SUNSHINE IS NEEDED TO RIPEN BIG CROPS

Heavy Two-day Downpour Did Great Deal of Good Thru-out the Province, and Farmers Are Rejoicing—Fruit Growers Pray For Warm Weather To Ripen the Strawberries, Which Are Expected Here in Small Shipments This Week.

The rain of Saturday, Saturday night and Sunday was more or less widespread throughout the province, and as far as could be gathered last night, did a good deal of good, altho most of the farmers, and especially the fruit growers, seem to be praying for what is very rare just now, and that is sunshine. The temperature, last evening was up to 70 and at sundown the indications were for hot weather, but later on the clouds indicated more rain. The probabilities are generally fair with stationary or a little lower temperature.

The effect of the rain has been to stimulate all field crops, but there are quite a number of places where the land has never yet dried out and where the seed is not in. Fall wheat was greatly improved by the rain and also oats and barley. The hay crop is coming on at a great rate and promises to be abundant and of a superior quality, especially of clover. Alfalfa, wherever it got a start, has sprung up and some of it will be cut immediately. The mowing of hay may start within ten or twelve days from now in some places. Pasture conditions are exceptionally good and the dairy farms where they have a stock of cows are all making big shipments, either in the way of milk or butter or to the cheese factory.

Want More Sunshine.

The gardeners and the fruit men are especially anxious for more sunshine. The first strawberries were reported on Saturday and in many of the fields there is every indication of a good yield. Large sized green berries were to be seen on many vines yesterday

WOMAN WAS DEAD R. F. THOMAS HUSBAND DRUNK DIED, AGED 80

Mrs. Florence Hardy's Body Found in Filthy Premises on Teraulay Street Saturday Night.

Well-Known Accountant Who Lived 60 Years in Toronto Was Stricken With Pneumonia.

In bed in a filthy room at 48 1-2 Teraulay-street, with her husband and another man stretched on the floor in a drunken stupor, Mrs. Florence Hardy was found dead at a late hour on Saturday evening. The police, who found the body, first heard of the woman's death when an unknown man called up No. 1 station and stated that the woman was lying dead at the house and that her husband was drunk. Two officers were at once despatched to the scene, and the body was removed to the morgue. The officers state that the house inside was in a terrible condition from accumulated dirt and rubbish, and that the occupants were drunk. The woman's death is attributed to heart failure, and an inquest will likely be held.

More Than \$20,000 Pledged For Support of Missions

One Member of Christian and Missionary Alliance Put Diamond Pin on Plate—Two Pledges for \$5,000 Each—Word of Missionaries' Death.

The largest sum that has been raised in a single day since their first convention held here was contributed yesterday by the Christian and Missionary Alliance, at the concluding day of their annual convention, held at the Toronto Bible Training School. Following sessions at the afternoon and evening sessions, the sum of \$29,100 was pledged to be devoted to the support of missionaries in the foreign field.

The addresses of the speakers had such an appeal on the audience that when the collector for the missionary work was taken up one of the members placed with it a diamond pin, which he had been wearing, with the request that it be sold and the proceeds devoted toward the carrying on of the foreign missions.

Two of the pledges given were for \$5,000 each, and a number were for \$1,000 and \$500.

The alliance has approximately 200 missionaries in the foreign fields, dis-

A Political Revolution and the Man of the Hour

Theodore Roosevelt will be the next president of the United States; the indications are that he will be nominated by a convention which was packed against him. But he is stronger than national conventions and national committees. He is the choice of the people for president. He is bigger than his party, or both parties!

There is a situation in the United States, political, social and economic; it must be dealt with promptly and heroic surgery may be needed. Everyone recognizes the situation, but the only man who says he can and will cure it, is Theodore Roosevelt. Many of the conditions incident to the situation have been pointed out and remedies therefor suggested by Senator La Follette and others in the various states. It was Roosevelt who first grasped and enunciated the great truth that the situation was one of national ailment, must be passed upon by a nation-wide primary and someone chosen with plenary powers to deal with it. Later on Mr. Taft and other public men came to realize and to speak of the serious conditions which menaced the republic, but they could only counsel patience and express the hope that, in some way and at some time, a remedy might be found under the constitution.

Mr. Roosevelt says that he can deal with the situation, and that he will deal with it, by measures in the public interest, within or without the constitution. He seems to be the first man in the United States to grasp the idea that the people are above the constitution and that they could exist as a nation under a new fundamental law, or without any constitution committed to writing. At any rate, he proposes to bring about the great reforms universally demanded, leaving the constitution to be adjusted to the changed conditions, so that it will speak with the language of the twentieth century, rather than the language of the eighteenth century.

Here is a sick man with only one doctor who offers to cure him. The other doctors rather doubt if he can be cured at all, and will not guarantee to even relieve him, unless relief is found in a certain pill box marked "Constitution." No wonder the sick man and his friends are inclined to try the surgeon who will cut out the root of his trouble and give him a new lease of life.

Mr. Roosevelt will not refer himself or his policies to the courts. He will assume responsibility, subject always to the recall of the people. It is strange that a great nation, fairly strangled by a rigid constitution nearly 150 years old and tightened by judicial interference and tyranny, should hail with enthusiasm the man who proposes to cut her bonds and make her free?

