assigned to a professorship at the Nicholas Naval Academy.

DAILY ENCOUNTERS.

Yaroslavl, Russia, Oct. 12.—Daily encounters are taking place between reactionary and revolutionary groups. Each side is well organized and many of the men are armed. The revolutionists have notified the manufacturers of their arrested rifles, and the reactionists, or take the consequences.

CHARCOAL KILLS BAD BREATH.

Bad Odor of Indigestion, Smoking, Drinking or Eating Can Be Instantly Stopped.

Sample Package Mailed Free.

Other people notice your bad breath where you would not notice it at all. It is nauseating to other people to stand before them, and while you are talking, give them a whiff or two of your bad breath. It usually comes from food fermenting on your stomach. Sometimes you are eating and drinking—that awful sour, bilious, bad breath. You can stop that at once by swallowing one or two Stuart's Charcoal Lozenges, the most powerful gas and odor absorbers ever prepared.

Sometimes your meals will reveal themselves in your breath to those who talk with you. "You've had onions," or "You've been eating cabbage," and all of a sudden you belch in the face of your friend, and he says, "You're an absorber of odors, as everyone knows. That is why Stuart's Charcoal Lozenges are so quick to stop all gas and odor of odorous foods, or gas from indigestion.

Don't use perfume perfumes. They never conceal the indigestion that absorbs the gas that causes the odor. Besides, the very fact of using them reveals the reason for their use. Stuart's Charcoal Lozenges, in the first place, stop for good all sour breath and belching of gas, and make your breath pure, fresh and sweet, just after you've eaten. Then, no one will turn his face away from you when you breathe or talk; your breath will be pure and fresh, and besides your food will taste so much better to you at your next meal. Just try it.

Charcoal does other wonderful things, too. It carries away from your stomach and intestines all the impurities there, massed together, and which causes the bad breath. Charcoal is a purifier as well as an absorber.

Charcoal is now by far the best, most easy and mild laxative known. A whole boxful will do no harm; in fact, the more you take, the better. Stuart's Charcoal Lozenges are made of pure white charcoal, and mixed with just a faint flavor of peppermint to make it palatable for you, but not too sweet. Get just chew them like candy. They will give you full name and address for a free sample of Stuart's Charcoal Lozenges. Then, after you have tried the sample, but simple things by your drugist, and get a 25c box of them. You'll feel better all over, more comfortable, and "cleaner" inside. Send us your full name and address to-day and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 59 Stuart Building, Toronto, Ont.

CITIES ARE GROWING.

Ottawa Shows an Increase in the Population of Nearly 2500.

Ottawa, Oct. 12.—The annual statement of the assessment commissioner was issued to-day, showing gratifying growth for the city. The total assessment is \$41,320,000, an increase of \$3,415,825. The population is placed at 67,572, an increase of 2422.

Windsor, Oct. 12.—The assessment for this year, after all appeals were heard, was in round figures, \$7,000,000. The new roll increase this amount by nearly \$100,000. The population is approximately 14,800.

Chicago, Oct. 12.—Vincenzo Raymond, a teacher of languages, fatally shot his 11-year-old son to-day and then committed suicide.

His widow and several neighbors say that Raymond had for some time been possessed with the idea that he was being followed by the "Blind Hand" Society. His mind is believed to have been unbalanced.

TORONTO'S WEST END.

Proven to Be a Profitable Shopping District for Men.

Give Queen-street West a good store like the one recently established, and the value of that thoroughfare as a business thoroughfare is established. "We keep the Semi-ready Wardrobes at 47 Queen-street West well stocked with the styles and fabrics just as they are shown at St. James-street, and at exactly the same prices, and we are doing a splendid business," said Ed. Mack. Visitors who want "just to look" are perfectly welcome in both stores.

AUDITOR'S DISCRETION.

Destroyed Important Evidence and May Be "in Contempt."

Chicago, Oct. 12.—C. H. Davis, general auditor of the Chicago and Alton Railroad, was to-day served with an attachment, requiring him to appear in court and show cause why he should not be punished for contempt of court. Davis recently admitted on the witness stand that all of the important freight bills by which an auditing company hoped to prove that the Alton Road had granted illegal rebates to many shippers had been destroyed.

Other Heads Charged.

New York, Oct. 12.—The New York Central and Hudson River Railroad Company, represented by counsel, W. W. Harris, appeared to-day before Judge Thonon in the U. S. Court, and interposed a plea of not guilty to indictments returned against it this week for alleged violations of anti-rebating laws. Similar pleas were made for the Western Transit Company and C. G. Edgar and Edwin Earle of Detroit, who were indicted in connection with other corporations for violations of this act.

ENO'S 'FRUIT SALT'

Is Nature's Own Remedy, and an unsurpassed one. It is peculiarly adapted for any constitution. Weakness of the Liver, possesses the power of ripuration when digestion has been disturbed or lost, and places the invalid on the right track to health.

CAUTION.—Examining the Capsule and see that it is marked ENO'S 'FRUIT SALT'; otherwise you have the sinister form of falsity—IMITATION.

Prepared only by J. C. ENO, Ltd. 'FRUIT SALT' WORKS, London, S. E. Eng. by J. C. ENO'S Patent.

BISHOP SWEATMAN NAMED

Primate of All Canada by Synod—Funeral of Late Archbishop.

Montreal, Oct. 12.—The Anglican synod to-day appointed Conductor Bishop Carmichael Lord Bishop of Montreal, and decided to recommend Bishop Sweatman of Toronto to be primate of all Canada.

The funeral service for the late Archbishop Bond took place at St. Charles Cathedral at 2:30 this afternoon and brought out an exceptionally large attendance of clergymen, many of whom represented other denominations than the Church of England.

There was also a representation from the city council, headed by Mayor Ekers, Hon. Rodolphe Roy representing the provincial government.

The service was under the direction of Venerable Archbishop Norton, rector of the cathedral, and Bishop Carmichael. The opening sentences were read by Venerable Archbishop Norton; the lesson by the Bishop of Ottawa, after which the hymn, "Now the Laborer's Task is O'er," was sung. The prayer of the day was read by Bishop Carmichael, followed by the hymn, "Peace, Perfect Peace." After which the Bishop of Ontario pronounced the benediction.

The funeral procession then formed and proceeded to Mount Royal Cemetery.

FATALITY AT GODERICH.

Engine Falls Into River Bed—One Dead, Three Badly Hurt.

Goderich, Oct. 12.—One man was killed and three badly injured this morning at the bridge the C.P.R. are constructing across the Maitland River here. A hoisting engine was on the bridge raising a gantry when the engine, which was mounted on a flat car, fell over to the river bed below.

Engineer Jack Maddoford, an Englishman, was knocked into the river, and received severe injuries on the head, which resulted in his death almost immediately.

Jack Campbell and D. Lynn of this town were badly hurt, the former having some ribs and an arm broken, and the latter an arm broken.

Harvey Gilman of Peterboro was hurt in the back, and is said to be the worst injured of the three.

Two other men who were on the engine saved themselves by jumping.

WOMAN'S WORLD.

BRILLIANTS. I think we all know well what courage is; Not show, not blood, not bulk, not bravery. Its highest title, patience. —John Davidson. On God's dial-plate of time 'Tis never late to him who stands Self-centered in a trust sublime. With mastered force and thinking hands. —Savage. Is it worth while that we jostle a brother, Bearing his load on the rough road of life? Is it worth while that we glare at each other In blackness of heart? That we war to the knife God pity us all in our pitiful strife. —Joanquin Miller.

WORLD'S PATTERN DEPARTMENT.

Designed by Mildred Cassella.

Big Variety of Belts. Belt lines are very extensive and buyers are just about sampling them all. Variety is the keynote, and not only the narrow belt is selling, but wide girdles also. Silk girdles, in both wide and medium widths, are shown, and the shirred effects are mainly noticeable, many novelties are noticed. The latest are so designed as to give the effect of the princess skirt and to do this a deep girde must be worn. A decided novelty in girde lines is the lace girde. This is made of lace over satin ribbon and is a fetching effect. Many of the newer girdles, fasten at the back, and it is likely that some of the season's successes will be in this class. French knots and roses, or a buckle effect, are used to cover the fastenings. A few are seen that fasten under the left arm also. The girde that fastens surplus style, crossing at the back and the ends terminating in front under fancy buckles of shirred silk over wire, are very new. Buckles are just as varied as belts and practically everything goes. Odd fveeled effects are seen in felt. Steel buckles are much used, and some in colors—white, black and plaid effects—also seen. Elastic are in high favor, and where price is not so much a consideration steel studded elastics are decidedly the strongest sellers. Black, of course, is the best color, but red and pastel shades, as well as empire, green and navy, are all represented. More original than the plaid belt, and just as likely to take the popular fancy, is the belt of Roman striped silk. Leather belts in all colors are looked upon as excellent for fall, and the Fritz Schief is again in the lead. Plain crush leathers and leather belts with steel studs are also included in the line.

