## NEWS OF MILITARY ENQUIRY CREATES A MILD SENSATION

Centres Public Attention on Gossip That Has Been Busy for Two or More Years, But Which May Carry More Imagination Than Truth—The Journal Suggests That Judgment be Withheld for a While.

### SPIRIT OF CITIZENSHIP SHOULD PREVAIL

Something of a mild sensation was caused last night by the publication, exclusively in *The Journal*, that a court of enquiry is to be held in this city at the Armouries on Tuesday next into certain financial affairs of the 19th Regiment during the time it was a part of the Welland Canal Guard. For the last two years there have been covert remarks heard, now and then, about supposed irregularities in connection with funds, and it was known by *The Journal* that evidence was being gathered for the purpose of implicating officers who are said to have misled the Militia Department of sums aggregating several thousands of dollars. Some months ago an officer was said to be in the city representing the Government to "run down" all the information that could be secured. He got photographic copies of checks that were passed through a bank on St. Paul street bearing certain names of men and which are said to be a substantial link in evidence which is held by some to be incriminating.

#### Thought Things Had Cleared.

Time has passed on, however, and it is, according to information secured by this paper, monies were alleged to have been paid back in order that no charge of impropriety would have further countenance or argument. As to the accuracy of this statement this paper does not vouch. It was thought that everything had been cleared away and that no one's character would be besmirched.

Now it develops that the Ministry of Militia and Defense has arranged for a sitting at which all who have any knowledge of these "certain affairs" can lay it before the responsible authorities. Just what will be revealed or whether anything will be disclosed, is not yet for the press to state, but having learned weeks ago a good deal about various phases of the whole matter *The Journal* feels it a duty to suggest to the public that its judgment be withheld until the facts pertaining to the whole affair are more firmly and clearly established. If we were in possession of less information this suggestion could not carry as much sincerity as this paper considers it a duty as a public newspaper to convey. The reputation of citizens who have lived long and busy lives here is not to be sullied on suspicion and imaginary truths. No officer or former officer is entitled to be placed under a cloud until evidence is produced of a character that leaves no room for doubt. What facts the Militia Department may hold in its secret folds is not here anticipated. (Continued on page 2)

#### THE WEATHER

TORONTO, Jan. 9.—The disturbance which was north of the Gulf of Mexico yesterday is centred this morning south of Lake Erie. The weather is moderately cold in Ontario and Quebec and comparatively mild in the western Provinces. Light local snow falls have occurred in south western Ontario, Quebec and the Maritime Provinces.

FORECASTS—Strong north east winds with snow. Saturday: Westerly winds, fair and moderately cold.

#### "YOU SHALL NOT PASS."

A good joke is now in circulation at the expense of a lady citizen who thought to outwit the Yankee frontier guards. Having business over the river she procured a certificate of vaccination from a friend and presented to a lady constable at the Bridge. The guardian became suspicious and demanded a sight of the scarified arm. It was not there and she was summarily turned back with a severe warning.

## CROOKS GOT OFF LIGHTLY AS HE'S POOR MAN

### MAGISTRATE TOOK THIS INTO CONSIDERATION IN DEALING WITH THE ILLICIT STILL CASE IN CLINTON.

The Grimsby Independent gives the following details with reference to the big still discovered in Clinton Township:

The second seizure by Inland Revenue Officers of an illicit still in this district was made on Tuesday morning when the officers visited the farm of Charles J. Crooks, in Clinton Township and unearthed a gigantic whisky making plant.

Early Tuesday morning Eric Clark of the Wentworth County Police accompanied by Inspector Strudy of Hamilton and Inland Revenue Inspector Baby of Hamilton, came to Grimsby. They looked up Chief Konkle and the party started for Crook's farm, which is situated on a plateau right under the brow of the mountain in Clinton Township a short distance east of the Thirty.

When they reached the farm they immediately started a search and discovered a lot of machinery for making cider, cider butter, apple butter, etc., but no still. After a long search they finally located the whisky making outfit buried under the hay in the haymow. It was a mammoth affair and the officers claimed that it was the biggest they had even seen or heard tell of and if worked properly had a capacity to turn out 90 gallons a day.

It was in almost complete condition and had at some time not so long ago been used for the purpose of distilling, although at the time they found it it was dismantled and in parts.

In the house two one gallon cans full of "Moonshine" were found, and had a smell to it that would penetrate a brick wall and a taste that (Continued on page four.)

## WILD TIMES IN OLD IRELAND ARE THE ORDER NOW

### MUCH REVOLVER AND RIFLE FIRING EVERY NIGHT; MAGIS- TRATE DEFENDS HIS HOME; A PITCHED BATTLE.

BELFAST, Jan. 9.—Wednesday morning Roundstone Police Barracks Clifton, Galway, were attacked by Sinn Feiners who kept up continuous rifle and revolver fire from 1 to 3 a.m. Irish constabulary numbering six put up a spirited defence and beat off the rebels. They pursued them in the darkness and captured two in a house in which they took refuge. This is the first instance of Sinn Feiners being caught red handed by the police.

Sergeant Fairrell, who was badly wounded in the attack on the police near Dungloe, Donegal, recently, has had his right leg amputated as a result of his wounds.

Hibbert Wood Park, the residence of a Clare magistrate was raided by Sinn Feiners, who wounded a lady's maid there by rifle fire. Magistrate Hibbert promptly returned the fire knocking over one Sinn Feiner, who was subsequently arrested by the police.

Some light is likely to be thrown on the attempt to murder Lord French by the arrest of Bartholomew Kelly, brother of the publican, beside whose premises the attack was made. Kelly has been deported to England without any charge being made against him.

