RECAPTURE POWER HOUSE

GLACE BAY, N. S., June 11.—After a pitched battle lasting upwards of 15 minutes, striking United Mine Workers of America miners recaptured the new Waterford power station shortly after noon today and early this afternoon were in complete charge of the plant.

SYDNEY, N. S., June 11.—Early this morning a strong force of company police surprised the strike pickets on guard at the New Waterford power station, and after a fight, in which several received minor injuries, succeeded in occupying the building.

PICKETS RETREAT

The pickets retreated to the baseball park, where a mass meeting of the striking miners was in progress.

SITUATION SERIOUS

The situation at collieries Nos. 6, 10, and 22 is serious. At No. 22 last evening one of the large pumps was submerged.

No. 21 colliery is so filled with water, that it will never operate again. The machinery was removed from this mine some time ago.

PROGRESSIVE ASSOCIATION PRESENTS CASE

Breakwater and West Side Before Courtenay Bay

BRIDGE TALKED OF

Delegates at City Hall Express Belief Money Will Come If Asked For

A REQUEST that the port committee ask the Federal Government to estimate any sums for harbor facilities at the port of Saint John for the works on the western side of the harbor until these works had been completed, and that the first work to be undertaken be the extension of the Negro Point breakwater and the completion of No. 17 berth, was presented this morning by a delegation from the West Side Progressive Association at a conference in the office of Mayor Potts.

The president of the association, N. P. MacLeod, said he had the assurance that if the port committee requested the government to estimate the amount of money which is to be placed in the supplementary estimates for expenditure on the west side, it would be done, and he expressed the opinion that this amount should not be less than \$1,000,000.

Included among those present were Hon. W. E. Foster, M.L.A.; W. E. Scully, M.L.A.; A. P. Paterson, J. G. Harrison, H. Sedfield, Harold Mayes, J. Firth Brittain, Thomas Nagle, F. Maclure Scanders, D. W. Ledingham, N. P. MacLeod, W. J. Wetmore, Percy Turcotte, L. W. Simms, C. S. Pugh, G. H. Waring, C. Strang, Dr. F. L. Kenney, L. V. Lingley, C. O. Morris, J. G. Ryan and Thomas Hippey.

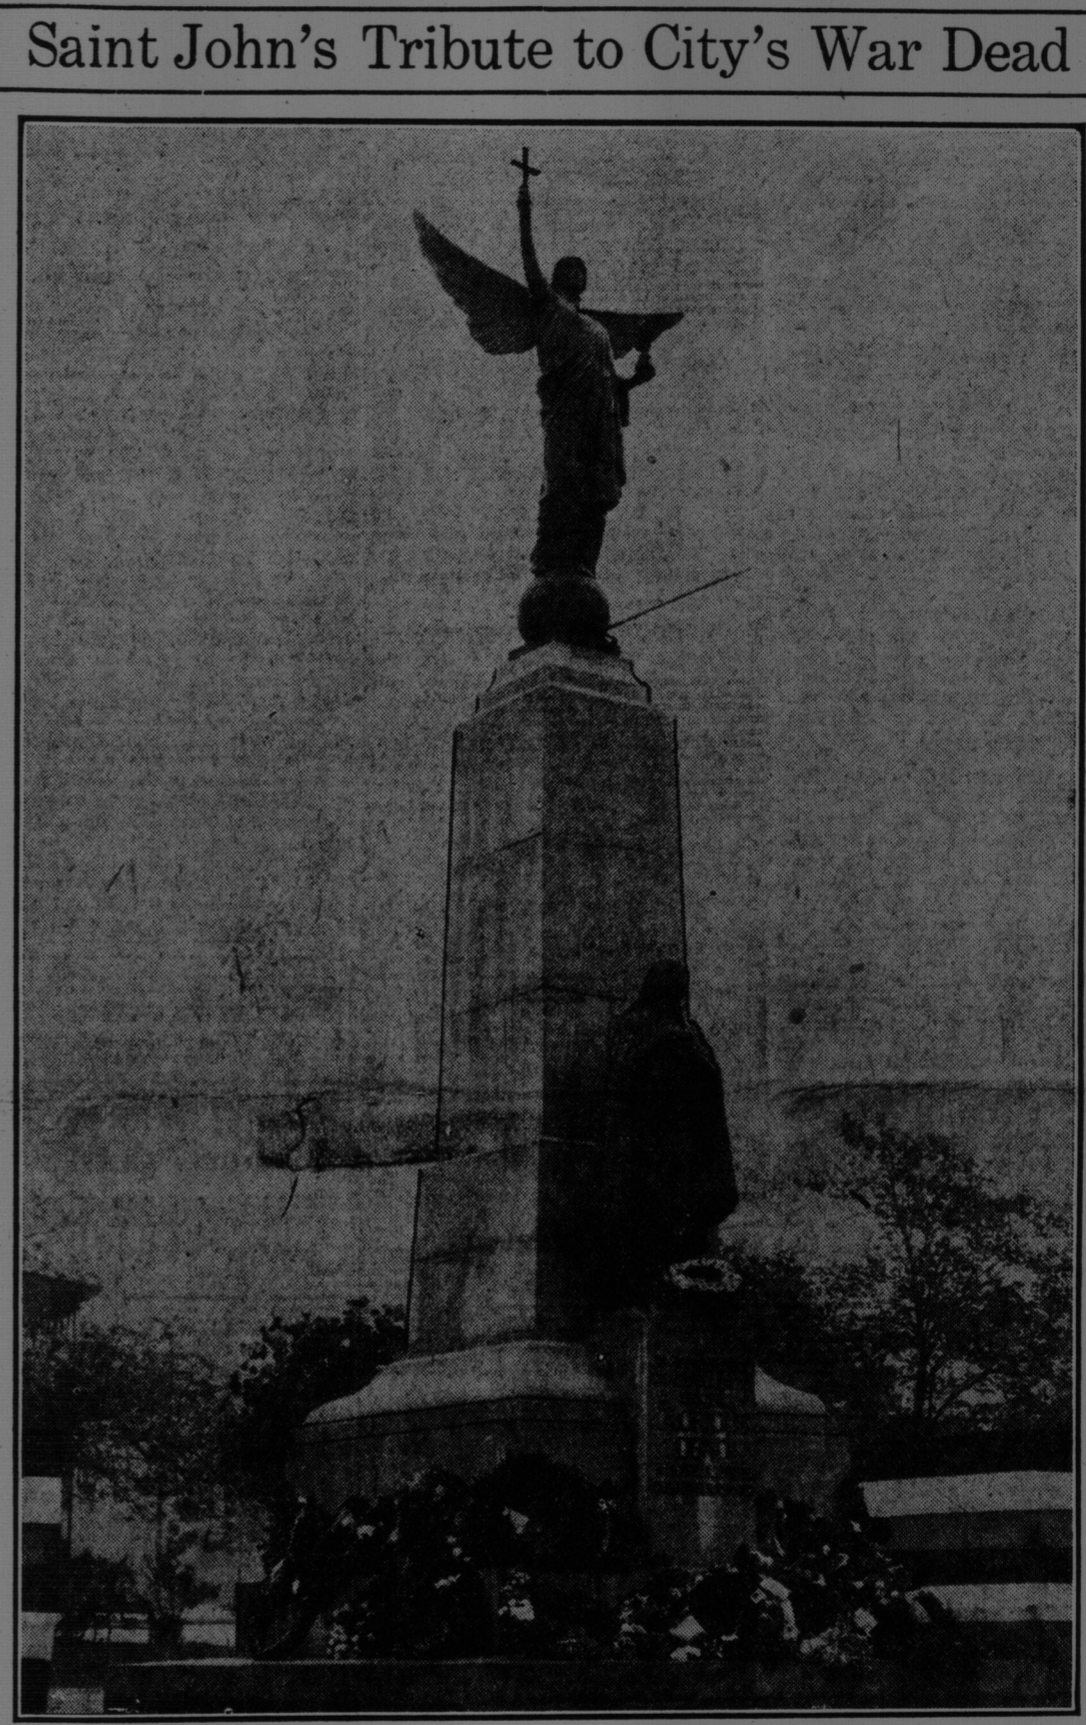

Mayor Potts said the meeting was being held at the request of the West Side Progressive Association. The council had gone into the matter mentioned in the letter of the association and had taken what action they thought was necessary. He asked that the association speakers place their case before the meeting.

CASE PRESENTED

N. P. MacLeod said the association was a community body formed primarily to further the interests of the West Side, but its members also remembered that they had a stake in the whole city, and for that reason they had given a great deal of thought to the matter of harbor development.

There had been a great deal of talk about the handicaps under which the Maritimes were suffering, and if the association could do anything to remove any of these it would be doing something worth while.

Maritimes Well Represented At Wembley Exhibition

The following interesting description of the representation of the Maritime Provinces at the great Wembley Exhibition was given to The Times-Star today by Wm. S. Allison, of Manchester Robertson Allison Ltd., who has just returned from a two months' trip to the British Isles:

"There are at least three different buildings at Wembley, where one would expect to find the Maritime Provinces featured. These are the main Canadian Building, C. P. R. Building and the C. N. R. Building.

CANADIAN BUILDING

"The Canadian Building is a very fine large building, as most people know; in fact one of the largest and most outstanding buildings at Wembley. The building is divided down the middle into two main sections, one of which contains the exhibits of individual manufacturing concerns from all over Canada. Prominent among these are the exhibits of the S. Simms Co. of Saint John, and Moirs, Limited, of Halifax.

C. N. R. BUILDING

"The C. N. R. Building, on entering this building I noticed that a large panorama, which was supposed to trace the route of the immigrant in Canada, was displayed in the hall, but not the panorama of Saint John, with the words 'Utilization of this port will strengthen the British Empire and will assist in the expansion of Canada.' All C. P. R. train-Admiral steamers call here during the winter season."

WIRELESS FEATURED

"In wireless, Moncton Station being I believe, the largest and most important of the wireless stations in the world. Immediately inside the door a model of a New Brunswick farm showing Cottage Craft. I believe this exhibit was provided by 'C. P. R. Building' in Cottage Craft. St. Andrews, N. B."

WEDDINGS

Lunney-Estey. The marriage of Miss Greta M. Estey, youngest daughter of Mr. and Mrs. Scott Estey of this city, to Clarence J. Lunney, son of William Lunney, groomer of 125 Main street, Saint John, was solemnized at the parlour of the First Baptist church, Moncton, by Rev. J. A. Huntley, on Wednesday, June 10, 1925.

Long-Brown. The marriage of Mrs. Emma M. Brown to Harry T. Long, both of this city, was solemnized at 7:30 p. m., at the residence of the officiating clergyman, Rev. J. Sutherland Bonnell, rector of St. Andrew's church. The bride looked charming in a suit of navy blue, with hat to match. Miss Doreen Dalgle was bridesmaid, while Donald Mackenzie supported the groom. Only immediate relatives and near relatives of the bride witnessed the ceremony.

McCauley-Kelly. A wedding of interest to Saint John people was solemnized in Kentville on Wednesday evening, June 8, when Miss Rita May Kelly, daughter of Mr. and Mrs. Edward R. Kelly, of Kentville, and sister of Wallace Kelly of Saint John, was united in marriage to Mr. J. W. Kelly, of Kentville.

ENTERTAINMENT ENDS MEETING

'Prentice Boys' Delegates Well Pleased With Visit Here

Enjoy Lobster Supper. Followed by Pleading Programme Given in Evening.

Social enjoyment with an automobile drive in the afternoon, a lobster ball in the 'Prentice Boys' hall, West Saint John, at supper time and an evening of entertainment closed the annual session of the Grand Lodge of the Protestant Association of 'Prentice Boys of British North America yesterday.

DRIVE IN CITY. The delegates assembled at their hall at 2 o'clock and they filled the 15 automobiles waiting to take them on a sight-seeing trip. The delegates were taken for a drive to points of interest in the city including the St. John Dry Dock, at which through the courtesy of the manager, they were conducted through the pumping station and the works of the dock. At Rockwood Park once again the whole-hearted welcome to the city was shown in the fact that permission was granted to make the inspection of this natural asset of the city by driving through by motor. By driving along Rockwood Road a view from Fort Howe was obtained and the party was taken through the city proper to see the points of interest there.

On the homeward trip the Reversing Falls were seen and Saint Point was visited where the advantages of the Saint John winter port were explained. After visiting the Protestant Orphanage in the Manawagonish Road the party returned to the 'Prentice Boys' hall for a lobster ball, which was to have taken place on Taylor's Island, but was made an indoor event because of the weather.

SESSION CLOSES. The meeting of Grand Lodge was brought to a fitting close last evening in hall of King Edward Lodge, No. 30, under whose auspices the entertainment of the delegates was carried out. Grand Master W. H. Price welcomed the guests and introduced Past Grand Master E. J. Anderson, who addressed those present briefly, expressing appreciation of the honor done Saint John in the election of so many local members to Grand Lodge offices. There was a short musical programme after which cards and dancing were enjoyed and refreshments were served. The various delegates to the convention expressed themselves as greatly pleased at the reception they had been accorded, not only by the local brethren but by the citizens as a whole. They declared themselves as strongly in favor of this port as a winter port and said they would take back to their homes in Western Canada a better understanding of things Eastern. They evidenced an earnest desire to assist in remedying the wrongs of the East. The local 'Prentice Boys' did their utmost to make the outside delegates welcome and the fact that all the delegates expressed a desire to return speaks well for the efforts of the local members.

The following were the committee in charge: W. Fillmore, W. W. Donohue, R. J. Anderson, Clifford G. Price, Richard Craft, A. L. Belyea and R. M. Anderson. The committee was ably assisted by the ladies of Roxborough Lodge, L.O.B.A., as well as the wives of local members.

Among those associated in the musical entertainment last night were W. R. Grace and L. Thornton, of North Devon; John Griffith, W. H. S. Miles, William Davis and R. D. Melvin.

REV. E. MARTIN WAS STRICKEN IN STREET

Letters Received in Moncton Tell of St. Andre Priests' Death.

