To the Independent Electors of the County of Charlotte.

Gentlemen,

At the request of a number of the liberal and unbiassed Freeholders residing in the Parishes of St. George and Pennicid, I shall offer as a Candidate for your votes, at the coming General Election, and in doing so, I think it my duty, to present you with a summary of my political principles.

I profess to be a Liebralt, yet I do not wish it understood, that I would give the majority power to deprive the rich man of his wealth, or burthen him with taxes, which he ought not to bear.

I have no hesitation in saying that the present system of raising the Revence in New Brunswick is unfair, that it is appressive to the poor, and therefore cannot be sound policy.

I would admit tree of duty, those articles consumed for the most part by the poor, and supply she deficiency in the revenue, by an increased tax on the stricles Knowns. The Export Duty on Hackmatac, I believe to be a direct tax upon the tree, and is paid.
