6th. Feby: 1879.

Sir,

This morning — at my house — I received Mr. Vankoughnet's telegram: — "David Sinas asks for "countermand of order for removal "of Whites on 4th inst. — Report "particulars at once".

In reply, I have to state, that in accordance with Your standing order or instructions, and the approval of the Indian Council, I issued, and had served upon all Trespassers on the Indian Reserve, a printed notice (which I forwarded to You) to remove from the Reserve by the 1st. December, — but having learned, the notice was not complied with, and that two of those who had been before turned off by the Sheriff, had actually returned to the Reserve, though aware of the consequences of so doing, — I resolved to again issue Warrants of removal, but considerately deferred doing so until the weather became fine, with good roads.

Having before tried the effect of a few warrants of ejectment, in the hope that others would take the hint and depart, — that failing, and the evil increasing with new-comers, the only course left, was to

make a more general issue of
Warrants, to the number of sixty.
The Sheriff of this County received
fifty, and the Sheriff of Haldimand
ten warrants, - and, they were to
give Trespassers notice, with a reason=
-able time for removal, - and, Exact
their fees where practicable.

The Sheriff of Brant has
given - I understand - until the 10th.
Inst:, and the other Sheriff, I presume,
until the same date.

Some of the Trespassers
persisted in ploughing, and sowing
land, - but, not to deal harshly
with them, I propose to allow those
who put in seed, to come and
reap their Crops, upon doing justice
to the Indian.

I beg to say, I felt reluctant
to put the law in force, but it
is, I submit, an absolute necessity
for several obvious reasones, - namely:
The Trespassers were becoming
numerous, of an objectionable Class
injurious to the Reserve, and the
Indian people, - while, Indians
rent their farms, and have been
farmed on Shares, and so indulge
idle habits &c.

The Indians, with few
interested exceptions, wish Whites
excluded from the Reserve.

If the Law permitted the leasing
- under authority - of farms in
certain cases, - such as for Widows or
aged and infirm men, that would
be well.

The Trespassers will, as they
always do, rouse the sympathy of
neighbours, though they have no
grounds

grounds whatever, as not a man of them on the Reserve, is ignorant of the law, - but venture the risk, to obtain a convenient home, and make all they can, even to plundering the woods.

No doubt, a few of them are respectable exceptions.

Mr Almas is, I regret to learn, prone to listen to, and warmly sympathise with those who complain, but, I trust, my action will be sustained, as it is in the interests of the Indians, and any withdrawal of the order would be unfortunate.

Dear Sir,

I Permit me to ask you if I can have any Redress in the following case - Namely - during the Summer of 1878 I leased a farm of land the Property of an Indian near Brantford - went into possession - Cultivated a large portion and Sowed 35 Bushels fall wheat. In the fall of the year, I with many other white families Received notice from the Superintendant of Indian Lands - Mr. Gilkison - ordering us to leave the Lands, which unless order be obeyed, He was unable to give us any information in the matter beyond the order to leave the Land. —

Now Dear Sir, will you favor me with a reply telling me if I am entitled to any compensation for my loss of Land and labour, or if I can be allowed by the Superintendant to harvest the Crop I have Sown, on Payment of Rent as agreed upon, When I leased the land I was not aware of any Restrictions, otherwise I would not have had anything to do with it.

The cost of moving my family from this place - purchase of Seed - performing labour, and then having to leave the farm and return here - has been upwards of $400.00 and if I shall to loose the Wheat Crop in addition it will go very hard with me,

I am sorry to trespass on your time, but I know of no alternative - and hope you will order the head of the department to see what can be done to Relieve myself and others Similarly placed, - A Reply will greatly Oblige

Sir,

Respectfully referring you to my letter of 6th Feby: last, and, particularly to the "P.S." thereof, (which letter was acknowledged by your of the 11th Feby:- 11,438.-) I think it proper, now to ask for authority to cause the arrest and committment of one George Brown, who was removed by the Sheriff in January last at a cost of $2.84, which the man was unable to pay, or secure: In about two months, it is reported to me - he returned to the Reserve, renting another lot from an Indian, where he now is, reaping his crops.

Brown is not the only case, but others - here and there - have returned, but, for the present, I think, one such example will be sufficient for the others.

I would myself go with the Deputy Sheriff, have Brown arrested,

In reply to your memorandum of the 19th inst. I beg to report that you are correct in your impression that I stated to you some time ago that I had a list of the White people living on the Indian lands of the Six Nations and the Mississaugas. The list was prepared by Mr. A. G. Smith, the Chief of the Six Nations who acted for me as secretary in the McLean investigation. He said, however, that the list was not complete, which in fact I mentioned to you at the time of our conversation on the subject, and proposed to return it to Mr. Smith to get it perfected, to which you assented. I accordingly returned it to Mr. Smith on the 26th of October last, having previously taken an impression in my copying book, but the impression is not very clear. The following is a copy of my letter which accompanied it:-

Dear Sir

I have read the accompanying petition from the Six Nation Indians to the Governor General requesting the Government to allow the white tenants that present working the land for the Indians on their Reserve, to remain and not have them removed from said Reserve as requested by order of the local Superintendent Mr Gilkison

Knowing the situation of the Indians on this Reserve, and the white men who work their land, it would be doing very great damage to the Indians by removing the white tenants who farms their lands and also a great injustice to the whites for them to be removed on such short notice, as all of them have more or less fall wheat sown and all their fall plowing done for the Spring crop. besides improvements

proposed and in many cases to my own knowledge part of the Rent already paid in cash to the Indians owning or leasing the lands. and if this order is carried out a majority of the farms will remain uncultivated next season. If this order for removing the Whites cannot be rescinded Kindly consider the interest of both the Contracting parties, and allow the whites to sow this season Crop and remove the same by a stated time next fall which would be a great benefit to all parties interested. I remain Dear Sir

Yours Most Respectfully

A. W. Thompson

P.S. I would suggest that no white man should be allowed to remain on the Reserve unless he procures a Certificate of good Conduct from a Magistrate and Clergyman A.W.T.

lands.

That large numbers of the Indians who
are the Locatees and Owners of such improved
farms have not the requisite teams, farm

such farms and are without the means
to acquire the same.

That in such cases the said Indians -
while residing upon said lands have -

Memorandum:-

With reference to the Petition from the Chiefs and Warriors of the Six Nation Indians and the papers which accompanied it relative to the notice issued by Mr. Gilkison to all unauthorized persons resident upon the Reserve of the Six Nations to leave the same by the 1st of April,- the undersigned begs to state that the only intimation that the Department has had of such notice having been published was a copy of the same that was sent by Mr. Gilkison without a

a covering letter. It is assumed, however, that Mr. Gilkison's action in issuing this notice was prompted by a letter addressed to him by the Department requesting him to report what he had done on previous instructions sent him in respect to the unauthorized occupants of lands upon the Reserve, Mr. Gilkison not having reported although two & three years had elapsed since the instructions were given him.

As regards the question of the advantages which accrue to the Indians through the residence of such unauthorized persons upon the Reserve, the undersigned begs to state that, while in some instances it may be an advantage, he fears that in the majority of cases it is just the opposite, as it is generally found that White persons who squat upon

upon Indian Reserves on the strength of the irregular leases given them by the Indians belong to the most worthless class of Whites, who risk by taking up lands on the Reserves to evade payment of taxes, and their example is generally injurious instead of being beneficial to the Indians. Whether the occupants, however, are good or bad, their occupation of the lands is quite illegal.

The undersigned considers that if, as stated in the Petition from the Indians, they have more land than they can cultivate and that the same will remain uncultivated if the White occupants are turned off, it would be advisable for the Department to take the leasing of such lands into its own hands and then we should know what kind of people were to occupy the same, instead of

of the Indians selecting their own tenants who may be but generally are not desirable persons to reside upon the Reserve.

The Petition states that the present system of unauthorized occupation by Whites of lands on the Reserve has been in full operation for some years last. The undersigned begs to repeat that though such may have been the case, it was never inaugurated or approved of by the Department, and whenever the Department has become aware of such unauthorized occupation the Superintendent's attention has been called to the same and he has been requested to take proceedings to have the parties ejected. It is well known to the Department that many of these White residents upon the Six Nation Reserve steal wood therefrom and sell it

it in the neighboring towns, and it is only quite recently that Mr. Gilkison reported two or three such cases of theft.

There can be no objection, so far as the undersigned sees, to Mr. Gilkison being instructed to extend the time for leaving the Reserve for a few months until the persons who are alleged to have put crops in have had an opportunity of removing the same,—say until the 1st of November next, provided that such extension is not granted to persons likely to steal the wood or timber

Sir,

I have to acknowledge the receipt of your letter of the 17th ultimo:

In reply, the last forcible proceedings against Whites, was in 1879, when printed notices were handed to trespassers, some left, for others, Warrants were sent to the Sheriffs of Brant and Haldimand, who cause removals: some Whites were declared by Indians as hired men. Hearing Indians had again induced Whites - Non-resident - to cultivate fields upon shares, and others to reside upon Indian farms, occupied or vacated by the Indians; I have from time to time, personally, and publicly, warned them against such liberties, and

of the consequences: 58533

Previous to the receipt of your present letter, I had determined to take steps for their removal, and, if need be, ejectment, and, issued the accompanying Forced bill, which has been distributed to both Indians and White, while, I informed the Six Nations Council, and there placed the notice on the table.

In forwarding, the names of each illegal resident will be obtained, with the lot, and name of Indians occupant or Claimant, reporting to you in a full return.

The blame rests with Indians who will persist, in leaving the White grain Labourers of a third of the Crop. If frequently happens, Whites are quite ignorant of the law, agree with the Indians, even advance Moneys upon rent: two Cases

of which have recently been mentioned to me, one of which, it is well to relate, to show the Indians is a match for the White in an unauthorised bargain. William Anderson of the Six Nations, came to me with the request, I would eject a White Tenant from his Onondaga Farm, (Anderson resides on another farm in Tuscarora) with whom he was dissatisfied. I wrote his Tenant a Notice, and he at once came in evident surprise and fear, stated he was quite unaware of being a Trespasser, in proof of which, he had given Anderson $ 300 Cash in advance for three years rent; Tel, in a little over a Year, Anderson desired to dispossess him of the farm; without knowing

repacing the advance for the
remainder of the term;
I ventured to tell the Tenant:
a very respectable Farmer
man, that I made not
complay with Andersons de-
mand, but in a general
notice of removal, he might
leave, to suffer.
The present notice, will,
I hope, have the desired effect,
without otherwise being dealt with.
Some of the educated Indians
claim, that as the Six Nations
hold an unconditional Deed
for the lands they occupy, each
occupant, has the legal right
to exercise ownership, and
rent the same if they think
proper, but, they forget,
their Tenant would be a
Trespasser, unless specially
authorised by law; again
they say, why should they

as I presume, there are such.
I shall as directed, read your
letter to the Council of the Six
Nations, - and, also, to Head
of the Mississaguas, when
I meet them.

The parties who got up the
petition against removal,
are personally interested,
having more farms than they
are entitled to, and from
which, they draw rents;
and, the other signers are
more or less interested, -
and, their white servants par-
ticularly so; it is thus, easy
to get a petition of the kind

sympathy.

self reliant Indians, is

and, the accompanying Me-
morial has been recently
handed me for transmission
to you, which conveys a
forcible picture of the evils
arising from the misconduct
of Indians, not of the poor
and ignorant only, but of the
educated and well off, Chiefs
included, who - it is said -
pasture the Cattle and horses
of neighbouring Whites, and
allow them also to rent and
fence in portions of Brush
and Woods for the same pur-
pose: in fact, the Reserve
is a source of wealth to the
contiguous Farmers, and
of some revenue to the Indians.

Upon these evils, I have
frequently addressed the
Council, appealing to their
best interests, and urging
their consent to a Measure

Reserve, which, if carried into effect, would be attended with gratifying results, but hitherto, they have been averse to such a measure, though they are sensible of the injuries their Reserve suffers.

The adoption of By-Laws by the Mississaguas, and effect upon their portion of the Reserve, will, I trust, prove an inducement to the Six Nations to follow their Example, and so place the whole Reserve in a more satisfactory and prosperous Condition.

Mr J. T. Gilkison

Sir.

We the undersigned members of Six Nation Indians desired to express our appreciation of the steps you and the Department are taking towards the removal from our midst the long and seriously felt Grievance i.e. to remove off the whites now trespassing on our lands &c.

Therefore we earnestly Petition the Department you represent to enforce the Law this time to the letter in this respect for the following reasons.

If so We are in accord with the Government in its endeavour to bring about the Policy of encouraging the Indians to Cultivate their land themselves and become self supporting farmers &c. &c. in which we are glad to be able to say they are now beginning to take more interest than formerly.

But they are seriously interfered with the Hundreds and Thousands of trespassers Horses and Cattle which are met with at every nook and corner from early in Spring to late in fall. some of these are brought from a long distance outside the reservation.

over.

Indian Affairs. (RG 10, Volume 2077, File 11,438)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Thus they put to extra work and expence in order to save their crops protected from the depredations of said horses and cattle. failing in said extra work and expence is a sure loss of often most promising field of some kind of grain grass &c (such losses if reckoned up in detail every year would show an enormous figures) on which many a helpless one depending for subsistence. And to attempt to recover such losses at law is to many a difficult and expensive task through want of knowledge about law and the cunningness of the trespassers. in fact impartial investigation in the matter would indeed show a far blacker letter than this. So a clean sweep of trespassers is indeed necessary before these our people can be expected to prosper.

2nd That the majority of white persons now trespassing on our land are of the most undesirable characters (but in this we decline to state further) by whom many of our young peoples are led to hurtful vices &c

3rd The farms now occupied by white persons we believe in majority of cases belong to those Indians who are well able to cultivate it themselves some even now we know posses ample means to do so. while others belong to Indians who posses more land than they properly cultivate it.

over

Others belong to widows and orphans even in this class though few in number some have enough means to get along without a tenant.

for as a general thing a ridiculously low rent is given. in fact it is nothing to compare the damages done on such farms. such as. soil exhausted. buildings &c went to pieces.

4th The trespassers generally leave their Horses and cattle to roam all over the reservation (some fine pastures of course) not only doing damages to the people generally in many ways, (such as starving their cattle and thus cut out of fall market &c.) But often when taken home in the fall many of the people's cattle are also disappeared.

And for all this few receive and a very small pay.

Sir,

I employed Peter Newhouse to serve the printed notices, upon illegal occupants of farms in the Indian Reserve, which took him five days with horse & buggy, and an assistant, for which he charges the not unreasonable sum of $2 per day, or $12 in all.

Dear Sir

In the year 1873 or 1874 I located & bought of your government some 300 or 400 acres of "Indian Reserve" lands - I have never paid any taxes on these lands - and what I would like to know is

1st Is this land in my name subject to taxation

2d Have I in anyway invalidated my title thereto by my non-payment of taxes & if so, what steps must I take to revive it

3d What is the amt of accrued taxes on the land by years - to wit how much in '73 - '74 - '75 - '76 - '77 & '78

Any further information in regard to this property that you think would be of interest to me will be gratefully received

Memo to Council

The undersigned
has the honor to report that
while the old forms of Letters Patent
used in conveying Indian Lands
to purchasers thereof a
reservation was made of
all mines of gold & silver
that should or might be
found on or under the lands so patent-
ed; that in the more recent
forms used for the conveyance
of certain lands to the
purchasers thereof this
reservation has been struck
out inasmuch as the Crown
never availed itself of the
privileges of the reservation
Patents issued under the old form
& it was considered highly
improbable that it would
ever do so.

Inasmuch as however
considerable uneasiness
is occasioned in the minds
of the holders of lands for
which Letters Patent containing
this reservation has issued
and it seriously interferes
with the sale by them
of said lands it is highly
desirable

desirable that an Instrument

therefore respectfully

Dr Sir

Thanks for information received of you I have found that my title to Block. J. Garden River Indian Reservation is still good or will be when I pay the accumulated taxes

I do not wish to seem importunate or seem to hurry the decision of your Government as to whether they will release their right to any mines of gold or silver that may be found on said block "J." please see my letter to you on this subject and your "11.461- to me wherein you say the Government will consider it—

I am now only waiting a favorable decision on this point to pay up the back taxes and meet them promptly in future as I scarcely think it will be worth while for me to pay said taxes while the land is encumbered

Memorandum

The undersigned has the honor to report that in the old forms of Letters Patent used in conveying Indian Lands to purchasers thereof a reservation was made of all mines of gold or silver that should or might be found on or under the lands so patented; that in the more recent forms used for the conveyance of similar lands to the purchasers thereof this reservation has been struck out inasmuch as the Crown never availed itself of the privileges of the reservation contained in Patents issued under the old form and it was considered highly improbable that it would ever do so

Inasmuch as however considerable uneasiness is occasioned in the minds of the holders of lands for which Letters Patent under the old form containing this reservation have issued and it seriously interferes with the sale by them of said lands it is highly desirable that authority should be given for the issue of the necessary Instrument under the Great Seal for the release and quit claim of such reservation in any Letters Patent heretofore issued

Sir,

I enclose herein copy of a Petition purporting to be signed by certain Indians of the Sauble & Kettle Rivers Point Reserves containing a serious charge against James Askgnah their School teacher and requesting that Askgnah be dismissed from the position -

I have to request that you will endeavour to ascertain the facts in regard to this matter & report fully thereon for the information of the Dept Genl making such recommendation as to you may seem proper

Sir,

Referring to your Letter of the 14th inst. (No. 11,466) Calling my attention to a serious Charge preferred against Ashquake the Teacher of the Indian School at Kettle Point — I beg leave to report that a short time ago the matter was mentioned to me and I lost no time in going to the upper Reserve in order to ascertain the facts of the case. I found that Ashquake solemnly denied the Charge brought against him, while the woman as confidently affirmed that it is true. On the whole from various Circumstances I was pretty well satisfied that there was good ground for the Charge. I saw quite a number of the Indians Concerned, and I told Ashquake in their presence that he might continue to teach during the remainder of this Quarter (till March 31st); but on no Account could he be allowed to remain any longer.

This seemed to satisfy the Indians, and I think on the whole it was the best thing that could be done.

This particular School has been specially unfortunate. I am told that this is the fourth Indian Teacher who has been obliged to leave the School for similar offences.

Should the Sup. General decide that any thing further should be done in this matter, please advise me at once.

Sir,

I have the honor to inform you that a widow of this place has complained to me that some French-Canadians are at present busily engaged in piling Cord-wood on a part of her land contrary to her wishes. She states that for the past five or six years those wishing to use her ground for that purpose have always paid a charge of 5 cents per cord which she made for the privilege of so doing. But this year they refuse to pay her that charge affirming that said land belongs to the Gentlemen of the Seminary. She further states

Simon Annette, one aged Indian, also complains that the Gentlemen of the Seminary threaten to take possession of and cut the timber on a piece of land containing about 9 acres which he has possessed for upwards of 37 years. He states that he invariably makes a large quantity of maple-sugar every spring on said place on which he depends for his support to a large extent.

BRANCH.

On this day, Chief [illegible], of the Delaware Indians of Moraviantown, waited upon the Minister to complain of certain grievances to which, he alleged, his people are subjected, viz:-

1.- That the Hon. Dr. Mills, the Minister of the Interior, gave $66 from Indian moneys to the Township Council of Orford, as a contribution on the part of the Indians towards the construction and keeping in repair of Township Roads. The Indians object to this, for the reason (1).- That the Township does not spend any money on Indian Roads; (2).- That the Indians keep up the roads within their reserve at their own cost; (3).- That there were certain conditions in the surrender made by the Indians to Govt. Commissioner of certain lands in their reserve, by which they were protected as regards any claim upon them for Statute Labour outside

outside of their Reserve. - The Chief moreover, protests against this act of the late Minister as being beyond his power from a legal point of view, and contends that he coned not lawfully withdraw from the Indian Fund any sum for the purpose mentioned unless the Indians had first been consulted and were a consenting party to the transaction

2. The Chief complains that the Local Agent pays the debts of Indians - in many cases good debts - from annuity moneys, without the consent of the Indians.

3. - The Chief complains that the School Inspector places white teachers in charge of Indian Schools in cases where there are young Indians who are quite competent to teach the Indian children.

4. - The Chief complains that Mr. Watson, the Local Superintendent, threatened that if they did not pay debts in arrear to merchants, the Government would certainly do so out of the principal moneys at the credit of the Band. He says that the sum of about $14,000 would be required to clear the Indians of debt, and the Local Superintendent had declared to them that the amount would be deducted from their fund and paid

paid to their creditors unless they discharged their individual liabilities.

5.- The Chief complains that his people do not get the full amount of annuities promised them under the surrender of the 9th April, 1853. It was suggested that perhaps the reason why they did not receive as much as they claim was because the whole of the land surrendered had not yet been sold. The D.S.G. will be able to clear up this point by reference to the Sales account.

6.- It appears that at the time of the surrender a certain lot ~~of~~ on the Reserve, ~~opposite~~ on the Longwoods Road, was in the occupation of the then Chief, who has since died. The understanding was that the Chief was not to be disturbed in his occupation of it during his life-time, but that on his death the lot was to be sold for the benefit of the Band. The Indians now request, the Chief being dead, that steps be taken to sell the lot to the best advantage. It may be added that the land is said to possess special value, on account of its oil-producing qualities.

7.- The Chief says the Indians desire to have the control of the affairs of the Band, the payment of annuities, &c., taken from Mr. Watson, and given to the agent on this side of where

where their reserve is situated, who they say is nearer to them, and whom they would rather have.

8.- The Chief says there were certain instances in which the late Minister, Hon. Mr. Mills, remitted interest due on purchase of Indian lands to persons who were living on the lands and were perfectly able to pay the same, and he protests against such practices.

9.- The Chief handed into the Minister the accompanying printed notice, signed by the D.S.G. & D.A., marked A., and also the memo: marked B., respecting the surrender of the Mohawk and Delaware Reserve. With respect to the printed notice, the Minister would like to see the D.S.G.

Memorandum,

With reference to a Memorandum, dated the 30th ultimo, signed by the Deputy Minister, of certain grievances to which Chief Wauboms of the Delaware Indians of Moravian town alleges his people are subjected, the Undersigned has the honor to report respecting the 1st grievance complained of, that the late Superintendent General of Indian Affairs was induced through representations made to him by the Reeve of the Township of Orford, that the Indians neglected to keep in repair or assist in repairing the road which runs along two sides of their Reserve and Separates it from the lands of white Settlers,

to order, in conformity with the provisions of the 24th Section of the Indian Act of 1876, that the sum of sixty six (66) dollars should be paid annually to the Municipal Corporation to be expended in the repair of said road. (3) The undersigned, having examined the surrender referred to by Chief Wawbanos as containing a clause which protects the Delaware Indians as regards any claim upon them for Statute Labour outside of their Reserve, cannot find that any such clause as this exists in the Deed.

With regard to the Record Subject of Complaint, that the Local Agent pays the debts of Indians to in many cases pay debts from annuity moneys, without the consent of the Indians, the Undersigned has the honor to report that the late Superintendent General directed the Local Superintendent to devote one half of the moneys sent each Fall and Spring for distribution among the Indians, to the payment of the debts of the Indians

Indians.

With respect to the third complaint that the School Inspector places white teachers in charge of Indian Schools, when there are many Indians quite competent to teach the Indian Children, it appears to the Undersigned that the School Inspector is probably the most competent to judge as to the qualifications of the teachers of Indian Schools; and he would remark in this connection that Indians as School teachers have not as a rule been a success.

With regard to the fourth subject of complaint against Mr. Superintendent Watson for threatening that if the Indians did not pay their debts, the Government would do so out of the general moneys at the credit of the Band, the Undersigned has the honor to state that a letter was recently received from Mr. Superintendent Watson, informing the Superintendent General that the Delaware

Band in question had at a recent Council voted that the sum of $14000 from their Capital funds should be asked for as a loan, wherewith to clear off the debts of Individual Indians.

Mr. Watson has been informed that the Superintendent General disapproves of the principle of paying debts of Individuals out of the general funds of the Band.

With regard to the fifth subject of Complaint, Namely: that the Delaware Band do not receive the full amount of the Annuity promised them under the Surrender of the 9th of April 1859, the Undersigned begs to say that most of the lands surrendered by that Treaty have been sold and the amounts received have been invested and the interest derivable from the investments is regularly paid out for the benefit of the Band in meeting the expenses connected therewith and in semi annual distributions.

The Undersigned would further remark that the Income received by the Delaware Band in question is at a higher rate per Capita than is received by any other Band save one in the Dominion of Canada.

With regard to the lot referred to in the Sixth paragraph of the Memorandum, which lies opposite their Reserve on the Longwood Road, and was formerly occupied by Chief James now deceased, and which the Band are desirous should be sold to the best advantage in their interest it would appear advisable to communicate with the Local Superintendent on this subject; and if the late chief left any family their rights in the improvements made upon the lot should be fully protected.

With respect to the desire of the Indians expressed in the 7th paragraph of the Memorandum to have the

Agency of the Band taken from
Mr. Watson and transferred to
Mr. Gordon, who lives nearer
them, and who is also Agent
for the other Bands of Indians
on the River Thames, the
Undersigned begs to state that
the Superintendent General
has approved of this change
on another Memo: recently
prepared, and the report to
Council recommending the
same has been drafted.

With regard to the remissi-
-ons of interest complained
of in the 8th section of the Mem-
-orandum as having been made
by the late Superintendent
General in favor of certain
purchasers of Indian lands in
the Township of Oxford, the
Undersigned is not aware that
any such remissions were
made beyond the powers given to the Superin-
-tendent General under the
Order in Council which conditio-
-nally allowed a remission of
interest up to the 31st December
1869 on the lands purchased, in
lieu of the fact that they had

been sold by Auction at very exorbitant rates.

With reference to the printed Notice bearing the signature of the Undersigned which was handed in by Chief Waubuno, the same was prepared by order of the late Superintendent General after the payment of the debts of the Lij Nation Indians, and had more especial reference to them; but - inasmuch as it was well known to the Department that within the Superintendency in which among other Bands the Delaware Band in question is included, very many of the Indians were in the habit of incurring debts it was thought judicious to forward some of the printed Notices to the Local Superintendent of those Indians for distribution among their Creditors.

And in respect to the Memorandum fyled by Chief Waubuno relative to the Surrenders made by his Band, the Undersigned begs to state that

an Annuity of $600 was, as stated in the Memorandum, secured to them by the first Surrender and is paid to them periodically.

And with regard to the statement that the last Surrender was made on the condition that each Indian should receive $40 a year, there is nothing in the Deed to show that any such agreement was made. The lands were simply surrendered to be sold and the proceeds invested for the benefit of the Band, which has been done.

Respectfully submitted.

Council opened by Chief John Buck.

Remarks by Supt. — The Supt. regrets his late arrival, in consequence of not being informed of his presence.

He had rec'd cheques for most of their late requisition, which he had paid, but for several items, objections are given in

Dept'l Letter Dept'l letter of 10th Inst', which he read.

He replied to said letter last night, and no doubt Cheques would be sent.

Their Woods. The Supt said he learnt they have been discussing the wood question, with the view to the issue of licences, but, before they made their decision, he desired to address them upon the subject: He did so at some length, warning them to

to Cause, and preserve their Woods, of which they had none to spare, if they would but Remember their Children, and their Successors.

We told them they would bring upon their People a Calamity, if they did not Guard their Woods.

We referred to the action of their Brethren in the State of New York, and Canada, who do not allow a Stick to be removed.

Some of them dealt with their Woods as a Bank, for, if any one required flour, tea, Sugar, or anything else, the Wood perished. Such is the unfortunate State of things.

We had another Subject of equal importance with the Woods, to Submit, and would leave them for their Consideration.

Debts & Credit.

We had reference to their Credit and indebtedness, they being now in a most inconvenient Situation, with some distress; We by no means, denied them as free men, the Right of Credit: but from circumstances, they now had none, and, he desired to Explain the question.

they might remember, some few years ago, he advocated a Six Nation Store, and he had not lost sight of it, but impressed with its necessity and importance, because, through it, their people would get necessaries at Cost prices, and have a near Market for all they had to sell, while numbreds of their people could have employment in making of clothes, boots and shoes, and the several Trades would receive encouragement among them.

