(Special To Times) Charlottetown, P. E. I., Sept. 10.—At the opening session of the annual meeting of the Women's Home and Foreign Missions Society for eastern Canada, held in Zion church this morning, statistics showed ten Presbyterians, 361 auxiliaries with 9,224 members, 795 members added, 1,949 scattered helpers, 101 life members, 6,288 messages and 281 boxes sent, a value of \$4,722.26.

THIRTY GET LONG SERVICE MEDALS FOR I. C. R. RECORD Presentation by Mayor Gross Today on Behalf of the King

(Special To Times) Moncton, N. B., Sept. 10.—In the east waiting room of the I. C. R. depot at Moncton, thirty retired veterans received long service medals through Mr. W. K. Gross, acting on behalf of the king in whose name the medals were given. Among those receiving the medals were one woman, Mrs. Bridget O'Brien. Each recipient received the following communication from the secretary of the Imperial Service Order: "I am commanded by the king to transmit to you herewith a long service medal in recognition of your meritorious services as an officer in the department of railways of Canada and I am requested that you will acknowledge receipt of this decoration."

THE POLICE COURT James Stranger, of Woodstock, aged sixty-nine years, has certainly had a hard run of luck. Last winter he was working in the lumber woods and had his hands frozen. The result was that amputations were necessary and he lost all of his fingers with the exception of a part of one thumb. About three weeks ago he lost one eye and came to the general public hospital here for treatment. He was discharged a couple of days ago and was boarding in the city for a few days before returning home. Last night he was arrested on a charge of lying and lurking off St. James street, but fate was kinder to him than usual this morning in the police court. He was given a chance to get out of town and promised to leave for Woodstock as soon as possible.

MILK FLOOD A horse attached to a milk wagon was set's grocery store this morning for a few minutes. The animal became frightened by the steam roller and jumped over the boarder by the Canadian authorities into Vermont. Alone, dazed and free, he did not know what to do. The newspaper men following him took him into their car and are now travelling

She rushed into the house to rescue the baby, but was cut off from the bedroom by the flames, and the little one was burned to a crisp.

PRESIDENT WILSON WELL PLEASED WITH WORK ON THE TARIFF Commends Leaders and Party and Believes Currency Reform Will Go Through Promptly

(Canadian Press) Washington, Sept. 10.—President Wilson last night issued the following statement: "A fight for the people and for free business, which has lasted a long generation through, has at last been won, handsomely and completely. A leadership and a steadfastness in counsel has been shown in both houses, of which the Democratic party has reason to be very proud. There has been no weakness or confusion or drawing back but a stateimable directness and command of circumstances. I am happy to have been connected with the government of the nation at a time when such work could happen and have worked in association with men who could do them. There is every reason to believe that currency reform will be carried through to the general interest. What has been done this first session of the Sixty-third Congress will have passed into history with an unrivalled distinction. I want to express my special admiration for the devotion, intelligence and untiring work of Mr. Underwood and Mr. Simmons and the committees associated with them."

MURDERER TELLS ALL He is a Degenerate and Killed Charlie Dawson to Cover up Crime—Leads Police to Spot Where He Threw Away Knife

(Canadian Press) Brantford, Ont. Sept. 10.—The horrible murder case, which the police authorities of Brantford and Brant county faced on Tuesday morning is no longer a mystery. James Taylor, known in police court circles as "Taylor, the Spaniard," has confessed to the murder of a little after nine o'clock on Monday night at the very spot where the body was found. The knife which Taylor used himself escorted the police to the spot where they threw away the weapon early on Tuesday morning.

UNDERGROUND TEMPLE THOUSAND YEARS B. C. Water Still Running in Fount After All the Centuries

Milan, Sept. 10.—Discoveries of immense importance in acquiring knowledge of pre-historic times are being made in Southern Sardinia, and it is the minister of the interior, who has been found a large subterranean temple, whose date goes back fully 1,000 years before Christ. The temple is constructed of huge unburnt masses of stone, which enshrine a sacred fount called the Fount of Palms. The explorers found it still running. It is said to possess medicinal properties.

#### THE DOCTOR'S GIFT.

Food Worth Its Weight in Gold.  
We usually expect the doctor to put us on some kind of penance and give us bitter medicines.

An Eastern doctor brought a patient something entirely different and the results are truly interesting.

"Two years ago," writes this patient, "was a frequent victim of acute indigestion and biliousness, being allowed to eat very few things. One day our family doctor brought me a small package, saying he had found something for me to

eat it was a food called Grape-nuts and even as its golden color might eat it was worth its weight in gold. I was sick and tired, trying one thing after another to no avail, but contented this new food.

If it surpassed my doctor's fondness and every day since I have blessed the good doctor and a month's time my former spells of indigestion had disappeared. In two weeks I felt like a new man. My mind was made clearer and keener, my body took on the vitality of youth, and in condition has continued.

