Tansley vs Zimmerman

The Tansley and Zimmerman ball clubs hooked up in a game played at Wabasso Park on Saturday July 10, and greatly to the disappointment of the Zimmerman outfit, and their faithful fans, the idols were defeated by a score of 10 to 8.

The Zimmerman lads had been playing slatternly ball all season and this is the first defeat to be chalked up against them. The umpire, who by the way is a resident of Zimmerman, was certainly a joke, being a way off on balls and strikes. He handed the Tansley team a raw deal. So much off color was he that we are forced to the conclusion that a grave mistake was made in having him handle the indicator, as we are convinced that he would do much better work umpiring a game of marbles, or rolling the bones.

But the worse had yet to come. It appears that the Tansley club had been guaranteed a feed at the conclusion of the game, which resulted as we have already stated in the complete rout of the Zimmerman forces, who led by their captain beat a hasty retreat homewards, taking with them the provisions originally intended to satisfy the cravings of the inner man of the noble band of warriors from Tansley. Ye Gods, we have heard of raw deals, but this one on the part of the Zimmerman team certainly takes the cake.

We are not prepared to say that had the Tansley outfit partaken of the lunch prepared for them they would have enjoyed it, as we are inclined to the belief that they would not, as it consisted of lake trout, sauer kraut and pork and beans with strawberry short cake as a chaser.

It is also said that the Tansley boys returned to their homes singing that old familiar song, so dear to the hearts of all Irishmen, "When I Think of the Days of My Youth" and overjoyed to think that they had dethroned the Zimmerman Idols, but deeply regretting that they were deprived of an opportunity of supping with their ancient rivals, and are anxiously looking forward to a return game, which by the way might be played on neutral ground—say Waterdown.

If any difficulty is encountered in procuring a competent umpire, the Corn Club will undertake to furnish one well versed in the fine points of the game, and whose decisions will be fair and impartial. The Club might also be induced to furnish the lunch, which would be dished up free of charge.

Millgrove Choir Picnic

On Thursday, July 15th, Puslinch Lake was the scene of a most enjoyable for the members of Millgrove Methodist church choir. The merry-makers to the number of seventy-five met at the church about 9 a. m. and proceeded in gaily be-decked autos to the park, reaching there about noon, dinner was first enjoyed, after which a series of races, covering three hours under the direction of Mr. W. Humphries, chairman of the sports committee, was run off. The prizes for these were valuable and competition keen. At 5 o'clock supper was called at the conclusion of which a round of speeches, songs, stories, etc. were told off at the behest of K. E. Cummins, choir president. About 7.30 the party dispersed, voting one of the finest picnics ever.

Civic Holiday

By a Proclamation, Reeve Smith has declared Tuesday, August 3rd, 1920, as Civic Holiday for the Village of Waterdown.

Falls from Top of School Building

What might have proven a fatal accident occurred on Saturday morning last at the new school building when Mr. C. Carson, employed as a bricklayer, fell from the front wall to the ground below, a distance of 35 feet, alighting on his feet. The impact was so great that he was thrown violently forward striking his face, which is considerably cut and bruised. Apart from this he does not appear to have received any severe injuries, no bones being broken.

At the time of the accident Mr. Carson was assisting in the hoisting of a heavy beam to the top of the building, in reaching to draw the beam in he stepped on one of the large coping stones, not yet set, which gave way under his weight and with one other large stone fell to the ground with Carson. How he escaped instant death certainly remains a mystery, as the ground where he fell was hard and covered with plank and stone. He was conveyed to his home, where he was attended by Dr. Hopper who on examining him found his condition as above stated.

A visit to his home found him cheerful and apparently not suffering any pain.

Union S. S. Picnic

The Union Sunday School Picnic will be held this year at Wabasso Park on Waterdown's Civic Holiday, Tuesday, August 3rd. The following committees have been appointed for day.

Grounds—Chas. Richards, Geo. B. Stock, Geo. Willis.

Transportation—Dr. R. J. Vance, John Mitchell, Chas. Richards.

Tea and Lunch—Mrs. R. Langton, Mrs. P. H. Metzger, Mrs. R. Griffin, Mrs. Chas. Drummond, Mrs. R. Smith, Miss Haliburton, Miss Nicholson.

Sports—Dr. Vance, Dr. Hopper, C. Burns, C. Attridge, J. Anderson.