He did not know of any project, better calculated to benefit the Six Nations.

Their action, and approval of the Supt. General, of whose opinion he did not know, will settle the matter.

The Council resolve to issue licenses.

The Speaker said the Council do not differ with the Supt. in his views about Wood, but they had resolved to authorise the issue of licenses, and with that view, they point the Committee: named by Chief John Hill, Chairman, Moses Hill, in place of late Chief Simon, and John Buck, in room of John

Committee may authorise the issue of licence.

That occupants shall not clear land exceeding the proportion of Seventy out of a hundred acres, with the view to preserve a fair proportion in Woods.

He says the Council is unanimous, for the immediate issue of licences, and appeals to the Supt to oblige, by signing such, as a matter of urgent necessity, such licences being granted by Committee upon report only. This refers to green Wood: as for the old, or fallen wood, that is to be generally cut for removal, but upon license only.

Remarks by Supt

The Supt took occasion to again address the Chiefs and people upon the preservation of their Woods; pointing out their rapid destruction, and calling upon them and Norman to unite in their Case.

The Store Question.

"We learned they had been discussing for sometime, the question of a Six Nation Store, now, they knew that was an old project of his. We thought something has to be done, in order to enable their people for the present to enjoy some Credit for necessaries, and he urged them to consider any act without delay, in the hope, something definite may be done.

As for a Store of their own, though he thought it such what is required, and be of the greatest benefit to them, he doubted if the Government would approve of it, because of the additional responsibility, for, of course the Store should be under Departmental Authority —

The Six Nations
In Council
Minutes
14. 21, 28th Janys
& 4th Feby:

Sir,

I transmit three Minutes.

One important subject is the preservation of the woods on the Reserve, and, had I the power, I would prevent the export of any wood from the Reserve, as a measure of necessity. Another subject, is as regards the privilege of Credit, which, for a time should be renewed to them in a limited degree, but the best project for the Six Nations, would be in a Store of their own, through which, they could have supplies at the lowest price, disposal of their products there, and a large employment given to the Indians, in the making of clothing, and in the several trades. I took occasion to address a few remarks to the large audience present, upon their serious loss, in the death of Dr Brunberry, - a clever amiable young man he was. His funeral was very largely attended by Indians, - many Whites also present.

Ce jour vingt huitième de Février mil huit cent soixante dix neuf, nous soussignés chefs de Caughnawaga, assemblés en conseil prions humblement l'Honorable Surintendent General des affaires des Sauvages de nous accorder le montant d'argent mentionné dans le paragraphe ci-annexé, dans la somme croyons nous la plus convenable à la nation.

Que nous devons informer l'Honorable Surintendent à l'appui de notre supplique qu'une pauvreté extrême regne dans notre village par le fait que la moisson de bl grains et autres de l'an dernier a completement manqué, et que les autres industries, dont les gains étaient assez remuneratifs, ont été aussi comparativement mediocres.

Que l'argent soit distribué en parts egales à chaque famille en presence des chefs, qui agiront en sorte que tous les recipients soient relevés suivant la valeur de leurs parts respectives.

Monsieur

J'ai l'honneur de vous envoyer ci inclus les listes qui ont été faites par les Chefs de Caughnawaga donnant les noms de ceux et celles qui devront contribuer dans la distribution d'argent demandée à votre Département le 18 Janv. dernier. J'inclus aussi une lettre des Chefs et la résolution qu'ils ont passée de vous demander $7000.00 Sept mille dols. Tous les personnes que les Chefs ne considèrent pas comme Sauvages ne sont pas mentionnées sur ces listes: les noms de plusieurs ivrognes et personnes de mauvaise vie y sont inscrits.

D'abord, les Chefs assemblés le 20 ult. ne se sont pas accordés sur le montant qu'ils devaient vous demander: Louis Beauvais Ths. Asennace et Louis Saionataron demandaient $7000.00, Pere Mourey & Jos. Williams $4000.00 et Ths Jocks demandaient $3500.00 et le 25 ult. les Chefs se sont de nouveau assemblés et ont passé la resolution de demander $7000.00

Je crois devoir vous avertir que le village est très-pauvre et que le votre Département est disposé à envoyer quelqu'argent, ceci est le temps le plus convenable. Je pourrai faire cette distribution au meilleur de ma connaissance et consciencieusement. Je pourrai de plus avoir des renseignements des Chefs et du missionnaire de Caughnawaga — je connais tous les Sauvages personnellement.
Les marchands de Montréal, des paroisses environnantes et du Sault St Louis, même les marchands indiens refusent de donner à crédit aux Sauvages et c'est ce qui fait que plusieurs se trouvent dans une fausse-position — Vous savez mieux que moi le montant le plus convenable pour soulager le village. Monsieur,

Il y a un grand mécontentement parmi les sauvages parceque le Département ne leur accorde pas la somme de $7000.00 pour leur être distribuée de la manière qu'ils désirent: Il paraitrait que les Marchands indiens, convaincus que ce bonus serait accordé à même leur fonds, auraient fait des avances à un certain nombre d'entre eux; deux de ces marchands sont des chefs jouissant d'une grande influence, qui sont exposés à perdre les avances par eux faites comme ci-dessus mentionné, si le bonus ou partie du bonus n'est pas accordé suivant leur désir. Le calcul des Chefs était que cette somme de $7000.00 serait repartie par tête, ce qui aurait fait une somme de cinq dollars chacun. Pour ma part, je me suis donné garde de ne donner aucune espérance à ce sujet aux sauvages; et pour obtenir la tranquillité parmi la Tribu, il importe que le Département prenne une décision immédiate sur ce qui doit être fait sans laisser planer aucun doute que je suis en quoique ce soit dans le refus d'accéder

(d'accéder) à la demande des Chefs. C'est avec le concours de votre autorité seulement que je puis efficacement convaincre la Tribu que je ne veux que ce que vous voulez.

Relativement à votre lettre N° 11192 ayant pour objet: "Not giving gratuities to the Indians generally, but merely to the most aged and infirm among them, who were incapacited from earning their own livelihood".) j'ai demandé à un des Chefs Thomas Assennace, délégué par les autres Chefs, de vouloir bien me fournir une liste suivant votre désir ci-dessus exprimé - à quoi, il a répondu que les Chefs ne feraient point une deuxième liste parce-que celles qui avaient déjà été faites et produites au Département étaient conformes à votre lettre N° 11192 en date du 24 Janvier dernier et que lui-même (Thos Assennace) qui avait signé en ma faveur comme remplissant bien mon devoir, serait dorénavant contre moi, me disant que j'étais la cause directe du refus du Département d'accorder aucun bonus suivant le désir de toute la Tribu.

Les agissements des Chefs Sauvages quand ils sont à votre bureau à Ottawa, sont propres à me créer bien des embarras et des déboires, parceque les chefs donnent à entendre, après leur entrevue avec le Département qu'ils sont renseignés tout autrement que je le suis officiellement moi-même; tandisque je sais tout le contraire m'en rapportant à votre circulaire du 10 Avril 1877.

Ottawa.

Sir,

There is great discontent amongst the Indians because the Department has not granted them the sum of $7000 to be distributed in the way they desire - It appears that the Indian Merchants, assured that the bonus would be granted, on their funds, have made advances to a certain number amongst them, two of these merchant are powerful Chiefs of great influence who are likely to lose the advances made by them as above mentioned, if the bonus or part of the bonus is not granted according to their wish. The calculation of the Chiefs was that the sum of $7000. would be devided at so much a head, which would have made a sum of $50 for each. For my part I am afraid not to give any hope in this matter to the Indians & to obtain quietness amongst the Tribe it is important that the Department decide immediately upon what ought

L'Honorable Ministre de l'Intérieur
Ottawa,

Monsieur

Quand j'ai eu l'honneur de vous envoyer les listes des Chefs le 1er. courant, je vous ai fait remarquer que certains personnes non reconnues par les Chefs n'étaient pas sur ces listes - Comme il est de mon devoir de faire cette distribution de (600^{00}) sans partialité, et que je considère que nombre de personnes ont été exceptées, il importe que votre Département envoie un Député pour faire une décision finale à ce sujet. Je sais qu'il y aura beaucoup de trouble si je prends sur moi la responsabilité d'agir, même suivant la loi, et d'après vos instructions puisque déjà on a porté des plaintes à votre Département au sujet que j'ai donné de l'argent à Mr. Comber qui est un des plus anciens membres de la Tribu du Sault St Louis. Je vous prie donc humblement d'envoyer un officier de votre Dept. pour m'aider dans la tâche difficile que j'ai à remplir.
Veuillez me répondre par un télégramme pour que je puisse me préparer l'argent, veuillez aussi s'il vous plait m'envoyer la liste des Chefs.

J'ai l'honneur d'être
Monsieur
Votre obéissant serviteur

of the Interior.
Ottawa.

Sir;

When I had the honor to send you the lists of Chiefs on the 1st inst. I remarked that certain persons not recognized by the Chiefs were not upon these lists. As it is my wish to make the distribution of $600 without partiality and as I consider that many persons have been excluded it is of consequence that Your Dept. should send a deputy to make a final decision in the matter. I know that there will be much trouble if I take upon myself the responsibility of to act. Even following the laws, according to your instructions since they have already carried complaints to your ~~Office~~ Dept on the subject of my giving money to McComber who is one of the oldest members of the Tribe of Sault St Louis. I humbly beg of you then to send an officer of your Dept. to assist me in the difficult task that I have

TERMS AND CONDITIONS.—To guard against mistakes, the sender of a message should order it to be REPEATED; that is, telegraphed back from its destination to the originating office. For repeating, one-half the regular rate is charged in addition. And it is agreed between the sender of the following message and this Company, that said Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any UNREPEATED message; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any repeated message beyond fifty times the sum received for sending the same, unless specially insured, nor IN ANY CASE for delays arising from unavoidable interruptions in the working of their lines, or for errors in cipher or illegibly written messages. And this Company is hereby made the agents of the sender, without liability, to forward any message over the lines of any other Company, when necessary to reach its destination. Correctness in the transmission of messages to any point on the lines of this Company, can be INSURED by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance. No employee of the Company is authorized to vary the foregoing. The Company will not be liable for damages in any case where the claim is not presented in writing within sixty days after sending the message.

Memorandum.

With reference to the several matters which form the subjects of complaint in the Address from the Delaware Nation of North American Indians, which was presented to Your Excellency on the 20th instant, by Chief Waubuno of that Community, the Under-signed has the honor, in obedience to Your Excellency's

Commands, to report in relation to the first complaint contained in the said address, namely:- the cessation of the presents of Clothing which were formerly enjoyed by the Delaware Nation, in common with other Indian Tribes and Bands in Canada: that the accompanying Extracts from a Report of the Special Commissioners, appointed on the 18th of September 1856, to investigate Indian Affairs in Canada, will give full explanations in regard to this matter.

And with reference to the other subject of complaint contained in said Address

Address: "that while other
"Indian Tribes enjoy a hand-

"Indian Subjects, if they could
"not help themselves would
"be entirely destitute", the
Undersigned has the honor
to state, for Your Excellency's
information on this point,
that in the year 1798, 5?1.160
acres of land, situated in the
Townships of Zone and
Orford, were surveyed and
set apart for the Delawares;
that in the year 1836, Sir
Francis B. Head, then the
Lieutenant Governor of
Upper Canada, obtained
from these Indians a Sur-
render of 25.000 acres in

the Township of Zone, for an annuity of $600.00/100, leaving them still about 27,000 acres, principally in the Township of Orford; that in the year 1857, a surrender was obtained from these Indians of the balance of land not required for their own use in the Townships aforesaid. A small block adjacent to their village was reserved for their occupation, and has been subdivided into compact farms for the Tribe.

Of the land surrendered on this last occasion, almost the whole quantity has been sold on advantageous terms; and the proceeds

have been invested for the benefit of the Band.

The Capital standing at the credit of the Delaware Tribe on the 30th of June last, amounted to $148.894; which yields at 5 per cent interest an annuity of $7,444.70; and assuming the population of the Tribe (be, as stated in the last returns received, 274, this amount gives, when divided among them, $27.07/100 per capita.

The Undersigned is not aware that any other Tribe or Band of Indians in Canada has a larger per capita annuity than that enjoyed by the Moravians

Moraviens of the Thames; on the contrary the most of the Bands have a much smaller annuity than those Indians.

The Undersigned in conclusion has much pleasure in informing Your Excellency, that all the Indian Bands or Tribes in the Province of Ontario, in connection with the Delaware Bands above referred to, are for the most part self sustaining; the moneys received by them from the Government being the interest on invested capital derived from sales of lands

Extracts from a Report of the Special Commissioners appointed on the 8th of September, 1856, to investigate Indian Affairs, in Canada.

In 1846, the Legislative Assembly voted an humble address to Her Majesty, praying that She would be "graciously pleased to interpose and prevent the discontinuance of presents to the Aborigines of British North America and their descendants".

The reasons for making

making this Petition, are set forth in the Address itself, and are as follows:

"On enquiry and examination of the subject, it seems to us that a pledge was given and renewed from the remotest period of British Supremacy in North America, on which the Indians have relied in advancing their past claims and that these presents contribute most especially to their comfort, and even necessary support.

"We further humbly submit to Your Majesty, that in our opinion the discontinuance

"discontinuance of their

"by the Indians as a breach
"of a sacred compact entered
"into for their benefit,
"and that it will render
"them discontented, and we
"fear will affect their
"loyalty and present devotion
"to the Crown of England, and
"the person of Your Majesty".

The Earl of Cathcart,
then Governor General, in
forwarding the address to
be laid at the foot of the
Throne, expressed his entire
concurrence in the Resolu-
tions conveyed therein, and
earnestly recommended
that the Subject should be

brought under the favorable consideration of Her Majesty, and his Lordship also transmitted at the same time a copy of the Report of the Committee of the Assembly on which the address was founded.

1846 On the 30th of July, however, in the same year, the Secretary of State for the Colonies announced the decision of the Imperial Government not to reverse the decision already arrived at respecting the Stoppage of the presents.

for adhering to their determination, and states that "there appears to be no "ground for regarding the continuance of the presents as "guaranteed on the part of the "British Crown. In the "Report of the Committee of "the Assembly references are "made to "a pledge"; But of "the existence of any direct "pledge of the nature alluded "to no evidence is adduced, "and the Report seems to rely "rather on the general con- "duct of the Local Executive "as implying a pledge, which "I do not find from the records "of this office has ever received "the deliberate sanction of "Her

On the 30th of January 1849, the Earl of Elgin reported the arrangement made by Lord Metcalf in 1845, with most of the settled Tribes, where by the annual issue of gunpowder was withheld on the understanding that the sums thus saved would be applied in promoting education among them. In 1851. the Urgent Instructions of the Imperial Government for the more speedy reduction of the Indian Grant, gave rise to a scheme for this end which was originated by the Honorable Colonel Bruce, then Superintendent General of Indian affairs. It applies almost exclusively to the issue of presents which he proposed to diminish among the settled Tribes of Western Canada in a more rapid ratio than had been contemplated. We cannot however but feel that the Indians have not been able to appreciate the distinction thus made, between communications conveyed to them through the mouths of their appointed Officers, and Statements made by the latter on their own responsibility. Those who have dealings with the Indians, especially with the Western Tribes, have felt this difficulty. In any negotiations, they are not on

DEPARTMENT OF THE SECRETARY OF STATE OF CANADA

Ottawa, 26th March, 1879.

Dear Mr. Vankoughnet,-

Mr. Angus Stephenson, Ont., has brought to the attention of the Minister the case of William Simpson, the present owner of Lot No. 5, in the 9th Concession of the Township of Oxford. Mr. Simpson asks to be permitted to pay for his land in accordance with the letter sent him in 1874 by the Agent at Sarnia, and to be relieved from paying the amount of the interest which had accumulated previous to 1870, which would make the total sum $747.41 instead of $576.00. The correspondence on the subject, consisting of four letters, has been submitted by Mr. Stephenson, and is inclosed herewith for your perusal, after which please return

return the letter to me, in order that they may be handed back to Mrs. Stephenson.

This would appear to me to be a case similar to that of a constituent of the Hon. Mr. Mills dealt with the other day; and I am of opinion that it would be only fair to deal with Mr. Simpson - and indeed with every one else similarly situated - on the same principle: that is, that they should be allowed this year within which to pay the balance due upon their lands with interest from 1870.

Please to see me on this subject, and oblige

Sir

I beg leave to enclose a letter from Messrs Kilbourne & Staley, as agents of Mrs Mary Jane Bishop, who wishes to purchase Lots No. 142, 144, 146, 148, 150, 151, 152, Amelia Street Brooke. Please inform me how much the upset price is to be and whether I shall sell them to her and how much is to be allowed (if any) by the former cancellation of some lot she formerly held, as I am at a loss to know what to do in the matter. The file with all correspondence concerning these lots of Mrs Bishops was forwarded to Wm Plummer Esq of Toronto who wrote for them a few months ago so I am unable to refer to the file

STATUTORY DECLARATION. Sold by John Nicholls, Law Stationer, 62 King St. E., Toronto.

County of Lambton
To Wit:

I, Michael Mc Mahon of the Town of Sarnia in the County of Lambton Yeoman

Do Solemnly Declare, That

1. I am the person entitled to the Patent of lot number six in the Eighth Range of Indian Lands in the Township of Sarnia to the South of the Town of Sarnia and have paid all sums of money due on the same.
2. In the books of the Indian Agent at Sarnia and in the returns made by said Agent to the Department I am described as Michael Dreic whereas my proper and real name is Michael Mc Mahon
3. The said Indian Agent made a mistake when he first down my name as Michael Dreic and the reason he gives for such mistake is that my mother's name was Dreic she having been married to a man of that name after the decease of my father.
4. I wish to have the said Patent from the Crown issued to me as Michael Mc Mahon and not as Michael Dreic

And I make this solemn Declaration, conscientiously believing the same to be true, and by virtue of the Act passed in the Thirty-seventh year of Her Majesty's Reign intituled "An Act for the Suppression of Voluntary and Extra-Judicial Oaths."

Declared before me at Sarnia in the County of Lambton this 10th day of February A.D., 1879 having been read over and explained to the said Michael Mc Mahon appeared perfectly to understand the same and made his mark in my presence

— The Petition of the Municipal Corporation and Council of the County of Bruce in the Province of Ontario.

Humbly Sheweth -

1. That the Town Plot of Adair adjoining Hope Bay in the Saugeen Indian Peninsula in the County of Bruce has never been placed in the market for sale and no part thereof has been sold. —
2. — That the Country ground said Town plot is generally of a Rocky character, and very little of it is fit for settlement So that there is no prospect of — anything more than a very sparse population, and therefore same will not be able to support a Village —
3. That the part of the Bay adjoining the said Town plot is so shallow, that the Town Plot could not be used as a Port ———
4. That part of the Town Plot is suitable for farming purposes, and is not required as a Village. ———
5. That there are a number of persons residing on the Town plot waiting till said land shall be offered for sale

I have the honor to reply to your letter of the 28th February last No 11.577. in which was enclosed a Petition from the Warden of the County of Bruce on behalf of the Municipal Corporation thereof, praying that the Town Plot of Adair may be resurveyed and sold in 5 acre Lots

I beg leave to say that it is my opinion that if the said Town Plot of Adair be offered for sale as at present surveyed in Town and park lots at a reasonable price many will be bought and settled on in a short time and a good smart village will Spring up

It is true that a great deal of the land around it is Rocky But a village starting at that point would help to sell the Lands near it

It is also true that the Town plot is a large one and perhaps a part of it could be sold for farming purposes and part of it offered in billiage and park lots

I beg leave therefore to Recomend to Your Honr Department that the whole or a part of the said Town plot be offered for sale this Spring and that those who have improvements be allowed reasonable pay for their improvements otherwise be allowed to purchase so many lots as first Claiment

I also beg leave to say that if there is no part of this Town plot Reserved for a Town. those who purchase it in Farm Lots will eventually be able to resell them in billiage Lots

Re Town Plot of Adair and requesting me to report on the best place to hold the sale of the said Town Plot

I beg leave to state that I think either Winton or Owen Sound would be the best place for said sale Winton being nearest the Town plot parties going to see the land could easily attend the sale at Winton. It would costless I think to have the sale at Winton. Owen Sound has the advantage of being easily reached either by Boat or Rail and also more Hotel accomodation for the intending purchasers

that Owen Sound would

The Deputy Supt General

Re projected auction sale of Lots
in Townplot of Adair.

Owen Sound although a little
more distant than Wiarton from the
Townplot of Adair, would seem to be the
most appropriate place to hold the
projected auction sale, its population
being larger and hotel accommodation
greater than at Wiarton besides there
being a Bank in that place whilst
there are none in the surrounding
localities.

The first week in June would be the
best time to hold the auction in
question as farmers by that time are
through with seeding their lands.

There would hardly be any time to
supply Mr Miller with lithographed
maps of the Townplot of Adair, besides
the cost of such would be very
great, but I have accertained from
the clerk in charge of the draughting
room that five or six tracings
could be made by the end of
May which might then be sent

The statement made by Mr Miller in his letter of the 16th inst. is correct. None of the Blacks or Pond Lots mentioned by him are marked nor is the acreage given for any of them.

I also observe that Woman letters have been used in marking most all the lots of the Town plot of Adam which will immediately greatly puzzle and surprise the purchasers

Dear Sir —

I have the honor to acknowledge receipt of your favor of the 26th, as also copy of map, which we are sorry to say is so imperfectly drawn that it will be impossible to photo lithograph it & give you a satisfactory piece of work. Then too the red lettering & lines on the drawing would photograph imperfectly. The only way it can be done is to redraw it all in black, or have us lithograph it. The latter would probably be the most expeditious & perhaps less expensive. Shall we lithograph it?

Your favor of the 21st duly received. Upon re-examining the Map of town of Adair, we find, if you consider the price too high for engraving, that it can be lithographed in the ordinary way, at a cost of $6.00 for the hundred Copies Complete. We have taken the liberty to retain the Copy thinking the price above named would meet your requirements.

Gentlemen,

I am directed by the Supt. Genl. of I.A. to ask the receipt of your Petition praying that the Townplot of Adair in the Twp. of Athemarle be laid out and sold for farming lots, as the same is not suitable in situation or otherwise for a Village or Town.

In reply I beg to inform you, 1st that the Townplot of Adair is within the Municipality of Athemarle; it is consequently questionable whether the Dept. could divert it from the purpose for which it was set apart in the original survey, unless a by-law were passed by the Municipal Council. The necessity for this is further

further apparent from the fact that there are many streets in the Townplot which, were the land ~~lots~~ thrown into farm lots, would have ~~to be~~ necessarily to be closed. ~~There also~~

2nd ~~The~~ that the consent of each purchaser of ~~a~~ lots in the Townplot to the lands being appropriated for Farm purposes should also be requisite.

in Re Lown Plot of Adair

The following is a copy of a By-law passed by the Municipal Council of the Township of Albemarle in the County of Bruce on the seventeenth day of October 1885

By-Law No. 137

A by law to close up certain streets in the Lown Plot of Adair in the Township of Albemarle.

Whereas the ratepayers of the Lown Plot of Adair have petitioned this Council to close up certain streets in the said Lown Plot, and the Indian Department having also intimated by Letter that if such is done by this Municipality the land therein will be sold in the form of farm lots; and whereas this Council is also of the opinion, that it would be very desirable if the Government would so sell the land in said Lown Plot in the form of farm lots.

The Municipal Council of the Township of Albemarle therefore enacts as follows — That all the streets in the Lown Plot of Adair, except Lime Street Grafton Street, and the portion of Buch Street lying East of Lime Street, shall from the date hereof be entirely closed up and cease to be public roads or highways in the said Township of Albemarle

To The Deputy Minister

Department of Indian Affairs,

Ottawa 9 Sept 1887

Re, Practibality of plowing up the the Streets & Roads in the Townplot of Adam & Subdividing the portion reserved into Township Lots

Tp. of Albemarle

I submit that I consider it practicable to close up the streets of a certain portion of the Town Plot viz Lots 2.3.4 & 5 - 8 Concession Lots 3.4.5 & 8 9th Con. & Lots 3.4.5.6.7.8 in 10th Con. These 14 lots taken out requiring such survey that it would be just as well to survey the whole into farm lots - but not offering the Lots that have claimants of ~~Village~~ town Lots upon them for sale, until their claims are satisfactorily settled, Provided the purchasers of the Farm Lots containing these take all the responsibility of satisfying the Claimants of the Town Lots thereon

I submit a sketch of the proposed subdivision (see under) Those who have petitioned for the Farm Lot subdivision hold 33 Lots in Contrast to those who have not petitioned and holding 26 lots respectfully submitted

Sir,

I have the honor to forward you by Mail the Plan shewing the subdivision of the Town Plot of Adair, Co. Bruce into Farm Lots, with the Field Notes of the same, also a list of the Names of the Occupiers of cleared lands so far as I could ascertain and also the number of Acres cleared belonging to the same. The clearings are all of good quality with no rock to speak of, the soil is Mostly Loam. The land near Hope Bay is gravelly and shows itself on Emersons land Lot 4. Con 10.

The Land cleared along Line Street is all good loamy soil down to the Georgian Range.

The land along Grafton Street. West of Line Street is all good but East of Line Street is Mostly Rocky and there are no clearings all the way to Brock Street —

Brock Street from the Georgian Range to Hope Bay has only one clearing (Emersons) Lot 4. Con 10.

On Hope Bay there are no clearings the land is gradually sloping and is gravelly. —

To

Ottawa, [illegible] March 1885

With reference to the 2nd Instant returning Statement shewing the purchases of Park & Village Lots in the Township of Adelaide who have not yet given their Consent to the Survey into Farm Lots, the undersigned begs to state that as regards the purchases under Sales 4969, 4980, 4971 & 4972, as they are not living in the Township the Sales should be cancelled & their Farm Lot 1 Con. S should be disposed of.

As regards Sale 4979 Park Lot 121 Dundas Road, Agent Linton reports that the owner of the Lot, Sen. Campbell, does not reside there, but that he has a tenant on the Lot. The undersigned thinks that Agent Linton should be asked to state whether Campbell or his tenant has any improvements on the Lot & if not, Sale 4979 should be

With reference to Park or Village Lot in the Townplot of Adair and informing me that it will be necessary to obtain the Consent of George Campbell, Elizabeth Caldwell and Elizabeth McRae. to the survey into farm lots of the Townplot of Adair. and the proposed sale thereof. also the consent of Margaret Gibson. Received

The first Opportunity I got I went up to the Townplot of Adair and seen those Parties above refered to. and as result I send herewith their written Consent to the survey and sale of farm lots in the said Townplot of Adair, except the signature of Mrs Elizabeth McRae who refused to sign the inclosed document on the ground that they (Meaning her husband and herself an old Couple living alone) had as much land as they wanted. or could pay taxes for. She also thought that if she signed the document refered to she would be compelled to purchase the 100 acres in which the two lots she owns are in. She state she does not want any more land than she has, her husband signed the petetion for having the Townplot in question laid out in farm lots.

It does not seem that it would be fair to auction such Lot, as this would compel one of them to purchase the whole Lot; & then suppose the other two would stand on their right & say we bought these Park Lots from the Dept & we never valued them; to be counted to the Survey into Farm Lots but we did not assent to give up our holdings.

On the other hand if the proposition supplied by Mr. Austin in his memo. of the 27 Feby 1857 were attempted to be carried out, namely, not to offer the Lots that have Claimants upon them for sale until their claims are

The undersigned thinks that it would be well to have Capt Simpson or a Valuator altogether from Ottawa to value the Farm Lots apart altogether and also a separate valuation of each Village improvement, at the same time, as he is familiar with

Ottawa, 2 [illegible] 188[illegible]

With reference to the application of Park to purchase Lot in Village Lot [illegible] I beg to state that I have made enquiry as to whether the said Park could not sell the Farm Lot in which Park's Village Lot has been sold, less the area contained in that Park or Village Lot, - the undersigned has stated that a difficulty would appear to arise here with those purchasers of Park or Village Lots in said Farm Lots who have been cleared in by the new Survey.

