

SPLENDID RUSSIAN JACKETS WORN OVER SKIRTS OF ANOTHER COLOR

Those of Spring are Short and Heavily Trimmed With Embroideries and Coarse Laces--New Skirts Are Still Narrow, Even When Pleated

By ANNE RITTENHOUSE
The Russian blouse is difficult enough to contend with except on the form divine that the designer had in mind when she invented it.

SKIRTS ARE STILL NARROW.
The woman who has held on to a wide skirt for two years, believing that the narrow one was only a caprice, must put it back in moth balls.

BLACK AND TAN IN FASHION.
Early in January it was announced that yellow, gold, banana and mandarin would be the fashionable choice for spring.

The Hair-Brush of Miady

LUXURIANT, glossy hair is a great addition to one's good looks. When the bristles have been great addition to one's good looks. When the bristles have been great addition to one's good looks.

SPANISH ONION SALAD
A cold boiled Spanish onion makes an excellent salad if sliced and dressed with oil and vinegar in the usual manner.

WASHING SODA
When you have done this for several minutes and the bristles seem to have the grime fairly well, take a strong solution of washing soda in very hot water and pour it into a large flat pan.

LOCAL NEWS

Band on Carleton rink tonight. Everybody's getting bargains in shoes and rubbers at Wiesel's, 243 Union street.

Money invested at six or eight per cent. is not in it with a shoe investment made at Wiesel's, 243 Union street.

Right in the very heart of winter you can buy clothes at Edgerton's for less than end-season clearance prices.

D. R. Jack will give a lantern talk in the hall of St. Andrew's church this evening; subject, Scenes in Germany, Austria and Turkey.

Yes! The weather is cold, but the dressing rooms of the Victoria rink are all warm and comfortable. Tonight is moonlight band night; special music by the band. Don't miss it; spectators after 8 o'clock 10 cents.

The Crescent Fair to be held in Temple building, Main street, will be opened this evening by Commissioner Wigmore. You will hear St. Mary's band in choice programme; usual games and amusements; admission 5 cents; door prize each evening.

COAL AT COST PRICE
Gleaser—the action of the management of the Canada Cottons, Ltd., of Marysville in supplying employees with coal at cost price has in a great measure solved the fuel question, which for a time had rather a serious aspect owing to the lack of snow for hauling and the marked advance in prices over last year by those who had wood to dispose of.

READ PAPER.
The session of the city council ministers of the city today was occupied for the most part with the consideration of an interesting paper read by Rev. B. H. Nobles on the subject "Is the New Testament President binding upon the Church of Christ today?" The paper proved decidedly interesting and the theme well worked out. Mr. Nobles was tendered an appreciative vote of thanks.

DRY DOCK LARGER.
An announcement from Ottawa that the government has decided to extend the length of the new dry dock which is to be built in Courtenay Bay from 800 to 1100 feet has been received with satisfaction in St. John. While it has been understood at city hall for some time that the government viewed the proposal favorably it was not known definitely to the citizens generally that the extension would be made.

WHAT HE IS KEPT FOR.
It was the annual curling match between the two rival villages, and the last stone thrown said "equal all." The visiting team disputed the shot, and after much argument it was decided that the local party minister—a keen curler, who was not playing—should "arbitrate." The reverend gentleman at once, with tape measure and line, proceeded to take measurements and decided against the visitors. "Ah, Tam," said one of the visiting team to a local player, "that minister of yours will cheat the very devil himself!"

"Right you are, Donald," came the reply, "that's just what we keep him for!"

FORM COMPANY IN ENGLAND TO DEAL IN PROVINCE FARMS
One of the latest developments in the plans of W. W. Corfield of St. John, the Canadian Improved Farms Company, of London, England, is the formation, in England, of a company with a capital of £50,000 or £60,000, which is now being arranged, with the intention of taking over a dozen or more New Brunswick farms. The company will improve the farms and bring them to a high standard of production by the use of scientific methods. Business methods will be applied and they expect to show what excellent financial returns can be secured from such an undertaking. Later on as the demand increases the farms will be turned over to individual settlers who wish to purchase high grade farms.

In the meantime Mr. Corfield is proceeding with the work of finding suitable locations for English farmers. He has brought several to the province already and a larger party will be coming out this spring. He has already sold more than 2,500 acres of New Brunswick farm lands and has other sales under way.

Among the properties which he has recently sold to English settlers are the Gallagher property at Greenwood, 400 acres; Anson Miller farm, 230 acres, and the Collier farm, 400 acres, at Salisbury; Wm. Day property, 450 acres, at Public Landing; the Heans farm, 100 acres, and the Jackson farm, 140 acres at Quispamsis. Also he disposed of two 400-acre farms, which were bought through other agents, and a 48-acre sub-division at Moncton.

To a Times reporter today Mr. Corfield said there was no longer any doubt about the fact that New Brunswick has some of the finest apple growing districts in the world. He remarked that land values in this province were ridiculous compared with similar properties in other places. Mr. Corfield explains the situation as being due to "lack of advertising." While the province was doing something along this line it was hardly a beginning of what ought to be done. Last year his company spent \$5,000 advertising New Brunswick properties in England and they expected to get good returns on their money.

THISTLE LADIES WIN
The Thistle ladies took the first in the series of championship matches this morning on St. Andrew's ice. The match was to have been curled on Thistle ice but owing to the rink having been flooded, St. Andrew's ice had to be used. The Thistle ladies had a lead of seven points at the close of the match, which proved quite interesting.

The rink was as follows—
Thistles—Miss M. Macaulay, Miss C. McGivern, Miss D. Robson, Miss Edith Skinner, Miss B. MacLaren, Mrs. H. Schofield, Miss MacLaren, Mrs. J. P. Barnes, 11
Miss J. Lively, Miss V. Barnes, Mrs. Prince, Mrs. Fred Jones, Mrs. Jackson, Mrs. E. Cruikshank, Mrs. F. E. Williams, Dr. Margaret Parks 5

Miss M. Barnaby, Miss Jean White, Miss Helen Jack, Mrs. C. E. Ferguson, Mrs. Campbell, Mrs. Girvan, Mrs. F. Myles, 15 Mrs. E. A. Smith 9

A good substitute for a small funnel used in filling salt and pepper boxes may be made by utilizing the corner of an envelope and cutting off the tip of the corner.

FREE TRIPS

GEORGE HILDEBRAND IS DEAD IN CHATHAM

Chatham, N. B., Feb. 10—George Hildebrand died yesterday after an illness of upwards of a year. He came here more than eighteen years ago from Newcastle to manage a carriage and farm machinery branch of the Clark & Lounsbury concern, afterwards the Lounsbury company. He was an active and prominent member of the C. M. B. A., and was also an energetic member of the exhibition association. His wife, two sons, Fred and Earl, and two daughters, Mrs. G. Fred Mahon and Miss Anna, at home survive. The funeral will be held tomorrow morning.

The children's carnival on Saturday was an exceptionally good one. The judges were Miss Wilson and Miss MacLean. The award was Most original, Boy Flieger, as Simple Simon; best girl, Dorcas Weldon, Eskimo; best boys, Lebert Pallen, The Little Prince.

AN AFTERNOON GOWN
It is of sapphire blue satin mousseline or velvet with satin embroidered revers; lace chemise and black sash with embroidered and fringed ends.

VELVET COSTUME WITHOUT COAT
This is a delightful suggestion for a velvet gown. The skirt is severely cut and is quite plain, save for a hem of skunk and five silk tassels on each side.

The Best Quality at a Reasonable Price
Is Your Work A Pleasure

No one can find pleasure in his work if his vision is not perfect.

Often-times a pair of the right glasses properly adjusted will change labor or that seemed a mere grind, into pleasurable work.

If your work seems always to be tiresome, if it is of a nature that requires close attention and constant use of your eyes, have us examine them for you. If they need glasses you will be surprised at the ease with which you will do your work, when wearing a pair of our Toric lenses.

