HOCKEY MEETING AT MONCTON TODAY

Campbellton Protest of Chatham Game the Subject.

Chiefly a Matter of Referees—Suggestion to Replay on Neutral Ice—International League Meets—Late Sport.

Fredericton, N. B., Feb. 12.—A meeting of the New Brunswick and P. E. I. Amateur Hockey League executive will be held this afternoon at Moncton to deal with a protested game between Campbellton and Chatham. The meeting was called by Dr. Allan Sterling, the league president.

Protests were filed by Campbellton over the game at Chatham on the 8th inst., which resulted in a 2-2 tie. Leaving the ice with the score 3-2 in favor of Chatham.

Campbellton also has protested the game upon other grounds which developed during the game, claiming two goals with which they were credited.

The reports of the referees differ in some respects. C. M. Murray of St. John, an official referee of the league, who was referee of the game, with Thomas Gilbert of Chatham, an assistant, practically recommends in his report that the game should be replayed on neutral ice with an outside referee.

Cleghorn's Case. Toronto, Feb. 12.—The National Hockey League directors held a meeting in the city today to consider the matter of the suspension of Sprague Cleghorn, and after much discussion between the representatives of the two interested clubs it was decided to postpone further action until a later date.

International League. New York, Feb. 12.—The International League of baseball clubs met today for its annual meeting and for a vote on the draft proposal made recently by baseball's advisory council.

The Pacific Coast League and the American Association already have voted down the proposal and indications today that the International would follow their example.

Answers Charges. New York, Feb. 12.—Charges of "tampering" with other club's players recently preferred against the Philadelphia Phillies by Wm. F. Baker, president of the Phillies were answered today by Wilbert Robinson, manager of the Phillies. Mr. Robinson admitted that he had sought, by direct communications the service of Shortstop Fletcher to accept the Philadelphia offer.

(This probably has reference to a number of Gaelic football players, wearing Irish Republican army uniforms, who were arrested on January 15, while on their way from Monaghan to London.)

"In this area," said Chief O'Duffy, "I succeeded in allaying the feeling some what," he was released today. "I believe I cannot promise or guarantee peace in this part of the country."

Death Toll Now Six. The two men killed early today bring the death toll Saturday up to six. Ambulances were kept busy since last midnight succoring victims of the shooting, which occurred in various parts of Belfast.

Strike Situation Better. Cork, Feb. 12.—There was a further improvement in the railway strike situation today, following the decision of the Cork strikers at their meeting yesterday to accept the unilateral arrest and detention agreement. The men on the Bandin, Maceoon and Blackrock lines also had agreed to accept the terms.

Newspaperman Released. London, Feb. 12.—A London newspaper reporter, arrested as a spy, after the fight in the station at Clons on Saturday night, was released today. A British newspaperman, who was arrested last Friday at Ballybay, was released last night. A newspaper photographer was still being held at Ballybay.

Curfew Again. Belfast, Feb. 12.—Beginning tonight the curfew, extending from nine o'clock in the evening until five o'clock in the morning, will be reimposed.

Up to three o'clock this afternoon a total of eight persons had been killed since Saturday. (Continued on page 2, sixth column.)

BURIED TODAY. The funeral of Joshua Birtren took place this afternoon from his late residence, 247 Waterloo street, to the Church of England burying ground. Rev. A. L. Tedford conducted service.

The funeral of Mrs. Catherine Kane took place this morning from the residence of her niece, Mrs. James McSherry, 38 St. David street, to the Cathedral for high mass of requiem by Rev. R. McCarthy. Rev. S. Oram was deacon, Rev. H. Ramage, sub-deacon, and Rev. A. P. Allen was master of ceremonies. His Lordship LeBlanc gave the final absolution. Relatives were pallbearers. Interment was in the old Catholic cemetery.

QUEBEC COURTS WILL SUPPORT CAMPAIGN AGAINST PROFANITY. Montreal, Feb. 13.—Assurance was given by Premier Taschereau, who visited the government offices here on Saturday, that the courts of this province would support a campaign against profanity, and that he himself was in hearty sympathy with any movement that would have as its object the eradication of this evil.

Evacuation of Troops From Ireland Stopped

SUSPENSION THOUGHT DUE TO RECENT EVENTS IN ULSTER

Dublin Castle and G. H. Q. Silent—Casualties Now Total 6—Two Shot in Belfast—Some Railway Workers Accept Strike Settlement—The Clones Affair.

Dublin, Feb. 13.—The evacuation of the British troops and other military forces from Dublin was unexpectedly suspended today. The sailing of the steamers due to leave for Holyhead and Liverpool with contingents on board was cancelled. It was thought that the suspension might be due to the events in Ulster.

Officials at military general headquarters said they were unable to give any information on the subject, while Dublin Castle officials stated that they had nothing to do with the evacuation.

Cork, Feb. 13.—It was reported here today that in consequence of the week-end happenings in South Ireland the British government had ordered a suspension for the present of the evacuation arrangements the military had made. No confirmation of this report was obtainable here.

Two Dead in Belfast. Belfast, Feb. 13.—The bodies of two men shot to death were found late last night in the Millfield district of Belfast. Firing was in progress there early in the evening.

Belfast, Feb. 13.—Lieut. Colonel Spender, secretary to the Ulster Cabinet has issued a statement that Sir James Craig received a telegram from the British government saying that large additional military forces are available for Ulster.

Protest Freeman's Journal. Dublin, Feb. 12.—An armed guard of the Irish Republican army was posted in the offices of the Freeman's Journal last night, to protect the staff from an anticipated attack by Republicans who were offended by the publication of a cartoon reflecting on Eamon De Valera and Erskine Childers. It was said that an unsuccessful attempt had been made to kidnap the proprietor of the paper.

London, Feb. 13.—The situation in Ireland, which had seemed to be improving under the apparent efforts of Arthur Griffith and Michael Collins to obtain the release of the kidnapped Ulster men, has become acutely dangerous as the result of the Clones affair on Saturday in which four special Ulster constabulary were killed, eight wounded and six made prisoners and the leader of the Sinn Feiners, Malcolm Fitzpatrick, shot dead. Developments are awaited with the utmost anxiety.

O'Duffy Investigates. Belfast, Feb. 12.—Owen O'Duffy, chief of staff of the Irish Republican army, went to Clones yesterday to investigate Saturday night's disorders. He said today he found feeling very tense there because of the unilateral arrest and detention of the entire divisional staff of the Republican army at Drumore, county Tyrone.

(This probably has reference to a number of Gaelic football players, wearing Irish Republican army uniforms, who were arrested on January 15, while on their way from Monaghan to London.)

"In this area," said Chief O'Duffy, "I succeeded in allaying the feeling some what," he was released today. "I believe I cannot promise or guarantee peace in this part of the country."

This was in answer to a request by a delegation from the Catholic commercial travelers' association, that the government take steps to stop blasphemy in the province.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornebeam, "I listened the other evening to a group of about thirty men in evening suits, making an appeal to a meeting of older men and women in the half of a building that would be a community centre for girls."

"I said it would be good for the bodies, the minds and the morals of girls who need just such a place to get together under healthy conditions. Later that same evening—much later—in the street—I caught the flashing glance of two other girls—youthful in years but older in knowledge and good sense. They were not going anywhere in particular. Their faces were heavily powdered and their eyes were held. I was oppressed by the contrast. Are we taking care of our girls?"

"Ask Judge Ritchie," said Hiram. "Ask the doctors. Ask the rounders in the streets. Ask any policeman. Ask the stall-keepers. I don't know any question so easy to answer. Ain't it a disgrace to the town. That's all I've got to say about it."

London, Feb. 13.—The urgency of the initiation of a strong policy of state aided empire settlement is emphasized by the Daily Telegraph in reviewing the annual report of the overseas settlement committee.

This paper points out that Canada's utmost need is a large influx of settlers of British blood for whom the country offers an almost limitless field. The foundation and development of Canadian prosperity has been due to such migration in the past, says the newspaper, and the dominion desires to look to no other source for enlarged prosperity in the future.

SAYS SHE HAS TOLD ALL SHE KNOWS OF CASE

Mary Miles Minter Issues a Statement in Taylor Matter

District Attorney Doubts if the Murderer Will Ever be Taken—Scores Some Newspaper Statements—Screen Artists' Guild Asks Fair Play for Profession.

Los Angeles, Feb. 13.—Mary Miles Minter, motion picture actress, issued a statement here today through her attorneys declaring that she had told investigators "all that she knew" of the life of William Desmond Taylor.

It said she could not conceive how any person could voluntarily wrong Taylor. Plea for Profession.

Los Angeles, Feb. 13.—Thirty members of the independent screen artists' guild issued a statement yesterday asking fair play from the public in its consideration of conditions in the motion picture industry, and especially in the lives of the motion picture people.