If a Survey had been made of the unsurveyed portion as I advised appears from Deputy's Memo. of the 21st of Sept. 1887 it was first intended then this would be no difficulty in disposing of the same.

Sir

I send herewith my report on the Farm lots laid out in the Townplot of Addison. In the case of lot 6 Con 8 E.B.R. One Hepburn lives on the East half and another Hepburn lives on the West half. They have consented to devede the lot - one taking the East half the other taking the West half. And has agreed verbally to pay Messrs Campbell & Caldwell for their improvement on this lot at my valuation - and Campbell & Caldwell has agreed to accept my valuation. The Money they paid on the small lots to be transfered onto the farm lot they keep.

In the case of lot 7 Con 8 Campbell & Caldwell has Consented to devede the lot lengthwise Campbell to get the South half and Caldwell to get the North half - each one giving up his claim to any improvements to the other - in each case - only that they are to be credited with the Money each one paid to the Department. I had some trouble to get this arangement made and I thaught it would save a good deal of trouble. They all seemed to be satisfied with my valuation of the improvements they were willing to give or take. I had some trouble with McRea - he stated he only wanted his clearance - at last he consented

Each to be credited with the amount paid by each respectively to the Department

consented to take lot 6 Con 9 on which he lives and has 20 acres cleared - and the North one half of lot 7 Con 9 on which he has all of 12 acres cleared. Another person in the Neighbourhood not having any land is willing to purchase the South one half of lot 7. Con 9. In the case of lot 1 Con 8 EBR Wm Newton claims to have made all the improvements on the lot. and Enclose affidavits to that effect, he also states he has purchased all other claims outside of his own. In the case of lot 1 Con 9 Wm James Muirhead states he has purchased any claim or claims Wm D. G. Lane had to any portion of this lot.

In the case of Mrs Margaret Gibson - consented to purchase lot 8 Con 9 EBR.

In my report or remarks of the timber on each lot - in all cases I have made this allowance (when I remarked the timber (all required for fencing and building) The kind of timber suitable for that purpose was not on the land - so I made the allowance - that the settler would have to exchange the hard wood for Hemlock and cedar Lumber and shingles - also for rails. or Hemlock boards to fence with

In my Valuation I put the full value of the land and the timber on each lot to the best of my judgement

To The Honorable the Superintendent General of Indian Affairs.

We the undersigned Petitioners of the Town Plot of Adair, in the County of Bruce beg most respectfully to submit that the lands of the Said Town Plot now for sale in lots of one hundred acres each, are being held by Your Department on terms which are very unfavourable to the settler, and for the following reasons:—

1st The lands are held at prices so high and with such short notice of payment as to make it impossible that the settler thereon can become a purchaser. Not twenty five per. cent. of the land is fit for cultivation. Lands in the immediate neighbourhood have been sold at prices ranging from Seventy five per. cent to one dollars and twenty cents per. acre; whereas the lands of the Town Plot of Adair are actually held at from two dollars to four dollars per. acre.

2nd The Settlers are poor. Their poverty would in any case have exposed them to great hardships in a new Country. But not only are they poor themselves, unfortunately their lands are poor and rocky also; So that it is altogether out of their power to meet the payments demanded by your Department.

They would therefore respectfully submit that the price of the lands of what was formerly the Town Plot of Adair (but which has been adjudged by your Department to be worthless for the purposes of a town) be reduced to an amount proportionate to that of the other lands in the neighbourhood.

Rec'd

Indian Land
Wiarton 27th Dec 1888.

Re your letter dated 19th December 1888.
Ref. Numbered.

I have the honor to forward herewith copy of petition from James Muirhead, John Hewston and others praying for a reduction of the price at which lands in the re-surveyed tract formerly known as the Township of Adair are held for sale by the Department & requesting me to report on the statements made in the said petition. Received

The petitioners submit that the lands of the said Township now for sale in lots of one hundred acres each are being held by the Department on terms that are very unfavorable for the settler, for the following reasons.

1st The lands are held at prices so high and with such short notice of payment as to make it impossible that the settler thereon can become a purchaser, not twenty five per cent of the land is fit for cultivation. Going on to show the prices of lands in the surrounding neighbourhood and comparing it with the prices of the lots or lands lately surveyed in the Township of Adair.

On the above statements I beg leave to Report as follows. 1st as to prices

The Honorable
The Supt. General
of Indian Affairs

prices - I think it very unreasonable for the Settlers to expect that the Department would sell the lands in question at the same price that other lands were sold for in the Township of Albemarle, as the Department - at the Settlers own request - got the Townplat of Adair laid out in farm lots. they: the Settlers knowing that the land on the said Townplat was fit for farming purposes, the Department being at Considerable expence in doing so. which should be charged on the land.

In valueing the land according to instructions - I valued it as if it all stood in bush - And according to the best of my judgement put a fair reasonable value thereon. And as to the statement that not 25 per cent of the land is fit for cultivation - according to my judgement, is not Correct. I Consider that there is between 40 and 50 per cent of the said lands fit for cultivation

As to the short notice of payment, I know that the Crops on the Indian Peninsula this last season was very short and a failure to a large extent, and in most cases I would recommend an extention of time - Again as to the value - if all the timber remained on them they would sell readily to day at the price I put on them. And I again Considered the Settlers got the full benefit of the timber years ago. It is true that the Settlers

are

are poor, and it will be a hard strug-
-gle for a number of them to support
their families the present Winter.
I think the Settlers can
not reasonable expect that the price
of these land be reduced to the
same level of the rest of the lands
in the Township of Albemarle, at the
present time at the very least they are
worth one hundred per cent more.
All of which is Most respectfully submitted.

To The Deputy

Department of Indian Affairs,

Ottawa, 9th July 1889.

With reference to the reduction asked for by the Settlers in Alnwick in the sale of the lands held by them, the undersigned begs to refer the deputy to the last paragraph of Agent Simpson's letter of the 10th August last on file 11,577 herewith.

Mr Simpson was asked to make a valuation of the respective holdings & the valuation which accompanied his letter above quoted seems a fair one & was accepted by the Dept.

The undersigned would also refer the deputy to Mr. Simpson's letter of the 27th of June last giving reasons why the reduction asked for should not be granted.

Re Lot 8 Con 8 E.B.R. Allemarle
New Survey

I send herewith for your Considera-tion a letter I received from Mr James Crain in reference to lot 8 Con 8 E.B.R. Allemarle new survey: stating that the lot in question is a very poor one & / / and offering the sum of $2.00 per Acre for the lot.

In reference to this lot I must say I have been more deceived or mistaken in it than any other lot in the Townplat of Adair. What I thought and expected to be good level land. the fier ran over it last Fall and burnt the light soil on it down to the smouth Rock. and so a large portion of what I took to be good level land is now bare rock. Under those Considerations. I would most respectfully recommend that the price of the lot in question be reduced to $2.25/100 per acre, the price of the same number lot 8 Con 9 E.B.R. Opposite.

Dear Sir

Re Registration of Title papers of Lands in the Town Plot of Adair

Allow us to ask if it is the intention of Indian Land Dept to provide the Co Registrar with a plan of the late Town Plot of Adair for Registration purposes. The reason we wish to know this is on account of a mortgage being taken by one of our Clients on E½ of Lot 16 in 8 Con. Re Townplat of Adair
Re your letter dated 29th August 1888 No 11577

I would most respectfully call your attention to the last and second last clause of your letter of the 29th August last No 11577 instructing me to an assignment from Elizabeth McRae to Peter McRae of Lot 6 Con 9 E.G.R. Albemarle. - also an assignment from Margaret Gibson of the portion of Park Lot 286 which is in Farm Lot 7 Con 9 E.G.R. Albemarle.

I beg leave to report as follows - that I have tried repeatedly to get an assignment from Mrs Elizabeth McRae to her husband Peter McRae - as instructed and Mrs McRae has positively refused She and her husband has also refused to purchase Lot 6 Con 9 E.G.R. or to purchase the North half of Lot 7 in the same Concession on which they have 10 or 12 acres cleared. They have stated that they want no more land than what they have already purchased, (Meaning the Park Lots, unless they can get the land for $1.00 per acre I told him this was out of the question And yet he found out that the South half of Lot 7 Con 9 E.G.R. at its valuation to another person - he came to the Office and offered to purchase it at the price put on it. but he would not purchase the North ½ of the Lot on which he has so much cleared on, or yet Lot 6. on a large clearance and which they are living.

I refused to sell Mr McRae the South ½ of Lot 7 Con 9 B.R. unless he purchased the whole Lot - But this he would not do: At the time I was examining these lands Mr McRae stated he only wanted the Lots or Lot 6 and the part of Lot 7 he had cleared upon and that was the North half of said Lot. I recommended a division to be made of the latter Lot. I presume he thinks that if had purchased the south half of the Lot in question - he could hold on to the portion of land he had cleared on Lot 6 and the North part of 7. and that nobody would purchase those lots. and so spoil the sale of them. - Mr & Mrs McRae are an old Couple living alone, and the are reported of having Money in the Bank - being very saving.

In this Case I would most respectfully recommend - that Mr and Mrs McRae, get a further Notice giving them a reasonable time to come forward and purchase the Whole of Lot 7 Con 9 B.R. Albemarle - failing to do so that the sale will be cancelled - parties has told me that they would purchase the Lot at the price put on it - and pay Mr McRae my valuation for the improvements. am at a loss to know what is best to do, according to Mr Law's P.L.S. report there are 20 acres cleared on the West end of this lot - a dweeling house in which they (Mr & Mrs McRae) live in. I would most respectfully make this suggestion - offer to sell them the West ½ of Lot 6. (if they still refuse to purchase the whole lot) this would be really all that they would require, and as this half of the lot (West ½) is much better land than the East ½, and is not worth near as much.

I would recommend that the sum of $3.00/100 per Acre be charged for said West ½ of the lot in question - (if this course is approved of -, And this would still leave a home for the old couple - to be shure it will rest with themselves to purchase the whole of the two Lots - or one lot and the half of the other.

In reference to Lot 8 Con 9 E.B.R. Albemarle - part of Park Lot 286 in this lot and part in Lot 7. standing in the name of Mrs Margaret Gibson - they cleared about 2 acres on this Park Lot - and built a house and stable - and started a low grocery and dance house, Mrs Margaret Gibson sold her right to another person - that had a very bad name - and in fact had to clear out on a charge giving Indians and Indian Women Whiskey and inducing them to the house, as soon as the Man cleared out - the house was burn-ed down, In this case I would re-Comment - that Margaret Gibson be given One Month Notice - to pay in full for the Park

Park Lot in question, and to purchase

of Lot 7 Con 9 E.B.R. can be sold to some
respectable person. Mrs Gibson did
not give an assignment to the late
tenant that left the house referred to

give me an assignment to the Dep. Genl

Department of Indian Affairs.

Ottawa, 1889

Re Petition of W. McDougall et al
Copy herewith

With regard to the petition of Mr. McDougall et al from the settlers of Stanbridge East asking for a reduction of the lands held by them, I would say that the applicants have been duly notified that their petition would be laid before the undersigned and that they were at liberty to appear in person or by counsel before the 8th Jany. 1889 address in which it was stated that Council at present time to make any reduction in the price of these lands. Mr. Lash's report against the reduction is dated the 27th Dec. 1888 and is turned down. The undersigned knows of no reasons for changing the decision then arrived at.

Gentlemen,

I have to acknowledge the rec. of your Petition of the 25th. Jany last, praying that a reduction be made in the price of your lands, and in reply beg to inform you that the Dept. regrets that it cannot see its way to accede to your request for the following reasons :-

1. It is unreasonable to expect the Dept. to sell the lands in question at a lower price than that now asked therefor, considering the

I enclose Mr. Hewtons transfer to Mr. Whicher - I intended to forward it with my Land Return but overlooked the matter. The improvement referred to is not near as valuable now as there were when I valued them, as I understand the bush fence got burned and the small house has went to decay.

Mr. Hewton still holds Lot 3 Con. G.C.B.R. in one of his sons name but seems not to be yet prepaird to purchase it Mr. Hewton not having purchased the Lot in question. I took for granted that the enclosed document was sufficient authority for me to sell to Mr. Whicher.

In reply to your letter of 6th inst., with reference to Lot 3 Con. 9 Ewer. Alberneda I have the honour to inform you that John Newton was a squatter on the Lot, as he made the improvements thereon, although he did not reside upon it.

Mr. Simpson says that he valued the improvements at $120.00 about 8 years ago. but since that time fire has swept the place and burned the timber, and left exposed barren rock which he had judged was good arable land.

For these reasons he recommended the acceptance of Newton's relinquishment in favor of Samuel McElrea.

I may add that land on the Saugeen Peninsula has decreased in value for the past five or six years.

Sir In the Matter of Lot 3 Con 9 E.
B.R. Albemarle In looking over our notes
We find we examined this Lot in Aug
last We found there is only about 10
Acres of Land on it that Can be Cultivated
The remainder of the Lot is all Solid Rock
with a small quantity of Soft Maple and
Beach timber on it and that is of but
little value The value we put on the
Lot was (50°) Fifty Cents per Acre

There is also the East ½ (50) of Lot 19
Con. 8 Albemarle B.R. which was overlooked in making
out the list of Lands to be examined
by us We have recently examined this
81 Acres and find it for the most part
all rock and all timber of any value
has been taken off This being the East
½ of the Lot there is no road allowance
to it We would therefore recommend
that the price be reduced to 25 Cents per

Re Lot 3, Con 9, E.B.R. Albemarle

The Valuators had examined and valued this Lot - and as they supposed reported on it, but it is not entered on any of the Books sent to me. The Man living on the adjoining Lot would purchase said Lot as soon as it was placed on the Market at the new Valuation placed thereon. As the person is anxious to purchase, being lying along side of him it would be an outlet for pasture, and spoke to the Valuators in reference to the Matter, and to accommodate this Settler. The Valuators handed me the enclosed Report of theirs - on the Lot in question, so that this Man may be accommodated at an early day.

The Valuators intends to enter their Report on this Lot on the Book, they are at present writing on.

In regard to the East part of Lot 19,Con.8, E.B.R.,Albemarle,it is observed that the Valuators in their report refer to this land as the East ½ of Lot 19, but, as the whole Lot contains 152 acres of which 102 were patented some years ago,there can only remain the East 50 acres of the Lot undisposed of. Sir,

In reply to your letters of the 26th Instant, enclosing statements by the Valuators, Messrs Irwin and Elliott, relating to Lot 3, Con.9, E.B.R., Albemarle, and the East part of Lot 19, Con.8, E.B.R., Albemarle, I have to inform you in regard to the first mentioned lot that a Declaration should be forwarded by the Valuators as to the correctness of the statements, to enable the Department to sell the lot under Section 6 of the Regulations as recommended.

I might state that it would be advisable for you to have the Vlauators include their remarks, in regard to the East part of Lot 19, Con.8, in the Declaration, giving in full their reasons for such a large reduction in the price of this lot.

We John Bowin and George Elliott

of the Town of Wiarton in the

County of Bruce and Province of Ontario Land Valuators

Do Solemnly declare that each for himself - That the Reports and statements we made as Valuators on, and of, Lot 3, Con 9, E.B.R. Albemarle, contained in our Report. Relating to this Lot - Also relating to the Easterly 50 acres of Lot 19, Con 8, E.B.R. (So. 4043) Albemarle - are true and correct in every particular. And we are fully convinced that Lot 3, Con 9, E.B.R. Albemarle should be sold under Section 6 of the Regulations, and at the price placed thereon by us.

The reason that we recommended the Reduction that we did - on the Easterly 50 acres of Lot 19, Con 8, E.B.R. Albemarle - are, that the said 50 acres is altogether unfit for Cultivation - being all very rough and Rocky and only fit to pasture a few sheep and young Cattle thereon.

And I make this Solemn Declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath, and by virtue of "The Canada Evidence Act, 1893."

Sir,

I beg to inform you that a Declaration by the Valua-tors,Messrs Irwin and Elliott,relating to Lot 3, Con.9,and the East 50 acres of Lot 19,Con.8,E.B.R., Albemarle,was received on the 22nd Instant,but the information given therein is not sufficient to meet the requirements of the Department. You will,therefore,be good enough to ask Messrs Irwin and Elliott to furnish a Statutory Declaration embodying all the facts and giving their reasons for the proposed sale of Lot 3,Con.9,at such a reduction from the upset price of the lot and also for the proposed reduction in the price at which the East 50 acres of Lot 19,Con.8,was sold. It will also be necessary for them to state when the timber was taken off the East 50 acres of Lot 19,Con.8,and whether it was so taken by the present owner of the property.

Dear Sir

In reply to your letter of the 11th inst I beg to state that the price of the lot above mentioned was $2 an acre which Mr Agent Miller had no authority to increase.

I may say that the circumstances of Gilchrist vs Hanby & Miller had been previously made known to us, and it is my intention to report the full particulars to the Department at Ottawa.

There are several other cases just as bad as this, of which I expect to receive more full information when I shall embody the whole in one general report. Statement made by Evan Stacey

I went to the Indian office in Wiarton last Summer and enquired if any good lots in Wiarton were for sale. the agent said there were no village lots for sale but he said there were two lots just across the street that I could get / I have been informed since that these lots belonged to himself.

About a month after, having been informed by a friend that there were still lots for sale in Wiarton. I again went to the office and enquired for a certain lot which I had been told was for sale on the Friday previous (this was Monday) Mr Miller said it was sold. I asked him who had bought it? and he said "we are not obliged to answer such questions". He then showed me the map of the Townplot and pointed out some vacant lots, I went back in about two hours after and found only the clerk in the office, He asked me what I would give for the lot I had been enquiring after? I told him I would give no land agent a chance to speculate out of me. I then selected another lot and paid for it.

Relists of Lands

Dear Sir

I am now in receipt of your third letter requesting corrected lists of unsold lands in the Townships of Amabel and Albemarle and for the third time I send you them. I do not doubt but what they will this time reach you as you have sent me your address in full

You have to blame yourself for the delay for had you given me your specified address in the first place you would have duly received the lists as I sent the day following the receipt of your first letter

If you have occasion for further correspondence use a little more civility as the insolence of your two last letters is intolerable

I am &c

Sir

Encl lists of land

In reply to your letter of the 20th inst I send you by this days mail lists of unsold Lots in the Township of Amabel & Albemarle Per Book Post

I am rather surprised at the tone of the last letter finding fault with me not ~~giving~~ answering your first which I did on the 11th inst in reply to yours of the 7th it is however more than probable you may not get it either as you gave me no No or No of Box and as I suppose there are a good many of your name in Toronto I shall indeed be surprised if this reaches you -

Dear Sir

I enclose two letters with four printed lists of unsold lands in the Townships of Amabel & Allenwarde which I received from W. B. Miller Land Agent, Indian Department Manitoulin in reply to my applecation of the 7th inst, I was obliged to wait until the 20th inst before I received any answer and then having written again to him stating that I would have to apply to head quarters if I did not hear from him soon,

I then received an answer Endosing two of the above named lists of unsold lands in the Township of Amabel & Allenwarde, and I can only say that I never received such an insulting letter before:

I merely asked for lists of unsold lands in said Townships and beg to call your attention to the fact that the final list I received from Mr Miller had no lots marked off as sold in the Township of Allenwarde. I would feel obliged

obliged if you would inform me which is correct

If such delays occur I am sure no one will go up to Brierton to purchase lands as by the delays which have already occurred several sales have been prevented from taking place

You will confer a favor by looking into the matter as it is a great injustice both to the purchasers and to the parties who are to benefit by the money paid for the lands sold.

re Lot 18/10 E.B.R. Albemarle

Sir

There being a settler on the above lot who has two acres cleared and a house on the lot in which he and his family occupy it is not customary for the department to sell a lot upon which a poor man has improvements especially as I am satisfied you are aware of these improvements being made I will therefore return you the money as soon as you let me know how you wish it sent

Wm Plummer Esq
Sir

I beg to inform you that in December
last I went to Wiarton to purchase a lot
on the Saugeen Peninsula and chose lot
No 17 in 10th Con but was informed by Mr
Miller's apistant that this lot was bespoke
there was no improvements on it Except a
few trees cut down & I understood that there
had been no money paid on it.

As I was disappointed in this lot I sent him
the money for the first instalment on lot 18
in the same Concession which was for sale on
a list issued by Mr Miller on the 2nd January last

I sent the money on the 8th January and not
receiving any reply I telegraphed to him on
the 16th And received a reply a copy of which is
Enclosed, and supposing that all was right
sent off my supplies with a view to commen-
cing improvements this winter, and now
on the 27th twenty days after sending the
money I receive a letter, of which the Enclosed
is a copy, from Mr Miller, informing me
that this lot also is bespoke, and from what
I saw of the management of affairs while
I was up there, I have no doubt that it is
as well as every other good lot on the
Peninsula, with the intention of making
new comers pay for their pretended
claims

claims, I am quite confident that the first instalment had not been paid on either of these lots and that there are other lots in the same position

I think that these men should be made to pay for these lands or else give place to those who will.

I would be willing to pay a fair value for any real improvements that have been made should I be permitted to purchase either of them.

Wm Plummer Esq
Dear Sir

In accordance with your request I went yesterday to see Mr Wm Gilchrist in reference to his purchase of Lot 5 Georgian Bay Keppel, Mr Gilchrist stated that he purchased the Lot in the name of his wife Janet Gilchrist last Spring

Same time previous he had been told by a Mr Braundreth that the price of the Lot was $2 per acre and Mr Braundreth showed him your letter to that effect, But when he went to Mr Miller in april last with $39 60 to pay the first instalment he was told that the price of the Lot was $3 per acre, and Mr Miller declined to take $39 60 but told him that he would hold the Lot for him and that he could go to work on it at once and get the money as soon as he could

He accordingly commenced to clear up a piece of ground for Spring Crop and on the 6th May he again went to Mr Miller's office with the full instalment at $3 an acre $59 00, When he got there he found Mr Wm Hanley in the office and was told that he had come to purchase the same Lot and

and had tendered the money for it. Mr Miller told him that they would have to decide the matter between themselves and Flarity offered to give up his claim for a consideration. but Gilchrist said he would not consent to that as he had got a promise of the lot and would appeal to the head office before he would give in- Miller still urges that they would have to settle the matter between themselves.

Flarity then nudged Gilchrist to go out with him, and when they got out he told Gilchrist that he, Flarity, could get the price of the land reduced, and if he was allowed half of the amount of the reduction. he would give up his claim and get the land reduced for Gilchrist

Gilchrist at length agreed to this proposal as he did not think he could help himself

They then went into the office again and told Miller of the arrangement they had made Flarity stating that he could get the land reduced to $1.50 an acre Miller expressed his doubts if he could get it reduced as low as that, He then paid the $94.00 to Miller being the full instalment at $1.50 per acre, and gave his note to Flarity for $48.00, It was understood that the amount paid to Miller over and above the instalment was to count as

part

part of the consideration he was allowing to Flarity though Miller got it, He holds a receipt written by Miller but signed by Flarity as follows.

"Wiarton May 6th 1878
Received from Wm Gilchrist the first instalment on lot 6 Georgian Range Keppel.
Sigd William Flarity"

Same time after he got an official receipt from Miller dated 28th May for $59.60 being first instalment on same lot sold to Samel Gilchrich

P.S. I expect to be in Toronto next week with a Railway deputation and will call at your office about the 5th of Feby.

There are rumors that Flarity and his sons have been concerned in other land transactions with Miller but I have not heard of the particulars

Sir

I have the honor to report for your consideration the following circumstances in connection with the management of the Manitoulin Agency.

On my visits to the Cape Croker Reserve the Indians have complained to me that Mr Agent Miller was by his conduct preventing the sale and settlement of their lands in the Saugeen Peninsula. They mentioned the cases of several persons who had gone up to examine lands with a view to becoming settlers and whom Mr Miller had supplied with incorrect lists of the unsold lots, so that when, after travelling over the Peninsula at much inconvenience and expense and selecting lots, on returning to the office these lots were said to have been sold.

I subsequently heard rumors among the resident settlers, one of which was of such a nature that I thought it my duty to make

enquiries regarding it

It is in regard to the sale of Lot No 5 Georgian Range in the Township of Keppel to Mrs Janet Gilchrist, the particulars of which are given in the enclosed letter from Wm Bull Esq of Brierton

A

The price of this Lot was $2 00 an acre which was shown on the books and Correspondence that Mr Milley received from this office. It will be seen that Mr Milley made himself a party with one Flarity, to the defrauding of Gilchrist of about $77 00

There are rumors of other similar transactions

I also enclose copies of the following correspondence relating to the Cockburn Agency

B

A letter from R A Rae Esq Barrister, dated 25th Oct 1878 in relation to Lot 24 in 4th Con WBR Albemarle from which it appears that Mr Milley refused to sell this Lot to his (Rae's) client on the ground that one Mathieson had a claim to it

C

A letter from Wm Bull Esq from which it appears that this Lot still remains unsold on the 2nd January last, and I am informed that since

Indian Affairs. (RG 10, Volume 2079, File 11,611)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

since that date it has been sold to one Beake.

D / A letter from Mr Wm Chearnes of Dockton in which he complains of treatment which he has received from Mr Miller.

E / Correspondence from Mr Alex Robertson, Real Estate Agent, of this City, from which it appears that Mr Robertson was acting on behalf of clients who were desirous of becoming purchasers of Indian Lands. You will observe that the first list of Lots Mr Robertson had no Lots marked off as sold, the next had three, while that enclosed in Mr Bells letter to me (marked C) about a month after had 21 erased.

F / A statement made by Mr Evans Stacey respecting applications made by him to purchase Lots in the Township of Albemarle.

In addition to these, numerous verbal complaints have been made to me, and come from what I should judge to be reliable sources and I have no doubt that should an investigation take place, they and many others would be brought forward and substantiated.

I may say that I should have felt very reluctant in reporting on

on this matter had it not been first brought under my notice by the Indians in whose interests the lands are being sold, which interests they consider I am bound to protect, and these complaints having been subsequently made to me I considered I should have been wanting in my duty to the Department had I withheld them

I have the honor to be,

I have the honor to reply to your letter of the 3rd inst No. 11.611. asking me for explanations in reference to the sale of Lot No. 5. Ascension Range Keppel Sale No. 4383. and also to reply to certain charges made against me in connection with the sale of the same

In reply I beg leave to state that a year ago the above Lot stood in the Books of this Office for sale in the Index Book as follows The column headed upset price The Lot was valued at $2.00 an acre and in the column headed Sold for was marked 21 shillings. this was not crossed out but above in the same Column was marked $3.00 This then (namely three dollars was the price I asked in all cases for the Lot. and believing this to be correct

There were two parties applied for the Lot William Flanity and William Silcrist they both called two or three times asking the price and other information respecting the Lot. but neither of them had the money to pay the first payment on it. I told them both that as there were several other applications. I could not keep the Lot for either of them without the first instalment being paid down. At last they both came to the office and Flanity who was first. offered to pay the money for the first instalment. but wanted to get it at Two dollars per acre Mr Silcrist and he both urged the necessity of getting the Lot at that figure. I was not sure whether I could sell the Lot for Two Dollars at that time believing that I was expected to get the price marked in the Column Sold for this I stated to them but said I would forward the first instalment at the rate of Two Dollars per acre to the Head Office at Ottawa and be guided by the instructions I received. after my monthly report was sent in

although I took a good deal
of trouble to satisfy them
both: I found it to be impossible
as each tried to prove he had
the best claim to the Lot
As I could only sell the Lot
to one I said I would think
over the matter and they both
left. This occured shortly
after the office had been brought
to Winton and I having had
little experience in disputes
of the kind at that time
felt greatly embarrased &
knew what to do not wishing
to judge between them as
each of them had nearly the
same claim as far as I
could see. They came back
to the office together and said
they had arranged the matter
between themselves. and if I
recolect right Flanty was
putting the money for the
Lot in Isilchnist or his wife's
name. I knew nothing of
the arrangements they made
between themselves. But
I took the money and sent
it to the Bank in the name
of William Isilchnist. but
before making the entries in
the Book he had it changed
to Jennet Isilchnist

This was all the money I ever received from either party (namely) $59.60 and this I accounted for in the regular way and all parties expressed themselves as being satisfied at the time

I beg leave to add in reply to Mr Plumb's letter stating that I had no right to raise the price. That I did not do so but was guided by the figures before me in the Index Book and on looking over the same Book now I find a difference between the upset price and the price sold for of from 25 ¢ & $1.00 per acre in many cases.