"There's a Reason" Name given by the Mead Postum Co., Windsor, Ont., and "The Road to Wellville" in pages. Ever read the above letter? A new one appears from time to time. It's genuine, true, and full of human interest.

#### MORE HEAT AND CHEAPER HEAT AND HOW TO GET IT

A clean, strong, lasting fire can only be had from good coal. The Consumers' Coal Company's American anthracite is acknowledged by all who have tried it to be the best they ever used. It lights easily, lasts well and the small amount of ash is proof that it is good. The Consumers' Coal Company has a large stock of this coal in all sizes, chestnut, nut, egg, and broken, suitable for small stoves and ranges up to the largest furnace.

They also handle the celebrated Borden soft coal and hard wood. The Consumers' Coal Co., Ltd. address is 229 Charlotte street, near Haley's factory, phone main 2970. If a few dollars will buy the best heat, and if it is heat you are after when buying coal.

#### REGENT DEATHS

Reston, Sept. 9.—The death occurred at his home in Maudville yesterday afternoon, of William Masterion sr., after a long illness, aged 78 years. He is survived by his wife, three sons and four daughters. The sons are Robert, who is teaching school at Edmundston (Alta.); John, of Bathouque, and William, at home. The daughters are Mrs. John Sinton, of East Galloway, Mrs. Orchard, in Portland (Me.); Miss Oswald Young, of Chatham, and Miss Sarah, who returned home from Boston a few days ago. The funeral will be held Wednesday; interment will be in the Presbyterian cemetery.

St. Stephen, Sept. 9.—News of the death of Rev. Samuel D. Belyea, of the Massachusetts General Hospital, where he has been for several weeks for treatment, was heard here today with regret. He was 84 years of age. He was for several years pastor of the Baptist church at Milltown (Me.), and for the past few years he has been stationed at Cherryfield (Me.). He was twice married and leaves two sons and one daughter, children of his first wife.

About five years ago he was united in marriage to Miss Jeanette Robinson, youngest daughter of the late John B. Robinson, of this town. His brother-in-law, G. W. Gangung and Mrs. Belyea went by train to Boston this morning and will bring the remains here for interment. The funeral will probably be on Thursday afternoon. Rev. Dr. W. C. Gangung will conduct the services.

#### REGENT WEDDINGS

On Monday at St. Anthony's church St. Mary's, John McSheffrey, of Waasvis, was united in marriage to Miss Annie M. Sweeney, of Durham Bridge, by Rev. Father Donahoe.

On September 3 Harry Marshall Smith, son of Game Warden Walter L. Smith, Upper Maugeville and Miss Violet Irene Banks, daughter of Warden George F. Banks, Upper Maugeville, were united in marriage by Rev. C. K. Whalley. The happy couple left by steamer Victoria for Nova Scotia on their honeymoon. On their return they will reside at Upper Maugeville.

Fresh land purchases says Mr. Birrell, is now two-thirds through. The completion stage, the chief secretary anticipates, will be reached by the expenditure of a further £500,000.

#### How to Rid the Skin of Objectionable Hairs

(Toilet Talks.)  
Make a thick paste with some powdered deltonate and water and apply to hairy surface for 2 or 3 minutes, then rub off, wash the skin and it will be smooth and free from hair. This simple treatment banishes hair or fuzz without pain or inconvenience, but care should be used to get the deltonate in an original package.  
Applying pyroxin at lash-roots with thumb and forefinger causes the eyelashes to grow long and slightly curly, and if the eyebrows are thin, rub pyroxin on frequently and they will come in thick and glossy. Be careful and don't get any where no hair is wanted.

GREAT OCEAN DISASTER SHOWN AT UNIQUE

A picture of sensational interest is being shown at the Unique to night and all day Thursday. It is entitled "The Greys" and includes a film of a fire at sea, storms and the final sinking of a large ship. It is claimed to be one of the most gripping sea stories ever photographed, and will doubtless please large audiences at the Unique. This feature, which is a full two thousand feet in length, and will be supplemented by a clever Keystone comedy "The Speed Queen".

#### The Best Quality at a Reasonable Price

#### Consider Your Children's Eyes.

If a child's sight is imperfect, correct glasses should be obtained immediately. If it is not done, the child may grow out of the trouble—but if not, the defect increases until glasses are inevitable and a cure becomes impossible.

Many children's school hours are a torture because of defects of vision. The child often does not realize its deficiencies, while the parents are equally unsuspecting. As a result the child's education is impeded, and its health seriously impaired.

Children who frown when reading, who complain of headaches, or whose eyelids seem red and inflamed, should be taken to a competent optician and definite knowledge as to the condition of their eyes obtained.

Do not neglect the child's eyes.

