MISS DAVIDSON IS FIRST MARTYR TO "CAUSE"

Woman Who Tried to Stop King's Horse Succumbs to Injuries and Suffragettes Prepare to Honor Memory

LONDON, June 8.—(Can. Press.)—Emily Wilding Davison, the first martyr to the militant efforts of women to obtain the suffrage, died today at the Epsom Hospital as the result of a fracture of the skull sustained in an attempt to stop the king's horse.

Tried to Prevent Race. Miss Davison had evidently expected to gain the track at Tattenham Corner in time to intercept and scatter the field, but was detained a moment by a spectator, who tried to restrain her.

Many Daring Exploits. Miss Davison was noted for her daring feats in behalf of militancy. One of her earliest exploits was to barricade herself in a cell, and she was only overcome by the wardens with the aid of a firebomb.

Disorder in Hyde Park. In striking contrast to the meetings of the constitutional society in Hyde Park this afternoon, which met with only mild heckling, the attempts of the W.P.S.U. speakers to address the crowd resulted in considerable disorder.

At one point the women were rushed off their feet, and the police had to escort them from the park. Several arrests were made.

Two Houses Damaged. Fire caused damage to the extent of \$125 to the home of R. H. Butt, 43 Rose avenue, and a loss of \$100 to a home and contents, owned by F. Jones, at 62 Rose avenue, yesterday morning.

Clear Warning Given Serbia

SOFIA, June 8.—(Can. Press.)—The semi-official "Mir" declares: "No Bulgarian Government will ever consent to a revision of the Serbo-Bulgarian treaty. If the Serbians do not hasten to abandon their footling and provocative demand for such revision, we do not see that much good can be expected from an interview between the four premiers, which is momentarily anticipated owing to the Bulgarian ministerial crisis, and less so as the regime of terror to which the Macedonians are being subjected by the Serbians and Greeks does not preclude the possibility of an understanding between the allies."

SECRET TREATY FABLE SMASHED

"German Spy" Story Featured by New York Papers Collapsed Under First Investigation.

LONDON, June 8.—(Can. Press.)—The home rule for Ireland bill is scheduled to come before the house of commons tomorrow, for second reading, preliminary to its second passage of the three necessary for it to become law over the veto of the house of lords.

No Power to Amend. The house of commons, under the Parliamentary Act, which provided the means of passing Liberal bills over the lords' veto, cannot amend the bill. It must go to the house of lords in exactly the same shape as it reached that chamber last session.

NOTED THEOLOGIAN DEAD AT NEW YORK. Special to The Toronto World. NEW YORK, June 8.—The Rev. Dr. Charles Augustus Briggs, the oldest instructor in the Union Theological Seminary, and best known thru charges of heresy, that were brought against him fifteen years ago, died at his home today of pleuro-pneumonia.

QUAKE CAUSES ALARM IN QUEBEC SEVERE SHOCK SWAYS BUILDINGS

LACHUTE, Que., June 8.—(Can. Press.)—A severe earthquake shock was experienced here at 1.30 a.m. today. The shock lasted about two minutes and buildings throughout the town rocked and swayed. Practically all the residents were awakened. There was no serious damage to buildings, but residents report numerous small breakages of household utensils and ornaments which were thrown from shelves and mantelpieces.

A Horrid Monster

From a little boy 4 years old; it is a slate color, having a black stripe which runs the full length of it. This monster is like a great Blood Sucker and could stretch itself out from five to twenty-five feet in length. Just imagine the dear little fellow, having a Demon like this sapping his life away. Is it any wonder he was wasting away, sickly and miserable? This horrid monster can be seen in a glass tube in my office window at 167 Dundas St. It is the only one of its color in my possession and is from Mr. Walton's little boy. Their address is 234 Berkeley Street. I have also another from Mrs. Bowman's little boy, age 4 years, which was brought to me May 29, 1913. It is quite a different specie altogether, but is not at all a desirable pet to be inhabiting the bowels. They live at 51 Globe Ave., city. It can be seen at my office where it has been added to my collection of many hundred others. More could be said. Let this be sufficient.

How People Feel When They Have TAPE WORM

Tape worm is bred from a parasite. This parasite is a creature male and female in one. It is of pear shape, having two, four and six suckers. It lays the eggs, which are only connected together with slime. They develop and form a body, which is the worm. Each joint is an individual, having a sucker or mouth. The worm grows much longer than the bowels, where it is located, and sometimes a whole colony of them are found, enough to fill

a quart of solid worm, and when put in a bucket of water would apparently fill it. It is the hardest task in the world to destroy this parasite without doing injury to the individual who may be so unfortunate as to have it, as the parasite clings to the bowels, freeing itself from the body of the worm, and remains there to breed another. It is an internal demon, and causes its victim to suffer all the symptoms of disease imaginable. The cleverest physicians are led to believe that the patient is suffering from some other disease, as nearly every person has different symptoms. Some have been treated for cancer of the bowels, consumption of the lungs, chronic dyspepsia, nervous prostration, melancholia, hypochondria, hysteria, inflammation of bowels, appendicitis and other complaints when one or more of these internal demons were eating their lives away.

Prof. Mulveney has made the discovery to free the victim of this monster without injury to the system, destroying the parasite as well as expelling the worm with one dose of medicine without any previous starvation. Visit his office, where he has in his possession the most wonderful collection of these death-dealing monsters in the world, which have been expelled from hundreds of people by his famous remedy, some bottles containing colonies of worms, and anyone seeing them cannot imagine how a person could possibly live with them in his bowels. It is surprising the number of people that have them. Thousands have them and are not aware of the fact. The letters and testimonials the professor has in his possession are enough to convince us of this alarming fact. Some of the most prominent symptoms are ravenous appetite, dizzy spells, headaches, cramps in the bowels, also a feeling as though something was crawling up the throat. The only certainty of having one in the system is when segments or joints are seen, which come almost any time. They are flat and from three-quarters of an inch to an inch long, which have often been mistaken for pin worms by those who do not know the difference. There are many other feelings of distress, which would take too long to enumerate. Strange to say, some people of strong constitutions have very little distress.

Prof. Mulveney's world famous Tape Worm Extractor is safe, pure and harmless. No starvation, no danger, is not disagreeable to take. One dose

Just Arrived from Ireland

A Monster Tape Worm About 20 Feet Long.

Mr. John Campbell of 23 Napier street, called on Prof. Mulveney about a month ago and purchased a remedy to destroy Tape Worm. His wife's sister, Miss Hill, of Glenkiln, Ireland, had been suffering for some time with a Tape Worm, and had been treated without success. He sent her the remedy, which expelled the monster, head and all. Mr. Campbell received the worm by parcel post from Ireland on Nov. 23, 1912, and took it to Prof. Mulveney the same day, and it was found to be all there, a four-hooked demon. Mr. Campbell states that on July 29, 1908, his little girl, three years old, was relieved of a monster Tape Worm, head and all, without sickness or trouble, and the little one is healthy and well at the present time. This is how he came to recommend his sister-in-law in Ireland to try the same remedy. And now they are rejoicing over a friend across the sea whose life has been saved, who is restored to health and happiness by Prof. Mulveney's world's famous cure, which may be purchased at 167 Dundas street, Toronto, Ont.

B'WELL MAKES PEOPLE FEEL WELL.

It takes away the appetite for liquor and is an excellent remedy for Nervous Headache, caused from drink—it settles the stomach at once. It cures Gout, Inflammatory Rheumatism, Sciatica or Muscular Rheumatism, Lumbago, Neuralgia, Bronchitis, Colds. This remedy destroys Stomach or Pin Worms, and is not a Tape Worm Cure.

Persons suffering from Catarrh and all diseases where a roid injection or wash can be used, will find quick relief. Catarrh Cure used in connection with B'Well will effect a speedy cure. As Quick Catarrh Cure is the most healthy, soothing and cleansing remedy in existence—kills all poison, has cured ulcers and cancers. Used as a wash. Price \$1. B'Well, \$1.

CHESTERTON FOUND GUILTY OF LIBEL

Editor's Attack on Godfrey Isaacs Proves a Costly Boomerang.

BLINDED BY PREJUDICE

Says Judge in Imposing Fine—Tempted to Give Prison Sentence.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. LONDON, June 8.—Cecil Chesterton, was found guilty by a jury at Old Bailey, Saturday, of libelling Godfrey Isaacs, managing director of the Marconi Wireless Company, in articles in the Eye Witness, and the New Witness, alleging corruption in connection with the government contract.

Chesterton was fined \$500 and ordered to be kept in prison until the money was paid, and to pay all costs of the prosecution. Judge Chesterton was ordered to surrender on Monday, to pay the fine, being released on bail, meanwhile.