As to the charge of conniving with Plenty. I deny most emphatically But prevented him and one of his sons on several occasions from purchasing Lands they wished to speculate on

I William Clarke of the Township of Keppel Farmer make the following true and correct Statement That on or about the month of March 1878. I wanted to buy a Lot of Land I got a list from the agent in Meaford of the Land for Sale in Keppel and picked upon Lot 5 Georgian Range Keppel I examined the Lot and asked the price the agent said three dollars per acre as there was a Ridge of Rock on it I thought two dollars enough I had not enough money to pay the first payment but finally succeeding in getting enough money and came back in April and wanted to pay first instalment. The agent did not appear willing to take my money giving as a reason that one Gilchrist had applied for it. I felt a good deal annoyed at this and as we were discussing the matter Gilchrist came in to the Office and Spoke to Mr Miller about the Lot. Saying he had not the money or he would take the Lot I then seeing that no money had been paid on the Lot, threw down the money and urged Mr. Miller to take the first instalment at two dollars per acre Mr. Miller I thought wanted to give the Lot to Gilchrist and believe he would if Gilchrist had had the money when I saw the agent did not appear willing to give me the Lot Gilchrist and I left the office and I proposed to divide the Lot each of us taking half this we could not agree upon.

I William Sutherland of the Township of Keppel in the County of Grey, Farmer ~~make~~ ~~oath and say~~, declare as follows

I That on or about the month of March last, I called on the Land Agent at Wiarton to purchase Lot No 3, Georgean, Range, Keppel, he stated the price of the Lot was 3 ~~or~~ per acre, and that there were several applications for the Lot, urged upon him the necessity of having the Lot reduced to two Dollars, per acre, as there was a good deal of flat, rock, or'ch,

II That Mr. Miller stated that if the Lot was really worth no more than Two dollars, per acre, he supposed the department would likely, to take that for it.

III That when I returned to the office I found one Charity in the office who was urging Mr. Miller to take the first Instalment from him Mr Miller said he could not sell the Lot to both of us and as he thought I was going to sell on the Lot he would rather sell it to me Mr Charity urged his claim saying he was first applicant, and the first to tender the money

IV That Mr Miller, said he thought it best to arrange the matter between ourselves, it was all the same to him

V That Mr Miller said he would send the first payment to Ottawa at the rate of Two Dollars per acre and if the department would accept of it all right if not the purchaser would have to pay whatever was required.

VI. That Mr Flanly and I left the Office, and declined thematter, be-ing auctioneers, and he agreed to waive his right of the lot for Thirty Dollars, and lend me the money to make the first payment.

VII That I requested Mr Miller not to make the entry in the Books for a few days; as I had not decided whether to buy the lot in my wife's name or in that of my Son, I decided in favor of the former, Mr Miller carried out my instructions and acted honor-able in every case to me

I have the honor to reply to your letter of the 15th inst No. 11,611. In reference to certain charges made against me as Land Agent and asking for explanations in connection therewith I beg leave to submit the following statement

1st

In reference to letters to and from Alexander Robertson of Toronto I received a letter from him on the 9th dated the 7th November last I replied on the 11th Nov the 9th being Saturday sending the lists he asked for. Again I received a letter from him dated the 20th Nov. I think I received this letter on the 22nd Nov But I replied on the 25th again sending the lists

I then received the third letter from him dated the 21st and replied to it on the 25th Nov. I heard no more from him. and it would appear he wanted no land as he never purchased any The charges Mr Robertson makes against me is first not replying to him promptly. The above dates prove this not to be the case as to the lists which he says was not corrected. (that is not having the lots marked off which had been sold) I was of opinion they had been corrected. but if not I must have omitted & do so in the press of business being very busy at the time I beg leave to enclose the three letters I received from Mr Robertson and which I believe to be in the hand writing of Mr. R. In reply to the charge made against me by Wm Cleaving. I think Your Hon Department will bear me out in not selling Lot 18. Con. 10. E.B.R. Albemarle for the following reasons A man by the name of Anderson called last Summer and stated that he had built a house and had about two acres cleared and that he his wife and Five Children were living on the lot. That he had not been able to raise the money to pay the first instalment although he had offered to sell his Cow But could not get the money for her I inquired from some of Andersons neighbours if such was the case and they reported it to be true The Lot still stands in the office for sale and I have notified Anderson several times to pay the first payment

As to my refusing to sell him Lot. 17, on the same Con. This is not the case. but I merely stated that one Jordan post had selected the

the Lot and gone back to Alexandria where he lived with the intention of sending the money against Instalment this was the case but when Mr Post returned he changed his mind and bought Lot 21. on the same Con Sale No. 4434,

As to the letter from N. A Ray I scarcely understand as to whether there is a charge or not against me in the letter and if so what the charge is The facts are as follows The Lot was sold on the 11th day of December last to James Blake sale No. 4447. And one Allan McFayden called at the office Forward the Lubber end of Dec and wanted to purchase the Lot I told him the Lot was sold he said he had a claim on it through one Matheson who had made some improvements on it, as I did not believe matheson had much improvements on it and left the peninsula. I told him I could do nothing in the matter. McFayden went and saw Mr Blake who I believe paid him Twenty dollars for the improvements which I afterwards learned was far above their value I cannot therefore understand how any complaint could be made in this matter

4 As to the statement of Evans Tracy I am sorry to be compelled to say they are mostly a tissue of falsehoods
He called at the Office and was told there were a number of lots for sale in Winston this every person knew to be the case and it would only have been folley on my part to have stated different he asked if there were any for sale on Berford Street south of Division St, and I told him no nor had not been for several years he got a list of the vacant lots and a correct one I think as to my refusing to answer his questions. This I was compelled to do as it took me all my time to attend to the necessary office work. as many days during the last three months of the year there were from 40 to 50 people calling on land business and it was therefore impossible for me to spend much time with each one or answering many unnecessary questions

I William Flanity of the Township of Keppel Farmer make the following true and correct statement. That over about the months of March. 1878. I wanted to buy a Lot of Land. I got a list from the Agent in Winton of the Land for Sale in Keppel and picked upon Lot. 5. 1 2 or 3 East Range Keppel. I examined the Lot and asked the price the Agent said three dollars per acre as there was a Ridge of Rock on it, I thought Two Dollars enough. I had not enough money to pay the first payment But finally succeeded in getting enough money and came back in April and wanted to pay my first Instalment. The Agent did not appear willing to take my money giving as a Reason that one Leitchrist had applied for it I felt a good deal annoyed at this. And as we were discussing the matter Leitchrist came in to the Office and Spoke to Mr Miller about the Lot saying he had not the money or he would take the Lot. I then seeing that no money had been paid on the Lot Threw down the money and urged Mr Miller to take the first Instalment at two dollars per acre. Mr Miller I thought wanted to give the Lot to Leitchrist and I believe he would if Leitchrist had had the money

I William Gilchrist of the Township of Keppel in the County of Grey Farmer declare as follows,

I That on or about the month of March last I called at the Land office at Wiarton to purchase Lot No 5 Georgian Range, Keppel he stated the price of the Lot was $3 as per acre and that there were several applications for the Lot. I urged upon him the necessity of having the Lot reduced to two dollars per acre, as there were a good deal of flat rock on it

II That Mr Miller stated that if the Lot was not really worth no more than Two Dollars per acre he supposed the department would likely to take that for it

III That when I returned to the office I found one Clarke in the office who was urging Mr Miller to take the first instalment from him Mr Miller said he could not sell the Lot both of us, and as he thought I was going to settle on the Lot he would let me sell it from Mr Clarke urged his claim saying he was the first applicant and first to tender the money

IV That Mr Miller said he thought it best to arrange the matter between ourselves, it was all the same to him

V That Mr Miller said he would send the first payment to Ottawa and the

the sale of Two Dollars per acre, and if the department would accept of it all right and if not the purchaser would have to pay whatever was required

VI That Mr Stanley and I left the Office, and discussed the matter between ourselves, and he agreed to obtain his right of the Lot for Thirty dollars, and lend me the money to make the first payment.

VII. That I requested Mr Miller not to make the entry in the Books for a few days, as I had not decided whether to buy the Lot in my wife's name or in that of my Sons, I decided in favor of the former, Mr Miller carried out my instructions and acted honorable in every sense to me

The Right Hon.
The Premier & Minister
of the Interior

Sir,—

I have the honor to submit
the enclosed Statements,
of Messrs Gilchrist and
Flarity, in relation to alleged
charges against Mr Dillon
Land agent at Prairie.

I have the honor to transmit herewith for the information of Council, a report from the Superintendent General of Indian Affairs, dated 26th instant, with reference to the application of Messrs. Gilchrist & Flarity, for the appointment of a Commission to enquire into certain charges preferred against Dillon Esquire, Land Agent at Prairie, Manitoba.

The Superintendent General observes that the Commissioners appointed to investigate the charges against Mr. Dillon, Land Agent at Prairie, Manitoba, have reported that the charges are unfounded, and that Mr. Dillon has conducted himself in the matter in question with perfect propriety.

The Superintendent General recommends that the Council be informed that the charges against Mr. Dillon have been investigated by Commissioners appointed for the purpose, and that they have reported that the charges are unfounded, and that Mr. Dillon has conducted himself with perfect propriety in the matter in question.

The Committee submit the above recommendation for your approval.

All which is respectfully submitted for your approval.

Right Hon Sir

Some time ago I was requested by Col Sproat of Stakerton to ascertain the nature of a number of frauds perpetrated on the Settlers of the Saugeen Indian Peninsula by B.B. Miller Indian Land Agent at Sarnia. Consequently I undertook to unravel what is known as the Gilchrist matter. In so doing I took some statements from Gilchrist which I wrote down word for word as he Gilchrist uttered them and then read the statement over him before he signed it. And in all probability I suppose you have either seen me or heard the nature of this statement. In due time the Department wrote to B.B. Miller inquiring what he had to say with regard to said Charges whereupon David Miller set to work to get a document denying the former statements made by Gilchrist to me and did obtain in this manner. i.e. wrote out a simple statement on the top of a sheet of paper. took it to Gilchrist and got him to sign it at the bottom and then filled it over the signature denying all that was contained in Gilchrists statement to me. My Authority Miller & Clerk. Now I may say that if an investigation in this matter should take place I will be ready to prove those charges. At the present time I will leave it in your hands

I Evans Steacy of the Township of Amabel in the County of Bruce and Province of Ontario Farmer do solemnly declare that About the end of August or beginning of September last I came to Wiarton a perfect stranger knowing but one person there Mr D.L. Campbell of whom I made enquiry about lots for sale in the Village and he directed me to Mr B. Miller Indian Lands Agent at that place - I went accordingly to Mr Miller's Office and asked that gentleman if there were any Village lots in Wiarton for Sale. Mr Miller informed me that they were all taken up - I then asked him if there were any Village lots for Sale he informed me that they were also all taken up or bought - I then enquired of Mr Miller what a man could get Village lots for - were there any

any to be bought from
parties who held them
Mr Miller said there
were - that there were
two lots right across the
street from the Indian
Land Office which I
could get for five
hundred dollars - I
considered this price
high though Mr Miller
said they were cheap -
upon returning to the public
house where I stopped I
made enquiry respecting
the two lots referred to by
Mr Miller and was informed
that they belonged to
himself. After looking
about for land in the
Peninsula for two weeks
or so I started for Landsdown
in the County of Leeds my
permanent place of residence
and on my way purchased
a lot (No 6 in 20 Con) in
the Township of Annable.
Not being able to purchase
Village lots in Wiarton from
the Department although
I understood before I left
home I could purchase
lots in that Township lot at
forty dollars each at least -

In about three or four weeks time I returned to the Peninsula & settled upon my lot in Amabel and sometime after a Mr Duncan Campbell (with whom I had become acquainted) came to my house and asked me to buy a lot adjoining one which he proposed buying in the Township of Wiarton - I informed Mr Campbell that the Indian Lands Agent had informed me that there were no more lots in Wiarton for sale in the hands of the Department

Mr Campbell said that he knew there were a good many lots in the Office yet for sale. Happening to be going to Wiarton the following day I fell in with the aforesaid Campbell and at his request went with him to look at the lots in that Township to which he had referred the previous day. We then arranged between us which lot each was to take and went together to Mr Miller's Office and enquired about the lots [illegible] Mr Miller stated that the lot I had chosen was not for sale but that the lot Campbell had chosen was for sale and

said to Mr Campbell "Do not that the Lot you were enquiring about" — I then informed Mr Miller that we had made an arrangement between us Campbell and myself regarding that Lot and the agreement as we wanted to get two lots there together Mr Miller then stated that the lot enquired had been sold. Campbell thereupon said the lot that Steacy wants was not sold on Friday last. Mr Miller said Friday and today are two different days or words to that effect.

I replied it is a very nice lot and who was the lucky one. Mr Miller answered that he was not obliged to answer those questions. I then asked Mr Miller to shew me the map of the Townplot - he did so and pointed out a number of lots which he stated were still unsold. The lots which he stated were sold had a mark on them apparently to shew that they were sold - those lots which Mr Miller said were unsold

had no such mark on them - and among the latter were the two lots about which Mr Campbell and I had just been enquiring - both left the office and picked out two of the lots which he (Miller) had informed us were not sold - Returned to the office and found Mr Miller absent but a young man was in the office, apparently a clerk employed there - We asked him to show us the Map again - He did so and we pointed out on the map the two lots we wanted - The Clerk asked me what I would give for the lot I had enquired about first on that day that they could get it for ~~you~~ me - or at least they could get it for me if I would give any thing worth while - I replied that I would do both the lot I had last selected, that was rather too soon for a land agent to speculate on me - & then paid for the lot I had chosen in full -

were for sale and it would have been folly on my part to have told him otherwise as any person in the Village could tell him the contrary.

The particular lots he refers to as those he enquired about I presume were sold as I informed him.

Sometimes lots are reserved for applicants but no such case occurred at the time Mr Steacy refers to.

The lot in Weston which Mr Steacy eventually purchased was I think the best lot unsold in that Township being on a street which was pretty well built up. and Mr Steacy afterwards told me that he was well satisfied with it. and that he had no complaints to make against me whatever — this was in reply to my asking him why he made a charge against me. I believe that little if any of the circumstances described by Mr Steacy transpired between him and me except my having used the expression that I could not be expected to answer all these questions.

Owen Sound June 4th 1879

I William Gilchrist, of the Township of Keppel, in the County of Grey, and Province of Ontario, do Solemnly Declare that - in the Month of March or April 1878 I went to Wiarton to ascertain whether Lot No 5 in the Georgian Range, Township of Keppel, was Sold or not - enquired of Mr Miller the Indian Lands Agent at Wiarton whether the Lot in question was for Sale - Mr Miller informed me that the Lot was for Sale - I asked Mr Miller the price at which said Lot was held - he informed me that $3.00 (three dollars) per acre was the price - When I came home I informed my wife and some of my sons that the price of the Lot was too high - When I visited the Wiarton Indian Land Office on the occasion above Referred to, I had sufficient money, within about five or six dollars, to pay the first instalment on the Lot, supposing the price asked had been two dollars instead of three dollars per acre - Mr Miller stated

stated that he would get
the money for me to enable
me to pay at the rate asked
by him namely three dollars
per acre - he (Miller) appointing
a day for me to come to the
office again about the
matter. - When I returned on
the day named by him I
saw Mr Williams Clarety going
into Mr Miller's Office.
When I went in Mr Clarity
said "I am here before you
Gilchrist - I have the money
to pay for that lot, and I
know you haven't" - because
as I understood that he
had the money for the
first instalment. -
Mr Clarity then wanted
me to take the one half
of the lot but I would not
do that. - Mr Miller at the
same time informed me
that he would obtain
the amount of the first
instalment in fifteen minutes
time for me. -
When Mr Clarity saw
I would not consent to take
half the lot - he plucked me
by the clothes and beckoned
me to go outside - I went
with him - and he asked
me

me if he should succeed
in getting the price of the
lot reduced to one dollar
and fifty cents per acre
which would save
him one half of the
amount of the reduction
on the price of the lot
I was in doubt as to
what I should do, so I
said we will go in and
refer it to Mr Miller. We
went in and told Mr Miller.
He said if Mr Flarity
could get the price of the
lot reduced to one dollar
and fifty cents per acre,
it would be to my profit.
but he (Miller) doubted
his (Flarity's) being able
to get the price reduced
so much; but he might
get a reduction of one
dollar on the acre. —
Mr Flarity then left money
with Mr Miller - either Mr
Miller or Mr Flarity saying
that he would write to
Ottawa about the reduction;
and that until a letter
was received in reply from
Ottawa, no decision relative
to the reduction could be
arrived at. —

I and my son got the money together to pay the first instalment of three dollars per acre, I and my son Archibald went to Mr Miller's Office, and found Mr Clarity there.- My son paid Mr Clarity the first instalment, at the rate of three dollars per acre.- and upon my son demanding a Quit Claim deed from Mr Clarity the latter said his (Clarity's) name did not appear for the lot on the books of the Office.- accordingly the balance of the first instalment over and above the price at $2.00 (two dollars) per acre, going into Mr Clarity's pocket.- Mr Clarity gave neither me nor my son a Quit Claim deed for the lot.- he merely gave a Receipt in favor of either one or other of us.- The Receipt marked A. is the document last referred to.- When my son Archibold handed the money to Mr Clarity he passed it to Mr Miller.- Mr Miller afterwards gave my son Archibold a Receipt for the first instalment the Receipt marked B is the document referred to.-

Mr Law Archibald had
been given a letter from
Mr Plummer of Toronto
to Mr Braudreth previous
to my first visit to Mr.

letter it was stated that
the price of the lot an
Indian was two dollars
per acre — I mentioned
this fact to Mr Miller who
said that three dollars
was the price of the lot —
Mr Miller did not inform
me on my first visit that
there was any other party
looking for the lot he
did however inform
me of this on the occasion

I William Flarity of the Township of Keppel in the County of Grey Province of Ontario Farmer do solemnly declare that sometime in the latter end of February 1878 ~~I went~~ I went to the Indian Lands Office at Wiarton and obtained a few lists of the vacant, that is to say disposable lots of land in the Townships lying within the Indian tract on the Saugeen Peninsula. Sometime after, on looking over the list of unsold lands in Keppel I observed that lot five in the Georgian Range of that Township was for sale. I made some enquiry of Mr Patten of Big Bay, which is in the vicinity, regarding its quality. Mr Patten told me he thought it was rather a good lot. I went about the first of March and examined the lot. In a few days afterwards I went to

Mr Miller's Office and
asked the price of the
lot. Mr Miller told me
it was three dollars
per acre. Nothing more
passed about the matter
on that occasion - but
some short time after
I called at the Office
and enquired if the lot
was still for sale he
(Mr Miller) told me it
was - but that there
were some other parties
enquiring after it as-
well. He more
was said about the
lot on that occasion.
but I made up my mind
to purchase the lot as-
soon as I could raise
the money - will not
be positive whether I
mentioned this to Mr
Miller or not - Mr
Miller did not urge me
to take the lot up -
In about a week's time I
succeeded in raising
the amount of the first
instalment of three dollars
per acre - being the price
put upon the lot by Mr
Miller - and took to the
Office

office with the money
& told Mr Miller that I
had come to purchase
the Lot in question -
he said he could not
let me have that lot as
there was another person
that he had partly promised
it to & had promised
it to - I said that if no
person had made a
payment on the Lot I
considered I was
entitled to it as I was
the first applicant
supposing that was
the fact as I had not
been informed on the
first occasion of
my making application
that there was any op-
position - While we
were speaking about
the matter Mr William
Gilchrist came in - and
Mr Miller said here
is Mr Gilchrist the gentleman
whom I have promised
the Lot: and looking at
Mr Gilchrist said I suppose
you have come about
this Lot to day - Mr Gilchrist
replied Yes I have - and

his head Mr Gilchrist said
"leave you for that."-
Mr Miller said in reply
"I have seen the individual
and he says You can get
it."- I supposed it then the
a Money transaction, but
was not certain-
Mr Miller also said here
is Mr Clarity who is after
the same lot.- I still
thought I was entitled
to the lot and Mr Miller
and I disputed about
it for about ten minutes.
Mr Miller finally said
he could not sell the lot
both of us- Can not be
sure whether Mr Miller
or I suggested dividing
the lot but rather think
I was Mr Miller who
made that suggestion
Mr Gilchrist and I
discussed that arrangement
but as we both wanted
the East half of the lot
we could come to no
arrangement on that score
Mr Gilchrist and I were
speaking about the price asked
for the lot and ~~You~~ I stated
that the lot was offered for two
dollars per acre by Mr Plummer

Mr Muller then said that if there was an Affidavit made by two reliable persons setting forth the quality of the land and if the statements made in the Affidavit warranted it- it might be got for two dollars per acre — Then Mr Gilchrist and I went aside and we talked over the proposition that we should divide the lot but could not agree - I then informed Mr Gilchrist that I had made a thorough Examination of the lot and he said he had done the same.

I then said if he would give up his Claim to the lot I would pay him seventy five dollars - or if he preferred keeping the lot I would withdraw my Claim on payment by him of the same amount Mr Gilchrist then agreed ~~to pay me~~ if I would pay the first instalment to Mr Miller on the lot to pay him back the amount inside of one month and at the same time half of the sum of seventy five dollars and the other half

half of that sum within
one year. Wm Wm Gilchrist
and I then made an
affidavit before Wm
Simmons J.P. regarding
the quality of the aforesaid
lot. and I then handed
the Affidavit to Mr Miller
asking him at the same
time whether he did not
think we could get
the lot at two dollars
per acre - handing him
at the same time the
affidavit above referred
to - and telling him
that we had come to
terms that I was to take
up the lot in the first place
and that Wm Gilchrist
was finally to get it -
at the end of a month.
I then counted the amount
of the first payment on
the lot at two dollars
per acre and handed
it to Mr Miller - he remarking
that he did not know
whether the lot could
be got at that price or not
but he would send the
money away and if it
was accepted as the price
of the lot it would be all
right

right but if three
dollars per acre was
demanded it would
have to be made up.
I supposed then that
the money was sent
in ~~Cash~~ Shares and
that I would receive
the usual Receipt or
location ticket provided
the amount paid was
accepted as the first
instalment. Subsequent
to the above transaction between
Mr Miller and myself
I met Mr William Gilchrist
and his son Archibold
in Weston - and they
informed me that
they had raised the
money and had come
to pay me the amount
agreed upon between Mr
William Gilchrist and
myself namely the first
instalment at $2 ~~00~~ (two
dollars) per acre which
I received from Mr Miller
and the due half of seventy
five dollars. We agreed
to meet at Mr Millers
Office. We met there and
one or other of the Gilchrists
paid me the amount above
referred

referred to - They required
a Receipt from me for
the amount paid and
I asked a young man
who was in the office and
appeared to be employed
there to write a Receipt
for my signature - He did
so - and I signed the
Receipt and handed
it to one or other of the
Gilchrists - I do not know
the name of the young
man who wrote the
Receipt for me. - On this occasion
Mr William or Mr Archibald
Gilchrist asked me for
a Quit Claim deed of
My interest in the Lot - but
on speaking to Mr Muller
about it he said he
had sent the money
to the Bank in Mr Gilchrists
name; but that he had
received a document from
the Bank shewing the
payment which he
still held, and he could
enter the Lot in whatever
name the Gilchrists
wished - and being in
Wiarton about one month
after Mr Muller informed
me that the two dollars per

ance was accepted.
and upon my informing
Mr William Gilchrist
of that fact he agreed
to meet me at Warton
on a day fixed between
us. We met on the
day appointed and
went together to Mr Miller's
Office when Mr Miller
gave Mr William Gilchrist
the location ticket for
receipt for the first
instalment in his (Gilchrist's)
wife's name at Mr
Gilchrist's request. And
Mr William Gilchrist then gave me two notes covering
the balance
of seventy five dollars

paid by me by the Gilchrists

instalment of purchase
money and on account
of the Seventy five dollars
additional agreed by
Mr William Gilchrist to
be paid me I was on my
way to Chesley and asked
Mr Miller if he would
allow me to leave it
with him until I returned.
Mr Miller remarked that
he had no safe - when I
informed him that my
money would be as safe
as the other documents

in the office. I then handed him the amount and he took charge of it for me for two days on the ensuing days

Did not speak to Mr Miller on the occasion above referred to in a low tone but in my natural voice both Mr Williams and Mr Archibald Gilchrist being present.-

The amount paid me by the Gilchrists covered exactly what would have been required to cover the first instalment had the lot been sold at three dollars per acre - But the agreement that Mr Wm Gilchrist had to pay me seventy five dollars was not conditional on a reduction being made in the lot from three dollars per acre the price at which it had been sold by Mr Miller to two dollars per acre the price accepted by Mr Miller conditionally

The evidence taken

is respectfully submitted
herewith, and the Under-
signed begs to state that, after
much consideration and
repeated perusal of the

statements respectively
made by the Complainants

all of which were in the
form of Solemn declarations

any errors committed by

the result of inexperience

My dear Sir.

Referring to the investigation to be held at Owenbound on the 4th inst. respecting the administration of Affairs by Mr. R. B. Miller the Indian Agent at Wiarton, I beg to say that I am just returned from that Neighbourhood and learned that owing to the Elections taking place on the 5th, the persons having complaints to make will not be able to attend on that day and return in time to vote at their respective Polling places. And it was the wish of all concerned that the matter should be postponed; but as it is now, probable, too late to postpone it, it might be adjourned from the 4th until the Election-day is past.

It is also very desirable that some person should be appointed to watch the case on behalf of our Department. The Nawash Indians are very anxious that the investigation shd be a thorough one. They have heard so many complaints from persons looking for lands that they are forced to think many valuable settlers have been kept away and that their interest has been materially

Toronto //

Sir, - I have the honour to ack. the receipt of your letter of the 2nd inst., making certain suggestions with regard to the investigation ordered in connection with the administration of Indian business by Mr B. B. Williams, agent at Walpole.

In reply I am directed to inform you that Mr. Vankoughnet, Deputy Superintendent General of Indian affairs, is making the investigation in person, and will no doubt postpone the proceedings until the parties complaining have the opportunity of attending, as well as obtain Counsel to act on behalf of the Department, should he see any necessity.

RECEIVED

To the Hon'ble
The Minister of the Interior
Hon'ble

I have the honor to inform you that I have been appointed by several prominent gentlemen & without any connivance of Dr. Miller's to submit the following facts for your consideration in connection with the recent Enquiry at Owen Sound, into the acts of Dr. B. B Miller, Ind't Agent.

I That the alleged complaints were assiduously collected by one or two individuals who were desirous of supplanting said B B Miller.

II That no necessity for any change has been expressed by the Public & should such be made it will be considered tyrannical

III That as a canvasser and speaker, and agent for Mr. Creighton at the Ascendon poll I can confidently assert that the inquiry which was then pending was the cause of every available vote being cast for the Ministerial candidates in this vicinity

IV That the effects of a change would seriously injure the Conservative cause indefinitely in this locality, as it would be quoted as an act of Coercion & Partizanism & alienate weak supporters and embitter opponents

V That Dr Miller's retention would have an entirely opposite effect as it would appear manifest that justice was meted irrespective of Party considerations.

I beg to assure you, Noble Sir, that a numerously signed requisition in favor of Mr. Miller can be presented, if you favor me with the information that you deem it necessary.

I also respectfully beg to remind you that his appointment was chiefly recommended by Conservatives & also of the fact that no one appeared to conduct the prosecution except a person by the name of Jermyn who has never had a vote here, who is neither a speaker or effective canvasser neither does he occupy a responsible position in society. The others interested in the matter finding the movement (when made public) unpopular, discreetly took no further action.

