SWITCHES FOR RADIAL JUST ONTARIO RAILWAY BOARD AT ODDS FRANCHISE-DODGING SCHEME

Commissioners Ingram and Kittson Hold That Metropolitan Would Secure Double Tracking for 40 Per Cent. of Line Without Consent of Municipality—Let the City Annex North Toronto.

CHAIRMAN LEITCH QUITE DISPLEASED

An important disclosure was made by the Ontario Railway and Municipal Board yesterday when a statement was handed out with respect to the situation in North Toronto between the town and the Metropolitan Railway Company in connection with the claim of the latter to the right to lay switches on Yonge-street. The statement points out that the switches applied for would amount to double tracking the road for 40 per cent. of its length. The company would thus be "obtaining by indirect means, what they are plainly barred from obtaining under the terms of their franchise without the consent of the municipality."

"This is the view of Messrs. Ingram and Kittson, who are of opinion that the plans are not approved, 'that the matter should stand until North Toronto is annexed to the City of Toronto, when negotiations should be opened looking to the solution of this problem in a radical and permanent manner. They also suggest that the proper solution is to double track the highway for passenger traffic only and to provide a private right of way for the large and ever-increasing freight traffic."

The sensational part of the statement consists of an additional note from Chairman Leitch, which has to be read in full to do it justice. The chairman handles his colleagues without gloves and tells them "they have misconceived their function," and that they "are not experts in railway matters. Mr. Kittson frankly says he is not. Mr. Ingram cannot be said to be an expert in the sense of the term."

Have Public's Support
The public will probably take sides with Messrs. Ingram and Kittson in the matter, and it seems the sensible view when it is remembered that negotiations have been going on for double tracking Yonge-street on an agreement with the railway company to sell ten or twelve tickets for a quarter, and to pay \$600 a mile rental. But Chairman Leitch has his side of the case also. He told the World last night that he had no quarrel with his associates, but that he was solely responsible for the legal aspects of the board's decision, and he was satisfied with his interpretation of the law.

"I am not like Justice Mabey. He is not tied up with agreements and contracts, as we are. We cannot go a hair's breadth beyond a contract, and the act specially says that we can construe, but cannot add, vary or subtract from."

Can Radial Carry Freight?
The whole case, he asserted, turned on whether the radial railway had the right to carry freight or not. If they have not the right then the present switch accommodation would be sufficient. If they have the right then additional switching will be necessary. The case is now under appeal on this point to the high court, and nothing can be done until this appeal is settled.

WATER COMPANY ASSIGNS.

An assignment has been made to Oler Wade and Co. by the Crystal Water Co., Ltd., of Toronto. A meeting of the creditors in the office of the assignee will be held on Oct. 22. No details are available yet, but it is believed that the failure was caused by the city medical health officer's discovery of bacteria in bottled water.

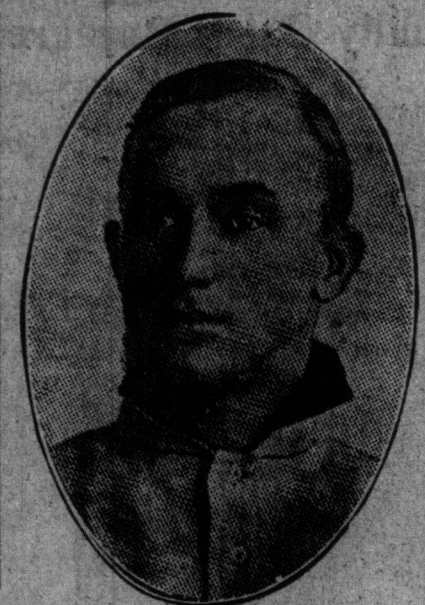

The Bachelor and the Baby

The lesson of the bachelor and the baby as taught by Francis Wilson and Baby Davis this week at the Princess, is one that appeals to both young and old. The engagement of "The Bachelor's Baby" concludes here with today's matinee and to-night's performance.

READ TY COBB'S STORY IN SUNDAY WORLD.

Ty Cobb's review of the first game today between Philadelphia and New York for the world's baseball championship will positively appear in the city edition of the Sunday World and after each game next week. The box score with detailed stories of the contest and every play described by the Metropolitan Press and Canadian Press will appear in the first edition of the Sunday World.

As usual the Sunday World will carry complete reports of all Saturday sports events, including the racing and Rugby football.

TY COBB Will again give his review of the world's baseball series exclusively in the Sunday and Daily World. Besides, The World will print the Canadian Press and Metropolitan Press detailed stories of each game.

"TY" COBB SAYS BENDER WILL WIN

Greatest Living Ball Player Sizes Up the Situation on the Eve of the First Game for the World's Baseball Championship.

(By Ty Cobb, champion batsman of the world and the greatest living baseball player. Copyright, 1911, the Press Co., all rights reserved.)
NEW YORK, Oct. 13.—The big battle for the world's baseball championship which will undoubtedly go down in history as the most spectacular ever waged, starts in New York to-day and in every nook and corner of the United States the one question is: "Who will win?"

Who will win? There is much back of that question. Two teams, the Athletics, American League champions, and the New York Giants, pennant winners in the National League, are keyed up to the highest pitch awaiting the word "play" from the lips of an umpire. That will start them in the struggle for the baseball supremacy. And believe me the rival managers, Connie Mack and John McGraw, have determined to win that opening game if it is possible.

Since it is generally agreed that pitching is the potent factor in a world's series, the answer to the question, "Who will win?" seems to be found in another query, "Who will pitch?" Both here and in Philadelphia the big centres of interest, fans are trying to dope out the pitching selections, believing that is the solution for the result of the contest, although there is no certainty about the pitching selections. I am confident that "Chief" Bender, the famous Indian, will be the Athletics' choice for the firing line to-day and Christy Mathewson, New York's star, will twirl the National League's fire.

Bender Never Better.
I am in a position to say, having batted against Bender in the series of four games between the All-Stars and the Athletics, that the Indian never looked better. He had perfect control, his curve ball and his fast one seemed to obey his every wish, and he was able to change his pace in a way which won him the initial conflict with the Chicago Cubs last season, and has brought him victory in many other important games. Bender sure does look fit for the opening game, and seems to be the logical choice.

Of course I am unable to say much about Mathewson. In my prediction

Special Hats To-Day.

The big hat day for men is Saturday, and the hats by the big makers are all at Dineen's. When we say big makers we mean such celebrities as Henry Heusch, the hatter to His Majesty, and Dunlap of New York, who supplies the "Four Hundred." Also there are lines by Christy and all the other big makers. There is an excellent showing of undressed felt hats in Alpine shapes and in new colors. The store will be open until 10 o'clock Saturday night.

A FEEBLE-MINDED BIRD.

FARMER LAURIER: She's settin' on a Free Trade door knob and an addled egg, but there's no use throwin' her off, 'cause she goes right on again.

More Hotel Accommodation Needed

A new high-class hotel is badly needed in Toronto. The existing establishments are inadequate to the city's requirements. The hotels of the better class are too few in number, too small, and are not sufficiently well organized to serve the public.

A gentleman, while dining in one of the biggest of them recently, drew the waiter's attention to the fact that he had not been provided with the proper knives and forks. The waiter apologized, but explained that a large banquet was then taking place in the house, and that the supply of tableware was inadequate. Every evening in Toronto the public dining-rooms are so full and the hotel staff so overworked that guests must wait for seats, and, when seated, the limited number of waiters and the over-crowding of the kitchen, forces them to wait for service.

Complaints are useless. The hotel business is good, and there is practically no competition. If you do not like things you can get out. There is always someone else to take your place, and pay for bad service, because no better can be obtained elsewhere.

Toronto desires to be known as a convention city; yet the meeting here of even a small body overtaxes the hotel accommodation. In the case of a large assembly, hundreds of people, who originally would patronize a good hotel, are forced into boarding and lodging houses.

Why don't the capitalists and promoters of the city wake up to this opportunity? There is no town in the world that will pay more liberally than Toronto for its entertainment. There has never been a restaurant opened in the city that did not show a profit, if properly run.

Let some of the big men get together and build a hotel that in size, organization and equipment will do credit to a city of Toronto's importance.

MR. COCHRANE NO FOE OF PULPWOOD POLICY

Granting of Patents to Veterans Does Not Conflict With Public Rights.

Complaint has been made in the north country by partisan Liberals that Hon. Frank Cochrane, in permitting an amendment to the Veteran Land Grants Act, by which veterans were enabled to get patents to their claims, thereby nullified the policy of the government with regard to the exportation of crown lands pulpwood.

Inquiry made yesterday by The World regarding the conditions under which the amendment was introduced, leaves little room for criticism of Hon. Mr. Cochrane's policy in this regard.

Under the old act the veteran had ten years in which to do the improvements necessary to obtain the patent of his military grant. During those ten years the lot was exempt from taxation other than school purposes. Furthermore, one veteran location was permitted in each square mile all over that north country.

GAZETTED.

The Canada Gazette extra for Wednesday last publishes the names of the new ministers of the crown with their styles and titles in English and French. Those who were not already members of the privy council and who are appointed to portfolios appear twice, thus: "William Thomas White of the City of Toronto, in the Province of Ontario, Esquire, to be a member of the King's privy council for Canada. The Hon. William Thomas White, a member of the King's privy council for Canada, to be the minister of finance."

GOLD BRICK WORTH \$1700 GOT FROM ST. ANTHONY MINE

First Gold Brick from the Sturgeon Lake Property Which is Daily Producing Bricks Worth \$700 Apiece.

The first gold brick from the St. Anthony Mine, Sturgeon Lake, Ont., 165 miles from Port Arthur on the G.T.P., is in the city.

It weighs 85 1-2 ounces and is worth \$1700.

The \$2 Anthony Mine is a real mine, a going concern, with camp equipment capable of handling from 30 to 100 tons of ore a day.

This first gold brick is not the last, for the St. Anthony Mine is turning out \$700 of gold a day in gold bricks.

This first gold brick from the St. Anthony Mine has a story to tell. This is it:

ACCIDENT TOLL HEAVY IN CITY

Child Killed by Motor Car and Woman Burned—Four Deaths the Record of Black Friday.

Yesterday was Friday, the 13th, and it preserved its reputation for calamity with a long list of deaths and accidents in the city. Four deaths from misadventure and several serious accidents were tallied during the day.

Baby Dick, aged 2 1-2 years, was playing in the roadway on Manning-avenue, near Barton-street, and ran in front of a newspaper delivery motor car. He was struck down and instantly killed. His father is J. Dick of 78 Manning-avenue. His parents and other witnesses of the accident joined in saying that the driver was blameless in the matter, and could in no way have prevented the accident.

Despite the plucky effort of her 14-year-old son to save her when her clothing caught fire from the explosion of a can of coal oil with which she was trying to light a fire in her home at 168 Christie-street early yesterday morning, Mrs. Esther Fish died at 3 o'clock in the afternoon at the Western Hospital where she had been taken in the police ambulance. When the mother, who was clad only in her night robe, found that the garment was in flames, she rushed out and poured a quantity of water over her, but by this time it was almost impossible to save her.

The St. Anthony Mine syndicate, a close corporation, none of whose stock is on the market, plan to put in four more plates in their mill, which will give them a capacity of 80 tons of ore a day, instead of 40 tons a day as now. Later when the kind of mill suited to the ore is decided on a cyanide process will have to be installed.

George Glendinning, one of the syndicate miners the St. Anthony Mine and F. L. Culver, president of the Beaver Mine, brought the first gold brick down from the mine yesterday. A gold mine in Ontario, daily producing gold brick, is a significant novelty.

ANCIENT CAPITAL CHEERS THE DUKE AND DUCHESS

Canada's Royal Governor-General Sworn in at the Parliament Buildings—An Impressive Scene—Entertained at Luncheon by the Dominion Government—T. R. H. Leave for Ottawa.

QUEBEC, Oct. 13.—(Special.)—Amid the cheering of the hospitably minded citizens of the ancient capital, Canada's royal governor-general, the Duke of Connaught, accompanied by the duchess, landed to-day at the King's Wharf, and, preceded by a mounted guard, passed thru bunting, bedecked streets to the parliament buildings, where the ceremony of administering the oath of office to his royal highness was held. The scene was an impressive one.

Seated round the table in the legislative council chamber were Hon. R. L. Borden and the members of the Dominion cabinet. On the right of the dais was seated the lieutenant-governor of Quebec, and on the other side were the judges of the supreme court in their robes of office.

On the entry of their royal highnesses, Mrs. Borden advanced and presented the duchess with a magnificent bouquet. The commission of appointment was read by Lieut.-Col. Lowther.

A Royal Salute.
At the completion of the installation, the guns of the citadel thundered out a royal salute, and the band played the national anthem.

Addresses of welcome were read by the lieutenant-governor, and the mayor of Quebec, the duke replying briefly.

Then the royal party passed to the Chateau Frontenac, where they were entertained at luncheon by the Dominion government.

In the evening a dinner at government house was followed by a reception at the parliament buildings, after which, preceded by a mounted escort, the Duke and Duchess left for the C.P.R. station, where they boarded the special train that is to bear them to the capital of the Dominion.

As their royal highnesses passed down the street to the station, there were displays of fireworks and crowds of people assembled all along the route to give the vice-regal party a greeting.

Chinese Crisis Becomes Acute
Government Rushing Troops to Affected Districts—Rebels Are Confident of Victory.

BEIJING, Oct. 13.—China to-day faces an unprecedented crisis. With the spread of revolutionary activity—the opinion is gaining ground that the fate of the ruling dynasty hangs in the balance, the central provinces, a thousand miles away from the capital, Peking, are threatened. Members of the cabinet admitted to-day that the garrison here are known to be disloyal. The same condition exists in the two great military posts which guard the capital, Pao Ting Fu and Tien Tsin. To-day's news included reports that Chung King was in danger, that I-Chang had been taken, that Yu-Chow had fallen, and that communication between Hankow and Chang-Sha, the capital of Hunan Province, was interrupted.

The revolutionary army is strongly entrenched in Wu Chang and Han Yang with guns mounted in commanding positions. China Rushing Troops.
Eight train loads of troops to-day started from Pao-Ting-Fu, Province of Chi-Li, for the affected district.

The revolutionists have informed the mission schools at Hankow that they will respect all treaties and loans and indemnities contracted by the Chinese Government.

All the available railway cars are carrying to the south troops who will be used first to guard the line and thereafter in an attempt to recapture the towns taken by the revolutionists. It is reported that the rebels to-day allowed the weekly express to leave Hankow, crowded with refugees. It is believed the rebels found over a million dollars of Mexican money when they raided the treasury at Hankow, and also obtained half a million dollars in the same coin from the Hankow merchants.

A well-informed revolutionary sympathizer told the Associated Press to-day that the rebels probably would leave the capture of Peking and Shanghai to the last, because of the danger of foreign complications. He said the utmost confidence seems to prevail among the rebels. It is stated that they have been two years in perfecting their organization and now have members in all the government offices.

The national assembly showed revolutionary tendencies last winter, and the reassembling of that body in a fortnight is regarded with anxiety. The provincial assemblies almost without exception are anti-government.

Rebels Unable to Keep Order
HANKOW, Oct. 13.—The rebels have been unable to maintain order, and business has been completely suspended here and at Han-Yang and Wu-Chang. The working classes are without employment and are attempting to plunder. Fully a half-million persons have fled to the countryside.