New Ontario Cloudbursts Create Terror and Havoc Rafts Used in North Bay

Freight Train Hurlled Over 25 Foot Embankment by Violence of Elements—Thunder Most Terrific in History of North—Houses Surrounded by Water.

NORTH BAY, June 16.—(Can. Press.)—The worst electrical storm in the history of Northern Ontario visited this section early Sunday morning, beginning about 2 o'clock and continuing, accompanied by cloudbursts, intermittently until five. Very little sleep was possible to anyone, as crashing thunder shook the houses like cards, one peal succeeding another so quickly as to suggest a bombardment of giant forces. The house of John Brennan was struck by lightning, which passed down the chimney and showered the occupants with plaster from the ceilings, but fortunately caused no injuries. Streets and cellars were flooded, and many gardens ruined. Mrs. Brouseau and her son, living in a small house on Harvey-street, were flooded out and were rescued by neighbors thru the windows at 5 o'clock in the morning. Haag's circus train passing north to Porcupine was caught in the storm and roars of frightened animals gave employees an anxious time. The streets of North Bay in the west end presented a unique appearance with houses surrounded by water and people using hastily improvised rafts to navigate. Many people were thoroughly frightened and thought the end of the world had come, and no one could be found this morning to say that they had ever experienced anything similar before. In the country sections many barns were destroyed and much damage done to crops.

Fifteen miles from North Bay on the Timiskaming & Northern Ontario, a freight train was hurled down a 25-foot embankment by a cloudburst, the engine and nine cars being piled up in a promiscuous mass of wreckage, more dangerous to trappers by flying logs with which some of the cars were loaded. Engineer Newman was badly injured, having a broken shoulder, cut face and other injuries. He is now in North Bay hospital. Brakeman Fill and Fireman Sirons received minor injuries.

MISS TILLEY PASSED AWAY

Daughter of Late Sir Leonard Tilley Was Well Known on Account of Charitable Work.

The death of an old and respected resident of the city occurred at St. John's Hospital yesterday afternoon when Miss Julia Tilley, daughter of the late Sir Leonard Tilley, Lieutenant-Governor of New Brunswick, and finance minister under Sir John A. Macdonald, passed away after a short illness from heart trouble. Miss Tilley had been a resident of Toronto for the past 25 years, coming here shortly after her father's death in 1887. She was 69 years of age, and resided at 54 Boswell-avenue.

Miss Tilley was actively engaged in church work during her residence in the city, and was well-known for her untiring efforts in the cause of charity. She leaves two sisters and two brothers, who are very well-known. Mrs. Chipman of 60 Prince Arthur-avenue; Mrs. Thos. Burbe of Sherbourne-street, Thomas, a grain broker of Montreal, and Leonard, who is of Conservative candidate in St. John for the New Brunswick Legislature. The funeral service will be held at the Church of the Redeemer on Tuesday afternoon, and the body will later be taken to London, where interment will take place on Wednesday afternoon.

SHOULD PROTECT LEVEL CROSSING

E. W. Prent Complains of Danger in Letter to Board of Control and Railway Commission.

Complaining against the dangers of the Bay-street crossing and recommending that a footbridge be erected until the viaduct is built, E. W. Prent, 811 Huron-street, has written to the Dominion Railway Commission and the board of control asking that something be done to safeguard the public. The crossing, he claims, is poorly lighted at night, and added to this the rails are two or three inches above the level of the street, which makes it easy to trip. "The shunting and switching, he says, is going on almost continually in spite of the fact that more than 1000 people use the crossing every day."

Mr. Prent calls attention to the fact that there was almost another bad accident there on Saturday night, injuries or deaths, he claims, are almost inevitable unless something is done to eliminate the danger.

STERLING BANK OPENS BRANCH ON YONGE-STREET.

The Sterling Bank of Canada will establish a branch in the premises until recently occupied by the Bank of Montreal in the Kent property, south-east corner of Yonge and Carlton-streets. The office will be open for business this morning.

TAFT GETS 235 AND COLONEL BUT 19

Dying Hours of Steam-Roller's Work Enlivened by Bitter Opposition to Texas Decisions, Col. Lyon Proving Doughty Warrior—Convention Starts To-morrow.

CHICAGO, June 16.—(Can. Press.)—Its closing hours attended by exhibitions of tense partisan and personal feeling among its members, the Republican national committee concluded to-night the hearing of the contests involving 254 seats in the national convention which is to assemble Tuesday. The sum of its work is: Roosevelt 19, Taft 235.

President Taft to-day received 62 delegates, Col. Roosevelt 5. All of Washington's 14 went to the president, against the protests of Senator Poinsett that the "country would judge the cause." Out of Texas he secured 26 of the contested 39, over the prostrate form of Col. Cecil A. Lyon, who declared "you may depose me now, but I will be back four years from now when many of you will not."

In Virginia, where the issue was drawn between negro voters and the regular state organization, the president received the entire contested delegation of 39. In the district of Columbia he won 2, Committeeman Sidney Biseby going to defeat with the Roosevelt delegation.

Want Clean-up in Texas.

The finish of the hearing of the contests was marked by incidents more strongly indicative of the division between the Taft and Roosevelt forces than any in the preceding days. Col. Lyon, fought each of the Texas contest cases personally and was defeated in all but two of them.