#### Safe For Three Months.

Forty Sinn Feiners in Cork jail have gone on a hunger strike. These include the men charged with the murder of Private Jones, of the Shropshire Light Infantry, Fermoy, and one charged with the attempted murder of Constable Hayes at Cork. A despatch from Liverpool states that Thomas Joseph Carroll, the Irishman who was recently arrested on a charge of drunkenness and found to possess a loaded revolver of heavy calibre, Sinn Fein literature (Continued on page 4)

## FORMAL VERDICT RETURNED BY JURY WHICH ENQUIRED INTO THE DEATH OF MURDERED WOMAN

### Life in Flat Under a Brass Band is No Fun, But the Law Can't Help

TORONTO, Jan. 9.—"There is no law which says that music is a nuisance. A brass band is music, so it can't be considered a nuisance. It is like a rooster. You can't muzzle roosters." The desk Sergeant gave this Solomonic judgment last night to a tenant of 184 Queen street west who came into No. 2 Police Station to protest against the band.

"If, as you say, the band keeps your sick baby awake, and keeps you awake until nearly midnight, when you have to go to work at 5.30 in the morning, then you can go to the Medical Officer of Health and enter

a complaint there," continued the Sergeant.

The unfortunate tenant said that he had been standing the noise for some time; that the neighbor upstairs had broken the plaster off the ceiling hammering, and he had broken a hole in the wall in the same way.

"We have these complaints around the 12th of July, but we can't do anything," said the Sergeant.

"They'll be Orangemen," remarked the complainant. "I'm thinking they'll be Gairmans getting ready to get out on the corners again."

Family Evidently Knew What to Expect When They Heard Two Shots Fired—Templin Had Crown Very Offensive and Mrs. Goodall Had Ordered Him to Leave

Coroner Jory's jury which last night enquired into the death of Mrs. Mary Goodall, who was murdered on Wednesday morning in her home on Carlton street, by Alex. Templin, a boarder who was infatuated with her in spite of the wide difference in their ages, brought in a formal verdict that the woman was murdered by Templin who has since died of self-inflicted wounds.

Several witnesses were examined by Crown Attorney Brennan.

Edward Goodall, husband of the murdered woman, was the first witness. He said up to eight weeks ago he was watchman at the Cordage Works, Welland. He said his wife was 54 years old. Templin boarded with them in Welland about three and a half years. Templin came here with the family two months before he himself moved here.

Wednesday morning he did not go to work he said, because something told him not to go. His wife got up about 5.30 and was fixing the fire. Templin generally left the house at 6.45, but did not go to work Wednesday, because he told Mrs. Goodall he had quit the job in order to look for a boarding house.

Goodall had been talking to his wife's sister in the kitchen when the two shots sounded upstairs. His wife's sister ran up and he himself ran across to the grocer's to telephone. Mrs. Goodall had been in the dining room and had gone upstairs unknown to Goodall.

"I telephoned to the chief of police that there had been a shooting at my place," said Goodall. "My wife's sister had come down and said 'My God, Mary is shot. That dirty brute has shot her.'"

"Were you surprised?" asked Mr. Brennan.

"I certainly was, I never had a cross word with him."

"Did you have any suspicion of Templin?"

"Only since I came back home. He had been acting queer, acting official." (Continued on page three.)

## THE OLD STEAMSHIP "CHICORA" IS NOW OFFERED FOR SALE

### SPICY BOOK KEPT IN LIBRARY; SAYS RECTOR, QUITTING

#### RECTOR OF FORT ERIE CHURCH W. DRAWS FROM LIBRARY BOARD FOLLOWING CONTRO- VERSY.

Canon D. Russell Smith, rector of St. Paul's church in Fort Erie, has resigned from the village library board because his colleagues have refused to withdraw from circulation Mary Olivier, which was published last summer. The book, said Canon Smith in his letter of resignation, "teaches disrespect for parents, condones immorality, and dishonors God."

Not that all there is another work of May Sinclair's in the Fort Erie public library which, according to the Canon, contains "two or three spicy paragraphs."

But it is Mary Olivier which has aroused the rector. He said last night that the book had first been directed to his attention by some of his parishioners. He read it and found it not good reading, especially for the young persons.

"I then gave the volume to J. C. Dunham, chairman of the library board, to read. He agreed with me that it was not a suitable book for a public library and removed it. At a subsequent meeting, when I could not (Continued on page 4.)

#### BUILT FOR CIVIL WAR, VETER- AN VESSEL HAS FOR 40 YEARS CARRIED THOUSANDS.

The old Chicora is up for sale. Afloat again after her accident, the best known vessel on Lake Ontario lies today in a nice bound slip of Toronto Bay awaiting her fate. Tens of thousands of Torontonians at some period of their lives have fared forth as passengers on this veteran of the Great Lakes. Middle-aged citizens fondly recall the days of their childhood when from a ferry-boat or from the Island beach they watched that long, graceful hull gliding through the water, a black banner of smoke trailing from her twin stacks of red, her unmistakable whistle resounding melodiously as she sped over the bay. Memories of pleasant summer days, picnics and jaunts to Niagara are conjured up for many citizens by the name "Chicora."

#### Blockade Runner.

A halo of romance hangs around the Chicora. She was one of the fastest vessels afloat when she first slid into the water at Liverpool away back in 1864—56 years ago. She could walk away from any warship. But she never had to. Built to run the blockade, to steal through the United States men-of-war blockading the ports of the Southern Confederacy and carry in goods from England, the Chicora was flying victoriously from Kennebecport to Key West ere this latest greyhound crossed the Atlantic.

