PRICE TWO CENTS

THE GENERAL ALLIED OFFENSIVE IS NOW SUCCESSFULLY UNDER WAY IN SALONIKI

SERBIANS CAPTURE FIRST LINE OF BULGARIAN TRENCHES AFTER TWO DAYS' DESPERATE CONFLICT

British and French also Made Advances — Fighting Continuing in Mountainous Country with Advantage Still Running Strongly in Direction of Entente Allies.

Paris, Aug. 21.—A general offensive along the entire Saloniki front was launched on Sunday by the Allies, according to an official statement issued by the French war office. The Serbians have captured the first line of the Bulgarians on the left of the battle front, but have lost the town of Banica, south of Florina.

On the centre and right wing heavy fighting is in progress. The British-French forces have crossed the Struma and are attacking Bulgarian positions northwest of Seres. The text of the statement follows: "On August 20 the Allied forces at Saloniki took the offensive on the entire front. On the right wing the Anglo-French forces have crossed the Struma and are attacking the enemy on the Kavacki-Kalatra-Topalava front (northwest of Seres). They are in contact with a position strongly held by the enemy at Barakli (8 kilometres south-west of Demir-Hissar.)

"In the centre violent artillery actions are taking place on the southern slope of the Belas mountain and on both banks of the Vardar. "In the region extending from Lake Dolran to the Vardar the Allies have consolidated positions they occupied on the preceding day. "On the left wing, in the mountainous region between the Cerna and Moglenica rivers, the Serbians have taken the first line trenches of the Bulgarians on the heights of Kikuruz, and have occupied the forts of Kaimakalar. On the extreme left, after inflicting heavy losses on the Bulgarians debouching from Florina, they had to abandon this latter place and have established themselves on heights situated to the east. The battle is continuing."

ALLIES GAIN MORE THAN MILE.

New York, August 21.—The Journal today has the following from Saloniki: "The occupation of more than a mile of ground along a front of nearly three miles in the region of Lake Dolran, and the capture of a fortified work at Feracheval, south of Doldzeli, was announced in an official report, issued today by the British Balkan headquarters. The British official report says:

"On the Dolran front during the night we advanced 2,000 yards on a front of 5,000, and occupied these new positions without encountering resistance. Our troops took the work at Feracheval, south of Doldzeli, after serious resistance from the Bulgarians. "On the Struma front the enemy is showing signs of activity in the direction of Demir-Hissar. He is reported to have crossed the frontier at numerous points, and to have penetrated into Greek territory in the neighborhood of Sarichaban, east of Kavala."

ALLIED DRIVE IN SALONIKI MAY BRING ROUMANIA IN LINE

London Again Learns Circumstantial Reports That Bucharest Government is About to Join the Allies.

London, Aug. 21.—The opening of the Allied offensive at Saloniki has been the signal for renewed reports that Roumania is at last about to throw in her lot with the Entente. These reports are more circumstantial than ever before, and the comments of the German press indicate that they are far from being devoid of foundation. One Berlin newspaper goes so far as to declare that Roumania has already joined the Allies, and that plans are being laid for the march of a Russian army through Roumanian territory. Major Morant, the famous German military critic, also believes that Roumania is negotiating with Russia and hints at an ultimatum to Bucharest from Germany and Austria.

The entry of Roumania into the war on the side of the Entente would mean the forging of another link in the chain of foes surrounding the Central Powers. The material aid which Roumania could give would be of a very

important character. She has had between 500,000 and 600,000 troops mobilized for nearly a year, and her army is reputed to be one of the best equipped and trained in Europe. Apart from possible Russian reinforcement Roumania would be in a position to deal a powerful blow at Bulgaria from the north, in conjunction with the Allies' drive from the south. It has been generally understood that Russia has been willing to concede the Province of Bessarabia, the population of which is largely Roumanian, in return for Roumanian co-operation in the war. Bessarabia is 18,000 square miles in extent, and has a population of nearly 2,000,000.

Unofficial reports from Saloniki say that Italian troops have landed there and will join in the general offensive. This news, if correct, means that Italy has finally decided to formally declare war on Germany, as the Germans are admittedly directing the Bulgarian campaign.

HE SELECTED DORCHESTER IN PREFERENCE TO JAIL

James Wilson, Vagrant, will Serve Out, His Suspended Term in Penitentiary — Other Cases Before County Court.

Alexander McDonald, of Roman Valley, Youngsborough county, N. S., accused of adultery with Eva Dosey, appeared before His Honor Judge Armstrong yesterday afternoon and selected to be tried under the Speedy Trials Act. Michael Osgwell also

chose Speedy Trials. This man was arrested some time ago in Albert county as a German spy. He escaped from prison there, and having been convicted here on a charge of drunkenness managed to get clear again from his guardians. In 1907, the same Osgwell was serving a term here and made good his escape before the term expired. He has a record of three escapes.

James Wilson, in on a charge of vagrancy pleaded guilty, but rather than serve the six months penalty in jail here, preferred to be sent to Dorchester penitentiary for two years, which sentence he had suspended over him two months ago when he pleaded guilty to attempting suicide.

Hatry Ellis, accused of rape, is a member of the 85th Regiment, Highland Brigade, Nova Scotia. He elected trial by jury.

These cases will come up during the session of the county court, which opens this morning at eleven o'clock.

BRITISH IN AFRICA ARE DOING WELL

Wami River Forced and Germans Are Driven Back.

Our Troops are Now Advancing on Important Towns of Kilossa and Dares-Salaam.

London, August 21.—British forces in German East Africa have forced a passage of the Wami river, and are approaching the important town of Kilossa, according to an official statement issued by the war office this evening. The statement says:

"Lieut-General Smuts reports that the British, advancing from the Nguru mountains, encountered at nightfall on the sixteenth a strong enemy force holding the passages of the Wami river on the road to Nrogoro. Fighting continued till the night of the 17th, when the enemy retreated. "The British occupied the crossings at dawn, and are now constructing bridges. Meantime Lieut-Col. Vandevanter inflicted severe losses on the enemy near Kidate station, on the Central Railway, and is approaching Kilossa. "Further east British columns are moving on Dares-Salaam, supported by naval operations on the coast."

MARITIME MEN IN THE LATEST ROLL OF HONOR

Nova Scotia and Prince Edward Island Figure in This Casualty List.

Ottawa, Aug. 21.—The eleven p.m. casualty list contains the following names: Infantry. Killed in action: Geo. A. Crossman, South Port, P. E. I. Claude A. Dunning, Granville, P. E. I. Roderick R. J. MacAulay, Bayfield, P. E. I. Died of Wounds. Hugh Livingstone, Black Brook, N. S. Wounded. Alfred V. Dalton, Cedar Lake, N. S. Pioneer George M. Gray, Princess Lodge, N. S. Kenneth Marshall, Sydney, N. S. Mounted Rifles. Wounded: Robert A. Townsend, Lower Barney's River, N. S. Artillery. Wounded: Lieut. Frank H. Tingley, Moncton, N. B.

YOUTHS OF SEVENTEEN CALLED TO HUN COLORS

Paris, Aug. 21.—The intramural significant publishes, under reserve, a dispatch from Lausanne to the effect that Ger-

many have ordered all youths of seventeen to report immediately to recruiting bureaux. This class, in normal years, would be called to the colors in 1919.

The repeated unofficial reports that Portugal was about to take an active share on the European battlefield has been apparently confirmed by an announcement from Paris that a British-French military commission has been sent to Lisbon. News despatches from Portugal have described military pro-

German Efforts To Break Allied Lines All Failed

British Guns Quickly Stopped Hun Offensive on Somme Front—Still Pouring Shell into Enemy Trenches.

London, Aug. 21, 4.11 p. m.—Strong German detachments drove back British covering patrols northwest of High Wood, on the Somme front, this morning, but were stopped when they came under the fire of the British positions west of the wood, says today's war office statement. Bombing attacks on High Wood were repulsed.

The statement follows: "After a heavy bombardment, three hostile bombing attacks were made this morning on High Wood. All were easily repulsed. "Northwest of High Wood some of our covering patrols withdrew before strong detachments of the enemy, but these detachments were unable to make any progress when they came under fire from our positions west of the wood.

"During the night we effectively shelled portions of the enemy's position, whilst the enemy bombarded our trenches in the vicinity of Pozieres and the area northeast of Contalmaison, using gas shells freely. "Northwest of Hulluch, (north of Arras), and east of Le Plantin, the enemy attempted to raid our trenches. These raids were driven back with loss to the enemy, who only succeeded in reaching our lines at one point from which he was quickly driven out again. "Near Givéchy the enemy exploded a mine near one of our forward saps but caused us no casualties, and we made use of the crater as a defensive post. Further north we liberated gas successfully against the enemy's positions at two places."

ALL ENEMY ATTACKS REPULSED.

London, Aug. 21.—The war office communication issued this evening says: "Near the Mouquet Farm (near Thiepval) the enemy attempted to make an attack on a small scale, which was immediately repulsed. Otherwise there is little to report, except artillery activity by both sides, which at times was very violent.

"Our artillery fire was very effective. "Southward of Tilpignat the enemy's trenches were severely damaged and a configuration was caused in one of the enemy's batteries which burned furiously for some time. A hostile balloon was forced to descend by our gunfire.

"Southward of Loos, as the result of a successful mine, we have much improved our local position. "Our aeroplanes continue to bomb enemy billets with success, in addition to their work with our artillery. Yesterday one of our machines did not return. Today hostile aeroplanes showed a little more enterprise than usual, and some of them ventured over our lines."

Italians Are Holding All Positions Captured

Violent Artillery Duels in Trentino District, but Austrians are Unable to Drive Back Invaders.

Rome, Aug. 21, via London, 4.45 p. m.—The Italians, who have advanced in the region east of Gorizia and on the Carso plateau, are holding fast to the ground won, occupying themselves with consolidating recently captured positions.

Today's war office statement reports no important infantry activity on any portion of the Austrian-Italian front. "Violent artillery duels, however, are in progress, notably in the Trentino, where the Austrian gunners have shown especial activity. The statement follows: "Violent thunderstorms throughout the theatre of operations did not result in the diminution of artillery activity. The enemy's batteries were especially active on the Trentino front and in the upper But Valley. They were answered by ours, which shelled the Drava Valley effectively, interfering with the movement of trains. "Minor enemy attacks are reported in the Astico Valley and in the Piava area. The enemy was repulsed and left about 20 prisoners in our hands. "In the Gorizia area and on the Carso, our troops are consolidating the positions they recently occupied. "Hostile artillery shelled Gorizia and the Isone bridge without causing damage."

NO CHANGE OF IMPORTANCE IN THE WEST FRONT

London, Aug. 21.—On the western front there has been no material change in the situation since the Allies launched their great attack last Friday. German counter-attacks have been made at several points along the British lines but, according to London, without any success. The Germans have also made a powerful effort to recapture Fleury, in the Verdun sector, but Paris reports their complete repulse. The repeated unofficial reports that Portugal was about to take an active share on the European battlefield has been apparently confirmed by an announcement from Paris that a British-French military commission has been sent to Lisbon. News despatches from Portugal have described military pro-

EXPLOSION IN SHELL FACTORY TOOK BIG TOLL

London, August 21.—Serious loss of life is feared as the result of an explosion in a munitions plant in Yorkshire this afternoon, says an official statement issued this evening. No figures on casualties are given. "An explosion took place this afternoon at a munitions factory in Yorkshire," says the statement. "Full details are not yet at hand, but the loss of life appears to be serious. Assistance has been sent from neighboring towns. "A further statement will be issued."