In the end Col. Lyon was called upon to fight a resolution for an investigation and reorganization of the whole structure of the Republican party in Texas. Presented by Thomas L. Devine of Colorado, it proposed a sub-committee of three from the national committee to attempt a change in the Republican organization of the state that would destroy the system of county representation described by the Taft attorneys as a survival of the "rotten borough" methods of England. Committeeman Lyon declared he would fight such a proposal to the end.

"I have heard much recently of the '100 days' and the 'return from Elba,'" he said. "I give you fair warning that if you persist in the way you are going there will be a repetition of another historic incident, the commune."

The Washington cases, almost the last to engage the committee's attention before the conclusion of its ten days' work, were concluded by a threatened personal combat between Francis J. Heney and Committeeman Kennedy of North Dakota, which was prevented only by the interference of their associates.

3-CENT FARE PAYS SURPLUS

Cleveland—Earnings for May Highest Company Has Had.

CLEVELAND, Ohio, June 15.—Earnings under 3-cent fares for May by the Cleveland Railroad Company were the highest in its history. The report submitted to the directors on Saturday showed an actual surplus of \$32,000. The book surplus was \$34,000. A small deficit had been expected.

The highest previous earnings of the lines in a single month were an actual surplus of \$14,000, made in March. The book surplus that month was only \$23,000. In April there was an actual deficit of \$23,000, and a book deficit of \$28,000.

May earnings indicate that the 3-cent fare is assured for the rest of the year. The interest fund now stands at \$440,000.

TRAIN WRECK IN SWEDEN KILLS TWENTY.

LINKOEPING, Sweden, June 16.—Eighteen persons were killed and six injured in a collision which occurred last night between a mail train proceeding to Stockholm and a freight train at Malmalast Station. Among the victims was a daughter of the late Auguste Strindberg, the novelist. The first sleeping car of the express was completely wrecked and two others were badly damaged.

Two of the injured died to-night, bringing the total up to twenty.

HARD FIGHT FOR NEGRO DELEGATES BY TARIFF CUTS

Sixty-six Men Who Hold Balance of Power Urged to Desert the President.

CHICAGO, June 16.—(Special to New York Sun.)—The fight to force the Taft negro delegates from the south—the black sixty-six who claim to hold the balance of power in the convention—to break their pledges and vote for Roosevelt, is getting hotter every hour. Roosevelt is being preached as the race creed by some of the ablest negroes in the country and the enthusiasm has reached a pitch of almost religious fervor.

Last night at the Pekin, the negro theatre, on South State-st., more than 1000 negroes, among them some of the delegates, roared and shouted their approval as the Rev. R. C. Ransom, the colored preacher from New York, and a power among his people, told them that the delegates were freed from their pledges since President Taft

REMARKABLE GROWTH OF CARPENTERS' UNION

Reports Presented at Hamilton Conference on Saturday Showed Increases of From 30 to 100 Per Cent.—Wm. Laurot Goes to Washington.

HAMILTON, June 16.—(Special.)—The Ontario Conference of the United Brotherhood of Carpenters and Joiners of America, was in session in Labor Hall, here, all day Saturday. The most delegates present was the appointment of a delegate at large to attend the general convention of International Carpenters and Joiners, which is to be held in Washington, D.C. The representative nominated was Wm. Laurot of Niagara Falls, the president of the Ontario Conference. The alternative delegate appointed was C. H. Wood.

It was also decided to hold the next semi-annual convention in London on the Saturday before Thanksgiving.

Two amendments to the constitution were proposed, one being to establish a superannuation fund in connection with the convention, and the other being to give any local power to charge

CELLULOID NOVELTIES, PHOTOGRAPHIC AND KODAK SUPPLIES ARE CHIEFLY AFFECTED—HELPS COMPETITION.

OTTAWA, June 16.—(Special.)—The tariff reductions on certain materials used in Canadian manufactures as announced on Saturday by the government, are based entirely upon statistical information secured by the officials of the customs board, following representations made by a number of manufacturing companies. In fact the manufacturers have on different occasions during the past few years asked that these duties be removed. The reductions announced by the governments are not, however, of such a sweeping nature as a hasty glance of the list would at first indicate.

Every article can be used solely as manufacturing material and chiefly in

STORM WHICH WROUGHT HAVOC OVER CENTRAL WESTERN PORTION OF STATE—WAS HALF MILE WIDE AND FIVE MILES LONG—MANY TOWNS WRECKED.

KANSAS CITY, Mo., June 16.—(Can. Press.)—Twenty-six persons are known to have been killed and many injured by a storm that passed over Central West Missouri late Saturday, demolishing buildings, tearing down wires and leaving the smaller towns and country homes completely wrecked. From meagre reports that have been received, it is believed that the storm that struck Kansas City late yesterday, causing the death of two persons and doing damage amounting to many thousands of dollars, swept to the south thru Bates County, where it left a trail of death and destruction.

The path of the storm here was half a mile wide and five miles long. Between Merwin and Adrian 19 persons were killed. At Creighton, in Cass County, two are known to be dead, while at Leeton, in Johnson County, two are dead, and unverified reports say others have been killed.

After striking Merwin the storm took a northwestward course, passing Sedalia, where the wind did much damage.

In the country between Merwin and Adrian the storm came up suddenly and swept clean its path thru the northern section of the country.

Carried Baby a Mile.

