HOT SKIRMISH ON OUTSKIRTS OF KIMBERLEY AND BRITISH WON

Botha, Member of the Volksraad and a Famous Dutch Fighter, Was Killed and the Boers Were Completely Routed With Heavy Losses.

Nearly a Thousand Boer Captives Escorted to Pietermaritzburg—Erasmus, the Boer Commander, Was Decoyed and British Captured the Utrecht and Vryheid Forces—Other Small Skirmishes—British Resting at Ladysmith.

There is nothing new to report this morning as to the situation in Natal as far as fighting is concerned. It is presumed that the Boers are reconstructing their plans and that the British forces under command of General White at Ladysmith are resting. It is estimated, according to the latest figures, that the Boer losses at Glencoe were 300 killed.

The despatches, however, tell of some fierce fighting in the outskirts of Kimberley, the headquarters of Hon. Cecil Rhodes. The British forces, 500 strong, met 700 Boers, and in the engagement Botha, the famous Dutch fighter, and member of the Volksraad, was killed. The Boer losses in the fray, it is reported, were heavy, the fight lasting four hours. The British casualties were three killed and 21 wounded. The engagement is said to have been a brilliant success for the British. Rhodes is not worried. The story is that he is giving dinner parties, as usual, every day.

A despatch says that 988 Boer prisoners have been escorted to Pietermaritzburg and the story follows that Commander Erasmus was decoyed by the British in a wrong direction, and that the British succeeded in capturing the Utrecht and Vryheid forces of the Boers.

The magistrate at Vryheid is responsible for the statement to Premier Schreiner that 515 Boers were killed at Mafeking.

It is said that the Boer prisoners in the hands of the British will be conveyed from South Africa to some other place.

London, Oct. 28.—The war situation this morning presents no new features. It is presumed in Natal that the Boers are reconstructing their plans, and that the English are resting. But telegrams from Ladysmith at express rates still occupy 48 hours in transmission to London, and, therefore, it is not impossible that something is happening.

The special despatches assert that Col. Baden-Powell, the British commander at Mafeking, is aware that Pretoria has given Gen. Cronje orders to stay his hand, as already there is quite enough to employ the Boers in Natal. The Government has characterized the City of Rome as a hospital ship. According to the latest account of the first battle at Glencoe, the Boer army amounted to 7000 men, and about noon another army almost as large, under Commander Gen. Jonker, advanced within 6000 yards of Glencoe Camp and then retired. The Boer losses were very heavy—quite 300.

Voided Steyn's Proclamation.

Cape Town, Oct. 27.—Sir Alfred Milner, Governor of Cape Colony, and W. P. Schreiner, the Premier, have issued a proclamation declaring null and void the proclamation of the Orange Free State asserting that a portion of Cape Colony is now Free State territory. Sir Alfred Milner's proclamation warns all British subjects of the Colony of their duty and obligation to the Queen.

Seven Out of Eight Killed.

Durban, Oct. 27.—An interesting incident in connection with the Elandsfontein fight is reported here. When the fire of the British guns became too hot, eight Boers ran forward out of cover, and, standing together, coolly opened fire at the Imperial Light Horse, with the evident purpose of drawing the latter's fire while their com-

rades retreated. Seven out of the brave eight were killed.

Crookedness at Cape Town.

Cape Town, Oct. 27.—Great indignation has been caused by the announcement that Dr. Hoffman, a member of the Cape Town House of Assembly, with a party of assistants, is going to the Transvaal to do ambulance work. It is suspected that he will give information to the enemy.

Spies Will Be Shot.

Durban, Natal, Oct. 24.—(Delayed.)—Many spies have been arrested here, and some of them will be shot. On the strength of reports from the Mayor of Durban, the Hely-Hutchinson, has prohibited the landing of all but British refugees. Undesirable persons of all nationalities will be rigidly excluded. Already there are too many of this class in Durban. It is reported that one of the Indian transports is being fitted out to convey the Boer prisoners elsewhere.

HOT FIGHTING NEAR KIMBERLEY.

