HOLLAND VOTES \$36,000,000 FOR WAR PURPOSES

RUSSIANS WILL SWELL OUTPUT OF MUNITIONS

Special Board of Military Supplies Will Organize Industries for War.

RESPONSIBLE TO CZAR

Twenty-Five Million Dollars Will Also Be Borrowed in London.

LONDON, June 29.—"An important step towards the removal of the drawbacks under which the Russian army is suffering, has been taken by the formation of a special board of military supplies," says the Petrograd correspondent of The Daily Telegraph. "Presided over by the minister of war, it will comprise the president and four members of the council of the Russian Empire, and four representatives of industry, and commerce, all nominated by the emperor, to whom alone the board will be responsible. The board has extensive powers for the production of munitions."

Borrow in London. An imperial decree authorizes the Russian Ministry of Finance, according to a Reuter despatch from Petrograd, to place in the London market short-term treasury bonds to the amount of \$5,000,000 roubles (\$25,000,000).

ITALIAN GRENADIERS ROUTED AUSTRIANS

Biggest Men in Italy's Army Proved Their Mettle Well.

LEADER WAS KILLED

"Long Live Italy," Were Last Words of Major Manfredi.

MILAN, Italy, June 29, via Paris.—The Corriere della Sera prints an account of a charge by an Italian force, a brigade of grenadiers, comprising the latest men in the army, at the time of the occupation of the Carso Heights, northeast of Montefiore. The grenadiers, says the newspaper, appeared to be within 50 yards of the entrenched enemy, when, with the cry of "Savoy," they sprang with fixed bayonets on the Austrians, who broke and fled.

A shower of artillery obliged the grenadiers to change their position to protect themselves. The Austrians, evidently believing the Italians had retired, advanced to recapture the lost entrenchment, whereupon the colossal Major Manfredi, taking the soldiers in hand, cried: "Grenadiers, remember the Sardinian Brigade never withdrew. The grenadiers, the newspaper adds, flung themselves upon the advancing troops, driving them back, but shortly afterwards fell from loss of blood, his last words being: "Good-by, my brave boys; long live Italy!"

HURRY FOR HOLIDAY HATS.

The last day before holiday always finds a lot of things left undone. You intended to get a new hat—a stiff straw with a fancy band, or a Panama, or was it a lightweight felt? Perhaps your wardrobe lacks a cap for motor-ing or yachting, or a dust coat. You grip may be too small—get a larger one and don't cram your clothes in. The children or boys may need new caps or hats. The lightweight linen bathing and camping hats are just the thing for a holiday romp. Don't overlook a light overcoat or a rain coat. The sun doesn't always shine—and it may be cool on the water. We have every requisite for comfortable travel. Extra clerks will be on hand to give you quick service, and in order to give you all the time possible we will remain open until 9 o'clock to-night. News From Rome Coincided With Denial of Such Intention.

LONDON, June 29.—Almost coincident with the report from Rome that the Montenegrins had occupied Scutari, Albania, Andre Babovitch, former prime minister of Montenegro, who is now in London on a special mission, announced that Montenegro had no intention of occupying Scutari. He explained that Montenegro entered certain parts of Albania for strategic reasons only.

Premier Points to Great Excess of Imports Over Exports.

WAR LOAN CAMPAIGN

Idea of Borrowing Abroad is Dismissed as Impracticable.

LONDON, June 29.—Premier Asquith opened, at a meeting in Guildhall today, a great campaign designed to stimulate public interest in the new British war loan. An auspicious circumstance was the announcement of the first big subscriptions, one from a London assurance company for £3,000,000 (\$15,000,000). The premier emphasized the fact that for the first time in Britain's financial history, a great democratic loan was being attempted. He pointed out that "the present war was the costliest that ever had been waged, with the total prospective expenditure for the year approaching a thousand millions of pounds (\$5,000,000,000). The daily expenditure is now, and likely will be for weeks and months to come, something like \$15,000,000."

The state, he said, was appealing to all classes, even to those whose re-

New Kink Develops in Controversy Over Neutral Shipping Rights.

GOODS ARE IN HOLLAND

Properties of Merchants Who Ordered Them Liable to Seizure.

