GERMANY AGREES TO SIGN PEACE TREATY, IS REPORT

GERMAN NATIONAL ASSEMBLY REPORTED TO HAVE AGREED TO SIGN THE PEACE TREATY

Another Dispatch Says That Germans Have Requested an Extension of the Time Limit in Order To Give Further Consideration To Conditions.

London, June 20.—The German National Assembly at Weimar has accepted the peace treaty, according to an Exchange Telegraph dispatch from Paris.

ASK FOR FURTHER EXTENSION.

Paris, June 20.—It is reported here that the Germans have asked for a further extension of the time limit within which to act on the peace treaty.

WILL SIGN WITHOUT DOUBT.

London, June 20.—The signing of the peace treaty by Germany, an Exchange Telegraph dispatch from Copenhagen, quoting advice from Weimar says, is as certain as if the signature had already been put to the document.

FOUR CABINET MEMBERS FAVOR SIGNING.

Coblenz, June 19.—Four members of the German Cabinet favor acceptance of the revised peace terms, according to the correspondent of the Cologne Zeitung, telegraphing from Weimar. Those who favor signing the treaty, his dispatch said, are Matthias Erzberger, Johannes Bell, Gustav Noske and Eduard David.

The Frankfurt Zeitung, editorially has taken a firm position in favor of the acceptance of the treaty. The newspaper says that the most desperate move of all would be to allow the Allies to force Germany to accept peace by further military advances into parts of Germany now unoccupied by them.

GRAND LODGE I. O. O. F. TO MEET IN LONDON NEXT YEAR

London is to be the scene of the Grand Lodge, Independent Order of Oddfellows, in June, 1920. This was decided at the annual meeting in Toronto this morning, and the news will be welcomed with joy here.

Some time ago the chamber of commerce urged that the city make every effort to bring the grand lodge here, and J. H. Lawson was appointed, with representatives of the city council, to go to Toronto today and offer the Oddfellows hospitality. They were empowered to state that the C. of C. would give a handsome silver cup for the lodge which had the most men present in uniform.

The acceptance of London as the meeting place means that from 1,000 to 1,500 visitors will be here for some days.

STEAMER MONTEAGLE DOCKS WITH TROOPS FROM SIBERIAN TRIP

Victoria, June 19.—The steamer Montague docked here today with 747 Canadian members of the Siberian expeditionary force on board, under command of Major-Gen. Elmslie. There were 63 officers in the party. The vessel carried 600,000 tons of army supplies. She left for Vancouver later. Eight Russian stowaways were discovered on board. They had hidden themselves away and later managed to secure possession of some Canadian uniforms.

FRENCH POLITICIAN DOUBTS WHETHER GERMANY CAN PAY

Paris, June 19.—On discussing the proposed budget for the coming year in the Chamber of Deputies today, Raoul Paret, head of the budget committee, said it was impossible to expect Germany to meet the cost of rehabilitating regions devastated during the war.

What's Doing Tonight?

THEATRES.
Grand—May Allison in "Castles in the Air." Grand vaudeville.
Majestic—William S. Hart in "The Money Czar" and vaudeville.
Patricia—Madge Kennedy in "Daughter of Mine" and vaudeville.

OTHER EVENTS.
Exhibition—Official war pictures at the Armories.
Art Exhibit—Manual training and domestic science work by public schools, Ryerson School.
Kiwanian Lodge, No. 64, A. F. and M. L.—Meets at Masonic Temple at 7:30 p.m.
Metal Trades Council—Meets at 8 o'clock, corner of Adelaide and Dundas streets.
H. D. S. A.—Meets in new club rooms at 8 p.m.
Peony Society—Holds flower show in hydro building.

BOLSHEVIKI TO BE LIKE RATS LEAVING A SHIP

Magistrate Miers of Windsor Sees End of Radical Element.

Windsor, June 20.—"The spirit of the right-minded people will prevail, and before long the Bolsheviks will be like rats leaving a ship," said Justice Magistrate Miers in police court today, when commenting upon the provocation plea entered by Barrister Fred Kerby on behalf of Constant Bajoko, a Russian, charged with assaulting Michael Knolopka, a fellow countryman, who is alleged to have been active as a Bolshevik organizer in the border cities.

On the night of June 16, Knolopka was beaten up and kicked by the accused for soliciting subscriptions for Red literature and the Bolshevik cause. "Bajoko is to be commended for his action," said the court, "but he should not have taken the law into his own hands. He found him guilty of common assault and imposed a nominal fine of \$5." Bajoko admitted the charge, and claimed that the Bolsheviks in the border cities sneered at him because he would not join the movement, and believed in God and the church. The crown will further investigate Plaintiff Knolopka, who admitted that he was not engaged in work of any kind.

URGES EMPLOYERS TO ORGANIZE AS MEANS OF AVERTING STRIKES

Toronto Man Advises That Plan Be Adopted At Once.

TO COMBAT UNREST
Kiwanis and Rotary Clubs of Montreal Considering Action.

Montreal, June 20.—In the course of a fighting speech to the Kiwanis Club yesterday, James G. Merrick, secretary of the Employers' Association of Toronto, urged a representative gathering of employers to form an employers' organization on a strong basis, and to make plans to combat the growth of revolutionary sentiment amongst employees. He especially urged that as the workers were organized and apertained drifting toward dangerous channels, the employers should organize and take steps to combat the danger of socialism, or even Bolshevik tendencies.

At the close of the meeting it was stated that the Kiwanis Club was taking steps with the Rotary Club and other representative associations of the employers' class, to do whatever might be necessary to handle the situation as developed with regard to the more advanced Socialist elements. Mr. Merrick argued that if such steps were not taken here Montreal might see a repetition of the Winnipeg troubles, which had only been averted in Toronto by a strong association of employers.

MARTIAL LAW IS PROCLAIMED AT HAMBURG HARBOR

Drastic Action Necessary Because of Raids On Food Depots.

Copenhagen, June 20.—Martial law has been proclaimed in the entire zone of Hamburg harbor as a consequence of an increase in raids upon food depots.

PRESIDENT ELECT OF BRAZIL IS WELCOMED TO UNITED STATES
New York, June 20.—Dr. Pessoa, president elect of Brazil, was welcomed to New York early today by a special committee of welcome when the United States transport Imperator arrived in the harbor. With the members of his party, Dr. Pessoa was transferred to the Imperator last Monday from the French cruiser Jeanne d'Arc, which became disabled near the Azores Islands.

A HAPPY WOMAN

POLICE CALLED WHEN THIS WILD EDITOR GETS GOING BEFORE HIGH COST OF LIVING BOARD

John R. Robinson, Summoned For Editorials, Tells E. W. Nesbitt He Has "Less Brains Than Donkey"—Then "Cop" Was Asked To Step In.

Ottawa, June 19.—Proceedings before the cost of living committee this morning were such as are rarely paralleled before a committee of parliament. John R. Robinson, editor of the Toronto Telegram, had been called in regard to certain editorials he had written on the work of the committee, and from beginning to end it was one long cross-fire of altercation. Mr. Robinson had not taken the oath many minutes before he had a sharp tilt with Mr. Devlin. A little later he and E. W. Nesbitt, M.P., were both standing and gesticulating at each other.

"Sit down!" Mr. Nesbitt shouted.
"You have less brains than a donkey!" retorted Mr. Robinson.
"I won't sit down."
"You have no sense of dignity!" Mr. Nesbitt shouted in reply.
The chairman interposed, and suggested a policeman.
The committee decided to send for the sergeant-at-arms. Eventually the sergeant-at-arms, wearing his sword, gravely walked up to the committee table, but he only stayed a few minutes. A policeman came into the room to take his place, and followed the proceedings with an amused smile.

SWITZERLAND PREPARES TO PROTECT FRONTIERS

Special Arrangements Made in Case Germany Refuses To Sign.
Geneva, June 19.—Special military arrangements have been made by the Swiss Government for eventualities in case the Germans refuse to sign the peace treaty. Picked Landwehr forces will be re-mobilized tomorrow for the opening of the Methodist Centenary Exposition, which will continue at the State Fair grounds until July 13.

COUNT VON BERNSTORFF MAY BE MADE "GOAT" FOR HIS MISDEEDS

Berlin, June 19.—The question as to who will sign the treaty was urgently discussed by the cabinet at Weimar today. Even the party leaders favoring signing do not wish the responsibility of subscribing to the document. It has been suggested that Count von Bernstorff, former ambassador to the United States, is the man to bear the onus, "as a sort of justice for his misdeeds in America that led to his recall and the entry of the United States into the war."
Bernstorff, however, does not wish to sign the treaty and thereby make himself the best hated man in Germany, whereas now he is one of the most popular.

The situation is changing rapidly. It does not remain the same for two hours in succession. The latest reports, however, which seem to be reliable, indicate the appointment of Gustav Noske as premier, which, it is considered, would be equivalent to the setting up of a dictatorship.

Scheidemann Ministry of Germany Falls; Likely To Be Succeeded By Cabinet That Will Sign the Peace Treaty

5,744 CANADIAN SOLDIERS HOME ON AQUITANIA

Largest Number of Dominion's Fighters Ever Returned On One Ship.

DOCKED AT HALIFAX

Giant Transport Reaches the Atlantic Port At Early Hour Today.

Halifax, N. S., June 20.—The transport Aquitania from England, with 5,744 Canadian troops, said to be the largest number of Dominion soldiers brought home on one ship, arrived in port at 5:45 this morning and docked at pier No. 2 at 7 o'clock.

The following officers arrived on the steamer:

Major W. H. Lyntler, Guelph.
Capt. J. F. Ritchie, Meaford.
Lieut. W. J. Fair, Midland.
Lieut. C. A. Buck, Norwich.
Capt. W. H. Winn, New Hamburg.
Lieut. R. Henderson, Lieut. R. G. Henderson, St. Thomas.
Capt. A. J. Taylor, Southampton.

Sir George E. Foster was among those to arrive on the Aquitania. Sir George addressed the troops at an entertainment held in behalf of the seamen's fund on Tuesday afternoon. He said he had no guess to make as to whether or not the Germans would sign the peace treaty and no comment to make on the work of the peace conference. He thought that people in Canada knew quite as much concerning the trend of affairs in Paris as those responsible for the direction of those affairs. The peace makers had been overwhelmed with a mass of details concerning the specific work to which each had been assigned, and it was exceedingly difficult for them to obtain a proper perspective of the percentages as a whole.

Flavelle Returns Home.

Principal F. C. Harrison of MacDonald College, St. Anne de Bellevue, told of the work of the Khaki University, which closes its door today, and to which he has been attached. He stated that a large proportion of Canada's overseas army had selected farming for their life's work, and an amazing number had settled on the Peace River district as the scene of their future operations. Most of the men wanted to cash in as quickly as possible, and for this reason favored wheat farming in the west. He stated that five hundred men in all had been placed in British universities while thousands more have been helped in their courses and studies.

WILSON LAUDS WORLD LEAGUE IN SPEECH IN BELGIAN CHAMBER

U. S. President Declares It To Be "League of Rights."

Brussels, June 20.—President Wilson, in an address today before the Belgian Chamber of Deputies, declared that the league of nations, "as the child of this great war," is a "league of rights," and that "no thoughtful statesman who let his thoughts run into the future could wish for a moment to slacken these bonds."

He added that "any nation which declines to adhere to this covenant deliberately turns away from the most telling appeal that has ever been made to its conscience and its manhood."

LOCAL TEMPERATURES.
Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 84; lowest, 64.
The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 76; lowest, 64.

Downfall Due To Chancellor's Objection To Revised Peace Terms—Count von Brockdorff-Rantzau To Step Down With Others—Gustav Noske, Minister of Defence, Is Reported To Be Forming a New Cabinet.

REPORTS PRONOUNCED PREMATURE.

Paris, June 20.—All reports concerning changes in the German Cabinet are premature, says an official German wireless message sent from Nauen at 1 o'clock this afternoon. The message adds that the National Assembly failed to get a majority of its members to favor the signing of the peace terms.

The text of the message reads: "The National Assembly at Weimar tried to constitute a majority in favor of signing the peace treaty. That was impossible because of the division among the parties."

"All news regarding changes in the cabinet is premature."

TO ACT TEMPORARILY.

Weimar, June 20.—The Cabinet, although it has resigned, will continue in office temporarily until President Ebert has been able to form a new one.

Paris, June 19.—The Scheidemann Government of Germany has fallen, it was learned here today. News of the event, reported during the morning, was confirmed later by military and through Coblenz from both Weimar and Berlin.

The downfall of the Scheidemann Government was not known to the peace conference. It is believed to assure the signing of the peace treaty by Germany, as Philip Scheidemann, premier, was understood to be chief opponent to signing of revised peace terms.

The early reports stated that Gustav Noske, minister of defence, was forming a cabinet to succeed the Scheidemann cabinet.

Previous advices had indicated that four members of the Scheidemann Cabinet were insisting upon the signing of the treaty, and it is presumed here that this caused the fall of the ministry.

WEIMAR DISPATCH.