Boers Are Said to Have Been Routed With Heavy Loss—Fighting Lasted Four Hours.

London, Oct. 27.—During the momentary lull in the fighting in Natal comes news from the western border which temporarily shifts the scene of chief interest to the beleaguered British force at Kimberley. The sharp struggle there Tuesday appears to have been the result of a sortie with the view of breaking the British lines surrounding the place. The British apparently 500 strong, met 700 Boers, and, according to the official and other accounts, routed them after severe fighting, in which the armored trains appear to have done valuable service. The Boers were entrenched strongly seven miles north of Kimberley, and the British brilliantly carried the enemy's position without serious loss. It is said that the Boers twice unfairly used a white flag.

Botha Was Killed.

Botha, who was among the killed, was a member of the Volksraad and a famous Dutch fighter. He distinguished himself as a marksman at Elandsfontein, when the 94th British Regiment was moved down. He afterwards defended a farm house against the British. When he surrendered the farm house, Botha was found with five wounds, bathed in blood.

Boers Completely Routed.

A special despatch from Cape Town today gives details of the defeat of 700 Boers by the British at Riverton, north of Kimberley, Wednesday, in which the enemy was completely routed, with heavy loss, the British loss being three men killed and 20 men wounded. The Boers were routed in a different direction, as referred to in the Cape Town despatch previously cited, that the Associated Press, in which items said that official reports from Kimberley Tuesday announced that Col. Scott Turner, with 270 men, had an encounter with the Boers, during which a detachment of 50 men of the Lancashire Regiment distinguished itself and the armored trains did good service. The Boers were unable to withstand the splendid charge of the Lancashires, who cleared the hill occupied by the enemy at the point of the bayonet.

Boer Losses Very Heavy.

The Boer losses are described as very heavy. Col. Scott Turner's force consisting of the local volunteers, who, with the Lancashires, completed the route of the burghers after Murray's artillery had driven them out of their entrenchments. Botha commanded the force.

Fight Lasted Four Hours.

The fight lasted four hours. Before the sortie Kimberley was apparently in high spirits, as a despatch from there, dated Oct. 23, says everyone was cheerful there at that time, and that a wedding was celebrated there that day. The despatch adds: "Great enthusiasm has been aroused here by the news of the British successes in Natal."

Several Farmers in the Neighborhood of Kimberley Have Been Noticed in the Ranks of the Boers.

A letter from Father Rorke said 600 Boers with 100 wagons were lingers at Tangaas.

All the whites have left, except the women, who sought refuge in the convent. The Boer commandant has promised to protect them.

The Official Report.

Cape Town, Oct. 26.—(Evening.)—Official reports from Kimberley, dated Tuesday, state that Col. Scott Turner, with 270 men, proceeded northward to MacFarlane's farm, where they unassisted their horses. At 9 o'clock a party of Boers was seen on the right flank, and was quickly scattered. Col. Scott Turner opening fire on them, and several of the enemy being seen to fall. The enemy moved to a sand heap and opened fire on the British, which was returned. Col. Scott Turner attempted to prevent the Boers advancing against Col. Murray, but was met with a heavy fire from a dam wall 600 feet to the left. At 11 o'clock Col. Murray ordered 150 men of the Lancashire Regiment to proceed to the north.

An Armored Train is Already Supporting Col. Scott Turner.

At midday Col. Murray started also, with two field guns and two Maxims, and 70 mounted men. One of the two British guns opened suddenly on the Boers, who were in an unfavorable position. The Boer artillery fire was brisk. Another armored train was held in readiness. At 2 o'clock the second train was sent forward with additional ammunition. The Lancashires behaved splendidly, and Col. Scott Turner highly commended them.

A THOUSAND BOERS CAPTIVE.

The Utrecht and Vryheid Forces Were Captured—Are Now at Pietermaritzburg.

London, Oct. 27.—A special despatch from Pietermaritzburg, Natal, dated October 24, says: "Nine hundred and eighty-eight prisoners arrived here this morning. They include Captains DeWitt, Hamer, Fighius, Dorey, Vanlegger and Dötter."