The statement said in part: "The recent unsavory publicity that has followed the wake of the demise of the late Wm. Desmond Taylor, has resulted in our industry being maligned, mere rumors accepted as fact, and idle gossip magnified into reality.

"Billy Taylor needs no eulogy. The life he led was but an indication of the true character of the man who was struck down by an assassin's bullet. "The police have given us a theory that revenge actuated the crime that resulted in Wm. Taylor's death, exciting the motion picture industry or any of its persons as being implicated.

"We are not rampant with vice. The American public did not attack all ministers because a warrant charge was charged to a preacher of the gospel.

"Our happy marriages far exceed our divorces. Our church-going populace is equal to that of any other profession.

"We are law abiding citizens and we are families. And yet Wm. Taylor's death has resulted in aspersions being cast upon this industry and upon us. We are striving to make the world a better place to live in through the screen, and we, who have accepted that responsibility placed upon us by the public through their patronage feel it is a personal affront for them to assume through innuendo that we are not worthy of that honor."

Doubt of Success. Los Angeles, Feb. 13.—There is a grave and serious doubt at present as to whether the murderer of Wm. Desmond Taylor, film director, will ever be apprehended, Thomas Lee Woolwine, district attorney, said today. Mr. Woolwine made this declaration in a statement he issued deploring what he termed "faked and fraudulent interviews" on the case, and particularly one purporting to have come from him.

Denies Interview. He said: "In the early edition of the Examiner for Monday morning there appeared on the first page an interview purporting to come from me which was never in effect given.

"The following language purported to have been uttered by me is made out of whole cloth, and is viciously false. "If the minds of the jurors who first tried Fatty Arbuckle and Arthur C. Burch are the minds of the public, then I must confess that the people do not want to be protected by the laws on the statute books.

"The following language is also made out of whole cloth, never having been uttered or thought of by me. "Nevertheless I shall ferret out the criminal who killed Taylor. Nothing will stop the district attorney's office from getting at the truth and bringing to the surface the facts which led to the murder of the noted film director."

Some Queer Clues. Los Angeles, Feb. 13.—In the eleven days that have elapsed since the murder of William Desmond Taylor, moving picture director, the police have received hundreds of clues from anonymous writers. A sample of some of the "tips" written is as follows: "I saw a woman who sent the officials in the following from a letter in what seemed a woman's handwriting: "I dreamed last night that Mr. Taylor was killed by a fair haired woman, who you have the murderer."

Miss Gorbler's Checks. Los Angeles, Feb. 13.—Neva Gorbler, film actress, who has previously stated that she once was engaged to marry William Desmond Taylor, discussed yesterday in an interview with the Los Angeles examiner, "the checks" which she said "Mr. Taylor gave me from time to time."

"During our engagement," she said, "Mr. Taylor gave me an auto as a Christmas present. "The machine was not all paid for at one time, and in order to prevent gossip, Mr. Taylor simply made out the checks to me. "Numerous other checks were for distributing charity to the poor in his behalf.

"The last check, for \$500—given me a short time before his death, can be accounted for very simply. Mr. Taylor was always looking after my career and doing all he could to help me progress in the film world. He knew I was comparatively in financial straits at that time and voluntarily sent me five hundred dollars."

THINK THAT SOME EXPLANATION IS FORTHCOMING

London Times on Lord Lee's Quotation from a French Writer Regarding Submarine Warfare—"Blot Should be Removed."

London, Feb. 13.—The London Times this morning says it is expected on the return of the British delegation to the Washington conference that steps will be taken to clear "the mystery which still surrounds the misleading quotation" from the article of Capt. Castex by Lord Lee, of the British delegation.

It is pointed out that the subcommittee on naval limitation at Washington, quoted Capt. Castex, a French writer, as having in an article supported the German theory of submarine warfare.

"It seems to be felt, and not without reason," says the Times, "that Lord Lee's action on this occasion and his subsequent failure to make an adequate apology when his error was pointed out, form the only blot on the excellent record of the British delegation at the Washington conference. It is thought essential that this blot should be removed."

The newspaper adds that the good faith of Lord Lee is not questioned, but that it is felt that some public explanation of the error or some public apology should be made.

EFFECT \$70,000,000 SAVING IN BUDGET

U. S. Naval Secretary Recommended Reduction of 10,000 Men in Navy—Also 100 Destroyers Out of Commission.

Washington, Feb. 13.—Secretary Denby appeared before the house naval committee today to recommend that the navy personnel for the next fiscal year be fixed at 90,000 men and 6,000 apparatus as compared with 100,000 men and 6,000 apparatus now authorized.

Mr. Denby recommended that there be no reduction in the existing strength of line officers of the navy; that the first class at Annapolis be graduated and commissioned but that appointments to the academy hereafter be reduced to three for each member of congress instead of five.

The U. S. naval secretary recommended that 100 destroyers be placed out of commission. He estimated that the programme he outlined would effect a saving of \$70,000,000 in next year's budget.

QUEBEC COURTS WILL SUPPORT CAMPAIGN AGAINST PROFANITY

Montreal, Feb. 13.—Assurance was given by Premier Taschereau, who visited the government offices here on Saturday, that the courts of this province would support a campaign against profanity, and that he himself was in hearty sympathy with any movement that would have as its object the eradication of this evil.

This was in answer to a request by a delegation from the Catholic commercial travelers' association, that the government take steps to stop blasphemy in the province.

HOME TODAY FROM LAKE PLACID

Gorman Not Going to St. Paul—Will be Here for the Maritime Champs—Praise for Meeting.

Hugh H. McEllan and R. S. Ritchie arrived home today from Lake Placid, where they witnessed the diamond trophy championships. The remainder of the St. John contingent will reach here tomorrow at noon. It is understood that Charles Gorman will return home in order to compete in the maritime and provincial championships and not go to St. Paul to compete.

Speaking of the races, Mr. McEllan said they were wonderful in the diamond trophy events, he said, it was impossible to pick a winner and anyone of the five was good enough to carry off the honors. In the half event Gorman was out in front with only a lap and a half to go when he pulled out from the blocks and before he realized it three of his competitors sprinted by him. In the three-quarters mile McWhirter fell on a bad stretch near the last turn and carried Charlie with him.

It is pointed out that everything was handled in an efficient manner, but that some of the Lake Placid officials were not so good to say that it was no better managed than the one here on Lily Lake. He said St. John has certainly won a place in the minds of the skating authorities in the States.

Practically all of the business of the two companies here has been done in the name of the United Lumber Ltd. The liabilities amount to about \$102,000 and assets about \$70,000.

COURT DECISION EFFECTS CHANGE IN NIAGARA RUM RUNNING METHODS

Buffalo, Feb. 13.—The recent Canadian court decision that it was legal to transport liquor to the border for export purposes has changed the whole business of rum running across the Niagara River.

The night dangers are all eliminated. The smugglers now load their fast motor boats on the Canadian shore under the supervision of Canadian customs officials and dart off to the U. S. side where they land long before warning can be telephoned the U. S. customs officers.

CLAIMS LUCKY
DEAL RESPONSIBLE

Youth, Detained in Connection With \$4,500,000 Shortage, Said People Flocked to Him With Money for Investment.

Chicago, Feb. 13.—Raymond J. Bischoff, under detention in connection with an admitted shortage of \$4,500,000 as a result of financial dealings with approximately 6,000 residents of the Chicago "back to the yards" district, blamed the lucky deal with a friend's \$260 for the continued transactions which have involved him so heavily.

"A friend begged me to play the market with his money, saying his creditors were pushing him," Bischoff was quoted as having said. "I consented, doubling his money in a week. He told all his friends, and I immediately was besieged with similar requests. That was the beginning of it."

"Dabbling in oil" led to his present status, he was quoted, after visions of big financial deals arose when he found how easy it was to have others give him their money to invest.

Bischoff's attorney maintains that the twenty-five-year-old wizard of Bubbly Creek has violated no law in his dealings, despite the shortage of millions. Bischoff gave promissory notes for the money invested with him, the attorney said, adding: "A man can't be imprisoned for non-payment of promissory notes if he hasn't the money."

Creditors may realize ten cents on the dollar, the attorney said.

Washington, Feb. 13.—United States exports in January aggregated \$279,000,000, the lowest in seven months and amounted to a decrease of about \$15,000,000 from the month of December.

Two Pullmans and a day coach of westbound Michigan Central passenger train No. 19 were derailed two miles east of Kalamazoo, Mich., today, but no body was injured.

The Danish steamer Texas, which went west ground on Hina Shoal in Vineyard Haven Sound yesterday, was floated early today by the coast guard cutter Acushnet. She proceeded on her voyage from Boston for Philadelphia, N. J.

Workers are repairing today, telephone and telegraph wires blown or weighted down with ice in yesterday's sleet storm in New York.

