Ownership by an Occupant To Settle Irish Land Row

Land Conference Issues a Voluntary Report, But Makes No Financial Proposals.

London, Jan. 4.—The Irish land conference has issued a voluminous report of its deliberations in which it is declared that the only satisfactory settlement of the existing land question is the substitution of an occupying or proprietary ownership of land for the existing dual ownership. The report recommends that a settlement should be made between the owner and the occupier, subject to the necessary investigation by the State as to the title, rental and security.

Resident Landlords. It emphasizes the desirability of inducing landlords to continue to reside in Ireland and, with this purpose in view, it says an equitable price should be paid to owners, based upon income, and that provision ought to be made for the resale to owners of mansion house and demesnes. The purchase price should be such as to produce a net of a capital sum producing it at 3 per cent. or 3 1/4 per cent.

Good Opportunity. The report offers no definite financial proposals, but it considers that an unexampled opportunity exists at the present moment to deal with this question successfully. It declares also that the solution of the land question should be accompanied by a settlement of evicted tenants' question upon an equitable basis.

Going to U.S. Captain Shaw, secretary of the conference, left today for the United States upon Cunard, Ivernia. He goes to America to ascertain the views of President Roosevelt and other prominent Americans on the land question.

A GREAT STEP FORWARD.

London, Jan. 4.—The Dublin correspondent of The Observer says the report of the Irish Land Conference does not call for compulsory purchase, but it clears the path for final legislation on the question. The report makes recommendations in favor of evicted tenants.

The members of the conference, continued the correspondent, are pleased with the result of their meetings, and there is a general feeling that a great step forward has been taken towards the settlement of the Irish question.

London, Jan. 5.—In a despatch from Delhi, the correspondent of The Daily Mail says: "A body of Pathans made a bold attempt in broad daylight Friday to attack the guard and rob the jewel room of an exhibition where gems valued at \$125,000 were in keeping. SOFT COAL IN A RANGE.

Almost Cost the Lives of Four People Saturday Night.

Escaping gas from a range burning soft coal almost cost four lives on Saturday morning. Mrs. Jane Fliton lives at 14 Wardell-street with her two daughters and two friends, the Misses Davitt. The women were employed in the Simpson Knitting Factory. Early Saturday morning one of the young women awoke to find the bedroom full of gas, which was escaping from the range in the dining-room. She was overcome and fell to the floor. The noise awakened her sister, who hurried to the rooms of the other occupants, after, after shouting, opened the windows and doors. A physician was summoned, who worked with the unfortunate girls for several hours before they were brought around. Sunday they were much better.

TO HAVE NEW SEAPORT ENTER THRU ZULULAND

Governor of Natal Says That British Won't Need Delagoa Bay.

Ladysmith, Natal, Jan. 4.—Col. Sir Henry McCallum, the Governor of Natal, made an important announcement at a banquet in honor of Colonial Secretary Chamberlain last night. He said that the government had decided to establish a new seaport at Umsatuzul, Zululand, and in this way connect the coast with the newly annexed territories of Vryheid and Utrecht. Hence connection would be made with the Transvaal and there would be no occasion for using Delagoa Bay, the seaport of Portuguese East Africa.

MEETS LORD MILNER.

Charlestown, Natal, Jan. 4.—Lord Milner, the British High Commissioner in South Africa, and Colonial Secretary Chamberlain had an impressive meeting here yesterday afternoon in the presence of a great crowd of soldiers and civilians, many of whom came miles across the veldt to witness the reception of the commissioner by his chief. Lord Milner and his staff mounted the steps leading to Mr. Chamberlain's special train, and there was a look of decided pleasure on the thin features of the Colonial Secretary as he grasped Lord Milner's hand. There were cheers and loud calls for a speech, but Mr. Chamberlain contented himself with briefly thanking Lord Milner for the welcome, and the two officials entered the observation car of the train, which steamed off toward the Transvaal, followed by the cheers of the crowd.

NOW AT PRETORIA.

Pretoria, Jan. 4.—The special train bearing Mr. Chamberlain and his party arrived here at midnight. The Colonial Secretary met with an enthusiastic reception.

DEVoured BY WOLVES.

Sad Fate of Eight Officials in Roumania Last Week.

Bucharest, Jan. 4.—Every day the winter advances accounts are received of the ravages of wolves throughout Roumania. Every part of the country appears to be infested with these animals. Hardly a newspaper appears without reports of half a dozen cases where persons have been attacked and devoured by wolves.

LAST WEDNESDAY EIGHT OFFICIALS LEFT.