Apologizing for the necessity which my friends felt for intruding on you,

I have the honor to be,

Your obt servant & follower

This is to Certify that I assisted Mr. B. B. Miller to Copy papers relative to an agency he was appointed to by Government known as the Indian reserve
Would remark that the officers in the Toronto Office were loth to give Mr. Miller any Instructions which I understood was their duty to do. Instead of doing so the opposite was the Case. the Cause of which I am ignorant of
1st They refused to give advice when asked
2nd and when they did it was reluctantly and partially done
3rd Letters and papers coming into the office relative to the Lands & the payments were never shown Mr. Miller
4th. There appeared to be a desire on the part of Mr Dalton and Mr Spencer to make things as mysterious as possible
Also everything was done in exclusion or in a whispering voice
In fact their Conduct seemed to indicate strong prejudice towards Mr B B Miller which they almost carried to insult

I am Dear Sir

Memorandum.

During the five and a half years which have Elapsed since the 12th July 1873 there has accrued to the credit of Suspense Account from interest on moneys placed at the credit of that account the sum of $3009.72

The sums placed at the credit of the account were, generally speaking, payments on Lands (mostly Mining locations on the Garden River Reserve) the sale of which to the applicants could not at once be carried out. A considerable portion of the money so paid was afterwards refunded to the several payees, and in cases where sales were confirmed the amounts received were placed at the credit of the tribal accounts to which they of right belonged.

No payments are ever made from the Interest Earned by the sums at the credit of Suspense account: any payments, refunds or other, are made from principal: and as it appears undesirable to keep such a balance lying idle - and as the Management Fund is just now sorely in need of augmentation, it is suggested that the interest in question be carried to the credit of that Fund and that future interest accruals on moneys held in suspense may from time to time be similarly transferred to the Management Fund

Stoney the rest of the lot is swamps and marsh, it is owned by Mr McNairn. Mr McNairn has a clearing of about 10 acres and house - and has been living on said lot for more than three years

To the Honorable the Minister of the Interior for the Dominion of Canada

DEPARTMENT OF INDIAN FEB 24 1879 BRANCH

The Petition of Walter McClenn of the Township of Keppel in the County of Grey

Humbly Sheweth.

That your Petetioner purchased from the Indian Department about Three Years ago Lot Number Nineteen in Concession "A" of the said Township of Keppel at the rate of Three dollars and twenty five cents per acre and paid the First Instalment thereon

That the said Lot is of very inferior quality, over one half being swamp and much entirely unfit for cultivation and a large portion of the dry land is stony with huge boulders.

That your Petitioner is an old man of very limited means and unless a reduction is made in the price of said Lot will be utterly unable to pay up therefor

That several Lots in the neighborhood, all better than this one have been reduced in price, and your Petitioner therefore considers it equitable that on this there should also be a reduction.

Your Petitioner therefore respectfully asks for such a reduction in the price of said Lot as may be equitable under the circumstances.

And your Petitioner as in duty bound will ever pray

February 20th 1879.

I Henry Leslie of the Town of Owen Sound in the County of Grey Merchant do solemnly declare and say

That I am well acquainted with Lot Number Nineteen in Concession "A" of the Township of Keppel having resided in the neighborhood of said Lot over Ten Years.

The said Lot is now occupied by Walter McLean and has been occupied by him over three years last past.

The said Lot is composed to a large extent of Swamp and Marshy land fully one-half being of that character and of the dry land a large portion is very stony with huge boulders and altogether the Lot is of a very inferior quality

The accompanying sketch of the said Lot made by A. McNab is a correct one, and in my opinion the Lot as compared with others in the same locality is not worth more than One Dollar per acre

And I make this declaration conscientiously believing the same to be true and in pursuance of an Act passed in the Thirty-seventh year of Her Majesty's Reign entituled "An Act for the suppression of Voluntary and extra-judicial Oaths"

Sworn Declared before me at Owen Sound in the County of Grey this 20th day of February A.D. 1879

Dr Sir,

At the request of Mr. McMerin, who I understand, spoke to you about the matter before you left O.S. I enclose his Petition to the Hon. Minister of the Interior accompanied by a sketch from A McNab Surveyor, and two affidavits from parties knowing the land asking for a reduction in the price of Lot No 19. Con A. Keppel, on which he resides. He hopes you will do the best you can for him, and is sanguine of success if you take the case in hand.

From all I can learn the land is practically worthless, but Mr. M. being an old man, and having friends in this

Memorandum,—

With reference to the application of Wm. McNavin, dated 20th Ultimo, through S. J. Lane, Esquire, M.P., for a reduction in the price at which Lot No. 19, in Concession A of Keppel was sold to him, the Undersigned has the honor to report for the information of the Superintendent General, that the lot in question contains 100 acres; that it was sold on the 9th of March 1877 at $3.25 per acre or $325.00 for the whole lot; the price was regulated by the Surveyors valuation which was made in the year 1855; at a time when property was less at very inflated prices.

A subsequent inspection made by Mr. William Bull Township Clerk, represents, that the lot in question is about one half Marsh and Swamp, and that the dry land is Stony, the timber hard wood, Black Ash, and Cedar; the Pine having been removed.- Mr. Bull values the lot at $1.50 per acre.

It is usual in such cases where the facts justify it, to adopt the valuation of Mr. Bull; and the Undersigned respectfully submits that such a course would be justifiable in the case in point.

Sir,

With reference to your letter of 6th March last — 11,673 — respecting these lots, I have to report that Lot No 12, was sold and paid for in full, 21st May 1883. — see returns for that month.

Lots 13 & 14, were, as stated, sold to the late Neil McKinnon, but now claimed by Mr John Scott as assignee.

I lately visited these lots, and found them in part rising ground from the street, all lots thereabouts, being vacant and unimproved beyond some past cultivation. The value of these lots about an acre each — I place at $70 each, as Caledonia is not improving, but appears on the decline.

For several other lots there, a resident, applied to me on Saturday last, but, they are also held by Mr Scott: I told him to make application by letter.

Mr Scott said to me, he will be in a position this winter, to arrange for all the lots he claims.

any ~~wood~~ on the Canada side, ~~saying~~ that the American Indians helped to use up theirs.

A year ago this winter a deputation of the British chiefs went to Malone N.Y. to see our Indian Commissioner about getting the privilege or rather to see if they had a right to cut wood in that side of the line, and were then told they could, but subsequently they were informed that they would not be allowed, and some of the American chiefs having got on bad terms with some of our Indians will not allow any wood to be taken.

I understand that our Indians would be allowed to take any old wood that is lying on the ground but of course that could not be got at this time of the year, and Indians are not in the habit of providing, at any time for future use they let each day provide for itself.

I dont know of any arrangement that can be entered into with the said Trustees, unless, by paying them something for the privilege, I do not think they would consent otherwise, as I understood at one time, that the British Indians might get all the wood they wanted by paying them (the Trustees) $2.50 pr family.

Dundas, 17th June 1879

Sir,

Accompanying you will find letter recieved from the Deputy Secretary of State, N.Y. in regard to getting the British Indians the privelege of getting firewood on the American side of the line.

I fear that such advice will not amount to much as the American chiefs, or Indians as they are called there, wants to make some money by the operation.

Any further advice in the matter will be attended to.

St Regis January 1880

To the
Hon. Sir. J. A. McDonald
Minister of the Interior
and Supt. Gen. of Indian Affairs

Sir. We the undersigned chiefs and warriors of St Regis Indians this day in Council assembled. do petition the within grievances for your immediate consideration. for we are aware that the Department is ever ready to aid or look after the interest of all Indians under your jurisdiction

1st our brethern. the Indians of St Regis New. York. have began forbiding our Indians cutting wood on their reserve for forewood which our indians use for their own use and have gone so far as to prosecute some parties on said account. their has beenagreements madebetween our former Chiefs and the American Chiefs that all things was to be common between our respective bands. and now that all our wood is gone from the Canada side they are determined to stop our indians from getting any wood on their reserve on the American side and we humbly pray that you take this into consideration and let us know whether we have any right to the wood on the reseave on the American side

2nd When the Custom House was first stationed in St Regis it was agreed between the Officer then appointed of the first part and the chiefs twelve in number at that time in office in presence of Solomon Chesly as interpreter and a few are still living that were witnesses to the agreements made between the aforesaid parties. It is this, That Indians were not to be molested at all, by the Custom house Officer for any barter, trade, or interchange they may transact from the American side provided it is for our own use and that the Custom house here did not concern Indians, that they were free from duty, forever but it appears to us that government does not want to stand to the agreements made and this winter Mr Tyre the C. H. Officer here authorized Michel Solomon to tell the Indians of Cornwall Island that they would have to pay duty for certain goods brought from the States for their own use dated the 28th of Jan 1880.

Two of the Indians have paid the duty demanded one for a horse that was raised on the Canada side but was taken to the States in exchange and said horse was brought back in exchange for which duty was demanded and paid, and for the other Indians that paid the duty demanded.

It was also an exchange between two Indians
our Indian and an Indian on the Americans
said both horses raised on this side of the
line but owned for a time in the states
by an Indian, And we wish to state that
we adhere to the agreements made and if
we exchange or buy any thing for our
own use we do not sell it again for to
speculate, and it seems very hard if an
Indian buys any farming Implements
or building materials, or exchanges any
thing for his own use, that he should be
compelled to pay duty for said articles
and we humbly hope and pray that
the Department will inquire into this
and grant us our rights as agreed to
we remain ever loyal subject to the crown

Sir,

I enclose a petition handed me by two of the chiefs, for remittance to the Department.

As regards the wood business, upon receipt of your letter No 11.704, dated the 26th June last, I informed the Indians of the purport of the letter from the Deputy Secretary of State, for N. S., dated stating, "that they did not consider, that they had any right to interfere in the matter, beyond possible advice to the Indians."

Some Indians from the American side, went to cutting some hop poles on Cornwall Island, this fall, and the chief had them arrested, and they were fined, in Cornwall, and owing to that, the American Indians are more strict about our Indians getting wood.

Two of the Chiefs are anxious to go to Ottawa, to have a conference with the Customs Department, concerning the matter set forth in the petition, and asks, if you would allow them about twelve dollars to pay expenses. As in the petition, they state, that Mr Chesley knows about some agreement, and to get him to assist, is their reason for wishing to go to Ottawa.

My dear Sir

I received your communi=
=cation of yesterday date, requesting such
information as I can afford in reference to
an alleged conference (in my presence) between
the Customs authorities, and the Saint Regis
Indian Chiefs, on the subject of holding them
the Indians liable to the payment of ~~such~~ customs duties.

And in reply to state that in the
Summer of 1846. I was (as an Officer of the
Indian Department at head Quarters in
Montreal) in conjunction with J. S. Dunscomb
Esqr the then Commissioner of Customs for the united
Provinces of Upper and Lower Canada, ~~and~~ at
present Collector at the Port of Quebec, ordered
by Lord Cathcart Administrator of the Government
to proceed to St Regis and enquire into certain
aggressive and illegal interferences by some
American Indians against the Collector at
that Port in the discharge of his duties.

On that occasion the British Chiefs
represented to Mr Dunscomb the great hard=
=ship and injury it would inflict on their
people if they should be compelled to pay
duties (in like manner as white people were required
to do) on articles which through barter or in
return for their earnings they should be made
to pay duties on whatever they might import for
their own actual use from the United States.

Mr Dunscomb in reply through me

as Interpreter said that it was not the intention of the Government to make the application of the law in this regard to affect the interest of the Indians, but on the contrary they should be held Exempted from paying duty on any article so imported for their own actual use, and at the same time directed Mr Tinden who was present at the Conference and was the first Officer appointed to that Post to govern himself in accordance with what he had just stated to the Chiefs.

Sir,

The Minister of Customs having taken into consideration the peculiar geographical position of the Indian Village of St. Regis, which is traversed almost centrally by the Boundary line between Canada and the United States (the parallel 45° of latitude) considering also that the population of the village, and of the land immediately surrounding it, is composed almost equally of British and United States Indians who are almost daily intermarriages to and from the two peoples. it has appeared to him desirable that the Customs Laws should be so applied as to meet the local circumstances of a population so circumstanced, as far as can consistently be done without affecting the revenue

He is, therefore, considered that the Indians of the Village of St. Regis, residing on the Canadian side of the Boundary, be permitted, without

without payment of duty; to import into Canada, until the Governor ordered, articles purely of Indian Manufacture, and such other articles, to a reasonable extent, as are made among Indians for their own family uses and consumption.

Dear Sir

On Sept. 30th 68 I purchased from the Indian office Toronto Sale No. 3075, Lot No. 19 & 20 West of Bruce St. Village of Wiarton, — I merely hold a "Conditional Receipt" signed by

William Plummer
Visiting Superintendent

— in fact it is the ordinary Receipt, given to purchasers of Farm Lots of 100 Acres or over, & has the conditions of Sale printed on it, "that it to be occupied for 3 years continuously, 5 acres cleared & fenced, & dwelling 20 x 18 &c, &c" — of course these Village Lots are only 1 acre in each, & I don't think it right or within the meaning of the law, that we are required to build &c prior to getting our Patents. Since I bought the above Lots I have cleared

Indian Affairs. (RG 10, Volume 2079, File 11,712)

PUBLIC ARCHIVES

same, drained them &c; last year they were grass, this year I am going to seed them with 2nd crops, — but what I wish to know is, cannot I (or rather they are in my wifes name) get the "Patent", if so required to send you in 1 or 2 affadavits, Vouching they are wholly cleared, and improved, I will gladly do it; —

Mr. David Harris last year bought 2 Lots close to mine, he has cleared them & built a brick house 20x20 value $1000 as same, & living in it, he wished me other day to borrow $250 on it, but the Loan Co. would not advance unto the "Patent" is issued, — unless he gives an entire assignment, this he does not like to do, as the "Patent" would then be issued to them, —

Of course in village 1/2 acre lot the whole amount is paid at once, & I think, so soon as the Patent is ask'd for, it ought to be given, & Enthusiasm when the lots are improved; —

Mr. Harris bid'd me to write you, for he can hear get any Satisfaction from Mr. Miller here,

Hoping you will excuse me giving you this trouble, & that I shall hear from you in your usual prompt way —

I am, Respectfully
Your obedient Servant
(Signed) Wilson

March 1 1879.

Sir,

In reply to your letter of the 20th ult., I have to inform you that if you have built a house of the required dimensions on either Lot 19 or 20, West of Brown St Wiarton, sold by this Office to your wife, it will not be necessary to erect one on the other Lot, before the Patent covering the two Lots can issue.

One of the conditions under which the Lots in Wiarton were sold is that the usual settlement duties shall be performed; but it is not the intention of the Dept to compel a purchaser of several Lots to build a house on each.

Affidavits as to the improvements made on the Lots in question, as well as that the owner is actually resident thereon, should one of them

The Right Hon. Sir J. A. Macdonald
Minister of the Interior in Council now assembled.

DEPARTMENT OF THE INTERIOR
INDIAN BRANCH
FEB 28 1880

The Memorial of the undersigned William Simpson of the Township of Amabel County of Bruce Province of Ontario humbly Sheweth - That I am one of the first settlers on Indian lands in the Township of Amabel, in the above County & Province - That I am still a actual settler on those lands - that not haveing any rail or fenceing timber where I reside, - I purchased in the Month of February 1875 Lot No 5 in the 3rd Con. of Amabel (a Swamp lot) Convenient to where I live for the purpose of fenceing my farm. - That I showed at the time of purchase the lot was unfit for settlement, or it would be bought long before - it haveing little or no hard wood land on it. the timber being Cedar, Black Ash and a lot of small Tamarack - none of the timber being very valuable - I further showed the land could not be settled on, untill the County became cleared & the Swamp drained at a large expence - I bought the land for the sum of $3 50/100 per Acre paying down $70 70/100, in view of getting a large reduction in the price - As the Government had employed a competent person (Mr William Bull) to revalue all the Indian Lands in the County of Bruce, making a distinction bet those that were fit for settlement, and those that were not - so the Department could sell the one for settlement, and the other for its timber, at its value. I would respectfully refer you to Mr Bull's field notes and his valuation for the correctness of my statement - and that the above price $3 50/100 per acre is largely in excess of the true value of the land in question.

Under the above circumstances and facts, I humbly pray your Honorable Body for a reduction in the price of the land and as the times are very hard to give me two more years to pay out for it. And as in duty bound I shall ever Pray &c &c.

Memorandum,—

An application is made by A. Shaw, Esquire, M.P. on behalf of Mr. William Simpson, for a reduction in the price at which Lot 5, in the 3rd Concession, Anabel was sold to him on the 2nd of February 1875, namely: $3.50 per acre, for 101 acres, amounting in all to $353.50.

The lot in question was bought according to Mr. Simpson's statement, for the purpose of obtaining wood therefrom and rails for fencing Lot 1 in the 3rd Concession, of the same Township, on which Mr. Simpson resides.

It is described by Mr. Bull who made an inspection of the lands in that locality,

The Right Honourable
Sir John A. Macdonald K.C.B
Superintendent General
of Indian Affairs

as follows: "Unoccupied, unimproved", - Quality of timber Cedar, "Black Ash and Hardwood" - Nature of Soil, "Clay and bog, about 30 acres Swamp in front - Valuation $1.00 per acre - Timber only of value".

It is valued by Mr. Bell as will be seen from the above at $1.00 per acre - In view, however, that Mr. Simpson does not apparently intend to settle upon or improve the lot, it would appear but right, that if the usual conditions of Settlement and improvement are dispensed with in his case he should pay more than the mere upset price for the lot.

The Undersigned would therefore, recommend that the price of the lot in question be reduced from $3.00/100 to $2.00 per acre.

To The Right Hon^ble Sir John A. MacDonald.
Premier and Minister of Interior,

In May 1862 the Government charged me with the Mission of visiting the Labrador coast to vaccinate and attend the sick. In the autumn I sent in my account in detail amounting to $ 36.00, which were paid minus a balance of $ 190.00.

The next spring at the earnest solicitation of the Missionary Fathers, who were thoroughly alarmed by the advent of small Pox, I returned and rendered great service both to the Indians and Whites from Pointe aux Esquimaux as far as Jadenbac. My bill was as follows.

Medical & Surgical attendance	$ 362.50
Teeths Extractions	11.50
Vaccinations	201.50
Travelling expenses	160.00
Balance account of 1862	190.00

October with this account my friends the Conservatives had retired from Office I immediately saw the Hon^ble Letellier St Just in company with M^r A Gagnon the member for Charlevoix.

The Hon^ble Minister recognized the important services rendered and the moderate charge made for nearly four months service; and promised that the amount should be paid.

I never received but $400.

I have no doubt that if my conservative friends had remained in power, their sense of justice and fair play would been sufficient to have paid this little sum.

Many have advised me to appeal to the present Government, whose sense of common justice will certainly admit the claim.

The public Health is the welfare of the country. Because these services were rendered on a desolate coast where no succour can be immediately procured, are they the less worthy of consideration.

Because I relied on the justice and generosity of the Government am I alone to be the loser.

I am sure that my friend the Hon^ble Sir Hector Langevin, will testify in my favor considering that we knew each other well during the hard struggle we made in Charlevoix

Dear Sir

I beg to bring to your attention a matter that interests not only a large portion of the white Settlers on the Manitoulin but also many of the Indians

When I was on the Island last Summer I heard great complaining that there was no doctor at all handy to In fact he was so far away that for many cases it was practically out of the question to have him and they thought it a great hardship

Indian Affairs. (RG 10, Volume 2080, File 11,812)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

I intimated to them that if they would give me a small subsidy that I would come out at once and live among them -

The result is the petition I enclose you which I speak for decly as far as the Indians are concerned - you must know that not only are they but others very distant from the Doctor

If a doctor was stationed at or near little Current or west by it would I believe have a good effect in promoting a good class of settlers coming in for many people shrink from the idea of living at so great a distance from a doctor that they can't get one in time of trouble

The amount of subsidy is small but it is only a help for a time while I would be practicing as an assistant to the Doctor then I deny a good many for the whites - who deserve some consideration

I would expect to partly support my self from other sources I would engage in improving the country & promote the interests of Agriculture for which I have a taste especially in Stock raising -

If you take a favorable view of the wants & prayers

of the petitioners - you will
kindly give it your consideration
In order to more fully authenticate
the document I enclose you the
letter written me by the Rev. R. J. James
referring to this petition - perhaps
he would have done well to have
put his name to it - but you
will understand how these
Indian affairs are managed -
Any thing personally about
myself that you wish to know
I think you may enquire of Col
Williams. M.P. for East Durham.
But if the prayer of the petition be not
granted - I would as soon he
does not - know that I really purpose
going out - there - and would not -

My constituents seem determined to keep themselves and their wants prominently before all the Departments of Government, more especially yours. Sir

I have the honor to acknowledge receipt of official letter dated 7th March enclosing copy of a communication from Mr Robert Stephens making application for the Water front to lot number 384 Bay Street, South of Queen Street in the Town Plot of Manitowaning, in reference thereto I beg respectfully to state that the water front of lot number three is so near to the wharf, the property of the department, that should a wharf be built thereon it would interfere with vessels approaching the Department wharf, I therefore beg respectfully to recommend that the water front of lot number three be not sold:- a wharf might however in my opinion be built in front of lot number four, without detriment to the approach to the Department wharf, provided it did not approach nearer thereto than an extension of the dividing line between lot numbers three and four, I therefore beg respectfully to recommend that the water front of lot number four extending one hundred and sixty feet into the Bay as shown in red upon the accompanying Drawing, be sold.

Mr James Leeper of Alnwick has handed me your letter to him of 24th ultimo, requesting me to say in answer to it that the timber in question did not grow on the Indian land it did grow on the original Road Allowance and was fairly and honestly purchased by Mr Leeper from the Council of the Corporation and it is his: and you have no right to interfere with it, There is no question, I am instructed that the Survey under which you claim the timber is not Correct and the Survey under which Mr Leeper claims the timber is correct and he is willing to stand by it, and take the consequences, And you will be held responsible for all loss and damage for seizing Mr Leeper's timber

Sir

I have the honor to inform you that having received information that one James Lepers was cutting timber on the Alnwick Reserve, I caused the same to be placed under seizure and notified Mr Lepers to cease cutting. A copy of my letter to him is enclosed herewith, and also of a letter from D McKenzie Esq Barrister in reply thereto.

It will be seen that Lepers claims to be cutting on the allowance for Road between Lots 18 & 19 in 1st Concession whereas he is at one point fully two chains off the proper road allowance, in support of which I enclose a copy of affidavit made by the surveyor who has been making a survey of the Reserve.

The north part of the proper road allowance is swampy and

I may inform you that no one of the proper road allowances has been opened although the Reserve is intersected with roads in all directions the municipal authorities sell the timber on them and purchasers go and cut about where they think they should do, This man Lupey has three times before given a great deal of trouble by trespassing, I having once been obliged to issue my warrant to the Sheriff to have him ejected from the Reserve.

I shall hold this timber under seizure and prevent any further cutting until I am instructed what further action to take in the matter.

Dear Sir

Fifteen years ago I purchased from the Municipal Council of the Township of Almonte all the Timber on the Sideline between Lots Number 18 & 19 in the first Concession of said Township as this portion of said Line Runs through a Cedar Swamp and in order to complete My agreement with the Council I was obliged to Cut down a large portion of the Cedar timber, as I was to Make the Line fit for Winter travel, & did not get the timber I had cut moved off said Line. Before Mr Plummer Indian Agent sent on a Surveyor By the name of Dalton to Survey the Indian reserve in this township. This was as perhaps you are aware, was in the Winter of 1878 and ~~as~~ I as well as a great many others who formed an acquaintance with him and with his mode of Surveying as well as his manner and Conduct during the time he was here did not Consider him a practical Surveyor or much of a gentleman However it appeared to All that he was one

I cut any timber on this Side Line, I got Mr.

to run this Sideline for me Mr. Caddys
Line Corisponds Exactly with the orriginal
Line But this man Dalton possesing Neither
practice or Experiance insists that Both Mr
Burdsalls Survey and Mr E. C. Caddeys is rong
and His is right and Mr Plummer insists that
it is so from the fact that as soon as Dalton
found that His Line Betwixt Lot 18 & 19 Run
some 5 or 6 rods West of the Line I had opened
as I Before Stated He Saw that my timber was Still
Laying Cut on said road He Dalton reports
Immediately to Mr Plummer that I Had been
cutting and and was cutting timber on the Indian

wished to get the same Line Run again that He would
Be down in the spring and that He would run it
for me again and do it as cheap as any one
and that He thought He could make it all
right what do you think of that His Surveyng
Has caused a great deal of Confusion in the

to the Indians they do not Consider His Surv

He had No Instrument with Him then It is the General opinion that he never done any Surveying Before as He had no Instrument with Him when he came here first there was one sent him after he came when he was here in the Spring he said he made $600 00 out of the Indians in two months and that he had another Job up at Lake Simco I wrote to Mr Plummer about two months ago to ascertain if He still held my timber under Seizure His Clark wrote saying unless I got the line surveyed and gave them good proof that the timber would be sold I would There is Mr Samuel Ingim and Mr William Southland deeply interested as the new line bears the old line and is proving a heavy loss to both these Gentlemen and it is the same way all over wherever He surveid I hope Sir you will Bring this matter before the Indian department at once and have Justice done me and others in this matter it is certainly not British Justice if it is Brits Laws for me and others to be put to so much Expence and and trouble and Vexation all By Mr Plummers Domineering and ungentlemanly conduct

I have been talking to Mr Dainty a Labourer and he says he thinks that Dettel did not understand much about surveying as he could not run a line without first taking an observation by the star nor neither could he have his Instrument ajusted as it ought to be, consequently his whole Canadian Survey is nothing better than Farce I am very sorry to put you to so much trouble But it appears there is no justice to be found Else where, most certainly Mr Plummer has been no benifit to the Indian reserve as the reserve was worth more than $20 per acre 20 years ago more than it is to day, Mr Plummer is renting the Land to white people which is ruining the Land cutting and destroying the timber and no benefit to the Indians and I suppose of no benefit to the Govern-ment Either- in fact the woods is wantonly slaughtered the reserve will soon be destitute of Either firewood rail timber and for Buildings timber there is none Left they men that rents those Lands is men that Cares nothing about the Land and to get their Corn out of it they are polluting the Land By crapping it to death and filling it-

with foul seeds such as pallace weed and &c
there has been a large quantity of Cordwood and
Saw logs cut and Carried away both By the
people Who rents those Lands and others
and I suppose without any benifit or Revenue
to the government I donot wish to be meddlesom
in Matters which doesnat Interfere with my
my Business but in fact the Indians here was
much more industrious and Honest before this
Sistim of renting their Lands was introduced
and it is my opinion as well as the opinion
of the mass of the people that if the renting
of their Land was stopped and give them what
Land they would occupy themselves and Sell
the Balance and give them the Interest of the
money they would certainly Be a great deal
Better off and the Township would be better
off also for most certainly Sir the Indians has
no Call for Land and it is a very serious
drawback to this section of Country to have
so much Land Laying in the same State that
this is Laying in as I donat wish to occupy
too much of your time in reading my

Sir

With reference to the timber claimed to have been cut by you on the allowance for Road between Lots 18 & 19 I have to say that there has been filed in this office an affidavit by a Provincial Land Surveyor that the timber in question was cut on Lot 19 in said Concession and not on the said allowance for Road

And I have also to inform you that I am instructed by the Superintendent General to sell the said Timber but before I proceed to a sale thereof I will afford you a reasonable time to show by an affidavit of a disinterested P.L.S. that he has made a survey of the property and that the said Timber has been all cut on the Road allowance, when your claim to the Timber will be taken into consideration

An immediate reply is requested

Sir

In reply to your letter of the 23rd inst respecting my seizure of the Timber cut on trespass on the Alnwick Reserve by Mr James Leper, I have the honor to inform you that on the 21st February last I notified Mr Leper of the Seizure, I enclose a copy of my letter herewith, After the receipt of your letter of the 7th march last. I again on the 4th April wrote to Mr Leper on the subject (copy herewith) Mr Leper replied on the 8th of the same month (copy of his reply herewith) stating that he had been endeavoring to get a Provincial Land Surveyor to run the line but had not succeeded. On the 19th September last Mr Leper again wrote me asking if the timber was still under seizure

to which Mr Dallas replied on the 29th of the same month stating, by way of information, that it must certainly was and would shortly be used until he submitted satisfactory evidence that the timber was not cut on Indian Lands

The timber is still under seizure and I consider that Mr Leper has had ample time allowed him to endeavor to substantiate his claim but he has never as yet submitted one particle of evidence other than his own assertions.