The weight of the ice caused many wires, some of them heavily charged with electricity, to break and fall to the street, endangering the lives of pedestrians.

There was a resumption of work on a small scale in the South African gold fields this morning. Hope was expressed that operations in other directions could be begun later in the day.

RECENT DEATHS

Mrs. Annie Robinson, widow of Thomas Robinson, died this morning at her home in Devon, aged seventy-five years.

Miss Elizabeth Mitchell of Lincoln, died suddenly at her home Saturday morning. She was aged sixty-six years. One brother, Wesley, survives. The funeral took place this afternoon.

GOOD THINGS COMING
TO THE THEATRES
OF ST. JOHN

THE GREAT POLA
HERE NEXT WEEK

The coming engagement of "Passion," the photodramatic spectacle, at the Imperial Theatre next week, will be notable in more ways than one, but, according to advance reports, one of the outstanding features is the introduction of Pola Negri, the famous continental actress, as a screen artist of the most exceptional ability. Most all the critics who have reviewed her work in this film are unanimous in the decision that she has at one leap taken her place at the head of the ranks as an interpreter of screen characters. It seems she possesses an unusual inherent abundance of dramatic fire which engages the attention, and, hence, she is accredited with being one of the most beautiful of all women. It is not flippant to add that a woman of rare beauty is not enough to attract attention without the addition of any particularly brilliant talents. Those who saw the "Passion" private screening Friday last are still commenting upon its wonderful story and presentation.

RALPH CONNOR AT
IMPERIAL TONIGHT

Canadian Author's Best Story "The Foreigner" Under a New Film Title—Usual Prices.

The Imperial presents one of the best of the famous Ralph Connor Canadian stories, "The Foreigner" (under the film title "God's Crucible") tonight and tomorrow. The scenes of the fiction are laid in the actual wheat fields outside of Winnipeg and amid the snow-capped Rockies. It is a stirring tale of the fortunes, ill and good, of an immigrant family, giving a vivid glimpse at Canadian life as it is found in the newer provinces where expansion is going on continually through newcomers. In story value and pictorial worth the feature will greatly please everybody. News fees, Topics of the Day, etc., extra. Ordinary prices.

TUESDAY AND
WEDNESDAY AT
"THE GARDENS"

Tomorrow evening a valentine masquerade dance is announced for The Gardens, and Wednesday evening marks the opening of the fox trot contest for a prize of fifty dollars.

STEAL 20 CARS
A DAY IN N. Y.

6,000 Machines Valued at \$30,000,000 Taken Last Year.

New York, Feb. 13.—Twenty residents of Greater New York lose their motor cars by theft each day of the year, it is estimated by police officials. More than six thousand autos were stolen from New Yorkers last year. The estimated value of the stolen cars and accessories is \$30,000,000.

A Woman's
Rheumatic Lameness

Relieved by Hood's Sarsaparilla.

I have taken Hood's Sarsaparilla and it has done me so much good in relieving my lameness I am very thankful to you for it. I can walk well now and go almost everywhere. Before taking this medicine I was confined to the house for a year and a half. It strengthened my limbs.

I advise my friends that are lame from rheumatism to take it. My husband and son have also taken Hood's Sarsaparilla, and it has given all of us a good appetite. Mrs. Mary A. Wall, 21 Florence street, Rockland, Me.

If you need a laxative or cathartic take Hood's Pills.

A FALLING OFF
IN U. S. TRADE

Washington, Feb. 13.—United States exports in January aggregated \$279,000,000, the lowest in seven months and amounted to a decrease of about \$15,000,000 from the month of December.

Imports for January totaled \$216,000,000 as against \$227,000,000 the previous month and \$209,000,000 in January, 1921.

Two Pullmans and a day coach of westbound Michigan Central passenger train No. 19 were derailed two miles east of Kalamazoo, Mich., today, but no body was injured.

The Danish steamer Texas, which went west ground on Hina Shoal in Vineyard Haven Sound yesterday, was floated early today by the coast guard cutter Acushnet. She proceeded on her voyage from Boston for Philadelphia, N. J.

LOOKS LIKE TONG
WAR IN THE WEST

Shootings in Seattle, Butte and San Jose—Five Arrests—Quiet in San Francisco.

San Francisco, Feb. 13.—Chinese tongmen throughout the west were reported under cover or on their guard today as the result of an apparent outbreak of a long war last night, when two Chinese were killed and a third wounded in Seattle, one slain in Butte, Mont., and one shot, probably fatally, in San Jose, Cal.

In every instance the shootings were carried out in characteristic tong manner, police reports indicated. In Butte and in Seattle, the Chinese, said to have belonged to tong, were shot down in the street. Seattle police made five arrests in connection with the shooting.

Low Mow, seventy-two, said to be the only member of the Bing Kong Tong in San Jose, was met at his doom, according to a police report, by three young Chinese, who fired three bullets into his body.

While San Francisco is headquarters for most of the tongs, no trouble had been reported here early today.

SAYS CHECKERS TOURNAMENT WAS REQUIRED FOR DRAWS
London, Feb. 13.—The number of games drawn in the international checkers championship match just concluded at Glasgow constitutes a record. Thirty-seven of the forty games played by Robert Stewart of Scotland and Newell W. Banks of Detroit, were drawn, two victories giving Stewart the championship. The nearest approach to this, says the newspaper, was at Madison, Boston between Jordan and Barker, in which thirty-six games were drawn.

HOUSE OF LORDS REFORM
London, Feb. 13.—Premier Lloyd George re-opened the subject of reform of the House of Lords in the House of Commons today. He told the members that the government's proposal for reform of the lords would be introduced in the form of resolutions in the House of Lords.

MONTRAL EXCHANGE
Montreal, Feb. 13.—(10.30)—Asbestos Corporation featuring the first half hour of trading on the local market this morning registered a gain of 11.2 points to 47.

BRASILIAN WAS QUOTED AT A QUARTER WEAKER AT 81-2.
Other issues were quiet.

THE MONCTON RACES
Owing to the good work done by him as clerk of the course at the Canadian National championship skating meet held recently at Lily Lake, Ernest Strirling has been invited by the management of the New Brunswick Championships, which will be held in Moncton on February 25, to act in a similar capacity.

Mr. Strirling also has been furnished with entry blanks for the races and those in St. John wishing to compete can secure same from him. Arrangements also are under way to run a special train from St. John to Moncton on the day of the races and it is expected that a large number of St. John fans will make the trip.

ENTERTAINED STAFF
A very enjoyable time was spent at the summer home of J. Fraser Gregory at Millington on Saturday evening when Mr. Gregory entertained his office staff and a few of their friends at a sleigh drive and dance. After the drive a delicious supper was served, and the party adjourned to the spacious living room where dancing was enjoyed and a musical programme was carried out.

Those taking part in the programme were Mrs. D. Jackett, Miss Ferris, Miss Olivia Gregory, Mrs. Bauer, Mr. Latham and Miss Vera George. At the close of the evening a hearty vote of thanks was tendered Mr. Gregory by Mr. Turner, manager of the wood-working department, and all joined in singing "Auld Lang Syne" and in giving three cheers for the host.

JOHN G. CONNOLLY
Word was received in the city this morning of the death in Ottawa of John G. Connolly, a native of Fredericton, and customs officer at Vancouver for several times, and many friends will regret to hear of his death. Mr. Connolly was walking from his office to his home last Thursday, when he was taken ill suddenly, and died in a few hours, without regaining consciousness. He was a nephew of the late Mr. Connolly of this city and a brother of the late Sisters Clotilda and Monica of St. Vincent's convent, He is survived by three sons, Rev. Lewis of Ottawa, W. G. with the G. T. R. at Vancouver and Charles C. agent of the C. P. R. at Medicine Hat; two daughters, Miss Alice, at home and Rev. Mary Clotilda of the Grey Nuns, a teacher in St. Patrick's school at Ottawa; one brother, Charles N. of North Dakota and one sister, Mrs. J. Burns of Minneapolis. The funeral was held from St. Joseph's church at Ottawa.

Mrs. Blake Ferris, who assisted in vocal numbers, added much to the charm of the programme.

TORONTO INSISTS ON THE REGISTRY OF BIRTHS

(Toronto Telegram.)

In trying to ascertain the exact infant mortality rate in the city recently, the medical health officer had one of his assistants investigate the baptismal records of the Roman Catholic and Anglican churches, and the circumcision records of the local synagogues. Out of 845 children thus listed it was discovered that 184 had not been registered at the city hall in accordance with the law. Dr. Hastings calculates from this that 15 per cent of the births in the city are not registered.

"We have the names of the people who have not registered the births of their children, and we are going to find out why they have failed to do so," said the city clerk. "We have no intention of making trouble. What we want is the record of all births. If those who have failed to report the births of their children to this office will do so at once, we will be satisfied. But we have no alternative but to prosecute those who willfully neglect registration."