LOCAL NEWS

Moonlight band at the Vic tonight. Norembega dancing class Tuesday evening.

Trusses, all kinds, fit guaranteed.—Moore's Drug Store, Brussels street.

A concert will be given tonight in Calvin church school room. Best local talent will take part; admission 15c.

For Lent, fresh and salt fish of all kinds at W. H. Dunham's, Main street. Phone Main 465.

The chair seat shop is at the same address as the umbrella shop; perforated wood seats, imitation leather seats; bring pattern—Dural, 17 Waterloo street. 21.

HIS LEG BROKEN.
Rouben Fox, of Gagetown, met with a painful accident last week when in stabling a pair of horses one of them slipped on the barn floor and fell on him in such a way as to break his left leg between the knee and the ankle.

Try Moore's mustard oil for cold in the chest. Quick relief, 25c; beware of imitations. Moore's drug store, Brussels street; phone Main 47.

BURIED TODAY.
The funeral of Mrs. J. P. C. Burpee took place this afternoon at 2:30 o'clock from her late residence in Mount Pleasant Avenue. Service was conducted at the house by Rev. Dr. MacVicar and Rev. Mr. MacKegan. Interment was in Fernhill. The funeral was attended by many friends.

VOTES FOR WOMEN.
The women always vote for nice bright silverware on the dining table. We make old silverware just like new for about one-third the cost; 50 per cent discount on all orders for re-plating flatware up till March 1—J. Groundlines, 24 Waterloo street; phone Main 1988-21.

THE SECOND WEEK.
The mid-winter furniture sale is the chief topic in many homes in this city and during the last week the Messrs. Amland Bros., Waterloo street, have received a beautiful assortment of brass and iron beds, etc., which have been placed on their floors, all marked down at greatly reduced prices. Now is the time to refresh your home while this sale is on. See ad.

JAPAN'S PREMIER STONED IN STREETS
Tokio, Feb. 10—Prince Katsura, premier of Japan, was stoned today by a mob in the streets after he had offered his resignation together with that of the members of his cabinet to the emperor.

Several newspaper offices were also attacked by unruly crowds who attempted to set fire to the buildings.

A POPULAR PLAYER
Maurice Costello, leading man with the Vitagraph Co., is acknowledged to be a matinee idol. If such there be in motion picture circles, and the announcement that what is known as "Costello Afternoon" is to be held at the Gem Theatre tomorrow has created no little interest among his admirers. His photo will be given as a souvenir to all attending. Pictures of other favorites will be given later, so start now and make a collection.

An Exchange of Players
Halifax, N. S., Feb. 10—Harry Scott, centre ice man, has been let out by the Crescents, and will go to the Moncton Victorias, while "Doc" Doherty is likely to quit Moncton in favor of the Crescents. Disatisfaction on both sides is the explanation.

Moncton, Feb. 10—Alf Smith of Ottawa, coach for the Vics, has been released at his own request as he had only three weeks leave of absence. He leaves on the Ocean limited this afternoon for his home in Ottawa. He has been engaged as coach for next season. Marcel Bellevue, a local hockey player, left on Sunday for Chatham to play for the north shore town this evening against Fredericton and with Chatham against St. Stephen.

PROPERTY SALE.
Homer S. Cruikshank became the owner of a block of land in Lancaster this morning for \$700, he being the highest bidder at the auction conducted by T. T. Leitch at "the corner." The land is located on the northern side of the Massawogonish road.

PERSONALS
Miss Ella Barker, has returned to her home, 41 Garden street, after a visit to her sister, Mrs. S. V. Courtneil, in Boston.

Mrs. E. A. Smith returned to the city on Saturday after delivering her lecture, "From Ocean to Ocean," in Chatham, in aid of the free public library.

Friends of Miss Winnie Cunningham at Dorchester street will be sorry to learn of her illness in the private hospital, where she recently underwent an operation. Hopes are entertained for her recovery.

It will be good news to his friends to know that John A. Bowes is much improved in condition today.

Friends of Peter Mahoney of North End will regret to learn that he is quite ill at his home in Main street.

TWELVE BELOW IN FREDERICTON AND THE FIREMEN BUSY

Fredericton, N. B., Feb. 10—The thermometer registered twelve last night, but a twenty-five mile an hour gale made it the coldest night of the season. Water pipes in many houses were frozen.

The firemen were busy this morning, having been called out three times. The first was to the residence of W. T. Little, York street, where a hot water boiler had exploded, wrecking the cook stove. In the residence of F. B. Edgewood there was a slight blaze caused by an accident to the hot water heating apparatus. The third call was for a burning chimney in the house of Andrew Crookshank.

An Austrian named Nikola Horchuk was arrested this morning charged with stealing \$38 from another Austrian named Bilikoth. All but \$5 was found in his possession. He was remanded.

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act...

ANOTHER BLOW FOR JINGOSISM

Premier Borden may now abandon his Drednought programme and proceed with a Canadian naval policy, undisturbed by any fears of an emergency.
The news that came over the cables from Berlin and London Saturday and yesterday proves that there is no emergency except in the minds of the Canadian Jingos. The speeches made by Admiral Von Tirpitz, German minister of marine, and Herr Von Jagow, German secretary for foreign affairs, show that Germany has no desire to contest British supremacy at sea, and is satisfied to accept the ratio laid down by Mr. Winston Churchill as the proper ratio between the British and German fleets.

THE LAURIER POLICY IS BETTER THAN THE BORDEN POLICY

The Women's Canadian Club have done well to invite Mr. John T. Hawke, editor and publisher of the Moncton Transcript, to address them. Mr. Hawke is a speaker of ability, who has the faculty of making any subject which he discusses interesting to those who listen.
They have a civic electric plant at Ottawa. Last year in spite of the fact that the house lighting rate was reduced nearly 20 per cent., the plant yielded a profit of \$25,000, and the Journal says it is anticipated that there will be another reduction this year. That would seem to be an argument in favor of civic ownership of a lighting plant.

WHEN THE GOVERNMENT CAME INTO POWER IN QUEBEC PROVINCE, THE VOTE FOR EDUCATION WAS \$400,000

When the Gouin government came into power in Quebec province, the vote for education was \$400,000. It is now \$1,000,000, and the Hon. Mr. Deane, in an address last week announced that the appropriation would soon reach \$1,500,000. It will thus be seen that Quebec is paying more attention to education than some other provinces are doing.
Hon. Mr. Hasen has expressed a belief that much good would be accomplished by the appointment of a Canadian representative on the British embassy at Washington. It is not very long since Mr. Hasen and his friends wanted to truck or trade with the Yankees. Perhaps this Washington proposition is attractive because it would enable Mr. Hasen and his colleagues to provide an office for another good toy.

ARCHBISHOP BAYMOND'S REMARKS ON THE NEED OF STREET RAILWAY EXTENSION AND THE REJECTION OF HOMES FOR WORKING PEOPLE NEAR TO THE GREEN BELT, thus relieving the congestion in the city, and making it possible to empty some of the shacks which are not fit for human habitation, are worthy of the attention of the civic authorities and the board of trade, as well as the street railway company.

THE PEOPLE OF WEST WILLIAM HAVE DECIDED TO APPOINT A BUSINESS MANAGER FOR THE CITY

The people of West William have decided to appoint a business manager for the city. He will be appointed by the city council and salary will be no object if they can get the right man. That is to say, the people of West William want a business man to manage the city government to the fullest extent. Commenting on this action, the Toronto World says: "A good man would save any salary paid him many times over."