The amount of the fine is small compared with the cost, which is estimated at \$25,000, the hearing having lasted ten days. Justice Phillimore in passing sentence said:

"I entirely agree with the verdict. It gives me pain to see a man like the defendant in such a position—bearing an honorable name, with literary gifts and good friends.

"Racial Prejudice to Blame.

"I think a great deal of this matter was due to what theologians called 'invincible ignorance and prejudice.' The defendant was partly incited by racial prejudice and was blind to business matter.

"When I consider the cruelty of Chesterton's conduct, and how he might have rendered Mr. Isaacs a beggar by driving him from his employment, it is extremely difficult to refrain from sending Chesterton to prison."

"The jury's verdict is a complete vindication of the prosecutor's honor."

TIMES ENDORSES PAGE RECEPTION

"Such Compliments Are Reserved For U. S. Ambassadors," Says Thunderer.

HIS SALARY IS MEAGRE

London Paper Criticizes "Jeffersonian Parsimony" of Uncle Sam.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. LONDON, June 8.—In a gushing editorial on the "Pillars of Democracy," Walter Hines Page, the new American ambassador, The Times emphasizes the meagreness of such tributes paid to the American ambassador to London.

"Nothing like it exists anywhere else," the newspaper says. "No ambassador to this or any other nation is similarly honored. For the representative of a foreign power to be greeted upon his arrival in the capital of a state to which he is accredited is common enough. But for the representative of a foreign power to be greeted with such a reception almost at the moment of his arrival when he has but barely had time to present his credentials and before he has given any token either of personality or his diplomatic policy this is an experience which alone among the diplomatists of the world is enjoyed by an American ambassador to the court of St. James."

"It is intended to be precisely what it is, a unique complimentation on our part of the fact that Great Britain and the United States stand to one another in special relationship, and that between them some departure from the merely official attitude is of all things the most natural."

The article also refers to the "greeting appreciation of Mr. Page personally, and referring to the duties of his office says: 'Difficulties have not been hitherto in any way lightened by the refusal of a permanent official residence and by its more Jeffersonian parsimony in the matter of salaries.'"

THE HOWE SHOW.

When the late P. T. Barnum remarked that the American people liked to be humbugged, he evidently had in mind the people of the world in which he was famous, but it is the saddest thing in the world that it could not be applied to the people of the present day. Of course, when the showmen made this remark he referred to amusements. The Howe Great London Show, which is to be here, is a direct contradiction to the opinion of Mr. Barnum, and on June 16, when this show is to be seen here, the thousands who will flock to it will have the opportunity of seeing how differently the management of this show thinks of amusements.

The word humbug was eliminated from its vocabulary when the first thought of the show's organization sprung into existence and has remained eliminated ever since.

The management has carefully avoided the least thing that would have a tendency to detract from its truthfulness and honesty. The show has been organized along lines which have given it a universal reputation for merit and value. It has placed in it a class by itself. In its features and acts, care at all times has been taken to offer only such as could be given in the most dignified and elevated, while entertaining, manner. As are entirely new and a place on the extended program, and in several instances, money is never considered. It is the same in the detail management. While there are a certain number of animals which have been seen before by some, there are many rare ones that have been found their way into any zoological collection before. To sum up, there is no show on the road today where the performance given is of equal merit and where the manager has been so carefully selected as that with the Howe Great London Show, which will be here June 16.

NORTH GERMANY IS IN DANGER

Will Become an Arid Desert Unless Trees Are Planted.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. BERLIN, June 8.—A large part of northern Germany is in danger of drying into a desert unless arbor day and irrigation methods are adopted, says Prof. Otto Panzer, warden of Berlin Royal Botanical Garden. He is widely known. East Prussia and the Province of Brandenburg, which Emperor William regards as the "apple of his eye," is nearly 50 per cent. sand; and the great fresh water lakes, which until now have saved it from becoming a desert, are gradually diminishing, Panzer asserts.

He wants Germany's young folk and her old folk to turn out once a year to plant trees—larch, beech and oak—to save the country from turning into a parched and sandy waste.

NEWS OF WESTERN ONTARIO GALT'S GREATEST HORSE SHOW BROUGHT TO BRILLIANT CLOSE

Presence of Sir John Gibson and Party Was Crowning Social Event, and Despite Chilly Air Attendance Exceeded Six Thousand—Awards Made in Long List of Contests.

GALT, June 7.—(Special).—Galt Horse Show closed at 6 o'clock in a cool atmosphere, but with both exhibitors and public full of appreciation of the wholly successful efforts of the association to put up the best outdoor equine exhibit offered in Canada. That it really was all that is subscribed to by the judges and others who have seen the rounds of the big shows. After a heavy downpour the weather cleared, but the temperature fell until a great coat became a necessity more than a luxury. The crowd numbering over six thousand, was a record breaking attendance. Prominent society people were present from the various cities east and west. His Honor Sir John Gibson, lieutenant-governor, Miss Gibson and party were received with honors, the crowd cheering and the band striking up the National Anthem, following it with "The Victoria Anthem." Sir John left the arena stand and came over to the judges' quarters to mingle with the boys in the most democratic manner.

Sir Henry Annoyed.
The day passed off without anything to mar the enjoyment. Little things, however, cropped up which the great public had only an inkling of. One such today was when the Dominion Transport Company took umbrage at an award and declined to show in a subsequent contest. Another was when Sir Henry Pollett, a newcomer, and justly proud of his prize horse, Lord Kitchener, became huffed at the official estimate of his entry and told the gentlemen what he thought about them and their knowledge of thoroughbred horse flesh.

The promised broncho-busting, featured for this afternoon, proved a failure. Calgary Pete came on with young unbroken colt only to discover that the broncho was tractable and wouldn't buck. As compensation the crowd were handed out the old-time yoke of oxen, which viewed beside a smart auto outfit, seemed to show a trifle in contrast.

Much gratification was felt at the success of Miss Viau of Montreal. Mr. Yeager of Simcoe, who acted as manager for the Montreal, was quite satisfied with the Galt venture and good money yields. The Ottawa exhibitors, Messrs. Bates and Jones, also created a highly favorable impression and will be welcomed back another year.

Harness horses, 15.5 and under, Prizes \$50, \$25, \$10 ribbon. This event was one of the most noteworthy of the program. Eleven entries, with nine in evidence. Sir Henry Pollett had Lord Kitchener, winner at Toronto, in Montreal, entered. The judges gave the gelding only second, a place which the owner declined to accept, expressing himself freely and emphatically in a speech at the stand and appearing to be really fumed. "The gallant knight is a poor horse," remarked one of the experts in a laugh. "The incident then real eye opener. Miss Viau, Montreal, going home, Bates & Jones, Ontario; 3. Lochyuan Princess, C. C. POSTED AS MISSING AT SCOTLAND YARD

Lady Churston, Former Actress, Has Mysteriously Disappeared.

Special Cable to The World, Copyrighted by The Toronto World and N. Y. World. LONDON, June 8.—The Daily Citizen says: "One of the latest and most sensational is connected with the mysterious disappearance of Lady Churston, better known as Denise Orme, a musical comedy actress. It is reported she left home recently and has not since been heard of. She has been posted as missing at Scotland Yard, and exhaustive efforts have been made to find her, but without success."

At the time the beautiful and talented Denise Orme married Captain Yardie-Buller he was attached to the Scots Guards and was heir to the second Baron Churston. The baron's death in 1910 elevated the captain to the peerage and made his wife Lady Churston.

Shortly after the marriage, Mrs. Mabel Louise Altherston said the captain for breach of promise. He had been named in the suit for divorce won by her husband, a colonel in the British army, and she produced at her place of promise suit for \$100,000. The following year Mrs. Yardie-Buller made her reappearance here and afterward devoted herself to giving charitable entertainments for many worthy causes.

BODY IN CONVENT AWAITING BURIAL

Shock of Daughter's Death Too Great For Mrs. Cavendish-Bentinck.

Memorial Service Followed by Removal of Remains to Chiswick Convent.

Special Cable to The World, Copyrighted by The Toronto World and N. Y. World. LONDON, June 8.—Mrs. John Ford Cavendish-Bentinck, (Elizabeth Maturin Livingston of New York) died in her mother's house, Richmond Terrace, White Hall, May 9.

Society is wondering why there has been no funeral. The Morning Post of May 15, contained this announcement: "The first part of the funeral service for the late Mrs. John Ford was held at St. Margaret's Church, Westminster, yesterday. But this has not been followed by an announcement of where or when the burial will take place as is customary in such cases."

The report correspondent has ascertained that, in consequence of the unwillingness of the afflicted mother to have the body of her son lying in a convent at Chiswick, where it was conveyed on the morning of the memorial service, being removed there from Richmond Terrace at 8 a.m. Since then several members of the household have visited the convent. It is stated that the body will remain there three months longer pending the preparation of a tomb.