CHILD'S APRON—1063—One of the principal garments of the small child's wardrobe is the apron which never loses their favor. This design is very simple for the home sewer, and will be quite an addition to the autumn school supply. The front and back hang loose, being fastened at the back with buttons and button-holes. A sash or strap may be used to finish the back. A rolling collar and pockets are the only trimming used to finish in a more elaborate design; herringbone or inscribed can be used as one desires. The sleeves are in bishop style and finished with a straight cuff. The pattern is cut in five sizes, 3, 4, 5 and 7 years. It requires for medium size 2 1/2 yards of material 27 inches wide, or 2 3/4 yards of 36 inch, with four buttons for closing.

World Pattern Department. Please send the above-named pattern, as per directions given below, to: Name, No., Street, Town, Province, Measurement—Waist, Bust, Age (if child's or miss' pattern).

Accordian-pleated Skirts. The accordian-pleated skirt is to be much worn this season. Made of black taffeta it is extremely fetching and is admirable for a house skirt to wear with lingerie waists. In white, it is better still, with a white or jaunty cloth or silk jacket. These new accordian pleated skirts are made absolutely plain around the hips, the graduated plaiting starting directly below the rounding point, and the result is a very stunning figure. Morgan-Goodall. The residence of J. C. Morgan, 122 Denison-avenue, was prettily decorated with palms and flowers for the marriage of his daughter, Miss Mabel Louise, and James Fraser Goodall, by Rev. R. J. Moore, rector of St. Margaret's Church. The bride was attended by her father, she was attended by her sister, Miss Winnifred Morgan, and Mr. David Dury of Buffalo supported the groom. The bride wore a pretty gown of white silk, with a bolero coat of rich lace; her veil was fastened with orange blossoms and she carried a white ivory prayerbook. Many bridesmaids wore a pretty frock of pale pink chiffon and carried pink roses. The wedding March was rendered by the bride's sister, Miss Madeline, who wore a dainty frock of blue chiffon. Many out-of-town guests attended the wedding. The presents were numerous and

Pale? Thin? How is it with the children these days? Have they plenty of grit, courage, strength? Or are they thin, pale, delicate? This reminds you of Ayer's Sarsaparilla. It does great things for children. It gives them good appetite, improves their digestion, builds up their general health. Ask your doctor if he endorses this. We have no secret! We publish J. C. Ayer & Co., Lowell, Mass., the formulas of all our medicines.

NEW ONTARIO LICENSES NOT SO NUMEROUS NOW

Hon. Mr. Hanna Gives Figures to Disprove Sundry Allegations.

Hon. J. W. Hanna yesterday gave the press the following statement: "My attention has been called to a statement made from several pulpits in the province that the number of licenses issued in New Ontario this year is in excess of former years, notwithstanding my assurance to the deputation from the Presbyterian Synod, given in May, 1905, that the feeling of the government was against increasing licenses in new districts. The intention of the government as expressed to the deputation—and in a statement of May 15 has been carried out to the letter, as the following comparative statement showing the number of liquor licenses in New Ontario districts for the license years 1904-5, 1905-6 and 1906-7 clearly shows:

Table with columns for License Year, Districts, and Total. Rows for 1904-5, 1905-6, and 1906-7.

costly. After the wedding-breakfast, which was daintily served, Mr. and Mrs. Goodall left for New York and Washington, the bride wearing a navy blue broadcloth suit and hat to match.

Personal Mention. Mr. and Mrs. Edward Galley, 26 Walmer-road will celebrate the fiftieth anniversary of their wedding on Tuesday, Oct. 16, and will be at home to their friends from 3 to 6 p.m.

Mrs. Clarence M. Cutts (nee Norman) will receive with Mrs. C. D. and Miss Cutts on Wednesday afternoon and evening, Nov. 7, at "Oakholm," 21 Woodside-avenue. Toronto Junction, and afterwards on the first Wednesday of each month.

Mrs. David R. Naamish will this season be at home on the first and third Monday of each month, instead of Tuesday, as formerly.

Mrs. Mortimer Clark will receive for the first time this season on Thursday, Nov. 1.

Mrs. O. Regan of Woodlawn-avenue is on a visit to Denver and Colorado Springs.

BANQUET FOR BOYCOTTERS.

After Release From Hong Kong Jail They're Made Popular Heroes. Hongkong, Oct. 12.—The boycott against American goods having been called off at Canton, the victory has released the three ringleaders of the movement under arrest here.

An enormous crowd gathered outside of the prison and applauded the prisoners when they were released, exclaiming their conduct as tending toward the elevation of the character of the Chinese nation. The released men thanked the people for the demonstration of their sympathy.

The magistrate gave a lunch to the boycotters after they were set at liberty and they were also the recipients of congratulatory telegrams from the coast ports.

250 WOMEN IN FIRE PANIC.

New York, Oct. 12.—Women and girls to the number of 250, employed in various tailoring shops, in a five-story brick building in the Williamsburg section of Brooklyn, escaped from their workrooms by means of the fire ladders to-day when the building caught fire.

REGISTERS A COMPLAINT.

C. W. Watson, Orangeville, has complained to the railway and municipal board that the wires and poles of the Cataract Electric are unsafe. An enquiry will be made.

Dedication Festival. To-morrow (Sunday) will be held the annual dedication festival services at the well-known Church of St. Matthias on Bellwoods-avenue, West Queen-street. The services will be of an attractive and yet deeply sacred nature. The special preachers will be as follows: At Matins Rev. C. Emsw. Sharpe, M.A., Cambridge, rector of St. Thomas, Euron-street; at evening, Rev. J. A. Dav-entport, chaplain of the Sisters of St. John. The festival will be continued on the following Sunday, when the sermons will be preached at Matins by Rev. Professor Jenks of Trinity College, and at evening the rector, Rev. F. H. Hartley, M.A.

Gezrilla Warfare in Morocco. Paris, Oct. 12.—The activity among the nomadic band in the lower part of Morocco is causing considerable anxiety in French government circles, and the appearance of M. Jourant, the governor-general of Algiers, at the cabinet meeting to-day was for the purpose of explaining the situation and making precautionary dispositions of troops in the event of an outbreak.

Parisians Get a Scare. Paris, Oct. 12.—Thirty yards of the Metropolitan subway, near the Buttes Chaumont Park, a section necessary to complete the belt around Paris, caved in to-day. The wildest excitement followed, and it was feared that the neighboring houses would crumble.

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "In relation to its general effects on the system, there is no medicine to be compared with it. It is a tonic which is used in all debilitated states."

JOSEPH H. WOOD.

Proprietor Slater Shoe Store, 523 Queen Street West.

J. H. Wood is one of the best known shoe men in Western Ontario. He represents the Slater Shoe Company in that part of the province, calling on all the Slater Shoe agents at least twice a year.

Life Building, yesterday, and J. H. Spencer, secretary of the company, left for New York last evening with copies of resolutions. It is expected that arrangements for the removal of the transfer office to Toronto will be made at once.

Distinctiveness in

Wall Paper

We have a splendid selection in all grades of new and beautiful designs and colors, selected from the leading foreign manufacturers. These papers appeal to persons of refined taste, and have the charm of being low priced.

We lay out color schemes harmoniously and submit estimates—a d colored sketches free of charge.

The W. J. Bolus Co. 245 Yonge St., Toronto

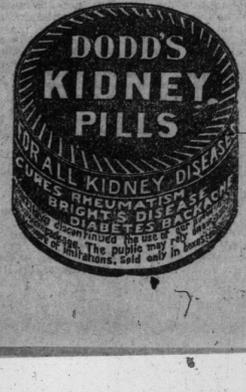

Through Sleeper to Chicago at \$1.20 D.M.

It is a convenient hour, and via the only double track route. Secure tickets at city office, northwest corner King and Yonge-streets.

Public Library Board. The public library board yesterday adopted the recommendation of the library committee, to purchase 150 volumes at a cost of \$884. Miss Ethel Meyers was appointed stenographer at the central library.

CASTORIA

For Infants and Children. The Kind You Have Always Bought. Bears the Signature of J. C. Ayer & Co.

The pure and sinning quality of the tone, and the admirable evenness and stability of the action are such as to reflect the most exact upon your hours and upon your health and enterprise. — A. S. Vogt.

TRADE MARK

The New Scale Grand Piano of Heintzman & Co. has my hearty approval, and its tone is noble, sweet, and loud in musical quality even in the utmost fortissimo. — Dr. Edward Fisher.

