SPENT \$130,000 ON THE SECRETARIES

Auditor General's Report Shows this Sum was Laid out in the Past Year

BAD SYSTEM

There is over one hundred and thirty thousand dollars charged to the secretaries of the highway boards in the public works report. The province has handed over that much money to supplement the statute labor and the taxes paid by those who do no manual labor on the highways and by non-residents. Some of this large amount of money is spent under the direction of the highway boards, but much of it simply on the order of the secretary who owes his appointment to his energy as a political worker and who must return the favor to the friends of his party by dividing up the money sent by the province among the faithful.

There's where politics injures roads. The party man who gets the road money, in other words, the highway secretary, passes the word that the member representing the county and supporting gov't, has arranged that about so much money will be "laid out" in his district. If he has plenty of sons or brothers or other relatives, he sometimes forgets to give out the news, before he has given all of them jobs. Most of the men who do this work know when the money comes from and feel that in getting for their members and supporting their party, they have earned some of it before hand. They put in their time and a bill and the friendly secretary with a "sly" sense of favors yet to come passes it and forwards the account to the secretary of the board of works. The figures are checked by the officials here and the check is sent and the political worker is paid. That is how politics interferes with good roads.

The men who say that not more than half the value is received for gov't. money, are right. In some cases that percentage of value is really too high. The good roads association should take some notice of the money that is wasted and endeavor to arrange so that the expenditure of all money spent upon the roads should be subject to the strictest scrutiny. Suppose, for example, that the highway secretary was instructed by the gov't to have his account typewritten, in triplicate, and posted in three places in the parish, showing every particular of how the money was spent, who will deny that he would be very careful how he handled the government funds? If he knew that all the people in the parish would be his financial critics and auditors, he would want to make the money go as far as possible and to get the most value for the road money.

How is it now? There is no publicity of the accounts of the highway boards. They are sent to Fredericton and filed away, the totals for each district appearing in the reports of the auditor general or the public works department. The highway board glances over the accounts, after the secretary has made them up, but in most cases, they do not bother with what they consider is his work.

Here are some figures of money spent by the highway secretaries in the County of Restigouche. The reader must not be surprised if he sees the names of some who were not highway secretaries last year in this list. Their accounts are those in part of the previous year, but held in those held over for payment, after the close of the fiscal year.

FAREWELL PARTY TO MR. AND MRS. HOPE

Surprise Given at the Manse on Thursday Evening by Their Friends

LEAVES FOR CHATHAM

Mr. R. Malcolm Hope, who for the last seven years, had been manager of the Bank of New Brunswick, left this morning for Chatham, to which place he has been appointed. Mr. Hope, who felt his going away keenly, carries with him the best wishes of everyone in Campbellton, though his friends feel his loss very much.

Mr. and Mrs. Hope were entertained to supper last evening at the Manse, the guests of Rev. Mr. and Mrs. T. P. Drumm, and later in the evening a large number of the church people paid them a surprise visit and took possession of the Manse.

Mr. John G. MacColl briefly apologised for his share in the surprise and expressed the sorrow of St. Andrew's choir at losing such a staunch member, who ever by precept and example endeavored to show the choir the high sense of duty which ought to be the standard of every member who wishes to further the musical service of the church.

Rev. T. P. Drumm, B. D., on behalf of the church, read an address, extolling their many kindnesses to the church in their several capacities; to Mrs. Hope as first President of the Helpers' Union, which had done such good work in the church, and to Mr. Hope for his work in the choir, in St. Andrew's Club and for the judicious financial advice he had always tendered them in many ways. He then asked Mr. and Mrs. Hope to accept a highly engraved silver salad bowl and cake basket. The inscription on the bowl reading: Presented to Mr. and Mrs. R. Malcolm Hope from their friends in St. Andrew's Church Campbellton, N. B. 27th February, 1913.