Finance—Geo. Willis, J. J. Burns, Dr. Vance, John Anderson, Geo. B. Stock.

Let the people of Waterdown keep this date clear, and make this annual outing a big day for the children.

The committee will greatly appreciate any offers of transportation for this occasion.

Lower School Results

Of the seventeen candidates who wrote on the Lower School Entrance to Normal School, from the Waterdown High School, the following were successful.

Anna Crusoe, Olive Garland, Margorie Harbottle, Arthur Harris, Mary Langton, Harold Markle, Eldred Nicholson, J. Organ, G. Prudham, Edward Robson, Ruby Spence, Anna Spera, Harry Slater.

Mary Langton, Harold Markle and Eldred Nicholson will have one subject to carry over to the next examination.

Base Ball

(By the Sporting Editor)

Beamsville vs Waterdown was the attraction on Saturday afternoon last, and from a Waterdown point of view it was good. The Waterdown team took every advantage of the misuses of the visitors and ran the bases when and how they pleased. The pitching of "Scotty" Reid for Beamsville was A-1, but the team behind him could not stop a football, everything hit went through them, or by them.

Waterdown played errorless ball and batted with vigor. It is high time the W. A. A. boys were given their allotted places on the team, as the finals will soon be upon them, and they must have a bunch of regulars at once, placed where they will play from now on. As it looks at present they will be booked for the finals, so it is now up to the manager.

The score by innings.

The Juniors took Millgrove into camp on Saturday by a score of 29 to 3. Featherston being in fine form. The Millgrove boys were like tame doves eating out of the captain's hands, very docile like. All the boys played good ball, their errors were few and their batting faultless.

Millgrove has decided to drop out of the league, owing to inability to get their boys together for practice. This leaves Flamboro Centre and Waterdown to finish the season out, which they have decided to do.

Waterdown must win on Saturday to tie the Flamboro Centre. If the public wishes to see a good game, drop around on Saturday afternoon at 4 o'clock.

Final Notice to Corn Club Members

All back dues, owing by members of the Corn Club, must be paid not later than Monday evening next, July 26th. After this date the names of all those in arrears will be published. The high cost of living has made this action on the part of the Club officials absolutely necessary.

CARD OF THANKS

Mrs. J. W. Griffin wishes to thank the many friends for their kindness and sympathies during her recent illness.

If you get your watch repaired by Nelson Zimmerman, "Fine Watch Specialist" you will be glad you did. His workmanship is the very best. Customers do not have to wait long, and his charges is very reasonable. Opposite Post Office, Waterdown.

Mr. and Mrs. Keir have moved in their new home on Main street.

Miss Mary Haliday, of Listowel, has been spending a few days with Mr. and Mrs. Chas. Richards.

Mr. and Mrs. Miller, of Baden, spent Tuesday with their daughter, Mrs. E. Betchold, Mill street.

Mrs. Luke M. Stock, Miss Dorothy Stock and Master Bobby Stock, of Hamilton, are guests at the home of Mr. and Mrs. W. G. Spence.

In our report last week we omitted to say that Miss Annie Vance passed her second year examinations in music at Toronto with honors. We congratulate our young lady upon her success.

Lovers of good music will miss a rare treat if they do not attend the Re-Creation concert in the Rink on Monday evening. The tone test alone is marvelous, and well worth hearing. Good local talent will assist with the program. The entire proceeds of the entertainment is for the Women's Auxiliary.

Work on the Station Road is now completed, and will certainly stand inspection. Mr. P. H. Metzger has been in charge of the work, which is a credit to him and the county. It is now one of the best roads in the county, and will compare favorably with any of the Government roads in the province.

The talented young entertainer, Miss Dorothy Stock, daughter of Mr. and Mrs. Luke M. Stock of Hamilton, formerly of this village, will make her debut to a Waterdown audience on July the 26th, when she will assist at the Re-creation concert in the Rink given under the auspices of the Women's Auxiliary of Grace Church.

Read this challenge—

by the Edison Laboratories, and come in to hear the phonograph which stands behind it.

We have it in our store—the Official Laboratory Model specified in the challenge.

Read the "Invitation to Talking-Machine Manufacturers." It's printed here, just as the Edison Laboratories sent it out.