#### Crossed Atlantic

And crossing the Atlantic was no mean feat for a 518 ton, iron, paddle wheel vessel, only 230 feet long by 52 feet wide at her greatest breadth and built out over a slender hull. In 1878 the Chicora, which had been sailing the upper lakes for several years previously, came to Toronto and started her regular run between this port and Niagara, competing with the old City of Toronto. For ten years the Chicora ran single-handed, until in 1888 the Cibola was launched. "Chicora" is southern Indian for "The land of flowers," and "Cibola" for "the land of the buffalo," terms applied by the early Spanish discoverers to the Florida-Mississippi country and to the plains beyond.

Some years ago the valuation of the Chicora was given as \$43,000 though since the war values of sea-going ships at least have risen enormously, old vessels often fetching five or six times their former values.

#### WILL RESIGN

George Laing, for a number of years chief of police of Welland and Crowland, has given notice that he will resign his office in the near future. Chief Laing is planning to accept a position in commercial life. He has been chief since the days before the war. Chief Laing is given the credit for the cleaning up of the foreign district in Crowland where many arrests have been made in the last few years.

The final meeting of the Week of Prayer will be held tonight at Knox Church when Rev. M. N. Bethune will speak on "The Church Re-awakened by a Rediscovery of the Reality and Power of Prayer." Rev. George Honey will preside.

## STRONG EFFORTS TO AROUSE INTEREST

### INDUSTRIES EXHIBITION HAS BEEN ARRANGED—WILL BE HELD IN LONDON EARLY IN JUNE.

HAMILTON, Jan. 9.—O. C. Pease, Canadian representative of the Canadian industries exhibition, which will be held in London, England, from June 3 to June 17 of the present year, was a visitor to Hamilton yesterday. His mission was to interest Hamilton manufacturers in the exhibition which will be of such great importance to the building up of Canada's export trade.

The object of the exhibition, briefly, is to demonstrate to the commercial world that Canada is a manufacturing as well as an agricultural country. Despite Canada's splendid industrial effort during the war, it is known that the impression still prevails in Europe that the Dominion subsists almost exclusively on agricultural and raw products, and it is felt that if Canadian export trade is to prosper, this impression must be removed.

#### THOMAS M'GEACHIE, OLD RESIDENT OF CITY, PASSES AWAY AT WELLAND

Thomas M'Geachie, one of the oldest residents of St. Catharines in point of years of residence died yesterday at Welland at the home of his daughter, Mrs. Armstrong, with whom Mr. M'Geachie and his wife were living. The remains will be brought here tomorrow afternoon for burial in Victoria Lawn Cemetery.

Mr. M'Geachie was seized with a stroke while walking on the street in Welland Wednesday night and he died as a result.

Years ago Mr. M'Geachie carried on a lumber and planing mill business on the Thorold road and he was well and favorably known throughout the district. He was 61 years of age. Besides his wife and daughter five sons survive, William, John, Thomas, James and Percy.

He has two brothers here, Neil and John, and James of Queenston.

## ACCUSED MAN'S MURDER STORY TOLD AT TRIAL

### ALIENIST TELLS TRAGIC TALE HE CLAIMS NEW RECITED TO HIM FEW HOURS AFTER FRE- DA LESSER'S DEATH.

LOS ANGELES, Jan. 9.—The defense has rested in the trial of Harry New alleged murderer of his sweet-heart Freda Lesser. The last witness was Dr. Edward H. Williams, formerly connected with the administration of Mattawan asylum, New York, who testified on direct examination that New was insane at the time he shot Miss Lesser, and a lengthy cross-examination failed to shake the testimony in substantial particulars.

The prosecution was prepared to call eight or ten non-expert witnesses in rebuttal. The state also had three alienists.

#### Tragic Tale Told

All the pathos of the death of Freda Lesser were laid bare before the jury which heard the story related in tragic realism by a defense alienist, Dr. E. O. Sawyer, who said the story was given him by New a few hours after Miss Lesser's death. It was the first time the details of her killing in lonely Topanga canyon had been presented to the jury. This account of the tragedy was brought out under re-direct examination by John L. Richardson, who with Lecompte Davis, is defending New.

Dr. Raymond Sands said he considered New was sane when he shot Miss Lesser, and unable to distinguish between right and wrong. He said he had examined New in the spring of 1918 and had discussed New's case with the defendants' mother, Mrs. Lillie M. Burger.

#### Slew in His Rage?

D. Williams placed the mental age of the thirty-one-year-old defendant at eleven and one-half years, and termed him a "mental deficient." He expressed the opinion that New "after being turned down all his life," was keyed up to great hopes when Miss Lesser promised to marry him and when these were dashed to the ground by her refusal he flew into an insane frenzy and killed her.

This afternoon Mrs. Johnson-Clench addressed a meeting of women in Knox Church in connection with the Week of Prayer.

## STOPPING REDS AT THE BORDER

### CANADIAN AUTHORITIES ON WATCH FOR FOREIGNERS TRY- ING TO ESCAPE U.S. NET...

WINDSOR, Jan. 9.—Fearing that the action of the United States Government in rounding up persons suspected of Bolshevism may result in many of these undesirable attempting to enter Canada to evade deportation, Orval G. Adams, Inspector in charge of immigration at Windsor, and Walkerville ferry docks and the entrance to Michigan central tunnel.

