

MORRISON FOR NORTHUMBERLAND

Liberal Conservatives Name Strong Man at Enthusiastic Convention.

Yesterday's Fine Gathering, at Chatham, Found the Party United Against Laurier Domination and Iniquitous, Empire Destroying, Reciprocity Pact.

Special to The Standard. Chatham, July 25.—At a largely attended and enthusiastic convention held here this afternoon, Hon. Donald Morrison was nominated as standard bearer of the Liberal-Conservative party for the County of Northumberland, in the coming federal contest.

There were two names before the convention and Hon. Donald Morrison received 50 votes to Dr. T. H. Byrne's 33. The nomination was then made unanimous.

J. L. Stewart opened the meeting and the roll call of delegates was read over by Mr. Butler, who also read the minutes of the last session which were confirmed.

Mr. Stewart said it did his heart good to see so many good men present. The election of officers was postponed and Mr. Stewart went on to say that they were met together to nominate the next member for this county. "A change is needed," he said, "the situation has become worse than it was four years ago. This government has changed and the issue has been changed."

He scored the reciprocity pact and declared it bound Canada body and soul to the republic to the south. He was happy to say there are many Liberals who are against this issue and would vote against the party on it. As Canadians they will not vote for reciprocity. The gentleman now the member for Northumberland, would accept any policy Mr. Fielding adopted, except the reciprocity pact. He said that the reciprocity pact and the negotiations between Americans have countermanded their orders for factories and plants in Canada.

Mr. Butler said that when he started out four years ago to organize the Liberal-Conservative party and the 25 polling divisions, he secured a big task, but this giant tree of today affords him a great deal of pleasure. He would not shirk a duty nor an office, if it would aid the Conservative party, and was glad to continue his work.

RIDDING QUEBEC OF THE SMALLPOX

Excellent Work of Quebec Health Authorities Has Reduced Disease by Fifty Per Cent.—Will Soon Disappear

Montreal, July 25.—The local authorities of the province of Quebec announced that as a result of the campaign which has been carried on throughout the province during the past few months, a reduction of approximately 50 per cent. in the number of smallpox cases has been brought about.

Dr. J. A. Beaudry, chief provincial inspector, declares that this gratifying result is a direct effect of the firm stand taken by the authorities when the smallpox outbreak was at its worst. Then the province was literally overrun with the disease. As a consequence, the cases that really existed were isolated and as these followed the usual course to recovery, there was no new crop to demand the attention of the provincial and municipal authorities. Dr. Beaudry states that the health authorities now have the situation well in hand and in all likelihood within a short time there will be a comparatively complete disappearance of the disease as far as the Province of Quebec is concerned.

MEN AND RELIGION FORWARD MOVEMENT.

Lake George, N. Y., July 25.—Delegates to the number of 460, representing 75 cities in thirty-six states and Canada, are in attendance at the first annual conference of the Men and Religion Forward Movement, now in session at Silver Bay. The chief address today was delivered by Raymond Robbins, of Chicago, who told of his work in the Klondike and outlined the great reforms embraced in the movement's programme. Wm. J. Bryan is to be one of the speakers of the week.

THEY FIXED IT FOR TAFT

How Nebraska Republican Convention Was "Engineered" to Support Taft For Another Presidential Term.

Lincoln, Neb., July 25.—Nebraska Republicans in convention here today gave President Taft and his administration a strong endorsement and effectively blocked all efforts of a small band of insurgents delegates to arouse sentiment for Senator Robert M. La Follette, of Wisconsin, as a presidential candidate.

BIG STORM ON ST. LAWRENCE

Terrific Gale Has Tied Up Steamer Service on River And Lakes—Much Damage is Reported.

Brockville, Ont., July 25.—A terrific gale which has prevailed on the river since yesterday morning shows little signs of abatement. Boats running between Brockville and the Thousand Islands cancelled all trips today. The ferry service between here and Morristown is also out of commission. The only boat to make a landing up to noon was the R. and O. Company's steamer from Toronto. The passengers of this steamer report an exceedingly rough trip down the lake. Wharves and boat houses along the front have been terribly shaken up.

Thousand Islands Park, N. Y., July 25.—Several lives are believed to have been lost and thousands of dollars worth of property destroyed by the worst wind storm in the history of this section which has been sweeping over the St. Lawrence river since 11 o'clock last night. A gale of wind of seventy miles an hour is blowing and at noon today there was no indication that it would abate. A score of boats are missing and their occupants are believed to have been drowned.

YOUNGEST BISHOP IN BRITISH EMPIRE

New Bishop of St. George's Consecrated in St. John's, Newfoundland, is But 34 Years of Age.

St. John's, Nfld., July 25.—The youngest bishop in the British Empire was formally inducted into office today when Archbishop Stagni, papal delegate for Canada, consecrated in St. John's cathedral, Father Michael Power, the parish priest of Harbor Breton as bishop of St. George, Newfoundland. Bishop Power is a native of this city and is only 34 years old. Archbishop Stagni arrived here on Friday.

He received a unique series of demonstrations of welcome since he landed.

THEY HAD WONDERFUL ESCAPE FROM DEATH

New York, N. Y., July 25.—A subway express train, running at top speed, caught three electricians in its path near the Seventy-second street station at the rush hour this afternoon, fatally injured one and sent the other two spinning through the air for fifty feet. They were unconscious when they landed again in the tracks of the train, but the emergency brakes fetched the train up short, stopping it with a few inches of their bodies. Several hundred passengers were wrenched loose from their hold of straps and hurled from the seats, were thrown into a panic and traffic was tied up for twenty minutes.

DISSOLUTION WILL NOT COME BEFORE NEXT WEEK IS OTTAWA OPINION NOW

And Probable Election Date is Regarded as First Week in October.

Another Fighting Day in Parliament -- Mr. Borden and Mr. MacLean Continue to Make Sir Wilfrid Feel Uncomfortable--No Progress with Reciprocity.

Special to The Standard. Ottawa, Ont., July 25.—Dissolution apparently, is not to happen before some time next week. That is today's reading of the barometer. Meanwhile there are two general remarks to be made. The Liberals are very jumpy indeed. They are falling into the habit of getting the worst of the daily debates. It happened today over the Imperial Conference. Mr. R. L. Borden, with Mr. W. F. MacLean's timely assistance, left the gentlemen of the white feather, no plume, gasping for breath.

A day or two ago the Montreal Gazette published a dispatch from its Ottawa correspondent drawing attention to the anxious and angry attitude of the French Canadian Liberals. It noted the small majority and attributed it largely to French Canadian abstentions. Also it dropped a remark that the running out of the indemnity had something to do with the decreased zeal of the Quebecers' attendance. Today the French Canadian Liberals rose in the House and raged, raged loudly, raged comically.