It is reliably reported that rebels are proceeding northward to meet the Imperial troops and that as thousand troops in the Province of Hunan, adjoining the affected Province of Hu-Peh on the north, also are prepared to resist the imperialists.

HARMONIOUS GATHERING OF WARD 4 CONSERVATIVES

No Dissatisfaction With Borden Cabinet Voiced—Edmund Bristol Pleased With Personnel.

If there were any expectations that resentment towards the appointment of W. T. White as finance minister would be expressed at the Ward Four Conservatives' annual smoker, held last night in Broadway Hall, such expectations were hopelessly dispelled. Never was there a more harmonious gathering, and the building was packed to the doors.

Mr. Armstrong, president of the association, presided, and among the speakers were: Mayor Geary, W. K. McNaught, M.L.A.; George E. Gooderham, M.L.A.; John Shaw, M.L.A.; Edmund Bristol, M.P.; Claude Macdonell, M.P.; Controller Church, Jacob Cohen, Ald. Granam and Arthur Van-Koughen.

D'Alessandro's Orchestra supplied the music, and there were some patriotic songs, which were much appreciated by the audience. Harry's "sisters" also contributed some humorous items which caught the popular fancy.

Edmund Bristol, M.P., and Claude Macdonell, M.P., were accorded an ovation, the customary three cheers and a "tiger" being only a small portion of the applause.

Mr. Bristol gave a rousing speech, in which, while admitting that Mr. Borden has had a big job on his hands during the past few weeks in choosing a cabinet, nevertheless had made a wise selection.

Choose the Best Cabinet.
"It's hard to get all the great men now in Canada into a cabinet of eight portfolios," said Mr. Bristol, "but I think Mr. Borden has chosen the best cabinet that could be selected in Canada." (Applause.)

"I am personally well satisfied," continued Mr. Bristol, "and I will support Mr. Borden's government in every way possible." He hoped the Liberals of Canada would unite with the Conservatives in fostering national and patriotic ideals. Mr. Bristol thought personally that Mr. Macdonell should have got a place in the Borden cabinet, but said his time would come later.

Claude Macdonell, M.P., said that the government would endeavor to carry out every election pledge, and he hoped and expected a large grant from the Dominion Government for the extension of the T. & N. O. Railway.

Mayor Geary, W. K. McNaught, M.L.A., John Shaw, M.L.A., and Mr. Geary also gave rousing addresses, and expressed the hope and confidence that the people of Toronto and the province would endorse the Conservative policies in the coming provincial elections as they endorsed the Conservatives in the federal contest on Sept. 21.

The Boy and his CLOTHING NEEDS

The wonderful development of our Boys' Department during the last 5 years has been due to the fact that we have recognized the boys as our best style discriminators—we have proved that our boy customers are, without doubt, the best critics we have, and to please them we make a special study of all that's best in boys' clothing styles, and put our best efforts into getting them right. For this Fall and Winter we have the finest showing of Suits and Overcoats, Reefers and Fancy Suits it has ever been our good luck to offer for the inspection of our boy friends. We start our price range at \$5.00 and up to \$18.00 for two-piece Bloomer Suits, and from \$5.00 up to \$18.00 for Overcoats, from \$3.50 to \$15.00 for Reefers, and \$2.75 to \$12.00 for the fancy Sailor and Buster Brown Suits. A quotation of a price means little to the reader of this article without inspection of the goods. We believe in the saying that a well pleased customer is our very best advertisement and we live up to our belief by standing behind every garment we sell until it has proved its worth to you. We have in stock numerous lines for the boys that are exclusive with us and not obtainable elsewhere.

HAMILTON HAPPENINGS

THROWN FROM WAGON HIS NECK IS BROKEN

Horses Ran Away and Collided With a Fountain—Frank Hills a Possible Candidate.

HAMILTON, Oct. 13.—(Special)—Instant death from a broken neck was the fate which befell Edward Cooper when the team which he was driving ran away and threw him from his wagon at the corner of Burlington-street and Ferguson-avenue, about five o'clock this afternoon. Cooper was driving along Ferguson-avenue when his horses became frightened, and in their mad flight caused the empty wagon to collide with the fountain at the corner of Burlington-street. The unfortunate man was hurled violently to the ground and was dead when picked up a few moments later. Cooper was a married man with a family, and lived on the mountain top, a short distance south of Cotter's Hotel. He was about fifty years old.

Among the possible candidates for the provincial legislature in the coming elections, the name of Frank Hills is being mentioned as the Conservative choice in South Wentworth. Mr. Hills is known as a strong public ownership and public rights man, and has been one of the strongest supporters of the Whitney government's hydro-electric scheme. He also took a prominent part in the recent anti-reciprocity campaign when he made a number of convincing speeches and did a lot of effective work for Gordon Wilson, M.P.

A gentleman who is in close touch with political matters in the South Wentworth constituency, expressed the opinion to The World to-night that Mr. Hills, if he would run, was the one man who could be safely counted on to beat Dan Reid, the present Liberal member. It is not known whether Mr. Hills could be induced to make the race.

Coroner Rennie's inquest to-night into the death of David Feduzzi, the Italian laborer, who was killed by a falling brick at the steel plant last Tuesday, resulted in a verdict of accidental death. No blame was attached by the jury to any one in connection with the accident.

"God Bless Our Home"

With her body black and blue from the effects of a brutal beating, it was alleged she had received from her husband, Mrs. Seban appeared in police court this morning to prosecute her husband Mike on a charge of assault. Mrs. Seban testified that Mike had beaten her with a rolling pin, because she refused to hand over her savings when he announced that he was deserting her on the sea of matrimony and was going to leave his spouse.

The magistrate remanded Mike until tomorrow morning and instructed the police matron to examine the woman's injuries in the meantime.

No more water tanks will be erected on the tops of buildings here in the future if the recommendation incorporated in the report of Fire Chief Tan Eyck and Building Inspector Anderson is adopted. The report gives the results of the inspection of water towers which the officials started immediately after the collapse of the plant last week. With a few exceptions it states the tanks were found to be in good condition. A by-law is recommended compelling owners to erect water towers on structural steel in a yard outside of the buildings.

Experimental Suicide.

Disappointed because he has found it impossible in three attempts to commit suicide, Edward P. Leblache of River Rouge, Mich., was taken to City Hospital to-day after having jumped from a G.T.R. train near the high level bridge in his latest effort to end his earthly existence. The result in a complete recovery of the right leg. Leblache is thought to be insane. He told Constable English that he had tried to commit suicide simply to prove his theory that it was impossible to do so.

Toronto Ad Club

Monday's weekly luncheon will be devoted to the discussion of the business of the club, and to the receiving of reports from various committees. Important items are to come under discussion and anyone interested in advertising should be at McCoskey's, Melinda-street entrance, at 12.30 sharp on Monday.

Side of Island Blows Off.

SEWARD, Alaska, Oct. 13.—There have been three distinct eruptions of Bogoslof, the celebrated Aleutian volcano, this season. Deputy United States Marshal Hastings of Unalakleet, who arrived here to-day, passed Bogoslof on Sept. 10. Bogoslof is supposed to have completely changed its physical appearance. There was no longer a boiling lake in the centre. Its place was a bay of cold water, the side of the island having been blown off.

75c a Week Buys a Piano.

While the stock lasts, which cannot be long, Heintzman & Co., Ltd., 193-195-197 Yonge-street, offer for sale some twenty-five second-hand square pianos. The prices range from \$50 to \$125, where the original prices were from \$300 to \$700. Any one of these pianos can be bought on payment of just seventy-five cents a week—an opportunity for any one to own a piano. Every piano offered has been put in good condition by Heintzman & Co.'s own workmen, and guaranteed by them.

Charlton's Election Protested

A petition against the election of Hon. W. A. Charlton, Liberal, in North Norfolk, was entered at Osgoode Hall yesterday, by E. B. Ryckman, R.C., on behalf of Alexander McCall, Conservative candidate. The petition charges of "bribery, treating, undue influence and corrupt practices." Mr. Charlton won the seat by 148. It was a Liberal gain.

This is the first protest made at Osgoode Hall in connection with the general elections.

A Genuine Rupture Cure Sent On Trial To Prove It Don't Wear a Truss Any Longer

After Thirty Years' Experience I Have Produced an Appliance for Men, Women and Children That Actually Cures Rupture.

If you have tried most everything else, come to me. Where others fail is where I have my greatest success. Send attached coupon to-day and I will send you free my illustrated book on Rupture and its cure, showing my Appliance and giving you prices and names of many people who have tried it and were cured. It is instant relief when all others fail. Remember, I use no salves, no harness, no ties.

I send on trial to prove what I say is true. You are the judge and once having seen my illustrated book and read it you will be as enthusiastic as my hundreds of patients whose letters you can also read. Fill out free coupon below and mail to-day. It's well worth your time whether you try my Appliance or not.

Pennsylvania Man Thankful

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:—

Perhaps it will interest you to know that I have been ruptured six years and have always had trouble with it. I got your Appliance. It is very easy to wear, fits neat and snug, and is so comfortable that I do not know I had it on; it just adapted itself to the shape of the body, as it clung to the spot, no matter what position I was in.

It would be a veritable godsend to the unfortunate who suffers from rupture if all could procure the Brooks Rupture Appliance and wear it. They would certainly never regret it.

My rupture is now all healed up and nothing ever did it but your Appliance. Whenever the opportunity presents itself I will say a good word for your Appliance, and also the honorable way in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends or strangers.

I am,

Yours very sincerely,

JAMES A. BRITTON,
80 Spring Street, Bethlehem, Pa.

Recommend From Texas Farmer

Brooks Rupture Appliance Co., Marshall, Mich.

Gentlemen:—

I feel it my duty to let you, and also all people afflicted as I was, know what your appliance has done for me. I have been ruptured for many years and have worn many different trusses, but never got any relief until I got your Appliance. I put it on last November, but had very little faith in it, but must say I am now cured. I have laid it away—have had it off two weeks and doing all kinds of farm work with ease. What a relief! I had the grippe and coughed a

WIRED WELCOME TO DUKE

Army and Navy Veterans Thanked For Greetings.

Major Collins of the Army and Navy Veterans, sent a telegram of welcome to the Duke of Connaught

The above is C. E. Brooks, the inventor of Marshall, Mich., who has been curing rupture for over thirty years. If ruptured write him to-day.

great deal, but it held all right. Words cannot express my gratitude towards you and your Appliance. Will recommend it to all ruptured people.

Yours sincerely,

J. H. LONG
Bald-Prairie, Texas.

Others Failed But the Appliance Cured

C. E. Brooks, Marshall, Mich.

Dear Sir:—

Your Appliance did all you claim for the little boy and more, for it cured him sound and well. We let him wear it for about a year in all, although it cured him 3 months after he had begun to wear it. We had tried several other remedies and got no relief, and I shall certainly recommend it to friends, for we surely owe it to you. Yours respectfully,

W. M. PATTERSON,
No. 717 S. Main Street, Akron, O.

Reopen the Mines.

LETHBRIDGE, Alta., Oct. 13.—It has leaked out thru what is considered an authoritative source that the Military Convention yesterday passed a resolution authorizing the executive to make arrangements to meet President Stockwell of the Western Canada Coal Operators' Association to negotiate for the reopening of the mines.

I CAN CURE YOU

NO MATTER WHAT ELSE HAS FAILED.

That is a bold statement, but I mean every word of it, and can prove it if you will give me the opportunity of sending you indisputable proof from your own neighborhood. I speak particularly to men who have spent their savings for years on dope (the drug that makes them feel like a young colt one day and like an old broken-down hack the day after), to those men who have tried so many things that they are tired of feeling and want a cure. These are the men to whom I want to prove my claims before they agree to try my method of cure.

I claim I can cure weak men; that I can pump new life into worn-out bodies; that I can cure your pains and aches, limber up your joints and make you feel as frisky and vigorous as you ever were in your life. That's claiming a great deal, but I've got a good remedy, and there are thousands who say and write that I've made good every claim; that they are now big, husky and frisky specimens of vigorous manhood, and that they haven't an ache or pain in their bodies since using my

Dr. McLaughlin's Electric Belt

This Belt, with special Electric Attachment, will restore your vigor. It will check all loss of vital power, and affects every organ of the body. It cures Nervous Debility, Varicocoe, Rheumatism, Lame Back, Lumbago, Sciatica, and any case of Kidney Disease (that has not gone as far as Bright's Disease), Stomach Trouble, Constipation.

There is no doubting the permanency of the benefits received, as proof is given by every man who wears my Belt.

THREE WEEKS IMPROVEMENT.

Dr. McLaughlin: Dear Sir,—After wearing my Belt for three weeks, I note the following improvements: Back does not trouble me, and I can sleep better, and am always hungry and ready for my meals. Thanking you for the benefit, I remain, yours very truly

Felix Island, Oct. 3rd, 1911. FERDINAND H. RAY.

PAIN IN SHOULDERS AND WEAK LIVER.

Dear Sir,—The Belt I received from you in January has been very satisfactory to me. I have worked right along, wearing it at night, as directed, and the pain has left my shoulders. It was so bad I could hardly raise myself up when I would lie down. I was struck in the stomach by a ball and my liver badly hurt, and there is all right now. I think the Belt is all right and well worth the money. You can use this as you like. I remain, Yours truly,

W. SLADE.

Do you doubt it? If so, any man or woman who will give me reasonable security can have my Belt, with all the necessary attachments suitable for their case, and they can

PAY ME WHEN CURED

It makes people strong. It causes the nerves to tingle with the joyful exhilaration of youth; it fills the heart with a feeling of gladness, makes everything look bright, and makes the nerves like bars of steel.

It is the modern cure, the grandest remedy of the age. Worn while you sleep, it fills the body with electrical currents, which gives strength to every organ, makes the blood circulate more rapidly, warms the stomach and liver, overcomes all pains and restores strength to every part. You can feel its soothing glow, but it never burns or blisters.

The Dr. McLaughlin Electric Belt is a cure for all signs of Breakdown in Men and Women. The vitality of the body is electricity—the force in the Nerve Cells. My Electric Belt will give you back this power and enable you to fight on in the Battle of Life!

Ten Reasons Why You Should Send for Brooks Rupture Appliance.

1. It is absolutely the only Appliance of the kind on the market to-day, and it is embodied the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, and never blisters or causes irritation.
4. Unlike the ordinary so-called pads used in other trusses, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a harness.
7. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All of the material of which the Appliance is made is of the very best that money can buy, making it a durable and safe Appliance to wear.
10. My reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and my prices are so reasonable, my terms so fair, that there certainly should be no hesitancy in sending free coupon to-day.

Remember

I send my Appliance on trial to prove what I say is true. You are to be the judge. Fill out free coupon below and mail to-day.

Free Information Coupon

Child Cured in Four Months

Mr. Jansen St., Dubuque, Iowa.

Brooks Rupture Appliance Co.

Gentlemen:—The baby's rupture is altogether cured, thanks to your appliance, and we are so thankful to you. If we could only have known of it sooner our little boy would not have had to suffer near as much as he did. He wore your brace a little over four months and has not worn it now for six weeks.

Yours very truly,
Andrew Regenberger.

Died While Out Hunting

NORTH BAY, Oct. 13.—Gerald O. Thompson, a prominent young sportsman of North Bay, died suddenly from peritonitis, while hunting at the west arm of Lake Nipissing to-day. The hunting camp was practically isolated so that when Mr. Thompson was taken ill no medical attention was available in time to save his life. He leaves a wife and two children.

OF ALL CLASSES

Private Sale Every Day at 11 A.M.