No Canadian-made Piano has been endorsed by the World's Great Artists as has the

HEINTZMAN & CO. PIANO

This is a very plain statement, but one that is not in any way open to contradiction.

The tone standards of this Piano, its remarkable singing quality—its completeness really in every detail of construction—make it a piano that is not, or can not be, copied or imitated.

Piano Salon of Ye Olde Firms of Heintzman & Co., 115-117 King St. W., Toronto, Can.

TO WHOM IT MAY CONCERN

It has come to our attention that one E. E. Batty, in the employ of Will H. Newsome, Limited, has been securing, by misrepresentations of various kinds, orders intended for our firm. (In many cases claiming to represent us).

We have proofs of such practices from dozens of our patrons, and although the law will, in due time, make their continuation unlikely, we feel that, as a protection to our customers as well as to ourselves, this notification should be made without delay.

We would ask that no one be received as our representative or be permitted to inspect our machines without giving reasonable proof of his connection with this Company.

Regretting that such means of securing business should be employed by any firm, and thanking you for past favors, we remain,

Respectfully yours,

UNITED TYPEWRITER CO., Limited

Per J. J. SEITZ, General Manager.

TORONTO, OCT. 12TH, 1906.

CROWN FORTIFIES ITS CASE VOTERS TELL OF BRIBERY

New Evidence Confirms What Has Been Previously Declared.

While the evidence brought out in the London bribery investigation proceedings yesterday was less sensational than that of Thursday, when J. G. Pritchett told his round, unvarnished tale of rascality in elections, the presentation rolled up a number of additional points from the testimony of a procession of witnesses who had "voted right" and received pecuniary reward. Mr. Robinette, as usual, at particular pains to bring out that the votes had not been bargained for, and that they would have been recorded for Hyman without the soft persuasion of lucre, but, in this, he was not uniformly successful.

In the afternoon the chief witness was Edgar Jefferys, a young barrister, identified with organization work before and during the campaign. Jefferys professed lack of knowledge of any campaign fund. Incidentally, he brought out the rather amusing fact that Hon. Mr. Hyman had contributed to the expense of holding a reception in his own honor.

A Game of Golf.
J. F. Ellis, ex-president of the Toronto Board of Trade, testified that John O'Gorman had come to him for figures on tendering for envelopes for the Grand Trunk Pacific, and that, on receiving a cheque, he found that \$70 or \$80 had been added on for, as O'Gorman explained, his commission. Mr. Ellis had returned the extra money, as he did not like O'Gorman's tactics. Magistrate Denison asked what this evidence had to do with the case, and Mr. Du Vernet replied that it showed how money was collected, and connected Mr. Reid, a brother of the defendant, Reid, who, he declared, the evidence showed, had sent Pritchett into West Elgin.

Enoch Fowler of London had received \$10 for voting "right" on the suggestion of Tom Lewis. In the previous election he had received \$5 from Jefferys Collins for a supposed Hyman vote, which he had really given to Gray. Charles Howse had also voted for

Gray, he said, the given \$10 the day before the election by Sifton. Voting Thomas Vanstone said he had been solicited by Collins to vote for Hyman, and had been handed \$9.50 at the Lewis Hotel by Collins. Witness signed a receipt.

Joseph Tait had been promised \$10 by Collins to "vote right."
John A. Norman had been canvassed about his vote by Serviss, Collins and another man. He was told, "if you vote for Hyman, there is \$10 in it for you." The money was given to witness' father, who also received some for himself. He would not have voted without inducement.

John H. Andrews testified that Hardy had told him Collins wanted to see him at Lewis' hotel, where he met Mulloy also. Collins said he would know how he voted. Three weeks later, he called for his envelope, which was given him by a man named Donahue.

James Bone said he was promised \$10 by Lewis to switch from voting for Gray. He got \$10 from Collins in Lewis' hotel.

Oscar Mooton, who is employed in Mr. Hyman's tannery, had seen Sifton, Lewis, Ardy and Milne in the committee rooms. Witness was appointed a deputy returning officer. The magistrate remarked that the appointment of a worker in this way would hardly conduce to a fair election.

Charles White identified Jones as a man to whom Collins had handed an envelope containing \$10, that was to be paid to the witness.

Didn't Know Much.
Francis A. Jones, the next witness, said he had been chairman of a committee in a ward sub-division.
"Who was treasurer?"
"We had none."
"Who handled the money?"
"We had none."
"Did you know Mr. Collins?"
"I've known him for the last sixteen or seventeen years."
"What was he doing in this election?"
"We understood he was working over there."
"Who was he working with?"
"Himself."
"Did you know if Mr. Mulloy was with him?"
"I believe he was."

Witness explained that Collins had handed him an envelope to be given to White.
"Did he state any conditions?"
"I couldn't say."
"I couldn't say."
"Did you know what it was?"
"I didn't ask any questions."

Jones proved a truculent witness, charging Mr. DuVernet with having held out the threat of indicting him for perjury, and taxed the magistrate with having accused him of lying. Witness said that William Spence had been displaced by Collins as returning officer because he (Spence) was getting old and feeble.
"When you told Spence that Collins was to act, did Spence say there was something crooked?"
"No."
A little book, produced by the witness, showed he had spent \$45 out of his own pocket, putting in his bill to the Liberal Clubrooms. He had approached Mr. Reid.
"Why did you speak to Mr. Reid?"
"Mr. Reid is called the Liberal boss. He is the man from whom good things emanate."
"Did you know where Collins and Mulloy were getting money?"
"I understood the money came from the contributions of wealthy supporters."
Jones replied to questions that he had paid \$3 each to G. Pocock and Mr. Ellis, who had acted as scrutineers and had also voted. It was on his own initiative.

Liberal Club's Treasurer.
The testimony of William Goodland opened the afternoon proceedings. Mr. Goodland belonged to the family species of the purchasable voter. He got \$2.50; Collins got 50c. The promise of the money was made in the committee room by Collins and Joseph Hardy. The witness admitted the possibility of his having also received money in the general election, but said also, "I would have voted Liberal anyway."
William Spence, sh., and George B. Hodgins having failed to answer to their names, Edgar Jefferys, an even-tempered young barrister of London, was called. Mr. Jefferys stated that he was secretary-treasurer of the Liberal Club at the time of the election, and had charge of the work of obtaining deputy returning officers. He had recommended Collins, who, he thought, had come to him casually and asked for such appointment. Knowing him to be a Liberal witness, he had done so. Mr. DuVernet remarked that Mr. Collins had told him he had not spoken to witness on the matter, but Mr. Jefferys thought otherwise. He didn't think Mr. Reid had made any recommendation. O'Gorman, whom he knew, had not done so, witness was positive.

Mr. Jefferys explained that it was the practice for him to send out circulars, and receive the names of candidates for the office. Not every nominee was accepted.
"Where do you draw the line?"
"In any case where a man has been supposed to have been mixed up in anything crooked. He mentioned one Crowden as being ruled out because it was understood he had been engaged in wrong practices in West Elgin."
Mr. Jefferys admitted, however, that

two men, against whom charges of election fraud had been brought previously, had been included in the list.

Jefferys said he had collected all the money for the Liberal Club. He had started to keep an account of the contributors, but had given that up. The money was used only for club expenses and not a cent went towards election expenses.

Mr. DuVernet asked whether witness had not phoned Mr. McIntosh, a clerk in the committee rooms, that Mr. Moore objected to Mr. Collins as a deputy. Witness didn't know whether or not he had so phoned.

Ardy, he said, was a member of the executive for No. 2 Ward, and Sifton was vice-president for that ward. Witness knew Hamilton Ramsey, but had not been seen by the latter about his getting a polling booth. Mr. DuVernet informed the court that Ramsey testified he had gone to the office of the legal firm to which witness belonged, and had been directed to go to Sifton and receive \$10.

"I certainly slipped up on Mr. Collins," volunteered the witness smilingly, when it was suggested that he had not always shown good judgment in his recommendations for deputies.

Jefferys had known Tom Lewis for years. He testified that the latter had made no suggestions to him as to deputies. He wasn't sure whether Reid was treasurer of the Liberal Association, and denied knowledge of any handing out or receipt of money by the latter. He had sent no bills to Reid.

The Other Side.
Mr. Jefferys was asked if he could give a single instance of corruption, known to him, on the Conservative side.

"I never bothered about the other side. We had cause to believe that men had been tampered with because they stayed away from the polls for no apparent reason. They seemed perfectly O.K. when canvassed, and yet they stayed away."

Mr. Jefferys was about to be permitted to leave the stand, when Mr. DuVernet, in looking over the bundles of cheques, receipts and club papers in general, happened upon a cheque from Mr. Reid, the amount being \$100. Witness explained that the cheque had been received some time prior to the election, and was a contribution towards a "reception" for Mr. Hyman. Witness thought the money had come from Mr. Hyman's secretary. But the money had been received before the election.