Mr. Littlejohn stated that the medical men, on the whole, fulfil their part of the regulations faithfully, but in Toronto there are innumerable births at which midwives officiate, while in the foreign sections children are brought into the world without professional assistance. In this respect the city clerk is desirous that rabbis and other instructors of the various foreign colonies should inform their people of the law.

There are many advantages in having an official record of the date and place of one's birth. In obtaining insurance the exact age of the applicant is usually required. Birth certificates may be used to establish the legal working age, the marriageable age, the age of eligibility for sports upon which age limits are placed, and there is the statistical value to the city.

There is no charge for registration, but 25 cents is charged for a birth certificate.

The Evening Times and Star

ST. JOHN, N. B., FEBRUARY 13, 1922.
The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE HYDRO QUESTION.
The February number of The Clerk, just out, devotes a good deal of attention to the hydro question and contains a striking article by Mr. Herbert Phillips on that subject. In an editorial, the Clerk says—

"What we need is men capable of carrying out big things—men with vision and foresight. We feel sure that our city council will not let it be said that St. John blocked the progress of the power by turning down the offer of cheap power from the Musquash development. It is the duty of the city council of St. John to take over and distribute the Musquash power if they wish to prove that they are studying the interests of the citizens. Any agreement that would provide for private profit at the expense of the citizens will be directly against their interests. What happens during the next few weeks will decide whether St. John is to progress or to stand still."

In another paragraph the Clerk says that up to the time of writing "more than one thousand substantial citizens have shown their confidence in Mr. Phillips' endeavor by signing a petition for municipal ownership, and it is expected that this number will soon be increased to five thousand."

THE FREE KINDERGARTENS.
It would be a very simple matter for the ladies who give time and energy and money to the conduct of the affairs of the Free Kindergartens to withdraw and confine their attention to their own personal concerns. By so doing they would escape criticism. To their credit be it said, they do not withdraw, but go on working for the benefit of the children. The five kindergartens reach about two hundred and fifty children, and they are children who need to be reached. Homes are made brighter because they are reached. It deserves hearty public support. The supervisors and their assistants are trained and devoted workers whose heart is in their work. They are not overpaid. The financial statement printed in the Times on Saturday shows that there is no extravagance. The kindergartens would certainly not be conducted any cheaper if they were in the public schools, where they really belong, nor would the homes be as effectively reached as now in a helpful way. It would be a crime against the children if the kindergartens were closed because of a lack of financial support. The appeal to the citizens should therefore meet with a most generous response. In the free kindergartens the bodies as well as the minds of the little ones are regarded. If they are hungry there is a morning lunch. If they are poorly clad there are warm garments. There are instructive games and music and play-fellowship, and simple little lessons that train for character. Every citizen should be a warm friend of the free kindergartens.

AN AMERICAN VIEW.
Hon. George W. Wickham, attorney-general of the United States, in an address before the Canadian Club of Toronto this week, expressed the view that "the international conference in the world's history has come anywhere near its equaling in achievement." Particularly with regard to the Pacific problem, he said, had infinite good been accomplished, and in the settlement of international affairs as regards China. There was, however, a greater achievement and it was thus described by Mr. Wickham—

"I think the greatest thing that has come out of this conference in Washington is the drawing together in closer and more intimate relations of the various branches of the great English-speaking peoples of the world. That relationship, the continuance of that intimate understanding, and that co-operation, I verily believe, at the foundation of the future peace and welfare of humanity."

The speaker pointed out that the first real limitation of armament treaty was that which prevented armament along the Canadian-American boundary, and said it had a great moral effect at the Washington conference. The establishment of the principle of conference to deal with questions of the nations, which might arise in the future, he regarded as of great importance, and his concluding sentences make a very strong appeal to all Canadians as well as Americans. He said—

"If we can educate all the nations, if we can begin ourselves—I speak as an American—by going into conference with the other powers, and sitting down and understanding the other's point of view; searching our own hearts to determine whether our predilections are well founded; going in the spirit of accommodation, in a reasonable spirit of renunciation, we will have set a standard for the government of the world that will do more than anything else—far more than battleships, far more than fortifications, far more than armies—in solving the problems of conflicting nationality."

The Ross report has at last been received. It will be studied with very great interest by the citizens. It is not, however, the last word on a subject that is of vital importance to the industrial future of St. John.

NECAPWA, (Mont. Press)—While the Progressives of Alberta are standing solidly against that province having cabinet representation at Ottawa the Liberals of Quebec are holding a seat ready for acceptance by Hon. Chas. Stewart. The attitude of the Progressives favors of anarchy—they will do nothing to facilitate government—while that of the Liberals (of Quebec only) indicates the true spirit of democracy; a seat that rightly belonged to a Roman Catholic is generously offered to a Protestant.

VOLGA.

Age is in their wasted features; Terror dulls their piercing cries; Little children, loved of Jesus, Falling nevermore to rise. Look the troupe now in pouring In their cups of sunken eyes.

We who feel our tables groaning With their wealth of meat and grain; What care we of gentle children, With the breath of famine slain? What to us the tombless graveyards On the cold Podolie plain?

All day long the white rimmed Volga With a ghastly moan is fed, All night long she moans seaward With her crop of bloated dead, Holding up their souls in pity To the cold moon overhead.

Frozen sores with awful gaping; Twisted faces carved with pain; Wasted limbs and swollen bellies; Here are Russia's sleeping train. Can we on our day's enjoyment Cleanse our garments of this stain?

Miles and miles of moonlight glowing On a far more ghastly hue; Miles and miles of smoking snowbanks With dead hands protruding through; Dumb, dead hands that plead in silence To the soul in me and you.

There's a land where sorrow's children Never know the foot of clay; I can hear them slowly, slowly, In their ghost-like bodies pray For the crumbs our burdened tables In the feast hour cast away.

Olga might have been your daughter; O her walls of golden hair; When you think of children's laughter Can you leave her lying there, Where the Volga waits to take her On that last ride of despair?

We can rub our hands as Pilates, But, from that far walling shore, God will bear the Volga's burden Unto every Christian's door. And the dead upon your threshold Will lie there for evermore.

But the preachers go on praying; And the little people die; And the children, loved of Jesus, Vainly, with their thin lips cry; Vainly plead their swollen faces To the silent winter sky.

And the Volga moves to seaward With her crop of bloated dead, Holding up their souls in pity To the cold moon overhead. What the Master Jesus said, WILSON MACDONALD. Toronto, Feb. 2, 1922.

LIGHTER VEIN.
Mother (to Betty who has been sent home owing to indisposition of school mistress)—"I hope you're better, but I'm sorry poor Miss Pringle was ill. Betty—Oh, I was mother, but I couldn't help crying my eyes under my breath—Punch (London).

The poet's London.
Visitor—Who caused that unsightly fence to be put up in this beautiful park?
"Oh, that is the home of John Sweet-singer, the famous portrayer of the children of the street."
"Childish and 'fratting' voices built to keep out the neighbors of children—Life."

No Peace in It.
"Are you not in favor of peace?"
Canadian: "It has gotten so that a man can't mention 'peace' without getting a Reform Club luncheon in Washington Star."

A Bit Mixed.
The teacher was using the gramophone to make the children familiar with good music. Two young boys, however, had finished a duet and the teacher said: "Now children, you can tell me the names of the two boys who sang." "Caruso," replied a small boy. "Yes, and who was singing with Caruso?" "Caruso's man Friday," was the disconcerting answer.—Boston Transcript.

Prepared.
A tall, nervous-looking man rushed into the village grocer's shop. "Sell me all the stale eggs you have," he demanded. "Well, I don't usually sell stale eggs," said the grocer, "but I could let you have some if you—"
"I must have all you've got."
"I suppose you're going to see 'Hamlet' at the village hall tonight?" said the grocer, knowingly. "Flush" said the stranger glancing around nervously. "I am Hamlet."—Tit-Bits.

PUBLIC OWNERSHIP UPHELD IN DEBATE

Contending that the public ownership and operation of public utilities was preferable from every standpoint to the private ownership and operation of such utilities, the Y. M. C. I. debating team defeated the Knights of Columbus team in the Knights of Columbus hall yesterday afternoon in the fourth debate of the inter-society series.

F. X. Jennings, leader, and W. R. Walsh represented the Y. M. C. I. and upheld the affirmative side of the resolution. Resolved that the public ownership and operation of public utilities is preferable to the present private ownership and operation of public utilities. The Knights of Columbus team, made up of Fred Hazel, leader, and John Kennedy, upheld the negative side.

Dr. J. B. Gosnell, vice-chairman of the inter-society debating league, presided at the debate and J. Frank Owens, W. J. Shea and W. M. Ryan acted as judges. The matter of presentation the Knights team was superior, but the sufficient argument to cancel this advantage of their opponents. Hon. R. J. Ritchie made a brief speech, congratulating the debaters, and in which the judges had retired to consider their decision.