#### Brooklyn Man Murdered in Ottawa

EXPLORERS KILLED

George Street of Ottawa Said To Have Met Death at Hands of Esquimaux—Brantford Boy Victim Identified

Ottawa, Sept. 9.—The body of Charles Robinson, of Brooklyn (N. Y.), an employee of Nathan Shapiro, a bookmaker, St. Louis (Mo.), was seen in the cellar of a vacant building on Somerset street late this afternoon, under a pile of coal, while nearby was a blood-stained trunk in which the remains had evidently been brought to the place.

Robinson was seen this night, Thursday, Aug. 28, last, and his employers notified the Ottawa police of his disappearance from his rooms and work at Connaught Park race meet the following day. The body was badly decomposed, but that Robinson was murdered the police have no doubt.

Ottawa, Sept. 9.—A story from two sources, differing only as to minor detail in the details of the Arctic expedition, reached Ottawa today announcing the death at the hands of an Eskimo band of two explorers, George Street, of Ottawa and H. V. Radford, an American with whom the Ottawa man left for a journey into the Arctic Circle two years ago.

The first story, received by mail steamer via the Hudson Bay route, is to the effect that the two men left Chesterfield Inlet on Hudson Bay, with a party of Eskimo traders, and joined another party of inland Eskimos at Charlott Lake, intending to proceed to Yathurb Inlet on the Arctic coast. Shortly afterwards an altercation occurred between Radford and one of the Eskimo men, who, in the course of the struggle, the white man's head struck a sharp rock, and he was killed. The Eskimo man was finally rescued by the Eskimo party, and returned to the coast.

From Commissioner Perry, of the Mounted Police at Regina today a message was received by Street's relatives, stating that the commissioner had received word from the superintendent at Chesterfield Inlet giving another account of the tragedy. According to this version, brought to Chesterfield by an Eskimo, it would appear that the Eskimo man, who was killed, was a traveling salesman, and was carrying a large quantity of goods. The party had reached their temporary destination at Yathurb Inlet and were proceeding to Fort Macleod, in the Yukon. The Eskimo whose name was given as being the murderer was a place near Yathurb on June 8, 1912, and that both Radford and Street were killed in the manner already detailed.

"While regarding the story of the Eskimo as apparently authentic because of its circumstantial character, the Mounted Police authorities are not inclined to give it complete credence as native stories are frequently magnified and distorted in the telling, and as they do from one hand to another in the course of their chance meetings. What gives hope that the men may be alive is the fact that on July 22 last Howard Allan, a traveler from the Arctic reported in Edmonton that he had heard that Radford was alive and well at Herschel Island, but no mention of Street was, however, made.

Street is a son of C. F. Street, of this city. He played football on the Ottawa College team which won the intercollegiate championship in 1907.

Cransford, Ont., Sept. 9.—After a day's unceasing work, Acting Chief Wallace and High Constable Kerr this evening arrested James Taylor in connection with the case of Charles Dawson, a 15-year-old boy, of Echo Place, whose terribly gashed body was found by the side of Blossom road this morning. Taylor will appear in the police court tomorrow morning on a vagrancy charge.

Montreal, Sept. 9.—An unidentified girl, apparently about fifteen years of age, either fell or jumped from the fourth floor of a Notre Dame street boarding house late tonight, and was dashed to death. The police are holding in whose room the girl is thought to have been, and are instituting a thorough investigation. The girl was only partially dressed when placed on the sidewalk and blood stains upon her clothing suggested when she had been assaulted and attempting to escape when she met her death.

#### METHODISTS PLAN SERVICES FOR SUMMER RESIDENTS

The Methodist financial district meeting for St. John and vicinity was held in the Methodist church at Westfield yesterday, and important business was transacted and plans made for the benefit of district missions.

Rev. George Steele, superintendent of the missionary society to district missions, and called attention to the fact that the circuits were moving towards independence from the mission board at Toronto.

A committee was appointed to investigate and arrange for religious services for Methodists who spend the summer outside the circuits and members of the church who have camps removed from centres of activity will be pleased to learn that, in future, they will be able to keep in touch with the church at all times.

The Methodist ministers of New Brunswick, Nova Scotia, Prince Edward Island and Newfoundland will attend, at the expense of their districts, the meeting at Amherst of the mission board of Canadian Methodism at Amherst, in October, for a three days' conference, on the invitation of the board, and they will be accompanied by delegates elected from the districts represented.

Perry J. Steele has been chosen representative for St. John district, and Joshua Clawson, alternate.

The evening session at Westfield consisted of public service, during which Rev. W. H. Barracough spoke on cer-

#### The New Gurney-Oxford Range Has Solved The "Help Problem"

Everywhere women are coping with the same difficulty—the securing of domestic help.

A Gurney-Oxford with its wonderful devices for the saving of time and labor enables you to be independent, if from necessity or choice you are without a servant.

The Divided Flue distributes the heat evenly throughout the oven, and by means of the Economizer the temperature is determined, kept constant, or changed as desired. It is easily controlled by a little lever working around six notches.