Special to The Toronto World. WASHINGTON, June 29.—A new kink developed in the tangled controversy over neutral shipping rights when it was learned today that American importers have protested to the state department that their properties in Germany are liable to seizure in payment for goods ordered and shipped and now detained in Holland. Many importers have bank accounts, branch establishments and other forms of property in the German Empire, and it is feared that if German manufacturers bring suit for payment for the goods already shipped their courts will authorize them to attach these properties. In many cases, goods have been shipped under contracts executed in Germany, which would constitute ample ground on which to base suits for recovery. Even in the absence of formal contracts it is probable that the order for the goods would be held binding upon the purchaser.

Minister of War Says Production Has Seen Constant Expansion.

PARIS, June 29.—To put an end as far as possible to the criticism evident in recent sessions of the chamber of deputies, Premier Viviani accompanied by eight members of the cabinet, appeared at the ministerial bench in the senate today, and taking the floor, spoke on the appropriations bill for the third quarter. This bill, which would appropriate \$1,125,000,000 to cover government expenses for the three months beginning July 1, was passed by the chamber of deputies last Friday.

M. Viviani, speaking with impressive eloquence, explained that the government has no desire to take the upper hand of the representatives of the people.

Special Cable to The Toronto World. LUGANO, June 29.—Every means which Germany and Austria possess of exercising influence on the Balkan States are now at work at high pressure, to prevent these joining the allies. The central powers are exploiting the capture of Lemberg for all it is worth. In his latest note to Russia, the German ambassador declared that a diplomatic accord would have been concluded long ago if Russia had accepted the totality of Roumania's demand, as set forth in the note of May 24. He added that Roumania would only enter the war after it has reached an agreement with the general staffs of the allies and after the Roumanian general staff had made a favorable report on the military situation. This last condition is not accepted by Russia, which

MONTREAL MAJOR HONORED BY D.S.O.

Gallantry of Major McCuaig Recognized by His Majesty.

MAJOR WRIGHT ALSO

Both Officers Greatly Distinguished Themselves at St. Julien.

Canadian Associated Press Cable. LONDON, June 29.—The following have been granted the Distinguished Service Order: Major Douglas Rykert McCuaig, 18th Battalion of Canadians, and Major Gordon Brooks Wright, 3rd Field Company, Canadian Engineers.

Major McCuaig is a prominent member of the Montreal Stock Exchange and distinguished himself at St. Julien, when, the wounded, he refused to allow himself to be moved from the field, but stayed with his men with two loaded revolvers in order to sell his life as dearly as possible. He was taken prisoner, however, by the Germans.

W. J. Brown: "No I am not." Sir Charles: "I think it proper to direct your attention to the section of the code. You may want time to consider your position or to consult counsel. It is only a quiet to call attention to the position you may find yourself in as the result of any report that in the performance of my duty I may make."

Witness said that he did not think the fact that the money he offered after the glasses had been accepted was wrong.

Sir Charles: "Radically wrong, illegal and criminal."

BOTH PARTIES IN MANITOBA WANT CLEANUP

Conservative Convention Called to Prepare for Complete House Cleaning.

LIBERALS WILL FOLLOW

Anyone Implicated in Wrongdoing Must Get Out for Good.

Special to The Toronto World. MONTREAL, June 29.—A special to The Star from Winnipeg says: "Out of the conflicting mass of evidence, out of the swirl of swearing and cross swearing, of allegation and counter allegation and denial, there is arising one very definite conclusion in the minds of the people, who, in the final resort, control the destinies of Manitoba and political parties. The man in the street has decided that there is going to be a cleanup."

"I have talked with men who have had life-long affiliations with both political faiths. There is to be a Conservative convention in Winnipeg shortly, the first in years, and many Conservatives here declare that the calling of this convention will see a veritable housecleaning within the ranks of the party as at present constituted."

What Liberals Say. "If the investigation of the Fullerton charges shows many of our Liberal friends are implicated in wrong-doing, then they will get out and stay out," said a man who for forty years has been a staunch Liberal, and has stumped the province more than once in opposition to the late government. "Moreover, Manitoba is going to do the cleaning up herself. There have been rumors in eastern papers that a petition would be sent to Ottawa asking for an outside committee to settle the Fullerton case and for all, this in case the electorate should become convinced that there is no hope of political purity to be expected at the hands of the leaders of either party. Ask any citizen of Winnipeg you may happen to meet his opinion as to this, and you get an answer which is unanimous and emphatic in the extreme."

COL. J. A. CURRIE ILL FROM GAS FUMES

Right Lung Seriously Affected by German Asphyxiation.

SENT OFF TO HILLS

To Convalesce for Six Weeks in Highlands of Scotland.

