FOREST FIRES REPORTED

Chatham, N. B., Aug. 31.—Two big forest fires are reported to be raging in the vicinity of Tracadie. One had its origin near Inkerman and is believed to have been started by sparks from the train. The other first showed up at Six Roads and extends to Tracadie wharf. The latter is the larger of the two and extends for seven miles with a breadth of half a mile. The origin of this one is not known, but it is believed to have been caused by carelessness or intention. There are large crowds of men trying to subdue the flames but so far their efforts have not had very much effect. Four cows and 18 sheep were overtaken and destroyed by the flames near Tracadie. Three miles of main road between Six Roads and Green Point was completely closed to traffic Friday by fire and smoke and a detour had to be made by a shore road by those who would pass that way.—Gleason.

Every day we realize we were wrong yesterday, but forget that tomorrow is coming.

LOCAL SCHOOLS BEGIN FALL TERM

Eleven New Teachers on Staffs—198 Permits Issued—160 Of These For Local Children

The Campbellton Schools opened on Tuesday morning for the fall term with a large attendance. New permits to the number of 198 were issued.

Some of these however were for transfers while others were for students from outside districts entering school here. In the town alone 160 local children made their first appearance in the classrooms. There are eleven new teachers on the staff this year, these taking the places of members of last year staff who resigned at the close of the school term. The names of these follow:

BRITISH EDITORS MUCH IMPRESSED

Say Maritime Districts Would Make Good Homes for British Settlers.

St. John, N. B., Sept. 1.—That there was room for wider advertising of the Maritime Provinces and that there was no doubt that they had been neglected, were opinions expressed by members of the party of ten British journalists now touring Canada as guests of the Canadian Pacific Railway, when they passed through St. John last night on their way to Montreal, Toronto, Ottawa and the west of Canada.

The party had completed a tour through the Annapolis Valley to Halifax, making the trip to Yarmouth on the way from here. They were particularly struck by the similarity between the farms of Nova Scotia and New Brunswick and those in the English possession of the Maritime Provinces.

STEWART TO BE MINISTER OF PUBLIC WORKS

Personel of The Cabinet Is Now Fairly Well Decided On.

(Fredericton Gleaner)

The personnel of the new cabinet which will succeed the Veniot Government early in September has been pretty well decided upon, according to members-elect of the new Legislature who have been amongst the many conferring since the election with Hon. J. B. M. Baxter, who is to be called to the Premiership when Hon. P. J. Veniot's resignation is placed in the hands of Lieutenant Governor Todd.

According to one of the members-elect, who was in the city during the week end, the cabinet slate has been definitely settled and, unless changes are made in the meanwhile Hon. Dr. Baxter will submit the following slate when called upon by the Governor to form a cabinet:

Premier and Attorney General—Hon. J. B. M. Baxter.

Minister of Public Works—D. A. Stewart, Restigouche.

Minister of Lands and Mines—C. D. Richards, York.

Minister of Agriculture—Lewis Smith, Albert.

Minister of Health—Dr. H. I. Taylor, Charlotte.

Provincial Secretary and Treasurer—A. J. Leeger, Westmoreland.

Members without portfolio—E. A. Reilly, K. C. Moncton, and either L. P. D. Tilley, K. C. of St. John, or Col. W. H. Harrison, K. C. of St. John.

Reilly Doesn't Want Portfolio

It is understood that Mr. Reilly, because of his extensive and important business and professional connections, is adverse to accepting the responsibilities of a portfolio in the new Government.

There is some likelihood, it appears, of Mr. Tilley being the Conservative candidate for St. John—Albert in the Federal elections and, if Federal elections occur before the Provincial Legislature meets and Mr. Tilley is a candidate, then the selection of Col. Harrison for a place in the cabinet is said to be certain.

H. V. Dickson May Be Speaker

From the same source which came the cabinet slate, it is learned that the big lumbermen of the North Shore have been urging the appointment of J. Leonard O'Brien, one of the members-elect for Northumberland, as Minister of Lands and Mines. He is a member of the New Brunswick Lumbermen's Association.

It is said that H. V. Dickson, veteran member for Kings, is the present choice for the Speakership.

Meanwhile preparations are going on for the winding-up meeting of the Veniot Government on Thursday.

LOCAL MERCHANTS INVOLVED IN AD. SWINDLE

Hayes and Hines, Now In New-castle Jail, Sold Space Here In Their Proposed Publication.

L. T. Hayes and Thos. G. Hines, now up for hearing in Newcastle on a charge of obtaining money under false pretences, did not overlook Campbellton in the course of their activities. Some ten local merchants subscribed for space in the magazine they stated they were issuing and which is alleged to be fraud.

Arrested in Bathurst.

The pair were arrested on Saturday night by Chief of Police Hopkins of Newcastle and taken to that town where the preliminary hearing of their case opened on Monday before Magistrate Demers.

Province-Wide Swindle

The pair, who had, according to records found on them, been operating in several towns in New Brunswick and Quebec, had solicited advertisements for an alleged Catholic publication which they said they were to issue.

In Campbellton.