The following dispatch was received from Weimar, dated yesterday: "The German cabinet will fall tonight, it is learned from authentic sources. Count von Brockdorff-Rantzau, the foreign minister, and Philip Scheidemann, the chancellor, with a few others, will resign, because they will not sign the treaty. Gustav Noske, minister of defence, or Herman Mueller, Majority Socialist leader, will be chosen chancellor by President Ebert, it is said."

Noske is very popular, not only with the right wing of his own party, but with the Conservatives, since he was able to protect property during recent disorders in Berlin.

He is unpopular and even hated, by the Radicals of his party and the Independent Socialists, because of the rigor with which he suppressed disturbances. The new cabinet, according to report, will sit until 3 o'clock Friday morning, and will presumably settle the question of signing the treaty. It is expected to accept the Allied terms, although experts who have considered the treaty have unanimously rejected it as impossible.

SOME TO RETAIN OFFICE.

Several members of the old cabinet will retain office, among them being Matthias Erzberger and Eduard David.

Baron von Richthofen said this afternoon that the new cabinet will sign the treaty, but "on condition." Although he did not state what conditions were meant, it is believed they will be in the form of demands upon the Entente, the granting or refusal of which would not hinder the signing of the treaty.

NOSKE TO SUCCEED SCHEIDEMANN.

Coblenz, June 20.—Gustav Noske, minister of defence, will succeed Philip Scheidemann as head of the German ministry, according to a Weimar dispatch received here today. Matthias Erzberger of the German armistice commission will succeed Count von Brockdorff-Rantzau as head of the German peace delegation, the message adds.

Members of German Assembly Divided In Their Views On Question of Signing Treaty

London, June 20.—A Reuter dispatch from Weimar states that a meeting on Thursday of the Central members of the German National Assembly, decided by a four-fifths majority in favor of signing the treaty of peace, with reservations regarding responsibility for the war and the honor of the German nation. The German national party, it is stated, is unanimously resolved against signing. Fifty-six members of the German Democratic party voted against signing the Allied terms, while eight others voted that the treaty be signed conditionally, and one was in favor of signing without condition.

AMERICAN LABOR IS TO CO-OPERATE WITH CANADIAN UNIONISTS

Decision To This Effect Taken At Atlantic City Convention.

Atlantic City, N. J., June 20.—The American Federation of Labor, at yesterday's session of its annual convention, adopted a report providing that all labor organizations in the United States should closely co-operate with trade unionists in Canada in establishing stable conditions and should give Canadian members of the international organization advice and counsel, and call attention to the sinister influences which are working in Canada to split up organized labor.

THE WEATHER

TOMORROW—WARMER.

Toronto, June 20.—8 a.m.

Forecast: Light and moderate winds, fair.

Today—Light and moderate winds, fair.

Saturday—Light winds, fair and decidedly warmer.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Station	High	Low	Weather
Victoria	68	50	Fair
Calgary	52	26	Fair
Winnipeg	54	34	Fair
Port Arthur	52	34	Clear
Perry Sound	52	34	Fair
Port Stanley	56	38	Cloudy
Buffalo	52	32	Cloudy
Toronto	50	30	Rain
Kitchener	52	32	Rain
Ottawa	54	34	Fair
Montreal	50	30	Cloudy
Quebec	50	30	Fair

Weather Notes.

Thunder storms have occurred in many parts of Ontario and Quebec and New Brunswick. The temperature was over 30 degrees yesterday over large portion of Alberta, Saskatchewan, Ontario and Quebec, and the weather has become warmer in the Maritime Provinces.

MAGNIFICENT EXHIBIT OF ART WORK HELD AT RYERSON SCHOOL

Riverview Pupils Make Bedroom Suite.

FINE NEEDLEWORK

Kindergarten Display Calls Forth Amusement.

A magnificent display of the art work done by the pupils of the public schools throughout the year was open to the public yesterday afternoon and evening at the Ryerson school. Here the great auditorium was temporarily turned into an art-craft shop. Tables bearing the work of the children circled the entire room, and were further decorated by great bowls of marguerites.

The first thing which attracted attention on entering the school was a display of toys made by the children of the Ryerson school. These toys, cleverly carved from wood, and painted, were such as any child might be proud to own. These, along with the fine display of dolls' clothes in the household science department, were an illustration of the fact that commercially made toys are not entirely quelling the inventive genius of the modern boy and girl, and that the school is helping him to preserve that creative instinct which is natural to him.

Suite of Furniture.
But toys were not by any means the biggest feature of the exhibit. The vast majority of articles displayed were of a practical nature. Indeed, the most spectacular thing in the whole display was a handsome white painted bedroom suite, made of wood and inlaid with pretty ceramic panels, the entire work of the boys of the eighth grade at the Riverview school. The suite consists of a large bed, dressing table and stool, and a chair, all of which was made for a bedroom of the domestic science department of that school.

A wonderful display of furniture of almost every description and kind completed the exhibit of the manual training department of the public schools, under the direction of Mr. T. H. Dwyer. Dainty wooden lamps in white designs, trays, book ends and shelves, soapdishes, toothbrush holders, in fact, anything and everything, which might have caught the young boy's fancy and seemed possible of development in the mind of the teacher, were there.

Fine Needlework Exhibit.
The household science exhibit of needlework spoke well for the industry of both children and teachers. Here was evidence that small fingers can be as skillful as large when directed in the right direction. Quantities of dainty aprons, the first real piece of needlework given to the children, combinations artistically finished, all by hand, nightgowns, embroidered, and with crocheted yokes, underwaists and beautifully made babies' clothes, all calling forth admiration in design and suitable for practical purposes. Miss Maybelle Stuart, in explaining the work, said that it was the aim of the domestic science teachers to teach them to make something practical, which they need, and in the process, to give them room for originality.

Kindergarten Display.
The kindergarten display under the supervision of Miss Brenton was the most interesting of the work which may be accomplished with the tiniest children. Perhaps most pleasing of all, the head designing needs using being wooden ones in various mathematical forms, spheres, cones and cylinders of many colors. They string the beads in various combinations, the children learn colors, forms and numbers quite easily. Paper designs, free-hand cutting and sewing, clay modelling, the work, etc., were all shown.

One rather interesting drawing was that of a brilliantly colored train, on which a visitor casually made the following remarks: "It looks like the Tonawanda tourist that meets all the trains, doesn't it?" It is hard to tell whether the young artist may come a Fontaine Fox, in years to come.

KOMOKA 10, MT. BRYDGES 6.
KOMOKA, June 19.—A baseball game between Komoka and Mount Brydges resulted in the Komoka team defeating Mount Brydges 10 to 6 in seven innings. Batteries: Komoka, Swann and Staley; Mount Brydges, Graham and Duggan.

AQUITANIA PARTY ON WAY TO LONDON

The soldiers for this district arrived at Halifax on June 19 on S.S. Aquitania, and go forward to dispersal area per special trains were as follows:

LONDON—Driver M. A. McColloch, 90 Dracena avenue; Pte. I. J. Maxwell, 309 Hill street; Sergt. R. Burgess, 186 Delaware street; Pte. J. Cowan, 15 Johnson avenue; Pte. E. D. Fenn, 752 William street; Sapper A. Gwalchmai, 22 Pagle street; Lieut. S. Woodhouse, 107 Waterloo street; Lieut. E. W. McNice, R. R. No. 4.
ST. THOMAS—Corp. G. A. Pennington, Pte. E. Rice, Lieut. R. Henderson, Pte. J. Taylor, Pte. J. Dunn, Sig. R. W. Gray, Pte. E. N. Hatch, Pte. C. S. Caves.

BIGGAR—Sgt. W. O. Edwards.

KINGSMILL STORE CONTRACT LET FOR ENLARGED BUILDING

The contract for enlarging the Kingsmill store on Dundas street to more than double its present size was let on Thursday afternoon by T. F. Kingsmill to R. G. Wilson & Son, contractors. W. G. Murray is the architect.

Recently Mr. Kingsmill acquired possession of lots to the west of the present Kingsmill store, which will give the building a 96-foot frontage when completed. Excavation on the vacant lots will be started on Monday morning and the contracts call for the completion of the new store and remodeling of the present store by September or October.

The total cost of erection of the new section of the store and the making of conform to a general plan will cost in the neighborhood of \$50,000.

The plan of the present store will necessitate the removal of the west wall and the taking off of the present front to a general plan for the whole building. The new part will follow the general lines of the present store or October.

When completed, the T. F. Kingsmill store will occupy a ground space of 36 feet by 181 feet, running through from Dundas to Carling street. It will have three stories and basement, and it is intended then to conduct all the Kingsmill business under one roof, hence the carpet department will be moved over to the new store. It is also planned to house for many years on the north side of Carling street.

LOTS OF SIGNS BUT NO RAIN FOR LONDON THIRSTING FOR SOME

City Prayed in Vain For Downpour.

CAME NEAR IN NORTH

Heavy Shower At Ryerson School and Hall On North Richmond.

Ominous rain clouds piled up in the sky, rumble of distant thunder, and all failed to bring to the thirsty city of London yesterday the refreshing showers of the longest June hot spell on record.

By two o'clock in the afternoon the clouds seemed to be doing the assurance of rain, and the people who were down town at business without umbrellas anxiously scanned the skies and asked customers about the probabilities.

As the hours rolled by and nothing happened, however, it began to look like "much ado about nothing," and by midnight most people retired with an assurance that had an edge of disappointment that they would not be disturbed by a thunderstorm before morning.

One citizen who follows closely the signs of the weather, stoutly asserts that "much ado about nothing" was the result of a heavy shower of rain which fell in front of his house. In the meantime, however, with heavy rainfall were in progress. At the east of the city as far as Toronto and at Ryerson school, it poured. Wild rumors were circulated in the city during the morning in regard to cyclones in surrounding districts and a number of inquiries were made at the meteorological bureau.

Wind Did Damage.
Around Thorndale, where the storm broke with great fury, considerable damage was done by the high wind.

A barn on the 7th concession of Niagara, belonging to Ernest McCutcheon, was unroofed, and Milton Quait's auto was blown down, his house wrecked and chickens drowned by the deluge of rain.

Ingersoll had one of the most severe electrical storms in several years. A projection on St. James' Anglican Church was struck by lightning and many telephone lines were put out of business.

It was reported that heavy rain had fallen as near to the downtown section of the city as Broughdale. A resident of that section is responsible for the statement that only a few drops fell. She hurried into her garden to pick the last of the peonies, fearing they would have their heads knocked off by the storm. According to her statement, there wasn't enough rain to sprinkle the lawns, and all that did fall fell directly on her.

The barometer had come up by 8 o'clock this morning, an indication that rain was at least several hours distant. Not Quite Record.
Thursday, the second hottest day of the summer, the temperature going up to 54 degrees.

June 2 holds the championship for heat up to the present, the thermometer registering on that day 53 degrees. The following table shows how steadily the high heat record has been maintained without a break since the 24th of May, maintained in a manner to make people entirely forget that they were struggling over the necessity of feeding the furnace a few days earlier and hanging on to their furs in the middle of the "Merrie month" of May.

The heat records for the corresponding months of the past five years show people how much hotter they have been this year than last:

1918.
May 26 .. 73 deg. May 26 .. 81 deg.
May 27 .. 81 deg. May 27 .. 81 deg.
May 28 .. 80 deg. May 28 .. 81 deg.
May 29 .. 90 deg. May 29 .. 73 deg.
May 30 .. 92 deg. May 30 .. 76 deg.
May 31 .. 94 deg. May 31 .. 88 deg.
June 1 .. 92 deg. June 1 .. 88 deg.
June 2 .. 96 deg. June 2 .. 81 deg.
June 3 .. 93 deg. June 3 .. 77 deg.
June 4 .. 93 deg. June 4 .. 75 deg.
June 5 .. 88 deg. June 5 .. 75 deg.
June 6 .. 82 deg. June 6 .. 71 deg.
June 7 .. 81 deg. June 7 .. 70 deg.
June 8 .. 77 deg. June 8 .. 72 deg.
June 9 .. 80 deg. June 9 .. 71 deg.
June 10 .. 84 deg. June 10 .. 77 deg.
June 11 .. 84 deg. June 11 .. 75 deg.
June 12 .. 90 deg. June 12 .. 74 deg.
June 13 .. 92 deg. June 13 .. 70 deg.
June 14 .. 93 deg. June 14 .. 69 deg.
June 15 .. 89 deg. June 15 .. 76 deg.
June 16 .. 89 deg. June 16 .. 76 deg.
June 17 .. 89 deg. June 17 .. 82 deg.
June 18 .. 84 deg. June 18 .. 78 deg.
June 19 .. 94 deg. June 19 .. 75 deg.
June 20 .. 71 deg.

From the foregoing record it will be seen that the thermometer has registered above 80 degrees in 12 days since the beginning of the warm wave.

An idea of the erratic methods of yesterday's storm may be gained from the fact that while June weather was dry as a bone, hail rattled against the windows in the vicinity of the Ased People's Home and the rain came down in torrents for a few minutes around 6:30 o'clock.

Lubricating Oil Only Thing That Is Cheaper

Hardware and Metal, June 21, will say:

Many lines of brass and copper goods have been advanced as a result of the changes provided for in the revised tariff schedule. On the other hand, a revision to lower levels has been made in lubricating oils from 1c to 3c per gallon, following on the removal of the 7½ per cent war tax on crude petroleum.