By winning yesterday's debate the Y. M. C. I. team has come up on even terms with the Assumption Society of West St. John for leadership of the league. Each now has two victories and no losses. The next debate will be between the two teams representing the inter-society debating league.

At a meeting of the executive of the league held recently, it was decided to inaugurate a series of public debates in the series.

THREATS AND INSULTS INSTEAD OF JUSTICE

(Halifax Chronicle).
So far as we know the majority of that section of the country (Ontario), who talk about "think nationally," have never shown any interest in the public ownership of maritime ports. They are quite content to have their exports and their imports carried through Fortland, Maine, if it means more dollars in their pockets. If they were concerned about national development, they would have tested their influence and their support to the proposal for the restriction of the British preference to impose through Canadian ports. That proposal, however, found little if any support from that section of the country. They care nothing for the interests of the ports of Halifax and St. John, so long as they found it more advantageous to their business through New York or Boston.

Now we have the threat held to us openly that if it does not bow down to the Toronto idiosyncrasy, the West will combine to build up Portland, Maine, and put the Atlantic ports of Canada out of business.

This is a fine attitude for those who talk so loudly about national development. When the great crisis of the war was on, on what service was Portland, Maine, to Canada in the cause for which our soldiers fought during the greater part of the war? The value of the Atlantic ports of Canada was demonstrated during those five and a half fatiguing months of the war.

Canada could not have carried on her business had it not been for the facilities existing on the Atlantic seaboard, more particularly at Halifax.

Surely this is a nice state of affairs that now we should be lectured and threatened in the name of "national development" by our representatives, in behalf of the people of these provinces, should be asking for treatment and equitable adjustment of the Intercolonial Railway situation! It is a matter of history that the building of the Intercolonial Railway was an essential condition of Confederation. If that condition had not been met, it is doubtful if the Confederation scheme could have been carried through. All that the people of these provinces are asking is that their condition and that the maritime provinces shall be given a fair chance for their lives, both as regard railway freight rates, which are now not only crippling but paralyzing, and as regards the establishment of a management which will make the Intercolonial Railway a public utility.

It is not a sectional demand, it is not a desire for patronage, or the establishment of the spoils system; it is in the interest of the Dominion should grow and prosper. We have contributed more than our share to the building of railways and other transportation facilities in the Dominion, and we do not propose to be turned out of our own country, or to be subjected to the national treasury and have remained there ever since.

Again these provinces have submitted to a protective tariff, which has been mainly adjusted to serve certain interests in Ontario. Manufacturers of that province have insisted on a tariff on the things they produce, but they have stoutly resisted the adoption of customs duties to be met by taxing the people of other provinces. They have insisted on the purchase coal from the maritime provinces. It is not true that the Intercolonial Railway was run for patronage purposes. The railway had an authority and responsibility of a very definite nature, and there were few railway men in the maritime provinces who were not earning their money. And the business men of the provinces, and likewise the business men of Ontario, who do business in the east, know that they get a service on the Intercolonial, unparalled by any private enterprise, a better service than they have had; a better service than they have had; a better service than they have had; a better service than they have had.

It was being sent to Toronto, and since much of the rolling stock was diverted to the west.

During the months of January, February and March our stores will close at one o'clock on Saturday.
"X" BOILER LIQUID
Permanently Repairs Leaks in Heating Boilers and Removes Scale
How "X" makes Boilers Leak-proof, Rust-proof, Scale-proof and Prevents Foaming. When "X" is poured in the boiler it combines instantly with the water. In sizzling out through the crack the water is vaporized and the "X" is changed by atmospheric oxygen into a solid which fills up the crack. The constant heat in the boiler hardens the repair to the toughness of metal so that it will stand 500 POUNDS PRESSURE.
A quart can of this wonderful liquid will do a \$50.00 repair job; a half gallon can will do a \$100.00 repair job.

SAND AND GREY
FASHION'S DECREE

Tall, Slender Woman With
Clinging Draperies Fashion-
able—Skirts at Ankles.

New York, Feb. 13—A tall slender woman whose draperies are somewhat clinging, and whose taste excepting in trimming runs to sand tones and grey, will be the fashionable figure this spring. This seemed to be established when the National Garment Retailers' Association held its big annual display of spring fashions. The association, composed of many famous creators and importers, whose small, heavily curtained shops are traditions on the Avenue, and in the Upper Fifties, spread before the entranced eyes of the audiences hundreds of gowns, coats, suits and accessories. Dozens of scintillating Broadway luminaries turned models for the occasion, and they sauntered up and down a stage designed to represent a picture without a frame, wearing garments totaling value into the hundreds of thousands. Pointers for Seasons. These pointers on fashions of the coming season indicated by styles exhibited. Suit coats are circular and hip length; sleeves three-quarter length, slightly short. Skirts are ankle length with panels longer.

THOROBREAD
FLOUR

Becomes a Habit
Filled by Hunt Bros. Limited London Canada
Thorobread—the flour's name—made by Hunt's of flour fame.

Gray, old blue, sand, dull rose and lavender are favorites in suits. Bon fire red, flamingo, and other brilliant shades are used in afternoon and evening gowns. The sports notch characterizes everything for street wear. Hats are wide, and flowers a popular trimming. Characteristic of suits shown, other than the severely tailored sports models, was a beautiful creation in dove grey of silk serge, named "Frances serge," after Madame Frances, the advocate of American styles for American women. Like most of the dressier models, it was a three-piece garment, with slightly full skirt finished with loose panels and the bodice merging into wide chiffon sleeves embroidered with dull gold. A little black velvet bow nestled at the fastening of the narrow Dutch collar. The circular coat, of hip length, was trimmed with a narrow band of gold braid and a piping of black. A Tuxedo collar failed to halt at the bottom, but continued in panels half way down the skirt. The pockets were finished with flaps, which extended far below the hem of the coat. Striking Evening Gowns. A striking evening gown was listed on the programme as "Daffodil." It greatly resembled that pleasant blossom, being constructed of chiffon of about the same fragility as flower petals and holding precisely the glow of sunshine glancing across a patch of yellow blooms. The entire skirt was constructed of narrow founcings with little squares of the chiffon attached at intervals by a corner. These lifted and floated about the wearer with every movement. Another suit which elicited gasps of admiration was identified as "The Shell." Made of white broadcloth, the narrow skirt appeared narrower by overlapping at the left side in a curved effect. This coat, also, was cut on circular lines of hip length, with wide sleeves. About all edges, including the skirt hem, was a banding of brilliantly colored Arabian embroidery. A hat, worn with one of the suits, was a wide-brimmed affair of white felt, with irregular crown and edges bound with black. The trimming was a bunch of black roses and leaves, one upon either side of the crown. They were acquired to a shining ebon quality startling as patent leather.

"Society Brand" Suits
for Spring Are Here

Quality of material and workmanship is particularly pronounced in the new "Society Brand" models we have just received. Many men and young men will be glad of this opportunity to get the new styles. But that isn't all they will be getting. They will really be getting more quality—better clothes. You don't know how much a suit of clothes costs you when you pay for it. You won't know until after a few months. That is when you learn that "Society Brand" Clothes are better value. The price may be slightly higher because it costs more to make this kind of clothes. But they look so much better and last so much longer that in the end they cost less. We cordially invite every man and young man to view these new spring models.

RECENT DEATHS

After a short illness, Mrs. Percy H. Jones died early yesterday morning at her residence, 88 Rothway avenue. She was the daughter of Mr. and Mrs. Allen and leaves, besides her parents and husband, one son, a brother, Eldridge, of this city, and one sister, Mrs. James Collins, also of this city. The late Mrs. Jones was twenty years old. The funeral will be held from her late residence on Tuesday at 2:30 p.m. Hunter P. Brittain, 133 Prince street, West End, was found dead at the foot of the back stairs in his home early yesterday morning. Death is thought to be the result of heart trouble and a fall down the stairs when he was returning after work. He was heard entering by his wife, who rushed out on hearing him fall, and was shocked to find him lying dead. Besides his wife, he leaves one young daughter, Dorothy, and also his mother, two brothers and one sister. The sisters are Mrs. George New York, and Mrs. J. A. Campbell, West St. John, and Miss Mabel Brittain, at home. The brothers are Frederick A. Brittain, Philadelphia, Pa., and Willard E. Brittain, at home. The funeral will be held on Tuesday afternoon from his late residence.