HON. J. D. HASEN, ADDRESSING THE DOMINION MARINE ASSOCIATION AT OTTAWA LAST WEEK, EXPRESSED HIS SYMPATHY WITH THE MOVEMENT TO ENCOURAGE STEEL SHIP BUILDING IN CANADA

Hon. J. D. Hasen, addressing the Dominion Marine Association at Ottawa last week, expressed his sympathy with the movement to encourage steel ship building in Canada. It was Mr. Hasen who handed back their deposit to the ship building firm of Cannell, Laird & Company, who were prepared to build ships at St. John. However, Mr. Hasen has made by another company to start a steel ship building plant at St. John.
A Montreal man tells of letters sent to Montreal "knocking" this city and its forward movement. This statement should be read in connection with another equally true to the effect that a man who was selling town lots at \$200 each, in a place in the west which St. John people had not heard of until he came this way, did a flourishing business in this city, and remarked that St. John was a fine city in which to do business in western real estate. Perhaps this sort of thing helps St. John. Perhaps it does not.

THE FINANCIAL PAPERS OF CANADA AND THOSE OF LONDON ARE DISCUSSING LATELY THE SUBJECT OF CANADIAN LOANS

The financial papers of Canada and those of London are discussing lately the subject of Canadian loans. It is stated that all classes of colonial loans are weak. It is especially difficult to float a loan of 5 per cent., and it is claimed that the rate of interest must go up. Winnipeg has secured a loan at 4 1/2 per cent., and the London correspondent of the Montreal Financial Times says that the city of Quebec has secured a distinct success in the London money market with a loan of \$400,000 at 4 1/2 per cent. The city of Moose Jaw recently floated one for \$257,000 at 5 per cent. The year 1912 was an unfavorable one from the standpoint of the borrower, and it is evident that only a higher rate of interest will make Canadian and other issues attractive in the British market.

COMMISSIONER SCHOFIELD IN HIS REPORT URGES THE IMPORTANCE OF HAVING AT LEAST ONE MORE STEAMSHIP BERTH FULLY EQUIPPED AT WEST ST. JOHN BEFORE NEXT WINTER

Commissioner Schofield in his report urges the importance of having at least one more steamship berth fully equipped at West St. John before next winter. The matter will be pressed upon the government; and, since the building of the additional wharves made such good progress last year, it ought to be possible not only to complete one of the wharves, but to provide it with necessary warehouses in good time for next winter's business. The financial statement on several occasions this winter, caused by the large number of steamers in port at one time, can only be prevented in future by providing more wharf accommodation. The matter is one which is of importance not merely to St. John, but to the trade of the whole country. Commissioner Schofield also finds that the divided ownership of the harbor is not satisfactory, and he is therefore in favor of having the harbor taken over and its affairs administered by the government.

THE FINANCIAL STATEMENT WHICH HE SUBMITS IS A SATISFACTORY ONE, AND THAT HIS REPORT GENERALLY SHOWS THAT HE HAS BEEN PAYING VERY CAREFUL ATTENTION TO THE AFFAIRS OF THAT DEPARTMENT

The financial statement which he submits is a satisfactory one, and that his report generally shows that he has been paying very careful attention to the affairs of that department. The Manchester Guardian believes in the Australian naval policy rather than that of Canada. It says the Australian plan creates a division in sentiment in Canada, and sets party against party. An Australian plan, it says, is likely to do new ideas, while the Canadian is the Guardian declares further that the Australian naval policy is worth the attention of the department.

BIRTHDAYS OF NOTABILITIES

FEBRUARY TENTH
Dr. R. A. Falconer, president of the University of Toronto, is sixty years of age today. Born at Charlottetown, P.E.I., in 1857, the son of a Presbyterian minister and shortly afterwards the family moved to Trinidad, where he was educated at Queen's Royal College. Later he studied and took degrees at Edinburgh, Leipzig, Berlin and Marburg. Returning to Canada in 1882, he was appointed lecturer in New Testament Exegesis in the Presbyterian College, Halifax. He became professor of the same subject in 1885 and principal of the college in 1904. In 1907 he was selected from many candidates for his present position.

His Honor Thomas W. Chapple, district judge of Bay River, is sixty years of age today. Born at Kilkenny, Ireland, the son of Captain Chapple, who was present at the relief of Lucknow and died there, he came to Canada in early childhood. He became a barrister in 1883, and practiced his profession for many years at the bridge. From 1884 to 1888 he sat in the legislature as member for North Ontario. He was then given his present appointment. Judge Chapple is much interested in education boards of both Upper and Lower Canada. He is also an active member of several fraternal organizations.

John Murdoch Harper, of Quebec, one of the most versatile and industrious men of letters in Canada, also observes his birthday on February 10. He was born at Johnstone, Scotland, in 1845, and received his education in his native land. Coming to Canada as a young man, he held numerous important positions in the schools of the maritime provinces. In 1880 he became rector of the Quebec High School and remained at the head of that school until 1889, when he was appointed inspector of superior schools for the province. He resigned this position in 1903. He has written many books, including school texts, and historical, poetical and dramatic works.

This is also the birthday of Admiral Lord Charles Bessford, the famous British naval officer.

LIGHTER VEIN

A WOMAN'S HEART.
Bessie—'Did you scream when he tried to kiss you?'
Jessie—'No, there is a poor man across the street who is dreadfully sick.'—Philadelphia Record.

LIGHT AND SPEED

Many a young man today hurries the midnight bell, while the old dad burns the midnight oil to pay for it.
—Florida Times-Union.

AND BEFORE YOU PRINT, THREE TIMES

Think before you speak. Before you write, think twice.—Somerville Journal.

MARY AND HER LITTLE LAMB

Mary had a little lamb,
And here's a new suggestion.
When asked to leave her more she did,
And suffered indignation.

Kyler—'What is the secret of success in business? Selling the people what they want?'
Munich—'No, not exactly; educating them into wanting things you have to sell.'

CAREFUL OLD THING

'Of course,' said the lady to her drug-gist, 'it may be perfectly harmless, just as you say; but then, you know, there has been so much exposure of patent medicines and such goods that I am a little doubtful.' 'My dear madame,' interrupted the druggist, 'I beg to assure you that a strong, healthy man like you need not apprehend any—'

'I know; but I read in one magazine where lots of people had acquired the drink and drug habits through using such remedies, and—'

'Impossible in this case. Why, you can see for yourself that—'

'Will you give me your word of honor that it contains no alcohol?'

'I would swear it,' answered the druggist. 'Then I'll take it.'

And then the druggist wrapped up the corn plaster for her.

A DIFFERENCE

'I paid this man to change food'

'What is called "good living" eventually brought me to a condition quite the reverse of my present,' writes a New York merchant.

'Improper eating told on me till my stomach became so weak that I could not eat, even the lightest and simplest lunch, and I was much depressed after a night of uneasy slumber, undisturbed by a business.'

'This condition was discouraging, as I could do no way to improve it. Then I read the advertisement of Grape-Nuts food, and decided to try it, and became delighted with the result.'

'For the past three years I have used Grape-Nuts and nothing else for my breakfast and for lunch before retiring. It speedily set my stomach right and I congratulate myself that I have regained my health. There is no greater comfort for a tired man than a lunch of Grape-Nuts. It insures restful sleep, and an awakening in the morning with a feeling of buoyant courage and hopefulness.'

'Grape-Nuts has been a boon to my whole family. It has made of my 2-year-old boy, who used to be unable to digest much of anything, a robust, healthy little fellow weighing 32 pounds. Mankind certainly owes a debt of gratitude to the expert who invented this perfect food.' Name given by Postum Co., Battle Creek, Mich. 'There's a reason.'

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Palatable Lenten Omelets

With the advent of Lent the demand for eggs increases, but as the supply of eggs increases also in the spring perhaps the price will go no higher. Eggs with yolks are used economically for five or six eggs for 25 or 30 cents contain more nourishment than a pound of chops or beef, and if the eggs are made into an omelet they will serve a greater number of persons satisfactorily than meat at the same price.

