STRIKE OVER IN ST. PETERSBURG.

Many Factories Resume Operations Today and Trouble Seems Ended—Much Pillaging in Warsaw—Trouble Is Spreading in Poland—Serious Situation at Sebastopol.

St. Petersburg, Jan. 30.—1.20 p.m.—Most of the factories and mills of St. Petersburg are in operation today and the strike to all intents and purposes is ended. A few large establishments have not yet fully resumed operations owing to the official formalities, necessary in re-registering their thousands of employees. Some of the workers at the Putiloff Works where the strike originated have asked for the celebration of a religious service by the Metropolitan of St. Petersburg before resuming work, "so as to remove the effect of the presence of the unworked priest and re-communal leader," Father Gopon.

The Situation at Warsaw. Warsaw, Russian Poland, Jan. 30.—The streets have been quiet since yesterday evening but the strike continues in full swing. All places of business are closed. A proclamation has been issued declaring that the condition of the city requires additional protective measures.

Spreading in Poland. St. Petersburg, Jan. 29.—The most serious feature of the strike situation is its continuous extension in the Baltic provinces and in Poland. Strikers are cutting telegraph wires and interrupting communications and fears are expressed of most serious disorders, especially in Poland.

It Was An Accident. St. Petersburg, Jan. 30.—Formal charges of negligence and inattention to duty have been preferred against sub-Lieut. Kurzeff, who had immediate charge of the gun from which a shell was fired Jan. 14 during the ceremony of blessing the waters, which was attended by Emperor Nicholas. The official view is that the accident was a result of carelessness in leaving a charge of grape in the gun after a practice which had occurred two days previously.

Serious at Sebastopol. London, Jan. 30.—A despatch to the Daily Graphic from Sebastopol says: "In consequence of the gravity of the situation here the government has invested the naval and military commanders with full powers to repress disorders. Over nine hundred arrests have been made."

A Censor To Resign. St. Petersburg, Jan. 29.—Chief Russian Censor Swereff, is about to resign. A strike of laborers, clerks, bank officials and servants has broken out at Gomel. There is great indignation at Saratoff over a Cossack patrol mercilessly beating boys with whips as they were leaving school, many of them being terribly punished.

A GRAND DUKE Justifies the Murder of the People in St. Petersburg.

New York Jan. 30.—A correspondent of the American in St. Petersburg cables under date of Jan. 29:—His Imperial Highness the Grand Duke Vladimir, the uncle of the Czar, the military dictator of St. Petersburg, and speaking as the personal representative of the emperor, received the correspondent at the winter palace this evening at five o'clock. The grand duke was exceedingly cordial and received him in his private library. It was decorated with portraits of the emperor and pictures, and is situated on the grand floor of the palace looking out on the money, Dyortsovai Square, the scene of last Sunday's sanguinary conflict.

GREAT BRITAIN PROTESTS. A DOMINION EXHIBITION. Will be One This Year After All—New Westminster Will Hold It.

Relations With Russia May Again Be Severely Strained. St. Petersburg, Jan. 30.—1.00 p.m.—Newspapers published in Great Britain and Russia are feared on account of the attack on the British consul and vice-consul at Warsaw Saturday night. On the basis of the placards posted by assistant police Chief Roudneff at Moscow, charging Great Britain with creating the revolution in Russia, the Warsaw incident is likely to arouse an outbreak in Great Britain which may again strain relations between the two countries.

MORE EVIDENCE HEARD. Paris, Jan. 30.—The international commission inquiring into the North Sea incident has today heard evidence from Swedish witness Captain Johnson and Mate Stromberg, of the cargo boat Alderbaran, which was attacked in the North Sea by a torpedo boat which fired many shots at the Alderbaran, but did not disappear.

CORONER MAY INVESTIGATE. Faith Cures Are Not Successful in Dowie's Zion City. Chicago, Jan. 30.—Mrs. J. G. Speicher, wife of the acting over-seer Speicher of Zion City, died as the result of consumption. Her second death which has followed a recent threat of asphyxiation, since John Alexander, Dowie's chief and follower, and against which the prayers of the "First Apostles" have seemingly been of no avail.

