## CANALS—AMERICANS 8000 FRENCH TOWN OF BRITISH THREE PRISONERS ST. MIHIEL VILLAGES

### BOLD STROKES ACCOMPLISHED BY AMERICANS

First Army Goes Into Action for the First Time.

ADVANCE STEADILY Aided by Tanks and Artillery, Important Ground is Gained.

London, Sept. 12.—The Daily Mail correspondent at the American front sends the following description of the battle along the St. Mihiel sector: "The first American army, under the personal command of General Pershing, for the first time went into action today at the St. Mihiel salient. Never before has there been such a large concentration of American troops for one operation and never have the Americans been in such complete control of their operations."

The event had long been anticipated. Some people assigned to it grandiose objectives, but in reality the attack is far limited objectives only.

Two Weeks Assembling. "The concentration of a great part of the most experienced United States troops had taken place during the past two weeks and everything was planned minutely and with exactitude for a great event in American history. Last night the final preparations were completed."

"The country over which the Americans are fighting is a narrow strip of high ridges and thick woods of every conceivable form of enemy machine guns, and in addition the Germans have a fortified line of resistance, which has everything in its favor."

"At 1 o'clock Thursday morning the artillery preparation began with a roar that could be heard many miles away, and all night it rose and fell with peculiar fluctuations. From all the roads that ran parallel to the front of innumerable guns told of the impending assault. Towards five o'clock the hour of the attack, the firing became even more rapid and its volume mingled strangely with the sound of the rain."

"At dawn whole fleets of tanks manned by strong young Americans and French were to be seen moving out of their shelters to lead the attack. They lumbered on, but the Germans offered little opposition. The American infantry followed in open order, plowing thru the mud, but they were little troubled by the feeble artillery resistance."

"At one point, near Seicheprey, where the Americans had previously fought desperately, the flashes of the German machine gun and automatic fire swept down on the Yanks' right flank, but the tanks and artillery quickly moved in that direction, and the Americans went steadily forward."

"At seven o'clock the tanks had disappeared among the smoke clouds over the ridge in front of Seicheprey. The Germans have offered very little resistance to the advancing Americans. Occasionally a stray machine gun or automatic rifle has been discovered, but it is apparent that the enemy has withdrawn his main strength to a second line, which possibly he will defend with a certain degree of tenacity."

"His artillery has been firing from behind a ridge which runs in front of the American line, but he is being pursued by tanks which at one point took only one out of 45, and that stuck in the mud."

"In the valley the top of what once had been houses in the Village of Richecourt were discernible when the smoke disappeared. "Away to the right, bathed in the sunlight, was the Village of St. Bausant, resting on the side of a majestic promontory. Here the smoke was moving along the valley. The smoke occasionally blotted them from view, but they would reappear soon afterward, walking with easy stride."

"Meanwhile the air was rent with the current of shells passing overhead. American gunners, manning every possible type of gun, were working with mechanical rhythm as they loaded and sent the shells to their destination. The light railways continually brought up supplies."

### Americans Advance And Take Villages

#### ATTACK WAS BEGUN IN MIDST OF RAIN

Operation Was Restricted to Capture of Positions on Tresscault Ridge. With the British Army in France, Sept. 11.—The attack was begun this morning in the midst of rain, which had been falling intermittently for several days. Because of the elevation of Tresscault ridge, however, the ground was not in a particularly bad condition. The operation was a local one, restricted to the capture of positions of the Havrincourt-Tresscault sector. This was the only important action reported on the British front today.

### AMERICAN THRUST LIKELY FOR METZ

Point Attacked Remains Only Sharp Salient in France.

#### ACHIEVING SUCCESS

Late Reports at Washington Indicate Progress in Offensive.

Washington, Sept. 12.—Sixteen months of vast war effort by the United States reached its first goal today when General Pershing's forces struck their first independent blow in France against the German army.

Reports tonight show that success was meeting the American commander's effort to "bring the enemy out of the sharp salient thrust in behind the fortress of Verdun in the first year of the war."

First reports were vague. They told merely that the American artillery had launched an attack around the St. Mihiel salient, the only sharp thrust towards the heart of France that remained to the German leaders to show for their offensive efforts since the war began. It seemed possible that the objective of the attack was Metz, just beyond the German border on the Moselle River.

### TEN MILLION SHELLS FIRED IN FOUR WEEKS

British Gunners Cut German Wire With Greater Thoroughness Than Ever Before. London, Sept. 12.—In their recent advance the British fired more than ten million shells in four weeks. As a result the enemy's wire was cut with greater thoroughness than ever before, and the British commander's work, according to the German statement, destroyed ten guns to the Germans' one.

### NEARLY MILLION MEN REGISTER AT NEW YORK

"On to Berlin" is Cry of People at News of Offensive. New York, Sept. 12.—New York's new army, nearly a million strong, marched to registration centres today, voicing in all the fifty-odd tongues of the polyglot city their willingness to join General Pershing's men overseas.

As news of the first great American offensive was spread thru the long lines of waiting registrants thruout the city, the cry went up, "On to Berlin." Members of the various allied missions on duty in the city were permitted to register at the draft director's office. Nearly 400 of them, many attired in picturesque uniforms, were registered in the first three hours of the morning.

Officials tonight estimate that the number of men registered thruout the country today will exceed thirteen million.

### CALLED TO THE SENATE. M. J. O'Brien of Renfrew, Millionaire Manufacturer, Has Been Appointed.

Ottawa, Sept. 12.—It is understood that M. J. O'Brien, the millionaire miner and munitions manufacturer of Renfrew, has been called to the senate. Mr. O'Brien was a Liberal up to 1917, but ardently supported the Union government at the last election. He succeeds the late Senator Mason of Toronto.

### JAPS AT ROZENGARTWAKA. Tokio Reports Causing Three Hundred Miles North of Vladivostok.

Tokyo, Sept. 12.—A war office communication issued today says: "Our cavalry reached Rozengartwaka, 300 miles north of Vladivostok, Sept. 2."

### COCHRANE WANTS THE APPOINTMENT

Will Insist That He Be Made Chairman of Government Railway Board.

#### STRONG OPPOSITION Not Yet Decided What the Nature of the Board to Be Appointed Will Be.

Ottawa, Sept. 12.—The railway situation continues to baffle the most patient investigator. Quite evidently someone has thrown a monkey wrench into the machinery, but opinions differ as to the nature and extent of the interference. Gossip at the capital says there is a deadlock in the cabinet over the appointment of Hon. Frank Cochrane to be chairman of the board. One of Mr. Cochrane's closest friends and a man of national wide popularity, said to The World this morning: "Cochrane is a proud man, and he feels he is being treated like a child. He will, therefore, insist upon the appointment or tear things wide open. I do not think he cares for the job or the salary. He probably would not retain either 90 days, but he is going to require the prime minister to make his word good or take the consequences."

