EDWARD LANDRY DROWNED IN RIVER

The body of Edward Landry was found floating in the Miramichi River last Friday evening, about 6.30 p. m. His body was seen floating, which after recovery was identified to be the body of Edward Landry, a young man who had been missing since Tuesday morning. Deceased was 29 years of age and unmarried. He lived with Joseph Landry, a relative in Nelson and had been employed on the night shift in the Fraser Mill. The young man had been melancholy and acting strange for some time and it is supposed that he took his own life. A letter was found in the young mans coat which confirmed the suspicion of suicide. Deceased had saved up about \$375 and left it in his boarding house for safe keeping. The remains were taken charge of by undertaker Wm. Hogan.

MAN KILLED AT GLOUCESTER JCT.

Mutilated beyond recognition, the body of Leonard Hachey was found on the railway track Friday morning about a mile north of Gloucester Jct. Hachey was employed in the ballast pit at Gloucester Junction, and it is thought that he had gone to his home in Bathurst that night and had started to return to his work at about four o'clock Friday morning, fell off a train between the cars and was killed, also that a second train had run over the body. He was about thirty-five years of age.

BASE BALL NOTES

On Tuesday evening Loggieville was scheduled in Newcastle while Douglastown was across the river at Nelson. Nelson defeated Douglastown by the score of 5 to 4 while Newcastle trimmed Loggieville to the tune of 9 to 6.

Murray led off for the locals, but was succeeded by Craig who had the visitors guessing all the time. A large and enthusiastic crowd of fans attended the game. Green umpired balls and strikes, while Ashsord looked after the bases.

Because of rain the game scheduled for Friday between Newcastle and Chatham at Newcastle was postponed. This game will be played tomorrow evening, (Wednesday, June 14th) at 6.45. Weather permitting.

The game which was to be played Friday night between Loggieville and Douglastown at Loggieville was postponed on account of the rain, but was played off on Saturday night, with the result that Loggieville trimmed Douglastown by the score of 6 to 0.

On Friday Newcastle journeys to Chatham and this no doubt will be one of the games worth while watching. The fans want to get busy and make their arrangements to follow their team, as they will be needed.

Loggieville will play in Nelson on Friday evening.

Tickets which were sold for the game between Newcastle and Chatham last Friday, will be honored at the next league game played in Newcastle.

COL. SOWTON IN NEWCASTLE

Last Thursday was a day, which will long be remembered by the local Salvation Army Corps. It was a welcome meeting to Commissioner Sowton. The Commissioner was met at depot on arrival, by Mr. John Ashford, chief of police and his son Earl, who placed their automobile at the disposal of the Commissioner and brought him to the citadel. Tea was served at the officer's quarters, after which the Commissioner, Lieut. Col. Aaby, Major Burrows, Capt. Goodwin and Ensign Zutterland, on furlough from Sweden, motored to Nordin, where under the shade of the trees in the beautiful grounds of Mr. Hedman, the Commissioner conducted an appreciated open air meeting. This meeting was a great blessing to the Swedish people, it being entirely in their native tongue, and the first Swedish Religious Service heard for years by many of the Swedish people, who now reside at Nordin. At 8 o'clock in the evening the welcome meeting was held in the local headquarters, and considering the oppressive heat, a good sized congregation gathered to hear the Commissioner. His Worship Mayor C. E. Fish presided and the Newcastle Citizens Band discoursed appropriate music.

Rev. L. H. MacLean, brought greetings from the local churches as did also Rev. H. Scott of Upper Derby. Colonel Aaby very acceptably rendered a solo which was much appreciated. The Commissioner unveiled a tablet to the memory of Private Wallace Irving Travise, late Y. P. S. M. of the Newcastle Corps, and who was killed in action in France. After the unveiling of the memorial tablet, the Commissioner gave an excellent address on the world wide work of the Salvation Army. Mr. John Ashford moved a hearty vote of thanks to the Commissioner, and in seconding the motion Capt. A. L. Barry spoke in glowing terms of the work done by the Salvation Army during the war at the front and paid a warm tribute to the memory of the late Brother Travise. The Commissioner and party left on the Maritime Express for Montreal.

GARDEN PARTY

The I. O. D. E. are holding a Garden Party on the grounds of Mr. W. A. Park on Thursday of this week. The proceeds will be used for the Miramichi Hospital Nurses' Home and the I. O. D. E. War Memorial.

TRANSFERRED

E. W. Jarvis, manager of the Bank of Montreal, will shortly leave for Chatham, Ont., where he will take charge of a branch of the bank. The new office is in the nature of a promotion—Chatham World.

"BUY AT HOME"

MOUNTAIN CLIMBERS GO INTO CAMP

"EXCELSIOR"

AN EARLY MORNING START AT A MEET OF THE ALPINE CLUB OF CANADA

The Alpine Club of Canada, which has done a notable work in creating an interest in Canada's great natural heritage of mountain scenery in the Canadian Rockies has selected the Palliser Pass on the Great Divide, near Mount Assiniboine for its seventeenth Annual Camp, which opens on July 29, this summer. An outlying Camp will be placed near the summit of North Kananaskis Pass, in the same group of peaks, about eight miles distant. The main camp will be forty-four miles distant from Banff, on a new trail to the series of walking camps recently established by Mr. A. O. Wheeler, of Banff. It can be comfortably reached within three days from the Alpine Club headquarters by travelling for two days to Trail Centre Camp; then one day to the summit of Palliser Pass. All outfit and supplies carried by pack ponies. Main camp will be at the summit of Palliser Pass. A subsidiary camp will be placed near the summit of North Kananaskis Pass, eight miles distant; both very beautiful locations.

The summit of Palliser Pass is 7200 feet above sea-level. Camp will be in an open Alpine meadow by the shore of Belgium Lake. The pass is dominated on one side by Mt. Sir Douglas (Haig), 11,500 ft., and on the other side by Mt. King Albert, 9,800 ft., and is very beautiful in its surroundings. A few miles southward lies the Royal Group of mountains. Below the Group lies the Royal Valley.

The summit of North Kananaskis Pass lies at 7,000 feet; it is the centre of the British Military-Naval Group. At its summit is Lake Mauds, and all around are the peaks Mt. Beatty, Mt. Jellison, Mt. French, Mt. Maude, Mt. Robertson, Mt. Bladwood, and Mt. Smuts—all excellent climbs of 10,000 feet and more. Not far to the southeast is the French Military Group, from which Mt. Joffre, over 11,000 feet, rises conspicuously.

The time will be spent in climbs and explorations in this new territory, and a special two-day trip will be arranged from the main camp at Palliser Pass, via Kananaskis Pass, Haig Glacier, Haig Pass, Burgall Lakes, and Burstall Pass. At Kananaskis Pass Camp, of special interest will be Lawson Lake and Turbine Canyon. Turbine Canyon is spanned by six or more natural bridges. Haig Glacier, and its subsidiaries, the largest ice field in this southern part of the Main Ranges, is very fascinating. Its icefall and that of the Beatty Glacier come right down close to the summit of Kananaskis Pass. The pass is very beautiful, and is comprised of wide, open Alpine meadows, carpeted by pink heath and white heather, and brilliant with rare Alpine flowers.

A large attendance of both Canadian and American members is expected, and visitors from the Alpine Club (England) will be present. A phenomenal camp is in preparation, and Major E. O. Wheeler, R.E., of last year's Mt. Everest expedition, will be in charge of the mountaineering.

The Banff to Mt. Assiniboine walking and riding tour route ensures easy and comfortable transport, and will enable the visiting members to travel home via the entrancing Malvel Lake, Lake Gloria, Wonder Pass, Mt. Assiniboine, Valley of the Rocks, Golden Valley, Citadel Pass, Healy Creek and Bow River.

The walking tour route will open to the public on the 1st of July, and be in operation during July, August and September. Trips start from Eau Claire Camp every Monday and Thursday. The objective is Wonder Lodge at Mt. Assiniboine, the Matterhorn of the Canadian Rockies. It is the central point of the recently created Mt. Assiniboine Park. This tour is open to the public, and will be well patronized this summer.

The Kidneys

The office man and the outdoor worker suffer alike from derangements of the kidneys.