THE CHURCHES

In the year 1921 the contributions of the Anglican church to the Missionary Society of the Church of England in Canada totalled nearly \$500,000 and far exceeded the amounts given in previous years. Rev. Dr. W. E. Taylor, of Toronto, educational secretary of the M. S. C. C., in presenting this fact to various congregations in the city yesterday, made an eloquent appeal for continued contributions to missionary causes, explaining that never had the time been more opportune for the extension of missionary work. The Baptist ministers in the city made their usual interchange of pulpits yesterday morning. Rev. C. R. Freeman, of the Charlotte street church, was in the Waterloo street church. Rev. C. T. Clark, of Fairville, conducted the service in the Main street church; Rev. A. L. Tedford, of the Tabernacle, was at Ludlow street; Rev. John A. Sweetnam, of the Waterloo street church, was the preacher in the Charlotte street church; Rev. G. D. Hudson, of Victoria street, conducted the service in the Central church; Rev. Isaac Brindley, of the Central church, preached in Victoria street church; Rev. Dr. David Hutchinson, of the Main street church, was in the Tabernacle, and Rev. F. H. Bone, of the Central church, was in Fairville.

FUNERALS

The funeral of Harry C. Kerr was held yesterday afternoon from the residence of his father, 74 Cammen street. Service was conducted by Rev. E. P. Westcott, curate of St. Luke's church. Mr. Kerr was a returned soldier, and the casket was draped with the Union Jack. The funeral of Mrs. Mary Connelly was held yesterday afternoon from her late residence, 182 Rockland road, to Holy Trinity church, where service was conducted by Rev. J. J. Walsh, V. C. Interment was made in the old Catholic cemetery. The funeral of James A. Orr was held yesterday afternoon from St. James' church. Service was conducted at the church by Rev. H. A. Cody, and at the chapel in Fernhill by James McMurray, W. M. of Albion Lodge, F. and A. M., assisted by his officers.

YESTERDAY IN THE CHURCHES

The celebration of the sixty-fifth anniversary of the founding of Exmouth street Methodist church was held yesterday. In the morning he administered the rites of confirmation to a large class of candidates in St. Paul's church, and in the evening to thirty-two candidates in the Mission church. The ordination of baptism was administered to three candidates. At the evening service last night in Germain street Baptist church a tablet to the memory of six members of the congregation who gave their lives in France was unveiled by Rev. F. S. Porter and dedicated by Rev. S. S. Poole. The church was draped with flags, and palms and poppies were placed near the pulpit. The tablet, which is of bronze, bears the following inscription: "In loving memory of the men of this church who gave their lives in the great war: H. Rutgerford Simms, Walter G. Smith, Kenneth E. Daley, Alfred R. MacKinnon, David Wells, William H. Milden. Miss' loved honor more than they feared death." Those taking part in the service were Messrs. Campbell, Smith, Cross and Currie, J. S. Smith, Mrs. Blake Ferris and T. C. Cochrane.

CORONATION OF POPE PIUS XI
Sixty Thousand Witnessed Impressive Ceremony.
Rome, Feb. 12—Pius XI was crowned pope in the Basilica of St. Peter's today amid scenes of pomp and enthusiasm and in the presence of princes and dignitaries of the church, the diplomatic representatives of foreign countries, members of the Roman aristocracy and a vast assemblage filling the great structure to the very doors. The ancient custom was carried out with impressive ceremonies and the newly-elected pontiff now occupies the throne of the first pope reported crowned—Leo III who reigned from 750 to 816. Pius XI again blessed the crowds from the outer balcony of St. Peter's, this time nearly 200,000 people crying "long live the pope," and waving handkerchiefs, many of them multi-colored and admission tickets to the Vatican which had failed to find them room inside the great church. It had been officially announced that "owing to the cold weather," the pope would not bless from the outer balcony, but such was the insistence and warmth of the cheers, lasting three-quarters of an hour, that the pontiff finally decided he must answer the call of his children. BUT NOT AS GUESTS Gordon Macdonald, Fred Howie and William Wright were charged in Brantford, Ont., with being drunk, having been found in a private house. They were freed on this charge, Magistrate Blake holding that getting drunk in a private house was a right not yet taken away. But as they had drunk from Wright's bottle in Howie's house, a breach of the O. T. A. was charged, and it cost each of them \$100 and costs.

Finishes Second in Half Mile and Third in Three Mile—Steinmetz Crowned "Skating Ace"—Jewtraw Finished Second.

William Steinmetz of Chicago, took third place in the mile at Lake Placid on Saturday, and thus earned the title of "skating ace of America". Steinmetz raised his points to 120. Jewtraw of Lake Placid, was a close second with 115 points. Moore finished third with 60 points; Charlie Gorman trails 40 and McWhirter trails with 25. Donovan of Chicago, with 130 points, outstripped the Lake Placid cup field. Kasky of Chicago, was second. Frank Garnett was not a point winner, but he was well up in every contest. Tommy Tebo finished second in his heat yesterday after getting away to a poor start. Charles Gorman finished second in the half mile and third in the three mile contest, at Lake Placid on Saturday. He made a strong bid for victory in both cases.

PLANS CLEAN-UP OF AMATEUR SPORT

President Covey Says He is Going to Make Those Preferring Charges Prove Them.

(Halifax Chronicle)

The amateur authorities of the Maritime Provinces are doing everything in their power to protect amateurism in their power to protect amateurism in the Provinces, and are leaving no stone unturned in their efforts to solve the problems with which they are confronted at present. They are not playing into the hands of the would-be promoters of professionalism sport in the Maritimes, but on the contrary are using every possible means in their power to make the people who are presenting charges against the amateurs prove their allegations up to the hilt.

The above is the message of President Covey of the M. P. A. U. of C. to the amateurs of Halifax, and is in accord with the usual conduct of the President, that is, straight from the shoulder and to the point. Mr. Covey was in Halifax yesterday, having arrived from Sydney where he had been investigating the amateur situation, and while in this city he called an informal meeting of some of the most prominent officials, was held at Morton and Thompson's on Sackville street, yesterday afternoon.

During the course of the meeting Mr. Covey informed the assembly that the amateur authorities had arrived at a definite plan, which they proposed to work on in their effort to clean up the much discussed matter of veiled professionalism in the amateur ranks. In the past there has been some adverse comment by the press and public on the methods employed, or rather about to be employed, by the amateur authorities in their efforts to get the tangle straightened out, but at the meeting yesterday afternoon Mr. Covey made it very clear that he was acting in a very fair manner to all concerned.

The much discussed affidavit that will have to be taken by the amateurs was read and on the whole it seems to be a very fair document, and contains a clause which covers the period of the war which found matters of sport in a very involved condition, which clause allows any athlete to take the time necessary to be accepted money for participation in athletics during the war. As far as playing into the hands of the enemies of amateurism is concerned, Mr. Covey made it clear, to the writer at least, that he was doing everything in his power to aid the amateur cause, and was taking a stand in the matter that would cause the wrecking element to be in a position in which they would have to deliver the goods if they had them on any athletes, and which would make the "goods" be obtained recognition from him. Mr. Covey is in possession of a very large list of names with charges of professionalism against them, there being some very prominent local players included, but Mr. Covey will make the people who are preferring the charges prove them beyond even the slightest doubt, and if they are not proven they will be relegated to the waste paper basket. After seeing Mr. Covey yesterday the writer is of the opinion that the amateurs of the Maritimes will get a square deal from the President of the M. P. A. U. of C. and when the time comes for the charges and names to be made public they will be given every opportunity to "prove their innocence."

HARRY HARPER ASKS YANKIES FOR AN INDEFINITE LEAVE

Washington, Feb. 13.—The Yankees may be without the services of a veteran southpaw when the next pennant race gets under way on April 12. Harry Harper, the only left hander with the team last season, who was out of the game most of the time owing to injury, has applied for an indefinite leave of absence. The request has not been granted, but a definite announcement is likely within the next few days. Harper is engaged in a trucking business with his brother at Hackensack, N. J., and the firm has made some contracts in connection with the proposed tunnel under the Hudson River connecting New York and New Jersey. Harper has declared himself in favor of remaining out of baseball to engage in this work. Business Manager Edward G. Barrow's admitted that Harper has made the request, but the Yankee owners are hoping that he will be able to arrange his affairs so as to stay with the club. A conference with Harper is scheduled for later in the week in New York.

DARTMOUTH GETS CHAMPIONSHIP

Hanover, N. H., Feb. 12.—Dartmouth won the intercollegiate ski and snowshoe championship yesterday with a total of 25 1-2 points to 23 1-2 for McGill University, of Montreal. McGill was the winner last year. Anderson, of McGill, won the 200-yard snow shoe dash and finished second in the two mile snowshoe race, which was won by Cole of Middlebury. McGill captured the half-mile ski race with Middlebury second and Dartmouth third. The other points for Gorman came from second in two events, third in two and a tie for third in another.

TEX RICKARD HELD IN \$10,000 FOR THE GRAND JURY

New York, Feb. 12.—Tex Rickard, sports promoter, was held in \$10,000 bail for the action of the grand jury by Magistrate George W. Simpson yesterday on a charge of attacking fifteen-year old Alice Itack. The children's Society is prosecuting the case.