FUNERALS. The funeral of Mrs. Geo. H. Perley took place this afternoon from the residence of Harold Perley, Gerraian street. It was largely attended. Rev. Mr. Richardson officiated and interment took place in Fernhill cemetery.

FIRE IN THE DRILL HALL. Frederickton Excited by a Small Blaze on Saturday Night—Old Lady Dead.

Frederickton, Jan. 30.—(Special)—Miss Mary E. Patterson, the eldest maiden lady in York county died at Moncton, N. B., after a long illness to this city today and interred in Fernhill cemetery.

THE TIMES NEW REPORTER. The Times new reporter earnestly requests his hosts of friends not to insist upon making him a candidate for the city council. He has been urged by so many that it is really embarrassing to refuse.

THE SHEEP AND THE GOATS. Now it came to pass that certain persons of the baser sort conspired among themselves to go among the husbandmen and labor for hire, that they might obtain food for their families.

ST. PETERSBURG, JAN. 30.—The posting of placards at Libau signed by the governor of Courland of a similar purport to those posted at Moscow charging Great Britain with responsibility for the disturbances in Russia, has called out another vigorous protest from the British Ambassador, Sir Charles Hardinge, who has pointed out to foreign minister Lansdort that such proceedings must make a deplorable impression on Great Britain and cannot fail to seriously affect the general relation of the two countries.

THIS BATTLE WAS NO SMALL AFFAIR. Kuropatkin's Disastrous Attempt to Turn Japanese Left on Saturday Cost Him 10,000 Men—Jap Casualties 5,000—Nothing Doing Today—The Railway Blocked.

General Kuroki's Headquarters, Jan. 29.—via Pusan, Jan. 30.—The Russian attempt to turn the Japanese left has resulted in a complete failure. The Russians chose the worst weather of the season, depending perhaps upon their familiarity with a snowy country to aid them in their operations.

Nothing Doing Today. Tokyo, Jan. 30.—1.30 a.m.—Russian activity on the Shakhe River seemed to have ceased after the fight at Chenchiepao and Helkouta, yesterday, where the Japanese were victorious. The object of the operations is not clearly understood here, but it is suggested that the Russians either intend to turn the Japanese left, and move a heavy force down west of the Liao River, or were seeking to divert attention from some projected operation against the Japanese right.

HEAVY CASUALTIES. Tokyo, Jan. 30.—3 p.m.—The casualties during the fighting at Chenchiepao and Helkouta are estimated at 5,000 on the side of the Japanese and 10,000 on the Russian side.

THE RAILWAY BLOCKED. London, Jan. 30.—According to a Tokyo despatch to the Daily Telegraph Russian supplies from the interior are concentrated at Lake Baikal owing to the fact that the railway east of that point is blocked with snow. Vladivostok is now isolated on the land side as well as the sea.

CHINA'S NEUTRALITY. St. Petersburg, Jan. 30.—The Novosti says Secretary Hay's note on the subject of China will be interpreted in different ways. "We cannot say," says the paper, "that it promises the belligerents agreeable prospects."

WILL AID JAPAN. Paris, Jan. 28.—Japanese officials have remarked to the members of the Diplomatic Corps that the Russian strikes might have an important influence on the war in Siberian communication by the trans-Berlinian

TEAMSTERS STRIKE IN CHICAGO. Chicago, Jan. 30.—Two hundred lumber teamsters employed by the big yards of Chicago declared last night to go on strike today because the employers refused to grant their demand for an increase of wages of 20 cents a day. Over twenty firms, members of the association will be affected by the strike.

SMALL FIRE IN MONCTON. House Burned and Poor Family Turned Into the Street—Hurt in I. C. R. Shops.

Moncton, N. B., Jan. 30.—(Special)—The fire department was called out this morning at eleven o'clock, for a fire in a small house owned and occupied by Mrs. Calvin Woodworth. The building was completely destroyed. The loss is about \$200. Mrs. Woodworth lost most of her furniture and the family, which is in poor circumstances, was turned out of doors.

