DAN. McGILLICUDDY'S REMARKS.

About the Recent Press Excursion to
St. John and the Clam Lake.Barin's few mistakes in spelling the
following remarks by Dan McGillicuddy
in his paper, the Goderich Signal,
appear to be all right:

"Shortly after 6 o'clock St. John, N. B., was reached, and, after a little private sight-seeing had been indulged in, a public drive through the city and parks was had. St. John was developed into a handsome and progressive city, and the spirit of enterprise is evidenced on every hand. In the afternoon the travelling press party were the guests of the local press people, and the hospitality extended was in the shape of a trip on the ferry, a short railway ride to the sea shore and a clam bake on the beach. Swimming was also indulged in by some of the 'dipshaws', but the appearance of the participants as they returned from the 'dip' did not warrant the belief that it was over-enjoyable to any great extent, although some of the victims talked otherwise, with chattering teeth and trembling limbs. One of the more truthful 'dipshaws' up the situation by saying, 'Yes, it's cold; it wouldn't have done a bit of harm if the gas jets had been kept lit under it just two minutes longer.' But the clam bake was a howling success, and as the good things were spread before the guests, and song and sentiment mingled with the odor of seaweed, the tempting clam, the rotund hard-boiled egg, and the toothsome chicken, with trimmings to suit every palate, a general feeling pervaded the assemblage that it was good to be there, and that the press club of St. John were jolly good fellows. Senator Ellis, the Nest-

or of the St. John press, lent the light of his countenance to the gathering. Macjett and Great Scott, of the Sun, Milligan, of the Telegram, that good fellow, Bowles, Major Mayor Daniels, and others had the glad hand extended to the boys and girls from the wild and woolly west. The return to the city was enlivened by the guests singing:

We've been east, and we've been west,
And we have made our runs quick;
But the best clam bake we ever struck
Was at St. John's, New Brunswick."

PUSHING NEW RAILWAY LINES.

(St. Andrews Beacon.)
E. W. Cram has been elected president of the newly organized Fish River Railway Company. The new road, to be built from Ashland, on the Bangor and Ansonabook railroads, to Port Kent, on the St. John river, a distance of about fifty miles. Three surveying parties have already been started, out over the country, making preliminary surveys for a route. It is expected that they will finish their work long before the advent of cold weather; but it does not seem probable that the work of construction will commence before next spring.

EMINENTLY CORRECT.

(Chicago Tribune.)
"What is the matter with me, doctor?"
"Madam, you have what is known as the golfing spine. Some of our best people are suffering from it this year."
"You have taken a great load off my mind, doctor. I was afraid you would say something was wrong with my backbone."

NEW YORK, Oct. 4.—The same strong northwester which yesterday blew the Columbia to victory prevailed this morning. It soured across the lower bay and kicked up white caps in every direction. It made the flags and pennants on board the fleet anchored inside the Hook as straight as boards, and out to sea sent a lot of coasters down the Jersey shore at a lively pace. The wind was blowing from 10 to 30 knots. In fact it seemed to have more power than at the same time yesterday, due, perhaps, to a storm reported near the Bermudas. Nearly all the pilot boats on the station of Sandy Hook were well reefed down, and only the heavily laden coasting schooners were able to carry all sails. There was an added touch of frost in the air, but overhead a brilliant sun shone from a clear sky, and wind and weather were absolutely perfect for the day's contest.

Under the rules today's race was fifteen miles to windward or leeward and return, and it was a foregone conclusion that the course would be a dead run before the wind to the first mark and if the wind held true, a long beat back to the finish, it was in just such a race as this two years ago that the Columbia gave the Shamrock a beating of over six minutes. It was again Shamrock's weather or at least what the golden yachtsmen have been asking for.

The yachting experts looked forward with keen interest to the splendid run before the wind today as promising a fair test of the Shamrock's ability in that direction. Yesterday the American boat demonstrated her superiority on both the close reach and the windward work, but as yet the two races have not met under good conditions in a sun square before the wind. While Saturday's race was of this description, the wind was so light and unceasing that none of the sharpshooters considered it as decisive.

The crew of both yachts spent the early morning in a final and thorough inspection of rigging and sails to make sure that nothing had been sprained or weakened by the triumph of the day before. Both yachts got away from their moorings earlier than usual this morning, the Shamrock hoisting her main sail inside the Hook. The Columbia, however, went out under bare poles, and which also expressed both the yachtsmen and the spectators. The splendid breeze still held true and strong and way out beyond the lightship was kicking the blue water into white caps.

ENGLISH OPINION.

LONDON, Oct. 4.—The British newspapers enthusiastically congratulate the United States upon the triumph of the Columbia and concede that the Shamrock II. is outclassed on all points of sailing. The British experts now in New York all cable similar views, which also express the opinion of the correspondent of the Fall Mail Gazette, as follows:

"The New York Yacht club has every right to be proud of its boat. There is no question of want of wind, lack of a clear course, or the disadvantages of a bad start. Barr simply gave Shamrock a good long start and then went out and knocked the head off him. The American's cup has ceased to totter. The splendid showing of the American boat won the unqualified admiration of the English contingent, and their congratulation that so superb a craft existed."

"Not without hope, better luck next time," Sir Thomas Layton cabled to Mr. Carmichael, his manager, who replied:

"Go in and win, three off the reel."

RACE BULLETINS.

NEW YORK, Oct. 4, 8.15 a. m.—A piling 18 knot wind is blowing out of the northwest, weather clear and sea comparatively smooth, promising another ideal racing day for the Columbia and the Shamrock.

9.30 a. m.—The wind still holds strong and both yachts are going out to the starting line under tow.

10 a. m.—Both yachts dropped their bows and are manoeuvring about the lightship. The wind is 15 knots an hour from the northwest.

10.48 a. m.—Preparatory gun fired at 10.45. The committee boat set a signal for a course fifteen miles south-south-east to leeward and a beat home.

10.55 a. m.—The warning gun was fired at 10.55 a. m.

10.57 a. m.—Both boats are to windward of the line on the port tack.

11 a. m.—They are off, Columbia in the lead.