The Bulletin Explained.

Cape Town, Oct. 26.—(Delayed in transmission.)—Two telegrams, dated Lorenzo Marques, Oct. 25, have been received here, and, in view of the fact that all Pretoria news is now coming by Lorenzo Marques, the authorities are inclined to believe they are copies of official bulletins from Pretoria. The first evidently refers to the Boer battle, and says:

"General Erasmus, as expected, was compelled to retire, his men and horses being exhausted. General Erasmus appears to have been decoyed into the wrong direction by the enemy, and the British succeeded in capturing the Utrecht and Vryheid forces. The number of killed is unknown, but the burghers suffered heavily."

The Guerrillas and Dineens.

The Boers are winning the respect of the conquering and soldierly Britons because, instead of fighting like guerrillas, as they used to, the Boers are now giving battle in the open, like men. It is as difficult to deal with the tricks and tactics of the British workers for the German millionaires in superior qualities at low prices—Dineens court honest rivalry. By reason of its vast trade—buying in great quantities because its sales are great, Dineens is always able to meet and to meet in legitimate competition—but it cannot follow the tricks of the guerrillas in the trade. The hats offered at Dineens at 88 are not to be had in the same qualities in any other store on the continent—and at Dineens' prices are always correct style. Tonight Dineens' remains open till ten.

Boers Growing Aggressive.

London, Oct. 28.—The Daily Telegraph publishes the following despatch from Ladysmith, dated Tuesday: "General Symonds ordered his column to march back to Ladysmith, and under his instructions himself and all the wounded were placed in the hospitals at Dundee. It is supposed that the Boers, puzzled by the retirement, imagined that a trick was being prepared, and therefore remained at Dundee watching their guns, instead of pursuing the British."

Boers Growing Aggressive.

London, Oct. 28.—The Daily Telegraph has the following from Ladysmith, dated Wednesday: "Our cavalry patrols have been fired upon this forenoon, and chased by the enemy near the scene of Elandsfontein."

FOUGHT ON WAR QUESTION

And the War Candidate Won by a Largely Increased Majority in Tower Hamlets.

MR. SPENDER OPPOSED THE WAR.

Working Classes Strong in the Riding and They Plumped for "Chamberlain and War."

London, Oct. 27.—The parliamentary bye-election for the Bow and Bromley division of Tower Hamlets, London, held today to replace the Hon. Lionel R. Hoey, Conservative, was fought on the Government's Transvaal policy and resulted in a victory for the Government. The Conservative candidate being elected by 4235 votes against 2134 votes for the Liberal and Radical opponent. The Conservative majority was practically twice that secured at the election of Mr. Hoey.

Throughout the campaign Mr. Spender, the Liberal, opposed the war in South Africa. His opposition was so persistent that he was dubbed by the Conservatives throughout the campaign, "Boer Spender." His election literature denounced Tory patriotism as "invoking the slaughter of British workmen for the German millionaires on the hand," and declared that orders for clothing and blankets were given by the Government to German concerns and to British. The constituency, which is mainly of the working class, nevertheless plumped for "Chamberlain and war."

FIGHTING JOE IN WINNIPEG.

Opinion in Ottawa That Another Session Will Be Held Before a General Election.

INTERVIEW WITH HON. MR. FOSTER.

Ex-Minister of Finance Thinks Mr. Tarte Should Resign After Such an "Exhibition of Treason."

Winnipeg, Oct. 27.—(Special.)—Hon. Joseph Mackenzie arrived from Ottawa today. He says his visit east was on legal business and not political. The general impression, however, in Ottawa, he says, is that there will be another session of Parliament before the general election.

A good many rumors have again been going about predicting an early election for the local House. Premier Greenway, when spoken to about it this morning, said that if some people kept on guessing, some time or other they would strike the right date. He would venture to predict, however, that their guesses would be somewhat more accurate several months hence than they are at present.

Alleged Burglar Arrested.