Purporting to have undergone further revision upward this week, following the registering at southern points of the highest price on record for this commodity, the advances in the east have been from 5c to 15c per gallon, with the West, which has shown little interest in market conditions the past few weeks, coming to life with a 25c per gallon increase.

The revival of trade interest in the West is noticeable, too, in a sharp revision upward on lined oil, amounting to 3½c per gallon. Markets in the east have steadied down slightly with some markets showing an upward move and others generally narrowing towards the highest figures.

Indications point to the probability of a change being made in the prices prevailing on ready-mixed paints. With the marked advances on linseed oil and turpentine, along with a revision now being made on containers as a result of tariff changes on tinplate, manufacturers cannot see any other way out. A change has been recorded in wrought washers this week and the new discounts named provide for a slight decline from figures formerly in effect. A change to lower levels is also noticeable in one line of knife handle wrenches.

An advance has been recorded in one line of silver-plated flatware, amounting to about 5 per cent. This, the jobbers believe, is just the forerunner to a general revision upward in this class of merchandise.

A revision in cotton waste has occurred in some quarters, prices being lowered slightly to the extent of 1c to 1½c per pound. This is even in the face of an advance by manufacturers of cotton thread. Business is slowing rather narrow lines and competition is keen.

Hammock chains, alarm clocks, hand pumps, etc., have advanced along with one line of saw sets and sweat pads. Curry combs are lower and horse-clippers have moved upward.

Control over your business is the first essential to success.

NEW TANLAC PLANT IS NOW COMPLETED

Magnificent New Laboratory Has Daily Capacity of 36,000 Bottles.

What is said to be one of the largest pharmaceutical laboratories in the United States has been completed at Dayton, Ohio, for the manufacture of Tanlac, the well-known medicine, which, according to recent reports, is now having the largest sale of any medicine of its kind in the world.

The erection of the new plant was made necessary by the rapid growth of the business, as the older plant was found to be wholly inadequate to supply the ever-increasing demand, which at the recent rate of sale will amount to more than five million bottles for the present year alone.

By the erection of this plant the manufacturers of Tanlac are giving to the world just one more evidence of the remarkable growth and expansion of their business, and of their absolute confidence in the future.

This announcement will be read with interest not only by the many thousands of Tanlac agents scattered throughout Canada, but to the millions who have used it beneficially as well.

The new building occupies 60,000 square feet of floor space. It is a six-story high, practically fireproof structure, and is of striking architectural design. It also has private railway facilities.

This beautiful new structure now stands in striking contrast beside the older building where Tanlac was first made.

Visitors to the laboratories are strongly impressed with the extremely modern character of the equipment. Everything is provided and splendidly arranged to promote systematic and rapid production. The very latest machinery and devices known to invention and pharmaceutical sciences are here used.

The interior throughout is finished in spotless white, and all of the large force of employees wear white uniforms, which they are required to change daily. The main offices on the first floor are finished in Carrara marble and mahogany.

The entire process of manufacture is conducted under absolutely sanitary conditions. From the bottles of Tanlac to the finished product, the entire process is controlled by automatic machinery, and the finished product is, therefore, never touched by human hands.

When Tanlac was introduced into Canada history repeated itself, and the demand which had been created in the United States was quickly duplicated in the Dominion provinces. As a result it was recently found necessary to establish another Tanlac laboratory at Windsor, Canada, which is now under construction.

These new facilities give a daily capacity of 36,000 bottles, but as Tanlac is rapidly being introduced into foreign countries it is probably only a question of a few years before even larger facilities will become necessary.

While the manufacturers are necessarily working under the most rigid conditions, the quality of the Tanlac Laboratories that the quality of the medicine shall never be sacrificed to secure quick returns.

Uniform quality is guaranteed by expert chemists, from the time the roots, herbs and barks are received in the rough state from all parts of the globe until their medicinal properties have been extracted by the most approved processes. The finished medicine is then bottled, labeled and shipped out to the tens of thousands of druggists throughout the United States.

It is a supply a demand never before equalled for this or any other medicine. The executive sales offices are located in Atlanta, Georgia, and in London, England, and by an established agency in every town.—Adv.

CONSERVATORY HALL PIANO RECITAL A DECIDED SUCCESS

Notwithstanding the intense heat of last evening, a large audience assembled in the Conservatory Hall for the piano recital given by piano pupils of the Martin, assisted by Mrs. H. E. Westland, soprano, and Mrs. Barrows, contralto, pupils of F. L. Willgoose.

Among the advanced piano pupils taking part were a number who are well known to the London music lovers, owing to the fact that they have already appeared several times in the past in recitals at the Women's Music Club and other concerts.

Miss Margaret Coleman, who is possessed of a fine command of technique and who plays with confidence, style and nicety of finish, was heard in the first movement of the A minor concerto (Schumann) for piano and orchestra, and also in the 3rd Hungarian Rhapsody (Liszt). The orchestral part of the evening's program was played by Mrs. Martin on second piano.

Miss Laura Kirkwood, L.C.M., revealed an exceptionally good memory in playing the Chopin concerto in E minor without her music. Brilliant in her style, Miss Kirkwood's playing is well characterized by buoyancy and optimism. Her solo number was the "Caprice Espagnole" by Moszkowski.

Miss Rosella Hamilton, who is playing the Chopin concerto in E minor, was heard for the first time in one of Mr. Martin's pupil recitals. He played "Cantique d'Amour" (Liszt), a musically manner and with excellent intellectual and artistic appreciation.

Miss Mildred Chasler, whose playing is particularly musical, contributed a good account of herself in the 2nd and 3rd movements of the Beethoven concerto in C minor.

Miss Margaret Cook, a very young pupil, showed not only the results of most thorough training, but also a good endowment of talent in the manner in which she presented "Evening Hour" (Rassau), and a crisp, spirited "Tarentella" by Horvath.

Business's clear, flexible, soprano voice was admirably heard by the two numbers chosen for her solo. Her solo number was "Mary Jane" by a Sanderson composition of much charm. "Little Brown Owl" by "Angels Guard Thee" (Gounod) was given a sympathetic interpretation by Mrs. Barrows, who has a pleasing, melodious contralto voice, under excellent control.

The voice of Mrs. Westland and Mrs. Barrows blended harmoniously in a duet which added variety to the recital. In "Springtime" by Newton, Miss Gertrude Rennie played in a finished manner the accompaniments for the vocalists.

AIRPLANE TAKES COPIES OF TREATY TO LONDON

PARIS, June 19.—The peace treaty, as delivered to the German delegates on June 15, with the revisions and corrections made since the original draft was formulated, embodied in it, will be published in London and Paris.

An airplane left the airbase at Neuilly, near Paris, today, bearing 45 copies of the revised document to London.

BUDGET ITEMS ARE ACCORDED FIRST READING

Soldiers' or Widows' Pensions
Are Not Subject To In-
come Taxation.

OTTAWA, June 19.—Committee stage on the budget resolutions was concluded tonight, and the final bills based thereon were given first reading. There was one division, and it came over the duties on agricultural implements. Mr. Maharg moved that the duty on plows should be reduced by 2½ per cent to make it correspond with the duty on harrows. But his motion was lost by a vote of 65 to 41.

Amend Income Tax.
In the course of the discussion Sir Thomas White promised to meet two points raised. One was that the income tax resolution be so amended as to provide that pensions awarded to soldiers or to widows of soldiers should be free from taxation. Another was that there should be an increase in the age of a child for which an exemption of \$200 is allowed. In the resolution the age stands at 16. Thus a man with a child not over 18 years of age would have \$200 added to the exempted portion of his income.

The Railway Bill.
Shortly before midnight there was an echo of the rejection by the Senate of the Mowat amendment to the railway bill respecting municipal control of streets. It came in a motion by the prime minister for the appointment of the following members of the House to meet a committee of the Senate: Mr. Maharg, Mr. Bennett, Mr. Borden, Mr. Duggan, Mr. Gault, Mr. Hendon, Mr. Macdonald, Mr. McMillan, Mr. Reid, Mr. Tupper, Mr. W. R. D. Reid and Mr. W. R. D. Reid.

Red Tape Worries Soldiers.
G. H. Burnham asked: Is it a fact that the positions announced as open for application in the Government service are held open so long that returned soldier applicants get no satisfaction "and have to give it up?"

Mr. Burnham asked: Is it a fact that the positions announced as open for application in the Government service are held open so long that returned soldier applicants get no satisfaction "and have to give it up?"

Mr. Maharg's point was emphasized.

by Dr. Michael Clark, who observed that the finance minister would soon be a convert to the doctrine of free agricultural implements if he were at the end of a breaking plow for a short period. Sir Thomas replied that if the Government had reduced the duties on agricultural implements to a greater extent, industries employing thousands of men would have been forced to close down.

Dr. Clark expressed the view that Canadian industries, in the case of machinery required in mining and the extraction of oil from shale. He said that this machinery was not manufactured in Canada and, therefore, the removal of the duty would not injure established Canadian industries.

CHATHAM AND KENT FOLK HAVE HALF A MILLION TIED UP IN RELIANCE LOAN

Great Rush of Depositors To
Withdraw Money.

ONE WOMAN FAINTS

Had All Her Savings in Bank
—Another Had Only In-
vested in Company's Stock.

[Special to The Advertiser.]

CHATHAM, June 19.—The Chatham branch of the Standard Reliance Loan Company closed its doors yesterday afternoon, in compliance with instructions from the head office in Toronto.

John S. Walker, the manager of the local branch, stated that, judging from the financial reports of the company, the depositors and debenture holders would not stand to lose anything, but it would be some time before they would be able to secure their money.

Mr. Walker himself has about \$5,000 tied up in stock in the concern, and also his current banking account, which brings the sum involved up to about \$15,000. When the order came to close the branch, he had no opportunity to take out his savings account, but he didn't do so, he had on opportunity to take out his savings account, but he didn't do so, he had on opportunity to take out his savings account, but he didn't do so.

The stockholders, in Mr. Walker's opinion, are the only ones who would lose. Mr. Walker estimates the amount

of stock held by Chathamites as about \$50,000.

The Reliance office was besieged with depositors this morning, who were all informed that they could not be allowed to draw any money. One woman who has all of her savings tied up, fainted when she learned she could not get her money.

Mr. Walker states that the local branch had nothing to do with the land investments which have caused trouble in the company. All of the deposits made locally were sent to Toronto for investment.

One local woman only last week was undecided as to whether she would invest \$3,000 in city debentures or Reliance stock. She finally decided to purchase the Reliance stock. The company has been paying a dividend of seven per cent during the past four years, and it was regarded locally as a perfectly safe investment.

A prominent physician of the city arrived at the bank at 4 o'clock with a very large deposit yesterday. He was informed that he was just five minutes late. The result is he still has the use of his money.

The local branch has about half a million dollars in deposits from people of Chatham and Kent County.

LIQUIDATOR BELIEVES MONEY WILL BE PAID BACK IN DUE TIME

TORONTO, June 19.—Payment in full for depositors, payment in full for debenture holders and part payment, at least, to shareholders is the forecast of the outcome of the winding-up of the affairs of the Standard Reliance Loan Company, according to G. T. Clarkson, the official liquidator.

He says, however, that a realization of the assets of the company to make the most of them will mean the liquidation of the company.

The feature of the liquidation of the company is that a newly reorganized company under a new management, appointed by the creditors and shareholders will be formed to deal with the assets.

The following is a provisional balance sheet of the affairs of the Standard Reliance Loan Company, as revealed to date by the investigations by Mr. G. T. Clarkson.

Liabilities.
Deposits \$1,000,000.00
Debentures 4,000,000.00
Capital 2,000,000.00
Total \$7,000,000.00

Assets.
Dovercourt loans \$4,000,000.00
Mortgages 2,000,000.00
Quick assets 700,000.00
Other assets 700,000.00
Total \$7,400,000.00

Balance of assets over liabilities.
Bills \$400,000.00
Total \$400,000.00

Liquidator's Statement.
Mr. Clarkson today handed out the following statement of the affairs of the company.

The Standard Reliance Loan Company owned the entire capital of the Dovercourt Land and Building Company, and in addition has loaned that company about \$3,500,000.

The assets of the Dovercourt Land, Buildings and Savings Company consist entirely of improved and vacant property in Toronto and its vicinity. Interests on the loans of the Dovercourt Company have not been paid, but the Standard Reliance Company has taken them into its profits and turned them into the payment of dividends, adding the amount to its mortgage and taking a new mortgage every year.

"Recently a sale of a large part of the Dovercourt properties was advertised, and an amount was received which was very much below what the properties were expected to produce."

Investment Ordered.
"Mr. Herbert Waddington, managing director of the company, died on May 24, and the board of directors caused an investigation to be made of the affairs of the company, when they became of the opinion that the company could not make payment of dividends, although they were of the opinion as a result of the investigation that if the assets of the company are properly handled and not forced on the market, they would pay all creditors and leave a surplus for the shareholders."