Backaches and headaches are among the symptoms. In some cases Bright's disease soon develops, others suffer from high blood pressure until hardening of the arteries sets in.

In order to forestall painful and fatal diseases prompt action should be taken at the first sign of trouble.

Mr. A. D. MacKinnon, Kirkwood, Inverness county, N.S., writes:

"I can highly recommend Dr. Chase's Kidney-Liver Pills to all suffering from weak kidneys. I suffered from kidney disease for a long time. I may also say that for three years I was nearly always troubled with headaches, and no treatment seemed to do more than afford temporary relief. I was finally told of Dr. Chase's Kidney-Liver Pills, and after using a few boxes was completely relieved. I have also used Dr. Chase's Ointment with the best results, and never fail to recommend these wonderful remedies."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

MURINE Night and Morning. Have Clean, Healthy Eyes. If they Tired, Itchy, Smart or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Soothes, Relieves. Safe for Infant or Adult. At all Druggists. Write for Free Eye Book. Murine Eye Remedy Co., Chicago

"The Only Remedy" Says This Doctor

"The treatment of skin diseases (eczema) and diseases of the scalp is known to be difficult," writes Dr. W. L. Randolph. "However, there is one remedy that is known to be entirely dependable in this distressing and troublesome disease. I refer to D. D. D. Prescription."

If you have never tried D. D. D. for skin diseases, whether a small spot, or whether one of the dreaded forms—the torment of eczema or the head scales of psoriasis—get a bottle at once on our guarantee that if it doesn't relieve you your money will be refunded. \$1.00 a bottle. Try D. D. D. D. Soap, too.

INDUCTION OF REV. J. C. MORTIMER AT TABUSINTAC

The Presbytery of Miramichi met in St. Andrew's Church, Tabusintac, on Tuesday, for the induction of Rev. John C. Mortimer to the pastoral charge of that congregation. The members of Presbytery in attendance included: --- Revs. L. H. MacLean, Moderator; W. McN. Matthews, Clerk; Alex. Firth, F. W. Thompson and J. H. A. Anderson, Ministers; and Wm. Anderson, Representative Elder. A large and sympathetic congregation assembled to do honor to the occasion.

Public worship was conducted by the Moderator, assisted by Mr. Firth and Mr. Anderson, who preached the sermon. Mr. Firth, interim moderator of session during the vacancy, narrated the steps leading up to the service of the day. The moderator, on behalf of the Presbytery, then addressed himself to Mr. Mortimer and received from him cordial assent to the prescribed questions required of ministers of the Presbyterian Church on being settled in a congregation. He then declared Mr. Mortimer duly charged with the pastoral care of this people and with the other members of the Presbytery extended to him the right hand of fellowship. After prayer for the Divine blessing to rest upon the union of pastor and people thus created, Mr. Thompson addressed the newly-inducted minister fitting words of counsel on the assumption of his new charge. His must be a two-fold life, in close fellowship with God and sympathetic with the people, if he would fulfil the high office of the Gospel ministry. Mr. Matthews in his charge to the congregation reminded the people of their corresponding duties and privileges, effectively interpreting the significance of their engagement in their call to their minister, promising him in this act as they have done, all due respect, encouragement, obedience in the Lord, and contribution to your suitable maintenance as God may prosper us.

The choir had made arrangements for special music, and the impressive service was enriched with the messages of hymns sung by Miss Janet Stymiest, Miss Muriel Manderson and Mrs. L.H. MacLean. After the close of the service the whole assemblage repaired to the hall nearby, where the members and the congregation sat down to supper tables laden with choice and abundant delicacies. The day was fine, the fellowship of people and presbyters delightful, the service strengthening, and the forming of the new tie of relationship between minister and people in this historic congregation full of promise.

SO MANY PEOPLE ARE NERVOUS

"Fruit-a-tives" the Greatest of all Nerve Remedies

This Fruit Medicine Restores Health

The increase in the number of persons suffering from Nervousness is world-wide; due, in a measure, to the reaction following the war. Sleeplessness, Headaches, Mental Depression, Rheumatism, Nervous Dyspepsia, Bad Heart Action, are the results of a disturbed condition of the Nervous System.

The nerves and the blood are so intimately, so vitally, connected that the condition of one is bound to affect the condition of the other. If the blood is laden with impurities, it is impossible to have strong, steady nerves.

The first essential in treating nervous troubles is to purify and enrich the blood. This, "FRUIT-A-TIVES" will do. "FRUIT-A-TIVES" stimulates the bowels, kidneys and skin and purifies the blood. "Fruit-a-tives" improves appetite and digestion and insures food being properly digested, thus enabling the blood to carry wholesome nourishment to build up the body, particularly the nerves.

Men and women who take "Fruit-a-tives" for some form of nervousness—because they cannot eat or sleep or work or enjoy life—say that this fruit medicine is simply marvellous in its action.

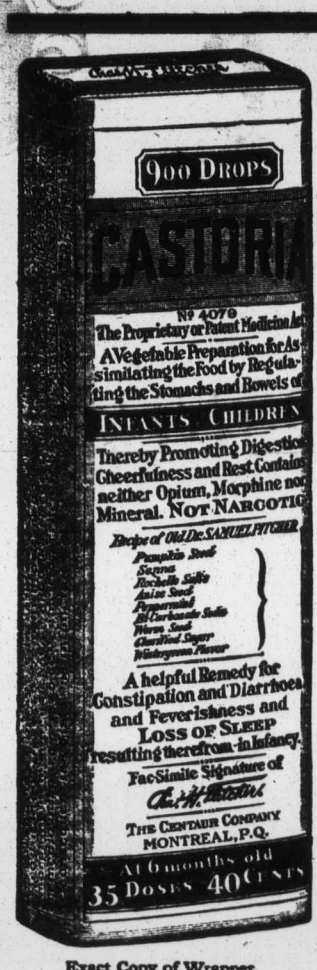

50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa Ont.

PORTABLE PUMP DID GOOD WORK AT DOAKTOWN

The Department of Lands and Mines has received a report from Doaktown to the effect that the B.C. Wonder fire-pump which ordinarily is used in fighting forest fires, performed most satisfactory work at Doaktown on Sunday 4th inst, preventing a spread of the fire which destroyed Henry Swim's factory and adjacent buildings. Early Sunday morning the Frederick fire department and the Department of Lands and Mines were asked for light pumping apparatus to protect Fraser's warehouse and other property which was threatened by fire burning in huge piles of edgings which had spread from the original fire in Swim's factory. The Forest Division had a small portable pump and sent it by motor early in the morning.

The fire in Swim's factory broke out at about midnight with cause uncertain. As there was little means of fighting the flames it soon was in ruins and other buildings also.

A wireless tower at Tokio, Japan, 60 feet high, of reinforced concrete is the highest one-piece structure in the world.

SHARP CRITICISM OF MR. D.B. HANNA

Ottawa, June 6—"It is about time we began to find out whether or not D. B. Hanna is the czar of this country", E. M. MacDonald, Liberal member for Pictou, told the public accounts committee of the House this morning when it developed that R. C. Vaughan, Vice President of the National Railways, and in charge of purchasing, failed to produce the contract between the railway and the Younghigheny and Ohio Coal Company.

Production of the contract was requested at the last sitting of the committee.

Mr. Vaughan informed the committee that he was acting on instructions given by Mr. Hanna.

The committee determined to call Mr. Hanna and to instruct him to appear with the contract tomorrow. Failing this, it is probable that the situation will be reported to the House of Commons.

At the outset Mr. MacDonald characterized the sale of coal by the Canadian Northern Railway Company to the Canadian Government Railways to the extent of \$2,400,000 as a very anomalous proceeding.

R. B. Hanson, Conservative, York-Sunbury, asked if any part of the coal bought by the C.G.R. from the Canadian Northern was originally secured under the contract with the Younghigheny and Ohio Coal Company.

"No", replied the witness. Mr. MacDonald objected that at a previous hearing the witness had stated that some of the American coal was included.

Replying to Mr. Hanson, witness said there was "not a copper" of profit to the Canadian Northern in the transfer of coal to the Canadian National Lines.

The Grave of a Canadian Poetess

Pauline Johnson's Grave in Stanley Park, British Columbia.

and feather bear the hall marks of my Mohawk blood."