Police on their way to Galatz on three sledges. When their arrival was not reported the mounted police started a search for them, and on Thursday they found three broken sledges. A number of empty sledges and the trampled, bloody snow told the story of the tragedy that had happened. Even the harness had been devoured by the famished beasts.

GARDNER WHO WAS PASSING THE EDGE OF THE FOREST OF BADEN, NEAR PLOESTI, IN THE AFTERNOON, WAS PURSUED BY A PACK OF WOLVES.

The gardener, who was passing the edge of the forest of Baden, near Ploesti, in the afternoon, was pursued by a pack of wolves. The gardener, unarmed, his carbine, and fired three cartridges at them as he galloped along the road. Then he emptied his revolver and killed several of the pack. They kept on pursuing him, and finally he drew his long cutting sword and slashed at each wolf as it attempted to bring down his horse. The gardener reached Ploesti in an exhausted condition, the wolves giving up the chase not far from the place. There have been scores of similar happenings.

SULTAN QUILLS REVOLT PRETENDER IS FLEEING

This is Official Story From Fez Touching Latest Phase of Rebellion in Morocco.

Tangier, Morocco, Jan. 4.—According to official news received here from Fez the revolt of the Sultan in bringing his brother, Mulai Mohammed to the capital, has attained the desired object of depriving the pretender of his prestige and the latter has retired discredited to Taaza. He has been deserted by a number of local tribes, who dispersed to make peace of their bodies. Buhama, the pretender, having proclaimed the intention of enthroning Mulai-Mohammed, his rebellion has no longer any reason to continue, as the Sultan has publicly reconciled himself with his brother, and Mulai Mohammed has made a solemn entry into Fez acclaimed by the populace. The Sultan has announced the appointment of his brother as governor of the Province of Fez, thus disproving the rumors that Mulai Mohammed aspired to the throne. When this had been done, according to the official authority for these statements, the tribes around Fez swore fidelity to the Sultan and denounced Buhama as an impostor, whom they would prevent from coming to Fez. All immediate danger has disappeared. The routes from Fez to the coast are open. It is said the Sultan is now preparing a large expedition with the intention of crushing the rebellion. The advances received here from Fez under date of Dec. 29, are that the Sultan, who was fighting for the pretender, had declared their allegiance to the Sultan. Twenty thousand troops have reached Fez from the Sultan. The Sultan has placed his brother, Mulai Mohammed, in command of the expedition against Buhama.

FIRST PUBLIC APPEARANCE.

Monsignor Sharrett Given a Warm Welcome in Ottawa.

Ottawa, Jan. 4.—Monsignor Donato Sharrett, Papal delegate to Canada, made his first public appearance tonight at a reception held in the Catholic Cathedral here. The great church was crowded. Archbishop Duhaime welcomed the delegate on behalf of the Canadian Catholics, a pleasure and privilege rightly his by order of seniority. Mr. Sharrett, who is a splendid speaker in English, made an eloquent reply. He expressed thanks for the warmth of the reception tendered him, and said it manifested the great faith in the church displayed by Canadian Catholics. He would report to the Pontiff, whose representative he is, and the great head of the church in the midst of his trials would be pleased and grateful to know that Canadian Catholics at least were loyal and faithful.

The proportion, however, had been 222 in 1891 and 1890 being 42. Even in 1901 the rate was 178. Presumably few cases were fatal before the year 1855. The heaviest mortality was between 1855 and 1865.

MUNICIPAL CAMPAIGN

Every elector is to-day his own doctor.

If the people want economical administration, in 1903 they must elect an efficient Mayor.

Ald. Daniel Lamb is the only Mayor-candidate in the field who understands the business of the city. That is the explanation of his solid support by the business community.

A heavy vote polled to-day ensures the election of Lamb by a big majority. Every facility has been offered for the polling of a heavy vote. The polling booths will be open from 9 a.m. to 7 p.m.—not later.

The entire working vote should be polled. The working men of Toronto are home makers and have the closest concern with the economical government of the city. They were hit hard last year by the supplementary tax rate.

The working vote should be polled solidly for Lamb, the champion for 15 years in the Council of economical administration. Political lawyers who want the people to carry them do not understand the interests of the working man. They want position and emolument without working for either. Daniel Lamb has won his way in the confidence of the people of Toronto by hard work in the Council, as he has won his own way in the worldly energy and pluck. He is not a lawyer or a crank. He approaches men of his own rank, and no campaign of promises that cannot be performed. His platform is one of honest and economical expenditure of the six millions of Toronto taxes. Nothing more than that.

Ald. Daniel Lamb's candidature stands for a principle. He has run for Mayor on the basis of his business ability. He has not run on a platform of promises that cannot be performed. His platform is one of honest and economical expenditure of the six millions of Toronto taxes. Nothing more than that.