Omelets are difficult to make properly, and only practice gives a cook the knack of turning a perfect one. The French cooks use no liquid in it and beat the eggs only enough to break the yolks; on this side of the Atlantic the custom is to add water or milk, and many American

A Good Liniment Is Mustard Liniment

You can depend upon Porter's Mustard Liniment when it comes to effectively relieving the pain that attends rheumatism, sprains, bruises, bumps, back ache and neuralgia. Excellent for sore chest, bronchitis, etc. A 25c bottle contains a lot of pain-relieving power. Sold only at Porter's Drug Store 'The Biggest Little Drug Store in the Town' Car. Union and St. Patrick Streets

Good Value in Shaker Flannels

White, 25 in. wide at 8 1-2 ct. yard. Better Quality 32 in. wide at 13 ct. yd. Striped Shaker, Plain Grey Shaker. Remnants of Prints and Shaker. A. B. WETMORE, 59 Garden street

and remove the cores. Fill each cavity with sugar, pierce each apple with two cloves, put some slices of lemon rind in the baking dish, put in the apples and sprinkle them with sugar and a little sweet wine or lemon juice. Cover them with a small flat earthenware dish for three-quarters of an hour.
Insipid apples can be made into a sauce much liked by children if to each quart of half stewed apples a half cupful of stoned and sliced dates is added. A lemon which can be easily removed when the sauce is done, should be added with the dates.
Eggs with Tomato Sauce—If boiled, fried, scrambled and poached eggs have lost their interest, try this recipe. For each egg one tablespoonful of well seasoned tomato sauce in an egg cootie dish—spread a small flat earthenware dish for cooking in an oven. Drop the eggs carefully in the dish and sprinkle with salt and pepper. Set them in the oven for six minutes. Serve piping hot in the cootie dishes.
Cheese Omelette—Cheese to begin the day starts the appetite. To make a cheese omelette crack eight fresh eggs

OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLDS OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops
Try 'Ely's Cream Balm.' Get a small bottle anyway, just to try it—Apply a little in the nostrils instantly your congested nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By moving the cathartic, cold-head or catarrhal sore throat will be gone.

And each misery now! Get the small bottle of 'Ely's Cream Balm' at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.
Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed; hawking and blowing. Catarrh or cold, with its running nose, foul mucous drops, stinging your congested nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By moving the cathartic, cold-head or catarrhal sore throat will be gone.

BUTTERNUT BREAD

Holds Sway

Does It On Yours?

Milk contains 87.17 per cent. water, 3.68 per cent. fat, 3.02 per cent. casing, .43 per cent. albumin, .48 per cent. sugar and 7 per cent. ash. This is the average composition determined by a large number of analyses. The fat content is the most valuable part of milk, and consequently, milk and cream are usually sold according to the amount of butterfat contained.

W. H. TRUEMAN HEARD ON THE MACDONALD ELECTION CHARGES

Former St. John Man Speaker at Great Liberal Meeting in Winnipeg

At a great Liberal meeting in Winnipeg last week one of the speakers was W. H. Trueman, so well known in this city. The Tribune report says: "Macdonald election charges were fully gone into by all the speakers and the sinister tendency of the charges perpetrated by the government and its officials were considered."

Completed all those under his charge to enter most earnestly the sacred election of penance. The prayer and death of our Lord. He hoped that there would be witnessed a revival of Catholic piety and religious exercises, in words of charity and in the avoidance of profane amusements, and particularly in abstinence from the use of intoxicating liquors.

MORE DEEP WATER DOCKS ARE NEEDED IN ST. JOHN

During the year past, the construction work has begun in Courtenay Bay, and already the new breakwater extends many feet along its line. The council has been pressed on several occasions to urge the government to locate this further out, but after all discussion and correspondence on the subject decided to leave the wharf as it is.

IN THE CHURCHES

Sermons on Special Subjects in St. John Pulpits Yesterday. Rev. J. A. Morrison, Ph. D., in the Presbyterian church, Charlton, last evening delivered a masterly sermon on "The Spiritual Perils of Good People" or "A consideration of the moral and spiritual dangers in relation to the things of God, before a large congregation."

FINICKY APPETITES PUT IN ORDER

You Can Sit Right Down and Eat Anything Served If You Get Acquainted With Stuart's Dyspepsia Tablets. With a most pathetic sigh the dyspeptic sits down and "views with alarm" his hungry companions. Now, the best advice for most people to hand out to suffering stomachs is to couple a square meal with Stuart's Dyspepsia Tablets.

THE NEW POST OFFICE

A. S. Curry of the Rhodes Curry Co. Ltd., Amherst, arrived in the city on Saturday and secured a permit to commence the construction of the new post office. Operations will be commenced within a week or two and the work of excavation will keep them busy for some time.

RAFFLES IN REAL LIFE IN LONDON

"Bolton" Calmly Sells Out House Furniture

A GENTLEMAN CRACKSMAN Gets Into House, Summons Art Dealers and Disposes of Antiques—Peckets the Money and Quietly Gets Away

THE LATE DR. W. BEATTIE NESBITT

This is a fine picture of the one-time president of the defunct Farmer's Bank, who died in Toronto within an hour or so after the indictments against him for making fraudulent returns to the government had been quashed.

dark eyes, and a somewhat shrewd complexion. His manners were polished and most polite. He wore a well-tailored navy-blue serge suit, and before he left after the business was done he drew on lemon-colored gloves, picked up his bowler hat and walking stick in leisurely fashion, and said: "Excuse me now, I must catch a train to Stratford-on-Avon to take this money to Gordon-Woodhouse." That was the last they saw of him.

By that time "Raffles" had left the art dealers in the house soon after he was paid, had an excellent start, and before a telegram was received from Mr. Gordon-Woodhouse declaring him to be an impostor he had the opportunity to change the bank-notes and to catch, if he wished, the afternoon boat-train to the continent from Charing Cross.

The firm of art dealers which was victimized was that of Mr. J. Rochelle Thomas, of the Georgian Gallery, King-street, St. James, whose two sons were received by "Bolton" in Gordon-Woodhouse's residence in Park-place.

"It is as clever a swindle as I have known," said Rochelle Thomas to an "Evening Times" representative. "There has been nothing quite like it since the D. S. Widdell frauds on the London and South-Western Bank, and for coolness and impudence it certainly ranks with that. It was so artfully done that we are almost reconciled to the loss of the £302 which, of course, falls on us, unless the man is traced and the money recovered."

The scheme must have been carefully worked out two days at least before the fraud by the outlaw, who gave us the name of "Mr. H. Bolton," and said he was private secretary to Gordon-Woodhouse.

"He called on Thursday at West End house agents who have the letting of this Park-place house, and obtain permission to view the housekeeper saw him then and, of course, thought he was a prospective tenant."

"On Saturday morning he telephoned to the house, and in an assumed voice gave the name of the house agents, and told the housekeeper that the same gentleman is coming again, and that whatever would call to check the furniture inventory for him."

"She had no suspicion whatever, and when he called again she was allowed to enter the house. He had, it seemed, first made arrangements with another firm of antique dealers to purchase some furniture, but in the absence of their principal the business was referred to us."

EXPANSION NECESSARY

Rev. Dr. Raymond Urges Street Railway Extension to Suburbs—The Housing Problem

"I believe with all my heart in a bigger and better St. John," said Archbishop Raymond at the Every Day Club last evening.

"To produce this result, however, it would be necessary," he pointed out, "to expand in the direction of the green fields. The housing problem must be grappled with. We have been content to crowd ourselves upon the peninsula between the harbor and Courtney Bay, and a resident growing up in an environment alike unhealthy for the body and the soul."

Dr. Raymond gave a description of some of the places where poor people are now crowded together, and pointed out that these were localities which bred not only filth but crime, such as (yard) gangs. He told of the Five Points in New York, and his registration, and urged his hearers to encourage every effort to improve living conditions, to strengthen the weak, and change the environment of the boys and girls who are not getting a fair chance. He said that the extension of the street railway, so that the homes of working men may be brought nearer to those of the rich, would do much to solve the housing problem, and that the board of trade would also deal with this and other questions of like import. But all the people should help, and feel that this is their city and they ought to work for its betterment.