EVERY TUESDAY AND FRIDAY

PRIVATE SALES EVERY DAY.

Our Annual Sale of

High Class Carriage, Saddle and Show Horses

Including Some Sensational Entries.

will be held on

WEDNESDAY, October 25th, 1911

This will be the greatest sale ever of Show Horses, and we have instructions from the

HON. J. R. STRATTON, Peterboro, Ont.

to sell all his horses, as well as all his harness and carriages. Mr. Stratton is celebrated as an owner of Show Horses that can win, and he is selling his entire string. These horses have been shown all over the United States and Canada, and his winnings are many. No better opportunity was ever offered the public than this sale presents. Further particulars next week or on application to The Repository.

We also have some excellent entries from Charles Willmott, Belleville; E. H. Heppner, M.P., Picton, and others, all good ones.

This will be the greatest sale of the year, so make your entries blank right away. The entry books are still open, but it is wise to get an entry blank right away.

TUESDAY 275 HORSES

Oct. 17th

Beginning at 11 a.m. with a large consignment of Bush Horses from

The J. D. Shier Lumber Co. Bracebridge, Ont.

Our superintendent, at the request of the J. D. Shier Company, looked these horses over and pronounced them to be the best lot ever taken out of bush work and consigned for sale. They are being sent here with the intention of selling each and every one of them, and all horses will be sold with a warranty. Every horse in the lot has proved himself a worker of the best kind, as a horse in the lumber woods not only has long, hard hair, but must be out in all weather. However, they are to be sold, and it is a fact that they are the best lot of horses that ever came out of the bush to be sold at auction.

HEAVY DRAUGHTS, GENERAL PURPOSE, EXPRESS, DELIVERY, FARM CHUNKS, WAGON HORSES AND DRIVERS.

shipped by our regular consignors right from the best country districts, for them, sold here every week. Vehicles and harness of all descriptions are also sold.

At each of our weekly auctions we are receiving large consignments of

City Horses For Unreserved Sale

This is an opportunity for both buyer and seller, and there are a great number of horses consigned by city firms and others who have no further use for them, sold here every week. Vehicles and harness of all descriptions are also sold.

FRIDAY 150 HORSES

Oct. 20th

THE BEST SELECTIONS OF ALL CLASSES.

ALGIE, FAVORITE, WINS OVER JUMPS AT PIMLICO

Summaries Also at Laurel and Louisville, and Entries For To-day.

BALTIMORE, Oct. 13.—McMurtry's crack jumper, Algie, won the Remont Steeplechase at Pimlico to-day. Gold Plate set the pace in this race, but at the last turn of the field Algie went to the front and came home an easy winner. Rostigouche, with shilling up, won the opening event of the afternoon from a good field of sprinters.

FIRST RACE—Three-year-olds, 5-1-2 furlongs: 1. Rostigouche, 123 (Shilling), 2 to 5 and out.

2. Ben Loyol, 114 (Burns), 2 to 1 and out.

3. Royal Meteor, 119 (McCahey), 30 to 1, 2 to 1 and out.

SECOND RACE—Two-year-olds, 6 furlongs: 1. Cherry Seed, 107 (Shilling), 3 to 1, 7 to 10 and out.

2. M. Wiggs, 107 (McTaggart), 7 to 1, 2 to 1 and out.

3. Chrystle, 107 (Schuttlinger), even, 2 to 1 and out.

Time 1:41.3. Kittery, Napier, Andrew Turbine, Daingerfield and Be also ran.

THIRD RACE—Three-year-olds and up, 1-1/4 miles: 1. Altamaha, 102 (Diggins), 7 to 10 and out.

2. Bounder, 111 (Shilling), 5 to 2, 1 to 3 and out.

3. Chas. 104 (Schuttlinger), 4 to 1, 3 to 5 and out.

Time 1:49.5. Only three starters.

FOURTH RACE—Two-year-old fillies, 7 furlongs: 1. Pianina, 101 (Schuttlinger), even, 2 to 1 and out.

2. Chiffon Trance, 101 (Alex), 30 to 1, 2 to 1 and out.

3. Eltona, 104 (Burns), 4 to 1, 3 to 5 and out.

Time 1:28. Mary Emily and Orrico also ran.

FIFTH RACE—Steeplechase, two miles, three-year-olds and up: 1. Algie, 123 (Henderson), 5 to 1, 3 to 5 and out.

2. Belle, 154 (Kernath), 3 to 1, 7 to 10 and out.

3. Gold Plate, 147 (O. Heider), 8 to 1, 3 to 1 and even.

Time 3:53.4. Zoola, Monte Carlo, Shinar and Scurry also ran.

SIXTH RACE—Three-year-olds and up, 1-1/4 miles: 1. Chickadee, 115 (Shilling), 4 to 5, 1 to 3 and out.

2. Dull Care, 113 (McTaggart), 4 to 1, even and out.

3. Charles F. Grainger, 118 (Schuttlinger), 8 to 1, 3 to 1 and 6 to 5.

Time 2:01.4. Mutual, Redwell, Abcoeder and Howard Shean also ran.

Close Finish at Louisville.

LOUISVILLE, Oct. 13.—In one of the most sensational finishes of the fall meet at Churchill Downs, Groves Hughes, Jim Boney and Little Father came in so close together in the fourth race to-day that only the judges were able to pick the winner. Grover Hughes was first, Jim Boney second and Little Father third.

The fourth race was a handicap, and formed the principal event on to-day's card. Long-shot players had a field day. All of the winners except Sir Cleeves in the third paid big odds. Summary:

FIRST RACE—Selling, six furlongs: 1. Amoret, 106 (Taplin), straight \$27.50, show \$9.50.

2. Star Blue, 108 (Loftus), place \$18.70, show \$9.70.

3. John Griffin II, 111 (Davenport), show \$9.50.

Time 1:13.4. Chasputee, Compton, Workbox, Thistle Belle, Ethelred and Ben Prior also ran.

SECOND RACE—Selling, one mile, two-year-olds: 1. Jennie Geddes, 104 (Turner), straight \$14.70, place \$2.20, show \$3.90.

2. Patricia, 107 (Loftus), place \$3.90, show \$2.90.

3. Betty Fuller, 108 (Jackson), show \$3.90.

Time 1:43.4. Mercedes of the Fall meet, Dahomey Boly, Robert, Princess May and Santa Florence also ran.

THIRD RACE—Selling, three-year-olds and up, 1-1/4 miles: 1. Sir Cleeves, 106 (Hoffman), straight \$3.40, place \$2.30, show \$3.50.

2. Longhand, 99 (Goose), place \$4.50, show \$3.50.

3. Content, 99 (Denny), show \$3.50.

Time 1:32.5. Ada Belle, Exploit, Henry Hutchinson and Montclair also ran.

FOURTH RACE—Handicap, six furlongs, all ages: 1. Grover Hughes, 108 (Martin), straight \$20.00, place \$18.00, show \$11.70.

2. Jim Boney, 103 (Kennedy), place \$11.70, show \$9.50.

3. Little Father, 100 (Toplin), show \$3.90.

Time 1:13.2.5. Harrigan, Bettie Sue, Helmet, Raleigh P. D., Prince Gal and Follie Levy also ran.

FIFTH RACE—Six furlongs, two-year-olds: 1. Three Links, 106 (Loftus), straight \$11.80, place \$7.20, show \$3.10.

2. Wheelwright, 108 (Taplin), place \$3.49, show \$2.80.

3. Bonanza, 109 (Kennedy), show \$3.40.

Time 1:13.4.5. John B. Broussard, Clubs, Lord Dunbar, Niclas, The Reach, Dilatory and Col. Cook also ran.

SIXTH RACE—Selling, 1-1/4 miles, three-year-olds and up: 1. Wander, 108 (Loftus), straight \$25.30, place \$19.70, show \$13.40.

2. Sigurd, 99 (Denny), place \$5.40, show \$4.40.

3. Bob Co., 105 (Martin), show \$3.90.

Time 1:53.4. Haldeman, Olio, Lackrose and Tay Fay also ran.

Oakhurst Wins Handicap

BALTIMORE, Oct. 13.—Oakhurst, at 6 to 1, won the handicap to-day at Laurel.

FIRST RACE—Selling, 2-year-olds, 5 furlongs: 1. Little Ep, 107 (Forehand), 4 to 1, 2 to 1 and even.

2. Mad River, 110 (Troxler), 4 to 1, 2 to 1 and even.

3. Catula, 107 (Peak), 20 to 1, 8 to 1 and 4 to 1.

Time 1:02.1-5. Duke Duffy, Jingo, Jeanette B, Grace McC, Little Ernie, Gift, Croswater, Senator Sharkey also ran.

SECOND RACE—Selling, all ages, 1 mile: 1. Ed Bart, 102 (Fairbrother), 4 to 1, 3 to 5 and 4 to 5.

2. Spades, 87 (McCabe), 3 to 1, 7 to 5 and 3 to 5.

3. Wood Dove, 84 (Lounsbury), 5 to 1, 2 to 1 and even.

Time 1:42. Day Bell, Hughie Quinn, Lady Rosalie, Jack Burdette also ran.

THIRD RACE—Selling, 2-year-olds and up, 1 mile: 1. Hilarious, 115 (Goldstein), 4 to 5, and out.

2. Martin W. Littleton, 108 (Nolan), 3 to 1, 2 to 1 and out.

3. Rabble, 105 (Forehand), 4 to 1, 2 to 1 and 3 to 5.

Time 1:40. Animus, Cancelli, Bishop W. How about You and Haze Runnings also ran.

FOURTH RACE—Handicap, selling, 2-year-olds and up, 1-1/4 miles: 1. Oakhurst, 112 (Governor), 5 to 1, 2 to 1 and even.

2. John Westford, 109 (Obert), 10 to 1, 4 to 1 and 2 to 1.

3. Steeler, 115 (Goldstein), 3 to 1, 6 to 5 and 4 to 5.

Time 1:45.5. Jeannette, Grania, Strada and Double also ran.

FIFTH RACE—Selling, 2-year-olds and up, 1-1/4 miles: 1. King Avondale, 110 (Bell), 5 to 1, 3 to 1 and even.

2. Richard Reed, 106 (Wingfield), 7 to 1, 3 to 1 and 6 to 5.

3. The Note, 87 (Obert), 8 to 1, 3 to 1 and even.

Time 1:49.5. Only three starters.

SIXTH RACE—Purse \$300, 3-year-olds and up, 1-1/4 miles: 1. Husky Lad, 102 (Hopkins), 7 to 1, 3 to 1 and even.

2. J. J. Kenyon, 101 (Nolan), 2 to 1, 3 to 5 and out.

3. Servico, 115 (Forehand), 5 to 1, 2 to 1 and even.

Time 1:47.6. Tom Mehon, Hattara, Rock Castle, Black Branch and Eddie Grandy also ran.

Oaklands Lawn Bowling Club.

The annual meeting of the Oaklands Lawn Bowling Club was held at their club house, 2000 Avenue, when reports from the secretary, treasurer and different committees were received and read as follows:

Union Horse Exchange

Union Stock Yards

TORONTO, ONT.

THE GREAT WHOLESALE AND RETAIL HORSE COMMISSION MARKET

Horses, Carriages, Buggies, Harness, Wagons, etc., always on hand for Private Sale.

We have on hand Heavy Draught Team Horses in seasoned condition, having been in hard work all summer. Also Wagon Horses, Delivery Horses, Drivers and Serviceable Sound Horses of all classes, including

A Pair of Ponies

as follows: Black Geldings, 12 hands high, rising 3 and 4 years old, full brothers, prize winners at Oakville Fair. Also four-passenger Surrey and Double Harness; all good as new. See this outfit. They are a snap.

Charlie Mitchell Wins Free-For-All In Straight Heats

LEXINGTON, Oct. 13.—Close finishes and fast time, marked the races on the next to the last day of the Kentucky Trotting-Horse Breeders' Association fall meeting. Charlie Mitchell trotted two heats in 2:04.3 and 2:04.1-4, defeating the best field of free-for-all trotters that has met this season. He won in straight heats.

The Harvestor trotted against his record of 2:01, driven by Pop Geera, but was unable to make the mile under 2:00. His time at the quarters was 31, 1:01.1-4, 1:32.

Eds H. Kay, also driven by Geera, lowered his own record to 2:02.2, 2:00.3-4. Earl J. won the 2:01 class pace after losing the first two heats to Evelyn W. and Independence Boy, respectively. Judge Ward took the 2:10 class pace in straight heats. Major Wellington lost the first heat of the 2:09 trot, but annexed the next three heats and the race.

The 2:00 class was easily best in both heats of the Lexington Stakes for two-year-old trotters, and Arlyric Queen, yearling, won two heats of the Stakes, came near losing the third to Gordon Todd, well driven by George Orville. However, she managed to get across the line in front.

If Jack Johnson Were Driver The Dunlop Company have received a lot of replies in answer to the invitation to put a public test to suggest which would win the race on Oct. 30 (Thanksgiving Day), an automobile racing 25 miles in a motorcycle racing machine. Ninety per cent of the replies favor the motorcycle.

One young lady says: "The automobile will beat the motorcycle dead

Varsity Play McGill To-day Stadium at 2.30

J. B. McArthur will be the referee in the McGill-Varsity game this afternoon at the Varsity Stadium, but who the umpire will be will not be known till to-day when the McGill team arrive. This is the opening game of the Intercollegiate in Toronto, and since Varsity's easy victory over Queens, the local enthusiasts have been waiting to get a chance to see the Canadian champions in action.

Up around the college all the enthusiasm over the prospects of this year's team for not only the Intercollegiate but the Canadian honors. Just how good they are the public can judge for themselves when they see them in action this afternoon at 2.30.

The Varsity Football Club held their first rehearsal last night, when both old and new players were practised, and with the rosters being sent in the same old way, the public will not want for excitement. Very few seats are left in the big stadium, which means that a bumper crowd is promised. The teams: Varsity—Flying wing, McDonald; halves, De, Ramsey, Maynard; quarter, Campbell; scrumming, Curtis; center, Knight; inside wings, Clarke, Cory; middle wings, Grass, German; outside wings, Sinclair, Thompson or Body.

McGill—Pull-back, Murray; halves, Billington, Ross, Lee; quarter, Paisley; scrumming, Oliver, Howe, Rogers; inside wings, Turnbull, Gilmore; middle wings, Waterson, Bagnal; outside wings, Laine, and Lewis.

The Engineers' Band, by kind permission of Captain F. Percy Bligh and officers of the Engineers, will be at the Varsity-McGill football game this afternoon at Varsity Stadium. James Bie is the bandmaster.

The Capitals' Intercollegiate team will leave on the C. P. R. at 9.30 this morning for their game in Hamilton with Rensselaer. All players are requested to be at the Union Station at 9.15.

UNIVERSITY SCHOOLS HOLD FIRST ANNUAL FIELD DAY

F. Hines Wins Senior Honors After Hard Struggle—Thirty-eight Events Contested—Results.

The first annual field day of the University of Toronto Schools was held on the new Varsity Athletic Field before a good crowd yesterday afternoon. The youngsters were favored with excellent weather, and closely contested events were the order of the day.

L. Johnston and E. Simmons ran a dead heat in the 250 yards run for 13-year-old boys of the senior school and for the runner the same boys again.

F. Hines and C. Arnot had a battle royal for the 100 yards run for 13-year-olds, Hines winning out by a close margin. The results were as follows:

Running broad jump, 11 years, junior school—L. E. Noble; 12 years, junior school—L. E. Noble; 13 years, junior school—L. E. Noble; 14 years, junior school—L. E. Noble; 15 years, junior school—L. E. Noble.