Special to The Toronto World. OTTAWA, Ont., June 29.—Cable advices received today say: "The British medical board is alarmed at the effect of the third encounter of German gas fumes on Col. John A. Currie's lungs. After the battles of Ypres and Langemarck and St. Julien, he was ill. The medical experts in consultation concluded that Col. Currie's right lung was seriously affected in the third gas storm and he was ordered out of the fighting for 3 months. The colonel and his regiment both contended that was too long, and the health board agreed on six weeks to be spent in high altitude and specified that he must have the board on his return before going back to his command. Colonel Currie came over to the highlands of Scotland, the home of his ancestors, from France, for a few weeks and his health is excellent except his right lung. He is the only Canadian M. P. who experienced the thrills of the trenches and he shared the dangers with his regiment on every occasion."

### HAMILTON NEWS

#### CITY COUNCIL GAVE GRANT TO HOSPITAL

Fifty-Five Thousand Dollars Will Be Used to Repair Institution.

#### DORE VACATES SEAT

Robert Croft Lies in Hospital in Serious Condition as Result of Fall.

By a Staff Reporter. HAMILTON, Wednesday, June 30.—Considerable discussion arose at the city council meeting last evening over the request of the city hospital governors for an additional appropriation of \$55,000 to cover the cost of repairs and improvements at the institution, and to cover an overdraft of \$15,000.

Controlled by the council, the grant was made, but several of the aldermen wanted the matter referred back and more information received on the subject. They claimed that the hospital officials should have known of the necessity of these improvements, and arranged for the finances.

Controlled by the council, however, stated that this was impossible, and recommended that the grant be made, as it was the intention of the hospital governors to use the building as an emergency hospital when the new mountain hospital is completed.

The council finally decided to grant the \$55,000.

Ald. Dore Resigns. Ald. W. J. Dore, representative of ward five, saved the council the unpleasant duty of asking him to vacate his seat by sending in his resignation, which was accepted.

Mayor Walters announced that the nominations for a new member for that ward would be held on July 7, and the election on July 14.

It is likely that ex-Ald. Fred Littlewood, ex-Cont. Chas. W. Bird, M. D. Neiligan and Peter Rock will be candidates for that position.

The following bylaws were introduced: Bylaw for the issue of debentures for \$11,450 to pay owners' portion of the cost of McKittrick bridge and its approaches.

Bylaw for the issue of debentures for \$5,000 for extensions and improvements to the waterworks.

The following recommendations of the board of control were passed: That his worship the mayor be authorized to take such measures as he may consider necessary to protect city property in view of the military authorities having withdrawn the guard from protecting certain city works.

Prepare for Election. Conservative Club met last evening, when steps were taken to recognize the mayor's proposal for the proposed bye-election necessitated by the death of Hon. Samuel Barker, member for East Hamilton.

**ORANGEMEN WANT AN INVESTIGATION**

Deputation Renews Protest Against Management of Hydro.

**THE MAYOR'S OPINION**

Solicitor and Board Differ With T. L. Church on Street Railway Matter.

The charges brought by the County Orange Lodge against the Toronto Hydro-Electric Commission are, by no means dead, and apparently the statements made by General Manager Couzens were not satisfactory. Yesterday a committee, headed by A. R. Hassard, their solicitor, asked the board of control to have a judicial investigation into the management of the Toronto commission. They claim mismanagement, favoritism and waste, and affidavits from several former employees were shown which it is claimed contain irregularities which have occurred. William Hooley, who was an employee of the hydro for five years, and who was discharged last May, says that he made a considerable reduction in the cost of certain work done by the hydro. He also says that Charles Schwenger, a transformer tester, has little experience, and what he has got since discharged against his will, while he was employed. He also claims that certain work was let to a firm in which Schwenger's father-in-law was interested and which cost the hydro considerably more than it could have been done for by its own men. It also claimed that experienced men were discharged and poorer men put in their places, no reason being given for the discharges. Hooley also says that he was picked on by Schwenger, who used a petty system of persecution on him until he was discharged, and he charges that the same sort of thing is going on to get a man named Hart discharged.