Colonel Talbot led off. He read the offending article and as each statement came out the Conservatives cheered approval. Mr. Talbot read on with tragic seriousness, pausing to dart angry glances at the scoffers opposite. When he had quite finished he lifted up his voice and denounced the article as "contemptible, malicious and untrue," was one phrase. He especially resented the suggestion that the indemnity had so much to do with their attendance.

Mr. Lapointe followed in French with a declaration that the French Canadian Liberals had as large a proportion of their members present as any element in the House. He proceeded with the word "calumny" to the collection. In short they were cross. That suggestion of the Gazette's must leave bitter.

Mr. Monk Wants the Documents. Mr. Monk moved, on a motion to go into ways and means, an amendment to the article in the House. He proceeded to read the Imperial Conference held before the Canadian Parliament forthwith. In moving this Mr. Monk argued at some length that it was the duty of the government to complete and sincere account of what had taken place.

Continued on page two.

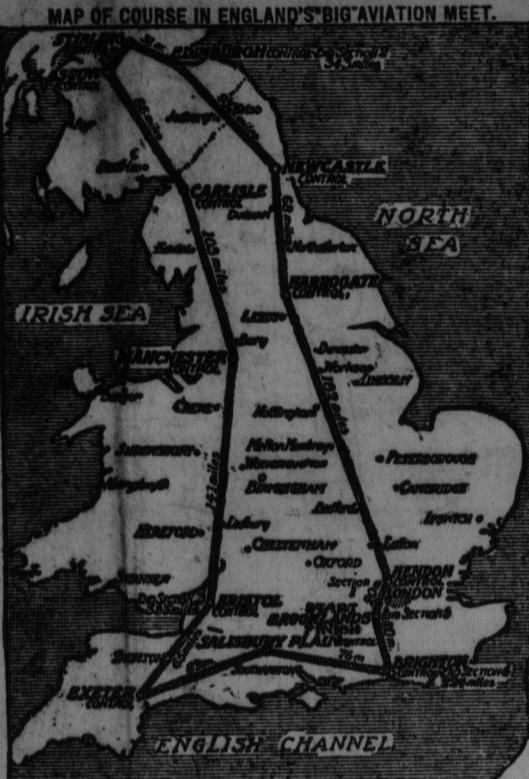

WIRE TRUST MEN GUILTY

Thirty-seven Wire Manufacturers are Fined in Connection With Trust Busting Activities of U. S. Government.

New York, July 25.—The Federal Government today scored heavily in its effort to break up the alleged "Wire trust" when 37 of the 87 men indicted July 23 withdrew the plea of "not guilty" and accepted sentence without trial on pleas of nolo contendere. Upon this passive admission of guilt, Judge Archibald, in the United States district court, imposed fines of from \$1,000 to \$17,000 and costs in each case.

The action came in the face of vigorous argument against the acceptance of the plea by United States District Attorney, Henry A. Wise. It had never been accepted in this court, he declared, and he protested against a precedent.

William P. Palmer, president of the American Steel and Wire Company, Herbert L. Satterlee, son-in-law of J. Morgan, Frank J. Gould and Charles F. Brooks, Republican National Committee man from Connecticut are among the forty-six other alleged members of the associations who have pleaded not guilty to the indictments.

Course of the All-British Circuit air race of 1010 miles for the second London Daily Mail 500,000 prize.

More than a score of the best aviators of England and Europe, as well as one or two American fliers, are now contesting in the All-British circuit air race for the second London Daily Mail prize of 500,000. Beginning and ending at Brooklands, the course passes through London, Newcastle, Glasgow, Manchester, Bristol, Exeter, Salisbury Plain and Brighton, a total of 1010 miles.

Aside from the fact that the race is confined to an all British course, the most remarkable feature is the condition requiring the whole distance to be covered practically with the same machine with which the competitor starts.

Bristol, Eng., July 25.—The aviation race around Great Britain for a prize of 500,000 offered by the London Daily Mail developed today into a neck and neck contest between Vedrine and Beaumont with only G. Hamel and Valentin kept further trouble in his engine today and abandoned the contest.

Today's schedule called for a flight from Edinburgh to Glasgow by way of Stirling, Glasgow and Manchester, a total distance of 383 miles. C. T. Weyman, the only American competitor, who has had hard luck from the start, had further trouble with his engine today and abandoned the contest.

Vedrine and Beaumont made the circuit of Scotland, starting from Edinburgh, stopping at Stirling and Glasgow and proceeding to Carlisle during the afternoon. They left the Scottish capital at 3 o'clock this morning being delayed later at Stirling by heavy rain. In the early flying Beaumont made up some lost time on Saturday and Monday, but Vedrine overcame this advantage in the flight from Glasgow to Carlisle, covering the leg of the 36 miles in one hour and 59 minutes against Beaumont's time of two hours and 13 minutes.

Valentine, the Englishman, left Edinburgh soon after the Frenchman started, and had reached Stirling safely but met with a mishap to his propeller between that place and Glasgow. He was compelled to descend. Meanwhile the other competitors were still struggling on the second stage of the Hendon to Edinburgh. Captain Cody left Harrogate this morning and reached his machine in descending at Durham. Hamel, who was further along, left Newcastle at 5 o'clock this morning, but owing to troublesome winds descended at Inneswick, from which point he made a new start for Edinburgh.

Reynolds, who arrived at Harrogate this morning, smashed his machine in attempting to get away again. Astley also reached Harrogate this morning. Weyman tried to renew the race at Leeds but could not make his start. The chum was called away to a telephone, took the money with him and the newly found friend disappeared at an opportune moment. He had neither been seen since.

Stirling, Scotland, July 25.—Vedrine and Beaumont arrived here safely this morning from Edinburgh in the Daily Mail's 500,000 race. Owing to a heavy rain they were unable temporarily to resume their flight.

THE CHOLERA IN NEW YORK

Steamer Kennebec Which Harbored Cholera Suspect Held up and 61 Men Quarantined.

Kingston, Ja., July 25.—The United Fruit Company's steamer Zacaapa, which sailed from New York July 20, is held in quarantine here owing to the presence of cholera in New York. The Jamaican authorities have decided that all vessels from American ports must empty their water and bilge tanks before getting pratique.

BALFOUR AND LANDSDOWNE

HERE IS A TALL TARN

Lillian Graham, Indicted in Stokes Shooting, Tells Wild Story of an Alleged Abduction.

Poughkeepsie, N. Y., July 25.—Lillian Graham, under indictment and at liberty on bail pending trial for the shooting of W. E. D. Stokes, a wealthy New York hotel proprietor, was located at a hotel here this evening by Chief of Police McCabe.

