

WILL INVESTIGATE GERMANS' ESCAPE

Kingston Military Court of Inquiry Places Guard in Custody. PUNISHES DESERTER Justice of Peace Hunter Sends Pte. Clark Down One Year.

KINGSTON, July 5.—The three Germans who made a sensational escape from Fort Henry are still at large. A court of enquiry will be held, presided over by Col. T. D. R. Hemming, O.C. military district, No. 3. The guard who was in charge of the prisoners is in custody. Most of the privileges of the interned prisoners have been curtailed, and they will no longer be allowed to go outside the walls for recreation. It was formerly one of their privileges to go outside occasionally and have a short walk. However, they are now being closely guarded, and it is likely that the privileges that will be extended to them in the future will be very clearly defined. The general opinion is that the fugitives will never be found. They may be staying in some of the New York State villages. The matter of searching now rests entirely with the American Government. People are waiting to see what the United States Government will do about the matter of facilitating the capture of the men. The stiffest sentence yet imposed by Justice of the Peace Hunter for desertion was dealt out this morning when Pte. Clarence Clark of the 23rd Battalion was given one year in the Central Prison. He escaped from the detention camp at Burfield, where he was serving twenty days for desertion. He was found in Peterboro on Tuesday hiding in a barn. Clark's home is in Fort Hope. Kingston Orangemen will celebrate the 12th of July at Brockville this year.

CHIEF SENT TO BORDEN UNIQUE BIRTHDAY GIFT

By a Staff Reporter. OTTAWA, Ont., July 5.—On Sir Robert Borden's birthday he received from Chief Otter Skin of the Little Black Bear Reserve, Saskatchewan, a miniature model of a Red River cart. Chief Otter Skin is a member of the patriotic fund finance committee and an enthusiastic imperialist. Most of his descendants of military age have enlisted and are doing valiant service for the empire. Sir Robert has sent a letter of appreciation for the unique souvenir to the agent and a signed photo for the loyalist chief. So far the Indians have contributed to the various patriotic funds over \$30,000, an average per head of \$5.00. Of the inhabitants of the reserve there are 40 of military age. Seventeen have enlisted and three more wished to do so, but were rejected as physically unfit. They have a branch of the Red Cross Society with 147 members, and also branches of the Belgian Relief Fund and the Patriotic Fund. The Indians in the reservation receive letters from the members of the band at the front who are in five different western regiments.

MOBILE AND PENSACOLA IN GRIP OF HURRICANE

NEW ORLEANS, July 5.—Mobile and Pensacola, cut off from communication early today by the tropical hurricane, had not been heard from at midnight tonight. The latest report from Pensacola, received shortly after 9 o'clock this morning, said the wind was blowing 50 miles an hour and apparently increasing. Mobile reported a 70-mile gale shortly before the wires went down at 11 a.m. At that time it was reported that several ships in the harbor were dragging anchor and were in danger of being beached. Efforts to reach the isolated cities by wireless were unavailing.

MANY DISCHARGES AT NIAGARA CAMP

About Three Hundred Men Struck Off Strength of Battalions. NINETY-EIGHTH LEAVES Many Relatives Were Present to Give the Men a Send Off.

Special to The Toronto World. NIAGARA CAMP, Ont., July 5.—This evening there was a large list of discharges in the orders, about 300 men being named, mostly for being medically unfit, but a lot were struck off because of being illegally absent. Col. Labatt said the 98th which left for an eastern point had 400 discharges, and goes practically full strength. Many relatives were here to bid them good-bye and several officers of other battalions were detailed as an escort to the troops. Lieutenant-Governor Hendrie was present. The following boards are named for the smaller camp. Standing board of disabilities of officers and men, president Major E. P. Browne, 128th; members, Capt. A. L. MacDonald, 120th, Capt. H. J. Dingman, 169th. Standing board on ordnance issues, president, Capt. Wm. Burton, 120th; members, Capt. H. B. Shore, 128th; Capt. U. B. Wright, 169th. Tomorrow the 126th and 134th go to Camp Borden, and no battalions leave tonight. Standing board of forage and rations, president, Capt. Wm. Burton, 120th; members, Hon. Capt. H. B. Shore, 128th; Capt. W. Wright, 169th. Lure of the Orchards. The following notice appears: "It has come to the notice of the camp commandant that orchards in the vicinity of the camp are broken into and damage done by men. This practice must stop at once and officers will punish any men caught damaging trees or trespassing on private property." With two battalions leaving tomorrow there will be many more men to go. The 119th Battalion have received orders to remain here till they go overseas. This will leave but two battalions to move Friday and Saturday. It has been decided to leave the 118th and 119th Battalions here in addition to the 126th and 169th, as they are so near departure for overseas. The 176th Lincoln and Welland Battalions went to Camp Borden today.