Mr. Cochrane, as a matter of fact, views the situation philosophically. He refers humorously to the solicitude about his health manifested by people not, heretofore, friendly. He quietly takes it for granted that whatever pledge was made to him by the government will be kept.

On the other hand, it is common talk that Mr. Cochrane will not receive the appointment. The majority of his colleagues are against him. D. B. Hanna has been placed in charge of the Canadian Northern for the present, and the government is satisfied that the road is in good hands.

A member of the board who is today that it has not yet been decided what type of board would be created. There might be a board composed of officials and partly of business men, who would give all their time to the work, or there might be an ordinary company board of rich and respectable men, who would do little more than select the chief officer. He intends, however, that the board would be composed partly of officials and partly of high-class business men, who would be required to devote all their time to operating the national system.

After the cabinet meeting this evening, Mr. Robert Borden said there was no announcement to make about the railways. The impression here is that no announcement is coming.

The present board of directors, consisting of Messrs. Hanna, Bell and Mitchell, were in session here today, but had nothing to give out to the press.

### STRONG RESISTANCE EXPECTED BY BRITISH

Indications Point to Intention of Germans to Defend Positions in New Battle Zones. London, Sept. 12.—All indications on the British battlefield point to the intention of the Germans to defend their positions in the highly-organized battle zone of the Germans' old positions and the Hindenburg line, inundating the country where that is possible. Doubtless, however, they are considering the establishment of a strong line farther back, with the big towns of Douai, Cambrai and St. Quentin as pivots.

It is pointed out that the Germans, since July 14, have shortened their line approximately seventy miles, thereby saving between thirty and forty divisions. A further shortening, however, is not impossible. Hence the British expect strong resistance and counter attacks to continue.

### GERMAN FLEET'S EXIT TO BE SEA SLAUGHTER

Seventy-Eight-Mile Cordon of Warships Watches for Coming Out. New York, Sept. 12.—Confident prediction that a naval battle between the German sea forces and the allied fleets would result in "a marine slaughter" for the Teutons was made by Representative Daniel Rorison after his return to New York today after a inspection of American naval activities abroad.

"Stretched about the point where the German fleet must emerge is a 78-mile cordon of allied warships—British, French, Italian and American—their men on their toes, steam up and guns ready. It took us seven hours to pass this huge flotilla."

### DEBS GUILTY OF BREACH OF U. S. ESPIONAGE ACT

American Socialist Leader Convicted By Jury at Cleveland. Cleveland, Sept. 12.—Eugene V. Debs, charged with violating the Espionage Act, was found guilty by a federal jury today.

He was found guilty of attempting to incite insubordination, disloyalty, etc., in the military and naval forces; attempting to obstruct recruiting and uttering language tending to incite, provoke and encourage resistance to the United States and to promote the cause of the enemy.

### STEAMER CHANGES HANDS.

Detroit, Sept. 12.—It is understood that the steamer Collingwood of the Farrar Transportation Company, Toronto, has just been taken over by the Canada Steamship Lines, Limited.

### Further Progress Made By British

Three Towns Captured, Canal du Nord Crossed and Thousand Germans Taken Prisoner.

#### DEVELOPING UNDER BEST OF CONDITIONS

Attack by Americans in Region of St. Mihiel is Going Well. Paris, Sept. 12.—"The American army attacked this morning in the region of St. Mihiel. The operation is developing under the best of conditions."

This announcement was made by the war office tonight. "West of St. Quentin, in co-operation with the British," the statement adds, "we advanced as far as the Helon-Siary road" (About 3 miles west of St. Quentin).

### GERMANS FAILED TO GET PRISONERS

Make a Raid Across Canal du Nord, Where Canadians Are Defending.

#### REPORTING FOR DUTY

Many Were Lightly Wounded and Are Now Back Again in the Lines. By J. F. B. Livesey. With the Canadian Forces, Sept. 11, 2 p.m.—The Boche made a raid across the Canal du Nord in some force last night from Sauchy-Cauchy and established a post east of Escourt, but failed to get prisoners, which, doubtless, he was after. This is a very warm corner for our troops defending. The weather continues abominable, but as it served our purpose during the month of victory there is not much cause to complain.

The legitimate grievance of New Brunswick that the number of troops contributed by that province were not adequately represented by distinctively New Brunswick units in the field, because its drafts largely went to reinforcing western battalions, is now process of redress, as a battalion hitherto recognized as Manitoba, though with a preponderance of Elginmen, is now set aside for that province. All New Brunswick drafts will go there, and in process of time the Manitoba members will be drafted out into other Manitoba battalions.

The western brigadier, wounded while making a reconnaissance, is now reported back with his command. A number of walking cases occasioned by the recent battle are now reporting back for duty. As the majority of casualties were from machine guns, the proportion of lightly wounded is exceptionally large, and the ratio of dead small to the total. Most of the seriously wounded have been evacuated from the Canadian casualty clearing stations to England.

Our total casualties are not more than three thousand above our total prisoners for the month. The loss in the Amiens fighting was a trifle in excess of our loss before Arras.

The brave French armies continue to augment the gains of the Amiens victory in this sector. Weather conditions for the moment have stopped offensive operations on a considerable scale, relative to the double crushing blow inflicted on the enemy and the wonderful re-percussion it has on the allies' morale along the line.

### STORM THEIR WAY INTO HAVRINCOURT

British Troops Maintain Their Hold on Highly Important Town. With the British Army in France, Sept. 12.—British troops stormed their way today into the shell-shattered Town of Havrincourt, which lies on a dominating ridge within the forward defences of the Hindenburg line and at latest reports were maintaining their hold on this highly important place.

A little to the south they also carried Tresscault by assault, thereby gaining a still firmer grip on the high ground dominating this region. Fighting was still proceeding this afternoon, and about 200 German prisoners have been sent back to the cages.

### POINCARÉ PAYS VISIT TO SOLDIERS AT FRONT

French President Inspects Regions Devastated by Germans in Retirement. Paris, Sept. 12.—President Poincaré has paid a visit to the front to observe the condition of the troops in the zone newly liberated and particularly those regions where the enemy carried out systematic destruction before retiring. Accompanied by Generals Fyvelles and Humbert, he inspected Chauny, Noyon, Nesle, Guiscard and Ham.

