

MINERS AND OPERATORS FAIL TO REACH AGREEMENT AND COAL CONFERENCE IS ENDED

Operators Accept the Government Proposal Which Was Rejected by Miners—Unions Voting as to Policy Toward Strike—Leader of Miners Makes Bitter Attack on Government Action, Accusing Them of "Hedging"—Places Responsibility Upon Federal Authorities.

Washington, D. C., Nov. 27.—All negotiations looking toward the settlement of the nation-wide coal strike were broken off late today and wage scale committees of miners and operators adjourned sine die. Miners reported all districts in United States went into executive session immediately afterward to decide the union policy toward the strike.

Participants in the conference went home tonight and where the break left coal strike conditions, no one of them, miner or operator, would say otherwise in official quarters there was silence.

Lewis Outspoken.

Acting president John I. Lewis, of the Mine Workers, though refusing to say one word as to the strike itself which, theoretically, was called off in obedience to Federal Court injunction holding it a violation of the Lever Act for war time food and fuel control, scored the government proposal roundly at the decision of the conference. So did William Green, secretary of the Mine Workers. Operators, though accepting the government proposal definitely, in a letter of explanation to Dr. Garfield which they made public, intimated that the government refusal to allow price increases would bear reconsideration.

It was behind closed doors that the coal situation reached its climax today, after involving the full attention of the Federal government for two days previously. There was much heated controversy, but W. Guthrie, of Pittsburgh, acting chairman of the Operators' Committee, described the procedure succinctly as he came out. The operators, by presenting to the miners the Government's offer of arbitration, notified the Miners' Committee of their acceptance of Dr. Garfield's plans.

Miners Refuse Proposition. This the miners promptly voted down. In turn, the miners put forward a counter proposal, that Secretary Wilson's suggestion for a 31.36 per cent. wage increase be granted, and this the operators fully refused. For the third time the operators received their formal offer of arbitration, and this the miners voted down. Unanimously an adjournment was voted.

The operators are pretending to accept Dr. Garfield's proposal," Mr. Lewis said, manifesting scorn and indignation as he called the newspaper men around him in the lithe, noisy lobby hall that was the scene of all the day's gatherings. "But as they do it they state they are unable to operate many of their mines under it. It would be foolish for us to attempt to make an agreement unless miners are to be given work."

"Our position is unchanged. We hold the United States government cannot break its word. The pledge of Secretary Wilson to grant us a 31 per cent. increase must be redeemed. In my judgment Dr. Garfield and the cabinet have committed the most colossal blunder in the history of our nation. They are blindly following an academic theory, without regard to the justice to the mine workers, or effect on the people of the United States."

Responsibility Left to Government. "Responsibility for the crisis now confronting the nation must be with those who have the powers of government to oppress and deny justice to a great element of its citizenship, directly concerned in industry."

"I cannot believe that the people of our country will endorse such a policy of oppression and repression, which means continued industrial chaos and intense suffering on the part of the mine workers and our citizenship."

With that Lewis brushed away at the questioners. His assistants, however, confirmed the impression that there would be no resumption of work in the mining camps now closed. Operators, less communicative, went away with varying resolutions. One or two had reached a determination, they said, to attempt coal production, regardless of the strikers, but most of them were in doubt on this point.

Acting Chairman Guthrie indicated that as an organized body they had ceased to function and that individual necessity and inclination would govern their action, though all would wait a little to see what the government proposed.

The open letter of Dr. Garfield said that in view of the serious situation, the Wage Scale Committee for the Central Fields would accept his suggested basis of settlement "preserving present differential."

"At the same time, we wish to call your attention to the fact that the acceptance of this increase in wages without any increase in selling prices

Big Profits Came To The Operators

William McAdoo Gives More Light on Excessive Profits of Coal Operators and is "Within the Law."

New York, Nov. 27.—Profits several times in excess of the entire capital invested came back to many coal operators in 1917, William G. McAdoo, former secretary of the treasury, declared in a further statement tonight relative to the coal controversy. He asserted those operators "must now be on velvet."

"The coal operators assert that I stated that profits of the mine owners in 1917 ranged from 15 to 2,000 per cent on capital stock before deduction of taxes. This was not confidential information. The treasury department may publish statistical matter of this character any time. In fact information concerning this very subject was furnished by me to the United States Senate in response to a resolution introduced by Senator Borah concerning profiteering, and was published July 5, 1918. (See Senate document 253-56th, Congress—second session). In this report the returns of several hundred coal companies showed profits ranging from 150 to 800 per cent on their invested capital in 1917. The range of profits was higher on capital stock. In short, many coal operators got back their entire invested capital several times over of their profits in 1917, as shown by the reports, and must now be on velvet."

LIEUT.-GOVERNOR OF ONTARIO NAMED

Lionel Clark, Chairman of the Toronto Harbor Commission, to Succeed Sir John Hendrie.

Special to The Standard. Ottawa, Ont., Nov. 27.—Lionel Clark, chairman of the Toronto Harbor Commission, has been selected to succeed Sir John Hendrie as Lieutenant Governor of Ontario.

Mr. Clark is prominent in the world of trade and commerce, and is a former president of the Toronto Board of Trade. In 1896 he contested North Wellington in the Conservative interest.

The appointment of a new Lieutenant Governor for the Province of Ontario will also likely be announced within a day or two. Col. Prior, who was Minister of Militia in the Tupper administration, A. C. Fannin, of Victoria, and Walter Nichol, proprietor of the Vancouver Province, are among those mentioned for the post.

Of bituminous coal entirely eliminates the profits of a large number of mines" it continued. "Such a large number in fact, we fear the production of coal will be seriously affected. We understand that operating statistics for 1919 are not now in your possession and we shall rely upon the government, when such statistics are properly assembled and presented, to make such adjustments in selling prices as will permit these mines to make such fair and reasonable profits as they are entitled to under the Lever law."

Though officially all of the proceedings today were wage scale committees of the operators and the miners for the central fields, all semblance of a sectional discussion was dropped. All districts of the United States were represented at the final outcome, and the action was national in its bearings.

Thanksgiving Turkey Fails To Break Ranks of Hunger Strike

New York, N. Y., Nov. 27.—The Ellis Island soviet of radicals held for deportation failed to be tempted from its hunger strike by Thanksgiving turkey today. Cranberry sauce, giblet gravy and plum pudding made no impression either for the sixty-seven "loyal strikers" hooted and yelled continuously while the three "secessionists" partook of the splendid meal provided by the immigration authorities.

Shortage Of Soft Coal For Canadians

Fuel Controller McGrath Sends Out Warning Note, Calling Attention to Gravity of Situation and Urging Care.

Ottawa, Nov. 27.—Canadians can now look forward to a shortage of soft coal supplies for some time, in the opinion of Mr. C. A. McGrath, Dominion Fuel Controller, who has just returned from Washington. In view of the breaking off of negotiations between the miners and operators, announced late this afternoon, there can be little hope of amelioration of the situation for some time.

Previous to receiving the announcement of the breach at Washington, Mr. McGrath, who has been in conference with the fuel administrators of Ontario and Quebec, issued a statement calling attention to the gravity of the soft coal situation and urging the most rigid conservation policy. On being informed of the new development across the border, he called attention to the fact that he had anticipated that the award might not be acceptable to either miners or operators, and said that now the utmost care with our present supply would be necessary.

CURTAILMENT OF TRAIN SERVICE ON GRAND TRUNK

Beginning With Sunday Ninety Trains Are to Be Cut Off on Account of Coal Shortage.

Toronto, Nov. 27.—Ninety trains are to be cut off the G. T. R. as the result of shortage of soft coal. The G. T. R. company announces that the reduction will go into effect next Sunday. There will be nine trains less than usual into and out of the city when the cut in the service takes effect.

Among the trains to be cancelled is the Montreal-Toronto number six, Sunday service, leaving Toronto at 10 a. m. daily for Kingston, Brockville and Montreal, and the Sunday service number seven leaving Montreal at nine a. m. daily, arriving in Toronto at nine p. m.

AMERICANS SECURE PULP MILLS AT LIVERPOOL, N. S.

Two Mills in the Deal Have a Daily Capacity of Fifty Tons of Dry Pulp.

Halifax, N. S., Nov. 27.—It is stated that the McLeod Pulp Company at Liverpool, N. S., has been acquired by American interests. The company has two mills on the Henry River, two miles above Liverpool. The mills have a capacity, together of fifty tons a day of dry pulp. It is understood that the interests in this deal have taken over large tracts of forest lands in the southern part of Nova Scotia. The purchasers plan to enlarge and extend the operations on a very substantial scale.

MINTO MINERS MAY QUIT WORK TUESDAY

Threaten To Go On Strike That Day if Demands Are Not Granted.

Sydney, N. S., Nov. 27.—Unless some satisfactory arrangement arrives at by Tuesday next the miners at the Minto mine will come out on strike. This information was gleaned last evening by the Canadian Press representative in a talk with United Mine Workers' officials at Glace Bay. No negotiations are still in progress between representatives of the company, the miners, and Mr. Quirk, of the Labor Department of the Government. No negotiations provide no apparent solution. Board member Wm. Hayes has notified the Government that the men will quit work after Tuesday unless their demands are granted.

KING EMMANUEL WILL VISIT U. S.

Rome, Nov. 27.—(By The Associated Press)—King Victor Emmanuel will go to the United States next summer, and also will visit South America, especially the Republics Brazil, Argentina, Chile and Peru, under the political situation prevents him from carrying out his desire.