Chief McCree received a telegram today from Portland, Ore., stating that a man named John White, wanted for burglary in this city, had been arrested there with a large quantity of stolen goods. On his trip to the southwest of the province, he will probably speak at Deloraine and Crystal City and possibly at Manitow and Morden.

What Mr. Foster Says.

Hon. G. E. Foster, when here yesterday, said he did not think there was much likelihood of a general election before the close of the year, and perhaps not until after another session of Parliament, but that the Government will go to the country immediately after the session. Mr. Foster says Sir Charles Tupper is a remarkable man for his age and the Opposition is in a stronger and better shape than for years past.

Regarding the Transvaal Contingent.

Mr. Foster says Sir Wilfrid Laurier, by his hesitancy, missed a chance of a lifetime, that Mr. Bourassa's resignation was merely a feint to make the sending of the contingent a critical question, and thus provide a gauge for the Government. He said Mr. Tarte should be the next to resign, as he does not see how he can "hold his place as a Minister of the Crown after such an exhibition of treason."

Manila, Oct. 27.—Mr. Ruperto Santiago, one of the wealthiest Visayanos, who had taken the oath of allegiance to the United States, and who posed as a friend of Americans, has been arrested at Iloilo, while other Visayanos are being watched. The prisoner is charged with organizing a revolutionary junta. Santiago owns sugar estates throughout the island of Negros. It is asserted that a council of 10 and the manager of the Junta met daily at Santiago's office for the purpose of engineering an extensive scheme of collections for an insurrection.

Hospital Ship Arrived.

Washington, Oct. 27.—Cabled information was received at the War Department of the arrival of the hospital ship Bellef at Manila. She reported the disappearance of a steamer, between Guam and Genoa, of Lieut. Robert D. Carmody, who went to Guam with the marine battalion on the Yosemite, when Captain Leary was sent out as Governor to take possession of the island. There are no details of the occurrence. It appears that Lieut. Carmody was taken aboard at Guam, presumably sick, and on orders home or on a furlough. It is thought possible he may have jumped overboard while delirious.

BRUCE NOW. Soon There Won't be a Leg Left for Diabetics to Stand On.

All Over the Country Diabetics is Being Vanquished by DODD'S Kidney Pills—Thomas Brooks of North Bruce This Time—His Case Required Two Dozen Boxes.

North Bruce, Oct. 27.—However it is in other parts of Ontario, the big toe of the province knows the value of Dodd's Kidney Pills for Diabetics. It was not so long ago since Diabetics was considered incurable throughout Bruce County.

The case of Mr. Thomas Brooks of North Bruce belongs somewhat to this latter class. He is in fact one of the many who have been cured before it was too late.

In evidence, and Tarte was one of this class, judging from such remarks as "Wait till you see us next year," etc.

T. EATON CO. Canada's Greatest Store T. EATON CO. A Money-Saving Event in Curtains and Carpets.

There is but one position this store can take in the Homefurnishing business—the very first place. First in the size and assortment of Homefurnishing stocks, first in quality and style of goods; first in values and first in giving satisfaction to the homeowners within reach of this store.

Years ago we broke away from the time-worn methods of buying and selling Home needs. We had ideas of our own, and were not afraid to put them into practice. Soon homeowners became interested; they began to investigate and found our way of doing things was highly pleasing and satisfying, besides very profitable for them.

But for Monday chief interest will centre in our Curtains and Carpets, where we find more goods than we care to have on hand. In Curtains alone we have added over seven thousand pairs since the first of the month.