Mr. Hope suitably replied, recounting his first experiences of Campbellton, which, although domestic, were much appreciated. Judge Botkin read the oration, speaking on the high qualities of Mr. Hope in relation to duty. He spoke of the inability to define the word duty, it standing in a place by itself and was almost as indefinable as the word God. The consul spoke of the high christian character and virtues of his young friends and in regretting their loss to this community, rejoiced to think that in following the word duty they were branching out into higher and nobler spheres of life. Mr. W. F. Vorston, Mr. J. M. McLean and Mr. D. F. Graham spoke briefly and after the singing of "He's a jolly Good Fellow" tea and refreshments were served by the ladies. About sixty of the church friends were present at the gathering.

CHATHAM HOCKEY TEAM OUTCLASSED

Campbellton Defeats Chatham in Rough Game on Wednesday Evening

POOR SPORTS

All roads led to the skating rink on Wednesday evening when the return match between Chatham and Campbellton was billed to take place. The game in Chatham last week ended in a lucky win for Chatham by 4 to 3, and for the return match the visitors were strengthened by the inclusion of two Fredericton players, showing that they were not at all sure of being able to down Campbellton for the second time.

The rink was crowded when the game was started at 8.30, and the homesters set out to make things hum. After five minutes pressure Delaney scored the first goal, and the horns were set going. The pace set was a cracker, faster hockey never being seen in the Maritime provinces. Ten minutes later Chatham scored making it one all, and right from the face off Campbellton set off and rushing the visitors off their feet, Mowat scored the homesters second goal. Ollie suffered for this receiving illegal chestisement from Watting and was caught in the act of retaliating and banished to the bench. The visitors forswore ignominious defeat starting them in the face and a lot of feeling crept into the game, and in the excitement Chatham were given a goal by a shot which went in through the side of the net.

Half time was called with the score 2 to 2. Immediately after the resumption Campbellton started to make rings round the visitors and literally wiped the floor with them, scoring three goals in rapid succession. This was not at all to the liking of the visitors but they received a little comfort in being gifted a goal a long shot glancing of McLatches head into the net.

The game had been gradually getting rougher and after Campbellton had again scored Watting started a rough house. Fraser was sailing in when Watting crossed checked him hard across the chest. The sturdy rover took a minute or two to come round but unlike Jim Jeffries he was able to come back and give Watting a heavy body check sending him crashing on to the goal nets amid the hilarious delight of the spectators.

Watting sore at getting as much or more than he gave dropped his stick after making a pass at Fraser, and started with his fists. The referees being unable to cope with the disturbance Chief Hughes took a hand in the melee, and the ice was soon the centre of a gesticulating mob. At eleven minutes to go Chatham withdrew and refused to finish the game much to the disgust of the spectators.

They were roundly and soundly beaten and showed poor sportsmanship in refusing to continue the game when defeat stared them in the face. The game was too fast for amateur referees, and perhaps if a professional tooter of the whistle had been on hand, the hot-headed ones would have been held in check. Still that is no excuse for the action of the visitors, who have left a poor impression here and have worthily upheld their reputation as being "cheap sports". They were up against an aggregation of stick handlers who are second to none in amateur circles, the exhibition by the Campbellton boys being worthy of a professional league team. Chatham as a force in sport of any kind are "down and out."

BUDGET DAY IN THE HOUSE OF ASSEMBLY

Provincial Secretary Gives Details of Estimated Receipts and Expenditures

LIBEL AGAINST PROVINCE PAPERS

Montreal, Que., Feb. 23.—Damages amounting to fifty five thousand dollars for alleged libel are asked for in suits entered to day by Mrs. Elizabeth Cullen from the following papers: The Halifax Herald, Limited, \$10,000; the St. John Telegraph Publishing Co., Limited, \$10,000; the Standard, Limited, St. John, N. B. \$10,000; Sydney Post and Publishing Co., Limited Sydney, N. S., \$10,000; Globe Publishing Co. St. John N. B. \$15,000. The plaintiff claims that she sued a certain correspondent on account of reports sent in connection with the Russell-Pinkerton case, such reports connecting her with the conspiracy case and therefore, she alleges, libellous. This action is still pending, the defendant claiming that he was not responsible, and the plaintiff has therefore taken action against the above papers.