PROBLEMS OF THE ORIENT BEFORE LABOR CONGRESS

International Labor Conference Enters Into Discussion of the Eight Hour Convention as Applicable to Japan.

CANADA WORKERS GET REPRESENTATION

Secure Direct Representation on the Governing Body—Employers, Making Strong Fight, Failed to Win Recognition.

Washington, D. C., Nov. 27.—(By Canadian Press staff correspondent)—Problems of the Orient were before the International Labor Conference this morning. It was primarily the case of Japan. The report from the special committee recommending special modifications for Oriental countries and countries undeveloped industrially, in regard to the application of the eight hour day was before the conference.

Mr. Barnes, British government delegate, had moved that the modifications of the main eight hour day convention in regard to Oriental and other countries mentioned was justified. Angrily Masamoto, Japanese workers delegate, arose in protest. Speaking in halting English, he pleaded that the eight hour day be granted to Japanese as to other workers. "There are," he said, "several million workers in Japan asking to be treated as other workers. They tell us that the special modifications of the convention are to benefit Japanese production. They will benefit automatic oppression of helpless workers."

Japanese government delegate E. Kamei followed. He argued that acceptance by Japan of a nine and a half hour day as proposed would mean the reduction of two working hours daily as a rule; in some industries of the day, four hours daily. He added the declaration that within the next twenty or thirty years Japan hoped to attain as great a success in social reforms as she had in the adoption of the industrial system of the west.

Composition of the governing body of the International Labor Office has been protested by government, employers and workers delegates, from India and South Africa, and representatives from Japan, China and several of the South American countries.

E. R. Parsons, employers' delegate from Canada, has joined in the protest which takes the form of a proposed solution that the International Labor Conference "expresses its disapproval of the composition of the governing body in as much as no less than twenty of the twenty-one members of that body are representatives of European countries."

Dominion government and Canadian workers were successful in securing direct representation on the governing body. Canadian employers, though making a strong fight, did not succeed in securing direct representation.

WINNIPEG READY FOR THE BATTLE OF BALLOTS

Both Labor and Citizens' Candidates Are Forecasting Victory at the Polls in Today's Contest.

Winnipeg, Nov. 27.—Both labor and citizens' candidates are forecasting victory at the polls Friday. The result of the voting will determine which party will control the 1800 city council, which will spend \$5,000,000 of the rate payers' money. Another important question to be decided is the right of civic employees to affiliate with outside labor unions. If labor wins control the affiliation not only will be allowed, but former civic employees, discharged for going on strike, including policemen, will be reinstated. Mayor Gray's supporters made bets that he would be elected by a large majority.

Winnipeg labor leaders predict that S. J. Farmer, would be elected first magistrate by a large majority.

There are five ballots to be cast by each ratepayer this year. The estimated cost to the city for the election is \$14,000.

The polls will be kept open until eight o'clock and the first returns will probably be available about thirty minutes later.

HUNGER STRIKE SPREADS TO I.W.W.'S

Tecoma, Wash., Nov. 27.—Twenty-two alleged I. W. W.'s held in the city jail on a charge of syndicalism today refused to eat meals offered them or to talk with their jailers.

PREMIER GEORGE REPLIES TO BATTERY OF QUESTIONS ON EUROPEAN ECONOMIC AFFAIRS

General Denekine Admits Severe Reverses On The Volga Front

London, Nov. 27.—An official statement from the Soviet government to Moscow indicates the most severe fighting is in progress on the Volga front, where the Bolsheviks have captured Dubovka, 180 miles south, southwest of Saratov, with eight hundred prisoners. The statement claims that the Bolsheviks have annihilated three regiments of the forces of General Denekine, leader of the anti-Bolshevik armies in Southwest Russia.

The advance of the Bolsheviks continues rapidly in the Omak region, where they are approaching the western shores of Lake Cham. Capturing Tatsarskaya, one hundred miles east of Omsk, with 1,500 prisoners.

General Denekine's statement today admits that the Bolsheviks' offensive in the direction of Astrakhan has caused him to retire considerably.

Canada Will Not Lose From Visit of The Newspapermen

The Distinguished, Representative Group of British Newspapermen Accompanying the Prince, Return Home Full of Canada.

Ottawa, Nov. 27.—The party of distinguished English newspapermen who accompanied the Prince of Wales throughout his tour of this continent, is now on route to England on the Empress of France.

During their stay in Canada the journalists have sent daily to the British newspapers extensive reports, not only of the reception which Canadian Press, Limited, on their departure, the English journalists paid tribute to the generous hospitality of the Canadian government and the Canadian Pacific Railway.

"We cannot thank Sir Robert Borden enough," said Mr. Campbell, speaking for the whole party, "and the Canadian government, our hosts, and we are glad for that reason that we are going home now. But leaving Canada, we all feel that we are saying good-bye to a second home. The people of Canada have become our personal friends, and we realize to an extent that we never imagined before, that they are the brothers of the people of the British Isles."

GREAT POPULAR WELCOME AWAITS PRINCE AT HOME

The Populace Will be Given An Opportunity for a Hearty Demonstration in His Honor.

London, Nov. 27.—The Prince of Wales is assured a big popular reception on his return to London, which is expected to be next Monday. King George has decided that instead of driving direct to Buckingham Palace the route of the Prince will be an extended one in open carriages from Victoria Station to Westminster and through Parliament street, Whitehall, Charing Cross, Pall Mall to Constitution Hill so that the people will have ample opportunity of giving the Prince a welcome.

ITALY PROMISES PROTECTION TO JUGO-SLAVIA

Will Observe the Decision of Paris Peace Conference Regarding Dalmatian Coast.

Baolo, Nov. 27.—(By The Associated Press)—A despatch from Belgrade, dated November 25, has been received by the Liabach (Austria) correspondence bureau, stating that the Italian Government has informed the Government of Jugo-Slavia that Italy would observe the decision reached by the Paris Peace Conference with regard to the Dalmatian question and would itself prevent any attempt in the direction of Spalato by Gabriele D'Annunzio.

Declares Only Arrangement for Large International Credit Would Adequately Meet Situation in Austria.

NO PROMISES RE IRISH QUESTION

Emphatically Denies Giving Wilson or Peace Conference to Understand He Would Settle Vexed Question.

London, Nov. 27.—(By The Associated Press)—David Lloyd George, the Prime Minister, again today stood up on the floor of the House of Commons and for a long time gave answers to a lengthy list of questions on all subjects, mostly, however, in connection with the European economic and military situation arising from the war.

One of the most important of the questions related to the condition of Austria, concerning which Commander Viscount Curzon, Coalition Unionist member for Battersea South, asked whether the Supreme Council in Paris, including the United States or Great Britain, were taking steps to deal with the situation.

Credit Only Solution. The Premier declared that the Supreme Council had reached the decision that only a comprehensive arrangement for a large international credit would adequately meet the situation, and that it was essential for the success of such a proposal that the United States should contribute part of the expenditure which would have to be incurred in dollars.

The Premier added that he questioned regarding whose duty it would be to summon the first meeting of the assembly and the first meeting of the council of the League of Nations in view of the fact of the American Senate's refusal to ratify the Versailles Treaty. Mr. Lloyd George said that Article V of the Peace Treaty stipulated that the President of the United States should summon the meeting. He added that he did not understand that this was in any way affected by the refusal of the American Senate to ratify the Treaty.

Irish Question. Another inquiry, made by James M. Hogg, advanced Radical and Scottish Home Rule member for Edinburgh, was whether Mr. Lloyd George gave any understanding to President Wilson during the Peace Conference that Mr. Lloyd George would endeavor to settle the Irish question. This brought a direct negative reply.

Answering still another question, the Premier said that the effect of the American Senate's action with regard to the Treaty provisions for plebiscite, and other commissions in Germany would be only indirect. It would be necessary for the other powers to find a larger quota of representatives for this.

STMR. JOAZIERO POUNDING HEAVILY IN ROUGH SEA

All Efforts to Pull Big Freighter from the Reef on Which She Stuck Have Proved Futile.

Sydney, N. S., Nov. 27.—The freighter Joaziero, ashore at Glace Bay, is heaving and the pumps have been started. There is a heavy sea and undertow prevailing at present, and the ship is pounding heavily. Weather conditions are not at all favorable for salvage, and all attempts to pull the ship off the ledge have so far proved futile. All the tugs and other boats standing by, and which have endeavored to pull the ship off, have left the scene of the wreck owing to bad weather conditions. The cargo of grain is being dumped overboard in an effort to lighten the ship.

STRIKE STILL HOLDS UP SARAGOSSA

Saragossa, Spain, Nov. 27.—(Havas.)—The industries of Saragossa are still idle as a result of the strike, but the shops are open.

Demonstrations have occurred in several towns of the Aragon district in favor of autonomy.

Mexican Government Refuses To Release U. S. Consular Agent Jenkins

Mexico City, Nov. 26.—Declaring there is "no legal foundation nor principle of international law" upon which the United States bases its demands for the immediate release of William O. Jenkins, United States consular agent at Puebla, the Mexican government through Hilario Medla, under secretary of foreign relations, tonight stated it was impossible to accede to the request of the American state department.

Meeting of Local Council of Women

Members Assembled at Residence of Mrs. W. B. Tennant Last Evening—Matters of Health and Public Welfare Discussed.