All foreigners arriving at Windsor are now being closely questioned as to their views on Soviet form of government. This work is being done by men who have had experience with aliens, and any person not giving satisfactory explanation for leaving the United States would be subjected to further inquiry by a special board.

That the Dominion Government may take similar action to that of the United States authorities in dealing with foreign agitators, was intimated by border officers.

Selling pressure was evident in Wall Street, and prices sagged.

## QUESTION OF AN ALIBI IN RINDER'S CASE

### TWO MEN SAY HE WAS AT HY- DRO CAMP THE NIGHT TONY CONCORDIA WAS ROBBED IN THIS CITY.

The now famous Tony Concordia robbery case was given another hearing today in police court when Magistrate Campbell heard evidence on the alibi claimed by H. Rinder, one of the supposed robbers. Rinder and James McGlade were remanded again till next Wednesday.

Francis Secord stated that he knew Rinder who roomed with him in the camp boarding house on the Hydro canal at Stamford, on the night of December 5th Rinder came to his room and they had quite a conversation. Secord remembered the night well because it was his birthday. He afterwards saw Rinder watching a card game going on in the wash room Rinder that night offered to sell Secord a scarf he had. This all happened about nine o'clock. Secord had intended to go to Niagara Falls that night on the eight o'clock car but was too late.

"It was after nine o'clock when Rinder left my room that night," said Secord.

William J. Skitteral rooms with Secord and corroborated what Secord said about Rinder being in their room and offering to sell the scarf. He also saw Rinder watching the card game. He said it would take twenty minutes to the nearest street car crossing which is Stanley street.

Terence McCarron, Counsel for Rinder said they had expected to get (Continued on page four)

PURCHASE OF RUTH CAUSES REJOICING AMONG YANK FANS

HOW MANY HOMERS WILL HE CRASH INTO, RIGHT FIELD STAND?

NEW YORK, Jan. 9.—Babe Ruth, balldom's premier mauler and greatest individual card, is a Yankee. And don't be afraid to pinch yourself, either, Mr. New York fan, because it's gospel truth.

Sweet dreams of an American league championship coming to the Greater City were greatly accelerated when Col. Jacob Ruppert, president of the Yankees, announced that Boston's great player had been added to the Yankee entourage.

"We believe that Ruth will give us a team of which New York may be proud," said Col. Jacob Ruppert, the president of the Yankees. "There already are several fine players with the Yankees, and with a man like Ruth to drive in runs, we believe the team will take its place among the best in baseball. We hope that Ruth's hitting will win us the championship. And New York has been waiting for its first American league pennant for a long time.

Right Field Stand Ruth's Target. "Why, I don't see any reason why that fellow can't knock out fifty home runs playing on the Polo grounds. He surely rapped enough balls into that stand while playing against us. I might say further that the purchase of Ruth is our answer to persons who would like to put the present owners of the Yankees out of the league.

"This deal also means that Frazee will stay in the league, and spoils the plans of some persons who would have been glad to put him out."

The deal by which the Yankees acquired Ruth has been on for several weeks. This is the big business which brought Col. T. L. Huston, the other half owner of the Yankees, back to New York last Christmas day. The deal was almost closed on the day after Christmas, but several complications came up which delayed its completion until yesterday.

While Ruppert admits that the price for Ruth came high, he thinks it was a splendid piece of business and that the big fellow will easily pay for himself. Ruth will be twenty six years old next month, hence he still has the best part of his career ahead of him.

Yanks Need Star in Lineup. "The Yankees drew splendidly last year, both at home and abroad," continued Ruppert. "The club had a big

attraction for a time in Baker, but we always needed some great outstanding star like Ruth to give our team its proper prestige on the road."

Ruppert says that Huggins intends to place Ruth in right field. It is unlikely that the big fellow will do any pitching here except in emergencies. Huggins has a splendid pitching staff now and Ruth will be retained in the outfield.

The Yankee president says that Huggins has some further deals under contemplation, one of which may bring the club another outfielder.

"We are hoping that both Lewis and Baker will play with us next season," said Ruppert.

The first question that New York fans asked after the deal was "How many homers will Ruth hit into that right field stand?"

For years the right field stand on the Polo Grounds has been Ruth's favorite home run range. Even before he went to the outfield and attracted such attention as a home run hitter Ruth usually sent a crashing drive into the right field stand on every trip to New York.

Made Record in Modern Parks. Ruth is generally admitted to be the hardest hitter that baseball ever has known. In the old days, in which Seybold, Freeman and Williamson made the home run records, which Ruth smashed last season, the ball parks were small. Frequently the old wooden right field fence was just behind second base. But Ruth has made his home runs on the big modern fields, and in most American League parks Ruth holds the record for the longest hit.

High Constable Boyle corroborated Chief Green's evidence. Templain said he bought the revolver at Buffalo. It was brand new and was probably got last Monday as that day he had been vaccinated at Niagara Falls.

Aura Lee seniors sprang a surprise last night, by defeating Hamilton Tigers in an O. H. A. senior game by 4 to 3.

Goodall said he had never threatened Templain and there had been no trouble between the man and Mrs. Goodall or her sister.

Mr. Brennan said he was anxious to find out Templain's motive for doing what he did.

Goodall replied that he only knew Templain had tried to get his wife to elope with him and she refused point blank. She told Templain to leave. He had previously heard her tell him he would have to get out. Occasionally Templain would take a drink but was not a drinking man. He staid home some evenings but also went out considerably.

Goodall said he heard three shots fired. Templain locked himself in the room but Goodall did not try to get in. He left that for the police.