The country roads were found littered with war material left behind by the enemy in his hurried retreat. All the trees bordering these roads and the fruit orchards had been cut down. The towns and villages were in ruins from houses blown up by dynamite and then burned. Everywhere churches had been destroyed. The hospital at Ham and the ambulances had been burned.

The president felicitated the troops on their bravery and endurance in the recent operations.

### GERMANY TO PROPOSE ARMISTICE IN WINTER

Part of Peace Propaganda Comprises Subtle Hints at Concessions. Washington, Sept. 12.—Official despatches today from France say that the general campaign and peace manoeuvre, of which the speech to-day of Emperor William is regarded as a part, is being extended into neutral countries. Some light is thrown upon the veiled utterance of Count Burian a few days ago by what is regarded as an inspired article in the Dutch press.

"In spite of the strong wind several attempts were made to bomb targets along this front. Bombs were dropped on the railway at Courcelles and direct hits were attained on the tracks. The Village of Verney (south of Metz) and the railway west of it were also bombed with good results."

### LLOYD GEORGE ILL WITH SEVERE COLD

Manchester, England, Sept. 12.—It was officially announced late tonight that Premier Lloyd George is suffering from a chill. He has a high temperature and may be prevented from filling all his engagements in his present tour of Lancashire, the statement adds.

### LLOYD GEORGE SEES VICTORY NOT FAR AWAY

Road Thru Tunnel Will Be Short, Now Worst is Over.

#### MANCHESTER SPEECH

British Premier Declares for No Compromise With Tyranny. Manchester, Eng., Sept. 12.—"Nothing but heart failure on the part of the British nation can prevent our achieving a real victory," said Premier Lloyd George, speaking today at Manchester. "The news is distinctly good, really good," said the premier. "We are going thru a long tunnel and are not at the end of the journey. There are some steep grades to climb. It may be that the tunnel will be dark, but it will be short now that the worst is over."

The premier said that the British casualties in the last offensive in France were one-fifth of what they were in 1916.

No Dishonor. The prime minister said: "We cannot allow the Bolsheviks to force on us a peace so humiliating as to dishonor the national flag and to make a repetition of the horrors of this war inevitable. When a satisfactory peace has been secured we can proceed with a clear conscience to build up a new world."

Lloyd George delivered his address on the occasion of his receiving the freedom of the city, for which purpose he had journeyed to Manchester. He was warmly greeted by the citizens, who crowded the streets, and which he passed, and who filled the Hippodrome, where the presentation was made.

"To end all wars," the premier said, "we must impose a durable peace from our enemies. The Prussian military power must not only be beaten, but Germany herself must know and the German people must know that their rulers have outraged the laws of humanity and that Prussian strength cannot protect them from punishment. Must Be Last War."

"This must be the last war," Lloyd George said. "Don't let us be misled that the establishment of a league of nations without power will at all self secure the world against a catastrophe. A league of nations with the Prussian military power triumphant would be a league of fox and goose—one fox and many geese. The geese would greatly diminish in numbers."

"We shall neither accept for ourselves nor impose upon our foes a Brest-Litovsk treaty."

After pointing out that while there might be difficulties ahead the way that was open, in the premier's belief, he is a short one, and that the worst was over, Mr. Lloyd George continued: "When we suffered the reverse of March 21, we still had the confidence of the government on the ground that there were no reserves. These people had successfully misled the Germans."

The first lesson taught by the war, he said, was the immense importance of maintaining the solidarity of the British Empire. There must be healthier conditions in the workshops, more attention to the schools, he insisted. The best conditions must be initiated for production.

Speaking at a luncheon after the presentation of the freedom of the city, Lloyd George said: "There are some men who say 'drop it and let us have peace by negotiation' and added: "There is no compromise between freedom and tyranny, no compromise between light and darkness. I know that it is better to sacrifice one generation than to sacrifice liberty forever. That is what we are fighting for and Heaven grant that we fight thru to the end."

### UNUSUAL HAT SITUATION.

A startling condition of the hat trade in the world over is the absolute supreme popularity of the made-in-England hat. It is a fact that the enormous plants where these goods are made in England have declined further orders. Strange, too, that the largest demand has come from the United States, where the duty on British goods is almost prohibitive. The Dineen Company, who alone in Canada represent such big makers as Henry Heath of London, and are distributing agents for nearly all the other big manufacturers, have a superb stock of these splendid hats on sale. The English rough felt Alpine is also very popular. Dineen is showing some very good lines in these just arrived.

BOLD STROKES ACCOMPLISHED BY AMERICANS

First Army Goes Into Action for the First Time.

ADVANCE STEADILY Aided by Tanks and Artillery, Important Ground is Gained.

London, Sept. 12.—The Daily Mail correspondent at the American front sends the following description of the battle along the St. Mihiel sector: "The first American army, under the personal command of General Pershing, for the first time went into action today at the St. Mihiel salient. Never before has there been such a large concentration of American troops for one operation and never have the Americans been in such complete control of their operations."

The event had long been anticipated. Some people assigned to it grandiose objectives, but in reality the attack is far limited objectives only.

Two Weeks Assembling. "The concentration of a great part of the most experienced United States troops had taken place during the past two weeks and everything was planned minutely and with exactitude for a great event in American history. Last night the final preparations were completed."

"The country over which the Americans are fighting is a narrow strip of high ridges and thick woods of every conceivable form of enemy machine guns, and in addition the Germans have a fortified line of resistance, which has everything in its favor."

"At 1 o'clock Thursday morning the artillery preparation began with a roar that could be heard many miles away, and all night it rose and fell with peculiar fluctuations. From all the roads that ran parallel to the front of innumerable guns told of the impending assault. Towards five o'clock the hour of the attack, the firing became even more rapid and its volume mingled strangely with the sound of the rain."

"At dawn whole fleets of tanks manned by strong young Americans and French were to be seen moving out of their shelters to lead the attack. They lumbered on, but the Germans offered little opposition. The American infantry followed in open order, plowing thru the mud, but they were little troubled by the feeble artillery resistance."

"At one point, near Seicheprey, where the Americans had previously fought desperately, the flashes of the German machine gun and automatic fire swept down on the Yanks' right flank, but the tanks and artillery quickly moved in that direction, and the Americans went steadily forward."

"At seven o'clock the tanks had disappeared among the smoke clouds over the ridge in front of Seicheprey. The Germans have offered very little resistance to the advancing Americans. Occasionally a stray machine gun or automatic rifle has been discovered, but it is apparent that the enemy has withdrawn his main strength to a second line, which possibly he will defend with a certain degree of tenacity."