An evening of enjoyment and instruction was spent by members of the Local Council of Women who met at the residence of Mrs. W. B. Tennant, Orange street, last night. Mrs. E. Albertson Smith presided, and the first business taken up was the reading of a communication from A. M. Heald, asking for the help of the Council for the Children's Aid, and the report of Mrs. W. F. B. Patterson on the drinking fountain.

Regarding the fountain, Mrs. Patterson reported that Commissioner Fisher and the City Engineer were willing to fall in with the wishes of the Council, but strongly advised against setting the fountain until the spring. Mrs. E. A. Young said that all the objections against its present erection were reasonable, and she felt that this decision should be respected.

Mrs. Smith reported on an interview held with Premier Foster, who had said to Mrs. Hatheway and herself that there are no vacancies on the present board of Motion Picture Censors, and that he was satisfied that the Board were doing their work well. If a vacancy occurred, consideration would be given the recommendation of the Women's Council.

Mrs. Smith also reported on an interview with Hon. Dr. Roberts, when he explained to Mrs. Smith and Mrs. David McLellan the co-ordination of societies. Mrs. McLellan will represent the Council provincially on this bureau of information, and another member of the Council will be appointed locally.

APPL POSLAM END DISTRESS OF ITCHY SKIN

Just call on Poslam to bring you the comfort your itching skin craves. Let it help you to be free from eruptions and all disorders which mark your skin as needing antiseptic, healing treatment.

A city doctor had stated that the most important things being accomplished for the health of St. John, N. B., was the work of the Victorian Order of Nurses and their sister organization, the Free Kindergarten. The survey for feeble-minded was spoken of and its benefits described.

It was reported that the clothes left over from those collected for the Halifax sufferers had been disposed of by the Associated Charities. Delicious refreshments were provided for the hoists, and a vote of thanks to Mrs. Tennant was unanimously passed.

When a house at Peregine, Pa., took fire during the night the barking of a dog saved the family from being trapped.

Well, Even That Will Help. "They say food is going to be cheap pretty soon," remarked the hopeful shop.

"No," said the man who loves to look on the dark side; "it isn't going to be cheap—it will merely seem cheap by comparison."—Boston Transcript.

NUXATED IRON

If you are not strong or well you owe it to yourself to make the following test: see how long you can work or how far you can walk without becoming tired. Next take two five grain tablets of NUXATED IRON three times per day for two weeks.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

INDIGESTION GOES, GONE!

"Pape's Diapensin" at once fixes Your Sour, Gassy, Acid Stomach. Stomach acidity causes indigestion. Food souring, gas, distress! Wonder what upset your stomach? Well, don't bother! The moment you eat a tablet or two of Pape's Diapensin all the lumps of indigestion pain, the sourness, heartburn and belching of gases, due to acidity, vanish—truly wonderful!

Why Librarians Have Headache. "The Bedjetta Woman" which was asked for at a library turned out to be "But Yet a Woman," and the man who wanted "The Woman That I Got Of You" went away satisfied with "The Woman That Gave Me" tucked away under his arm.

Get Rid of Your Fat

Thousands of others have gotten rid of theirs WITH-OUT DIETING OR EXERCISING often at the rate of over a pound a day and WITHOUT PAYMENT until reduction has taken place.

I am a licensed practicing physician and personally select the treatment for each individual case, thus enabling me to choose remedies that will produce not only a loss of weight harmlessly, but which will also relieve you of all the troublesome symptoms of stoutness such as shortness of breath, palpitation, indigestion, rheumatism, gout, asthma, kidney trouble and various other afflictions which often accompany stoutness.

DR. R. NEWMAN 233 FULFORD ST., ST. JOHN, N.B. Form for requesting a free trial treatment.

RETIREMENT OF JOSEPH FLAVELLE IS CONFIRMED

Disposes of His Stock in the William Davies Company for \$3,000,000.

Toronto, Nov. 27.—The William Davies Company announced today the retirement of Sir Joseph Flavelle from the company of which he was president, and in which he controlled fifty-two per cent of the stock. This stock passes into the hands of E. C. Fox, general manager, and a group of associates.

ST. JOHN, N. B., FRIDAY, NOVEMBER 28, 1919.

MR. VENIOT APOLOGETIC.

Hon. Mr. Veniot was dined by the Automobile Association in the hope, no doubt, that he would throw some light on the obscurity of his road policy. Like all Frenchmen, the Minister appreciates a good dinner, and by all accounts the chef at the Union Club prepared a feast fit to set before a king—or the host of this fair Province. Mr. Veniot was naturally accompanied by his reputation of being a great stump speaker. And certainly he has been in times past something of a spell-binder. He has a more arresting eloquence than Dave Messersau, more gestures than the Hon. Mr. Smith, the punch of Hon. Robert Murray, the fluency of Mr. Copp, the brilliant wit of the Fredericton Mail, and the courage of the whole Ginger Group from Northumberland, combined with a grasp of public affairs not equalled by Premier Foster himself.

The Minister rose in his place, beaming blandly as if in possession of the secret of some joke impenetrable to ordinary mortals; and the assembled automobilists awaited with expectant men and distended stomachs the explanation of the mystery which has puzzled the Province for some time. Why is Mr. Veniot's road policy? But the Minister did not do much to satisfy the natural curiosity. According to The Telegraph he "gave a hint of the Government's future road policy"; but something more than a hint was evidently expected. Mr. Veniot seemed to think so himself. He told his auditors that he was embarrassed because he felt he was expected to make some statement as to the future policy of the Government on the question of the roads. And he regretted he was not in a position to do this, because he did not know what that future policy would be. A conscientious man, he must have been troubled by the feeling that he had eaten a good dinner under a certain false pretence, and his usual eloquence seems to have forsaken him, and his speech was little more than an apology.

Mr. Veniot intimated that the Union Government was engaged on the job of finding a solution of the mystery he was expected to elucidate. He did not know what was the nature of the new policy that would come out of Ottawa, but he expected that it would tend to greater improvement of the roads than his own past policy had achieved—a not unreasonable expectation. Mr. Veniot's dependence on the Government he so bitterly opposed would be pathetic, if it was not funny. He evidently, however, has acquired great faith in the ability of the Union Government to provide him with a solution of his problems, or he would not be so ready to "change his mind completely" the plans he made in 1917—plans which, he has repeatedly assured us, embodied all the wisdom in the known world on the subject of road-making. Possibly he was right in that respect; possibly he did not stick to his plans or did not have the ability to carry them out. At any rate he has evidently heard a noise in the land, and is anxious that the people should realize their expectation of a change of some sort.

Mr. Veniot claimed some ability for himself in the matter of obtaining money to spend on the roads; and his claim is justified. He has, as he said, spent a little matter of \$2,125,000, and he modestly claimed that this expenditure had effected some improvement in some of the roads. Even in the hands of Mr. Veniot such an expenditure would be expected to produce some results. No doubt he has effected some improvements in some of the roads; what the people are grumbling about is that his administration has achieved no results anywhere commensurate with his expenditure.

The Minister pointed out that he had expended the mature portion of the money on trunk roads, and intimated that the farmers were kicking over what they considered the neglect of their interests. And he evidently was annoyed by the sardonic reference of President Regan to his great efforts "to lift New Brunswick out of the mud." He indignantly protested that he could not improve the roads of the Province to the standard some people expected unless he was allowed the tidy sum of \$43,500,000 to spend—an interesting way of suggesting that anybody who expected him to make any kind of a showing with the paltry sum of \$2,125,000 was unreasonable.

MR. VENIOT AND THE FARMER.

At the dinner given him by the New Brunswick Automobile Association, Hon. Mr. Veniot made the interesting claim that as a result of his road policy the lands in the districts where he had done some work had increased in value from \$7 to \$18 per acre. He could hardly have meant the forest lands, or in his anxiety to obtain more money to spend he would have been advocating a proportionate increase in the stamp duty imposed on the lumbermen. Presumably he was referring to the farm lands. Now such a

purpose. Instead of following the course of the Federal Government, which produced such splendid results, the Premier Government in this Province called for tenders for the purchase of the lump sum of over two million dollars. The New Brunswick bonds bear the same rate of interest as the Dominion issue. There were several tenders, but the best offer was a fraction over 36 cents in the dollar. So that instead of selling its bonds at par, the Province is obliged to pay in the first year something like 6 1/2 per cent, and for the whole period of the bond issue, ten years, an average of more than 6 per cent. This is about the rate good business firms pay the banks for short term loans. So that the New Brunswick Government seems to be paying pretty dearly for the money it needs and instead of the individual investor getting the benefit a wealthy corporation will make a handsome profit in the re-sale of the bonds in small parcels, which is the usual course when bonds are sold in this way.

There has been a rumor that Mr. Veniot would shortly elevate himself to the Premiership, and become boss in name as well as fact. It is unlikely that the recent dinner in his honor was suggested by this rumor, but if he is reported correctly in The Telegraph he used some words that may have some significance in this connection. Usually Mr. Veniot talks of my roads, my policy, my improvements, my plans, my everything. But he is reported in The Telegraph as saying that he was now in a position to make a statement as to the future policy of the Government on the road question. Why on this occasion did he not say the future policy of my department? Does he propose to turn over the administration of the department to the leader of the Ginger Group who has emphatic views on the road question and does not know what policy that enterprising and erratic gentleman is likely to adopt?

ST. JOHN AND PORTLAND.