U. S. BOY SCOUTS WELCOMED IN PARIS

Contingent From San Francisco Received With Open Arms.

Special Cable to The World, Copyrighted by The Toronto World and N. Y. World. PARIS, June 8.—Major Sidney Peixotto's party of boys from San Francisco arrived in Paris today, and were met at the railway station by a corps of French boy scouts, who escorted them in military style to the American Embassy, where they were received by Ambassador Herrick.

The Pacific coast youngsters will remain six days in the French capital, seeing the city and giving exhibitions at the Paris athletic clubs with French boys as their competitors. The American lads are looking in vain in Paris for skyscrapers.

BOYS WILL HAVE A BIG DISPLAY

All-Boy Exhibition Opens at Moss Park on Wednesday.

The comprehensive way that the Toronto Boys' Dominion in undertaking its share in solving the city's boy problem will be fittingly illustrated at the all-boy exhibition which opens at Moss Park on Wednesday next. Not only will there be exhibited a wonderful display of boys' work, collections, maps, pictures and demonstrations, but there will be shown what work is being done and what more should be done for the boys. The leading organizations in work for boys in the city are assisting the Boys' Dominion in this unique and interesting display. It is carried out on the same plan as the large child welfare exhibits that have been held in Montreal and many American cities. A large number of seats has been erected in front of which boys will give entertainments each evening in drama, physical work, fancy dances and other stunts. The four regimental bands of the city have been engaged to provide the music for the exhibition.

AUSTRIA PRESERVES PEACE BY FORCING SUICIDE OF TRAITOR

Col. Redl Was Alleged to Have Sold Military Secrets of Austria and Germany to Russia—His Revelations Might Have Brought Austria to Brink of War.

Special Cable to The World, Copyrighted by The Toronto World and N. Y. World. VIENNA, Austria, June 8.—It now turns out that an open break between Austria and Russia has in all probability been avoided by the suicide here on May 26 of Col. Alfred Redl, chief of the general staff of the Eighth Army Corps.

Such is the latest development in the extraordinary scandal which is causing, by direct order of Francis Joseph, an investigation by a commission of the entire general staff of the Austrian army.

The Toronto World correspondent also learns that had Col. Redl lived to be prosecuted for treason, the revelations at his trial not only would have made it impossible for Austria to maintain friendly relations with Russia, but would have severely strained the bonds between Austria and one of her fully-trusted allies. Indeed, there is no telling to what extent Germany and Austria might have found reason to suspect each other had Col. Redl been allowed to live to make his revelations in defence of himself on a charge of treason.

Revising Mobilization Plans.
Redl, it will be remembered, not only sold to Russia military secrets of Germany and Austria, but also betrayed them to Russian officers who were selling Russia's military secrets to Austria and Germany. One of the consequences is that Austria, and probably Germany, are revising their plans for mobilizing their forces along the Russian frontier.

BIG TURNOUT AT ORANGE PARADE

One Thousand Members of Eastern District Marched to Little Trinity Church.

So big was the attendance at the annual church parade of the Orange-rod of Eastern District yesterday morning, that many hundreds were unable to find seats at the special service in Little Trinity Church. As it was, several seats had to be improvised within the chancel rail to accommodate those who had taken part in the parade. An eloquent address was delivered by Rev. F. E. Powell, rector of St. Barnabas, who at times evoked unstinted applause from his hearers.

Among those who attended the service and took part in the parade, which was headed by the officers of the Eastern District Orange Lodge, were: Rev. F. E. Powell, Bro. J. Johnston, district master; Dr. William Crawford, county master; Bro. Frederick Dore, grand master, Ontario West; Harry Lovelock, past grand master; W. Gray, deputy county master.

GREAT OUTCRY AMONG PAPERS

German Government Stops Publication of Certain Military and Naval News.

Special Cable to The World, Copyrighted by The Toronto World and N. Y. World. BERLIN, June 8.—There is a great outcry among German newspapers against the government new espionage bill, which makes it treason to publish any military or naval news "damaging to the interests of the country."

The socialists say the real purpose of the government is to smother complaint about monopolies in furnishing, army and navy supplies. Without such publicity, it is argued by the press, there will be no guarantee that Germany gets the best available material.

As for the press, the bill, if enacted in law, will cause uncertainty in newspaper offices resembling the worst Russian conditions. It is believed that the bill will be defeated if it is presented to the Reichstag in its present shape.

FISH HATCHERY FOR BELLEVILLE

BELLEVILLE, June 8.—(Special).—There is every prospect that a fish hatchery will be established in this city. Messrs. Rudd and Findlayson, of the marine and fisheries department, were in the city looking over sites, and the city council in special session offered a site and water at cost. It is proposed to hatch white fish and salmon trout.

News of St. Mary's

South Perth County Loyal Orange Lodge convened in Stratford and decided to hold its 12th of July at Guelph this year.

A lifelong resident of this section, Decourcy Evans, passed away at his home, near Devizes, on the morning of July 7. Mr. Evans, who recently suffered from a paralytic stroke, will be pleased to learn that he is improving.

UNION MEN INDICTED

Conspiracy to Raise Miners' Wages is Alleged.

CHARLESTON, W. Va., June 7.—Special John P. White and eighteen other officials of the United Mine Workers of America were indicted in the federal court here today, on a charge of violating the Sherman anti-trust law.

It is alleged the defendants conspired with the coal operators of West Virginia, Ohio, Indiana and Illinois coal fields, so as to prevent their competition with the other four states in the western market.

TEN SOCIALISTS IN PRUSSIAN HOUSE

One of Them, Conrad Haenrich, is Nephew of the Premier.

Special Cable to The World, Copyrighted by The Toronto World and N. Y. World. BERLIN, June 8.—Prussia's new house of representatives, which was elected this week, will have ten socialist members. Up to five years ago it had none, for the system of voting is all in favor of the aristocrats and the count-do.

Count Schwerin-Loewitz, a strict conservative and reactionary, probably will be the president of the house. Conrad Haenrich, his nephew, is one of the ten socialist members. If the experiences of the last session are repeated, Count Schwerin-Loewitz may find himself called upon to summon the police to eject his nephew.

PRICE OF ICE SOARS

KINGSTON, June 8.—(Special).—As a result of high price, ice dealers who use a great quantity, are up in arms. A great many will likely contact with a Toronto company to furnish them with ice. A representative of the firm was here for a few days taking orders. There is only one ice company here and it boosted the price of ice 50 per cent. both to stores and private houses.

SERVANTS IN ROYAL HOUSEHOLD NOT ALLOWED TO KEEP DIARIES

Queen Mary Gives Dictum as Result of Chatty Reminiscences of Late King Edward's Motor Mechanic—Stamper's Allusions to Dancing With Princess Patricia Are Particularly Displeasing.

Special Cable to The World, Copyrighted by The Toronto World and N. Y. World. LONDON, June 7.—Victor Stamper, King Edward's motor mechanic recently published a volume of apparently harmless stories of reminiscences of his experiences during five years in the king's service. King George and Queen Mary were intensely annoyed by the appearance of the book, particularly resenting the familiar tones in which the king and other members of the royal family were spoken of, especially the Princess Patricia of Connaught with whom Stamper declares, he was sometimes called upon to dance when parties were held at the royal family gatherings.

The book was the result of Stamper's keeping a diary, so the queen caused an exhaustive enquiry to be made among all the members of the royal household to ascertain whether any others were diarists. Miss Dussan, Princess Mary's governess, thereupon stated that she had been keeping a minute diary of life at court for eight years. This she surrendered to the queen, who confiscated it. Furthermore the queen issued a warning that any member of the household who kept a diary in the future or recorded in any way the doings of the court would be immediately dismissed. This order is regarded as final.

SOCIETY IN FEAR OF SUFFRAGETTES

Private Detectives Are Present at All Big Social Functions.

LONDON, June 7.—While the government is doing all it can to suppress the suffrage outbreaks and quell the disturbances caused by fanatical women of what they will do next is spreading all the time. And now this anxiety has even penetrated London's best social circles, as shown by the presence of unostentatious but nevertheless unmistakable private detectives at almost every function of any importance.

Many detectives were present in costume at the Versailles ball on Thursday night, as it had been rumored that the suffragettes intended to make a big demonstration, with accompanying violence, for a social act of the night. Emily Davison, the woman who caught the bride of the King's horse, Ammer, at the Derby. The courts to be held next Monday and Tuesday evenings will be carefully protected, as was the last one in Buckingham Palace. The palace was surrounded by uniformed gendarmes, and several men were disguised as waiters and footmen and even guests.

To Protect Garden Party. Arrangements for the protection of the royal garden party the middle of the month at Windsor are now being made by Scotland Yard, as a look in the suffrage headquarters shows the military intent to mount a serious demonstration. To offset the possibility of a denouement, it is now suggested that every guest entering the castle gates be carefully scrutinized, and the invitations to about 1000 guests, a thousand and transfer tickets will not only be an easy matter, but it is suggested that large prices already have been offered for them.