"His artillery has been firing from behind a ridge which runs in front of the American line, but he is being pursued by tanks which at one point took only one out of 45, and that stuck in the mud."

"In the valley the top of what once had been houses in the Village of Richecourt were discernible when the smoke disappeared. "Away to the right, bathed in the sunlight, was the Village of St. Bausant, resting on the side of a majestic promontory. Here the smoke was moving along the valley. The smoke occasionally blotted them from view, but they would reappear soon afterward, walking with easy stride."

"Meanwhile the air was rent with the current of shells passing overhead. American gunners, manning every possible type of gun, were working with mechanical rhythm as they loaded and sent the shells to their destination. The light railways continually brought up supplies."

At the time of telegraphing, news of what had happened is very meagre, but the correspondent has just visited the battlefield and heard of the progress of the American units near Montsec and Seicheprey, and of the capture of several villages.

"From Beaumont I could see lying just below me the trench from which the Americans started and the valley thru which they are fighting. The sun was streaming across the valley, casting shadows from the melancholy wrecks of villages all around. On the left was the black, forbidding height of Montsec, with the tiny village of that name nesting on its black side. Spurs of earth sprang from its capacious sides as the American artillery men battered at it.

In the valley the top of what once had been houses in the Village of Richecourt were discernible when the smoke disappeared. "Away to the right, bathed in the sunlight, was the Village of St. Bausant, resting on the side of a majestic promontory. Here the smoke was moving along the valley. The smoke occasionally blotted them from view, but they would reappear soon afterward, walking with easy stride."

Meanwhile the air was rent with the current of shells passing overhead. American gunners, manning every possible type of gun, were working with mechanical rhythm as they loaded and sent the shells to their destination. The light railways continually brought up supplies."

**WAR SUMMARY**  
THE DAY'S EVENTS REVIEWED

In declaring the new offensive against the St. Mihiel salient, near the Lorraine border and opposite the German entrenched camp at Metz, General Foch is taking the bold course of searching out the enemy near his own soil. The meagre information so far received shows that the American army, which is carrying on its first offensive, has made excellent progress towards the complete flattening of the salient. The German line in this region, which virtually forms a southwestern bastion of Metz, jutted into French territory in the shape of a sharp wedge, twenty odd miles deep from its base to its apex, and twelve miles or so across at its centre. The Americans attacked both sides of the wedge in company with some French units, and they advanced from the southeastern side about five miles towards the centre by early in the afternoon. On the western side they made their attack on a front of eight miles against twelve on the opposite side, and also made excellent progress. The object evidently was to have the troops advancing from both sides meet somewhere in the centre, so as to cut off the German forces inside the lower half of the salient.

The Americans did not encounter a uniform German resistance. The German defence was only strong in spots, showing the achievement of a surprise. The enemy defended St. Mihiel at the tip of the salient quite strongly against French troops, but since his flanks speedily fell in, the position of St. Mihiel soon became untenable. The chief impediment in the way of the Americans is the ridge known as the heights of the Meuse. At last reports they appeared to be well on the top of them. It is too early yet to know whether they have captured the Germans inside of the salient. If they have cut them off they have a sporting chance of tearing a gap in the base of the salient and of advancing abreast of Metz.

Before proceeding to invade Lorraine it would be necessary either to mask or to capture Metz. As the million men, the allies would probably attempt to carry it by assault. The sudden reduction of Metz would have a dramatic effect on Germany. It would be a political stroke of capital importance. The enemy seems to have left the door open for this allied attack, for he has withdrawn his entrenched troops from the region of Metz for service in the region of Cambrai, St. Quentin and La Fere. He has retreated, it is uncertain, however, what objectives the Americans have. London correspondents report their objectives as limited ones. It is a preparation, however, for a much larger effort. In this region the campaign can proceed pretty well during the winter.

The strict military object of a section to threaten the occupation of the chief German iron region, compel the enemy to fight the allies at a disadvantage, and defeat and disperse his military forces. A few miles north is the celebrated iron basin of Briey which produces three-quarters of Germany's iron ore and has a value of about seventy-five thousand million dollars. An advance of 25 miles would enable the allies to occupy vital centres of German military supply.

It is probable that Foch and Pershing, however, have no definite plans beyond the immediate breaking of the German front and to perceive how matters develop. If subsequent events show that the Germans are quite weak in this region, then the allies would attempt to profit immediately by the occasion.

While the French and Americans were beginning their move towards Metz, the British continued their pause on Cambrai on each side of the Baume Road. North of this road, they completed the capture of Moeuvres and south of the road they carried the assault, the old British trench lines east and north of it, made gains in the Hindenburg line between the village of 1000 prisoners. Part of the ground recovered yesterday comprises the ground conquered by Sir Julian Byng in November of last year. The enemy is preparing to dam the many rivers and to flood a portion of his front, but strong resistance.

**STILL A MYSTERY.**  
Not Yet Discovered Where Poison in Woodstock Case Was Purchased  
Woodstock, Sept. 12.—No statement has as yet been made publicly by Detective Miller in the Florence Edwards poisoning case. It is believed that the question of where the arsenic was purchased and by whom is as much a mystery as ever.

Interest in the case has decreased considerably. The suicide theory, it is believed, is now being worked on by the authorities. One point has been cleared up, and that is that the \$700 the girl received from her father's estate has all been accounted for.

Norris, Toronto; W. Macdonald, Smith's Falls; E. A. Asch, Toronto; C. W. Whitehead, 14 Goodwood avenue, Toronto; C. W. Whitehead, 85 Davenport road, Toronto, Ont.

**GOMPERTS' STAND ANGRERS GERMAN LABOR CHIEF**

Copenhagen, Sept. 12.—Carl Rudolph Le Gien, president of the German Federation of Trades Unions, speaking at a meeting of the federation's executive committee recently, accused President Gompertz of the American Federation of Labor with "calmly to labor's cause, and of desiring to quench the spark of inclination towards peace which has been fanned up in English laboring classes."

President Le Gien declared that Gompertz's speeches were calculated to support the pan-Germans, whose activities and aims are decisively rejected by German labor unions.

The war can be prolonged for years if the entente nations' laboring classes follow Gompertz's precepts, says President Le Gien. He concludes: "Let us repeat that only peace by agreement without annexations or indemnities can be enduring, and can make it possible for us to work with and alongside each other."

The federation committee endorsed Le Gien's remarks, and ordered their publication.