According to Miss Graham's story to Chief McCabe she left the home of her sister, Mrs. John Singleton, Saturday night at half past ten o'clock to go to a store. "When I got to the corner," she is said to have told the police, "a man appeared and threw over my head a cloth that smelled like tar. I was pulled along into a motor vehicle, and I remember getting inside. That was the last I remembered until I was shaken by the shoulder, and looking up heard a conductor say: 'Poughkeepsie, last stop.' I got off the train, walked outside and heard a taxi driver say 'Morgan House.' I entered the taxi and went to the hotel, where I have since been."

At the hotel Miss Graham registered as Lillian Clark, and she said she had thought of notifying her relatives but gave no explanation of her failure to do so.

HALIFAX MAN LOST HIS WAD

Charles Hellman Proved Easy Victim For New York Swindlers Who Worked Old Time Game on Him.

New York, July 25.—A man who said he was Charles Hellman, lately in business at Halifax, N. S., appeared to the police today to find two swindlers who had swindled him out of \$1,100. Hellman told the detectives that he met an affable stranger at a hotel to whom he imparted the knowledge that he possessed the sum named and wanted to go into business here. He allowed the newly found friend and the friend's chum to examine the money, which was in Canadian currency to determine if it were genuine. The chum was called away to a telephone, took the money with him and the newly found friend disappeared at an opportune moment. He had neither been seen since.

HONORED THE MEMORY OF GENERAL WOLFE

Halifax Historical Society Erects Tablet to Mark Site of Wolfe's Headquarters When Preparing for Siege.

Special to The Standard. Halifax, July 25.—The Nova Scotia Historical Society today honored the memory of General Wolfe by erecting a tablet on a stone which stands on the site of his headquarters here while preparing to capture Louisbourg and Quebec. Speeches were made by Brigadier General Drury, Lieutenant Colonel Denison and others.

INDIANS BURNED OUT WILL BE IN BAD WAY

North Bay, Ont., July 25.—Indian Agent Cockburn has returned from Fort Matabech where he found large numbers of Indians gathered who had been driven out of the Night Hawk Lake district by fire. The Indians will be in a bad way unless helped by the department, as their hunting grounds have been fire swept and game frightened away so that their means of sustenance is gone for the present until matters adjust themselves.

HOSPITAL PATIENTS SPEND NIGHT IN OPEN

Winfield, Kansas, July 25.—More than 400 patients in the state hospital for feeble minded spent the night on a hillside near the institution because of a fire that destroyed the main dormitory. When the fire started last night all the 1,000 patients were marched out upon the grounds. When it had been extinguished many were taken back to the buildings, but the others slept on the ground.

Unionist Leaders Stand Together Against Creation of New Peers.

Leader of British Opposition Writes Notable Letter to Lord Newton -- Asquith's Action Stamped as Tyrannical -- Split in Unionist Party Threatened.

London, July 25.—Another exciting day of political conferences, party caucus and ministerial visits to the King left the crisis no nearer solution than yesterday. The session of the House of Commons today was not important, but much heat and bitterness were displayed and there was renewed flinging of epithets such as "Hot-tent," "Insolent swine," and similar terms. The only significant incident of the session was that F. E. Smith, one of the leaders in yesterday's turmoil quit his accustomed seat among the adherents of Balfour and ranged himself with Lord Hugh Cecil and other insurgent Unionists.

The most important event of the day was the publication of a letter, which Mr. Balfour wrote to Lord Newton in reply to a request for his opinion on the situation. Although it had been assumed that Mr. Balfour would support Lord Lansdowne, he had hitherto made no public announcement on the subject, and the postponement of yesterday's meeting at which it had been anticipated he would explain his position, left the public still in the dark. As was expected, however, he fully supports Lord Lansdowne in bowing to the inevitable and avoiding the creation of peers. Thus the rupture in the Unionist party is definite and open.

Mr. Balfour has written a long letter to Lord Newton in reply to a request for his opinion on the situation. In part the leader of the opposition in the House of Commons says: "I never conceived it to be a part of my duty actively to intervene in the affairs of a House to which I do not belong, nor have I on the present question taken any share in the propaganda which I understand is being vigorously conducted by some of its members. This is not because I have doubts as to the advice which I ought to give those who seek it. On the contrary, my views are clear."

Continued on page two

BOY DROWNED IN MIRAMICHI

Ten Year Old Clayton Carrigan of Newcastle Lost His Life While Swimming Yesterday Morning.

Special to The Standard. Newcastle, July 25.—One of the saddest drowning accidents of the season occurred early this afternoon, when 10 year old Clayton Carrigan lost his life in the Miramichi river at Nelson, at Daly's wharf. He was a son of Mr. and Mrs. Alexander Carrigan and was swimming at the time. The body was recovered by William Walls about an hour later.

The deceased is survived by his parents and the following brothers and sisters: Lex, of the Hotel Miramichi; Fred, of the Hotel Touraine; Thomas, of Amherst; Martin, Ambrose, Catherine and Inez at home, and Rose, of Portland, Maine. The family is well known on the Miramichi and much sympathy will be extended to them in their bereavement.

THE POPE'S CONDITION

Rome, July 25.—The condition of the pope who is suffering from a sore throat, was less satisfactory today. Dr. Polacci, the pontiff's private physician and Dr. Marchia-Fava, consulting physician at the Vatican, found their patient with a temperature higher than that of yesterday when a slight rise above the normal was noted. The general symptoms however, it is stated, are not alarming.

RAILWAY WRECK DUE TO ENGINEER

Bridgeport, Conn., July 25.—Coroner Wilson in his finding on the wreck of the Federal Express here on July 11, in which fourteen were killed, finds that the New York, New Haven and Hartford Railroad was criminally responsible and that Engineer Curtis was criminally negligent.

**TENDERS FOR CITY WORK**

The CITY OF SAINT JOHN calls for Tenders for the Removal and Disposal of Ashes and Garbage according to specifications to be seen in the office of the City Engineer, Room No. 5, City Hall.

The City also invites Tenders for the following work:  
Replanking of Rodney Wharf.  
Gutter Excavation, backfill and cartage in Barker St., Germain St., West Tower St., West and from City Line to Lancaster St., between St. James and Germain Sts.

Water pipe excavation, backfill and cartage in Horsfield St., Princess St., Harding St., Meckenburg St., North Side King Square and Stanley St.

Laying of asphalt sidewalks in Autumn, Marsh, Spruce, Goodrich, Murray Sts. and Strait Shore Road.

All of which work is to be done in accordance with plans and specifications to be seen in the office of the City Engineer, room 5, City Hall.