LIQUOR INTERESTS WON SEAT IN "HOLY TORONTO"

FRENCH GUNS STILL ROARING ON THE SOMME

German Works on Both Banks of River Shelled but No Infantry Action During Day.

Paris, August 21.—There has been no infantry fighting on the French sector of the Somme front, according to the official statement, issued by the French war office tonight. On the remainder of the front there was the usual cannonading. The statement says: "On the Somme front our batteries shelled German works north and south of the river. There was no infantry activity in the course of the day. An intermittent cannonade took place on the remainder of the front. "Our aviators had numerous encounters with the enemy. Two enemy aeroplanes were brought down inside his lines, one in the region of Denticourt and the other near Berny."

FAVORITES HAD IT EASY YESTERDAY

"The Talent" Walked Away With Three Out of Four Events on Grand Circuit Programme.

Cleveland, Aug. 21.—Favorites had their own way in three of the four events at the second Grand Circuit race meeting at North Randall which opened today. In only one race, the 2.09 trot, were the talent bumped.

The American Horse Breeders' Futurity, the two-year-old trot, the first futurity raced in the big show this year, attracted much attention, and was easy for Real Lady, the favorite, with Murphy up. Mary Colburn finished second in the two heats. As an added attraction Murphy drove Directum in an exhibition mile and an eighth, lowering the world's pacing mark for that distance from 2.20 to 2.16 1/4. The record, established in 1902, was held by Carl Wilkes.

SAYS MEXICO IS THE FINEST LAND OF ALL

Mrs. David B. Smith, of Mexico City, in St. John Last Evening After Automobile Trip.

Mrs. David B. Smith and daughter, Marion, of Mexico City, who are making a tour of the maritime provinces arrived in the city last night from Nova-Scotia and are at the Royal hotel. It is their intention to spend a few days visiting the beauty spots of New Brunswick. Mrs. Smith first went to Mexico about thirty-five years ago with her husband, who was a railroad contractor and built some of the largest railroads in that country. They had their home in Mexico City and Mrs. Smith said the only reason she left was because of the fact that Americans were ordered out. She thought it the finest country in the world to live in and expects to go back as soon as conditions settle down again. Mrs. Smith was out taking in the band concert last night in the King square and said it reminded her very much of her home where they had similar Piazza, she called them. The difference she noticed was that at her home the young men and women did not walk together, but each sex walked by themselves in opposite directions. Mrs. Smith said she had not seen any place where she would rather live than in Mexico City, and while Diaz was in charge to keep order conditions were ideal there. At the present time she was inclined to think that if the United States government had recognized Huerta the trouble would have been avoided and Mexico would be peaceable today.

Premier Hearst's Prohibition Policy Defeated His Own Candidate.

TEMPERANCE MEN COULD NOT WIN OUT

Support to Conservative Prohibitionist Was Very Light and "Liberal-Rum Party" Candidate Has Majority of 643.

Toronto, Aug. 21.—In one of the most peculiar, topsy-turvy by-elections which Ontario has experienced, the Liberal candidate—Liberal on his record, and the nominee of a Liberal convention, though not endorsed by the central executive—Mr. H. H. Dewar, K. C., was elected to the legislature tonight as representative of southwest Toronto by a majority of 643 over James Norris, Conservative candidate, the vote for the other candidates being negligible.

There were four candidates in the field. Mr. Dewar, a supporter of the Rowell policies, with the exception of the prohibition plank, on which he reserved the right of individual judgment in case of an "emergency," Mr. James Norris, who frankly expressed himself in favor of a modification of the Ontario Temperance Act passed at the last session of the legislature, but was accepted by Premier-Hearst as a supporter generally of the government policies; Mr. Gordon, Waldron, who came out flatfooted against the prohibition policy of both government and opposition, and had the platform support of Sir Allen Aylsworth, formerly minister of justice in the Laurier cabinet, who, in several speeches, lamented the tying up of the Liberal party in the province to the prohibition policy, and Mr. J. McA. Connor, who ran as a Social Democrat, but was the only candidate who distinctly favored prohibition.

A Grit-Rum Alliance.

Mr. Dewar, the victor, though the nominee of a Liberal convention was practically repudiated by the two Liberal organs, the Star openly advocating the cause of the Social Democrat on the prohibition question, and the Globe remaining neutral, with editorial appeals to the electors of the constituency to exercise their franchise. The Independent-Nickel-Conservative World threw its influence into the camp of Mr. Dewar. The Mail and Empire and the Evening Telegram came out as an eleventh-hour supporter. The influence of the liquor associations was frankly thrown in favor of Mr. Dewar, with the avowed intention of letting Premier-Hearst see "where he got off at." The vote polled was comparatively light, compared with that in the last general election, when the late Hon. J. J. Foy, attorney-general, rode up a majority of 3,696. In that election the total vote polled was 6,127, as compared with 5,343 for the by-election today.

The election was practically a fight between Mr. Dewar and Mr. Norris. Following is the vote for the various candidates:

Dewar, 2,705; Norris, 2,062; Connor, 455; Waldron, 131.

This is the first time in twenty-seven years that a Toronto constituency has elected a Liberal to the legislature. In 1889, the late Jos. Tait, Liberal, was elected under the minority representation plan.

WILL OPERATE NEW EXCHANGE FOR POTATOES

Shippers Have United to Form Marketing Organization to Promote the Potato Industry.

For years past potato shippers of this province have been of the opinion that an improvement of conditions was needed. Now and then these opinions have been ventilated, but until the present week no material improvement has been effected.

Already a case is being prepared by the solicitor of the new company, Mr. W. P. Jones, for presentation to the Board of Railway Commissioners complaining of a newly published freight tariff which becomes operative on the 1st September and which advances the rates on potatoes from points in New Brunswick to points in Ontario and Quebec from three cents to six cents per 100 lbs.

BIG CAMPAIGN TO INTRODUCE "KRUMBLES" AND "DRINKETT"

New Ready-to-Eat Breakfast Food, and New Cereal Coffee for New Brunswickers.

The people of New Brunswick are to be told all about "KRUMBLES" and "DRINKETT" in a great advertising campaign shortly to be put on, the advertising matter to be distributed will be of an educative nature, and at the same time so arranged and cleverly written that it will demand attention from start to finish.

"Sweet Kitty Bellairs," the Opera House attraction for yesterday, a romantic photoplay of the days of fashion and gallantry, produced by the Lasky company in conjunction with David Belasco, introduced the charming actress, Mae Murray, in a novel and altogether likeable characterization.

The programme also offered a good travel picture, showing the picturesque city of Tunis in Northern Africa, with its "holy places" surrounded with loop-holed walls and crowned with a multitude of domes—the busy marketplace crowded with picturesque natives, and the great mosque of Kairouan which has more than one thousand marble pillars.

WOMEN'S READY-TO-WEAR ON DOLLAR DAY.

8 only spring suits, in serge, tweed and chevot, sizes 16, 36, 38 and 44, colors Copen, grey and black, silk lined. On Dollar Day \$7.00.

THROUGH GERMAN SPECTACLES

Subtle Plots Against the Chancellor—A Merry Melody of Music and Mammion

German sapping and mining have not by any means been confined to the operations on the western front. Masters in the art of political subterfuge have employed these subterranean devices with so much cunning in the Imperial Chancellor and the whole German Government are in imminent peril of destruction.

A plaintive official appeal for support of the Chancellor was quoted in this column a few days ago from the "North German Gazette," and now the "Cologne Gazette" writes in even more urgent terms:—

land, to lend all the support of which we are capable to the man who directs the State. The greater the dangers which threaten us, the more closely ought we to range ourselves around him.

Similar appeals are voiced in all the other journals amenable to Government influences, either in cash or otherwise.

We must therefore be prepared to find that each new enemy attack on our lines will be more violent than its predecessor. German nerves will certainly have to be kept at very acute tension for the next few weeks at least.

PRIZE WINNERS AT "TIPPERARY MARY'S" PICNIC SATURDAY

The first series of prizes won at Tipperary Mary's picnic Saturday were drawn last night. The remainder will be drawn on Wednesday night.

HOW OUR BOYS IN KHAKI WON THE BATTLE HONOR

Major A. E. G. McKenzie Writes of Deeds of The 26th.

Seven Men of Col. McAvity's Battalion Received Medals for Bravery During Last Six Weeks.

To the Editor of The St. John Standard: Sir,—Doubtless you will be interested and wish to tell to the people of New Brunswick the honors which have been awarded to the 26th (N. B.) Battalion in the course of the last few weeks. These are in addition to Military Cross won by Lieut. F. Winter for his raid on the night 30th June-1st July, to the Distinguished Conduct Medal won by Serjt. R. Ryer (Signal section), and to those members of the battalion who were specially mentioned in despatches on the last German List on which occasion Lieut. C. G. Porter was specially mentioned for his good work, and the same Lieut. Lance Corporal P. and Serjt. Whitehead came in for special mention. For those honors recently received, I am setting out names and the description of the action for which they were recommended, practically as they went in to higher commanders.

No. 70125, Private Robert G. awarded Military Medal for conspicuous gallantry displayed during a trench raid on the night 30th June-1st July. He, with Private Peters successfully established and maintained a Signal Station close to the German wire, and under heavy shell and machine fire carried back to our lines a badly wounded man.

No. 69776, Private Daryle G. Peters, awarded Military Medal for conspicuous gallantry displayed during a raid on the German trenches south of the Ypres Comines Canal on the night of 30th June-1st July. With Private Green successfully established and maintained a Signal Station close to the German wire, and under heavy shell and machine fire carried back to our lines a wounded man.

No. 70306, Private Samuel R. Mathers, awarded Military Medal for conspicuous gallantry displayed during the night of 29th-29th June. On the night of 29th June, on the Ypres Comines Canal, Private Mathers was out on patrol with his companions, No. 70307, Private Mathers was wounded and carried back to our lines a distance of 75 yards under fire. He is regrettable to state that Private Mathers, who is from Bathurst, N. B., subsequently died from his wounds.

No. 69033, Private Henry Arsenault, awarded Military Medal for conspicuous bravery during the night from 12th to 18th of April. A flying Lieut. C. G. Porter into C. No. 6. When caught by fire on the trench, under the charge of C. G. Porter. Carrying out work of mixed companies with Lieut. H. under heavy fire, also for his gallant performance during the battle operations at Maple Copse, which severe fire he carried men and when caught at an advanced listening post by artillery barrage his initiative saved his party. The young soldier, in addition to the Medal was given special leave for eight days and on the 15th of the big review in Paris. He is the only member of the Battalion represented in the big International parade on the 15th of August. Lieut. C. G. Porter, awarded the Military Medal for his continuous devotion to duty as telephone linesman and telegrapher at Maple Copse, which duty he performed from June 14th to 19th, he minded and attended wires under exceptionally heavy fire.

No. 69569, Sergeant Charles J. awarded the Military Medal for conspicuous bravery. During the bombardment of the Battalion's trenches situated on the Zillebeke Road from June 14th to 19th, he rendered and attended wires under exceptionally heavy fire.

HOW OUR BOYS IN KIAMI WON BATTLE HONOR

Major A. E. G. McKenzie
Writes of Deeds of
The 26th.