**ACTIVISTS DISCOURAGED.**  
Allied Victories Depress Friends of Germany in Belgium.

Ottawa, Sept. 12.—That the recent victories of the allied armies on the western front have discouraged the friends of Germany in Belgium is the effect of a cable received here by the Belgian consul-general from Havre, the present seat of the government of Belgium. The cable states that "Vlaamsche Nieuws," a newspaper published in Brussels, which is friendly to the Germans, in a recent edition laments the fact that "activism is making no more progress in occupied Belgium." The cablegram adds that this newspaper confesses that "disaffection and discouragement are general among the activists."

**RAID ON AILLETTE.**

Paris, Sept. 12.—The war office report reads: "North of the Ailette a raid by French troops resulted in the taking of prisoners. There was artillery activity in the Rheims and the Proseas regions. Two enemy raids, in the Champagne and in the Vosges, were repulsed."

**NEW OR OLD RAGS GET MY PRICES E. PULLAN TORONTO**

Motorists from Toronto, or from municipalities west of the Humber, will take note that the Weston road is closed at the Russell Motor Works, and it will be necessary for them to go round by way of Hayden House, St. Clair avenue. The road will not be open for a month, on account of repairs.

**PERCEPT OPTICAL CO.**  
W. M. PERCY, Proprietor, 442 Yonge Street (opposite Carlton), Prescription Optician. Phone Ad. 5666.

**CONVICTED MURDERERS ESCAPE AT CHICAGO**

Crackman Beats Guard Inseparable and Prisoners Flee in Automobiles.

Chicago, Sept. 12.—Two convicted murderers awaiting execution, a safe blower and another prisoner, escaped from the fourth floor of the county jail tonight by sliding down a rope while nearly a score of persons watched them. An automobile was waiting and carried the quartet away.

Joseph Moran, well-known crackman, beat a guard inseparable and with his accomplice Earl Dear and Lloyd Bopp, the murderer, and Frank McErlane, alleged accomplice of Bopp. They tore away window bars that previously had been sawed nearly in two, and produced the rope that carried them to the street.

**VON SHEER WILL BRING BRITAIN TO HER KNEES**

Amsterdam, Sept. 12.—Admiral von Sheer, chief of the German admiralty staff, is quoted by Dr. Wildgrube, Conservative member of the Reichstag, according to a Dresden despatch printed in The Cologne Gazette, as having said in the course of a speech: "You may say to the country with a good conscience, that I do not doubt for a moment we shall bring England to her knees by submarine warfare. Only I will not bind myself to a definite date."

**TO FLOOD AISNE REGION.**

London, Sept. 12.—According to Dutch frontier messages, the Germans are preparing to inundate the regions of the River Aisne northeast of Rheims, says a despatch from Amsterdam to the Central News Agency. At some places dams have been constructed in the river, which can be closed on short notice and special bridges have been built.

**TO RECOGNIZE CZECHS.**  
Japanese Government to Promulgate Decree Shortly.

Tokyo, Sept. 12.—A government statement formally recognizing the Czechs and Slovaks as co-belligerents against Germany and Austria-Hungary is expected to be issued shortly.

**PROBE MILK PRICES.**

The local board of health will take a hand in the milk situation and at a meeting yesterday decided to apply for legislation empowering it to hold inquiry and take evidence under oath. It was felt that only in this way could it be ascertained if the increase in price is justified.

**RAIN STOPS AVIATION.**

British Air Service Has Nothing to Report on Battle Zone.

London, Sept. 12.—The report on air activities over the battle zone tonight says: "Frequent rainstorms and a high wind severely limited operations on Sept. 11, and there is nothing of interest to report."

**SIR GEORGE REID IS DEAD.**

London, Sept. 12.—Sir George Reid, former high commissioner for Australia, and member of parliament for St. George's, died in London today after a prolonged illness.

At Yonge, Queen and James Street Doors are boxes where orders or instructions may be placed. These boxes are emptied every hour until 1 p.m., and twice in the afternoon.

## In the Autumn Comes Ideal Weather for Vigorous Sports

When there's that coolness in the breezes that makes your blood tingle in your veins and makes you long to stretch your muscles, twist your body and spring from the lethargy of hot, sultry days into the quick action of the tennis court, the rugby field, the long "hike" into the country on a "bike." When you come in of an evening, haven't you "touched your toes" and expanded your chest rapidly in order to warm up a bit before slipping off to bed? If you've felt something of the invigorating spirit of fall, you'll welcome these timely suggestions.

### "Get in the Swim"! There's Nothing Like Exercise to Keep the "Doc." Away

Here are excellent aids to home calisthenics. Besides the good they achieve since many different exercises may be done with the one apparatus, the interest, and hence the exercises, which otherwise are prone to become monotonous, are kept up. You long to master each twist and turn.

The **Whitley Elastic Exerciser** may be used by any member of the family and what is more, may be put up in a very small space. Each \$3.00.

Similar, only made of wire, is the **Whitley Spring Wire Exerciser**. Such exercisers may be used as a chest expander or when attached to the wall for rowing exercises and general calisthenics. The springs are made of high quality nickel steel wire, with snaps on the ends that can't fly off. Complete in box with exercise chart, each \$3.00.

### Then There Are Striking Bags

For developing "pep," as well as muscle, perhaps this form of exercise can't be beaten. Highly-trained athletes make a couple of hours at "the ball" a regular occurrence.

Our stock consists of heavily sewn bags with loops on both ends. One end fastens with cord to the ceiling, the other with an elastic to the floor. Complete with bladder. Each, \$5.00, \$6.00 and \$8.00.

The "Cyclo" Striking Bag Platform, similar to that sketched by the artist, is a vibrationless and noiseless platform that may be put up in a bedroom without annoyance to other occupants of the house. They are strong and may be put up in a small space. Each, \$8.50.

Single End Striking Bags, to go with such platforms, have double sewn seams, with strong leather loop and cord. Complete with guaranteed bladder. Each, \$5.50, \$6.00, \$8.00, \$9.00.

### There's a Lot of Tennis Played in the Fall

Red Cross tournaments and the finishing up of tournaments, besides a lot of private games. The tennis court is generally at its best after the long summer's care—and then there's not the heat to deter one or take away from the pleasure of playing.

#### Here Are a Few of Our Exceptional Values

For those who are playing in tournaments, etc., "Slazenger's" Famous English Tennis Balls, 60c each, or \$7.00 a dozen.

Wright and Ditson Victor Tennis Balls, 50c each, \$5.00 a dozen.

Special Full-sized Japanese Rackets. Each, 85c.