"It was apparent that a suspension of the dividend would undermine the affairs of the company to such an extent that deposits would be withdrawn. The directors were of opinion that the company could possibly face such a run, but felt that it would divert the company of its liquid assets, and that there would not be left enough to protect the properties. There would be enough to pay the depositors in full, and the debenture holders less than their claims, while the shareholders would face the possibility of losing their investment."

Under New Control.
"Under these circumstances the directors came to the conclusion that the proper thing to do was to apply for a winding up order to permit a reorganization whereunder its assets will be turned into a new corporation controlled by a board of directors made up of depositors, debenture holders and shareholders, who have approved of the move and by a special term in the order of winding up the liquidator is authorized to call meetings and place the matter before the creditors and shareholders at the earliest possible moment."

Asked as to the payment of dividends out of interest which has not been paid, which was the cause of the failure of the Dominion Permanent Loan Company last year, Mr. Clarkson said that there was no comparison between the affairs of the two companies.

"The dividends here are a small matter and altogether do not amount to half a million dollars, while the directors firmly believe that the mortgages which they took were good. They believed that the land was more valuable," he said.

**STANDARD RELIANCE
LIQUIDATION HITS
WOODSTOCK PEOPLE**

WOODSTOCK, June 19.—Information received today that the Standard Reliance Company is to go into liquidation has caused considerable consternation here among the fairly wide circle of investors and depositors in this institution throughout Oxford County. The company has had a branch in this city since 1917. It is stated that the local branch did the greater volume of its business with the German farmers in the north half of the county, and that their deposits as well as their purchases of debenture stock have been quite large.

**MIQUELON ISLANDS
NOT TO BE CEDED
TO NEWFOUNDLAND**

French Government Installing
Wireless and Cold Storage
Plants.

ST. PIERRE, Miquelon, June 19.—Recent government expenditures in this colony of France are regarded here as virtually closing of the suggestion that the islands be ceded to Great Britain and added to the Newfoundland dominion. It is announced that several million francs will be spent in the development of St. Pierre, the centre of France's fishing industry in the Western Atlantic. A contract has been placed with a New York company for the construction of a large cold storage plant here and the work has already begun. A powerful wireless station is also being installed by the French.

HOOSIER

the Kitchen Cabinet that saves miles of steps

London, June 20, 1919

To our many customers and friends:

During the summer months, when hot days bring discomfort, an unnecessary handicap is placed on woman's rightful enjoyment of life. She must continue the almost ceaseless preparation of foods and clearing up after meals. And the majority do this work in a hot, stuffy kitchen with few, if any, devices that conserve time and strength.

We have a department that has helped hundreds of housewives to solve the problem of long hours and hard labor in the kitchen. It has served women beyond their expectations. It is our Hoosier department—the home of the kitchen cabinet that saves miles of steps and hours of needless toil.

Visit this department and you will see conveniences you have always wanted, grouped in one compact unit. You will see work-reducing inventions and patented features not found elsewhere.

The Hoosier Kitchen Cabinet places over 400 articles within easy reach. Because of its scientific arrangement, the things used most are nearest at hand. You sit at ease while preparing the meals. You reach instead of walk.

These are the days when you need the Hoosier most. Therefore we urge you to come and see these work-savers now. The prices are moderate—within reach of all. A small deposit puts any model in your home. Small amounts each week soon pay the balance. Come and see the Hoosier now.

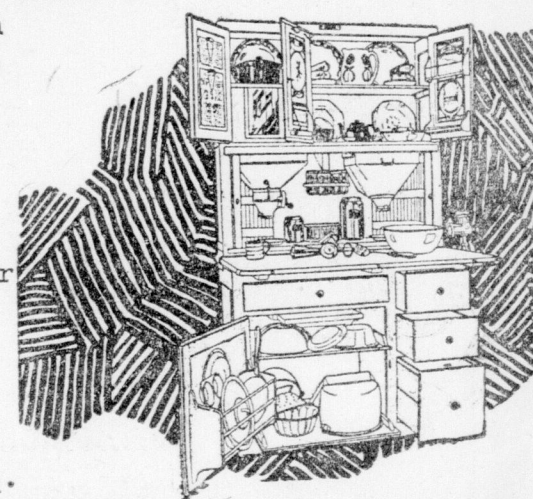

A carload of new models just opened and a new club now in full swing.

Special arrangements made for cut-of-town customers.

Sincerely

WM. TRAFFORD FURNITURE CO.

GERMANS WILL ASK FOR EXTENSION OF TIME, BUT ARE EXPECTED TO SIGN

Foch Extends Command Over Czechs, Rumanian and Polish Forces For United Front If Need Be.

PARIS, June 19.—(By the Associated Press).—Advices received in American peace circles in Paris indicate that there may be a change in the personnel of the German peace delegation and that a short extension of the time-limit for signing the treaty may be requested by the Germans, but that the Germans will sign the treaty.

FOCH DRAWING RING AROUND GERMANY.

PARIS, June 19.—(Havas dispatch).—Marshal Foch is forming one front against the Germans from the Rhine to the Danube. The Intransigent says it is formed. The Allied commander-in-chief will henceforth extend his command over the Czech-Slovak, Rumanian and Polish forces, it says.

Assembly May Order Plebiscite; Advocates of Signing Gaining

BERLIN, June 19.—Via Copenhagen.—The German National Assembly will make its final decision on the peace treaty Saturday, according to private advices here from Weimar. In all probability, it is said, the assembly will decide to order that a plebiscite be taken.

If the German National Assembly orders a plebiscite on the peace treaty Saturday, the voting will have to be done so that the German answer can reach the Allies in Paris by 4:30 p.m. Monday, Paris time, unless the Germans should request, and the Allies grant, a further extension of time in which to answer the amended peace treaty.

Late in April it was reported from Berlin that the Government had all eyes turned to the election in readiness for a plebiscite on the peace terms. At that time sources close to the German Government claimed that such an election could be completed throughout Germany in 48 hours. The question of a plebiscite in Germany, however, has not since been raised.

Since the revolution in November all important elections in Germany have been held on Sunday.

SENATE REAFFIRMS ATTITUDE TOWARDS PROHIBITION BILL

It Is Almost Certain That
Commons Will Refuse
To Concur.

OTTAWA, June 19.—The position of the Senate on the prohibition measure was reaffirmed today. The Government leader, Sir James Loughheed, moved that the amendment of Wednesday cutting off the provision that the measure shall continue for twelve months after the termination of the war, should not be concurred in. This was defeated by 38 to 26. The bill, as amended, was read the third time, and will go to the Commons that the elected members may consider the amendment.

It is almost certain that the Commons will refuse to concur in the Senate's amendment, and a conference between members of the two houses may result. If the will of the Senate prevails, then on the signing of peace, the embargo against the importation of liquor from outside Canada, against the manufacture of liquor within Canada and against interstate trade will be lifted. Jurisdiction will remain wholly with the provinces, with the Doherty act on the statute books to prohibit any province to prohibit the entry intended for a purpose which is deemed illegal in such province.

COMMITTEE WANTS MILLION SPENT ON ONTARIO ELEVATOR

Recommendation Will Be Subject of Discussion in Commons.

OTTAWA, June 19.—The agricultural committee of the House of Commons has brought in a recommendation in favor of the construction of an inter-lake elevator in Ontario. The committee declares that a sum not exceeding \$1,000,000 should be placed in the supplementary estimate to provide for it.

A. F. OF L. CONSIDERS INJUNCTIONS WRONG

ATLANTIC CITY, N. J., June 19.—The American Federation of Labor, in a resolution adopted at its convention here today, condemning what were declared to be "unjustified" by the judiciary of the Government's legislative and executive powers, recommended that organized labor should disregard injunctive decrees of courts on the ground that such decrees violated the rights guaranteed under the constitution.

HIGHGATE PASTOR IS PRESENTED WITH CHECK

HIGHGATE, June 19.—Rev. J. B. Falconer, B. A., of Rodney, occupied the pulpit in St. James' Church, Thamesville, on Sunday. At the close of the evening service Dr. A. M. Boyd, the former pastor, was asked to come to the platform, while Dr. Stewart, with a few words of appreciation, presented him with a substantial check. Dr. Boyd, in replying, said that his sojourn in Thamesville had been a very pleasant one. He urged the congregation to co-operate with his successor in making the church a mighty influence for good and spoke of the advantage of organization.

LIBERTY LEAGUE FORMED AT BORDER TO BUCK WORK OF LORD'S DAY ALLIANCE

WINDSOR, June 19.—Opponents of the Lord's Day Alliance have united to form a Liberty League here for the purpose of opposing the efforts of the alliance to check Sunday newspapers, the sale of ice-cream and airplane flights.

Mayor King of Walkerville is acting president of the new organization, and F. M. Scarfe, manager of the local branch of the Merchants' Bank, treasurer. An effort will also be made to force a repeal of the Lord's Day act, it being contended that its rigid observance as adapted to present day life is not only inconsistent but harmful.

GIANTS HIT TUERO HARD AND WIN FROM ST. LOUIS

Toney Was Hit Hard, But
Pitched Well With Men
on Bases.

ST. LOUIS, Mo., June 19. — New York hit Tuero hard and, aided by errors, took the second game of the series with St. Louis, 7 to 2. Toney was hit freely, but pitched well with men on bases. Score: R.H.E. New York 402 100 60—13 0
St. Louis 000 000 00—9 2
Toney and McCarty; Tuero, Sherrill and Snyder.

SALLEE ALLOWED ONE HIT.
CINCINNATI, Ohio, June 19.—Rixey's wildness in the early innings today gave Cincinnati a lead which Philadelphia was unable to overcome, and the visitors lost by 4 to 1. Sallee pitched steadily, and was given sensational support. He allowed only one hit in the first eight innings. Score: R.H.E. Philadelphia 000 000 00—3 2
Cincinnati 210 010 00—4 6 1
Rixey and Adams; Sallee and Riden.

PIRATES MAKE THREE RUNS ON THREE HITS.
PITTSBURGH, Pa., June 19.—Pittsburgh defeated the Braves today, 6 to 5, when the Pirates caught a break in the ninth inning, scoring three runs on three hits. Score: R.H.E. Pittsburgh 000 022 000—5 9 2
Braves 000 000 003—6 11 0
Northrup and Tresser; Mayer, Carlson and Schmidt.

BROOKLYN TAKE TWO STRAIGHT.
CHICAGO, June 19.—Brooklyn made it two straight from Chicago today by beating Hendrix in the eighth of the field, and winning, 4 to 1. The locals were unable to do much with Cadore. Harold Riley, a Chicago semi pro, joined the locals today, and played in left field. Score: R.H.E. Brooklyn 000 100 20—3 5
Chicago 000 001 000—1 7 4
Cadore and Miller; Hendrix, Bailey and O'Farrell.

BOSTON RED SOX SUFFERING FROM TOO MUCH PENNANT

The Boston Red Sox, champions of the world, have been giving their numerous admirers in Boston and elsewhere a series of rump shocks. For to date Red Sox's championship has failed to win even half the support. Few can understand the reason for the Red Sox collapse. And yet it is very obvious.

The Boston players have lost the spark of championship ambition. Winning pennants is an old story to nearly every man on the club.

The history of the national game is replete with examples of the ailment that is in the blood of the Red Sox. The Giants after winning in 1904 collapsed in 1906. Once again McGraw's men fell by the wayside in 1914 after winning three pennants in a row. And so it has been with every great baseball machine in modern history.

The Boston club is due to lose this year. It is not on the cards that the Red Sox should win.

If Nothing Else, Willard-Dempsey Go Will Be Gold Mine

Tex Rickard Announces That
Already Enough Tickets
Have Been Sold To
Cover Costs.

Toledo, O., June 20.—With the heavy-weight championship contest between Jess Willard and Jack Dempsey set for decision two weeks from today, Tex Rickard, promoter of the match, announced today that the capital receipts now on deposit in Toledo bank totals \$325,000, which assures financial success for what will probably be the greatest sporting spectacle in modern history.

This sum does not take into account money paid for tickets in agencies in other cities, nor the tickets held in reservation. Probably another \$150,000 is tied up in ticket reservations.

Tomorrow will end Dempsey's enforced vacation. The challenger, kept idle since Sunday except for two rounds of boxing yesterday, because of the cut over his right eye, will resume work with the gloves tomorrow, and his workout will be of the stiffest character.

Willard said today that his training had reached the point where the amount of work he accomplishes each day is entirely dependent upon the amount of punishment his sparring partners can assimilate. All of them are feeling the effects of his punishing attack.

**HARVARD JUNIOR EIGHT
BEATS YALE IN STORM**
New Haven, Conn., June 20.—Harvard was the winner of the Junior varsity eight race today, defeating Yale by a quarter of a length in a two-mile contest that was roiled by a vivid electrical storm, and was finished in a downpour of rain. Harvard won the freestyle eight race over the same course, nosing out Yale at the finish.

MISS BURSTED LIVES.
Philadelphia, June 20.—Miss Molla Bursted, 47, four years a champion, went down to defeat today in the semi-final round of the 52nd annual women's tennis tournament at the Philadelphia Cricket Club. She was defeated by Miss Marion Zinderstein of the Longwood Cricket Club, by the score of 4 to 6, 6 to 1, 6 to 2.