**More Charges.**

A second affidavit is made out by George J. Soucy, discharged March 31. Soucy says that Chairman Ellis got into some difficulty with the men, and in order to get out of it allowed J. C. Smith to place the blame on him for which reason he was discharged. He charged the commission with having conspired to exceed the cost of construction work, which he says was due to inefficiency and bad management. He also claims that there was no satisfactory audit in 1912 when there was an alleged shortage of \$100,000. A number of petty grievances were also aired in the affidavit, including the purchase of \$10,000 worth of electric cookers against his will, while he says became obsolete. Soucy also says that he recommended the purchase of transformers, which are needed to make the system economical, but that he was not done by the commission, they having the necessary men and equipment.

**Against the Mayor.**

There is a difference of opinion between the city solicitor and the city council regarding the city's power in connection with the operation of a railway service on Yonge street between the city tracks and Fairbank street. The city solicitor thinks the Toronto Railway Company has the right to extend its line along that street to Yonge street, but that it cannot effect a physical junction with the Metropolitan. The mayor holds a contrary opinion, and says that he will not allow the street railway company to lay its rails. He believes that the right should be held by the city as an entrance for the hydro radials. The members of the board and council are siding with the solicitor, however.

**McBride's Mum.**

The charges against Acting Chief Smith of the fire department, which were hinted at by Ald. McBride in council on Monday, received somewhat of a quietus yesterday when the alderman refused to make public what they consisted of. The alderman intimated, however, that they dealt with the manner in which the acting chief had done his duty. Acting Chief Smith defends his position and says that there is nothing in his career as a fireman that he is ashamed of. "A member of the department has boasted that he would get me if my name came before council," said the acting chief. Apparently an effort has been made to do this. In passing it might be well to mention that Smith came out of the investigation without anything having been brought against him.

**Libraries Go Ahead.**

The board of control yesterday decided to hand over to the library board the sites at the corner of Danforth, Bessborough, and Wychwood. This now puts the board in the position to draw on the Carnegie trust fund, which it was impossible to do until they had the deeds for the sites. The city solicitor reported against the handing over of the deeds, but on the motion of Mayor

**VIVIANI'S APPEAL WELL RECEIVED**

French Senate Passed Big War Vote Without Any Dissension.

(Continued From Page 1.)

the rapt optimism nor bitter disenchantment which breaks the springs of justice. We ask merely reasoned and methodical confidence. It required a great spontaneous exertion for this country, habituated to criticism, to become tractable. Now it is ready for the patient effort which will be the ransom of the peace of the world.

No Discouragement. Premier Viviani was accorded the warmest of demonstrations by the senate. At the conclusion of his address, Alexandre Millerand, minister of war, took the floor.

"At the moment the senate is called upon to vote the appropriations necessary for national defence," he said, "I wish to give an account of the stewardship of the ministry of war from the outbreak of the hostilities."

When he mentioned possible discouragement, he was interrupted by cries of "There is none."

"From Aug. 1 to April 1," continued the minister, "France has increased her military production six fold. The cure for munitions has never ceased to mount, nor that representing the manufacture of our 75's. I can give satisfying assurances regarding the heavy artillery and small arms. From Jan. 1 to May 15, the production of mitrailleuses was doubled. The cure for the other essentials of the war is equally encouraging. We are determined to pursue our enemies, whatever arms they may employ."

M. Millerand paid homage to the civil and military physicians, whose devotion and patriotism had aided so materially the organization of the sanitary service, and added:

"None better than I knows the errors and weaknesses, but we must not let details blind our vision. All our allies publicly recognize the excellence of our military industries. I ask my compatriots to be no less just."

The appropriations were unanimously passed.

Hot Bed of Intrigue Continues at Athens and Bucharest.

(Continued From Page 1.)

regards it as a mere pretext for gaining time. Russia demands that Roumania enter the war on the date fixed by the general start of the entire powers. The discussion is being dragged out, which is the plan of Bratiano. His tortuous policy is violently denounced by Triplicou and Take Jonesco. These declare that Bratiano has deceived them, as he promised them that Roumania would enter the war simultaneously with Italy.

Meanwhile nothing is being left undone by Germany and Austria to influence public opinion throughout Europe. The Germanophile Journal Dimincata of Bucharest spreads a report that Bratiano has proposed a partial demobilization of the army, which the cabinet has approved. This pro-German newspaper announces that Roumania has signed a convention with Germany and Austria, while Gounaris, the pro-German premier of Greece, has given an interview to the Athens correspondent of The Berliner Tageblatt, in which, while admitting that his government no longer possesses a majority in the chamber, he declares that the decision is now in the hands of the king. As the king will not be able to transact state business for months, this would mean an indefinite postponement of action by Greece. All this confusion and indecision is the outward expression of the terrible struggle which is going on behind the scenes in the Balkans between the diplomats of the central powers and the allies. As the former are utterly unscrupulous, and are spending money like water, they have up to now put checks on any decision being taken, and have played off the national rivalries of Balkan States one against another with Machiavellian cunning, but as the national aspirations of the Balkan States are opposed to such intrigues of politicians, a violent explosion is certain unless an early decision is taken.