Editor Moncton Times: In the Daily Telegraph's Saturday editorial news is given which should make every business man in the Maritime Provinces think seriously. "It is stated, evidently on good authority, that grain and flour can be shipped by the S. S. Reindeer from Portland to a port in the United Kingdom, at ocean freight rates 10 per cent cheaper than it can from St. John in the same United Kingdom port. "If this is true, and the shipper has the choice, naturally all shippers of goods will choose Portland as against St. John or Halifax, as long as Portland can handle the traffic."

A. M. RIVE. According to a publication issued by the Traffic Manager of the Portland Chamber of Commerce at the beginning of the year export rates from the West via Portland were the same as via St. John. In such cases it would make no difference to the Western shipper whether his goods went via St. John or Portland. If the ocean freight rates from Portland are less than from St. John it means that the Grand Trunk gets a larger share of the total freight the shipper pays than the other companies have, and that the shipping companies have an incentive to come to St. John if possible. At Portland the Grand Trunk Railway absorbs some charges on export traffic which in St. John the shipping companies have to meet; this would explain why the Grand Trunk allows the shipping companies using Portland a smaller ocean rate than would appear to be obtainable by the shipping companies using St. John.

On import traffic the Grand Trunk has been making tariffs on its own line with the object of competing for the import business with the Canadian railways, the special rates being applicable to all traffic going west of a point on the Canadian border. But in spite of this an analysis of the traffic at Portland over a period of years, shows that about 95 per cent. of the ship tonnage coming there from overseas carried no cargo. The fact that the bulk of the shipping going to Portland has arrived there light has been a great drawback to the port. If the Grand Trunk with special interests for doing so has not been able to attract import traffic, it is not likely that when the Canadian Government takes over the road it will make any greater efforts to secure import business for Portland than have been made with little success in the past.

Hon. Mr. Veniot has to go to Ottawa to get a plan for the improvement of the road between St. John and St. Stephen, but he expects to be back with it next week. Having spent over two millions in a little while he might have been expected to keep this road in reasonable condition, without running to Ottawa for advice and aid, and he could have done so if he had not wasted so much on what he called permanent roads but is now disposed to re-name. Apparently he will wear out the road to the new capital of the Province before he gets round to the St. John-St. Stephen road.

THE PROVINCIAL WAY.

Moncton Times: The Dominion Government needed money to pay the balance of the cost of demobilization of our overseas forces, for soldiers' gratuities and for the purpose of extending credits to Great Britain and other nations in the purchase of Canada's surplus products. The Government followed the plan adopted during the war of inviting public subscriptions, so that the purchaser of a \$50 or \$100 bond was on exactly the same footing as the millionaire or the big corporation. The Dominion bonds bear interest at 5 1/2 per cent. and were sold at par. The minimum sum of \$300,000,000 was asked for and nearly \$700,000,000 was subscribed. The Government of New Brunswick also needs money, we do not know for what

purpose. Instead of following the course of the Federal Government, which produced such splendid results, the Premier Government in this Province called for tenders for the purchase of the lump sum of over two million dollars. The New Brunswick bonds bear the same rate of interest as the Dominion issue. There were several tenders, but the best offer was a fraction over 36 cents in the dollar. So that instead of selling its bonds at par, the Province is obliged to pay in the first year something like 6 1/2 per cent, and for the whole period of the bond issue, ten years, an average of more than 6 per cent. This is about the rate good business firms pay the banks for short term loans. So that the New Brunswick Government seems to be paying pretty dearly for the money it needs and instead of the individual investor getting the benefit a wealthy corporation will make a handsome profit in the re-sale of the bonds in small parcels, which is the usual course when bonds are sold in this way.

There has been a rumor that Mr. Veniot would shortly elevate himself to the Premiership, and become boss in name as well as fact. It is unlikely that the recent dinner in his honor was suggested by this rumor, but if he is reported correctly in The Telegraph he used some words that may have some significance in this connection. Usually Mr. Veniot talks of my roads, my policy, my improvements, my plans, my everything. But he is reported in The Telegraph as saying that he was now in a position to make a statement as to the future policy of the Government on the road question. Why on this occasion did he not say the future policy of my department? Does he propose to turn over the administration of the department to the leader of the Ginger Group who has emphatic views on the road question and does not know what policy that enterprising and erratic gentleman is likely to adopt?

WHAT THEY SAY

A Rush to Canada. (Toronto Mail and Empire.) British statesmen are predicting tremendous emigration to Canada. England is still on ration, and the attractions of a country which produces a surplus of food are irresistible. It is calculated that if shipping were available, and means of settling here, we could have five million people from the British Isles within two years.

Playing the Game. (Baltimore Sun.) What is needed is good sportsmanship on the part of all sensible, fair Americans, whether they be classed as capitalists, laborers or in between. Let them play the game, and the attractions of the great mass of both are honest and decent. Let them quit calling names and sincerely try to get at the facts of the situation. Where there is an issue between them let them fight and fight fair; show themselves willing to take hard knocks as well as to give them, and then abide by the result, as the winners have done in the injunction fight. So shall we finally get somewhere.

The Man From Montreal. (London Daily Chronicle.) In the crowd which witnessed President Poincaré's arrival was a man just arrived from Montreal. The polite silence with which the King and Queen were received by the crowd—on their way to the station—surprised the Canadian. "You should have heard us ten days ago in Montreal," he said, "when the Prince and the Princess arrived. The station was crowded with their enthusiasts until the return from Victoria, when the King and Queen rode together. But the man from Montreal was not satisfied. "We did make a noise, I tell you, when the Prince came," he said, and he went on to extol the frank, pleasant way with which the Prince of Wales had acknowledged this greeting.

A Terrible Picture. (London Daily News.) Happily for the world, no comparison can be drawn between the conditions of the children of France and of the large towns of Germany. In even the tragic state of Lille after the withdrawal of the Germans, when sixty per cent. of the children were to be under-sized and forty per cent. tubercular, was not so terrible as that of Vienna now, a city of two and a quarter million inhabitants, where one never sees a normal child in the streets; where practically all the children of the middle and upper classes are suffering from rickets, and a large proportion of older children suffering from both rickets and tuberculosis, which has reached the proportions of a dangerous epidemic.

A BIT OF VERSE

FAREWELL TO THE PRINCE. God speed thee, fair Prince, on thy ship through the sea, Of Winter's fierce tempest, of Summer's swift breeze, That break o'er the prow. May its Be an emblem of fame that shall cling to thy crown. For we honor the greatness, the purpose that sways The flower of manhood that England displays. God guide thee, The blessing Columbia gives To the heir of a King, if he reigns, Is not born of monarchal splendor or thrones, But the blood of our heroes, the tears and the groans Of the wounded who fought for a glorious cause. To preserve their undying belief in our laws, For the soul is immortal. The flesh passes by, The vision of youth may be lost to the eye.

Benny's Note Book

BY LEE PAPE

Warmer its cold snuff there is ice, and warmer its too cold there ain't hardly anything else. If the people in Africa could swap the people around the north pole a bunch of bananas for every 10 sent hunk of ice, it would be a grate thing for both of them, on they cant, on account of the people in Africa probably never herd of the north pole, and the people around the north pole probably never herd of bananas. This proves uneducated people dont know what theyre missing.

Ice is really wattr from into a square shape and staying that way to prove how cold it is. If you try to set on wattr while it is still soft you will go rite throo and wish you hadent of tried, and if you try to set on snuff of it you will drovd. But ice is easy to set on and would probably be set on much more than wat it is if people didnt mind the cold, damp sensation.

The most popular places for ice is in ice toas and on lakes to ice skate on. The most unpoplar place for it is down the back of the neck.

Ice should never be left out in the sun if you want it to keep its shape.

The closest thing to ice is ice wattr, but no matter how cold wattr starts to feel, it aint ice as long as you can get your finger in it.

The fattest ice is a ice berg and the skinnest ice is a feloa.

The Early Bird

The old proverb which draws attention to the advantages to be derived from being first in the field, is too well known to need more than a passing reference.

And in the matter of Christmas Shopping at Birks it will mean the difference between satisfaction and disappointment.

This year, to ensure that prompt and satisfactory delivery which has characterized our Service in the past, we are going to ask you to

do your Shopping by Mail during November.

The reason is we expect the demand this year will be far greater than the supply, and in view of present manufacturing conditions we do not expect to be able to immediately replace those lines which may be sold out. So please make it possible for us to give you the service you have had from us in the past by ordering in November.

Better still, write to Birks today!

Goldsmiths Birks Silversmiths MONTREAL

But the spirit of man must be lifted above. And the heart of the world, by the greatness of love. —Charles Hammond Gibson, in N. Y. Times.

A BIT OF FUN

Waste not your hour—especially when any employer will give you a dollar for it.

Beware of the person who prates of his goodness or pointedly tries to show how well meaning he is.

A Legal Turn. The following is told of a late mail-magistrate and a prominent Philadelphia lawyer. Said the magistrate to the lawyer: "I want you to show that this law is unconstitutional. Do you think you can manage it?" "Easily," answered the lawyer. "Wait, go ahead and get familiar with the case." "I'm already at home in it. I know

CONSTIPATION or COSTIVENESS

Constipation, although generally described as a disease, can never exist unless some of the organs are deranged, which is generally found to be the liver.