BAY CITY PITCHERS EASY FOR BATTLE CREEK TEAM

Haid and Ferrell Were Pounded Hard—
Halligans Could Only Score
Two Freak Runs.

BATTLE CREEK, Mich., June 19. — The Bay City pitchers were no mystery to the Clusters this afternoon, and the latter won. The Wolves made two runs. Both were unique. In the second inning Whaley tried to dodge a ball which hit his bat and landed on the right field foul line, going for a single. Empire Myers ruled later that his stole second, and from hence he scored on Wheeler's single.

In the third Spencer hit a long fly good for three bases. Apparently thinking he would not dare stretch it, the fielder yielded the return too slowly, and Spencer made it a home run. The Clusters whaled Haid until he retired, and then whaled Ferrell quite as hard, while neither Bay City pitcher was over-gifted with control. Fielding was ragged at times behind both of them.

The score: R.H.E. BAY CITY—ABR.H.P.O.A.E.
Owens, ss 4 0 0 0 4 0
Byrne, 3b 4 0 1 1 1 0
Spencer, cf 4 1 1 1 3 0

ARE TRYING TO DROP "LOVE" OUT OF TENNIS

There is an agitation to do away with the term "love" in tennis. Out in the middle West they are already substituting "nothing" for "love" in tennis scoring.

This is just what one would expect from the middle West. "Nothing" for "love"—think of it!

Of course, it is hard to link romance in any shape or form and the middle West together. One can speak romantically of the South, of the far West, of the East, and of the North, and have you tried to fall in love in Cleveland, or Chicago, or St. Louis, or Des Moines?

Of course, "love" is purely a figure of speech in tennis sense—just an expression used in scoring that crept into the game in some unrecorded way, but why not let well enough alone? And furthermore, why rob the merry "thirty love" in duration at perpetrating?

GREY DORTS 5, FISHERMEN 4.
ST. THOMAS, June 19.—The Gray-Dorts baseball team, formerly known as the Shamrocks, of this city won another fast game last night at Port Stanley in a battle with the Fishermen of Port Stanley. The score stood at the end of the ninth innings 5 to 4.

MAY RESUME RACING
AT TORONTO THIS MONTH
Toronto, June 20.—Expectant of the early resumption of racing, the Metropolitan Jockey Association, which controls Dufferin and Hillcrest Parks, is installing mutual machines at both racetracks.

This is an innovation, as the old bookmaking system has always prevailed on the Met. circuit. It is rumored that the first meeting will be held at Dufferin Park at the end of the month.

**SIFTON AND DOHERTY
ARE TO BE CANADA'S
SIGNATORIES OF PEACE**
OTTAWA, June 19.—The situation with regard to the Canadian plenipotentiaries at the peace conference, as it is known in Ottawa, is that the premier, Sir Robert Borden, is not returning to the conference at Paris. Sir George Foster is returning to Canada on account of the serious illness of Lady Foster. Hon. A. L. Sifton left Halifax today to attend further sittings of the conference. This means that Hon. A. L. Sifton and Hon. C. J. Doherty will be the signatories of the peace treaty on behalf of Canada.

**WINDSOR CLUB WANTS
HOME DOCTOR NAMED**
WINDSOR, June 19.—Resenting the appointment of Dr. F. A. Adams of Toronto, to the post of medical health officer for the new border health district, in preference to a local doctor, the executive of a businessmen's organization, the Windsor Kiwanis Club, will forward protests to the Essex Board of Health.

**COUNCIL OF WOMEN TO
DISCUSS LIVING COST**
REGINA, June 19.—The Local Council of Women are in committee sessions today, with the official opening of the convention scheduled for 10 o'clock tomorrow morning. One of the subjects which will receive much discussion, at meetings held this morning, will be the high cost of living and measures to be adopted to reduce it.

EMERSON, June 19.—Strawberries were expected to be an excellent crop in the vicinity, but on account of the dry weather it is feared that the late strawberries will not ripen, but will dry on the bushes for want of rain. The raspberries show a great yield, but if they do not get rain they also will prove a failure.

TORONTO LABOR BODY DEMANDS DISMISSAL OF LABOR MINISTER

Insists That Winnipeg Leaders
Be Liberated.

THREAT OF GREAT STRIKE
All Canada Will Be Involved,
Says Resolution to
Premier.

TORONTO, June 19.—A demand for the immediate resignation of Hon. Gordon Robertson, minister of labor, was made by the Toronto District Trades and Labor Council tonight in a strongly-worded resolution, after a hot discussion on the Winnipeg labor situation.

The Trades and Labor Council also demanded the release of the Winnipeg labor leaders arrested early this week, and an amendment to the act govern-

ing deportation so that it would not bear hard upon labor agitators, as it was claimed the act at present does. Refusal on the part of the Government to get rid of Hon. Mr. Robertson, to release from prison the Winnipeg strike leaders, and to amend the deportation law in accordance with the ideas of labor will lead to a general strike throughout the Dominion, so the resolution passed by the district trades council tonight declared.

From the drop of the hammer there was wild talk at the meeting.

Bitter Against Robertson.
The delegates denounced the Government in warm terms, and in connection therewith they paid special attention to the minister of labor, whom they seemed to regard as a renegade to the labor cause since his appointment to a portfolio in the Government.

A possibility that the strike of the metal workers, which has been on here since early in May, may shortly be settled is indicated in a statement made by the minister of labor, whom they seemed to regard as a renegade to the labor cause since his appointment to a portfolio in the Government.

WARDEN COLLAPSES.
WINDSOR, June 19.—Overcome by heat while addressing the Essex county council in session at Sandwich this

afternoon, Warden Judson Scratchers collapsed in his chair. After his removal to the home of William Wainess, governor of the jail, he recovered, and was taken to his home at Kingsville.

**MRS. H. WIGLE HEADS
S. ESSEX INSTITUTE**

HARROW, June 19.—The annual meeting of the Women's Institute of the district of South Essex was held today in the Methodist Church, with Mrs. C. I. Pastorious, district president, in the chair. Owing to the extreme heat the attendance was not as large as last year, but the meeting was excellent.

There was both a morning and afternoon session. The treasurer reported total receipts \$2,001.84.

Mrs. Hugh Wigle of Essex was appointed to attend the convention in London; alternate, Mrs. Theo. Kettle, Kingsville. The address of welcome was given by Mrs. Eva Clark of Oxley, and replied to by Mrs. McEwan of Essex.

Mrs. Miss Noble of Leamington gave a report of the convention in Toronto, and Mrs. McEwan of Essex gave an address on "Woman's Franchise and the necessity of seeing that every woman who has a right to vote has her name on the voters' lists. Mrs. Allen Howie gave a recitation, and Mrs. D. T. Chisholm and Miss Jean Hilton sang a duet.

societies of the district: Byron Sanitorium, War Veterans' Home, Windsor; Sick Children's Hospital, Toronto; Belgian and French relief, and the Great War Veterans' Association. The total district membership is 274, with an attendance at the various meetings during the year of 1,800.

The following officers were elected for the coming year: President, Mrs. Hugh Wigle, of Essex; vice-president, Miss Mary Noble, of Leamington; secretary-treasurer, Mrs. A. F. Clark, Arner R. R. 1, re-elected.

On invitation from Essex the next annual meeting will be held there. Among the pleasant features of the meeting was the social hour when dinner and tea were served in the basement by the entertainment committee.

The winter wheat throughout this district promises to be one of the best crops in many years. Also the acreage is much larger than usual. The corn for the most part is looking fine. The extreme hot weather is making it grow very rapidly. The early-sown spring grain is also doing well, and promising a splendid yield.

**GENESSE MEETING OF
FRIENDS AT COLSTREAM**

COLDSTREAM, June 19.—The Genesee yearly meeting of Friends was held at Coldstream on June 9 to 13, inclusive. Genesee includes, besides several Canadian meetings, some in Northern New York state, and it has also members in Michigan.

Besides the purpose of conducting the business of the organization, there is, and enthusiasm.

in meeting together, the object of getting a better vision of service to the world.

Dr. O. Edward Janney, a minister from Baltimore yearly meeting, and Isaac Wilson, also a minister from the same yearly meeting, were in attendance, as well as a large number from various places.

Some of the high points of thought reached through letters from sister meetings and through the ministry of these present fellow.

"Life is a great adventure of love." "Love knows no frontiers." "We should stand for the voiceless and the weak."

"Be ye centred in the Eternal One." "The work of religion is not so much to change the evil act as to change the condition of mind which causes it."

"If we were interested in getting people to church, we would likely be spared the trouble of sending them to penitentiary. No man ever knew Jesus and turned his back on him."

and fearless and confident that the is the possibility of the human and the divine in conveying the truth, as has never fulfilled his most holy divine purpose above, it has been accomplished through the co-operation of the human.

On Wednesday evening Dr. Janney gave an address on "The Spirit of Youth."

"The beauty of youth is that it is a tempest of the impossible, and it does it impossible."

"Our best young men and women must study statesmanship. It is a fascinating study, and politics won't dirty if the right kind of people get it and clean it up."

"By the God of my gift, by the God of my joy." "By the God of my highest youth, I pledge my soul to the boundless goal of love and honor and truth."

The lecture given on Tuesday evening by Rev. J. E. Silcox, D. D., of Toronto, was a wonderful inspiration. "Whittier as a Religious Teacher" he meant much to Dr. Silcox, and this was he prepared to tell others most intimately of that dreamer of dream, saint, and man of affairs, Whittier, "affection for folks" made him a part of the people. His literature teaches of the people's great, divine equator of God and love of man.

BOTHWELL FOLKS FLY.
BOTHWELL, June 19.—Bothwell has considerable excitement this morning when two airplanes passed over the town about 7:30 and 10 a.m.

THE HOUSEKEEPERS' BUYING GUIDE

Our Consumers' League

BY ISABEL C. ARMSTRONG.

Lest We Forget---Fish

Does anybody ever hear of "meatless days" any more? What about the "fish days" so much in vogue a year ago? Such an unnecessary question! Why the war is over. Who ever heard of such a thing? What about the taste for fish cultivated on the part of the public as a war necessity? What about all the homes that learned to appreciate fish as it was never appreciated before, because of the orders of the Canada Food Board? What about all the arguments with regard to the value of fish in cutting down the cost of living, the stories of Canadian waters teeming with fish, which was a part of Canada's food pledge propaganda? True, the sound of the cannon on the western front has been hushed for many a thankful day, and the menace of the submarine to merchant marine no longer is responsible for appalling waste of food, as well as destruction of life and shipping.

Living Still Costs High. But the cost of living still retains its war-time attitude, and people protest against this as they never have protested before.

And yet the Canadian waters are

teeming with fish, though it was stated to the writer a few days ago by a leading fish dealer of the city that the Government is doing nothing, so far as he knows, this year to facilitate the transportation of fish, as was the case a year ago, when it was boasted that sea mackerel could be obtained in Western Ontario from 12 1/2 to 15 cents a pound, positively the lowest price on record, all on account of what the Government was doing in the way of securing a continuous line of refrigerators from the coast.

It is easy to forget, isn't it, all the appetizing fish dishes that used to be a part of family menus two, three, four times a week or oftener, because it was patriotic to eat a large fish, when door a prominent place in that in a room many households fish is getting badly overlooked.

Mackerel for 15 Cents.

And yet, the best of fresh fish is available every day in the week in London, in the best of condition, to lend variety to meals and to help knock some of the figures out of the high cost of living.

Would you have a sea mackerel dinner?

Then you must hurry up if you want to get it at its best, and at the lowest possible price. The season is getting pretty well over, and a few days will see the last opportunity for some time to buy sea mackerel for 15 cents a

pound. Didn't you know it was as low in price as that?

You don't know what kind of meat to serve because your family doesn't seem to have any appetite for it in these terribly hot days?

Why not have whitefish for dinner on Sunday? Whitefish, firm, sound and appetizing? You have cleaning it? Well, the dealer will do that for you, and if you are among the fortunate and possess refrigerators, and are lucky enough to be able to get ice this season, why, pop your fish right in the refrigerator as soon as you get it home.

Salt and Water Improve Fish. The dealer who knows all about fish says, if you haven't ice, put the fish in salt and water in the coolest place in the house, and keep it there until you are ready to cook it.

The dealer further says that you should soak fish in salt and water for half an hour anyway before preparing it for cooking. It "crisps it right up" and flavors it.

The cost of whitefish? Just 20 cents a pound, and at that you are getting fish right from the cool waters of Lake Huron, "the best fish that swims this time of year," to quote Mr. Dealer.

Perhaps you prefer something else to whitefish, which some people regard in comparison to other fish as chicken in relation to beef, pork and things like that.

You can have salmon trout for 20 cents a pound.

If you are really very anxious about driving down those weekly food bills, you might make it herring or perch for 15 cents a pound, or strike a medium with pickled 15 cents.

How shall you cook the fish? Of course, you have your own reliable methods, but below are given recipes of tested worth which will perhaps serve to remind you that fish can be tempting eating as well as wholesome eating.

How Shall I Serve It?

Here is a general suggestion. Fish, as every woman knows, keeps longer cooked than raw, and surplus fresh fish can be cooked by steaming, boiling or baking, and then can be reheated as needed.