Dough and batter-mixtures will always be light, thoroughly cooked, and nicely browned.

This stove saves you the dreaded black leading process for it has an unchanging polished top.

If you must do your own work you owe it to yourself and to your family to spend less time in the kitchen.

No woman need be a drudge with a Gurney-Oxford range.

## WHEAT CROP THE LARGEST EVER PRODUCED

Washington, Sept. 9.—An enormous loss in the prospective production of corn, and indications of the biggest wheat crop ever produced, were the features of the government September crop report issued this afternoon.

Hot weather and drought in a number of the principal corn growing states during the month ending September 1, caused a deterioration of corn, which experts calculate has resulted in the loss of 221,000,000 bushels, reducing corn estimates to 2,271,000,000 bushels. This destructive weather caused a loss of about 300,000,000 bushels during July and August and brought the total up to 621,000,000 bushels since the first estimates of corn crop prospects were made by the government.

Never before in the history of the country has there been such a bountiful wheat harvest as has been gathered this year. This was due principally to the bumper crop of winter wheat. Today's government estimate of the spring wheat crop showed increased prospects for that crop, making total production 2,692,000,000 bushels, or an increase of 4.2 per cent over the August estimate. This increase brought the estimate of total wheat crop of the country to 6,040,000,000 bushels, or six million bushels more than the great record crop of 1901.

Out crop prospects, too, showed an increase of 3.7 per cent, as a result of the conditions existing during August and the crop now is estimated at 1,080,000,000 bushels, or 88,000,000 bushels more than predicted in August.

## LARGEST NUMBER IN CENTENNIAL

(Continued from page 1)

The basket work was taught twice a week on each ground by Miss Melick and there were made on the different grounds this year, 176 reed baskets, seventy-seven raffia baskets, sixty-one hats, twenty-eight hammocks, twenty-five coat hangers, six photo frames, two hat pins, nine needle holders, six sewing market baskets, all of raffia. The children were also taught to hook rugs, knit tiny stockings and mittens, sew, crocheting and weaving mats and chains.

**Boys' Games**

George Howard, supervisor of boys' games and gymnastic work, visited the different playgrounds and taught the games of baseball, basket ball, and volleyball, as well as running games, such as relay and potato races and sprinting. At the Carleton playgrounds, on account of lack of space, his work consisted chiefly of exercises on the gymnastic apparatus, including all the exercises of a first-class gymnasium, with tumbling, jumping and pole vaulting. The average number attending Mr. Howard's morning work was about sixty-five, and in the afternoon about 120. On the other playgrounds the average was somewhat less.

On Tuesday and Friday mornings he took the boys from the playgrounds to the Y. M. C. A. to learn to swim, and there was an average of about forty in the class. Mr. Howard reported that he had no trouble with the boys on any of the playgrounds, and found them very desirous of enjoying the games.

Each of the supervisors sent in a report of the work on their playground, of which she had charge, and these reports all show that the work this year was very successful and of great benefit to thousands of children. The supervisors were as follows:—Harriet R. Allison, Carleton; Mrs. C. Matthews, Carleton; Miss Edith M. Emerson; Aberdeen; Miss C. Ethel Hawker; Alexandria; Miss Daisy F. Porter; Centennial; Miss C. Wrennah Brennan; Bentley street; Miss Elizabeth McKinnon. The other teachers were: Miss Johnson, Carleton; Mrs. C. Matthews, Carleton; Mrs. J. W. Mayes, Carleton; Miss Smith, Miss Lattie, Miss Freese, Miss Journeay, Miss Melick and Mr. Howard.

## TARIFF BILL HAS PASSED SENATE

Washington, Sept. 9.—The Democratic tariff revision bill passed the senate at 5:48 o'clock this afternoon by a vote of 44 to 37, and a burst of applause that swept down from crowded galleries and found its echo in the crowded floor of the senate. Its passage was attended with surprises in the final moments of the voting, when Senator La Follette, Republican, cast his vote with the Democrats, and was joined a few moments later by Senator Poindexter, Progressive.

The Democrats had counted throughout the long tariff fight on losing the vote of Senators Ransdell and Thornton, of Louisiana, Democrats, who voted against the bill today because it would put sugar on the free list. Until the names of Senators La Follette and Poindexter were actually called, however, no one knew definitely the stand they would take, and their votes were greeted with enthusiastic applause.

President Wilson tonight expressed great gratification over the end of the long struggle in the senate. Senator Simmons, chairman of the finance committee, who had piloted the bill through the finance committee, the Democratic caucus and the senate, predicted that its passage would bring immediate stimulus to the business of the country.

As it passed the senate, the tariff bill represents an average reduction of more than four per cent from the rates of the original bill that passed the house, and nearly twenty-eight per cent from the rates of existing law. In many important particulars the senate has changed the bill that passed the house, and a conference committee of the two houses will begin work Wednesday or Thursday to adjust these differences.