Sores From Elbow to Fingers

Zam-Buk worked a Miracle of Healing
Reverend Gentleman Fully Corroborates

Miss Kate L. Dolliver, of Caledonia, Queen's Co., N. S., says: "I must add my testimony to the value of Zam-Buk. Ulcers and sores broke out on my arm, and again I tried to heal them by using various preparations, nothing seemed to do me any good. The sores spread until from fingers to elbow was one mass of ulceration. I had five different doctors, and faithfully carried out their instructions. I drank pint after pint of medicine, tried silver nitrate, and lotion after lotion; but it was of no avail. My father then took me thirty miles to see a well-known doctor. He photographed the arm and hand. This photograph was sent to a New York hospital to the specialists; but they sent word they could do nothing further for me, and was in despair.

LARGE STUMPAGE PAYMENTS FOR YEAR

Among the lumber companies of the province that paid the largest stumpage fee during the past year are the following:

Miramichi Lumber Co.	\$35,898.89
Bathurst Lumber Co.	33,477.82
Richards Mfg. Co.	20,657.75
Shives Lumber Co.	24,441.27
Stetson, Cutler & Co.	20,592.08
J. B. Snowball Co.	16,668.28
Dalhousie Lumber Co.	19,556.28
J. P. Burchill	2,254.36
Dominion Pulp Co.	1,587.50
Fox & Connell	635.47
Thomas Gall	1,164.59
A. & R. Loggie	2,445.00
John Maloney	1,789.73
John O'Brien	529.82
James Robinson	2,210.55
Allan Ritchie	7,908.05
James Rundle	3,744.44
James Russell	778.75
Swedish Can. Lumber Co.	1,913.71

"One day a friend asked me if I had tried Zam-Buk. I said I had not, but I got a box right away. That first box did me more good than all the medicine I had tried up that time, so I continued the treatment. Every box healed the sores more and more until, to make a long story short, Zam-Buk healed all the sores completely. Everybody in this place knows my case, and that it is Zam-Buk alone which cured me."

Minister corroborates.—The Rev. W. B. M. Parker, of Caledonia, Miss Dolliver's minister, writes: "This is to certify that the testimonial of Miss Dolliver is correct as far as my knowledge goes. I have known her for a year and a half, and her cure effected by Zam-Buk is remarkable."

Wherever there is ulceration, blood-poison, sores, cold-cracks, abscesses, cuts, burns, bruises, or any skin injury or disease, there Zam-Buk should be applied. It is also a sure cure for piles. All druggists and stores sell at 50c. per box, or post free from Zam-Buk Co., Montreal, Que. Beware of cheap and harmful imitations and substitutes.

"Is my bomb on straight?" is the militant's last question before going out on active service.

FIVE YEAR OLD BOY WITNESS OF MURDER

Told How He Peeked Through Hole in Wall and Saw Parents Slain

Montreal, Feb. 23.—That's the man that killed my papa and mamma. He stabbed mamma a lot of times with something sharp and he chopped father's head with a hatchet. I saw him through a hole in the wall." Five year old Victor Vauteur's childish treble rang through the hushed coroner's court this morning, as he pointed an un-wavering finger at his Uncle Frank Michaud, denouncing him as the slayer of Francois Vauteur and his wife, who were found butchered to death yesterday morning in their home at 187 Grand Trunk street in the Point St. Charles district. Mrs. Vauteur was dead in her blood-soaked bed and her husband, with the lower half of his face chopped off, died later in the hospital.

Michaud was present in court, and shouted out that the boy had made a mistake in his identification. He was taken out of the room. The boy was then asked by the Coroner to give an account of what he knew of the tragedy and he said that hearing a noise in the middle of the night in his mother's room, he peered through a hole in the wall and saw Michaud stabbing his mother, who was lying in a bed. Later the lad said his uncle struck his father over the head with some weapon, he thought a hatchet. An axe found in the house with blood stains upon it was produced and shown to Theodore Vauteur, a nine year old son of the dead couple, who said he had never seen it around the place before.

Startling how many of these big American trusts are sucking little Canadian trusts.