Mrs. Charles Wiggins, who is a sister of Mrs. Goodall, had been living with her for the past ten weeks. Templain came there eight weeks ago. Mr. Goodall had ordered Templain to leave the house as he was getting too saucy. This was on Monday last. Templain didn't want to go. He said he couldn't get another place. He went away but came back Tuesday night and asked to stay all night.

Mrs. Wiggins didn't know of any money. Templain had loaned Mrs. Goodall. She never heard of or saw any familiarity between Templain and her sister. Neither had she ever heard of any trouble between Goodall and Templain. Yesterday morning Mrs. Wiggins heard two shots, her sister screamed, and ran down the hall, then she fell. Immediately Mrs. Wiggins who was in the kitchen talking to Goodall, exclaimed "My God, he's shot her."

"Why did you think Templain had shot your sister?" asked Mr. Brennan.

"Because he didn't want to leave the house," replied the woman.

Mrs. Eva Moradian, daughter of the murdered woman, who lives across the street from the Goodall house, told of Templain about a year ago objecting to Mrs. Goodall putting all her money into the brick house. She considered this impertinent interference on Templain's part. Mrs. Moradian said Templain sometimes followed her mother when she went out. During the past two weeks Templain acted saucy in the house, criticizing what her mother did. He criticized her cooking.

FARM LOANS for SOLDIERS

Agricultural Training For Soldier Settlers

A SOLDIER is entitled to the benefits of the Soldier Settlement Act if he can satisfy the Agricultural Qualification Committee in his district that—

- (a) He has performed the required military service;
- (b) He is sincere in his intention to make farming his permanent occupation;
- (c) He is physically capable and is fitted in general to make a success of the farming business.

If he is otherwise qualified, but has not had sufficient practical agricultural experience, the Committee may recommend that he be given agricultural training. A generous scale of allowances for soldiers in training has been adopted.

Training Centres For Soldier Settlers

The applicant who is recommended for instruction in agriculture may first be sent to a Training Centre, specially operated for the purpose, where he will learn, by practical experience, how to handle and feed horses and other live stock; milking; the operation of farm machinery, ploughing, etc.; general farm building work; farm blacksmithing; the different kinds of soil and rotation of crops; the selection and judging of live stock and the marketing of farm products. Short lectures on the business management of a farm will be given.

With A Selected Farmer

After the course at the Training Centre, the length of which depends on the progress of the individual but

will not exceed three months, the man is placed with a carefully selected farmer in the district in which he intends to settle, to complete his training. During this period (not exceeding one year), the soldier is visited from time to time by representatives of the Soldier Settlement Board, who check his progress and recommend when he is considered qualified to take up a farm of his own.

It will be evident that by this system of preliminary training the soldier settler will gain a thorough practical knowledge of farming without expense; will learn to appreciate the responsibility involved in the venture; and at the same time gain a clear conception of just what farm life means.

On His Own Farm

When a settler is deemed qualified by the Agricultural Qualification Committee, the Board will assist him to become established on a farm of his own, and will, through its Agricultural Advisers, continue to co-operate with him in his work, thereby ensuring his success and consequent ability to discharge his obligations and become permanently established.

Fair To Both

The procedure outlined not only gives the soldier an opportunity of first becoming familiar with his environment and of acquiring the experience requisite to success, but ensures adding to the nation's fundamental industry only competent and satisfied producers.

Detailed information regarding the provisions of the Soldier Settlement Act and further particulars regarding agricultural training may be obtained from the Provincial Superintendent, 32 Adelaide Street East, Toronto, Ont.

## Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. ## DOCTOR WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

**NERVE EXHAUSTION**  
A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.

There are a great many men who need treatment for their nervous system. These men do not know what is the reason they do not feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, dependent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

**RHEUMATIC AILMENTS**  
SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS.

Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attacked by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

**Quick and Lasting Results Assured the Ailing Man**

## MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back hurts or Bladder bothers.

If you must have meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink.

### TIP FOR U.F.O. MEMBERS.

A good New Year's resolution for the United Farmers supporting the Drury Government would be to make a study of their own platform so that they may not be too ready to kick when the government undertakes to carry out any of its provisions.

## Wild Times the Order in Ireland Now

(Continued from page 1)

and three bomb cases, has been sentenced to three months' imprisonment. Carroll was identified with the Sinn Fein whilst living in Ireland up to November last.

### Sinn Fein Contest Dublin

Cornelius O'Mahony, of Aghionhill, Cork, was sentenced to six months' hard labor by district court martial for having in his possession pamphlets advocating war on the British garrison till driven to evacuate Ireland. Recruiting for the Royal Irish Constabulary has been opened in London. It is officially denied at Dublin Castle that police stations are to be armed with Lewis guns. The Sinn Feiners are contesting every municipal seat in Dublin with the intention of sweeping the corporation.

### Was Some Battle

It now transpires that in the attack on Carricktohill Barracks, at Cork, the Sinn Feiners numbered 300 and were armed with rifles, revolvers and bombs, and lasted from 10.30 to 3 o'clock, when the ammunition of Sgt. Scott's party of five men ran out. Having accomplished their exploit of destroying the barracks the raiders attacked the local railway station, stole a joint of meat, a sewing machine and four shillings in cash.

### O. U. Kerry Dancing!

Several dances at Cork and Kerry were broken up by Sinn Feiners, who dispersed the revellers with pointed rifles. In one case the dancers turned the tables and chased the Sinn Feiners.

While a police patrol was protecting a local farmer near Ennistymon County Clare, Sinn Feiners ambushed the patrol on both sides of the road, severely wounding a constable. The patrol repaid with hand grenades, which put the attackers to flight. A local doctor, whilst motoring to visit a patient, was caught between two fires. Bullets smashed his arm in two places.