Running broad jump, 13 years, senior school—L. E. Noble; 14 years, senior school—L. E. Noble; 15 years, senior school—L. E. Noble.

Running broad jump, 15 years, senior school—L. E. Noble; 16 years, senior school—L. E. Noble; 17 years, senior school—L. E. Noble.

Running broad jump, 18 years, senior school—L. E. Noble; 19 years, senior school—L. E. Noble; 20 years, senior school—L. E. Noble.

Running broad jump, 21 years, senior school—L. E. Noble; 22 years, senior school—L. E. Noble; 23 years, senior school—L. E. Noble.

Running broad jump, 24 years, senior school—L. E. Noble; 25 years, senior school—L. E. Noble; 26 years, senior school—L. E. Noble.

Running broad jump, 27 years, senior school—L. E. Noble; 28 years, senior school—L. E. Noble; 29 years, senior school—L. E. Noble.

Running broad jump, 30 years, senior school—L. E. Noble; 31 years, senior school—L. E. Noble; 32 years, senior school—L. E. Noble.

Running broad jump, 33 years, senior school—L. E. Noble; 34 years, senior school—L. E. Noble; 35 years, senior school—L. E. Noble.

Running broad jump, 36 years, senior school—L. E. Noble; 37 years, senior school—L. E. Noble; 38 years, senior school—L. E. Noble.

Alerts of Hamilton Play St. Michaels Rosedale 3 p.m.

The Senior O. R. F. U. game this afternoon at Rosedale, which commences at three o'clock, between Alerts of Hamilton and St. Michaels' College, looks to be one great battle. Alerts has picked up no less than eight former Tiger players, and in addition have the star players of last year's junior champion Alerts, and are considered in many places the probable Ontario champions.

St. Michaels has practically a college team, Murray Mulligan being the only player not attending college this year, and judging by the way they triumphed T. A. A. C. last Saturday, will be a hard team to beat.

A general admission of 25 cents will be charged to the grand stand, so everybody will be able to see the game in comfort.

St. Michaels—Flying wing, Mulligan; half-back, Andrews; Dutch center, Matt Ginter; quarter, Canfield; scrumming, Dwyer, Harrah, Holland; wings, Bickel, Rouch, Murray, Gorman, Ryan, Reume.

Alerts—Full-back, McNelly; half-backs, Carr, Flannery, Becker; scrumming, J. Craig, McCarthy, Pfeiffer; half-back, Stone, Cunningham, Dickie, Johnston, Mayrick, Singer, Sanderson, Kitchen, Hughes, Newell, Allate, Karn, Watson, Howard, Clayton, What, and any others whose names may have been omitted.

The Capitals' Intermediate City Rugby team are requested to meet in Jesse Keefe grounds at two o'clock for their game with High Park at Exhibition Grounds. The following are requested to be on hand: Stone, Cunningham, Dickie, Johnston, Mayrick, Singer, Sanderson, Kitchen, Hughes, Newell, Allate, Karn, Watson, Howard, Clayton, What, and any others whose names may have been omitted.

The Capitals' Senior City League team play the Victorias on the Humberdale Joliffe grounds this afternoon, and the probable line-up will be: Full-back, the following players to meet at the corner of Dundas and Keele streets at 2.15 p.m.: Knowles, Dupp, McKemie, Evans, Hewson, Murray, Ferrah, Smith, Armstrong, Jefferys, Archer, Price, Mannors, Lepper, Ramsay, Porter, Patterson, McSweeney.

Harbord won from Oakwood yesterday by 7-1 in the Junior High School series.

SATURDAY MORNING, OCT. 14 1911

ONTARIO RAILWAY BOARD CRISIS

Sympathy will undoubtedly be with Messrs. A. B. Ingram and H. Kitson on the stand they have taken in regard to the switching privileges asked for by the Metropolitan Railway Company on Yonge-st. from the Town of North Toronto.

The chairman of the board, Mr. Leitch, has taken the legal view of the matter, and he defends himself on the ground that the act constituting the railway board does not permit him to take any other.

The public expected to find in the Ontario Railway Board a body such as the public utility commissions of the United States, or the Dominion Railway Board, upon which Justice Mabey seems able to do anything that appeals to him as fair and necessary.

A board that merely adds another to the courts of the land and interposes additional legal expenses and delay between the people and the corporations is no boon. A board that would recognize the equity of any particular case and could refuse to be held up by technicalities is what the people expected to have, and apparently what Messrs. Ingram and Kitson in the present case wanted to supply.

But something else could be done, and would have been done months ago, had not our esteemed contemporary, The Evening Telegram, interposed to stop what everybody in the city and North Toronto, except itself and the corporations interested, wanted to have done. What was needed was the annexation of North Toronto, after which the whole question of double-tracking as well as many other questions of telephones, electric lighting and franchises in general could have been dealt with on an entirely different plane.

The mayor and the board of control, with one exception, have seen this since last spring. Those who have played the corporation game will be remembered by the people when the election comes on. No doubt they will be defended by The Telegram, which has taken the corporation side on this matter, but the action of Messrs. Ingram and Kitson will greatly assist to a better understanding of the case, and they are to be commended for using their common sense, even if it does conflict with the legal position.

HILL ON HIGH FINANCE

On Wednesday, Mr. James J. Hill delivered an address at the annual convention of the Illinois Bankers' Association on the business condition of the United States which he described as unsatisfactory. In his opinion nearly all the outcry and activity against corporate wealth is for political effect rather than moral reform, and the proof of this was the simplicity which is not applied. "It would be an easy matter," he declared, "to put an end to the abuses of both monopolies and trusts—enforce the laws against those who break them and the former will disappear."

Mr. Hill proceeded to elucidate his point by saying: "The trusts will vanish as soon as they are compelled to show that every dollar of their capital stock has been paid for in cash or property and labor at a fair valuation. Obedience every corporation to do this, under penalty of an assessment on stockholders to make good any deficiency in capital or surplus, or else a scaling down of capitalization to actual value, will cause the trusts would not long bother anybody. Many are less interested in retaining trade than in selling stocks and bonds not representing actual value received or used in their business. Present conditions will require some review and reform of transactions already accomplished, which should not exist in the face of facts that are being brought to light."

This, from a man who is, if any man is, on the inside of over-capitalization and stock watering, is a very remarkable admission, confirming as it does the long campaign waged by The World against these public wrongs. It ought to bring home to Canadian governments, whether federal or provincial, the absolute necessity of placing

the capitalization of public service companies and of monopoly-holding companies under strict control. Excess capitalization conceals profits which in that way are either anticipated or concealed, and becomes a reason for maintaining rates and charges far beyond what would be permitted did the capitalization represent nothing but legitimate expenditure, falling within that classification. No legislation is more urgent than that called for by this particular development of "high finance."

THE CHANGE OF GOVERNORS

"Welcome the coming, speed the parting guest," aptly describes the arrival of the Duke of Connaught and the departure of Earl Grey. Among governors-general, none have ranked higher in Canadian estimation than he who is now returning to the motherland. Always strictly observant of constitutional usage, Earl Grey did not hesitate to identify himself with the Dominion of which he was titular head as representative of the King. Deeply interested in every department of national activity, he was ever zealous and alert to promote the welfare of Canada, to extend her interests and publish her great and manifold advantages. Loyal to the empire and no less loyal to the Dominion, Earl Grey did his duty to both and by his splendid services carries home with him honor, reputation and troops of friends.

The pathos of his farewell was not lost in the acclaim which greeted his successor. Perhaps, not unreasonably, dubiety in some minds attached to the appointment of a royal prince as governor-general. Those who have followed the Duke of Connaught's life did not share it, for a good soldier has given the best assurance that he would not fall to meet any charge laid upon him. Nothing could have been happier than the manner of his entering upon the duties of his high office or more satisfactory than the heartiness of his welcome in the old French capital. The Duke of Connaught knows that he has been called to live in a far more democratic environment than he has found in the motherland, nor would he be the uncle of the King were he indifferent to the new ideal of the commonwealth of British states.

NEW ONTARIO SETTLEMENT

Editor World: Seeing a report that the Ontario Government is sending a motor car round the country with samples of the products grown in Northern Ontario, a district I know personally, I desire to confirm the statement that it cannot be expected for growing all kinds of vegetables and farm crops. But it is useless to think that men can be got to take up land for cultivation without at least a couple of thousand dollars. Now I would suggest to the provincial government that they should make a list of applicants and to the select a few ready on the land that may be short of money to make improvements, \$1000 government could lend to each. The settlers at about 4 or 4 1/2 per cent on the security of their holdings. This would be far better than allowing private lenders to do.

This system has been in operation in New Zealand for the last fifteen years for the purpose, not only of placing settlers on the land, but of buying the land for them. At the present time the government has not lost a cent by the transactions, not to speak of the great benefit that has accrued to the country. It is its land policy alone that has made New Zealand what it is to-day. I can safely say that if the White government would make a trial of this system for a few years they would send New Ontario up by leaps and bounds never seen before. I know four men with \$500 each, who would take up sections in Cochrane district at once if they had the necessary assistance. Hoping some able pen man will take up this suggestion, I am, S. L. Brooks, 244 Victoria-street, Toronto, Oct. 13.

LABOR IN ENGLAND

Editor World: In your editorial of the 10th you reiterate the statement that "one-third of the population of Great Britain are living on the verge of starvation." Now my respect for the editor would not permit me to characterize that statement as a "malicious invention," but I must say "ridiculous." In the place of malicious, and I would not hesitate to apply it in your premises, I regard the persistence with which The World seeks to spread such a fiction so offensive to its English readers, who know it to be absolutely without warrant. I know England thoroughly, and lived there for more than thirty years. I worked in the slums with Dr. Barnardo, was general secretary of the Y.M.C.A. in London four years, and preached the gospel in various parts of the country, and when The World asks me to believe that 15,000,000 of its population are living on the verge of starvation he asks too much of me. Mr. Sidney Webb, like all Socialists, pictures social conditions in the darkest possible colors, and may have made the silly statement. But what does it amount to, if he did? Simply that he said so. Mr. Rowntree's figures dealt with the City of York, and he said that 27.4 per cent were "living in poverty." Well, he drew his poverty line at 18 sh. per week, and found that 10 per cent, below that line, and 90 per cent, above it. Here is your basis for "one-third of the population of the British Isles living on the verge of starvation!" Sir Henry Campbell-Bannerman, misled by the local and partial figures of Mr. Rowntree, certainly did express his regret that so many were "on the verge of hunger." But even this does not say they were "hungry" much less, and any man on the verge of it. I have kept in pretty close touch with the motherland, and have not detected any signs of abnormal distress either from the press or by correspondence since the winter, when, even in Toronto the good thousands were the recipients of public money. England is by far the richest country in Europe, if not in the world, and in respect of its workers the most comfortable of the nations. Not only does it pay the highest wages, but the cost of living is considerably lower than in Germany and France. The average Great Britain's savings last year amounted to no less than \$1,750,000,000, and its foreign commerce was \$6,000,-

000,000. No other nation approached this sum.

Mr. Ramsay MacDonald, M.P., the well-known labor representative in parliament, says as a result of a careful investigation into industrial conditions in Germany: "The trade in horse flesh is a part of German commerce. In the grocery windows you see roasted corn, which is sold as coffee; in the butchers' shops, you see horseflesh. Everybody describes the same scenes in London. There was no wheat in bread, but dark forbidding stuff. But the people ran on on anything better. This, too, in Düsseldorf, the garden city. The board of trade yellow book, C. 4022, which is a casual enquiry of parliament, describes the same scenes in London. It is evident that wages in Germany are as a whole considerably below those in England. Moreover, the lower wages mean longer hours, so that the British workman earns one shilling in the same time in which the German earns ninepence. The income statistics of Prussia show that 21,000,000 out of the 38,000,000 are below an income line of 13 sh. a week. It is found that in England, it is necessary to find The World and other Toronto papers exhibiting the motherland in the worst possible light on the principle of 'anything to get the free trade.' The rate of wages alone does not indicate to Canadians the condition of their English brethren. Nearly everything the working man buys there is from 25 per cent to 50 per cent, cheaper than here, and rents are frequently one-half of those paid for similar residences in Canada. In fact, work is much more regular in England than with us when a long winter and snow puts many thousands out of employment several months, a thing unknown in Great Britain. Wait till December strikes us and some visiting Englishman gleefully describes the same scenes in Toronto of thousands of idle and hungry men clamoring for a chance to shovel snow from the public streets. Should he do so? The World would very properly rebuke him. Is there not an adage about 'glass houses'?" G. F. A. Grand Valley.

NEW BANK PREMISES

Sterling Bank Offices in Montreal to Be in Transportation Building.

Messrs. Carrere & Hastings & Eustace G. Bird, New York, architects, have had their plans approved by the Sterling Bank for the bank's new offices in Montreal. The offices will front on St. James-street and the fittings and appointments will be in keeping with the general high character of the building.

AN OLD FIRM REMOVES

Messrs. C. J. Townsend & Co., who have been located on King-street, over 77 years, announce that they have removed to the northeast corner of Carleton and Church-streets, the gallery of fine arts, the palatial residence lately occupied by Messrs. White, they now have on exhibition perhaps the largest and most attractive collection of old mahogany furniture and pictures on the continent, all at prices marked in plain figures, which can not be equalled. Special attention is directed to the advantage of the magnificent hall room and picture gallery, for auction sales of real estate and art collections.

Bank of Commerce Branch

The Canadian Bank of Commerce has opened a branch at Mount Royal, a suburb of Calgary.

ST. ANDREW'S PRIZE DAY

St. Andrew's College yesterday afternoon was filled with the happy scholars who excelled in last term's examinations and who had handled the rifle with the best results. Among those present were: Lieutenant-Governor J. M. Gibson, Sir Mortimer Clark, President Falconer of the Toronto University. Since last session the school has changed from the St. Andrew's College Company, Limited, to St. Andrew's College Trust.

Throat Becomes Diseased From Neglecting Colds

Then Catarrh Sets in, Mucus Drops Into the Stomach, Coughing, Headaches and Debility Follow.

That the best method of curing catarrhal disease consists in using Catarrhine is now freely admitted. Catarrhine is infinitely superior to cough medicines, tablets, sprays and enemas, which for the most part are of no practical value except to ease the cough for the time being. Often liquid cough remedies contain opium, morphine and cocaine. With Catarrhine you take no drugs—you employ Nature's way—just inhale Catarrhine's soothing healing vapor and relief and cure follow promptly.

Weak Throat, Racking Cough Cured

"For five years I suffered from a severe bronchitis. A harsh, racking cough kept my throat in a raw condition for months. I was unable to sleep. Before going to sleep at night I always had a bad attack, and in the morning before breakfast I suffered greatly. My chest was sore and raspy, and sometimes I found it difficult to make myself understood. Catarrhine seemed to soothe and strengthen the inflamed tissues. I bought now I wouldn't think of being without a Catarrhine Inhaler—it means life to me." The above experience is related by Mr. Alexander P. Savary of Hamilton, Pa., and proves the effectiveness of Catarrhine, which will cure every cough, cold, bronchitis or catarrhal attack. The dollar size of Catarrhine contains two months' treatment and is guaranteed. Smaller size 50c, sample size 25c. All dealers or The Catarrhine Company, Buffalo, N. Y., and Kingston, Canada.