Big Meet Assured.

A professional skating meet is practically assured for St. John during the last two days of next week. This announcement was made last night by J. L. McNulty, who is handling the meet. Contracts have already been forwarded to Edmund Lamy, who has accepted the terms mentioned in the contract, on behalf of himself, Bobby McLean, Everett McGowan and a fourth skater. Arthur Staff is conducting his own negotiations and no agreement has yet been reached with him. It is likely that the East End rink will be used for the meet. The events proposed are the 220 and 440 yards, the half mile, the one mile, the three mile and either the two mile or three quarters. Acrobatic and fancy skating exhibitions will also be given.

Bobby McLean Wins.

Bobby McLean of Chicago, is the new indoor speed skating professional champion. He won the title at Cleveland Saturday night with a total of 210 points to his credit. Norval Baptiste of Minneapolis, was second with a score of 140 points. Ben O'Sickey of Cleveland and Everett McGowan of St. Paul, split third and fourth money, each making 120 points.

Could Not Finish Match.

The second annual match between the Thistles and St. Andrew's Curling Club was commenced on Saturday afternoon, but owing to the soft ice on St. Andrew's rink the evening contest had to be cancelled. It was decided to play the whole thing over and the scores on Saturday afternoon will not count in the final. The Thistles came out on the long end of the score with 126 stones to St. Andrew's 110.

DEATHS BY ALCOHOL JUMPED 50 P. C. IN 1921

In Other Respects Mortality Rate was Lowest in History—Drop was 13.7 to 8.54 per cent.

(New York Times.)
Deaths from alcoholism increased 50 per cent in 1921 against 1920 in the experience of the Metropolitan Life Insurance Company, which announces that in other respects 1921 had the lowest death rate ever recorded in the United States and Canada.
The rate was 8.54 per thousand lives, a rate indicated by statistics based on the experience of nearly 14,000,000 industrial policy holders. This is lower by 13.7 per cent than the 1920 death rate, and lower by 31.9 per cent than the death rate in 1911.
The death rate has been cut chiefly because fewer victims were being claimed by tuberculosis, pneumonia, influenza, Bright's disease and industrial accidents.
"In a period of eleven years," the company says, "mortality from tuberculosis has been cut almost in half. This in itself is an unparalleled accomplishment in the history of public health. But more amazing still is the fact that the decline is continuing at an increasing rate from year to year. Despite the fact that it was marked by a business depression, unemployment and their consequences, 1921 showed a greater decline in the tuberculosis death rate than any year on record. We have no better evidence of the effectiveness of the public health movement for the control of tuberculosis."
The lower death rates for organic heart disease and for Bright's disease are additional evidences that the public health work of the last twenty years has been effective in reducing the incidence of the infectious diseases and local infections.
One cause of death which resulted in greater ravages than ever in 1921 is said to have been the automobile.
"For ten successive years," the bulletin continues, "the death rate from this cause has registered an increase. The 1921 death rate is more than five times that recorded for 1911. It is four times as high as the 1912 figure; it is more than twice as high as the death rate recorded for 1915, and 41 per cent higher than the figure for the year 1916. The control of the rising death rate from this cause is one of the unsolved problems of police and accident prevention work in American cities. There is small comfort in the fact that the number of automobiles has also increased, and that in consequence there are fewer deaths in automobile accidents per automobile in operation than there were five or ten years ago. The outstanding fact is that, whether being killed by the first fifth or tenth automobile, the number of deaths caused by motor vehicles and the automobile death rate continue to grow year after year."
The most conspicuous bad spot in the record of the year is the increase in deaths from diphtheria. The mortality from this disease was higher than in any year since 1917. This is all the more deplorable because the means for the suppression of case incidence and case fatality should be known to every health officer and every physician in the United States and Canada.
The scarlet fever rate was higher than for any year since 1914.

FLEISCHMANN CO. BUYS BRONX BLOCK

Will Erect Research Laboratory on Site Opposite Franz Siegel Park—Building to Cost \$250,000.

(New York Times.)
The Fleischmann Company took title yesterday to an entire block in the West Bronx, opposite Franz Siegel Park, as a site for a monumental building to be used as a research laboratory.
Ground for the new structure, which is estimated to cost \$250,000, will be broken today, and active work will be started next Monday by the George A. Fuller Company, which has been awarded the construction contract.
The block which the new building is to occupy was purchased from the Broadway Savings Institution, which B. Kelly, president, which holds several other large and valuable parcels of realty in the vicinity. It has a frontage of 210 feet on Mott avenue, opposite Franz Siegel Park, 210 feet on Sheridan avenue, 225 feet on both 157th and 158th streets. The Broadway Savings Institution held the property at \$125,000.
Built in limestone and marble, the structure, which will be only two stories in height, with high arched windows and doorways, will undoubtedly prove an artistic addition to the neighborhood.
The main walls will be erected thirty feet back of the existing building lines in both the side streets and the avenue. This will permit the parking of the entire thirty feet around the building and the erection of an elaborate fountain on Mott avenue. Ewing, Bacon & Henry negotiated the sale of the property.

PARADISE OF USURERS.

Hundred Per Cent. a Month Interest Paid for Loans in Moscow.

Moscow, Feb. 13.—One hundred per cent a month is the average interest charged in Moscow, which has become a money-lenders' paradise. Notwithstanding the seven trillion or more rubles printed in the past four years, there is not enough money in circulation to accommodate the demands of business and speculation. Virtually everybody borrows daily for loans of from 30,000,000 to 300,000,000 rubles each.
The interest rate does not look so high to a man who can triple his money by the simple expedient of journeying to their countries. It is not unusual to see a few hundred pounds of bring home, where food is cheap, and flouring back to a store, they offer, say, 100,000,000 rubles payable at the end of the month, for the loan of a like amount. Then they charge three or four times the legitimate price of their commodities, and both they and the money lender profit.

DAILY EXERCISE KEEPS MR. ROCKEFELLER WELL

Plays Golf and Takes a Ride Every Day—Gives a Dime Lucky Piece to Everybody.

West Palm Beach, Fla., Feb. 13.—John D. Rockefeller is hale and hearty at his winter home at Ormond, despite persistent reports that he was very ill. Mr. Rockefeller is enjoying his winter thoroughly, playing a round of golf every afternoon and going for an automobile ride. He talked freely when visited this week, but declined to permit a photographer to take his picture, explaining that every time a new one was published it brought him a stack of begging or threatening letters.
Mr. Rockefeller drives to the golf course in the morning accompanied by a Mr. Johnson of New York, and plays eight holes. His caddy tees up the ball for him. His car meets him at the eighth hole to take him home. His caddy's tip is always a dollar.
After luncheon he takes a ride in his car accompanied by two women of the family. While riding he wears a hood and always has the side pieces up on the car.
Every one who comes in contact with Mr. Rockefeller is certain to receive a dime for a lucky piece. He keeps plenty of ten cent pieces and gives them to everybody.

KING EDWARD'S TREE FALLS TO THE AXE

Last of Two Planted by Late Ruler in New York Central Park.

New York, Feb. 13.—Residents of Gotham who cling with sentiment to objects of historic interest are regretting the removal of the second of the two trees planted near the Mall in Central Park in 1860 by King Edward VII, of England, when Prince of Wales.
The old forest monarch, an American elm, was felled last week, having died during the past year.
Its companion, and English oak, also planted by King Edward, was chopped down ten years ago.

BEARS PUZZLE TRAPPERS

Ontario Animals Making Tracks Instead of Sleeping.

Cochrane, Ont., Feb. 13.—Whether the bears of this section have adopted the disolute ways of the "rounder," or whether they foresee an early spring is a question that has stirred trappers and amateur naturalists heretofore.
Speculation was stirred by reports of A. Lajoie, an old trapper, that he had found tracks of several groups of bears running across the line of his trap. Traditional, all good bears should be fast asleep for the winter.

SOUTH END CARNIVAL

The South End rink was invaded last Saturday afternoon by more than one hundred strangely clad youngsters who turned out for the children's carnival held under the auspices of the South End Improvement League. All the costumes were original and the judges, Mr. and Mrs. William Lewis and Mr. and Mrs. George N. Hatfield, found it necessary to take considerable time to make decision. The results of their viewpoint are as follows: Girls, first prize, Margaret Maxwell, who represented "Lara Baby"; second prize, Margaret McCabe, who was dressed as a Black-eyed Susan. A special prize was won by a little girl named "Pat" Quinn, who took the part of a "School Lassie." Among the boys, first prize went to Thomas Summerville, dressed as "Tom, the Piper's Son"; second prize went to Arthur Lowe, a western cowboy. Special mention was given to Jack Machum, as "John Bull," and J. Gibbons.

WHITE SLAVERS GROW BOLD

Committee of Citizens Have Asked Police Aid—Scores of Girls Have Been Approached.