The NEW EDISON

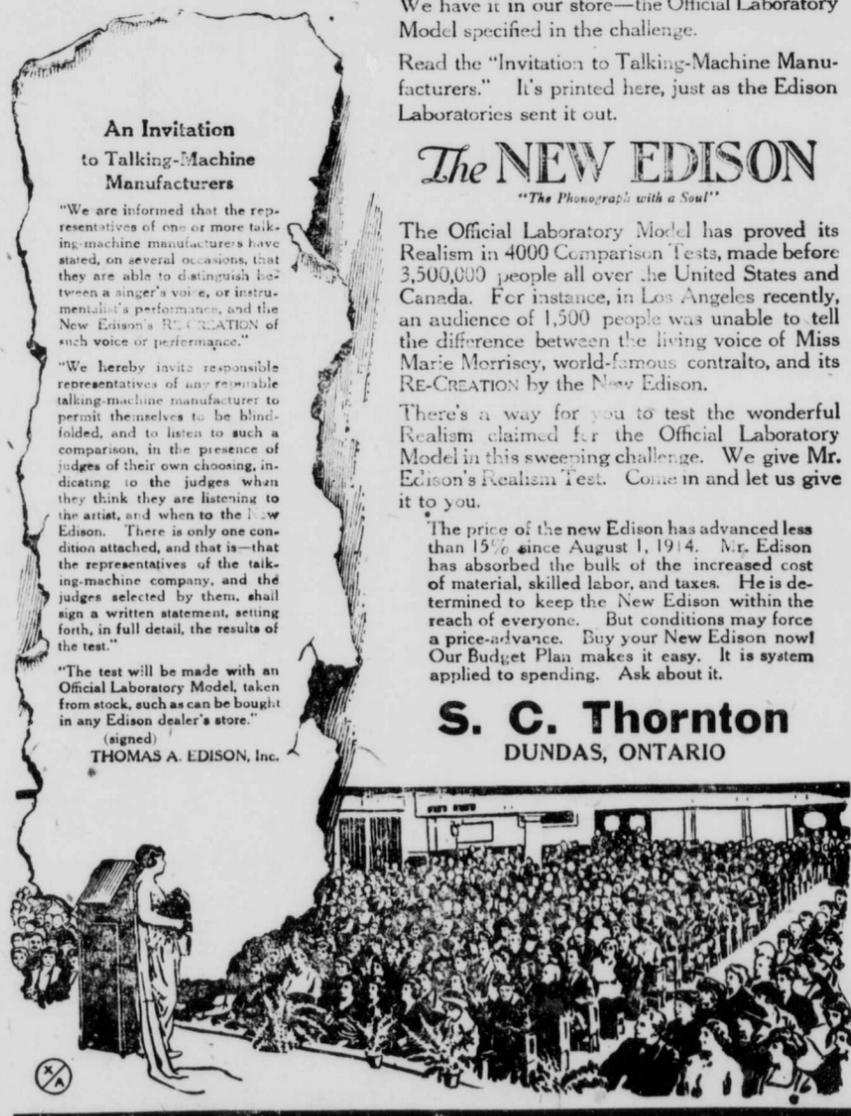

"The Phonograph with a Soul"

The Official Laboratory Model has proved its Realism in 4000 Comparison Tests, made before 3,500,000 people all over the United States and Canada. For instance, in Los Angeles recently, an audience of 1,500 people was unable to tell the difference between the living voice of Miss Marie Morrissey, world-famous contralto, and its RE-CREATION by the New Edison.

There's a way for you to test the wonderful Realism claimed for the Official Laboratory Model in this sweeping challenge. We give Mr. Edison's Realism Test. Come in and let us give it to you.

The price of the new Edison has advanced less than 15% since August 1, 1914. Mr. Edison has absorbed the bulk of the increased cost of material, skilled labor, and taxes. He is determined to keep the New Edison within the reach of everyone. But conditions may force a price-advance. Buy your New Edison now! Our Budget Plan makes it easy. It is system applied to spending. Ask about it.

S. C. Thornton
DUNDAS, ONTARIO

An Invitation to Talking-Machine Manufacturers

"We are informed that the representatives of one or more talking-machine manufacturers have stated, on several occasions, that they are able to distinguish between a singer's voice, or instrumentalist's performance, and the New Edison's RE-CREATION of such voice or performance."