THE WORLD OUTSIDE. The world can be had at the following news stands:

OUR DAILY RAILWAY DISASTER. The accident of Saturday, on the Grand Trunk, near Merrittville, was the dangers of railway travel a serious subject.

Both accidents were to trains that were late and running to make time. These two things are characteristic of many accidents and can be avoided.

We believe more stringent rules, looking toward the block system, must be provided. A gentleman who was in the Merrittville wreck, and a man of wide experience, says the lesson of that accident is that passenger trains on single track lines should only "cross" at points where telegraph operators and switchmen are on duty all the time.

As to the merits of the block system we do not undertake at the present moment to vouch for it completely; but we commend an article in Sunday's World, from The Railroad Gazette, dealing with the Merrittville accident. The writer shows that the cure is not in more rules, but in the substitution of the block for the present system.

It is up to the electors of Toronto, and it is their own business. They call the tune and must pay the piper. Two tax rates in the year instead of one was the result of last year's inexperience. Vote Lath for Mayor for 1903 and ensure a moderate tax rate with economical and efficient administration.

MR. BLAKE'S LETTER. The struggles of the politicians in Mr. Blake's hands are calculated to cause the tender-hearted to grieve and the unfeeling to smile.

Then we hear that Mr. Blake is actuated by revenge, that he is actuated by a government decision against one of his clients, that his firm does not receive as many fees as formerly, and so on.

The significant thing about Mr. Blake's letter is that it holds out some promise, and that the end of the reign of mushy talk is coming.

As for the results of the elections, the respective parties feel confident of victory in each case.

The statement of Donald Sutherland that he had been offered a bribe by a Conservative to give his vote to the party was made a matter of no little argument by the opposition campaigners.

At Milton, on Saturday afternoon, a meeting in honor of Mr. J. Ross, Conservative candidate for North Perth, was held. The speeches were stirring and full of fire.

THRILLING RAILWAY RACE

Freight Car Loaded With Rice Runs Away to a Wreck.

Wilkes-Barre, Pa., Jan. 4.—There was a thrilling race on the Wilkes-Barre and Eastern Railroad to-day in an attempt to avoid a collision. A freight car loaded with rice ran away on the steep grade at Yatesville. The passenger train for Wilkes-Barre had just left the station. The freight car, carrying a load of rice, was moving at a rapid pace. The engine driver opened up the throttle, but the freight car continued to gain on the passenger train. Seeing that a collision was inevitable, the passengers from the rear car were hurried into the front one.

At Kingsport, three miles from here, the runaway car crashed into the rear passenger coach, derailing it, and throwing the freight car from the track. No one was injured, but the passengers received a shaking up.

Silvertown, Col., Jan. 3.—The body of James H. Robin, president and principal owner of the Bank of Silvertown, which closed its doors yesterday, was found today, three miles from town, with a bullet hole thru the right temple. In his right hand was the revolver with which he had ended his life.

MASKED MEN STEAL \$4800.

Gag Watchman and Then Dynamite a Bank's Safe.

Chicago, Jan. 3.—Five masked men dynamited the safe of the First National Bank at Abingdon early this morning and stole \$4800. Two of the robbers were arrested at Quincy on the arrival of the fast mail on the Burlington from Galesburg.

The five men held up the night watchman in the main street of Abingdon shortly after midnight, bound and gagged him, and placed him in the office of the bank while they wrecked the vault and safe with dynamite. Having secured their booty, they gave the watchman \$40 and fled. Their escape was made in a buggy stolen from a farm in the outskirts. Their horse proved a slow traveler, and they exchanged it at a farm house near town.

The horse quit the road, and the men gave the names of Edward Raymond and J. A. Haines. Raymond had a card bearing the words, "R. A. Y. and H. A. H.," and the government service. He said he formerly had been a United States secret service detective. Haines had the name Quinn on his shirt, and also a matchbox with "Q" on it. Each man had a grip filled with loose money, boxes and explosives. The money amounted to \$1752.

ROUND THE WORLD IN 40 DAYS.

Before Next Year the Journey May Be Made With Comfort.

Vienna, Jan. 4.—Director Nagelmeckers of the sleeping car company says a journey around the world in the course of the next year may be accomplished in forty days. When the rails of the Siberian line are all relaid it will be possible on the first train to go from Moscow to Irkutsk in six days, and from Irkutsk to Vladivostok or Port Arthur in three days. The timetable around the world will then be: From Moscow to Vladivostok, 12 days; to Nagasaki, 2 days; to Yokohama, 2 days; to Vancouver, 12 days; to New York, 4 days; to Cherbourg, 6 days; and to Paris in less than half-a-day. Director Nagelmeckers says he is now receiving letters from Pekin by way of Siberia in from 20 to 22 days.