MEETINGS WILL MARK ANNIVERSARY OF WAR

Fourth of August Will Be Notable Day Thruout Canada. By a Staff Reporter. OTTAWA, Ont., July 5.—Last year on the anniversary of the outbreak of the war meetings were held thruout the empire to record the determination of the people of the empire to prosecute the struggle to victory. Similar meetings will be held this year on Aug. 4, the second anniversary of the declaration of war. The project was initiated this year at last by the central committee for national patriotic organizations in London. The proposal has the approval of Mr. Asquith, Mr. Bona Law, and the Canadian Government have expressed their willingness to co-operate. The prime minister has written to the members of each of the provinces in the following terms: "You remember that on the fourth of August of last year meetings were held in various parts of the country to commemorate the anniversary of the declaration of war. This was in accordance with the plan of action in the United Kingdom and elsewhere thruout the empire. It is proposed to repeat this celebration on Aug. 4 next. An enclosure is attached to this letter by the central committee in London on the subject, containing the text of a resolution, which, it is suggested, should be moved at all meetings. The purpose of this movement is to emphasize the unity of all of the communities of the empire in their unwavering determination to prosecute with victory the great cause for which this war has been undertaken. It is eminently desirable that the government that represents the support and co-operation of all the provincial governments. I therefore commend the subject of your earnest attention in the confident hope that such co-operation will be accorded."

WAR SUMMARY THE DAY'S EVENTS REVIEWED

Continued from Page One. put the Germans in a predicament, for they have railway lines of limited capacity after all for forwarding reinforcements and supplies and they cannot hope to make good in time their deficiency of munitions on the front under attack over the great accumulations of the allies. Hints are coming from Holland that the Germans are preparing to open a offensive on the front between the North Sea and Arras in the hope of relieving pressure on the Somme. The way is being cleared for their troops northward to the points against which pressure is strongly exerted. If they take this action of striking at the allies on the front north of Arras, they will be acting according to the teachings of their text-books, but German military text-books have come to a great discount in this war, and in making any attempt at fighting the allies north of Arras they will meet with unpleasant surprises. They will be merely butting their heads against a stone wall and hastening the end of the war by so much the sooner, for the more Germans that are killed the speedier will be the defeat of the Teutonic powers. Thrusting straight out from the shoulder the Russians have overpowered Austro-German resistance in southeastern Galicia and they have out the Delatyn-Koromez railway, the principal line of communications for the Austro-German forces strongly developed and it broke out in strong counter-attacks against the Monte Zugna and Prima Lunet trenches, but the Italians successfully fought off the enemy. The Austrians, as usual, officially announce that all Italian attacks were repulsed, and do not admit the loss of any point or territory. The Austrians give the number of 158 Russian officers and 23,095 men as taken prisoner in the operations during June on the front south of the Pripiet. The Russians have taken nearly ten times that number, and the issue of the Austrian statement courts comparison with the Russian totals. True to the dictation of Berlin, the Vienna war office never admits a defeat. When Austria-Hungary is overran the exiled Austrian general staff will probably issue a statement from Geneva, or whatever place it has taken refuge, asserting the capture of an immense toll of Russians, or that the czar has a severe cold.

FIGHT IS LIVELY IN NORTH PERTH

Many Elements Enter Into Struggle and Result is Uncertain.

NICKEL IS AN ISSUE

Liberals Count on Substantial Gains—Conservatives' Oratorical Battery Heavy.

By a Staff Reporter. STRATFORD, July 5.—Standing in front of a store and trying to guess how many beans are in a glass jar would be easy compared with trying to predict with certainty the result of the North Perth by-election. Generally speaking, the Liberals are confident of the result, but on the other hand the Conservatives say that the outlook for their side is much brighter than it was a week ago, and that it is growing a better every hour.