As regards the late resurvey of the Alnwick Reserve, I can only say that the work was performed by a properly authorized Provincial and Dominion Land Surveyor and if any valid objections could have been brought against Mr Dallas's survey Mr Leper has had ample time and opportunity to have it tested by another Provincial Land Surveyor which as shown by the correspondence he was requested, and agreed, to have done

Perhaps it may not be amiss to remark that Mr Leper is an old offender

offenders as regards cutting timber on the Reserve before any time as well as since, for the spring of 1876 I was compelled to seize a quantity of lumber cut by him which he afterwards removed while under seizure, on which occasion he was however very leniently dealt with and allowed to Escape the penalty by paying all costs and charges connected with the transaction.

Mr Cooper's remarks upon my own conduct I do not consider worthy of notice

Sir

I beg to acknowledge the receipt of your favor of the 15th January with enclosures.

I have submitted the same to Mr Lupen who persists in his statement that the timber he has cut is upon the proper road allowance as originally surveyed between Lots 18 and 19 in 1st Concession Alnwick and that the timber was so cut under the authority of the Township Council, he states besides that the original survey was made by Mr Burdsall a Surveyor, before any grant of land in the Township of Alnwick was made to the Indians and that this road allowance was laid out by him at that time, that the old stakes are still to be found and that Messrs Cadoly and Rees respectively ran the same line at different periods since the original survey.

I enclose Mr Lupens answers to my queries.

Now if this be so, it is clear that Mr Plummer and perhaps others as well will get into trouble as nothing can disturb — the original survey.

It strikes me that it would be better for the Department to employ some Surveyor who is acquainted with the Township boundaries to run this line and ascertain the facts if Mr Lupen is correct you will have saved much cost and trouble, if he is wrong you can take the timber. The position taken by Plummer is unjust to Lupen, why should the latter be put to the cost of a survey to prove the fact of an original Survey, the onus is on the other side, Plummer issues his warrant and arms properly and must [illegible] the [illegible]

right in doing so.

There is not a word of denial as to the alleged irregularity of Ballous survey. Plummer rests entirely on the fact of his having been a qualified Provincial Land Surveyor but that is not enough.

Mr James Leeper is a Gentleman of respectable position in the Township Alnwick, has been for a long time in the Township Council and is I believe a Justice of the Peace. Mr Plummer's charge of his being an old offender is wholly uncalled for and totally beside the question here. Mr Leeper explains that many years ago he was prosecuted by Plummer and paid his fine and costs, he had purchased some 2 or 3 pieces of pine from one of the Indians and paid a fair price under the impression that the Indians could then legally sell their timber, he was deceived in this as he admits but he paid for his experience and there is an end of it.

There are two good Surveyors in Cobourg Mr E. C. Cadely and Mr John Bewsby either of whom would make a reliable report as to this line, and it seems to me that one of these Gentlemen had better be employed to do so.

Mr Leeper has forwarded a Post Office Card written to him by Ballou which I enclose, it is dated three weeks after the affidavit was sworn to by him charging Leeper with having cut timber on Lot 19. It is a curious and rather suggestive communication.

Your Obedient Servant.

Sir

I have the honor to acknowledge receipt of your letter of the 10th inst with a copy of a letter from the Hon James Cockburn relative to the timber cut in trespass by Mr James Leper on the Alnwick Indian Reserve

On referring to the field notes of the original survey made by Mr Birdsall it will be found that neither this Road Allowance, nor any other Road Allowance was run at that time. As regards the Lots in the first Concession he only planted one range of posts viz: along the Town line on the South side of the concession. at which point this road which has been partly opened out for travel is in its proper position. He planted no posts at the Northern limit of the Lots on the first Concession consequently there can be no original posts to designate the point at which this Road Allowance should strike the line between the first and second

second conception, the result being that the Road Allowance must be made parallel with the Easterly limit of the Concession.

I understand that a Mr Rupp surveyed the South part of this Road allowance many years ago but he was not a Provincial Land Surveyor and any work he may have done is of no value.

I have written to Mr Caddy enquiring if he had been engaged by Mr Lepper or any other person to determine this Road allowance and if so to state what course he pursued to determine the proper distances & bearings but he has not been kind enough to reply

Mr Dallas having been on the vicinity of the Reserve since he made the survey: in order to satisfy himself that the timber was not cut on the proper Road Allowance again took the bearings, and says that he is quite certain that his previous statement is correct.

As regards the statement that I have not denied the irregularity

of Mr Dalton's survey. I have the honour to state that the only evidence thereof of any weight, is the version given in Mr Leeper's letter of a statement said to have been made by Mr Provincial Land Surveyor Dainty, to the effect that "he thought "that Dalton did not know much "about surveying as he could not "run a line without first taking "an observation by the stars nor "neither could he have his instru- "ment adjusted as it ought to be." As a reply to this I enclose a letter from Mr Dainty to Mr Dalton on the subject

Dec 29. 1879

I beg also to remark that a glance at the map of the Reserve showing the numerous trespass roads proves the necessity of having surveys of these Road allowances correctly made before they are permitted to open them, and in this case if as is contended a proper survey has been made, the evidence should be produced, this has not been done and there is nothing but the bare statement of Mr Leeper.

I would however suggest that Mr Leeper should employ a Provincial Land

Land surveyor, and should he report that the timber in question has all been cut on the proper road allowance, as McLeper contends then, the cost of such survey to be refunded to McLeper by the department, but if on the other hand it should be found that the timber has been cut on Indian Lands the cost of the survey could not be with justice charged against the Indian owners.

Such an arrangement cannot possibly be unfair to McLeper.

All persons present said that nothing could be fairer than this, and Leeper's son, a man of thirty years of age fully acquiesced and stated publicly that they could ask for nothing fairer

If however the Department thinks proper to have the line again surveyed, I think it should be done by a perfectly disinterested Surveyor, as the Indians seem to have no confidence in the line run by McCaddy, and to have the line run by another of the same name would leave them as much dissatisfied with the result, as Leeper is now.

And in the event of its being determined that the timber has been cut on Indian Land I do not think the cost of such surveys should be charged against the funds of this Band.

Mr Cooper agrees with the Municipal Council of Alnwick to open up a portion of the 8th line between Lots 18, and 19, in the South Concession. He was to make the road fit for timber hauling and was to have the timber on the allowance for road for his pay. The line was run by a Provincial Surveyor named Caddy. He expended some Seventeen dollars in carrying out the agreement when his operations were stopped and the timber he had cut seized by order of the Indian Dept through the Visiting agent as the road allowance runs through the Indian Reserve and it was claimed that they had claimed a Strip which bounded the side line from the centre of the line run by

Yours of the 22nd ult received relative to a matter in dispute between James Leper and the Indian Department about some timber Cut by him supposed to have been cut on the allowance for road in the Indian reservation in Alnwick between lots 18 and 19 in the 1st Concession. I enclose herewith a rough sketch of said lots and road also a Copy of the resolution of the Council of Alnwick which Mr Leper acted. and beg to state that I recently visited the place when Mr Leper cut the timber on the supposed allowance for road and find there is a difference of two Chains and twenty five links at north side of the Concession between the Cody line and the Dalton line as shown on the Sketch herewith I also find that Mr Leper Cut the timber the full length of the supposed allowance for road. about fifty links wide, and at the north end he has cut it the full width for about three Chains. the timber is all or nearly all lying when cut the greater part of which is

Cedar partly split into rails the remainder is cut into logs of various lengths there are a few balsam and tamarack poles that are worm partly decayed and of little use. There are also a few hemlock and birch logs fit for fire wood. I think all the timber cut except cedar would have made seven or eight cords of wood if used for that purpose. the cedar of course is about as good as when cut so that no Super is not a great loser except it be as to any loss he may have sustained on account of his not getting the timber off for rails for use on his farms. the timber on the allowance for road according to the Dalton line is yet uncut except where the Indians have cut rails and taken it away I also find that the Indians have no use for the road allowance as a road if opened, but as some of the white inhabitants of the Municipality petitioned the Council of the Municipality to open the allowance for a winter road the to be under the Super. in the year 1845 he employed the Cadey of Cobourg

a provincial land Surveyor to locate the road before he cut any timber thereon he cut the timber on the west side of the Cadyline supposed to be the correct line. I have good reason to believe however that the Walton line is the correct line from the fact that I have another of his lines run at the same time tested last year by A. C. Webb of Brighton and the said Cady and the Walton line was correct it having only a few inches from their line. I also find that the timber cut by the Lepper was seized by or through the instructions of the plaintiff his Timber agent shortly after the Survey made by Mr Walton who was employed by the Department to make a Survey of the Indian Lands in Alnwick and that the timber still remains under seizure

Sir/

With further reference to your letter of the 15th Ultimo relative to the timber cut by Mr. Leeper on the supposed side line between Lots 18 and 19 in the 1st Concession of the Tship. of Alnwick Indian Reserve, I beg to inform you that, as requested, the local Agent was written to for a report on the subject.

It appears from Mr. Thackeray's report that all the timber cut by Mr. Leeper except cedar would have made seven or eight cords of wood, if used for that purpose, and that the cedar is about as good as when cut; that the Indians would have no use for the road allowance as a road if it were opened, and that it was merely to convenience the white inhabitants of the Municipality that it was proposed by the Municipal Council of Alnwick to make such a road, and that it

use in the
~~to cut~~ for Winter ~~and~~ ~~that~~
the Dept. holds that by Mr.
Dalton's re-survey of the Reserve,
the line laid out by Mr.
Eady as the road allowance
was wrong, and that the
one surveyed by Mr. Dalton
was the correct line.

It appears that the
timber cut by Mr. Leeper in
the 2nd Concession, in accordance
with his arrangements with
the Municipal Council, was
not cut on Indian land,
and had the Council confined
themselves to this timber, the
Dept. could of course have
nothing to say; but, when
the Council undertook to deal
with timber on an Indian Reserve
over which they held no control
as is the case when they ~~issue~~
~~permission~~ to Mr. Leeper
~~to cut~~ timber on the supposed
allowance for road in the
1st Concession, they were going
beyond their powers, and
the Dept. cannot allow
such interference on the part
of any Municipality with the
lands or ~~to~~ jurisdiction of the Dept.

It would appear therefore that Mr. Leeper should look to the Municipal Council for redress on account of any loss that he has sustained through the seizure of timber illegally cut by him in the Indian Reserve under an arrangement with said Council

Sir

I have the honor to enclose an Assignment from John Dale to Robert Mowat of Lot No. 37. Con. 1. S.B.D. Amabel ~~Keppel~~ ~~Sale~~ No. 4170, But owing to a Tax Deed having been filed by W. J. Fenton on the 17th day of May last the same could not be filed unless the tax deed was set aside. It appears however when I look into this matter that as the Lot was sold to Dale on the 5th day of November 1877. There could no taxes have accumulated so as to cause a sale of the Lot since the purchase The Tax Sale must therefore have been made for arrears of Taxes which had accumulated on the Lot previous to its being Patented or before it was sold to Mr. Dale I do presume the Tax Title will not hold good. I therefore beg leave to submit this matter for your further Instructions

Re Lot 37 1st Con Amaranth

1. Lot was sold in 1862 to Robert McElroy. the sale was cancelled and the lot resold in June 1866 to William Phas who assigned to David Shantz and the latter sale was cancelled in November 1875.

2. On 29th Dec 1876 the right title interest & interest of the original purchaser lessee licensee or locatee was sold for taxes (for the years 1873-1874 & 1875.) also up to 31 Dec 1875. to William Lenton.

3 On the 5th Nov 1877 the Grand River Improvements Sold the land again to John Dale.

4 The question is asked "Has the claimant under the original (Lenton) a right to the lot in preference to Dale who purchased in 1877"?

5. See 126. Chap 100 Cons. Stats. Ontario, provides that unpatented lands shall be liable to taxation. and Sec 138 points out what interest shall be sold and what rights the conveyance shall give the purchaser, viz "the interest therein of the lessee locatee or licensee and that such conveyance shall give the purchaser the same rights in respect of the lands as the original lessee licensee or locatee enjoyed"

And for the purposes of this Act I suppose the (Plans) would be considered the Original Purchaser or Locatee - the Sale for taxes did not take place until 27th Dec 1876, for taxes due up to 31st Dec 1875. - So that at the time the right to Sell for taxes accrued Plans Original Assignee had no interest in the Land as the Sale had been previously Cancelled and the property returned by the Crown -

Returning Mr Millers duplicate Land Return for February, & notify him that all the patents asked for in his return are in course of preparation, excepting however for the E½ of Lot 8 Con 19 Keppel Sale 235, there being still due of principal $24.03 and interest thereon from 1st Jan. 1876 as shown by the following statement, viz:

E½ Lot 8 Con 19 Keppel 50 acres @ 1.90 p.a. = $95.00
Paid at date of sale, half $47.50
" Dec. 15, 1876 " 16.50 Int. 96 cts
" Jan. 31. '79 " 24.40 " 4.49
Total paid $70.97
Balance of principal still due - $24.03

Excepting also for Lot 19 Con 19 Amabel Sale 1760 (not 1759 as he has it in his return) the Lot being in the name of James Gardner as the assignee of Luke Sidwell in whose last name he asks the patent to issue (not Sidewell as he has it in his return) and request him to explain the discrepancy.

Call Mr Millers attention to sale 2852 Lot 24 in C. of Amabel which he says is paid for in full, there being still due in aps of that sale the amount of $10.00 same as shown by the following statement viz:

Interest from date of sale

Lot 24 Con C. Amabel 108 acres @ 1.75 p.a. = $189.00
Paid at date of sale May 6, 1874 $37.80
" Feb 17, 1879 144.20 Int 39.20 $179.00
Balance of principal still due $10.00
and interest thereon at 6 p.c. from date of sale.

A l'Honorable Surintendant des Sauvages

Honorable Monsieur. —

Nous soussignés, seuls médecins pratiquant dans les paroisses de St. François-du-Lac et de St. Thomas de Pierreville, exposons humblement que, depuis que l'acte fait en 1876 pour amender et refondre les lois concernant les sauvages, est en vigueur et est connu, il nous est devenu presqu'impossible de nous faire payer pour les soins et remèdes que nous avons donnés dans la tribu des Abenakis de St. François, vu le privilège que cette loi leur accorde, en exemptant de saisie et de vente forcée leurs biens mobiliers et immobiliers.

C'est pourquoi, nous vous prions, ou de vouloir bien faire amender cette loi, et nous accorder, à nous, médecins, le privilège de pouvoir prendre jugement, faire saisir et faire vendre tous les biens d'un sauvage, soit mobiliers soit immobiliers, afin d'être

d'être payés des soins et remèdes que nous avons donnés à un des membres de cette tribu; ou bien, que l'honorable surintendant des Sauvages soit autorisé à nous payer pour ces soins et remèdes à même le fond des sauvages, notre compte, étant reconnu correct par un des membres de la famille chez qui nous avons donnés des soins. Si un de ces privilèges ne nous est pas accordé, nous serons forcés quoiqu'avec peine, de refuser nos soins, parce que nous ne sommes pas payés, et que nous n'avons aucunes guarenties de l'être. Cependant, nous osons espérer que vous voudrez bien être favorable à notre juste demande, dans l'intérêt de la tribu des Abenakis et dans le nôtre, et que vous voudrez bien faire amender la loi de manière à ce que nous ayons une guarentie, que nos services professionnels, qui sont quelques fois très pénibles et dispendieux, seront payés.

Nous avons l'honneur d'être
Monsieur le Surintendant

Right Honorable Sir J. A. Macdonald

of calling your attention to that

to apply to the Civilized Indians of

has completed destroyed their credit

to them. I remain very truly

Sir,

I beg to ack the receipt of your letter of the 4th inst: enclosing a Petition from the Medical men who are in the habit of attending the Abenakis Indians of St. Francois, P.Q., asking that the existing law, exempting Indian goods from seizure, be amended or their bills for attendance upon the Indians be paid by the Govt.

In this connection I have to refer you to the clause of the act referred to in which you will perceive that any real or personal property belonging to Indians, and which is subject to taxation under

Section

section 64 of that
act is liable to be
distrained under
legal process.

With regard to
the question of the
payment from
Indian funds of Doctors'
bills, no objection is
made thereto, provided
there be funds at the
credit of the Band to
meet the same and
that the an account
in detail of the
services rendered
& change made Certified by the Medical Man
to be at the lowest Rates Charged the poorest Class of White patients
be submitted with
a requisition from the
Indians Chiefs for the
payment of the
same.

It must always
be the case however
with respect to the
Abenakis of St. Francis
that there are funds
in hand wherewith
to meet such
expenses.

Monsieur

J'ai l'honneur de vous
informer que j'ai adressé à Charles
Gill Ecuyer Msps, une requête des médecins
des St Thomas et de St François de Lac, que ce
Monsieur est chargé de remettre à l'Honorable
Surintendant des Sauvages. Nous avons l'honneur
d'exposer à l'Honorable Surintendant, que
si le payement de nos services professionnels n'est
pas garanti de quelque manière par la loi
ou le Département, nous sommes forcés de re-
fuser nos services et nos soins aux Sauvages
Abenakis de St François, parceque ils ne nous
payent pas assez bien. Depuis plus de vingt
cinq ans, j'ai donné, presque seul, des soins
à cette tribu, et j'ai toujours été mal payé
mais plus principalement depuis trois ans -
époque où l'acte concernant les Sauvages

a été frappé. Pour cette raison je suis forcé avec
les autres confrères, d'attirer l'attention de l'honorable
Surintendant sur le sujet — Plusieurs parmi les
Sauvages, et c'est un certain nombre sont trop pauvres
pour pouvoir payer, plusieurs aussi négligent de le
faire, sachant que nous ne pouvons les poursuivre —
Deux ou trois seulement payent assez bien —
Nôus espérons que vous voudrez bien vous intéresser,
afin qu'il soit fait droit à notre juste demande, dans l'in
térêt de la tribu et dans le nôtre. Permettez moi
de vous exposer que je crois que la meilleure serait
que nos comptes seroient payés par le départe
ment à même le fond des Sauvages —
Si le département décidait de nommer un
médecin salarié pour la tribu, je n'accepterais
que avec des conditions, ou qui me seroit deux,
Dr Macdonald, mon beau fils et moi, afin de satisfaire plus facilement les sauvages éviter les plaintes,
car c'est une population difficile à satisfaire
et exigeante : Ou étant nommé seul je
mettrais comme condition, afin d'éviter les plaintes,
d'être libre de faire le nombre de visites que je
croirais en conscience nécessaire, comme en

Conscience je donne les remèdes nécessaires au malade,
et de plus, quand par Maladie ou autrement, je
ne pourrais donner des Soins moi même, les sauvages

autrement ils pourraient appeler un Médecin

Sir,

I have the honor to inform you that I have addressed to Charles Gill Esq M.P. a petition from the Medical men of St Thomas and St Francis du Lac which this Gentleman is charged to forward to the Honble Superintendent General of Indian Affairs. We have the honor to shew to the Hon Dept that of payment for our professional services is not guaranteed in some manner by the law or the Dept. we will be forced to refuse our services & our care to the Indians of St Francis because we are not sufficiently paid. For more than 25 years I have given almost all attendance to the tribe & I have always been badly paid, but more particularly for the last three years date of the passing of the Indian Act. For this reason I am compelled, with my confreres to draw the attention of the Honble Dept to the matter. Many amongst the Indians, and there are some too poor to pay, many also neglect to do so knowing that we cannot sue them. Two or three only are fair pay. I dare to hope that you will be good enough to interfere so that justice may be done to our reasonable request in the interest of the tribe & of ourselves. Allow me to state that I

believe the best plan would be that
our accounts should be paid by the Dept.
for Indian funds.

If the Dept decides to appoint a salaried
M.D. for the tribe I would only accept on the
condition that I should be two, Dr McDonald
my son in law & myself, in order to
satisfy the murmuring the Indians &
avoid complaints for their a difficult & unreasonable
people to satisfy. Or being appointed
alone I would make as a condition in
order to avoid complaints, to be free
to make the number of visits which I
& conscientiously believe necessary as in my judgment
& give the necessary remedies to
the sick and further when by sickness
or otherwise I could not give my
personal attention the Indians
should have the right of calling
in at my expense the medical
man I should choose, otherwise he
might call a Dr unfriendly to me
or from a long distance & honoured
me with his attendance given
in my place.

Pardon me for troubling you on this subject —
the good thought of you please to remember
me to you son.

I have the honour to be Sir

In reference to the sale of Lot No. 16. con. 4. E.B.R. Dashwood Sale No. 4392.
I beg leave to state that neither at the time of sale nor at any other time was the above Lot occupied by Thomas Boyle as to his making improvements I was not aware that he ever made any neither did he ever state to me that he had made any improvements
Since receiving your letter I have made some enquiries as to the improvements and what Mr Boyle calls improvements consisted in chopping down a few trees and that not amounting to one acre as to my selling the Lot to Francis Stewart he was simply the first applicant and I was not

Sir

I have the honor to reply to your letter dated August the 6th which I only received yesterday No. 11,867. in reference to Mr Thomas Boyles claim to the preemption of Lot. 16. con. 4. E.B.K. Eastnor

I beg leave to state that on the 6th day of May 1878 I forwarded to your Hon Department the affadavits upon which the recommendation to cancel the sale in the first place was made

I beg leave to state that at the same time that lot 16 Con. 4. was cancelled Lot. 20. Con. 6. E.B.K Eastnor was also cancelled as Mr Boyle and Mr Stewart had both been applicants for those two lots. And as Mr Stuart was the first to apply

Apply after the first sale
had been cancelled Mr
Stuart got Lot. 16. Con. 4.
and Mr Boyle got Lot
20. Con. 6. This I believe
to have been fair to all
parties. Mr Boyle had
at that time never lived
on the peninsula. and had
bought several lots mostly
in other peoples name
some of which have no

Sir

I am certain of the Indians of St Regis have sent a petition praying for your removal from the position of Indian Agent The reasons which they urge in support of their request are
1. That you do not attend properly to their business
2. That you are too far away from them and that your time is so much taken up with other matters
3. That you reside in the United States
4. That whenever matters arise that might be made to work to

their

you fail to take
a proper interest
in them.
5. That you do not
attend to the ~~keeping~~ observation
of peace and order

the consequence
is that the mis-
conduct of turbulent persons
goes unchecked
6. That you fail
to take a proper
interest in their
well being and
seem to care for
nothing so long
as you make
all you can out
of the appointment.
7 That on several
occasions Numbers
of the Band have
made complaints
to you but you have altogether
neglected to take
any notice of them.
8. That the appoint-

Ottawa, 17th July 1879

Sir,

I have the honor to acknowledge receipt of your letter No. 11.869, of the 14th inst., informing me of a petition presented by certain Indians for my removal, with reasons in support of their request.

In reply to the several accusations I would say to them.

"1st That I do not attend properly to their business."

I cannot tell wherein I fail to do so unless it was pointed out in a more specific manner. I try to do so as well as I can.

"2nd That I am too far away, and my time too much taken up with other matters.

What is the difference to them as long as I do the travelling. I attend once a fortnight, as ordered by the Department, and if any special meeting or duties are required, all they have to do is to send me word by the daily ferry boat, and I always attend, and if any law suit has to be entered into they have to come here. and as for my time being taken

taken up with other matters, I am sorry to say, I have too much time on my hands, having nothing to do but to attend to Municipal affairs, that does not require my time more than two or three days in a month.

3d "That I live in the United States."

In a letter to you dated the 1st July 1878 in reply to accusations made on the 26 June, & in which this was brought up, I explained how it was. If my dwelling house is a few feet over the line, what difference is it to the Indians? I am a British subject and have a vote in Dundee; my Interests are in Dundee and my office. I have lived here for the last ten years and do all the business of the Municipality of Dundee &c.

"4th "That when matters arise that might be made to work to the advantage of the Band, I do not take a proper interest in them."

This 4th is answered in my reply to No 1. charge.

"5th That I do not attend to the preservation of Peace and order in their Bound. &c"

It would be impossible to make an Indian village a paradise, any more than other places, and I do not know of any such turbulent persons only once in a while, some one, gets under the influence of liquor, that can be got without limit at Hogansburgh, two miles up the River.

Very lately an Indian that I have a conviction against-

for selling liquor, two years ago, was complained of that he was turbulent

sent a constable to have him arrested and committed
to the old courthouse gaol, but he got away from the Constable and
ran into the States; Chief Thomas of the complaining
party done all he could to shield him, and it
was settled for this time by the Indians wife paying expenses
and a promise to keep quiet hereafter.

"6th That I fail to take a proper interest in
their well being, and care for nothing so long as
I make all I can out of the appointment."

My answer to No 1 will, also do for the first part and
for the last, I would say, that I do not think
they will get anyone but will look after that
part of it. I dont know as I am any worse than
others, would be in that respect, and it may be as
well to state here that the Gentleman who is
assisting them (the complainants,) and who they want
appointed as their agent is not very disinterested.
The Indians used to trade with him and he used
to take their orders, and I am credibly informed, they
(the Indians) owe him a large account, and he is
under the impression that if he had the agency,
he could keep their annuity money to pay himself.

"7th That I do not take cognizance of complaints
This is false; I always do so, if they are worthy
to be taken into consideration. The Department
knows the trouble I have given it with complaints

most y which are frivolous.

No. 8 That they want an agent where he can easily reach them, and where they can always find him &c

I can reach them without any great trouble, as during ~~the~~ ~~boom~~ navigation there is a daily ferry between this and St Regis, and in the winter season I drive there, but as they are nearly all away in winter, there is no business to be done, and I do not go as often and as to this suitable person living within two miles of them, is in accordance with the rest, for every one knows, that knows the locality that it from St Regis to where this person lives, in the heart of the Town of Cornwall, is nearer five miles, and in the winter they have to travel ten or twelve. The business with the Indians is all done here and to take the agency away from this place, and giving it to a person in Cornwall Ont., I do not think would be right.

I could multiply answers to the accusations and show up many reasons, why this party makes these complaints, and if a petition on my side is required I can get 4 chiefs to sign, and a larger majority of Indians than they have submitted.

I trust the above may be satisfactory.

I have the honor to be, Sir,

Dear Sir,

When I received yours of yesterday with the petition, I went to George Square at once - He looked over the names and marked with red ink pencil those that were not here at the time the names were taken - even some names are down that have not been in St Regis for the last three years.

I remain Yours truly

P. S.

I saw Woodman this morning he said neither Chiefs John Sawatis or Peter Colwell were at the meeting when the names were taken

Because I would not agree to go with them through the Dundee Reserve, and assist them to dispossess Lessees whose leases had expired they were very wroth. I informed them they could not get them back, as the lands now, were in the hands of the Crown, but their answer was; that the lands were theirs and they were going to lease them for their own use.

3d A statement is made that Cornwall is so much more convenient for them to transact their business. They might even find a more convenient place than Cornwall, but Dundee is the place where an agent is most required for general business; collecting of Rents, Law &c. My visits to St Regis is quite sufficient to transact all their business, unless some law matter; but the Chiefs will get to quarrelling, and down they come, (a portion of them) and make a complaint, the others of course will be along next day or so to find out what was done, and to make some counter complaints, and thus they keep their business? moving.

Even with the strength of an affadavit I doubted if every person signed their names to that petition personally, or made their marks

I sent up the list to Mr. Tyre Custom House Officer and asked him to show it to a certain Indian to see if he could not find out whether all had signed or not. I enclose a copy of letter from Mr. Tyre with returned list of names. You will see what reliability is to be placed on their doings, even Woodman their interpreter & clerk, states that two of the Chiefs were not there when the paper was signed, yet their names appear, and he makes an affadavit that he saw all sign.

I suppose it is superfluous for me to say anything more, as the Department is well aware what it is to have dealings with Indians.