When Henry Cameron and three of his children were killed, the wind picked up another child and carried it away. The baby was found to-day a mile from home, uninjured. The bodies of Gibson and Fred Groves were found more than a mile from their home, where they were when the storm struck. In another place the storm, in passing over a farm, killed 50 head of live stock, but did no other damage.

Thruout the stricken district wires are down and communication is carried on by messengers.

Relief trains have been sent from Windsor, Warrensburg and Sedalia to the country, and from Sedalia many undertakers were asked to hurry to the scene.

EASTERN STATES HIT.

PITTSBURG, June 16.—(Can. Press.)—Two persons were killed, a score or more injured, and heavy financial losses were sustained as a result of a severe electrical and windstorm that swept western Pennsylvania, eastern Ohio and western Virginia to-day. The fatalities are reported from Washington County, Pa., and northwest Virginia. From advice received to-night, scores of persons are in a serious condition from being stunned by lightning, while others sustained hurts when trees were uprooted and buildings unroofed.

FALLING STEEPLE KILLED THREE.

ZANESVILLE, O., June 16.—(Can. Press.)—Three were killed and a score or more injured to-day when a tornado caused the steeple of St. Thomas' Catholic Church to crash thru the roof while services were in progress. The steeple's head was crushed by falling stone, and he was instantly killed. John F. Finan, crushed, died two hours later in a hospital. The storm cut a path about a block wide thru the town.

Baseball Toronto 3 J. City 2 Lacrosse Westminster 6 Vancouver - 2 Turf Results at Four Tracks

Note and Comment

The deluge came at an inopportune time and served to cancel most of the splendid program of afternoon sports that had been arranged for Saturday afternoon.

Leafs With Only Three Hits Defeat Jersey City 3 to 2 - Kelley Buys Catcher Bemis.

The Leafs may take new life and set back into the stride they displayed in the fourth row last night. Bemis is back in uniform. They started well on the trip abroad, that will last thru the east end of the circuit and ends with the return of the boys to meet Rochester at the Beach.

The Washington Senators, who are winning game after game in their mad dash thru the west, are now only four games behind the major league record of consecutive victories, held at twenty, by the Providence Grays when a member of the National League in 1874.

Because the gamblers had control in many cases and because individuals crooked job business as bookmakers and horse-owners and not infrequently as track proprietors at one and the same time—that is the chief reason why forty-one race tracks in the United States have been closed and not as a result of the reformers' activity, and property worth millions of dollars has been practically ruined, together with the American breeding industry.

The following is the wall from the pen of a New York writer: In New York State, Aqueduct, Jamaica, Belmont Park, Gravesend, Sheepshead Bay, Brighton Beach, Empire City, Saratoga and Kenilworth.

The Chicago tracks—Washington Park, Herlan and Hawthorne—were shut up as a result of bitter political warfare in Cook county. The fair grounds, Kinloch Park and Delmar Park in St. Louis were put out of business by former Governor Joseph Folk, also Edward Corrigan's track in Kansas City.

Two finely appointed tracks in Hot Springs, Ark., called up the shutters several years ago. John Condon, the blind Chicago strong man, owned the tracks on the Oklahoma Park venture. In California, Emeryville, Ingleside, Tanforan and Santa Anita are going to wreck and ruin. Long ago the game was smothered at Roby, Ind., and Alexander Island, Va. Texas got in line by prohibiting racing and bookmaking at San Antonio and Dallas.

It looks like Toronto and the Nationals to fight it out for the championship of the Big Four with Vancouver, being away from home this year.

Johnny Kilbane's featherweight champion of the world, will receive \$4000 for minutes of fighting when he takes on Johnny Dundee in a ten-round bout in New York to-morrow night.

Once you taste COSGRAVE'S Half and Half no other brew will suit you. Everyone finds it so for

Cosgrave's Half and Half has the true bitter taste that Half and Half should have. An appetizer and a tonic. It is snappy and pure and wholesome. Bottled only by the brewers. On sale at all hotels and wine merchants.

HERE IS THE FIRST LETTER

Here is the first letter of the name of a new Canadian product to be placed on the market on Dominion Day—July 1st.

Twenty-five Dollars in Gold divided into five prizes, of new Canadian five-dollar gold pieces, will be given to the senders of the first five correct answers received, giving the name of the product and what the product is. As many solutions as desired may be sent in.

NO ENTRANCE FEE REQUIRED

Write your name and address plainly, and forward your guesses as soon as possible to Contest Department, Room 106, Mail Building.

Employes of the manufacturers as well as newspaper employes debarred from competing.

Letters must bear postmark not later than June 27th, 1912.

The Advertising Managers of The Mail and Empire and Telegram will act as judges, and their decision will be final.

Home Teams Easy Winners In Big Four Lacrosse League

Tecumsehs Start Out Well Against the Nationals, But Fall Away and Lose by 9 to 4.

MONTREAL, June 15.—Nationals defeated Tecumsehs here today by 9 to 4. The Indians started well, but could not keep up the pace.

Nationals—L. Heureux, Cattarinch, Duckett, Desaire, Clement, Lachapelle, Desnoye, Dube, Gauthier, Pitre, Lamoureux, Bonhomme. Tecumsehs—J. Brennan. Judge of play—J. Tucker. The game was started in due course, Dulude was cautioned for slashing Fletcher over the head. Play for some time was of a "give-and-take" nature, each side having a fair share of the play, but neither side could score. The Nationals fed Gauthier persistently, evidently figuring that he could not get it. This he failed to do entirely, and at times showed signs of temper at being so closely checked. The quarter ended without either side having scored.