Mr. Reine, who is assisting Organizer Adams in the conduct of the Liberal campaign, said to a World reporter this afternoon: "The Tories are trying to club the Germans into supporting their candidate. They are telling the German-Canadians in effect that this by-election will be considered as a test of their loyalty. Germans, they say, can only prove their loyalty by supporting the government and will prove themselves pro-German if they vote against the government during the war. We are holding no meetings in many districts because if we did it would be at once charged that we were pandering to pro-German sentiment. But apart from that, the farmers are so busy that they have no time to attend meetings."

D. McPherson, M.L.A., and Chas. R. McKewen, M.L.A., along with Hon. Nelson Monteith, Premier, addressed a large Conservative meeting here last Thursday.

The Liberal speakers at the Stratford meeting on Friday will include Scott Davidson, M.L.A., J. C. Elliot, M.L.A., and Chas. M. Bowman, M.L.A. At the Conservative headquarters it is said that their meetings are being held in sections of the riding where the English-speaking voters predominate, but at the Liberal headquarters it is claimed that the Conservative oratorical campaign is being directed aimed at the German vote.

The Tories are trying to club the Germans into supporting their candidate. They are telling the German-Canadians in effect that this by-election will be considered as a test of their loyalty. Germans, they say, can only prove their loyalty by supporting the government and will prove themselves pro-German if they vote against the government during the war. We are holding no meetings in many districts because if we did it would be at once charged that we were pandering to pro-German sentiment. But apart from that, the farmers are so busy that they have no time to attend meetings."

disaffection of the Liberals with Mr. Rowell's banish-the-bar policy. No one pretends to say how Strathairn will vote next Monday. The city is a big railway centre and the railway vote may be decisive. That vote is said to be antagonistic at present to the Conservative government because of the recent prohibition legislation. The Conservatives are frankly fearful of the railway vote on this account.

A Mixed Electorate. Perhaps twenty-five per cent. of the voters outside of Stratford are of the German descent. They have largely overflowed into the County of Perth from the County of Waterloo, and hold a fairly continuous line of settlement running northwesterly from Stratford to the northern boundary of Wallace. They divide among themselves on religious grounds, some being Lutherans, some Roman Catholics, some Amish and still others Methodist. Heretofore the vote has been in the main Conservative, but there seems to be a general impression that in this campaign the Liberals will make gains in the German districts. If this happens the Conservatives will ascribe it to the prejudice of the German people against prohibition. The balance of the vote is fairly representative. Perth no longer has the large Scotch vote it once possessed, but there are many native Canadians who trace back their Canadian ancestry many generations, a sprinkling of Irish Catholics and quite a considerable Orange vote.

Anti-Prohibition Vote. The Liberals officially deny that they are soliciting any vote against the prohibition legislation. The temperance question, they say, is one of politics, and both parties are pledged to maintain prohibition until after the war. On the other hand, it seems probable that anti-prohibition sentiment will help the Liberals in this campaign. Perth County is under the Scott Act, but the Scott Act did not carry in the riding of North Perth. The City of Stratford, of course, was not included in the otherwise county-wide prohibition brought into force by the vote of the Canada Temperance Act. Stratford, however, last Janu-

ary defeated local option by a decisive majority. It will therefore be seen that quite apart from politics the riding of North Perth, including Stratford, is opposed to prohibition. The Conservatives believe that the friends of temperance ought to rally to the election to the support of the Hearst Government, and an appeal along this line will no doubt be made to electors who are in favour of the prohibition. It is to be expected that a war-time measure of prohibition.

The bilingual issue is not cutting much figure in the campaign, although the Conservatives say it is being used with effect in the German districts. Federal issues are being generally avoided by both sides. The nickel question, however, may affect a number of voters, as it has been more or less before the people of Stratford through the addresses and pamphlets of Judge John A. Barron, the local county judge. A prominent Liberal worker, commenting upon the front page editorial in this issue of the World, said that he believed 150 votes would be cast for Wellington Hay, the Liberal candidate, as a protest against the action or inaction of the federal and provincial government in dealing with the vital war issue of nickel export. He also said and there seems to be some foundation for the statement, that a number of Conservative voters would stay away from the polls because of the general dissatisfaction with both the Borden and Hearst governments.