On the east side of the fountain will be carved a canoe and paddle. This will be significant as a representation of the spirit of the "song my paddle sings," one of the sweetest songs penned by the princess. It reads:

"And up in the hills against the sky,
A fir tree rocking its lullaby,
Swings, swings,
Its emerald wings,
Swelling the song my paddle sings."

The eyes of the figure will be focussed on the stream of water, and beneath the carving will be the name "E. Pauline Johnson," with the date of birth and death.

The plan promoted by the Art, Historical and Scientific Society of Vancouver, of establishing an Indian village in Stanley Park, will prove unique in Canada. It will breathe an individualism redolent with associations of the "evergreen coast," and of the early history and legends of our country. The idea of the society is to bring an entire old-time Indian village, with its many totem poles, lodges, council chambers and customary features, and place it in Stanley Park.

It will perpetuate for all time the splendid and ancient history of some of the early native coast Indians, constituting the original pre-historic inhabitants of British Columbia, now only the remnant of a dying race. There are a few remaining villages, now in danger of decay from long disuse, silently nestling in secluded northern coves along the Pacific coast. There is evidence of stately pomp and grandeur about the large lodges and spacious council chambers with their numerous heraldic totem poles. The society hopes to obtain an ample number of totem poles, chief's regalia, "coppers," a metallic insignia of hereditary office and other panoply, dancing masks, robes, talking sticks, huge mitts-a-muck bows, war canoes, carved door jambs, and lincet, roof trees, medicine nose's, costly fur robes of sea otter, or other skins with full accessories.

USE BEAVER FLOUR and Improve Your Bakings

BEAVER FLOUR contains all the richness and goodness of Ontario Winter Wheat combined with enough Western Hard Wheat to give it strength.

It is the only scientifically blended flour on the market—and can be relied on to give the best baking results every time. Ask for it at your grocer's.

VALUE OF MILK IN THE DIET

Some Pointed and Pertinent Quires for Dairymen

The chief duty of the milk specialist, Miss Helen G. Campbell, of the Dairy and Cold Storage Branch of the Dominion Department of Agriculture is to disseminate information on the value as a food of milk and dairy products generally. That she is fulfilling her task the recently published pamphlet entitled "Why and How to use Milk" is abundant proof. Miss Campbell deals further with the subject in the May-June Agricultural Gazette under the heading "The Dietary Value of Milk." In this article, backed up by the universally acknowledged authority of Dr. E. B. McCollum of John Hopkins University, it is shown how milk adds to the nutritive value of cereals in body building, and consequently how important its generous consumption is to children particularly and to adults generally. Milk in any form contributes to the making of bone and muscle and to the preservation of health. It contains the element that our systems most require, such as mineral matter, lime and phosphate, and to a lesser extent iron, and a pleasant and necessary quantity of fat. It is helpful against scurvy and promotive of a clear, healthy skin. It is the main sustenance of the infant as well as of

CLEANLINESS IS HEALTH

"Let Gillett's Lye do it" is a common expression among those that are familiar with its many uses.

Read the directions under the wrapper.

GILLET'S LYE EATS DIRT

MADE IN CANADA

the invalid in many cases. In dealing with the subject the writer puts some pointed questions, which it would be well if every milk producer could answer in the affirmative. She asks for instance, if as much care as possible is exercised to keep the milk from contamination, if covered milk pails are used, if cows are cleaned and curried as they should be and their udders washed before milking, if clean hands, clean clothes, and clean places are insisted upon, if pains are taken to cool the milk as rapidly as possible and to keep it cold, and how many dairymen are really vitally interested in selling the best milk rather than just milk?

VITAMINES

Precious health-building elements are essential factors of growth to every child. **Scott's Emulsion** is the food- tonic of special value to children. It is rich in vitamins—builds health and promotes growth! Scott & Bowser, Toronto, Ont.

Protect Your Children's Health By Giving Them Purity Heathized Ice Cream

\$20,000 FIRE AT DOAKTOWN

Doaktown, N. B. June 5—The woodworking factory, warehouse, drysheds and other buildings owned by Henry Swim, of this place, were burned here on Saturday night with a loss estimated at \$20,000 and it is said, no insurance.

Flames were first seen issuing from the roof of the factory around the smoke-stack and it is believed the fire originated there. The fire was first discovered about 10.15 o'clock and a large force of volunteer fighters spent the rest of the night fighting the flames and preventing them from spreading, the C. N. R. station being seriously threatened.

CLEAN UP YOUR TOWN

A town looks like its citizens. Is there anything wrong with your town?

Are the back lots filled with unsightly trash?

Are the basements of public buildings full of rubbish?

Is there rubbish obstructing exits that people may have to use in an emergency?

If any of these conditions exist, there is something the matter with your town.

If your tongue were coated, your back ached and you had chills, you would go to a doctor. You would go because you were sick.

Your town is sick. It gets clogged up like your system, and is coming to the only doctor it can come to. If it is coming to you, People judge a town by its looks.

If there have been fires in your town in the past you have had to bear the loss.

Property that could have been taxed and thus help to reduce your burden, is beyond the power of taxation.

Food that could have been eaten is destroyed.

Insurance money with all its alchemy is no substitute; it has purchasing power, not food value. Clean up your town.

It will mean dollars and cents to you.

It may mean the saving of lives. Your own home may be destroyed by the careless act of a neighbor.

His home is in the same danger as yours.

Sunlight, fresh air and cleanliness never cause spontaneous combustion; lack of ventilation and accumulations of filth and dirt will.

Remove every unsightly and dangerous pile of rubbish.

It is your town. You live in it. And it will only be what you make it.

OBITUARY

LEWIS CHESTER GALLANT

At the Miramichi Hospital on Saturday June 3rd Lewis Chester son of Mr. and Mrs. Wm Gallant of Upper Nelson, aged 6 yrs and six months.

Deceased had been operated on for appendicitis the night before. Having been sick only three days, his death was a great shock to the family.

BIG GASOLINE RESERVES

The United States Bureau of Mines reports a gasoline reserve of \$13,500,000 gallons, the highest on record. Opening up of new fields and improved cooking processes during the past two years have greatly increased fuel production.

Don't Guess about your BATTERY

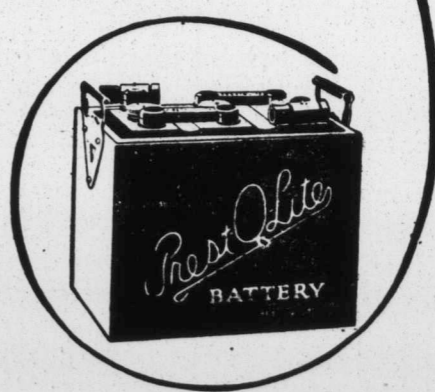

THE Plate is the backbone of any Storage Battery, and a large percentage of battery troubles are due to poor Plates.

The Prest-O-Lite Plate represents the greatest advance in battery-making in recent years. Prest-O-Lite Plates, the backbone of the Prest-O-Lite Battery, have the strength and porosity essential to the ideal Battery Plate—strong, so that heat will not buckle it and jolts will not affect it—porous, so that it will provide the reserve power necessary for cold weather starting and emergencies at other times.

Every part of a Prest-O-Lite Battery is made with the same extreme care—the same precise insistence upon perfection in every way. Jars, separators, containers—every part is made and assembled with the same scrupulous insistence upon excellence. It represents the greatest value you can buy—yet Prest-O-Lite Batteries are sold to-day at less than pre-war prices.

The Silk Worm and His Product

JAPAN has a monopoly of the silk industry of the Orient. The Japanese have achieved this triumph as the result of an early appreciation of the value of organization and standardizing, and by reason of their skill in perfecting a raw silk adapted to high power American machines. Silk is the chief Japanese export. The silk worm therefore is the special pet and pride of the Japanese people, and all thought and care is devoted to making his surroundings such as will conduce to his comfort, health, and happiness. This is no slight task. At least 4,000 years of breeding for silk alone has told on his probably once robust constitution, and the silk worm is now a temperamental little fellow, subject to devastating epidemics and greatly influenced by atmospheric changes of an unfriendly nature. It is only fair to say, however, that while with us he devotes his little mind entirely to business, and wastes not one of the comparatively few moments granted him in this life. He comes into the world as a tiny pink egg accompanied by five or six hundred brothers and sisters, and for a few days rests in the dark of small trays covered with paper in which tiny holes are made. On emerging from the egg his attention is attracted by the bright lights of these pin-holes. He climbs up to enquire what they mean, and working his way through them finds himself betrayed into a world of toil and trouble, as many a human being has been and will continue to be as long as bright lights glow.