11.06 a. m.—When the starting gun was fired both boats were well back of the line. Both broke out their spinnakers as they headed for it. Shamrock being the quickest, Columbia crossed first giving her rival the coveted position astern.

11.07 a. m.—Apparently the handicap gun was fired before either boat crossed the line.

11.13 a. m.—Columbia appears to hold her lead about three lengths.

11.15 a. m.—The official time of the start given by the Marconi wireless telegraph was—Columbia, 11.02; Shamrock, 11.03.

11.17 a. m.—Columbia continues to gain slowly.

11.27 a. m.—Shamrock seems to be overhauling Columbia.

11.30 a. m.—Shamrock has passed Columbia and seems to be pulling rapidly away from her.

11.47 a. m.—Shamrock still leading by at least 100 yards.

11.54 a. m.—Columbia crossed the

starting line just fifteen seconds after the handicap gun.

11.55 a. m.—Shamrock apparently has pulled away a bit more and at present rate of sailing will turn the first mark well within her time allowance to Columbia.

11.57 a. m.—Shamrock crossed the line just 30 seconds after the handicap gun.

12.00 p. m.—A favorable slant of wind apparently enabled the Columbia to close the gap a little. The boats are now within three miles of the outer mark.

12.13 p. m.—Columbia gains slightly.

12.33 p. m.—The wind is now ten knots. Shamrock forty seconds ahead.

12.42 p. m.—The boats are very near the outer mark. Shamrock still leading.

12.50 p. m.—Shamrock turned outer mark 12.48.57 (unofficial time).

12.51—Columbia turned outer mark 12.48.45 (unofficial time).

12.54 p. m.—Shamrock has gone on the starboard tack. Columbia, luffed around the mark and went off shore on the port tack.

12.54 p. m.—Barr held the port tack but an instant and then went on the starboard tack, both yachts heading for the Jersey shore.

12.55 p. m.—Marconi wireless reports that Shamrock turned the outer mark seconds ahead, unofficial.

1.14 p. m.—Official time of turn as given by Marconi wireless—Shamrock, 12.48.46; Columbia 12.49.35.

1.14 p. m.—The Columbia is ahead.

1.21 p. m.—Columbia passed the Shamrock at 1.02.

1.24 p. m.—Columbia is now nearly a mile to windward.

1.45 p. m.—The wind holds true at 12 knots. Both boats are still on the port tack.

2.03 p. m.—Columbia has gone about on the starboard tack and still holds her lead.

2.04 p. m.—Shamrock quickly followed around on the starboard tack.

2.16 p. m.—Columbia has gone on port tack, closely followed by Shamrock.

2.23 p. m.—The Shamrock is now apparently ahead, as developed on the last tack.

2.26 p. m.—Shamrock is now on the port tack, heading well north, and may be able to fetch the lightship in the next tack. The yachts are spitting tacks.

2.34 p. m.—Both yachts are now on the starboard tack. Shamrock ahead.

2.46 p. m.—Both boats now on the port tack. Shamrock apparently slightly in the lead. It is a close race.

ANOTHER FLYING MACHINE

Falls to Work and Almost Drowns the Inventor.

NEW YORK, Oct. 4.—Herr Kress, inventor of an air ship, started Thursday afternoon on another trial flight on the Tullbach reservoir, says the Vienna correspondent of the Herald.

The result was disastrous. After going a certain distance, Herr Kress started his motor at full speed ahead, which caused the forward part of the flying machine to rise about thirty-five centimetres out of the water. On rising to this height, the whole machine suddenly lost its equilibrium and swung over to the right. This caused it to fill with water, and it sank like a stone. The water at this point is 15 metres deep. Herr Kress, who was alone in the flying machine, was carried down with the ship, but thanks to the life preserver he wore, he raised himself to the surface and was able to grasp the poles which the officer and engine man, who were witnesses of the accident, held out to him. The aged inventor—he is more than 70 years old—was in a very exhausted condition, and had sustained some slight injuries. The flying machine went to the bottom. It will be fished out today when it will be seen if it is still in working order.

HETTY GREEN'S HUSBAND DYING.

NEW YORK, Oct. 4.—A special to the Press from Bellows Falls, Vt., says: "Edward A. Green, husband of Hetty Green, the richest woman, is dying in the Green homestead here. He has been in failing health for several months. Mrs. Green was called from New York arriving late last night. The only son, Edward H. R. Green, railroad man and politician of Texas, is on the way east."

TRAIN WRECK.

Four Killed and Six Fatally Injured.

Awful Result of Wrong Order of Train Dispatcher on Quebec Central.

SHERBROOKE, Que., Oct. 4.—Two Quebec Central passenger trains, one leaving Sherbrooke and the other leaving Quebec, collided near Thetford Mines yesterday morning. Four train hands were instantly killed, and six others fatally injured.

The dead are Engineer James Atto, fireman, Richard Dean; mail clerk, Roy, all of the north bound train, and Clerk Lechane. The fatally hurt are: Fireman Chas. Dodo, Baggage-man Dan Niles, Baggage-man Foster, Conductor Wiggett, Brakeman Caron, and Conductor Doyle, all of Sherbrooke; Fireman John Conan, Belle of Sherbrooke, also injured.

The cause of the accident was an error on the part of the dispatcher at Sherbrooke. He ordered No. 15 to cross No. 2 at Black Lake, and ordered No. 2 to cross No. 15 at Robinson, and it was between these two stations that the trains met, as each train was making for the station at which orders were held to cross.

At Robinson the operator set word that the south bound train had left the next station and to hold No. 2, but it was too late, for No. 2 had just left. The agent sent an engine to chase it to prevent the meeting, but owing to curves the pursuing engine could not catch up.

It is rumored that the man responsible for the accident has disappeared. He had been in the company's employ for over twenty-five years and it is said this is the first mishap ever attributed to him.

Engineer Atto was regarded as one of the best men on the road and was about forty years of age, and leaves a widow and four children. Fireman Dean, 24, leaves a widow. Mail Clerk Roy belongs to Quebec.

LIBERAL CHURCHMEN.

Important Action Taken by the House of Bishops at San Francisco.