How to Treat Diarrhoea

In treating diarrhoea the most important thing is to stop milk. Milk makes the poisoning many times worse because it causes the bacteria to multiply. Only boiled water or barley water, rice water or wheat-flour gruel should be given for at least twenty-four hours, and for several days if the attack is a bad one. If the baby is nursing, it is best to stop the breast feedings and substitute water or gruel.

Sponge baths with a teaspoonful of soda in a basin of water are helpful in reducing the fever. While it is necessary to have as much rest as possible for the little patient, the excessive heat of the days when this disease rages, makes it inadvisable to let the patient out of doors except in the coolest part of the day. When the diarrhoea has become a little checked, mutton or chicken broth may be added to the gruels, one ounce of broth to four or five ounces of gruel at first. Gradually work up to half broth and half gruel. After movements become more normal in character, milk may be added to the small quantity, say a dessert spoonful to each feeding of gruel and little by little increase amount until the regular formula is reached. For the nursing baby, give two or three ounces of gruel first, and then let him nurse for five minutes. The next day give an ounce of gruel, and so on, gradually increasing until he is able to take a full feeding of milk.

While ever case of diarrhoea may not have been prevented, I believe a great many might have been if milk bottles, nipples, and all utensils belonging to baby had been kept in as perfect a condition as possible. Prevention is original, the most important in this case means, cleanliness, absolute, scrupulous cleanliness in all that concerned the baby; and proper food given at proper times.

MISS HASWELL IN DECIDED NOVELTY

She Will Play in Boy's Clothes at the Alexandra.

PICTURES OF HOLLAND Will Be Shown With Many Others at the Grand.

"The Amazons" which Percy Haswell and her company will present at the Alexandra Theatre, tonight and all week, will prove a decided novelty. For two acts Miss Haswell will appear as a frolicsome, mischief-loving boy, and she will wear boy's clothes too. But in the last act, after she has fallen in love and been wooed, she will be seen as the graceful Lady Thomasina Bel-farbet. This play gives her an opportunity to wear some of her beautiful Parisian gowns. "The Amazons" was written by Sir Arthur Pinero, just after he had finished the heavy work on two of his famous dramas, "The Notorious Mrs. Ebbsmith" and "The Second Mrs. Tanqueray." His critics say that it is a gentle and delightful satire on the "mannish woman."

Animated scenes of ineffable beauty that will linger in the inner sight long after they have vanished from the screen, will be presented by Lyman H. Howe at the Grand all this week, with a matinee every day. Traveling with Howe has become such a popular diversion that his trips are now considered quite the most enjoyable and instructive substitute for globe-trotting that could be imagined. For the second week of the travel festival, commencing with a matinee today, the feature subject will be quaint Holland pictures to be shown in the dynamite of a mountain, the amazing and daring of structural iron workers on the dizzy heights of skyscrapers overlooking Broadway, New York; a race for life by three panic-stricken refugees pursued by infuriated Hong Kong men through the Niagara gorge, another ride through the Simplon tunnel connecting Italy and Switzerland; a visit to the Milan Cathedral, to St. Gran, the summer residence of the King of Spain. There will also be shown bird studies in the exact lines of nature, Paris fashion, jellyfish of the Mediterranean, and the clever Oriental methods of trapping monkeys.

WOMEN WRITERS GIVEN WELCOME

Party Banqueted and Given Automobile Trip by Winnipeg Hosts.

WINNIPEG, June 8.—(Can. Press.)—Favored by perfect weather conditions, the stay-over yesterday afternoon and evening of the forty-five delegates from Eastern Canada to the triennial convention of the Canadian Women's Press Club, which opens Tuesday at Edmonton, was a brilliant success. The visitors, who included representatives from nearly every daily newspaper town between Halifax and Windsor, Toronto, including the two score members of the Winnipeg local branch, were given a banquet by Mayor Deacon and the city council at the Royal Alexandra Hotel.

During the afternoon the daily newspaper men of Winnipeg, in conjunction with the Industrial Bureau and the board, entertained the entire party with an automobile drive around the city and district, including a stop at the pavilion of the new city Assiniboine Park for tea.

After the convention is concluded a party will be held at the Hotel, and to the party will be some ten days from the city of Winnipeg, and on the way back will be entertained by the cities of Calgary and Regina.

"DEBORAH" OPENS AGAIN TONIGHT

Will Be Given at the Princess Theatre All This Week.

MANY WANT TO SEE IT Several Prominent New York Theatrical Men Will Be Here.

"Deborah" will open a week's engagement at the Princess Theatre tonight, with Carlotta Nilsson in the title role, and the complete cast which opened the interrupted week at that theatre on May 26. The play will be given as approved by the official censor of the City of Toronto. The management of the company and the author, Mr. Howland, unite in saying that they regard this week's engagement more as a personal vindication of themselves from the unwarranted attacks made upon them, than as a business proposition. Manager Waite believes, however, that there are a great many players in Toronto who want to see "Deborah" and judge it for themselves. It is understood that Judge Morson's decision reversing the police court conviction against the members of the company has caused wide comment in theatrical circles, and that producing managers in New York are now going ahead with booking arrangements to fill Toronto's theatres during the coming season, which had been held up until the result of the "Deborah" appeal became known. It fact, as one prominent producer wired Mr. Waite, this verdict, absolutely decided Toronto's theatrical future. In case the police court conviction had been sustained, perhaps a few days' stoppage of the production would not have been so serious, but the managers not caring to risk a repetition of the treatment handed out to the "Deborah" management. Several prominent New York theatrical men will attend the opening tonight.

News of Western Canada

HOUSING PROBLEM SERIOUS AT KAMLOOPS.

KAMLOOPS, B. C.—An extensive construction program is now scheduled for Kamloops for the coming season, the list including a \$200,000 hotel, an exhibition building for the use of the Agricultural Association, a new drill hall, a spur track from the C. P. R. main line to the new power house, electric many residences, stores and office buildings and business structures. The most urgent need of the city just at the present time is a more extensive line of cottages for artisans, the present accommodations having proved so inadequate that many tenants have been called into service to meet the requirements of the small army of workmen now engaged with local building operations. Owing to the resulting congestion, the board of health has taken active steps toward relieving what threatened to become a serious condition.

LOW-PRICED POWER FOR MACLEOD.

MACLEOD, Alta.—Right in line with Macleod's standing offer of cheap power and free sites to large industrial enterprises, the proposition now under consideration here, to investigate fully the gas, coal and oil resources of the district, and in case of a favorable report, to grant free power for a term of years to those industries to which the town grants free sites. The recent important strikes of coal and natural gas in neighboring districts have emphasized the large possibilities of Macleod along these lines, and the proposals of Thos. Jackson, the Toronto promoter, are being accorded general commendation. Macleod already has its own electric lines, water supply, and natural gas is being supplied to manufacturers at \$12 per horsepower. A general reduction in electric light rates has also been voted by the town council.

ORANGEMEN WILL GATHER AT WATROUS.

WATROUS, Sask.—Special trains from Yorkton, Melville and other important centres are being arranged for in connection with the Orange celebration at Watrous on July 1. The program committee has also scheduled a special list of gala attractions, which will include a parade to the fair grounds and a lacrosse match between the Watrous and the Saskatoon teams. Meanwhile, it is expected that the final touches will be given to the work in and about the G. T. P. yards preparatory to the handling of the increased traffic anticipated during the coming season. In addition to the completion of the leading platform between the main tracks at Watrous, a considerable amount of grading, leveling and tree work has been planned, and handsome flower beds are being laid out.

BUSY SEASON OPENS AT CANORA.

CANORA, Sask.—That the present year is likely to witness a record-breaking development period at Canora is indicated by the events of the past few days. Special interest is taken in the supplementary estimates just reported from Ottawa which include an appropriation of \$10,000 for a four-room addition to the public school building are now being prepared by Winnipeg architects. The Canora Manufacturing Co., Limited, expect to open their new plant, which will employ some twenty or thirty men. The works are fully equipped for the manufacture of culverts and water pipes, and the handling of general repairs. The creamery company has now been re-opened, its plant of 75,000 to 100,000 pounds of butter designed to meet the probable butter requirements of the district for a number of years to come.

ORE, RAILS AND TIMBER.

GRAND FORKS, B.C.—Owing to the heavy traffic in the shipment of ore from the Phoenix mine at the Granby smelter at Grand Forks, the Grand Northern is about to relay its line between the two points with new and heavier steel. The use of heavier locomotives on this line a considerable reduction in the cost of handling the ore is anticipated. Meanwhile construction is making rapid progress on the Kettle Valley line, which is to connect Grand Forks with Vancouver. The steel bridges which is to span the Fraser River at Hope, B. C. will be begun at an early date and will cost at least \$750,000.