The only thing he brings with him is a first class appetite, and the mulberry he loves must be chosen with tender care in order to work up his strength to the task of producing a fine strand of silk. For about a month he devotes his entire attention to meals, which amount to a practically continuous performance, with the exception of three or four short periods during which he changes his skin to one that more comfortably conforms to his fast increasing bulk. At these times care is taken to keep him from disturbing noises, although modern writers on the subject do not state that he is inspired to greater effort by music served with his meals. If not, it is perhaps because Oriental music would more favor distraction than the contemplative calm most conducive to the silk worm's task of putting on weight.

Having become a full-grown silk worm, he sets about the serious business of life, the spinning of the cocoon and eight to twelve hundred continuous yards of silken thread. This takes three or four days, and in most cases, his life shortly afterwards ends in hot water, as might be expected of one so early showing a predilection for bright lights. The hot water enables the silk farmer to easily unwind the cocoon into a skein of glossy, golden colored, raw silk all ready for the mills.

A few of his relations are picked out to carry on the good work, but even for these life has few joys. It is a long sleep of several months, an emerging from the cocoon as a winged moth that cannot fly, and the immediate setting about the business of laying another five or six hundred tiny eggs. When that supreme task is completed the little life goes out, probably tired of a world in which most of the fun has to be got out of eating.

But the silk it leaves lives on, and its first few weeks of life are swift. There are a dozen processes of winding, washing, rearing and coloring through which it must go, and the less time that these processes take, the better. A train load of silk represents a great amount of money. The interest on its value, and the premiums on its insurance total up tremendously. That is why every effort is made to get the finished product into the dealers' hands at the earliest possible moment.

A record in the trans-shipment of silk from Japan to New York was recently made by the C.P.R. On April 29, the Canadian Pacific steamer "Empress of Russia," left Yokohama carrying in her cargo 3,000 bales of silk for New York. Two minutes later the "Bay State," another Pacific liner, left a near-by dock with 1,500 bales of silk bound for the same destination. It was a race across the Pacific Ocean and the American continent, and silk and shipping men of two continents watched for the result. On arrival at Vancouver the "Empress of Russia" silk was placed on a special train, which was ordered to make all possible speed to New York. The silk was delivered there at 5.20 p.m. May 12, while the cargo of the S.S. "Bay State" was delivered 7.30 a.m. May 15, the Canadian Pacific through time from Yokohama to New York having been 62 hours and 1 minute faster than that of the rival line, and a record between these two points was thus established. Despite the fact that it was a 17 car train, the time consumed between Vancouver and Prescott, Ontario, was only 5 days, 17 hours, and 57 minutes. Canada's fastest regular passenger train is the C.P.R. "Trans-Canada Limited," which runs from Montreal to Vancouver in 92 hours, and from Toronto to Vancouver in 89 hours, leaving both cities daily. The shipping of this silk has definitely settled the supremacy of the Canadian route as the quickest to and from the Orient, and means much to the future trade of Canada.

**New Strength For
Weak Stomachs**

Indigestion Disappears When the Blood Supply is Enriched
The urgent need of all who suffer from indigestion, and who find the stomach unable to perform its usual function, is a tonic to enrich the blood. Pain and distress after eating is the way the stomach shows that it is too weak to perform the work of digesting the food taken. In this condition some people foolishly resort to purgatives, but these only further aggravate the trouble.

New strength is given weak stomachs by Dr. Williams' Pink Pills because these pills enrich and purify the blood supply. This is the natural process of giving strength and tone to the stomach, and it accounts for the speedy relief in stomach disorders that follows the use of Dr. Williams' Pink Pills. The appetite revives, food can be taken without discomfort and the burden and pains of indigestion are dispelled. Mr. William Johnson, a prominent business man of Lequille, N. S., bears testimony to the value of these pills in cases of this kind. He says: "I was attacked with indigestion accompanied by severe cramps in the stomach. I was prescribed for by the family doctor, but got very little benefit. Then I tried some of the advertised remedies but with no better result. Indeed my condition was growing worse. Then I read of the case of a man who praised Dr. Williams' Pink Pills whose condition was similar to my own, and I decided to try this medicine. The result, I think, was amazing as the use of six boxes restored me to my former good health. I can therefore warmly commend the use of this medicine for stomach troubles."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

**FUNERAL OF MISS
JESSIE MAUD LYON**

At the funeral of late Miss Jessie Maude Lyon, daughter, Mr. and Mrs. James D. Lyon, held at the home of her parents, on the first instance, the officiating clergyman, Rev. F. E. Bishop, of Newcastle, was assisted by Revs. A. I. Yeoman, W. McN. Matthews, H. Scott, and L. H. MacLean, and Captain Goodwin (S. A.) Mrs. L. H. MacLean, with Professor Liscombe as accompanist, sang "No Burdens Yonder" as a solo, and the choir rendered "Peace, Perfect Peace" The interment was in the United Baptist cemetery at Lower Derby. A great number testified to their high appreciation of the deceased by attending the funeral service. The pallbearers were Messrs George Langan, John Langan, LeRoy Betts, Warren Flett, Donald Thurber and Arthur Simpson. Among the beautiful floral tributes were the following:
Pillow—The Family
Wreath—Mr. and Mrs. H. T. Atkinson and family.
Spray—Mr. and Mrs. Otty A. Bailey and family
Wreath—Miller Extracts Ltd., Montreal.
Cross—St. Peter's Church.
Wreath—Millerton Women's Institute.
Crescent—Mr and Mrs. John Betts and family.
Wreath—Mr. and Mrs. Chas. Peterson and family.
Cut Flowers—Mrs. John Beattie.
Potted Plants—Mr. and Mrs. A. Fury
Cut Flowers—Mr. and Mrs. Geo Henderson.
Spray—Mr. and Mrs. Andrew Blakey and Elsie.
Spray—Mr. and Mrs. C. M. Dickson and family
Spray—Miss Charlotte Dickson
Wreath—W. G. Thurber and family.
Wreath—L. W. Flett and family.
Violets—Master Winston Fury.
Spray—Mr. and Mrs. H. D. Atkinson and family.
Cut Flowers—Mrs. Harvey Bate-man.
Cut Flowers—Mrs. Clinton Parker
Cut Flowers—Miss Annie Matchett
Miss Lyon was one of the most energetic, public-spirited and best known young ladies of the North Shore, and her passing away is a distinct loss to the section in many ways.

**Big Sevogle Fishing
Co., Ltd. Organized**

The organization of the Big Sevogle Fishing Club Ltd was put through Monday afternoon in the City Hall, Moncton. This is a New Brunswick charter issued to take over the fishing privileges of the Big Sevogle River in Northumberland County, which consists of about 100 miles of salmon and trout fishing. The club has a membership of forty drawn from different sections of New Brunswick. Those present from outside points were Ernest Mullins, of Newcastle; Dr. John B. MacKenzie, Loggieville; J. F. Brankley, Chatham and G. Wetmore Merrit, of St. John. The new directors are Dr. J. B. MacKenzie, Loggieville; Ernest Mullins, Newcastle; G. Wetmore Merrit, St. John; Wm. F. Humphrey and B. E. Smith, Dr. L. H. Price and Fred W. Winter, of Moncton. The officers are Wm F. Humphrey, President; Dr. J. B. MacKenzie, Vice-President; E. A. Reilly, K. C. sec.-treasurer.

The latter part of last week a committee representing the stock holders visited these fishing rights to make arrangements for the fishing season which is now on. At the present time a clubhouse is being erected which will be ready within three weeks.