There is nothing more productive of general ill health than constipation of the bowels, and a regular action is absolutely essential to general health. One of the most common, painful and troublesome troubles caused by constipation is piles, and unless the bowels are kept open by the use of a good laxative such as Milburn's Laxa-Liver Pills the whole system will be poisoned and many different complications of diseases arise, so if you would be well, keep your bowels regular.

Mr. A. Roder, Hastings St. E., Vancouver, B. C., writes:—"I desire to express my thanks for what Milburn's Laxa-Liver Pills have done for me. I had been suffering from constipation for two years, and also had a bad cough and headache. I tried all sorts of cures and remedies, but got no relief until I was advised to try your pills. I got great relief after the first few doses."

Get Milburn's Laxa-Liver Pills when you ask for them or send 25c. and they will be sent by return of mail by The T. Milburn Co., Limited, Toronto, Ont.

Father And Son Now Happy Men

Their Health Restored by
Tanlac They Can Work
Hard Every Day.

"I found Tanlac to be just the medicine I needed for my troubles," said William King, a fisherman who resides at Carroll Point, South Side, St. John, Newfoundland, recently. Mr. King has been a resident of Newfoundland all his life, and is well and favorably known on the south shores. Continuing, he said:

"I suffered for fifteen years from rheumatism in my shoulders and knees. It was so bad in my shoulders I could barely raise my head to my head and my knees were so stiff and pained me so I could scarcely walk and always had to use a cane. I also had the worst sort of pain in the back of my head, and I had such headaches for days at a time they would nearly drive me wild. I had no appetite to speak of and became very weak and felt tired and worn out all the time. I would have dizzy spells that were so bad I was afraid some time I would topple over into the sea from my boat. I could get but little sleep and would go some times for night after night and hardly close my eyes, and would get up in the morning feeling worse than when I went to bed. I became so badly run down I had to lay off from work a great deal of the time.

"I had tried lots of different kinds of medicines, but none of them did me any good and I had about lost faith in them all, but, as I had been reading so much about the good Tanlac had been doing others, I decided to give it a trial, and I have improved wonderfully in health. I have no rheumatism whatever and can work every day now. I have a fine appetite and sleep soundly all night, and get up every morning feeling fine. I have not had the headache or a dizzy spell since I began taking Tanlac and feel better in every way than I have in years.

"My son Joseph, also took Tanlac with the best of results. He had to lay off from work a month recently on account of his health, but when he started taking Tanlac he soon improved and is now working again. I think Tanlac is a remarkable medicine and I will always say a good word for it."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro under the personal direction of a special Tanlac representative.—Adv.

HAD POCKET PICKED.
As a result of a thief's operations around the Union Station Bill Wright, who was waiting for his train, was relieved of his pocketbook. Mr. Wright while waiting for his train to Woodstock Wednesday, fell asleep and when he awakened he found his pocketbook which contained a return ticket to Woodstock, a ten dollar bill, one five, one and \$4 in change, amounting in all to \$30, had been stolen. The matter is now in the hands of the police.

IF THIN AND NERVOUS, TRY PHOSPHATE

Nothing Like Plain Bipro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are often

due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as Bipro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerve directly and by supplying the body cells with the necessary phosphoric food elements, Bipro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing. Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bipro-phosphate has brought about a magic transformation with me. I gained 15 pounds and never before felt so well."

CAUTION—While Bipro-phosphate is unexcelled for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

Successful Sale Held At St. David's

Over One Thousand Dollars
Realized by Fair Conducted
by Women's League—
Funds for Church Pur-
poses.

The Women's League of St. David's Church who are working so earnestly in aid of the organ fund are being congratulated on the success of their fair held yesterday as over one thousand dollars was realized from the sale and tea.

The rooms were very attractively decorated, a scheme of various colored streamers being used. The only table was all in rainbow colors, while at the "Baby Table" the sugar ribbons were finished off with small keepsakes. At the fancy work table were many lovely pieces of work showing patience and enthusiasm on the part of their makers, while at the home cooking table the results of ordinary skill were evident. Useful and pretty aprons were for sale and the tea tables were well filled during the tea hours. Red flowers, red ribbon and evergreen wreaths decorated the tea room where Mrs. Atwood Morrison, President of the League, and Mrs. Samuel Kerr, presided over the tea cups. Mrs. Alex. Watson was general convener of the tea assisted by the young ladies of the church.

Ladies at the various tables were as follows:

General convener, Mrs. A. Morrison. Home cooking table, Mrs. Simons, convener, assisted by Mrs. A. J. Brown and Mrs. J. A. McAllister. Aprons, Mrs. D. Malcolm, convener, Mrs. Peck, Mrs. Alex. Corbett. Fancy work, Mrs. M. H. Dunlop and Mrs. A. R. Campbell convener, Mrs. McPherson, Mrs. Robert Melrose, Mrs. David McClelland, Miss Gertrude Campbell, Miss L. Willett, Mrs. Geo. T. Harding, Mrs. George Hannah, Miss Bonnie Carmichael, Miss Stella Payson. Baby and doll table, Mrs. G. Wilfred Campbell convener, Mrs. Herbert Barton, Mrs. K. Campbell, Mrs. J. Pennington, Mrs. Bruce MacPherson, Mrs. Burdette Barnes, Mrs. John Malcolm, Mrs. Donald Malcolm, Miss Constance Campbell. Candy table, Mrs. E. Mason, Mrs. T.

Ledingham, Mrs. Harold Magee, convener. Convener of decoration, Miss Ethel Milligan, Misses Henderson, Balloy, Baird, McIntyre, Doherty, Jamieson, Nelson, and Parkie. In charge of tickets, Mrs. W. H. Mass.

WEDDINGS.

Widows-Gorel.
In the Cathedral yesterday morning Miss Marjorie Vickers, of Blackville, N. B., was united in marriage to Alexander Gorel, by Rev. A. P. Allen. Many friends stood hearty congratulations to Mr. and Mrs. Gorel.

RETURNS FROM NEW YORK.

Mrs. D. J. Owens of Queen street returned to the city yesterday on the Boston train, after having attended the ceremonies in the Convent of the Good Shepherd, East 9th street, New York, when her sister, Miss Katherine O'Leary, was received into the order.

Miss Doris Mallory of Durian avenue returned today after also being present and visiting her sister, who is a religious in Providence, R. I. Another former St. John young lady, Miss Josephine C. Modine, was received into the order at the same time as Miss O'Leary.

Ask Your Dealer — He Knows

Wife not very ill— but never real well

A Message to Husbands

GIVING advice to husbands is generally conceded to be not a very healthy occupation. Also comment as to the causes of marital unhappiness is an unpopular subject.

But, nevertheless, it is an obvious fact that there are in Canada to-day thousands of wives who, while not being sufficiently ill to go to hospital or require a trained nurse—yet are weak, anemic, nervous and run down, and in this condition they are not happy—their husbands are not happy, and the home life is not what it ought to be.

Good health in a wife makes not only for the ease with which she manages household affairs, but reflects a contentment and calm over the rest of the members. Husbands! Remember that good health is a valuable possession, and

when you see your wife drooping, or in indifferent health, you should see that she gets a tonic.

She needs **Wingarnis**, which for nearly 40 years has been recognized the world over as the one great tonic for all who are weak, anemic, nervous or run down. Wingarnis is not merely a tonic—it is a Tonic, a Restorative, a blood maker, and Nerve-Food all in one. It re-invigorates and revitalizes the whole system and has transformed countless thousands of people from a listless weary condition, to the glorious feeling of robust health.

If your wife is run down, get her a bottle of Wingarnis to-day.

Ask your Doctor. Get it at your Druggist's.

A combination of Extract of Beef, Extract of Malt, Iron and Potassium, Glycogen, Phosphates of Calcium, Potassium and Sodium with a specially purified wine. A Tonic, Restorative, Blood-builder and Nerve-Food. Prescribed by the Medical profession for Anemia, Debility, Stomachicness, Brain Fatigue, Nervousness, Headache, Gravel, Gout, Menstrual Irregularities and Constipation from any cause.

In two sizes \$1.00 and (extra large bottle) \$1.75

Canada's National Biscuit

THE soda biscuit is a Canadian institution—it is found on the big majority of Canadian dinner tables.

And of soda biscuits, McCormick's Jersey Cream Sodas are the leaders in Canada.

They have a reputation of sixty-one years' standing. What a test of the value of a food product!

Every one of the hundreds of thousands of Canadians who eat them know that the high quality is consistently maintained.

McCormick's Jersey Cream Sodas

Sold fresh everywhere. In sealed packages.

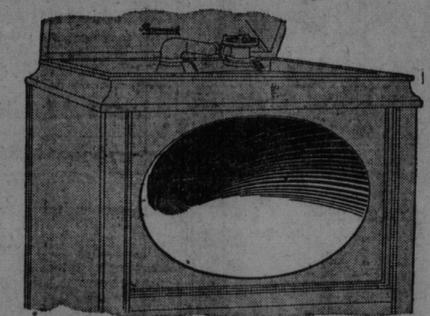

Factory at LONDON, Canada. Branches at Montreal, Ottawa, Hamilton, Kingston, Winnipeg, Calgary, Port Arthur, St. John, N.B.

MADE IN CANADA

YOUR NEXT PHONOGRAPH WILL BE A BRUNSWICK

(All Phonographs in One)

And Here is Why--

The "Round" All-Wood Horn

YOU never heard of a "square" horn in a band or any musical instrument; you never saw a square megaphone. We learned in High School that all sound-waves travel in circles or ovals, yet you will not find any round horns in any of the old style Talking Machines.