A JOB FOR SOME ONE. Ottawa, Jan. 30.—(Special)—J. G. Jardine, Canada's commercial agent in South Africa, has resigned his position, on account of ill health. Mr. Jardine has returned to Toronto.

THE LIQUOR CASES. The case against Matthew A. Harding came up again before the magistrate today. Mr. Harding promised to close his premises at 7 o'clock Saturday nights in future.

TROJANS AND ARCTIC RINK. Fredericton Hockeyists and Rink Manager at Loggerheads—May Affect League Games.

Fredericton, Jan. 30.—(Special)—There has been quite a "flare up" in local hockey circles with the result that no more league matches will be played in Fredericton, this season. The Trojans who, some time ago, made an agreement with Manager Hanson to play at the Arctic rink, yesterday, made a preliminary demand for "better terms," which Hanson refused and they are now at loggerheads.

WILL LET IT DROP. Berlin, Jan. 30.—The Russian government's reply to China's declaration that she has not infringed neutrality nor permitted Japan to do so is a re-assertion that she has done so. The Russian declaration was communicated to the powers Saturday giving specifications of what is affirmed to be violations of neutrality but the tone of the reply is such that it is inferred that Russia is not prepared to carry the discussion much further.

WILL AID JAPAN. Paris, Jan. 28.—Japanese officials have remarked to the members of the Diplomatic Corps that the Russian strikes might have an important influence on the war in Siberian communication by the trans-Berlinian

SHOULD RAISE BETTER BEEF.

Some Timely Remarks About Conditions in New Brunswick.

While our progress in dairying has been most marked and in many parts of the Province highly satisfactory during the last ten years, the output of beef has declined and it seems to be harder each year for our meat dealers to secure the quality of beef which their customers demand.

The Provincial Government has extended liberal aid and judicious supervision to the production of cheese and butter and it would be a wise and very popular policy to give some measure of support to meat productions.

Our St. John river farmers with their great hay growing and pasturing opportunities could keep many times the number of cattle they do at present, and the revenues of these farmers would be greatly augmented thereby.

JEW AS FARMERS.

More Than 2,000 Hebrews Own and Work Farms.

Some of Them on New England's "Abandoned Acres"—Facts Brought Out by a Lecture Before the Students of the Jewish Theological Seminary.

Although many centuries have passed since the Jews, as a nation, lost Palestine, and with it their agricultural life, still the lapse of so many years has not entirely eradicated from the Jewish mind the desire for tilling the soil.

Prior to the formation of the Jewish Agricultural and Aid Society five years ago the work it is now doing was done by the trustees of the Baron de Hirsch Fund.

Two months are being tried by the organization to accomplish its object: one, to encourage, by means of subsidies, various industries in country towns; and the other is to get the immigrants to take up farming for their livelihood.

LAZY CLERKS.

Inefficient Salesmen Not a Paying Investment For any Business House.

Perhaps the lack of alertness or indifference on the part of employers or of the executives who look after the details for them, is to some extent responsible for the fact that many clerks and other employees who come in contact with customers daily injure the business of their employers.

A New York man recently had occasion to go into a large machinists' supplies house in the downtown district to make a purchase. It was fully forty minutes before closing time, and half a dozen idle clerks were lounging on the counters talking.

Miss Stalmans—No man who kisses the wind can kiss me. Ferguson—And I suppose it is only the man who has kissed the wind who has any sense to kiss you? Awfully awkward isn't it?

sons all told, have taken up some of the "abandoned" farms of New England, and through sheer pluck, persistence, and industry have made them profitable. Naturally, these farms are at some distances from each other, nevertheless, the religious farmers regularly meet at the house of one of their number to hold services. The society has helped very many families to settle on farms in small towns all over the country, and during the few years of its existence it has made loans to the amount of \$267,000, the average single loan being \$500.

The new project of the Agricultural and Aid Society is the establishment of so-called "farming factories." The organization has bought a large farm in Long Island, where houses are being erected, and men who desire to do farm work will be taught the practical side of the work and paid wages for their labor.

Chatham, Jan. 28.—Miss Villa, daughter of Mr. William Allison of Whiteville and Mr. Alfred James Bell, the popular travelling agent of the Lonsdale Co., were quietly married at St. John's manse Wednesday evening. Rev. J. Morris MacLean officiating.