A cash deposit must accompany each bid, the amount being as stated in each specification.  
All tenders must be addressed to the Common Clerk, Room No. 3, City Hall. He will receive bids until noon of Tuesday the first day of August, A. D. 1911, and none will be considered unless on the form specified, copies of which can be had in the office of the City Engineer.

**WM. MURDOCH,** City Engineer, Comptroller.

St. John, N. B., July 13th, 1911.

**Tenders**

Sealed Tenders will be received by the undersigned up to 12 o'clock, noon, of Friday, July 28th, 1911, for all trades in connection with the erection of a 3-story brick block for the Right Rev. T. Casey, D.D., Roman Catholic Bishop of St. John.

The lowest or any tender not necessarily accepted.  
Plans and specifications may be seen at the office of  
**F. NEIL BRODIE,** Architect, 42 Princess St., St. John, N. B.

**Going to the Country**

No need to worry about having your goods moved. Call up Main 522. **WHITE'S EXPRESS.** Work promptly and carefully done.

**INDICTMENT CONFRONTS PRESIDENT OF ICE TRUST.**

The recent heat wave in New York, with its accompanying scarcity of ice which was the primary cause of many deaths in that city, has led to an investigation of the inner workings of the Ice Trust. The District Attorney, who has charge of the inquiry, is satisfied that the rise in the price of ice during the hot spell was unnecessary and criminal, and he is working for an indictment against Wesley M. Oler, president of the Knickerbocker Ice Company, who is reported to have said:—"Nothing we can do can improve the situation. God help the public!"

**BUTTING INTO SOCIETY SET**

London, July 25.—Once more the old story of Americans paying to get into English society is revived, and the naive thing in connection with this revival is the frank admission that the members of our "Old Nobility" accept the cash. "M. A. P." advertising to this effect, interestingly in somewhat threadbare subject, declares that recently "an American lady actually wrote to a countess offering her the sum of £100,000 if she would include her in the house party she was gathering together to meet a royal personage at her place in the country. When she wrote the letter containing the offer she had no idea that the person she was addressing was very short of cash, but it so happened that such was the case, and in the end the American lady achieved her desire.

**NEWCASTLE NEWS**

Newcastle, July 25.—Miss Minnie Harvey spent Sunday in Redbank. Mrs. Mac-Grant, of Woodstock, N. B., spent Saturday in town. Mrs. Robinson, of Boston, is visiting her aunt, Mrs. Henry Ingram. The funeral of Olive Thibodeau, of Nelson, took place Saturday afternoon. Rev. Father Power officiating. Deceased was 92 years old and is survived by the following children, Henry and Mrs. Wm. Casey, Newcastle; Mrs. Frank Curry, of Nelson, and Edward and Alex, of Oldtown, Me.

Miss Mona and Master Benson Robinson, of St. John, are visiting their grandmother, Mrs. John Robertson, Sr., and the Misses Robinson. Percy McLean came home from Moncton to spend Sunday. At the Baptist parsonage July 22nd by Rev. Dr. H. T. Cousins, Miss Margaret G. Sobey, of Coaticookville, was married to Edward Curtis, of Waterville. A reception was held at the home of the bride's parents and many valuable gifts were received. Mr. and Mrs. Curtis will reside at Waterville.

Miss Nellie Lawlor is visiting Kent county friends. Rev. and Mrs. George Mitchell, of Oxford, N. S., are revisiting their former home in Redbank and Newcastle friends. Miss Lena Dalton is home from Boston on a vacation.

Miss Hennessy, of St. John, is visiting Miss Clara Lawlor. Mrs. James A. Morse, of Manchester, N. H., is visiting her parents, Mr. and Mrs. James McCormack. Miss Helen Rae, of Boston, is visiting the Misses Williamson.

Mrs. Henry B. Anslow, of Campbellton, is visiting relatives here. T. J. Scott, Jr., of Dalhousie, spent Saturday with Mr. and Mrs. Henry Ingram.

**CONTAINS NO CAUSTIC ACIDS.** It's healthy and drawing—that's why Putnam's Corn Extractor is better than any soap substitutes. Insist on Putnam's only.

**WHITE'S COVE.** White's Cove, July 24.—Ed. Durast of Robertson's Point, who was struck on with paralysis some time ago, is still in a precarious condition.

Miss Minnie Ingram, daughter of Contractor Henry Ingram, has lately been promoted to the second year's course in Toronto general hospital.

Rev. and Mrs. MacArthur have gone to Bedoupe, P. E. I. to visit Mrs. MacArthur's parents, Mr. and Mrs. James Carruthers.

Geo. Gunter, of Minto, spent a few days with his people here. Mrs. John Durast, of Portland, Me., is visiting friends at the cove.

Miss Bessie Collins, St. John, and Miss Rena MacCordis, Fredericton, are also visiting their friends. Rev. Mr. Ross, secretary of Sunday school association held service at Mill Hill yesterday and had a large congregation.

Haying has begun, but the grass is light and hay will not be an average crop, but other crops are looking fine. Mr. and Mrs. Samuel Knight are receiving congratulations on the arrival of a young daughter.

The Machinists' Union. The Machinists met last evening at their rooms Opera House block. About 45 members were present and many business were discussed. The Machinists meet again next Tuesday evening.

has been used in thousands of families for all these complaints, and we have yet to hear of a case it has not cured.

When you go to your druggist or dealer and they try to give you one of the cheap substitutes, insist on having "Dr. Fowler's" given you.

See that the name, The T. M. Hubbard Co., Limited, appears on the wrapper, as we are the sole manufacturers.

**DOCTOR ADVISED HOSPITAL**

But Lydia E. Pinkham's Vegetable Compound Cured Her.

Upper Sandusky, Ohio.—"Three years ago I was married and went to housekeeping. I was not feeling well and could hardly drag myself along. I had such tired feelings, my back hurt, my sides ached, I had bladder trouble awfully bad, and I could not eat or sleep. I had headaches too, and became almost a nervous wreck. My doctor told me to go to a hospital. I did not like that idea very well, so when I saw your advertisement in a paper, I wrote to you for advice. I have done as you told me.

"I have taken Lydia E. Pinkham's Vegetable Compound and Liver Pills, and now I have my health. If sick and ailing women would only know enough to take your medicine, they would get relief."—Mrs. BERN H. STANSBERY, Route 6, Box 18, Upper Sandusky, Ohio.

If you have mysterious pains, irregularity, backache, extreme nervousness, inflammation, ulceration or discharge, don't wait too long, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy, and should give everyone confidence.