One of the largest timber deals recorded in the Grand Forks district in recent months consists in the purchase of 9000 worth of merchantable timber and north fork of the Kettle River. The purchasers estimate that the approximate value of the standing timber poles and lumber will amount to \$3.1 million. Only three years ago, so it is stated, the timber property in question was acquired for \$400,000 by the present owner, who now makes a profit of \$600,000, to say nothing of the land itself and 2,000,000 feet of hemlock still remaining, which will be used for the manufacture of fruit boxes.

NOTABLE RAILWAY DEVELOPMENT AT ELKO.

ELKO, B.C.—The increasing importance of Elko as a railway centre and recently published statement outlining the situation that is being developed by present and prospective construction work. Elko is now served by the Western branch of the C.P.R. and south the C.P.R. at this point. In addition it is shown that Elko is the Central Railway, which is now under construction from Elko to Golden, at the same time being a junction point on the C.P.R., with its south and northwest of Elko. Still other line will develop the territory between Elko and Golden, notably those of the C.P.R. and the Grand Trunk system.

TRAVELING MEN TO MEET AT MOOSE JAW.

MOOSE JAW, Sask.—According to present plans of the promoters, Moose Jaw's new hotel will contain 350 rooms and seventy-five per cent. of the required capital will come from outside sources, with the understanding that local bankers will put up \$150,000. A new hostelry is to be designed on an elaborate scale, and it is expected to rank with the best in western Canada. The definite announcement of the complete financing of the new hostelry, it is stated that at least a dozen important enterprises are now simply awaiting the trade grant of \$60,000. The importance of Moose Jaw as an over point for traveling men has received new recognition thru the United Commercial Travelers' convention, scheduled to meet here this summer.

WEYBURN MARKED AS RAILWAY CENTRE.

WEYBURN, Sask.—Weyburn's vigorous publicity campaign, now being waged, is already bearing fruit. The slogan of a Greater Weyburn, proposed a few months ago, is rapidly materializing. Toward this result the operations of the railway builders in this section of the west will contribute in an important degree. The significance for the future of Weyburn is regarded the rapid progress reported on the new trunk of the C.P.R. Lethbridge-Weyburn line. The completion of this portion of the connecting link will bring the line of steel from the west coast as far as the Alberta-Saskatchewan boundary. Grading on the G.T.P. line from Weyburn is also making marked headway, and a train service to the new town is promised by August 1.

Rev. C. M. Wright Details Pastor's Difficulties in British Columbia.

SCOFFERS NUMEROUS

But Battles Are Being Won and Many Souls Saved.

Before a congregation which taxed Knox Church, Spadina avenue, to its utmost capacity last night, Rev. C. Melville Wright of Fort George, B.C., declared that the churches of Canada were facing an opportunity never before offered, and that what the church needs most is for the teaching of the Bible.

Mr. Wright's home is in Toronto, and having graduated from Knox College in 1910, he left for the wilds of British Columbia as a missionary. In the course of a striking address he told of his experiences and the many oppositions which exist for the teaching of the Word of God in the vast and utter wilderness of the Bible.

He said that owing to the construction of railways with their great gangs of men, instead of men standing on a corner preaching the Gospel, they actually stand there acting in opposition to the church by telling the public, "We do not accept the teaching of the ministers, as the Bible is out of date, and the rational man who does go to church."

But with all the disadvantages that attend the construction of the railways, he stated that in this distant part of Canada that battles are being won, and many young Canadians are being saved, and joy for missionaries than winning followers for the living God.

MONDAY MORNING, JUNE 9

NO FEAR OF CANADA.

Also the articles that have been recently appearing in the New York press on the general position of Canada have attracted attention from their deprecatory nature, it does not appear that this was warranted by present circumstances or prospective inferences. In a recent review of the Dominion situation Financial America of New York quoted an unofficial statement from a source which would be recognized were the name made public as an authority of the highest standing, and one unquestionably in a position to have unusual facilities for obtaining comprehensive and exact knowledge of the state of affairs, while at the same time possessed of a conservatism which guarantees a candid review of all features. This authority says:

There is no question that money is tight in Canada, but then this is a world-wide condition of affairs and not applicable more in Canada than elsewhere. Payments in the Northwest are undoubtedly slow, but I do not hear similar complaints from other sections. The real estate boom there, as generally throughout Canada, has ended, but I cannot learn of any marked depreciation in the value of the properties in the larger centres. No doubt many of the outside subdivisions will, however, be slow, if not difficult of sale.

Caution is being exercised by the banks generally, but there is nothing that I can see approaching a commercial panic, or even uneasiness in business circles. General trade is active and labor well employed, and the continued large expenditures on railways will go on. With the increased population of some 400,000 persons per year, a large amount of money must be kept in circulation. Of course, for the continuance of prosperity in Canada, much depends, as must always be the case, on a country employed in agriculture, on the forthcoming crops.

Except for the stringency affecting all financial circles and necessarily extending to Canada, the outlook here for the current year gives no immediate occasion for alarm. The volume of immigration is not only being maintained, but increased, and the Dominion Government estimates that about 200,000 will enter from the United States during 1913. The great majority of these immigrants will take up homesteads, as will many from the United Kingdom and the European continent. Settlement of this kind is not concerned with land speculation and, indeed, the consensus of well-informed opinion regards western farm land values as not at all excessive. Indeed, inflation of such values has been prevented by the conservative limit placed by the land mortgage companies on the amount they will lend per acre, even in the most favored districts of the country.

On the other hand, it is undoubtedly that speculation in outside building lots in the west is at an end for the time being, and the cessation is for the general good. Much of it has been engaged in by foreign investors, and it is not expected that even a serious shrinkage in value could materially injure the prosperity of the Dominion as a whole. Of course, much will depend on the coming harvest, and it is satisfactory that crop conditions have been steadily improving, and a considerable period of the time lost in the early spring retrieved. It must not be forgotten that the circumstances attending immigration and settlement at this time are vastly different from those of forty years ago, and that income for far more easily into the class of producers. Transportation and marketing methods have been revolutionized and are still undergoing a process of rapid development. But it is evident enough that for some time money will only be forthcoming for strictly productive purposes.

Whatever local recessions in real estate values may occur in the west, and these can only be limited and temporary in character, the outlook in the east and particularly in the Province of Ontario, can only be described as thoroughly favorable. No doubt can be felt regarding the inherent strength of the leading industrial and distributing centres. They will be kept busy occupied in providing for the needs of the country, and their expansion shows no symptoms of diminution. This is a factor in the Canadian situation which cannot be overlooked, because it is an index of the country's internal stability and of the confidence with which the future is regarded.

U. S. REPUBLICAN REORGANIZATION.

While President Wilson and the Democrats of the United States are concerning themselves with the fulfil-

ment of their platform pledges and the establishment of public confidence in the present administration, the Republicans have taken in hand the reconstruction of their shattered party. As a preliminary step, the national executive committee recently met at Washington, and after meetings which disclosed wide differences of opinion, came to a practically unanimous agreement to call a special national convention early in the spring of next year. The contest within the committee reflected itself into recognition of the fact that harmony could be restored by reconvening the conservative and progressive sections of the party, and that the only hope of reclaiming the bolting Republicans that enrolled under Colonel Roosevelt's banner, lay in the adoption of a program which would render continuing separation unnecessary.

The progressive element in the committee desired an early convention, while the conservatives ultimately yielded to the demand for a convention if it were delayed till next year. This settlement was at first regarded as a victory for the conservative section, but the view is now extensively taken that the postponement may be in the general party interest. Neither element can hope to get a favorable verdict from the country without the assistance of the other, and this means a co-operation which time will assist in securing. By 1914, the operation of the lower tariff will have been indicated, and a better opportunity will be afforded to gauge public opinion and to ascertain more clearly what issues the next campaign must involve. If the people remain of their present temper, only a really progressive platform can hope to meet with electoral approval. Meantime the Roosevelt party leaders perceive that its effectual existence depends on the result of the Republican endeavor.

THE MUSICAL OUTLOOK

"Musical tendencies in Canada" is the title of an article by Dr. J. D. Logan in the current Canadian Magazine. It appears at a juncture when a survey of the standing of musical art in Canada may be most appositely made. The recent death of Dr. Fisher, founder of the Conservatory of Music; the retirement after a long career as chorus conductor of Dr. Torrington; the temporary suspension and the heralded renewal of the activities of the Mendelssohn Choir, following Dr. Vogt's Lehr-Jahre in Europe; the crescent career of the Toronto Symphony Orchestra and the Toronto String Quartette; the scarcely doubtful fate of the Montreal Opera Company, all mark a period when the field of Canadian music, exotic or indigenous, may be regarded with the harvester's eye for the future.

