SPECIAL NOTICE TO SUBSCRIBERS.

Do not attempt to use the Telephone on the approach of, or during a thunder storm.

Do not open the Transmitter or try to adjust any of the Instruments. If out of order, notify Local Manager.

Should it be necessary, after connection is made for either party to temporarily leave the telephone, the other party to the conversation must keep the telephone to ear, to prevent being disconnected at Central Office. Do not ring on returning to complete conversation.

Do not remove telephone from hook unless wishing connection with Central Office, and replace it instantly when through.

Instruments will be first located where directed by the subscriber. Any change will be charged for at actual cost for material and labor.

Subscribers will be held responsible for ALL connections made from their telephones over trunk lines.

Should the Transmitter be out of order, it is possible to speak through the Hand Telephone.

The number of the party wanted should be spoken with especial distinctness to prevent mistakes.

Complaints relating either to the instruments or to unsatisfactory service, should be made to the Local Manager in charge of your exchange, (whose name will be found in the Directory), personally, by mail or by telephone; and in case of negligence or other fault on the part of the Company's Employees, a prompt report to the Local Manager with full particulars is, in most cases, the only kind of complaint which will enable him to locate the fault and remedy it.

If the matter complained of is not satisfactorily attended to by the Local Manager in charge, then please notify.

THE OWEN Electric Belt & Appliance Co.

(HEAD OFFICE:—CHICAGO.)

Incorporated June 17th., 1887, with a Cash
Capital of \$50,000.

Patented in Canada

December 1877.

Pat'd in U. States
June 1877.

71 KING STREET WEST, TORONTO, CANADA.

G. C. Patterson, Manager for Canada.

Electricity as Applied by the Owen Electric Belt and Appliances

Is now recognized as the greatest boon offered to suffering humanity. It has, does and will effect cures in seemingly hopeless cases where every other known means have failed. Rheumatism and Nervous Diseases cannot exist where it is properly applied. It is Nature's Cure. By its steady, soothing current that is readily felt, it will cure:—

Rheumatism	Liver Complaint	Spermatorrhea
Neuralgia	Kidney Disease	Impotency
Dyspepsia	Spinal Disease	Sexual Exhaustion
Constipation	Nervous Complaints	General Debility
Sciatica	Female Complaints	Urinary Diseases
Lumbago	Varicocele	Lame Back

WE CHALLENGE THE WORLD

To show an Electric Belt where the current is under the control of the patient as completely as this. We can use the same belt on an infant that we could on a giant, by simply reducing the current. Other belts have been in the market five and ten years longer, but to day there are more Owen Belts manufactured and sold than all other makes combined; our Chicago factory alone being the largest of its kind in the world. **Beware of Imitations and Cheap Belts.**

Our Trade Mark is the portrait of Dr. A. Owen, embossed in gold upon every Belt and Appliance manufactured by The Owen Electric Belt and Appliance Co. None Genuine Without It. **Send for Illustrated Catalogue of Information, Testimonials, etc.**