MUST NOT FORGET GOD IN HIS BUILOF GURCH

When Bishop A. Walters of New York City pronounced the benediction at Masses held last night at 10 o'clock, the occasion being a dinner given to the members of the 'Pious' Eucharistical Conference, one of the greatest banquets in the history of Methodism was passed into history. The three speakers of the evening were John R. Mott, of New York, Rev. Jas. Bateson of London, Eng., and Bishop W. A. Chandler, D.D., of Atlanta, Ga., each of whom strongly advocated church union.

NEW TRUSTEES 'FRESH'

A masked quarrel is the only correct term for the attitude of the members of the property committee of the board of education yesterday, when the sub-committee brought in a report of their investigation of the buildings department and C. H. Bishop, superintendent of buildings, brought in another report and recommendations.

CHURCH'S SUPREMACY

The speaker admonished the delegates not to forget that God was still the head of the church and its supreme ruler. "I have never abdicated," he said, "in favor of anyone, and was not going to do so."

POWER OF LADY

The lady of the evening was offered by J. J. Redditt, to His Majesty the King. Nearly 700 persons were seated at the banquet table, and the third gallery contained many of Methodism.

50c a Week Buys an Organ

50c a Week Buys an Organ. Helmtzmann & Co., Ltd., 183-185-187 Yonge-street, Toronto, are rather more than forty organs, bearing the names of leading manufacturers like Bell, Dominion, Karn-Morris, Goderic and others. These have been somewhat used, but all have been put in first-class condition by the firm's own workmen. Selling organs is not the regular business of Helmtzmann & Co., and they must dispose of these quickly. Hence the opportunity to buy an organ at from \$15 to \$25—fraction of the manufacturer's prices. Only 50c a week is necessary to place one in your home.

WOMEN'S GREAT WORK IN PURIFYING WORLD

Yesterday afternoon was indeed woman's day with the Methodist Episcopal Conference, and the able manner in which Mrs. W. T. Haven of the Methodist Episcopal Church presided, indicated the power which is possible in women of Methodism when put to the test.

WOMEN'S GREAT WORK IN PURIFYING WORLD

Yesterday afternoon was indeed woman's day with the Methodist Episcopal Conference, and the able manner in which Mrs. W. T. Haven of the Methodist Episcopal Church presided, indicated the power which is possible in women of Methodism when put to the test.

STANDGARD'S MEDICAL INSTITUTE

Founded By Chevalier Dr. Jens F. Strandgard, D.V.M., F.R.S. (By Special Appointment Medical Attending to His Majesty the late King of Denmark, 1907.) Gold Medal for Medicines in Brussels, 1910. Gold Medal for Medicines in London, 1910. Highest European Credentials for Medical Services.

DO YOUR FEET ACHE?

Men, women and girls who work in stores, offices or factories, and whose occupation requires them to be on their feet, usually suffer with foot pains, cramped toes, corns, bunions, and callouses, all caused by weak instep or weak and broken down arch.

The Scholl 'Foot-Eazer'

affords immediate relief to all foot aches—is a cure and a preventative. It is a scientifically constructed device that supports the arch and instep, takes away all strain and uneven pressure, induces blood to flow from heel to toe and back to heel. It fits, for men, women and children. Price \$2.00 per pair at all good shoe and drug stores everywhere. Don't let substitutes fool you. Look for 'FOOT-EAZER'.

PACKING MERGER
 Announced at Montreal—Toronto Firm is Included

MONTREAL, Oct. 13.—It was announced today that a merger of three large packing plants, located at widely different points throughout the country, had been formed with a capital of \$5,000,000. The concerns interested are the George Matthews Company, Limited, with plants at Hull, Peterboro and Brantford; the Loring Packing Co., of Montreal, and the Park-Blackwell Company of Toronto. The new concern will be known as Matthews-Loring, Limited, with W. E. Matthews as president. The new company announces that it is its intention to extend its plants and to enlarge both its domestic and export business.

LABOR PARTY IN ELECTIONS.
 It was announced at the Labor Temple last night that the independent labor party will hold their first meeting in the Labor Temple tomorrow afternoon to consider what ridings they will contest in the coming provincial elections, and also whether they will place candidates in the field in the municipal elections.

After Street Loafers
 KINGSTON, Oct. 13.—(Special.)—The police are out with a big stick against street loafers. Magistrate Farrell has promised that everyone found guilty will be fined \$5.

The Sunday World.

Some exclusive pictures of the great Ecumenical Conference are given in this week's Sunday World, and the delegates will find it worth while getting extra copies of the paper to send to their friends. We have a fourteen-column picture of the delegates outside of the Metropolitan Church, a remarkable panoramic view of the big men of Methodism. Also there is a striking picture of the delegates taken in front of the city hall for The Sunday World on the occasion of the reception given by the mayor and corporation.

On the front page of the Illustrated Section are some live action pictures of the opening of the Rugby season in Toronto last Saturday, the polo match between Buffalo and Toronto, and the world's championship lacrosse matches at Vancouver between Tecumseh and the holders of the Minto Cup.

Another page is devoted to the animals in the Riverdale Zoo, while the miscellaneous pictures will be found to be very attractive and interesting.

The other sections of the paper are crowded with bright things. The circulation of The Sunday World this week is 62,000, showing a steady gain, as well as demonstrating its popularity. To make sure that you will get a copy, leave your order early with your newsdealer or newsboy.

SWITCHES FOR RAIL

Continued From Page 1.

ated. It is on this ground that he thinks his associates on the board have misconceived the function, as he puts it.

The board's statement reads as follows:

Poor Service Alleged
 "This application was launched by Herbert Waddington of the Town of North Toronto, and Herbert Winter of the City of Toronto on the 8th of September, 1910. It was set out in part in the said application that the Toronto and York Radial Railway Company in the operation of their railway, were operating the same in an inefficient and unsatisfactory manner and to the detriment of the public, and the applicants, first, in that the cars were overcrowded and that there was insufficient accommodation for the passenger traffic, and secondly, that the services were insufficient by reason of very sections of delays which occurred in the passing of cars on switches and the moving of freight on the road-bed of the company.

Found Traffic Congested
 "This application was not supported by any petition of the ratepayers of the municipality of North Toronto, on the contrary the municipalities of the City of Toronto and the Town of North Toronto strenuously opposed the same. The evidence submitted to the board from time to time by the applicants, the report of the board's engineer, and a personal inspection of the railway made by all the members of the board, established to the board's satisfaction that the service was congested and inadequate. It made it clear that some means should be found to better the service.

"In pursuance of that view, an order was made by the board on the 8th day of March (which was subsequently suspended pending the final disposition of this application) which required the company to give an improved service. In pursuance of that order, the company have now filed plans proposing to extend existing switches and to introduce new switches. These plans show that whereas the existing switches are turnouts total in length 234 ft. 5 in., the company now propose to lengthen the same by 574 ft. 5 in.; this making, when complete, a total length of switches of 808 ft. The company allege and their allegation is sustained by the evidence of their witnesses, that they require the full switching facilities set out in the plans in order to carry out the improved service ordered by the board.

Could Afford Relief.
 "On the contrary, the evidence as a whole shows that the present switches, with an additional switch of ordinary length between Bedford and York Mills, should materially improve the present congested conditions. If the three cars are not given right of way over local cars on the local division.

Despite the evidence put in by the company, we cannot believe that a line of single track of only 20,375 feet in length (less than four miles) should require turnouts of 808 feet in length unless they are really intended to serve the purpose of a double track.

"The company from time to time, as the result of negotiations with the municipality, have sought to obtain privileges to the rights granted in the agreement with North Toronto in the form of wider switching rights. It appears to us that the company are endeavoring to pursue the same line of procedure that they have followed in the past. If they cannot obtain the rights they wished, they should apply to the municipality and not to the board for relief.

A Smooth Evasion.
 "The board have already decided that they have no power to order the double tracking of the road and we are of opinion that if the proposed abnormal extensions to the present switches are constructed, it would practically amount to double tracking the road about forty per cent. of its total length, and it would appear that the company would be thus obtaining by indirect means what they are plainly debarred from obtaining under the terms of their franchise, without the consent of the municipalities.

"A difficult situation is thus created. Increased facilities are needed. The company declare that they cannot comply with the order of the board unless they obtain increased switching facilities, which cannot be provided without occupying a further considerable portion of the highway. The town of North Toronto and the city of Toronto are objecting to the plans being passed on the ground that the object is to dedicate so large an additional part of their highway for the purpose stated. The board do not appear to have any authority to waive the terms of the franchise. The question is, what is to be done?

Rights of Travelers.
 "The rights of the travelling public are entitled to consideration. The municipalities of North Toronto and the city of Toronto refuse to give any further part of their highway for the use of the railway company, the public must put up with the existing inconvenience and discomfort until it becomes so acute that public opinion will

exert pressure upon the councils of the municipalities and bring about negotiations between the parties.

Stand Till Annexation
 "We are of the opinion that the plans should not be approved; that the matter should stand until North Toronto is annexed to the City of Toronto when negotiations should be opened, looking to the solution of this problem in a radical and permanent manner. At best the increased switching privileges asked for as set out in the plans would only be a temporary expedient—would not be a permanent remedy—the snags would be only scooped, not killed.

"While we are not called upon to do anything more than to pass or reject the plans, the situation is one of such great difficulty and such inconvenience to the public that it may not be out of place to suggest what in our opinion, is the proper solution of this difficult situation. It is, in our opinion, to double-track the highway for passenger traffic only and to provide a private right of way for the large and ever increasing freight traffic. It appears to us intolerable that it should be contemplated that a highway, the chief northern artery into the City of Toronto, along which is being borne a large and ever increasing vehicular and other public traffic, should be transformed practically into a right of way for a large passenger and railway freight service.

Who is the Boss?
 "The question narrows down to this, whether the public highway should be subordinated to the interests of the company or whether the municipalities should determine and control their own highway. We are of opinion that this is a matter for the municipalities to decide and that we have no authority to re-make or to vary the existing agreements between the municipalities and the railway company.

"(Signed) A. E. Ingram, vice-chairman; H. N. Kittson, member.

Good As Advice, But—
 Chairman Letch counters in this wise:

I have perused the above document, which was only handed to me on the evening of the 11th inst. If it is intended to give a private right of way to North Toronto and the company to come to such terms as will secure double tracking of the railway, I think well of it. If it is intended as a denial of the company's right to switches, or as a refusal to approve the plan submitted by the company to the board, then, I think it cannot be given to it. With all deference to my associates, for whose opinion on matters within their province I have the greatest respect, I think they have misconceived their duty. It is the duty of the board, in regard to the report of the board's engineer, and the sworn evidence of experts, and decide on their own private opinion. The rights of litigants before the

board cannot be so dealt with. My associates are not experts in railway matters. Mr. Kittson frankly says he is not. Mr. Ingram cannot be said to be an expert in any sense of the term. The position in which he was employed over twenty years ago on a steam railway does not entitle him to speak with the authority of an expert on electric railway operation, traffic requirements or equipment.

The secretary, before settling the formal order will kindly let me see it. (Signed) James Letch, Chairman. Dated 13th Oct., 1911.

ACCIDENT TOLL HEAVY IN CITY

Continued From Page 1.
 severely buried that she died.
Fractured Skull Fatal.
 Andrew Culverwell, who was struck by a Dupont-street car in Yonge-street, near Agnes-street, Wednesday evening, sustaining a fracture of the skull, died at St. Michael's Hospital last night. An inquest will be opened to-day.

The body of a man believed to be that of J. G. Galbreith of Port Hope, Ont., was picked up on a pile of earth on the bay shore at the foot of John-street early yesterday morning. He wore a masonic emblem in his coat.

Two Struck By Cars
 Another will be added to this list by the person of an unknown man who was struck by a westbound King-street car at Queen-street and Colborne-street at 6.50 last night. He got off an eastbound car and walked in front of that driven by Motorman T. J. Bryan. He was picked up unconscious and taken to the General Hospital in the police ambulance. There he is reported to be dying. His skull is severely fractured. He is a man of 80 years and from his appearance a bricklayer or mechanic.

Another unknown Macedonian was struck by an eastbound King car at Queen and Empire-streets at 5.15 last night. He fell from a wagon upon which he was trying to climb, and was struck. His injuries, which turned out to be serious, were dressed at the General Hospital.

Jim Thrush, 24 years, a single man, who lives with his brother in rear of 52 Palmerston avenue, made a determined effort to end his life yesterday morning. He was shaken with drink and had threatened to take his life, so that his brother watched him thru the night. He at last believed him to be quieted, but when he got up, apparently to go to work, he plunged a knife three times into his body near his heart. He is in a serious condition at the Western Hospital.

Chauffeur in Court.
 Frank Kelly, chauffeur, in charge of a motor car, owned by John Doherty, 11 Mutual-street, was in police court yesterday morning, charged with being drunk and driving a motor car, to the menace of the general public. He was remanded till October 16 to allow William Pellman to recover sufficiently from the effects of being struck by the machine in Simcoe-street, Thursday night, to allow him to give evidence. At present he is in St. Michael's Hospital, with a scalp wound, which 24 stitches were required to close. Bill was refused.

Accused of Horse Theft
 William A. Smith, 13 Grange-avenue, single, 28 years, a laborer, and George Thornton, 112 Baldwin-street, single, 22 years, a mechanic, were arrested yesterday by Detective Coates, charged with theft of a horse and rig from E. Uphegrove, a West Queen-street merchant. The horse was stolen Thursday night and recovered in West Toronto.

Traveler Arrested
 Archibald Gillis, 15 Hillcrest Park, 30 years of age, a traveler, was in police court yesterday, charged with obtaining money on worthless cheques for small amounts.

Death From Alcoholism
 Coroner Winnett's jury, sitting at the jail last night, decided that Andrew McChesney, who died there Thursday, came to his death from alcoholism, poisoning. He was on remand from the police court on a charge of being drunk.

Preston East Dome
 The marvellously rich strike of gold made on the Bridges' Claim, the narrowest of the Preston East Dome line, and which runs directly into that property, is one of the most sensational occurrences in mining operations in the Porcupine District.

The man who made this wonderful discovery personally recommends the purchase of Preston East Dome at any price below 50 cents a share. The fact that he, himself, acquired \$10,000 shares of private sale is the most striking proof of his faith in the great value of this find to the Preston East Dome property.

As this gentleman is a mining engineer, capitalist and owner of the Bridges' Claim, the significance of his purchase of Preston East Dome stock should not be overlooked by investors who are seeking capable and reliable guidance in the placing of their investments.

We advised the immediate purchase of Preston East Dome yesterday morning, and those who acted upon our advice already have a profit.

We still advise its purchase for an immediate and substantial rise. The stock is moving rapidly to higher levels. You can make money by purchasing now.

VARSIITY SPIRIT WANING?
 G. T. Blackstock Thinks So—Deplores Unkind Allusions to U. S.

"Toronto is not the university town that it was 25 or 30 years ago," declared George Tate Blackstock, K.C., at the opening meeting of the University College Literary and Scientific Society last night in Convocation Hall.

"I regret and deplore the fact that the influence of the university does not make itself more prominent than it does. Twenty-five or thirty years ago it played a greater part in the life of the community."

The discarding of the cap and gown wrung a strong protest from him. "It is an indignity that ought to be at once required," he stated.

"Little by little the dollar and the commercial instinct of the people are crushing out sentiment. One of the greatest obligations which rests strongly on the students of this institution is to develop the sentimental side of the work."