MONCTON, June 10.—The circumstances surrounding the recent death in Italy of Rev. E. Martin, parish priest of St. Andre de Madawaska, are related in a letter received from Rev. Edgar T. LeBlanc, acting pastor of L'Assomption church here, from Rev. H. D. Cormier, parish priest of L'Assomption church, who is now in Italy for the Holy Year exercises of the Catholic Church.

STRICKEN IN STREET. Father Martin was one of the party from this province that went to Rome. They were returning from a visit to Jesuit College located in the city of Anagni and were accompanied by many of the priests, among whom were Rev. Alphonse LeBlanc, formerly of L'Assomption church here, but who is now studying in Italy. Just about five minutes after they had left the college, Rev. Father Martin dropped dead on the street. His sudden passing came as a great shock to all. His demise was thought to be caused through heart trouble. The dead priest's body was later taken to Rome.

GUIDES AT CHURCH. The Gagetown Girl Guides marched to the United Church on Sunday evening to attend service and heard a special address by the pastor, Rev. Thomas Hicks, on having an ideal in life. Appropriate hymns were sung and the service was very inspiring. The church was crowded.

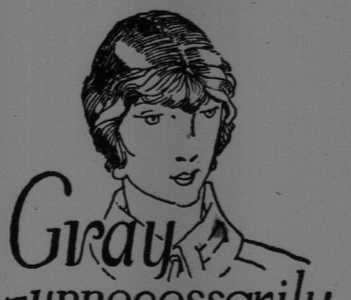

The Guides are practicing for a play which they expect to put on in about ten days to raise funds for their annual camping trip.

4.4 BEER APPROVED SAYS FERGUSON

Is Quite Satisfactory to People of Province, Declares Premier.

QUEBEC, June 10.—That the 4.4 beer now selling in the province of Ontario had met with their approval and was considered quite satisfactory by the people of that province, was the statement made by Premier Howard G. Ferguson, prior to his departure for England this afternoon on the Canadian Pacific S. S. Empress of Scotland.

In his opinion the present percentage of alcohol in the Ontario beverage was sufficient and he would not view with favor any suggestion to increase its alcoholic strength, he stated.

Baxter Backs Bill To Amend War Tax

OTTAWA, June 10.—A bill providing for the repeal of section 25 of the Income War Tax Act, 1917, as amended last year, creating a special lien and giving priority to the Government in the case of unpaid income taxes, received second reading in the House of Commons this afternoon and was put through committee stage.

Right Hon. Arthur Meighen and Hon. J. B. M. Baxter, Conservative, Saint John-Albert, supported the bill.

CAR HITS POLE. An unthoughtful man parked his car in King street East last evening and leaving a woman and two children in the car walked into the King Square to listen to the music and address at the unveiling of the memorial monument. While he was away one of the children released the brake and the automobile ran away, fortunately for the occupants the car collided with a pole on the corner of Sydney street. A fireman from the King street East station hastened to the assistance of the car and its occupants and parked the automobile safely with the front wheel to the curb.

SAINT JOHN, N. B., JUNE 11, 1925.

THE MEMORIAL

Recently Saint John unveiled and dedicated last evening in King Square its Memorial to those, its heroic sons and daughters, who made the final sacrifice and won imperishable glory in the great war.

Very fittingly, the words of those who took part in the ceremony not only paid honor to the heroes whose deeds and whose qualities are commemorated, but dwelt upon the central truth that there was no passing sacrifice, that their spirit still dwells among us and shall forever remain, an abiding inspiration to our generation and to others, stimulating us to exhibit in every walk of life the courage, the devotion, the triumphant sense of duty which they displayed in the great crisis of civilization.

Former Mayor Hayes, head of the worthy committee which erected the monument, said in the course of his address:

"As a part of this great nation and in keeping with an ancient custom, we have erected this memorial, which will stand as a reminder to us and to generations following of the sacrifice made by our sons and daughters in order to protect our homes and freedom, our liberty and freedom from foreign domination."

Major-General the Honorable A. H. Macdonell, who unveiled the monument, said impressively of it that "it will stand here for all time to come as a supreme lesson of the dead to the living—that love of country and devotion to duty are not empty words or vain ideals." And further:

"Let that ideal for which our heroes laid down their lives be forever our guiding star. Then and then only will it be proclaimed that this city, bereaved by the loss of her bravest, has through their sacrifice gained in spiritually, that as they dashed fearlessly into the fiery furnace they bequeathed to us a living, noble and lasting inspiration with a memory emerging from the perishable to immortality."

Rev. C. Gordon Lawrence, who delivered the address and the prayer of dedication, like the other speakers, paid an eloquent tribute to the courage and high sacrifice of the fallen, and he likewise referred to the sublime and enduring quality of the example they set before those of to-day and those who are to follow. He said:

"This monument is erected here to give expression to the honor we are glad to pay to the memory of those from this city who died that we might live. We set it apart to-day and dedicate it to Almighty God in their memory in the hope that it will be protected and preserved as a sacred trust through many generations. In national needs of another nature, and in the no less trying problems of peace, may their example of willing service be often emulated; may their noble standard of sacrifice be often followed. A city that develops heroes is a good place to live in. A city that men and women have died for is worthy of our service. Be it ours to make it what they would like it to be."

His Worship Mayor Potts, in gratefully accepting the Memorial on behalf of the city, made the welcome announcement that, while citizens will have an opportunity to make further contributions during the next thirty days, any balance remaining unpaid at the end of that period will be provided by the Common Council. He, too, made moving reference to the high quality of the sacrifice made by those whose memory the monument perpetuates and the duty their sacrifice imposes upon the living.

In this city, rich in historic memories, there has perhaps been no ceremony so impressive and so likely to abide long in the memories of those who participated as that of last evening. We cannot forget. The thought which was borne home deeply to the reverent thousands on this occasion will abide. The heritage of the citizens has been enriched beyond measure by the sacrifice of the sons and daughters who placed duty and patriotism before life itself.

FRANCE AND SECURITY. The British Prime Minister, in reply to a question in the House of Commons yesterday, said that no security pact had been concluded with France, and that none would be concluded without Parliament being given an opportunity for full discussion. Mr. Baldwin explained that the position to date is that the British and French Governments, "after careful consideration of German proposals, have reached a complete agreement on certain basic

principles, to which a settlement must conform, and to which there is every reason to expect the adhesion of Belgium and Italy." In order to prevent a further public misapprehension he stated that the contemplated settlement would not be one-sided, as had possibly been inferred from some of the reports printed. As to the next step, he explained that the Allied reply to Germany's security proposals has yet to be forwarded and that when this had been done he expected, with the consent of the French Government, to place the whole matter before Parliament.

The principal features of at least a tentative agreement between the British and French Governments have been made known, and these in effect contemplate membership by Germany in the League of Nations and the protection of France against German aggression in the West. It seems altogether likely now that such an agreement will be perfected after further negotiations and possibly some modifications.

James W. Gerard, former United States ambassador to Germany, said on returning from Europe a day or two ago:

"The keystone of all European policies, financial, political, and economical, is security for France. If that is guaranteed all other problems are easily solved."

This appears to express the view which has prevailed in British Government circles for some time past, and while Britain has hesitated to undertake the responsibility of underwriting French security, she is apparently going to do that, substantially, in the near future, provided Germany becomes a member of the League, and gives satisfactory evidence that she will undertake all of the responsibilities and obligations involved in that membership and live up to them. Any such agreement on the part of Britain and France will be subsidiary to the League of Nations, to which is left the question of the Eastern frontiers.

GARNET WHEAT. The West is discussing with interest and no little enthusiasm the prospect that Garnet wheat may soon displace the famous Marquis as the leading wheat of the Prairie Provinces. It will not be in general use for some time, but what is already known of it appears to justify some of the very optimistic predictions made. Marquis wheat was worth untold millions to Canada both because of its larger yield and its early ripening qualities. Mr. H. Newman, Dominion cerealist, recently told the Agricultural Committee of the House of Commons that instances had been known under dry conditions in which Garnet wheat yielded twice as many bushels to the acre as Marquis. The Calgary Herald says of it:

"Its capabilities of high production in seasons of drought, and of earlier ripening than Marquis, even in wet weather, thereby escaping the possibilities of rust and frost, are valuable factors in its favor."

"Experiments are still being conducted by the Dominion Experimental Farms with a view to establishing the value of Garnet wheat among farmers. The hope is held with confidence that Garnet wheat will extend the wheat-growing area many miles farther north, and that it will go far to remove the chief existing menace to wheat crop production."

If events justify these estimates the new wheat will be a factor of tremendous value to Canada.

A salmon shipped by someone in this province to Niagara Falls was held up at the border and found to contain a bottle of whiskey, "and the officials are now endeavoring to locate the New Brunswick shipper." They may wish to send him back the empty bottle.

"Farmers in some districts complain that they cannot get help to put in the crop," says the Edmonton Journal. "Not many weeks ago every large centre in the province had an army of men who complained that they could not get work. Neither condition is satisfactory, but of the two it is better that there should be a scarcity of workers than a scarcity of work."

Mr. Frank D. J. Barnjum is evidently not to leave Canada after all. Some months ago, because his plan to prevent the export of all pulpwood from private lands was not adopted, he announced that he was going to exile himself for sale. He was reminded at that time by some who did not wholly agree with him on the pulpwood question that it would be better to remain in Canada and continue the attempt to convert others to his view, rather than depart because he regarded the country as hopeless. On Monday he

was nominated as a candidate of the Nova Scotia Opposition to contest Queens County in the coming elections. Mr. Barnjum has been living for some years past at Annapolis Royal. His running mate is Mr. W. Lauré Hall, K. C., former leader of the Conservative Opposition in Nova Scotia. Regardless of pulpwood and of politics, many will be glad to know that Mr. Barnjum is going to stay in the country and help to solve its problems. Incidentally, he announces that the construction of a \$5,000,000 paper mill on the Mersey River is soon to be begun.

Odds and Ends "You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer"

"No Defence Against Air Attack" (Toronto Star). Sir Hugh Trenchard, chief of the British air staff, in a recent address at Cambridge, stated that notwithstanding the usefulness of the aeroplane to mankind in peace times it will be so destructive in war that he is casting vote rested with him he would "abolish the air," in other words, this great executive in war flying is so impressed by the menace of the aeroplane that he would willingly see flying—one of the greatest achievements of man—abandoned altogether.

All that flying can do for us in peace times is as nothing to what it could do against us in other words, this great executive is so impressed by the menace of the aeroplane that he would willingly see flying—one of the greatest achievements of man—abandoned altogether.

Colonel Lockwood Marsh in the English Review says that there are three possible kinds of anti-air defence against air attack: one is to make the air itself so inhospitable to the aeroplane that it cannot fly; the second can never be built so high and so encircling as to meet the needs of the case, while the third, sending up machines to fight machines, is only successful at times and partially. Talk of a death ray and of rendering machines helpless high in the air is all rubbish. "There is," concludes Colonel Marsh, "no effective defence against well-organized air attack properly pushed home by determined men." Sir Hugh Trenchard says "while the aeroplane is the most offensive weapon that has ever been invented, it is a shockingly bad weapon of defence against the aeroplane."

What the experts foresee is that defence would be so futile that it would scarcely be attempted at all. In case of war each nation would be so thoughtful of defence and send every machine it possessed in attack on the populous cities of the enemy, dealing death and destruction in so wholesale a way with bombs, poison and incendiaries that the enemy country would collapse. Each nation would seek to pound and pulverize the other into immediate surrender, enduring in the meantime its own similar disasters.

What a prospect this is for the civilized nations of the twentieth century to contemplate! And yet, shutting their eyes to the actualities of it all, public men and public journals continue to "talk of war as if it is a thing inevitable, as if the nations could not get along without it, and as if the statesmen who are seeking by way of the League of Nations to make war preventable are but visionaries and lacking in the many qualities of their ancestors who fought at Clontarf, Bannockburn and Hastings. Nothing can be more sure than this, that if the intelligence of the world proves unequal to grasping the fact that war becomes impossible the nations will drift into a demonstration that will be terrible in the thoroughness.

debt, although he is perfectly willing to take the poor debtor's oath. The man some time ago bought a \$3,000 motor truck on the installment plan. He paid all but \$300 on his note, and then couldn't pay any more. The trust company that held the note refused to take the truck and sued for the \$300. A superior court judge permitted him to take the poor debtor's oath, whereupon the trust company carried the case to the supreme court, which decided that the buyer could not take the poor debtor's oath, since he had the truck which is worth more than \$20. Meantime another creditor has seized the truck—and the man in jail certainly is not possessed of it now. But he must remain in duration as long as the trust company pays his board or until he pays the \$300. The old English days of the Marshal-see debtors' prison had not very much "gone" in this contemporary example of quibbling.

The Exile's Longing (Lucie M. Webster in Victoria Colonist). The heart of the Irish exile turns with longing towards his home. An Irish poetess has expressed this idea very beautifully: I think: "Waters of Moyle I hear ye calling, clearer 'ere half the world between, Antrim hills and the wet rain falling, Whiles ye are clearer than snow tops seen. Dreams of the night and the night wind calling, What is the half of the world between?"

Letters to The Editor A Request. To the Editor of The Times-Star: Sir—In the effort to make the observance of Canada's own National Day—Dominion Day—as effective as possible, it is considered very desirable to have special reference made to the origin of the day and its true meaning to patriotic Canadians by the clergy and in the schools.

According to the local Citizens' Committee respecting Dominion Day observance be to request that the clergy of our city churches will make fitting reference thereto from their pulpits on Sunday, the 28th instant, and that the teachers in our schools do the same in connection with their closing exercises or at some other specially opportune time.

Your courtesy in conveying this request through publication of this note in your columns will be duly appreciated.

French's Tribute To Canadian Troops. (Toronto Globe). Earl French's connection with Canada has received little mention in the sketches published since his death. He came in 1910, and made a special inspection of the Canadian defence forces, traveling from Halifax to Calgary. His report contained many suggestions for improvement, and it is probable that it had no small part in preparing the Canadian militia for the sudden call which came in 1914. It is of interest to note that while French was in Canada, Lord Kitchener was in Australia and New Zealand on a similar mission, both actions likely stimulated by the belief in inner circles that a great war was in the not distant future. Sir John French commended the volunteer system as probably the best for Canada, but asked for greater efficiency. During his brief visit to Toronto on May 24 that year he unveiled the splendid monument to the heroes of the South African war.