Bentley "Made-in-Canada" Rackets, assorted weights. Each, \$3.00.

Tennis Posts, with patent fastener to support posts. Each, \$2.00.

### If You've Never Gone on a Fall Bicycle "Hike"

out into the country, with a haversack over your shoulder, and the cool breezes setting your blood tingling throughout your body and bringing the roses into your cheeks—then you've missed one of the pleasures in life. But you must have a good "bike," so no accidents will mar your happiness. See the "Speedwell." It will live up to its name, for it's well known for giving lasting satisfaction. The parts that go into these bicycles are all carefully selected and are backed by the EATON guarantee. Note the specifications:

**Frame**—High quality tubing, enamelled in maroon. Sizes 20", 22", 24".

**Handle Bars**—Forward extension, fitted with leather wound wood grips.

**Pedals**—Plain heavy rat-trap, with one-piece drop forged crank.

**Lester Coaster Brake**—**Mud Guards**—Heavy motor type—**Guaranteed Double Tube Tires**.

Price complete, each, \$36.50.

## LAST DOWN---THREE YARDS TO GO!

"They'll Buck! No, They'll Kick!"—Oh! Boys! Can't You Feel It? The Rugby Season's Here! Let's Get Our Outfits Lined Up. What Do You Need?

### How About Knickers?

Here are white half-padded Rugby Knickers with double sewn seams. They'll stand a lot of rough usage. Sizes 26 to 44. Pair, \$2.00.

Then there's the full padded white Rugby Pants with double sewn seams and padding, can't come loose. Sizes 26 to 40. Pair, \$2.50.

**White Rugby Vests** with well padded shoulders and back seams, extra strongly sewn, lace front. Sizes 26 to 40. Each, \$2.50.

**Blue Rugby Jackets, \$3.00.**

**Rugby Helmets** with well padded head and ear laps, with chin strap. Each, \$1.50.

**Heavier Weight Helmets.** Each, \$3.00.

**Rugby Footballs, No. 5 size,** made of pebbled grain leather, with lace and bladder. Each, \$2.75.

**No. 5 Association Rugby Ball,** made of smooth grained leather with well sewn seams. Complete with bladder. Each, \$4.00.

SOCIETY

Conducted by Mrs. Edmund Phillips

The mayor and Mrs. Church were present at the service in Massey Hall last night.

Hon. W. D. McPherson, who opened the War Gardens Exhibition last night in the armories, was accompanied by Mrs. McPherson.

Mr. and Mrs. F. N. Beardmore have returned to Montreal after spending several weeks in Muskoka.

Mr. and Mrs. W. B. Tindall and Mr. Hilary Tindall, accompanied by Dr. and Mrs. Appleby, Detroit, left yesterday on a trip down the Hudson to New York and Washington.

The Misses Lawlor, who have been spending the last five weeks at Swamscott, have now gone on to Atlantic City for a fortnight before returning home.

Mrs. L. A. Gurnett is taking a short holiday in the city, and will be in the city on Monday.

Mr. Ralph Burns gave a dinner at the National Executive Club yesterday afternoon for some of the visiting tennis players.

Mr. and Mrs. Len W. R. H. Standing have returned from their wedding trip, and are staying with the bride's sister at Warwick Manor.

On Wednesday, Sept. 11, at 7 o'clock, the house of Mr. and Mrs. A. J. Clendenen, Markham, was beautiful with autumn leaves and flowers.

The patriotic venture was held under the auspices of the alumnae of the college, of which Mrs. J. E. Day is president.

Algonquin Park is situated at an altitude of 2000 feet above the level of the sea.

Thirty members of the Canadian Officers' Training Corps, University of Toronto, have offered their services for the expedition to Siberia.

About twenty-five members of the Royal Canadian Dragoons are coming from Toronto to Quebec City to be attached to the Siberian force.

The name of Major Melville Maslin Hart, M.C., who went overseas with the 4th C.M.R., is mentioned as likely to command the Toronto company. He had a brilliant career in France.

The opening meeting of the fall and winter session of the men's club of the Bond Street Congregational Church was held last night, at which there was a large representative gathering.

It is expected that Niagara Camp will break up on Oct. 25. Practically all troops will be concentrated at Toronto and Hamilton during the winter.

Turnbull's PERFECT FITTING UNDERWEAR

and buy it for my "Hubby" and the kiddies, too!

It is so clean, soft and well made—in fact, I have never seen better knitting—and it fits so neatly and comfy that one's clothing always looks well.

Of course, Turnbull's have a reputation all over Canada as makers of GOOD underwear for 59 years.

You just try it once! Most good dealers sell it.

Made only by The C. Turnbull Company of Galt, Limited

Also sole manufacturers of the famous "GEESEE" full fashioned underclothing.

WAR VETERANS SOLDIERS PLANNING A NEW ASSOCIATION

Organization, Well Under Way, Will Stand for "A White Canada."

The new returned soldiers' association will soon be thoroughly organized.

It was stated yesterday that, while political action will be one of the main planks of the platform of this new organization, it will not be the only one.

Among other things it will aim to inculcate a spirit of loyalty to the empire and to assist the prosecution of the war in every way.

It was also stated that this association would carry on a vigorous campaign against aliens, white or black, and that the slogan of the society would be "A White Canada."

The name of the association has not been decided upon. Several good ones have been suggested.

One of the local bodies is said to be much interested in the development of the new association, which claims the aim of becoming a returned soldiers' representative organization.

ANNOUNCEMENTS

Notices of future events, not intended to raise money, 20 per word, minimum 50c; if held to raise money solely for Patriotic, Church or Charitable purpose 4c per word, minimum \$1.00; if held to raise money for any other than these purposes 6c per word, minimum \$2.00.

MRS. PANKHURST will speak at Lesau's Theatre Sunday afternoon at 8. on "What Women Have Done to Win the War," under the auspices of Parkdale Branch, G.W.V.A. Public cordially invited.

Further preliminary meeting will be held this week and details of the constitution may be completed within the next ten days.

LET THE ALIENS DO FELLING OF TREES

West Toronto G.W.V.A. last night voted its strong resentment against a letter from Lieut.-Col. F. Innes, director of the soldiers' land settlement scheme.

Col. Innes in his letter had pointed out that there was now an opportunity for returned soldiers to go north into the Kapuskasing country and take jobs cutting out brush, stumping and other heavy work at 30 cents an hour.

"This is the sort of work we have advised the government to give over to the aliens," said Comrade Meredith.

WOMEN MAKE GOOD IN WAR ACTIVITY

Miss Florence King speaks at Business Women's Club Meeting.