Dr. Logan speaks of his essay as "A critical review of conditions, experiments and tendencies in the Dominion," and he adds a forecast of the development of musical art and taste for the next decade. He lays stress on the importance of men with ideals, as contrasted with organizations and institutions. Probably conditions of space prevented Dr. Logan from dealing with musical interests outside Toronto and Montreal, but the work of Mr. Bruce Carey of Hamilton as a choral conductor should not have been overlooked. We think Dr. Logan is somewhat unduly severe in his remarks about the Schubert Choir. For Mr. Fletcher's aims and achievements must be considered. He handles more raw material than any vocal conductor, probably in America, and the fact that he obtains such excellent results from comparative novices, and supplies a constant stream of graduates to other organizations, gives him an important and indeed fundamental position in local musical art.

Dr. Logan, after an inquest on the remains, finds that oratorio is dead in Canada. We are inclined to dissent from this view, and to account for its moribund condition by the lack of variety afforded to oratorio singers. The "Messiah" goes without saying—sometimes without singing—but the "Elijah" and perhaps the "Creation" and "Israel in Egypt" are about as far as any oratorio society ever gets. Then the cycle which rarely reaches four years is recommenced. There are at least twenty-five oratorios which might be included in the repertoire of an oratorio society, and we believe Dr. Broome would do well to consider variety as well as custom in his programs.

Dr. Logan thinks, however, that public taste has turned away from oratorio, but we would be inclined to account for this tendency, if it exists, more on theological than musical grounds. If the neglected oratorios were revived public interest would revive. How many Toronto people have heard the magnificent and dramatic "Saul" or Beethoven's "Mount of Olives"? Certainly it would be useless to produce such works unless they were supremely well done, and herein lies Dr. Logan's justification, perhaps, for declaring oratorio dead.

He is sanguine, however, of a new era in choral art led by the Mendelssohn Choir, while orchestral music will become more completely naturalized. Dr. Logan's article is full of shrewd observations, his criticism is cultured, and given most scholarly expression; his prejudices are evidently on the side of the highest art; and while his verdicts may meet with demur, they will not be easily upset.

Dr. Vogt's appointment to the directorship of the Conservatory of Music means more for Canadian art than can readily be conceived. When the

WASHDAY THOUGHTS

When thermometers start humming and the heat-waves melt the plumbing there'll be lots of work a-coming to the Chinese laundry shop; we will hear loud, happy hollers as we weekly tote ten dollars' worth of white shirts and ties to our good friend Charlie Hop; then the hot and hazy sun'll make a little more than rental—with a patience oriental he will plug on day and night; tho' the wily easterner makes the summer starch lots thinner, as a worker he's a winner, and he keeps his smiler bright; every Monday that we, shin in with our grinnin' in his quaint Mongolian way, for a happy fellow is he when we keep him good and busy—when the heat has cooked us dizzy he'll be up and making hay; when the weather's got us going he will rise ere roosters-crow; while we're swearing hell'll be throwing crates of collars in the mud; for he has to hump and hustle, using all his stock of muscle, if he hopes to daily rustle out the extra tons of duds. 'Tis a colosseum long on hours and hours of perspiration, yet he works like a tarnation in his red hot place of biz. When I hear his cheery "Hello!" I think of the Hop, old fellow, tho' your countenance is yellow, you're the spunkiest what is!

'Tis a world was never meant for frowns, of care, or melancholy; so listen to this throng of clowns. They'll teach you to be merry, and to be good to see. Careworn mothers, look about and they'll smooth your wrinkles out. That's right, father, keep that smile lit if linger there a while. BOXED MAN'S EARS DUEL WILL FOLLOW

Slanderer Spanked by New Yorker on Carlsbad Parade.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. CARLSBAD, Bohemia, June 8.—(Special.)—The boxing match between the two men who were recently arrested for slandering the late Emperor of Austria, was held in Carlsbad, Bohemia, on Sunday, June 8. The fight was a hard one, and the referee had to stop it at the end of the first round. The boxer who had been arrested for slandering the late Emperor, was the victor.

Such excitement as the famous promenade the Alte Weise never before knew was caused the other day by Gustav P. Eisenschmel, a wealthy young man who recently arrived from New York. He was walking with his wife when he suddenly stopped and astounded the fashionable promenade by shouting:

"Ritter von Schenck, consider yourself boxed behind the ears!" Ritter von Schenck, raised his eyes to strike, but before he could do so, Mr. Eisenschmel dealt him two blows in the face, to which Mrs. Eisenschmel added a third.

On being asked why he attacked Ritter von Schenck, Eisenschmel explained: "I lately returned from the United States and Canada. I have lived there several years and am connected with various enterprises in New York and elsewhere. I had a business connection with Ritter von Schenck, who is a Hungarian and lives part of the time in London and part in Switzerland. For the last year I have received letters from him in which he not only insulted me, but had the audacity to add most offensive references to my wife. I accidentally met him on his promenade here and did what any honorable man in my place would have done. I am now waiting for Ritter von Schenck's challenge to fight a duel."

TORONTO BEAT TECUMSEHS PLAYING TIGHT PERIODS OVERTIME

Roughest and Fastest Game Played Saturday at Scarborough—Teams Even at the End of Every Quarter.

In one of the roughest and fastest games of lacrosse seen in Toronto in many a moon, the Toronto beat the Tecumsehs at the Beach Saturday afternoon before a fair crowd, by the score of 7 to 6, after forty minutes of overtime.

The first quarter ended with the score tied 1 to 1, after Carmichael had beaten Holmes in one minute, only to have Donihue duplicate for his team six minutes later.

The second quarter was practically a repetition of the first, both teams putting up an excellent brand of lacrosse. Parnett opened the scoring in 2:53, which Querrie evened up two minutes later.

The third quarter found the pace dragging hard on most of the men, but they found time for some hard checking, and lines and penalties were landed out right and left.

MONTREAL, June 7.—Irish-Canadians made it three straight in the Big Four Lacrosse League Saturday afternoon, when they defeated Nationals by 6 to 4.

It was the first meeting of the two teams this season, and incidentally by far the roughest exhibition witnessed in Montreal this year.

The players had some old scores against each other from previous seasons, and started in early to pay them off.

The officials were lenient in the first quarter, and towards the end of the game, while Peter Murphy, one of the goal umpires, was assaulted by a Toronto supporter.

Before a fair turnout of spectators and under ideal weather conditions, the annual inter-association field day of the local T.M.C.A. was pulled off at Broadview field Saturday afternoon.

The event was well filled, and some very close contests were witnessed. A strong wind blowing down the field slowed the boys up considerably and prevented any record-breaking performances.

CRICKET CLUBS ENGAGE IN MANY LEAGUE MATCHES

Toronto C. C. Easy Winners Over Parkdale—St. Alban's All Out For Small Score and Beaten Badly at Rosedale.

Toronto Cricket Club scored an easy win from Parkdale in their first league match at the Exhibition grounds on Saturday afternoon. The Toronto had a very material for the big score the side only totalling 15 runs, of which Dobson scored 22 (surviving an appeal of "catch at the wicket" early in his innings), and Houghton scored 10. The fielding of Parkdale was excellent, particularly their catching, only one opportunity in that department being lost. Dr. Bennett at mid-off annexed a "stringer" from Lowen of Cleghorn, which was a particularly good catch. Cleghorn, who took the last four Toronto wickets for 10 runs, proved very useful in keeping down the total. Parkdale in turn faced the bowling of Lowen and Raeburn, and tho they had but a small score, overtook Toronto and put together 39 runs. These two trundlers bowled through the innings and proved to be unplayable, all but three batsmen being clean bowled.

Lee's catch of a long, low hit into deep field by Milwaukee, which was a very good piece of fielding. Lowen took 5 wickets for 13 runs, and Raeburn 5 for 11. Summary: Toronto—T. Usher, bowled Bovell; G. S. McArthur, bowled Erskine; G. E. Heighington, c Dr. Bennett, b Bovell; J. S. Beatty, c Goodrich, b Dr. Bennett; W. J. Dobson, bowled Bovell; J. F. Rosedale play Toronto Colts at Rosedale oval and Grace Church at Varsity, on Saturday, June 4, both games to start at 2.35.