Artists sing INTO a round horn, and the Brunswick sends it OUT in a round horn.

That's a simple "secret" isn't it? And yet no one has ever made a round WOOD horn before—and more than that, no one else ever will, because this is one of the exclusive patented features of the Brunswick. This one feature alone is responsible for much of the Brunswick's wonderful TONE. It makes every good record—of ANY make—better. Because it is all wood—built like a violin.

Yet the BRUNSWICK costs no more than ordinary phonographs. Prices of conventional models range from \$145.00 to \$395.00.

And Here Are 86 More Reasons Why—

You are NOT restricted to any one list of artists with a Brunswick—positively not. Every artist is available for the owner of a Brunswick.

There are 86 artists of world-wide fame in particular, whose records are in great demand. These great artists sing for different makes of records. That's the value of the Brunswick.

But all of these different records are played CORRECTLY on the All-record Brunswick.

This means that when you own a Brunswick EVERY Grand Opera Star, EVERY Jazz Band, EVERY Vaudeville Entertainer, EVERY Orchestral Organization, EVERYBODY helps to entertain the Brunswick owner.

And mark this: Every make of record is played CORRECTLY on the Brunswick—played just as if it had been made especially for the Brunswick.

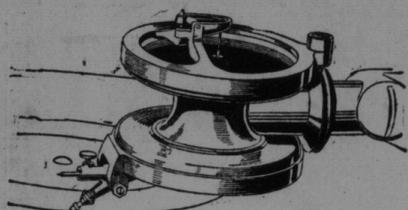

Go to the nearest Brunswick dealer listed below and let your ears be the judge.

Have the dealer play ANY make of record on the Brunswick, and see for yourself how the Brunswick Ultona is adjusted INSTANTLY—by a mere twist of the wrist to any make of record.

And note the wonderfully lifelike purity of tone of EVERY record when played on the Brunswick.

The Musical Merchandise Sales
Company
Sole Canadian Distributors
819 YONGE STREET, TORONTO

And Here is Why--

The All-Record, All-Needle Ultona

THIS wonderful Reproducer was designed AFTER all the great Record Libraries were formed.

It is NOT an attachment, and it plays any make or type of record without taking anything off or putting anything on. A twist of the wrist—and it is ready for anything. No needles to change.

And it plays every record CORRECTLY, with just the right needle, just the right weight, and describing just the right arc across the record. And your needle type records actually last longer.

Since the Brunswick came with this wonderful invention, notice how they all say, "Plays all records." Just you see how they do it—then come, investigate the ULTONA.

You cannot afford to make a mistake. Your nearest dealer below will gladly demonstrate the BRUNSWICK for you, your old model taken in exchange.

THE STANDARD'S SPORTING SECTION

ADVOCATES THE ABOLISHMENT OF FREAK PITCHING STUNTS

Hughy Jennings Would Also Inflict Penalties on All Twirlers Who Break the Rules—Some of His Views.

Abolishment of every freak delivery would be urged by Manager Hughy Jennings, of the Detroit Tigers, were he called before the rules committee of the two major leagues, and asked to submit his views on the proposal to change pitching rules for next season. The Tiger boss said as much the other day when interviewed regarding the subject, when he discussed in detail the numerous freak stunts that are being employed by the pitchers, most of which he says, make the old spitball very mild in comparison.

Wants Rigid Penalties.

It is the claim of Manager Jennings that the rules should be changed so that the spit ball, emery ball, shiny ball, finger-nail ball and others would be made illegal, and things used so that any pitcher, catcher or infielder caught tampering with the ball would be fined for the first offence and put out of the game for a second violation. He says all league pitchers are menacing baseball, that some of them are dangerous and that quite a few ball players who would be splendid hitters against regular pitching are being spoiled by the numerous freak deliveries that are now being employed by the curve dispensers.

Mr. Jennings doesn't agree with the views expressed by some managers and baseball writers that if the leagues decide to banish freak deliveries the pitchers using these methods should be given a year's grace so that they could master the usual pitching problems and accordingly qualify themselves to retain their big league positions. It is his claim that any pitcher in the big leagues now using freak delivery and who is not able to hold in through the use of the ordinary curve ball, fast ball, or good control do not deserve consideration from the clubs and should be passed back to the minors. The Tiger boss says pretty nearly every big league pitcher now throwing freak balls is using ideas

originated by other twirlers, and that he believes there are quite a few of the old pitching methods could easily be done so. On the other hand nothing better than major league caliber who are getting by in the majors through the use of deliveries that should never have been permitted to creep into professional baseball.

Would Fine Pitcher.

"I don't agree with the suggestion that in changing the pitching rules the use of a glove by a pitcher should be declared illegal," Hughy said. "That would be pretty hard on the twirler, because quite frequently he is required to stop hand line drives. However, I would make the rules read in such a way that the moment the umpire discovered the pitcher acting in a way that bordered on doctoring the ball the pitcher would be fined. I would impose the same rules on catchers, infielders and others in the game. The rules should read so that the pitcher would be required to get into pitching position and deliver the ball as soon as possible after receiving it from the catcher or another player, and I believe stiff penalties on any attempt to place paraffin on the sphere, roughen the covering with emery or rip the stitches with finger-nails or short instrument would soon wipe out the practice."

Manager Jennings is anxiously awaiting the coming annual meeting of the two major leagues. He looks for important baseball development at these sessions. Important trades are sure to result, he says, and he also predicts that rules will be changed so that purchase of players by a major league club from another team in the big show after a certain date will be made impossible. Mr. Jennings also looks for an adjustment of the salaries of the American League, and believes it will come about in a way that will find Ban Johnson still very much in power when it comes to directing the destinies of the organization.

Local Bowling Results Yesterday

On Bisco's Alleys, last night, two well-fought games were rolled in the Commercial and City Leagues. In the Commercial League the Maritime Mill Works team fell down badly and lost all four points to Emerson & Fisher. Lemon and Stinson were the high men for their teams. Tonight the Atlantic Sugar Refinery and the Imperial Optical will meet.

In the City League match the Lions proved a little stronger than the War Veterans, and mostly through the exceptionally good work of Maxwell and Wilson piled up a four-point victory. Hibbert was high man for the Vets. Tonight the McAvity Specials and the Cubs will try conclusions.

COMMERCIAL LEAGUE.

Emerson & Fisher.

To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrh of the nose, or who are growing hard of hearing and have head noises will be glad to know by this advertisement that relief can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

How Mrs. Boyd Avoided an Operation

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well. My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARY BOYD, 1221 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

CHURCH BASKET LEAGUE

St. Peter's meets the Holy Trinity quintette this evening in the Church Basketball League. Though both teams are now to the game they are rapidly rounding into shape and a good game is expected. Great interest is being shown in the league by the followers of the game.

Two Champs In Ring Last Night

Neither Showed Much Over Their More Obscured Opponents—Law Tendler Put His Man Out in Second Round.

Philadelphia, Penn., Nov. 27.—Law Tendler, of Philadelphia, knocked out Johnny Noye, of St. Paul, in the second round here today. Tendler caught Noye with a left hook to the right eye.

Benny Leonard, lightweight champion and Soldier Byrfield, of Brooklyn, battled to a draw. There was little action, neither fighters showing at his best. Willie Jackson, of New York, won a closely contested battle from Pat Moran, of New Orleans.

Jersey City, N. Y., Nov. 27.—Pete Hermann, of New Orleans, the world's bantamweight champion, outboxed Mickey Russell, a local boy, in an eight round bout, which went the limit, here today. Russell put up a plucky aggressive battle but the champion was a bit too clever for him. Hermann weighed 119 1/2 pounds and Russell 118.

LOCAL BOWLING.

V. M. C. I. League

In the V. M. C. I. league last night the Robins and Eagles broke even. The first string of the Robins went to the Robins while the Eagles won the second and third strings. The individual scores follow:

The Hawks and Sparrows roll tonight.

"CULLY" ASKS FOR TERMS FROM PATS

Toronto, Ont., Nov. 27.—"Charlie Querrie, of the Toronto Professionals" says the Evening Telegram, "has received a wire from 'Cully' Wilson, the former Toronto player, asking for terms for the coming season. Wilson has been declared a free agent by the Pacific Coast League. Wilson was with the local club before the war and was a star forward. He, however, gained the reputation of a 'bad' man in the Pacific Coast League and the Patriots decided to do without him this season. Whether Querrie will send him terms or not is doubtful."

Six-Day Grind Starts Sunday

Money is Offered and There is a Large Field of Competitors.

New York.—The international six-day race at Madison Square Garden, which starts at midnight next Sunday, will excel all other previous grinds in more ways than one. In addition to the \$20,000 in prize money, there will be \$500 in "prizes" offered for sports, aside from the purses, for points which will decide the contest. The five-mile point sprint will take place at 2:30 a.m., 3:30 p. m. and 9:30 p. m. In the morning, the field will consist of more real stars than ever, including the greatest list of great riders to assemble here in a six-day race. The promoters will be forced to cut down the field because of the exceptionally large list of great riders to assemble and only the first-class men will be entered.

The American riders signed are O'Neill, McNamee, Maggie, Hill, Lawrence, Kaiser, Eaton, Kopsch, Coburn, Lang, Drobach, A. Spencer, Weber, Keller, Madden, Carman, Chapman, and Thomas. The foreigners are Egg, Dupuy, Verril, Bell, Brocco, Arets, Chardon, Bayasse, Spiesons, Thergehan and Boyl. The foreigners will have an equal chance to win first prize and they feel confident of leading the Americans home.