**PROBATE COURT,**

City and County of Saint John. To the Sheriff of the City and County of Saint John, or any Constable of the said City and County, Greeting:—

WHEREAS the Executors and Trustees of the Estate of William Abner Hampton of the City of Saint John in the City and County of Saint John, Trader, deceased, have filed in this Court an account of their administration of the said deceased's estate and accounts to be held in and for the City and County of Saint John, at the Probate Court Room in the Pugsley Building, in the City of Saint John on Monday the twenty-eighth day of August next at eleven o'clock in the forenoon then and there to attend at the passing and allowing of the said accounts and at the making of the order for the distribution of the said estate as prayed for and as by law directed.

You are therefore required to cite the devisees and legatees of the deceased and all of the creditors and other persons interested in his said estate to appear before me at a Court of Probate to be held in and for the City and County of Saint John, at the Probate Court Room in the Pugsley Building, in the City of Saint John on Monday the twenty-eighth day of August next at eleven o'clock in the forenoon then and there to attend at the passing and allowing of the said accounts and at the making of the order for the distribution of the said estate as prayed for and as by law directed.

(L.S.) Given under my hand and the seal of this Court this 21st day of July, A. D. 1911.  
J. R. ARMSTRONG, Judge of Probate.

H. V. McINERNEY, Registrar of Probate.  
J. H. A. L. FAIRWEATHER, Doctor.

**IN THE SUPREME COURT,**

King's Bench Division.

In the matter of "The Winding Up Act," being Chapter 144 of the Revised Statutes of Canada, 1896, and Amending Acts, and in the matter of A. E. Hamilton, Limited.

An order for the Winding Up of the above named Company having been made by the Honourable Ezekiel McLeod, Judge of the Supreme Court, under the provisions of "The Winding Up Act," and bearing date the Twelfth day of May, A. D. 1911, the creditors of the said Company and all others who have claims against the said Company, formerly carrying on business in the City of Saint John, in the Province of New Brunswick, are required on or before the Fifteenth day of August, A. D. 1911, to send by post, prepaid, to the undersigned Liquidators of the said Company their names, addresses and descriptions of their claims, and the nature and amount of the securities, if any, held by them, and the specified value of such securities, verified by oath, and in default thereof they will be peremptorily excluded from the benefits of the said Act and Winding up Order.

Dated the Eleventh day of July, A. D. 1911.

THOMAS H. SOMMERVILLE, GEORGE A. HILLYARD, Liquidators.

SHERBROOKE RAILWAY AND POWER COMPANY PLACES ITSELF IN STRONG POSITION

By Acquisition of Three Different Electric Lighting and Power Companies Will Cover Entire Southern Section of Eastern Townships of Quebec Province, Will be Important Factor in Industrial Growth of Province

Montreal, July 26.—(Special)—One of the most important electrical power transactions put through in the Province of Quebec for some time has been brought about by the acquisition by the Sherbrooke Railway & Power Co. of the Lennoxville Light & Power Co., the Eastern Townships Electric Co., and the Stanstead Electric Co.

One of the most important features in connection with the company is that in addition to its power business, it will control the lighting of the larger towns, thus enabling it to set a relatively large proportion of its power to use.

While a great many Canadian enterprises have all, with great advantage to themselves, established their main or their principal offices in the United States, it is felt that the next few years a great many American industries anxious to have their share in the growth of the Province of Quebec, will find it of the greatest benefit to come to the Province of Quebec.

The Sherbrooke Railway & Power Co. in the short time since its incorporation has drawn the attention of manufacturers throughout the world to the Eastern Townships of Quebec, and now that they have secured the lighting and power companies operating in the district, during the next few years, back in a position to make very much more of them is one of the most important features of the Province of Quebec.

It is during the past few years that Sherbrooke has assumed such great importance both as a manufacturing and a commercial center, and within a comparatively short time its population has increased by about fifty per cent. It is this remarkable growth and development that the Sherbrooke Railway & Power Company is contributing a great deal to the reconstruction and enlargement of the town, in order that the fullest benefit of the large residential settlements which now exist in the outskirts of the city, and a large amount of very desirable factory sites along the Grand Trunk Railway line on either side of the river, on part of which are now located iron foundries, furniture and machine factories, all of which are rented to desirable tenants.

The capital of the Sherbrooke Railway and Power Company is as follows: Five per cent. \$1,500,000. Fifty per cent. \$1,500,000. Ordinary shares \$1,500,000. 1,500,000.

LOCATION OF DEVELOPMENT.

The city of Sherbrooke, which is the third largest city in the Province of Quebec, is particularly well situated as the centre of an important district. It is the educational, manufacturing, financial and commercial centre of the southern portion of the Eastern Townships of Quebec, and is one of the largest cities in the Province of Quebec.

FIELD OF OPERATIONS.

It is during the past few years that Sherbrooke has assumed such great importance both as a manufacturing and a commercial center, and within a comparatively short time its population has increased by about fifty per cent. It is this remarkable growth and development that the Sherbrooke Railway & Power Company is contributing a great deal to the reconstruction and enlargement of the town, in order that the fullest benefit of the large residential settlements which now exist in the outskirts of the city, and a large amount of very desirable factory sites along the Grand Trunk Railway line on either side of the river, on part of which are now located iron foundries, furniture and machine factories, all of which are rented to desirable tenants.

VESSLS BOUND TO ST. JOHN.

W. Adams.

AMUSEMENTS.

At The Nickel. One of the finest dramatic pictures the Nickel has ever had, will be shown today. It is a heart touching story by the Pathe-American Company, entitled, His Baby's Doll. The father's greatest earthly joy is his little girl. One day this little darling while playing with her companions, falls and striking her head on the hard pavement, sustains a fractured skull. The father is telephoned for and arrives just in time to see his baby die. He last saw her playing with her doll, and seeing the doll where she left it, his Nellie gives way, and he becomes a harmless maniac who finds all his pleasure in dolls. The plan which resulted in the man's return to reason, is a heart touching story, but it gives an opportunity for one of the most dramatic scenes in photography. Another excellent drama is by the Pathe-American Company, Van Bibber's Experiment, which was suggested by Richard Harding Davis' little history of a night's adventure called, Van Bibber's Burglar. Duke De Ribbon 'Counter' is a roaring farce comedy of little Har-

OBITUARY.

Peter Harding. The death of Peter Harding, a well known resident of the North End, took place Monday at his home on Long Wharf. The deceased, who was in his 78th year, was a native of the city and has lived here all his life. He is survived by his wife and five sons, Peter, John, William, and George, of this city, and Frank of Bedford, Mass. The funeral will be held this morning at 8:30 from his late residence to Holy Trinity Church for Requiem High Mass.

WHICH LINIMENT IS BEST?