SAN FRANCISCO, Oct. 4.—The House of bishops of the Episcopal triennial convention, by a vote of 47 to 31, has decided to accept the report of the committee appointed at the last convention to report on the marginal readings that may be substituted for the present readings of the scripture. With concurrence of the house of deputies, the action of the bishops will become a canon of the church of America.

From the attitude of the bishops toward this matter, it is supposed that a majority of the higher house is inclined to be liberal and less orthodox as opposed to the desires of those churchmen of both clergy and laity, who desire high church forms and observances and the changing of the name of the Protestant Episcopal church to the Catholic Church of America.

KRUGER BREAKING DOWN.

THE HAGUE, Oct. 4.—A. D. Wolmarans, one of the Boer envoys who has been visiting Mr. Kruger at Hilversum, found the mental condition of the former president of the Transvaal to be by no means satisfactory. Mr. Kruger is slowly growing weaker, physically and mentally. His slowness in reaching a decision on important questions is found to be a serious hindrance to those working in Europe in behalf of the Boer cause. At the slightest question regarding his health Mr. Kruger exhibits intense irritation, and vehemently denies that anything is wrong. The approach of winter causes anxiety, as Mr. Kruger refuses to leave Holland. According to a remark made by a prominent Boer, the former president's condition would long since have been much worse if he had not of Great Britain did not nerve him to continue.

THE BANGOR FESTIVAL.

BANGOR, Me., Oct. 2.—An audience of about 2,500 people attended the opening concert of the Maine musical festival here tonight. The programme consisted of popular and operatic selections and the principal singers were Mme Suzanne Adams, soprano; Signor Campanari, baritone, and Gwyllim Miles, basso. All were warmly received. The work of the orchestra was excellent, the instrumental feature being Tschakovsky's 132 overture which was brilliantly performed. The chorus numbered 600 voices and sang with commendable spirit. The concert was, on the whole, highly satisfactory.

ON THE WARPATH.

ALBUQUERQUE, N. M., Oct. 4.—Word has been received that a renegade band of Indians from the San Carlos reservation is in the Mogollon mountains, south of this city, and that five persons were killed by them at Falloy Creek, near the old war path rendezvous of Victor and Geronimo a few days ago. No particulars of the outbreak have been received. United States Marshal Forsaker is now at Silver City, and probably will go to the scene before returning here.

HE TOLD HIS NAME.

A little boy who was asked his name answered: "Well, they call me James for short, but my maiden name is James." Brooklyn Eagle.

ST. JOHN STAR.
ST. JOHN, N. B., OCTOBER 4, 1901.

WE'LL HAVE TO DO IT.

There is no use in talking any more about it. Canadians will have to go up to Sandy Hook and lift the American's cup. Sir Thomas Lipton appears unable to do it with a British built craft and a British crew. What he must do if he is bound to win is to hand the money over to Canadians and let them do the trick for him. If he does not feel disposed to do that, some of our Canadian millionaires must come to the front. This monstrous annual bidding given to the Britisher by Uncle Sam must be stopped. Canada to the rescue.

ANOTHER DOCTOR TESTIFIES.

An eminent specialist in brain diseases has advanced the theory that insanity is frequently caused by excess in eating flour. It has long been a pet theory that meat should not be on the bill of fare of civilized peoples. And now we have our last hope shattered by the statement of a distinguished Italian physician that vegetables are full of bacteria. He backs up his statement with a list of bacteria of unpronounceable names, the last two or three of which are quite enough to make one see microbes, bacteria and all sorts of things while endeavoring to twist the tongue about them, and which he gravely affirms are conducive to lockjaw. That is certainly true of the names, but we will try to hope that death does not lurk in every vegetable, especially those of which we are most fond, and that have let us live thus long.

BUT HE WON'T TRY IT.

Whether we have or have not smallpox in our midst it is reassuring to know that should we catch the disease and live through it, we will then sail on the stream of life assured of a long passage. The New York Press, in discussing this question, says:—"It often has an attack of smallpox and lives through it, he stands an excellent chance of attaining a ripe old age. In a census of aged people taken many years ago, it was found that a large percentage of them were pock-marked. This led an eminent physician to make a calculation which proved that there were twice as many pock-marked people over 80 years old as there would have been had not the smallpox exercised a preservative influence. He accounted for this curious fact by concluding that the smallpox microbes frightens away all other microbes, just as rats frighten away mice from a house."

A SHIFTY POLITICIAN.

Edward M. Shepard, of Brooklyn, is said to be Croker's favorite as the Tammany candidate for mayor of New York, in opposition to Seth Low. Many Tammany men, however, are opposed to him because of his frequent and startling political changes. In 1895, as a democratic bolter he ran for mayor of Brooklyn and was defeated. In 1896 he was so bitter against Bryan that he went as a delegate to the Gold Democratic convention at Indianapolis. In 1897 he supported Mr. Seth Low's candidacy for mayor. In 1898 he supported Augustus Van Wink for governor on a platform ignoring Bryanism. In 1899 he went over to Bryan, bag and baggage, and in 1900 presided at the Tammany Bryan mass meeting.

THEY BLESS THE POTATO.

The Aroostook farmers are telling cheerful stories about their crops. The following is quoted from a Maine paper:—"Two young men, who three years ago purchased a farm for \$1,000, can pay for it this year from the profits of their crops. One man has had an offer of \$7,500 for the potatoes he raised this season. The hay crop was a handsome one, and it will be a source of revenue to the county. Only a few years ago the farmers of Aroostook were complaining because they could not get ready money to pay off the mortgages on their farms. Many of these mortgages have now been paid, and the farmer who is not doing well is the exception to the general rule."

In a paper read recently by Dr. Montet before the Medical and Surgical Society in Paris the statement was made that the mortality from tuberculosis in France is 200 per cent. higher than in England, with an equal population, though the climate of England favors the disease. This startling result is due, Dr. Montet says, to the working class having bad and insufficient food, owing to enormous taxation.

The census clerks at Ottawa have a grievance against Hon. Mr. Fisher. They say he promised them \$2 per day, and lately they have, instead of receiving an increase, been reduced to \$1.50 per day. So much money has been wasted on the census that Mr. Fisher has now to economize. There will be a fine row over the cost of the census when parliament meets.