The speaker commended the work of the Every Day Club, endorsed the playground movement, and expressed great satisfaction that so many people are thinking seriously about movements for the improvement of social conditions. Despite the intense cold of last evening a good audience heard and applauded Dr. Raymond's admirable address.

Lukewarm water is better for the skin than that which is really hot, while in cases where soap is used too much care cannot be expended on the choice of a soap which suits the skin, and this should be adhered to on all occasions.

WHAT THE PLAYHOUSES OFFER THE LAST BLOCKHOUSE. Owing to a mistake on the part of the New York shipping office of the Kinestroph Co., the special feature "The Last Blockhouse" which was to have been shown at the Gem Theatre today and tomorrow was not placed for shipment in time to reach St. John today, but will be here for tomorrow's show. Instead, the feature pictures to have been shown on Wednesday, a sensational aerial story, "Drama in Mid-Air," in two reels, along with a comedy, "Max Jones the Giant" with a comedy, "The Last Blockhouse" which was to have been shown at the Gem Theatre today and tomorrow was not placed for shipment in time to reach St. John today, but will be here for tomorrow's show.

MC 2035 POOR DOCUMENT

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, FEBRUARY 10, 1914

BRANCH OF GREAT PLANT IN CANADA

Talk of Armstrong, Whitworths Coming

WHAT MR. J. BUTLER SAYS

Former Deputy Minister of Railways and Sir Percy Girouard Interested in Having Noted Firm Open in Dominion

(Montreal Herald.)
In view of the rumors that have been emanating from Ottawa, and elsewhere as to the probability of the establishment of branches in Canada by one of the great British ship-building concerns, the first-hand observations in the old country of such a distinguished Canadian as M. J. Butler, C.M.G., late general manager of the Dominion Steel and Coal Company, and former deputy minister of railways, are of peculiar interest.

Mr. Butler has just returned after an English trip, which occupied him for two months. He became, during his stay in the old country, particularly acquainted with the various plants of the concern Company, Ltd., which is one of the largest—if not the very largest—combined ship-building and fine-machine-building firms in the world.

This company is the more interesting to Canadians because of the fact that it has on its directors, Sir Percy Girouard, one of the men to whom the Dominion talks were around the question of Canada's contributions to the empire.

Sir Percy visited the Dominion works in the latter part of last year, and was accompanied by various industrial rumors of large proportions, which have not, however, yet reached the status of published facts.

"It struck me," said Mr. Butler, to the Herald this morning, "that Canada is a romantic side to their every-day business. This concern, for instance, is constantly getting one of its departments against another, and is building part of its business upon tests which seek to ascertain which is making the greatest advances."

"Armstrong-Whitworth, manufacture for several nations both armored plate and all kinds of ordnance. They seek at once to make armor plate which will stand any assault, and to make big guns which will resist any armor plate. For the solution of this dilemma, they conduct continuous experiments."

"It one deprecates the fact that one of their factories alone—that of Elswick—employs 120,000 men, women and children, exclusive of the adhering tradesmen, in making implements of war, they have the undeniable fact to point out that their business is as much that of making war implements as it is that of increasing the powers of destruction."

"The Elswick works of Armstrong-Whitworth alone cover 300 acres, having spread over that area from a 2½ acre institution in 1847. The weekly payroll of the works is \$1,000,000, which goes to 25,000 employees. Elswick uses each year 200,000 tons of coal and 40,000 tons of coke."

"This one plant is capable of constructing three super-dreadnoughts at once. When the new 35,000-ton works at Walker, five miles below Elswick, and also one at Tynes, are complete, the firm's draughting capacity will be four-at-a-time. The latter works will be devoted to naval equipment. They will cover seventy acres. When they are working the firm will have building accommodations for seven or eight of the largest vessels. The Walker works will have ninety-three buildings. Ordnance every kind will be manufactured in forty large workshops."

Marion County, Ind., Mail: Walter Thomas' new feed mill and barbers shop is quite an improvement to our village. Any soldiering of old tin ware is being done at this place also. It is hoped the trade will be sufficient to enable Mr. Thomas to keep the business going.

STAMINA IN MEN AND HOW TO POSSESS IT

(From "Man's Maladies.")

A prominent physician being asked the question: "What are the things in life a man needs most?" answered: "Physical health, strong nervous system, efficiency, money and social success." Any man possessing the first three can be a success in the other two. Possession of a sound body with strong nerves is really the requirement which men need most.

Men need stamina, courage, staying qualities, endurance and perseverance but in order to have these qualities the nerves must be strong and keenly sensitive to every emotion. When a man has forsoaken, sensations of fear, timidity, accompanied with such symptoms as trembling hands and limbs, weak voice, nervousness, sleeplessness, numbness, dizziness, heart palpitation, restlessness, forgetfulness, melancholia, weakness without cause, and many others of a similar nature, it cannot be expected that he will be a success financially, socially or otherwise.

Strong virile magnanimity comes only to those whose nerves are properly nourished in a sound body. Nature in her wisdom has supplied certain extracts, essences, etc., which, if properly blended, will restore a normal keenness to the nerves so that any man can feel the rich red blood surging through his body supplying all the elements necessary to derive the most out of life in all its various phases.

For the benefit of those temporarily deficient in nerve strength the following ingredients can be obtained of any good druggist and prepared in the privacy of home. Purchase three ounces of syrup sarsaparilla compound in a six ounce bottle. Add one ounce of compound fluid balsam, shake and let stand two hours. Then add one ounce tincture of sassafras compound (not cardium) and one ounce compound essence codon. Mix, Shake well and take a teaspoonful after each meal and one when retiring. All distressing symptoms will soon vanish and a complete restoration to normal follow.

CANADIAN SKY SCRAPEERS

Toronto is becoming something of a rival for New York in the matter of high buildings. Here is a group, including the projected 29 story building of the Royal Bank.

DERIES FREE ENTRY TO PAPER FROM QUEBEC

CROWN LANDS TIMBER

Washington, Feb. 8.—President Taft today denied the right of free entry from Canada into the United States of wood pulp paper made from the timber of certain crown lands in Quebec on which the province recently announced it had removed export restrictions.

The president sustained the decision of Secretary McVeigh, of the treasury department, that Quebec's action was not sufficient to entitle these products to free importation under the only operative clause of the Canadian reciprocity agreement, which abolished the duty on wood pulp and paper, provided Canada did not restrict their exportation in any manner.

This action forestalls the reported plan of four big paper manufacturers to send a large shipment of paper to this country.

Secretary McVeigh's found after an extensive investigation that Quebec had not actually removed the restrictions on the exportation of the timber grown on the lands involved. It developed that the four companies leasing the lands would certainly not export the wood, but would convert it into paper before sending it to the United States.

Quebec, it is declared, refused to remove the export restrictions from other crown lands held by companies which would export timber. The primary purpose of the law, the secretary held, was to induce Canada to remove export restrictions so that wood would be freely imported into this country for manufacture into paper. He consequently challenged the sufficiency of Quebec's action.

Treasury officials deny that Quebec's case parallels the situation in British Columbia, which is given free entry. In that case only one company exports to this country and no restriction is placed upon either timber, woodpulp or paper.

SEAMEN'S INSTITUTE.
There was a large attendance at the temperance meeting of the Seamen's Institute on Saturday night. Rev. L. A. McLean gave an address to the sailors. A musical programme was provided. Mrs. B. L. Gerow sang two solos which were highly appreciated. J. Kilburn, Messrs. Davis and Salmon also took part in the programme. R. M. Smith conducted the Sunday evening service and gave a telling address to the men.

Passengers waiting for trains in the new Kansas City railroad station are to be entertained by moving pictures. The show will run daily.