Premier Asquith Launches Campaign on Behalf of War Loan.

(Continued From Page 1.)

sources were most limited, to step in and contribute their share to meet the supreme national need.

"Under such conditions," Mr. Asquith said, "I am confident that the success of the loan as a financial instrument ought to be, and indeed is now, absolutely secure."

Thrift is Imperative. Turning to the necessity for thrift, Mr. Asquith remarked:

"Waste on the part of either individuals or classes, which always is foolish and short-sighted, in these times, nothing short of a national danger."

The premier then proceeded to enquire how a country which normally had only £200,000,000 or £400,000,000 to spend yearly, could get this huge unprecedented draft out of its resources. He dismissed as impracticable the idea of selling investments in property or of borrowing abroad.

"The amount that could be raised abroad in comparison to the sum required," he said, "would be practically infinitesimal, and if it were possible on any considerable scale we would have to face the prospect of ending the war a debt-ridden country."

The only other course, he declared, was that his countrymen should diminish their expenditures, and increase their savings. Mr. Asquith continued:

**Unfavorable Trade Balance.**

"The state of the trade balance between ourselves and other countries at this moment affords grounds, I don't say for anxiety, but for serious thought. For the first five months of the present year our imports have increased by £32,500,000 (\$162,500,000), while our exports and re-exports have decreased by £73,750,000 (\$368,750,000). That means for twelve months our indebtedness to other countries will reach over £240,000,000 (\$1,200,000,000). The only way to counteract this is by reducing all unnecessary personal expenditures on imported articles, such as tea, sugar, wine, petrol, etc., and on goods made in this country, so that a larger quantity may be left to sell abroad.

Remembering that it was not merely a question of self-preservation, Mr. Asquith proceeded:

"There is not a man or woman who has seen what is hanging in the balance but who has during the past year become greatly conscious that the battle in which we are engaged touches interests and ideals far beyond the shores of these islands, beyond even the confines of our world-spread empire, and realizes that it concerns the whole future of humanity."

**No Ignoble Peace.**

"It is right or force to dominate mankind," asked the premier, who, remarking that comfort, prosperity and a securely sheltered existence perhaps in some conventional type of religion could be purchased at a price, concluded:

"But at what a price! At what sacrifice of what makes life national or personal, worth living! Rather than make that sacrifice we shall fight to the end, to the last farthing of our money, to the last ounce of our strength and to the last drop of our blood."

**SELECTED OFFICERS FOR MEDICAL COUNCIL**

The Ontario Medical Council spent the whole of yesterday afternoon in the election of officers. Dr. H. S. Griffin of Hamilton was elected president for the ensuing year, succeeding Dr. James McArthur of London, who died recently. Dr. Griffin has been acting president since the death of his colleague.

A committee was appointed to report on the appointment of a new registrar to succeed Dr. John Bray, who tendered his resignation on account of ill-health. Other officers elected were: Vice-president, Dr. E. King of Toronto; treasurer, Mr. H. Wilberforce Atkins, Toronto; solicitor, H. S. Oiler; public prosecutor, John Fite; auditor, T. Lawson.

**COUNCIL OF MINISTERS HELD BY THE RUSSIANS**

Czar Presided in Person and Important Announcements Are Expected to Be Made.

PETROGRAD, June 29.—A very important meeting of the Russian cabinet, known as a council of ministers, has been held under the presidency of the emperor in person at Russian headquarters in the field. Grand Duke Nicholas and General Potvinoff, newly-appointed minister of war, were also present. It is in these days altogether exceptional for the emperor to preside in person over a cabinet council. When his majesty does so, it invariably indicates momentous decisions affecting Russian history being arrived at, and not merely routine, every-day work, however important, being transacted.

NEWS OF SPECIAL INTEREST TO WOMEN

ATTRACTIVE MODES OF HAIR DRESSING

Warm Weather Calls for Attractively Arranged Tresses.

LOW COIL EFFECT

Is Favored and Soft Sweeping Lines Much Worn.