Arriving here the pair interviewed local merchants and explained their business. They stated that the proposed Catholic publication would contain a history of Roman Catholic Church work here. They had secured a letter from Father McLennan and also submitted this for the perusal of those they sought to interest. Their proposition was evidently well put as several merchants thought it looked feasible and bought space.

One Futile Call

The pair made at least one futile call while in town. Entering a certain local store they approached the proprietor and explained that the names of all those taking space in the new publication would be announced from the pulpit by the parish priest here. They vaguely conveyed the idea that if the merchants realized the value of this they would not miss an opportunity to obtain space in the publication. This however did not meet with this merchants idea of doing business and he informed his visitors that if he had to resort to such measures to get along, he would "sell out his business and move on."

Will Prosecute

Just what will be done in regard to these activities here depends on the proceedings at Newcastle. The merchants interested, however, have requested J. A. Creagan, L. L. B. of that town, to act as their attorney against the pair in the event of their not being prosecuted at Newcastle.

Yesterday Hayes and Hines were remanded to jail until word could be secured as to their operations in Ontario where they are said to have carried on a similar scheme.

GOLF NOTES

The qualifying round for the Montgomery Cup will be played on Thursday, Sept. 10th, at 2.30 p. m.

As this is our Championship Cup, the sixteen lowest scores handed in will play off for the cup.

The draw will be posted in the Club House, and players will be given a week for each round. Any one not able to play in the given time will have to lose by default.

The Mott Lingley Cup is into the hands of Mrs. W. G. Mott is waiting to play either Mrs. W. R. Fitzmaurice or Mrs. A. G. Harrington.

This month will be our last Approach and Putting Competition. To day we are playing a Tombstone Competition, but hope by next week we will all be lively enough to enter the Championship Competition.

DIED AT WESTMOUNT

Don't brag about coming from good people unless the good people brag about you.

YOUNG MENCE RETURNS HOME

Son of H. A. Mence Was Guest of Mr. and Mrs. B. J. Collier While Here.

St. John, Sept. 1.—Harold Mence, 12-year-old son of H. A. and the late Mrs. Mence, who underwent such a terrible ordeal when a sedan bearing himself, his parents, his sister and Miss Carrie Holly of North End, plunged over a cliff on the rugged Gaspe coast a fortnight ago has arrived back home again, being cared for at the residence of E. A. Job, his father's assistant in the Prudential Insurance Co. offices here. While in Campbellton, Master Harold was the guest of Mr. and Mrs. B. J. Collier.

Sad Homecoming.

The lad, who miraculously escaped unscathed in the catastrophe, is the first of the family to return to the city after the fateful event. He will probably begin his studies in North End when the schools re-open Monday. Mr. Mence is still in the Campbellton Hospital as is also the daughter, Kathleen, aged 17.

A Little Hero.

It transpires that Master Harold Mence was a hero in the sad affair. When the car had landed on the rocks, after its long drop, he was first to extricate himself from the wreckage and free his mother. At the time he did not know she was dead. The nurse, Miss Holly, and the boy's sister were both practically unconscious from shock and the father suffering greatly from his injuries. Harold braved his father's face and ministered diligently first aid to the best of his knowledge.

CHARGE NEGLIGENCE OF SHIP'S OFFICERS

Washington, Sept. 1.—The Federal government's investigation of the explosion aboard the Mackinac, Newport, August 18, which caused 52 deaths, resulted yesterday in charges of negligence being placed by the commerce department's Steamboat Inspection Service against George W. Mevey, master of the vessel, and John A. Grant, its chief engineer.

The two officers were ordered to trial September 2 before a local board of local steamboat inspectors for the district of Providence. If convicted, they face revocation of their licences as navigators, and any action against them under criminal laws being in the hands of states attorneys.

DELMONICO'S PLAN

NEW CAFE CHAIN

New York, Sept. 1.—Charles C. Delmonico, who inherited the famous restaurant that bore his family name, was announced today as chairman of a new \$10,000,000 corporation to open three new restaurants in New York city and a chain of these from here to San Francisco.

The corporation will build an ultra-exclusive apartment hotel in New York next year, and later will start Delmonico's restaurants in many cities throughout the country.

"Delmonico's is not dead," declared Delmonico. "It is new places will have the personal touch."

The famous old Delmonico's was recently torn down to make way for an office building.

VOCATIONAL BOARD MET LAST WEEK

Six Vocational Schools Will be in Operation When Fall Term Opens.

The New Brunswick Vocational Board met this morning for the purpose of cleaning up several items of business and of preparing for the resignation of the Provincial Government business requiring action before the meeting. Only a bare quorum was present including Hon. Fred Magee, chairman of the board, George B. Maxwell of St. John, Dr. W. S. Carter, Chief Superintendent of Education, and Harvey Mitchell, Deputy Minister of Agriculture.

The final plans and specifications of the composite high schools to be erected at Campbellton and New-Mann, Miss Katherine, student-nurse were submitted to the board and were approved and passed to the Board of Education, which meets tomorrow, for final action. It was announced that six vocational schools will be in operation with the opening of the fall term.