Constable Clark of Ballylongford, Kerry, was the victim of a murderous attack. One hundred and sixty pellets shot at him lodged in his neck and shoulder.

Yesterday morning volleys of shots were heard in the vicinity of Phoenix Park, Dublin. Motor cars, with search lights blazing, went round the park. No official statement was made, but it is surmised that centries had fired on loiterers who had been trying to get out of the park, which is now closed at dusk.

### A Plucky Constable

On Sunday night a taxi cab was held up near Belfast by an armed gang, who seized it to use in arms raids. The car broke down on the road and the Sinn Feiners gave up the job, threatening to murder the driver if he accompanied the place, which he did on his return to Belfast adding that in future he would carry a revolver on dark roads.

Last night whilst Constable Tennis was passing the vacant ground between Fitzroy avenue and University avenue, a shot was fired, the bullet grazing him. The constable rushed back in the direction of the shot, but found no one.

Speaking at Stranmillis Unionist Club last night, not 200 yards from where Constable Tennis was shot at, Major the Hon. Hugh O'Neill, M.P., said that in Ulster there was not much trouble, yet things were happening very close to their doors, and it was incumbent on Ulster people to prevent crime.

### Most Distressful Country!

What was the Intelligence Department's opinion?

## "SYRUP OF FIGS" IS LAXATIVE FOR CHILD

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious, fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

## When you wish "some- body would invent something new to eat" you need BEECHAM'S PILLS. Even when digestion is good, poisons are formed during its pro- cesses that unless eliminated irritate mind as well as body.

ment of Ireland going that murder raids were not known of? The Government must place their authority in the south and west on a proper basis to render it unassailable by Sinn Feiners. There were 60,000 troops in Ireland and a splendid force of police, and in spite of all the country was never in such a deplorable state. Unless the Government adopted different measures the country would go from bad to worse.

## Crooks Gets Off Lightly

(Continued from page 1.)

would butt its way through a hill-side. Lord, what a kick he had like. Out in another building two more cars, of the "Ground Dynamite, blue vitrol and turpentine" were found.

Crooks was brought to Grimsby and the still was loaded on a wagon and also brought to the local calaboose.

A charge was laid before Justices of the Peace Livingston and Anderson that Crooks, "Did have in his possession a still for the illicit manufacture of spirits, without a license." Defended by G. E. McComachie, he pleaded guilty to the still being on his premises but not in his possession. He claimed that a man by the name of Rodney, who resides on Cannon Street in Hamilton, and who is a junk dealer brought the outfit to his place with a load of other stuff as he had often done and left it there until he would have time to call for it.

Inspector Baby pressed for a \$500 fine, but did not wish to see the man imprisoned.

Their Worships, knowing fairly well the poor circumstances of the accused, looked on the matter in a lenient light and fined him \$300 and costs.

The man Rodney, referred to by Crooks has been in Police Court in Hamilton at least twice in the past year, at the instance of Inspector Sturdy on breaches of the O. T. A. charges.

It was rumored around the court room that Rodney moved the still to Crook's place all right, but it was for the purpose of making whisky there, and that it would have been in operation in a short while had not the inspectors appeared on the scene.

The Crooks farm, would no doubt be an ideal location for such a plant, sitting as it does on a high table-land right under the mountain brow and stretching away to the east, while on the south the nearest neighbor is half a mile away and on the north and west it is faced by high mountain walls.

This is the second case of this kind in the last four months for Grimsby and shows that we are getting more like Tennessee every day.

### "SAFETY FIRST."

(Brantford Expositor.)

A shuffle in the Borden Cabinet has been occasioned by the retirement of Hon. S. C. Mewburn from the government, but the new deal does not apparently provide for the opening up of any constituencies. "Safety First" is still the motto at Ottawa.

## QUESTION OF AN ALIBI IN RINDER'S CASE

(Continued from page one.)

another man to testify to the alibi, named Romaine, who lives at Cobourg and has not yet returned.

Mr. McCarron said it would have been practically impossible for Rinder to have been in St. Catharines to commit the robbery on Tony Con-cordia. He felt certain it was a case of mistaken identity with the Italian. It was cutting time too fine, he held, to connect Rinder with the robbery which took place at 10.15. At 12 o'clock Rinder was seen again at the boarding house at Stamford. If the Italian was mistaken about Rinder he was also mistaken about Mc-Grade as well.

Crown Attorney Brennan said alibi evidence is looked on with suspicion by courts. It is an easy matter to make a mistake as to time and dates. Concordia, the man robbed, says the man was there and identifies the two men.

The Magistrate said the two witnesses today had impressed him favorably. Secord's birthday and the offer to sell the scarf seemed to fix the date and the time. He would adjourn the case till Wednesday to further consider the points in the evidence.

If the new Paris fashions are to be anything like the despatches suggest it won't be long before the styles affected by our earliest ancestors may again become the craze of the smart set of Paris and New York, and perhaps elsewhere.

### Alex. Templin Arranged Murder Some Time Ahead

The following letters were left by Alex. Templin:

"I will end it all. O God, forgive me, and all I say no more. God knows it all. Send my remains to my brother in Welland, Ont."

"I can't stand it any longer. I must go to another world, and as is going with me."

"Love to all my friends. Good-bye, with love to all."

"Alex. Templin, Welland, Ont."

The second note reads:

"God forgive me for all I have done, and, dear mother and sisters, forgive me. I must do it. I must die, and she too, for we both die together. O, God, knows it all."