Leaders of both houses predict that the conference will consume less than two weeks' time.

## MORNING LOCALS

H. A. Powell, K.C., member of the International Waterways Commission, left last night for Grand Falls to investigate the reported pollution of the river at that point. He will inquire into the interest of each country in connection with the matter.

W. B. Dawson, D.Sc. of the naval service, Ottawa, is at the Royal. He will spend the next few days gathering data concerning the tides and currents in the Bay of Fundy.

The Deacons' Branch of the Sunday School Association met last night in St. James' church school room with Rev. G. A. Kuhring presiding. Rev. J. A. Morrison gave an able and interesting address upon missionary work through the medium of Sunday Schools. At the close a hearty vote of thanks was tendered to the speaker.

The city commissioners and representatives of the St. John Railway Company visited the scene of the proposed extensions on Rothesay avenue yesterday afternoon and will meet at three o'clock this afternoon to decide upon the location of the rails.

Joseph Cook, the blind man who was arrested on Monday and remanded to jail by the police magistrate, was allowed out yesterday afternoon.

THINGS WORTH KNOWING TO THOSE INTERESTED IN THE DRINK CUR.

One year ago I opened a Neff Institute treating the drink habit at 43 Crown street, St. John (N. B.), to demonstrate to the public that treatment that would cure all desire an craving for alcohol in three days time. Some few call it a "fake" while others tried it with the remarkable result of cured several score of men and women. St. John was only one of our six branches that we have established throughout Canada, U. S. A., and foreign countries. After running it at big expense for one year we closed our eastern branch as well as several other places where there was a danger of becoming known that certain prominent people had taken the drink treatment. For the self-same reason we established a large central hospital at the Capital City Ottawa some two years ago where we have every convenience, the only trained male nurses and grade female nurses for women. Our two private rooms with electric, gas, bath and every modern conveniences guarantee to the outside patient comfort and secrecy while taking treatment. While the ride may seem rather long when starting, it is well for the patient to know that it is not necessary for patient to arrive here perfectly sober inasmuch as we never cut a patient straight off from liquor. Another feature that adds to taking treatment away from home is the fact that a good ride after completing the Neff treatment acts as a tonic, the fresh air, change of scenery and the knowledge that when one returns nobody will be a bit the wiser. Remember our fee charge is \$125 out of which we allow transportation both ways with understanding that we guarantee to turn all money paid if the patient is a perfectly satisfied after all craving an desire for liquor has been destroyed when leaving the Institute. If you have a loved one at home who is near as dear to you speak kindly to him at try and persuade him to take the Neff treatment. \$125 - There is no charge should patient wish to stay with us a few days after completing treatment. Make sure he is perfectly cured.

AEROPLANE BOOZE LINE NEXT, IS IDEA FOR MAINE

Official Says Autos and Motor Boat Have Not Been Wholly Successful

Kennebunk, Sept. 10.—That aeroplanes may be used next by Maine saloon keepers to get a supply of liquor into the state now that the automobiles and power boats have not proven wholly satisfactory, is the belief of the Rev. William F. Berry, of Waterville, superintendent of the Maine Civic League, who has been through the western part of the state, studying the conditions.

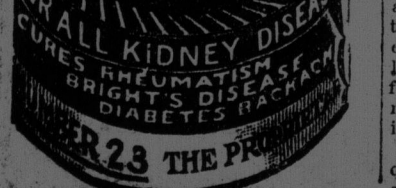

Since the Webb law went into effect it had been quite a problem for the rum-sellers to get their \$1.10 brand of whiskey into the old Pine Tree state, where the prohibitory law has been in force more than half a century. In fact, its dealers acknowledge that they are at their wits' end to get enough liquor to supply the demand since the automobiles have been rounded up and the power boats went on the rocks off Portland.

The red automobile, however, has been pulled off temporarily, it is said, since the accident here, when the load of liquor was seized by the sheriffs and the chauffeur arrested and fined \$100 and costs.

Two automobiles, one red and the other gray, have been smuggling liquor into Maine from Massachusetts for several weeks past and they have had many picturesque escapes. Sheriffs and their deputies have chased the men in high-powered cars over the rough country roads at a speed of 50 miles an hour, at the peril of their lives, and on every occasion the big red machine, with its hundreds of gallons of whiskey made a getaway. The driver of this car is one of the most skilled and reckless in Maine. He knows no fear and races along the byways and highways at midnight at a 60-mile-an-hour gait.

Since the auto rum express has begun to make regular trips, the farmers in the York county towns are awakened at night by the whizzing of automobiles going over the rough rock roads, oftentimes at the rate of 70 miles an hour. The sheriffs cannot utterly put a stop to the smuggling, because the greater the danger to the smuggler, and the less supply of prohibition booze in the cities and towns, the bigger the profit in smuggling. As high as \$2 a quart is paid in Maine cities for the rankest kind of whiskey.