STOMACH STARVERS EAT ANYTHING NOW

No Indigestion, Dyspepsia or Sour Gassy, Upset Stomach For "Pape's Diaprepain" Users

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diaprepain, and realize not only immediate but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diaprepain and take a dose just as soon as you eat. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diaprepain is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store. These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

RECENT WEDDINGS

At the home of Rev. W. B. Robinson last night Alfred Frank Craft, of West St. John, was united in marriage to Miss Hazel Elizabeth Roy, of Milltown, Charlotte county. Mr. and Mrs. Craft will take up their residence at the corner of King and Ludlow streets, West St. John.

A quiet wedding took place on Saturday, Feb. 8, at the residence of the officiating clergyman, 340 Main street, when Rev. Dr. McIntyre united in marriage John Edward Colley, of South Staffordshire, England, and Amy Briggs, late of Leeds, England. Mr. and Mrs. Colley will make their home in this city.

CAUSE OF IMPURE BLOOD

Druggist Tells of Best Remedy

Pure healthy blood is a most essential factor to good health.

Poor, thin, dehydrated blood may be caused by a weakness of the digestive organs, an accumulation of waste matter in the system, an inactive liver or lack of exercise.

Whatever the cause the best remedy we know is our delicious cod liver and iron tonic, Vinol. It will purify and enrich the blood, tone up the digestive organs, give you a hearty appetite and strength.

A case has just come to our attention from Schenectady, N. Y. Mrs. Hattie Hall says: "I was formerly troubled with my system was run down and my blood in bad condition by an abuse of food in my side which required treatment for several weeks. Under the regular use of Vinol to purify and enrich my blood and build up my strength this was soon healed, and my general health was much improved."

If you have the slightest indication of poor blood take Vinol. If it fails to help you we will give back your money. Watson's 3 Rexall stores, King St., Main St., and Haymarket Square.

CLEAN YOUR LIVER AND 30 FEET OF BOWELS WITH "SYRUP OF FIGS"

More Effective Than Calomel, Castor Oil or Salts; Gently Cleanses The Stomach, Liver and Bowels Without Nausea or Griping—Children Dearly Love It

You know when your liver is back without griping, nausea or weakness. Nothing else cleanses and regulates your liver, disordered stomach, torpid liver and thirty feet of waste-clogged bowels like gentle, effective Syrup of Figs. Don't think you are dragging yourself. Being composed entirely of luscious figs, senna and aromatics, I must take something tonight."

Most people shrink from a physic—they think of castor oil, calomel, salts or cathartics.

It's different with Syrup of Figs. Its effect is, as that of fruit: of eating coarse food; of exercise. Take a teaspoonful of delicious Syrup of Figs tonight and you won't realize you have taken anything until morning, when at the clearest up "waste matter, sour bile and constipation" move on and out of your system,

MEXICO CITY IS SEIZED BY REBELS

Army in Revolt and Madero Be-seized—Battle Fought and 250 Killed

Mexico City, Feb. 9.—The army rose in revolt in Mexico City today, took possession of the public buildings, shot down federal adherents in the streets, released General Felix Diaz, the leader of the Ven Cruz revolt from imprisonment and falling into line under his banner practically captured the Mexican capital.

Francisco Madero, president of the republic, the members of his cabinet were besieged, but with some loyal troops at their back, succeeded in defending the palace from the assaults of the revolutionaries.

Madero's family has taken refuge in the Japanese legation and tonight the president is making a fight, desperate in its character, for retention of his power.

The day was marked by four separate engagements, the most sanguinary of which took place in front of the National Palace, but the most important was the one among the troops in the artillery barracks. It is believed that no less than 250 persons were killed in the fighting. Among the number was General Bernardo Reyes, a strong adherent of Porfirio Diaz and an ex-secretary of war.

At 8:30 o'clock the first encounter with the loyal troops occurred in front of the National Palace and General Reyes, whose long record as an army officer was broken little more than a year ago by a fateful shot which he was shot through the head.

Streets Strown With Dead.
Many fell in this engagement and among the scores of bodies which strewn the streets were those of minor officers, women and boys of lower classes and members of the great crowd of spectators who had gathered at the firing of the first shot.

General Lauro Villar, post commander of the capital, who remained loyal, among these slightly wounded. The minister of war, General Garcia Pena, received a minor injury of the head.

At the first call to arms President Madero took command of a force of approximately 1,000, consisting of mounted police, Chapultepec cadets and a small detachment of volunteers.

The attack on the National Palace found the government not altogether unprepared. Riding at the head of their troops, Generals Diaz and Reyes approached from the east, the Zoocal, the big square in front of the palace. General Reyes appeared for the first time in many months in the uniform of a general, but Diaz was clothed in the ordinary blue sack suit and soft grey hat of a citizen. Quickly the invading forces assumed positions around the square, which soon was clouded with the smoke from their rifles. Immediately the defenders of the palace were using rifles and machine guns.

When the fighting in the Zoocal ceased, ambulances of the Red and White Cross engaged in the work of picking up the dead and securing the wounded. The Zoocal, an area of four city blocks, was strewn with the bodies of men and horses. Within the palace there were four victims but Colonel Morales, one of the most loyal of Madero's adherents, was killed.

General Gregorio Ruiz, a retired officer, two captains and three lieutenants were executed in the patio of the national palace.

BIG LABOR COMBINE IS BEING FORMED

Meetings are being held in England this day as a result of which it is hoped to announce the formation of the biggest industrial combine the country has ever seen. This will be the amalgamation of the co-operative societies with the trade unions.

The fusion, if accomplished, will bring together two and three-quarter million members of organized labor. The capital affected is enormous. To the millions of the labor unions must be added the \$185,000,000 share capital of the co-operatives and the labor unions must be increasing profits on the turnover. Last year the co-operative trade amounted to a figure of capital, and if the plan succeeds united action will be taken industrially, socially and in parliamentary matters. In many respects the work of the separated bodies now overlaps and money spent in education and social objects is often wasted.

The supreme purpose of the amalgamation will be the solution of labor unrest by the workers themselves. All fields of effort will be entered by the new organization, which will add to the present work of the co-operatives the capital of the unions.

Mr. Stoller of Clayville, Pa., has a peculiarity of wearing his hat continually. He takes it off the last thing before retiring at night and puts it on next morning as he awakes, before he is even dressed. When he was having a picture taken his wife suggested to him that it might be better if he left his hat off, but he objected, saying that his children, grandchildren and great-grandchildren would not recognize him without the hat.

SUNDAY LECTURES

One of the most appealing and interesting lectures in the C. M. B. A. Sunday evening course was that delivered by Rev. Miles Howland, of Fredericton, last evening. Also it was couched in eloquent language and given with grace and effectiveness. The subject was The Influence of Music. That it was treated by one who speaks with ease, in pleasant and that it was heard by an audience in close sympathy with the subject was very apparent, and the evening spent most pleasantly. R. J. Walsh capably presided.

It was Father Howland's first appearance in St. John as a speaker, and he held his audience in close interest from the outset. He speaks with ease, in pleasant voice, and with effective use of gesture. After dealing with music as coming from God, he spoke of historic instances in which its influence was felt. The freeing of the slaves in the Southern States and that awful night on the ocean when the Titanic sank, as the band played Nearer My God to Thee were two of his references. The speaker also told of more than one case in which music had brought men and women from sin to good living.

Catholic church music was given attention and the influence of good choir singing upon the worshippers was pointed out. Father Howland also referred to the Gregorian chant and its beauty and grandeur, but only when properly sung. Taking up the lives and works of Hayden and Mozart in particular, and was closely followed in the interesting details he gave. His peroration was an eloquent presentation of music's influence by the speaker. The applause was kept up for a long time.

A vote of thanks was moved by Frank J. Coffey, seconded by H. T. Bridge, and presented by the chairman. Father Howland had to hold quite a little reception at the close.