"We hereby invite responsible representatives of any responsible talking-machine manufacturer to permit themselves to be blindfolded, and to listen to such a comparison, in the presence of judges of their own choosing, indicating to the judges when they think they are listening to the artist, and when to the New Edison. There is only one condition attached, and that is—that the representatives of the talking-machine company, and the judges selected by them, shall sign a written statement, setting forth, in full detail, the results of the test."

"The test will be made with an Official Laboratory Model, taken from stock, such as can be bought in any Edison dealer's store."

Author of "Beautiful Snow."

The best known of the several poems entitled "Beautiful Snow" was published anonymously, and its authorship, so far as we know, is still in doubt. That there were many claimants to the authorship is borne out—in an exaggerated form—by the story from Chambers' Journal, that some one gave a public invitation in the early 80's to the author of "Beautiful Snow" to attend a meeting in Chicago, and 750 authors turned up, many more sending regrets. A story rather the reverse of the foregoing, used to be told about four gentlemen of London, England, who decided to give a dinner party, each of the four to invite the most disagreeable man he knew. On the appointed date, Sir William Harcourt was ushered in and all four gentlemen rushed forward to greet him as their guest. The story was an invention of political opponents probably, for Sir William was not a disagreeable man, but quite the reverse.

Preparing for Canada Census.

Though the Canadian census will not be taken until June, 1921, preparations will soon begin, as it is a huge, slow task to organize and appoint commissioners and enumerators in every electoral district. In 1911 there were 9,703 enumerators. The appointments this time will be made by the Civil Service Commission and the patronage of a member of Parliament will be eliminated.

Trophy for Chatham.

The captured machine gun No. 2253 has been allotted to the city of Chatham, and it is now in Toronto waiting shipment to the Western Ontario city. This is the machine gun which was captured by the late Corp. Miner, V.C., the Chatham hero, who has placed the name of that city among those deserving the highest honor for war achievements.

Clean Hen-house Windows.

Always remember that the rays of the sun are the cheapest and best life-givers and purifiers, and that they will kill all germs which they touch. Therefore, keep the windows clean so that the sun can shine in.

POWER OF PREJUDICE.

The Reason Why People "Don't Like" and "Can't Eat."

To a far greater extent than we admit, or possibly are aware of, man is governed by his prejudices. They cost him more than he knows, for a prejudice is an expensive proposition. In no other respect is this weakness so apparent as in the matter of food. During the reign of the food administration many people were persuaded or beguiled into eating things they had never eaten before and thought they "didn't like." "I'll try anything—once!" was regarded as a liberal-minded concession to the unfamiliar. Yet our likings are almost universally a matter of habit established by repetition. Few of us have taken kindly to cavare, avocado pears, or even olives, on first acquaintance.

When the use of whale meat was first urged upon the public, people laughed and quoted:
He baited his hook with tiger's tails,
And sat on a rock and fished for whales.

Whale meat is purchasable in many parts of Canada, but where is the steward or chef brave enough to place it on a hotel menu? As a matter of fact, there is nothing in the slightest degree objectionable to eye, nose or palate in whale steak, as those unprejudiced may quickly learn. It resembles corned beef—possibly a little less so, and broiled, and served with a sauce, either drawn butter or a lemon sauce, is tasty enough for a second helping, once we have overcome our dread of the untried. That this meat will eventually be recognized as a food adjunct is indicated by two large canneries doing a good business on the Pacific Coast and the concessions granted to the syndicate supplying them.

The flesh of the shark is said to resemble that of the sturgeon—the fish that "goes to the Caesar's dish," but its cannibalistic reputation, firmly fixed in the popular mind, is against it. Man's dread of the gastronomically untried is only equalled by his curiosity, which after all gets the better of his fears. Truly, he was a brave man who first swallowed a raw oyster.

Prejudice plays a large part in our food purchases. Take the case of Butter versus Oleomargarine. Experts in the former have been known to fail in ability to distinguish the two, yet we are willing to pay 20 per cent. more for butter than for the substitute. The prejudice against goods from storage helps bolster the cost of living. Were it not for storage facilities butter and eggs to-day would be luxuries for the very rich only. The public was recently reliably informed that storage eggs had proved fresher than fresh eggs. The rabbit would furnish food as well as fur if our "don't like" did not stand in the way. As a matter of fact, our "can't eat" and "don't like" are mainly psychological states fixed in habit and prejudice.