"Of course this must occur before election, otherwise it wouldn't be any good," assented Mr. DuVernet ingeniously. He asked who had been Hyman's financial agent.

"I couldn't tell that. I know Mr. Murphy was at one time."
Enquiry was made into the nature of the "reception" for which Mr. Hyman appeared to have supplied the funds himself, and it was explained that Mr. Hyman was there, and there was some music, and the people came up and shook his hand."

Mr. Armour bustled himself with the witness' accounts, and dug up a item of a contribution of \$40 on May 10, 1905. Mr. Jefferys didn't know who had given it, and after some further fruitless researches into his papers he was allowed to go.

"Daniel Home" was the name that was next called, but there was no response. After a short wait, it was decided to adjourn till Monday at 11 a.m.

Mr. DuVernet explained that he had expected Mr. Cory of Ottawa to give evidence yesterday. Mr. Cory is the gentleman whom Premier Scott of Saskatchewan denied having met.

As adjournment was made, Mr. DuVernet complained of the continued absence of William Spence, who has been twice subpoenaed. Mr. Spence is the deputy who was displaced to make room for Jerry Collins as deputy returning officer. Magistrate Denison advised that if Mr. Spence continues absent a warrant be issued to compel his attendance.

FAREWELL BANQUET.

The Whitty Old Boys, who are tendering a farewell banquet to Hamar Greenwood, M.P., at the St. Charles Cafe on Tuesday evening next, held a rousing meeting last night and completed final arrangements. The announcement that over 100 tickets had already been disposed of was received with cheers. Major A. G. Henderson, the president, submitted a toast list, interspersed with a musical program, that bids fair to outdo any similar event of the season, and promises a feast of reason and a flow of soul that will start the guests of the evening on his return journey with happier recollections of his old comrades. Many of the best speakers and singers of the city, the Whitty boys, will contribute to the program.

The Haunts for Big Game
Are reached by the Grand Trunk Railway, and single fare rate will be in effect. Call at city ticket office, northwest corner King and Yonge streets, for full particulars.

Pale-Faced Girls

Thousands Using Successful Cure For Palefaces and Anaemia.
The pallid girl always lacks appetite. What little she eats is badly digested. At night she is restless, she dozes, but doesn't sleep soundly. Vital force must be increased, new blood must be supplied, and a general rebuilding take place before she will feel like she ought.

Dr. Hamilton had invaluable experience in these cases and found nothing so prompt in building up the young women as his vegetable pills of Mandrake and Butternut.

Dr. Hamilton's Pills begin by cleansing the system and purifying the blood; they also improve digestion and render food ready for absorption. Additional nourishment is quickly supplied and the patient is fast strengthened and invigorated.

Full of spirit, ruddy and strong is the girl that assists her system by Dr. Hamilton's Pills.

The following recent letter from Miss Etta McEwen of Halliburton speaks for itself:
"In using Dr. Hamilton's Pills, I find my system is wonderfully built up. It is certainly the most effective remedy I ever used. I have now a good appetite, sleep soundly, and am taken in the morning feeling quite refreshed."

Formerly I felt tired and depressed. I looked as if a severe illness was hanging over my head.
"Nothing could give quicker results than Dr. Hamilton's Pills, and I strongly advise every young woman to use them."

All dealers sell Dr. Hamilton's Pills, 25 cents per box, five boxes for \$1.10, by mail from N. C. Polson & Co., Hartford, Conn., U.S.A. and Kingston, Ont.

There's a double incentive for big business to-morrow, with the weather getting colder and Thanksgiving just ahead. Almost everybody needs clothing of some sort, and in buying here you get absolutely the best cloth and tailoring possible to put into garments at our prices.

Take for granted we have whatever you may want for Thanksgiving, including shoes, hats, and cigars. We're doing better than ever this season and are reaching after your goodwill as well as your dollars.

Superb Values in Men's Clothing

It doesn't need a magnifying glass to see that we're in line for big business to-morrow. Nowhere else in town will you find any such styles and qualities for the money as we offer in these Saturday specials.

- Men's Heavy Tweed Overcoats, well made throughout, with velvet collar, extra special at **7.50**
- Men's Medium-weight Topper Overcoats, very popular with well-dressed young men, special at **8.95**
- Men's Medium-weight Overcoats, made of black cheviot, ¾ length, silk faced, special at **12.00**

A COBALT SHIPPING MINE

FORTY FULL ACRES, SEVEN PRODUCING NATIVE SILVER VEINS

LOCATION

Located in Coleman Township, the heart of the producing district, being surrounded by the Nipissing, McLeod, Glendenning, Silver Cliff, Nova Scotia, O'Brien and the Violet. One carload of rich ore has been shipped, another is ready for shipment, and they will be able to ship a car every thirty days. The veins average from two to seven inches in width, the wall rock being shot with native silver from two to three feet each side, running from 500 to 2000 ounces per ton.

ASSAYS

Recent assays of the vein matter show 763, 1546, 322, 1958, 2405 and 3615 ounces of silver with cobalt running from twelve to twenty-two per cent.

DIVIDENDS

The company will be able to go on a dividend basis within 90 days. We especially recommend this stock as an investment, as the property, acre for acre, is as valuable as any in the Cobalt camp.

It is the intention of the company to list this stock on the New York Curb at an early date.

TERMS OF SUBSCRIPTION

Only 100,000 shares will be sold at 80 cents per share, payable 20 cents per share with subscription and 20 cents per share every 30 days for three months. Wire in your reservation and remit by mail. All subscriptions received subject to and with the understanding that we reserve the right to reduce or refuse any application. **Send for prospectus.**

"LUCKY" SCOTT OF NEVADA PURCHASER OF FOSTER MINE

Former Owen Sound Man Says
Wealth of Cobalt is Enormous
—General Camp News.

Cobalt, Oct. 12.—(Staff Special.)—Many prominent men have passed the corridors of the King Edward Hotel, Toronto, during the past ten days, but it is doubtful if there has been a more interesting personality there, or one who has attracted more attention, than the new manager of the Foster Mine, Alexander W. Scott.

Mr. Scott made his first visit to Cobalt on Sept. 7, having come to Ontario from Nevada to visit his parents, who live in Owen Sound, where he was born. His wife had accompanied him, and the T. & N. O. Cobalt exhibit at the Industrial Exhibition gave him reasons to believe that the stories that had reached him in Nevada of the prospecting wealth of the Cobalt camp were not fairy tales.

His fame had preceded him, and he had not been in Cobalt three hours before it was widely known that "Lucky" Scott of Nevada was there, and "looking for something." He made a general visit of the district, heard many people talk of the possibilities of the Foster Mine, saw it, and, with the intuition that one might look for in a Napoleon of finance, rather than in a mining engineer, convinced himself that the property must be his.

exaggerating it when he states that the first carload that has been shipped will bring between \$40,000 and \$45,000 net. This car will likely reach Berger Junction to-morrow night, and as soon as he receives a wire announcing its arrival he will leave Toronto to look after the sampling.

The first step decided upon by him was shipping, and the second the installation of a new plant, both of which are being promptly looked after. Orders have been given to the Allis Chalmers people for two air compressors, fifteen power drills (twelve to start with), three independent hoists, and an electric plant with all that goes with it. The new management has determined to make the equipment and the buildings as complete as any in the camp. Forty men are now employed, and as soon as the new plant is installed they will have seventy working.

"Lucky" Scott is a name to conjure with. In Nevada he got this name by reason of the success that attended the many ventures with which he was connected there. He has mined throughout the west and in Central Africa, having gone to Nevada from there. Altogether he has spent thirteen years in the Western States, and feels satisfied that altho he has many large Nevada interests this new proposition will prove one of the most profitable. He says that at the Foster they have a body of ore blocked out that should contain from 250 to 300 tons of valuable ore, and he expects to ship two cars of high grade ore monthly to start with. **Big Vein Not Touched.**

The big vein located on the property has not been touched, but they are now sinking a shaft to develop it, and have reached a depth of 15 feet. They will go down 75 feet before running a level. Cobalt has looked to Toronto largely during the past ten days for its news. The amalgamations and combinations of the working projects are as a rule arranged there. Jacobs' or Steindler's properties, the Clear Lake properties, the Abitibi and Coleman properties, the Trethewey and Coniagas properties, the Silver Queen, Right of Way and Mulock are all supposed to be undergoing the process adopted by Mr. F. B. Chapin, when he acquired the McKinley-Darragh-Savage mines.