Another splendid program will be presented at St. Paul's this week. The "Big Letter" attraction is George Fuller (John), the clever monolog artist, whose "Casey" stories have made him more than a continental favorite. Hayes and Healy are a clever comedy team. Kieda, Ott Bros, and Nickerson are a grand variety of instruments, and present a musical act. The troupe also has a great variety of instruments, and present a musical act. The troupe also has a great variety of instruments, and present a musical act.

At the Grand Hotel another pastoral play will be offered in the shape of "The Volunteer Organist." The piece has been seen here before and attracted a favorable notice. It is taken from the earlier and the greatest of the monolog teaches a strong temperance lesson, but on stereotyped lines or is a manilla. The troupe also has a great variety of instruments, and present a musical act.

Some misunderstanding arose in regard to the appointment of the returning officer for the Separate School Board nomination, owing to certain statements alleged to have been made by Trustee Devane, to the effect that Mr. Finucane had declined to act. Mr. Finucane had not declined to act. Trustee Devane, however, says he had no authority for making the statement in the first place.

WE DON'T LIKE TO DO IT WE WANT THE MONEY—YOU NEED THE FURS.

WE don't like to advertise in this way, because it takes from the dignity of our name—and our patrons are particular people. We are particular people also—but we have to do this for several reasons—principally "because we need the money." Here are the reasons for it: We want to raise \$30,000 by February the first out of our stock of furs—estimated to be worth one hundred thousand dollars. BECAUSE. I.—Because our stock is exceptionally heavy, even after a big Xmas trade. II.—Because the necessary skins for next year's garments have been ordered and are now on the way. We must make room. III.—Because our big new factory is nearing completion. IV.—Because the present showrooms are to be enlarged and the building to be connected with this new factory. We don't want to risk this stock of furs to damage from dust and dirt—therefore we will sacrifice them. The prices below are the argument that will make this sale a success. We guarantee everything.

- THESE ARE BARGAINS. Notwithstanding the advance of 40 per cent. in Alaska Seal in London last week, we are selling our garments at a big reduction from their old prices. 25 Alaska Seal Jackets, 22, 24 and 26 inches long, busts 32 to 40, lined with brown or fancy brocaded satins, plain coat or rolled-back sleeves, \$185 to \$225. Reductions in these prices range from \$25 to \$50 per jacket. 10 Persian Lamb Jackets, double-striped, mink reefer fronts, 22 and 24 inches long, also in special and natty styles, 20 to 22 in. long, with drop fronts, were \$165, for \$140. 14 Persian Lamb Jackets, single-striped, mink reefer fronts, 22 and 24 inches long, splendidly finished, \$115 to \$130. 2 Persian Lamb Jackets, Russian sable collar, fronts and cuffs, 26 and 28, were \$300, for \$275. 2 Persian Lamb Jackets, Baum marten reefer fronts, 22 in. back, drop, 24 in. front, latest style of sleeves, sizes 34 and 36, regular \$230, for \$190. 30 Persian Lamb Jackets, plain, 22 to 28 inches long, busts from 32 to 42, best quality of linings, high collars, revers, full box fronts, rolled-back bell or plain coat sleeves, were \$100, \$125, for \$75 and \$85. 1 Siberian Squirrel Jacket, with ermine collar and fronts to bottom, ermine-lined, rolled-back cuffs, fancy brocaded lining, 40 inches long, send-dating back, was \$200, for \$165. Fairweather's A Famous Fur Store.

"EXPANSION" SALE AT 25 TO 33 1/3 PER CENT. DISCOUNTS

As we said in Saturday's papers the rapid growth of our business makes extension and "expansion" an absolute necessity—we have bought a big lot of ground to the rear of our premises—80x108 feet—and we've plans prepared already for additions to our premises that will give "Fairweather's" the finest showrooms and most moderately equipped workrooms on the continent—the time is opportune and the idea is a wise one to reduce our big stock of fine manufactured furs to the lowest possible point rather than risk carrying them through the dust and dirt that is bound to come with the building—so to-day we start the "greatest ever" sale of furs—the "reductions" are genuine—and mean to you a saving of from 25 to 33 1/3 per cent—

We'll turn the stock into money in a hurry—we'll turn the money into building in a hurry—and we'll turn the profits into your pockets just when you'll most appreciate the money saving—we cannot tell you the whole story in one announcement—but what we advertise, we have—and we court comparison on quality, style and value—look where you will—