H. A. Cody.

Good, clean, wholesome novels, unique in plot and abounding in action, adventure, are the productions of H. A. Cody. His early experience as a missionary in the Yukon district supplied him with material which he uses so successfully as the background of his books of western life. As a clergyman who enters into the activities and daily problems of his community he has, in other stories, helped to show the place of the preacher and the church in the life of the people.

Rev. Hiram Alfred Cody was born in New Brunswick in 1872, ordained to the Anglican priesthood in 1898, missionary and rector in the Yukon district for six years. Since then he has been rector of St. James' Church at St. John, N.B.

Canada Leads.

A paragraph appearing in Repatriation, a monthly bulletin published in the interests of returned men in Australia, quotes the speech delivered in Sydney by Premier Holman, of New South Wales, in which he stated that the state had settled 1,100 men on the land. The Premier claimed that this was a much larger number than had been settled in any of the other states. New South Wales sent to the battlefields of Europe thirty-nine per cent. of the total of the Australian Expeditionary Force. If the proportion of ex-service men settled in the land in the other states was equal to that of New South Wales the figures would be for the whole of Australia 2,820 men benefited by the Land Settlement Act up to the date of the Premier's speech. Up to the 17th of May, the Soldier Settlement Board of Canada had approved 7,900 applications for the benefits of the Soldier Settlement Act and a great many more applications were before the Qualification Committees in the various provinces. These figures which will be largely augmented by the returns for the last two weeks of May and for the present month show that Canada is well in advance of the sister commonwealth in providing suitable farms for her war heroes.

A National Highway.
The Rotary clubs of Northern Ontario have joined forces with the Canadian Automobile Association in urging the construction of the important link of the trans-Canada Victory Highway lying between the great lakes and Winnipeg.

Recently eighty delegates representing the district extending from Fort William to Winnipeg met in conference at Dryden and formed the Canada Colonization and Highway Association. It was pointed out that the only difficult new construction necessary to the completion of the Fort William-Winnipeg highway will be encountered in the rocky, broken country between Scovell and Vermilion. It is said that the proposed trunk road will open up some fifty thousand acres of rich arable country and induce settlement and development. Lateral roads would rapidly be constructed. While the trunk road, it is estimated, would cost approximately five million dollars, it would do for this great country what the Assuan dam has done for the Nile basin—make it not only habitable, but richly tributary to the nation. With the completion of this road, but one considerable gap will remain to be closed in the trans-Canada Victory Highway—that on the north shore of Lake Superior, Port Arthur and Fort William, and the "Soo," the western terminus of the Great Northern Highway.

Money for Imperials.

Some 50,000 residents of Canada who served in the Imperial forces during the war will be entitled to share in the appropriation voted by the Canadian Parliament to supplement the gratuities they receive from the British Government and bring them up to the Canadian scale. Some of the Imperial veterans are enquiring when they may expect a distribution of the fund. The Government is now engaged in the preparation of an order-in-Council setting forth the manner in which the gratuities will be distributed. Furthermore, the Government will need as a guide in the distribution of the money a concise record of each soldier's service. This, it is stated, is not available in Canada. An Imperial soldier with three years' service, it is understood, receives from the British Government about \$160 as a gratuity. He would be entitled to about \$400 additional from the sum appropriated by the Canadian Parliament at its last session.

Monkey-talk.

Prof. Garner reports that the female ape says "moo-hoo," and the male ape replies "Wahoo." Evolution doesn't appear to have carried us very far. A chap on the moonlit beach last night said, "Who is oo?" and the girl replied, "It's oo's."

Searching Autos.

Canadian automobilists crossing to the United States at Detroit are complaining that federal authorities have been "unreasonable" in inspecting their machines. It has been announced that the reason for the action of the custom officials was a discovery that considerable liquor was being smuggled into the United States in automobile radiators.

Flirts With Sudden Death.

James Drysdale, driver for a Lethbridge fruit firm, was delivering bananas a few days ago when what he thought to be a ripe banana dropped down his neck. He reached and retrieved a yellow-and-green snake three feet long, which he held in his hand while he examined it thoroughly. It was a copperhead, whose bite is instant death. That the snake was numb with cold was probably his salvation.

Crew Was "Flu"-struck.

The Gloucester schooner Athlete, Captain Berhan, succeeded in making a Cape Breton, N.S., port with her entire company victims of the influenza. One of the crew died on the passage from Gloucester, which was made under heavy handicaps.