When he came again, in May, 1922, Earl French had been through the Great War, and had had a contact with the Canadian troops which made his presence still more welcome. He was given a banquet, when he said he always experienced an extraordinary feeling when visiting Canada. "It is as though I encountered a refreshing breeze of loyalty," he said. His tribute to the service of the Canadian troops was brief and heartfelt: "Gentlemen, the part played by your soldiers is beyond my poor powers to praise. How vividly I recall that fateful day of April 25, 1921! For four or five miles the French line was broken. The English army was in the air—the left flank uncovered. The story is well known. In the point of danger the Canadians stood like the brigade of Stonewall Jackson, and my heart will never cease to bear gratitude for the magnificent service they rendered me at that time. I could not leave the earth before coming over to Canada to express that gratitude."

Canada Claim To Arctic Land Is Reiterated. Minister of Interior Explains Right to Northern Islands. Organizer Announces Plans to Place Ticket in Every County of Province.

MONCTON, June 10.—A. D. Holyoke, provincial organizer of the Opposition party, arrived here today from Campbellton and is leaving tonight, via Saint John, on his way through to Fredericton. He reports getting a good reception on his tour. Mr. Holyoke announces that the party will have a full ticket in every constituency in the province in the coming election.

A meeting to select delegates for the Conservative county convention will be held in the Temperance Hall, Fairville, this (Thursday) evening. The Lorneville convention will be held there a week from Saturday, June 20.

OTTAWA, June 10.—Canada's claim to the Northern Archipelago was again asserted in the House of Commons today by Hon. Charles Stewart, Minister of the Interior.

Tabling a large map, Mr. Stewart said that the Canadian claim was to islands lying north of the Canadian mainland up to the North Pole. The limits of Canada's claim as indicated on the map, formed a great triangle with the mainland as the base and the North Pole as the apex. The western boundary was a continuation of the boundary between Canada and Alaska; the eastern took a line David Straits between Canada and Greenland and then followed longitude 60 west to the pole. Mr. Stewart roughly defined the territory claimed by Canada as that lying north of Canada, west of Greenland, between 60 and 142.

W. G. McQuarrie, Conservative, New Westminster, drew Mr. Stewart's attention to claims of the United States as set forth in news pamphlets. "I see they claim the North Pole," remarked Mr. McQuarrie. "Are we going to let them have it?" Mr. Stewart said he had no remark to make about claims of the United States. Canada claimed the islands north of the Canadian coast between 60 and 142. He presumed that the United States would claim any islands north of Alaska. "We don't claim the North Pole. We claim up to it," said Mr. Stewart.

TO EXTEND WORK IN NORTH. Mr. Stewart went on to say that he was anxious to extend the work in the north because he did not want to let people from other countries go in and establish any claim. If expeditions from other countries wished to go to the northern islands, the least they could do was to take out permits before crossing territory which certainly belonged to Canada.

"This Government has been very much alive about what we claim is our territory in the north country," Mr. Stewart had stated earlier in the day in answer to a question by Hon. H. H. Stevens, Conservative, Centre Vancouver, as to whether the Government had done anything to establish the validity of Canada's claim to lands in the Arctic Ocean.

OPPOSITION WILL CONTEST ALL SEATS. Further Betterment of C. G. M. M. Expected During the Coming Year.

OTTAWA, June 10.—"There is no doubt that the trade between Canada and the West Indies is worthy of close study as the development of a greater volume of traffic appears possible," says the second report of the Committee on National Railways and Shipping which was submitted to the House this afternoon by its chairman, W. D. Eiler, North Waterloo.

"Canada is in a position to supply practically all the requirements of this West Indian trade and they, in turn, are able to supply Canada with tropical products. If modern vessels with cool air and cold storage facilities were provided for the carrying of bananas and other fruit, this could be marketed in Canada through direct importation, via Canadian ports, rather than through United States ports."

It is also pointed out in the report that the committee notes the willingness of Sir Henry Thornton, president of the Canadian Government Merchant Marine, to consult with other shipping companies plying between Canada and the United Kingdom in an endeavor to arrive at a rate to be charged for the carriage of dressed meat, and other farm and fishery products requiring refrigeration.

Attention is drawn to the improvement in the financial position of the Merchant Marine which is shown in the fact that in the estimates for the fiscal year ending March 31, 1925, a total of \$668,000 is asked for, and of this sum \$600,000 is for deficits and \$68,000 for capital expenditures, while the amount for the year ended March 31, last, was \$900,000, all for deficits.

POSITION IMPROVED. The committee presented a unanimous report in favor of the vote of \$668,000.

The committee, in its report, notes that the net results for the C. G. M. M. have improved to the extent of \$423,632 during 1924 in comparison with 1923, notwithstanding the depression which existed in world trade conditions. "Your committee is also impressed with the conviction expressed by the president to the C. G. M. M., the report continues, 'that during the coming year the position of the C. G. M. M., will be materially improved.'"

Bolt Kills Horse Standing in Stall. YARMOUTH, June 10.—A short but severe tempest passed over this town just before noon today. The lightning killed a horse. There were only about five sharp flashes of lightning and as many crashes of thunder but they were nevertheless very close. A barn belonging to Charles H. Bablin, Cliff street, was struck at the peak of the roof. The lightning followed down the rafters of the roof to the lower floor where a valuable draught horse was standing in his stall and was killed instantly.

UNITED CHURCH CALLED TRUE CANADIAN ONE

Dr. MacKinnon Says Country Now Stands on Verge of New Venture

TOTAL MEMBERSHIP REPORTED AS 692,838

Ministers Number 4,467—108,000 Stay Out as Non-Concurents.

TORONTO, June 10.—"Today we stand on the threshold of a new epoch in our Canadian life," declared Rev. Dr. Clarence MacKinnon, of Halifax, former Presbyterian moderator, in addressing the first General Council of the United Church in Canada, this afternoon.

"Hitherto," he continued, "our religious institutions have been largely borrowed from other lands. Until now there has been formed no distinctly Canadian church. But now we stand on the verge of a new venture."

SPIRIT FRAMES NEW THEME

"The spirit of our Dominion, without out-culting of its old moorings, with undiminished veneration for the future, has framed for itself a new ecclesiastical theme through its young energies. It will be more ready expression, retaining all that is most glorious in our common Christian heritage, but free, we trust, from those formalities and fetters that are the property of a bygone age."

QUALITIES ARE FUSED

"What a living institution this united church is going to be when there are harnessed together the strong and sturdy qualities of the Puritan with the fervid evangelism of the Methodist. Furnished with splendid qualities from each of its historic factors, the United Church goes forth to its appointed task, not to make for herself a religious name, but to serve the life of our Dominion."

700,000 MARCH IN

Seven hundred thousand strong, Methodists, Presbyterians and Congregationalists today marched into the United Church of Canada and demonstrated their unity in three sessions of devotion and address, each of them attended by between 7,000 and 8,000 persons.

DEDICATION FINISHED

The session at the Arena in the morning saw the new church dedicated at a ceremony which was completed in the afternoon, when the 350 delegates to the first general council filed onto the platform and affixed their signatures to the basis of Union which the heads of the denominations already had signed. The chairman during the afternoon was Rev. Dr. G. C. Pligson, Presbyterian moderator, and it was agreed that until permanent officials are elected the moderators, the Methodist General Superintendent and the Congregational General Chairman should preside over the sessions as they agree. Tonight a third huge crowd gathered to hear representatives of the denominations with which the uniting denominations have had affiliations.

Dr. Endicott aroused great enthusiasm in his address when he referred to the leaders of the Presbyterian Unionists, mentioning by name Rev. Dr. Pligson and Rev. Dr. Gandier, principal of Knox College. In the bitter combat the church in Canada ever has known," he said, "the leaders stood together and pressed forward. 'Tis not to be denied that at a moment later, 'should go across Canada.'"

CALL FOR UNITY GREATEST

There were tremendous difficulties in denominationalism, and whatever might have been necessary in the past, man now needed a peculiar type of mind if he prayed for divisions. The call for unity transcended not merely denominationalism but nationalism. If it were right for Knox to organize his church for the sake of Scotland, it could not be wrong for them today to organize the United Church for the sake of Canada, but at the same time he wished to point out the danger of over-emphasis in nationalism.

CREEDS TRANSCENDED

"Today we have transcended the creeds," continued Dr. Endicott. How ever good the old Westminster Confession might have been, for instance, it was better today in the basis of union than ever before. They had not taken out a single thing which ought to be in. If they had to choose between the past and the future, they always would choose the future. Their fathers were not a bit more important than their children.

SAYS KEEP ABOVE WORLD

"The only way," he said, "by which a church can serve the world and so conquer it is by keeping above it. If we wrestle into it on its own plane it will throw us every time. The church of God can easily be too much at home in the world, and in those days

"CONTINUING" DROPPED

TORONTO, June 10.—The pre-assembly congress of the Continuing Presbyterians of Canada concluded tonight, with two large meetings in New St. Andrew's and Cooke street churches. Tomorrow morning the assembly starts. The Continuing Presbyterians today dropped the word "continuing" and referred to themselves as the Presbyterian Church in Canada. They will refer also to their assembly starting tomorrow morning as the adjourned session of the Presbyterian General Assembly.

when the idea of 'service' has become a cult it is well to remember it.

Figures which will be presented to the General Council gave an approximate membership for the United Church of 692,838, made up of 12,220 Congregationalists, 414,047 Methodists and 266,571 Presbyterians. These are comprised in 174 Congregational churches, 4,797 Methodist churches and 3,888 Presbyterian churches. Ministers entering the new church are given as 3,810, being 85 Congregationalists, 2,065 Methodists and 1,669 Presbyterians.

4,467 MINISTERS

Adding 648 missionaries there is a total ministerial force of 4,467. The total Presbyterian membership was given as 274,951, of whom 108,840 had voted against Union.

General Council meets tomorrow for business sessions in the Metropolitan Church

MAY RETAIN NAMES

Local congregations of the uniting denominations may retain their local names—such as Metropolitan Methodist Church, Bloor Street Presbyterian and Bond Street Congregational—in the opinion of the legal committee, of which N. W. Rowell, K.C., is the chairman, which will go to the Council. "Your committee," says the report, "is of the opinion that local churches have the right to retain their existing names, if they so desire to do so. Your committee expresses no opinion on the question of policy involved in the continued use of such local names."

STRENGTH REPORTED ON

TORONTO, June 10.—Reports on the strength of Continuing Presbyterians in the Ontario Presbyteries were received at the afternoon session of the Continuing Presbyterians at Cooke church. This session completes the business session of the congress and tomorrow the assembly of the Continuing church commences. It was announced that a telegram had been received from the government at Ottawa that the Federal Commission for the division of the general property of the Presbyterian Church would be appointed on June 12 instead of nine months hence as provided in the Church Union Act. The government made the change by order-in-council at the request of the Presbyteries.

400 MINISTERS TO STAY

Rev. A. J. McGillivray of Guelph was the principal speaker of the afternoon. He stated that 400 ministers in Canada had signed the intention of remaining with the Presbyterian Church. There would be more, he said, if ministers had not been asked to make up their minds. "We cannot expect to build up the church in a few days nor a few months," he declared. "I think that within three to five years we will have regained all that we have lost. Our primary object should be to make a great church, but not necessarily a big church."

Weddings

McDade-Quinlan

A wedding of much interest took place in the Cathedral of the Immaculate Conception this morning at 6 o'clock when, with nuptial mass, Miss Mildred Edna, daughter of Mr. and Mrs. Edward Quinlan became the bride of Francis McDade of Barnesville, N. B. The bride was escorted by Rev. Eugene Reynolds who performed the ceremony in the presence of relatives and friends of both bride and groom.

The bride, who was given away by her brother, Frederick, looked charming in a gown of Duchess satin with wreath of orange blossoms and carried a bouquet of American Beauty roses and sweet peas. The bride was attended by Mrs. Peter Miller who wore an attractive suit of tawn with fox trimmings and hat to match and wore a bouquet of American Beauty roses. The groom was supported by Felix Quinlan, brother of the bride. Miss Kathleen McKinney made a pretty little flower girl.

Following the ceremony the wedding party partook of a wedding breakfast at the home of the bride's parents. Mr. and Mrs. McDade will spend a honeymoon in various parts of the Maritime Provinces after which they will reside in Barnesville. The bride's going away dress was an attractive suit of henna shade trimmed with fox fur and hat to match.

Many beautiful gifts were received in testimony of the popularity of both bride and groom and many friends in the city and throughout the province will extend best wishes for the future.

Wilkins-Owen

A wedding of much interest was solemnized by Rev. G. C. Warren at the Brunswick street parsonage, Fredericton, on June 1, when Laura, daughter of Mr. and Mrs. Richard Owen of Ripples, N. B., became the bride of Victor Charles Wilkins of Cardigan. The bride looked charming in a gown of navy blue satin with hat to match. She was attended by Mrs. Corey Moxon, sister of the groom. The groom was supported by Corey Moxon. Both young people are popular with a large circle of friends. They will reside in Cardigan.

Olton-Cormure

Theophilus Emmanuel Olton and Miss Muriel P. Cormure were married at St. Paul's church yesterday afternoon by the Venérable Archdeacon A. H. Crowfoot solemnizing the ceremony. Only relatives and intimate friends were present. The groom is an employee of W. H. Thorne & Co., Ltd.

A wedding of much interest took place at the Union church, Millville, when Rev. C. N. Barton, of Keswick, united in marriage Vella G. Tompkins, daughter of Mr. and Mrs. Harry Tompkins, to Ernest J. Henderson, of New

RICH TAILOR WORKS IN SALVATION ARMY

Takes Stand at Bowery Quarters Repairing Clothes and Preaching.

NEW YORK, June 11.—Charles J. Wickmann, retired manufacturing tailor of Rochester, wealthy enough to live the rest of his life in comfortable leisure, has become a worker for the Salvation Army in this city. He stands daily from 7 a. m. to 5 p. m., even during the hot spell, in the lobby of the army's memorial hotel at 225 Bowery, greeting all arrivals.