Seven Men of Col. McAvity's
Battalion Received Medals
for Bravery During Last
Six Weeks.

26th N. B. Battalion,
4th August, 1916.

To the Editor
of The St. John Standard:

Sir,—Doubtless you will be interested and wish to tell to the people of New Brunswick the honors which have been awarded to the 26th (N. B.) Battalion in the course of the last few weeks. These are in addition to the Military Cross won by Lieut. F. B. Winter for his raid on the night of 30th June-1st July, to the Distinguished Conduct Medal won by Sergt. W. Ryer and Private D. Robertson (Signal section), and to those members of the battalion who were specially mentioned in despatches on the last General List on which occasion Lieut. C. G. Porter was specially mentioned for his good work, and on the same list Lance Corporal Piche and Sergt. Whitehead came in for special mention. For these honors recently received, I am setting out the names and the description of the action for which they were recommended, practically as these went in to the higher commanders.

No. 70125, Private Robert Green, awarded Military Medal for conspicuous gallantry displayed during a raid on the German trenches south of the Ypres Comines Canal on the night of 30th June-1st July. He, with Private Peters successfully established and maintained a Signal Station close to the German wire, and under heavy shell and machine gun fire carried back to our lines a badly wounded man.

No. 69776, Private Daryl Graves Peters, awarded Military Medal for conspicuous gallantry displayed during a raid on the German trenches south of the Ypres Comines Canal on the night of 30th June-1st July. He, with Private Green successfully established and maintained a Signal Station close to the German wire, and under heavy shell and machine gun fire carried back to our lines a badly wounded man.

No. 70306, Private Samuel Robert Mathers, awarded Military Medal for conspicuous gallantry displayed on the night of 28th-29th June, when Private Mathers was out on patrol duty in "No Man's Land," one of his companions, No. 70302, Private F. Petrie, who shot and dangerously wounded, Private Mathers single handed carried him into our trenches from half way across "No Man's Land" a distance of 75 yards under fire. It is regrettable to state that Private Petrie, who is from Bathurst, N. B., subsequently died from his wound.

No. 69033, Private Henry Arsenault was awarded Military Medal for conspicuous bravery during the period from 12th to 18th of April. Accompanying Lieut. C. G. Porter into Crater No. 6. When caught by fire on 17th carrying messages. Saving a party of pioneers, under the charge of Lieut. C. G. Porter, carrying out wounded men of mixed companies with Lieut. Porter under heavy fire, also for faithful duty performed during the battalion's operations at Maple Copse, while under severe fire he carried messages, and when caught at an advanced listening post by artillery barrage, by his initiative saved his party. This young soldier, in addition to the Military Medal was given special leave to England for eight days and on the occasion of the big review in Paris, was sent as the Battalion representative in the big international parade.

No. 70682, Lance Corporal Charles E. Latham, awarded Military Medal for his continuous devotion to duty as telephone linesman and especially during the tour in the Observatory Ridge from June 14th to June 19th, he mended and attended the wires under exceptionally heavy shell fire.

No. 69569, Sergeant Charles Moors, awarded the Military Medal for conspicuous bravery. During the heavy bombardment of the Battalion's trench in trenches situated on the Zillebeke Road from June 14th to June 19th, 1916, this N. C. O. displayed the utmost courage and coolness, and although twice buried by shells blowing in the trench on him, he continued to encourage and hearthen his men. His assistance was exceptionally valuable to the company's shortage of officers.

A. E. G. MCKENZIE, Major,
O. C. 26th (N. B.) Battalion.

Using Father's Name.

O. Henry's daughter, Miss Margaret Porter, is writing for the magazines under the pseudonym, Miss O. Henry. One New York paper approves of the lady thus appropriating her father's famous pen-name. The argument is that Mr. Porter might have written under his own name, in which case nobody could complain if his daughter signed her articles with her patronymic. But I think the case is quite different. Besides, there was only one O. Henry and there are numerous Porters.

HUN BULLET PASSED THROUGH LOCAL MAN AND KILLED OFFICER

Peculiar Incident in Connection
with Wounding of
Charles Richardson of 26th
Battalion.

An instance where a German bullet passed through a St. John soldier, and then lodged in an officer who was directly behind him, is shown in a letter received yesterday by a local person. The soldier who was first shot, was Charles Richardson, who, before existing with the 26th Battalion, boarded at 151 Union street. Speaking of the incident the writer said that it happened on July 26th. The bullet passed through Richardson's chest and wounded an officer of "C" company standing directly behind him. Richardson was badly wounded and it was feared that he had been killed, while the officer was not so badly hurt.

From Private Richardson.
A letter was also received from Private Charles Richardson yesterday and although he tells of being wounded, he does not state anything about the officer being wounded at the same time. The letter reads as follows:
No. 13 General Hospital,
Boulogne, Aug. 4th, 1916.

Dear Friend,
I thought that I would write you a short letter today and let you know that I am getting stronger every day now, and expect that in a few days I will be well enough to go to England. I was wounded on the 26th of July, a bullet struck me in the left lung, just over the heart. It passed through the lung and out at the back, leaving a hole nearly two inches in diameter. At first it was thought that I would not live, but not only am I living, but I am getting well so quickly that the doctor don't know what to make of my case.

The nurses and doctors are very kind, and are at all times ready to do whatever they can for the wounded men that are under their care. I have not heard from any of the boys at the front since I came to hospital, but I am looking every day for a letter from my brother. I will write again when I get to England and will let you know what hospital I have been sent to. Good bye for the present, with best wishes to all my friends in St. John.

Yours sincerely,
CHARLES RICHARDSON.

Y. W. P. A.

A business meeting of the Young Women's Patriotic Association will be held at Room 44, C. F. B. building, on Tuesday, at five p.m. All members are asked to attend.

LATE THOMAS P. TAYLOR HAD EVENTFUL CAREER

Aged Resident of Sheffield
went to Australia During
Rush of 1852 — Died Full
of Years and Honor.

Thomas P. Taylor, an aged and highly respected citizen of Sheffield, Sunbury Co., died at his residence on Tuesday, Aug. 15th, at the age of 82. Mr. Taylor had rather an eventful and varied business career. In his early days he was one of a party of young men who went to Australia at the time of the gold fever in 1852. After his return he engaged in shipping on the Great Lakes, and later on the same line of business at St. John with Mr. Jos. Penery. He conducted a general store in connection with his farm at Sheffield and for a number of years was in partnership with Thos. Thompson of Fredericton as government contractor. He later was interested in the coasting trade with the late Geo. F. Baird of St. John, and after the taking over of the "Union Line" by the Star Line S. S. Co. Ltd., by Mr. Baird he became a stockholder, holding the position of vice-president for several years.

Mr. Taylor served at the Sunbury county council for the term of thirty-three years, holding the position of warden on different occasions. He had been a member of the Methodist church for upwards of fifty years.

Mr. Taylor was twice married, his first wife being Sarah L. Barker, who was the mother of his two surviving children, Capt. C. C. Taylor and Lillian M., wife of James Gilchrist, provincial immigration agent, St. John. His second wife, who predeceased him some five years, was Annie L., daughter of the late William Harrison.

The funeral took place on Thursday afternoon from his late residence. The services, which were impressive, both at the house and grave were conducted by the Rev. Mr. Peters of Sheffield, and the Rev. Harry Harrison of Gagetown.

The music was rendered by the combined choirs of the Methodist and Congregational churches and Mr. Fred W. Barker sang the solo "One by One," very effectively. Interment was made at the Sheffield cemetery, with Mr. Adams of Fredericton in charge.

SOUTH BAY FAIR

Many people living close at hand visited the fine grounds of E. P. Baker at South Bay last evening when the patriotic fair was continued. No fault could be found with the weather, but owing in great measure to the failure of those having in charge buckboards to turn up to convey people from the city and points away

from the grounds, leaving intending visitors stranded, as it were, much disappointment was experienced by a host of people, and the result was a much smaller attendance than had been anticipated. Many tickets for a patriotic purpose, the provision of comforts for the soldiers in the trenches, still remain undisposed of, particulars of which will be announced later. Notwithstanding adverse conditions it is believed that there will be a generous sum available for the boys at the front as a result of the South Bay fair.

NEWCASTLE NOTES.

Newcastle, August 19.—At Newcastle recruiting committee meeting last night it was decided to adopt Judge McClatchy's plan for Addington parish

getting names of eligible males in each school district from secretaries or postmasters—and begin in this county in parish of North Esk. It was resolved to engage J. Travis Davidson, an A.R. man whose two brothers are at the front, to see the school secretaries and tabulate the men of military age in that parish, along the lines of the recruiting act.

The secretary was instructed to write to headquarters about the unsubstantial nature of the A.R. buttons being issued. The top comes of them easily and they get lost. Then they can't be replaced, hence the source of much trouble.

Seaman Havard of Sydney, N. S., aged 26, fell off a steamer here yesterday, and was drowned. He leaves a wife and one child. The body has not been recovered.

F. A. DYKEMAN & CO.

St. John Boys Who Paid Empire Price on Field

CORP. W. T. CLARKE.

PTE. HAROLD CHAMBERLAIN.

The casualty list, issued Sunday night from Ottawa, contained the names of a number of New Brunswick boys, among whom were Corp. George H. Todd, Corp. W. T. Clarke and Private Harold Chamberlain.

Pte. Harold Chamberlain, the only son of Mr. and Mrs. Cornelius F. Chamberlain, 27 Clarence street, was killed on Aug. 12th.

He enlisted in St. John on July 15th, 1915, in the 55th Battalion, but was transferred into the 60th Battalion, Montreal, prior to enlisting Pte. Chamberlain, who was only twenty-one years old, was in the employ of

T. S. Simms & Co., where he enjoyed the friendship of all. Besides a loving mother and a kind father, the deceased soldier leaves two sisters, Marie and Katherine, to mourn.

Corp. W. T. Clarke, was reported missing about two weeks ago, but his mother received official notice yesterday of his death. He enlisted in Nelson, B. C. in the 4th C. M. R.

Besides his parents, the young soldier is survived by three brothers and three sisters, all residing in St. John. They are James F. L. Roy, Wellington; Mrs. C. T. Turner, Mrs. J. D. Macwell and Stella at home.

PLANNING FOR THE FETE ON LABOR DAY

Various Societies at Work in Effort to Make Big Success of Popular Demonstration.

A meeting was held yesterday morning in connection with the garden fete to be held on the barrack green on Labor Day for patriotic purposes. Representatives from the various societies interested were present. A report was read from the Trades and Labor

Council of the committees appointed to look after matters connected with the fete. The services of the Temple and St. John Brass bands have been engaged and it is hoped to be able to secure the City Cornet band as well.

Col. Guthrie has consented to give the co-operation of the overseas forces in the city for the occasion. Application will be made for the use of the exhibition buildings in case the weather should not be suitable for an outdoor celebration. The grounds committee will meet the ladies of the various societies on the barrack green Tuesday morning to complete arrangements for the fete.

J. H. Frink, J. L. Sgrues and Mrs. J. Boyle Travers were appointed a finance committee. A canvass of the local merchants will be made for the donation of prizes and a liberal re-

sponse is hoped for. Mr. Frink suggested that a platoon of returned soldiers under command of Capt. F. F. May be present on the day of the fete.

The Rotary Club will have the amusements in charge.

PITTSBURG ALSO BUSY.