That is one of the advantages about fish, it makes over so beautifully into "left-over" dishes that a housekeeper can get away with all kinds of fish thrift dodges without the family even suspecting it.

To Pickle Fish.

Did you ever try to pickle fish? A year ago in the autumn mackerel season an English woman, a reader of this page, told how her mother used the left-over mackerel in their home in the old country.

Last year the Canada Food Board household science experts gave these directions for pickling fish:

"Bake the fish in a granite pan with the addition of a quantity of weak vinegar, salt, pepper and bay leaf. This pickled fish is excellent either hot or cold."

A Variety of Uses.

Any left-over fish (not pickled in vinegar) can be used to make creamed fish, scalloped fish, fish pie, fish chowder, fish balls, ketchup and numbers of other delectable dishes.

How To Boil Fish.

Clean and wash in cold salted water. Put fish in a suitable pan for boiling (nothing can beat whitefish for this purpose). Cut off the fins, take out the eyes, wrap and pin in cheese-cloth and put into boiling water. Add salt and a tablespoon of vinegar. The water must be vigorously allowed to lift out and drain, and serve hot on a dish with appropriate garnishes and sauce. Estimate the time of cooking in order to be able to serve the fish hot immediately it is cooked.

Among "suitable garnishes" might be mentioned parsley, lemon cut into various shapes, sprinkled, perhaps, with paprika to add color, cross, eggs, beet pickle slices.

The Most Suitable Methods. Perch, pickerel, herring and any other small fish are better fried.

Whitefish, salmon trout, halibut and mackerel boil to excellent advantage. Halibut, salmon trout, mackerel and whitefish all make most tempting baked dishes.

To Bake Fish.

After cleaning the fish, remove the eyes, if you prefer leaving the head on, rub with salt, fill with the dressing and sew the edges together. Dredge with flour and put a little fat in the pan. Cook in a hot oven, basting the fish every ten minutes. Allow ten minutes to every pound of fish and ten minutes extra for garnishes. Garnish with drawn butter or suitable fish sauce.

Baking Mackerel. Split fish, clean and remove head and tail. Put in buttered dripping pan, sprinkle with salt and pepper and dot over with dripping (allowing one tablespoon to a medium sized fish), and pour over two-thirds cup milk. Bake twenty-five minutes in hot oven.

Fried Mackerel.

Split the mackerel down the back and clean, scraping all the thin black skin from the inside. Wipe dry and lay in the frying pan; fry on one side a nice brown, then turn and brown on the other. Season with butter, pepper and salt.

Fish Omelet for Breakfast. Two eggs, four ounces cold fish, a saltspoonful parsley, two ounces butter. Beat the yolks and whites separately, then together. Flake the fish, add the parsley and half of the butter broken into small pieces. Mix these all together. Put the remainder of the butter in the pan, let it melt, but not brown, and pour in the mixture. The omelet commences to set. Stop stirring. Double the omelet, shake it, cook until it is a golden brown, and turn into a hot dish. Serve immediately.

Steamed or Baked Fish Loaf. Take any cold white meat fish and

"No Bad Debts Now." It was up in one of the newer parts of Canada that a merchant with a big business last summer talked on the subject of prohibition.

For himself? Well, of course, that was a personal matter, but, on the whole, well, on the whole, it paid, paid surprisingly.

"You would be surprised," he said, "what a difference there is in doing

business now. The people pay up promptly for their goods and we have practically no bad debts any more. Now that there is prohibition, it formerly used the money they formerly used for drink to spend on other things. From that standpoint, I should say prohibition pays."

"And what of the women and children who are getting the things of which they were previously deprived?" asked the woman who had put the first question.

Fish! Fish! Fish!

The Great Brain Food

The only light food for the hot weather, and remember, if you buy your fish from the Old Reliable Fish House you can be sure of getting the best Lake or Sea Fish and fresh-caught arrivals daily. Phone your order early for early deliveries.

Fresh Fish

Sea Salmon, Herring, Pickerel, Lake Cod, Mackerel, Whitefish and Salmon Trout.

BOYS OF THE 47TH APPRECIATED HEARTY WELCOME TO LONDON

One Writes To Express His Thanks.

GLIMPSES OF SPIRITS

Some Conversations Which Show Morale of Unit When Leaving England.

To the Editor of The Advertiser:—A few words to let you know how we appreciated the hearty reception given us on our return from France. I am writing, I believe, the second time of all the men of the 47th and those others, like myself, who were only attached to the 47th Battalion at War in Belgium, to be demobilized in London, Ont. Before closing I must ask you to convey our respects to the boys of the Boy Scouts. We were struck by their smart appearance. It was a pleasure to see them. When we left the village children cried because we were like brothers to them. January 7, 1919, until April 17. However, the reverse happened at the end of our long journey, as the school children received us with very loud cheers and smiles, too, in your town of London. I thought, perhaps you would like to know just how they felt about their reception, hence my short note.

AN OLD 71ST MAN.
Guelph, June 15.
P. S.—Waver is 25 kilometers south of Brussels on the main Namur road.

Incident in Hut C3, 47th lines, Brampton Camp, Hants, England, May, 1919. First Private (singing ballad in French): "Say, bugler, put a sock in it."

Second Private (hearing long 10th Brigade reveille): "Oh, isn't this a cruel war? Bugler, cut it out, cut the comedy."

Third Private (looking under blankets sleepily): "Say, boys, was that 'cookhouse' that blow?"

Chorus of voices: "No, that's the reveille. Breakfast will be in half an hour."

Voice from the corporal in the corner: "Never mind, boys. When we get back to 'London in the bush' we'll have breakfast in bed the first morning."

Entry of 47th sergeants (attached company): "What a mess orderly report at once to cookhouse. Pte. Sergeant, Pte. Sergeant, Pte. Sergeant."

Voice near far door (to drum, in kilt): "Wake up, Jock. All the Jocks on mess orderly and the 60th guys, too."

Chorus of groans from mess orderlies, Jocks (in kilt) and 60th boys.

Sleeps voice in corner of hut just waking: "Oh, isn't this a cruel war, when we have to get up before breakfast?"

Turning to sergeant: "Good morning, Sarg. Give us a kiss."

Sergeant (reading orders for day): "Men will parade, clean fatigue dress, for pay at 10 a.m. at wing paymaster's office."

Chorus of cheers (very loudly): "Good old sergeant. Hurray. We'll be there sergeant. Hurray."

Sergeant (still reading orders): "Battalion will parade at 1:30 p.m. for bath parade and clothes fundation and change of clean underwear attached company at 2:30."

Chorus of joyous voices: "Hurray! Good old fumigater, good old bath, 23 drops of water per man. Shut her off. Hurray! for a whizzing bath."

Bugler blows "Retreat" outside hut. A noise of rushing feet, clanking knives, forks and spoons.

Great chorus of voices: "Come on, boys, breakfast is on. Hurray!"

VOICE OF THE PEOPLE

MR. STEWART REPLIES.

To the Editor of The Advertiser:—Permit me to answer the reply of John Rowland of Stratford, who in a recent letter comes to the support of Charles Lush in his letter as to "rational" and "sensible" though he prudently avoids the "risk" of championing his cause in a general way, as a brother defender of an "old-fashioned" leaving his opinion of the details of his so-called "rational" ideas to be guessed at by the reader.

I notice in the first place that although Mr. Rowland poses as a critic, and an admirer and exponent of rationalism, yet he makes false inferences and jumps at conclusions with the readiness of an over-enthusiastic school boy. Thus he infers that I am like a host of others, so wedded to "superstition" and orthodoxy that I come on, angel from heaven, could not change my conviction "that belief is stronger than knowledge." What logic! I, the resident of the Classic City has to divulge one so minutely on the evidence of a single letter? For many years, as the editor knows, I have supported the methods and results of the historical and literary criticism of the Bible in the local press to the limits of my ability. The reason I opposed the sweeping assertion of Mr. Lush regarding the origin and authenticity of our English Bible was not that there was no element of truth in his statement—as there are errors in translation—and interpolations have crept into the sacred text, but because he tries to make these a damaging feature of the Bible, instead of a harmless truism or accident. He even pretends his entirely uncritical judgment with the ugly word "superstition." Quite evidently Mr. Lush refers to some cases where an inspired writer wrote in the name of some other character, as David or Solomon, supposing his own identity as the real author. This was an ancient literary device, regarded as legitimate and not forgery. Hypothetical authorship would come under the same category. However, if Mr. Lush has convincing evidence that there are real forgeries, either in separate books of the Bible or in sections of a book, let him produce it, or stand condemned as a defamer of Holy Writ.

Talk of "interpolations," etc., as evidence against inspiration—a man with any rational and sensible views as Mr. Lush is said to hold, ought not to be told that inspiration could only be held responsible for the original autographs of the books of the Bible, the harmless truisms or accidents. He even pretends his entirely uncritical judgment with the ugly word "superstition." Quite evidently Mr. Lush refers to some cases where an inspired writer wrote in the name of some other character, as David or Solomon, supposing his own identity as the real author. This was an ancient literary device, regarded as legitimate and not forgery. Hypothetical authorship would come under the same category. However, if Mr. Lush has convincing evidence that there are real forgeries, either in separate books of the Bible or in sections of a book, let him produce it, or stand condemned as a defamer of Holy Writ.

Mr. Rowland finds fault with my reference to the learned exegetes who made the revised version as "real critics," claiming that they were not acting as critics at all, but merely sought to "modernize the Bible." Mr. Rowland's artfulness here is more obtrusive than either his critical knowledge of the Bible or his sincerity. I cited their judgment regarding our Bible as from "real critics" compared with the bombast of a mere defamer of Holy Scriptures. Too, too, were textual critics of the first rank, and

exercised that function throughout in their efforts to "modernize the Bible." Talk of "interpolations," etc., as evidence against inspiration—a man with any rational and sensible views as Mr. Lush is said to hold, ought not to be told that inspiration could only be held responsible for the original autographs of the books of the Bible, the harmless truisms or accidents. This was an ancient literary device, regarded as legitimate and not forgery. Hypothetical authorship would come under the same category. However, if Mr. Lush has convincing evidence that there are real forgeries, either in separate books of the Bible or in sections of a book, let him produce it, or stand condemned as a defamer of Holy Writ.

Mr. Rowland finds fault with my reference to the learned exegetes who made the revised version as "real critics," claiming that they were not acting as critics at all, but merely sought to "modernize the Bible." Mr. Rowland's artfulness here is more obtrusive than either his critical knowledge of the Bible or his sincerity. I cited their judgment regarding our Bible as from "real critics" compared with the bombast of a mere defamer of Holy Scriptures. Too, too, were textual critics of the first rank, and

exercised that function throughout in their efforts to "modernize the Bible." Talk of "interpolations," etc., as evidence against inspiration—a man with any rational and sensible views as Mr. Lush is said to hold, ought not to be told that inspiration could only be held responsible for the original autographs of the books of the Bible, the harmless truisms or accidents. He even pretends his entirely uncritical judgment with the ugly word "superstition." Quite evidently Mr. Lush refers to some cases where an inspired writer wrote in the name of some other character, as David or Solomon, supposing his own identity as the real author. This was an ancient literary device, regarded as legitimate and not forgery. Hypothetical authorship would come under the same category. However, if Mr. Lush has convincing evidence that there are real forgeries, either in separate books of the Bible or in sections of a book, let him produce it, or stand condemned as a defamer of Holy Writ.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy, Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried peppermint, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisulphate of magnesia, citrate, oxide or milk, but the pure bisulphate of magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and

BORDEN REPLIES TO DEMAND FOR MEN'S RELEASE

Says Winnipeggers Face Serious Charges and Must Be Punished.

HOURLY TRIAL NOT SET

Senator Robertson Is Confering With New Members of Strike Committee.

OTTAWA, June 19.—In reply to a telegram from Secretary Hamilton of the Toronto Meat Trades Council with regard to the arrests of the Winnipeg strike leaders, Premier Borden said the following message:

"The persons arrested in Winnipeg have been charged with acts which under the laws of this country are serious offences. The Government intends to maintain the law and to prevent and punish any attempt to subvert the authority of the people as established by their representatives in Parliament. Your assertion that the Government has been animated by a desire to assist the employing class or to injure the labor movement is absolutely contrary to the fact. No man in this country, whether employer or employee, is above the law, nor can any such person be permitted to defy the authority of the people as a whole."

Messages of like tenor have been sent to H. Knudsen, secretary of the strike committee at New Westminster, and W. C. Craig, secretary of the trades and labor council at Brandon, who also sent telegrams to Premier Borden.

PREPARING FOR TRIAL

WINNIPEG, June 19.—The report that a board of inquiry had been appointed by the government to inquire into the strike in Winnipeg is not correct. The board is not coming from Ottawa. Thomas Colby, acting commissioner of immigration for Manitoba, has been appointed chairman and the remaining members will be selected from the immigration staff here.

A. J. Andrews, K. C., crown prosecutor, stated that he had received information direct from Ottawa that the board had been sent from there, but evidently some mistake had been made. He announced that no official time had been set for the trial, but machinery is being speeded up so that there will be a little delay as possible.