Reports submitted for the board's consideration showed that during the past school year attendance at the night vocational classes had been increased 38 per cent, as compared with the previous year, while there had also been a 20 per cent. increase in the attendance at the day classes throughout the province.

GLOOMY OUTLOOK OF N. B. LUMBERMEN

Call for Relief for "Heavy Taxation."

The lumbermen of New Brunswick met at Douglastown on Tuesday of last week in conference as to ways and means they can best adopt to not only carry on but if at all possible increase operations in order to give employment and assist in restoring prosperity to the province. The consensus of opinion was that it was absolutely necessary to obtain relief from the present heavy taxation now in force in order to be able to secure the necessary banking accommodation to carry on their operations. Further, it was the unanimous opinion that under present conditions it is not possible to increase operations in any way, or even to continue making lumber with the unfavorable competition now facing the industry in this province. A committee was appointed to deal with the stumpage and other dues, and report back to a later meeting of the Association.

It was moved by W. E. Snowball, M. P., seconded by Richard O'Leary and carried—

Resolved, That in the opinion of the New Brunswick Lumbermen's Association in meeting today at Douglastown, all goods and supplies required in the production of logs, lumber, paper, pulp, and other wood products should preferably be the manufacture of the province of New Brunswick, and purchased from New Brunswick dealers, and failing this should be of Canadian manufacture.

OBITUARY

George Arthur Fenderson

George Arthur Fenderson, younger son of Mr. and Mrs. Charles T. Fenderson, of Jacquet River, passed away on Wednesday, August 26th, at the Royal Victoria Hospital, Montreal, after an illness borne with Christian fortitude and patience. Until this year, he had always enjoyed robust health, and was keenly interested in outdoor sports. He was a former student at Mount Allison Academy. A general favorite in the community, his demise was a great loss.

He is survived by his parents, and by two sisters, Mrs. J. Reid, of Cardale and Mrs. J. Reid, of Cardale. He was also a fine exhibition of youthful amateur boxing. A heavy wallow received in the blood rather profuse, but he paid very little attention to this and put a game fight. The two youths were pretty evenly matched for weight. Tolly weighing 105 pounds and young McNaughton 107.

A Successful Event.

The attendance at Monday's sport event was very satisfactory, many port lovers from various sections of the country being on hand for the bouts. A good number of local ladies were also in attendance.

Mr. J. W. Howard opened the evening's entertainment with a brief but fitting remarks and introduced the different contestants. The affair was a success in every respect and it is hoped that the promoted may see their way clear to arrange for another similar event during the autumn.

"EGG O MY HEART"

The name of "Michael" was inadvertently omitted from the cast of characters in last month's issue. As a matter of fact the part is not yet filled. Applicants for this important role need not consider beauty an essential.

POTATO YIELD NOT UP TO AVERAGE

Department Says Only Sixty Per Cent. This Year—Other Crops Good

Fredericton, Sept. 1st.—The New Brunswick Department of Agriculture crop report issued today states that the potato crop of the Province is disappointing. At this date the estimate of the crop is sixty percent of the five-year average, about 7,250,000 bushels. Cobs already has taken many of the Irish Cobbler's dug about the middle of the month, which did not yield heavily. Green Mountains have suffered from "Late Blight." Grain is reported half harvested with oats threshed from the stock in the field. Grains and roots are yielding well or giving good promise.

The full report, is:—

Grain Half-Harvested

During the past two weeks of prevailing fine weather farmers have rushed the haying and harvesting operations and have dug a considerable acreage of early crop potatoes for export to Cuba.

Haying on uplands is practically completed and is well under way on the Westmorland county marsh and other late hay producing areas. Cutting of grain has been carried on simultaneously with haying and approximately one-half the acreage of wheat, oats and buckwheat has been cut.

Oats and Wheat.

Threshing from the stock in the fields will be done this year to a greater extent than formerly on account of the luxuriant growth of the straw and the shortage of barn room. In Carleton county oat threshing is in progress. The yield is above the average—approximately 40 bushels per acre of such fields as have been threshed. The wheat crop in this county will yield twenty-five bushels per acre. The Hessian fly is present in wheat in the counties of York, Carleton and Victoria where some fields shown an infestation to the extent of 5 per cent of the plants.

Pasture is plentiful and shows a good proportion of red clover. Roots look promising for a large crop.

Potatoes Disappointing

Those potato crop is disappointing. Those who expected that the rank vine growth indicated more than an average yield have had reason to revise their estimate of the crop. The earliest digging was during the week ended the 15th. Many fields at that time produced less than 60 barrels to the acre and the average yield of Cobbler's will not exceed 70 barrels. Many fields of Green Mountains have suffered severely from "Late Blight" and such fields will not exceed the yield from Cobbler. At this date the estimate of the crop is sixty percent of the five year average 1920-24, and sixty percent of last year when the crop was thirteen million bushels—being seven and one quarter million bushels. The decrease in the average of certified seed this year is approximately the same ratio, and a large percentage of the certified Cobbler's will be sold on the early market.