Barney Dreyfus, president of the Pittsburgh National League Baseball Club, has announced the purchase of pitcher Jack Scott of the Macon South Atlantic League club and the release

of pitcher Paul Carpenter of the Charlotte club of the same league.

The Pirates have also recalled outfielder Altamberg, catcher Blackwell, infielder Cleveland and pitcher Douglas from the Wheeling Central League, pitcher Hill and infielder Madanyer and Sligh, Rochester International League Club; infielder Madden, Syracuse Club; infielder Smith, Toronto International League Club, and catcher William Wagner, Terre Haute Central League Club.

BIG LEAGUES AFTER CATCHER.

Macon, Ga., Aug. 17.—Catcher Jack Snyder, of Macon, is without a doubt one of the best catchers that has ever donned the mitt and mask in the South. The Macon club has received several offers to sell him; in fact, President Jacobs turned down \$3,000 for him from the Detroit club recently. The Athletics and both St. Louis clubs are among the other big league teams after him.

STEEL OF CANADA MADE NEW RECORD Earnings for First Half of 1916 Showed at Better Rate than 40 on Common Stock.

Montreal, August 21.—It is reported that the earnings of the Steel Company of Canada made a new record for the first half of 1916, the showing being at the rate of \$400,000 per month for the first six months, after bond interest and fixed charges, as well as preferred stock dividends had been provided for. This is at a slightly better rate than 40 per cent. on the common stock.

NURSES FOR OVERSEA Qualified Nurses to go to England — Six Ladies Under Orders for Hospital Work.

Mrs. Kuhring, commandant of the voluntary aid detachment of the St. John Ambulance Association, has received a list of the following ladies who have been selected to represent this department as probationary nurses in the military hospitals in England: Mrs. Jean Earle, Miss Marion Magee, Miss J. D. Bridges, Miss Mary McLaren and Miss Irene McQuade, all of St. John, and Miss Marion Crockett, of Fredericton. All are fully qualified according to the standard adopted by the St. John Ambulance Brigade, and are under orders to go forward for overseas nursing.

MARRIAGES Early yesterday morning a very pretty wedding took place in the Cathedral of the Immaculate Conception, when Rev. Wm. Duke, united in marriage at nuptial mass, Gyles J. Wallace, formerly of Black's Harbor, now of Jessome & Wallace, King square, and Loretta Frances McLaughlin, only daughter of Thomas McLaughlin, of the I. C. R. The young people were unattended. The bride was prettily attired in tan broadcloth with large picture hat to match and carried a bouquet of white roses. Both bride and groom received valuable and useful presents, including a check from the bride's father. Mr. and Mrs. Wallace will reside at 48 Cliff street.

FUNERALS The funeral of Mrs. John McElroy took place yesterday afternoon from the Union Depot to Fernhill cemetery, where burial services were conducted by Rev. Miles F. McCutcheon. The funeral of Mrs. Margaret Daly took place yesterday morning from the residence of her daughter, Mrs. John Coyle, Rockland road, to Holy Trinity church, where services were conducted by the Very Rev. J. J. Walsh, V. G. Interment was made in the new Catholic cemetery. The funeral of Mrs. Margaret Gethell took place yesterday afternoon from the residence of her daughter, Mrs. Alex. McDermott, Clarence street. Services were conducted by Rev. Ralph Sherman. Interment was made in the Methodist church burying ground.

DELAY IN DELIVERY OF RUSSIAN SHELL ORDERS Shipments are Likely to go Forward More Quickly in Future is Opinion of Wall St. Journal.

Montreal, August 21.—Shipments of Russian shells, particularly shrapnel, which have been held up principally because of the uncertainties of inspection is likely to proceed more rapidly and smoothly henceforward, says the Wall Street Journal.

Of the total of 18,000,000 Russian shells contracted for in this country, including the Canadian Car and Foundry order for 6,000,000 shrapnel, it is understood that less than 2,500,000 have been shipped to date. Of this total Canadian Car and Foundry, which was the first to close a Russian contract, has delivered over 1,500,000. Most of the remainder has been shipped by Bethlehem Steel.

MONTREAL MARKET WAS FIRM ON LIGHT TRADING Fluctuations, However, were Small and Market Closed at Top Figure — Scotia up to 130.

(McDOWGALL & COWANS) Montreal, Q., Aug. 21.—There was a firm undertone to the market today, but trading was light. Fluctuations were small with few exceptions, and the list closed at the high. Scotia advanced to 130, a new high on this move, and Cement common sold at 59. In the unlisted department Civio Power crossed 90, closing at 90 1/2. This stock will be listed tomorrow, and should do very much better. The stocks are strong. Iron selling at 58 and Steel of Canada at 58. There was some activity in the milling securities and Ogilvie sold up to 135. In the bond department War Loan was steady at 98 and Cedars Bonds were 90 bid.

ST. JOHN, N. B., TUESDAY, AUGUST 22, 1916.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H.M. The King.
TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

THE TIMES HAS CHOSEN.

In discussing the Carleton County by-election, yesterday morning, this newspaper ventured the opinion that the campaign would be bitter but if it resolved itself into a mud-slinging fest it would be because the opposition speakers and newspapers desire that sort of warfare. The Standard is prepared to handle events in Carleton County by the method of the oppositionists eloc and, apparently, the Times, the first to speak, has decided in favor of a campaign of dirt.

That newspaper, last evening, had some things to say regarding an alleged fund and, in connection therewith, took occasion to sneer at Hon. B. Frank Smith, Mr. J. K. Flemming and Mr. E. R. Teed because they have been and are prominent in church work. Such journalistic enterprise is not only uncalled for but unwise and highly dangerous, just how dangerous may be imagined when one considers the sort of political thugs for whom the Times speaks.

That newspaper indicates that the money which it alleges was collected for "campaign purposes" might be devoted to "the support of a missionary or two in China or in India" and continues "That would have appealed to both Mr. Smith and Mr. Flemming. Both of them are strong advocates of missionary effort among the heathen." Later the Times sneeringly refers to Mr. Smith as "Deacon" and to Mr. Flemming as "Elder." Is it necessary, for the hope of a little cheap political gain that the evening organ of Mr. Edward S. Carter, the twice horse-whipped, should be permitted to sneer at religion and officers of religious organizations? There is no precedent for such a course.

When the Standard, in discussing Central Railway affairs, had occasion to refer to Mr. Pugsley's "borrowings" and the "W. P. \$5,000" entry it was not deemed necessary to sneer at the fact that he was at one time an active church worker.

When Mr. John E. Moore, one of the owners of the Telegraph and Times, figured in the Berry collections it was not thought sportsmanlike or fair to refer to the religious organization with which he was connected.

When Mr. George McAvity, another of the owners of the Telegraph and Times, was alleged to have obtained a rake-off in connection with certain dredging operations, a matter which was in the public eye and the public nostrils for a considerable time, it was never intimated that such money might have been applied to the purposes of a certain city church in which Mr. McAvity and members of his family have occupied prominent positions.

The editor of the Times has professed a great interest in the moral uplift of the community and has been active in the promotion of various organizations whose object is worthy. This being the case he either has a respect for religion and religious work or else is absolutely devoid of such feelings. Articles such as that from his pen in last evening's Times will lead to the impression that the latter appraisal is the correct one. Such productions should not commend themselves to the thinking people of this city or least of all, to their author, judging from past and present performances, the editor of the Times is the last man who should sneer at reform or the efficacy of missionary effort.

It is the desire of The Standard to avoid mud-throwing in connection with the present political campaign but this newspaper is prepared to avail itself of the weapons used by its opponents and if the article in last evening's Times is to be taken as a sample of the sort of warfare that newspaper desires, it will probably be found that it will have no reason to complain that its challenge is ignored.

THE PATRIOTIC FUND.

It is truly said that every patriotic citizen can do his bit for the Empire, even though, through disability, age limit, or other causes, he cannot shoulder his gun and join the fighting ranks. This, no doubt, is true, but, are those who remain in their comfortable homes free from the horrors of war, that have been inflicted upon the

Allies in Europe and Asia, doing their duty. Have they suffered from war conditions? What sacrifices have they made?

In respect to sacrifice. What is the contribution of two or three thousand dollars from a wealthy citizen, compared to the sacrifices made by the soldier who runs the risk of his life, and leaves behind dependents upon him.

Today, due to the conditions arising out of the war, Canada is prosperous. The farmers are receiving enormously increased prices for their products; the manufacturers are having unprecedented demands for their goods; the merchants and dealers in merchandise are experiencing increased and profitable business; the laborers and mechanics are receiving wages far in excess of those prevailing when war was declared—no lack of employment for man or woman. Never before in the history of Canada were its people so well able to bear taxation and meet the daily wants of their families. It is therefore the duty of those who are left at home to contribute liberally towards the support of the families of soldiers who are fighting our battles, risking their lives for the benefit of the Empire and loved ones at home.

Every loyal citizen should feel a pride in doing his bit by giving, according to his ability, liberally, to the Patriotic Fund. Let every man and woman give in accordance with their means without regard to what others may do.

The Patriotic Fund has provided for and helped the families of departed soldiers. Everyone in this community is pledged to look after the dependents of those who go overseas. Let us carry out that pledge.

The Canadian Patriotic Fund of this Province, up to the end of this year, will require at least \$100,000 to meet these demands. The St. John district comprises Kings, Queens, Albert and St. John, and will require at least \$55,000 before the end of this year. This amount must be raised, as we are pledged to continue our assistance to those fighting our battles. Don't let it be said that the citizens who remain at home, are slackers, and are not carrying out their pledges to the soldiers.

THE ADVANCE IN PRICES.

Writing in the Review of Reviews, George Frederick is of opinion that war prices will survive the war. War price increases, he boldly states, are never reduced. The peaks may be, but the standard remains. It pins itself permanently to the social fabric, and demands that it be regarded as the normal level of the future.

Some comparisons of the increase in prices are interesting, as witness the following advances in the United States, a country not at war:

Bleaching powder	451 p.c.
Blue vitriol	245 p.c.
Sulphuric acid	233 p.c.
Caustic soda	191 p.c.
Glycerine	163 p.c.
Muriatic acid	151 p.c.
Bessemer steel billets	125 p.c.
Wrapping paper	123 p.c.
Copper	97 p.c.
Silk	85 p.c.
Galvanized sheet iron	73 p.c.
Gasoline	72 p.c.
Nails	67 p.c.
Tin	47 p.c.
Pig iron	47 p.c.
Leather	44 p.c.
White lead in oil	44 p.c.
Clay worsted cloth	40 p.c.
Paper (news roll)	33 p.c.
Worsteds serge	33 p.c.
Wool	30 p.c.
Flour	25 p.c.
Gingham cloth	22 p.c.
Builder's lath	17 p.c.
Brick	14 p.c.

The foregoing figures relate to materials, while consumers at large are more concerned with regard to food prices. Touching these Mr. Frederick submits the following comparisons in percentages of advances since the war began as between New York, London and Berlin:

day rice has shown the greatest rise of all, however, having increased at Vienna 553 per cent. above normal and 436 per cent. in Berlin. The highest raw material advance is in bleaching powder, which is 431 per cent. dearer. As Mr. Frederick remarks, it is curious the fact that has been made over a 72 per cent. increase in the price of gasoline as compared with the great advances in foodstuffs and raw materials.

GERMAN FALSEHOODS.