**SERIOUS ACCIDENT
AT FRASER MILL**

Wednesday afternoon Archie Cameron an employee at the Fraser Mill Millbank sustained serious injuries to his head and shoulder while engaged at work in the woodroom of the mill. Workman were removing a sprocket from a shaft up near the roof and after doing so, instead of carefully lowering the geared wheel to the ground they dropped it. Mr. Cameron who was standing below at the time was struck and sustained very severe cuts. He was immediately rushed to the Hotel Dieu Hospital where the wounds were dressed by Dr. Marven

OBITUARY

MR HENRY T BALL
The death of Mr. Henry T. Ball, of Rock Island, Quebec, occurred on June 2nd at the Ross Memorial, Royal Victoria Hospital, Montreal. For about a month Mr. Ball had been in failing health, and entered the hospital ten days before his death. Deceased is survived by his wife, formerly Miss Florence Crocker, daughter of Mr. T. W. Crocker of this town and three young daughters. Mr. R. Waldo Crocker of this town and Mr. Earl S. Crocker of Toronto, brothers of Mrs. Ball attended the funeral which was held on Sunday, June 4th. Sincere sympathy to Mrs. Ball and family, in their sad bereavement is extended.

**ARTHUR HARQUAIL
SHOT FATALLY**

Dalhousie, N. B., June 8—Arthur the seven year old son of Mr. and Mrs. John Harquail, was shot in both legs while he and a brother were playing with a loaded 32 rifle on Saturday at their home. Both parents were away at the time and a considerable period had elapsed before the grandmother, who lived in the next house, was notified. When the doctor arrived it was seen that the only chance of saving the child's life was to take him to the hospital in Campbellton, but the little fellow died after being in the hospital only a few minutes. Much sympathy is expressed for the bereaved parents.

**NEW BRIDGE AT
BURNT CHURCH**

The following is a letter from E. W. Seeley of Moncton to The St. John Standard, re the Church River Bridge, North'd County. To the Editor of The Standard.
Dear Sir:—As the Kings and St. John Co. by-elections are on and local Government issues are being presented it may be well for the electors of those counties to have the story of the New Bridge that spans the Church River at Burnt Church, North'd Co. More than fifty years ago a bridge was built at that point, in Burnt Church and in the year 1919 it was condemned, plans for a new bridge were prepared, a new location farther up the river was found, tenders called for the erection of the bridge, and in the spring of 1920 work commenced. The new bridge was completed in May 1921, and the Foster Government took it off the hands of the contractor in that month. The new bridge being located farther up the river meant the diversion of the highway and necessitated the building of a new piece of road at each end of the new bridge. The contractor built the piece of road on the Burnt Church side as they needed a roadway to get to their bridge work, but up to the present time the 1.3 of a mile of road on the Negunc side of the bridge has never been touched. The land is rough, wild land and is impassible, with the result that the fine new bridge has never yet been used by foot or vehicle, and the three-years-ago-condemned bridge is still carrying traffic. This bridge cost the province \$65,000.00 for which Provincial bonds were issued, (the Veniot way), and the people of this Province are paying interest and sinking fund on that bond issue, while that splendid bridge has been standing there for the past thirteen months never having been used by anyone, all for the want of the opening up of that little piece of road, and there are no more signs of anything being done than there was a year ago. Since this is the way the business of the Province is handled by the much vaunted "Business Government", would it not be a good idea to try a Government of some other, most any other name? Thanking you Mr. Editor for your valuable space, I am
Yours truly
E. W. SEELEY
Moncton, N.B.
June 7th, 1922.

WEDDINGS

MACDONALD—BROWN

A quiet wedding took place on Thursday, June 8th at the Douglas town Presbyterian Monse, Rev. Mr. Firth, officiating, when Miss Isabelle Margaret Brown, daughter of Mr. and Mrs. Chas. Brown of South Nelson, was united in marriage to Wesley E. MacDonald of Newcastle. The bride was attended by her sister Margaret, and the groom was supported by Mr. John A. Crocker of Nelson. After the ceremony Mr. and Mrs. MacDonald left by motor for Nelson, and will reside in Newcastle.

GAURTREAU—BABINEAU

A very pretty wedding took place Monday morning, June 5th at St. Michael's Cathedral, when Miss Marie Regina, daughter of Mrs. Mary Babineau, became the wife of Edmund Gautreau of Newcastle.

The ceremony was performed by Rev. Father Salndon. The bride was given away by her brother Gonzague, and wore navy blue with polret twill, and black picture hat.

Miss Amanda, sister of the bride who wore blue canton, crepe and hat of brown with pink roses, acted as bridesmaid while the groom was supported by his brother Jack.

The Children of Mary of which Miss Babineau was a member, were in charge of the choir, with Miss Hortence Bullock playing the wedding march.

Luncheon was served at high noon to immediate relatives, the dining-room being tastefully decorated for the occasion with white carnations, smilax and sweet peas. The bride's mother wore a gown of black satin with jet trimmings.

The happy couple left on Ocean Limited among showers of good wishes for Quebec, Montreal, Boston and other American cities. On their return they will reside in Newcastle.

CONRAD—MCCURDY

A specially pretty wedding was solemnized at New Carlisle, Que., on Thursday June 1st, in the Presbyterian Church, the parties were Miss Helen McCurdy, daughter of Rev. Jas. F. McCurdy and Mrs. McCurdy, and Harold Stowell Conrad formerly of P. E. Isle, Mr. McCurdy was assisted by Rev. A. M. McKay B. A. of New Carlisle.

The bride wore a dark brown broad cloth tailored made suit and large mohair braid hat to match. She was accompanied by Miss Marion Cook of Charlott, N. B. who wore a white flannel suit and black hat. The choir led by Miss Rena Caldwell organist, gave splendid assistance. After the parties had arrived they sang "Oh Perfect Love", and after the first prayer they chanted the Lords prayer to a very fine musical setting. After the benediction, while the parties were signing the register a solo was given by Mrs. Roy Hughes. From the beautiful decorated Church, Mr. and Mrs. Conrad returned to the Manse and had a dainty served breakfast luncheon, together with a score of their friends, and after started on their honeymoon trip, which is to be by train and motor and is to embrace the Annapolis Valley, which is now in full bloom of apple blossoms and the St. John Valley to Fredericton.

HARD TO RECOGNIZE

If you are in a motor car, do not expect pedestrians to recognize you. It is easy enough for you to see them, but often very difficult for them who is walking to see who is in the car.

Healthy Children Always Sleep Well

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well; if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again. The tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the new-born babe with perfect safety. They are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co. Brockville, Ont.

ANNUAL EXAMS

The annual examinations for teachers' licenses will begin on Tuesday June 13, and will be completed on Friday, June 16. Fredericton St. John and Chatham are the examining stations.

DOLLAR DAY

Dollar Day, the second one held this year in Newcastle, on Thursday last was a success in every particular. Large numbers of enthusiastic buyers kept the merchants busy all day long, and the result was most gratifying to all concerned.

SOME RATE

The "Carleton Sentinel", published in Woodstock, in referring to Newcastle's taxation rate of \$3.60 for 1922, says It is Some Rate. The ratepayers of Newcastle are well aware of the fact.

ENTERTAINED EDITORS

Senator MacDonald entertained the New Brunswick delegation of the Weekly Press Association at lunch, on Friday in the Senate Chamber. Hon. Arthur Melghen and Senator Perrault were also present. Covers were laid for fifteen.

NEAR CLOUDBURST

On Friday Fredericton district experienced almost a cloudburst. A severe electrical storm accompanied by rain, descended in such quantities that the surface sewers failed to perform their work and streets were flooded in places to a depth of more than a foot. City crews had to work to clear the catch-basin entrances and let the water run off.

WILL BREAK WITH UNIONISTS

It was stated at the Presbyterian General Assembly held last week in Winnipeg, that those opposing union would be bound in all conscience to break with those supporting union, the moment action is taken looking toward consummation of union, but that they believed it inadvisable to make any break until the time for action comes.

BLESSING OF BELL

The blessing of the new St. Thomas' Church bell took place last Tuesday before a large audience of people who assembled from all sections of the county. The bell was blessed by His Lordship Bishop Chiasson, after which Rev. R. Hawkes preached an eloquent sermon. The Str. Max Aitken took a large number to Redbank from Chatham and intermediate points. The picnic which was held after the ceremony was well arranged and the different committees saw that all details were carefully carried out.