The bride wore a very becoming gown of lawn cloth, with chiffon and silk trimmings. She was unattended, Mr. and Mrs. Bell left on an extended trip to Portland, Boston and other points in the New England states.

At a congregational meeting of the Loggsville Presbyterians held on Tuesday night, it was decided to postpone moderating in a call to a minister until Mr. Fraser, a third year Divinity student, who supplied the pulpit at Christmas, be eligible.

Richard Haley, has returned from Misce to take a position in the Miramichi paper and pulp mill.

ST. JOHN TEAMS PLAY ON STRANGE ICE TONIGHT.

Mohawks to Play at Moncton While the Neptunes Meet the Trojans at Fredericton in the N. B. Senior Hockey League --- General Sporting News.

HOCKEY.

Tonight's Game. Saturday's Fredericton Gleaner says of the game between the Neptunes and Trojans: "The Trojans did not get down to St. John yesterday after all for their game with the Neptunes. These teams have not met as yet this season in the New Brunswick Hockey League series and that will stir up no small amount of interest in their first game to be played in this city at the Arctic Rink on Monday night. The Neptunes have reorganized and have got George Blizard back with them again and they hope to give the locals a lively time of it. The Trojans on the other hand will present their new line up, that which played against the Indians, and they hope to prove to the public that their set-up is far away ahead of the line ups shown before and able to whip the Neptunes with comparative ease.

Mohawks and Moncton.

Two hockey games which will be watched with great interest are to be played tonight. One at Moncton between the Mohawks of this city and the Victorias of the railway town, and the other at Fredericton between the St. John Neptunes and the Fredericton Trojans. Both teams from this city are determined if possible to win from their opponents and wipe out their former defeats.

Some of the Mohawk players left for Moncton Saturday evening and the balance of the team went up this morning. They will line-up as follows: Tufts, Goal; LeBarbier, Point; Cover Point, O'Neill, Centre; Dingley, Rover; Murray, Left Wing. The same team will play Sackville Tuesday night, the only change being in the position of cover, which will be filled by Rolt, Murray, as Inches has to return to the city.

Manager Boyle's Promise.

While in Halifax recently the Dawson City hockey team was banqueted by the Wanderers' athletic club, and during the course of a very able

speech Mr. Boyle's manager of the Dawson's made a promise which might interest some aspiring Canadian clubs. Mr. Boyle in commenting on the fact that his team had received defeat at Ottawa and two other places, went on to explain some of the difficulties with which his players were forced to contend, and concluding by stating that though the Stanley cup could not be held out as an inducement, yet if any eastern club, the Ottawas preferred, would come out to Dawson and play his team on their own ice, he would put up a much more valuable piece of silver, and moreover give the visiting team two months to rest, and practice after they arrived, and in the event of their beating the Dawson team he would pay their entire expenses of the trip both to the Yukon and return. It is well known that Mr. Boyle is in a position to make good his offer at any time. The now celebrated Klondykers will meet the all St. John team Wednesday evening in Queen's Rink.

Dawson City 5, Cape Breton 2.

The Dawson City hockey team defeated All Cape Breton at Glace Bay on Saturday evening by a score of 5 to 2. The visitors were in fine form and rushed the game with their opponents on the ice from the beginning to the end. A Mallon of the Sydney Nationals scored the first goal two minutes after the game opened by a long lift from the centre, and just within a quarter of a minute from the close of the half Dawson City rushed the game from their ice, and crowding about the Cape Breton's goal, Kennedy scored, and the half ended 1 to 1.

Eight minutes after play began in the second, Mallon again scored by a clear lift from the centre. Five minutes later Dawson City crowded up the ice, Johnston leading in a rush and scrimmage in front of the All Cape Breton goal, Fairburn scored. Five minutes afterwards he again scored by a brilliant dash from the centre of the ice. A minute's play gave Dawson City another goal, and soon Fairburn again scored from a clever pass by Kennedy in front of goal. This made the score 5 to 2 for Dawson City, at which it stood when the game closed. Norman Watt, left wing player of Dawson City, played last evening for

Frightful Dreams.

the first time since his illness, which detained him in Amherst and he proved a valuable addition to their playing strength, although he will probably not be in good form for several days.

