against Japan in any way.

The moment the war in South Africa is over it will be for Japan's interest to enter forthwith upon the contest with Russia which, in no event, can be long postponed. Just now, Japan's naval power in the Far East is some what superior to Russia's, but the disproportion will not long continue, for Russia's fleet is growing faster than Japan's, and large reenforcements are being hurried to the Pacific. If Japan could fight this year, she would have a great advantage in respect to docking facilities and of coal, for the new skilful study and experiment, and after a series of tests most carefully tonducted, under the control of the British medical members of the Royal Association, the conclusion—quite unanimously arrived at the fats of the food were assimilated without digestion into the blood directly, and then distributed through the body.

Of course, if this is true, the fats of the food go into the milk. Dairymen in practice know, beyond question, that the quality of the butter is varied as the fats of the food vary.

Is against Japan in any way.

All Boers who profess to be really genuine in their faith have a horror of gambling in any shape or form, and the president would just as soon see the devil. The Act provides that such regulations as family circle as a pack of cards. There are only two kinds of people who gamble, the knaves and the fools, is an argument of his, which shows at the food of the Minister of Agriculture for the purpose shal. have the fo.c. of law. in those municipalities which have adopted the Act by by-law.

She replied that the thought it so. of Steamboats For the Dominion Government was unable to find a ours for Itohing Piles—After 9 years of torture he was positively Dr. Chase's Ointment.

Mr. O. P. St. John, the Dominion inspector of steamboats, residing at No. 246 Shaw street, Toronto, was for many years chief ongineer on the lake steamers, and is a prominent citizen.

In the following voluntary letter Mr. St. John tells of his efforts to rid himself of the misery of Itching Piles, and of his final success by using Dr. Chase's Ointment. He says:

"I suffered for nine years from itching piles, at times being unable to sleep on account of the annoyance caused by them. After trying almost all remedies in vain, I began the use of Dr. Chase's Ointment, which entirely cured me. I cannot speak too highly of it. I have recommended it to several of my friends, all of whom have been cured by its use."

Dr. Chase's Ointment is an absolute cure for piles. It is the only ion that you ought to let your mustache grow to hide your mouth, and to claimed that what you need to balance your face are chin whiskers.

Dr. Chase's Clintment is all absolute tule to plies.

Miramichi Advance. CHATHAM, R. B., - - JUNE 28, 1900

Some of our sanguine Conservative friends pretend to believe that a great reaction is geing on in the country against the Liberal party. The record of elections to the House of Commons since the change of Government after the general election in 1896, does not, however, bear out this view of the matter. Forty-five seats have been vacated since that the Boers are rapid years limited that the specifications, which consists of 55 to 60 per ceat, of 7 and 8 n., 10 per cent. of 11 in., balance 9 in. and oddments. It was also gene, but other conditions were stated, for consumers are only too apt to seize any point that manded the fallants. The Furness limited the fall hat hat the former was taken, sighted the prize crew was taken, sighted the five sested on May 6. In the Old the price of a dander on one and the price is a perfectly true statement of one that the price is a perfectly true statement of one that some ton in the country lateral party retained, while no less than ten of those

THE WAR!

London, June 24. - According to a special for ordinary specifications." despatch from Cape Town it seems that in The same Journal of the 16th inst. held by Conservatives have been

> LONDON. June 23 .- One of the most noticecolonists and many officers. The stern vengenance that now will be visited not only on those who give the Boers passive assistance, but on those who, after surrendering, fail to assist the British arms, savors more of General Kitchene . than of "Bobs."

W. Richmond Smith, war correspondent of the Montreal Star in South Africa, cables as follows :-

Buller's forces in time to do splendid service in the advance from Newcastle on towards Standerton and Pretoria—service in the standerton and Pretoria—service in the sevent of they received special mention in General Buller's despitches to the War office, approved by Lord Roberts. Now they have done a deed which will live in history. They have blown up the railway bridge at Komati Poort, on the railway between Pretoria and Komati Poort, and have cut off all communication of the Boers with the sea. All the Delagoa Bay rolling stock, the Beer artillery, the whole Boer in the sevent of the service in the advance from Newcastle on towards Standerton and Pretoria—service in gto sit, and the surplus should be placed under ordinary hens.

The prize was spoken on May 24 in latitude 20.04 W., by Captain Jones of the British steamship Chiverstone, which arrived at Poutland Me., to this week from Carthagena. Despite the nature of the young turkeys, an active, energetic hen, such as game, pure or crossed would be undesirable, as it would have cut off all communication of the Boers with the sea. All the Delagoa Bay rolling stock, the Beer artillery, the whole Boer with the sea. All the Delagoa Bay rolling stock, the Boer artillery, the whole Boer Rocks, Wyandottes or Buffe—all of which army, including gold taken by President are faithful and attentive, and not prone four knots.

Gibraltar. When last seen he calculated that in their great zeal for prohibition, pure and simple, they were letting the great and simple, they were letting the great ducted at home. Reference, Enclose selfbreak and must now inevitably fall into our hands. Strathcona's Horse has effectually