The announcement was made following a conference between Senator Robertson, A. J. Andrews, Mayor Gray, Commissioner Perry of the mounted police, and members of the strike committee, headed by James Winipeg, president of the trades and labor council, and J. L. McBride, business agent of the electricians' union.

Embargo Cattle Shipments.

Announcement was made this morning that, owing to conditions here as a result of the strike, an embargo has been placed on all cattle shipments from western points by the Canadian National Railways.

Conferees were held today between the strike committee and Senator Gideon Robertson, minister of labor, with a view to reaching a possible settlement of the strike.

Five cars were added to the street railway service today, making eighteen operating. Uniformed police were directing traffic on the main thoroughfares for the first time since the old police force was discharged a week ago.

Company officials declared that prospects are bright for a normal street car service before the end of the week. While the street railwaymen's union at a meeting last night voted not to return to work in a body it was stated that individual workers opposed to the continuance of the sympathetic strike are reporting for duty.

Twenty men and women, accused of intimidating strikebreakers, were fined or sent to jail yesterday.

Brewery Stocks Boomed By the Action of Senate

MONTREAL, June 19.—The action of the Canadian Senate in killing the effect of the federal prohibition bill has already made itself felt. One thousand and fifteen shares of National Breweries stock sold on the Montreal Stock Exchange today. The brewery shares occupy third place in importance on the day's transactions, being superceded in activity only by Brazilian (traction and power) and Spanish River (paper), on a market that turned over an aggregate of 5,000 shares, all told. The price of brewery stocks advanced on the previous closing.

ITALIAN GOVT. DEFEATED IN CHAMBER VOTE

Orlando Fails To Secure Measure of Confidence.

HIS CABINET MAY RESIGN

Work of Peace Conference May Be Further Complicated.

ROME, June 19.—The Italian Government met with defeat in the Chamber of Deputies today, when the Chamber rejected a vote of confidence in the Government by 259 to 70.

Premier Orlando had demanded that the Chamber meet in secret session to hear explanations regarding the foreign policy and made it a question of confidence in the Government.

It is expected that Premier Orlando will shortly announce the resignation of his cabinet.

Premier Orlando, in his address to Parliament today on the peace situation, said:

"The various economic and financial questions concerning Italy have been solved or are about to be solved."

More Worry for Paris.

NEW YORK, June 19.—The Associated Press tonight issues the following on the Italian situation:

As an addition to the uncertainty prevailing with regard to whether Germany will or will not sign the peace treaty, has come a crisis in the Italian Government to perplex the peace conference.

Failing to secure a vote of confidence in the Chamber of Deputies in Rome on a demand from Premier Orlando, that the Chamber in secret session listen to the Government's explanation of its foreign policy, the Italian Cabinet is expected to follow precedent in Parliamentary affairs and resign.

It is pointed out that the long has existed as regards Italy's claims to the Dalmatian coastal region.

The vote of lack of confidence in the Government was an overwhelming one, being 259 to 70. Prior to the vote the premier in a statement to the Chamber had announced that the various economic and financial questions concerning Italy had been solved or were about to be solved.

IN SEVEN YEARS SURPLUS VALUE JUST TREBLES

Canadian Cottons' Net Earnings 12 Per Cent on \$13,000,000.

OTTAWA, June 19.—Testimony before the House of Commons today showed that the price of wool had increased tremendously since the war started, selling this year from 42 to 70 cents, as compared with 20 to 22 cents in 1914.

Figures quoted by Mr. Dawson, manager Canadian Cottons, showed that the company made net earnings of 12 per cent last year on an investment of \$13,000,000, including reserve. Average earnings during the previous six years were over 10 per cent. The company has two mills in New Brunswick, one in Ontario and one in Nova Scotia.

Before the war three in Cornwall, while unbiting his horse at the farm of Alex. Buchanan, third concession of Tuckersmith. He forgot to take off one of the hold-back straps which caused the horse to plunge wildly. In plunging and rearing up it fell over on Mr. Wilson and also dragged the buggy on him, inflicting severe injuries to his body and face. He was conveyed home by Dr. Moir in an unconscious state. He is in a very serious condition.

Among the soldiers who have returned from overseas are: James Park, son of Donald Park, London road and Alpine McEwen, son of the late Duncan McEwen, London road, both of whom enlisted with the 161st (Huron) Battalion.

He complained of competition on the part of the Dominion Textile, who were copying their patterns and selling against them.

"English prices today are higher than we are asking," he added.

R. A. Wood, of the Canadian Co-operative Wool Growers' Association, said that his company had a capital stock of \$200,000 with \$15,000 paid up. They represented the selling agency for sheep growers' organizations from British Columbia to Prince Edward Island. Their selling operations were conducted from Toronto.

The value of wool passing through their hands last year totaled \$5,103,351, said witness.

"How is your profit made?"

"We sell absolutely on commission."

The total gross profit last year was \$15,351. Of this sum \$3,250 was divided among the shareholders. "All over 6 per cent goes back to patrons," said witness.

Charge Two-Cent Commission.

Last year the charged 2 1/2 per cent commission, but no knowing definitely at the beginning of this year's season what overseas exchange would be they decided to make a blanket charge of 2 cents per pound of which they expected to return three-fourths of a cent per pound to the patrons.

WINSALL MAN HURT BY FRIGHTENED HORSE

HENSALL, June 19.—James Priest and staff are busy opening up a village drain south of King street, for which he received the contract. "Dollar Day" was held here on Wednesday last and drew a large crowd of shoppers.

John McEl Wilson met with a very serious accident on Tuesday afternoon.

Rev. Ivens, Russell, Heaps and Quinn, Released on Bail

WINNIPEG, June 19.—William Ivens, William Russell, Alderman Heaps and Alderman Quinn, who early Tuesday morning were arrested together with other strike leaders on a charge of seditious libel, and taken to Stony Mountain penitentiary to await trial, were released tonight on bail of \$2,000 each.

It is stated that they have given an undertaking not to take any further part in the present general strike.

E. MIDDLESEX SUNDAY SCHOOL CONVENTION

THORNDALE, June 19.—The annual county Sunday school convention of East Middlesex was held in Thorndale Methodist Church on Tuesday, June 17. Addresses were given by T. H. Halpenny, provincial superintendent of the O. E. S. A., and Rev. Cummer, rector

ENGLISH-SPEAKING WINNIPEG LEADERS GO TO CIVIL COURT

Sudden Change Is Announced in Program of Trial.

WINNIPEG, June 19.—The Winnipeg Telegram in an extra edition issued this evening says:

"At an important conference of Government authorities this afternoon, it was decided to place the arrested English-speaking leaders of the strike upon trial in the local courts. In the event of their conviction on charges of seditious libel their deportation will be urged by the minister of immigration. Hon. J. A. Calder, and left to his decision. It was originally intended solely to have a board of inquiry under the immigration act to deal with the case, and the change in procedure was decided upon on the representation of a Government agent sent up from Ottawa. The new course of action applies only to the English-speaking men, such as Ivens and Heaps."

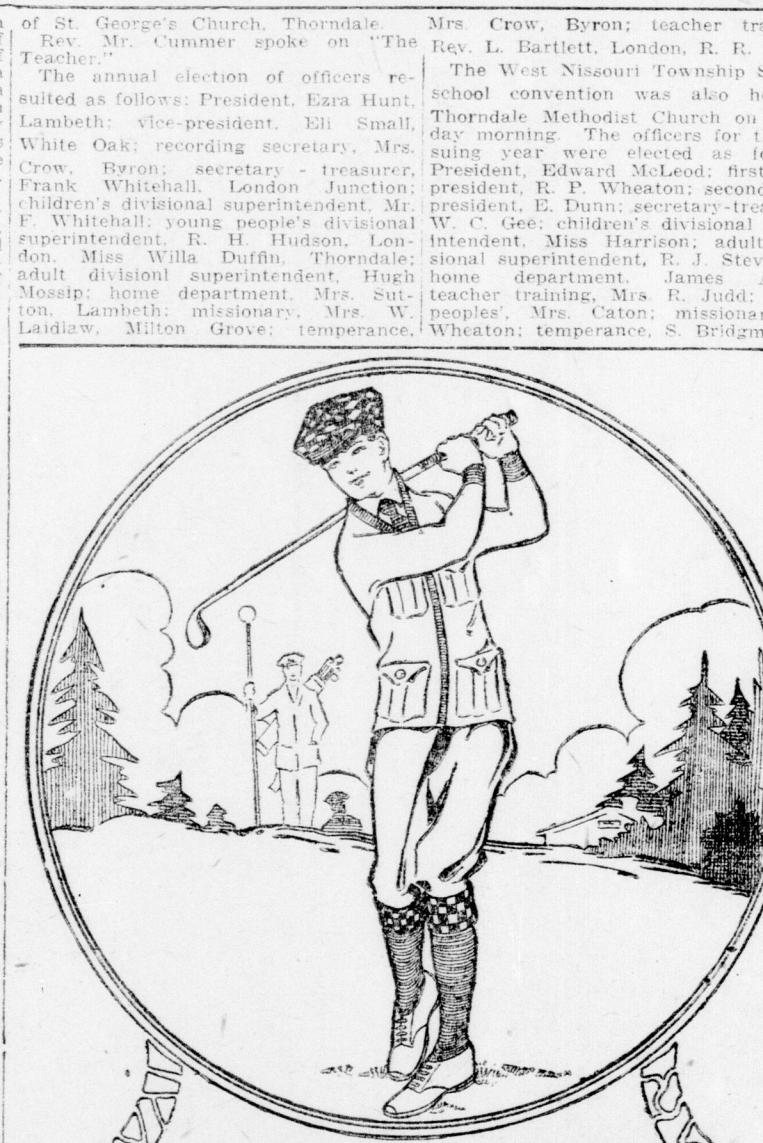

Rev. Ivens, Russell, Heaps and Quinn, Released on Bail

WINNIPEG, June 19.—William Ivens, William Russell, Alderman Heaps and Alderman Quinn, who early Tuesday morning were arrested together with other strike leaders on a charge of seditious libel, and taken to Stony Mountain penitentiary to await trial, were released tonight on bail of \$2,000 each.

It is stated that they have given an undertaking not to take any further part in the present general strike.

The Path to Health

For many thousands of women the Path to Health has certainly been through Lydia E. Pinkham's Vegetable Compound. When this great remedy was first introduced, and for many years after, skeptics frowned upon its curative claims, but as year after year has rolled by and the little group of women who had been cured by it has since grown into a vast army of hundreds of thousands—doubt and skepticism have been swept away as by a mighty tidal wave, until today this purely vegetable medicine is recognized as the greatest remedy for woman's special ills in the world. This is because it is a wonderful tonic and reconstructer which acts directly and favorably upon the feminine organization and is a specific for that purpose.

WILLIAM S. HART AT HIS BEST IN SCREEN PLAY 'MONEY CORRAL'

Majestic Theatre Shows Typical Western Scenario That Delights Audience.

William S. Hart, in "The Money Corral," at the Majestic, today and tomorrow, is seen at his best as Lem Beeson, a good-natured cowpuncher, who, upon finding his boss for permission to attend a rodeo, is charged with his curfew. He determines to go anyway, and to take part in a shooting contest. Upon his arrival there he wins the rodeo, a railway president, immediately offers Beeson a position as a watchman of his vault in Chicago, which has been robbed repeatedly, one of his watchmen being slain by the robbers. Lem receives a mysterious note in a light later in a cafe Beeson describes as a "bunk." But she wishes such a fanciful romance might come her way, and so it does, partly. She does find the man of her dreams, but he is not her hero after all, but a man sorely in need of her help.

The play is adapted in a way which gives the noted star a large scope for his humor, vivacious and subtle, and for the real sentiment and gripping heart interest which she knows so well how to project into her work. Others of the cast, which is particularly well-chosen, are Ben Wilson, Clarence Burton, Walter L. Percival, Irene Rich, "Mother" Anderson, Violet Dolan and Ruth Maurice. "Castles in the Air" was directed by George D. Baker. In a descriptively Japanese setting, three Japanese jugglers and contortionists, who are called the "Koban and Co.," produced gasps from the audience in a sensational act, different and more exciting than anything of its kind that has been here. "The Bicycle Perch," performed by Yamato, the only man who has accomplished the difficult feat, in which he balances on his hands, and pedals a bicycle upside down at the top of a slim eight-inch pole, which is balanced on his partner's feet, is the climax to the novel act. The juggling and fire spinning, a purely Japanese oddity, is comprised in the act. Al Shayne, "The Singing Beauty," who is a face contortionist, with a voice that ranges in tone from bass to soprano, but who is not by any means a matinee idol in general appearance, vies with Boothby and Eversen, who present most amusing comedy travesties for applause honors. Miss Boothby is a comedienne in all that the name implies. Her subtle baroque on the sumo-chewing movie fan, who just adores Doug Fairbanks, and isn't particular about screaming and applauding to the detriment of the imaginary audience with her, is funny, and the real audience in front enjoyed the act immensely. Long Hoen and Du Preese open the performance with a novelty offering they call "A Breath from the West," which includes clever shooting by both members of the act. Little Mildred Manley, in the Morris Manley Trio, a phenomenal child vocalist. She is the daughter of Morris Manley, writer of "Good Luck to the Boys of the Allied Forces," "I Love You," "When They Come Back," "Good-bye, Mother Dear." His latest song hit is "I Want My Daddy."