Montreal, Feb. 13.—A veritable "reign of terror" is alarming Montreal's east end citizens owing to the ever-increasing boldness of white slavers, who are daily making persistent efforts to entice young girls to leave their homes for a life of "luxury and ease." Parents who are compelled to literally kidnap their daughters do so with the greatest reluctance, for scores of instances of strange men entering homes in which attractive girls reside with their obscure offers are being reported. In some cases, it is said, the attempt is made to kidnap their intended victims.
The Committee of Sixteen, a Protestant organization appointed to cope with white slave activities, has solicited the aid of the police who are now making an investigation. The committee has received many frantic appeals from distressed parents who believe their daughters are in danger.
One case that is typical of many was reported today. A woman offered to rent two rooms of a neighbor's house for "a little party." The husband was away at the time, and had times inquired his wife to rent the rooms for which she was to receive \$20. The party was held, and during the dancing the fifteen-year-old daughter of the house was lured away by one of the men participating in the revels, who asked her to come to that address if she wanted to make a lot of money. The girl became suspicious, and told her parents of the occurrence.
Investigations showed that the house to which she had been lured was a disorderly resort. Since then repeated inquiries have been made to the girl from her home, and only coaxed when the father encountered the man who had seduced his daughter. The man threatened him with personal violence if he did not desist.

MR. KING'S JOKE

New York, Feb. 12.—Several United States Senators say that they agree with the estimate of Senator King's water-gate resolution attributed to Premier Taschereau of Quebec. The Quebec premier is quoted as having remarked that the resolution would secure a part of Quebec province by Canada to the United States is the biggest joke since the centennial.
There is no disposition to take the King resolution seriously here.

DR. YEN RESIGNS

Peking, Feb. 11.—The resignation of Dr. W. Yen, foreign minister and acting premier, was presented to the cabinet last evening. Immediately afterwards the government announced that it had summoned home from Washington, Dr. Wangtung Kow, Alfred Sze, Chinese Minister to the United States, and Dr. Chung-Hai Wang, the delegates to the armaments conference. The government called for the return of the delegates to hear their report on the conference and receive their advice regarding far eastern affairs.

ROCHESTER BANK EMPLOYEES TRAINING TO SHOOT ROBBERS

Rochester, N. Y., Feb. 13.—In order to prepare against possible hold-ups by bandits, employees of a local bank held target practice in the state armory here. George A. Gilliam, former commissioner of public safety, is assisting in the training.
How to use the tides for power is a problem as old as how to use the sun's rays for producing steam. Hitherto no commercially successful method has been found, but the French minister of public works lately announced that the problem was on the point of being solved. The plan that he has in mind is a chain of basins along the coast so arranged that every stage of the tide will create the same amount of energy. One great obstacle to success has been the difficulty of making a turbine that will resist the corrosive action of sea water, but the trouble is said to have been overcome. The works to be constructed near Dinan are expected to furnish for thirty thousand to forty thousand horse power.

HIGH FINANCE BY RED UTOPIANS OF MILAN, ITALY

(Giuseppe Prezzolini in New York Evening Post.)
If it were not for the situation inside the finance of the Italian City of Milan would be the joke of the year. Here was a Bolshevik government so sure of the impending revolution that it based its finances on a stock exchange "bunch."
This situation changed, however, in 1919. Milan, Italy's greatest business centre, has long been governed by Socialists. President Wilson, on his visit to this city, was welcomed at Milan by a Revolutionary Socialist Mayor, Signora Caldera. The Caldera administration of this richest city in the country was not only a Bolshevik government, but a Bolshevik government. It handled the war crisis particularly with tact and skill.
The Revolutionary Socialists were beaten at the polls by the Ultra-revolutionary Socialists. Dr. Filippetti became mayor, assisted by a city council sworn to the doctrine that disruption must precede upheaval, and that one way of bringing in the revolution was to disorganize everything, especially the machinery of city government.
Socialist control in Milan rests to a large extent on the electrical workers. The first act of the new administration, accordingly, was to raise the wages of public servants and of street car, electric light, and power men to the level Socialist soap-boxers were promising for the Bolshevik age. Before the war, for instance, the salary of a Milan electrician received 750 lire (\$150 a year plus tips), with rent and food allowance. He was suddenly turned into a plutocrat on 9,000 lire a year (roughly \$600); and as was natural he left the Clerical party and became a Socialist. I think I would have myself, under such conditions.
Taken by and large, Milan used to spend \$50,000,000 on salaries. Our Socialists valued the figure to \$40,000,000 overnight.
The state of mind of the average Milanese citizen can be experienced vicariously by an American if he will just imagine his income tax made six or eight times larger by the stroke of a pen. They say the bill raising wages went through the Junta with great enthusiasm. It is always quite as pleasant to give as to receive. When you are getting away somebody else's money the pleasure becomes exquisite.
It was easier to raise the figure than it was to raise the money; but the Communist Milan had resources. It borrowed at once 101,000,000 lire from a special bank that the national government keeps around for the isolation of lively and energetic city administrations. At the next million, however, the Socialists came up against a law of communal debt limitation. Intrepidly the Bolshevik treasurer turned upon the taxpayers. If you ever grumble about the four per cent, the war is costing you, you just console yourself with the reminder that conditions make it worse in a Utopia. The taxpayers of Milan began to hand over exactly eleven per cent of their property each year. The Bolsheviks, flushed with this success, were about to push on to twelve when a brilliant idea occurred to them. Why pay money loose from a poverty stricken Milanese, when Broadway, New York, is paying for the same thing with \$20 million?
The Italian press has just come out with the proposal for the American loan of \$100,000,000 Italian lire—enough to run the city on for a year and a half! But would the Yankees bite? That was the question. Most people had the advance impression that they would not. Why should they? When this was put to the city treasurer by a conservative member of the Junta, it was discovered that the Socialist city government had been doing all the time. It had been following the ticker. "We get sixteen lire for a dollar, but when the lire returns to normal, we pay it back at five! What could be simpler? That's a hundred and ten millions in clean silver for the taxpayers."
The Italian government has refused, so it is reported, to guarantee the American loan, unless the present city gov-

HOCKEY.
N. H. A. Results.
After playing twenty minutes overtime to reach a decision in a 4 to 4 tie game, the Ottawas and St. Patrick's decided to call the game a draw. Toronto had the best of the forward work, but the champions held the game even with brainy defence work.
Canadians defeated Hamilton by the score of 3 to 1 at Hamilton on Saturday night.
St. John Team Wins.
The St. John hockey team defeated the West Side Indians on Saturday afternoon by a score of 15 to 2. The West Side boys were minus their regular front line and were not able to put up the game they otherwise could.

Campbellton Files Protest.
Dr. A. Sterling, president of the N. B. & P. E. I. Hockey League, on Saturday afternoon received a protest from the Campbellton hockey team over the game at Chatham on February 8, which was awarded to Chatham when the Campbellton team left the ice. The score was three to two, with the teams engaged in overtime play. A meeting of the executive has been called for this afternoon to consider the protest, which is based on the fact that two referees were named to take charge of the game, which is said to be contrary to the C. A. H. A. rules.

BRITISH FOOTBALL
(Canadian Press Cable.)
London, Feb. 12.—Liverpool with forty-one points has now gained such a substantial lead in the first division of the English soccer league that the club seems to have a firm grasp of the championship. The surprise in this division has been the gradual decline of last year's champions, Burnley, who have now dropped to fifth place.

Nottingham Forest are unshaken at the top of the second league. They face their biggest task of the season next Saturday in the cup game at Cardiff. The latter are the most improved team in the country and after a long sojourn at the bottom of the first division table have reached fourth place thanks to a remarkable succession of victories at home and away. They are one of the fancied teams for the cup, but Nottingham Forest are likely to give them a very hard game. It is possible that the latter will draw the game thanks to their very fine defence which has conceded fewer goals than any other team in the second division this season. This defence has only been beaten 13 in 27 games.

Stoke who reached the second place in the second division are now strongly challenging Fulham's and West Ham's ambition to accompany Nottingham Forest into the first division next season.

Among the best goal-scoring feats yesterday were three goals in each in the case of Crowther for Hartlepool; Miller for Grimsby town, and Hall for Gillingham.

WOULD GRADUATE TAX ON OCEAN TICKETS.
At the meeting of the Toronto Steamship Ticket Agents' Association held recently, the subject of war tax on ocean tickets was taken up.

The Secretary was instructed to communicate with the Minister of Finance for the Dominion Government with a view to having the revenue tax placed on a more equitable basis, so that third-class ocean passengers would not have to pay—as at present—the same high revenue of \$5 as saloon passengers, the suggestion being that the present tax of \$5 be collectible on saloon passages, \$3 on second-class, and \$1 on third-class bookings.