Second Quarter. Rain started in the second quarter, but not sufficiently to make the going uncomfortable. Nationals were aggressive from the start, and for some time scored as the Frenchmen honor of opening the ball in less than a minute and a half from the start. Score: Nationals 2, Tecumsehs 0. Dulude made it 2 to 0 a couple of minutes later, and then Tecumsehs took a bounding shot. Score: Nationals 2, Tecumsehs 1.

Goals began to come quickly now, and before the end of the quarter the Nationals had made Nationals 3, Tecumsehs 1. A small fire in the grand stand provided a little excitement for a time, but before the end of the quarter the goal after getting away from his cover. Score: Nationals 4, Tecumsehs 1. The quarter ended without any further scoring.

Third Quarter. Nationals were again aggressive at the start of the third quarter, and their speed in the first two minutes was amazing. Fifteen seconds over the minute Bouloume caught goalkeeper never saw it. Score: Nationals 5, Tecumsehs 1. Play became a little more exciting as the quarter progressed, and Tecumsehs began to show slightly improved form. Goals of a game all three at last found goal. Nationals 5, Tecumsehs 2. A minute later Durkin netted another. Nationals 5, Tecumsehs 3. Nationals neutralized one of these three Lamoureux ten seconds later. Nationals 5, Tecumsehs 3. Gauthier was hurt and was replaced by Dussault. Third quarter over.

Fourth Quarter. A high wind added to the misty rain did not make matters any more comfortable at the start of the closing period. Nationals were early aggressive. Fire, with a nice back-handed shot, scored seven minutes from the start. Nationals 7, Tecumsehs 3. Bouloume made it 8 to 3 for Nationals on a long shot from the side of the goal. The Tecumsehs defence became completely demoralized as the quarter progressed, and Lamoureux was allowed to net an easy goal, which trebled the score. Nationals 8, Tecumsehs 4. Tecumsehs sent in Donald Smith to replace Durkin. Smith made his presence in the game felt by netting after a long run in from centre field. Nationals 9, Tecumsehs 4. Game over.

Torontos Defeat Irish-Canadians at Beach in the Rain by 7 Goals to 3.

The Torontos defeated the Irish-Canadians Saturday at the Beach by 7 to 3 before a good crowd, considering the weather. They played on a soggy field with rain falling throughout the game.

The line-up: Toronto—Goal, Gibbons; point, Hart; Powers; second defence, Stage; third defence, Fitzgerald; centre, Dandeno; third home, W. Fitzgerald; outside home, Long; relay, first home, Donihue; outside home, Kalls; catcher home, Warwick. Irish-Canadians—Goal, Brennan; point, Roberts; cover, White; first defence, third defence, Aspell; centre, Kane; second home, Layden; second home, P. Scott; inside home, Geo. Roberts. Judge of play—W. McInerney, Ottawa.

Tommy Fitzgerald secured at the face-off and ran it down. On a pass in front of the rival goal the ball went high and the Toronto territory. After some near play, coupled with much slipping, Charlie Fitzgerald secured and getting the ball for the first counter, in 2 1/2 minutes.

The Irish were keeping the rubber pretty well at the local end, but Fleming's defence were on the job. Stage and Harshaw intercepted some sixties. Billy Fitzgerald dodged about half a dozen in a rush on goal, but shot wild. Donihue followed with a similar play. Shortly after the ball was shot behind the nets. Kalls grabbed it and threw into the bunch. Billy Fitzgerald secured and getting the ball for the first counter, in 2 1/2 minutes.

The ball was now at even-temperatures, and the Irish were playing for breath. If Scott shot wild, and Tommy Fitzgerald brought it down. Kalls scooped the ball from the goal and tossed it in. Time 2:15.

Torontos are now bucking up and covering around the enemy's goal. Dandeno fired over the nets, and the Irish ran it down, only to be checked by Harshaw, who carried it down. Both teams are playing a stellar game, considering the grounds. Torontos' defence have the fast Irish home well covered. Marshall and Powers having the Scott brothers right in hand. Layden got the ball at centre and ran to the bare spot and shot, but Gibbons miraculously stopped it. The ball went back to the Torontos' end, but the Irish secured and relayed it back. Henry Scott uncovered, shot from in front of the goal and bulged the lace in 10 minutes. Score: Torontos 1, Irish-Canadians 0.

ST KITTS BEAT EATONS. ST. CATHARINES, June 15.—Special. The opening C.L.A. league match was played in the city today when the champion Athletics met Eatons. The locals finally won out by 7 to 3, but only after the visitors put up a formidable argument. The score at rest-time was a tie, 2-2, with Eatons playing, if anything, the better lacrosse.

St. Catharines youngsters then took a spurt and scored with one minute to play in the third quarter. In the final quarter the locals ran in three and blanked the Big Store boys. Ripley of last year's Athletics played with Eatons. The field was wet and slippery, owing to the heavy rain just before the game. The teams lined up as follows: St. Catharines—Goal, Dixon; point, Carl; cover, Overholt; first defence, Marriot; second defence, Hestley; third defence, Herr; centre, Richards; first home, Milne; second home, Kalb; third home, Aubron; outside home, McLaughan; inside, McIlwaine; field captain, McIlwaine.