Of all the papers in Germany which have been engaged in misrepresenting the quality and achievements of the British troops and the methods employed in our prosecution of the war none have been more mendacious, or utterly brutal, than the Tageszeitung. It has remained for that newspaper to claim that the British soldiers have been guilty of cowardly practices such as firing on the Red Cross, shooting wounded and other gentle diversions hitherto regarded as particularly reserved for the exponents of "kultur." The London Daily Express, just to hand, publishes the following translation of an article taken from the Tageszeitung and giving the opinion of the editor of that paper on the courage and quality of the British soldiers. It is interesting merely as showing the depths of infamy to which the German journalistic liars have descended in the vain effort to gain sympathy for themselves and misrepresent their enemy. The Tageszeitung article is as follows:

"The English infantry is only a cowardly gang, after all. This is heard again and again coming from the lips of our field-grenade boys who have had dealings with them. 'When they come on in dense masses they are brave enough, but at close combat their hearts quickly sink into their boots. 'As soon as we rush forward with hand grenades the whole crowd takes to its heels, say our lads. The Englishman's terror of the hand grenades is, indeed, laughable to behold. 'The English are great in sly tricks of all sorts. To advance behind gas clouds or to lob a surprise attack is the sort of thing of which they are masters. These are little tricks, however, that only succeed once. 'Our men are terribly bitter against the English. What they regard as particularly repugnant is the way the English have of firing at close range on the German ambulance men advancing to remove the English wounded. At night we often made the discovery that entirely unharmed Englishmen had hidden amid the heaps of dead in order to await the coming twilight when they would attempt to sneak back to their trenches. 'The Englishman will never be a match for the German infantryman. If after all his lamentable experiences in this war he has not yet learned to be a soldier, it is certainly too late now for him to acquire the knowledge. 'The allegation that British troops fire on German ambulance men is a particularly lurid specimen of German infamy. The only soldiers in the world who at any period in the world's history have ever fired on the ambulance men are German soldiers. Of that fact the evidence is overwhelming and irrefutable, and when the day of retribution comes it will not be forgotten.

"Our men are terribly bitter against the English. What they regard as particularly repugnant is the way the English have of firing at close range on the German ambulance men advancing to remove the English wounded. At night we often made the discovery that entirely unharmed Englishmen had hidden amid the heaps of dead in order to await the coming twilight when they would attempt to sneak back to their trenches. 'The Englishman will never be a match for the German infantryman. If after all his lamentable experiences in this war he has not yet learned to be a soldier, it is certainly too late now for him to acquire the knowledge. 'The allegation that British troops fire on German ambulance men is a particularly lurid specimen of German infamy. The only soldiers in the world who at any period in the world's history have ever fired on the ambulance men are German soldiers. Of that fact the evidence is overwhelming and irrefutable, and when the day of retribution comes it will not be forgotten.

And so, their country battle-locked, the English ships go by, where the Arctic icepack tosses or the coral islands lie, with the old Red Duster flying down the heaving ocean ways. Walls to guard it men are dying as they died in Nelson's days. By Herbert M. Ayres, Honolulu.

A New Blood-Food Has Been Discovered That Works Wonders

SAID TO PUT NEW LIFE INTO PEOPLE THAT ARE RUN-DOWN.

For years doctors have been searching for a combination that would enable them to get into the blood the elements it lacked. This can now be done, and any weak-blooded person can quickly be made strong and well. 'Already a small army of ailing people has proved the merit of taking after each meal with a sip or two of water, two chocolate-coated Ferrero's Tablets. This is easily done, and even one week's use of this wonderful blood-food will prove how nourishing and strengthening and flesh-building the treatment is. 'Just think of it—Ferrero's uplifts the entire nervous system, removes the blood, makes it rich and red—gives the sort of a life that is needed in throwing off weakness and languor. 'Tens of thousands enjoy the advantages of Ferrero's—'if you'll only use it, you'll surely grow strong too; its beneficial action is noticed even in a week. You see it goes right to work, removes the causes of the trouble and then quickly makes a cure. 'For those who sleep poorly and have nervous apprehensions, Ferrero's is a boon; it is a specialist in such cases. 'Where there is paleness, poor appetite and languor, Ferrero's makes the patient feel like new in a few days. 'In tiredness, nerve exhaustion, spring fever and debility, the power of Ferrero's is known from coast to coast and universally used with grand results. 'Let Ferrero's build you up, let it will do you back to robust health—it will do so quickly if you give it the chance. Sold by all dealers. 50c per box or six boxes for \$2.50. Remember the name Ferrero's.

Little Benny's Note Book

Weather. Clear with the sun out. Sifts Mistake. Puds Simkins and Sam Cross found a pile of evening papers behind a step without anybody belonging to them, and they took them and started to sell them, selling 3 before the man they sold the 4th one to found out they were 2 days old and made them give him his cent back, and Puds and Sam was to honest to try to sell any more, so they threw the rest over a fence and quick went away so the first 3 men couldn't find them when they found out.

SHORT STORY.
Wats You Doing, Josef?
The family was eating Sunday dinner. "Wats you doing, Josef?" inquired our hero's mother. "Meerly leaving out a hole in my belt," answered Josef. "Wats you doing, Josef?" inquired our hero's some moments later. "Meerly leaving out another hole in my belt," answered Josef. Some moments later his sister asked him, and some moments later his aunt asked him, but our hero's answer was always the same. The End.

Sixtieth Notes. Sid Hunts big brother Fred came out of the house with a pair of white pants on last Tuesday and a automobile aplashed mud all over them. Sid was so sympathy was impressed by all the fellows present that Sid's brother Fred tried to kick some of them, and he went back in the house and came out again with pants the same color as his coat, the general opinion being he only got one pair of white ones. Advertisement—Luminaria one sent a glass in Ed Wernicks back yard after school. Only real ice used and all luminaria squeezed in public.

The Red Duster

On all the seas of all the world there passes to and fro. Where the ghostly iceberg travels or the spicy trade winds blow. A gaudy piece of bunting, a royal, ruddy rag—The blossoms of the ocean lanes, Great Britain's merchant flag. The cargo tank from Bristol, the trawler out of Hull. And a thousand craft of all degrees, from Sydney Heads to Mull. They bear the old Red Duster, proud—flung, across the main. And, whether war or whether peace, they wear it home again.

The cannon's roar the Channel o'er is heard in Dover town. And now and then with Englishmen a British craft goes down. Safe hid at Kiel are ships of steel and and underneath their nose. With the old Red Duster at their sterns, a fleet of England goes.

A fleet, but not of battleships, though manned by men as brave as they who guard their native shores upon the blood-stained wave; A fleet that keeps its country's trade secure from warfare's wrong, And brings great golden cargoes home, from Cape Town to Hongkong.

They dare the North Sea's perils, the deadly drifting mine; They risk the sneaking submarines, the shrapnel's fatal whine. They round the last grim headland, to open sea they go With the old Red Duster flaunting in the face of England's foe.

The Holland ships go sailing by, the vessels of Japan. And flying the Tricolor plunges many a merchantman: There's only one flag missing, which was flown so wide before— You may search the seas in vain for it from Jalut to the Nore.

Its crimson field is colored with the blood of Britain's sons Spilled in a thousand fights where'er the tide its courses runs. That Britain still may rule the waves and free as sheering gull, The sea-stained tramp may plow her way through storm, or doldrums' lull.

And so, their country battle-locked, the English ships go by, where the Arctic icepack tosses or the coral islands lie, with the old Red Duster flying down the heaving ocean ways. Walls to guard it men are dying as they died in Nelson's days. By Herbert M. Ayres, Honolulu.

Why Not Hemlock?

Good, clean, dry sound Hemlock, almost free from knots, should make a good substitute for ordinary pine for many uses. We have 60,000 feet in stock. 'Phone Main 1893 Christie Woodworking Co. Ltd. Erin Street

How to get a Satisfactory Watch

A watch which meets Smith's requirements wouldn't do for Jones at all. Buying a watch is as individual a matter as buying a suit of clothes. To be certain of watch satisfaction, come to Sharpe's. From the large stock of different grades in the half dozen really good watch movements, you will find one which will keep accurate time in your pocket, and which you can show with pride in any company.

LANCASTER WATER PLANS DISCUSSED
Reports on Extension Submitted to Council by R. Fraser Armstrong—Other Business.

RECRUITING OPENED FOR ENGINEERS
Young Men of Province Now Have Opportunity in Another Line—Two Soldiers Secured at Local Office Yesterday.

The Monday committee meeting of the city council was held at 10 o'clock yesterday instead of noon, as has been the custom in order to permit Engineer R. Fraser Armstrong being present to read his report on the Lancaster water extension as he was leaving the city at noon. The report was as follows:

"I have investigated the West Side system with a view to improve the supply of water especially to the Heights. At present the two supply pipes, the 24 inch cast iron and the 12 inch cement are only capable of supplying the town of Carleton by gravity with about 3,500,000 gallons per day. Their united capacity at Union Point is about 5,000,000 per day, and to the reservoir about 4,200,000 gallons per day.

"To properly care for all present requirements and provide for future growth, the West Side should be divided into two systems, the high level and populated area being supplied by pumps located at Spruce Lake, and the low levels, industrial houses, pulp mill, steamers, etc., supplied by the gravity system. The cement pipe which has been in use for sixty years, will not stand additional pressure.

"A pumping station at Spruce Lake seems to be the ultimate solution of the water supply problem on the West Side. This would cost \$185,000, and would be prohibited by present financial conditions.

"I would recommend that a portion of the permanent work be placed this year with a temporary pump at Lancaster reservoir. An elevated tank or stand pipe is desirable, but not absolutely necessary. The storage capacity of Lancaster reservoir is 1,500,000 gallons.

Estimates of cost of temporary arrangements:

Renewals, reservoir to Ludlow street	\$15,000.00
Moore's Hill to reservoir	14,000.00
Pump and motor	1,000.00
Special piping, etc.	800.00
	\$30,800.00

Available supply of water: Entire supply from Union Point Road, 5,000,000 gallons; entire supply at reservoir, 3,500,000 gallons; entire supply at Lancaster Road, 3,600,000 gallons.

The report was discussed at some length by the commissioners but no action was taken. After Mr. Armstrong had left to catch his train for Montreal and Toronto but there did not seem to be any men available in either of these places, Mr. McGinnis was one of the foremost hydraulic engineers on the continent and he was a Fredston boy and graduate of the U. N. B. He had wired Mr. McGinnis and he would arrive in the city at noon on Tuesday and if satisfactory terms could be arranged would like to engage him.

It was decided that Mr. McGinnis should be engaged if the commissioner could arrange matters satisfactorily. Commissioner McLellan spoke of

GILLETTS LYE
EATS DIRT
MADE IN CANADA

the traffic law and how it was being violated and the mayor was of the opinion that auto should be required to stop while passengers were getting on and off the street cars.

Commissioner McLellan asked that the expenditure of the unexpended balances in his department be approved of as he desired to hire a demonstrator to teach men how to run the motor fire engine. This was agreed to.

Council then adjourned.

Receives Appointment.
Thomas Andrews, of Erin street, has been appointed a temporary letter carrier, and began duty yesterday. Mr. Andrews is a returned soldier.

NEWS AND COMMENT FROM THE FINANCIAL WORLD

COMMERCIAL ACTIVITY REPORTED ON ALL SIDES

Adverse Crop Outlook the Only Disturbing Feature Tending to Limit Wall St. Business.