His work consists in repairing the clothes of anyone who needs it. Formerly Mr. Wickmann employed 40 tailors, together with a corps of clerks and stenographers. Now, needle and thread in hand, he mends coats and trousers while preaching religion to patrons of the hotel.

A dainty lady, Mrs. W. Westminister, B. C., who the groom is in the employ of the C. P. R. Company. The bride's going-away costume was heavy white tulle, with blue hat and grey trimmings and grey furs.

Card-Baxter

The marriage of Miss Violet Matilda Baxter, daughter of Mr. and Mrs. Thomas Baxter, of Saint John, and Ralph Wilbert Card, formerly of Falmouth, N. S., son of Mr. and Mrs. William Card, was solemnized last night at the home of the officiating minister, Rev. A. L. Tedford, 187 Waterloo street, in the presence of many friends. The bride, who was very becomingly gowned in a navy blue three-piece suit with Copenhagen trimmings, wore a hat of Copenhagen blue. The bride was attended by Miss Edna Frances McFarland and the groomsmen was James Baxter, brother of the bride. Mr. and Mrs. Card have the good wishes of a host of friends. They will take up residence at 244 City Road and are planning a honeymoon trip later.

Deaths

Beulah Cripps

Beulah Cripps, daughter of Mr. and Mrs. George Cripps, of 600 Main street, died in the Saint John Infirmary yesterday, leaving her parents to mourn. Her mother was operated upon in the infirmary on Friday last. The funeral will be held on Friday afternoon at 3 o'clock, from her parents' residence to the new Catholic cemetery.

Albert H. Russell

ST. STEPHEN, June 10.—The death occurred today at his residence in Oak Hill of Albert H. Russell, aged 75 years. He had been in poor health for the last year or so. He leaves three daughters, Mrs. Ray Stuart, at home; Mrs. Jessie Archibald, of St. Stephen, and Mrs. Edward Luce, of Boston, and five sons, Alexander, Leslie, Leonard and William, of Boston, and Aubrey, at home, also several brothers and sisters. His wife died about four years ago. The funeral will be held Friday afternoon.

Miss Alice Zwicker

PARRSBORO, June 10.—Miss Lalia Snell received word from Amesbury, Mass., of the death of her aunt, Miss Alice Zwicker, who for more than 30 years has practised her profession as a nurse in Massachusetts. She was 71 years old.

Edward Richard

SHEDIAC, June 10.—Edward Richard died at his residence, Shediac East End, Saturday evening, after a brief illness. He was 77 years of age and for many years a lumber scaler and surveyor in connection with the mills of J. L. Black & Son, at Upper Aboussagen. He is survived by his widow, one son, in the United States, and one daughter residing at home. Mr. Philip Richard, proprietor of the Weldon House, Shediac, is a cousin of the deceased.

Frank B. Herritt

HAVELOCK, June 10.—News of the sudden death of Frank B. Herritt, on June 8, at his home in Havelock, following a short illness of pneumonia, has been received by relatives here. He leaves to mourn his wife, formerly Mrs. Gertrude Thorne, of Havelock and two small children. Mr. Herritt was also a native of Havelock.

Birthday Party For Edith Atchison

Mrs. L. A. Atchison, of the Earle Apartments, Lancaster Heights, celebrated the tenth birthday of her little girl, Miss Edith, with a party on Tuesday afternoon. A dainty supper was served by Mrs. Atchison, assisted by Mrs. Harry Logie, Miss Frances Goddard and Miss Mary Murray. The table was beautifully appointed with covers laid for 12, including the little guest of honor. Lilies-of-the-valley and white lilies were used for floral decoration and yellow streamers reached from the chandelier to the place of each guest, who also received souvenirs from the prettily decorated cake, lighted with 10 yellow candles. In the guessing contest carried on among other games, Miss Marjorie Simms won the coveted prize. Many lovely gifts were presented. Miss Edith by her little friends. Those present were Marjorie Simms, Grace Tilton, Helen Upham, Clara Ayer, Marion Paynter, Dorothy Wilkes, Catherine Logie, Olive Kelly, Courtney Deming, Carmen Boyle and Constance Hipwell.

Sir Arthur Currie Recovers Rapidly

MONTREAL, June 11.—It was stated last night that Sir Arthur Currie, principal of McGill University, who was operated on for an infected jaw several days ago, has made excellent recovery, and will leave the hospital at the end of this week. Sir Arthur, accompanied by his family, is expected to leave for England shortly.

In Parliament Today

THE SENATE WILL SIT IN THE COMMONS—Estimates of the Department of Indian Affairs and the Finance Department probably will have precedence.

Train Is Blammed For Fire In Slash

FREDERICTON, June 10.—A fire believed to have been caused by a passing train on the Gibson sub-division of the C. P. R. broke out at about 5 o'clock this evening in an old cutting on the land of Robert Evans, Nashwaakias. A high wind fanned the flames and in a few minutes a threatening forest fire was running before a stiff southwest wind. The fire was in slash of a logging operation of several years ago. Fortunately, the wind blew toward the Nashwaakias River and not toward houses or timber. It was believed that the fire moved across the river.

Junior Red Cross Spreading Information About Province

Do you know how your town received its name and what its name means? It is such questions as that that the Junior Red Cross is bringing before its members in the schools of the province and in the portfolio made by the Juniors to send to Junior Red Cross branches in other lands many very interesting historical facts are given which New Brunswick residents as a whole know very little about.

The Junior Red Cross branches make up portfolios in which the members give interesting facts concerning their school, community and province and the branches select the country to which the portfolio shall go. One of the most recent portfolios was made by the "Health Promoters" of Wapkeke in Carleton county, and will go to Belgium. In New Brunswick, Belgium has been a popular choice as a place to send portfolios to.

The portfolio made by the "Health Promoters" branch has just been received by Miss Jessie Lawson, Junior Red Cross supervisor. It has a specially attractive cover, is fastened with ribbons of the British and Belgian colors with a clever ribbon device to make the volume open easily. The articles are well worded and nicely written and the illustrations very pleasing.

This portfolio has the following interesting account of how Wapkeke got its name: "Years ago Wapkeke was a Maliseet Indian village, its site being at the mouth of the Wapkekegan stream, which derives its name from a high bank at its mouth. Therefore Wapkekegan means 'Bank at the mouth.' About 35 years ago the Wapkekegan stream was blocked with ice and so packed was the ice that the stream's course was changed for about a quarter of a mile above its mouth and it now flows about 200 rods below the former course. There is still a high bank at its present mouth. What was formerly the old mouth is now a bog, known as Old Wapkeke. About 70 years ago Wapkeke was put under cultivation and the men who ploughed the soil found the land had formerly been laid off in lots by the Indians and was marked with rocks as we would now fence our lots."

Yesterday In Parliament

IN THE COMMONS—Third reading was given to the bill to reimburse the Home Bank depositors. Estimates of the Department of the Interior, totalling \$8,077,886, were adopted in committee of supply.

IN THE SENATE—Alleged rum-running to the United States was discussed. The bill to give women in the western provinces, equality with men as regards grounds for divorce, was opposed by several senators. Debate was not concluded.

Bolt Strikes Roof Of Church In P.E.I.

CHARLOTTETOWN, P. E. I., June 10.—A large hole was torn in the belfry of Zion Presbyterian church and bricks scattered over the streets by a bolt of lightning during the passage of an electric storm that passed over Charlottetown about 10 o'clock this morning. The storm was accompanied by torrential rains.

Fashion Writer Tells of Late Styles They Wear in France

By HEDDA HOYT (Women's Editor of the United Press) NEW YORK, June 11.—In spite of the vogue for wide skirts most of the Parisians at the Longchamp racetrack are wearing straight-lined frocks and suits. The Parisian evidently believes that the sports frock should not be as bouffant as the dressy one.

Its a relief to some of us who like straight-lined clothes to know that the chic French woman is still wearing them, in spite of the returning American who wear full skirts of knee length. While some of the models worn at Longchamp are bellies, the majority have some sort of a narrow belt worn at a low waistline. Skirts, of course, are just on the bouffant ones. A typical frock of the Parisian racetrack is made of bordered material, the border forming the hem of the skirt. The border is often handwork of colored wool and is the only touch of trimming on the frock. Sleeves are long and neckline rounding. A belt of self material or leather may be worn at a low waistline.

A model of bellies type is made of mauve silk crepe with tucks graduating in width from hipline to hem. This also has long sleeves and rounding neckline. Still another model, which is made on straight lines, has a slender tunic of white crepe embroidered about the border in black, red and yellow and this is worn over a black foundation which extends about four inches below the tunic. Sleeves are long and finished with black cuffs. This outfit was worn with a draped turban of black crepe.

Pearl chokers are invariably worn with frocks of semi-sports type. Both plaid and white pearls of large size are popular. Frenchwomen are wearing a very light flesh shade stocking with the sports costume. Very few white stockings are seen. Shoes are white or of a shade used on the costume.

Cooking School Recipes. At the cooking school at N. B. Power Co. headquarters on Tuesday, Miss Macaulay gave out the following recipes: Baked Tapioca with Tomatoes and Cheese—1 cup grated cheese and one small can of tomatoes, 1 cup Minute Tapioca, boiled for fifteen minutes in double boiler with 3 cups water. When done put in well buttered casserole, laying one layer of tomatoes, one of Tapioca and one of grated cheese. Put three or four tablespoons of butter on the top layer, cover, and bake in moderate oven for one hour. Date Fudding—2 cups brown sugar, 4 level tablespoons corn starch, 3 cups water, 1 cup chopped dates, 1 cup chopped nuts, 2 tablespoons butter, 1 teaspoon vanilla. Mix starch and sugar, add water and bring to boil. When mixture is thick and begins to clear,

add the dates and cook for two minutes. Add butter, vanilla and nuts when you remove the vessel from fire. This dessert may be served hot or cold, with or without cream. If you desire individual molds, add three extra tablespoons of starch, to make a thicker base. Baked Ham—1 slice ham about two inches thick. Make paste of following and spread on top of meat after it has

been stuffed with whole cloves, 1 cup brown sugar, 1/2 cup flour, 8 teaspoons mustard, 1/4 cup water. Spread on top of meat, and place roaster in oven, allowing thirty minutes to the pound for the meat and an extra thirty minutes for the oven. Bake in a moderate oven, being careful not to burn, by allowing the heat to come on too rapidly. Be sure to use a rack in the bottom of the roaster—if you do not have one put a

pie tin or square cake pan in the bottom of the roaster. Add two cups of water to the bottom of the pan to start the gravy. Offices to Let. See the want ad. page. Use the Want Ad. Way

MEMORIAL TO WAR HEROES UNVEILED

MAJ.-GEN. MACDONELL ACTS AT RITES AND MAYOR POTTS PLEDGES CITY GRANT, IF NEEDED

Impressive Scene Presented as Union Jack Falls From Memorial, Guard of Honor Salutes, Band Plays, and Choir Sings

REV. MR. LAWRENCE OFFERS PRAYERS

Hayes Tells History of Move; Speakers Dwell on Services Given Liberty and Mankind by Heroes; Sergt. Burton Sounds "Reveille," and Cadet Buglers Render Last Post

WITH reverent ceremony and solemn honor there was unveiled in King Square, last night the monument of stately dignity which has been erected by the citizens "In honor and grateful memory of Our Glorious Dead who fell in the great war, 1914-1918," and as the splendid Union Jack dropped at the touch of Major General the Hon. A. H. Macdonell, C. M. G., D. S. O., a deep hush spread over the assembled throng numbering 12,000, the guard of honor came to the salute and the Fusiliers' band struck up the stirring tune "O Canada." The solemn "Last Post" by the cadet buglers' band pierced the silence and then the drums and bugles thrilled out the "Reveille."

Massed choirs wearing surplices led the singing of the hymns "O God Our Help in Ages Past" and "Abide With Me" during the short but deeply impressive ceremonies. R. T. Hayes, M.L.A., chairman of the committee which had in hand the erection of the monument told of its history and asked General Macdonnell to perform the act of unveiling.

RECALLS DAYS OF WAR. General Macdonnell made a deeply moving address as he recalled the days of war and spoke of the ideals which the monument proclaimed and the dead whom it honored.

Rev. C. Gordon Lawrence with great eloquence spoke of the bravery of the soldiers of Canada, citizens of Saint John, and offered the solemn prayer of dedication.

Mr. Hayes asked His Worship Mayor Potts to make formal acceptance of the memorial on behalf of the city. His Worship was warmly applauded as he declared that the city would vote the money necessary were there any sum still unpaid on the memorial at the expiration of the thirty days of the time when the full amount must be paid. There was still \$2,500 to be contributed last night.

GLEAMS IN SEARCHLIGHT. Through the kindness of F. A. Dykeman a searchlight was trained upon the memorial last night and as the shadows of night deepened the monument instead of being blurred out in the darkness shone out in majestic beauty, a shaft of gleaming white rising from a bank of many floral wreaths placed by loving hands. The mourning figure of bronze with hands rested upon a naked sword hooded above the boldly inscribed legend, standing out in bold relief.

Under the command of Capt. Heane a guard of honor of 80 returned men marched first into the enclosure, carrying the regimental colors of the Saint John Fusiliers and the Fusiliers' band took up its station in the north of the Square where there was a special roped space for the choir of 200 voices. Prof. Hayes gave his address.

TO SYMBOLIZE VICTORY. The general scheme of the design is to symbolize the triumph of victory through sacrifice, and is depicted by means of a winged bronze figure holding in her left hand a figure of victory and in her right hand a cross. Standing on a globe she thus suggests the universal victory for which the sacrifice was made.

FINANCES. "At the outset the finance committee hoped that the amount could be raised in small amounts, but expectations in this respect were not realized, and the committee was obliged to call a sec-

Four centres representing the four branches of the service, one a naval volunteer reservist and three soldiers wearing the steel helmets of war-time took their places, one at each corner of the base of the memorial. The detachment of Cadets, Scouts and Girl Guides took up positions in the rear of the monument. Those who had appeared on the platform were Major-General Macdonell, Rev. C. Gordon Lawrence, Mayor Potts, R. T. Hayes, M.L.A., Mrs. Heber Vroom, Mrs. E. Atherton Smith, Mrs. G. E. Barbour, R.N., Miss Frances Alward, Col. E. T. Sturdee, Capt. A. J. Mulachy, Col. W. B. Anderson, O.C., M.D., No. 7; Capt. McQuade, who acted as Orderly Officer to General Macdonnell and Major Bell who attended Colonel Anderson. An inspection of the guard of honor was carried out by General Macdonnell and Colonel Anderson.