Prof. G. H. Smith was the subject of the present King Edward at Oxford. He taught him and presided him privately on his knowledge of history, and the then young prince never allowed himself to be bored. As a contemporary remark, this was not strange, for Prof. Smith must have been an entertaining and clever teacher.

THE WINTER SCHEDULE.
Trains on the Maine Central will run practically the same as last year. Late Train to St. John.

The fall and winter table for trains on the Maine Central will go into effect at midnight, Oct. 13, says the Bangor Commercial. The running time and the trains will be practically the same as last year, the only addition being the running of the train arriving at 3 p. m. from Boston, train 23, through to St. John, arriving there at 10:45 p. m. A chair car will be run on this train as far as McAdam Junction and the train to a sleeper may be taken to Halifax.

Train 3 going through Bangor at midnight will run the same as last year, leaving Halifax the morning previous to its arrival here, and leaving St. John, after midnight. Train 24, which will also be the same, leaving here at 10:45 p. m. and arriving in Boston at 8:05 p. m. Train 103 will leave Halifax the evening previous to the noon train to St. John.

A PRESBYTERIAN JUBILEE.

Founding of Church in Northwest is Fully Celebrated.
WINNIPEG, Sept. 29.—The founding of Presbyterianism fifty years ago yesterday in the northwest at the Parish Church of Edmonton, near Winnipeg, by Rev. Dr. Black of Montreal, was celebrated on Saturday and today at that church. Jubilee services were conducted this morning and evening by Revs. A. Matheson, Dr. Boyce, (Presbyterian), and C. B. Pitblado (Anglican), while yesterday Rev. Samuel P. Matheson, senior canon of St. John's Cathedral, spoke at the meeting of the very cordial relations that have existed in these parts from the earliest times between the English and Scottish churches. He paid some very graceful compliments to the banner church of western Presbyterianism.

C. P. R. LAND SALES.

Much Heavier Than Usual During September.
WINNIPEG, Man., Oct. 2.—C. P. R. land sales for September were much heavier than usual. The aggregate is in the neighborhood of 63,000 acres, for the month of September, 1900, the total sales amounted to \$1,200,000. For September, 1901, the land sold this year exceeds the sales up to the same period of last year by about 40,000 acres.

The sales by the Canada and Northwest Land company were also very heavy. This company sold 11,000 acres for the month of September, 1900, for the sum of \$400,000. For September, 1901, the sales were 3,400 acres, for the sum of \$120,000. The sales by the Northwest company for the year are 8,000 acres in excess of those up to September, 1900.

DR. PARKHURST ON TAMMANY.

NEW YORK, Oct. 1.—Dr. C. H. Parkhurst in addressing the people relative to the coming election has this to say of the Tammany municipal administration:—"Our city is full of anarchy. The city administration we are under here is anarchy. The top down, 1904, unmitigated, devilish. It does not kill men, at least as a rule, but it goes around with sharp blades whetted to knife every holy principle that the great God could have ever dreamed of. And it would send a thrill down the whole pulsing body of the times if in the same hour that Colquhoun goes to the electric chair the general body of our local government could be put into the chair along with him, and anarchy individual and anarchy organized, be consigned to the abysses of reprobation by one and the same current of electric damnation."

BOARD OF WORKS.

At yesterday's meeting of the board of works it was decided to instruct the harbor master to give No. 2 berth, Sand Point, to the Allan mail line; No. 4 to the Donaldson, No. 3 to the Elder Dempster. It was left to the harbor master to arrange with W. Thomson & Co. as to the use of No. 1. The committee reported having conferred with L. R. Ross of the I. C. R. as to the matter of wharfage at the new government pier. The harbor master was instructed to treat this wharf the same as any other.

NO CHANCE FOR KRUGER.

LONDON, Oct. 1.—A despatch to the Times from Berlin says that the council of the Hague permanent court of arbitration has unanimously decided that the question of assuming the initiative in arbitration or intervention, in any form in regard to the South African war must be definitely abandoned.

WELL SUPPLIED.

Blinks in your wife over out of temper. Winks—Never; she has an inexhaustible supply.

RESOLUTIONS.

The Synod Concluded Its Deliberations Last Evening.

Report of the Proceedings—Some Changes and Recommendations—Standing Committees—The Sabbath Observance—Various Funds.

At the opening of yesterday afternoon's meeting of synod, Rev. Dr. Pollock presented the statement of the Presbyterian college, Halifax. Unexpected expenditures had increased the cost of the college to \$1,400. Reference was made to the scarcity of young men to enter the ministry. He suggested changing the name of the college to Columbia.

The synod adopted resolutions approving the report, except as to Dr. Pollock's suggestion of a new name. After discussion that question was laid on the table for a year, pending receipt of the opinions of presbyteries. Consideration of the Aged and Infirmitarian Fund was resumed, and the motion to rescind the resolution adopted at the last meeting was adopted. It was shown that the fund as at present constituted is not in favor with young ministers. The deficit was \$1,300 at the beginning of the year; is now \$1,000, and at the close of the year will be \$2,000. It was decided to raise this amount by allocating it among the different presbyteries.

At the evening session, in the absence of the Fathers, the committee on Sunday Schools and the Religious Welfare of the Young, showed the registers of 82 synods, showing the teachers numbered 4,200, and the scholars 35,700, with an average attendance of 5,200. The amount contributed for funds of the church was \$1,150; for century fund, \$1,150; for the support of the synod, \$1,150. Total contributions for all purposes, \$3,450, of which was \$2,000 for the synod. He moved a resolution expressing the gratification of the synod at the progress and recommending that the presbytery provide greater means for the instruction of Sunday school teachers, in referring to the permanent improvement of the education of the young. Prof. Falconer paid a high tribute of commendation to the labor of the lay element. The weak point in the Presbyterian church was the laxity of the education of those who have the care of the young in the Sabbath school. The training for teaching should begin in the young people's societies and classes to obtain the best results. The burden of the work must rest upon the pastor, and the separate presbytery must take measures for the furtherance of the work. He firmly upheld, in addition to the recommendation of a general superintendent of Sunday school education to direct the training of the teachers.