Clustering round Clear Lake and possessing mining rights thereunder, are several properties, consisting of Major Gordon, The Gates, The Hudson, Bay Extended and the Clear Lake Mining Co., which have been looked on for some time as offering a good opportunity.

E. F. Kadlecik is superintendent of the Hudson Bay Extended. He spent some time in a large financial institution having its head office in Cleveland, and as a result of his efforts S. W. Parsons, Frank M. Kirk and Charles A. Post, representing the firms of Parsons, Snyder & Co., and Sowden, Cody & Co., came up to look for something. They have acquired the Clear Lake properties, with the exception of the Gates property.

The new company formal has a capitalization of one million dollars (shares par value \$1) and one hundred and fifty thousand set aside for a working capital.

Stock Taken Up. The stock was put on the market in Cleveland on the 10th inst. and \$27,000 of the first offering was taken in three hours on that day. At 12 o'clock Mr. Parsons, who was in Toronto at the time, received a telegram from Sowden, Cody & Co., stating that an additional amount of \$30,000 had been asked for by friends of the syndicate. Major Gordon and Mr. Kadlecik are looking after the Cobalt end, and the stock will be put on the New York and Boston curls.

It is known that the Clear Lake district has great possibilities, and what such men as those named take hold, something will be doing. The Watts property adjoins the McLeod & Glendenning, the Silver Cliff, the Nova Scotia, the Nipissing and Violet, and consists of part of lot three, in concession five, in the Township of Coleman, all good propositions. It has been sold. J. F. Eastwood was prominent with Wills & Co. in putting the deal thru by which the Watts Mines, Ltd., secured this property.

The developments so far have been paid for entirely out of the proceeds of the first carload of ore, and an up-to-date plant has been installed.

The Barber Venture. Many Cobalt people are interested in the success that has attended the Barber venture, known as the Abitibi-Cobalt Mining Co., which is another proposition that is placing its stock on the Boston and New York curls. Stock was sold in Cobalt and considerable money was made locally. This was one of the first companies to invest in the Portage Bay district, and they secured eight properties there last spring. Steam drills are being put in and ore is being bagged. The company has also two claims in the Lorraine district and one in Harris.

On the property of the Silver Queen a new vein was discovered yesterday running four inches in width, a mass of native silver. This new vein is less than 50 feet from the main vein and Superintendent Leyson is very enthusiastic.

RHEUMATISM FLIES IN ONE TO THREE DAYS

WHAT A "HEAVEN BEGUN BELOW" IT WOULD BE TO MANY A WEARY SUFFERER FROM RHEUMATISM, NEURALGIA AND ALL THE KINDRED AFFLICTIONS, IF FAITH WOULD TAKE HOLD OF AND USE SO RADICAL A CURE AS THE GREAT

South American Rheumatic Cure

Why, its very nature makes it the most natural and easy cure that human intuition and diligence have discovered. Its wonderful power is in its simplicity; its effectiveness is in its going right to the seat of the trouble, dispelling the causes that "bode evil," give pain, stiffen joints, distort limbs, twist muscles, and when it reaches vital spots, oftentimes cause death. South American Rheumatic Cure is as harmless as milk. One of its marvels is the rapidity with which it effects a cure and the testimony of the thousands who have "thrown away their crutches" and climbed from the valley of suffering to the mountain top of health would fill a book.

Don't be incredulous. Encouragement comes with the first dose no matter of how long standing.

ALL DRUGGISTS AND MEDICINE DEALERS HAVE IT.

SOUTH AMERICAN NERVEINE for all stomach and nerve troubles.
SOUTH AMERICAN KIDNEY CURE is a wonder worker. South American Kidney Cure gives relief in six hours in all kidney troubles.

COBALT STOCKS STEADY SOME ISSUES HIGHER

Buyers Holding Off on Account of Gradual Decline—General Mining Notes.

As indicated by the close on Thursday night, the selling wave in Cobalt stocks had nearly exhausted itself. The market on nearly all issues was firmer yesterday morning, but the general decline had the effect of holding off buyers, and the market was less active than for several days. The only news from the centre of the mining district was that development work was being pushed on all the properties as fast as the Cobalt labor market would permit. The market was under the impress of the rumors of a local bank trouble, almost all day, but, despite this, prices throughout maintained steadiness, and in the case of Silver Queen and McKinley advanced were made.

The prospectus of the Watts Mines, Limited, has been issued. The features outlined by the promoters are that there are already exposed on the property seven veins, six of which are producers of native silver, and the seventh a cobalt vein, carrying average values of silver. The width of the veins varies from three to eight inches. At vein No. 1 a shaft 65 feet deep has been sunk and the others, which have been made. One car of ore has been shipped from the property. There is now sacked ready for shipment five hundred bags of ore, and the company hopes to be able to ship one car each month that will net \$30,000. Hand labor, which has been the mainstay of the development work, is to be largely superseded with machinery, and a steam plant, air compressor and stamp mill will be included in this equipment. One hundred thousand shares of the stock of the company are now being offered at 50c per share.

Why the Low Price for Goldfields.

Canadian Mining and Smelting is selling around 13c. The Gold Fields Syndicate owns 470 shares of Canadian Mining and Smelting, among its other assets. The capital stock of the Canadian Gold Fields Syndicate is \$600,000, while the market value of Smelter stock owned by the company is \$100,000. The other assets of the Gold Fields Co. are placed at \$454,552. Gold Fields stock, on the basis of Smelter holdings alone, if the latter is worth its shipping price should have a market quotation of 10 1/2c. Query: Why the low price of Gold Fields?

Transfer Will Be Made by Trust Co.

The necessity for more modern methods in the transfer of mining scrip has been promptly recognized by the Foster-Cobalt Company. Brokers who have bought stock of several companies since the big public investment appeared have been unable to deliver the scrip to clients for several days after the transaction. This has caused much annoyance and has also taken freedom in the mining market that should. The Foster Company has adopted the system of many other prominent joint stock companies, and placed its transfer books with the National Trust Company, which will perform the stock transfer work after this week.

White Bear Looks Promising.

The report of the superintendent of the White Bear mine, Rossland, B. C., is to the effect that development work is likely to proceed for some time yet. During the month a great deal of work has been done on the thousand-foot level, and a fair quantity of ore has been brought up, of a splendid quality. Considerable ore has also been shipped, which assayed about ten dollars a ton net, while the concentrates realized \$24 a ton. The new vein of ore struck recently is in the direction of Le Rol No. 2, and the owners of White Bear are firmly of the belief that it may be very long before a richer vein is struck, that may equal the Le Rol. As is well known, the mine immediately adjoins Le Rol.

Silver Leaf Makes Change.

It is reported that the transfer office of the Silver Leaf Mining Company, which is now located in New York City, is to be removed to Toronto, and the Trusts and Guarantee Company of Toronto will be registered as the stock place of the Trust Company of America of New York City, as in the past. There is also a rumor afloat that a syndicate composed of Canadians are negotiating for the purchase of the controlling interest of the mine.

Good! Port Hope Pale Ale

More people would drink the ale they need to build them up if they knew of ale as good and as honest as this Port Hope Pale Ale, brewed in the old-time way, made of pure things, kept pure and thoroughly ripened.

Drink a bottle of Port Hope Pale Ale with your dinner—'twill do the ale for much—and you'll get a new zest for your food—and new power to digest it.

Port Hope Pale Ale is just as good as good ale can be, made of Canada malt, Kent hops and Highland Spring water, makes blood, builds the body.

Drink it regularly and keep well. Try it in pints or quarts—ask your dealer for it.

The Port Hope Brewing and Malting Co. Port Hope, Canada.

An Old Cobalt Mine Under New Management.

The Watts Mines, which was recently purchased by a Toronto and New York syndicate, directors of the oldest properties in the camp. Extracts from the report of the expert who reported on the property show the advisability of owning stock in this property. Vein No. 5 is of great value. This vein is stripped for a distance of over 100 feet, and shows a width of three to four feet of native silver. Taking the run of the vein it will easily produce ore running over 2000 ounces per ton. This vein is from 6 to 8 inches wide.

There are four other veins on the property which have only been exposed to a depth of 6 to 15 feet, and give promise of being large producers.

The new management will at once inaugurate a complete plant to take out ore economically, and on a large scale. The company's experts estimate that a production of \$50,000 per month will easily be attained. This will easily place the company on a most excellent dividend basis.

Lake Superior Corporation to Increase Plant.

Sault Ste. Marie, Ont., Oct. 12.—The Lake Superior Corporation will build an addition of 500 feet to its ore dock at the steel plant. The dock which is now 100 feet long, is to be enlarged to 1500 feet to accommodate the business done at the ore docks. The necessity for an additional blast furnace, which will show values running up to \$100,000 per ton, is also being considered. It is quite apparent here, the furnaces now in operation are unable to supply enough pig iron for the plant, and it is an article most difficult to procure on the outside market. Most of the pig-iron made here, has been brought from Midland.