To Meet the Trojans.

The Neptune hockey team leave this afternoon for Fredericton, where they are to play the Trojans, in the N. B. League series, tonight. The following players will go: Carlyle, goal; Coombs, point; G. Brown, cover point; Townsend, right wing; Blizard, rover; McNeil, centre; Patric, left wing; Clawson, spare man. It is expected that Charles Allan will referee the game, which will start as soon after the arrival of the evening train as possible.

SKATING.

Notes. These Father Matthew association will hold their annual ice sports in Queen's rink on the evening of Sat. 6th. Nearly all the best speed skaters of the city will compete, and a large array of handsome prizes are offered. At the Ontario skating races held in the King Edward rink, Toronto, Saturday evening, F. J. Robson captured first place in the 250, half mile, two mile and open hurdle race. In the trials, John Hagen, formerly of St. John, won the second heat in the mile open. It is said that Daly, also of St. John, did not compete. Robson skates in Montreal on February 4, when Jimmy Price from St. John will compete. They skate in the Victoria rink, St. John, Feb. 7 and 9, and in Fredericton Feb. 10. Price left for Montreal Saturday evening to do some practising beforehand in the rink there.

CURLING.

Fredericton vs. St. Stephen. On Tuesday night the St. Stephen curlers will play at Fredericton. The following skips have been chosen to meet them: J. H. Hawthorn, H. V. Bridges, J. S. Campbell and T. L. Fowler.

St. Andrew's Club vs. Fredericton

Six rinks of the St. Andrew's Club will go to Fredericton Thursday, to play. They will meet the following Fredericton skips: T. L. Fowler, Jas. Tibbitts, S. D. Simmonds, J. H. Hawthorn, J. S. Campbell and R. F. Randolph.

Big Offer to Jack O'Brien.

"Philadelphia" Jack O'Brien received from Clark Ball, the former manager of Jack Munroe and other pugilists, an offer of a \$25,000 purse for a fight between him and Bob Fitzsimmons in Panama. Clark Ball claimed that the fight would be backed by prominent financiers, and that he would deposit

Dull Headaches.

Terrible Pains and a Frequent Desire to Urinate. Such were the troubles of Mr. Joseph Deland, Alma N. W. T. He happily found relief in DOAN'S KIDNEY PILLS.

DOAN'S KIDNEY PILLS.

Here is what he says: "I was troubled with dull headaches, had frightful dreams, terrible pains in my legs, and a frequent desire to urinate. Noticing Doan's Kidney Pills recommended for kidney trouble, I decided to give them a trial. I procured a box, and was very much surprised at the effect. The first day they made me feel a great deal of pleasure in urinating. I noticed that the pills were relieving me from all kidney troubles. Doan's Kidney Pills help the kidneys to drain off the poisonous impurities which have collected. This cleansing out the kidneys, bladder, and all the urinary passages. They correct inability to hold the urine, and thus obviate the necessity of getting up many times at night, to urinate. Their good results will be immediately felt in all cases of kidney trouble. Price 50 cents per box, or 3 for \$1.25. At all dealers, or will be mailed direct, on receipt of price, by The Doan Kidney Pill Co., Toronto, Ont.

BASEBALL.

Base Running Checked.

"The big mittmen stopped the base runners," said Dick Buckley to a reporter recently. "How? Well, get a glove of the type used by the catchers up to 1889, get a modern padded mitt, have somebody throw you a ball, and it will all dawn on you in a second. When the old pitchers, firing from short distance and yet hurling them across with all their steam, sent them into the thin-palmed, finger-tipped glove of those days, the catcher always and instinctively drew back his hands as the bullet struck into the frail protection. "Suppose a base runner was under way the catcher disengaged the ball from the glove and shot down as fast as he knew how. After the big mitt arrived the whole method of taking the pitch changed immediately. The catcher soon found that he could take the full shock of the fastest delivery in that great paw and that he did not have to draw back his hands. "What did this mean to the base runner and to the catcher's

Young Corbett is Training.