New York, Aug. 21.—While the president and heads of the railroads are contending about the biggest economic problem with which any nation has been confronted and the balance of the controversy is still in doubt, our market may wait for a clearer view of that matter and the uncertainty of the situation may develop, as it did in the last two days of the preceding week, some profit-taking sales. The market, however, absorbs the stocks in a way that gave evidence of a strong position. Outside of the poor crop outlook in this country and Canada, which is becoming emphasized by each day's news reports, the influences are corroborative of the extraordinary commercial activity which is everywhere in evidence. Unquestionably we are at the limit of our capacity in nearly all fields. Labor is so scarce that it is difficult to secure any additional assistance on the carrying on of the enterprises which are pressing. The foreign trade department of the national city bank in reporting on the week of Aug. 12th shows that what has been apprehended has not developed, the falling off in demand for war materials by reason of the power of the Allies to produce what is required in their own countries. For the week ending Aug. 12th there were over \$20,000,000 worth of explosives and \$10,000,000 of shells and steel materials, large quantities of barbed wire, etc., that will produce in the net in money, export figures that will almost exceed any weekly output since the war has begun. The conviction grows that some adjustment of the contest between capital and labor will be reached this week and also there is a firm belief that it shall have, with the carry over of last year's wheat crop, even with the immense output of this year, enough to supply the export demand. There is still an attitude of conservatism which holds speculation in check that is very striking. As our writer's story aptly puts it in the Times this morning: "Were speculation built today upon the extreme possibilities of the situation which has grown up in this country as a result of a vast amount of trade which we have enjoyed partly on account of the war and partly despite the war it would be running mountain high. The market seas would then be vastly more exciting and also vastly more dangerous. Much safety is resulting from the restraint, partly enforced and partly self-imposed which is being shown in finance and in trading."

U. S. STEEL WAS WALL ST. FEATURE

At Close of Market Day it Advanced 6 Point where New Record was Made.

New York, Aug. 21.—In further disregard of the shifting and still serious aspects of the labor controversy, today's active market evinced a pronounced disposition to augment last week's gains. Ralls were almost the only stocks to show hesitation, although the strength and activity of Reading proved almost an offset to the relative heaviness of St. Paul, Canadian Pacific and other western and northwestern issues. United States Steel was the outstanding feature of the day, making the new record of 95 on its new advance of 3 1/2 points at the very close of the session. Steel's previous maximum was 94 7/8, made in the latter part of 1908. Today's turnover in the stock approximated 165,000 shares, or almost 20 per cent. of the whole. Record quotations were registered by other important stocks, notably the shipping group. Marine common and preferred touched 89 1/2 and 104 respectively, and Atlantic, Gulf and West Indies rose to the unprecedented price of 73, while United Fruit advanced three points. Equipments were especially strong and active in the final hour at 2 to 4 point advances. Automobile issues were variably higher, except General Motors, which yielded five points. Coppers, some of the semi-war descriptions and Mexicans improved 1 to 3 points, with almost as much for the fertilizers and some miscellaneous issues, and Sears-Roebuck featured its special class at an advance of 4 1/2. Total sales amounted to 865,000 shares. Bonds were steady, with little trading in the international issues. Total sales, par value, \$2,740,000.

SIR F. WILLIAMS-TAYLOR ON FINANCES OF BRITAIN

Head of Bank of Montreal Says War Can Easily be Financed for Another Year on Present Scale.

Special to The Standard. Montreal, August 21.—Sir Frederick Williams-Taylor, general manager of the Bank of Montreal, who has returned from a trip to London, states that he found a feeling of complete confidence that Great Britain can finance the war on the present scale for at least another twelve months. That was as far as one needs to look ahead. Respecting the financing plans of the British Treasury, Sir Frederick remarked that a long term war loan is not expected at the present time. With respect to the increase in the Bank of England, discount rate from 5 to 6 per cent., he said: "There may be information that I do not possess which influenced the Bank to raise its rate. On the information I do possess a 6 per cent. rate, in my opinion, was unnecessary, and is having a penalizing effect. In regard to this point, and your inquiry about a new loan, I might say that had those in authority been able to look further ahead they might have steered a different course in their financing plans, and in doing so avoided a 6 per cent. bank rate. But it is easy enough to criticize, and I have no desire to be critical—certainly not hypercritical—in times like these."

NEWS SUMMARY

(McDOUGALL & COWANS) Montreal, Aug. 21.—Two British light cruisers sunk in the North Sea by German submarines. President Wilson and railroad presidents stand firm. Wilson favors compulsory arbitration, but says it is too late for this crisis. N. Y. street employes put strike up to Mayor Mitchell this morning. Allies began great offensive along whole front on Greek border. International institution of agriculturists at Rome estimates world's wheat supply for 1916 at twenty-five per cent. less than last year. No railroad conferences scheduled for today. Waiting for railroad presidents to arrive in Washington. Canada shipped 794,500,000 pounds of wood pulp into U. S. during year ended June 30th, an increase of 120,000,000 pounds. Congress expected to adjourn about September 1. Twelve industrials 181.20, off ten per cent. Twenty railroads 105.27. D. J. & CO.

ENCOURAGEMENT WILL BRING PUBLIC TO TRADE

Removal of Disturbing Factors will Mean Increased Public Interest in Stock Market.

(McDOUGALL & COWANS.) New York, Aug. 21.—There is a strong conviction in commission houses which judges apparently from wire advice and inquiries from outsiders that the public will participate extensively in the stock market upon any reasonable encouragement in the matter of leadership and removal of disturbing factors. Attention is directed by conservative interests to the fact that even if government ownership should come for the railroads their terminal and other properties under appraisal would bring a price that would probably be far above prevailing quotations. Preparations are being made by important speculative interests to load up with good copper stocks in case of any break of consequence below current levels in general market. This group is expected to be stronger than the average of the rest of the list under such conditions. Shipping shares, including Marines, Atlantic Gulf and United Fruit are still favored as purchases on recessions. Well informed houses recommended their purchase. They say the shipping world has entered upon a new boom era likely to last for years on account of the keen competition in commerce coming. That the movement for compulsory arbitration is widening to a degree never before seen is shown in many directions outside of the financial district. "The right of the people at large in capital-labor disputes is the supreme right," says a prominent institution. Specialists report very good buying of a quiet character in Southern Pacific. It is stated that the prospect for a settlement of the Mexican difficulty is better than at any time in several years and the Mexican-American commission is expected to settle disputes which will benefit the Mexican properties of the company. ONTARIO STEEL CO. ON TORONTO CURB

Common Sold at 40 in Unlisted Department Saturday—Doing Big Business and Earning Huge Profits.

Special to The Standard. Toronto, August 21.—Ontario Steel Products common sold at 40 in the unlisted department here on Saturday. It is expected that the preferred stock of common issues of the company will be listed here soon. At present the securities are listed in Montreal. The Ontario Steel Products, Limited, is making additions to its plants at Brookville and Chatham, and recently signed contracts with three Canadian automobile companies which will cover production for nearly two years. The company has been active on war orders, although these constituted only 7 per cent. of the total sales in the past fiscal year. It is understood that earnings are now running at new high records.

FINANCIAL PRESS

Journal of Commerce—"The remarkable ease in the money situation may be regarded as a stimulative influence in connection with the current optimism that prevails in stock exchange circles." Sun—"Investors have no cause for alarm, even with acute rail labor situation." Tribune—"The big fact is the definite feeling of a new industrial impulse. We think the careful purchaser of stocks will continue to make money." N. Y. F. B.

WALL STREET YESTERDAY LOOKED LIKE WAR MARKET

Leading Issues all Stood Up Well and there was no Abatement of Market Strength.

(McDOUGALL & COWANS) New York, Aug. 21.—There was no abatement in the strength of the market today. Trading had the appearance of the war order market which culminated about a year ago. Steel held well around 94 or only a fraction below its record price. Credible and Alcoholic led about an even race to levels around three points above last week's closing prices, and most of the other industrial issues showed gains of a point or more. There was not much activity among the rails except in Reading which ran up over three points. The Marine issues were among the most active and strongest features. These securities and others in the industrial class are now responding to the remarkable earnings which they are continuing to show and will continue as long as the war lasts. With the pressure of foreign liquidation removed these advances are easily affected. This foreign liquidation is likely to be resumed at some later date and that fact should keep the present strength of the market within reasonable bounds. U. S. Steel closed strong at 95. Sales stocks 866,055. Bonds \$2,454,000. E. & C. RANDOLPH. Chase of stocks will continue to make money." N. Y. F. B.

ARMY OF PLAYERS CALLED TO MAJORS

A Hundred Ball Players Sold to Minor League Clubs, Recalled by Nationals and Americans.

Cincinnati, Aug. 21.—One hundred and one players who were sold to minor league clubs by major league teams under optional agreements which provided for their recall on August 15, will be back in major league company. The National Baseball Commission today announced that 38 of these options have been exercised by National league clubs, and 61 by American league clubs. The list includes the following:

- National League.**
 By Cincinnati, from Montreal, Wagner.
 By Boston, from Providence, Blackburn.
 By Brooklyn, from Montreal, Colwell, Cadore, Smythe and Goodbread.
 By New York, from Rochester, Jacobson and Deola.
 By Philadelphia, from Richmond, Rhodes; Providence, Baugartner and Tincup.
 By Pittsburg, from Rochester, McAuley and Siglin; Rochester, Hill; Toronto, Smith.

- American League.**
 By Boston, from Buffalo, Wilder, Gregg and Penock; Newark, Shorten.
 By Detroit, from Providence, Yelle; Montreal, Mairal; Toronto, McKee, Dennis, Watson.
 By New York, from Richmond, Bankston, Keating, Hendrix and Ross; Newark, Cable and Earlight; Toronto, Markie; Baltimore, Hartzell.
 By Washington, from Newark, Millan; Baltimore, Barber.
 By St. Louis, from Rochester, Levens, Kirmeyer, Hoch, Hale and Sloan.

COULD BE A HERO.
 Stan Johnson's proposed rule to check "beaning" by allowing batters two bases instead of one if hit upon the head by the ball would greatly prolong the major league lives of the "John Andersons" of baseball. With three on, two out, and two runs needed to win, a player with a concrete dome could be a hero.

ZBYSKO TO COME BACK.
 Stanislaus Zbyszko, the huge European wrestler who created a sensation in America a few years ago is coming back. Jack Herman, of Chicago, who manages the big fellow, has planned a campaign to meet Joe Stecher for the world's title. Gotch has retired and Stecher is next in line for the championship.

ANOTHER MONTREAL TRACK.
 It has been announced that Montreal will shortly have another one-mile track, making seven race tracks in all. The new venture will be located at La Prairie and will be known as Kempton Park. The manager and proprietor is Sam Holman, now manager of the King Edward and Dorval tracks.

BIG LEAGUERS ALREADY WORKING FOR NEXT YEAR

Gathering Their Crop of Young Ball-Players from the Bushes to the Real Base Ball Gardens.

The Boston American League Baseball Club has purchased the outright releases of pitcher Tyson, pitcher Engel and outfielder Kopp of the Buffalo International League team. Options have been exercised on the following players, released under optional agreements: Pitchers Gregg and Penock and catcher Wilder, from Buffalo International League club; outfielder Shorten, Newark International League team; catcher Devine, New Haven Eastern League team; infielder Thomas, New Orleans Southern Association team. Players Gregg and Shorten have already reported to the Red Sox, but the club does not plan on having any of the other men report until the Spring of 1917.