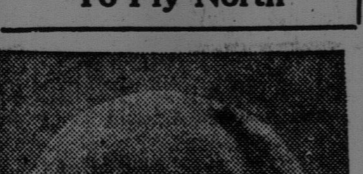

Throughout the ceremony until the unveiling the four centres stood with arms reversed and heads bowed, and when the unveiling had taken place they stood at attention. After the singing of the hymn "O God Our Help in Ages Past" by the choir with the band accompanying, Mr. Hayes gave his address.

BELIEVE FOUND 1,000 YEARS OLD

Stone Hammer Discovered on Thos. Nagle's Property at Loch Lomond

Thought to Antedate Indians of New Brunswick—Presented to N. H. S. Museum

A stone hammer, possibly 1,000 years old and in all probability a relic of the Eskimo inhabitants of New Brunswick, was found on the property of Thomas Nagle at the head of Loch Lomond, and by Mr. Nagle has been presented to the Natural History Society. The hammer is of the mallet type, having flattened oval ends, differing from the other hammers in the museum in this particular. All of the stone hammers in the collections have rounded ends.

COMPACT SANDSTONE. Mr. Nagle's gift is five and a half inches in extreme length and four and a half inches at its greatest width. It is rounded off towards the

flattened ends and the measurements of the oval ends are three inches by two and three-quarter inches. It is red compact sandstone and very heavy. The lichens which are embedded into the stone give some clue as to its extreme age.

ANCIENT IMPLEMENT. Mr. McIntosh explained how these ancient stone implements were used. He said a tree with a close crooked trunk was cut down and the wood was fitted snugly into the crotch, then the two branches forming the crotch were twisted gradually back until they met on the original trunk. The branches were then bound securely to the trunk with rawhide and the rawhide dried out it contracted, forming a very strong band holding the branches and trunk as in a vice.

THANKS WORKERS. "As chairman of the general committee, I wish to thank all those fellow-workers, who, at times, in the face of discouragement, carried on, and brought our undertaking to a successful conclusion. I would also thank the newspapers, who through their editorial columns and advertising space, contributed generously and sympathetically without charge.

TRIBUTE TO NURSES. "The committee regrets that owing to lack of space it was impossible to provide accommodation for a much larger number of invited guests. As

Truckman Gains By Losing \$2,540 of Employers' Money

NEW YORK, June 10 — Norman Nixon, a chauffeur for the Equitable Furniture Company, collected \$2,840 on C. O. D. deliveries on Saturday and then went out to Woodside, Queens, to make further collections. When he halted his motor truck out there and felt for his wallet it was gone. Nixon telephoned to David Newman, manager of the furniture company, reported his loss and was told to return to the office immediately.

Premier King Gives Stand On Security Pact

OTTAWA, June 10—"I was not asked to be a party to the proposed security pact, but if it is now a party to it," explained Premier King.

"The facts are that certain negotiations are going on between Britain and France regarding this matter, and of these we are kept informed, but it is essentially a European affair. We have not been asked to be a separate party to it and it will be time enough to consider it when we are asked."

In aid of orphan babies a concert was held on May 30 by ten little girls, Doris Holder, Doris Lyton, Ruth Titas, Lillian Sudsaber, Marion Clark, Hazel Beattie, Adrienne McAlary, Lillian Wilkins, assisted by Marion Holder and Madeline Wilkins. ACTIVE AGAIN IN SMUGGLING

Rings Renew Efforts to Get Aliens Into United States

Few Officials to Oppose, But They Question 750,000 Travelers in Year.

Associated Press Despatch. NEWPORT, Vermont, June 11—Rings of criminals who reap a lucrative return from smuggling aliens and undesirable into the United States have renewed their activity along the international boundary between Vermont, New Hampshire and Canada. Officials say that thousands of persons who on account of quota restrictions have failed to enter the United States or who have been rejected by immigration authorities will try this year to slip across the boundary.

ATTACK AND DEFENCE. Groups of liquor and narcotic smugglers who have an extensive organization on the border and in Canada will undertake for a consideration to carry any alien past United States border officials. One powerful organization specializes largely in Chinese according to border officials, who declare that various Chinese merchants' associations in the United States make a practice of paying from \$500 to \$1,000 for every man brought in.

QUESTION 750,000. Yet behind this apparent lack of activity a very real struggle between official and smuggler is in progress. The officers of the Newport sub-district, where Inspector J. C. Ford is in charge, examine a greater number of travelers annually than pass through Ellis Island. Last year 600,000 persons traveling in trains and in 150,000 automobiles were examined in the Newport district. Every year between 7,000 and 10,000 persons are deported from this point alone.

Regiments began as if marching in rhythmic order with the roll of drums. With unflinching steps, the sun glistening on their bayonets, the soldiers moved, impatient to reach the battle fields of France and Belgium which were all ablaze with the most deadly conflict ever waged between right and might.

FASHIONED BY NATURE. "There is not a spectacular adventure. From this most picturesque province, with its rolling hills dotted with sheets of placid and clear waters, with its beautiful rivers and streams, nature seems to have fashioned in her bosom the sterling character of her sons.

ANCIENTS HONORED DEAD. "The erection of memorials to the honored dead was an ancient practice; it was said of one of the great empires of antiquity that they were well advanced towards decay when they ceased to honor their dead.

REMINDER OF SACRIFICES. "As a part of this great nation and in keeping with an ancient custom, we have erected this memorial, which will stand as a reminder to us and to generations following of the sacrifice made by our sons and daughters in order to protect our homes and freedoms, our liberty and freedom from foreign domination.

IDEAL FOR GUIDING STAR. "Let that ideal for which our heroes laid down their lives be forever our guiding star. Then and then only will it be proclaimed that this city, bereaved by the loss of her bravest, has through their sacrifice gained in spirituality; that as they dashed fearlessly into the fiery furnace they bequeathed

CAME ALL OF SUDDEN. "All of a sudden in 1914 in the midst of a glorious summer the first rumblings of a tumultuous storm were heard at a distance. From across the Atlantic threatening lights were seen on the horizon and as hours and minutes fled the impending storm had gathered and was soon raging from the Atlantic to the Pacific.

PROVINCE JOINS IN WAR. "The great world war was on us with its long and dreadful periods of supreme trials, of hopes deferred, with its unending trail of holocaust on land, in the air and on the seas. After weeks and months elapsed, the yemen gathered from the deepest recesses of this province and the steady tramp of

watched them grow to manhood. We knew something of their hopes and plans for the future. They were eager for their share of life's privileges and ready for their part of its burden.

PROUD OF SOLDIERS. "It seems only yesterday that the dark cloud of war settled down upon a large part of the world. Like hundreds of others, these whom we honor, offered their services to King and country. We were proud of them as we were proud of all who freely volunteered in the greatest conflict of nations the world has ever seen. The wonder of it will never pass away. They were altogether unacquainted with the arts of war. Not one in a thousand had ever heard the scream of a shell, or ever seen a violent death. From the banks and the offices and the warehouses, as well as from the fields, the forests and the rivers, came the great volunteer army of citizen soldiers. And to the surprise of the whole world they held their ground against the most efficient and best equipped fighting machine that had ever been brought into existence. They made the name of Canada respected in every land. They showed that as fine a type of manhood is developed here, in this new country, as the oldest nations were ever proud of. There was nothing too difficult to leave to the Canadians; nothing too dangerous for them to undertake. And these were our sons, our brothers, our citizens!

COMRADES REMEMBERED. "Some of us today are thinking of comrades with whom it was our lot to serve. Our minds have gone back to the days of hurried training, the period of waiting in England, the horrid nights in France; to the sounds and sights of war. We have been again for a moment at Ypres, or Passchendaele, or Vimy, or on the Somme. We have seen once more the little crosses among the poppies in Flanders fields.

MEMORIES AWAKENED. "Rev. C. Gordon Lawrence before offering the dedicatory prayers spoke as follows: "Many memories are awakened by the unveiling of this beautiful memorial to our noble dead. Only a few years ago as boys and girls they often lingered upon this lovely square. Their happy, carefree faces are bright in our memory, for they were our children, and the children of our friends. We

dedicated this monument to the glory of God in grateful memory of His servants who gave their lives in the Great War. In the Names of the Father, and of the Son, and of the Holy Ghost. Amen.

MAJOR POTTS SPEAKS OF SADNESS. Mayor Potts spoke of the sadness which the unveiling ceremonies must invoke and then told of one bereaved mother who had said that she had always come to the square to try and put behind her the sadness of her son's death and since the memorial had been erected the square, too, was made a place of sad memories. To that mother and to any who felt as she did Mayor Potts wished specially to address his remarks.

DIED IN CHRISTIAN LIBERTY. The Mayor wanted her to come often to the square and look proudly and reverently upon the monument, remembering that the son she loved had died fighting in the greatest cause the world had known; and believing that his spirit was with his Maker. The dead commemorated had died for Christian liberty and that mother when she looked upon the monument might pray that her life should be so guided that in the hereafter she would meet her son above. War had taught the lesson of sacrifice, if it had taught nothing else. Many years ago there had come up the hill of King street a noble band of Loyalists whom the city honored and it was fitting that the sun which in rising would shine upon the city's memorial to its fallen should shine in setting upon the memorial to the Loyalists.

PRaises MONUMENT BODY. Mayor Potts declared those who had had charge of the erection of the monument were deserving of great credit and he made the announcement that indebtedness on the memorial if the full sum had not been raised within the time limit of 30 days. The Mayor then turned to address the Scouts, Cadets and Girl Guides. He spoke to them as the men and women of the future, urging them to look on the monument and recall the deeds of those it commemorated, exhorting them to self-sacrifice. His words were heard by a large number of people who were called upon to serve in another war. He spoke of his great respect for the work of the three organizations and commended them to the public support. He closed his address by accept-

ing the monument on behalf of the city, giving assurance that it would be safeguarded always and the record of the gift be duly recorded in the Council's session. The hearty singing of God Save the King closed the ceremonies.

FLORAL TRIBUTES OFFERED. Then from all sides representatives of organizations and private citizens pressed forward to place their wreaths and floral tokens upon the monument. Among those who thus paid tribute to the dead were little children who could not recall the father that they honored, mothers with glistening eyes bright with tears and the comrades of the fallen who thought earnestly of the path that had gone.

POLICE WORK EFFICIENT. It was estimated by the city police that there were at least 12,000 in the throng attending the unveiling ceremonies and perfect order was maintained throughout the programme. There were 20 members of the police force and they handled the crowd most creditably. Not only did they but the whole length of King street was lined on both sides with parked automobiles.

When the flag was dropped from the war memorial at the unveiling ceremony by a signalled arrangement the lights were turned off in the Imperial Theatre and the music ceased and in the stillness the audience could hear clearly the sounding of the "Last Post" by the buglers on side. The bringing indoors of the outdoor ceremony was most impressive. At the expiration of the one minute of silence the music was continued and the showing of pictures resumed.

Several photographs of the unveiling ceremony and the crowd were taken for the Telegraph-Journal in the hope that some of them might be sufficiently sharp and clear to make newspaper illustrations. Owing to the fog, however, the engraver was unable to develop any of the photographs. After the ceremony General Macdonnell went down to the Armoury to address the Guard of Honor. He expressed himself as very glad to see his old comrades and congratulated them on having carried on so well during the ceremony. He considered their bearing had been remarkably good, considering the length of time they had been in uniform and he had been surprised and pleased to see so many decorations. He shook hands with each member of the Guard of Honor and quickly recognized about 20 who had served under him in France. He then conducted an inspection of the cadets and addressed a few congratulatory remarks to them. He asked them to remember that they were Canadians and the future guardians of the race and he gave them special praise for their smart appearance.

The general also had some complimentary words for the band which he said had carried its part exceptionally well. A. B. at 75

John Franklin Browne is 75, but he has just been given the degree of Bachelor of Arts by Salem College, Salem, W. Va. Fifty years ago he left home at Madison, Wis., to enter college, but a series of misfortunes prevented. Now that he has it, he's going to do post graduate work, then teach.

BEAUTY FROM DIXIELAND

Miss Ruth Shaw of Vicksburg, Miss., was chosen most beautiful girl at the Mississippi State College for Women in a contest there.

TRIED TO KIDNAP MARY

They admitted plotting to kidnap Mary Pickford. Held in the Los Angeles jail, Claude A. Holcomb, Adrian A. "Blitz" Woods and C. Z. Stevens say they would have demanded \$200,000 ransom. If they had succeeded, they would next have kidnaped Pola Negri, Jackie Coogan and the two grandchildren of E. L. Doheny, oil king.

FOUND COOL SPOT

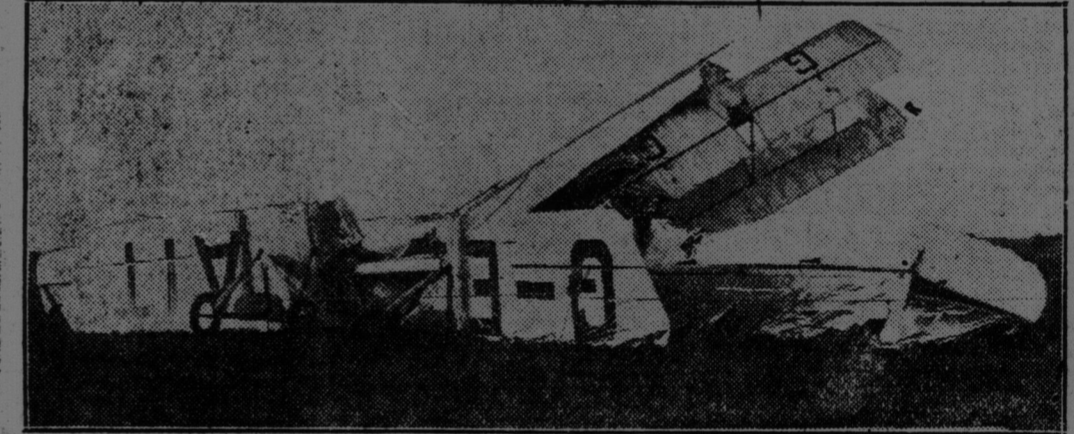

Who's hot? A nice big cake of ice furnishes this mother of the New York tenements a cool resting spot for herself and her baby for a few precious moments.