EATONS WIN AT MIMICO ASYLUM. Eatons were victorious in a very enjoyable game on Saturday afternoon on the Mimico Asylum cricket ground. H. Harris (49), F. J. Adgey (41), A. H. Thorne (26) were bowled with the bat for the winners, who declared their innings closed with a score of 149 runs for six wickets. Terry was very smart behind the stumps, one leg bye being the only extra. The Asylum were at a loss to play the Eaton bowling and were dismissed in less than an hour for 45 runs, only one batsman making double figures. Fletcher, who bowled exceedingly well, had the

best average, with six wickets for 15 runs. L. Adgey, who is just getting back into the game, took three wickets for 15 runs. Fletcher, S. Adgey, Williams and Thorne made the most points for fielding. Extras, 1. Total, 149. Innings declared closed. Fletcher, Mason, Willis, Goulding and Swain did not bat. ST. GEORGES OF OSHAWA PLAY DRAW WITH T.E.L. St. Georges of Oshawa and T.E.L. Co. played at Oshawa on Saturday. The match ended in a draw, slightly in favor of St. Georges. St. Georges bowled first and ran up a score of 68 for 9 wickets, of which Barrow made 23. Greenwood, A. and Caravell 10. They then declared, leaving the T.E.L. less than an hour to get the necessary runs. T. Tyndall, not out, but managed to save the game owing to a good stand by A. G. Stevenson, 16, not out. G. Stevens, bowled Caravell, also played well for his 10. Stumps were drawn at 6.45 with the score at 48 for 8.

DOVERCOURT BY ONE RUN WINS FROM ST. EDMUNDS. Dovercourt C.C. won a very close and exciting game from St. Edmunds C.C. by one run, due to a well-wagging corner. Templeron 20, Henderson 19. G.ould not out. For St. Edmunds, Jones did some heavy hitting for his 42. Score: Dovercourt—Butterfield, bowled Jones; Woods, bowled Jones; Watson, c Marshall, b Matson; Rothwell, bowled Jones; Fowler, bowled Jones; Carter, bowled Matson; Young, c and b Matson; Blackwell, bowled Jones; Henderson, c Harvey, b Matson; Gould, not out; Extras, 5. HAMILTON CRICKETERS BADLY BEATEN AT GUELPH. GUELPH, June 8.—Hamilton C.C. visited Guelph on Saturday and were decisively beaten by 166 runs on the first innings. For Guelph, S. H. Saunders was top scorer, with 66, made by hard hitting. Carter, with 36, and Mulrhead 33, played well. After running in splendid style. After the third mile Meadows (Shrub's partner) began to lag, and the race was left to Wood-Jefferson and Quail and Crooks combination. The fifth mile saw Quail leading well, and one-and-a-half miles later he was out there so far in advance that Tom Longboat was called in to aid the Shrub-Meadows team. Had it not been for this innovation so tame would have become the race that it is doubtful whether the crowd would have endured the cold until the end. It was now that Crooks was seen at his best, and it is doubtful whether he has ever been seen to be so far in advance. Shrub, Longboat and Meadows were taking lap runs and it was not until after the eighth mile that they managed to overtake the Yankee couple. Times For Miles—1. Shrub-Meadows, 4.43; 2. Quail-Crooks, 9.02; 3. Shrub-Meadows, 14.34; 4. Quail-Crooks, 19.16; 5. Quail-Crooks, 24.15; 6. Quail-Crooks, 29.00; 7. Quail-Crooks, 34.03; 8. Quail-Crooks, 38.53; 9. Quail-Crooks, 43.46; 10. Quail-Crooks, 48.46.

ST. ALBANS II BEAT THE ROSDALE COLTS. At St. Alban's on Saturday Rosedale II were beaten by 109 to 48. For St. Alban's Philpott made 32 with careful cricket. Shenstone hit out 25 in his usual style for Rosedale. Pillow and Furness reached doubles, 20 and 15. The score: St. Alban's II—Brown, bowled Bell; Philpott, c Pillow, b Hamilton; Avery, bowled Bell; Shenstone, bowled Thomas; W. Kent, bowled Thomas; J. LONGBOAT TRIMS ALF. SHRUBB

Indian Spurred in Last Few Yards and Beat His Old Rival—Miss Miller Won.

The professional race meeting held on Saturday evening at the Island Stadium drew a big crowd and some very fine running was witnessed. The race between Miss Annie Miller of Toronto and Miss Dot Carr of New Haven caused considerable interest, but the chief event was the three-mile match race between Alf Shrub and Tom Longboat. The first race was between the ladies, and was won by Miss E. Miller in 15 1/2 seconds. In the three-mile race Longboat just managed to beat his old opponent by the narrow margin of a very fine race which Shrub led the lead for practically the whole time, and it was only on the home stretch that Tom managed to creep in front. The time was 15.19, which was pretty slow going.

The most exciting of the evening was the race between Alf Shrub and Tom Longboat. The race on the home stretch was left to Wood-Jefferson and Quail and Crooks amid considerable excitement, a dead heat between Wood-Jefferson and Begley half a lap behind. Time 4:1 3/4. For the second heat of the ladies' race May Calliott of Toronto was introduced. This race was a runaway for the Toronto ladies, Miss Miller beating the latter from Miss Carr, by dividing the latter from Miss Carr, by dividing the latter from Miss Carr.

The 10 mile relay race brought out one of the best bits of combination running seen in Toronto for some time, the Yankee team (Quail and Crooks), outclassing their opponents. Longboat had Visconti for his partner, who was so outrun in the first mile that Longboat found it impossible to make up the lost ground and quit after running in splendid style. After the third mile Meadows (Shrub's partner) began to lag, and the race was left to Wood-Jefferson and Quail and Crooks combination. The fifth mile saw Quail leading well, and one-and-a-half miles later he was out there so far in advance that Tom Longboat was called in to aid the Shrub-Meadows team. Had it not been for this innovation so tame would have become the race that it is doubtful whether the crowd would have endured the cold until the end. It was now that Crooks was seen at his best, and it is doubtful whether he has ever been seen to be so far in advance. Shrub, Longboat and Meadows were taking lap runs and it was not until after the eighth mile that they managed to overtake the Yankee couple.

Times For Miles—1. Shrub-Meadows, 4.43; 2. Quail-Crooks, 9.02; 3. Shrub-Meadows, 14.34; 4. Quail-Crooks, 19.16; 5. Quail-Crooks, 24.15; 6. Quail-Crooks, 29.00; 7. Quail-Crooks, 34.03; 8. Quail-Crooks, 38.53; 9. Quail-Crooks, 43.46; 10. Quail-Crooks, 48.46.

Jersey City Scores 19 Runs In Sunday Game With Grays

SKEELERS SMOTHER PROVIDENCE GRAYS HUSTLERS BEAT ROYALS FOUR GAMES

Stinging Lafitte and Donovan For Hits and Runs Galore. Rochester Very Wild on Sunday But Home Team Could Not Hit.

DOESCHER WAS IN FORM BUNCHED ON MATTER

It Was First Meeting of the Season of These Teams at Jersey City.

JERSEY CITY, June 8.—Jersey City smothered Providence under an avalanche of hits and runs today in the first line-up of the season by the Skeelers and Grays at West Side Park. Schaffly's men pitched 22 innings for a collection of 19 runs, against six hits and four runs for the visitors. The Skeelers got to Lafitte in the second and stung him freely thereafter, driving him to cover. In the eighth changed pieces with Lafitte, but failed to check the home run.

Providence Wins Two From Baltimore Birds

BALTIMORE, June 7.—Wild Bill Donovan's Chama slaughtered the Birds in two games of this afternoon's double-header. The first contest went to the Rhode Islanders by a 7-to-1 score, while after an awful pitching duel, the visitors hammered the local hurlers all over the lot in both games. In the fifth inning of the second game, the Rhode Islanders scored nine runs before a single man had been retired. The scores:

Table with columns: Club, W, L, Pct. Providence: 27, 18, .600. Baltimore: 27, 18, .600.

Enzman an Enigma Indians Win on Sunday

NEWARK, June 8.—Enzman beat McGuire in a pitchers' duel here today, and the Indians beat the Birds by a 4 to 2 score. The scores:

Table with columns: Club, W, L, Pct. Newark: 27, 18, .600. Baltimore: 27, 18, .600.

Rochester's Record Is Ten Victories Out of Twelve Games

All tastes and fancies were catered to in the baseball menu served up on Saturday at the Island Stadium. Those who preferred a free-hitting contest received a treat in the first game that left no desire ungratified, while those whose likings favored a close, low-scoring match were abundantly pleased in the second, everyone had the additional satisfaction of seeing the home team taking the long end in each score, the double-header being won by 18 to 4 and 4 to 3.

Royals Lasted Twelve Innings on Saturday

MONTREAL, June 7.—Rochester beat Montreal in 12 innings today. Two hits and a pair of errors put three across in the twelfth. Griggs opened the ninth with a triple, but failed to score. Score:

Table with columns: Club, W, L, Pct. Montreal: 27, 18, .600. Rochester: 27, 18, .600.