Lately, pretty young girls have been engaged to go to New Hampshire after the liquor by the pocket vendors. The maids, they are invariably good looking, start out with a couple of dress suits. They go to Dover, Salmon Falls or Portsmouth, get a supply of whiskey of the \$1 a gallon brand and return. The officers have not yet learned the names of the girls, as they have not suspected that they have been present in the carrier service to blind the officers.

The Men Who Will Fight For the World's Championship

BY SLOANE GORDON

RICHARD W. MARQUARD, THE BEAU BRUMMELL OF THE GIANTS

New York, Sept. 7.—Richard W. Marquard, like most left-handers in a long list of note, is known as "Rube," although off the field he resembles the model about whom that little essay, which appears in the theatre programme, entitled "What the Well Dressed Man Should Wear," was written. Marquard is so excessively left-handed that he won nineteen games in succession back in 1912, and then took two months getting over it.

For two years, Richard W. Marquard (no one has ever discovered what the "W" stands for, not even "Rube" himself) but, as we were saying, for two years Richard W. Marquard was known as the "\$11,000 lemon." It distinctly proves he is not a piker at heart because he was no cheap lemon. The explanation of this title can be found in the following paragraph.

When McGraw waggily of pitchers in 1908, he went searching for a star and came across Richard W. Marquard out in Indianapolis, where he had been fooling a whole lot of batters. So John J. paid \$11,000 for him, then an unheard-of price for left-handers or right either, for that matter. The big league looked different to Richard W. Marquard somewhat after his first glance at it and, for two years, he had great difficulty in winning a ball game, nobody being able to convince him that there was such a thing as a plate on the field. He could throw the ball over first base or third base, as even over the grand stand, and frequently did, but not over the plate. Therefore, some cross reporter, tucked the name of the "\$11,000 lemon" to him, and it stuck like an actor to a bank roll.

All of a sudden Richard W. Marquard began to pitch baseball one day, and this led up to his winning of nine-

teen straight which procedure was noted around pretty generally. All the folks who had been calling him the "\$11,000 lemon" and urging that he be traded for a bat bag, rapidly ducked behind the scenes to change their unsketchy and came back greeting him as Mr. Richard W. Marquard. He has been pitching good baseball ever since.

Marquard says he is of French extraction, but this is doubted by some because he was born in Cleveland, Ohio. However, he is doing his best to conceal that fact now by wearing silk shirts with his monogram on the cuffs like a regular big town boy. Richard is what is known as a meticulous dresser both "on and off" (stage terms) and goes around the country with a wardrobe trunk.

Mr. Marquard is built like the crack between a pair of folding doors when they are closed, with the exception that he has a slight list to starboard because he once pulled a ligament in his neck while playing football. It was never restored. He depends for his success on his speed, having a fast one with the desired "hop" on it.

"Rube" spends his winters as a vaudeville actor, at which job he has been fairly successful, but it is thought by some that this is due more to the fact that he won nineteen straight games than on account of any ability. "Rube" denies this, but then he is only twenty-four years old. He threatened to stick to the stage and leave the Giants practically prone last spring so taken was with his art, but McGraw sent a scout to the Pacific coast after him and brought him back.

Richard W. Marquard is famous for his repartee, having roomed with "Josh" Devore in the early days of his career

COST OF LIVING

Ottawa, Sept. 9.—The cost of living index number took another jump upwards last month from 185.5, the figures for July, to 186.2. In August, 1912, the figures were 133.3 so that there was nearly a three point increase in August of this year compared with the same month a year ago. "And," say the officials at the labor department who compile the average cost of prices every month, "the prospects for any pronounced drop in the average cost of the commodities classified under the list of necessities of life are not very bright."

The cause for the advance in the average cost last month was principally due to the increase in price of potatoes, eggs, canned lobsters, anthracite coal, grains and fodder. Such things as beef, lamb, butter, lake trout, whitefish, canned peas, honey and coffee dropped a few points. Meats are a little higher in price than they were a year ago, but grains and fodder are lower.

Stand the knives in a jar of kerosene or sweet-oil in such a way that the blades are immersed and the handle well out of the oil. Leave them for three or more days, and then rub the well with emery paper, finishing in the usual way with the board and knife polish.

ABOUT YOUR OWN VIGOR Sent Free to Men

MR. READER: Here is something I have to offer you absolutely for nothing—a little private book of special information about the legitimate use and unnatural abuses of many vigor; about the preservation of manly strength and its possible self-restoration; an illustrated pocket compendium of 4,000 words, 72 pages and 20 half-tone photograph reproductions—which I am very pleased to send by mail, absolutely free of charge, in a plain, sealed envelope, to any man, young or elderly, single or married, who writes for it.