Reports from the Pacific coast say that Young Corbett is still working hard for his proposed battle with Nelson, and is really getting back into his old form. He has been training with Frankie Neil, who is to meet the amateur champion "Fighting Dick" Hyland on the 31st. Corbett has lost the fat that handicapped him in the last fight, and is said to show better speed and endurance than he has had since his fight with Britt. He is working for cleverness, hoping that he may get a match with Britt if the battle with Nelson falls through. Corbett was a great little fighter in his time. If he recovers his stamina and self-confidence he still will be a hard nut to crack.

THE TURF.

Colt Stakes For 1905.

The president and secretary and others of the Digby Driving Club contemplate offering colt stakes to be raced far in September, 1905, on their track. The inducement should be sufficient to enable them to make it a grand success as they propose to put in a stake for three-year-olds for \$800 and one for two-year-olds for \$200. The stakes will be open to the maritime provinces. They propose to make them early closing events. Nominations to close April 1st and with payments of entrance fees by instalments. First payment April 1st, second payment July 1st, and third and last payment August 1st. In all, five per cent of stake entitles a colt to start. The secretary, J. A. McNell, would be pleased to hear from all colt owners who would be favorable to such a move in order to form an idea as to whether the undertaking would be likely to meet with success.

Importing Stallions.

A very valuable consignment of thoroughbred stallions came over from Glasgow in the Donaghadee Har-Kastalia, which arrived here Saturday. They are owned by Graham Bros., of Clarendon, Ontario, and are among the leading importers and breeders of thoroughbred horses in Canada. There are in all 10 stallions. These animals have evincitively been purchased at a very high figure. They are without a blemish, and are on the whole as handsome a lot of horses as can be seen. Mr. Graham, one of the Graham brothers, purchased the animals himself in Scotland, and is here with them. This is the third consignment of horses Graham Brothers have received within a year and all have found a ready market in Ontario.

Record Broken.

Ormond Beach, Jan. 28.—Three good races were pulled off today on the Ormond-Deaton speedway, one of them being especially noteworthy in the fact that a new world's record for ten miles was made. Edward R. Thomas did the trick in his 9-horse power car, covering the ten miles in 6 min. 45 sec., and winning a handsome 1,000 dollar silver trophy. The world's record for ten miles, held by William K. Vanderbilt, Jr., of 6 min. 50 sec., was made on this beach last year. Mr. Thomas lowered the record 15-1-5 seconds or nearly two seconds to the mile. Thus far the one, five and ten mile races have been broken, the only failure being the effort to lower the kilometre world's record.

WILL PUT UP THE SHUTTERS.

In pursuance of the policy lately adopted by the liquor commissioners for this city the following licenses will have to go out of business on Wednesday next: E. C. Graham, Sheriff street; John Travis, Mill street; Peter J. Dolan, Union street; Mrs. Burns, Brittain St., and W. J.

Washington, Jan. 28.—At the second annual indoor meet of the High Schools of Washington, held here tonight in which a number of out of town schools participated, Charles E. Seitz of Georgetown, broke the world's sixty yards record of 6 2-5 seconds, held for twenty years by Lon Myers, his time being 6 1-5 seconds. Immediately afterwards he ran an exhibition 50 yards and equalled the world's record of 6 2-5 seconds. S. E. Kent of the Central High School also made the same mark in the event.

Record Broken.

Ormond Beach, Jan. 28.—Three good races were pulled off today on the Ormond-Deaton speedway, one of them being especially noteworthy in the fact that a new world's record for ten miles was made. Edward R. Thomas did the trick in his 9-horse power car, covering the ten miles in 6 min. 45 sec., and winning a handsome 1,000 dollar silver trophy. The world's record for ten miles, held by William K. Vanderbilt, Jr., of 6 min. 50 sec., was made on this beach last year. Mr. Thomas lowered the record 15-1-5 seconds or nearly two seconds to the mile. Thus far the one, five and ten mile races have been broken, the only failure being the effort to lower the kilometre world's record.