GIANTS BUY ROSS YOUNG.

Sherman, Tex., Aug. 17.—Ross Young, outfielder for the Sherman Association team, has been sold to the New York National club. The sale price was announced as \$2,000 cash. Young led the league the first half of the season with a batting average of .345.

Bringing Up Father

TWO LONG YEARS HE SUFFERED

"Fruit-a-tives" Made Him Feel As If Walking On Air

Orillia, Ont., Nov. 28th, 1914.
 "For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. One day I saw your sign which read 'Fruit-a-tives make you feel like walking on air.' This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. I have a good appetite, and everything I eat, and the Headaches are gone entirely. I recommend this pleasant fruit medicine to all my friends."
 DAN McLEAN.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

GERMANS ARE NOW FAR PAST THE ZENITH

Expert Says Enemy has been Fighting on the Down Grade Since January.

Gen. Mallette, one of the officers on Joffre's staff at the Marne, and a recognized military authority, makes the assertion that Germany reached her high-water mark of effectiveness last January. Since then she has not been able to put a new corps on the field. She has merely kept up her reserves by calling upon boys and old men, and by patching up soldiers in their prime wounded since the war began. This fact he regards as significant of German decline, and that they are declining and must continue to decline he strongly believes. In an article translated in the New York Times he lays stress upon a decline in morale. He says that replacing fallen men little by little exhausts reserves, first in numbers, then in quality. A moment comes when human valor fails before flesh and spirit. He considers the relative populations of Germany and France, observing that the fact of the French population being almost stationary gives her an advantage over Germany, in that while calculations are usually made on the basis of the population in 1914, Germany's population had greatly increased in the preceding 20 years. France's had remained stationary, and it is from the population of 1894 and earlier that both countries draw their soldiers. If Germany had a million more babies than France last year the fact would have no effect upon the military situation.

When Valor Diminishes.
 Gen. Mallette says that we ought not to be deceived by colossal numbers. It is the fighting quality that decides the victory. It is admitted that the valor of young men diminishes with age. The first-line army is composed of young men, with the active army and its immediate reserves; then the mass of reservists of 27 to 35 years serve to reinforce the experienced first-line army. Finally, the old classes constitute a sort of "levée en masse" whose mission is rather to defend the national territory or to occupy and guard conquered enemy territory behind the battle front. All these elements of different qualities, merge into the tragic mêlée; but there comes a moment when the struggle is long-drawn-out and sacrifices become more heroic, when the youngest, the first and most exposed, disappear in the inferno, uncovering their elders, who are obliged to face increasing dangers with diminishing powers. Accurate figures with regard to Germany's forces are difficult if not impossible to obtain.

NOTICE

THE SAINT JOHN & QUEBEC RAILWAY COMPANY.
 The Navigable Waters Protection Act, Section 7, Chapter 115, R.S.N.B.

The Saint John and Quebec Railway Company has deposited with the Minister of Public Works, at Ottawa, and the Registrars of Queens and Kings Counties, respectively, plans and descriptions of the sites of the proposed bridges across the following streams on the line of its railway between Gagetown in the County of Queens, and Westfield, in the County of Kings, in the Province of New Brunswick:

Mills, 412, Otnebag Lake outlet, Parish of Hammonds, County of Queens.
 Mill 54-65, Devil's Back Creek, Parish of Greenwich, County of Kings.

Take notice that after the expiration of one month from the date of the first publication of this notice, the Saint John and Quebec Railway Company will apply to the Minister of Public Works at Ottawa for approval of the said sites and plans and for permission to construct the said bridges.

SAINT JOHN & QUEBEC RAILWAY COMPANY.
 EDWARD GIBBARD, Secretary.
 Dated at Fredericton, N. B., this 8th day of August, 1916.

Joins The Kilties

Sergt. Cook Charles W. Wanamaker left last week to join the 236th Kiltie Battalion in Fredericton. Mr. Wanamaker is well-known in the city and his ten years experience in the restaurant business has fitted him for the position he has accepted in the Kilties. Before his appointment to the 236th he was for a time attached to the headquarters staff here.

possible to obtain. Until quite recently Germany has concealed her losses by a fictitious activity. She continued to attack, and the neutral world was led to suppose that the army that attacks is the stronger army. Then, too, Germany has taken advantage of her incomparable system of military railroads and the geographical peculiarities of her position to shuttle troops from one front to another, thus giving the impression of unexhausted numbers. The French expert insists that the morale of troops is infernally affected by being thus transferred from Poland to Belgium and from Belgium to the Balkans. The sense of desperation impresses them; they are like a man who tries to put out a fire, dashing madly from one place to another, the conflagration being no sooner extinguished in one corner than it breaks out in another. They are also taught to despise their allies; they are feeling that the whole burden of the war is upon them, and that they are attempting the impossible.

German Losses Nearly 4,000,000.

In the article which manifestly was written before the great Russian drive, before the Allied offensive along the Somme, and the Italian advance, all of which must have increased

PILES

You will find relief in Zam-Buk! It cures the burning, stinging pain, stops bleeding and brings ease. Permanence, with Zam-Buk, means cure! Why not prove this? - All Druggists and Grocers.

Zam-Buk

ed the rate of German losses, Gen. Mallette calculates that since the war began German losses have amounted to 360,000 a month. He estimates that two-thirds of the losses are permanent, men killed, captured, missing or so wounded that their day of usefulness as soldiers is past. This meant that German effectives had been reduced by nearly 4,000,000. Again he emphasizes the fact that the loss of quackery is even faster than the loss of numbers. Even if they were as large as the armies that Germany has now would find it impossible to duplicate earlier successes. Germany's best fighters have been killed or permanently disabled. The same may be true of France; but it is not true of the other Allies, for there is less difference between the British soldiers now going to the front and those who went a year ago, than between the German corps called up at the same time. Germany can make no fresh efforts, he says.

Boys and Old Men.

Beginning with the middle of the Winter of 1916 Germany will have only mere youths and old "Landstrumers," with only a hasty instruction, he says. We may affirm, then, that the impossibility of repairing

As age advances the blood gets thin, the nerves exhausted and vitality runs low. By building up the nerve force of body and mind Dr. Chase's Nerve Food is an unbounded blessing to people of advanced years. 50 cents a box, all dealers.

Dr. Chase's Nerve Food

their losses will oblige them to shorten their fronts, rather than see them broken by the reinforced armies of the Allies. Retreating and defeat will follow. If we add to these numerical data the indications of moral decline given us each day, the failure of submarines, the increasing difficulties of re-arming, the scarcity of industrial workmen, the aggravation of the financial situation and the lowered exchange, the high cost of substances, provoking protestations and even riots, which show the increasing anguish of the German people at the terrible flogging of blood and life, have we not the right to say that Germany has entered the period of her decline?

Monument Needs Repair.

The monument on the northwest corner of Canton's Island is in need of attention. This was erected a few years ago through the efforts of the historical society in commemoration of the settlement of the French at that place. It was, however, built very close to the water's edge and through the action of the waves and the lot one corner has been broken away. It is liable to topple over unless repairs are made before the winter.

NOTICE OF SALE OF REAL ESTATE

Public notice is hereby given, that the parcels of Real Estate hereinafter mentioned, and more particularly described in a schedule filed in my Office, on the first day of August, 1916, will be sold by me at City Hall, in the City of Saint John, on Friday, the first day of September, 1916, at 10.30 o'clock in the forenoon, upon a claim by the City of Saint John for City and County Taxes and Water Rates due, as detailed in such schedule.

Schedule	No.	Ward.	Street and No.	Assessed or Taxed Person.	Amount of Claim.	Nature of Claim.
1	Queens	Lots 230 and 240, N. Union, triangular, 166 x 128 x 105, 6-1	2 story wooden dwelling and barn.	Margaret L. Bishop, wife Trueman E.	6.25 67.20	Water Rates Year 1914. City and County Taxes Year 1914.
3	Victoria	7 Acres, Sandy Point Road.		Francis B. Godin	268.80	City and County Taxes Year 1914. Water Rates Year 1914.
4	Brooks	2 story wooden Dwelling and EIL, West Victoria, cor. Queen St.	2 story Wooden Dwelling, Queen Street.	Francis E. McManis, (bal.)	50.72	City and County Taxes Year 1914.

TERMS OF SALE: The purchaser shall be required to deposit with the Receiver of Taxes, at the time of the sale, a sum of money equal to the amount of the Taxes and Water Rates for which the said Real Estate is advertised to be sold, together with the cost and expense of said sale and conveying of the Real Estate so sold to the purchaser. But in case the amount of such bid is insufficient to cover the said amount, the amount to be deposited shall only be the amount of the bid.

The foregoing properties will be offered and sold as numbered.

DUNCAN G. LINGLEY,
 Receiver of Taxes.

THE HOME THE WORLD

Here are Related Activities of Home, Fa

Thrift and Economy in the Home.

At the first annual meeting of the Speakers' Patriotic League held a short time ago a resolution was passed "that we consider the practicality and advisability of education in thrift and economy, and for the productive employment of our boys and women as essential to the maximum production of foodstuffs and of munitions, and the conservation of our resources both in the men and money necessary for the prosecution of this war."

Now we have been told of many ways in which we housekeepers can save, all about how to cook cheaply, how to do the housework, and how to get the most out of our food. We have recently been exhorted to save paper, also to make over and to remake our old dresses, not to buy new hats as so on ad infinitum, says The Toronto Mail and Empire.

But no one has come out very boldly against the architects who plan our houses and the builders who put them up—for they can hardly be said to be builded—and leave no room for the housewife to do her "housework" in the basement to take the place of the old-fashioned cellar where we used to put our store of winter vegetables. The furnace generally in the centre of the place with its heat fatal to vegetables of kind stored in any portion of the basement. The refrigerator is necessary small; it is not intended for the storing of any considerable amount of foodstuffs. It is typical of modern life in the refrigerator—a thing to be used from day to day and not to be seen to season.

We do not know why the architect have never thought of building "cellar rooms" in the basement, especially since they could be so cheaply constructed. Ask any housekeeper today she buys her vegetables, a 49 out of very 50 will tell you that she buys by the basket from her grocer or the butcher the calls "a week's" going to market is a lot trip and you have to carry your store home or be disappointed. If there was a cool room or if one had an old-fashioned cellar one could lay in a store of vegetables and apples in the fall when they are cheap and the one livered would serve. With bins of potatoes, carrots, parsnips, rows of cabbages, boxes of celery, and other things that would constitute real living one could eliminate that bugaboo

THE WEATHER.

Forecast:

Maritime—Moderate to fresh westerly to northerly winds, a few scattered showers at first, but generally fair.

Washington, Aug. 21.—Northern New England—Generally fair and continued warm Tuesday; Wednesday partly cloudy, probably showers, cooler in Vermont; moderate south winds.

Toronto, Aug. 21.—Pressure is highest tonight over the northwest states, while a shallow depression covers Minnesota and Wisconsin.

Rain has fallen heavily over the western portion of Lake Superior, and a few scattered showers or thunderstorms have occurred in Quebec, and New Brunswick. In the west the weather has been fine and moderately warm. The great heat continues from the Peninsula of Ontario to the western half of Quebec.

Around the City

South Market Pavement.