WHEN MANNA WON ENGLISH DERBY

Much pomp attaches to the winning of the English Derby ("Darby," if you please). Owner, mounted escorts, police, handlers and hangers-on, all escort the winner to the judges' stand. Above is shown Manna winning the race by eight lengths. Below is H. E. Morris, the owner of Manna, leading in his horse after the race, with Steve Donoghue again the successful jockey.

KANGAROO MACHINE NOSE DIVES TO GROUND

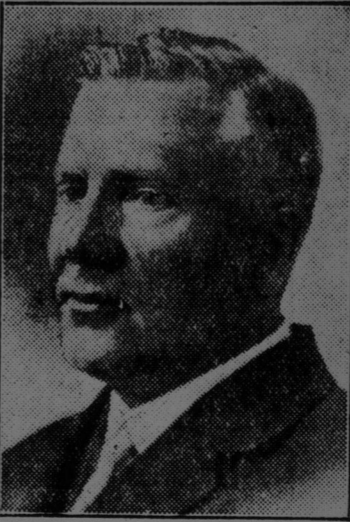

After rising about 400 feet in the air for a test flight, this machine stalled and nose dived, killing a young flying officer, Capt. H. C. MacDonald, at the Brough Air Reserve Aerodrome in England. Photo taken immediately after the crash shows the badly crumpled aeroplane.

Tell Modernized

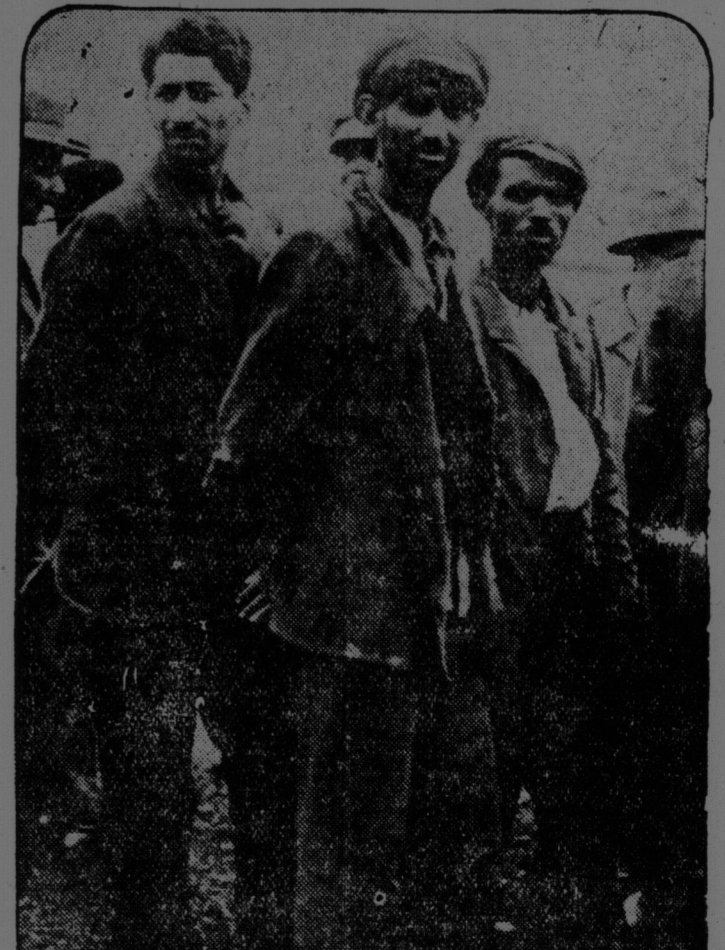

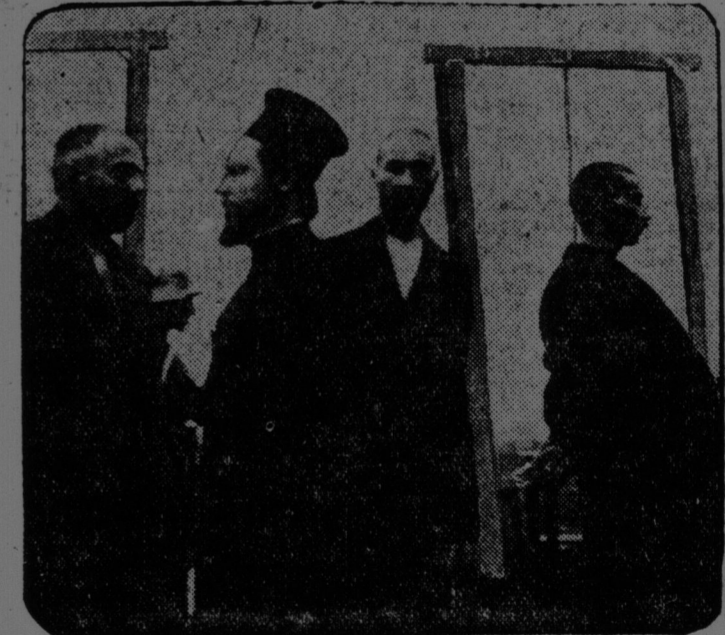

Florence MacLachlan shoots a ball off the head of Emily Stuart, both of Brooklyn, N. Y., in this modern version of William Tell and the apple. At least, the photographer said she did.

Norse-Canadian

In connection with the Norse American Centennial, held in Minneapolis and St. Paul, June 8-9, Canada took a prominent part. Hon. Thomas H. Johnson, K. C., of Winnipeg, former Attorney-General of Manitoba, who was born in Iceland, but came to Canada with his parents when nine years old, was the official representative of the 167,000 Scandinavians in Canada and for the people of the Dominion as a whole.

SOFIA BOMBERS EXECUTED

For the part they played in the bombing of the Sofia, Bulgaria, cathedral, with its death toll of 146, three conspirators—Koeff, Zadgorsky and Friedman—were hanged in Sofia. On crude gibbets erected beside the road, using a table and chair for platforms, the three expiated their crime. The upper picture shows a priest of the Russian orthodox church talking to the condemned men, left to right, Koeff, Zadgorsky and Friedman. Below are the three gypsy executioners picked up on the road and forced to perform the duty of execution.

Instructions from a lady who is leaving the city, to sell a quantity of furniture and cooking utensils. These goods are admirably suited for country camps, as well as city use. This lot includes Cooking Stoves, Tables, Chairs, Mahogany Suite, Beds, Lounges, Oak Bureau, Medicine Chest, Organ, Lamp, Cooking Utensils, etc.

JOHN BURGOYNE, Auctioneer. Sealed tenders addressed to the undersigned, and endorsed "Tender for Breakwater, New London, P. E. I." will be received until 12 o'clock noon (daylight saving), Friday, July 3, 1925, for the construction of a breakwater at New London, Queen's County, P. E. I.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the office of the District Engineer, Post Office Building, Charlottetown, P. E. I. and at the Post Office, New London, P. E. I.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent. of the amount of the tender. Bonds of the Dominion of Canada, or bonds of the Canadian National Railway Company will also be accepted as security, or bonds and a cheque if required to make up an odd amount.

NOTE—Blue prints can be obtained at this Department by depositing an accepted cheque for the sum of \$20, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submits a regular bid.

By order, S. E. O'BRIEN, Secretary. Department of Public Works, Ottawa, June 8, 1925. 1925-6-13

THORNTON TELLS OF SETTLER NEEDS

Money, Good Health, Caucasians, and Non-Communists Are Required.

NEW YORK, June 10—Canada welcomes to the Dominion settlers capable of falling four simple specifications and these are that they must arrive under such conditions as will preclude their becoming a public charge, that is to say they must have sufficient funds to pull their weight in the boat from the start; they must be sound in body and mind; they must be of the Caucasian race, for Canada wants no race problems in the Dominion; and lastly, they must be individuals willing to live in tranquility under Canadian laws and under the Canadian scheme of society. The Dominion wants no such disturbers of society as Bolsheviks and Communists.

OUTLINES REQUIREMENTS.

In these words, Sir Henry Worth Thornton, president of the Canadian National Railways, outlined to the members of the New York Board of Trade and Transportation at their monthly meeting today the requirements demanded by Canada of those who desire to make their home within her borders. Sir Henry confined himself for the most part to a discussion of the transportation within the Dominion and explained the problem which confronted his country with respect to its public ownership of the vast national railroads. The important point to remember, said Sir Henry, was that that railway system became a state-owned asset not because the people of Canada were enamored with the theory of state-ownership and had embraced it, but because financial circumstances forced the government of the day to set up a state-owned line in the interests of the people of Canada.

ALLIES TO PARLEY NEXT WITH BERLIN

Settlement Will Be Bilateral and Not One-sided, Says Premier.

LONDON, June 11—At the next step in the formation of a European security pact the Allies will engage in direct negotiations with Germany, Premier Baldwin indicated in the House of Commons Wednesday night.

Mr. Baldwin emphasized, moreover, that these negotiations would be conducted on a footing of equality.

The security settlement, he said, would be strictly bilateral in character and not one-sided.

The Premier assured the Commons that no pact would be concluded without the full discussion of the House.

"The Franco-British settlement," he said, "must be of such nature as to give the fullest possible security to all the signatories so long as they abide by their treaty obligations. On the other hand, we cannot be invoked by any gully power to protect it from a willful breach of its treaty obligations."

Concert Given by Minto Performers

MINTO, June 10—A group of Minto people, workers in the interests of the Minto Baptist church, made a trip by automobile to Jenseg last week where the performers presented their concert in the Public Hall. Seventy dollars was raised. Those making the journey were Mr. and Mrs. J. M. Gunter, Mr. and Mrs. George Branscombe, Mr. and Mrs. A. D. Taylor, Mr. and Mrs. Blair Huley, Mr. and Mrs. B. Flowers, Rev. and Mrs. A. B. Gibson, Mr. and Mrs. Burton Holmes, Mr. and Mrs. Harry Flowers, Mr. and Mrs. Miss Lena MacEachern, Miss Dorothy Holmes, Messrs. FEW CHANGES IN TRADING IN MONTREAL LIST

Brazilian, Again Leader, Gains and Then Loses a Fraction

PRICES ARE FIRM AT WALL STREET OPENING

Operations on Long Side Resumed in Face of Tonnage Reports

MONTREAL, June 11.—There were only a few fractional price variations during the early trading on the local stock market this morning. Brazilian, yesterday's leader in activity, was again the most prominent issue, opening 1/8 up at 66 1/8, later losing the fraction.

NEW YORK, June 11.—Stock prices displayed a firm tone at the opening of today's market. Stability of the steel shares in the face of an unexpectedly large decrease in the May unfilled tonnage of the United States Steel Corporation, and the declaration of several extra dividends, encouraged a resumption of operations on the long side.

SAINT JOHN LADIES ADDRESS INSTITUTE

Mrs. J. D. Seelye and Miss Dykeman Heard by Women at Moncton.

Special to The Times-Star. MONCTON, June 11.—Reports of provincial conveners of standing committees were submitted at this morning's session of the thirteenth annual convention of the Women's Institutes of New Brunswick.

Mrs. J. D. Seelye of Saint John, discussing home economics, urged development of New Brunswick's resources. She advocated, also, increased interest in provincial public affairs.

Mrs. M. G. Siddall of Port Elgin, reporting on agriculture, urged women to take greater interest in agriculture. The growth of cities, she pointed out, depended upon the prosperity of the farming sections.

DEPLORES EXODUS TO U. S. Mrs. Siddall deplored the emigration of people to the United States, and urged that everything possible be done to prevent this.

Miss Hulota Dykeman, R. N. acting director of Public Health Nursing Service, Saint John, read a paper on public health and child welfare. She strongly emphasized the importance of caring for the health of the child.

Mrs. Charles Comben of Woodstock submitted a report on education. She reviewed facts given in 80 replies to a questionnaire she sent out to provincial branches. These showed that in many cases women have been taking a prominent part in improvement of school grounds.

A paper on "Boys and Girls' Swine Clubs in New Brunswick" was read by Miss Lily Davis of Port Elgin, whose proficiency in judging has attracted much attention. Miss Davis told of work done by herself and her sister, Miss Alice Davis.

The remainder of the session was taken up with the hearing of reports from branch institutes.

RUM SMUGGLING IS TALKED IN SENATE

Duty on Canadian Fish Works Against Maritimes, Declares MacLean.

Canadian Press Despatch. OTTAWA, June 11.—Senator Robertson drew the attention of the government in the Senate yesterday, to the smuggling of liquor on the Niagara and Detroit Rivers. He said Canada had signed a treaty with the United States to prevent this, but it was reported that customs officers along the Detroit River were still issuing clearances to rowboats for Cuba and other points, which were really engaged in rum running into the United States.

MARITIME FISH Senator Maclean drew attention to the disadvantages under which the Maritime fishermen were placed in shipping their fish into the United States. He said since the Americans put a duty of two cents a pound on all kinds of fish, bank fishermen were not allowed to take their fish to Gloucester or Boston without transferring them into another vessel. At the same time Gloucester fishermen could employ British subjects to catch fish within the three mile limit, and take them into the United States, free of duty, and they did not have to get a consular certificate. This was unfair as the Canadian fishermen had to get a consular certificate to do this.

SMYTHE TAKES BET ON TRIP TO NAPLES Canadian Press. ROME, June 10.—George H. G. Smythe, the Canadian canoeist, has made a bet of 10,000 lire with the Marquis Guglielmi to make a trip from Rome to Naples in five days, it was announced today. He starts from Rome on June 14.