MURDER OF MADERO IN MEXICO STREETS

The Late President and Vice-President Were Shot at Close Quarters in Belief.

Washington, Feb. 24.—Former President Madero and former Vice-President Suarez were killed in the streets of Mexico City, in a battle between their guard and two groups of men who were seeking to overpower the guard and rescue them, according to an official telegram from Francisco De La Barra, Minister for Foreign Relations, received at the Mexican embassy early to-day. It was not made clear which side fired the fatal shots. Several were wounded in the attempt at rescue, the report declared.

"Both the bodies of Senors Madero and Suarez," Senor De La Barra assures the embassy, "will be buried with all the honors due to the high positions they held."

The report declared these "was a general desire for peace" throughout Mexico, and that the government looked forward to the future with optimism.

BLACK CAPE

Mr. Angelo M. Campbell, postmaster at Black Cape, returned on Saturday from the Post Office Dept. to close that office on Feb. 28th. It appears that a report has been sent to the dept. that this post office has been of little use and it is a waste of public money. We can not understand how this story ever could be sent in such a report. However, we hope to give our readers more about this matter in early days.

GOVERNOR SULZER FOR RECIPROCIITY

Borden in New York Hears Arguments for Freer Trade

New York, Feb. 25.—The closest of friendship existing between the United States and Canada were dwelt upon in address Monday night by Premier Robert L. Borden of Canada and Governor Sulzer at the annual dinner of the University Club of Albany. "Canada and the United States," said Premier Borden, "have a common heritage in the language, the literature, the laws, the institutions and the traditions which have come down to them from the men of bygone days. "Perhaps no more instructive object lesson has ever been given to the world than the 4,000 miles of undefended boundary line from the Atlantic to the Pacific which bears silent but eloquent testimony to the mutual confidence and respect of the two nations. "Time will shortly place upon the brow of each nation the laurel of 100 years of peace. "Referring to the natural resources possessed by the United States and Canada, particularly along the St. Lawrence, the premier urged that they be "preserved and developed for the people. "Governor Sulzer predicted that the great Canadian northwest is destined to become ere long the granary of North America. "Many of our best citizens, I regret to say," said the governor, "are leaving our states for the west, and going into the north-west because of the fertility of its soil, the liberality of the Canadian government and the ability of these people to better their conditions there. "We should extend to them a helping hand in their onward march of progress. Instead of closing our doors by tariff barriers against these countries and their products, in my opinion, we should open them wider and do everything in our power to facilitate closer commercial relations. "We want their products and they want our products, and all restrictions to prevent a fairer and freer exchange of goods, wares, and merchandise, should, in so far as possible, be eliminated. "The other speakers were John Grier Hibben, president of Princeton University, Dr. Talcott Williams, head of the Pulitzer School of Journalism of Columbia University, and John W. Thomas, president of Middlebury College.

PREDICTS AN EARLY VICTORY FOR LIBERALS

Hon. Mr. Lemieux Says That Laurier Will be Again Swept Into Power.

Woodstock, Ont., Feb. 25.—For the first time since the last nomination of the late Hon. Jas. Sutherland in 1904, Hon. Rodolphe Lemieux visited this city on Saturday. During his speech Mr. Lemieux alluded to "Jim" Sutherland, whose greatest achievement was perhaps that he was "the chief instigator of the happy nomination of young Wilfrid Laurier to the leadership of the party in 1887." That act should entitle the late Mr. Sutherland to the gratitude of the British nation, for by it he chose the ablest obtainable, at that or any time since. "And Canada, one of the hardest countries to govern, because of the many nationalities inhabiting it, has been led by Sir Wilfrid into an era of unexampled progress and prosperity. "Prejudices formed the wave which swept Laurier from power, but the wave is receding, and those who read the handwriting on the wall, see an early victory for the Liberal party," said Mr. Lemieux. DRINK CURE A MIRACLE

