CANADA LUMBERMAN

WEEKLY EDITION

The Lumberman Monthly Edition, 20 pages } \$1.00 PER YEAR (The Lumberman Weekly Edition, every Wednesday

THIS PAPER REACHES REGULARLY THE PRINCIPAL LUMBER MANUFACTURERS AND DEALERS THROUGHOUT CANADA, AND WHOLESALE BUYERS IN GREAT BRITAIN, THE UNITED STATES, AND OTHER FOREIGN MARKETS.

Vol. VI.

TORONTO, ONT., JANUARY 9, 1901

No 50

CANADA LUMBERMAN

PUBLISHED BY

The G. H. Mortimer Publishing Co.'s
of Toronto, Limited

Confederation Life Building - TORONTO.

Branch Office:

IMPERIAL BUILDING, MONTREAL

Weekly Lumberman, published every Wednesday. Contains reliable and up-to-date market conditions and tendencies in the principal manufacturing districts and leading domestic and foreign wholesale markets. A weekly medium of information and communication between Canadian timber and lumber manufacturers and exporters and the purchasers of timber products at home and abroad.

Lumberman, Monthly. A 20-page journal, discussing fully and impartially subjects pertinent to the lumber and wood-working industries. Contains interviews with prominent members of the trade, and character sketches and portraits of leading lumbermen. Its special articles on technical and mechanical subjects are especially valuable to saw and planing millmen and manufacturers of lumber products.

Subscription price for the two editions or one year, \$1.00.

WANTED AND FOR SALE

Advertisements will be inserted in this department at the rate of 15 cents per line each insertion. When four or more consecutive insertions are ordered a discount of 25 per cent. will be allowed. This notice shows the width of the line and is set in Nonpareil type; 12 lines make one inch. Advertisements must be received not later than 4 o'clock p.m. on Tuesday to insure insertion in the current week's issue.

HARDWOOD LUMBER

300,000 FEET HARD MAPLE, 200,000 FEET Beech, 50,000 feet Black Birch, various sizes, now ready for shipment, at Duck Island Dock, Lake Huron. I am prepared to contract for Dimension Stock of Hard Maple, Birch, Balm Tamarack and Spruce, for delivery summer 1901. Good dock and safe harbor for loading. Send specifications and prices to **JOHN SALES**, Windsor, Ont., or to **E. BEDFORD**, Duck Island, via Wiarton.

WANTED.

(THIS IS A PROFITABLE INVESTMENT.)

IMMEDIATELY, A PARTY ABLE TO FIN-ance the operations of a large spruce limit producing four million feet a year of fully manufactured stock. Operations are now active. Capacity of plant is three thousand feet per hour. There are several hundred thousand feet of seasoned lumber and one million feet of logs now on hand. Apply, stating terms and interest, to **MANAGER**, Box 911, Makinak, Manitoba.

Limits and Saw Mills FOR SALE

The proprietors having decided to retire from this business, offer their Valuable Limits and Mills for sale. The concern is well equipped in every respect and is in operation. The cost of operation is very moderate, having about 30 miles of railway (Lake St. John) running through it. The Mill at Lake Edward is Circular Saw; that at Pearl Lake is St. Am Feed Circular and Gang.

The Limits, about 180 miles, have considerable Spruce and Pulp Wood, also Boule and Birch. These latter have exceptional quality, and by judges considered the best in the Province of Quebec. For terms, etc., apply to

WHITEHEAD & TURNER,
Quebec City.

BUSINESS NOTES.

The Victoria Yukon Trading Company have sold their saw mill to the Upper Yukon Consolidated Company, Limited.

The McArthur Export Company, lumber merchants, are applying for incorporation, with head office in Quebec city.

It has been decided by the creditors of Pierce, Watts & Co., of Liverpool, England, that the estate shall go into bankruptcy.

It is reported on reliable authority that the extensive lumber business and property owned by George Moffatt & Company, of Dalhousie, N. B., has been sold to a Boston syndicate. The transfer includes limits, saw mill, boom privileges, scows and steam tug, and the consideration is believed to be in the vicinity of \$200,000.

The barque Mermaid has been chartered to load lumber at a British Columbia port for Chili.

CURRENT TRADE CONDITIONS.

ONTARIO.