"Send my remains to my brother in Welland, Ont. That is all. I say good-bye to all, with love to all."

The police found on Templin a note reading as follows:

"If anything happens to me, it will be He told me he would kill me some day."

More drastic regulations for the inspection of travellers came into effect at Niagara Falls last night. It was necessary not only to have a certificate of vaccination, but to show that it had been successful. It was alleged that there was a deal of trafficking in certificates, and that some had been given without vaccination. Many were turned back. Now it is necessary to wait ten minutes after vaccination while the serum dries.

### EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell because it's done so naturally. So every day, preparing this mixture, though at home is messy and troublesome. At little cost you can buy at a drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compounds." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. In morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

This evening a Methodist mass meeting will be held in First Methodist Church which will be addressed by Rev. C. I. McIrvine.

### SPICY BOOKS KEPT IN LIBRARY, SAYS RECTOR, QUITTING

(Continued from page one.)

be present, it was decided to restore the book to the shelves. On learning this, I resigned."

"At a meeting of Colonel Kirby chapter, Imperial Order of the Daughters of the Empire, in Fort Erie on Wednesday afternoon, Canon Smith spoke of the need for watchfulness over educative processes.

"I would wish," he told the chapter, "that you ladies watch especially over the class of books which are admitted to the public library."

J. C. Dunham, chairman of the library board, declined to join in the controversy over the book except to say that the canon evidently had misunderstood him.

"I did not agree with him that Mary Olivier is an improper book," he said, "I merely told him that if he objected to it I would do what I could to withdraw it. For that promise, the other members of the board got after me, as they had a right to do, and by a resolution which passed without a dissenting vote the book was replaced on the shelves."

Canon Smith promises that his resignation hasn't ended the affair. The annual meeting of the subscribers to the library will be held on January 16th. There are rumors in the village that an attempt will be made to oust the seven other members of the board who kept Mary Olivier in circulation.

The controversy has been waging for many weeks. It has made Mary Olivier the most popular of the 4000 odd volumes on the shelves, although village folk who have read it say that it is not easy going for minds which have been trained on Robert W. Chambers and Harold Bell Wright.

The power was off for a time this morning delaying the street car service.

### NOTICE!

A Court of Inquiry will assemble at the Armouries at St. Catharines, Ontario, at 9:30 a.m., Tuesday, January 13th, to inquire into certain financial affairs of the 19th Regiment, Canadian Militia, during the time it formed part of the Welland Canal Guard.

Those persons having any knowledge of the same are invited to attend and to report to the President, Brig-General E. A. Cruikshank, with a view to giving evidence.

### STRENGTH FOR YOUNG MOTHERS

#### How Lydia E. Pinkham's Vegetable Compound Restores Health and Strength.

Lansing, Mich.—"After the birth of my child, I was not able to stand on my feet. I was so weak I could not get up. I suffered such pains in my back I could not work or hardly take care of my baby. One of my neighbors recommended Lydia E. Pinkham's Vegetable Compound. I took it and used Lydia E. Pinkham's Sanative Wash, and I got better right away and was soon a new woman and could work hard, and I can recommend these remedies to other young mothers who are weak and ailing as I was."—Mrs. O. A. BOWERS, 622 S. Hooper Street, Lansing, Mich.

Women who are in Mrs. Bowers' condition should not continue to suffer from weakness and pain—but profit from her experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience is at your service.

The remains of Alexander Templin were buried this afternoon at Victoria Lawn from Grobb's undertaking rooms. Two brothers claimed the body and arranged for the funeral.

The cold stormy blasts of winter began to exercise themselves again this morning with a good deal of vigor and boisterous display. While the temperature was not low the wind was brisk.

Maurice J. MacMahon of the Customs staff, Niagara Falls, Ont., has received patent papers for Canada for a new match. It is called "MacMahon's Two-in-one-match." The match gives two chances to light, and is practically two matches on one, and consequently does away with large wood waste in matches. Mr. MacMahon has several offers for the disposition of his invention, which he is considering.

Yesterday afternoon the remains of the late Mrs. George Burley, Thorold, were very tenderly laid to rest in the family plot at Lakeview cemetery. Although the funeral was announced as a private one, a large number of relatives and personal friends were present to show their last respects to one who has spent her life time in the town where she was dearly loved by every person with whom she came in contact with. The services were conducted by Rev. Canon Piper, rector of St. John's Church, where the deceased had been a long and faithful member. The bearers were: Hubert Walker and Earlley Grisdale, and George Harry and Richard Raynor. The floral tributes were conveyed to the cemetery by special conveyance.

### APPLES FOR ONTARIO

#### Some Varieties Recommended for Home Orchards.

Early Bearers and Annual Producers Desirable—Also Varieties Not Easily Liable to Disease—Hardiness Also a Good Quality—Keep Potato Rot From Spreading.

(Contributed by Ontario Department of Agriculture, Toronto.)

THE home orchard should provide high-class dessert and cooking apples throughout the entire apple season, or from the middle of July until the following spring. It is quite easy to select varieties for any part of old Ontario which will do this satisfactorily. The varieties selected should come into bearing early, should produce annually, and should be as free as possible from diseases of all kinds, so that they may be handled with a minimum of expense and care. Throughout this article the varieties mentioned are listed in the order of their season of use, so that intending planters may be guided in making a selection to cover the season.

In order to simplify the selection of varieties for any given district a classification of the most desirable varieties is given herewith based on their relative hardiness, which is their ability to withstand cold winters successfully.