Eatons (3)—Goal, Torpey; point, Hooper; cover, Long; first defence, Porter; second defence, Connolly; third defence, Burrell; centre, Melross; first home, Vanwick; second home, Carmichael; third home, Shesard; outside home, Land; inside, Ripley; field captain, O'Neil.

Referee—E. Doyle. All Niagara district baseball leagues were postponed to-day on account of rain.

Golf Match Postponed. Owing to the heavy rains on Saturday, the match between Rosedale and Mississauga Golf Clubs, to have been played on Mississauga links, was postponed and will be played at a later date.

Padding in Squall Three Events Decided Beach Canoe Regatta

The Beach Canoe Club held their annual spring regatta over their half-mile course at Balm Beach on Saturday afternoon, under most unfavorable weather conditions and in very rough water.

The clubhouse was gaily decorated with the club's colors and contained a large number of ladies, who thoroughly enjoyed the afternoon's sport. Blea's Band furnished an assorted program of first-class music to enliven the intervals between events.

The main event, the war canoe race, was called off for two weeks owing to the bad weather and heavy gulls. The results: Levy's Special Prize—1, Lou Edmunds; 2, Jack Chisholm; 3, Jack White. Time 5:22 minutes.

For this there were four entries, who labored considerably in the heavy swell. It was won by about three lengths, with second and third close together. Double-bladed tandem—1, Multhead and Bell; 2, Edmunds and Kelly; 3, Orr and Fry. Time 6:01 minutes.

This proved to be a well-contested race, with the leading crews well up and fighting hard for victory. The heavy seas prevented good time from being made, but took none of the interest from the race. Single-bladed singles—1, Edmunds; 2, Berry; 3, Jones.

Arty Smith, a starter in this race, had a narrow escape from drowning when he was upset by the heavy swell at the starting point and had gone down twice before he was rescued by some of the club members putting out from the clubhouse in a canoe and picking him up. Edmunds, the winner of the race, was also dumped just past the finishing line, but was soon flung out.

The rest of the program was called off owing to the heavy downpour of rain and rough water. The remaining events will be pulled off on Tuesday and Thursday nights of this week, and some fine paddling should be witnessed.

NO INDUSTRY HIT BY TARIFF CUTS Continued From Page 1.

Three weeks ago representatives of the Canadian Manufacturers' Association interviewed the government respecting a reduction of the duty on a number of articles used by them in the manufacture of their photographic supplies.

There is more talk of a third party in the air than ever. Col. Roosevelt's own words and those of many of his supporters indicate the probability of a bolt, in one form or another, and all the more enthusiastic Rooseveltites insist that if the president controls the convention, as it is admitted, the bolt is probable.

Continued From Page 1. The number of labor disputes in existence increased considerably during May; conditions, however, compare favorably with those of the corresponding month last year. There were 29 strikes reported to the department as compared with 19 during April, and 34 during May last year.

The Family Silverware

The Silverware which is purchased should be "substantial" enough so as to become an heirloom in the family.

That is where "Ryrie" Silver excels—the massiveness of the Silver used and the superiority of the workmanship makes it the finest procurable for gifts of this nature.

Ask to see our \$100 Special Cabinet—it is a striking example of the price attractiveness of our stock.

Ryrie Bros. Limited

WILL ROOSEVELT FORM NEW PARTY

Air in Chicago is Thick With Rumors—Dark Horse Talk is Stronger Than Ever.

CHICAGO, June 16.—(Special to The New York Tribune.)—Opinion is generally divided as to the effect of Mr. Roosevelt's coming to Chicago. Perhaps the only safe assertion is that it will have both a centrifugal and a centripetal effect, and that it will take a year to determine the more powerful.

There is no doubt that there are many good friends of Col. Roosevelt who deplore his coming, who regard it as not only a sad spectacle, but as a most unfortunate confession of defeat.

There are others, however, who are confident that the great magnetism will win the day and that he will be able to promulgate and arguments to support where his political managers were powerless.

Of course, the spectacular features of his coming, his denunciations of the national committee and his speeches generally are not expected by the initiated to the convention, as it is admitted, the bolt is probable.

There is more talk of a third party in the air than ever. Col. Roosevelt's own words and those of many of his supporters indicate the probability of a bolt, in one form or another, and all the more enthusiastic Rooseveltites insist that if the president controls the convention, as it is admitted, the bolt is probable.

There is more talk of a third party in the air than ever. Col. Roosevelt's own words and those of many of his supporters indicate the probability of a bolt, in one form or another, and all the more enthusiastic Rooseveltites insist that if the president controls the convention, as it is admitted, the bolt is probable.

CLAIM 100 FOR TAFT

The New York Times, which is decidedly anti-Roosevelt, claims that the present line-up of instructed and pledged delegates, with all the contests decided, is as follows:

Table with columns: State, Taft, Roosevelt. Lists delegates for various states like Alabama, Alaska, Arizona, etc.

La Follette has 36 delegates—26 from Wisconsin and 10 from North Dakota, and Cummins has 10 from Iowa.

Number of delegates in the convention 1078 Number necessary for the nomination 540

LABOR DISPUTES DECREASED

LABOR DISPUTES DECREASED IN MAY. Conditions Compare Favorably With Strike Month of Last Year, But Industrial Fatalities Nearly Doubled.