MEMBERSHIP OF THE NEWLY FORMED CLUB IS REPORTED AS STEADILY INCREASING

Effort Being Made To Enlist Only The "Live Ones" As Members—Campbellton Man Expresses His Opinion Of The Undertaking—The Experience In Other Provinces—A Benefit From "Home Tourists" Is Pointed Out.

Further word from the officials of the newly organized Gaspé Coast Automobile Club divulges the good news that the membership is still New Brunswick and Campbellton growing and that the immediate out-look for the progress of the new club's work is very encouraging. One fact which argues well for the project is that an effort is being made to enlist as members only those who can be depended upon to take an active interest in the outlined program and exert energetic in behalf of it.

An Outsider's Opinion

There is no doubt but what all residents of the Gaspé Peninsula will be heartily in accord with the purpose of the new association but it is also interesting to record the opinion of outsiders in connection with this progressive undertaking. Following is a Campbellton business man's opinion of the matter, expressed to the writer on learning of the formation of this new club.

"In undertaking to promote good roads in the Gaspé Peninsula, the Gaspé Coast Automobile Club has undertaken a very necessary work at an opportune time. Tourist traffic is only beginning to assume really important proportions in this part of the country. This territory, the whole Bay Chaleur district, is comparatively new to the tourist, and in the next few years this traffic will doubtless amount to something worth while. If Gaspé is ready she will get her share—but, on the other hand, if she isn't she will have no one but herself to blame. And her loss will be considerable. With her comparatively few industries I don't see how she can afford to lose such an addition to her revenue.

"Home Tourists"

Besides the large influx of strangers that would visit Gaspé each year if her roads were worthy of her attractions, there would be a great many "home tourists" spend vacations on the Gaspé Coast. By these

the acre and the average yield of Cobbler's will not exceed 70 barrels. Many fields of Green Mountains have suffered severely from "Late Blight" and such fields will not exceed the yield from Cobbler. At this date the estimate of the crop is sixty percent of the five year average 1920-24, and sixty percent of last year when the crop was thirteen million bushels—being seven and one quarter million bushels. The decrease in the average of certified seed this year is approximately the same ratio, and a large percentage of the certified Cobbler's will be sold on the early market.

ADVERTISING DID IT

Wrigley, the chewing gum man, has explained how he built up a business of millions of packages a day.

He had done it by sticking to his one line and advertising it. He spends over a million dollars a year in buying newspaper space to tell the world about 5 cent chewing gum. He has educated people to chew gum and to chew Wrigley's. He did not stop shouting as soon as he attracted attention.

He says you must keep it up or the buyers will forget you. Whether yours is a 5 cent or a \$50,000 business, keep telling about it.

EMPIRE WOOD USE URGED BY BOTANIST

British Railroads Turn to Foreign Timbers, Scientists Are Told.

London, Aug. 31.—Before the British Association at Southampton, Alexander Howard, of the botany section, read a paper to-day stating that, unless a system of reforestation was adopted, the world soon would face a serious timber deficiency. He especially advocated encouragement and use of Europe-grown timber, stating that British railway companies, which in pre-war days used hardwoods which are obtainable within the Empire, now demand Russian and German oak and

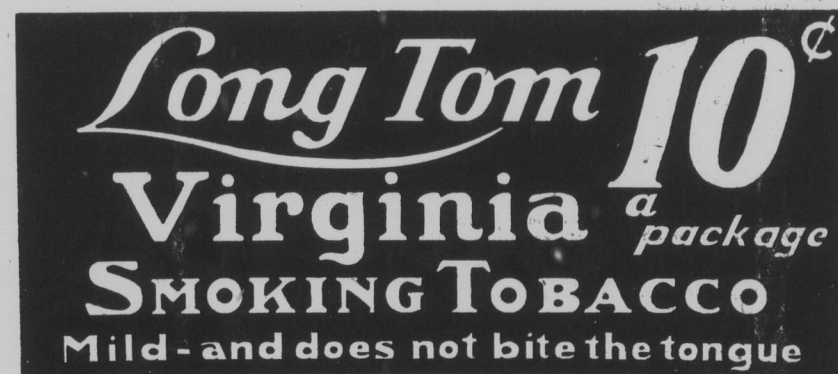

American mahogany and walnut. Recently the railway issued a demand for American walnut "sawn by American workmen in America." The cost of carrying lumber 80 miles to London, he said, was equal to the import rate from the United States.

HIGH SCHOOL CONVOCATION AT NEW CARLISLE

BRILLIANT GATHERING AND IMPRESSIVE CEREMONY MARK MEMORABLE EVENT THERE

Dr. Parmelee Congratulated School and Staff On Their Marked Success In The Provincial Examinations—Hon. John Hall Kelly, Rev. deGrouchy P. Emile Cote and Others Spoke Encouragingly—A Lengthy List Of Prize Winners—Presentations To Principal Harold McQuat And Tribute Paid His Work On The Coast.