Hardest—Transparent, Duchess, Dudley, McIntosh, Ribernal, Crab. These are hardy as far north as Parry Sound, and can be grown successfully even further north.

Second Hardest—Astrachan, Alexander, St. Lawrence, Wealthy, Colvert, Snow, Scarlet Pippin, Wolf River, Golden Russet.

Third Hardest—Blenheim, Tolman, Spy.

Fourth Hardest—Gravenstein, Wagner, Stark, Greening, Ben Davis.

Fifth Hardest—These varieties are more or less tender and thrive best south of a line drawn from Hamilton to Brantford and Goderich—Ribston, Hubbardston, Grimes, Ontario.

Sixth Hardest—These varieties are tender and thrive best in the Lake Erie coast, although they are not entirely satisfactory even there—Jonathan Winesap, Spitzenberg, Newtown.

King and Baldwin are omitted from the above classification for the reason that their inclusion would probably be misleading. It is true that these varieties were formerly listed in about the fourth grade for hardiness, but intending planters would do well to make careful note of the fact that they have winter killed badly of recent years, even in the most southerly counties of Ontario.

The varieties which come into bearing earliest (about five or six years) are Duchess, Wealthy, Milwaukee, Wagner and Ontario. Most of the other varieties listed should begin bearing at about seven or eight years, but Blenheim and Spy are notorious exceptions to this, and frequently do not produce fruit until they reach fifteen to eighteen years of age.

The varieties which are least subject to apple scab are Duchess, Ribston, Blenheim, Hibernial, Baldwin and Russet.—Prof. J. W. Crow, O. A. College, Guelph.

### KEEP POTATO ROT FROM SPREADING

When harvesting potatoes, more especially in damp seasons, it is essential to pick them over and discard any specimens that are diseased, particularly those that show any indication of rot. If this is not done, the disease is liable to spread through the whole mass during storage. If wet or dry rot (Fusarium) or black leg and wet rot (B. solanaceae) or late blight (Phytophthora infestans) has been noticed in the growing crop, it may be taken for granted that a percentage of the tubers will be infected. These diseases may be found in all stages of development in the tubers produced by an affected plant. These are the diseases most liable to spread to a greater or less extent through a pile or bag of stored tubers if any of them are affected at the time they are stored away. Consequently, the greatest care should be taken when harvesting a crop that has shown diseases when growing in the field.

These diseases show themselves on the tubers, either as a dry moldy rot or a wet slimy rot, or as brown or blackish discolorations. On some tubers the diseased condition may be fairly well advanced and consequently easily noticed. On other tubers the disease may be of recent development and not easily seen.

Where practicable it is desirable to pick out all tubers in which the disease is readily seen and then to wash the remainder either in a tub of water or by turning a hose on to them. This washing not only removes any soil that may be sticking on, but it intensifies the discolorations produced by the disease, and so makes it a comparatively easy matter to pick out those tubers which are only lightly affected. After washing, the undesirable specimens should be removed and the remainder thrown out in a thin layer to dry before being stored away.—Prof. D. H. Jones, Ontario Agricultural College, Guelph.

Fertile Soils for Alfalfa.

Alfalfa will not thrive on poor land, or that which is deficient in lime. Even soils that are moderately fertile and produce good average grain crops will not produce profitable crops of alfalfa unless first limed and then planted in sweet clover, which should be turned under while it is green and juicy in the fall or late summer.

Crown work of interior quality is one of the most dangerous pieces of Dental work that can be placed in the mouth.

A crown that is so thin that it is soon punctured, consequently allowing leakage, or one that is inaccurately fitted, permitting food particles and the acids of the mouth to enter, will cause decay of the roots and often serious infections of the gums and jawbone.

For the sake of sparing a tiny mite of money are you willing to be served with this kind of Dentistry and run the risk of the serious results that follow?

**MURDER**

**Man Aided in Brutal Killing Near Roches**

Husband, She Murdered Former Lover, According to Their Confession

CHESTER, Jan. 10.—James and his wife, Pearl, were charged with murder in the first degree yesterday. The alleged victim, Edward Kneip, whose body was found yesterday beneath a culvert on Mosquito road, south of the village of Roches, was the former driver of the car in which Odell, his wife, and alleged victim drove to the scene of the crime, the latter and Kneip, are held as witnesses. The police say they have confessed to the crime, the latter and Kneip two years before the crime was revenge for a relations between the young man and Kneip two years before he was killed in this city on the 16th, last.

In her confession, Mrs. Odell said that Kneip wronged her when she was sixteen years old. After she was married to Odell she told her of her former relations with Mr. and Mrs. Odell were in county court yesterday. Judge Willis K. Gilchrist charged of murder, first degree, pleading not guilty, first trial and were held for a jury.

Odell was on the point of being hanged before the crowd gathered in the courtroom, but his appeal was successful and the order of the better.

While the story as told by his wife has a plausible appearance, authorities are still investigating the murder with every resource. If the murder was one of revenge with a sordid sex story to it, the evidence is complete on other motive the two are at present unknown. It is hinted at by Kneip's mother's claim that Kneip wronged her before their marriage was true, but so far the police are unable to check up much.

**KILLED AT PORT COLBOR**

Walsh was killed while on the elevator at Port Colborne. He was an employee of the Dominion Bridge Co., and was a worker. No one witnessed the accident, but when he was taken to the hospital, the doctor found a wound at the foot of the elevator shaft, which had fallen from between the shaft and the wall, 100 feet. He was 29 years of age and survived by three sisters, one at Dundas and one at St. Catharines, and also one at Port Colborne. An inquest was held on the 13th.