The first few days of the new year brought more business to the lumbermen of Ontario than could reasonably be expected. The open weather permitted of building operations being continued almost incessantly, while numerous inquiries for stock have been received from United States dealers. The indications are that considerable lumber will be shipped from Ontario to the Eastern States during the winter months, as the rail rate from the Georgian Bay district to Buffalo and Tonawanda is about \$2.50, which is a fair comparison with the average rate by vessel during the season of 1900. As dealers generally hold light stocks, they will no doubt keep adding moderately to their supply during the winter, so as to be in a position to handle the increased volume of trade which is expected early in the spring. Further reports of light stocks have reached us. A large manufacturer states that in his opinion there is less pine lumber in the hands of manufacturers than has been the case for fifteen years. While this may be an extreme view, it is in line with the reports of light stocks received from nearly every section of the province. Hardwoods are selling slowly, without losing any strength.

QUEBEC AND NEW BRUNSWICK.

The complete statistics of lumber shipments from the St. Lawrence for the year 1900 are not yet to hand, but those covering the Maritime provinces are compiled in Snowball's annual circular. It is shown that the trans-Atlantic shipments from nearly all the ports of New Brunswick and Nova Scotia were larger than in the previous year. From Miramichi the shipments were 122,000,000 feet, and from St. John 236,000,000 feet, the latter showing an increase of 50,000,000 feet. The stock of merchantable spruce and pine wintering on the Miramichi is 33,000,000 feet, as compared with 32,000,000 feet one year ago and 40,000,000 feet in 1898. With the exception of 4,500,000 feet, the stock wintering is spruce. The course of the coming season's trade is still uncertain. High prices are being asked for 11 x 3 inch deals, but generally the market is quiet. Cedar shingles have declined and are selling in the Boston market at \$2.75 for extras.

UNITED STATES.

The price list committee of the Mississippi Valley Lumbermen's Association, at a meeting held on January 3rd, adopted a new list, based on the statistical condition of the pine market. No general advance in prices was made, the changes being for the purpose of evening up, according to the volume of stock held at the mills. The reports submitted showed that in many grades light stocks are held. It is conceded that consumers of both pine and hardwoods are carrying lighter stocks than usual, this condition applying particularly to the Eastern States. From reliable information it is believed that higher prices will be demanded in the near future, as

there seems to be a disposition on the part of buyers to accept whatever prices are asked at the present time. Saginaw dealers who have been looking over the Duluth market report that holders of lumber are asking an advance of fifty cents and one dollar per thousand. A lull in trade is reported from Buffalo and Tonawanda, where there is a shortage of the better grades and also 12 inch boards in all grades. The call for spruce seems to be stronger than that for pine, and prices are suffering. In New York city northern spruce is selling at \$19 to \$20. The demand for hardwoods is fair, but a much better trade is expected after mid-winter. Sales of shingles are light, as is also the supply, and an expansion in the demand would likely bring about higher prices.

GREAT BRITAIN.

So far very little has been done by British importers towards contracting for their regular supplies. The business transacted has been confined chiefly to the eastern, and north-eastern coast. There appears to be a slightly better feeling in the trade, especially in respect to Canadian lumber. Messrs. Edmiston & Mitchells, of Glasgow, in their annual circular just issued, point out that the year witnessed an advance in the price of Canadian stock, with the exception of red pine and birch logs, the demand for which was less active. Waney pine timber is quoted at 25 8d for 17 inch, and 25 9d for 18 inch of first quality. Red pine, 40 to 45 feet average, is selling at 21 1/2d to 22d per cubic foot, and 30 feet average about 19 1/2. Quebec birch is worth 18d for 15 inch, and 21d for 17 in. Broad first pine deals from Quebec are selling at £26 15s to £30 per standard; 11 inch at £24 to £26. Second pine deals are held at £20 to £22, third quality at £13 to £14, and fourth quality at £10 5s to £10 15s for 11 inch and up. Quebec spruce is worth £9 to £10, and New Brunswick spruce £7 5s to £8 5s for 7 and 8 inch, and £8 10s to £9 10s for 9 to 11 inch.

STOCKS AND PRICES.

The season thus far has been an excellent one for lumbering on the Spanish river.

The cooperage market continues quiet. At Chicago hoops are quoted at from \$10 to \$12.

John Patterson has a portable mill at Goshen, N. B., where he expects to cut 500,000 feet of lumber.