No. Just Found Science

Many drunkards are sent to jail when they need medicine. Drink has undermined their constitutions, inflamed their stomach and nerves, until the craving must be satisfied if it is not removed by a scientific prescription Samaria. Samaria Prescription stops the craving, restores the shaking nerves builds up the health and appetite, and renders drink distasteful even nauseous. It is odorless and tasteless and dissolves instantly in tea, coffee or food. It can be given with or without the patient's knowledge. Read what it did for Mrs. G. of Vancouver. "I was so anxious to get my husband cured, that I went up to Harrison Drug Store, and got your remedy there. I had no trouble giving it without his knowledge. I greatly thank you for all the peace and happiness that it brought already into my home. The cost was nothing according to what he would spend in drinking. The cure of drink was putting me into my grave, but now I feel so happy and everything seems so different and bright. May the Lord be with you and help you in curing the evil. I don't want my name published."

Now, if you know any unfortunate needing Samaria Treatment, tell him or his family or friends about it. If you have any friend or relative who is forming the drink habit, help him to release himself from its clutches. Write today. A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc. will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write to-day, Samaria Remedy Co. Dept 77 49 Colborne Street, Toronto Canada. Also for sale by Thos. Wran, Druggist, The Rexall Store, Campbellton, N. B.

That little son of Capt. Scott who took his father's picture to bed with him every night during the latter's absence, "to keep his daddy warm," will keep his daddy warm in the hearts of all British folk at any rate.

If Mr. Borden ventures to try to stifle free discussion in the House of Commons on the naval question by proposing the gag, he will very quickly discover that the Liberal party are not going to be overcome by any tyrannical majority. They will show, in no uncertain way, that he cannot ride roughshod over the liberties and privileges of a free Parliament.

MOTHER OF LARGE FAMILY

Tells How She Keeps Her Health—Happiness For Those Who Take Her Advice.

Scottsville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sensitive Wash have done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, Lydia E. Pinkham's Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house.

"I will say also that I think there is no better medicine to be found for young girls. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has helped her.

"I am always ready and willing to speak a good word for Lydia E. Pinkham's Vegetable Compound. I tell every one I meet that I owe my health and happiness to your wonderful medicine."

—Mrs. J. G. Johnson, Scottsville, Mich., R. F. D. 2.

A Parable

And it came to pass that as I journeyed, I came to a country passing fair. And as I went through that land, that I saw that it was rich and fertile, and that the inhabitants thereof were a people strong and fair, and good to look upon. They were wise and cunning in all manner of handicraft and working with tools, and used many curious machines. And I said "Lo, the country is pleasant, and the people are well-disposed; I will abide here many days, and observe this people and this land."

But it came to pass, that as I dwelt there, and went in and out among the people, that I saw many who were of very curious behaviour. For as they went to their work and about the streets of their town, they reeled in their walk, and staggered like those who have been smitten by sudden illness. And there were others who speech was rendered thick, and whose brains were addled, inasmuch that they knew not a precipice from a highway and a safe road. And when I required into the cause of this, the ones with whom I talked told me that they had been bitten by a serpent whose name was Al Kohol.

As I inquired into the appearance and dwelling-place of this serpent, I found it was kept for sale by certain men, and that these tempted others to buy of them; whom, when they bought, were bitten as aforesaid. But there was one very strange thing; once men were bitten of this serpent, they became as fascinated, and were not able to refrain from buying until they had spent all their substance. Whereby the vendor of this serpent gained much gold. But after much biting and stinging of the serpent, the buyer lost health and wealth, and too often died in great misery of body, mind and soul.

They told me too that in old times there were many more who sold this serpent, and that the havoc wrought was so great that men and women were moved to great indignation and grief. Whereupon the counsellors of that nation, after much consultation said to the people "Lo, we will place a high tax upon the breeding of these serpents; and if any man desires to sell, we will make him pay a large sum of money, then there will be fewer that sell, and we shall receive large money for the right, so that we shall be able to have good sidewalks and our streets shall be brightly lighted, and at the same time the taxes and dues of the people shall be lighter."

And they did so, but it was seen that the serpent still bit and stung the people, and so much money was wasted in buying the serpent and caring for those sick of his bite, that there no gain. And little children were hungry, and women ragged and starving, and so the people rose in great wrath and said "This must cease. This serpent shall no longer be sold to bite and destroy our people, and, if any shall sell it, or keep it, he shall be punished. Make the law so."