Just as I got this far in my letter I was called upon to attend a ~~deputation of Indians~~ messenger from St Regis, and I cannot let this pass without showing you some of their proceedings.

On Monday the 8th inst. a deputation came

here, with regard to the Farlinger affair;
asking that he (Farlinger) be allowed, at least,
to remain in St Regis until he could harvest
some crop he put in. (See my letter of the 8th.)

Upon their return to St Regis they reported
that Mr Farlinger was to remain in St Regis
for at least two months. Yesterday the opposition
deputation made their appearance, to find out
what was up, and I told them that I had
written for further instructions before doing
any thing further; They went home and circula-
ted the report that the Sheriff was coming
up to-day to turn him off. That, as I understand,
put chief Isaac and his followers in fearful rage,
and they posted an Indian down here to find
out the truth of the last report.

all this is not caused in Farlingers account,
either for or against him, but through the quarrelling
among the chiefs themselves.

Excuse the length of this letter.

Ottawa 8th May 1882.

Memorandum.

With reference to the accompanying Petition purporting to be signed by certain Indians of St. Regis, praying for the removal from Office of their present Agent, Mr. John Davidson, and the appointment of an Agent resident at Cornwall, Ontario, the undersigned begs to refer the Superintendent General to Mr Davidson's letter of the 10th of July last, which has already been before him, and which is explanatory of certain charges brought against him by the Indians in a previous Petition.

With

To the Right Honorable
Sir John A. Macdonald
P.C., K.C.B., D.C.L.
Superintendent General of Ind. Affs.

With regard to the allegation that Mr Davidson is a resident at Fort Covington, in the State of New York, and is a ratepayer under the laws of that State, Mr Davidson admits that his dwelling is a few feet over the line; and it is therefore for the Minister to decide whether a resident of the United States is to be continued in the position of Agent to a Band of Canadian Indians

As respects the Agent's residence at Cornwall, the undersigned begs to report that the lands belonging to these Indians (not forming part of their Reserve) are situated in the Township of Dundee, County of Huntingdon, Province of Quebec. They are all under Lease and Rent for the same have to be collected by the Agent. It would therefore apparently be exceedingly inconvenient for the Agent to be stationed at Cornwall in the Province of Ontario. Moreover the residence of the Agent

at Cornwall would have the effect of inducing the Indians to frequent that place and so expose themselves to the temptation of obtaining spirituous liquors.

If any change is to be made in the Agency, the undersigned is of opinion that the Agent should be resident at St. Regis or as near to the Reserve as possible.

Sir,

I would inform the Department that, I expect, it will be necessary to have a new surety bond entered into, as Mr. Bannon one of my present sureties is dead and the other, Mr Long, has become insolvent; I therefore submit the names of the following persons as sureties viz. Robert Mc Gibbon, proprietor of lot No 16 in the 1st concession, and 15. 16 & 17 in the Broken Front, also John Gordon, Bro. of lot 15 in the 3d concession, both of Dundee Reservation. You will please send me blank form of surety-bond.

Council opened by Chief Johnson Williams

Dr. Oronhyatekha applies to be placed on the list.

The Speaker, Chief D. Hill, reports, that Dr. Oronhyatekha having made personal application this day, to be placed on the list of the Six Nations, - the Council determine, that this is no time to consider such application, therefore, defer action until the usual period when the census is taken.

Action thereon deferred.

Children of the late Eliz: Doctor.

The Speaker referred to the case of the five illegitimate children of the late Elizabeth Doctor, and suggests some-thing should be done for their care (Note:— four girls and one boy, from 1 to 12 years of age, the father being Danl Farnham, an Oneida of Muncy town.)

Discussion.

The Act of 1876.

The Supt observed, that when they last met, (in Feby.) he informed them of his intention to visit Ottawa, but a few days after, he received a telegram

The Right Hon. Sir John A Macdonald
P. C., K. C. B.,
Sup.t General of Indian affairs
Ottawa.

Honourable Sir,

About eight years ago I purchased from one William Mike whose proper surname is Groat, a Coloured man, (who is married to an American Squaw) his improvements made on the North ½ of Lot No. 5 in 1st Concession of the Township of Oneida, a portion of the Tract belonging to the Indians on the Grand River Reserve, for the sum of two hundred dollars, all of which amount has been paid him. I then came into possession of the 50 acres, and had peaceable possession for four years after buying out and paying for said improvements, and had put a man on the lot as tenant. This person Mike subsequently (about 4 years since) returned and built a shanty immediately against the house occupied by my tenant, without any legal authority, he afterwards finding my tenant gone from home with his family, cut an entrance through into a bed room in tenant's occupation, and forcably took possession of that bed room from tenant, until tenant's time expired, when Mike took possession of the whole house and ever since has kept me out of any property for over four years.

I appealed to Mr Gilkinson the Indian Supt. and Commissioner Brantford, at which time he gave

me a notice to serve on said Mike, the purport of which was for him (Mike) to leave in 20 main days.

I served him with the Notice from Mr Gilkinson, but he paid no regard thereto.

I afterwards went to Mr Gilkinson again, who thereupon gave instructions to the Sheriff to notify said Mike - The Sheriff served him, but the matter complained of has since desisted - never having been carried out, and I now wish to know why - I cannot at once be reinstated in possession of my lawful right to said fifty acres.

He has cropped, chopped and sold off timber ever since, and, unless immediately prevented, I fear very little wood will remain thereon, and otherwise the premises are being run down.

It is a valuable 50 acres lot, Hamilton & North West Ry skirts it on the East 1½ miles from Argenville. I am by occupation a Blacksmith and wish to have the possession of my land and to reside upon it, to build a Shop and resume my occupation on the Corner thereof.

Your inquiry into the particulars of the matter of my claim to said 50 acres at your earliest convenience will gratefully oblige

To the Minister of Interior Ottawa Ont

We the Indians members of cornwall Island beg your kind attention we have met a council among the warriors on the 28 day february as protestands we have seperated from the Roman Catholic church Last march the 16 1878 I went myself to the priest in st Regis I then ask him what is the cause to excomunicate from the church He answered and said because you sent your children to the school while others He has excomunicated much longer

Therefore we have come to the conclusion that our annual money he shall not Receive any more often this as we Have Nothing more to do what ever you are will aware the amount he Received yearly taking out our annual money one hundred dollars for his duty Besides furnishing his Boy & wood Sixty three dollars now yearly as you will see it would be unjust that our money among protestands should be paid To the priest after he is paid then the Agent would distribute the money We earnestly pray thee to help us to redeem our money & give instruction the agent take out our money the amount they pay one hundred and sixty three dollars and answer us Immediately

Sir,

I have the honor to acknowledge receipt of your letter No 11,936 dated the 17th inst. together with an extract from a complaint against Chief Peter Colwell of Cornwall Island charging him with intemperance

It seems to me that the charge is unfounded as I do not remember of ever hearing that such was the case, but it may be possible.

I will give it my earliest attention.

I saw Dr Bomberry from Cornwall Island on the 18th inst and he informed me that the said Chief was quite unwell, that he was in a decline.

In gathering the statistics for the Tabular statement, an Indian has been employed, and I was thinking, it would be a good plan to accompany him, and find out if their method and if statistics thus obtained, were accurate.

Sir,

With further reference to your letter of the 20th August last I have to inform you that as the Rev. Mr. Mairville's salary is $125.00 per annum, the proportion that would be paid by the 52 persons who have seceded from the Roman Catholic faith, is $5.58

The Protestant Indians having applied to have their proportion withheld from the Priest, you should notify the latter thereof; and request him to state what objections, if any, he has.

Sir,

As instructed in your letter of the 18th ultimo No. 11,936 with regard to the Indians who have left the Church of Rome wishing to have their share of the amount paid by the Band to the Priest, retained for their benefit, I wrote to the Rev Gentleman and he replies as follows, dated St Regis the 31st December 1883:

"In reply to the letter of the Department

With my letter of the 24th. July 1882 I remitted to the Department a communication from the Bishop of Montreal, (which was in French a translation of which was sent back to me, file No. 36,589) wherein it states why this salary or allowance referred to, was to be paid the Priest. $25.00 of the present allowance is in wood.

My opinion is that the seceders from the Catholic Church would not be entitled to any share of this $100.00 under the circumstances in which it was granted.

I beg leave to state that on or about the 28th day of Febr last Dale and two men came into the Office dale wished to transfer the above Lot to Robert Mowat. I found on looking the Books that a Tax Deed had been filed against the Lot and explained the matter to them. They were satisfied however that as Dales purchase took place since the Taxes had accrued on the Lot that his Title was good. and as he was still anxious to sell to Mowat. I drew a transfer from Dale to Mowat and

And for which I charged him one Dollar
he also deposited one Dollar to file the assignment if the Lot Deed is set aside
Mr. Dale was well aware at the time that the one dollar was for drawing the assignment and the other for filing. those being the regular fees. It surprises me very much that Mr. Dale should misrepresent the case and cannot account for his doing so. But believe that some malicious person wrote the charge and induced him to sign it and that he did not know what he was signing he being a very illiterate person as to a dollar being charged for forwarding it. This never was charged nor never spoken of. This I can prove by several Witnesses who were in the office at the time. I forwarded the assignment to your Hon Department on the 2 d inst Feb the assignment referred to

To the Right Honourable Sir John A. Macdonald
P.C., K.C.B., Superintendant General of Indian Affairs.

The Petition of Jacob Nash of the Township of Onrida, forming a portion of the Indian Reserve upon the Grand River.

Humbly Sheweth:-

That your Petitioner about a year ago in ignorance of the law, upon the invitation of one John Checkock an Indian, entered into an agreement with him to rent the South half of lot number Four in the First Concession of said Township of Onrida for One year and that your petitioner signed said agreement but that said Checkock has not signed the same although he agreed to do so- Your petitioner also, last fall had a verbal agreement with said Checkock in presence of a witness, for further holding the said leased premises for a year after the expiration of the first or written agreement- That your petitioner has performed his part of said Contract and now has upon said premises Thirteen acres of fall wheat sown thereon and Eleven acres ploughed for Spring crops.

That said Checkock has forcably broken into the house provided for your petitioner by virtue of said Contract, a copy of which is hereunto annexed, and in which your petitioner (until lately) resided and whereon your petitioner kept a portion of his goods and chattels- which

said goods and chattels said Checkock has thrown out of doors, after having forced an entrance therein.

That your petitioner was not served with any notice to remove from the Reserve, but seeing others leaving, your petitioner apprehensive he should leave, also left and took a dwelling across the Boundary in Walpole, leaving a portion of his furniture &c &c in the house which your Petitioner held under lock and key.

That your Petitioner is apprehensive from the course taken by said Checkock that said Checkock is disposed to take an advantage of him by depriving him of all his labour and property in the ground.

Your Petitioner therefore prays that your Honor will be pleased to cause an investigation of the matter, the result of which your Petitioner feels assured will afford him the relief sought for under the particulars herein set forth, and as in duty bound will ever pray

Jacob Nash

I Certify this to be a true Copy of the said Jacob Nash. I tried to have the matter settled between Checkock & Nash but he being an Indian he is taking all the advantage he can of Nash till he wants until next fall then he will leave after he gets his crop of without any trouble

Dear Sir

Allow me to thank you for the pleasure of seeing you lately in Ottawa and speaking to you regarding Little Island near my quarry at Gananoque you requested me to write you.

Some 6 years ago I purchased a small island near Gananoque called Little Grove Island and on it there I spent a large amount of money developing a lead prospect and the stone has turned out very good and a fine colour. This Little Island is small and including rocks contains only about 19 acres there I was obliged to put some of my stones on a neighbouring island called Link Island on which there has been at one time from 12 to 15 acres under cultivation, I subsequently there acquired the Lease Claims on this Island from the heirs of the late Louis Lavender of Gananoque & this Island was in his possession for over forty years before his death and the Claims has been legally divided to my wife, these deeds I have shown to Mr Vankoughnet Dept. Minister of Indian Lands and he says they are perfectly good & formal and that it only remains for me to make the deposit of the Govt Valuation of the Islands to be

patent passed in two years.
The purchaser also includes a small Island alongside [illegible]
Island Called, Little Link or Lamin Island and is only separated
by a small channel of a few feet in width, and has no land of any
value on it. The Govt. Valuation is $12.00 an acre while there is
Nearly 100 Acres on the Island the value is entirely a fancy one
and far above the Agricultural value, but as the Island is so
Near hoped that a much smaller value would be accepted by
the Dept. in this Case, as while small Islands for fancy purposes
12. dollars an Acre is not much but when put on a large piece
of land with so little improved or improvable it is too much.
My Predecessor has offered the Island for $1000.00 but this I think
much too high for a place where, at some former period only
about 12-15 apres has been ploughed. I therefore beg of you as
a favour to ask Sir John A. McDonald Minister of the Interior
if under the Circumstances a smaller value will not in this
Case be accepted, as I have done much and spent a large
amount of money in developing this and parts of the
Island referred to and shall be that he may be induced to
take as favorable a view of the subject as possible, I under-
stand that on some of the Islands lower down the Valuation
to parties who had been long in possession had been largely reduced
while My predecessors have been in possession for over forty years.
Sir John is the only person who has the power to make a
change and although not personally acquainted both Sir
his best friends here advise my securing from him a certificate upon
being a Chief in the Rond Conservative for 20 years. Excuse this
liberty and with best thanks for you efforts to assist Mr

Ottawa Dear Sir

I have to acknowledge receipt of your letter of the 24th inst and I am surprised at what you say regarding the purchase of Lake Jordan Islands, I think if you will recall to your Memory our Conversation when I decided to purchase them that, I understood they had been offered to the Hon Commissioner but that they declined to pay as much for them and that I wished to get them for 850 - 900 dollars - You then stated that you could not make the Amount less than 1000 - but that when I agreed to pay that it was distinctly understood that it included the two Islands as they are almost one at low water - If you will recall our Conversation on this point I am sure you will recollect that was just as we arranged it personally and it is just as much as they are worth

Dear Sir

I have received your letter of the 7th April inst. No. 11969 in reference to Link and Jumper Islands and since which I had an opportunity of fully explaining to you how the apparent misunderstanding had arisen regarding my purchase and how under the impression that when I made the arrangement to purchase that you so understood it also, as however it was a mistake, I would respectfully suggest that the Jumper Island might be added to Link Island & included in that purchase, for the following reasons, 1st That that was my impression when the bargain was fully made.
2nd that Link Island Contains about 90 Acres and that although it has been Cultivated for over 30 years only 16 Acres have been Considered available for farming purposes the greater portion of the remainder being bear rocky ground which is of little or no value whatever, and the Jumper Island Containing about 7 Acres has no improvements whatever

and is covered with small brush and scrubby 2nd growth
trees, it being close proximity to Turk Island would make
it very undesirable to have another properties in such
close quarters with Turk Island -
The price of Turk Island at £1000 stg is one which it would be
impossible to look for any return from an agricultural
point of view, and this Island is too low to have a farm or pasture
put on it for any other purpose -

I would therefore most respectfully request that Sumpter Island
be added to my purchase of Turk Island for the sum of Seven
thousand dollars, if possible, and if not that it be placed
at a very nominal valuation -

Referring to my letter of the 11th May last I hope that Sumpter Island is allotted to me and if it is absolutely necessary that I have to pay an expert by your Instructions to do so, as I paid a long large amount to the "Hems Commission" for the first Claim of Leek & Jumper Islands. Instructions that I had also paid some 80$ for the first claim of Big Calf Island but I am not very anxious about it, but I am particularly so with reference to No 26 & 27 from them being close proximity to my Troy Island. indeed the former been connected by a stone bank built some years ago as I considerable expense and I consider it now a part of my Island. I would feel much obliged if you would inform me how I ought to apply for those latter two Islands which in the possession of strangers

Memorandum:-

The undersigned has the honor to submit for the consideration of the Superintendent General of Indian Affairs the correspondence between this Department and Mr. R. Forsyth of Montreal, relative to the purchase of two small Islands in the River St. Lawrence near Gananoque.

A specific offer to sell the Islands in question was made in September 1880,— the larger, Juniper or Junior Island, for $90 and the smaller Island, No. 26 on the sketch, for

To the Right Honorable

for $20. Mr. Forsyth has purchased the large Islands Leek or Thwartway Island, and Parmenter, Forsyth or Hope Island, contiguous to the small Islands referred to. A Patent has already issued for Forsyth Island, while the purchase money for Leek Island is in the course of payment.

Mr. Forsyth now renews his application to purchase the two small Islands; and the authority of the Superintendent General is respectfully requested to give effect to the offer conveyed by the Department to Mr. Forsyth in September 1880, should such a disposal of those Islands now meet with his approval.

A sketch showing the Islands (colored red) applied for accompanies this memorandum.

Hayter Reed Esq
Dep[t] of Indian Affairs Ottawa.

Dear Sir

I have received your favor of the 16th inst and as there seems no hurry for the reply — I have not been able to reply —

You may recollect, I called sometime last month at your office in Company with Mr Easton Ledyard and wanted some information regarding the Gananoque Group of Islands which the Govt propose to sell —

Some time ago about 1883 I took Squatters Claims on Leake Island and at the time the Govt price of that Island was $1000.00 and I paid on Account of that 200.00 at the time and I have not been asked for a further payment and as it was unsafe to place any stock on these Islands at the time being liable to be stolen, I have not made any improvements there —

I have however been the pioneer in developing these Islands and influenced quite a Number of friends to settle on them and have followed By Leake as "Forsyth Island" and built a Number of good summer residences on account of this Group — but "Leake" being rather far from Gananoque most people only found it to far from the base of supplies, at Gananoque — I am however desirous of paying up the balance of the purchase price and to further recommend the Sale of these Islands for settlement

for Common readers. and I had asked My friend Judge Lefroy to have the purchase price settled now as I was prepare to send a draft for the balance of $800.00 and not be called on to pay any interest, as little use has been made of the Islands as there have been watching such by people that were depredations on the bay of Quinte & destroying the timber which most of the summer parties is upon & went to work at these Islands — I feel that I am entitled to this consideration from having a guarding eye on the Island. Hon Sir [illegible] recommend this sale for settlement and also as being a steady supporter of the Government for many years — I have not the pleasure of knowing the Hon Mr Daly personally but it was by intention the first time I saw in Ottawa see both the Minister & myself — and I take it as I send the balance of the purchase price it will be received in full — My reason is that the sale of Islands of these Islands some years ago under Conditions to build residence of $1000.00 were too high for Many persons who wished buy a small Island and build a cheap summer Cottage — I and several of My friends have expended a good deal in houses & improvements to attract Visitors but I am sure the improvements there made on Island there since 20 years have attracted a good many settlers to the locality — I hope there that you with the advice of the Minister Hon Mr Daly will grant me what I ask in this letter, Meantime I am Yours very respectfully R. MEMORANDUM

To Deputy Minister.

29th December I893.

Leek Island in the River St. Lawrence containing 90.7 acres was sold to Mrs. Dorothy Forsyth, wife of Robert Forsyth on the 26th February I880 for the sum of $I000, on which was paid at date of sale $200. leaving balance of $800. due with interest thereon at 6% from date of sale until time of payment.

Messrs Beatty and Macrae reported in April last that there were a house and barn on this Island as well as other improvements, and on the 27th of that month, Agent Cowan was instructed to notify the purchaser that unless arrears of principal and interest were paid the sale would be liable to cancellation.

Mr. Forsyth is now willing to pay the arrears of principal, viz $800. but desires to have the interest remitted.

Considering, however, that this Island was sold in I880 on the valuation made by Unwin in I876, viz, $I000. and which price must be considered very reasonable for an Island of such an area, and which, if offered to day, would no doubt bring twice that sum, I think the Department would hardly be justified as trustee of the Indians in remitting the interest.

The Dept. is unable to remit the interest - the claim is the property of the Indians

Dear Sir

I have to acknowledge receipt of your letter of the 30th ult. and for which I am much obliged.

It is doubtless correct that the value of Lands has increased since I made the purchase in 1880 and what I did so it was at the time considered a fair price for agricultural purposes was too high as the correspondence will shew, but I was under the impression then, that as I was looking for stone for Building purposes that I could find it on that Island - You, as able as any Agent had formed a wrong impression on that subject, and had been prospecting on some of those Islands with the same object and I regret to say that as in this I have been greatly disappointed. I have spent many thousands of dollars in this business in that section of the Country on the advice & recommendation of the late Sir Wm Logan who was the means of my first getting to work on those Islands, but with all my expenditure, I have been unable to get a Marketable building

stone which could be produced at a price which would enable me to place it on the Market.

I have opened Quarries on "Forsyth" Island, Grindstone Island and Jones or Leake Island, and had to abandon them both, as stone of sufficient size and soundness could not be got at a price by which I could undertake any building work. On "Leake" Island particularly I have never been able to produce any stone with Column Shaft which I could use for these purposes, and have been obliged to try and make Steps and Material from the Rubble from the General openings, and even in this I had to abandon it, as the Men hired not make even Steps pay at the price they would work in other Quarries and for General Work I have not been able to make even paving Stone. Having however recently visited myself in these developments as I was satisfied in my Mind that the Beyond possessed Granitic formations which would warrant their development, and I consequently tried the Experiment on "Grindstone Is" with some little success but I regret to say that Island is in the "United States" and although I have to pay duty on all imports into Canada I have been enabled from My Quarry there (which produces Large & good Coloured stone) to furnish

Dear Sir

Referring to our Conversation today regarding Deaks Island near Gananoque the final payment on the principal which was made by me on the 10th of February leaving an abeyance the payment of interest on the agreed purchase price, and as explained to you at that time I did not expect to have to pay interest as, I had expended a large Amount of Money in endeavouring to develope some stone quarries on that Island but which development was attended with such loss & outlay with no result to Counterbalance that expenditure- However claim to have added greatly to the Value of the Islands in that vicinity by my work and residence as many gave amongst them and advocating their purchase as Summer residences, Evidence to this Can be found in the increased Value of the Islands-

Should that under these Circumstances the Amount of the Interest ruled in Consideration of the foregoing Statements remit the Interest on the purchase, or remuneration for services may have given the Department in advancing the Value of these properties and for which their present Value calls account as Compared with their former Values- I may say I receive many applications for information on the subject of selling these Islands for Summer residents

Acting Supt Genl
Indian Affairs Ottawa. Dear Sir

I have been away from Montreal for sometime and on my return found your letter of the 7th ulto stating how you have credited the payment made on the Island in the 10th July 1894. As that Considered that the 800.00 then paid Covered the principal of the purchase of that Island and that only the interest remained unpaid—

I had hoped that in the manner before adverted to, I would have succeeded in depositing to your credits the interest or at least a part of it and in the present state of trade that does here and elsewhere you will have to bear with me a little longer as I have laid out so much money on these Quarry properties which has been entirely lost that it leaves me much shorter of money than I ought to be. Still however do the best I possibly can in this way of obliterating this Claim

Sir-

I beg to refer to an interview which you had with Mr. Orr of this Department on the 20th Ultimo regarding Leek Island, River St. Lawrence, upon which occasion you filed a certified copy of the last Will and Testament of the late Dorothy Forsyth and an Assignment from yourself as Devisee and Executor under said Will to Jeanie Forsyth and paid $1.00 fee for registration thereof and requested, in regard thereto, that nothing should be done until you should communicate with the Department. As this matter may possibly have escaped your memory, I should be pleased to be advised whether you would like Patent to issue to Jeanie Forsyth for this Island.

I have received a copy of a Return" to an address of the House of Commons dated 20 March 1894" in reference to the Thousand Islands. And on page 12 I see a small Island marked G. 1/10 of an acre described as a "Small ~~outpost~~ Island "which artificially Pavements or keeps Island by stone filling "Used as a wharf for stone quarry" and beg to say there never was any Island at that point, and the dump from which I had attempted to make a quarry on "keeps" island was extended outwards from the quarry to endeavour to get to water sufficiently deep to load vessels, and the part marked G. is where the water was about 6 feet deep.

I found I would have to go out about 3 or 400 feet further before I could get water enough to load a Canal barge, and that work was abandoned, and the stone loaded from the western corner of the Island – by making that dump. I passed over a reefy shoal which at low water was a little over the surface of the water but that shoal was about half way out on the present dump – On the outer end of this dump had a derrick under which did some stone cutting and shipping. Memo. for Mr. McGee — 11969

Re Island "G" 1000 Isls. Grps. which Mr. Forsythe, referred to in "Forsythe v Parmenter" Island claims should be obliterated from the lists.

I have not myself seen the island, which is off the shore of "Forsythe" (& no doubt what Mr. Forsythe describes as "a rocky shoal which at low water was a little over the surface &c") but had a diagram made by an area land which gave measurements of the fishing "dumps" mentioned by Mr. Forsythe. The observations made verified Munro's plan which shows an Island called "G".

Munro's plan has further support. His plan Island is shown very clearly on the maps of the British and U.S. Boundary Commission dated 1818, and appears also on the Admiralty Charts

There is apparently no reason to question the existence of "G" as a separate island, nor is there reason for striking it from the lists unless it has been disproved by. The construction of the dumps, ~~which was a trespass~~ if sanction was not obtained, was a trespass

Sir

I have to acknowledge receipt of your letter of the 5th instant. with reference to the small Island adjacent to "Long" Island near Gananoque -. And I beg to say that I understand that the Island marked "G" is not the end of the the "Gravey" dump, but on the "Survey" plan is that of a small rocky shoal which at that time of the year was shewed at low water, and over which my boats bank from the quarry extended, and on which there was no deposition -

The part referred to by "McBeath" is several hundred feet out in the river and on which stood a derrick erected when I was working there quarry. and in about 6 feet of water -

I have sent to have the distance measured and laid down correctly on the plan. (+) I have examined the Chart made by the United States Government which is a most Accurate and well made by photographic process but it does not show the shoal "G" although it indicates several similar shoals in the immediate vicinity - I feel so confident personally of this little shoal having laid out by boats bank. and I can have no difficulty in shewing you this matter to your satisfaction and hope to have that opportunity shortly, as I presume you will be there at the sale of the Islands when I will be most happy to have you at "Dr as dale" where I hope at that time to be residing - If My boats bank has in

Dear Sir

Your letter Received, in Reference to the part of Foresyth Bump that we thought was an old shole, I hired a boat and got Mr Henry Reid who built the dock or wort and put up the derrick when it was used. to go over with me and examine, now when there are no snow and ice. It looked to me very much as we examined it in the winter the rocks large and some small bushes growing on this wide part of the bump as well as some Coarse Grass. but he said that Foresyth had made it. he explained about the large stone that they loaded them with the derrick and run them out on on flat Cars and unloaded them with the derrick that was at the end of the Pier at that time, that he had built the wooden work that is on the east side of this pier about that time. for the purpose of loading Boats with the stone. I did not look for any other person that would know any thing about it. Whether it was there before the Bump was made or not; If You should be here any time during the summer. It can be examined how much better when the snow & ice are away

Supt Genl of Indian Affairs

The humble petition of the residents of Notre Dame de Lake St John and others humbly sheweth.

That the progress always growing from settlement in the Valley of Lake St John is extending so to speak in all directions fit for cultivation. Nevertheless the most central place lays behind retarding the growth of neighbouring settlements & is also a continual menace & imminent danger at the time of fires in the Spring.

That the cause of delay in the opening up of this place above mentioned is the high price that your Department has set on the sale of these lands which form part of Indian Reserve Ouatchouan & for which you ask 40c whilst the lands of the Dept of Quebec are sold at only 20 ?

That the greater part of the lots of this Reserve are not as suitable on account of the quality of the soil as those of the adjoining Townships, but it is certain that if the price of these lands were reduced to the same amount as that of the latter first your dept. would very soon dispose of the greater part of the lots comprised in the said Township of Ouatchouan

Ouatchouan and which will not be occupied as soon as if they had been granted this reduction to dimensions.

That the lots at the foot of "Cran" in the first and second Ranges are not comprised in the humble petition which we have the honor to present to you & upon petitioners will not cease to pray.

L'humble requete des Citoyens de Notre

Exposent humblement —

Que le progrès toujours croissant de la Colonisation
dans la Vallée du Lac St Jean s'étendant pour
ainsi dire dans toutes les directions propres à
la culture, il s'y trouve cependant un endroit
des plus centrale qui reste en arrière et retardant
l'agrandissement des établissements qui
l'avoisinent et est aussi une ménace continuelle et un danger imminent à l'époque
des feux du printemps.