For muscular pains and aches a thick oily preparation can't penetrate—that's why Nerviline beats them all—it sticks right in. "I wouldn't be without Nerviline in my house," writes J. B. Cottam of Mastown, N. S. "If you have rheumatism or soreness in the muscles or in fact any need of an honest liniment, Nerviline fills the bill. I can recommend it highly because I have proven that in one application of Polson's Nerviline there is more virtue than in a whole bottle of ordinary liniment." Try one of the old's attempt to marry the heiress at large 25c. bottles.

Table with financial data: Gross earnings \$68,250, Operating expenses 40,950 \$27,300, Power and Lighting 58,575, Operating expenses 22,800 35,775, Rentals 1,500.

Table with financial data: Power contracts pending \$84,575, Additional net lighting revenue probably by end of year 2,000, Power still available about \$99,000, H. P. at \$20 18,000, \$104,275.

Table with financial data: May, June, Gross earnings \$3,714.66 \$2,941.11, Operating expenses 2,540.32 2,232.66, Net earnings 1,174.34 1,614.45.

Table with financial data: Gross earnings \$3,714.66 \$2,941.11, Operating expenses 2,540.32 2,232.66, Net earnings 1,174.34 1,614.45.

RESULTS OF THE BIG LEAGUES

Table with columns for American League, National League, and Eastern League, listing teams and their records.

CHANCE, OF CUBS, OUT OF GAME FOR GOOD

FRANK CHANCE. According to President Charles W. Murphy, of the Cubs, Frank L. Chance, manager of the team, will never do a uniform again, unless he does so in order to go on the coaching lines.

O'NEILL WILL NOT COMPETE AT SARATOGA

Special to The Standard. Halifax, July 25.—John O'Neill will not be a competitor in the championship regatta at Saratoga. He has been training for the event, not knowing definitely whether he could arrange to go or not, and his friends and supporters are not surprised to learn that business engagements will prevent him from competing.

MARATHONS AND CALAIS WILL CLASH HERE THIS AFTERNOON

Calais Ball Fans Coming in Force to See what Should Prove Great Battle—Greks Sign Donohoe, a Fast Second Baseman.

With the strongest teams they are capable of putting into the field, the Marathons and the Calais teams will meet this afternoon on the Marathon grounds in the baseball contest that all the fans have been waiting for since the last visit of the Marathons to the border city, and the protest which followed that game.

PLENTY OF YACHT AND BOAT RACES

During the next few weeks those persons interested in yacht and motor boat racing will have plenty of opportunities of participating in the sport.

On Saturday, July 29th, there will be held the second race for sailing dories. This will be a race well worth seeing, and no doubt many people will visit Millidgeville that day.

BASEBALL NEWS FROM CAPITAL

(Frederickton Observer.) The Frederickton baseball team's trip to St. Stephen has been postponed until tomorrow and, unless the Thistles still continue a hoodoo for the Frederickton team, the local club should be able to add a few points to their standing in the New Brunswick and Maine League.

"BAT" NELSON SAYS HE IS COMING BACK

(By Tad.) They can't make Bat Nelson believe that his little act is over. The Dane is one of those persistent persons, who must be shown in a most decisive manner, and he's still waiting.

THE CANADIAN WHO WON THE KING'S PRIZE

Toronto, July 25.—Private William J. Clifford, the first Canadian-born man who has won the King's Prize, and the first man who ever won both the King's Prize and the Prince of Wales' Prize, the two plums of the Blisley meet, lives with his young wife, in Toronto. This was his second visit to Blisley, and on both occasions it was somewhat of an effort to tear himself away to go.

WILL BE GREAT SCRAP. CHAMPION GOLFER A NATIVE SON

New York, N. Y., July 23.—It has taken America just 17 years to rear a golfer capable of winning her own open championship, for it was in 1894 that golf had so far advanced as to inspire among the followers of the game here a desire to emulate the overseas golfers.

TORONTO CRICKETERS IN A DRAWN GAME.

Philadelphia, July 25.—The cricket match between the Toronto cricket club and the Philadelphia cricket club was declared a draw today when darkness put an end to the match with the Canadians at bat for their second innings.

THE TENNIS TOURNAMENT.

Boston, July 25.—Gustave F. Touchard, of New York, and E. P. Larned, of Summit, N. J., won their way today into the finals for the Longwood singles cup. Touchard defeated Melville H. Long, of San Francisco, in straight sets, while Larned disposed of Richard Bishop in a five set match.

TURKEY ISLE TO BE SCENE OF MANY FIGHTS

New York, July 25.—The action of the United States supreme court in declaring that Turkey Island, in the Arkansas River, is part of the allotment of Larry No Legs, an Osage Indian, and not state property, as the State of Oklahoma has been contending, has suggested a plan to hold fish fights on that island.

TY COBB IS DARING, NOT FOOLHARDY

John B. Foster, editor of Spalding's Baseball Guide, writes of Cobb: Cobb is a daring player, but he is not a foolhardy player. His quickness of thought is usually backed by soundness of judgment. He takes great chances, but figures them out like a good many, were knocking Seattle and this means was taken to check the tendency to knock. Barring a few irresponsible Socialists who were never known to boost anything, Vancouver has no knockers. There is no necessity for burning any hammers here.

NO KNOCKERS THERE.

Seattle has burned the hammer with all the pomp and show music and a long procession. It will be news to the outside world that there was a hammer in Seattle to be burned. Naturally the question will arise, "Why the necessity of burning the hammer?" It must be that someone, a good many, were knocking Seattle and this means was taken to check the tendency to knock. Barring a few irresponsible Socialists who were never known to boost anything, Vancouver has no knockers. There is no necessity for burning any hammers here.

ST. JOHN'S IN WOODSTOCK.

Owing to the inclemency of the weather yesterday the games in the N. B. and Maine League were called off on her lap which was crying unceasingly. Suggested Re-christening. Jones was at the theatre, and behind him sat a lady with a child on her lap which was crying unceasingly. Unable to stand it any longer, Jones turned smilingly to the lady and asked: "What that infant of yours been christened, yet, Ma'am?" "No, sir," replied the lady. "If I were you I would call it 'Good Idea,'" said Jones. "And why 'Good Idea'?" said the lady indignantly. "Because," said Jones, "it should be carried out."—Toronto Mail.

ALL READY FOR THE RACES IN FREDERICTON

Special to The Standard. Fredericton, July 25.—There is a large gathering of horsemen here already for the racing tomorrow and on Thursday. That there will be lively speculation on the various classes is already shown. Frank Patch is likely to go to the wire with even money 2 favorite against the field in the 2:12 class, while Mazie and Premier seem the likely favorites in the 2:30 pace. The 2:17 trot and 2:20 pace class has the talent up in the air, and nobody seems able to pick a winner.