COMEDY AT ALEXANDRIA.

At the request of nearly five hundred patrons the Robins Players will present at the Alexandria Theatre next week "Nearly Married," the farcical riot, from the pen of Edgar Selwyn, author of "Rolling Stones" and other noted successes. As a play, "Nearly Married" is noted for introducing in his works at least one decided novelty. "Nearly Married" is no exception, and this time the novelty is a man eloping with his own wife. The interferences of busybody acquaintances cause the trouble between the young married couple, who are really fond of each other. They decide there must be a divorce, and as there is really no reason for it the complications become all the greater. The author with skill acts them into a tangle. The farce is one gigantic avalanche of fun and laughter from beginning to end. The regular matinees will be given on Wednesday and Saturday.

ITALIANS CAPTURE TWO LOFTY PEAKS

Overcome Austrians and Take Monte Corno and Sellugio.

FOE HEAVILY RESISTS

Austrians Make Counter-Attacks, But Suffer Sharp Repulses.

Special Cable to The Toronto World. LONDON, June 5.—Crawling up the rocky slopes of the Alps in the Trentino in the teeth of fierce opposition from machine guns and other lethal weapons, the Italians have captured the summit of Monte Corno, northwest of Faenza, and they have captured the crest of Monte Sellugio, in the upper part of the Apennines, in the upper part of the Apennines, in the upper part of the Apennines.

The Austrians are making every effort to contest the advance and they have attempted the making of counter-attacks. One of these counter-attacks was launched against the Monte Zegna trenches in the Adige Valley. It was speedily repulsed. Another counter-attack was directed against Italian positions on the Prato-Lana, in the Campelle Valley. It was also speedily repulsed.

The Italians report that artillery activity has increased in the Isonzo Valley and that fighting has continued in the Montefronte sector, with the taking of some prisoners, with the taking of a trench mortar by the Italians. The Austrian official statement claims that the Italians failed to make headway with their attacks and it asserts that Italian assaults were repulsed on the Dobordo heights and on the Corinthian heights and between the Brenta and the Adige.

It is asserted that Austro-Hungarian naval aeroplanes extensively bombed the towns of Vincenzano and Belluno-Varanzano and the works at Adria.

FAMOUS WILHELMINA IS SUNK IN COLLISION

Steamer, Centre of Year-Long Dispute, Lost Off Brazil.

RIO JANEIRO, July 5.—The American steamer Wilhelmina, from New York for this port, via Barbados, was sunk this morning in a collision with the Brazilian naval transport Sargento Albuquerque. It is not believed that any lives were lost.

The Wilhelmina, a steamer 1696 tons gross, was built at West Hartlepool, in 1888, and was owned by the Southern Products Trading Co. She left New York on June 5 for Rio Janeiro.

The Sargento Albuquerque was a sailing vessel of 1000 tons, which was bound for Rio Janeiro from Hamburg, Germany, with a load of grain, flour and other foodstuffs.

FRENCH FLAG DAY TO HELP REFUGEES

Secours National in Need of Funds to Meet Demands for Food.

"REMEMBER VERDUN"

Slogan Which Recalls Peasants Fleeing Before Hostile Hun.

Opportunity will be given during the coming week to our citizens to show their appreciation of the great things which have been done and are still being done by our self-sacrificing allies, the people of France, when the French Flag Day will be held under the auspices of the Secours National, with headquarters at 51 West King street.

"Remember the Verdun Refugees" will be the slogan used on the occasion and nothing more pathetic could be brought to mind than the picture thus presented. It recalls thousands of old men, women and children fleeing before the hostile Hun—thousands who would have preferred death itself to the horrors of the flight—all chased from their homes by the terrible bombardment.

To these people the Secours National of Toronto is sending food now at the rate of \$25 a week. To replenish their fund and to assure a reasonable sum in hand to meet this demand for some time to come, the society in Toronto, which has for its object assistance to the people of France, is asking people everywhere to come to their help.