AN INSIDE BATH MAKES YOU LOOK AND FEEL FRESH

Says a glass of hot water with phosphate before breakfast keeps illness away.

Physicians the world-over recommend the inside bath, declaring it is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the feet yards of bowels do.

Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the alimentary canal before eating any food.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, slow complexion, acid stomach, or others who have bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but its value is great to show the value of inside bathing.

—handled with exacting care

The Borden policy is to ensure the unquestioned purity of its products. Scrupulous cleanliness and care in the dairy are not enough. The freshly drawn milk must be taken immediately to a clean, sanitary milk house well removed from the milking stable. It is here emptied into sterilized cans—kept cool until the day's supply is, hauled to the condensary.

Borden's St. Charles Brand is the same pure, carefully guarded milk, from which a part of the natural moisture is removed. This makes it available under all conditions. for it keeps fresh and pure in the sterilized cans until opened. Add an equal part of water for fluid milk uses. Handy—economical—for every milk purpose. At your grocers.

"The milk that cuts the cost of cooking"

BORDEN'S MILK CO., LIMITED
Montreal Vancouver

Philadelphia, Penn., Nov. 27.—Pennsylvania defeated Cornell in their annual football game on Franklin Field today, 24 to 8. The Quakers showed superiority in all departments of the game, exhibiting brilliancy in forward passing. Cornell was weak on both defense and offense and Pennsylvania's goal was never in danger. The Quakers scored three touchdowns which were converted and one field goal.

A FIGHTLESS FIGHT

Duluth, Minn., Nov. 24.—The scheduled ten-round, no decision bout here last night between Sam Langford, Boston, negro heavyweight, and Jack Thompson, Philadelphia, negro, was stopped in the sixth round by the referee and declared "no fight." According to the referee, neither man made any effort to box.

Overcoats

The enduring excellence of every Fit-Reform Overcoat is the best proof of the high standards which govern each step of its production.

Leach Cross has given up the ring game for good, it is announced. The famous lightweight is now a very successful dentist in New York and acts in an advisory capacity for the executive of the Young Men's Hebrew Association.

MARINE NEWS

PORT OF ST. JOHN
November 28, 1919.
Arrived Thursday
S. S. Huntercraft, 3176, Lousburg, Am. schr Samuel Hart, 176, Swenson, Eastport Me., for Apple River.
Cleared
S. S. Almeria, 2884, Bothwick, London. S. S. Cape Premier, 2508, Williams, Brock Head, E. C. A.
Sailed
S. S. Almeria, London. S. S. Cape Premier, Brock Head. Will Load Laths Here
The S. S. Manchester Exchange is due here to load laths and general cargo for Philadelphia.
May Sail Tomorrow
The R. M. S. P. Caraque will probably get away for the Indian tonnage here, taking a heavy general cargo here and finishing at Halifax.
Started Loading Yesterday
The S. S. Messina shifted from

berth one to berth five yesterday and started loading for Antwerp.
Tern Schooner Sails
The two tern schooners, the Pan-42 King and the Onondaga, which have been waiting a favorable chance, sailed yesterday afternoon.
Will Load Grain Here
The S. S. Huntercraft arrived from Lousburg yesterday and, after discharging ballast at MacLeod's wharf, will load grain for overseas. The Robert Potter Co. are the local agents.
Put in for Harbor
The American schooner Samuel Hart, of Boston, N. S., put in for harbor yesterday. Nagle and Wigmore are the agents.

Large Grain Cargo
The S. S. Almeria sailed yesterday for London, with 6,566 tons of grain. Furness, Withy and Co. are the local agents.
Has Lumber for England
The S. S. Cape Premier cleared and sailed yesterday for Brock Head, with 3,045,254 feet of spruce lumber, loaded by Sletten Cutler and Co.
Starts Southern Service
The S. S. Hyantian is due here about December 15th to load for Montevideo, Buenos Ayres and other southern ports.
Great Express Coming
The S. S. Empress of France, formerly the Alsatian of glowing war fame, is coming here December 16 to start the C. P. O. S. St. John-France service. She is a large vessel of 10,747 tons net and is turbine-driven.

Will Be Total Loss
The barquette T. H. McDonald, built in the McDonald yards at Meteghan, which made her maiden voyage from this port to the Argentine with lumber at \$6 a thousand, has been wrecked off Tyden Island, near the mouth of the Savannah river. She was a vessel of 1088 tons net and one of the finest ever turned out of a Canadian yard.
Will Repair Vessel
D. H. Saker, who had charge of the auxiliary schooner Randfontein, has gone to Barbados to superintend the repairs of that vessel, which has arrived at the southern port looking badly.

How To Be Rid of Dangerous Dandruff
If you have dandruff you must get rid of it quick—its positively dangerous and will surely ruin your hair if you don't.
Dandruff heads mean faded, brittle scraggly hair that finally dies—new hair will not grow—then you are hairless and nothing can help you.
The sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, safely and without risking a penny get from your druggist's some Parian sage (liquid form). This is guaranteed to banish all dandruff, stop itching scalp and falling hair, and promote a new growth, or the cost, small as it is, will be refunded.
Parian sage is a scientific preparation that supplies hair needs—an antiseptic liquid neither sticky or greasy, easy to apply and delicately perfumed.
If you want beautiful soft, thick, lustrous hair, and lots of it, by all means use Parian sage. Don't delay—begin tonight—a little attention now helps insure abundant hair for years to come.
Any druggist will supply you and guarantee money refunded if you are not entirely satisfied.

Oil to Supplant Coal on French Ry. Locomotives
Paris, Nov. 26—(Associated Press)—The first locomotive on a French railway to use oil as fuel was sent out on an experimental trip yesterday, and hauled a heavy train with complete success. It is announced that railroads in this country have planned to alter their engines so as to use fuel instead of coal, and that two hundred locomotives will be thus changed.

GUM DECAY CAUSES TOOTH DECAY
Healthy teeth need healthy gums to hold them. Else they will loosen in the gums to act as the gateways of disease germs, which infect the joints and bones, or cause other ailments. Forhan's prevents Pyorrhoea, if used in time and used consistently. No more toothpaste does. Are your gums tender, gums? Are they bleeding gums? If so, you are certain to have Pyorrhoea (Rigg's Disease). Four out of five people who are over forty have it. To you we earnestly recommend Forhan's. It preserves the gums which hold the teeth secure. Brush your teeth with it. Forhan's cleans the teeth scientifically—keeps them white and clean.
If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.
35c and 60c tubes. All Druggists. FORHAN'S, LTD., Montreal.

THE WEATHER.

Toronto, Nov. 27.—The pressure is now highest over the northwestern states and the Great Lakes, and the weather in the western provinces is moderating with southerly winds. It continues cold in Ontario and Quebec and more moderate in the Maritime Provinces.

Forecasts: Maritime: Fresh northwest winds; clearing and a little colder.

AROUND THE CITY

EXPRESS LATE: The express from Halifax was nearly two hours late arriving yesterday afternoon.

A CHORAL CLUB: A choral club was organized by the Hampton young people on Wednesday evening and a programme was mapped out for the winter months.

FAIR VALE OUTING CLUB: A meeting of the Fair Vale Outing Club was held Wednesday evening and was largely attended. The meeting was presided over by the president, Major Frost. Only business of a routine nature was transacted.

LOST CHILD FOUND: Little Lawrence Vantassel of 570 Main street was lost for a while last evening. Word was sent out to the various police stations to keep an eye out for the little fellow. He was finally located and his parents notified by an officer at Central Police Station.

DRUNK AND RESISTING: George Alberts, colored, put up a strenuous fight before he was arrested on Union street last night on the charge of drunkenness. He is now on the blotter for the additional charge of resisting an officer.

ST. JOHN DEANERY: The Rev. W. H. Sampson, rural dean, presided over a session of the St. John Deanery which was held yesterday morning at St. Mary's church rectory. There was a good attendance and only matters of a routine nature were considered.

SUCCESSFUL PANTRY SALE: A very successful pantry sale was held by the Ladies' Aid of Queen Square Methodist Church in the lobby of the Lyric Theatre. Those in charge were: Mrs. F. W. Blizard, Mrs. Dales, Mrs. F. E. Williams, Mrs. Sabiston, Mrs. Bertram Smith, Mrs. E. S. Stephenson, Mrs. A. R. Carlos, Mrs. F. Green and Mrs. Bliss McLeod. A good result for the funds was reported.

DISORDERLY CONDUCT: Realizing that it was Thanksgiving Day in the United States and that nothing but a football game could properly honor the holiday, John Mercier proceeded to provide the lacking sport, by kicking the custodians around the Union depot last night. He was arrested by C. N. R. Policeman George Pierce and will answer a charge of disorderly conduct at the police court this morning.

AT THE Y. M. C. A.: A social meeting of the "Get Together Club" was held last evening at the Y. M. C. A. with sixteen members present. This club is formed from the dormitory and senior Y. M. C. A. members and last night's was its first gathering. An excellent supper was served at six-thirty by the Young Ladies League and later the club was shown a motion picture of asphalt at Trinidad and its various uses.