\$2,000 in cash prizes

Many people have discovered that 2 in 1 Shoe Polishes are good for other things than for shining shoes. For example:—

- 2 in 1 BLACK—Good for polishing motor cars; refinishing suit cases, kodaks, black gloves, rubbers, hats, etc.
- 2 in 1 WHITE—cake or liquid—Good for cleaning hats, stains in white skirts, white kid gloves, auto tires, etc.
- 2 in 1 TAN PASTE—Good for polishing furniture, hardwood floors, etc.

For the Best List of New Uses for 2 in 1, We are Awarding Cash Prizes as Follows:

1st award	\$500.00—for the most acceptable list	20 Prizes of	\$15.00—for the next twenty
2nd "	300.00—for next best list	50 "	5.00—for the next fifty
3rd "	200.00—for third best list	50 "	2.00—for the next fifty
10 Prizes of	25.00—for the next ten	100 "	1.00—for the next 100 lists

Try to find new uses for any of the 2 in 1 Shoe Polishes, either black, tan, oxblood, or brown paste, white cake or white liquid, black or tan combination.

Write on one side of paper only. List uses according to colors. Awards will be made according to decision of special committee, and payment made on or before October 1st, 1922. All lists submitted to become our property. Address:

RAILWAY RATES AND IMMIGRATION DISCUSSED AT C.P.R. ANNUAL

President E. W. Beatty Deals With Important Matters Affecting All Canada In Address To Company's Shareholders

E. W. BEATTY, President C.P.R.

THE 41st annual meeting of the Canadian Pacific Railway was held at noon on May 3rd, at Montreal, and in his address to the shareholders President E. W. Beatty, after commenting upon the earnings of the company, which had shown an increase in net receipts in the face of a decrease in gross, said:—

In my opinion, Canada cannot afford to be without a definite and forward immigration policy much longer. While it is urged that depression both in agriculture and in general industry with consequent unemployment during the past winter is a reason why active immigration measures should not be taken, it must not be forgotten that there are types of immigrants that can be readily obtained and brought to Canada without the possibility of adding to the burdens of the country. The immigration of young people of British stock can be accomplished without affecting in any material degree the existing situation respecting unemployment. The immigration of domestic servants in substantial numbers may reasonably be encouraged and the immigration of agriculturalists from Northern Europe, Great Britain and the United States who can only be secured in limited numbers should be actively prosecuted. In addition, the Government would, I think, be well warranted in framing a policy designed to permit more general immigration of carefully selected types from countries, the people of which have heretofore come to this country and succeeded under Canadian conditions. It must not be forgotten that Canada's opportunities deserve widespread recognition and even if adequate machinery is now begun to be set up, it will not be until 1923 that the results of the Government's activities will be felt. Unless we feel that the conditions in this country will not be improved for some considerable time to come it would appear that the preliminary steps to obtain immigrants in substantial numbers should be taken without further delay. The Canadian Pacific for many years has been the most active colonization agency in Canada. Settlers to the number of 54,000 have been placed upon its lands alone and the cost of the company's activities in land selling, irrigation and colonization since its incorporation has been extremely large, amounting in the aggregate to approximately \$68,000,000, an amount in excess of the total expenditure of the Dominion Government for immigration during that period.

As forecasted in the address at the last annual meeting, reductions took place during the year in both rates of wages and in freight and passenger rates; the former which became effective July 16th last was equivalent to a reduction of 9.03 per cent on then existing payrolls of the company. The demand for further freight rate reductions is still persistent throughout Canada and to the existing scale of rates is attributed much of the present slackness in business. It is, in my opinion, an entirely erroneous impression that the existing freight rates are the cause rather than the result of the present economic conditions, the most important of which from a transportation standpoint is the present scale of wages and working conditions which the railways were compelled by Government authority to accept during the war. It is the view of your directors that it has been their view for some time that the scaling downwards of freight rates should be begun with reductions on basic commodities, especially in those industries which have felt the general depression most acutely. Notwithstanding

the willingness of the companies to make sacrifices in their revenues in the hope that lower scale of rates on basic commodities would give an impetus to business activity, they have been precluded from agreeing on a definite policy because of the approaching expiration on 7th July next of the provisions of the Railway Act allowing the Railway Commission to make rates irrespective of agreements, statutory or other. In 1897 an agreement was made between this company and the Government and confirmed by Parliament whereby in consideration of the receipt by the company of a subsidy of \$3,500,000 in aid of the construction of a railway to the Crow's Nest and Southern British Columbia reductions in rate on certain named commodities shipped from Eastern Canada to points in the West and on grain to Fort William were exacted with the obvious intent of assisting the colonization of the Prairie Provinces. The so-called Crow's Nest rates on the commodities specified are from 19 per cent to 49 per cent lower than the rates at present being charged. The intention of Parliament at that time undoubtedly was to create special rates which the company would be entitled to collect and which would be legal though not bearing a fair relation to other rates. At that time the Canadian Pacific operated about 3,300 miles of railway but in a desire to give equality of rates to territories contiguous to those mentioned in the statute though not supplied with railway facilities at the time the statute was passed, the company extended the application of rates to the lines subsequently constructed or acquired so that in 1918 the application of the rates had been extended to 13,772 miles of railway. During the period subsequent to 1897 many thousands of additional miles of railway were constructed by other companies now included in the National Railway System. The rates effective on this company's lines were naturally put into effect on the lines of these railways so that it is safe to say that the so-called Crow's Nest rates were in practice applied to five times the mileage in operation at the time the agreement was made. The Crow's Nest scale of rates if applied literally would bring about an inequality of treatment between different parts of Western Canada which must, of necessity, favor some districts against others which now enjoy relatively equal rates. The Government desire to have the facts corrected by a special committee of Parliament with particular reference to the operating costs of the railways and to the result of the application of the Crow's Nest rates upon the revenues of the National Railways and of other railways. The situation has been twice reviewed by the late Government, once in 1918 when the rates were suspended by Order-in-Council under the War Measures Act because of the inability of the companies (in view of the heavy costs of operation) otherwise to carry on successfully and to perform the transportation services so peculiarly essential at that time; and again in 1919 when power to deal with the rates irrespective of the provisions of special agreements was conferred upon the Railway Commission. In both instances the view of the Government apparently was that Parliament, in establishing the Crow's Nest rates had not in contemplation the extraordinary and abnormal conditions under which the operations of the railways have been carried on in recent years or the inequalities and discriminations which might be created under the scale of rates then imposed. While considerable progress has been made in reducing expenses, there still exists a serious business above war costs and the wage scales of 1921 are higher by percentage ranging from 33 per cent to 255 per cent than those existing in 1909 and 1919, and the cost of principal commodities, including fuel and rails is also substantially higher; the in-

crease in the case of rails being 92.32 per cent and fuel 177 1/2 per cent. The operating ratio of the company in 1897 was 67.16 per cent, while for the year 1921 it was 82.23 per cent. The situation is one which should have frank recognition. The matter is in the hands of Parliament which alone can deal with it because of statutory restrictions.

I regard the stability of railway rates in Canada (even if re-adjustments downwards are bound to continue until normal operating conditions are reached) as being of the greatest possible importance to all Canadian railways. For the past four years the extraordinary conditions which prevailed have compelled drastic economies and the conserving of the resources of the companies wherever possible. It has prevented the increasing of facilities and improvements in maintenance and the construction of new lines because no company would be justified in spending freely for these purposes in the absence of adequate revenues. The large railway systems of Canada are, of course, the chief purchasers of material and supplies and to the extent to which their purchases for any purpose, including new construction, are retarded, the uncertainty of financial return upon the money invested a return to prosperity is retarded.

I had been hopeful that the present year would see a resumption of at least normal activity in maintenance and construction works, the necessity for which always prevails on a system the size of the Canadian Pacific. Apparently, however, we have not reached the period at which we can say that "large expenditures are warranted, especially in view of the freight rate situation. The steps preliminary to the re-adjustment of wage scales and working conditions are proceeding both in the United States and in Canada. The procedure being followed is that required by the agreements with the labor unions and by the laws of the United States and Canada. An early decision is hoped for in respect of some of the matters in dispute but the proceedings are, of necessity, protracted, and decisions are not, therefore, reached speedily.