Over a million of these books have been thus sent to applicants all over the world since my first free offer appeared. Publishers are charging as much as \$5 for books on sex subjects, while my book is free. Therefore, reader, if you would like a great fund of inside information relating directly to the subject of manly vigor, all put in perfectly plain, easy-to-read language, with many hints that you can surely apply to your own self, no matter how strong you may be, or how nervous or run-down you may be—if you want to know the facts about this particular subject, given to you without a single scare, then fill in the coupon below, send to me and receive my book, sealed, by return mail. In one part of this little publication I describe a mechanical invention of my own, which I call the SANDEN Vitalizer, something you wear at night as an aid to the restoration of lost or waning strength, but you are not expected to get one of these appliances unless you decide for yourself that you want one. The book is complete, and there is absolutely nothing you are required to buy or pay, either now or in the future. Therefore, please send your names and address today.

SANDEN, Author.

MANHOOD! The quality which rules the world today. My friend, there never was a time in the history of the human race when real, sturdy manhood, manly vigor and manly courage counted for as much as they do now, whether you are 20 or 60, you must be either entirely in the race or entirely out of it. It is invariably the fellow who proves up strongest in this human strength that forges to the front, while weaklings stand aside; it is he who is in most demand and most sought after by women and men of his community, simply because he radiates that marvellous magnetic influence which only an abundant vigor and rugged health can radiate. I believe any man can hope to completely develop or restore this same vigor or manly strength, no matter what his past failures may have been, provided he is willing to REALLY MAKE THE EFFORT; and provide, of course, he is not weighed down by extreme old age or is not incurably diseased. To my mind, the road of the one who wants more vigor is perfectly plain, but it is a road that any man MUST travel if he attains the highest ideals in respect to his own manhood. See information in my free book.

As to the SANDEN Vitalizer, previously mentioned, will say it is a little mechanical appliance, weighing but a few ounces, which you wear at night. This Vitalizer generates an electric current, which I call Vitality. It does this by means of a certain set of electrical apparatus, which I call Vitality, and you are not expected to get one of these little appliances unless you want to. You can write later as to that if you so desire. We special attachments, my Vitalizer used by women as well as men—rheumatism, kidney, liver, stomach bladder disorders, etc. If you live or near this city I should be pleased to have you call in person my office, where you may see and feel the Vitalizer free of charge. Hour 9 to 6; or if inconvenient to call, will fall to write for the free book!

To Get Free Book Please Use Coupon

If you live too far to call, or if you cannot call, please fill in the coupon below and send it to me. You will receive free, sealed, by return mail, my 72-page illustrated book, containing 4,000 words, a complete cornucopia of useful information for men, young or elderly, single or married, about the subject of vital strength, its preservation, its self-restoration and its legitimate uses and wanton abuses. Y all free.

#### TO STUDY NURSING

On Tuesday night the members of the "Friendship Club" called on Miss Jean Morris, at the home of her uncle, John McIntosh, 22 Winslow street, West End, and presented to her a watch and chain as a souvenir of their esteem and friendship. Miss Morris expects to leave in the near future to study nursing in the Sacred Heart Hospital, Manchester, N. H.

#### ANOTHER C. P. R. MAN

A. A. Klock of Montreal, who was formerly inspector of ties for the C. P. R. in St. John, has been appointed to the same position with the I. C. E. R., and will have his headquarters at Moncton. There have been several appointments to the government railway lately of C. P. R. officials, which naturally causes some dissatisfaction among the older employees of the I. C. E. R., who are well qualified to fill good positions, after long and faithful service. Among the friends of Mr. Klock made while in St. John are several gentlemen on the Conservative side of politics who are interested in seeing that the railway trade does not die out in these parts.

#### BURIED TODAY

The funeral of Mrs. Patrick Kinsella was held at 8:45 o'clock this morning from her late residence, 10 Lombard street, to Holy Trinity church where requiem mass was celebrated by Rev. J. Walsh. The funeral was attended by many friends and the casket was covered with beautiful floral offerings. Six neighbors of the deceased acted as pallbearers. Interment took place in the new Catholic cemetery.

The funeral of James Lynch was held at 2:30 o'clock this afternoon from the residence of his grandmother, Mrs. Mooney, 122 Market Place, West St. John, to the Church of the Assumption where the burial service was read by Rev. J. J. O'Donovan. Interment was in the Catholic cemetery at Sand Cove.

#### ABILITY TO READ TEST FOR VOTERS

Knowledge of English Necessary Under The Franchise Reform in Calgary

Calgary, Sept. 10.—Important franchise reforms have been instituted by Calgary and the privilege of voting at municipal elections will now be extended on a much wider basis than formerly.

Briefly the basis of the electoral franchise is to be a test of the would-be voter's knowledge of the English language as expressed by his ability to read any portion of the second grade reader used in the Calgary public schools.

The exact wording of the charter amendment is as follows: "That the elective franchise be extended to all persons, twenty-one years of age or over, of twelve months' residence in the city, British subjects, and able to read any portion of the second reader in use in the Calgary schools."