LOCAL MARKET TREMENDOUS

Ontario Bank Stock Offered Without Takers, But Other Issues Hold Well.

World Office, Friday Evening, Oct. 12. The Toronto market was under a heavy cloud to-day, one which practically paralyzed business.

Ennis & Stoppard, McKinnon Building, report the close of Monday, 24th and 25th, Lake Superior, 17 1/2 and 18 1/2; Lake Superior bonds, 38 and 39.

New York, Oct. 12.—Washington.—The department of justice and the department of the interior both disapproved of the suits arising out of individual land patents.

Northern Pacific earnings from operations now 25 per cent on stock. London fortnightly settlement concludes to-day.

Foreign exchange now well above point where further gold imports would be possible, even with treasury help.

Most forecasts point to 7 per cent basis for Pennsylvania dividend. Gold import movement completed, totals \$44,000,000, of which \$16,711,000 is still to arrive.

Time money working easier, but still rates expected until return movement of currency from the interior sets in.

The banks' gain on the known movements of money this week, up to the close of business on Thursday, \$7,120,800.

Advices received in London that over \$5,000,000 gold left Cape Town to-day, expected to reach London on Oct. 20.

Trinity City preferred stock will be called on the Canadian Exchanges on Monday next.

NORTH-WEST SCHOOL DIST. BONDS AT A 5% RATE

DOMINION SECURITIES CORPORATION, LIMITED, 26 King St. E., Toronto.

Beaty, King Edward Hotel, at the close to-day.

Beyond the fact that the security list appears to be sustained by good buying and certain specialties at a time when public buying is being diverted from the market by political and other movements is not definitely significant.

It looks like a cautious market, and it is not likely to be a market for investment or heavy speculation, it is being done quietly, and with the evident intention of not forcing values, or an endeavor to make a market on which to sell.

The market to-day has developed considerable irregularity, owing chiefly to manipulation in U. S. National Bonds, which is being strongly on prospect for increase in dividend to 10 per cent.

Montreal, Oct. 12.—Closing quotations to-day: Montreal, 100 at 118 1/2, 119 at 118 1/2, 120 at 118 1/2, 121 at 118 1/2, 122 at 118 1/2.

New York Stocks, King Edward Hotel, reported the following quotations on the New York market to-day: Open, High, Low, Close.

Foreign Exchange, J. J. Glazebrook, James Building (Tel. 414), reports the following exchange rates as follows: Between Banks.

Money Markets, Bank of England discount rate is 5 per cent, and the rate for 3 months is 4 1/2 per cent.

"NOXIOUS" WEEDS SEEDS VALUABLE FOR FEEDING

Of 23 Varieties Labeled Harmful, 22 Are Nutritious, Testifies Grain Merchant.

Again the enormous shortages in shipments of grain from the time it is placed in the elevators at the Georgian Bay ports to the time it reaches its destination, was spoken of at the grain commission enquiry yesterday afternoon.

Price of Oil, Pittsburgh, Oct. 12.—Oil closed at \$1.08. New York Cotton, Marshall, Spader & Co., King Edward Hotel, reported the following quotations on the New York market to-day: Open, High, Low, Close.

Cotton Gossip, Marshall, Spader & Co., wired J. G. Beaty, King Edward Hotel, at the close to-day: Damage by frost and the date of its earliest visitation has nearly always occurred during October, and it may be said that this season's experience, previously furnish an instructive object lesson for sometime to come.

Bradstreet's Trade Review, Montreal.—The trade situation has shown little change during the past week. The warm weather, which kept up until very recently, had the effect of causing slower collections from most districts in Eastern Canada.

Control of Elevators, Government control of grain elevators was advocated in the morning by J. G. Goldie, a Guelph miller, who expressed a strong opinion that the government should have full supervision of every element connected with the elevators, and that wild buckwheat and small wheat.

THE CROW'S NEST
OF CANADA
SAVINGS DEPARTMENT
AT EACH BRANCH
F. W. BROUHAU,
General Manager.

A Second Crow's Nest

Coal is actually today the greatest commodity of the world. With coal we run our mills and factories and our great railroads; with coal we propel our ships, provide our homes, and warm our homes; with coal we generate and produce electricity; with a few exceptions, where water power is available, but there are not very many places on the globe, however, with coal we produce iron, copper, lead, silver, gold, and all other metals that we need, and must have, because all of these metals are to be found mixed in with the rock and in the ore.

Without coal we could not make coke, and coke made from a certain kind of high-class bituminous coal is the only fuel yet known to man that produces a heat intense enough to melt ore and hard rock into a liquid, by which process we are enabled to extract the metals we need.

England would not be the great world power she is today if it was not for her inexhaustible supply of coal.

Coal is the basis of all industrial and commercial wealth.

The coal-mining industry in British Columbia has always been a great success. It is a great coal field like diamond-mining in South Africa—a bonanza of the first magnitude.

The great potential barrier of the Rockies splits out the eastern coal, leaving the coal-mining industry in British Columbia, and makes \$20,000 in a small tonnage from the State of Washington of a very inferior quality; in fact, so poor that the United States navy of the Pacific division got all of its supply from the Dunsmuir Coal Mines on Vancouver Island, and pay the duty on it, but neither the Washington nor the Vancouver Island coal is of any use for furnaces and smelters, because the coal from both of these places contains a great deal of sulphur, and does not make good smelter coke.

Nevertheless, Dunsmuir made millions after millions every year from mining coal, and died a few years ago the richest man in Canada. He made it all from coal, and his mines will be productive for generations to come, and are worth more today than thirty-five years ago, when first opened up.

OPPORTUNITY.

To see it, and grasp it in time, makes a man the master of his destiny. DO YOU WANT TO MAKE MONEY HONESTLY, AND LOTS OF IT? Would you like to become interested in a coal proposition in British Columbia, and make \$20,000 in three or four years from now on an investment of \$20,000? We offer you the opportunity to do this.

You have \$20,000, \$300,000 or \$1,000,000, whatever the case may be, in bank, drawing 2 per cent interest yearly. Does this satisfy you, when you can make many times double your money in one year in an investment like this we offer you?

THEY DON'T SAY ANYTHING ABOUT COAL-MINING IS IT SO GOOD AS GOVERNMENT BONDS? There are no "ifs" about coal-mining. There never was known a failure in coal in British Columbia, if quantity and quality and shipping facilities were assured, and the business was managed right and honestly.

The price of coal and its commercial value is always advancing from year to year, whereas the demand is increasing enormously every year.

Millions and millions of dollars have been made in coal-mining year after year by all those engaged in the business, and to prove this we refer to the statistics on hand for the year of 1925, where it is shown that the last year's production in the United States and Canada made the enormous profits of \$57,480,887 (over nine million dollars) in coal-mining.

There is no field of investment more absolutely safe and profitable than coal-mining.

We now offer to the public 100,000 shares of the British Columbia Amalgamated Coal Company's trade stock, which is a very desirable investment.

TWENTY-FIVE CENTS PER SHARE.

The par value of this stock is one dollar, and is fully paid and non-assessable, and shareholders are exempt from personal liability. Once paid and secured it is yours forever.

This Amalgamated Coal Company controls 17,500 ACRES OF COAL LAND IN NICOLA VALLEY, B.C., and according to coal experts reports, this great area is underlain with inexhaustible quantities of high-class bituminous coal, the best for steam, blacksmithing and room heating, estimated to contain approximately 1,400,000,000 TONS OF COAL.

TWO RAILROADS.

(Great Northern), and the C.P.R. has already constructed and completed a line from Brenne's Bridge, on Thompson River, to Nicola Lake, a distance of about fifty miles, whereas the V. & E. are rushing the work as fast as money and labor can be had, and it is expected to reach Nicola by Christmas.

This is certainly a rare opportunity for the small investor. For \$250.00 you can now buy 1,000 shares of the Amalgamated Coal Company, which will give you a share in the \$100,000,000 of coal, and a dividend of \$10.00 a share (the Crown's Nest Coal Co. paid a dividend last year of \$10.00 a share). This is an illustration to you of the wealth that can be made in coal stock.

Investment. The Crown's Nest stock was offered to the people in the year 1920 at ten cents a share, and is today worth over \$300.00 or \$300,000.00 for 1,000 shares. You can yet 1,000 shares of each of these great areas, which may be worth as much as the Crown's Nest is today if you hold it long enough. Do you realize what this means for you? That the British Columbia Amalgamated Coal Company's stock will reach in 1926 the \$100 mark in price, and that you will own a share of that which has been examined and the properties are familiar with the local condition in that country. Get in on the ground floor. Act quickly, and do it now. Do not wait your neighbor for his advice, and do not let your own judgment.