"One of the most important features in the social and political life of Canada is the influence of the civilization of the United States. One of the most potent questions which we have before us to-day in Canada is our relationship with the country to the south of

 Dr. Chase's Ointment will relieve you at once and is certainly a cure. It is a hot ointment of Edmanston, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c stamp to pay postage.

SOCIETY

The Hon. R. L. and Mrs. Borden left Ottawa on Thursday in their private car for Quebec to meet T. R. H. the Duke and Duchess of Connaught. Accompanying them were the Hon. Geo. Perley, Miss Ethel Perley, Mr. A. E. Kemp, and Miss Hazel Kemp.

A program of sports was given at Stanley Barracks yesterday afternoon and tea was afterwards served in the Officers' Messroom. Colonel Victor Williams received, Mrs. Williams not having returned from England yet.

Mrs. Lawrence Baldwin is in Hamilton.

Mrs. Charles Edgar Stone has issued invitations to a tea at McCorkers, on Tuesday, Oct. 31, from four to six-thirty o'clock, to introduce her daughter, Ethel.

The marriage takes place quietly today of Miss Bessie Louise Le Page, to Mr. Norman Collet, Guelph.

Mr. and Mrs. Carroll are visiting Mr. and Mrs. Hoehrington, in Waterdown, Ont.

Mrs. W. Hamilton, 23 Beatty-avenue, is giving a tea from 4 to 6.30 this afternoon.

The Royal Melvyn Male Choir will give a concert in Massey Hall this evening.

Mrs. W. J. Eagen, 243 Huron-street, will receive on Friday, the 28th inst., from 4 to 5 o'clock, her sister, Mrs. F. K. MacMillan, who is leaving shortly to reside in Saskatoon, with her family.

Owing to the death of Major MacLaren, Barrie, the Mississauga Horse Ball, which was to have taken place at the King Edward on the 3rd of November, has been cancelled.

Mr. and Mrs. Wallace Jones are leaving for England, and will be absent for some weeks.

Mrs. S. G. Beatty leaves for California the first week in November to visit her daughter.

Sir Edmund Walker and Colonel Deacon are at the Frontenac, Que.

Mr. and Mrs. Kenny have moved to Toronto from Carlisle, Ont.

The Women's Literary Society of University College, will hold its annual autumn tea in the main building at 4.30 this afternoon.

Mr. and Mrs. Playfair have sent out invitations to the marriage of their granddaughter, Mary Georgina Alexander, to Mr. Charles Wilton Fleming, on Oct. 28.

Prof. Michael Hambourg and the Faculty of the Hambourg Conservatory of Music have issued invitations to their inaugural recital and reception in the Margaret Eaton School at 4 o'clock this afternoon. Mr. and Mrs. Mark Hambourg, who arrived from Montreal this morning, will be present at the reception, and leave town again on Sunday evening. Mark Hambourg will give a concert in Massey Hall on Oct. 15.

Mark Hambourg will be the guest of honor at a reception given by the Arts and Letters Club this evening.

The marriage of Miss Muriel Jarvis to Mr. Bob Sinclair takes place this afternoon in St. James' Cathedral, with a reception afterwards at 236 St. George-street.

The Toronto Hunt Club Steeplechase and gymkhana will take place at the Hunt Club at 3.30 this afternoon. Tickets for sale at the gate.

Mrs. Howly has returned to Berlin after a visit to Miss Ethel Perley in Ottawa.

Mrs. Eriton Francis has returned from Ottawa.

The Hon. Geo. A. Cox and Mrs. Cox went to Montreal early in the week.

Miss Frances Gardner is with Mrs. Williamson, 39 Gloucester-street, for the winter.

Mr. and Mrs. J. Denton Ellard, Jr., and their son are at the "King Edward" on a visit to Mrs. Ellard's father, Mr. Robert Stark. They will be there for two or three days. They are on their return to Europe, where they have been for nearly three years.

Mrs. Timothy Eaton gave an afternoon tea yesterday for the delegates to the ecumenical conference.

Mr. and Mrs. Philip Armstrong are staying with Mrs. Bankes Balnes, Cecil-street, until the 26th inst., when they will leave for Atlanta, Georgia.

Mrs. Norman Melisod Campbell, who has been in town for some weeks, has returned to Montreal.

Mrs. Percy Clarkson (nee Harris) will receive, for the first time since her marriage, on Friday the 30th inst., with Mrs. Clarkson, 7 Barton-avenue.

Mrs. Rupert Pratt, who has been visiting Archdeacon and Mrs. Perry in St. Catharines, has returned to town, her sister Miss Madie Harris, Boston, is staying with in Markham-street.

Mr. William Ross, Cleveland, Ohio, one of the leading characters with the Vaughan-Glaser Company this week, has been the guest of his aunt, Mrs. Wilson, 583 Euclid-avenue.

Mrs. D. M. McKenzie, Dunsobin, Langmuir-avenue, near Lambton, will receive on Tuesday, the 17th inst., and afterwards the third Tuesday in every month.

A recital of interest to music lovers is announced to take place in the Conservatory Music Hall early next month, the event being the professional debut of Miss Muriel Goggin, contralto, and Miss Mary Morley, pianist. These young artists are already well known in musical circles, and doubtless their program will prove very attractive.

St. Clement's Church was the scene of a very pretty and fashionable wedding on Wednesday evening, October 11, at eight o'clock, when Miss Blanche Isabel Break, daughter of Mr. and Mrs. Peter Break, was united in marriage to Mr. Franklin Sherwell Buck, son of Mr. and Mrs. F. S. Buck, all of Toronto. The Rev. John Bushell performed the ceremony.

The bride was given away by her brother, she wore a gown of ivory duchess satin trimmed with Irish lace and a tulle veil caught with a spray of lilacs of the valley. She carried a shower bouquet of bridal roses and maiden-hair fern. She was attended by Miss Vera Widdup, gowned in pale yellow crepe de chine, with large black velvet picture hat and carrying a white bouquet of chrysanthemums. The groom was attended by his brother, Mr. Harold Buck. Mr. Will Keyes was usher.

The "room's" gifts were: To the bride, a gold watch and fob, the bridesmaid, a pearl brooch, and the best man a Masonic jewel.

A reception was afterwards held at the bride's new house in Winesave-avenue, where her mother received, wearing pale blue marquisette.

The young couple left for Ottawa, the bride going away gowned in black velvet and black picture hat. On their return they will reside at 82 Winesave-avenue.

Mrs. Frank F. White (formerly of Harrison, Ont.) will receive for the first time since coming to Toronto, on Thursday, Oct. 19, from four to six o'clock, at her house, 43 Riverdale-avenue.

TEETHING TIME WORRY.

Baby's teething time was once a source of worry to all mothers—it is not a time of worry to many, though, as there are thousands of mothers who have learned the secret which banishes this worry. Mothers who worry, who see their little ones suffering from difficult teething, who are worn out by day and kept awake at night by the cries of the baby in distress, should follow the example of the thousands of mothers who have used the famous Baby's Own Tablets—the remedy for worry—the never-failing banisher of baby's pain. Containing Benzoic Acid, Menthol, and Vanilla, the Tablets make him healthy and happy and his teething easy and painless. I would not be without them. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

SPANISH LOSSES IN MOROCCO.

MADRID, Oct. 13.—The Moors in the Rif country are attacking the Spaniards at every opportunity, usually sustaining losses greatly in excess of those inflicted. The Moors assaulted the camp at Imaruten, and Ishafen on the night of Oct. 10. They left 30 dead on the field. Two of the Spanish soldiers were wounded.

El Correo, however, publishes a letter from its correspondent at Melilla, Spanish in the light of Oct. 9, estimated at 400 dead and wounded.

To Enlarge Varsity Stadium

The board of control decided yesterday to permit the University of Toronto add to the accommodation of the stadium on the athletic field by the addition of bleachers.

Slap For M H O

The report of the health department advising the city to chlorinate the effluent from the trunk sewer was referred back at the meeting of the board of control yesterday.

Controllers Hoeken and Ward asked that the disposition be planned be tried out before deciding to chlorinate the effluent.

\$1,200 FOR BREACH OF PROMISE

BARRIE, Oct. 13.—(Special).—Charlotte E. Schell, Collingwood, to-day was given a verdict of \$1,200 in default of her suit for breach of promise against Joseph J. Redmond of Collingwood. No defence was offered.

Edward Chapman, Allendale, charged on two indictments for assault on Della Doran, a girl of 14 years of age, was acquitted.

Want Report From Chief

The board of control did not agree at once yesterday with recommendation of the fire and light committee that Chief Thompson be given two district fire chiefs. They asked him for a detailed report showing why he needed the two extra district chiefs. He said the four he had shown could not do the work unless they were given motor cars.

Will Not Close Rooms

In order to keep the children under the care of the medical inspectors, Dr. Hastings has ordered that the rooms in the schools in which diphtheria has broken out be kept open.

THIRTY YEARS OF DISGORGING ECZEMA CURED

"Ever since I was a little girl, thirty years ago, I had suffered tortures from eczema in one of its worst forms. The disease runs in my family, and mine was of a very bad and most disgusting kind. The eczema formed in round rings, and then scales all over my face and limbs. I have been smothered from head to foot, I was never cured, which is famous for its sulphur baths and pure waters, and one would think that after taking such a course as I did, the eczema would have been cured, but it was not. I attended the hospital for years, and years, so you will see I was in a bad way."

Everyone in the town knew of my case. My face was disfigured, my body was covered with scales and scabs, and I was unable to do any work. I had completely disappeared. Now my skin is clear and healthy. I owe this to the Cuticura Remedies. I am completely cured of eczema. All my neighbors were cured of eczema. I bought a box of Cuticura Ointment, and I used it as directed. I used it for a week, and I was cured. I bought a box of Cuticura Soap, and I used it as directed. I used it for a week, and I was cured. I bought a box of Cuticura Tablets, and I used it as directed. I used it for a week, and I was cured. I bought a box of Cuticura Cream, and I used it as directed. I used it for a week, and I was cured. I bought a box of Cuticura Lotion, and I used it as directed. I used it for a week, and I was cured. I bought a box of Cuticura Powder, and I used it as directed. I used it for a week, and I was cured. I bought a box of Cuticura Paste, and I used it as directed. I used it for a week, and I was cured. I bought a box of Cuticura Ointment, and I used it as directed. I used it for a week, and I was cured. I bought a box of Cuticura Soap, and I used it as directed. I used it for a week, and I was cured. I bought a box of Cuticura Tablets, and I used it as directed. I used it for a week, and I was cured. I bought a box of Cuticura Cream, and I used it as directed. I used it for a week, and I was cured. I bought a box of Cuticura Lotion, and I used it as directed. I used it for a week, and I was cured. LEVEL CROSSINGS TO GO FROM CITY'S NORTH END

Disagreement of Railways Likely To Benefit Toronto—Compromise on Freight Yards.

What The World yesterday, in its report of the sitting of the Dominion Railway Board, said would happen, has happened: the board has ordered the C.P.R. to prepare plans for the elevation of all its northern tracks west from Yonge-street to Dufferin-street.

No decision was reached in the fight between the Canadian Pacific and the Canadian Northern over the latter's proposal to build a new main line and city entrance at North Yonge-street.

Chairman Mabey again made the suggestion as the railways seemed unable to agree that joint operation at North Toronto was the best way out of the difficulty.

The board then ordered plans prepared for the track elevation. Out of the quarrel between the two roads has come a great win for the city.

More property holders appeared on the scene to assert that their houses and land would be lessened in value by the North Toronto plans of the railways.

The board in the afternoon first took up the C.P.R.'s proposed entrance to the freight yards to be built on the old government house site.

The plans for the new C.P.R. freight terminal call for a six-story building on King-street. The teaming would be done from the rear, on Wellington-street.

The Guild of Civic Art wanted the board to order the stone work of the new bridge covered over with concrete.

You All
Particulars

We have been successful in securing another high class sub-division on the "Hill"—the finest, highest class and healthiest exclusive residential district in or around Toronto, which will make you money by investing now.

The panoramic view from this property is magnificent; it overlooks Upper Canada College, the whole of the central portion of the city, and on clear days the Island and Lake can be seen.

Part of the property is beautifully wooded, and those who would like to have a home with park-like surroundings can obtain the choice of the wooded part of COLLEGE HEIGHTS in as large lots as they wish, the minimum frontage allowable in the wooded portion being 50 feet.

The Southerly section of the property overlooks the beautiful ravine which it is intended to make part of the boulevard and driveway scheme around the city—according to the Park Commissioner's plans.

The land is high and dry and has a natural drainage.

The air is dry and clear and without doubt the purest and freshest in or around Toronto.

Surrounding Properties All Selling at Considerably Higher Figures
College Heights lots from \$22.00 to \$50.00 per foot.

Arrange with us to motor you to the property on Saturday afternoon—a representative will also be on the grounds.

THE ABOVE for sale by W. A. Lawson, 102 Church street, Toronto.

Close of Navigation
MONTREAL, Oct. 13.—The close of the present season of navigation was heralded this morning by the announcement made by the Montreal Transportation Company that no more of their grain steamers would come to Montreal this year. Grain brought down from Fort William to Kingston will be shipped to this port by barge, the regular boats all being employed in moving the season's harvest from the head of the great lakes to the Granite City.

Old Man Robbed.
John Brisson, an old man employed as city watchman on St. Clair-ave., charged Thos. Bailey and William Barry with assaulting him and robbing him of \$15 early yesterday morning. In police court yesterday morning both men denied being out of their houses at the time when the assault occurred. There was a doubt in the magistrate's mind which helped some and both were discharged.

World and Furious Racing in Porcupines—Advances Shown

Shorts in Preston Stampeded And Shares Double in Value

Most Strenuous Trading in Months on Mining Exchanges—Preston Up to 40—Cobalt Active and Shares

World Office, Friday Evening, Oct. 13.—The market for the Porcupine issues fairly boomed to-day, trading being the most strenuous in a long time, and the big transactions running into the dollar figures for any season since the early summer.

The activity was, of course, due to the remarkable developments in Preston East Dome, mention of which is made elsewhere in these columns. Preston was by far the most active issue in the list, the heavy trading in the shares probably establishing a new record for the local market.

Strenuous as were the dealings in the stock, the price changes were even more so. Quotations were widely different on the three exchanges, and permitted of profitable arbitrage transactions many times during the day. On the Standard Exchange the opening price was 29, a gain of 8 points over night, and a further advance of 1-2 was made, with the close at 31-1/2. After the close of the market brokers were bidding as high as 33 among themselves for thousand shares.

On the Dominion Exchange Preston sold early in the day as high as 40, or 11 points over yesterday's price. This did not hold, however, the shares quotations a figure more in common with quotations elsewhere during the morning.

There was a tremendous rush on the part of the shorts to cover their contracts in the stock, and it was buying for this account more than anything else that brought about the sudden change. A big short interest accumulated during the recent decline, and once the price began to rise a regular stampede occurred.

The upward movement was not confined to the above-mentioned issues, several of the other cheaper Porcupine shares showing marked strength and scoring good advances. Dome Exteriors sold up half a point to 79, Swastika was up two to 36 and Crown Chartered gained a fraction at 38, a new high for the movement.

The big issues were quiet and comparatively unchangeable. Hollinger sold at 12-3/4, yesterday's low point, and Rea held around 12-9/16.

The Cobalts developed some activity, and some of the cheaper issues scored advances. Great Northern and Chambers-Perland were the features, the latter issue gaining about 15 points to 14. McKimley-Darragh led the higher stocks, advancing 6 points to 17-1/2 on a responsible buying.