St. Peter's hall was crowded yesterday afternoon, when Dr. T. H. Lannan delivered an interesting lecture on A Nation's Aims and Hopes. The lecture was one particularly adapted for young men.

Dr. Lannan took up the life of the young man from the time he finished school until he established himself in some permanent occupation and described how necessary it was for the future welfare of the individual and the nation that he should be well developed, physically, intellectually and morally. He encouraged the reading of good and moral literature and gave several instances where immoral reading matter had caused the downfall of young men. He induced the young men to interest themselves in their education and take good care of themselves physically.

One point on which the speaker dwelt to considerable length was the education of the young men in the politics of the country. He said that all should follow from day to day the actions of the government and the doings of the politicians, so that they would be able at the time of election to utilize their votes judiciously. He explained to the young men what a great privilege it was to be able to vote, and expressed upon them what an injustice they were doing to themselves and their country by abusing that privilege.

At the conclusion a vote of thanks, moved by Mr. Haggeman and seconded by Mr. McDonald, was tendered the speaker.

FIRES

Fire broke out in Morrow's book store in Garden street at seven o'clock last evening. The store was destroyed by a street fire, which was extinguished with a stream of water from No. 4.

The branch store of the Sussex Mortgage Co., Ltd., at Elgin was destroyed by fire yesterday, with all its contents. The loss was about \$20,000, and is well covered by insurance.

A double tenement house at Dorchester, occupied by two of the penitentiary guards, Belmont and Hamilton, was destroyed by fire yesterday afternoon. For a time the whole row of government buildings was in danger, but the prison firemen assisted by the town firemen prevented further destruction.

The lumber mill and lumber shed of J. C. Dearing & Son on Springs Island, Me., were destroyed by fire on Saturday night. The loss was about \$50,000.

KIDNEYS WERE SO SORE DIDN'T KNOW WHAT TO DO.

GRAVEL AND SMALL STONES PASSED THROUGH THE URINE.

One of the most painful forms of kidney disease is Gravel or Stone in the Bladder. It is caused by the acid lime in the blood being oxidized and forming a gritty substance which lodges in the inner surface of the kidneys or bladder, and sets up a painful irritation.

To relieve these terrible pains it is necessary to keep the kidneys healthy for healthy kidneys secrete fluids that dissolve the gravel and stones, and they pass out through the urine harmlessly and without pain.

Mrs. Elmire Baldwin, Windsor, Ont., writes:—"I was so weak I could not do my own work. I tried many doctors, and every one of them told me to go to some institution. Reading of Doan's Kidney Pills, I tried them, and an son well, and can recommend them to all. My kidneys were so sore I did not know what to do, but after using the Doan's Kidney Pills, you would be surprised at all the gravel and small stones that passed through my urine. Now I am well and able to do my own work."

Doan's Kidney Pills are 50 cents per box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. When ordering direct, specify "Doan's."

AEEMEMIC GIRLS AND WEAK WOMEN get new life and vigor by taking Scott's Emulsion after every meal.

It revitalizes the watery blood and furnishes Nature with new nourishment to make red, active, healthy blood and feeds the nerve centers. Scott's Emulsion strengthens the bones and clothes them with healthy flesh.

Scott's Emulsion assimilates so quickly it conserves energy and compels health.

Scott & Bower, Toronto, Ontario 12-74

BARON ARMSTRONG'S SON IS A CONVERT TO SYNDICALISM

London, Feb. 9.—The son and heir of Baron Armstrong, the Hon. William John Montagu Armstrong, today avows himself a syndicalist in a communication to a newspaper in Newcastle-on-Tyne, where his father's great ship building yards are located.

In the course of his article, Mr. Armstrong affirms that the masses of the people are seething with justified discontent. Their wages are low, he says, and their rents high while caste distinctions tend to twain the unity of all nations.

Mr. Armstrong, who is not at official age as he will not be 21 until October of this year, favors the use of the political weapon for remedying social evils, but says that if constitutional means fail he advocates a general strike as the only alternative.

INDIANS' TEMPERANCE SOCIETY

Gleamer.—The official opening of the new lodge rooms of the Millicent Temperance Society at the St. Mary's Indian Reserve took place on last Thursday evening and was well attended. Indian Commissioner, N. J. Smith, delivered a temperance address. The new rooms are in the old school house which was recently renovated for the society. The furniture was supplied by the Indian Department. It is understood that a number of the officers of the Millicent Temperance Society will go to the French Village reserve to organize a lodge at that place.

Not a single case of tuberculosis developed in Burlington, Vt., during 1913.

Eczema Cured Three Years Ago

Best City Doctors Failed, But Cure Was Effected by Use of Dr. Chase's Ointment.

Mrs. A. T. Smith.

You apply Dr. Chase's Ointment for eczema and feel the benefit as if by magic. It may take some days to get the sores cleaned out and the healing process fully established, but from day to day you can see the old trouble gradually disappearing and know that you are getting rid of it.

Mrs. A. T. Smith, 1 Mt. Charles St., Montreal, Que., writes:—"I had eczema on my leg for four years, and tried many remedies and doctors in Montreal and Boston, without any benefit. I used three boxes of Dr. Chase's Ointment and was cured completely. This was three years ago. Since then I used Dr. Chase's Ointment for irritations and eruptions of the skin, and easily got rid of them with two or three applications. Dr. Chase's Ointment is a wonderful preparation."

Dr. Chase's Ointment, 60 cents a box, all dealers or Edmondson, Bates & Co., Limited, Toronto.

COMMISSIONERS LOOK TO GREATER ST. JOHN

Providing for Extension of Water System as Future Will Demand

The city commissioners are planning to provide facilities for Greater St. John in keeping with the era of development upon which the city is entering. A draft of a bill defining the limits outside of the city in the parishes of Lancaster and Simons in which the city may operate its water system was submitted to the commissioners this morning by the recorder. The bill will give the city authority to extend the distribution system over a larger area than is permitted by the present legislation. Among the new districts to be included will be the Courtenay Bay section with the new harbor works and the recently laid out subdivisions. Further consideration will be given the subject at later meetings.

The new building law was also presented to the commissioners in the form of a bill for the legislature and was read and approved.

LOCAL NEWS

WANTS BASEBALL.
Woodstock wants baseball, but there is nothing definite in the way of announcement of plans.

IS NOW CAPTAIN.
The many friends of James Scott of F. W. Daniel & Co. will be pleased to know that his son has been promoted to be captain of the vessel of which he was mate for several years.

WEST END STREET SURVEY.
A survey of German street, Carleton, giving new grades and levels to remove the irregularity of the street under the present conditions, has been prepared by the road engineer. The plan was submitted to the city commissioners this morning and was approved and recommended to the common council.

THE SOMERS SYSTEM.
The cost of introducing the Somers system of land valuation for assessment purposes in St. John will be between \$12,000 and \$15,000, according to an estimate received today by Mayor Frank from the Somers Company of Cleveland, Ohio. The letter was exhibited to the common council this afternoon.

A CLOSE VOTE.
It is learned that, in regard to the proposed affiliation, the Maritime Press Association with the Canadian Press Association, the result of a plebiscite decided on at the last annual meeting is as follows:—22 voted against affiliation and 21 voted for affiliation. The remaining members on the list did not record their votes.

ST. JAMES TEAM WON.

In an interesting basketball match on Saturday night in the school room of St. James' church the basketball team from the Y. M. C. A. there defeated the Fredericton High School team by a score of 38 to 18. The match was watched with interest by a large crowd. Frank Thorne was referee. The teams lined up as follows:

Fredericton	Position	St. James
Edgecombe	Forward	McCoy
Coy	Centre	Pitzmaurice
Vanwart	Defence	Holder
Barbour	Defence	Murray
Dolan	Defence	Scovil

THEY WANT WORK.