Summer days bring the problem of acquiring a simple but effective coiffure. It is difficult for the devotee to realize the vast importance of a well-dressed head, and in the warm days of summer, if at no other time, the temptation is strong to draw the hair back in a far from becoming arrangement, with no pretence to style. It is a great mistake for the simple modes of hairdressing are numerous and fascinating in grace of line.

Summer is a splendid time to give the hair a "thoro" rest. The visits to the sea or lake, where hours on the beach in the sunshine are wiled away, are splendid tonic for the hair. A half hour spent each day in the sun with the hair spread out to air is excellent treatment. The use of curling irons should be abolished altogether and other manners of artificial curling are not a necessity at all—for straight or slightly wavy hair, when properly arranged, is just as attractive as a curly head.

This season soft sweeps are affected. No distinct parts are visible and swirls are easily arranged and very modish. The hair is brought back in a medium low soft pomp, that sweeps over the brow and is rolled towards the crown of the head. Then the long strands are coiled into a soft but firm low on the neck, giving a most artistic and becoming contour.

For those who desire a higher arrangement there is a dainty mode in which the hair is swept about the head and held with fancy pins, the long strands drawn into a roll on the crown of the head. Both these styles are cool and sufficiently neat to please the most ardent sports-enthusiast.

STOPS FALLING HAIR

This Home-Made Mixture Stops Dandruff and Falling Hair and Aids Its Growth.

To a half pint of water add: Bay Rum..... 1 oz. Oriz Compound..... 1 oz. Glycerine..... 3/4 oz. These are all simple ingredients that you can buy from any druggist at very little cost, and mix them yourself. Apply to the scalp once a day for two weeks, then once every other week until all the mixture is used. A half pint should be enough to rid the head of dandruff and kill the dandruff germs. It stops the hair from falling out and relieves itching and scalp diseases. Although it is not a dye, it acts upon the hair roots and will darken streaked, faded, gray hair in ten or fifteen days. It promotes the growth of the hair and makes harsh hair soft and glossy.

STATED CASE DENIED TO CONVICTED MAN

Bullivan Township Farmer Fails to Win Right to Appeal.

LETTER FIGURED IN CASE

Henry Batterman, Undergoing Eight Year Sentence, Fails in Application.

Henry Batterman, 38 years of age, of the time of Sullivan Township, was convicted by a jury under Mr. Justice Kelly at Owen Sound in October last and sentenced to eight years' imprisonment in the penitentiary for a serious offence against a married woman.

Some days after the offence was committed Batterman went to the woman's home and was shown a letter which was addressed to the woman by her husband and in an unsealed envelope addressed to himself.

The jury investigating the case asked for the production of the missive, but Mr. Justice Kelly was unable to comply with their request.

At Osgoode Hall his lordship was asked to give a stated case for Batterman to the appellate court and was asked to say whether he gave proper instructions to the jury, or should have compelled the crown to produce the letter.

In a judgment handed out yesterday Mr. Justice Kelly dismissed the application.

Ontario Railway Board Defers Decision in Franchise Case.

The Ontario Railway Board reserved judgment yesterday on the appeal of the Toronto Street Railway Co. to operate the section of the Metropolitan Railway tracks on Yonge street, which were torn up by the city after the expiration of the franchise on June 26 last.

Works Commissioner Harris and I. S. Fairly represented the City of Toronto; H. S. Osler, K.C., counsel; R. J. Fleming, manager, and Fred Hubbard, assistant manager of the Toronto Street Railway, represented the appellants; T. H. Lennox, K.C., appeared for the company.

Speaking for the city, Mr. Fairly alluded to Mr. Osler's remarks as notification of the Toronto Street Railway Co. that they would take over and operate the short line, he said the city solicitor could never get a copy of the agreement.

Mr. McIntyre enquired why the city had taken such drastic action as tearing up the tracks.

BEAUTIFUL "OAK LAWN"

Proceeds of Entertainment Will Be Devoted to Aid Wounded Soldiers.

Gay lanterns and multi-colored bulb lights strung thru leaf-laden trees turned the beautiful grounds of Oak-lawn, the residence of Mrs. J. D. Hawthorne, Heath street, into a veritable fairy garden last night when the St. William Oyster Chapter, L.O.E., rendered the most generous in lending her beautiful home, and Mrs. Pratt, secretary.

The good cause of University Base Hospital, aided by weather, succeeded in drawing a most gratifying number to the grounds, where all manner of pleasing entertainment was provided.