Industrial School. The monthly meeting of the Management Committee of the Industrial School Board was held yesterday afternoon. The report for September stated that 144 boys were in the school, three had been sent out, and four had escaped. The whereabouts of the missing still remains a mystery. It is recommended the appointment of Mr. J. White as a nightwatchman at

a salary of \$15 a month, and urged that the discipline of the school be more strict. There are four cases of scarlet fever at the school, but it is of a mild form. Accounts for the month were \$1,502.90, of which \$304.37 were in salaries. The Toronto Herald. Messrs. Griffith and Macpherson have issued the first number of a new paper

STILL AT SIXES AND SEVENS. After giving the question of sending a Canadian contingent to the Transvaal his most serious consideration, Sir Wilfrid Laurier announced his policy as follows: "There exists a great deal of misconception in the country regarding the powers of the Government in the present emergency. I have given it some study and our volunteers are enrolled to be used in the defence of the Dominion. They are Canadian troops, to be used to fight for Canada's defence. Perhaps the most widespread misapprehension is that they cannot be sent out of Canada. To my mind it is clear that cases might arise when they might be sent to a foreign land. To postulate a case: Suppose that Spain should declare war upon Great Britain. Spain has, or has got ready to assault Canada as part of the Empire. Sometimes the method of defending oneself is to attack, and in that case Canadian soldiers might certainly be sent to Spain, and it is quite certain that they legally might be so despatched to the Iberian Peninsula. The case of the South African Republic is not analogous. There is no menace to Canada, and although we may be willing to contribute troops, I do not see how we can do so. Then, again, how could we do so without Parliament's granting us the money? We simply could not do anything. In other words, we should have to summon Parliament. The Government of Canada is restricted in its powers as to the attitude of the Government on all questions that mean menace to British interests, but in this present case our limitations are very clearly defined. And so it is that we have not offered a Canadian contingent to the home authorities. Mr. Bourassa, the ex-member for Labelle, who resigned his seat the other day, entertains the same views as expressed above. He believes that Parliament should have been called, and as a protest to the Government's action he has resigned his seat and called for a pronouncement from his constituents. Although Mr. Bourassa has the authority of Sir Wilfrid Laurier for the soundness of his views, we find that the members of the Government, and the friends of the party are doing their best to get him to renounce them. In yesterday's Globe Mr. Belcourt, a French-Canadian member of the House of Commons and a supporter of Sir Wilfrid Laurier, publishes an open letter to Mr. Bourassa, in which the unreasonableness of the Laurier position is forcibly argued and proved. Although the letter is signed by Mr. Belcourt it is evidently the emanation of a Cabinet Minister, presumably Hon. David Mills. Solicitor-General Fitzpatrick preceded him with a similar letter to the French-Canadians a day or two previously. The Government is very much concerned in proving the unreasonableness of Sir Wilfrid's opinion. They are doing all they can to have the opinion buried out of sight. They dread having it submitted to the people, and especially to a French-Canadian constituency, which may declare in favor of Sir Wilfrid Laurier occupies a very peculiar position in regard to this opinion of his. He told us in his Bowmanville speech that in this matter he had "to think and to go slowly and to act firmly and with due consideration. For my part, so long as I have the honor to occupy my present post, you shall never see me carried away by passion or prejudice, or even by enthusiasm. I have to think and consider; I have to look to the right and the left; I have to see what will be the effect of any action that we take." It is surprising that one who was so very cool and dispassionate in reaching an opinion should find himself compelled so soon to renounce it. But how could he be otherwise, when we find the opinion so thoroughly demolished by Hon. David Mills, speaking per N. A. Belcourt? We quote the following to show how thoroughly Sir Wilfrid's argument of the necessity of Parliamentary sanction is refuted. Mr. Belcourt thus addresses Mr. Bourassa, the gentleman who still adheres to the Laurier opinion: "You claim that the Government is to be censured because it did not call a meeting of the House. If so it is not the point very narrow and unworthy of your better judgment? It is true that the Government did not consult the Parliament of Canada, but it is true that it did consult the men-

Woman's World...

Devoted Specially to the Interests of our Women Readers.

Conducted by Katherine Leslie.