(Special To The Graphic)

The annual High School Convocation at New Carlisle, on the 21st inst., was especially brilliant this year because of two distinctions: This School is amongst the foremost in the Province in its examination record. Of twenty-five pupils presented, twenty-four passed. Relatively to the number of pupils presented it may be that this constitutes a record for 1925. Secondly many prominent men honored the Convocation with their presence and encouragement. There were upon the platform Dr. Parmelee, Deputy Minister of the Department of Public Instruction, The Hon. John Hall Kelly, M. L. A., Mr. Paul Emile Cote, M. P. P., the local clergy, Mr. J. S. Gordon, Manager of the Railway, Mr. J. R. Hughes, Manager of the Bank of Nova Scotia, Mr. J. B. S. Mitchell, Mr. G. P. LeGrand, Mr. E. W. Sheppard, County Sheriff, The Rev. L. J. King, Inspector of Schools, Members of School Board, Mr. J. Harold McQuat, Principal of the High School, and others.

happened the most inspirational hitherto, held, was concluded, the Rev. Mr. McQuat presented the following resolution, of appreciation which was seconded by Mr. B. W. Law Secretary of the School Board and carried unanimously.

The Resolution

That this meeting, representative of the school district and to some extent of the whole constituency which our High School and our School Residence seek to serve, would hereby express and accordingly does express its genuine appreciation of the services of Mr. McQuat to the cause of education upon this Coast during the term of his principalship of our High School.

Mr. McQuat is eminently a teacher, an organizer and a disciplinarian. He has brought our school to its present fine position. He has introduced and nurtured a school spirit, an esprit de corps that is most valuable. The results obtained in the Provincial Examinations are but one though a very splendid example of the services he has rendered.

Great Gathering.

The Parish Hall was filled to capacity, main floor and gallery. Mr. J. C. Gilker, Chairman of the School Board, presided.

Dr. Parmelee.

After the prizes had been awarded addresses were delivered, the chief speaker being Dr. Parmelee. The doctor told us of a meeting with the New Carlisle people held thirty-three years ago, when he, with the late Dr. Robins, conducted an Institute for a whole week. The doctor congratulated the school and the staff in that they had achieved such marked success in the recent Provincial Examinations, and encouraged us to go on, with the assurance that the Government is sympathetic, and that he is himself in full accord with all our aspirations.

Rev. Dean DeGrouchy.

The Rev. Rural Dean DeGrouchy praised the School Home for Girls which the Presbyterians have erected, and which they and the Anglicans are utilizing in common, and expressed the hope that ere long the Church of England may build a similar hostel for boys, in which case its privileges will be extended to Presbyterian boys as freely as the same are enjoyed by the Anglicans in the Girls Residence, but he also stated that the building of this hostel by the Anglican Church was contingent upon their being assured of the future success of the High School, financially and otherwise.

Hon. J. H. Kelly

The Hon. John Hall Kelly argued that this School, of which we are so proud, must be maintained at the present standard in the interest of Protestant education upon the Gaspe Peninsula, and that to this end the Government must continue to grant substantial assistance. Mr. Kelly pled with Dr. Parmelee to exert his influence in this behalf. This the doctor, later in the evening, promised to do.

Mr. P. E. Cote

Mr. Paul Emile Cote M. P. P. followed Mr. Kelly in a speech no less sympathetic, promising his own assistance in every worthy effort the people may make to secure continued and enlarged government grants, in the hope that the whole coast may come to find adequate opportunity for the training of their boys and girls in pre-university study, so that it may be no longer necessary to send any away for instruction before the university grade.

The Principal.

At this point Dr. Parmelee in the name of the people presented Mr. McQuat, for three years principal of the school, with a fitted club bag; and Mr. Gordon in his own name presented him and also Mr. Sharpe who was affectionately associated with him on the school staff with a purse of gold. Here the meeting, which was per-

haps the most inspirational hitherto, held, was concluded, the Rev. Mr. McQuat presented the following resolution, of appreciation which was seconded by Mr. B. W. Law Secretary of the School Board and carried unanimously.

Mr. McQuat is eminently a teacher, an organizer and a disciplinarian. He has brought our school to its present fine position. He has introduced and nurtured a school spirit, an esprit de corps that is most valuable. The results obtained in the Provincial Examinations are but one though a very splendid example of the services he has rendered.

We would not forget the great work of the staff, and mention particularly Mr. Sharpe who is with us to-day. We trust that these gentlemen may have great satisfaction in the work they have undertaken in Montreal for the coming school year.

We recognize that we can splendidly exhibit our appreciation of the work accomplished in our High School by maintaining it, and to this we pledge and commit ourselves. Moved by Jas. F. McQuat. Seconded by Mr. B. W. Law.

Mr. McQuat thereupon conveyed this sentiment to Mr. McQuat and handed him a copy of the resolution. Mr. McQuat expressed his sincere thanks and declared that he would express his mind more fully in a letter later on.

Thereafter with cheers and the National Anthem this really splendid meeting was concluded.

Prior to the evening meeting, under the direction of Mr. Sharpe, the pupils both boys and girls presented an athletic exhibition embracing calisthenics, pyramids, races and basket ball in the gymnasium.