According to the latest estimates of the department of labor, the continued rise in prices was maintained during May, but not to such a marked extent as during the preceding month.

The number of labor disputes in existence increased considerably during May; conditions, however, compare favorably with those of the corresponding month last year.

There were 29 strikes reported to the department as compared with 19 during April, and 34 during May last year.

CHICAGO RAILS ROOSEVELT AS CONQUEROR

'Twas a Triumphal Progress From Station to Hotel, Where, Addressing Frenzied Throng, He Declared That "Brazen Theft Will Not Be Tolerated."

CHICAGO, June 15.—(Can. Press.)—Col. Roosevelt, wearing his new fighting hat, a compromise between the sombrero and a rough rider's head-gear, came into Chicago late to-day and was welcomed by the managers of his supporters and admirers.

From the station to the hotel, he was in the air through the automobile ride from La Salle-street station to the Congress hotel, waving salutes of acknowledgement of the cheers that marked the former president's passage.

Mr. Roosevelt declared to-night that he had not mapped out a plan of campaign. He was in consultation for several hours with the managers of his candidacy, and then assumed charge of person of "this naked fight between corrupt politicians and thieves and the people."

He refused to discuss the program for the next few days, but he said he would not discuss the full day is still to be given to the protection of standards of living and labor, and involving wages, working hours, old age pensions and kindred subjects.

He refused to discuss the program for the next few days, but he said he would not discuss the full day is still to be given to the protection of standards of living and labor, and involving wages, working hours, old age pensions and kindred subjects.

Government is Pledged to Development of Waterways

Larger Vessels Will Soon Be Enabled to Handle Trade Direct From Port William to Atlantic, Promise Given by Hon. W. T. White at Kingston.

KINGSTON, June 16.—(Special.)—Hon. W. T. White, Hon. J. D. Reid, Hon. Frank Cochrane, Hon. A. J. Matheson, with a number of members of parliament and others, were guests of the city council Saturday night. They made the trip from Ottawa on the Rideau Queen, the minister desiring to make an inspection. Wet weather prevented a trip around the city in automobiles, and the party went to the Frontenac Hotel, where they were entertained a dinner, and speeches followed.

In addition to the ministers the guests included: Dr. J. W. Edwards, M.P.; Senator George Taylor, E. Kidd, M.P.; Wm. Smyth, M.P.; John R. Dargavel, M.L.A.; Dr. Preston, M.L.A.; W. N. Ferguson, K.C.; Toronto, Dr. R. H. Preston, Newboro; T. A. Code, Perth; A. T. Phillips, Supt. Rideau Canal; G. W. Gates, Frank Cook, G. R. Lanefield, Ottawa; A. Seelye, Kemptville; A. T. Wilgates, Brockville; G. F. Shaw, traffic manager Camp, N. York, Railway; W. F. Nickle, M.P.; H. W. Richardson, G. Howard Ferguson, M.L.A., the latter having organized the trip.

MODERN HERESY SUBJECT OF SERMON

Rev. Dr. Endicott Says Christian Life is Not One of Difficulty and Privation—Love-feast Conducted by Two Ministers Who Celebrate Golden Jubilee This Year.

"Modern Heresy" was Rev. Dr. Endicott's topic at the Toronto Methodist Conference service at the Metropolitan Church last night. Dr. Endicott declared it was the greatest heresy for preachers to teach that the Christian life was one of difficulty and privation. The reverse was the case.

The text conforms to the authorized edition, self-pronouncing, with copious marginal references, maps and helps; printed on thin Bible paper, flat-opening, 8-18 Amount of all pages; beautiful, readable type. Six copies of the Bible with the accompanying text-matter, and makes it plain.

MAIL ORDERS will be filled for any style desired upon receipt of the six free certificates and Amount Expense Items, together with 23c for postage. Address THE WORLD, Toronto, Canada.

HOW TO REGULATE TRAFFIC AT CORNERS

Motorman Should Sound Gong When He is Ready to Proceed, so That Policemen Will Not Lose Time, and Drivers of Motor Cars Should Signal Direction of Route.

Men on the "traffic square" of the police at the busy corners declare that a deal of confusion and delay results daily from the fact that when they signal street cars to proceed across the intersections, the cars are still taking on or letting off passengers and are therefore unable to obey the policeman's signal. One of the policemen has suggested a remedy and others on "fixed points" duty say that his scheme ought to be adopted, if not at once, to remove the difficulty. His idea is this: He would have the motorman of the car sound his gong when he is ready to start so that the officer directing the traffic need not give needless signals, and will call upon cars to move only when they are ready to obey his signal.

CONFIRMED 100 AT BERLIN

BERLIN, June 16.—(Special.)—This was an important day to the Catholic clergy and laity of the city, the event being a visit to the city by Bishop Dowling of Hamilton, who conducted the annual confirmation class, which this year was unusually large, there being over one hundred young people and adults confirmed.

CATARACT COMPANY IS GOV.

BRANTFORD, June 16.—(Special.)—The dispute over power rates between the city and Cataract Power Co. has been further involved by the company's acceptance of the city's offer, or to arbitrate before the Ontario Railway Board, naming, however, certain conditions which are counter to the proposals made by the city.

PENIAN RAID VETERAN PASSES.

BRANTFORD, June 16.—(Special.)—Samuel Hall, a Penian raid veteran, and prominent Mason, passed away here Saturday, aged 84 years. He had been a resident of Brantford since 1846. Two sons, John H. Brantford, and George W. Toronto, survive.