Gross earnings on all Canadian roads still show substantial decreases under those of the corresponding period of 1921. Crop conditions, however, so far as they can be judged at this date, are very favorable and there is a returning spirit of optimism and activity which should grow in volume if agricultural prospects are realized.

The company's taxation is not unreasonably increasing from year to year, approximately \$10,000,000 having accrued in Alberta; taxes during the last five and a half years, as indicated in the Annual Report, the finances of the company are in splendid condition and the credit of the company has been well maintained and is extremely high, and it is, I think, of national importance that it should be so maintained.

While there are some serious and difficult problems yet to be solved, the general sentiment of the country shows a distinct improvement over that prevailing at the end of last year and the beginning of 1921. I am very hopeful that the importance of the transportation agencies of Canada being permitted to undertake their full share in the country's advancement will receive due recognition and if it does I am convinced that the return to normal conditions will be greatly accelerated. Your company will, as always, endeavor to perform its part with the purpose of advancing the expansion of the country agriculturally and industrially. Few institutions are so linked up with the prosperity of Canada as the Canadian Pacific and its ability to maintain a high credit has in a large measure contributed to the support received by other Canadian enterprises. Its program should be seen in the light of that of the country itself.

FRETTING NAUGHT BUT FOLLY

But Many Sermons on the Subject Have Failed to Convince People of Its Uselessness.

In that doleful, delightful book, "The Education of Henry Adams," occurs a phrase, "the folly of fret," which is better than the usual expression, "the uselessness of worry."

Many sermons have been preached, many lectures delivered, many medical opinions pronounced, many household homilies uttered, on that theme.

The trend of applied science in our century is toward the reduction of friction and the elimination of waste. And a big part of friction and of waste is worry.

We worry about the human machine. We imagine that all sorts of dreadful things are about to happen to us. Our thoughts ought to be on our work—and they are diverted by our worries.

We worry about losing a position in business or our standing in society. There would be less excuse for anxiety if we would spend the energy consumed in trying to do our work still better, trying to serve more satisfactorily the community we live in, striving to discharge the various and delicate offices of friendship with increased tact and perception and sympathetic selflessness.

Worry is quite another matter from a proper carefulness, that weighs a proposition and looks all round its object ere acceptance.

A man who investigates before he buys, who considers alternatives and who asks questions before deciding, who makes no leap in the dark, is not open to the reproach of one whose "folly of fret" merely leads him in frantic circles, like a tethered donkey. All his fuss and clamor issue in nothing but an ecstasy of motion and emotion.

Man power is too precious to be thrown away in these gyrations that are the pantomime of futility. Give us more of the calm, big men who plan and then proceed.

They seem to have time. They do not operate in a flutter and a fever resembling the hen yard or the stock pen. They make up their minds and preserve their equanimity. Seeing them so cool and controlled, those who do everything in a panic or a paroxysm try their best to excite them by telling them the house is burning down or the world is coming to an end.

But these quiet and capable ones are not deceived. They know that it is not for man to say when his own life or his own work shall end. In trust and peace they continue on their way—avoiding "the folly of fret" that victimizes and weakens other men.—Philadelphia Public Ledger.

He Walked Into The Restaurant

Sat down, and gave his order. The soup was slow in coming so he started nibbling the bread.

It happened to be Robinson's Butter-Nut Bread. So he kept on eating it. Soon when the soup came he sent for another order of Robinson's Butter-Nut Bread.

And when he had eaten it he was so well satisfied he skipped the meat. And wasn't hungry till he went home for supper. And he brought home a loaf of Robinson's Butter-Nut Bread so he wasn't hungry long.

Appetising—satisfying—sanitary—ask for Robinson's Butter-Nut Bread at your dealer's.

MRS. STOCKALL GAINS 12 POUNDS AND FEELS FINE

Halifax Resident Is Overjoyed At Remarkable Restoration After Eight Years of Suffering—Gives Tanlac Full Credit.

"I am perfectly delighted with the results I have obtained from Tanlac. My general health has not been better in years," said Mrs. Blanche Stockall, 50 1/2 Oxford St., Halifax, N. S.
 "For the past seven or eight years I have been in a dreadfully run-down condition. I had extremely poor appetite and never relished anything I ate, and always suffered from a distressing nauseated feeling after every meal. To make matters worse nearly every day I would have a blinding headache and was so nervous I was almost a wreck.
 "Tanlac has given me a keen appetite and put my stomach in such good condition that nothing disagrees with me now. I have gained twelve pounds in weight and feel fine all the time."
 Tanlac is sold by all leading druggists everywhere.

Stay Proceedings In Insurance Case

Chief Justice H. A. McKeown, in Supreme Court chambers Monday morning, ordered a stay of proceedings in the case of D. J. Buckley against nine insurance companies until arbitration can be made in the matter of the loss. F. R. Taylor, K.C., and J. H. A. Fairweather appeared for Mr. Buckley and M. G. Teed, K.C. for the insurance companies. Mr. Teed made a motion of appeal against the order.

CAMPERS GUILTY OF KILLING FOREST

Apropos of the wholesale destruction of forest areas already this year by careless campers and other users of woods, the Canadian Forestry Association puts this query to every Canadian lover of outdoors:
 Horses couldn't drag you to a hunting trip in a treeless wilderness; a fishing trip by a treeless stream; or camping out in a treeless valley.
 Isn't it about true that the call of the Outdoors is the call of Trees? The hospitality of Nature means little to any man except when associated with living trees.
 Last summer hundreds of parties of campers struck an unfair blow at the rights and privileges of fellow campers, fellow sportsmen and nature-lovers by starting at least 2500 damaging forest fires.
 Camp fires that were not put out, matches and smokes thoughtlessly thrown on the inflammable 'floor' of the woods, these personal acts killed the camping, fishing and hunting in many thousands of square miles of Canadian forest.
 Don't be a kill-joy. The forest is made for the fellow who follows after you.
 Enjoy the woods. There's nothing to fear except fires. And mighty few fires except what you start.
 Remember: all big fires start as little ones. One Minute's Care may save a Century of Waiting.

HEALTH OFFICER IS PLEASED WITH CONDITIONS

Dr. F. J. Desmond, District Medical Health Officer, spent Wednesday in Moncton, conferring with Mr. C. E. Northrup, secretary of the Board of Health, on matters pertaining to the Public Health of Moncton and district. Dr. Desmond is pleased with conditions in this district. This is the third visit in the past month which he has made to Moncton.

NEW MONCTON REAL ESTATE COMPANY INCORPORATED

Under the New Brunswick Companies' Act 1916 a charter has been issued on the petition of F. Roy Sumner, Jennie Norfolk Sumner and Richard Percy Dickson, presented by E. A. Reilly, K. C., of Moncton, incorporating "F. R. Sumner Limited" with a capital of \$250,000.00 divided into shares of \$100.00 each, with head office at the City of Moncton. The object of this company is to own and control real estate.

HALIFAX CLERGYMEN DECLINE TO MARRY COUPLE IN THEATRE

Halifax, N. S., June 6—Attired in their wedding finery, marriage license in readiness and wedding ring in the groom's pocket, Miss Vivian Power and Leo Sullivan awaited in vain last night the arrival of the minister who was to make them man and wife on the stage of a local picture house. Five other couples stood by in case the original principals developed stage fright.
 The minister did not turn up because the Halifax Ministerial Association held an emergency meeting and passed a resolution "protesting against the prostitution of the sacred ordinance of marriage by exploiting it for advertising purposes and thus vulgarizing and degrading the most solemn contract which can be entered into by man and woman".
 The man who didn't mean to hurt your feelings ought to be fed his own medicine.

PAINS IN BACK AND SIDES

Relieved by Lydia E. Pinkham's Vegetable Compound
 Lindsay, Ontario—"I used to have very bad pains in my back and sides and often was not fit to do my work. I tried many medicines before I began to take yours. I saw Lydia E. Pinkham's Vegetable Compound advertised in the 'Toronto Globe' and now that it has helped me I recommend it to all of my neighbors. I keep it in the house all the time and take it once in a while no matter how well I feel, for one ounce of prevention is worth a pound of cure."
 —ELIZABETH CAMPBELL, 13 St. Paul St., Lindsay, Ontario.
 To do any kind of work—and you know there is much to be done—is next to impossible if you are suffering from some form of female trouble. It may cause your back to ache or a pain in your side; it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.
 Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of these troubles, and restore them to normal health.