MADGE KENNEDY IN 'DAUGHTER OF MINE' AT THE PATRICIA

Photoplay, Two Comedies and a Vaudeville Act Now Showing.

The schatzen, or marriage broker, naturally plays a prominent part in Madge Kennedy's Goldenwyn picture, "Daughter of Mine," because much of the action of the Hugo Ball comedy-drama transpires in the tenement district of New York. There this institution flourishes as everyone knows. In reality the schatzen is many a girl's horror, but in "Daughter of Mine" he becomes an amusing figure rather than a sinister one. The father (played by Tully Marshall) of Rosie Mendelssohn (Miss Kennedy's role) wishes to marry a man of his choice, rather than a young fellow she really loves. In his effort to bring about what he thinks is a desirable match, the old man consults a marriage broker. The latter, eager to make a match and earn a neat fee, displays his wares. Many amusing scenes follow. A Big Y Comedy, a Mutt and Jeff Cartoon, and a vaudeville act complete a thoroughly excellent bill, which will be repeated today and Saturday at the Patricia Theatre.

DEMURE MAY ALLISON DELIGHTS AUDIENCES AT GRAND THEATRE

Feature Screen Play and Five Variety Acts Comprise Program.

Pretty, demure May Allison had the audience at the Grand, who watched her in "Castles in the Air" last night, in sympathy from the very first of the picture, and held it in growing interest and emotion to the last, with her whimsical characterization of poor little Fortuna, who longs to marry a millionaire, but finds true love and a husband in the end. "Castles in the Air" is a brilliant comedy-drama adapted from Kate Jordan's story published in the Saturday Evening Post, under the title of "Orchestra D-2." It tells of the longings of Fortuna for the alluring romance of the novel she reads in her lonely room in New York--novels that tell of millionaires and princely courtiers who marry girls of her own station, and raise them to the heights of fame, fortune and the fulfillment of all desires, which a hardworking Fortuna, as a theatre usher in a fashionable theatre describes as "bunk." But she wishes such a fanciful romance might come her way, and so it does, partly. She does find the man of her dreams, but he is not her hero after all, but a man sorely in need of her help.

The play is adapted in a way which gives the noted star a large scope for his humor, vivacious and subtle, and for the real sentiment and gripping heart interest which she knows so well how to project into her work. Others of the cast, which is particularly well-chosen, are Ben Wilson, Clarence Burton, Walter L. Percival, Irene Rich, "Mother" Anderson, Violet Dolan and Ruth Maurice. "Castles in the Air" was directed by George D. Baker. In a descriptively Japanese setting, three Japanese jugglers and contortionists, who are called the "Koban and Co.," produced gasps from the audience in a sensational act, different and more exciting than anything of its kind that has been here. "The Bicycle Perch," performed by Yamato, the only man who has accomplished the difficult feat, in which he balances on his hands, and pedals a bicycle upside down at the top of a slim eight-inch pole, which is balanced on his partner's feet, is the climax to the novel act. The juggling and fire spinning, a purely Japanese oddity, is comprised in the act. Al Shayne, "The Singing Beauty," who is a face contortionist, with a voice that ranges in tone from bass to soprano, but who is not by any means a matinee idol in general appearance, vies with Boothby and Eversen, who present most amusing comedy travesties for applause honors. Miss Boothby is a comedienne in all that the name implies. Her subtle baroque on the sumo-chewing movie fan, who just adores Doug Fairbanks, and isn't particular about screaming and applauding to the detriment of the imaginary audience with her, is funny, and the real audience in front enjoyed the act immensely. Long Hoen and Du Preese open the performance with a novelty offering they call "A Breath from the West," which includes clever shooting by both members of the act. Little Mildred Manley, in the Morris Manley Trio, a phenomenal child vocalist. She is the daughter of Morris Manley, writer of "Good Luck to the Boys of the Allied Forces," "I Love You," "When They Come Back," "Good-bye, Mother Dear." His latest song hit is "I Want My Daddy."

BATHING IN LAKE, YOUTH WAS DROWNED

SOUTHAMPTON, June 19.—A very sad drowning accident occurred here yesterday. Jack Montgomery, son of ex-Mayor K. Montgomery, was bathing with some of his companions in the lake. The other boys took a long swim, and he followed them in shallow water and dropped in a deep hole with out making a cry for help, and was not missed until long after dark. His body was not recovered until about two hours after.

MISSING DUMP CART MAKES WELCOME RETURN

The missing dump cart turned up promptly enough. The cart, which was lost yesterday, after The Advertiser had advertised it as lost, strayed, stolen and was found in a market street, a fine collection of rotten garbage. The cart's skipper said he was sorry his absence had given the residents annoyance, but it was really the city's fault in not providing enough collectors. He said he was "winded to death, and that's all there is to it."

PARLIAMENT BUILDINGS NEARING COMPLETION

OTTAWA, June 19.—An indication that the time is approaching when Parliament will be able to occupy the new Parliament buildings was given in the Commons this morning, when Hon. F. B. Carver moved for the appointment of a committee to confer with a Senate committee in regard to the allocation of space in the new building.

WESTERN ORGANIZES ALUMNI ASSOCIATION OF COLLEGE OF ARTS

An enthusiastic meeting of arts graduates of the Western University of Canada was held last evening when "The Alumni Association of the College of Arts" was officially organized. The objects of the association were stated to be "to promote good fellowship among the new graduates of Western University; to give mutual encouragement and assistance and to unite for the promotion of the general interests of the university."

IRON FOR STRENGTH

You need iron in the blood! Every healthy man or woman should have about as much iron in his or her body as there is in an ordinary railroad spike. To gain this iron, the best way is to take Total-Iron Capsules, a combination of iron in its most soluble form, recently discovered, or sent by mail on receipt of \$1. Total-Iron Laboratories, Box 154, London, Ont. zxy

JUDGMENT LATER IN MIDDLESEX VS. CITY OF LONDON

Evidence Heard, But Lawyers Will Argue in Cooler Weather.

Judgment was reserved Thursday in the county of Middlesex vs. the city of London case, which was tried at the ten-day sessions of the supreme court at the courthouse. Before Chief Justice of the King's Bench Sir Glenholme Falconbridge gave his decision, however, the case will be argued before him privately by T. G. Meredith, city solicitor, and J. E. Elliott, county solicitor.

This suit was the result of the city refusing to pay \$7,500 which, it is alleged, was its share of the maintenance and construction of roads within the suburban area. Men appointed from the city and county for the first time in January, 1918, under the name of the suburban area roads commission, the evidence showed. City Clerk Sam Baker admitted that the city council had appointed J. E. Meredith, E. S. Little. A resolution to this effect had been passed.

No Bylaw. "Was there a bylaw to that effect," asked T. G. Meredith, city solicitor. "No," replied the county solicitor.

County Engineer Charles Talbot declared that for the past two or three years the county had been receiving grants from the Government for the maintenance of the roads. At the first meeting of the suburban area commission, which he was present, E. S. Little was appointed chairman, and the county clerk as secretary, he swore. The commission also assumed the suburban area roads commission, there being no objection to this from anyone. John M. Moore, who had been appointed chairman, but made no objections to the work of the commission was held at Eversen, where a washout had taken place, and the city representatives were present.

No Written Order. G. Meredith wanted to know if County Engineer Talbot had a written order from the commission to spend money on the roads. He had not, but at the meeting every county engineer was agreeable that he should continue to take care of the roads as he had done before.

County Treasurer T. E. Robson declared that the county had been receiving the grant from the Government each year. He had paid out money for the roads on the order of the engineer. County Councillor A. J. Blake testified that gravel had been put on some of the roads. J. L. Robson, county councillor, corroborated many of the statements made by the witnesses. The order of the day was then read, and the meeting closed. Also did C. Brooks, John M. Moore, former city controller, admitted that he had been out with the county engineers to see about the conditions on some of the roads.

Another case was commenced as soon as the above one was concluded. Edythe Kerrigan, through her solicitors, Gibbons & Harper, seeks an order compelling Emma M. Harrison to maintain a road and bridges on property known as Harrison Place, Port Stanley, on agreement of purchase from the defendant. She also seeks damages and costs of action. Defendant claims that there has been no breach of covenant, the failure to maintain road and bridges being denied. J. M. McEvoy is acting for defendant.

WESTERN ORGANIZES ALUMNI ASSOCIATION OF COLLEGE OF ARTS

An enthusiastic meeting of arts graduates of the Western University of Canada was held last evening when "The Alumni Association of the College of Arts" was officially organized. The objects of the association were stated to be "to promote good fellowship among the new graduates of Western University; to give mutual encouragement and assistance and to unite for the promotion of the general interests of the university."

After the constitution of the association had been ratified, the following officers were elected, to hold office until convocation: President—Rev. A. A. Bice, B.A. Vice-president—Fred Landon, M.A. Secretary—Treasurer—Rev. R. E. Charles, B.A. Additional members of the executive: F. J. H. Campbell, B.A., M.D. J. P. West, B.A.

It was pointed out that numerous graduates in arts of the Western University had been working in various sections of Canada, United States and other parts of the world. It was stated that the graduates, with their careers well become known to the people of Western Ontario, and arrangements will also be made to supply the people with all particulars of the activities of their alma mater.

MISSING DUMP CART MAKES WELCOME RETURN

The missing dump cart turned up promptly enough. The cart, which was lost yesterday, after The Advertiser had advertised it as lost, strayed, stolen and was found in a market street, a fine collection of rotten garbage. The cart's skipper said he was sorry his absence had given the residents annoyance, but it was really the city's fault in not providing enough collectors. He said he was "winded to death, and that's all there is to it."

PARLIAMENT BUILDINGS NEARING COMPLETION

OTTAWA, June 19.—An indication that the time is approaching when Parliament will be able to occupy the new Parliament buildings was given in the Commons this morning, when Hon. F. B. Carver moved for the appointment of a committee to confer with a Senate committee in regard to the allocation of space in the new building.

A. J. HAYES OF FORD CO. LEAVING LONDON SOON

Has Accepted Position With Champion Spark Plug Company—Departure Regretted. Arthur J. Hayes, assistant manager of the Ford Motor Company here, leaving London shortly, having resigned to accept a position with the Champion Spark Plug Company of Toledo. The announcement of the departure of Mr. Hayes has caused expressions of sincere regret among his friends and business associates in this city. Those with whom he has come in contact during his stay here regard his removal as a distinct loss, especially to business, fraternal and civic associations, to which he devoted no small amount of energy and enthusiasm.

IRON FOR STRENGTH

You need iron in the blood! Every healthy man or woman should have about as much iron in his or her body as there is in an ordinary railroad spike. To gain this iron, the best way is to take Total-Iron Capsules, a combination of iron in its most soluble form, recently discovered, or sent by mail on receipt of \$1. Total-Iron Laboratories, Box 154, London, Ont. zxy

We Are Ready To Save You Money On Refrigerators That Will Save Ice

Assembled on our floor you will find Barnett Refrigerators of every style and price. Foreseeing the inflated prices that were coming, we placed our order for all of our Refrigerators a year ago, and consequently you benefit by our saving.

It Is Real Economy To Buy a Good Refrigerator

If you have ever had experience with a cheap refrigerator, you know it is a costly experiment to have one in your home, because the food is not preserved as well. In the long run it is more costly than to buy a good refrigerator in the first place. We selected the Barnett Refrigerator after the most careful examination, because of its perfectly insulated walls and its circulation of cool, dry air to every part of the food chamber. Your saving of ice alone in one season will be sufficient to pay you good interest on your investment for this Refrigerator, which is priced on convenient credit terms at only\$85.00

Every Refrigerator sold by us is scientifically constructed, so that it will preserve food with the greatest efficiency, at the same time using the minimum amount of ice. With one of these carefully constructed Refrigerators you can count on a big saving in your ice bill in addition to the saving you secure by making purchase now at these special prices.

ONE OF THE MOST POPULAR REFRIGERATORS.

This model has been sold for years and the satisfaction it has given in the homes of the users is the best advertisement of its quality that we can give you. It is plenty large enough for the family and is a great ice saver. Finished in natural oak, with a large compartment for food and a 70-lb. ice capacity. Its price on convenient credit terms is only\$25.00

Demonstration of Barnett Refrigerators

All this week salesmen and demonstrators are here from the factory. Come in and talk over your refrigerator needs with them.

AMERICA'S FINEST REFRIGERATORS.

Ranging in price from \$50, \$60, \$75, \$85, \$100, \$110, \$125, \$150 and up. Cheaper lines range from \$15 up.

We Had a Demonstration of It This Week in Our Window. THE TEST.

On Tuesday morning a committee of prominent citizens looked up a Barnett Refrigerator containing the following odorous goods: Onions, turnips, fish, tomatoes, cabbage, meats, etc. also matchless cigars, salt and fruits, milk and butter, and on Thursday at 3 p.m. the refrigerator was opened. Our guarantee that there would be no taint from the various foods in the milk or butter was verified. The matches could be lit upon the walls of the ice chamber. During the three days no additional ice was put in the refrigerator, and at the end of the test there was considerable ice left.