Unwanted Activity of Rum Runners Along Canadian Border at Present.

Toronto, Aug. 31.—Rum running from Canada to the United States may receive what will probably be its death blow when the new treaty between Canada and the United States comes into effect, which prohibits accounts for the unwanted activity of rum runners along the Canadian border at the present time, Wayne B. Wheeler, general counsel of the Anti-Saloon League of America, today said.

According to the provisions of the Canadian treaty, which is reciprocal, Mr. Wheeler said, officers of the United States and Canadian Governments shall, on request, furnish information to the other Government concerning clearances when the articles are subject to duty and also when there is ground to suspect that the owner or those in charge of the vessel intend to smuggle goods into the other country.

"Clearance papers will also be required when it is evident from the tonnage, size and so forth, that the vessel in question cannot carry the cargo to its destination. Customs and other authorities on request shall attend trials as witnesses and produce such records as may be required," Mr. Wheeler said.

"The regulations to put this treaty into effect are now pending and we are hopeful that they will help to eliminate the liquor traffic at the border," Mr. Wheeler added. Regarding conditions in the U. S., Mr. Wheeler was emphatic in the statement that prohibition sentiment is growing tremendously in the republic with the passing days, that the consumption of alcoholic liquors has been reduced to a mere drop in the bucket compared with the mighty ocean of liquor that used to flow annually in the old days and the people of the United States are healthier, wealthier, happier and better off every way without it. "The plain fact of the matter is that liquor today is difficult to get, dear to buy and dangerous to drink."

CAMPBELLTON, N. B. SEPT. 3, 1925.

A GOOD START

The boxing bouts staged in the Skating Rink here on Monday night, under the auspices of the Campbellton Police Department were an exhibition of good, clean sport. Those who faced off in the "squared circle" all put up a game fight for honors and the different contests were both fought and handled in a sportsman-like manner.

That the event was enjoyed by those who attended was evident both from the hearty applause and the numerous comments heard on all sides since the bout. It was the first affair of this kind held in Campbellton in the last decade but from the large attendance it is apparent that the love of clean, manly sport still prevails in the average citizen despite the fact that we see so little of it here. In the old days boxing was considered by many to be a rather brutal pastime and essentially of a barbarous nature appealing only to the rougher element.

With the revision of rules and the entry of a better class of aspirants the game today is clearly on a more elevated plane of sport. It requires clean living and good habits to excel, and, by token of this, impresses at least the youthful spectator with something of the necessity of physical fitness to compete successfully in either sport or business life. It is to be hoped that as time goes on, more sports of a varied nature may be successfully promoted here. Although many people may not be directly interested in boxing, Mondays event is a good beginning on behalf of more athletics. In order to promote sport it is necessary to create an interest and an atmosphere and this is evidently a good start in the right direction.

WEDDINGS

Corey-MacCallum
A very pretty and interesting wedding took place in the First Baptist Church here yesterday morning at 8.30 when Miss Inez Wyers MacCallum, second daughter of Mr. and Mrs. F. C. MacCallum, of this town became the bride of Mr. Albert Bickmore Corey, son of Dr. and Mrs. H. Y. Corey of Wolfville. Rev. Dr. Camp performed the ceremony, in the presence of a large number of

friends of the couple. The Church was nicely decorated with ferns, potted plants, golden glow and mauve sweet peas.

The bride who entered the church on the arm of her father, looked winsome in a gown of white crepe de chene with pearl trimming and a bridal veil of white net with old Spanish lace and orange blossoms. She carried a bouquet of Butterfly March from Lobengrin was played and Ophelia roses. The wedding by Miss Olive Ferguson, cousin of the bride.

Miss Dorothy Reid was maid of honor and was attired in a gown of mauve crepe de chene with black hat and carried a bouquet of yellow roses and mauve sweet peas. Miss Gloria MacCallum, sister of the bride acted as bridesmaid, and was attired in a gown of gold crepe de chene with black hat, she carried a bouquet of mauve sweet peas and yellow roses.

Little Miss Maurine Ferguson as flower girl was dressed in yellow and mauve crepe de chene with Juliette cap and carried a basket of rose petals and sweet peas.

The groom was supported by Mr. Harold McCready of St. Stephen. Mr. Geo. MacDonald and Mr. Everett Henderson acted as ushers. During the singing of the registrar's song "O, Happy Home".

After the ceremony a sumptuous wedding breakfast was served at the home of the bride. Assisting in serving were: Misses: Edith Jones, Elizabeth Corey, Vera McBeath, Gladys Wyers, Etta Wyers and Grace Calder.

The brides going away costume was an ensemble suit of dark grey point twill with purple and grey shot trimmings, with hat to correspond and platinum fox stole.

Godin-LaPointe

A pretty wedding took place on Tuesday, Aug. 25th, when Arthur Godin, Salesman, with the firm of A. & R. Loggie, Ltd. Dalhousie, was united in marriage to Miss Gertrude LaPointe, of Point LaPine. The ceremony was performed in the Convent Chapel, by the Parish Priest of Dalhousie, Rev. Father J. A. Hart. The witnesses were: Bernice Walsh and Miss May Godin. A dainty breakfast was served at the home of the bride. The happy couple will make their in Dalhousie, where they have many friends.