A RIDE IN AN AUTO

Has a charm of its own and, as a rule, lends appetite especially if, as an appetizer, you take a glass of RED CROSS GIN the best appetizer in the world, also the best digestive. Rectified, bottled and matured in bond under the supervision of the Government. Every bottle bears the Official Control label—a sterling guarantee for the consumer.

SMOKE BACHELOR CGARS

THE CIGAR OF QUALITY Manufactured by ANDREW WILSON & CO., TORONTO. Rep. by Jay A. Burns

"HIS BABY'S DOLL"

A Heart Touching Story of a Father's Great Love. "DUKE DE RIBBON COUNTER" Deah Harold's Attempt to Butt into Matrimony and Wealth. Kindness works a "VAN BIBBER'S EXPERIMENT" Wonderful Change.

DODD'S KIDNEY PILLS

FOR ALL KIDNEY DISEASES. CURES RHEUMATISM, BRIGHT'S DISEASE, DIABETES, GRAVEL, AND ALL URINARY AFFECTIONS.

RED CROSS GIN

the best appetizer in the world, also the best digestive. Rectified, bottled and matured in bond under the supervision of the Government. Every bottle bears the Official Control label—a sterling guarantee for the consumer.

THE DUDLEYS GERTRUDE HARRY

Frank Patch is likely to go to the wire with even money 2 favorite against the field in the 2:12 class, while Mazie and Premier seem the likely favorites in the 2:30 pace. The 2:17 trot and 2:20 pace class has the talent up in the air, and nobody seems able to pick a winner.

A RIDE IN AN AUTO

Has a charm of its own and, as a rule, lends appetite especially if, as an appetizer, you take a glass of RED CROSS GIN the best appetizer in the world, also the best digestive. RED CROSS GIN

the best appetizer in the world, also the best digestive. Rectified, bottled and matured in bond under the supervision of the Government. Every bottle bears the Official Control label—a sterling guarantee for the consumer.

THE WEATHER.

Maritime—Fresh to strong westerly winds; mostly fair and cooler, but some local showers.

Toronto, July 25.—The gales which have prevailed over the lake region for the past two days have now subsided. Very high temperatures have been recorded in Alberta and warmer conditions have prevailed in Saskatchewan and Manitoba. Minimum and maximum temperatures:

- Vancouver—58, 74. Kamloops—62, 88. Edmonton—56, 88. Calgary—50, 83. Moose Jaw—47, 82. Regina—44, 76. Winnipeg—46, 76. Parry Sound—50, 56. London—53, 72. Toronto—55, 62. Ottawa—54, 64. Montreal—56, 66. Quebec—54, 62. St. John—56, 70. Halifax—62, 74.

AROUND THE CITY

Band Concert Postponed. The concert to have been given tonight on the Carleton band stand by the Carleton Cornet Band, has been postponed until tomorrow evening.

Mrs. McVey Recovering. Mrs. McVey, wife of Dr. McVey, who was thrown out of an automobile on Sunday and injured, is rapidly recovering at the Private Hospital.

Street Car Disabled. A street car was disabled at the head of King street, yesterday afternoon and caused a brief delay. It had to be towed to the car barn for repairs.

Where Was The Patrol? Last evening the police arrested a drunken man on Charlotte street and hundreds of men, women and children followed the officers and prisoner to the police station.

Gold Piece Found. A piece of gold, most likely found on King street on Friday last by Thomas Henderson was handed to the police yesterday and awaits the owner at Central Police Station.

Public Utilities Commission. The Public Utilities Commission will meet here this afternoon at 2 o'clock. It is improbable that judgment in the telephone matter will be given today, but may be given tomorrow.

Money For St. John Girl. Detective Killen received a letter yesterday from Mrs. Margaret Rose of Rockland, Maine, asking the whereabouts of Sadie May Carter, a former St. John girl. It appears that some money has been left for Miss Carter, and the detective would be glad to learn where she is.

Mr. Bird in Town. Theodore H. Bird, well known here through his successful dramatic productions with local talent, arrived in the city yesterday and will spend a month in the city and vicinity. Mr. Bird is here on a vacation and has nothing in view in the theatrical line for St. John. He will leave on Saturday on a cruise on the river.

Ten Arrests Last Night. The police made ten arrests last evening, and of the prisoners were charged with intoxication. For some time past complaints have been made about men frequenting the railway tracks at the head of Clarence street, drinking and acting disorderly. Last evening the police made a visit to the track and gathered in no less than four young men who are charged with drunkenness. A 19 year old drunk was arrested on Sydney street.

A West End Robbery. The store of the Two Barkers, Ltd., on King street, West End, was broken into Monday night, the goods were pilfered and the money in the cash drawer was stolen. The entrance was through a cellar door in the rear. A hole was bored through the door so the bar could be lifted on the inside. Several robberies have lately taken place in the West End and boring of holes in the doors has been the manner in which an entrance has been obtained. The police are working on the case.

Last Night's Band Concert. Thousands of people were delighted last night on King Square with an excellent programme rendered by the St. Mary's band, under the direction of Charles H. Williams. The following programme was carried through in an admirable manner: March, Aviator; Intermezzo, Boadicea; waltz, Daughter of Love; Intermezzo, Sliding Jim; solo, Big Ben; selection, Il Trovatore; Intermezzo, Cynthia; selection, Polonaise; march, Indomitable. God Save the King.

Important to Hotel Keepers. John Kenny, Jr., the factory inspector, has had his attention called to the fact that several hotel keepers in complying with the law to provide fire escapes on their buildings, are using rope of a smaller circumference than the law requires. Speaking to The Standard yesterday Mr. Kenny said the rope to be up to the standard must be 2 1/2 inches in circumference. He understood men were out in the province soliciting orders, but it was not with his authority and hotel keepers who bought rope less than the standard did so at their own risk. The time for complying with the requirements of the act expires on August 1st.

The West Indies Trade. A meeting of the council of the West Indies committee of the Board of Trade was held yesterday to consider a proposition of the Pickford and Black Company in regard to the terms upon which they would be willing to continue to give the service of eleven days from this port. The opinion of the council was that the conditions were not workable, and after some discussion it was decided to refer the matter to the permanent West Indies committee of the Board of Trade. H. B. Schofield stated last night that they had not abandoned hope of making arrangements to have the Pickford and Black Company continue the old service, and that the negotiations with the company and the government would be continued.

Miss B. A. Irvine and Miss Mildred Foster left yesterday morning for St. George to spend a week the guests of Miss Edith Wallace of that town.

PLANS COMPLETED FOR HAZEN BANQUET

Three Hundred Tickets Issued and 170 have been Allotted to St. John—Where they may be Obtained.