PRICE OF SILVER.

R. R. Bonnard's London cable yesterday reported Porcupines selling as follows: Hollinger, 12 3/4 to 13, and Northern Out, 12 1/2 to 13. Mexican dollars, 40 to 41.

New York Curb.

Chas. Head & Co. report the following prices on the New York curb:

Doubt closed at 14 1/2, 300 sold at 14; Dome Ex. 78 to 79, high 80, low 78, 2000; City of Cobalt, 12 1/2 to 13, high 14, low 12 1/2, 124 to 125, 100 sold at 12 1/2; Porcupine, 22 to 23, high 24, low 21, 1000; Crown Reserve, 22 to 23, high 24, low 21, 1000; Green, 22 to 23, high 24, low 21, 1000; Nipissing, 22 to 23, high 24, low 21, 1000; Rea, 12 1/2 to 13, high 14, low 12 1/2, 1000; Standard, 12 1/2 to 13, high 14, low 12 1/2, 1000; Swastika, 35 to 36, high 37, low 34, 1000; United, 35 to 36, high 37, low 34, 1000; Vipond, 35 to 36, high 37, low 34, 1000; Wetlaufer, 35 to 36, high 37, low 34, 1000; West Dome, 35 to 36, high 37, low 34, 1000.

NEW GOLD FIELD

Haleybury Men Bring Excellent Ore Specimens From North Abitibi

That a new gold field has been discovered in the latest development reported by recently returned mining men. The new district is in the unexplored territory north of the Haleybury, which has set northern limits due east of Cochrane, near the Quebec boundary line.

Two Haleybury prospectors, Harry Durrell and Tom Carmichael, are credited with discovering the new gold field, and it is stated that they brought out ore samples weighing about 15 pounds, which have set northern mining men in a furor of excitement.

The formation is different from that at Porcupine in that little known rock appears and that quartz takes the place of sugar quartz. The formation is mostly granite and gneiss.

The route into the North Abitibi country is by way of Cochrane, east to a point where the G. T. P. crosses the Widman River. There are a lot of small holdings on route, a great many of them about six miles. The two prospectors staked extensively in the section.

The next prospectors' rush is likely to be into this section.

ANSWERS TO CORRESPONDENTS.

G. S. Toronto.—The Amalgamated Cobalt Mines own 28 acres west of the Trethewey at Sarskank Lake, north of the town of Cobalt. This property is being worked by the Haleybury Company, which holds a short-term lease. Amalgamated also own 60 per cent. of the stock of the Coleman Cobalt, whose 30 acres near the Silver Leaf at Kerr Lake are being worked under lease by the Nova Scotia. The company also owns 66 per cent. of the Toronto Cobalt, which holds 15 acres. Nothing is being done on this latter. The Michigan Cobalt worked one of the Amalgamated properties under lease, but did not make good and lease was allowed to lapse. Amalgamated may or may not be worth one cent a share. It has been taken off the board at the stock exchange. There does not seem to be anything in sight for the company under present conditions.

Munro says.—The mining properties being worked in Munro Township are almost due east of Hazelton. They are mostly in the last concession. The Detroit New Ontario is in lot 10. There are no proven mines as yet, but there are some good prospects. None of the known properties are in lot 5.

BULLISH ON SILVER.

Semuel Montagu & Co., brokers, of London, England, comment as follows on the silver situation:

Offerings from America have been unusually small and the chief cause of the steadiness this week has been the absence of sellers, but the outlook in India is distinctly more favorable, and with the currency returns showing a further reduction in the treasury reserve of about 2 1/2 crores, a more bullish feeling appears to exist in the bazaars.

Rio Tinto Dividend Cut.

LONDON, Oct. 13.—The Rio Tinto Mining Co. declared a dividend of 2 1/2 p. a share, a reduction of 2 p. a share as compared with the disbursement six months ago. The cut in the rate is smaller than had been expected.

The Fort Garry.

The work of constructing the second of the Grand Trunk's system of palatial hotels has begun at Winnipeg. It has been definitely and finally decided that the new style of architecture at the magnificent "Chateau Laurier" at Ottawa, shall be called "The Fort Garry."

POTTING DOWN A SHAFT AT THE LUCKY CROSS

Management Is Sinking on "Gold-on-Sidewalk" Vein—Thirty-Four Leads Shown on Surface

SWASTIKA, Oct. 10.—(From Our Man Up North.)—The main working shaft at the Lucky Cross Mine was started yesterday when Manager Van-dergift set double crews at work. The sinking will go on by hand till the compressor plant is up and working. The boiler is placed and the machinery should be in motion not later than Nov. 1.

The shaft is located on No. 16 vein where the golden sidewalk was discovered early in June. Blasting will be done to open new cavities for the dome in which the finds occur at the bottom of the cut the gold shows all the way down as far as the naked eye can see.

The ridge on which the main work is being carried on is crossed with leads. Trenching shows 24 veins on the surface, 16 of which are 18 and 18, are especially strong ones. The shaft is located so that it will be easy to pick up thru cross-cuts and drifts the best work of leads on the dome part of the ridge.

Mr. Cole of Cole & Smith, Toronto brokers, is spending his holidays at the mine and is well pleased with the results of the three months' work, which started on June 10 last.

THREE DISTINCT DOMES ON PIKE LAKE CLAIMS

Promising Indications on Swastika Property—Free Gold Showings Rival Porcupine's Best.

SWASTIKA, Oct. 10.—(From Our Man Up North.)—Following the cutting of the main lead with the core drill at the 64-foot depth, shaft work will commence on the Pike Lake Gold Mines. Manager Brown hopes to get down to the 50-foot level within the next few weeks. A dozen men are now engaged in stripping and barring the leads.

The Pike Lake Gold Mines control four claims directly west of the Swastika Mines. Pike Lake forms the southern boundary line to the four claims with the Otto Lake Mines just across the lake.

All four claims have been well prospectured. Drilling from east to west on nearly a direct line are two parallel ridges in which wide leads occur. The lead which is now being drilled varies from 20 to 40 feet in width. Free gold values have been found all along the surface of the main lead, where opened, the erratic at times. Splashes occur that are in places that rival many of the Porcupine finds.

Big Values in Domes.

The interesting factors to the main lead are the three domes. Beginning at Pike Lake the lead is cleaned off for a distance of 220 feet. Hummocks of quartz come in all along the trenching, and the surface of the lead is a wide rounding dome protrudes. Here the lead apparently breaks to occur in the shape of another dome 100 feet farther to the east. Big values show in this second dome.

Two hundred feet further east still another dome is shown, and at this point measures 40 feet in width. A small vein of quartz comes in on the west to add something to the values in the dome.

Perhaps 100 feet to the north of the main ridge runs another lead, and when the core drill has punctured the first big lead, the drilling will be continued to cut up the second one. The first vein should show in the cores at the 64-foot depth, while the second should be caught in the 50-foot level on the angle the drill is taking.

The history of the cores so far shows a mineralized schist and silica in the country formation. The schist is of a light gray color and not too hard. The quartz, where the domes are opened, is of a bluish color and very evenly grained, the crystals being extremely fine.

One-Body at Depth.

From every indication values appear to be higher. The management are working hard to prove up an ore body. Drilling and shaft sinking are the first means following the extensive amount of trenching that shows up a body. Manager Brown is extremely anxious to get down to the 50-foot depth. The shaft will go down on the vein, following whatever dip there may be. In this way the management will be in a position at all times to know just what values the vein contains. It is the belief that the lead, on which the push work is now being carried, is a strong one and carries rich values. It is not the only lead on the property that shows values.

The work started June 17, and the results accomplished since that time are surprising. Chas. Fox.

MARY GOOD LEADS ON M'LAUREN VET. CLAIM

Whitney Twp. Property Shows Up in Splendid Shape—Healthy Quartz in Test Pits.

PORCUPINE, Oct. 11.—(From Our Man Up North.)—Following the strike of the lakes where weaknesses are noted in the rock formation, as illustrated in the Pearl Lake and Big Dome sections, where small bodies of water cut in on two sides, mine men are interested in the showings on the surface of the dome from which claims in the south half of lot 8, concession 2, just to the south and west of Bob's Lake, in Whitney Township.

Only a little work has been done on this lot as claims of this kind are held without assessment duties.

What the fire left unprospected is small. Running thru the four lots from north to south are a series of ridges of Keewatin schist with an occasional intrusion of granite. In the schist are quartz stringers, more plentiful in the schist domes. In places the lot is an outcropping of pits have been sunk it is noted that the stringers enlarge and form junctures a short distance from the surface.

Quartz Heavily Mineralized.

The ridges are burned clean. In the north-west quarter of the lot lies a sulphide vein running, as far as can be detected from the stripping that runs from 20 to 30 feet in width. A pit is down there, to a depth of six feet the quartz is heavily mineralized and mixed with well, the dark colored schist. On the surface of the lot is an outcropping of a lighter color.

The quartz stringers show plainly over the surface, country rock being eroded from the top of the finely mineralized schist. The showings are themselves in the overburden that comes in over the dip in the ridge.

Along the north half of the middle line of the lot is an outcropping of strong, healthy-colored quartz in the schist ridge. The quartz carries heavy iron in rust along the seams and is well mineralized with iron pyrites.

To the east and south of this outcropping are several small quartz veins running nearly parallel in an almost east and west direction. A trench was run over the ridge to intercept the leads and wherever the veins are cut the quartz shows that same heavy mineralization.

Promising Showings.

In the extreme southwest quarter of the lot are perhaps the most promising showings on the property. Three test pits have been sunk to a depth of about from 10 to 12 feet, each with quartz showing in each pit. The pits come on the north side of the ridge that enters the lot from the claim on the south. In one hole nearly five feet of quartz appears at the bottom of the pit.

In every instance where the pits have been put down the schist stands well on edge and the fractures appear to be perfect. The schist varies in color from light gray to dark. The quartz carries black seams and is finely grained. The mineralization appears in both schist and quartz.

The whole country is heavily capped and with the showings in quartz leads on the surface running from two inches to several feet, mine men in Porcupine have faith in depth bringing an ore body.

Only depth will tell and for the good of Porcupine those interested in the district would be glad to see deep development work start in this section at once as southwestern Whitney has many promising leads yet untouched. Chas. Fox.

Scenic Views on Mattagami River and the Porcupine Gold District

We have on the press an illustrated BOOKLET, known as "MATTAGAMI HEIGHTS," to be sent free on request.

There is an EMPIRE BUILDING in Northern Ontario. MATTAGAMI HEIGHTS is destined to be the LARGEST MANUFACTURING and DISTRIBUTING point in the new PORCUPINE DISTRICT.

MATTAGAMI HEIGHTS is the key of the situation. Its location is HIGH, DRY, SIGHTLY, WELL-DRAINED, and has a COMMANDING VIEW of the surrounding country. It will be the PREMIER CITY of the PORCUPINE DISTRICT.

MATTAGAMI HEIGHTS is the centre of the development of this whole district. It is situated within a eighth of a mile of Mattagami Landing, the principal shipping point on the Mattagami River, and is located within a third of a mile from the DEPOT, which for many years to come will be the terminus of the T. & N. O. Railway.

MATTAGAMI HEIGHTS lots are now on sale. Early selection should be made in order to secure choice location.

BUY LOTS IN MATTAGAMI HEIGHTS. A few hundred dollars invested now means the nucleus of a FORTUNE later on.

Money Markets. Bank of England discount rate, 4 per cent. Open market discount rate in London for short bills, 3 1/2 per cent.

Foreign Exchange. Glassbrook & Cronyn, James Building (Tel. Main 5517), to-day report exchange rates as follows:

Bonds and Stocks. Bought and Sold on Commission. A. E. AMES & CO. 53 KING ST. WEST.

British Consols. Consols, for money 117 1/2. Consols, for account 117 3/8.

Ontario Bank Chambers. Canadian Failures. The number of failures in the Dominion during the past week, in provinces, as compared with those of previous weeks, and corresponding week of last year, are compiled by Dun's, as follows:

ST. LAW. Receipts of tax of grain and wheat—That—One to 100.

SOBREST OO WITHOUT. No wonder Extractor sells different from have ever used.

Weather. The Missouri district have been farm work, but wheat crop in generally better than last year.

Chicago, O. In winter crop run up the price was steady at latest trading in 48 hours higher, and no sign to do, do.

Reduced Particular at official statement wheat yield in 1911 was 400 bushels less than in 1910.

Chicago. Receipts of wheat at the port were as follows: Wheat 100,000 bushels.

Winnipeg. Receipts of wheat at the port were as follows: Wheat 100,000 bushels.

Winnipeg. Receipts of wheat at the port were as follows: Wheat 100,000 bushels.

Winnipeg. Receipts of wheat at the port were as follows: Wheat 100,000 bushels.

Winnipeg. Receipts of wheat at the port were as follows: Wheat 100,000 bushels.

Winnipeg. Receipts of wheat at the port were as follows: Wheat 100,000 bushels.

Winnipeg. Receipts of wheat at the port were as follows: Wheat 100,000 bushels.

Winnipeg. Receipts of wheat at the port were as follows: Wheat 100,000 bushels.

Winnipeg. Receipts of wheat at the port were as follows: Wheat 100,000 bushels.

Sharp Advance in Wheat Prices Foreign News More Bullish

Stimulating Developments at Home and Abroad Give Strong Tone To Chicago Exchange—Liverpool Higher.

CHICAGO, Oct. 13.—Serious shortage in winter crop seedling helped today to raise the price of wheat. The close was steady at 4 1/2 to 5 1/2 cent advance. Latest trading left corn just the same as yesterday, but a shade higher. Higher, earlier in the session, fairly active and to 10c lower; yorkeys, \$8.80 to \$9.00; stage, \$8 to \$8.25; plus, \$7.75 to \$8.00; heavy, \$8.25 to \$8.50; rough, \$7.50 to \$7.75.

Authoritative reports were received, especially east of the Mississippi River, that a large area of winter wheat has been killed in an unneeded condition. This planting delay, which was attributed to a considerable degree to excessive rains, is a considerable factor, brought about a large volume of buying, and sent the market to the top of the range. Earlier in the session, strong cables, more rain northwest and a big demand had tended to give prices a lift.

Particular attention was given to an official statement estimating that the wheat yield in Russia will be 240,000,000 bushels, less than a year ago. There were also reduced figures for the crop in Australia. Cold weather in the Argentine acted likewise against the wheat. It is believed that any further delay in the opening of the season would be light. Between the opening and the close, December advanced from 88 1/2 to 94 1/2, with last sales 90 1/2 a gain of 5 1/2 net.

In the corn trade, wet weather was offset by predictions of much heavier rains next week. The first of the new crop was received here today, December average from 94 1/2 to 94 3/4, closing steady at 94 1/2 to 94 3/4, precisely the same as the wind-up of the previous session. Spot grades were only in fair demand. No. 2 yellow finished at 72 to 73 1/2.

Cash houses were good buyers of oats. The south was said to be better off in oats and bidding on outside prices touched by the December option proved to be 47 1/2 and 48, with the close 47 1/2 up at 47 1/2.

Provisions weakness due to lower quotations for hogs was in the main overcome as a result of the strength of grain. When the market showed pork unchanged to 1/2c up, had not altered, or 1/2c to 5c down, and ribs at a shade to 1/2c decline.

Northwest Receipts. Receipts of wheat in cars at primary centers were as follows: Week ending Oct. 13, 1911. Chicago, 1,217; Minneapolis, 1,357; St. Paul, 1,387; Duluth, 309; St. Louis, 361.