It would be a great boon if during the next few weeks some work could be undertaken in this city which would give employment to a large number of laboring men who during this quiet season of mid-winter are not steadily employed.

Times is informed that a large number of men visited the site of the refinery this morning looking for work and were unable to secure it there elsewhere. Of course this is not a new condition in St. John, but it is unfortunate for strangers to come to the city, having heard of the forward movement here, and expecting work, to find themselves in this severe weather unable to get a job.

A BIG CARTAGE JOB.

The seventeen-ton boiler to be used in the new Imperial Theatre, King Square, was taken to its destination on Saturday. It was hauled from the I. C. R. yard to the square via Smythe, Nelson, North Wharf, and King street, by ten horses. At first it was feared that the haul up King street would be too much for the animals, and had they not masterfully performed the feat it is doubtful if the horses could have drawn the boiler up the hill. The boiler attracted much attention, as it was drawn through the streets. The intention is to have it not merely for the heating of the theatre alone, but for the night or ten other ten in the building.

GOVERNMENT SELLING CARLETON PROPERTY

The Carleton property recently used as a detention hospital for immigrants, is offered for sale by the Dominion Department of Public Works. The property has a frontage of 120 feet on St. John street, 200 feet on Lancaster street and 230 feet on St. George street, and includes a large wooden building, formerly operated as an hotel under the name of the Martello Hotel.

It was bought some years ago by the government for use as a hospital for immigrants who were detained here under observation. It was not found entirely suitable and the hospital was again transferred to the building in connection with the immigration shed on Union street, W. E. The building has been standing idle since then.

NICE DRIVE THIS ON THE COLD FRIDAY

The item in The Times relating to the cold Friday fifty years ago set some of the old timers talking. It was recalled that one St. John man drove up the river that day from St. John to Upper Gasquet. It was also recalled that it was during that winter that the canal was cut from Gasquet Creek to the main river. A large crew of men did the necessary digging in the winter and a dredge completed the work in the spring.

YOUTHS ARE SENT TO HIGHER COURT FOR TRIAL

McNally Tells of North End Robbery—Today's Police Court

Harry McNally, aged 16 and George Watson, charged with breaking and entering the store of Maurice Jacobson in Main street and stealing two watches and some money, and the former also charged with robbing Mrs. Edward Chase of a handbag containing \$2 and some papers, were both committed for trial by Magistrate Ritchie in the police court this morning.

McNally pleaded guilty to both charges. He was placed on the witness stand to give evidence in the case against Watson. He came to the door and Watson's in entering Jacobson's place. He said that he and Watson met in a pool room in the night the night the place was entered. They had no intention then of committing the crime. About nine o'clock as they walked along Main street, they happened to stand in the doorway of Jacobson's store. According to the witness, it was then that the plan was formulated. He and Watson placed their knees to the door, and very easily forced it open.

He said they looked to see that no one was around and then the witness entered the store while Watson stood outside. He looked to find a till or drawer with money in it, but after spending some while behind the counter was unsuccessful. He then came to the door and Watson's suggestion, they both went in. They searched everywhere and Watson found a cigar box with some money in it. He told the witness that it amounted to only thirty-five cents.

In a subsequent case the witness found two gold watches, which he put in his pocket. They left the store and at the corner of High and Acadia street divided their spoils. The witness kept eighteen cents and Watson seventeen. They spent this in a restaurant about midnight the witness went home.

When the magistrate asked Watson if what the witness said was correct, he said it was. But added that after he left McNally, fearing that the stolen watch might be found on him, he returned it to the store. Then all he had stolen, he said, was seventeen cents.

According to Mr. Jacobson's evidence, a \$5 bill was stolen also, but both the prisoners denied taking this. The magistrate then committed them for trial.

Henry Melanson, charged with assaulting his wife, was before the court. Both wife and magistrate advised them to consult their clergyman about the matter. After making the man sign the pledge for one year, the magistrate advised them away, he agreeing to keep sober and also to stay at home and not go out to work.

Three prisoners charged with drunkenness were remanded.

ELEVEN BELOW IS OFFICIAL; SOME GLASSES SHOWED IT LOWER

This was the coldest day of the winter thus far, the official thermometer registering early this morning eleven below zero. The coldest recorded officially previous to today was ten below. At nine o'clock today the mercury had risen three degrees while at noon it was four degrees above zero, two degrees warmer than at the same hour yesterday.

A biting wind made today and yesterday very much colder, and heavy frosts were made on the coal piles in the homes and offices.

Early today at Millidgeville glasses registered sixteen below zero, at Indiantown sixteen below, at West street fourteen below, at the Marsh bridge twelve below, at Robbsey fourteen below, and at other places throughout the city and province the temperature ranged about the same degrees. The indications are for a continued cold snap. It was a bold day for the plumbers.

PROMINENT LOWER NORTON MAN—Two Daughters in St. John

Samuel E. Frost, of Lower Norton died this morning at 10:45 o'clock after two weeks' sickness at the advanced age of eighty-six years. He was a lifelong member of the Baptist church, a Conservative in politics and a justice of the peace for Kings county. He was highly honored and respected and will be greatly missed not only by the family but by the whole community. His wife died soon after their celebration of the sixtieth anniversary of their wedding.

Mr. Frost leaves three sons and four daughters—William E. Vancouver, E. of present visiting here; S. L. Tilly of the customs department, Ottawa; John P. agriculturalist and horseman of Lower Norton; Mrs. A. D. Smith, Mrs. Frank Banks, both of St. John; Mrs. A. Upham of Providence, R. I.; Mrs. H. V. Dickson of J哈利. The funeral will be held from the house at 2 p. m. on Wednesday and interment will be made in the Baptist cemetery at Lower Norton.

TRACEY WON THREE EVENTS

The sports conducted on Marble Cove rink on Saturday afternoon were thoroughly enjoyed.

The ice on the rink, which is under the management of Charles Wattle and Charles Huggard, was in excellent condition, and some fast time was made. In many of the events there were entries from some of the speediest of amateurs about the city, and one of them, Tom Tracey, showed again the fine form which he displayed recently in the St. Joseph's sports, winning three of the longer events. Gillen and McGuire also showed up well.

The results were:—
Boys' race, 112 miles; McGuire, 1st, Gillen 2nd, Tracey 3rd.
Open half mile, Tracey 1st, Gillen 2nd, and Appleby 3rd.
One mile, open, Tracey 1st, Gillen 2nd, Thorne 3rd.
Two miles open, Tracey 1st, Gillen 2nd, Half mile boys, McGuire 1st, McLellan 2nd.

F. L. Corey was starter, Mayes Davis, timer, and Gilbert Dykeman, F. Roberts, F. Tapley, M. Jones, M. Logan and Fred Cowan judges.

ORGANIZER HERE

George Harper, Loggerville, N. B., grand organizer of C. M. B. A. is in the city on matters in connection with the interests of that body. He will remain for several days.

FIRST SHOWING OF THE CELEBRATED CLUETT SHIRTS FOR SPRING

We are during this week making our first showing of the New Spring Styles in these celebrated shirts. Cluett, Peabody & Co. are the foremost shirt, collar and cuff manufacturers in America. Just recently they have equipped, and are now operating, a factory in Canada. Previous to this we were their sole agents in the Maritime Provinces. In view of the long connection we have had with them, they confine solely to us our selection of patterns. Some of the styles for this spring are negligee shirts with starched cuffs; negligee shirts with soft collars and soft separate collar; negligee shirts with attached collars, also plain and pleated bosoms made from the finest shirting materials, guaranteed fast colors in beautiful designs. You should make it a point to see this advance showing.

\$1.25 to \$2.50

Our Celebrated \$1 Shirt

The shirt we sell you at this price is without question the best value to be had in all Canada. Made from finest percales, in very delicate colorings, in all the new spring ideas. Guaranteed to give perfect satisfaction or money refunded.