Arrangements for the complimentary banquet, which has been tendered the Hon. J. Douglas Hazen, K. C., M. P., Premier and Attorney General of the province and accepted by him have been completed. The banquet will be held in the Nickel Assembly Rooms on the evening of August 10th next at eight o'clock. The catering will be handled by one of the best caterers in the province. The tickets which are \$2.50 each, may be purchased from any member of the committee as given below: Manning W. Doherty, Mgr. A. R. Williams Machinery Co. Ltd., Dock street.

- Baxter and Logan, Barristers, Ritchie's Building. Miles E. Agar, Union street. W. Frank Hatheway, M.P.P., 10-20 Ward street. Hon. Robert Maxwell, M.P.P., Sydney street. F. R. Fairweather, 12 Canterbury street. G. S. Hayes, Carleton. W. H. Harrison, Royal Bank Building. John C. Chesley, Assessors' Office. Dr. H. C. Wetmore, Union street. W. B. Tennant, King street. W. H. Thorne, Prince William and King streets. Charles Robertson, Elliott Row.

Three hundred tickets have been issued and a little over one hundred and seventy have been allotted to St. John.

A VISITING CLERGYMAN SPEAKS OF RECIPROCIITY

Rev. Dr. Grey Says Canadian People Should Vote on, and Assume Responsibility for, Trade Pact.

In conversation with The Standard, Rev. Andrew Grey, D. D., of Illinois, who is conducting services this month in Trinity church, expressed his opinion with regard to reciprocity. "I am a native of Sussex, New Brunswick, and lived in the province for several years," said Dr. Grey, "and although I have resided in Boston and vicinity for upwards of twenty years, and for the last ten years in the State of Illinois, I remain and expect to remain a British subject. I have never in any way lost my interest in Canada and Canadian affairs, nor in the British Empire.

"I have watched with great interest the various public movements both at home and in the colonies, from time to time. I was greatly interested years ago in the question of reciprocity between the United States and Canada. The United States government then seemed very unwilling to grant it. Now the United States government seems quite inclined to insist upon it. In my judgment, if it becomes a settled fact, the United States will gain immensely more from it than Canada will gain. There may be an immediate gain in some respects for Canada, but that gain will be more than offset by the probable loss of Imperial Federation in trade with Canada.

"I had interviews three years ago with leading statesmen of the United States party in England, which party is destined to come into power in the near future, and if they succeed, as I believe they will ere long, the policy of Joseph Chamberlain unquestionably is, as he frequently expressed it, to establish a tariff and place a duty upon imports from Germany, France, United States and other countries, but to leave an open market, with preferential trade, to the colonies. In this, I might say, he shows the land of a statesman, for by that trade he will bind the colonies to the mother land as by hoops of steel. If Canada believes reciprocity to be the right thing, let it not be forced upon her by a few representatives, but I would say, be cautious, give the people the benefit of a referendum, and if at the polls they say they want reciprocity, then let them have it, and they themselves will be responsible for the results."

A WELL KNOWN SINGER PASSED AWAY IN HUB

Harry Newcombe, a former Favorite in Local Moving Picture Theatres, Succumbed to Excessive Heat.

Word was received in the city yesterday of the death of Harry Newcombe, which happened last week in a Boston Hospital. Mr. Newcombe was prostrated by the heat and never revived.

The news of Mr. Newcombe's death is learned here with great regret as he was well known, having for the last few years been vocalist in the

CLEANER STREETS MEAN GOOD HEALTH

City Engineer Murdoch Believes St. John's Good Health is Largely Due to Comparative Cleanliness of Streets.

The city engineer has made a special effort to keep the streets clean this summer, and so rather of the opinion that the exceptionally satisfactory health conditions which have prevailed during the summer have been due to some extent to the comparative cleanliness of the streets. "Considering the amount of money available for street cleaning purposes I think we have done fairly well," he said yesterday. "If we had more money for this service we could do better. Some cities spend \$4,000 or \$5,000 per mile of street in their cleaning purposes, and this is about five times what we have to spend for all street purposes, including repairs, interest charges, and so on."

"Money spent on removing the dust and dirt from the streets is well spent and I have hopes that the public will see the connection between clean streets and good health. "At the next meeting of the board of works, I intend to ask for a new street cleaning machine. The same works on the same principle as a carpet sweeper. This machine is in use in other places and works well. It is hauled around by a horse and cleans off the surface of the streets."

Asked whether he was satisfied with the results of the experiment of using oil on the streets, the engineer said that the experiment had justified his hopes, and expressed the opinion that the citizens generally were satisfied that the oil on the streets was an improvement on the old system of water sprinkling.

"The experiment was not made under favorable conditions," he added. "There was too much dust on the streets when the oil was laid, and dust blew in from other streets after the oil was put on. Then the streets were very dry and one coating of oil was not sufficient to form any sort of crust. "Another car of oil has been ordered, and I think the next sprinkling will give more satisfactory results, though we are not able to sprinkle as many streets as we ought to. In other cities where they use oil in preference to water for street sprinkling, they give practically all the streets two or more coats of oil each summer."

LITTLE NEW BUILDING IN CITY AT PRESENT

Building Contractors Busy with Repair Work and Alterations, but Few New Structures are Going Up.

Although most of the building contractors in the city are fairly busy at repair work and alterations to buildings, there is no great amount of new building going on in the city at the present time. Contractors Sullivan and the Fenlon Land Company have the foundation laid for three new buildings on Summer street, but beyond these there are not many new buildings going up. The work of converting the New Victoria Hotel into an apartment house is well proceeded with, and most of the masonry work has already been completed.

CARLETON CITY HALL AS SITE FOR FACTORY

Mayor Frink has Plan Which Might Well be Worked Out for Benefit of the West Side.

"Speaking of sites for factories, what is the matter with the old City Hall at Carleton," said the Mayor, yesterday. "As a public building it is a joke, but it should make a first class factory, or part of a factory. There is plenty of land around it for building additions or storing materials."

The city might do worse than sell it and build the people of Carleton a public hall that they might be proud of. It could put up a good building over there with stores on the ground floor and a library, auditorium and lodge rooms over head. "Another good place for a factory would be the site of the old country at the eastern end of Union street, Nickel, Unique and Star Theatres. He was also at one time manager of the Star.

He was very popular while in the city and well liked by a very large circle of friends. Williams Downie left last evening for Montreal with great regret as "Rosemere," which was attached to the Montreal express.

Painless Dentistry. Teeth filled or extracted free of pain by the celebrated "HALE METHOD." All branches of dental work done in the most skillful manner. BOSTON DENTAL PARLORS. 627 Main Street. Tel. 653. DR. J. D. MAHER, Proprietor.