Its Rich Delicacy and genuine all-round goodness makes Salada the choice of millions and its sales are ever increasing.

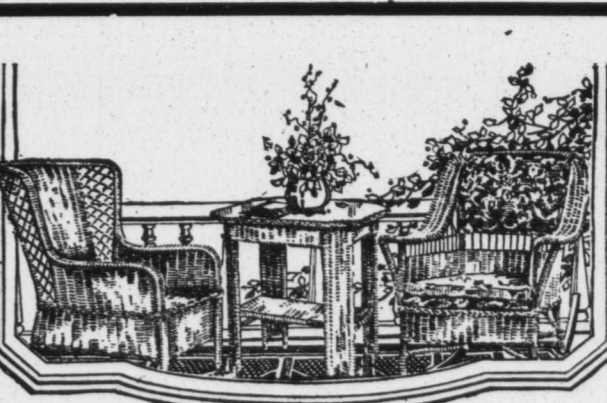

Nothing Else is Aspirin—say "Bayer"

Warning! Unless you see name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances? Accept only an unbroken "Bayer" package which contains directions worked out by physicians during 21 years and proved safe by millions for Colds, Headaches, Earache, Toothache Neuralgia, Rheumatism, Neuritis, Lumbago, and Pain. Made in Canada.
 All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12 tablets, and in bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer Manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

FOOD SALE

The recent Food Sale held by the Newcastle Sub-Division Catholic Women's League of Canada was most successful in every particular. The proceeds amounted to over \$50.

ICE CREAM SOCIAL

The Junior Women's Club of St. James' Church will hold an Ice Cream Social on the grounds of Mr. Wm. Ferguson, on Friday evening, 16th inst beginning at 7.30 o'clock. The Newcastle Band will be in attendance.

CLOSING EXERCISES

The annual closing exercises of St. Mary's Academy will be held on Tuesday, 20th inst. at 8 o'clock p. m. The usual exhibition of needle work and painting will be held between June 11th and 13th. All are cordially welcome to attend.

BIG HAY CROP

The finest hay crop in years is predicted. Reports from the farming districts say that in some places hay has already attained a height of two feet. Other crops are flourishing as well and things look bright this year for the farmer, which in turn means prosperity for all.

HORSE SWAN RIVER

A valuable grey horse owned by Mr. Edward Dalton died last Wednesday from exhaustion, after swimming across the Miramichi River from Newcastle to Chatham Head. The horse was to be used in working at the steamer loading at Maloney's wharf.

GUESTS AT GOVERNOR

GENERAL'S GARDEN PARTY
Ottawa Journal, June 5; Mr. James Robinson, ex-M. P. of Northumberland County who has long been a prominent figure in New Brunswick public life, was among the guests of their Excellencies at the garden party on Saturday afternoon. Mr. Robinson's opponent in 1896 was Hon. Peter Mitchell, one of the few survivors then of the Confederation Fathers.

BUSY WATERFRONT

The Miramichi Waterfront is a busy place at present. Three large steamers are in port, the German Steamer "Mercur" is loading at Ritchie's wharf; the Norwegian Steamer "Kronafond", is docked at Maloney's wharf loading for Fraser Company, and the Canadian "Squatter" is anchored in the stream. Because of the Morrissy Bridge mishap, small boats of all types and classes are plying between Newcastle and Nelson. The Str. "Max-Alton" happened to be in Redbank at the time of the bridge accident and as a consequence how flocks at Robinson's Mill Wharf above the bridge, and makes her daily trips to Redbank.

WAY DOWN EAST

A large audience witnessed "Way Down East", in the Opera House last night. Every one was more than pleased and spoke in the highest terms of the picture. It will be shown again tonight for the last time and those who did not see it last night should let nothing prevent them from attending tonight. It is a chance in a life-time to see one of the pictures that is really worth while.

CIRCUSES NOT COMING

It is reported that two circuses which had been intending to cover the Maritime Provinces this season have cancelled their dates. Unfavorable financial conditions in the territory reported by advanced agents together with stiff license fees in more than one city are said to be the determining influences.

PICNIC JULY 1ST.

The Knights of Columbus intend holding a picnic in Chatham on the Exhibition grounds on Dominion Day. All kinds of races and other amusements will be indulged in, and two bands and two orchestras will furnish music throughout the day and evening.

REPAIRS TO BRIDGE

The work of repairing the Morrissy Bridge started this week. The disabled draw will be opened for navigation in the river, but the bridge will be out of commission for at least 2 or 3 weeks, while the necessary repairs are being effected.

UNITED SERVICES

The Presbyterian and Methodist congregations will be united at both services next Sabbath on account of Rev. J. B. Champion's absence to the Methodist Conference. The morning services will be held in the Presbyterian Church and the evening services in the Methodist. Rev. L. H. MacLean, pastor of St. James' Church will preach at both services.

ONE MORE

A. F. Bentley of St. Martin's, St. John County, was the successful Candidate in the by-election, held on Saturday to choose a successor to Hon. J. B. Baxter, M.P. in the Provincial Legislature, receiving 271 more votes than his opponent Dr. J. H. Barton. This gives the present government one more supporter in the House and the Opposition one less. The King's County by-election will be held next Sat.

CHANGE IN WEATHER

There was a marked change in the weather last Thursday night after the severe electrical storm which however was not felt here. The intense midsummer heat which had prevailed for some days was followed by cloudy weather with local showers in several places.

A WARNING

Residents of Douglastown would like automobilists to understand distinctly that there is a speed limit governing the driving of cars through their district. Since the Morrissy Bridge has been put out of commission the road through Douglastown is more frequently used than usual, and from all appearances it looks as if the owners of automobiles think they own the road and can do just about as they like. The residents resent this attitude on the part of the car drivers and wish them to understand that the road leading through Douglastown is their property, and before automobile drivers can own it, they will have to buy it first. Some very narrow escapes have recently occurred and before more serious damage is done, the above warning is given. The authorities intend prosecuting all persons in future who exceed the speed limit.

WEDNESDAY HOLIDAYS

So far this summer the usual habit of closing the stores at noon on Wednesday afternoon has not been established.

NO EFFECT

According to Hon. D. D. McKenzie, Solicitor General the new bill to amend the Canada Temperance Act, will have no effect in New Brunswick.

FOOD AND FANCY SALE

The Junior Missionary Society of St. James' Church will hold a Home Cooking Food and Fancy Sale in the Store of Mr. James Stables on Wednesday, 27th inst.

ARRESTED

Carl A. Sutter and wife of Boston the modern "Adam and Eve" have been arrested for violating the Maine game laws and on conviction paid fines and costs aggregating \$354.

SCHOOL TAX BOOKS

Poor and County Rate Books, Dog Tax Books, Receipt Books in Duplicate, Mill Saw Bills, Deed Forms, Teachers Agreements, for sale at the ADVOCATE OFFICE

CAUSE A SENSATION

If "Observer" would divulge his name and the information which he claims to possess before the proper authorities, there is a little doubt but what he would cause quite a sensation among a certain element in town. Anonymous letters never accomplish anything.

REMEMBER THE DEAD

If many of the dead who are buried in St. James' Cemetery could see, they would not feel very well pleased at the condition in which their graves have been kept by their relatives. The least the living can do is to remember the dead long enough to keep their last resting place in good condition. It is an easy matter and does not involve the outlay of much capital.

OBSCENE DRAWINGS

Some mean, low down person or persons are in the habit of marking with lead pencil, chalk or soap on the fronts of stores in town, literature and drawings, which are most obscene. Those who are responsible for such mean actions should be immediately brought to task. It may be the work of youngsters who loiter in the store vestibules during the evenings, while on Monday mornings after Sunday, their work is very much in prominence.

BEAUTY OF THE SKIN
is the natural desire of every woman, and is obtainable by the use of Dr. Chase's Ointment. Pimples, blackheads, roughness and redness of the skin, irritation and eczema disappear, and the skin is left soft, smooth and velvety. All dealers or Edmondson, Baker & Co., Limited, Toronto. Sample free if you mention this paper.

Dr. Chase's Ointment