In accordance with the resolution, Rev. Dr. Petheringham advocated the thoughtful discussion by the presbyteries of the progress of a Sunday school missionary in each of the districts. He suggested that the presbytery should appoint a committee to visit the Sunday school superintendents, but as there had been no mention of such an appointment by the presbyteries for their consideration to direct the training of the teachers.

The nominating committee, presented the following standing order for the year: Church Life and Work—A. C. Carr, convener; J. H. Sinclair, T. Cunningham, G. L. Gordon, G. S. Morrison, F. A. D. Baird, J. A. McKinnon, J. A. McLaughlin, D. L. Macdonald, W. Macdonald, D. D. Macdonald, A. H. Campbell, ministers. Public Education—Dr. Gordon, convener; J. H. Sinclair, L. G. Macdonald, R. Laing, T. Fullerton, B. H. Rankin, ministers. Ex-Principals—Prof. W. C. Murray, Dr. A. H. Mackay, Judge Stevens, Robert Murray, elders.

Sabbath School—D. S. Fraser, convener. The convener of Presbyteries, committees on Sabbath Schools and Religious Welfare of the Young, T. P. Fotheringham, E. S. Bayne, W. P. Archibald, H. K. McLean, Donaldson, D. Forbes, G. H. Macdonald, Geo. Miller, Prof. Falconer, ministers. T. P. Falconer, Andrew Macdonald, W. T. Kennedy, James Bennett, D. D. Macdonald, J. F. Dickie, J. D. McKay, J. J. Wells, Geo. H. Macdonald, elders.

Young People's Societies—A. S. Morton, convener. The convener of Presbyteries, committees of Young People's Societies, A. S. Morton, D. D. Macdonald, J. D. Macdonald, H. McLaughlin, G. D. Ireland, A. V. Murray, A. Rogers, A. M. Thompson, J. H. Macdonald, J. S. Smith, J. D. McKay, J. J. Wells, Geo. H. Macdonald, elders.

Widows and Orphans Fund—Nomination to the General Assembly—R. Laing, convener. The convener of the committee on Widows and Orphans Fund, R. Laing, convener. The committee on Widows and Orphans Fund, R. Laing, convener. The committee on Widows and Orphans Fund, R. Laing, convener.

On motion the assistant clerk was granted a recess of 15 minutes. Rev. Mr. Strath, before the close of the session, moved that the thanks of the synod be expressed to the minister, session, and trustees of St. Andrew's church, to the citizens of St. John for their generous hospitality, to the Y. M. C. A. for the use of the building, to the railroad and steamship companies for reduced rates, and to the press of St. John for reports of the proceedings. After singing and prayer, the synod adjourned.

COL. SAM HUGHES.
Says What He Thinks of Precedence and Tells Good Story.

Lieut.-Col. Sam Hughes, M. P., says a Toronto despatch, is much interested in the matter of large religious bodies being ignored at the recent reception of the Duke and Duchess of Cornwall and York at Ottawa. "I believe the remarks of Rev. Dr. Herridge on the subject are about right," he said. "There is no state church in Canada, and if one church is going to be recognized on such occasions as that, they should all be and in territorial order. That is, precedence should be given to the largest ecclesiastical territory. In the event the moderate of the Presbyterian church would be given first place, as he is at the head of that church in Canada and Newfoundland, whereas the other dignitaries present might have jurisdiction over small territories. I think Sir John Thompson pursued the most generous and liberal course toward church representation. Clergymen from different religious bodies were invited by him during his regime to social functions, and the basis of precedence was established on the age of the clergymen individually, the oldest being given first place. That reminds me of a little bit at Kingston at the time of Sir John Macdonald's funeral," said the illustrious one, smilingly. "On the occasion Arch-

scattered in their struggle with the rising tide of secularism. Carried.

The discussion on the aged and infirm ministers had been taken up, and Rev. Dr. Petheringham moved the appointment of a committee to take the whole matter into consideration, to formulate such changes as they considered wise, and to refer the same to the presbyteries for their consideration. The result to be brought before the next year. Rev. A. McKinnon, seconded the motion. Rev. Dr. Petheringham also withdrew his previous motion and the resolution passed.

The committee was appointed as follows: Rev. A. H. Foster, convener; Revs. J. D. McKay, A. S. Morton, S. J. Macfarlane, Geo. H. Macdonald, elders.

The statement of the widows and orphans fund was submitted by Rev. Dr. Petheringham, showing the actual value of the assets to be \$16,457.11, an increase of \$1,057.11 over the year ending Feb. 25, 1901, were \$15,400.00, leaving a surplus of \$1,057.11. A supplementary report for the half year ending Sept. 30 showed receipts of \$1,725.75, expenses \$1,047.11, leaving a balance of \$678.64. He moved that the committee apply for a grant to the century fund committee, the synod should endorse its application.

Rev. Dr. Petheringham read the obituary notice of late Rev. Moses Harvey, LL. D., Lewis J. H. Barker, D. D., and Joseph Barker.

Rev. A. H. Foster presented the report of the synod fund committee, showing \$112.50 receipts and \$112.50 expenditure. He regretted that a number of claims for ministerial expenses had been curtailed owing to the state of the fund. The report was adopted, and Mr. Foster was instructed to publish his deficit in the Presbyterian Witness, together with the churches contributing.

Rev. Dr. Burroughs stated that he had been one whose expense bill had been curtailed. His receipts from the fund had been less, proportionately, than any other applicant. He moved that the committee be authorized to make such explanation was made. Statute made by the committee were not satisfactory, but the ministerial fund was finally persuaded to subsidize, after being repeatedly declared out of order by the moderator.

On motion the assistant clerk was granted a recess of 15 minutes.

Rev. Mr. Strath, before the close of the session, moved that the thanks of the synod be expressed to the minister, session, and trustees of St. Andrew's church, to the citizens of St. John for their generous hospitality, to the Y. M. C. A. for the use of the building, to the railroad and steamship companies for reduced rates, and to the press of St. John for reports of the proceedings. After singing and prayer, the synod adjourned.

FOUND—A fur minkster found on Union Street. Owner apply at Star office.