RAISED \$5000 FOR NURSES' HOME.

BRANTFORD, June 16.—(Special.)—The Fair of Nations, under the auspices of the Women's Hospital Auxiliary, came to a successful close here Saturday night, over \$5000 having been secured for the nurses' home.

Niagara Falls Schools Crowded.

NIAGARA FALLS, Ont., June 16.—(Special.)—So crowded have the city schools become by increased attendance resulting from a large number of workmen employed in new industries that the public school board will erect two new schools during the summer. Sites will be purchased immediately.

Brantford's Customs Receipts.

BRANTFORD, June 16.—(Special.)—Brantford customs collections for the first 14 days in June have shown an increase of over \$1000 daily, which is a record.

Trusses Like These Are A Crime

Get Rid of Elastic Bands, Springs and Leg-Straps. Such Harassment Has Forced Thousands to Undergo Dangerous Operations. Trusses like those shown above—the leg-strap, elastic and spring contraptions sold by drug stores, surgical supply houses and many self-styled "Specialists"—make life miserable for everybody who wears them. And—when drawn so tight you can scarcely stand to keep them on—they do no good whatever. Instead, they often cause immense harm—they squeeze the rupture, often causing strangulation—dig into the pelvic bone in front—press against the sensitive spinal column at the back. The Plain Truth Is This: Rupture—as explained in our free book—can't be relieved or cured—can't be kept from growing worse—unless constantly held in place. Just as a broken bone can't "knit" unless the parts are held exactly together. And—just as a hand or arm is held—the right kind of truss is the only thing in the world that can keep a rupture from coming out. What a difference it will make when you get that kind of truss. And you can get exactly that kind of truss—without risking a cent of your money. It's the famous Clute Truss or Clute Automatic Massager. No other truss is so far more than merely a device for holding the rupture in place. It's the only truss that holds—how it gives proof—how it ends all expense—how you can get rid of it in 30 days' trial—and gives names and addresses of over you to know about it. Write for it to-day—don't put it off. This book may be the means of adding many years to your life and of restoring you to full strength and usefulness. Just use the coupon, or simply say in a letter or postal, "Send me your book" in writing up, please give our box number, as below:

How It Strengthens and Heals.

In addition to holding the rupture, the Clute Truss, or Clute Automatic Massager, is constantly giving a soothing, strengthening massage to the weak, ruptured parts. On all anatomical points—the massage goes on day long, all without an attention whatever from you. Just as exercise strengthens an arm—is so remarkably beneficial—so this massage—done in 150 cases out of every 200 rupture begins to get better from the day a Clute Truss is put on. Don't go on letting your rupture get worse—don't spend a cent on account of your rupture until you get our book of advice—which two cents for a stamp—or a penny for a postal—will bring you.

The World's Greatest Book on Rupture.

Don't go on letting your rupture get worse—don't spend a cent on account of your rupture until you get our book of advice—which two cents for a stamp—or a penny for a postal—will bring you. This remarkable book—cloth-bound, 96 pages, 31 separate articles, and 13 photographic pictures—took us over 40 years to write—look us that long to find out all the facts we've put in it. It explains the dangers of operations and why they don't always cure a rupture. Tells why—for the protection of the public—drug stores should not be allowed to sell trusses. Explains why belt, spring and elastic trusses can do no good. Exposes the humbug "methods," "appliances," "plasters." And tells—absolutely without misrepresentation—all about the Clute Truss—how it holds—how it gives proof—how it ends all expense—how you can get rid of it in 30 days' trial—and gives names and addresses of over you to know about it. Write for it to-day—don't put it off. This book may be the means of adding many years to your life and of restoring you to full strength and usefulness. 500 Varnished Lawn Seats, in the basement Tuesday, selling for \$1.25 and \$1.75.

Rug Announcement of Unusual Importance

THE NEW "SAXON" RUG, A RICH SILKY LOOKING, PILE FABRIC, AT EXCEPTIONALLY LOW COST.

For a long time there has been felt a want for a rug at a moderate cost that would not have the garish, loud designs and colors which usually go with the very inexpensive makes. For months past our European manufacturers have been working with suitable materials to produce such a rug for us. We have just received a shipment and they open up better even than we had expected. When price is considered they are undoubtedly the most wonderful value yet produced in any rug of this kind.

They are made of a strong vegetable yarn, and have a lustrous pile similar to the well-known Axminster and velvet weaves. In design and colors they are particularly pleasing. There are reproductions of handsome Oriental rugs in greens, blues, tans, and reds, soft and pretty self greens with attractive narrow borders, relieved by a touch of rose color; small detached plain green and red centres with conventional figures on the plain ground and in the borders, and many other unusual and attractive conceptions. Just at this time when there are many needs for inexpensive rugs for the summer cottage, these should be peculiarly suitable, giving a very artistic effect at a trifling cost.

6.0 x 9.0 \$5.00
7.6 x 9.0 \$6.50
9.0 x 9.0 \$7.50
9.0 x 10.6 \$8.50
9.0 x 12.0 \$9.75

See the "Premier" Small Electric Vacuum Cleaner demonstrated in our Carpet Department—a wonderful dirt consumer—costs only \$30.00, and with all attachments for walls and furniture cleaning, \$40.00.