European Markets. The Liverpool market closed today 1/2c higher on wheat and 1/2c higher on corn. Budapest closed lower, Berlin 1/2c lower, and Paris 1/2c to 1/4c lower.

Winnipeg Inspection. Winnipeg receipts of wheat to-day graded as follows: No. 1 northern, 20 cars; No. 2 northern, 10; No. 3 northern, 10; No. 4 northern, 10; No. 5 northern, 2; rejected, 4; feed, 8; no grade, 7; winter wheat, 6. Oats receipts were 30 cars.

Argentine Shipments. The weekly Argentine shipments are as follows: This week, 1,248,000 bushels; last week, 1,248,000; two weeks ago, 1,248,000; three weeks ago, 1,248,000; four weeks ago, 1,248,000; five weeks ago, 1,248,000; six weeks ago, 1,248,000; seven weeks ago, 1,248,000; eight weeks ago, 1,248,000; nine weeks ago, 1,248,000; ten weeks ago, 1,248,000.

Australian Shipments. Australia's wheat shipments, 1,125,000 bushels, against 850,000 bushels last week and 550,000 bushels last year. Our agent cables that the outlook for the wheat crop is fair, with some rains would be desirable. Other private authorities estimate that the crop outlook is unfavorable.

Weather More Favorable. The Modern Weather Weather conditions have been more favorable for farm work, but a large part of the wheat crop is unharmed. This is especially so east of the Mississippi River. West of the Mississippi and Missouri rivers a large part of the wheat is in the ground, but in Missouri and Kansas fall rains have been heavy, and in some places early, but these conditions are mostly local.

Winnipeg Grain Market. Close. Open. High. Low. Close. Wheat—To-day, Wk. ago, Yr. ago. Receipts, 2,376,000; 1,232,000; 968,000. Shipments, 991,000; 500,000; 412,000. Oats—To-day, Wk. ago, Yr. ago. Receipts, 1,102,000; 313,000; 449,000. Shipments, 675,000; 339,000; 339,000.

ST. LAWRENCE MARKET. Receipts of farm produce were 300 bushels of grain and 11 tons of hay. Wheat—One hundred bushels sold at \$7 to \$8. Two hundred bushels sold at \$7 to \$8. Wheat—One hundred bushels sold at \$18 to \$22. No. 1, and \$13 to \$15 for mixed.

SOBEST CORN REMOVED WITHOUT PAIN QUICKLY. No wonder Putnam's Painless Corn Extractor sells so well. You see it is different from any other remedy you have ever used. It does not merely relieve the pain temporarily, but is guaranteed to remove the cause, sores, corns or callous, no matter how long it has bothered you. It is a 25c bottle of Putnam's today and prove it. The same tells the story—Putnam's Painless Corn and Wart Extractor, which is sold by druggists.

FOREIGN CROP NEWS LESS OPTIMISTIC

Cables Report Deteriorated Prospects in Russia and Australia—Sharp Upturn in Wheat Prices

Wheat—It was a good dull day in wheat, with a square advance of 1/2c over Wednesday, closing prices at best point of the session. News from most quarters of the globe was helpful to buyers. The day began with a very strong cable from Liverpool. There was an official estimate that 240,000,000 bushels below that of last year. Another cable report claimed about 25 per cent reduction in the Argentine wheat crop. Several private cables again claimed an injury to Argentine crop from frost, but this news was not taken seriously. Feeling is decidedly more bullish.

Pinkey Barrell wired: "Wheat—Under the influence of stimulating cables and hardening of cash prices, market ruled strong from start to finish, and closed firm, 1/2c to 3/4c higher. Signs are multiplying that wheat is gradually working into a stronger position. The use of the word 'strong' in a bull market is public interest, and we believe outsiders will take hold at a higher level, as the strength of the cash position in this country becomes more apparent." Ericsson Perkins & Co. (J. G. Besty), wired the following: "Wheat—Market opened firm and so ruled through the session. Further selling was not done, and the market gave strength to these markets. The market today has shown a broadening tendency, with considerable increase in the volume of trade. Strong spots in buying should be avoided, but we believe and advocate the long side on fair reactions."

Our Western Crop. Grain men have reduced their estimates of the western crop, and the market has reacted accordingly. The market is steady, with professional opinion and the fact that the harvest and permitted of frost damage to such an extent that it was considerably damaged by the weather. The market is steady, with professional opinion and the fact that the harvest and permitted of frost damage to such an extent that it was considerably damaged by the weather.

FRUIT MARKET. Down at the wholesale fruit market on Friday there was a fairly active demand for almost all lines of fruit. The market was steady, with professional opinion and the fact that the harvest and permitted of frost damage to such an extent that it was considerably damaged by the weather.

Chicago Live Stock. Cattle—Receipts, 2,376,000; 1,232,000; 968,000. Shipments, 991,000; 500,000; 412,000. Hogs—Receipts, 1,102,000; 313,000; 449,000. Shipments, 675,000; 339,000; 339,000.

MONTREAL GRAIN PRICES

Some Export Business in Low Grade Manitoba—Advance in Oats

MONTREAL, Oct. 13.—There continues to be a good inquiry from foreign buyers for Manitoba spring wheat, and considerable business is doing in low and feed grades for October-Notover shipment. The local market for oats is strong, and prices have scored a further advance of 1/2c to 3/4c. The demand from local buyers for buckwheat is good, at 81c to 82c per bushel, and 50,000 extra No. 1 feed at 41c to 42c, plus. The demand from local buyers for buckwheat is good, at 81c to 82c per bushel, and 50,000 extra No. 1 feed at 41c to 42c, plus.

New York Cattle Market. NEW YORK, Oct. 13.—Beef—Receipts, 1,102,000; 313,000; 449,000. Shipments, 675,000; 339,000; 339,000. Hogs—Receipts, 1,102,000; 313,000; 449,000. Shipments, 675,000; 339,000; 339,000.

Cotton Markets. Erickson Perkins & Co. (J. G. Besty), 14 West King street, report the following prices on the New York cotton market: Oct. 13, 1911. Cotton—Receipts, 1,102,000; 313,000; 449,000. Shipments, 675,000; 339,000; 339,000.

COTTON AT NEW LOW. Sharp Break in New York in Response to Slump in Liverpool. Erickson Perkins & Co. (J. G. Besty) wired: "Prices broke sharply at the opening this morning in response to a sharp decline in the Liverpool market. Further liquidation was encouraged by private reports of a general lowering of the spot basis at southern points, declines ranging from 1/2c to 3/4c. As on previous days, the buying power was limited to trade buying on a scale and short covering, general sentiment continuing to be bearish. The instants amounting to 60,000 bales, against 167,000 last year, and 14,000, against 22,000 in 1910. For the future, the weight of the basis continues against advancing markets, but we favor purchases on a scale in view of the cheap prices prevailing."

Currency Movements. NEW YORK, Oct. 13.—The known movements of money for the week ended Wednesday indicate a loss by the banks of \$1,157,000.

New York and Boston Cattle. King Street West, over his direct-privy sale, reports the following: New York Cattle—Receipts, 1,102,000; 313,000; 449,000. Shipments, 675,000; 339,000; 339,000.

PRESTON ON THE JUMP. Big Purchase of Stock Sends Short Traders Stampeding. The news from the north yesterday in respect to Preston East Dome resulted in an entire reversal in sentiment respecting this issue, and resulted in one of the most spectacular movements ever seen in the mining markets.

Preston East Dome sold yesterday at a high of 40 cents a share, against 10 cents, the ruling quotation on Thursday. This remarkable appreciation in value was due largely to short covering, a regular stampede of the short interest developing as a result of the new developments.

The story of the exceedingly rich ore from the Bridge claim, now known as the Little Pete Gold Mines, and immediately adjoining the Preston claim in DeLoraine was told in yesterday's World. The sequel is still more interesting.

Col. Stuart Weatherly, the British vice-consul at Nome, Alaska, who is interested in the Little Pete Mine, and who brought down the samples, interviewed the Preston East Dome promoters, and opened negotiations with them for the acquisition of a block of Preston stock. As a result, Col. Weatherly bought 100,000 shares of the mine. Both parties to the deal refused to divulge the price paid, but it is stated to have been materially above the market.

Col. Weatherly secured an option on an additional 500,000 shares of Preston, and the announcement is made that the option price is 50 cents a share. Immediately this development was known on the street, a strenuous demand for Preston East Dome arose, and the price advanced to 40 cents.

The recent decline in the shares in DeLoraine and deal of short selling, and it was largely buying for the short account which induced the rapid bulge.

A WORLD WONDER. Big Things Predicted For Dome and Dome Extension. Attention is being focused on the Dome district as never before. Its wonderful riches are accentuated now by the strike on Preston, which has just south of the Dome, and the developments now going on on a large scale on the Dome Extension and the Dome are watched with intense interest by all who are interested in those properties.

A mining man of prominence said yesterday that the Big Dome was undoubtedly one of the world's wonders. He expressed the opinion that when crushing got into full swing on the Big Dome, that it would be able to pay its shareholders 100 per cent per annum and continue doing it. The Big Dome has now ore ahead that will keep its mill busy for a quarter of a century.

The opening of the ore bodies on the Dome Extension will start from now on, and this property is expected to rival in importance even the Big Dome itself. The diamond drill is expected to hit the Golden Sidewalk vein in the Dome Extension ground at the 400 foot level in the near future, and a wild outburst of trading in a foreign currency would charge \$2.00 to \$3.00 for merely writing out a prescription like this—but I send it entirely free. 4c.

Send Name and Address To-day—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakness, indigestion, and general debility, which I have used with the most successful results. It is a simple, natural, and safe remedy, and it is the only one of its kind. It is the only one of its kind. It is the only one of its kind.

Let Me Send You This Book FREE. It fully describes my Health Belt, and contains much valuable information. One part deals with various ailments common to both men and women, such as Rheumatism, Kidney, Liver, Stomach, Bladder disorders, etc. The other part is a private treatise for men only. Both sent upon application, free, sealed, by mail.

Dr. A. B. Sanden, 140 Yonge St., Toronto, Ont. Dear Sir: Please forward me your Book, as advertised, free.

PELLETIER UNOPOSED. MONTREAL, Oct. 12.—(Special).—Hon. S. N. Parent, ex-chairman of the transcontinental railway commission who was here to-day, stated that he was not going to run against Hon. L. P. Pelletier in Quebec County, and he was going to use whatever influence he had to prevent opposition to any of the new ministers. This, of course, puts a quietus to the story that Sir Charles Fitzpatrick would resign and contest Quebec County with the postmaster-general.

Peel Conservatives. A convention of the Liberal Conservatives of the County of Peel will be held in Brampton on Saturday, Oct. 21, to nominate a candidate for the provincial election.

Mr. Robert S. Gourlay, president of the County of Peel, will lay the cornerstone of the new West Presbyterian Church, corner of Montrose Avenue and College-street, this afternoon, at two o'clock. Others taking part in the proceedings will be Rev. Mr. Barbour, Dr. A. Gillray, and the pastor, Rev. J. A. Turnbull.

The Pleasures of Autumn Out o' Doors

This is the time of year when the hearts of Canadian men and women are rejoiced by a succession of glorious days--each one seems to be the season's valedictory before the rude arrival of winter. Every Saturday such out-door diversions as the gymkhana or golf or football are planned, and even if we are only spectators, we should at least live up to our opportunities and appear "well turned out" for the occasion.

Men who are familiar with the Simpson Store have come to recognize it as a place to buy smart togs at very reasonable prices. Extremes are avoided here, but 'safe and sane' dressers will always find what they want, and the best of its kind, at prices away below what they'd pay for the same things in specialty shops.

A smart overcoat in the new two tone brown diagonal weave English tweed. Made in single-breasted style to button through; the same style in diagonal woven dark grey tweed overcoating, perfect in fit, workmanship and style, an ideal young man's coat. Price **\$15.00**

Another beauty is made from a light grey overcoating in single-breasted style with black velvet collar, lined only through the shoulders. Price **\$15.00**

A light grey tweed in a fancy weave, with dark brown velvet collar, single-breasted. Price **\$16.00**

Night Clothes and Sweater Coats

Men's English Flannelette Pyjamas, double-breast, curved fronts, fancy stripes. Sizes 34 to 44. Regular \$1.25, Monday **.98**

Men's Heavy Winter Weight English Flannelette Night Robes, large and long turn-down collar. Sizes 15 to 19. Regular 75c. Monday, 3 for **\$1.65**, or, each **.59**

230 Boys' Heavy Sweater Coats, with high collars, or the V shaped neck, small, medium and big boys' sizes. Regular \$1. Monday **.69**

Men's Boots

600 pairs Men's Goodyear Welt Boots, made from tan calf, velours calf, gunmetal, vicci kid and patent colt leathers, Blucher and button styles; styles for business, dress and outdoor wear; all sizes 6 to 11. Regular prices to \$5.00. **2.95**

Portieres and Window Hangings Half-Price

Velour Portieres, some silk lined, some velvet lined, some trimmed with fine Galoon borders, some plain reversible.

Silk Window Curtains, trimmed and decorated, some with valances, velour and tapestry window curtains, silk brocades, monk-cloth, curtains of Madras, casement cloth, or chintz, various sizes, styles and colors.

All of the above have been made up for window display or for decorative purposes, and the actual values are from \$2.50 to \$87.00 each. **Monday Morning, Half Price**

Spoons and Forks

Tea Spoons, heavy silver-plated Louis XV. pattern handles. Regular \$3.00 and \$3.50 dozen. Monday, set of six **1.00**

Dessert Spoons and Forks, Louis XV. pattern handles. Regular \$5.00 doz. Monday, set of six **2.00**

Tablespoons and Medium Forks and Soup Spoons, Louis XV. pattern handles. Regular \$6.00 dozen. Monday, set of six **2.50**

The Finest China Offering Ever Held Out to Toronto Housekeepers

We do not allude solely to the quality of the china, although there is no better china made to-day, but we want to impress it upon you that you can't buy china at any other time or place at prices like those prevailing at the Simpson Fall China Sale.

Before you read the list of specialties for Monday, consider—
Firstly—The sale will soon be over.
Secondly—Monday is THE day for great bargains in all kinds of household necessities.

- 20 only 8-inch Fruit Bowls, rich cut design, in beautiful mat finish. Regular \$6.00. Sale special **3.98**

Beautiful Carpets

What article of furnishing is there in the home that gives more satisfaction and pleasure than a carefully selected rug, a really sanitary and easily handled one that can be lifted right off the floor every day if necessary, and the whole floor wiped over or brushed?

We have an assortment of rugs to please everybody. Imported Axminsters, seamless and seamed, but no mitres at corners. Wilton, in five different grades. Brussels, of every description and color. Artistic Wool Rugs, in beautiful shades of rose, blue, green and tan, so suitable for bedrooms. Tapestry and Velvets, which give a sense of warmth and comfort at a very reasonable cost—and last, but not least—those pleasing and interesting products from the hand looms from the east—Turkish and Persian, in a variety of different styles from door mats to carpet size rugs. We imported a large shipment of a very fine quality of Bath Mats in six sizes.

The remainder of those left in stock, not many, we will clear on Monday at the following prices:

Size	Regular Price	Special
36 x 72	\$8.85	\$6.95
30 x 60	6.00	3.95
24 x 54	4.75	3.15
24 x 48	4.00	2.95
36 x 56	4.85	3.25
20 x 36	2.50	1.95