Bishop Cleary's coachman succeeded in an effort to secure a place in the front of the procession, not knowing that the order of precedence in a funeral, as in a military parade, is reversed. I expressed my surprise to the Archbishop afterward that he should humiliate himself by taking a lower place than Dr. Warden, Presbyterian moderator. On being convinced that such was the case, the Archbishop laughed and said, "Well, Sam, that coachman of mine is too forward anyway; he never knows his place."

LORD'S DAY LABOR.

Rev. Mr. Longstaff—Should think you would come to church on the Sabbath.

Mr. Hardknease—I always shun work on the Sabbath and rest.

Rev. Mr. Longstaff—But do you call going to church, work?

Mr. Hardknease—Well, it's the hardest kind of work to keep awake there sometimes. Philadelphia Press.

About two tons and a half of stuff to decorate the government buildings here was received from upper Canada yesterday. A gentleman from Ottawa is expected here to assist in the work of decorating.

It was thought for a time yesterday that Archibald Cochran, one of the men quarantined in the West End House, was taken down with small-pox. A physician was sent for and after examination said that Mr. Cochran did not have the disease.

The body of the late Hugh M. Gaynor, brother of the Rev. W. C. Gaynor, who died some time ago in Sisterville, West Virginia, is now on its way home to Chatham for interment. It is expected to reach here on Monday, and will be accompanied to Chatham by Rev. W. C. Gaynor. Burial will take place on Tuesday in St. Michael's cemetery.

Miss Louise M. Taylor, for some time leading soprano in the Main street Baptist church, left St. Stephen this morning for Pennsylvania. She will fill an engagement there as a soloist to accompany a number of well-known lecturers on a visit to the different educational institutions of the state. The selection of Miss Taylor was a high compliment to her ability as a singer. She will return to St. John in November.

TODAY'S FUNERALS.

There was a very large attendance at the funeral of the late Thomas B. Coram, which took place from his late residence in Fairville at half past two o'clock this afternoon. The members of the Freeholders Lodge, I. O. O. F., attended in a body and also the employees of Cushing's mill in which Mr. Coram met his death. Services were conducted at the home of the deceased by the Rev. A. T. Dykman and Job Shenton. The pallbearers were chosen from the members of Freeholders Lodge. Interment was made in Fernhill cemetery.

Among the many beautiful floral tributes were a magnificent wreath on a pedestal, from Mr. Coram's fellow employees in Cushing's mill, and a three links from the lodge to which he belonged.

The funeral of the late Margaret Driscoll took place at half past two o'clock this afternoon from her brother's residence, corner of Sheffield and Sydney streets. The body was taken to the church of St. John the Baptist where the funeral service was conducted by the Rev. W. C. Gaynor. Relatives of the deceased acted as pallbearers, and interment was made in the new Catholic burying ground.

This forenoon at half past nine o'clock the funeral of the late Jeremiah Sheehan took place from the Mount Misericordia Hospital. Prayers were said by the Rev. W. C. Gaynor and interment was made in the new Catholic burying ground.

There was a large attendance at the funeral of the late Mrs. Daisy Isabel Logue, widow of the late George E. Logue, which took place from her late home, 182 Sydney street, at half past two this afternoon. Services at the house and grave were conducted by the Rev. George A. Sellar and Rev. Mr. Beatty. Interment was made in Fernhill cemetery. There were no pallbearers.

Y. M. C. A. NOTES.

A social will be held in the Y. M. C. A. gymnasium on the evening of the 24th for members of the gymnasium classes and their friends.

Rev. D. F. Macdonald, class for study of the International Sunday school lessons will commence work tomorrow afternoon at four o'clock in the Y. M. C. A. parlors.

The meeting for men in the association building Sunday afternoon will be addressed by C. E. Macdonald.

THE IRON MOULDERS.

Local 229 of the Iron Moulders Union elected the following officers:—Chas. B. Wales, president; David Connolly, vice-president; Wm. Guott, F. S. Jermiah Shea, treasurer; Edward Hart, Jr., rec. secy.; Joseph Bayville, con. rep.; Jas. Holt, L. conductor; Thomas Mitchell, guard. The moulders have been out six months, and are more determined than ever to hold out.

TO PROTECT THE CLAM.

Fisheries Department Will Enforce Close Season and Size Limit.

OTTAWA, Ont., Oct. 4.—The fisheries department is framing regulations for the protection of clams in Canadian waters on much the same lines as prevail in the case of oysters. It is likely a close season will be enforced, and a size limit insisted upon. There are valuable clam beds on the coasts of New Brunswick and Prince Edward Island, but few on the coast of Nova Scotia. It is only within a comparatively recent period, however, that Canadian fishermen have awakened to a realization of the commercial importance of the clam fishery, and they are now asking the department to take steps for its protection. In furtherance of this the regulations are now being drawn up.

THE KING'S HEALTH.

LONDON, Oct. 4.—The coincidence of the announcement of the King's indisposition with the rising rumors regarding cancer published in Copenhagen, from which city His Majesty has just returned, and where secrets of the British court are more likely to leak out than elsewhere, is causing some commotion here. The fact that the customary court circular does not appear in this morning's papers adds to the uneasy feeling, which is not allayed by the explanation of the King's indisposition given by Sir Francis Little, His Majesty's physician.

A story is in circulation among the clubs, purporting to come from a titled member of the late Queen Victoria's household, giving details of the story and saying that court circles are discussing the possibility of no coronation taking place next year. It is impossible, however, to obtain tangible corroborative evidence of this report.

Small Balance on Hand.

The Transvaal Continental fund was practically closed this morning at a meeting of the committee in the mayor's office. Col. Markham presided. The supplementary report of the treasurer was received.

In presenting his supplementary report the treasurer, H. D. McLeod, said that the statement of account rendered April 18, 1901, showed that \$25,357.14 had been subscribed and in payments the sum of \$4,957.59 had been made. The account as requested was referred to an audit committee, which has reported to his worship the mayor. A supplementary statement is now rendered, showing the total amount received to Sept. 23, 1901, \$24,426.03 and in payments, \$26,222.25 made, leaving a balance of \$1,833.78. This statement has been submitted to the auditors to whom the first statement was referred and they have made a report to his worship, the mayor.