Everybody seems to have been surprised and not a little indignant at the action of His Worship the Mayor of Toronto in refusing the Council chamber to the Countess of Aberdeen for reception purposes yesterday afternoon. It was not as though Lady Aberdeen had asked the use of the Council chamber in her private capacity. It was as president of the National Council of Women of Canada, to the Toronto branches of which she was tendering a farewell reception, on the eve of her departure for England, that she asked the Local Council for her-asked the use of the Council chamber, and as such she had every right to expect the courtesy of an affirmative reply to her request from the municipality of Toronto. Indeed, when we consider that the women of the National Council are banded together with the avowed intention of furthering in every way the welfare of the municipalities they represent, it is astounding that even one dissentient voice should be raised to protest against the use of the Council chamber for such a purpose. Even if Lady Aberdeen were a woman of no private capacity, she would be entitled to every reason why she should have had it. The Countess of Aberdeen, as the wife of our last Governor-General, would be a very fitting person in the regard of the Canadian people with whom she came in contact; she has always been friendly and kind in her intentions, and her worst enemy—if she has such an one—will not deny that while in office she did her best to fulfill the high duties of that office, and to leave behind her a record of well and conscientiously performed. All these things taken into consideration, it is not to be wondered at that there is a general feeling that Mayor Shaw did a pretty small bit of business when he refused the request of the Local Council for the use of the Council chamber for Lady Aberdeen's reception to her friends in the Council.

It seems, however, that there is rather a comic aspect to this affair. His Worship having seen the error of his ways and the discourtesy of his behavior, turned up, a repentant guest, at Lady Thompson's reception yesterday afternoon, when the Countess was held, and personally explained to the Countess that, when she had been placed before his colleagues, there had been only one dissentient vote raised against the use of the Council chamber, and that His Worship had fully intended to send a second and more courteous invitation to the ladies that the sacred room was entirely at Lady Aberdeen's disposal, but that, alas! His Worship had been so written on his usually genial visage that the Countess, like the kind-hearted creature she is, forgave His Worship his spot, and the ladies of the council, who are not slow to give any slight to themselves or their beloved leader, followed suit, and His Worship was piled with tea and cakes and general restoration to favor.

But the reception, although not held in the august Council chamber, was an unqualified success in Lady Thompson's pretty home on Sherbourne-street. Lady Aberdeen received in a most becoming and hospitable and white-fouled, having a beautiful yoke and fringed with a white and black, with jet, and a bunch of violets in the corsage. She was assisted by Lady Thompson. Out in the tea room a pretty sight of young girls, among whom were the Misses Emley, Miss Temple and Miss Bromble, dispensed tea and coffee. The decorations were yellow and white chrysanthemums, and the room was a pretty sight. Among those present were: Dr. Armstrong Black, Mrs. Black, the new Attorney-General and Mrs. Ross, Miss Mowat, Mrs. Lanston, Mrs. George Dickson, Mrs. Strath, Mrs. Arthur, Mrs. W. C. Matthews, Mrs. London, Miss Leonard, Mrs. Willoughby Cummings, Mrs. Dignam, the Misses Cart, Mrs. J. M. Cart, Mrs. Cox, Mrs. George Kerr, Dr. Dismore, Mrs. Leila Davis, Mrs. Carter, Miss Cuyler, Mrs. Hardy, Miss Constance Goulet, Mrs. S. G. Wood, Miss Elberly and many others.

The meeting of the Local Council of Women, which was held last night in the Municipal Hall, in the presence of the Countess of Aberdeen, was a most interesting and brilliant affair. In spite of the very bad weather, the hall of the Educational building, which was most beautifully decorated with palms and flags and the Aberdeen coat of arms, was filled to the brim with the most sympathetic and enthusiastic audience. On the platform were: Lady Aberdeen, Lady Taylor, the new president of the council, Miss Cart, Lady Thompson, Miss Cuyler, Mrs. John McLaughlin of Montreal, Mrs. Conroy, Mrs. W. Cummings, and His Worship Mayor Shaw. Present also in the audience were Attorney-General and Mr. Gilbert Parker.