FALL APPEAL SEEN Two Ottawa Papers Look For General Election This Year. Canadian Press. OTTAWA, June 10.—Both the Journal and Citizen are confident that the electors of the Dominion will go to the polls some time this year to register their votes in a general election. While the citizen asserts that dissolution will probably occur in September, with elections in October, the Journal says: "Between now and November, the people will go to the polls."

THE EXACT DATE OF THE ELECTION, the Journal understands will depend upon the result in Nova Scotia, where a general election will be held on June 25.

We want you to make this test

We want every weak, puny, fagged-out man and woman in America to make this test: buy one bottle of Tanlac at your druggist's, take it according to directions for one week and see how quickly you get started back to full strength and vigor.

We know what we are talking about. Tanlac has helped millions. In our files are more than 100,000 letters of praise from grateful users.

Don't confuse Tanlac with ordinary patent nostrums. It is Nature's own tonic and builder, compounded from roots, barks and herbs that we gather at great expense from the four corners of the earth.

Tanlac goes straight to the seat of your trouble; cleanses and purifies the blood stream; puts your digestion in proper shape. First thing you know you have an appetite like a starved child. You rest at night and your whole body begins to feel the stir of strength and energy.

Don't get discouraged. Don't put off testing Tanlac another day.

TANLAC FOR YOUR HEALTH

Brought Health and Happiness

"Since the Civil War indigestion and stomach trouble have been the bane of my existence. Tanlac made my weak stomach sound and did away with all signs of indigestion. In fact it has brought me health, strength and happiness and I give it unequalled endorsement and praise."

Hon. A. P. Tarbox, 217 W. 23rd St., University Place, Neb.

The busy mother cannot afford to have her family out-of-sorts, and she has not time to be ill herself. When mother is ill the home falls to pieces, and everything goes wrong. She applies her sound common-sense to the problems of health, and is never without a tin of "Andrews" on a handy shelf. She takes an occasional dose herself to make sure of being equal to the duties of her long day.

Andrews LIVER SALT

A teaspoonful in a glass of water given to the children morning or evening now and again keeps them alert and lively as youngsters should be. They get good marks for attendance when "Andrews" is used.

She knows just when to prepare a fizzy draught for father—just when he seems fagged, dispirited, and below par. She keeps "Andrews" handy because she knows that it prevents the little ills—and little ills often lead to big ones.

"Andrews" clears the system of poisonous waste matter gently but effectively, and quickly brings back the normal tone again.

ROGERS HORNSBY IS LEADING HOME RUN HITTER IN THE MAJORS

HAS 16 CIRCUIT CLOUTS TO HIS CREDIT SO FAR

Meusel Of Yankees Is His Nearest Competitor

NEW YORK, June 11.—Rogers Hornsby, Cardinal manager, went into undisputed leadership among the home run hitters in the majors, by connecting for his 16th bagger of the season yesterday which contributed to the defeat of the Dodgers, 11 to 2. Bob Meusel, of the Yankees, is second in line with 15.

Reds Are Gaining Six consecutive victories have enabled Cincinnati to obtain a firm hold in the first division of the National League pennant race and today the Reds are threatening to pass the Pirates who lead them by only half a game. The Phillies dropped their third straight to the Yankees yesterday 3 to 2. Critz leading off with a homer for the Reds in the opening inning. Meantime, three Pittsburgh hurlers were being pounded by the Braves, who won six to four.

Given Perfect Support Perfect support was given to Wayland Dean, who pitched the Giant to a 4 to 3 victory over the Cubs, allowing eight bingles, which he kept well scattered.

In the American League, won 6 to 5 in the tenth, after Cleveland had forged to the front twice.

The Mackmen came from behind and scored three runs in the ninth, to win from Chicago 9 to 8.

At Washington, the Senators turned back the Tigers 11 to 7, the champions gathered 17 hits off three Detroit pitchers.

St. Louis went on a batting spree against four Red Sox twirlers, and aided by seven Boston misplays, won 15 to 8.

Collections at Amateur Games Brings in Assortment of Spurious Coins

Along The Sport Trail

By RAY HANSEN

JUDGING FROM a letter received here from Mike (Twin) Sullivan this famous boxer has not forgotten the good times he had and the many friends he made during visits here several years ago. Mike is anxious to match his brother Jack with Roy Mitchell, the Halifax light heavyweight, and would like the bout to be staged in Saint John. This should make a good match and one which would undoubtedly attract a large number of boxing fans. Jack (Twin) Sullivan was a clever boxer and although he must be getting pretty well up in years he should still be able to give a good account of himself. His ring generalship should offset the advantage a man like Mitchell would have over him in years and his all around ability should force Mitchell to extend himself to hold his own. The fact that Sullivan was appearing as a headliner should prove a big attraction in itself.

CONNIE MACK admits having spent \$375,000 on his team. The pitchers cost him \$125,000, his catchers \$50,000, and his infield and outfield both \$100,000. In addition much more money was expended for players who failed to make good. He considers he has a team that is a real pennant factor.

THE WRITER attended a game in the City League a few nights ago and was surprised to hear one of the players cry out to the fans in the stand "Don't you ever get tired panning us?" This brings up a long thought on question, what constitutes panning? It is true that some fans hurl all kinds of insulting remarks at players on some of the teams because they happen to be opposing the side they are favoring. This is wrong, for ball players have feelings just as well as anyone else. However, on the other hand it must be admitted that some of the boys are thin-skinned and cannot stand much rally from the stands. In the first instance the fans are at fault and in the second the player is open for censure. In every gathering there are hundreds of good, clean fans who good naturedly call out remarks to the players. These all go to make baseball the popular game it is. Take away the fans and good bye baseball. However, there is also a few who to the games bent upon getting the "best" of some player. Some are coarse tongued and heavy lunged and seem to think they can say anything they like. The best way to cure them is to show them the gate. Even the fans themselves dislike to hear personal abuse hurled at any player.

THERE ARE SEVERAL members of the City Amateur League who give promise of developing into classy ball players. It is a pity the clubs cannot afford to secure competent coaches who could instruct them in the fine points of the game. Now is the proper time to break them of bad habits and develop their playing both offensively and defensively.

BAD BREAKS in baseball are vital factors in the pennant races and instances of this are daily cropping up in local circles as well as in the major leagues. Some of the teams usually are hit hardest in the pitching department when one or more of their dependable twirlers develop sore arms or sustain injuries to their pitching hands or throwing arms. Others again have their infield or outfield shot to pieces as a result of sickness or injuries to individual stars. In baseball, like every other sport, when a game is getting the breaks everything works well, but when the old jinx comes around well organized clubs seem to become completely demoralized. There are many instances of this to date in the major leagues and if fans will keep their eyes open they will see history repeating itself right here on local diamonds.

FIVE CLUBS ENTER SUBURBAN LEAGUE

Annual Meeting Held and Plans Made to Hold Series of Matches.

The annual meeting of the executive of the Suburban Tennis League was held yesterday afternoon in the Telegraph-Journal building and plans were made for the coming season. It was reported at the meeting that five clubs were ready to participate and that another would probably be in a position to join within a week. Pamdenec, Grand Bay, Drury Cove, Fair Vale and Renforth were represented. It was reported that Drury Cove, owing to the need for a great deal of reconstruction works on the courts, would be unable to play this season. Although Westfield was not represented it was announced that the club would be entered. All the others signified their intention of taking part.

Divided Into Sections

It was decided to divide the league into the two usual sections, Grand Bay, Pamdenec and Westfield in the C. P. R. division, and Renforth and Hampton, and probably Fair Vale, in the C. N. R. division. The matches will be commenced not later than June 27 in order to give plenty of time for the play-off of the sections.

To Arrange Schedules

The rules covering the league matters in general were made the same as those of last year and each section was left to draw up its schedule of play and list of events. The ball adopted by the New Brunswick Tennis Association was decided on for league games.

Lone Sailor Has Not Been Heard From Yet

VICTORIA, B. C., June 10.—Commander Eustache B. Maude, sailing from Victoria to England on the ship Half Moon, is due to reach Panama in the first week of July, but as yet no traces of him have been seen along the Pacific coast since the Canadian Rover sighted the craft on May 5, 40 miles south of the Umattilla lightship.

Britain Keeps Out Of Moroccan War

LONDON, June 11.—The British government is not directly affected by the situation in Morocco, where tribesmen under Abd El Krim have invaded the French zone, and is not in a position to take part in suppressing any rebellion there which is not of an international character. It was stated today. This statement was made in answer to a report that a British destroyer was patrolling the Moroccan coast.

OFFICIAL TELLS FANS THE COST OF OPERATIONS

Much Money Needed To Finance The Teams

According to an official the baseball collection hat passed around at the City Amateur League games picks up some queer-looking coins at times, a favorite being smooth-faced ones that have no value. He explained there are two ways of looking at this, one that is worth mentioning. He asks how many of the fans realize what a sum is required to operate and equip a team? Some idea, he said, may be gleaned from the fact that only recently a bill for equipment was received by one of the City League teams this year and it amounted to over \$300. He is somewhere around this mark for each team—the heavy item being suits, which cost about \$15 each.

THE TEAMS PERCENTAGE

Under the arrangements with the two grounds, he said, each team gets 30 per cent on the South End, with a proportion of the balls paid for by the grounds, and 33 per cent on the North End, after umpires, scorers and ticket sellers, in addition to baseball boys, the paid for at each ground. Even if a hundred dollars is taken in—and it is only under exceptional circumstances that this amount is realized—by the time the necessary expenses are paid, there is not more than \$25 left for each team. This is only at games that draw well, the average being about \$15 for each team and dropping as low sometimes as \$5.

Under the league schedule each team plays 24 games. Placing \$15 as the average would mean about \$360 in total receipts for the season. Every team will not get this, as there are some that draw better than others, but it shows the small business manager counts on every cent taken in at the office or placed in the box by the fans who stand on the sidelines, the profit of the game being shared by the manager and the grounds. It is not the manager's share, you know, steering him through some more fights, but I don't care that much about money."

WANTS RETURN MATCH

"Tom would like to fight Tunney again, beat him, and then retire in good order," Kane said, "but if I have any influence on him he'll quit now. He made a great record and he went out clean. He's well fixed, so there's no need of his going on any longer. I could have some money for myself, the manager's share, you know, steering him through some more fights, but I don't care that much about money."

UPKEEP OF GROUNDS

This, he said, concerns the viewpoint of the teams, but he asks, How about the grounds, where hundreds of dollars have been expended in getting the diamonds in shape for the games? They need every cent, he said, in order to give the public what it wants—clean, fast baseball by boys who are neatly dressed and have the proper equipment on a well-kept diamond. They want a roomy grandstand at both grounds. They want it, at a considerable cost to the grounds management.

ASKS FANS TO HELP

And yet, he explained, there are some who stand on the sidelines night after night and do not contribute a cent to the upkeep of the league. He felt it is probably because they take it for granted that it costs next to nothing to run a team. The boys, he said, want to play baseball because they love the game, and they want as many as possible to see them play, because they are only human and the applause of the fans is sweet music in their ears. In return for their best efforts, he points out, all they ask is a fair deal from the fans who watch the game from the sidelines.

When Gibbons Took the Count

Before 40,000 fans, Tom Gibbons, one of the cleanest and most gentlemanly boxers, went down to defeat before Gene Tunney, a younger opponent. The sweating heat robbed him of the speed that had carried him through 15 rounds with Dempsey. Tom is shown in the final knockdown in the twelfth round with Tunney standing over him and the referee, Dick Nugent, rushing toward them. Inset is Gibbons, sitting on the floor where he had never been before, helpless and unable to rise.

ADVISES GIBBONS TO QUIT BOXING

Manager Kane Says Tom is Well Fixed—Fears He May Be Injured.

NEW YORK, June 11.—(United News).—Eddie Kane, manager of Tommy Gibbons, doesn't care enough about money to hustle up another match between Gibbons and Gene Tunney, in which Gibbons might be hurt. On his getaway for Chicago yesterday, after clearing up the business of last week's bout between the two pugilistic exponents of perfect behavior, Kane said he had advised Tunney to retire.

JOE IRVINE OFF TO COMPETE IN FAIRFIELD BOUT

Local Boxer To Meet "Kid" Danboise Tonight

Joe Irvine, popular local welterweight boxer, accompanied by Jim McNally, promoter and matchmaker for the Commercial A. C. of this city, left for Fairfield, Maine, today, where Irvine is to meet Kid Danboise of Maine in a bout that is scheduled to go 12 rounds. This bout is the feature of an all-star show and will take place tonight.

Has Been Training

Irvine, claimant of the Maritime title in his class, has been in active training for the last two weeks and expects to make a good showing against his opponent. The local boy is probably one of the best known boxers in the Maritimes and is out with a challenge to meet George Fifield or any other welterweight in Canada. On his return from Maine, the local writer is booked to show his wares at the next Commercial A. C. show to be held here during this month.

A Spectacular Boxer

Danboise, Irvine's opponent tonight, is a spectacular scrapper. He has an enviable record and will have weight and youth on the local boy. Among others the Maine boxer has met Bing Conley, Young Joseph, Irish Kid Williams, Joe Curry, Willie Shaw and the Utah Kid. The Maine boxer scored a quick win over the Utah Kid. Danboise is said to be in the pink of condition and will go into the ring confident of winning by a kayo. What he will do against the rugged local boy remains to be seen.

YOUNG STRIBLING MAY MEET TUNNEY

Schoolboy is Considered Most Formidable Contender For Heavyweight Title.

BOSTON, June 11.—Billy "Young" Stribling, Macon, Ga., schoolboy, who returns to Boston next Monday night to clash with George Cook, Australian heavyweight champion, has announced that in September he will be ready to take on Gene Tunney or any other contender for the heavyweight throne.

Will Meet Cook

Following a trip to the Pacific coast, where he will go after his bout with Cook in this city, Stribling will return east to consider an offer from Tex Rickard to meet Tunney in an elimination bout in New York city. At present Stribling is of the opinion that he can take the measure of the conqueror of Tom Gibbons.

DETECTIVE IS HIT BY A BURGLAR

Suffers Fractured Skull From Blow—Serious Condition Not Discovered For an Hour.

NEW YORK, June 11.—John A. Dunn, a detective, was walking on Twenty-fourth street when he saw a man carrying what appeared to be a burglar's Jimmy.