After setting aside \$385.00 to pay allowances, which have not yet been called for, but liable to be at any moment, some of the men having not yet returned from South Africa, there will be a balance of \$1,448.78 to be disposed of. The cost of printing will consume a part of this, whilst there are several bills to be rendered.

SUPPLEMENTARY STATEMENT.

H. D. McLeod, Treasurer.

In account with the New Brunswick Transvaal Cont. Fund.

1901.

April 18—To subscriptions from all sources per statement rendered, \$25,357.14

July 17—To interest received on deposits in Trustee Savings Bank, 67.59

Sept. 2—Geo. Blake, 5.00

Sept. 15—By payments per statement rendered, \$4,957.59

April 22—By Leo Smith, 102.00

May 2—By B. McCallum, 75.00

May 2—F. W. Kirkpatrick, 75.00

May 10—H. W. Coates, 75.00

May 10—J. E. East, 75.00

Sept. 2—C. P. Peterson, 75.00

Account 2nd Contingent.

April 21—W. McCallum, 61.34

May 2—W. G. Gier, 61.34

July 4—F. R. Gorman, 61.34

July 4—A. H. Morehouse, 117.50

July 10—J. E. East, 117.50

July 23—Geo. T. Duval, 117.50

Aug. 2—Robert McIntyre, 117.50

\$1,162.54

\$25,474.28

To balance, \$1,162.54

\$25,474.28

It was voted that the bills against the fund, amounting to about \$19, be paid.

Col. Markham, Col. Armstrong, H. D. McLeod and Mayor Daniel were appointed a committee to which the matter of printing the report and disposal of the balance was referred.

PERSONAL.

Mr. and Mrs. J. W. Montgomery, with Mrs. Montgomery's sister, Mrs. Taylor, left on the St. Croix Tuesday for a visit to leading American cities.

Miss R. F. Morris and Miss Annie B. Hunt left for Montreal yesterday afternoon.

Mr. and Mrs. Fred C. Goddard returned yesterday from a visit to Detroit and other American cities.

Edgar Fairweather left last evening for Fredericton, N. B., where he will visit New York before returning home.

Mr. and Mrs. Murray Banks, of Gibson, have removed to Houlton, Me.

James Sturgeon, of Blackville, will shortly remove to Fredericton.

Mr. W. H. Stacey and children, of Fredericton, are visiting Mrs. Stacey's parents, Chief of Police and Mrs. Clark.

Mrs. (Rev.) J. S. Sykes, of Fredericton, has gone to Boston to visit friends.

Mr. and Mrs. Fred E. Blackmer, of Fredericton, have upon a two weeks' trip to Montreal, Toronto, Niagara, the Pan American, New York and Boston.

Mrs. D. Graham and Jas. Kidd, of Glenora, who are patients at Victoria Hospital, Fredericton, ill with typhoid fever are in a critical condition.

Miss Fannie Palmer leaves Fredericton on Monday for Boston to pursue a course of voice culture.

Holly Bridges, a well known young farmer of Sheffield, was married at Upper James Wednesday to Miss Hattie Purdie, daughter of Frederick Purdie, of that place.

REVISED PROGRAMME

Of the Royal Visit to the City.

His lordship received from J. F. Winslow, M. A. D. C. to Lieutenant Governor McLeod, this morning a copy of a telegram sent by Major Meade from Victoria, B. C., in regard to the royal visit here. The telegram was as follows:

"His royal highness wishes St. John program to be as follows: Seven o'clock of October 7, 1901, to the exhibition building and a banquet of addresses. Three in the afternoon presentation of colors and medals. Nine thirty in the evening reception at the exhibition building. Eighteenth of October, eleven o'clock in the morning, leave St. John. Their royal highnesses and her excellency will gladly dine and sleep on the night of the seventeenth at the house as kindly provided for them. Please notify all concerned."

DR. MAHER'S PURCHASE.

Anyone who is in anyway interested in or requires an artificial set of teeth will hail with joy the fact that Dr. J. D. Maher, on his recent tour of the States, purchased a new patent, whereby he can make a set of teeth that will enable the wearer to have ease and comfort, and eat an enjoyable meal. The public know from past experience that Dr. Maher has always proved himself capable of doing all he claimed to be able to do, as has been evidenced by the thousands in this city and elsewhere who testify to his ability to extract teeth absolutely without pain. Dr. Chinn, of Ontario, has arrived and joined the staff of the Boston Dental Faculty. He is a graduate of Philadelphia Dental College. The public is aware that Dr. Maher only employs competent men. Anyone in need of dental work cannot do better than visit these parlors.

If you want employment put an ad. in the Star. No charge is made for that, nor for ads. of help wanted.

CLARK WALLACE NOT SO WELL.—Principal Grant Better—Warships for Halifax.

QUEBEC, Oct. 4.—M. E. Indefatigable left about nine o'clock this morning for Halifax, accompanied by H. M. S. Pallas. Both left in charge of their own captains without any pilots.

WOODBRIDGE, Ont., Oct. 4.—Clarke Wallace passed a very restless night and this morning finds him in a very weak condition. No improvement has taken place within the last twenty-four hours.

MONTREAL, Oct. 4.—Arthur Paquet's saw mill and lumber yard were burned early this morning. Loss \$10,000.

KINGSTON, Oct. 4.—Principal Grant had a good night and is steadily improving. He is in fine spirits.

VANCOUVER, Oct. 3.—It is reported that the local government will resign today. Roberts is mentioned for the premiership.

WINNIPEG, Oct. 4.—Lord Minto, who arrived here from the east today, will join the Duke of York's shooting party at Poplar Point. The special train will reach Banff this afternoon en route west. The Duchess will remain there for a day or two.

QUEBEC, Oct. 4.—Captain Bernier of north pole voyage project states that subscriptions towards the equipment of the expedition are coming in rapidly and within a short time he hopes to have the amount desired. Already about twenty thousand dollars has been subscribed.

POLICE COURT.