If you wish to see the properties and are familiar with the local condition in that country. Get in on the ground floor. Act quickly, and do it now. Do not wait your neighbor for his advice, and do not let your own judgment.

If you wish to see the properties and are familiar with the local condition in that country. Get in on the ground floor. Act quickly, and do it now. Do not wait your neighbor for his advice, and do not let your own judgment.

BETTER THAN LIFE INSURANCE.

A source of income that will last as long as you live. An asset that you can leave behind you for your friends and relatives. Have you a wife? A dear child, a sister, brother, or friend, whose welfare you have at heart? If so, why not invest \$250, \$500 or \$1,000, or more, in this coal stock, and get a certificate issued in their names; that will give them an income for life.

TWO YEARS FROM NOW

The stock should begin to pay handsome dividends, and in another year or two may have a cash valuation on the market from the dividends if then will pay of at least \$100.00 per share. This is the way of making money and conserving business judgment, and on well-tried laws of natural growth. It is quite safe to say that when the Amalgamated Coal Company shall have fully equipped its four properties in the Cold Water Valley, Nicola Valley, Brenne's Bridge, and the Victoria-Toronto line, and can produce coal and coke on a large scale, which may require six to seven years to accomplish (taking the Crown's Nest Coal Co. as an example), then will pay \$100.00 per share.

Opportunity knocks once at every man's door. To see it and grasp it in time is the keynote to success in life. This is meant for you. This is your greatest opportunity.

Fathers, mothers and guardians, who have the welfare of your children at heart, should provide for their future needs, write us for information, and investigate our proposition carefully. You will thank us later for the advice given. We coal and the coke, and the assays of the coal from Government officials and other authorities.

RECOMMENDED BY BANKERS AND MERCHANTS.

It is the safest and best investment on the market today which is being offered to the public at large. The amount of money means to get interested in this great enterprise, and to get in now, on its first inception.

Remember, for \$250.00 you will get one thousand shares of Amalgamated Coal, which will secure you and your family a source of income, and may make you independently rich. Remember, 1,000 shares of Crown's Nest Coal is today worth \$250.00, and brings a yearly revenue of over \$100,000.00.

PROTECTION TO SMALL SHAREHOLDERS IS SECURED BY THE LAWS OF BRITISH COLUMBIA.

Under British Columbia laws, every Coal Company mining for coal and all of that country must deposit with the Finance, a certificate of incorporation, in other words, the company has to register under the laws of British Columbia, and its name must be in the public records of the Province, and produce coal, and their books are subject to inspection every three months by the Government agent, to whom a sworn statement must be made, and a tax of five cents per ton must be paid for every ton of coal mined. This protects the small stockholders, as everyone interested, whether he may be the owner of 10,000 shares or only 100 shares, has the right to know at all times just what the company is doing, and there is no possible way of the Company adopting, with any success, a "freeze-out" game. The Government being an interested party, much greater protection is afforded the small investor than in any other country.

We cordially invite you to call at our office, Nos. 61-63 Confederation Life Building, Toronto. If you cannot, please write us, and we will mail you prospectus, reports, maps, etc., that will give you all information you may desire.

of the city yesterday with a hat which it is said, she had sent to her address, and, when it came, exchanged it for an old sailor hat, which she sent back with the boy. She was later arrested on the Yonge street wharf with her trunk checked.

Meet of Honnada.
The bounds will meet at Gater's Hotel, Newmarket race course, today at 2.30 p.m.

Thomas Yellowless, extension secretary of Ontario S. S. Association, has received that a church census will be conducted at Smith's Falls the latter part of this month and at the City of Ottawa the latter part of November.

WEAK MEN DO YOU WANT TO BE STRONG?

To feel as vigorous as you were before you lost your strength? To enjoy life again? To get up in the morning refreshed by sleep, and not more tired than when you went to bed? To have no weakness in the back, or "come-and-go" pains? To indulge in any sport or pastime? To know that your strength is not slipping away? To once more have bright eyes, healthy color in your cheeks, and be confident that what others can do is not impossible to you? In short, do you want to be healthy, strong and vigorous? I can make you all this, because I have done it for others.

Dr. McLaughlin's Electric Belt

has restored health and strength to thousands of weak people. If you use it as I direct it is a positive cure and cannot fail. It gives the vitalizing power of electricity, without burning or blistering, to every weakened part, developing the full vigor of manhood. It removes all the effects of dissipation forever. I want every weak person, who is not what he should be, to wear one of my Belts, and, when cured, tell all his friends of its wonderful effects. My Belt is also an absolute remedy for Nervous Debility, Backache, Rheumatism, Stomach, Liver, Kidney and Bladder troubles. It is arranged for women as well as men, and cures female weakness.

MR. H. F. STENBAUGH, 216 King Street East, Hamilton, Ont., says: "I can heartily recommend your Belt to anyone suffering with kidney trouble or weak ankles."
"Dear Sir, I have worn your Belt for two months steady, and must say that it has done me an awful lot of good. I am well satisfied with the Belt, and I have found what you said. I believe your Belt to be the best of all the medicine that I deserve. Waiting your every success, I remain, yours, very truly, WILLIAM BYERS, Nipissing, Ont."

If you are skeptical, all I ask is reasonable security for the price of the Belt, and

IT COSTS YOU NOTHING UNTIL CURED.

It's as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle heat from it constantly, but no stinging, no burning, as in old-style belts.

READ WITH CARE. DR. McLAUGHLIN'S ELECTRIC BELT is positively the only Electric Belt offered to the public where you have a regular physician in attendance. You have his advice and consultation FREE before you buy. Call to get my Belt free, or if you can't do that, send for my book about it, also free. Don't delay, as I can help you only while I live. My Belt is not sold in drug stores.
Now, if you suffer, do not lay this aside and say you will try it later. Act today—NOW.

DR. M. G. McLAUGHLIN, 112 Yonge Street, Toronto, Canada.

M'GILL DENIES SPECULATION

Continued From Page 1.

of Mr. Shaw in 1880 Mr. McGill was appointed manager of the Peterboro branch, which position he filled with energy and ability until 1895, when he was appointed general manager of the bank.

"He worked up a large business for the bank here and was always regarded as a shrewd business man of good judgment. He was very popular with all classes, who had every confidence in him, and his removal to Toronto was greatly regretted. He was at one time town treasurer.

"His wife and family have continued to reside here in their beautiful home, 228 Brock-street, Mr. McGill paying Peterboro frequent visits.

"Mrs. McGill and family spent two years in Europe, and have been sojourning the past summer in Muskoka. They have not yet returned here.

"In 1888 Mr. McGill was appointed one of the executors of the estate of the late Charlotte J. Nicholls, who died in 1880. Mrs. Nicholls left an estate valued at over \$1,000,000. This appointment as executor was a testimony to his business ability, and the trust reposed in him by the public. Mrs. Nicholls, in her bequest, left large sums to charity and to the Presbyterial Church. She also gave the city the Nicholls Hospital, the Y.M.C.A. Building and several parks.

Was Very Successful.

"Mr. McGill is an ardent curler, and ex-president of Peterboro Curling Club. He otherwise devoted all his time to business. He was obliging, and, under his direction and that of his successors, the Ontario Bank here is credited with making more profit than any other of its branches.

"News that the Ontario Bank was in financial trouble did not create any excitement in Peterboro, where the bank has two branches, one having been opened in the south end of the city a few months ago, while a branch was also established at Warsaw Village, fifteen miles from here, at the same time.

"The Peterboro agency has always done the largest business of any bank

MISUSE OF BANK FUNDS

Continued From Page 1.

proprietion of the funds, Mr. Cockburn was not in a position to speak definitely, but admitted that it might exceed \$1,000,000.

"The question of prosecution of Mr. McGill is understood to remain in abeyance.

The Last Statement.

The supplement to the Canada Gazette, Sept. 19, gives in detail the last monthly statement of the Ontario Bank. The following facts are gleaned from that statement:

Capital, \$1,500,000.

Reserve, \$700,000.

Dividend, 7 per cent.

Notes, \$1,242,627.

Balance due government, \$198,600.

Deposits payable on demand in Canada, \$2,318,222.

Time deposits, \$9,861,343.

Total liabilities, \$14,921,479.

Greatest amount in circulation, \$1,252,889.

Real estate, \$25,000.

Total assets, \$17,271,862.

The Bank of Montreal has a paid up capital of \$14,000,000, a reserve of one million dollars, and a total of all funds at its command of over \$18,000,000. The Ontario Bank compared with this is a matter of almost insignificant character. The old institution will be drawn into the larger and absorbed without causing a tremor in the financial history of Canada.