Miss Florence King, president of the American Women's Association of Commerce, was the chief speaker at the meeting of members of the Business Women's Club held at the Toronto Conservatory of Music last night.

Speaking for herself Miss King said that working on the point of maintaining equal pay for equal work for men and women alike had brought her hair to her head.

Speaking of conditions in the time of reconstruction, Miss King said it would take the best grey matter that men had to put women back into their homes and make them stay there.

Miss King concluded by expressing her opinion that the progress of the business woman was the eighth wonder of the world, and her assurance that in the time of reconstruction the business woman would do her part.

Canadian women, said Miss MacMurphy, have not only organized, an example of which was found in the women's institutes, which were organized at Brock, and on the Ontario model they were now established in England, Scotland and Wales.

Kenneth Dunstan presided and gave some interesting insights on his trip overseas. Miss Wiseman, president of the Business Women's Club, seconded by Miss Mary McMurphy vice-president, expressed the appreciation of the club to the speakers.

Harper, customs broker, 39 V. St. Wellington street, corner Bay, Adelaide 442.

GUILTY OF SEDUCTION. Alexander Skens was found guilty by a jury at the sessions yesterday on the charge of seduction.

THE WEATHER

Meteorological Office, Toronto, Sept. 12. The disturbance which was over the Great Lakes last night has remained nearly stationary, causing showers throughout Ontario and western Quebec.

Lower Lakes and Georgian Bay—Moderate westerly winds, and for the most part moderate temperature.

Upper Lakes and Upper St. Lawrence—Moderate westerly winds, and for the most part moderate temperature.

Ontario Valley and Upper St. Lawrence—Moderate westerly winds, and for the most part moderate temperature.

Lower St. Lawrence—Fresh easterly winds; showers.

Gulf and North Shore—Moderate to fresh easterly winds; showers in western districts; fair in east until night, then showers.

Maritime—Moderate to fresh east and southwesterly fair to eastern portion; becoming showery in west.

Lake Superior—Westerly winds; mostly fair to evening; showers in west.

All West—Mostly fair, but some local showers; becoming somewhat cooler in northern districts.

CHURCH'S WEAKNESS REVEALED BY WAR

Bishop Richardson Gives Account of His Work Overseas.

HEARD IN MASSEY HALL. Big Meeting Under Auspices of Laymen's Missionary Movement.

The church by creed and canticle is asserting the supremacy of things above, and the masses are asserting the supremacy of earthly things. The failure of the church is not a matter of circumstances. War did not make the failure; war revealed the weakness; for war has stripped it of its conventionalities and has shown it as it was.

This was the message of Bishop Richardson of Fredericton, the official overseas delegate from the house of bishops of the Anglican church to the great mass meeting held in Massey Hall last night under the auspices of the laymen's missionary movement.

The meeting was presided over by Justice Hodgins, who welcomed the members of the general synod to Toronto. Archbishop Worrell of Nova Scotia responded in the absence of the primate.

Bishop Richardson told of the noble deeds of the Canadians at Vimy Ridge, Ypres and other places. He pictured the lives as they gathered at the front and in the hospitals. "There are great moral evils existing and we cannot make light of them," he said.

Speaking to Sir Arthur Currie one of the American soldiers who was watched at first with some trepidation to see how they would take to the fighting and the wounded.

He said the American soldiers showed their good marksmanship, for after the first encounter, when the Canadians were shot thru the heart of them were shot thru the heart of the head.

Speaking on the moral and religious life he said the first star on the service flag of the Anglican church in Cheyenne was for General Pershing. "In every 'Y' that in France is a picture of Pershing, and under it his message: 'Let your actions as soldiers and your actions as men be such as to be an inspiration to your country.'"

He spoke of the negro troops overseas as "mighty fine stuff."

GOT SEVERAL PRIZES AT OTTAWA EXHIBITION. Many prizes at the Central Canada Exhibition, Ottawa, were carried off by the Kemptville Agricultural School.

AWAKENED SUDDENLY; STEPPED OFF TRAIN. Ingersoll, Sept. 12.—Injuries of a serious nature, including concussion of the brain, were sustained this morning by Harold Hill, 18 years of age.

Carbolic Acid on Rubber Fly Was Not Enough to Kill a Fly. Galt, Sept. 12.—When some more alleged poisoned rubber rings were submitted today by Dr. Radford, M.O.H., to a test, he found that while there was no doubt that the acid on some of them, it was not in sufficient quantities to kill a fly.

FROM ISLAND OF ORLEANS. The summer residents of the Island of Orleans have sent \$100 to the treasurer of the prisoners of war society.

SHAGNESSY PREDICTS THE FINISH OF THE WAR WITHIN A YEAR. Winnipeg, Sept. 12.—Within a year the great world war will be over, in the opinion of Lord Shaughnessy, president of the C.P.R., who accompanied by directors of the big railway, was in the city on an inspection trip.

MAY PROBE FINANCES OF THE NEWSPAPERS

Commissioner on Newsprint Declines to Postpone Enquiry as Urged. MUST FIX THE PRICE. An Order Will Have to be Issued Before End of Present Month.

Ottawa, Sept. 12.—The inquiry into the cost of the production of newspaper in Canada, resumed here today by Commissioner Pringle, will be followed by the fixing of a price for newspaper by the commissioner in his capacity as controller.

Referring to the absence of counsel for the Canadian Press Association, Commissioner Pringle expressed his regret, but said that, in view of the necessity of action being taken this month, he would have to proceed on the ground that the notice given was too brief, and was not represented.

The afternoon sitting was devoted largely to the hearing of accountants of production and to the cost of production and the higher freight rates and the increased cost of wood and wages.

Increased Cost of Paper. The examination of paper mills officials for the purpose of showing the award of the war labor board in the United States and the new freight rates added to the cost of manufacturing newspaper paper, showed that to the Spanish River mills the increase due to the new wage added \$2.44 per cord, and the increase in freight on incoming materials ninety-six cents per ton.

AWAKENED SUDDENLY; STEPPED OFF TRAIN. Ingersoll, Sept. 12.—Injuries of a serious nature, including concussion of the brain, were sustained this morning by Harold Hill, 18 years of age.

Royal Commission on Chambly-Vercheres Election Opens at St. Johns. WITNESSES OVERSEAS

Crown Says That Ballots Cast in St. Johns Barracks Cannot Now be Identified.

St. Johns, Que., Sept. 12.—The royal commission appointed by the federal government to enquire into charges laid in the house of commons by Jos. Archambault, Liberal member for the Chambly-Vercheres, relative to the voting of soldiers in his constituency during the last general election, opened in the court house here this morning.