This test will be applied when the voter goes to have his or her name put on the list. It gives to women the same voting rights as men.

Another important principle which has been adopted is that of "one person, one vote."

#### TAUGHT MANY YEARS IN SCHOOLS OF ST. JOHN

Miss Jessie Laird Passed Away This Morning

Miss Jessie Laird, daughter of the late Mr. and Mrs. Alexander Laird, died this morning at the residence of her brother-in-law, D. W. Newcombe of the C. P. R., west St. John. Miss Laird was a teacher in the city schools for twenty-three years. She joined the Aberdeen teaching staff when the school was first opened and resigned at the close of the school for the summer holidays last year owing to ill health and since then has been living with Mr. Newcombe's family. During the many years in which Miss Laird taught school she made many friends and was very popular with both teachers and scholars. All will regret to learn of her death. She is survived by one brother, Charles of Montreal and two sisters, Mrs. W. F. Nichols of Stanley street and Mrs. Newcombe.

#### CANADA BORROWS AN OFFICIAL FROM STATES TO HELP IN ROAD WORK

Washington, Sept. 10.—Canada has called upon the United States for aid in improving its highways and J. A. Pennybacker, chief statistician of the joint congressional committee on federal aid in the construction of post roads, has been loaned to the roads committee of the dominion.

Mr. Pennybacker, who also is secretary of the American Highways association, will organize a statistical bureau for the Canadian commission.

The province of Ontario is said to have already appropriated \$10,000,000 for the beginning of work on its highways, and the sum is to run up to five times that figure before the programme of improvement is completed.

#### Sentence For Assault on City Comptroller — Forte Changes Mind and Will be Tried With Jury

Robert Dixon, who last week was convicted of assault on Adam P. MacIntyre, city comptroller, was this morning sentenced by Judge Jonah to serve two years in Dorchester Penitentiary.

Cleophas Forte, committed for trial on a charge of assault on Mrs. Kelley of Fairville, was brought before Judge Jonah and changed his previous election of trial under the Speedy Trials Act to a trial with jury.

The trial of the civil non-jury case of Soulls Newsome Typewriter Company Limited vs. M. Wood & Sons Limited of Sackville was then taken up. This is a suit brought to recover \$175 for the sale of a dictaphone and outfit. The question which arises is whether or not the contract is sufficient to bind the defendant. The case was closed and argument was commenced and will be finished this afternoon. H. A. Porter is for the plaintiff and Mr. Bennett of Sackville for the defendant.

#### BROTHERHOOD OF ST. ANDREW CONFERENCE PLANS PROGRESS WELL

General Secretary Here Arranging For Large Convention at End of This Month

In connection with the Church of England conference under the auspices of the Brotherhood of St. Andrew, to be held in St. John from Friday, Sept. 26 to Sunday, Sept. 28, a meeting of the conference executive committee was held last evening in Trinity Parish Hall. J. A. Birmingham, the general

secretary from Toronto, was present. The reports of the sub-committee showed that good progress had been made with the preparations. The transportation arrangements have been completed, reduced fares having been granted. Conference literature has been sent to all possible delegates by the publicity committee, and already acceptances are coming in. Accommodation will be provided for all the visitors by the hospitality committee.

Trinity parish hall will be the conference headquarters, and all meetings will be held there except the Friday evening public meeting, which will be in St. Luke's parish hall, and the men's mass meeting in the St. John Opera House.

The object of the gathering is purely a spiritual one the intention being to interest men and boys in the definite work of spreading the kingdom of Jesus Christ. This is the sole purpose of the Brotherhood of St. Andrew.

Local clergymen and laymen will meet again this evening in Trinity parish hall to further discuss the conference. Several addresses will be given, among others one by Mr. Birmingham, the general secretary. On account of the large number of men who are interested, many may not have received an invitation to the meeting, but it is hoped that they will attend; all will be welcome.

#### MISS THOMSON TO HAVE FINE POULTRY FARM

Peters Property at Hampton Has Been Purchased — A Large Enterprise

Robert Thomson has bought the old Peters property at Hampton, consisting of a fine residence and a large farm, for his daughter, Miss Mabel Thomson, who is to have a scientific poultry ranch on the property. A woman poultry expert will be brought out from England under contract, and the operations will be up-to-date and on a very extensive scale. Miss Thomson has long had an inclination toward poultry farming, and the new enterprise bids fair to be most interesting and profitable. The investment is a large one.

#### HONORABLY ACQUITTED

Arthur Morton, Who Was Arrested In St. John a Year Ago

A Montreal Canadian Press despatch says:—

Arthur C. Morton, who was arrested in St. John, N. B., twelve months ago, while at the Royal Hotel, charged with misappropriation of funds, was honorably acquitted here yesterday by Judge Basin. The judge, in summing up the case, said there was nothing against Morton.