BIRTHDAY PARTY: The Chancel Guild of St. James Church gave a birthday party on Wednesday evening each guest bringing in an envelope amount equal to their years. The total sum realized was over one hundred dollars for the work of the Guild. Rev. H. A. Cody was chairman and an excellent programme was carried out, the following being among those taking part: Rev. H. A. Cody, Miss Julia Dunham, Miss Egan, Miss Miss Gregory, Edwin Sandall and Mr. Collins. Refreshments were served.

SPECIAL MEETING HELD: In the Ludlow street Baptist church last night a special meeting was held for the men who have signified their intention of following the Master, as a result of the evangelistic meetings being held in West St. John. Addresses were delivered by the Rev. W. H. Robinson and the Rev. Jacob Heaney and several of the converts also took part in the proceedings. This was along the nature of a "Get-together" meeting and it is expected that others will be held in the future.

LARGE SUM REALIZED: The excellent sum of \$110 was realized through a rummage sale held in the Temple Hall, Main street, yesterday by the Ladies' Auxiliary of the Temple of Honor. Besides various articles on sale, there was a most tempting home-cooking table heaped with delicacies, which were in much demand. Mrs. John H. Lang was convener of the committee and was assisted by Mrs. Hartley VanWart, Mrs. Leslie McLellan, Mrs. W. F. Roberts, Mrs. H. McCain, Mrs. C. H. Gallop, Mrs. Harry Black, Mrs. H. Prims, Mrs. Fred Miller, Mrs. Charles Flower, Mrs. Harry Whitney, Mrs. Herbert Roberts, Mrs. G. S. Dykesman and Mrs. Charles Green.

THE WATERFRONT SITUATION PRESENTS A SERIOUS ASPECT

Nothing Resulted from Conference Yesterday Between Railway Supt. and Freight Handlers—Port is Practically Idle—Request for Halifax Union to Refuse Working S.S. Metagama Was in Vain.

Another conference between Superintendent Groat of the C. P. R. and two representatives of the Freight Handlers Union was held in City Hall yesterday afternoon but nothing came of it. Mr. Groat adhered to his original offer of an advance of one cent an hour, and the representatives of the Union had no offer to make looking to a settlement.

A proposition made by Mr. Groat was that the Union should reduce its membership, so that the members might have more steady work. One of the complaints of the men is that they do not get steady work, and that consequently they cannot live on the present rate of wages. It is said there are nearly 800 men in the Union, and that four or five hundred could do the work required. It is also said that many men come to work at West St. John in winter who could get steady work elsewhere.

Mr. McQuirk, of the Department of Labor, Ottawa, offered the disputants a conciliation board. Mr. Groat is reported to be agreeable to submitting the dispute to such a body, but the men are at present opposed, though the matter has been discussed at length in their meetings.

The Union here has sent communications to Halifax asking that the truckers refuse to handle the cargo of the Metagama, but the Halifax union replied that they had agreed to work the Metagama and intended to do so. Yesterday telegrams were sent to the General President of the International Longshoremen's Union asking that he intervene in the dispute, and try to get the Halifax men to refuse to handle cargo until the difficulty is settled. It is likely to be some days before the general office of the Longshoremen sizes up the situation and decides what to do about it. J. E. Tighe represents the International Union here, but the present situation which is likely to involve both St. John and Halifax would probably cause the international to send an outside man here to report on the situation and recommend course of action.

Meantime the city fathers and officials of the Board of Trade are trying to break the deadlock and prevent the port getting a setback. H. C. Schofield representing the Robert Ford and Cunard Lines and D. W. Ledwitham, representing the Furness Withy Company called at City Hall yesterday and discussed the situation with the commissioners. The shipping men take a gloomy view of the situation, and fear that unless the difficulty is settled speedily the results to the port may be serious. One small steamer causes the disembarkment of a considerable amount of money at the port, and the loss of several ships will cut into the season's business. Meantime the port is practically idle and many longshoremen unable to get work at a time they need it.

There was an exceptionally large attendance at the women's mass meeting held in the City Hall, West St. John last night under the direction of the Rev. Dr. Rees. The evangelist took for his subject "Black Crosses" and spoke from the text, "Abstain from all appearance of evil." The dangerous spots in the Alps, where lives have been lost, have been marked by the authorities with black crosses, and in the same respect, the evangelist thought, there were black crosses to erect on the Alps of human life, where young women have lost their character, their friends, their all. He gave a strong warning to mothers who do not pay sufficient attention to the modesty of their daughter's dress, and assailed the young woman who spent all her earnings in clothes, "wearing a hat like an ocean liner coming into port, with the Woolworth building lifting off one corner."

Against evil the evangelist contended, against vice the present social dances, the accepting of attentions from employers or those in authority, and hasty marriages, which often end in a divorce court.

The Eclectic Reading Club was entertained for the November meeting at the home of Mr. and Mrs. James F. Robertson, Carleton street, last evening. The subject of the evening's programme was "The Holy Land and Mrs. Kenner, who was in charge gave an interesting paper on Palestine. Modern events in connection with Palestine were dealt upon in readings given by Mrs. George F. Smith, Mrs. G. A. Kurling, Mrs. Heber Vroom and Miss Hooper. A. C. Skelton sang two songs during the evening one dedicated to General Allenby, the other the Hebrew National Anthem. The evening was enjoyed by a number of members and guests.

A most enjoyable concert was given at the Seamen's Institute under the auspices of the Newfoundland Mutual Benefit Association last evening. The concert was opened by an address by the chairman, R. W. Wigmore, M. P., who spoke on the excellent work of the members and the worthiness of the cause they sought to aid.

F. L. Potts, M. L. A., auctioned off the boxes donated by the wives and daughters of the members, after an excellent programme had been carried out. The proceeds of the concert and box social will be devoted to the aid of the new Protestant Orphan's Home.

The criminal business of the Circuit Court was taken up before Mr. Justice Barry, yesterday morning. The only case on the docket was that of the King vs. Joseph P. Amberg, charged with a statutory offence. The prisoner pleaded not guilty and after considerable difficulty a jury was empanelled. The defence challenged eleven peremptorily, and three for cause. Dr. W. B. Wallace, K. C. appeared for the Crown, and G. Earle Loman for the prisoner. The prisoner's wife, his two daughters, and Dr. C. M. Pratt testified for the prosecution, and the prisoner took the stand and denied the charge. After addresses by counsel and His Honor's charge, the jury retired at 12.30 p.m., and returned at 2.30 p.m., announcing they were unable to agree. They stood eight for acquittal and four for conviction. The prisoner will be retried.

IS IMPROVING: John McDavie, who fell from a board pile in Murray & Gregory's lumber yard Wednesday and was seriously injured, was reported from his residence, where he is being treated by Dr. W. F. Roberts, to be some better yesterday. It will not be known until today whether he will engage having consultation of the brain or not.

The Government Hear Delegations

St. John Exhibition Association Ask for Grant of \$15,000—Law Society Request Government Pay Rent for New Quarters—Appeal from County Hospital.

At the meeting of the provincial government last evening a delegation from the St. John Exhibition Association appeared and asked for a grant of \$15,000 for an exhibition here next year. The usual grant has been \$5,000 but the St. John association has held no exhibition since 1914, and they claimed large repairs would be necessary owing to the use of their buildings for military purposes. Other costs of establishing an exhibition would also be high. The government would also be high. The government would also be high. The government would also be high.

A delegation from the St. John Law Society, consisting of Dr. Roy Campbell, Judge McInerney and Mr. Benton appeared and asked for assistance. They asked attendance at the law classes were much larger than usual, and that the Law Library did not provide the needed accommodation. They wanted the government to pay for the rent of new quarters, and this request was taken into consideration. J. King Kelley, the county secretary, and Dr. Pierce appeared and asked for further assistance for the St. John County Council. The government now makes a grant of 30 cents a day for each patient for a period of 50 days in the year, but the delegation thought that was not sufficient under present conditions.

All members of the government except Mr. Duggan, were present and he will arrive this morning when the government will meet again. Today a delegation from the Temperance Alliance will appear before the government when it is understood the government will be asked to take a referendum on the question of having the Federal government prohibit the importation of booze into the province.

Annual Banquet Held Last Night

Knights of Honor of the Central Baptist Church Enjoyed An Excellent Repast and Programme.

The Knights of Honor of the Central Baptist Church, held their annual banquet in the class room last night, with about twenty-five members present. The room was very tastefully decorated with the class colors of red, white and gold, and the tables were arranged in the appropriate form of a white cross.

After enjoying the excellent repast, which was prepared by the Wiling Helpers of the church, a most entertaining programme followed, comprising vocal solos by Thomas Guy, Elmer Belding and Stewart Smith, a reading by Miss Mattie Caswell, piano solo by Kenneth Jones, and addresses by the Rev. D. J. MacPherson and the Rev. A. Lawrence Tedford. Miss Beryl Blanchard was accompanist for the vocal numbers.

Under direction of Toastmaster E. G. Alwyn the following healths were duly honored: Our guest proposed by Hal Merrill and responded to by the Rev. D. J. MacPherson. The class, proposed by L. A. Belyea and responded to by A. G. Gillies. The Ladies, proposed by R. C. Wetmore and responded to by R. C. Barbour. The King, proposed by H. C. Cuthbertson, responded to with musical honors. The list was concluded with the proposing of a special toast to Harold B. Curtis, secretary of the class, who is shortly leaving for the West and with three rousing cheers for the pastor, Rev. D. J. MacPherson, who has concluded his pastorate and leaves next week for his new church in Sussex.