He crossed the street and spoke to the stranger. The latter's answer was to crash the Jimmy on the detective's head and then take to his heels.

Another detective caught the fugitive before he had gone half a block. He was locked up on a charge of felonious assault.

Dunn was attended by an ambulance surgeon and then went to the station dormitory to lie down. About an hour later Captain Cornelius Willemse, in charge of the precinct, dropped into the dormitory to see how the sick man was faring. He found Dunn out of his mind and the detective was at once taken to Bellevue Hospital.

There it was learned that he had suffered a fracture of the skull and that a piece of the bone was resting on his brain.

MILLION GALLONS OF WATER DRAWN DAILY FROM BORDER POOL

Bubbling Spring Supplies Four Saint Croix Towns With Good Quality Water—Opinion Expressed Charlotte Should Have More Creameries and Farming

IMAGINE a pool 23 feet in diameter, fed by living springs, yielding a million gallons of water per day without its surface being materially lowered. Consider the pressure there must be below and behind the spring or springs, when almost as fast as the pumps take away that million gallons per day the pool is replenished.

The pool in question supplies the four towns of St. Stephen, Calais, Milltown, Me., and Milltown, New Brunswick. Not only that, but the quality of the water, when analyzed, is shown to be almost identical with that of Poland Springs.

The border towns needed water several years ago when that of the St. Croix became unfit, because of industrial developments, for use in the home. F. A. Barbour, the Boston engineer, a native of Saint John, looked over the situation. He found a piece, quite a

small and raised several feet above ground and roofed over. Today that pool supplies the four towns for all purposes.

TWO RESERVOIRS.

The water is not pumped direct and continuously, but the pump operates about eight hours a day, removing a million gallons to a great reservoir on a hill nearer the towns. There is a reserve reservoir on the Maine side of the border that is kept filled in case of emergency, and it could also be connected again with the river if the need ever arose. The supply from the pool, however, is ample and satisfactory.

The pumps are now operated by electricity, but there is an auxiliary gas engine ready for any emergency, and a supply of Welsh coal in the bins.

VISIT TO SITE.

Frank Wheelock, the engineer in charge, says the Welsh coal is superior to others. One who only to chat with him a few minutes to discover that he loves his engines and pumps and is almost as proud of their work as if they were his children.

C. A. O'Brien took a Times-Star man, along with Mayor W. D. de Wolfe and R. E. Hyslop, out to the pool on Saturday, and it was certainly worth the visit. The party also went by one route and returned by another, seeing some pleasant country round about the town.

PROPOSED PAPER MILL.

The newspaper man was shown the proposed site of the new paper mill below town, which was acquired by a company several years ago, and was told there are rumors that the work of construction may be begun next year. The company has its own water power in the upper end of Milltown, where formerly were great lumber mills.

CHARMING TOWN.

It is always a pleasure to visit St. Stephen, but especially so in June. The fine old trees that shade its streets, in some almost forming an arcade, are

Is Your Child Thin and Weak?

Cod Liver Oil in Sugar Coated Tablets Puts on Flesh and Builds Them up.

In just a few days—quicker than you ever dreamt of—these wonderful health building, flesh making tablets called McCoy's Cod Liver Oil Compound Tablets will start to help any thin, underweight little one.

After sickness and where rickets are suspected they are especially valuable. No need to give them any more nasty Cod Liver Oil—these tablets are made to take the place of that good, but dirty smelling, stomach upsetting medicine and they surely do it.

A very sticky child, age 9, gained 12 pounds in 7 months.

Ask Wassons (two stores), Ross Drug Co., Wm. Hawker & Sons or any druggist for McCoy's Cod Liver Oil Compound Tablets—as easy to take as candy and 60 tablets, 60 cents.

very green and their shade cool and inviting. The industries of the town are well employed at present, although general business continues quiet. The Saint John visitor was taken for a ride through the four border towns, and found the officers on each side of the bridge alert but very courteous.

CORDIAL RELATIONS.

People from the Maine side are among the employees of St. Stephen factories, and relations between the towns on both sides are most cordial. The St. Stephen people are sound on the question of tourist traffic, even if much of the business passes them by on its way through the provinces. Touching the matter of developing our own resources, beef, bacon, butter and eggs from the central provinces find their way to St. Stephen. The feeling is expressed that Charlotte county ought to have creameries and more general farming.

ECONOMIC UNITY IN AMERICA URGED

Speaker at Banff Says Capital Will Make West Great.

BANFF, Alta., June 10.—Economic unity between Canada and the United States without impairing the national integrity of either country is the greatest need of the North American continent today, according to Arthur H. Somers, hailed by the metropolitan press as New York's next Mayor, who is spending two days at Banff with the Brooklyn Chamber of Commerce, of which he is president.

Mr. Somers, who, with his party of 85, is traveling eastward on a Canadian Pacific special, states that after a thorough survey of conditions in the United States and Western Canada he can say with the authority of the Brooklyn Chamber of Commerce behind him, representing \$100,000,000 investment, that what Western Canada needs is capital to develop its prodigious natural resources. With this capital and the people who would naturally follow their capital into the country, Western Canada would become one of the greatest and richest sections on the North American continent, he declared.

ASKS NUTTER TO RETURN TO CITY

Investigation of Wire Interferences Must Go On, Says Utilities Head.

J. M. Trueman Reads Act and Decides Board Has Authority to Proceed.

J. M. Trueman, chairman of the New Brunswick Board of Public Utilities, said today he had been considering the matter of clearing the interferences between the distribution systems of the New Brunswick Power Company and the City Power Commission and after reading the act had arrived at the conclusion that it bestowed power on the board to proceed with this work.

WRITES NUTTER.

This morning he sent the following letter to N. E. Nutter, electrical expert of the Western Union Telegraph Company, who has been engaged by the board as inspector on the work: "Since you were in Saint John in connection with the interference between the N. B. Power Co. system and the city hydro electric system I have looked over the act passed by the Legislature at its last session, intended to make effective the order of this board. I feel there is sufficient authority for us to proceed with the investigation under your direction, as inspector of this board.

"I would therefore ask you to fix a date for the investigation to proceed and to notify me when you can be here, and I will have both the City Hydro Commission and the N. B. Power Company informed as to the time and place you will meet them. The investigation must proceed in the interest of the public safety.

FIRST SAILING FOR INDIA NEXT WEEK

Steamship Jalapa Coming Here From New York to Start New Service.

The steamship Jalapa of 4,386 net tons gross, is expected to leave Saint John between June 15 and 18 for India direct, thus inaugurating the Saint John-India service conducted by the Roosevelt Steamship Company, operators for the United States Shipping Board. She is carrying general cargo now at New York and is expected to leave there on Saturday for this port where she will take on a large number of automobiles sent here from the Fort Ontario plant, for India markets. H. E. Kane and Co. are local agents of the vessel.

The Jalapa will call at Karachi, Bombay, Madras, Colombo and Calcutta. The Roosevelt Steamship Company have been operating a New York-India service for some years. There will be sailings from this port between the 18th and 18th of each month. As it will take approximately 45 days for these steamers to reach their destination it is expected that between 12 and 18 vessels will be pressed into this service.

TWO NEW DIRECTORS CHOSEN AT MEETING

St. Martins Tel. Co. Declares 10 P. C. Dividend—Considers Extension Suggestions.

The postponed annual meeting of the Saint Martins Telephone Company was held yesterday afternoon. The accounts of the year were passed and the usual dividend of 10 per cent. declared. A resolution of appreciation of the services of the late A. W. McMackin, who had been connected with the company as a director many years and was adopted and a resolution of sympathy was ordered sent to his widow.

G. C. McAvity was elected to fill Mr. McMackin's place on the directorate and W. H. Moran of St. Martins was appointed to a director in place of Capt. Robert Carson, who resigned office.

The present board of directors is comprised of R. O'Brien, president; T. B. Carson, St. Martins, vice president; G. C. McAvity, H. P. Robinson and W. H. Moran.

Several suggestions for extension of the line were given consideration at the meeting.

MADE ILL BY HEAT

Miss L. Buchanan, Saint John Student, Returning Home From Cambridge.

Miss Louise Buchanan, daughter of Mr. and Mrs. George T. Buchanan, 340 Main street, who is in her second year of training as a nurse at the hospital in Cambridge, Mass., will return home on Monday, accompanied by a nurse, because of illness brought on by a heat stroke. Mrs. Buchanan received a message to this effect this morning. She is naturally anxious, but was reassured by the telegram this morning, which stated that her daughter, who had been seriously ill, was much improved. Mr. Buchanan left for New Glasgow, N. S., this week and knows nothing as yet about his daughter's illness. He will be home for the weekend.

TO ROTARY CONVENTION

Dr. J. H. Barton, past president of the local Rotary Club, expects to leave tomorrow night for Cleveland, O., to attend the annual international convention of the Rotary Clubs. At last year's convention, there were 9,000 delegates in attendance and it is expected that as many will attend this year. Dr. Barton expects to return the latter part of next week.

FAIRVILLE PRIMARIES. The Opposition primaries in Fairville at 7 p. m. held on Friday evening, not tonight, as was announced.

REPAIRS NEEDED. There is a dangerous hole at the corner of Prince Edward and Brunswick streets. The matter has been reported to the civic works department by the police.

BANK CLEARINGS. Saint John bank clearings this week were \$2,582,524; last year, \$3,521,769; in 1923, \$2,673,257. The Halifax clearings this week were \$3,233,419 and the Moncton figures \$955,874.

WORK ON LUDLOW. At the committee meeting of the Common Council this morning, Commissioner Bullock reported that it would be necessary to have a new tail shaft for the ferry steamer Ludlow and he was given authority to call for tenders for the work.

NOT A CANDIDATE. T. E. G. Armstrong, who was waited upon with a request that he allow his name to go before the Opposition convention as a candidate in Saint John county, has announced his decision to decline.

WEDDING ANNIVERSARY. Mr. and Mrs. Charles Parlee, 81 Thorne avenue, were tendered a surprise party on Tuesday night at their home, when 23 friends celebrated with them their seventh wedding anniversary. Useful and beautiful gifts in linen and silver were presented. Music, games and dainty refreshments made the evening a memorable one for all.

BASEBALL. The Young Canucks challenge any junior team in the city to a game of baseball to be played on the Nashwaak diamond on Saturday afternoon at 2:30 o'clock.

The Nationals of the City Intermediate League, will play an exhibition game against Robtsey nine tonight. The game will be staged on the Robtsey diamond and will start at 7 o'clock.

BY AUTO FROM CALIFORNIA. William E. Day, son of Mr. and Mrs. John Day, has arrived in the city from California, which place he left in his motor on May 2. He made stops of varied length at New York and Boston, as well as other cities on the road and arrived here on June 9, much pleased with his trip. Mr. Day is an employe of the Edison Electrical Company in California, will visit his sisters, Mrs. Robert McLaren and Mrs. Arthur Campbell, while in the city. He sailed yesterday that he had quite an experience traveling when heavy storms overtook him and that it seemed to him that he traveled through miles of water.

AUTO CASES HEARD. R. C. Muir, George Phinney and Arthur T. Torry, taxi drivers, appeared in the police court yesterday afternoon on reports by Robert Harris, inspector, that they had not taken out licenses as required by law. The taxi men contended they had sold their cars to new ones to improve the service and thought that the license for the old car was good. Mr. Torry's explanation regarding a report that he had not displayed his license was accepted by the magistrate. Myer Levine, reported for not having a license, did not show up.

SAINT JOHN MEN TAKE PART. On Monday afternoon of this week the corner stone of the new building for the Montreal Gazette newspaper was laid by Hon. Senator Smeaton White, president of the company. Among the records placed with the stone were photographs of officials of the company and of the newspaper. These included a picture of John Scott, managing editor and a director of the Gazette, formerly a newspaper work in Saint John. Among those at the ceremony of laying the corner stone was J. Louis Slatery of the Gazette, who also was formerly a newspaper man here. The new building is to be of five stories.

SERVICE WAS HELD. Union services of Centenary, St. David's, St. Andrew's and Central Baptist churches began last evening in Centenary Hall, with an earnest group of worshippers. Rev. Walter Small conducted the service. It had been announced in yesterday's papers that no service would be held because of the unwellness of the memorial statue, but the notice was not effective in keeping all the people away, because of the marked invitation to attend given on the Sunday previous. Rev. Mr. Small had been out of the city and knew nothing of the reversal of the announcement to hold the meeting. He gave a helpful address on "Centennial Power." The four churches will continue their worship together next Wednesday evening.

As Hiram Sees It. "Hiram," said "The Times" reporter to Mr. Hiram Hornbeam, "you are charged with calling the members of the Women's Institute old cats."

"I didn't do no such thing," said Hiram. "I was talkin' about some women. I overheard two of 'em talkin' against the Women's Institute. One of them says, says she: 'Did you see that piece in the sassyety colun about the gown an' things Mrs. Tom Horsnut wore at the weddin' reception?'"

"An' the other one says, says she: 'I did so—it's a pity she don't pay some o' her bills.' No, sir—I ain't got nothin' again the Women's Institute. If I heid Hanner agin 'ud knock it out o' me mighty quick—yes, sir."

McKNIGHT DROPS SUIT FOR \$50,000

Former New Brunswick Took Action Against Governor Fuller of Massachusetts.

Boston papers report that a suit for \$50,000 brought by Senator Edwin F. McKnight, of Medford, Mass., against Governor Alvan T. Fuller, in the Suffolk Superior Court, has been dropped by Mr. McKnight. The action, which is native of Havelock, N. B., sued on the ground that Mr. Fuller slandered and libeled him during a 1920 political campaign when the defendant was candidate for the Republican nomination as lieutenant governor. Mr. McKnight's counsel read the following statement in court: "In view of the testimony of the defendant in this case, which is different from what the plaintiff interpreted his statements to be in the letter and the speech set forth in the declaration, the plaintiff hereby discontinues this action and states that the same would not have been brought except that the plaintiff interpreted the statements to refer to the plaintiff profiting to the extent of from \$20,000 to \$30,000 from State deposits instead of the banks so profiting."

Mr. McKnight was associated with several banks referred to in the case.