The banking system of Canada is at present being tested. Bank failures in the States are too frequent to almost comment, but the stability of Canadian banking institutions has earned the reputation by a past experience, extending over many years. The Ontario Bank, an old and prominent institution, is in trouble. General seriousness of the situation is relieved by the interest of its fellow-institutions. The Ontario Bank, with a capital of \$1,500,000, is to be absorbed by the Bank of Montreal, the strongest of Canadian banks, and one of the bulwarks of civilized finance.

The depositors will not lose a dollar. The purchasing bank, it is stated, will take over the Ontario Bank as a going concern, paying therefor the sum of \$150,000.

The financial standing of the bank should show a surplus of assets over liabilities of the capital stock of \$1,500,000, together with the rest account of \$700,000.

The statement which will be issued for valuation purposes by the Bank of Montreal will undoubtedly modify this, and only to the extent of actual surplus over liabilities will the shareholders

ALL OVERCOATS

During the autumn and spring seasons there is nothing so dressy, and at the same time so really essential, as a light-weight Chesterfield Overcoat.

We have the newest in material and design, selected by Mr. Soore when in Great Britain, which we offer at a special price of \$24.00.

Soore's
Tailors and Haberdashers.
77 KING STREET WEST
TORONTO.

here, the number of depositors being large.

It was not likely to be any run on the bank in the morning. W. B. Parker, now of Montreal, succeeded Mr. McGill as local manager in 1895, and three years ago Parker was succeeded by John Crane, who has been in the bank's service for years. The local branch has one of the best banking premises in the Dominion, and about 15 clerks are employed.

Partners Divided.

Some months ago the story was widely distributed that Mr. McGill and his associate had made a heavy win in the big advance which Tennessee Coal and Iron undertook on the New York stock market. It was asserted, however, in connection with this deal that the bank official, after having made a deal of money on the advance, though a vast time to play the stock short, and thereby make a clean up on the downfall in the price of the security.

It was, however, at the time that the strongest movement in the stock occurred, and the two partners in the speculation had their first disagreement. The short seller endeavored to borrow his supposed friend's stock to carry him along until he decided to purchase it back in the market. Considerate thought for this arrangement, but when the stock had made another strong advance the loaned security was called for and repayment had to be made by purchasing in the open market at a heavy loss.

Some of the Losers.

Consolidated Gas, another of the New York specialties, is reported to have been concerned in the downfall and losses of the bank's official. This stock has undergone a remarkable depreciation within a few months, the dividend has been cut, and the price has been reduced from over 200 to below 100.

In stock market circles the official has been held in the highest esteem. He has been looked upon as a gentleman of very high character with one of the most cheerful dispositions; considerate in his thought for others and amiable to a degree. His operations were carried on at one of the principal brokerage offices in the city, but it is said that his various speculations led him into dealings with other local brokerage houses.

Outside of the stock speculation there is also said to have been a venture in a large banana plantation, upon which thousands of dollars have been spent without any return having yet been made. This plantation, it was rumored, was hypothecated to satisfy the demands of the New York market nearly two years ago, when it was put up as collateral, and is still being held for that purpose.

Speculated for Some Time.

These suspicions have been known by the incident around town for several years, and surprise was expressed yesterday that the directorate had not long before this got on to what was being done with the funds of the bank.

The partner of the bank official is at present in New York. It is stated that he got wise to the impending trouble a few days ago, and left town until the crucial stage in the proceeding had been glossed over.

An interesting incident is told around the brokerage offices of a dealing between the two in Ontario Bank stock. When the stock was difficult of sale a couple of years ago the bank official was requested by his friend to take over his holdings to relieve him at that time. This was done, and the stock was subsequently advanced upwards of \$15 per share. At this stage the big operator naively requested that the difference between the taking over and the then market price be paid to him. It is necessary to say that this request was not granted.

Didn't Disturb.

The financial trouble had no disastrous influence on the Toronto stock market yesterday. Business was naturally checked until the full results of the rumors afloat could be verified or refuted. Aside from a weakening of the financial position of shareholders in the bank, brokers failed to see where any trouble could arise. It was hinted that a big block of General Electric stock, which has been speculatively held for upwards of two years, might be precipitated, and that this would result in very much lower prices for that security.

Coats That Have Style

What's a coat without style! You don't pay for the style here, but you get extra good material. You get a good fit and you get the style added.

Raincoats..... \$15 to \$25
Cheviot Overcoats, \$15 to \$25
Seawater Overcoats, \$15 to \$25

A word to careful buyers of Fur-lined Overcoats. There are some valuable points to know about them. Come in and we will tell you. We have a special at \$65. Regular prices are from \$87.50 to \$850.

In Suits, we claim to have the nearest, form-fitting, new things in the city.

Our Hat Department is a very lively place. Some smart shapes there for stylish men.

QUET AT OTTAWA

Ottawa, Oct. 12.—(Special).—The following official statement was given out at the Bank of Montreal to-day: "The Bank of Montreal has made an offer to pay all liabilities under certain conditions, and this offer is now under consideration by the directors of the Ontario Bank.

The local branch of the Ontario Bank was doing business up to 3 o'clock, and there was no local excitement. Business went on as usual. It is said here that there are heavy defalcations on the part of some of the Ontario Bank officials, but no amounts are indicated.

The settlement has not been received yet by the government. As there is no official inspector of banks by the government nothing was known at the department of the matter.

SHOULD BE NO ALARM

In discussing the affair last night a prominent banker said that it would be "a mighty good thing for the public" if the Ontario Bank had been practically obsolete for years.

E. B. Oslar, M.P., of Oslar & Hammond said: "The affair of the Ontario Bank will make no difference in the general banking situation. Apart from a few stockholders no one will be affected. There is no ground whatever for any alarm, and unless the newspapers create a scare which is quite unwarranted, the affair will have no appreciable effect upon financial circles."

J. O. Buchanan said: "Depositors and holders of circulating media need have no anxiety. There is not the slightest probability of anyone outside the stockholders. The last published statement of the bank showed a surplus of \$700,000, and if the Bank of Montreal takes over everything will be satisfactorily settled."

Seen early in the evening Senator Cox intimated that there was to be a meeting of the Bankers' Association, when the whole matter would be taken up.

"It is understood that the bank has made an offer to pay all liabilities under certain conditions, and this offer is now under consideration by the directors of the Ontario Bank.

"I do not know much about it, but I know that such a statement as that is very wrong," replied Senator Cox. "You should not make such a statement. A great deal of harm is done at a time like this and a great injury to the public when newspapers make statements that are not authentic."

"Has not Mr. A. E. Ames a heavy load of Ontario Bank stock?" was asked, Mr. Ames being out of town.

"I do not know anything of Mr. Ames' affairs, but I don't think that he owns any stock," said the senator.

"There was talk that he was trying to obtain control of the bank in 1902?"

"That is a long time ago and I am sure that he has none now."

TO THE RESCUE.

Bank of Montreal is Now Able to Prove its Policy.

Montreal, Oct. 12.—(Special).—The banking fraternity of this city was startled to-day to learn that a large defalcation had taken place at the head office of the Ontario Bank, and that the capital of the bank had been so impaired that the directors had come to the conclusion that it did were not obtained payment would have to be suspended. With this alternative before them in the face they came to the Bank of Montreal for assistance, the liabilities being about \$15,000,000.

As a matter of fact the Bank of Montreal has made an offer to pay off all the liabilities under certain conditions, and it is understood that this offer has been accepted.

This means that the final outcome of the transaction will be the taking over of the Ontario Bank by the Bank of Montreal.

It is well perhaps at this juncture to recall the answer generally given by the Bank of Montreal when accused of keeping too large a reserve in New York to the detriment of Canada. The usual reply has always been that this money is kept there to meet emergencies at home. The case of the Ontario Bank is only another justification

of the Bank of Montreal's sound financial policy.

Altho the details of the transfer will not be known for a day or two, it is known that the circulation of the deposits, and the shareholders will receive the balance pro rata.

It is no secret here that the big loss is due to irregularities committed by the general manager.

Men's Warmer Underwear

Come to the Men's Store. That the advice the weather gives you man in every cold breeze that blows these days. Come to Simpson's Men's Store and choose some warmer underwear.

Guaranteed Rubber Tires.

To guarantee a solid rubber tire against defect is not to guarantee the quality of the rubber it contains.

Any inferior compound of rubber may be made into a tire that does not look defective.

But the qualities for wear and resiliency go only with carriage tires made of high grade rubber.

The name "Dunlop" stamp on a tire, and this trade mark, are a guarantee of good rubber.

In a carriage tire it will insure a resilient tire of good staying power and solid qualities of wear.