The charges include allegations of conspiracy among certain officers of the garrison at St. Johns to cast their votes illegally in favor of J. H. Rainville, Mr. Archambault's unsuccessful Unionist opponent, violations of the Dominion Elections and Military Voters' Act of 1917, and perjury.

The charges are as follows: Conspiracy to violate the Dominion Elections Act of 1917; conspiracy to violate the Military Voters' Act of 1917, in order to cast their votes illegally and have their votes counted illegally in favor of J. H. Rainville, Mr. Archambault's unsuccessful Unionist opponent, violations of the Dominion Elections and Military Voters' Act of 1917, and perjury.

ESTATE NOTICES.

NOTICE TO CREDITORS.—THE Matter of the Estate of Thomas Martin Harris, Late of the City of Toronto, Ontario.

NOTICE is hereby given that all persons having any claims or demands against the estate of the late Thomas Martin Harris, who died on or about the 24th day of July, 1918, in the Province of Ontario, are required to send, on or before the 30th day of September, 1918, by letter post, prepaid, or to deliver, to the undersigned Solicitors hereinafter named, full particulars in writing of their claims, and statements of their accounts, and the nature of the securities, if any, held by them.

And take notice that after the 30th day of September, 1918, the said Executor and Executrix will proceed to distribute the assets of the said deceased among the persons entitled to share in regard only to the claims of which they shall then have had notice, and that the said Executor and Executrix will not be liable for the proceeds of the trust estate assets, or any part thereof, so distributed, to any person whose claim they shall not then have received notice of.

Dated at Toronto, this 22nd day of August, 1918.

207 Dominion Bank Building, Solicitors for the said Toronto General Trusts Corporation and Mary Harris, Executrix and Executor of the estate of the said Thomas Martin Harris, deceased, their names and addresses, and full particulars in writing of their claims, and statements of their accounts, and the nature of the securities, if any, held by them.

THE CREDITORS OF ANN JANE BLACK, late of the City of Toronto, in the County of York, Ontario, deceased, who died on or about the 7th day of June, 1918, and all other persons having claims against, or entitled to share in, the said estate, are hereby notified to send by post, prepaid, or to deliver, to the undersigned executor on or before the 10th day of October, 1918, their Christian and surname, address and description, and full particulars of their claims, and statements of their accounts, and the nature of the securities, if any, held by them, after the said 10th day of October, 1918, the assets of the said testator will be distributed among the persons entitled thereto, having regard only to claims or interests of which the executor shall then have notice, and all others will be excluded from the said distribution.

WATSON & BROWN, (INCORPORATED), Limited, 22 King Street East, Toronto, Ontario, Executor.

NOTICE TO CREDITORS.—THE Matter of the Estate of Thomas Martin Harris, Late of the City of Toronto, Ontario.

NOTICE is hereby given, pursuant to the Statute in that behalf that all creditors and others having claims against the estate of David Cowie, late of the City of Toronto, in the County of York, deceased, who died on or about the 27th day of July, 1918, at Buffalo, are required, on or before the 27th day of September, 1918, to send by post, prepaid, or to deliver, to the undersigned executor, full particulars in writing of their claims, and statements of their accounts, and the nature of the securities, if any, held by them. Notice is also given that after the said 27th day of September, 1918, the said executor will proceed to distribute the assets of the said testator among the persons entitled thereto, having regard only to claims or interests of which the executor shall then have notice, and all others will be excluded from the said distribution.

DATED at Toronto this 27th day of September, 1918.

THE FEDERAL TRUSTS COMPANY OF CANADA, 18 Richmond Street West, Toronto, Ont., Executor.

Application to Parliament. NOTICE OF APPLICATION FOR DIVORCE.

NOTICE is hereby given that Burton Mackin of the City of Toronto, in the County of York, in the Province of Ontario, Plaintiff, and Mary Margaret Mackin, his wife, Defendant, who were married on the 27th day of July, 1914, at Buffalo, are required, on or before the 27th day of September, 1918, to send by post, prepaid, or to deliver, to the undersigned executor, full particulars in writing of their claims, and statements of their accounts, and the nature of the securities, if any, held by them.

NOTICE is hereby given that after the said 27th day of September, 1918, the said executor will proceed to distribute the assets of the said testator among the persons entitled thereto, having regard only to claims or interests of which the executor shall then have notice, and all others will be excluded from the said distribution.

TAX EXEMPT BONDS

(Continued From Page 4)

made a profit of say a million dollars out of the manufacture of munitions or the sale of food products, which he invested in Victory bonds, will be relieved from the payment of income tax on \$55,000 per annum; while his fellow-citizen who volunteered, fought and returned from service overseas, will, during the period of readjustment at least, earn a scanty livelihood out of which he must pay, perhaps, not in excess of \$5,000 per annum.

For these reasons, and those given in detail in the enclosed communication, addressed to the honorable minister of finance, I am firmly convinced that there is not at this time, either excuse, reason or necessity for the issue of any further tax-exemption certificates by the Dominion of Canada.

In the hope of stimulating that free and full discussion which is the essence of democratic government, I am mailing copies of this letter to the members of the senate, the house of commons and to the press.

I have the honor to be, sir, Your obedient servant.

I. W. Killam.

NOT CONTROLLER YET.

While admitting that the services

of R. Home Smith as fuel controller in Ontario had been sought, Hon. G. Howard Ferguson stated yesterday that no appointment had been made.

Mr. Smith is desirous of serving in the capacity of controller if by so doing he can be of use to the country at this time, it was said, but as yet negotiations had not been completed.

Three candidates.

A very successful meeting of Wallace O.Y.B. No. 92 Lodge, was held last night in St. James' Hall, West Toronto.

The lodge was opened in due form with Bro. E. Shand in the chair. Three new candidates were duly initiated, and six were advanced to the higher degree.

## Decisive Bargain in Men's Fall Topcoats \$15.00

Some Are Lined Throughout---Others Have Satin Yoke and Sleeve Lining  
The topcoats are virtually worth from five to ten dollars more than we now ask. This is because the coats were bought last season and should have been disposed of then, but our vast stocks exceeded the demand and these models found their way into this new season. The styles and fabrics are all that one could wish for---Chesterfields in plain grey and black chevots---slip-on and belted effects in tweed mixtures. Some are lined throughout---others with satin yoke and sleeves. Sizes 34 to 44. Only one day to buy these Topcoats at \$15.00---that's today.