Shubal Carvill was reported by Officer Gossline for interfering with him in the performance of his duty while making an arrest on Carleton on Wednesday evening. Carvill pleaded guilty to the charge, but said he had no other feeling but that of sympathy for the prisoner, whom he wished to take home. He was fined eight dollars or twenty days.

The case against the three boys charged with stealing a value from a car in the Union Depot came up this morning. A. W. Baird appeared for Lacy and Shark, and W. J. Mahoney for Carlin.

William Cunningham, an employee of the C. P. R., gave evidence to the effect that he saw the three boys in the car. One of them picked up the value and the three then made off. A moment later he was asked by a passenger on the train if he had seen the value. He replied that he had and that he would get it. He then gave chase and caught two of the boys going towards Pond street. Asked where the value was and one of them returned and pointed out where it had been left under a car. He took it back to the owner. Cunningham positively identified the prisoners as the boys he had seen.

A lad by the name of Maxwell, also employed at the depot, identified Lacy as having been seen in the depot at the time of the arrival of the train. Two of the three boys admitted to him that they had taken the value.

The boys were remanded till Tuesday.

TROUBLE ABOUT A DOG.

James D. Smith, of 93 Britain street, is the owner of a dog which proved a source of some annoyance on Tuesday. The animal was stolen by a man who was apparently a sailor, but it was afterwards recovered. Mr. Smith reported the matter to the police, who found the sailor and were told by him that his name was William Olsen, and that he belonged to the ship Hebe. Then Mr. Smith entered a complaint against Olsen for stealing the dog and for using insulting and abusive language to Mrs. Smith. However, when an officer went to the Hebe to notify Olsen he was informed by the captain that there was no such person on the ship. The officers are now on the lookout for the man.

HUNTERS PLEASE NOTE.

(Fredericton Gleaner.)

Some amateur sportsmen and would-be moose hunters are under the impression that the provisions of the Game Act prohibiting the taking of moose or caribou on the western side of the river St. John expired last year. If any hunters proceed to act upon that assumption they will get themselves into serious trouble, as the provision above cited is in full force until Sept. 15th, 1902. It is also unlawful to hunt moose, caribou or deer in the county of Albert before Sept. 15th, 1902.

MACLACHLAN IN AMHERST.

A despatch from Amherst says, Miss MacLachlan the great Scotch singer, received a most tremendous reception here last evening. The audience were fairly wild when she commenced the programme with Rule Britannia. Such singing was never heard before in Amherst.

Miss MacLachlan will, among her other selections Monday night, include Rule Britannia and the house should be packed to the doors. Plenty of good seats are left for this programme. Miss MacLachlan was in Sackville last night, and will be in Moncton tonight, arriving here tomorrow noon.

YESTERDAY'S YACHT RACE.

Yesterday's race between the Columbia and Shamrock was the fastest ever sailed in the cup contest. The wild blow steadily about 18 knots out of the northwest. The Columbia gained on each leg of the race, and won out by 2.55 actual time, with the 43 seconds time allowance she won by 2.35.

A VIGOROUS DEFENCE.

In the city court yesterday there was a suit brought by a landlord against a tenant for arrears of rent. The case was especially interesting on account of the defence made by the tenant, who said that the property was rented almost worthless on account of smoke, dust and dirt, lice and cockroaches and no yard room.

Agents for Chickering, Newcombe and Mason & Risch Pianos and Mason & Hamblin Organs.

7 Market Square, St. John.

STAR WANT COLUMNS

Waiting gets you nothing; our want columns will get you anything.

AT THE HOSPITAL.

The Smallpox Case—New House Physician—Died of Diphtheria—An Accident.

The man Barton, who is suffering from small-pox, is receiving every possible attention and appears to be doing nicely. He is a very sick individual, but the disease is now running its ordinary course without exhibiting any unusual features.

A meeting of the hospital board will be held this afternoon at which among other business, it is probable that Dr. Frederick Bayfield, of Charlottetown, will be appointed assistant house surgeon, in place of Dr. LeB. Wilmet, who has recently resigned.

Armstrong, whose arm was amputated on Tuesday, is a result of an accident on the Shore Line Railway, is doing splendidly. Although only seventeen years of age, he has an unusually fine physique, and a strong constitution, and will shortly be able to move about.

Lena Evans, daughter of William Evans, corner of Sheffield and Wentworth streets, died in the hospital from diphtheria on Thursday night and was buried at nine o'clock this morning. The funeral was a private one. Interment was made in the Church of England burying ground.

This forenoon a young man by the name of William McCallin, nineteen years of age, was removed to the hospital for treatment. He had been working in Mr. Wilbur's house on Queen street, on Sept. 30th, and was struck on the head by a quantity of plaster, which fell from the ceiling. The accident was followed by intense pain, which has continued ever since.

REV. DR. CLARK WILL SPEAK.

The Rev. Joseph Clark, D. D., of Co-

lumbus, Ohio, who will represent the International Sunday school work in the Provincial Convention to be held in Fredericton Tuesday, Wednesday, Thursday, next week, will spend Sunday and Monday, 6th and 7th, in this city. He is expected on the Boston boat Saturday evening. The executive of the city Sunday School Association meets this evening in the Y. M. C. A. parlors, when they will complete arrangements for his meetings.

Dr. Clark, although comparatively a young man, has had much experience in the work on which he is both a writer, editor and speaker. Born of noted Sunday school parents he has also passed through the work of scholar, teacher, secretary and superintendent of Sunday schools. His business training was in the printing and newspaper industry in New Jersey and Colorado. Therefore in wide experience he is in line with the truly grown men and women which the Provincial Sunday School Association have brought in other years.

Mr. Clark will address a mass meeting in the Portland Methodist church at 4 o'clock Sunday afternoon, and will probably lead a meeting in the German street church after the evening service.

MOOSE AN CARIBOU.

Wm. Lindsay, Andy Lindsay, Steve Brown and Geo. Beatty left Fredericton a few days ago upon a hunting trip to Little River, Sunbury County. There arrived by steamer at Fredericton, on Wednesday, a fine young moose, shot by Mr. Lindsay.

Fred Talbot, of Providence, R. I. S. D. Furest, of Lock Haven and W. F. Beaver, of New York, who have been big game hunting on the Miramichi got two caribou.