Gipsy Tent Always Attracts. The gipsy tent, as always, was the centre of a most interesting and exciting loving throng, eager to part with the silver coin in return for which the secrets of their futures were mysteriously divulged.

The popular Glenvidiers' Band provided excellent music throughout the evening, while a full orchestra was in attendance during the afternoon.

Russian dancers whirled thru the intricate steps of national and folk dances to the strains of appropriate and stirring music, and countless pretty maidens plied their wares with the utmost success.

Those in charge of this very successful entertainment were: Dr. Margaret Brown, regent; Mrs. J. D. Hawthorne, who was most generous in lending her beautiful home, and Mrs. Pratt, secretary.

Mrs. Pratt, assisted by Miss N. Armstrong, was in charge of the tea room, the candy and ice cream booth, Mrs. H. F. Hamilton, Miss Humphrey and Mrs. B. McCollough, Mrs. H. F. Hamilton and S. J. Gisham were at the gate. The fortune-telling booth was in the hands of Zandra and Mrs. Aikens and the fish pond of Mr. Beddoes.

IMMENSE ARMS PLANT TO BE BUILT IN CANADA

Remington Arms Company Will Soon Start Work on Seven Million Dollar Factory.

Special to The Toronto World. NIAGARA FALLS, Ont., June 29.—William H. Webster, Chicago, who is here attending the annual summer meeting of the National Association of Brass Manufacturers, said today that the Remington Arms Co. will soon start on the erection of a \$7,000,000 plant in Canada for the manufacturing of arms and ammunition for the allies. Mr. Webster would not say where the plant would be built, but it is thought that either Halifax or Montreal will be the site.

Mr. Webster said today the brass manufacturers faced a serious situation on account of the scarcity of spelter. The war has cut off supplies of spelter and copper from Europe. These materials are used largely in manufacturing munitions for the war. Much of the time of the brass men will be occupied in discussing the situation.

MUST PAY COMPANY.

Frank Northcote was ordered to pay the American Bead Co. \$622 and costs of suit yesterday in the non-jury county court, by Judge Denton. The American Bead Co. had shipped goods to Northcote between the dates of April 7 and June 9. Northcote alleged that the goods arrived too late to make a profit on them, as the market had dropped. He put in a counter claim, but it was not sustained.

JEWISH REQUEST REFUSED.

The police commissioners have decided to refuse the request of the Jewish Federation of Toronto, which applied for permission to hold a flower day for the relief of Jewish and Russian war sufferers.

The request was refused on the supposition that the funds would be used exclusively to aid Russian and Jewish soldiers.

A very quiet wedding was solemnized at Chalmers Presbyterian Church, Lansdowne, the bride being Miss Gertrude Prescott, formerly of Guelph, Ontario, and the groom Mr. Justice Miller, B.S.A., editor of Canadian Countryman, Toronto. The ceremony was performed by Rev. I. N. Beckstead, the bride's brother-in-law. The happy couple left at once on a wedding trip to Montreal, Ottawa and the Laurentian Mountains, that the goods arrived too late to make a profit on them, as the market had dropped. He put in a counter claim, but it was not sustained.

### TOUGH ON TALENT FAVORITES FAILED

#### Not One Public Choice Landed in Front at Hamilton The Results.

The books had a great day at Hamilton yesterday; of the seven races on the card not one favorite landed home in front. There was the regular week-day crowd present and several horses seemed to stand out from the field. They failed to win tho. There were seven well-filled races on the card, with the fifth, the Grimsham Handicap, the feature. In this race Fountain Fay was made an even-money favorite and went to the post with more play than probably any two horses in the race. Fountain Fay won the front; the size of the barrier and set a good pace till well into the stretch, where Tactics, who is well suited on this track, closed very fast and won under a mild drive by a length and one-half. Fountain Fay hung on well and was an easy second.

Sir John Hendrie's province-bred, Slipper Day, made it two straight at the meeting when she took a shifty bunch of selling platers into camp in the third race and won under very long odds. In this race Deposit, Slipper Day was made a favorite and went to the post with more play than probably any two horses in the race. Deposit, Slipper Day was made a favorite and went to the post with more play than probably any two horses in the race. CIRCUIT RACES OPEN AT CHATHAM  
Unsettled Weather Keeps Attendance Down—Racing of High Order.

By a Staff Reporter.