Appreciating the fact that the city has on every occasion on which it has been appealed to given a good account of itself, it is a foregone conclusion that French Flag Day will be no exception, but rather that it may even lead the van when it is recalled that it is for a land whose men have given themselves smilingly and without stint, whose boys long for the moment

of enlistment and whose thousands of widows know no prouder ornament than the Legion of Honour or the medals won on the battlefield in the cause of their native and the allies.

Sir Glenholme Falconbridge, president of the Secours National; Mrs. W. W. Boardman, Mrs. Sidney Small and scores of workers are preparing to do their utmost to cover the country about and in the city so that all may have a chance to share in the benefit of office of succoring those in distress, and at the same time to recognize by a generous response the sacrifices which have been made by the valiant and warm-hearted people of la belle France.

Talks With Screen-Struck Girls

By Beatriz Michelena

(Copyrighted 1916, by Beatriz Michelena)

"Where," asks the girl, whose letter is unfolded before me, "do you find it so hard to get into pictures?" It is the same question that I am being literally bombarded with every day. And it is a perplexing question. Sometimes the almost recurrence of it makes me almost heart sick.

These girls, so many of them, and all ambitious to become motion picture stars!

How I wish they all could! But they all can't—that is the sad part of it. Experience and observation tell me that, for every one of them that really succeeds, a full hundred or more will fail.

Can you blame me, then, for being reluctant to answer the question? If the girl is encouraged by my replies and breaks away from former ties to find a new niche for herself in pictures, the chances are a hundred to one that she is making a mistake. What, then, should I tell her? I hardly know, but have about decided on something after this will fail.

"My Dear 'Screen Struck' Friend: I wish that I could be real encouraging and optimistic for your picture prospects in this answer to your letter. I wish it most of all because I

can see that you are ambitious and have pluck, and I like that sort of metal in a girl. But it all depends on all your ambition and pluck, you'll find it very hard to get into pictures. There are lots and lots of girls besides you trying it and pitifully few succeeding.

"But if you want to try it anyway, the only method is to go some place where pictures are being manufactured and file your application in person. There are too many girls right on the ground now, waiting for openings, to make application by mail of any account.

"You should place your application with as many producing companies as possible, and probably a few of them will be able to use you in extra bits after a time. There is nothing very startling about that, but these extra bits, but they will give you a chance to get before the camera. The call for your services won't come very frequently, but you won't make much money—not enough to live on for quite a while, at least—and maybe never again. But if it all depends on you, you'll get a better chance, and then, if you continue to be an exception, it will better. This is the only way to final success, but it is a hard way and the chances at first are all against you.

"I want to thank you for sending the envelope and stamp for reply. Some of the girls are hot so thoughtful."

Do Your Children Have Lots of Milk? They should have—especially in the summer time—plenty of fresh milk and fresh air—these are two secrets of health in growing children.

BRITISH SHIP'S CAPTURE DUE TO A GERMAN SPY Man on Board Brussels Gave Signals to Enemy's Warships.

AMSTERDAM, July 5.—The Telegram publishes a report from Bruges concerning the recent capture of the British steamship Brussels, which was taken into Zebruge by German torpedo boats. This newspaper says that, according to the general belief at Bru-

ges, the capture was brought about by a passenger who said he was an American, but is believed to be a German. This man remained on deck throughout the voyage, and is said to have made signals with lights, with the result that German warships steamed up and halted the ship.

According to this account, the passenger was treated with the greatest consideration by the Germans, and was given full treatment of movement when he landed at Zebruge.

DUNLOP TREAD TRACTION

PROCLAMATION

"Take Notice: New Yorkers have been Captured by the 'Traction'!"

GARAGE

DUNLOP TIRES SOLD HERE "TRACTION TREAD" "SPECIAL"

In New York City alone nine men are employed selling Canada-Made Dunlop Traction Tread Tires.

Think of it—in a critical city like New York, where probably the most fastidious motor owners in the world assemble, nine men, as noted before, are kept busy doing nothing else but selling a tire made in Canada—and selling it at a higher price than the American has to pay for American-made tires.

And yet this Traction Tread Tire, which has "caught on" in New York City, and other parts of the United States, is identically the same tire which we have been offering to Canadians since 1911.

It is Undoubtedly the World's Greatest Anti-Skid. Also makers of Dunlop "Special." L. 142