The work of laying the pavement on South Market street was concluded last night and the street will be open for traffic in a few days. It is the intention to start work on North Market street just as soon as the pavement on South Market hardens sufficiently to allow teams to use it.

J. E. Waring's Condition.

J. E. Waring, of Carleton, who had his left leg broken below the knee on Saturday night when his auto crashed through a wooden railing of a culvert bridge along the Westfield road near Ketepec, and who was afterwards taken to the General Hospital, was reported last night to be progressing favorably.

A. M. E. Conference.

Yesterday morning the A. M. E. conference was brought to a conclusion in St. Philip's church. Rev. R. H. Pinkey was appointed to succeed Rev. J. H. Franklin as pastor of this church. Rev. E. S. King, Woodstock, was appointed to take charge of the church for colored people at Halifax. Bishop Smith will remain in St. John until this evening.

At Children's Home.

Three children were taken yesterday to the Children's Home, Elliott Row. It was at once seen that they were in need of medical attention. The mother is under arrest. Owing to the epidemic Hospital and the General Public Hospital being at capacity limits it was found impossible to take the children in, but provisions, it is thought, will be made today for their accommodation and treatment.

Automobile Parties Here.

The automobile seems to be a favorite method of taking a holiday trip this summer and yesterday no less than eleven auto parties came in and registered at the various hotels. They came from New York, Bangor, St. Stephen, Fox River and Amherst and all are enthusiastic over this method of seeing the country. The boats and trains coming in yesterday were also crowded with tourists and last night the hotels were practically all filled.

New Street Lights.

Commissioner McLellan had two of the new lights with which he proposes to light the city in operation last night. One was placed at the corner of Prince William and Princess streets and the other at the corner of Germain and Horfield streets. Standing at the corner of Prince William and Princess and comparing the new light with the arc lights in that vicinity was like comparing a modern tungsten lamp and a tallow candle. The new light is much brighter and radiates the light to a much greater distance and is better in every way. It is also claimed for the new light that it does not consume as much current as the old ones.

Great preparations are being made at Dykeman's for Dollar Day. They are going to give the people some real genuine bargains in order that Dollar Day might be remembered and looked forward to as a real money-saving opportunity day.

Just see the beautiful Silk Waists that they will sell on Wednesday at \$1.00, \$2.00 and \$3.00 each, or the lovely House Dresses at \$1.00 each, or the splendid new Fall Tweed Suits at \$13.00, worth \$20.00, or the Black Tulle Silk Skirts at \$2.00 each, and many other goods at a like saving.

WEATHER INDICATIONS for Dollar Day are promising. Look for the Sunset Ad. on Page 2.

WEATHER INDICATIONS for Dollar Day are promising. See Tonight's Sunset on Page 2—Plover's Ad.

FEAR CRIES FROM RIVER MEANT SUNDAY TRAGEDY

Residents of Long Reach Still Believe Some One Went to Death in Waters of the St. John River—If it was a Joke then 'Twas Most Untimely One.

Who were drowned on the St. John River on Sunday night? This is the question occupying the minds of all those living along the upper portion of Long Reach, and these same people are not at all anxious to repeat the experience of that evening. They believe without exception that a boat of some sort containing more than one person got into trouble, was upset or otherwise disabled, and that the occupants were lost.

Sunday afternoon the wind was fresh. Toward evening it increased and there was a very nasty sea running when darkness set in. In fact a number of motor boats and sail boats as well of considerable size were seen to be having their own troubles going down river toward dusk. And it was therefore with something of a shock that the first cries for help were heard. This happened shortly before nine o'clock and persons on the shore about Williams' wharf answered as soon as the calls became intelligible. It was a man's voice calling, but some state that they distinctly heard the screams of a woman over the whistling of the wind.

Boats put off from Williams' from the Cedars and from other points, but after each had made a trip about the river it was seen that the search would be hopeless unless the cries were more closely located. Messages were thereupon sent to various points farther up the river and boats went out from these places. Meantime the heart-rending screams continued until the watchers on shore were almost hysterical. And the helpless boat drifted with the wind, up stream and away from those who searched. There was an impression at first that some practical joker was playing a trick on the shore folks, but this idea was soon dispelled by the tone of despair in which the cries were uttered. The calling for help continued for perhaps three quarters of an hour, gradually becoming weaker and eventually dying away.

Boats searching the Reach found absolutely nothing, though some of them remained out until long after midnight, nor was any trace found by other searchers yesterday. There was, however, a statement that a small motor boat was seen in difficulties about the lower end of Caton's Island shortly before nine o'clock, and that this boat contained a man, a woman with a child in her arms, and one other person who, sitting low in the boat, could not be distinguished. In the minds of those along the Reach there has been a tragedy.

72 NAMES ON ROLL OF HONOR LAST WEEK

Recruiting Returns for Province Not Half of Preceding Week.

York County Headed List with 17 Men—St John Second with 15, all for Overseas Service.

Only seventy-two men were recruited in this province last week. This is just half the number recruited during the week previous.

York county heads the list, contributing seventeen "stalwarts" to the Canadian list of defense in Flanders. St. John follows with fifteen, all for overseas units. In fact an outstanding feature of the list this week is that only one recruit signed on for home service.

The tabulated list follows:

St. John:

- For 5th Field Ambulance 7
- No. 2 Construction Battalion 4
- 9th Siege Battery 1
- 4th Pioneer Battalion 1
- 167th Battalion 1
- 237th Battalion 1

—15

York:

- For 28th Battalion 11
- 140th Battalion 5
- 8th Field Ambulance 1

—17

Charlotte:

- For Pioneer Battalion 3
- 65th Battery 3
- 236th Battalion 1
- 237th Battalion 1

—8

Albert:

- For Canadian Engineers 5
- 145th Battalion 3

—8

Westmorland:

- For Canadian Engineers 3
- 65th Battery 2
- 145th Battalion 1
- 165th Battalion 1

—7

Carleton:

- For 237th Battalion 3
- 65th Battery 1
- Home Service 1

—5

Queens and Sunbury:

- 8th Field Ambulance 2
- 236th Battalion 2

—4

Northumberland:

- For 236th Battalion 2
- Composite Battalion 1

—3

Kings:

- For 237th Battalion 1
- 8th Field Ambulance 1

—2

Restigouche:—8th Siege Battery 1

New Brunswick:—165th Battalion 1

Kent:—165th Battalion 1

PRESENTATION PROBLEM THAT OF A JEWEL TO MAY COME TOUS HARRY SELLEN AFTER THE WAR

Members of Dominion L.O.L. No. 141, Last Night Remembered Brother in Khaki.

At a meeting of Dominion Lodge No. 141, L. O. A., last night, an address and Past Master's Jewel was presented to Past Master Q. M. Sergt. Harry Sellen, who has enlisted with No. 8 Field Ambulance.

All of the members of Mr. Sellen's own family, and his mother's family, are now in khaki with the exception of one son, who is medically unfit through deafness. He has one son, three brothers and seven nephews in uniform serving their king and country, and they are scattered all the way from Mesopotamia to France. Addresses were delivered by Harry Sellen, P. L. Potts, Sergt-Major Westall and W. H. Sullis; piano solos by Miss Kierstead and Mr. Bond. All speakers referred in glowing terms to the patriotic spirit manifested by Mr. Sellen in giving up the splendid position which he held with the C. P. R. to serve his country in her hour of need and voiced the hope that he might return in safety to his home and loved ones when the war was over.

The presentation of the Past Master's Jewel was made by Henry Kilpatrick, and the address which accompanied it was as follows:

Past Master, Dominion Loyal Orange Lodge, No. 141:

Dear Sir and Brother,—The members of our lodge have learned with feelings of the greatest admiration and respect that you have joined the overseas forces, and will be doing your part in upholding the integrity of the Empire in the greatest crisis of its history.

You have been a member of our lodge for upwards of thirty years, and during that time have been a loyal and true Orangeman, holding many important offices and have won our respect and friendship.

Your great self sacrifice brings honor to yourself and to the lodge, and exemplifies to the world what an important bulwark of our Empire the Orange Order is. As a slight expression of our feelings towards you and our honor of you as a man, and as an Orangeman, we present you with a Past Master's Jewel, which we trust will help to keep in your memory the many pleasant associations of the past and remind you that though away from us you will constantly be in our thoughts.

Your absence will be regretted by us all, and you will be followed through the campaign with the best wishes and with our prayers for your safe and speedy return.

Fraternally yours,
HENRY KILPATRICK,
GEORGE T. CORBETT,
CHARLES L. HAMILTON,
Committee.

CITY CORNET BAND GAVE FINE CONCERT

Large Attendance Enjoyed Delightful Music on King Square Last Evening.

Another one of those delightful concerts was rendered on the King Edward handstand last night by the City Cornet band under the direction of Frank Waddington and the different numbers were greatly enjoyed by the large audience. A few minutes after nine o'clock a heavy shower of rain poured down without much warning, and while the majority of the audience hastened to shelter, or to their homes, hundreds remained on the square to hear the entire programme, which was as follows:

National air, "O Canada," La Valle March, "Columbia," Dixon Overture, "Old Gold," Rothwell, Waltz, "Sobre Las Olas," De Ville, Novelty, "Noley Bill," Losey, Selection, "Plantation Melodies," Mackie Bayar, Intermezzo, "Cavalieri Rusticana," Mascagni, Cornet solo, (a) "Maple Leaf Polka," (b) "The Roseary" (by request), Nerval Soloist, D. J. Gallagher, Selection, "Ireland's Island," Dixon, March, "Napoleon's Last Charge," Dechamps; (b) "The Roseary" (by request), Nerval Soloist, D. J. Gallagher, "My Own Canadian Home," McLaughlin, God Save the King.

PERSONAL

Miss Clements returned to Rothesay last evening after spending a few days at her home in Yarmouth.

Miss Lily West, who was visiting with Miss Clements at her home, also returned to Rothesay last evening.

Miss Alice Fairweather was a passenger on the Empress last evening, after spending the week-end in Diebry.

Miss Lane, of Boston, is visiting Mrs. Sweeney, Adelaide street.

Mrs. C. Richardson, who has been visiting her home in England, has returned to St. John.

Frank J. Downes and wife of Boston are at the Duferin.

C. H. Eason, manager of the Bank of Nova Scotia, Toronto, formerly manager of the St. John branch of the bank, has resigned to take the position of vice-president of Brown's Copper and Brass Rolling Mills.

Misses Margaret and Alice Ward left at noon yesterday for Moncton to attend the wedding of Miss Margaret Joyce.

Walter T. Bardsley, accompanied by his mother and sister, Miss Emily Bardsley, has returned home after a pleasant trip to Chicago.

Mrs. A. L. Cowan, of Montreal, formerly of St. John, is visiting her brother, F. S. Bonnell, 200 St. James' street.

Miss Edith Everett, Montreal, formerly of St. John, is visiting friends in the city.

Mrs. C. V. Johnston and young son, of Montreal, are visiting Mrs. Johnston's father, H. S. Wetmore, Richey street.

Miss Molly Stephenson, of Boston, Mass., and Miss Gracie Wilson of Lorneville are visiting Mrs. John Wainock, of 15 Prince street, Carleton.

DIED.

MCLAREN—Suddenly on Sunday morning, August 20, at his residence, Westmount, Robert Earle Walker, youngest son of the late D. K. McLaren and director of D. A. McLaren Limited, Montreal.

The funeral will be held from his home in Westmount on Tuesday.