And the law was made so. But it came to pass that those who had been wont to sell the serpent and had made large money, saw that their hope of gain was gone as they could be fined and imprisoned for that which they had done aforesaid with none to hinder. Then they said "Go to, now, we will make the ears of this people deaf and blind their eyes, that they shall not perceive clearly what is the truth and we will offer much money, and persuade them that it will help them sell this our serpent."

And they did so. For to sore they did shoot out the lip and say, "There is more of the serpent sold now than ever." And to others,

PLAYED WITH DOLLS AND TEDDY BEARS.

Score of Literary and Artistic People Attend "Baby party."

New York, Feb. 22.—A cable to The Tribune from London says:—The freak party craze has reached London. New York itself never devised anything stranger than the "Baby Party" held in the residence of Edward Storer at Bayswater, last night. A score of artistic and literary friends of the host assembled in a room labelled "The Nursery" which was filled with toys, rocking horses, dolls, Teddy bears, popguns, rattles and other playthings. On the walls were placed childish pictures and printed nursery rhymes.

All the men and women, some of them middle aged, were dressed as babies, and wore children's slippers. Some even had short socks. The men were attired in boys sailor suits, short jerseys and "knickers" and the women very short frocks and pinafores.

The amusements were varied. Some of the "babies" looked at picture books, as they sat on stools by the fire, while others prattled to each other of dolls or golly wogs. One "infant" not more than thirty years old, busily engaged herself with a feeding bottle.

For Sale by White Drug Co.

"Do but consider the revenue you lose when you have no longer our license fee to aid the town." And to others, "If you would but allow some few to sell this serpent, they would join with you in stopping those who do not pay for the right so to do."

And when I left that country, there was a division among the people. For some who were slow of heart and understanding had their eyes blinded by the pleas of those who vended the serpent and said "Yea, verily, this is better." But there were others who said, "Not so; for they are liars always and greedy of gain, though their gold be red with blood." And still others said, "These lie, and speak not the truth. But if it were true, should we become partners in our brother's blood? For if we take their gold, they shall have leave to sell the serpent, do we not share in their guilt? And shall we receive gain from the madness and death of our brothers? Not so, lest God also say to us, "Where is thy brother?" and "The voice of thy brother's blood crieth unto me from the ground," and we too shall receive the curse of Cain, who murdered his brother." And there still others said "If we make this thing lawful, then the serpent may sting our own sons and daughters, and lo, we shall have slain our own children."

But I was constrained about that time to leave this fair country so that I know not how this thing should go.

ELECTED MAYOR OF CAMPBELLTON

Albert A. Andrew Accepts Position and Will Fulfill Balance of Term

At the court of nomination held in the Council chambers on Tuesday only one nomination was handed in for Mayor, that of Albert A. Andrew, his nomination paper being signed by over a hundred persons. He was therefore declared elected and will occupy the Mayor's seat during the balance of term of the late Frank M. Murray.

The choice of Mr. Andrew for the post is a most popular one, he being one of the strong men among Campbellton's younger business men.

He occupies the position of traffic manager for the International Railway under Mr. Thomas Malcolm, and is a prominent member of St. Andrew's Presbyterian Church, at present being chairman of the Board of Trustees. Some time ago he added to his activities by taking over the clothing business of the late D. J. Bruce, and is counted one of the town's most progressive merchants.

As the annual election for Mayor takes place in April it is confidently expected that if Mr. Andrew addresses himself to the work of the town as he does to his other business there will be no necessity for an election.

FATAL ACCIDENT ON THE RAILWAY Young Lad Killed by Train near Dalhousie Junction. Word was received here of a distressing accident which occurred on Tuesday evening, whereby the young son of Mr. and Mrs. Wm. LeBlanc lost his life. The accident occurred at Fraser's crossing about two miles west of Dalhousie Junction. The family lived quite close to the track and it is conjectured the lad who had gone out towards the track had slipped down a snow bank going under the wheels of a passing freight. The head was completely severed from the body and badly buried.