CHATHAM, Ont., June 29.—Threatening weather was the cause of the attendance not being as large as it otherwise would have been for the opening day of the circuit races at Chatham. From the morning it looked like there would be a rain, and during the progress of the races it came down a steady pour, and two of the three races carried had to be unfinished until tomorrow.

The racing was of a high order. The fields were good no less than ten horses scoring for the word in the 2 1/4 mile race, which was won by the local favorite, Jack K. chg., by Silver Finch, Geo. RECEIPTS LIGHT AT UNION STOCK YARDS

Good Cattle Scarce, But Many Lots of Ill-Bred Stockers Offered.

SHIPPED FOR EXPORT Sheep Sold at Steady Prices, But Lambs Were Firmer—Hogs Higher.

Receipts of live stock at the Union Stock Yards on Tuesday were 99 carloads, comprising 831 cattle, 1208 hogs, 273 sheep and lambs, 223 calves and 185 American horses in transit for the British army.

Receipts, not only of cattle, but all classes of live stock were light and a large percentage of the cattle above reported were not on sale, being shipped thru for export.

Good to choice cattle on sale were scarce, but there were many lots of common, ill-bred stockers offered, for which there was little or no demand, especially at prices asked.

Values for fat cattle were unchanged and strong at steady quotations. The milkers and springers on sale were readily taken at Monday's values, quality considered.

Veal calves of good to choice quality were scarce and firm in value. Sheep sold at about steady prices, but lambs were firmer on account of light deliveries.

Hogs were quoted at higher prices, as will be seen by such given below. Butchers' Cattle. The highest price quoted for exporters was \$8.75; choice steers and heifers for butchers' purposes at \$8.55 to \$8.55; good at \$8.25 to \$8.35; medium at \$7.75 to \$8.10; common at \$7.50 to \$7.75; good cows at \$7.25 to \$7.50; good cows at \$6.50 to \$7.10; medium at \$6.25 to \$6.75; common cows at \$4.75 to \$5.75; canners at \$4 to \$4.50; bulls at \$5.50 to \$7.50.

Stockers and Feeders. Good to choice, 800 to 900 lb. steers sold at \$7 to \$7.25; medium steers, same weights, at \$6.75 to \$7; stockers, \$5.50 to \$6.50. Milkers and Springers. Choice milkers and forward springers sold at \$80 to \$90; good at \$70 to \$80; medium at \$60 to \$70; common at \$40 to \$50 each.

Veal Calves. Choice veal calves, good at \$7.75 to \$8.75; medium at \$7 to \$7.75; common calves at \$5 to \$6.50 each. Light sheep at \$5.50 to \$6.50; heavy, fat sheep at \$7.75 to \$8.50; yearlings at \$4.75 to \$5; spring lambs at \$8.50 to \$12 per cwt.

Hogs. Hog sales from various commission houses were quoted at \$4.00 to \$9.50 weighed off cars. H. P. Kennedy's sales. Home Bank of Canada

That these are war times is very clearly reflected in the returns made by financial institutions. General business is out of joint, and it is, therefore, impossible to apply any standard to the experience of normal years. It is, therefore, all the more gratifying to find that Canadian organizations are being skillfully piloted thru the storm and are pursuing a policy of courage and foresight. These qualities are well displayed in the statement of the Home Bank of Canada, for the year ending May 31 last, which appears in another column of this issue.

The net profits for the period under review, after deducting charges of management and other allowances, were \$123,929.13. This sum, with \$107,256.10 brought forward from the previous year, and \$268,686.68 transferred from rest account, made up \$537,861.91, to which fell to be added \$489.93 premium on capital stock of the total, the dividend at 7 per cent. absorbed \$138,129.87, to meet bad and doubtful debts and to provide for depreciation in securities \$206,276.93 was appropriated at credit of the current year. The balance of \$183,255.11 is carried forward at credit of the current year. As against public liabilities of \$11,450,128.10, the Home Bank holds \$4,384,842.09 in readily available assets.

NEW YORK BOND ISSUE NOT WELL RECEIVED

Flotation, Largest in City's History, Not Apparently a Magnet.

NEW YORK, June 29.—Unusual interest attached to the \$100,000,000 bond issue of New York of \$7,000,000 of 4 1/2 per cent. of the offering, the largest in the history of the city, but more particularly because of its bearing on the general investment situation at this time. Considering the enormous cash resources available at this and other financial centres, and taking the attracting interest rate into account, the result was said to be much below expectations.