Lady Aberdeen, in a most interesting address, gave an account of the doings of the International Congress in London, and reported that, in spite of the many difficulties to the contrary, the council had come out a financial success, and with a balance of £100 to the good, a fact of which the Industrial Council was very proud. In reviewing the results of the conference, Lady Aberdeen said that, perhaps, we were too near to judge of the good that had been done, but that already many direct and remote results were seen. The congress had brought together workers along the same lines from every country, so that the whole congress had reaped the benefit of their experience and knowledge. The Women's Industrial Council of London had already entered into communication with women interested in the support of industrial arts and crafts in this line of work. At the congress they did not form resolutions or express opinions; they had brought together experts in each department, those who could speak with authority for each country, men and women who could give the best information on all educational, social and domestic problems. The result of this would be to mould the future thoughts and actions of the 5000 women present. This bringing together of the women workers of the world, the bringing of one spirit to bear upon the other, the getting of workers to believe in

ARMY APPROPRIATION BILL

Passed Both Lords and Commons After a Little More Kicking by Radicals.

PARLIAMENT WAS THEN PROROGUED.

Queen's Speech Congratulated the Government on Brilliant Qualities of the Brave Regiments.

London, Oct. 27.—The third reading of the appropriation bill in the House of Commons today gave the opportunity for further attacks on the Government's war policy.

Mr. Gavin Brown Clark, Radical, formerly General of the Transvaal, accused the Secretary of State for the Colonies, Mr. Joseph Chamberlain, of publishing an emancipated version of the Boer franchise bill passed by the Volksraad. Mr. Chamberlain tartly retorted that he said the bill was published exactly as received from the Volksraad. Mr. William Gibson Bowles, Conservative member for Lynn Regis, referred to the heavy military tax before the Government, and said he feared the foreign powers would take advantage of Great Britain's difficulties to make an attempt upon her possessions. All the great powers, except Austria, he asserted, hated Great Britain.

Mr. Lloyd George, Radical member for the Camarvon district, declared the offer of the Transvaal had been misinterpreted, whereupon Mr. Chamberlain jumped up and protested. The Speaker, Mr. William Court Gully, intervened. Mr. Lloyd George then withdrew his expression regarding misrepresentation.

Appropriation Bill Passed. The House of Commons passed the appropriation bill prior to the suspension of the business there, after which the measure was taken to the House of Lords and passed through all the stages.

The House Re-assembled. When the House re-assembled, the Queen's speech was read and Parliament was prorogued with the usual formalities. The Queen's speech follows:

"My Lords and Gentlemen: I am happy to have the opportunity of the exceptional duties which have been imposed upon you by the exigencies of public service."

"I congratulate you on the brilliant qualities which have been displayed by the brave regiments upon whom the task of repelling the invasion of my South African colonies has been laid. In doing so I cannot but express my profound sorrow that so many gallant officers and soldiers should have fallen in the performance of their duty."

"Gentlemen of the House of Commons: I acknowledge with gratitude the liberal provisions you have made to defray the expenses of the military operations in South Africa."

"My Lords and Gentlemen: I trust that the divine blessing may rest upon your efforts and the gallant army to restore peace and good government to that portion of my Empire and to vindicate the honor of this country."

Prorogued Till Jan. 15. In the House of Lords at 2 o'clock, the Lord High Chancellor, Earl Halsbury, and the Lords Commissioners, fully robed, took up positions in the new president's black rod summoned the Commons, the High Chancellor declared Parliament prorogued until Jan. 15. The Commons then returned to the Queen's speech, where the Speaker read the Queen's speech, and the members then stood and shook hands with the Speaker and the House adjourned.

My appetite was poor and I always seemed tired, more especially in the mornings. I tried a number of kinds of medicines without receiving much benefit, until reading of the good effects of B.B.B. I resolved to try it. It did me so much good that I used a second bottle which cured me completely. I then weighed 126 lbs. but I now weigh 140 lbs. and feel strong and well in every way, all of which I attribute to the good effects of B.B.B."

Report Referred Back. John King, Q.C., at the adjourned meeting of Toronto University Convention, read the report of the committee appointed to look into the residence question. The report criticized the auditing of accounts and the management of Residence. A hot discussion followed, and the report was referred back as being indefinitely worse.