Findlay-Metzler.

A very pretty wedding was solemnized at 12.30 o'clock today when Miss Doris Irene, younger daughter of Mr. and Mrs. A. E. Metzler, was united in marriage to John Findlay, son of Mr. and Mrs. J. Findlay, Toronto.

The ceremony, which took place at the home of the bride's parents, was performed by the Rev. Dr. T. Porter Drumm, of Newark, N. J., in the presence of the immediate friends of the bride and groom. The bride, who

was given in marriage by her father, was attired in a navy blue and fawn ensemble suit and wore a black hat with touches of gold. The house was tastefully decorated with gladiolus and sweet peas.

Following the ceremony a buffet luncheon was served. The Misses Treva McCoy, Nellie Lynds, Frances McNevin, Jean Armstrong and Emma Atkinson assisted in serving. Mrs. W. U. Appleton poured, Mrs. J. A. Hamilton cut the ice and Mrs. George Armstrong, Mrs. Reginald Skellington and Mrs. Charles Grant replenished.

Mr. and Mrs. Findlay left on a two weeks honeymoon to Montreal, Toronto and New York. On their return they will reside in the city.

Among the out-of-town guests were: Mrs. James McWilliam and Mrs. O. J. Gray, Salisbury; Mrs. W. McD. Metzler, Campbellton and Harold F. Jones, Halifax.

MacGregor-Fairbanks

Sackville, Aug. 28-The Mount Allison circles hear with interest of the wedding of one of the University Professors Donald Gordon MacGregor, Professor of Physics, which took place in Windsor, N. S., on Tuesday when he married Miss Frances Oxley Fairbanks, daughter of Mrs. Fairbanks, Windsor. The bride is one of Windsor's most popular young ladies and has been assistant director of Household Science at Mount Allison. The ceremony was performed by Rev. F. E. Barrett, Professor and Mrs. MacGregor will reside in Sackville.

Gallagher-Mill.

One of the most beautiful weddings ever witnessed at St. Jule's took place on August 18th, when Mary Ida, eldest daughter of Mr. and Mrs. Hugh Gallagher was united in marriage to Mr. John T. J. Mill of Maria. The church was especially decorated for the occasion and beautiful hymns were rendered by Alph. Guibé, Ag. Paris, H. LeBlanc, Mrs. Aug. Boudreau and others with organ and violin accompaniments.

The marriage, which was performed in the Sanctuary of the Church was solemnized by Reverend Jacques Boudreau, African Missionary, who is a cousin of the bride.

The bride was becomingly attired in a navy blue fur-trimmed ensemble

suit with black velvet Gloria Swanson hat and carried a bouquet of lilies of the valley, sweet peas and maiden hair fern.

After the ceremony a reception was held at the bride's parents where dinner was served to a number of relatives and friends.

The happy couple, accompanied by a number of friends, motored to Campbellton, leaving the same night on the Limited en route to Quebec, Montreal, and Ottawa where they will spend a short honeymoon.

Besides a large number of guests form the parish we note at the Church: Mrs. Gertrude Bujold and little son, Chandler; Mr. André Paris, Grand River; Father Jacques Boudreau, Angeline and Laurie Louisen, Ray Louisen, Alena Carey, Jos. M. Carey, Paul Martin, Campbellton; Mr. and Mrs. Alex. Irving, Morton and Ray Irving, Matapedia; Miss Helen Mill, Frank Mill, Mr. and Mrs. F. B. Clapperton, the Misses Alma Hectorie and Gertrude Clapperton, Rita Mill, Leonard Mill, the Misses Freda and Maryanna Boudreau, John and Wilfred Clapperton, Ph. Boudreau, Alphonse Guibé, Hector LeBlanc, A. Langlois, Maria; Mrs. and Miss Coté, Quebec.

On their return Mr. and Mrs. Mill will reside in Maria.

THE SALVATION ARMY

Harvest Festival Effort.
We find that to-day the Salvation Army is of growing interest throughout the world and even in the Maritime Provinces one can see this same interest being exercised. Around this time of the year the Salvation Army makes an appeal known as the Harvest Festival Effort and this effort affords an opportunity to all of expressing in a practical way their appreciation of the goodness of God during the year.

Three things the Army is seeking to accomplish:
To relieve the temporal needs of those in suffering, in sorrow and in want.
To spread the knowledge of Jesus Christ throughout the world.
To organize a force of Godly men and women to fight against vice for the honor of God and the happiness of this life and the next.
Three things the proceeds of this effort will help:
Assisting the Local Corps.
Training of officers for Army work.
Maintain the Army's Evangelistic Operations.
This is the Local and Home Service fund known as the Harvest Festival effort. Kindly help when the collector calls. —Aug. 27-2wk.

Some Popular New Recipes

Chili Sauce

1 pk. ripe tomatoes, 2½ cups sugar, 6 onions, 3 tbsps. salt, 3 red peppers, 1 tbs. cinnamon, 1 tsp. cloves, 1½ pts. vinegar.