Brants Get Three Hits Off Wild Bill Baker

BRANTFORD, June 8.—Had it not been for costly errors, Wild Bill Baker, pitching for the Saints here on Saturday, would have scored a shut-out. He allowed only three hits and was steady in the pinches. St. Thomas made a clean sweep of the series. The scores:

Table with columns: Club, W, L, Pct. Brantford: 27, 18, .600. St. Thomas: 27, 18, .600.

Senators Beat Cockneys Guelph Wins Series By Rally in the Eighth From Berlin Dutchmen

OTTAWA, June 8.—London appeared to have the Senators beaten here on Saturday when they held a 3-0 lead in the seventh inning, but Pitcher Chalmers hit six hits in the eighth, allowing the champions to put across six runs. Rogers' hitting for Ottawa was alright up to the seventh, when London hammered him for seven safeties, which accounted for five hits. Manager Shaughnessy also told Bullock to take a lead of three in the eighth, but the London three-run trick held the London pitcher and Bullock was tagged out. Score:

Table with columns: Club, W, L, Pct. Ottawa: 27, 18, .600. London: 27, 18, .600.

QUEEN CITY YACHT CLUB

The Queen City Yacht Club held a very extensive regatta on Saturday, and all classes were well represented. In Class A, only two skiffs started on their race, the one of which was eventually won by George Archer's Clipper. The other was a two-man skiff, which was won by the pair of Messrs. Adams and Wellman. The race was a very close one, and the clipper was only a few minutes behind the winner. The race was a very close one, and the clipper was only a few minutes behind the winner.

HOMING PIGEONS MAKE WONDERFUL FLIGHT

The Maple Leaf Homing Pigeon Association held their fifth race of the season for old birds on Charlotte, Mich., an air line distance of 200 miles. The birds had the wind against them all the way, which made the race very slow, only two birds, after an all day fly, arriving home at 7:52 and 7:57 at night. Messrs. Jay and Coulter, and Mr. Sturley have won this year for Messrs. Jay and Coulter, they having won the 155-mile race two weeks previous. The times, less allowances, are as follows:

REAL ESTATE NEWS

REVIEW OF THE REALTY SITUATION

Demand For Building Sites Is Now Rapidly Accumulating.

Market Hanging Back For Something Definite or Expected Developments.

Everything speaks for a much more active real estate market. There is plenty of strength in the local situation, and beyond a dearth of movement, nothing against it.

The market is lying back waiting for stimulation. One of two big central deals would effect a change.

Still the realty market is not as quiet as surface indications would lead one to expect.

Money men in their private life may practice philanthropy, but banks, loan companies, mortgage corporations, are not essentially philanthropic institutions.

The Business Woman

WHEN business used to be strictly a man's game, almost any man could play it. But now women have taken a hand in the game, and it has become decidedly interesting. The slovenly, slipshod, office man has had to brace up or give way to a thoroughly competent, efficient business woman. And this has been just as good for the man as it has for the woman. Employers everywhere are learning that women are valuable to them. So they are giving them the same chance to make good as they give to a man. And that women do make good is shown by the salaries many of them get. But every woman must remember that when she gets into this game she must play like the rest. If she wants to make good, she must work as hard and think as hard as the man who makes good. She must be just as keen in taking advantage of her opportunities. If you want to get into this business game there are opportunities for you right here in this paper. The Help Wanted columns of this paper contain the advertisements of all the good positions open in this city. Turn to these Ads now. Read them carefully, and answer those that appeal to you. Do this until you find a good position. Finding a position is the first step toward a good salary, and it won't take long to make that first step, if you answer these Ads. And every time you answer an Ad, please mention this paper.

TRADING LISTLESS ON N. Y. MARKET

Upward Movement Did Not Materialize as Expected Saturday.

NERVOUSNESS A B SENT Favorable Showing Made, Tho Pressure Was Caused by Light Demand.

NEW YORK, June 7.—Speculators who took the view that the rise in prices Friday, coupled with the uptrend buying, indicated that a turning point had been reached at the long decline, were disappointed by today's market. Trading was listless, and there was no demand for stocks, such as might indicate increased confidence in the outlook for the market.

For a time after the opening, some of the important stocks ranged slightly above yesterday's close. The movement was narrow and irregular and finally became definitely downward.

The decline was influenced by the weakness of Can., which sold off 3 points to 23 3/4, a new low figure. Weakness of this stock was associated with a report that the federal government would soon institute proceedings against the company, but the report lacked confirmation, and apparently was of the same character as similar rumors affecting other corporations which have been circulated thru the financial district during the week.

EARLY STRENGTH WAS LOST BEFORE CLOSE

The bank statement failed to disclose the cash gain of \$4,000,000 to \$5,000,000 indicated by known movements of currency, the actual gain amounting to only \$400,000. The heavy liquidation of stocks during the week was reflected in a scaling down in loans of nearly \$11,000,000.

Saturday Session Quiet With Previous Recovery Fairly Well Held.

AN ALASKAN ROAD DRIVEN BY THE DOGS

Up in the Nome district of Alaska there is a 40-mile railroad which Uncle Sam, in his desire to conserve the country, literally drove to the dogs. It was built and run to develop natural resources, until the conservation crusade put the degrading hand of Federal power upon the corporations and communities for the mere offense of attempting to get something out of their investments. The zeal of the tax authorities soon seized upon this line of transportation and helped to reduce its usefulness almost to naught, by the embargo which the government put on the working of timber and coal lands. It was not long before the road was put to the road into bankruptcy, causing its promoters to abandon it. Meanwhile somebody has come back from that country and reports squatters having fitted up a new line of road, which is a real testimony to the wisdom of officialism gone mad.

STOCK EXCHANGE TWENTY YEARS AGO

One of the Older Men Looks Up His Records For Encouragement of Younger Brokers.

Brokers who have been members of the New York Stock Exchange for twenty years are not heard complaining, as do their juniors, over the sorry condition of the brokerage business. They can recall the days of 1893 when the Democrats were last enacting a tariff bill, and when business was feeling its effects, and thank heaven that times are no worse now. One of these older brokers looked up his records recently and showed a disheartening young broker that in 1894 total sales on the stock exchange were 49,775,736 shares, an average of not more than 160,000 shares a day, and that stock exchange seats sold down to \$14,000.

NEW YORK WEEKLY BANK STATEMENT

NEW YORK, June 7.—The statement of the actual condition of clearing house banks and trust companies for the week shows that they hold \$29,988,400 reserve, in excess of legal requirements. This is an increase of \$2,719,900 from last week. The statement follows: Actual condition: Loans, decrease \$10,912,000; specie, increase \$642,000; legal tenders, decrease \$439,000; no deposits, decrease \$11,032,000; circulation, increase \$19,000; excess legal reserve, \$29,988,400, increase \$2,719,900.

"Publicity did it," said the head of a great banking and brokerage house of international fame, turning his head to allow the barber to shave the sides. "My father let me have \$20,000 to start in the brokerage business, and my partner borrowed \$20,000 from four men. That was our original capital. From the start we went on the principle that stockholders owned their companies and were entitled to know all about them. There were no mysterious items in the statements of the companies in which we were interested. We told the stockholders all they wanted to know. RAILWAY PIONEER CONSTRUCTION LASTS

Viaduct on Erie Road, Built Sixty-Six Years Ago, Still in Service.

It is seldom that the pioneer construction of the railways of this continent has stood the test of time and requirements of increase in traffic and heavier equipment without rebuilding and reconstruction in keeping with modern needs. Particularly is this true of bridges never intended to withstand the strain and weight of modern locomotives.

There is one structure, however, that was, apparently, built not alone for time but for eternity. It is the structure viaduct on the Erie Railroad, which was built in 1847, and carries the Erie tracks 164 feet across a valley. The roadbed is 91 feet above the river. After 66 years of service it is today in perfect condition.

The original track gauge was six feet, but in 1872 this was changed to the standard gauge of 4 feet 8 1/2 inches. When it was found necessary to double track the Erie line, concern was felt over the building of a new viaduct to carry the second track. But again the early builders had shown their foresight, for the deck of the old viaduct had been so generously planned that the company's engineers found it there with a little crowding, carry two modern standard gauge tracks.

How the Store Grows

Every now and then there comes a readjustment of the floor spaces in the Big Store, and, consequently, departments must be moved from their familiar locations. This time it's the Third Floor that is chiefly affected.

The Mantles (Women's and Misses' Coats, Suits, Dresses and Skirts) will be found across the Yonge Street front, on the Third Floor, reached by the Yonge Street, Richmond Street and Queen Street elevators.

The Waists and Blouses now face the Queen Street Elevators. The Fancy Needlework Department has been brought up from the Main Floor, and is now between the two Queen Street Elevator Batteries.

The Fur Department is at the James Street end of the Queen Street side. Otherwise the floor remains as formerly. The Whitewear, Women's Underwear, Corsets, Children's and Babies' Clothing, Petticoats, Kimonos and Women's Dressing Gowns are still located as before.