The quantity of logs exported from Ontario to Michigan during the season of 1900 was 45,850,485 feet.

Ferguson & McFadden, of Ottawa, are operating quite extensively this winter on their limits on the Spanish river.

Henry Epps, of Canard, N.S., has purchased timber property at Elmsdale, Colchester county, where he is operating this winter.

Seaman & Company, of Port Arthur, Ont., have a large quantity of sidings taken from bridge timber which they

will be prepared to dispose of during the coming summer.

G. R. Jones, of Moncton, N. B., is lumbering on the Irishtown road, cutting spruce, hemlock and hardwood, which he is sawing with a portable mill. He expects to get out 1,500,000 feet.

The secretary of the Canadian Manufacturers' Association, Toronto, has received a communication asking for quotations on 500,000 feet of lumber and on a quantity of box shooks for shipment to South Africa.

Mershon & Company, of Saginaw, Mich., are announced to have purchased the entire stock of logs which the Arthur Hill Company are taking out this winter in the Georgian Bay district. The quantity is estimated at 20,000,000 feet. The logs will be manufactured at Midland, Ont., and the lumber shipped to Saginaw.

At Buffalo dealers are taking orders for hemlock lumber at \$13 and \$13.50 as the base price. There is a good demand there for all cuts of cedar. Jobbers are selling 8 foot post with 3 to 4 1/2 inch tops at 12 cents; 4 1/2 to 5 1/2 inch, 13 cents; 6 inch, 16 cents; 10 ft. with 5 inch tops, 21 cents; 6 inch tops, 24 cents. Cedar posts sell at 45 cents for firsts and 32 cents for seconds. Best 18 inch shingles are scarce at \$3.25; 16 inch at \$2.50; culls at \$1 for 16 inch and \$1.25 for 18 inch.

Many things of interest to buyers and sellers of lumber will be found each week in the announcements of our advertisers. Note the changes from week to week and take advantage of the offers.

THE BOSTON MARKET.

On spruce lumber the market is very firm. The unusually mild weather without snow here has made a demand for spruce and spruce frames, although it may be small, that it is not easy to supply. Certain buyers are reported to be ready to pay almost any price for such an amount of dimension spruce as they want at once. But this is by no means a general demand. Quotations, although nominally as follows, would have to be raised considerably to cover some small business done and bid for. Ten and 12 inch dimensions, \$18; 9 inch and under, \$16; 10 and 12 inch random lengths, 10 feet and up, \$17; 2x3, 2x4, 2x5, 2x6, 2x7 and 3x4, 10 feet and up, \$14.50; all other randoms, 9 inch and under, 10 feet and up, \$15.50; 5 inch and up, merchantable boards, \$15; matched boards, \$17 to \$17.50; out spruce boards, \$12.50; bundle furring, \$14.

Hemlock holds steady, with a small demand and small offerings: Eastern stock boards, \$14.50 to \$15.50; random, \$13.50 to 14.50; Pennsylvania, \$16 to \$17; boards, rough, \$12.50 to \$13.50, planed, \$14 to \$14.50.

Western pine is firm and higher prices are asked both by shippers and on the market

here: Uppers, 1 in., \$58 to \$62; 1 1/4 to 2 in., \$63 to \$64; and 4 inch, \$68 to \$72; selects, 1 to 4 inch, \$52 to \$64; fine common, 1 to 3 inch, \$45 to \$60; sheathings, \$38 to \$54; barn boards, \$28 to \$30; coffin boards, \$24 to \$26.

Shingles are easy with most sellers, though some holders still claim a fairly firm market: Extra cedar, \$2.75 to \$2.80; clear, \$2.45 to \$2.50; second clear, \$1.75 to \$2.10; clear white, \$1.65 to \$1.85; extra No. 1, \$1.85; British Columbia, 16-inch, five butts to 2 inches, \$3.10 to \$3.15; California redwoods, \$3 to \$3.50.

Laths are quiet: 1 1/8-inch, \$2.80 to \$2.85; 1 1/2-inch, \$2.60 to \$2.70.

BOSTON, Jan. 7th, 1901.

TO LUMBER MANUFACTURERS.

Blank forms have been sent to lumber manufacturers requesting certain information regarding the lumber trade of 1900, to be used as a guide in the preparation of our annual review to appear in the February LUMBERMAN. It is hoped that every manufacturer

PINE WANTED.