Boil and chop finely onions, tomatoes and peppers. Add other ingredients and boil several hours, or until thick. Bottle while hot. Very good.

CATHERINE A. TAUNTON.
70 West Eagle street, East Boston.
(Too much sugar, use 1 cup.)

Orange Marmalade

(It was awarded first prize at the National Orange Show at San Bernardino, Cal.)

Use 3 oranges and 3 lemons. Cut off thick end and slice very thin. To every cupful of pulp, add 3 tbsps. of water, and let all stand 24 hours. Then boil 10 minutes and set aside another 24 hours.

Measure in tbsps., and to every cupful add 1 scant cup of sugar; put pulp on stove and when it begins to boil, add sugar. Stir just a little so sugar will not settle, and boil slowly 45 minutes. Skim often. This amount will make 17 glasses of marmalade, using medium sized oranges and lemons. This makes a delicious breakfast appetizer.

MRS. W. BRANDON.
45 Indian Point, Newport, R. I.

Spiced Peaches.

4 lbs. peaches, 1 tbs. cinnamon, 1 cup vinegar, 1 tbs. cloves, 3 lbs. brown sugar, 1 tbs. ginger, 1 teaspoon salt, 1-8 teasp. cayenne pepper.

Boil sugar and vinegar; scald peaches, remove skins and cook in syrup. Tie spices in a muslin bag and cook with peaches. When peaches are tender, pour into stone jars. Boil syrup every day for 6 days; pour it, when boiling, over peaches.

MRS. E. E. RICHARDSON.
334 Ohio street, Bangor, Me.

Mustard Pickles.

(These are very nice. They have been used for years)

1 qt. small cucumbers, 1 qt. med. size cucumbers, 1 qt. button onions, 1 extra large or 2 medium sized cauliflower, 2 green peppers, and 2 red peppers, seeded and chopped fine.

Pour over the above ingredients a brine made of 4 quarts of water and 1 pint of salt; let stand 24 hours; heat to a scalding point and drain through a colander. Mix 1 cup flour, 6 tablespoons dry mustard, 1 tablespoon tumeric with cold vinegar, then add 4 cups of sugar and 2 quarts of the best cider vinegar; boil until it thickens, being careful not to burn; add vegetables; cook until heated through. Do not cook long, as it makes the vegetables too soft.

Mrs. Henry H. Gross.
435 Post road, Biddeford, Me.

String Beans Au Gratin

2 cups cooked string beans, 1 pt. white sauce, 1 cu. grated cheese, 1 cup cracker crumbs, bits of butter, salt and pepper to taste.

Put the cooked string beans into buttered baking dish. Pour over them the white sauce. Then sprinkle over this the grated cheese, and lastly put the cracker crumbs and bits of butter on top. Season all with salt and pepper to taste. Bake for about 15 minutes in a hot oven, or until nicely browned. This is an excellent way to use up left-over string beans.

Stewed Cucumbers

Pare the large cucumbers, cut lengthwise into four parts, and remove the large seeds. Soak them half an hour in cold water. Cook in boiling salt water to cover until tender. Drain off the water. Add a little butter, salt and pepper, and when well heated, serve on toast, or make a thin white sauce and pour over them. Try them.

LITTLE NANCY burst into the drawing room.

Aluminum Kitchen-Ware Gains Favor of Housekeepers

The aluminum kitchen is the last word in modern housekeeping. Though the initial cost of the very best quality may be rather high, still, for the woman who is going to do her own cooking and give the wares the most intelligent care and careful treatment, it is not an extravagant investment.

The ware is so light to handle that it endears itself to the user. It is also very easy to keep clean and bright, are easy to use, inexpensive to clean it quickly after each time of its using. The prepared wire wool, which may be had in several forms and the different powders that are recommended to keep the ware bright, are easy to use, inexpensive to buy, and should always be at hand with plenty of soft cloths.

In almost every kitchen there are a few things—not of the ware that predominates—that seem to be necessities. Among them there is likely to be a steel frying pan, an iron pot, needed for such cookery as hasty pudding, trying out of lard or melting down soap (for there are still housewives who do these things, as their grandmothers did before them.) Then there are a few pottery ramikins, always a casserole dish, and perhaps a few of the glass dishes that are popular because they may be sent directly from the oven to table without transfer of their contents.

Beyond these few exceptions, the aluminum is the principal ware used.

As a rule, most kitchens are too crowded. There are more utensils on the shelves than are needed or likely to be used in the ordinary family. This makes extra work and care, and if they are stacked away they are apt to be forgotten except on cleaning days. There are many utensils that can be used interchangeably if they are carefully washed and cleaned, for they do not retain odors unless neglected.

A selection should include three saucepans, graduated in size; one potato pot, of medium size, with the strainer in the cover; one boiling pot or kettle of good size for general use. A wire lettuce basket is another convenience not to be overlooked. A steamer should be of good size, for there are many vegetables that modern cooks are steaming, as well as some game and the various puddings. The water kettle under the steamer comes in handy for other special uses.