Que la cause du retard de l'ouverture
de l'endroit plus haut mentionné est le haut
prix que votre département a attaché à la
vente de ces terres qui forment partie de la
Reserve des Sauvages Ouiatchouan et pour
lesquelles vous demandez quarante centins
tandis que les terres du département de
Québec ne se vendent que vingt centins.

Que la plus grande partie des lots de cette
Reserve n'est pas aussi avantageuse sous
le rapport de la qualité du Sol que celle
des Cantons voisins; mais il est certain
que si le prix des terres en était reduit
au même taux que celui de celles des cantons
derniers, votre département aurait bien

Honorable Messieurs,

En réponse à votre lettre du 7 du courant, j'ai l'honneur de soumettre à votre considération mon rapport concernant la Requête signée par les Colons du Township Roberval et autres, demandant une réduction sur le prix des Lots dans le Canton Ouiatchouan.

Le chemin que le Département se propose de faire ouvrir dans ce Township, donnera certainement une grande impulsion pour la vente d'un bon nombre de Lots au taux fixé, mais une bonne partie de ces terres sont rabouteuses & rocheuses; il pourrait se faire que la vente de ces dernières ne s'effectuerait pas aussi vite.

Par la rareté d'argent qui existe, il me semble, qu'il serait désirable que les Lots qui se trouvent compris depuis le troisième jusqu'au neuvième Rang, pourraient être mis en vente au taux de $0.25/00 ou $0.50/00 centins par acre; la vente, j'en suis persuadé, s'écoulerait rapidement.

Tant qu'à la partie des Lots contenus dans le premier

premier second Rang, quoique pas trop de bonne qualité, je suis porté à croire que le Département les vendra au taux fixé, vûque ses lots se trouvent sur un grand chemin à proximité de places d'assaut.

Tant qu'au fond que le Gouvernement envoie chaque année aux Sauvages pour des fins agricoles, je me permettrai de vous suggérer que le Département ne devrait point priver les Indiens de ce secours qui leur est d'une utilité incontestable et ne pourraient sans cet aide faire des travaux.

Le Gouvernement ne doit pas être trop avare envers cet misérable Tribus, qui va décroissant d'année en année et dont leur moyen d'existance est loin d'être suffisants.

Vous me permettez aussi de demander pour eux, que l'octroi que le Gouvernement leur accorde tous les ans, soit continués et de plus qu'une nouvelle somme pour le mois de Juillet et Août leur soit donnée pour travaux, qui devront être executés par eux mêmes, soit pour chemins, ponts, bâtisses, terre neuve et. ...

Je signalerai de plus en terminant que le chemin actuel de leur Reserve n'est pas ce qu'il y a de plus beau, il faudrait aumoins pour le parachever $100 à 120. de plus ce chemin devrait une autre année, se prolonger sur toute la largeur de leur Reserve.

Honsr,

In reply to your letter of the 7th inst I have the hon to submit for your consideration my Report concerning the Petition signed by the Inhabitants of Townships of Roberval & others asking a reduction in the price of Lots in the Canton Oullchoan.

The road that the Dept proposes to make in this Township will certainly give a great impulse for the sale of good number of lots at a fixed price, but a large part of these lands are sandy & rocky & is plain that the latter will not be sold so quickly as the former.

On acct of the scarcity of money it seems to me ~~would be~~ desirable that the lots comprised for the most part between the 3rd & 4th Concessions should be put up for sale at a price of 20¢ or 30¢ per acre. The sale thus persuaded would go on rapidly.

As for the lots contained in the

the first & 2nd Range also not of very good quality, I am led to believe that the Department could sell them at a fixed price seeing that the Lots are near a great highway & close to places of business

As to the fund which the Govt sends each year to the Indians for to aid agriculture allow me to suggest that the Dept ought not to deprive the Indians of this assistance which is of unestimable benefit to them & without which and they could not work.

The Govt ought not to be too stingy towards this invaluable aid is decreasing year by year & where means of subsistence is insufficient.

Allow me also to ask for them that to grant that the Govt allows every year should be increased & moreover that a additional sum for the months of July and August should be given them for works which will be executed by themselves either for roads, bridges, buildings, clearing land &c

In conclusion I would further

A L'Honorable Ministre de l'Interieur

Honorable Monsieur,

En réponse à votre lettre du 4 decembre courant- j'ai l'honneur de vous dire que le Lot dans le Township Chigoubiche que vous m'avez, ainsi que $100.00 comme aide pour bâtir la Residence de l'Agent-, ne se trouve pas assez proche du Village Montagnais pour que l'Agent puisse leur rendre grand service; tel que le désirerait naturellement en attendre, vu qu'il se trouverait trop éloigné d'eux. La distance serait de 3 milles. Il se trouverait plus éloignés, étant bâti sur le Lot en question, que je le sais maintenant.

Pour que l'Agent leur fut bien utile, il faudrait qu'il fut bâti, demeurât parmi eux, surveillât tout, les faisant travailler sous ses ordres.

L'Aide de $100.00 pour la Residence de l'Agent ainsi que les $100-00 pour la maison d'Ecole, pourrait être dépensé sur le Lot maison d'école, pour qu'elle servit de demeure à l'Agent ainsi que pour l'Ecole, ce serait bien moins coûteux.

Les Montagnais seront jusque tous arrivés de leur chasse la semaine prochaine, l'Ecole leur serait bien profitable- Il faudrait

Honorable Sir,

In reply to your letter of the 4th inst., I have the honor to ~~reply~~ say, that the Lot in the Township of Caiatchouan, which you offer me, with $100 to assist in building the Agents residence, is not near enough to the Village of the Montaignais for the Agent to give them much assistance - such as the Deptmt. would expect. The distance from them would be three miles. In building there I would be further from them than I am now.

For the Agent to be really useful, it is needful he should build and dwell among them, oversee everything they do, and have them work under his directions. -

The grant of $100 for the residence of the Agent, as well as the $200.00 [figures indistinct] for the school house, might be expanded on the said School-house, so as to serve for the Agents residence as well as

Honorable Monsieur,

En réponse à votre lettre du 29 Déc: dernier, j'ai l'honneur de vous soumettre ses quelques observations sur la situation présente des Montagnais & des moyens qui seraient jugés bon à employer pour leur éducation.

Sous la surveillance d'un maître il est facile de les faire travailler au défrichement de leur terre, car ils n'ont aucune connaissance de culture; laissés à eux-mêmes ils sont sans énergie & sans courage. La jeune que la cause principale de cette indolence est les privations de toute genre qu'ils endurent dans le court de l'année - let que long jeune, à défaut de chasse qui est insuffisante aujourd'hui, mauvais logements, manque de vêtements en hiver &c &c - Ajoutons à cela les mauvais conseils qu'ils reçoivent de certains Traders qui ont intérêt de les tenir dans cet état, afin de mieux exploiter leurs pelleteries.

La présence d'un Agent résidant continuellement parmi eux serait d'un grand secours pour l'avancement & la civilisation de cette Tribut -

Il me semble qu'un Salaire annuel de $

de $400-00 ne serait pas trop exigé pour cette position qui n'est pas des plus attrayantes et qui exige certainement bien des déboires -

Pour la ferme de 40 à 50 acres pour l'usage de l'Agent -, je n'en prétends rien, car je ne veux pas mettre mon bonheur sur une terre qui ne restera pas à ma famille - Je pourrais bien, par exemple la faire cultiver par eux et les produits leur rester - Cette terre deviendra de ferme modèle.

Honorable Sir,

In reply
to your letter of the 29 Dec. last
I have the honor to submit these
few observations on the present
situation of the Montaignais,
and the means which it may be
well to employ for their advantage

Under the superintendance of
a master it is easy to make
them work at clearing their
land, because they have no
knowledge of cultivation - left
to themselves they are without
energy & courage. I think
that the chief cause of this
indolence is the privations
of all kinds they endure during
the course of the year, such as
long abstinence, from the
failure of the chase, which is
insufficient just now - bad
lodgings - want of clothes
winter &c &c. Add to this the
bad advice which they receive
from certain traders, who are
interested in keeping them in the
state, the better to extract their

The presence of an Agent continually residing among them would be of great value for the progress & civilization of this Tribe.

It appears to me that an annual Salary of $400.00 would not be too exacting for that position, which is not the most attractive, and which has certainly many mortifications

For the farm of 40 or 50 acres for the use of the Agent I do not wish to avail myself of it, as I do not wish to put my labour in a farm, which will not remain to my family I could however have it cultivated by them, and the products would belong to them and this farm become a model farm.

I have the hope, Honble Sir, that my request will be well received

Jon Honorable Monsieur,

Depuis que je suis ici, j'ai le plaisir de constater une grande amélioration parmi nos Sauvages, sous le rapport de l'agriculture, la tempérance etc — ils vont toujours se civilisant d'avantage. Pour obtenir ce résultat, il n'est pas besoin de vous dire ce qu'il m'a coûté de trouble, de fatigue, de patience et de toute sorte.

Il faut convenir que c'est une tâche bien ardue de civiliser une nation Sauvage; j'y ai apporté tout ce dont je pouvais de force et d'énergie. Je suis heureux de voir un peu de succès récompenser mes laborieux efforts —

Mais comme il faut toujours s'occuper des choses matérielles, le plaisir de voir progresser cette peuplade sous nos yeux, n'est pas suffisant. It is a very arduous task to bring into civilization an Indian tribe and towards that end all my strength and energy was devoted - I am happy of the result obtained so far. —

I now beg leave to renew the perplexities I then made known to you in respect to my office, but if you still prefer to repair the house, I would be contented for this year with a new painted shingled roof, which will cost at most from fifty to sixty dollars - And for the other repairs, will see can wait for better times -

Monsieur,

Je me permets encore aujourd'hui, vu le changement dans les affaires du Pays, de vous demander ma retraite. Ma nomination date de 1873, j'ai soixante ans accomplis et ai depuis plusieurs années une santé qui laisse beaucoup à désirer. J'ai fait 23 ans de service dans ces Sauvages et crois avoir bien servi le Département et mérite avoir du repos.

Je vous prierai donc de vous hâter de régler définitivement à mon égard, je vous prie aussi de m'accorder un montant généreux, car je n'aurai que cela pour mes vieux jours, vous connaissez qu'avec un petit salaire, les économies sont rares.

Je tiens à me retirer avec le grand parti qui a toujours eu mes sympathies et que j'ai servi fidèlement jusqu'à ce jour.

Cher Monsieur,

Je suis au Lac St Jean depuis quelques jours. A mon arrivée ici - j'ai appris avec peine que Monsieur Ludger Otis agent des Sauvages montagnais avait envoyé à Votre bureau sa démission, comme agent. Monsieur Otis n'est guère aimé de ceux qui favorisent les Désordres; mais en retour il est estimé et honoré de tous. Dans ce moment où a besoin à la Pointe Bleue, vu l'affluence des étrangers, et la facilité pour les Sauvages de se procurer de la boisson, d'un homme rempli de vigilance, de fermeté et de prudence pour y maintenir le bon ordre et protéger la morale — C'est pourquoi, Cher Monsieur, j'ose vous prier de différer la Demande de Monsieur Otis, et cela pour le plus grand bien de nos Sauvages -

j'ai le plaisir de vous dire que dans les missions du Golfe St. Laurent que je viens de parcourir, il y a eu moins de désordres que les années passées, quoique les occasions y fussent toujours les mêmes.

Dear Sir-

I have been at Lake St. John for some days. On my arrival here I learned with pain regret that Mr. Ludger Otis, Agent for the Montagnais Indians, had sent in to your office his resignation as Agent. I do not savour and I respect the motives which have led to his action. Whatever they may be, I hasten if it is not already too late, to pray you to defer compliance with his request.

The office of Indian Agent at Pointe Bleue is a very difficult one and requires great tact, and I do not know of any person here able to fill the position: those who desire the place most are the least suitable for it. Mr. Otis is not much liked by those who promote

disturbances; but, on the other hand, he is esteemed and honoured by all others. At the present time, owing to the number of strangers and the facility with which the Indians procure liquor, there is need at Pointe Bleue of a man full of vigilance, firmness and prudence, in order to maintain ~~good~~ order and preserve morality.

Therefore, dear Sir, I take the liberty of asking you to defer complying with the request of Mr. Otis, and I ask this in the best interests of the Indians.

I am happy to be able to tell you that in the missions of the Gulf of St. Lawrence, which I have just been visiting, there have been fewer disturbances than in past years, although there is always the same reason for them.

Roberval, Lake St.John, Jan.12,1914.

To the Rt.Hon.R.L.Borden,

Prime Minister, Dominion of Canada.

Sir,-

After twenty-one years service in the Indian Department, my husband and I, the one as first agent among the Indians of Pointe Bleue, and your servant as teacher and director of a school(?), as we have an active Conservative son, the father was dismissed in order to take revenge on the son in 1896.

I think we should have a reward for our old days. It seems to me that we have well deserved from the country,-- a quarter of a century spent in the company of a nation not at all civilized, so devoted all the time to teaching them agriculture and hygiene in their buildings and in their clothing; that was a hard task that has been to the profit of successors with increase of salary; they do not to do anything: they reap the success of their predecessors.

440969

I know that the Laurier Government passed laws to deprive the old Conservatives of their superannuation; that is a privilege that I ask for. I have applied to several authorities; they have told me that they could not do anything for me. Then I have been a widow since 1910. The fourteen years that my husband lived after his dismissal, ought he not to have received superannuation? For myself, for my services I ask something; then I am 72 years of age, and I am poor; I have a son who is supposed to be comfortably off, but he has a large family. Our old friends are all dead. The young people do not know us. They have not too much for themselves, let alone the old people. The Indian vote having carried a Conservative election, Sir A.P.Caron promised us that he would protect us and others who have also disappeared.

Sir.A.P.Peltier cannot do anything either for the aged.

That is why I take the liberty of addressing the Prime Minister, the head of the party. No doubt he will recognize the old people, no matter how humble they may be. You will find the name of my husband in the Indian Department, L.F. Otis.

If you require references, I give you the following names: Rev.Father Arnauld, C.M.I., missionary, Mr.J. Lisotte, parish priest of St.Jean Deschaillons, Mr.Victor Chateauvert, Mr.Eugene Unnie, both Customs employees at Quebec.

I trust that my request will be received, as I address it to the highest authority. Do not refer my trouble to Mr.Girard the Member; we are not friends; we are Conservatives of the old style(the principles are quite opposite).

Excuse my old writing. I trust that you will do justice to my request, for which I shall not cease to pray.

Madam -

Your letter of the 19th instant, addressed to the Right Hon. the Prime Minister, has been transferred to me. I regret very much that your request for a gratuity cannot be complied with. Although your husband did not receive superannuation you will recollect that the amount contributed by him to the Superannuation Fund during term of office was refunded. This was all the Department was prepared to do at the time, and as stated above, I regret very much that nothing further can be done now.

Yours truly,

Memorandum for the

Acting Supt. General of Indian Affairs.

The Order in Council appointing Mr. J.L. Marcotte in the room of Mr. L.F. Otis as Indian Agent for the Indians of the Lake St. John district has just reached the Department. This Order does not mention any salary; and it has been the policy of the Department to pay a new officer a smaller salary than that received by the retiring incumbent until he has shown that he has capacity for the position and can carry out his instructions to the satisfaction of the Department. In the present case, Mr. Otis commenced with $100 a year in 1873; this was increased to $200 in 1874; to $300 in 1879, and to $400 in 1880, at which rate he was paid when dismissed. I may mention that he has a commodious house situated on the reserve, which is given him rent free; and I think under these circumstances Mr. Marcotte might be paid for a year or two at $300. There is not a great deal of work connected with the office.

I would ask an early expression of the Acting Minister's wishes in this matter, as it will be necessary to write to Mr. Marcotte at once.

Sir:

Referring to my letter of the 27th ultimo, I have to request that you will be good enough to advise me whether you have yet asked Mr. L. N. Otis to hand over to you the books, records and other property of the Department in his hands and if so with what result.

You will be required under the regulations, to give security for the faithful performance of your duties as Indian Agent yourself in $1,000 and two sureties in $500 each. I have accordingly to request that you will submit to the Department the names of two responsible persons willing to give such security, and if they are approved of a form of Bond will be sent you for execution by them and yourself, and upon its being returned properly executed full instructions with regard to the duties devolving upon you as Indian Agent will be given you. Should you prefer to give a Guarantee Company's Bond instead of a Bond as above ~~desired~~ described the Department will be glad to accept the same in $1,000.

THIS LETTER HAS BEEN SENT

Sir,

I have to acknowledge the receipt of your letter of the 10th Instant, enclosing Bond duly executed by you and your sureties for the faithful performance by you of your duties as Indian Agent for the Reserve at Pointe Bleue, Lake St John, in the Township of Ouiatchouan to which position you were appointed by Order in Council of the 13th October last.

It now devolves upon me to instruct you with regard to the duties of which you will be required to perform and to furnish you with such information as may appear necessary to enable you to properly discharge those duties.

1st The Reserve belonging to the Indians whose affairs you are to manage comprises 2.900 acres, only 110 acres of which is under cultivation. A subdivision Plan of the Reserve you will find among the papers left by your predecessor.

2nd. It is the earnest desire of the Department that the Indians of your Agency may be advanced as rapidly as possible in the arts of civilization, and it will be your duty by advice and practical instruction to endeavour to accomplish this object.

3rd. The suppression of vice of every kind should engage your earnest attention and the prevention of intemperance among the Indians, you should use your utmost endeavours to effect by advising them constantly against the use of intoxicants and bringing to justice any person who may may be credibly reported as having furnished, or who may of your own knowledge have brought liquor to the Reserve, or who may have had any in his possession

You are, under the 7th Section of the Act 58-59 Vic, Cap 35 (being an Act to further amend Section 117 of the Indian Act) ex-officio a Justice of the Peace with the power and authority of two Justices of the Peace to deal with violations of the Indian Act and its amendments and with any offence by an Indian against any of the provisions of parts XIII and XV of said Code within the County of Chicoutimi. Under Section 872 of the said Code, imprisonment may be imposed upon parties convicted of selling liquor to Indians, in default of the payment of a pecuniary penalty . Be good enough to make these provisions known to any Magistrate in your vicinity before whom it may be found necessary to have such cases tried, and in order that you may the more readily make yourself acquainted with the law in this regard, trespass on Indian lands and other matters, I send you herewith copies of the also a pamphlet containing excerpts from the said Act & amendments Indian Act and its amendments, of all sections relating to the supply of liquor to Indians.

With regard to section 94 of the Indian Act as substituted by Section 4 of 51 Vic, Cap 22, this Department has been advised by the Department of Justice that in order to warrant a conviction under it, the evidence of one credible witness other than the informer or prosecutor, is sufficient even though the informant or prosecutor may have no knowledge of the facts constituting the offence except through the statement made to him by such witness.

It is desirable that the information should be sworn to by the prosecutor,and if he has no personal knowledge of the facts he sho ld state them as based upon information and belief as above,and as regards the other formalities to be observed in the trial of such cases,I have to refer you to sections 846, 882,883,886,889 and 890 of the Criminal Code 1892. As regards Section 10 of the Act 50,51 Vic.Cap 33 which repeals section 104 of the Indian Act the constable has authority thereunder to arrest without warrant and convey to goal any Indian who may be found by him in a state of intoxication;or under the provisions of section 207 sub-section "F" of the Criminal Code he can similarily arrest and convey to goal any Indian found causing a disturbance by being drunk. By arresting the Indian and getting the Magistrate to let him off on suspended sentence when he gets sober on condition that he will give information as to the person from whom he obtained the intoxicant,the Constable would be in a position to proceed against such person in

in ~~the province~~ the manner prescribed in section 4 of the Act 51-52,Vic,Cap 22;and in case of conviction the constable,as informant,would be entitled to one half the fine. It has been thought that an Indian could not be arrested for being drunk except at the time he was actually found in that condition. This is not so,as according to the opinion of the Department of Justice it is not necessary that the offending Indian should have been arrested in a state of intoxication.It need only be shewn that he was found,no matter by whom in a state of intoxication.

4th. Any encorachments on the Reserves or trespass on timber or other valuables thereon should be promptly ~~xxxxx~~ dealt with in accordance with the law;and you are hereby authorized to carry out the provisions of the Indian Acts in regard ~~to~~ the same. You should act promptly in evicting all but those who are entitled to reside upon the Reserves and not allow any such to establish themselves there,and in case of any doubt arising you had better communicate with the Department ~~e~~forthwith.

5th. With regard to the sick and aged members of the Band or orphans and widows who are unable to work and have no means sufficient or friends able to support them,the Department would be willing to provide the actual necessaries of life in such cases as you may think deserving of assistance upon the facts being fully represented by you. Such grants must,however, be considered altogether exceptional,as the Department is of opinion that too much assistance of this kind has in times past been given to Indians and that such practice only tends to pauperize them and to prevent their becoming self-supporting and they must in future be made to rely as much as possible upon their own exertions to obtain a livlihood.

6th. You should frequently visit the individual holdings of the Indians and take note of everything connected therewith,give practical instruction to the Indians in respect

to the cultivation ~~of~~ and fencing their lands, the saving of seed for next springs planting, the erection of buildings and the keeping of them and their premises in good order with a view to cleanliness and health. A Circular letter on this subject is placed herewith. The proper drainage of the lands of the Indians generally and the construction and repair of roads through the Reserves should also be looked after by you and, further you should see that their stock are properly housed in the winter and cared for at all times.

7th. As regards the Indians who cultivate the soil it would be well for you to impress upon them the advisability of their saving enough seed this year to plant their lands next Spring; and should you find that any Indian who has seed is not likely to follow your advice, you should endeavour to have him hand over to you for safe keeping such quantity as he may require next spring. Every encouragement should be given the Indians who are not engaged in farming to at least lay out and cultivate gardens in which they can grow corn, potatoes, turnips and other vegetables for their own consumption.

8th. It has been the practice of the Department to furnish Medical attendance to a limited extent to such of the Indians as are unable to pay for the same themselves, but no accounts for such services have been paid unless the doctor authorized by the Department received directions from the Agent in each case before the attendance was given unless under very exceptional circumstances when the immediate attendance of a Physician was absolutely necessary, and in such cases the Department required the doctor to advise the Agent at the earliest possible moment of the service rendered. This system may be continued provided no arrangement such as that indicated in my letter of the 9th Instant can be made with a Physician on a yearly salary. The Doctor's accounts should be rendered quarterly on the form of which a supply has already been sent you and the

the certificates thereon should be signed both by yourself and the Doctor. The charges should be the lowest usually made to the poorest class of white patients and as the amount available each year for this service is very limited it will be absolutely necessary for you to keep the accounts down to the lowest possible figure.

9th. The education of the Indian children for which th the Department has afforded facilities should form the subject of constant advice to the Indians and you should bring all the influence you can to bear upon them to send their children regularly to school. You should also inspect from time to time the school on the Reserve and when making such inspection you should note any irregulatities which may come under your notice or any neglect on the part of the Teacher to afford instruction to the pupils;and should you consider any change in the books or repairs to the school necessary you should submit the same to the Department for consideration. At the end of each month you will be expected to forward to the Department a report on the form a supply of which is sent you herewith;and at the close of each quarter you should carefully examine and certify to the correctness of the Teachers return and transmit it to the Department accompanied by a requisition for payment of the Teacher's salary on the form of which a supply if also sent.

10th. You will be called upon to furnish not later than the 30th June in each year an annual report on affairs in your Agency forpublication,together with a statement of the produce raised and of the property of various kinds owned by your Indians. A form for the latter will be supplied at the proper time, and the same should be filled up with great care and accuracy.

11th You will also be required each yeat before the 30th June to take a careful census of your Indians and to make a return on the form of which a supply will be furnished you. A

Sir

I beg to acknowledge the reception of your favor of the 29th Ultimo, Inclosing General Instructions for my guidance to properly discharge my duties as Indian Agent for the Reserve of Pointe Bleue to which I have been lately appointed, And state that full attention will be given to their performance.

As regard Section 13. of said instructions I will expect you will provide me with some kind of Journal to be used as a diary of our daily doings, to enable me to Comply to your request at the end of each month.

As far as it goes, everything has been very smooth on the Reserve, Indians behaving tolerably well. They seems not to be too much displeased with the change of their agent and I hope the more I will get acquainted with them, it may but tend to a better understanding in all matters.

Contrary to their habit, very few Indians have come out for their Christmas.

Those that have come however report the hunt very poor and the travelling in the woods very bad for the want of snow.

Since the Provincial Government has set apart some 300 miles of forest-

Lands on the South East Side of the Quebec & Lake St John Railway as a "Park National" where hunting, trapping & fishing is permitted to white people only that are provided with Lycences, many of our Indians who were in the habit to frequent that part of the Country have been left in a great distress when they saw their traps taken away from them by the Government's Guardians and chased off their hunting Ground. This and the forbidding of the Beaver trapping up to 1900. leaves to the poor Indians a very poor Show to sustain their future Existance.

Good many Indians, particularly women, have been left on the Reserve to the care of their freinds, in a very poor state of health, Consumption prevailing in most Cases.

We can Congratulate ourselves that no Contagious decease has prevailed as yet on the reserve this Season, owing probably to the remarkable Cleanliness they keep themselves as a General Rule.

I may Observe also that they generally attend the Sunday Service en masse, that must but tends to Amend their moral standing.

Expecting these few remarks may be of some interest

DEPARTMENT OF INDIAN AFFAIRS
JAN 27 1898

Blue Point, 22nd January, 1898.

To the Honorable Clifford Sifton,
Minister of the Interior,
Superintendent of Indian Affaira,
Ottawa.

Sir,

I the undersigned Pierre Leandre Marcotte, Indian Agent for the Blue Point Reserve, Lake St. John, humbly set forth:

That it pleased his Excellency the Governor General in Council in the course of the month of October, 1896, to name me Indian Agent for the Blue Point Reserve, Lake St. John, in place of Mr. L. E. Otis, resigned.

That the holding of that position requires a certain degree of education and general instruction, especially a certain knowledge of accounts and of the two languages, French and English, a daily and constant diligence to answer the needs of the situation; such as the surveillance, moral, physical and sanitary of the wards, the administration of the regranted lands of the Reserve, the oversight of the school, &c.

That the salary of $400 per annum (just that of a simple office messenger) attached to that position is insufficient, not only as remuneration for my services, but also to procure for me the necessaries suitable for my family.

That is why I dare to hope that you will be good enough to

Memorandum: Minister,-

With reference to the application of Mr. Agent Marcotte in his letter of the 22nd instant for an increase of salary from $400 to $600 per annum, the undersigned begs to report that Mr. Marcotte's predecessor, Mr. Otis, commenced in 1873 on a salary of $100 a year; this was increased to $200 in 1875, and remained at that figure until 1879, when it was raised to $300, and in 1886 to $400, at which figure it stood until Mr. Otis was dismissed, in October, 1896. Mr. Marcotte was appointed at the same salary as his predecessor received, namely, $400. The number of Indians in the Agency is 447, but the duties devolving upon the Agent are not onerous. He has in addition to his salary a commodious house, rent free. No doubt Mr. Marcotte finds it difficult, even with that perquisite on $400 to support a family; but the Province of Quebec Fund, from which his salary is Paid, is overdrawn, and the band has no fund from which the increase of $200 a year, asked for by him, could be Paid. Some Agents in the Province of Quebec are Paid from Management Fund, but that fund is in the same condition as the Province of Quebec Fund.

A memo. from the Accountant respecting the condition of these funds is attached hereto.

The Honourable
The Minister of the Indians

Hon. Sir,-

We humble petitioners beg to set forth that owing to the death of P. L. Marcotte, Indian Agent for the Pointe Bleue Reserve, the position is vacant, and Mr. Theophile Jean Pradet desires to be appointed thereto. We believe that the applicant has the qualifications necessary to enable him to do justice both to the Government and to the Montagnais tribe. He is well known here, having resided at Lake St. John for twenty eight years.

We, therefore, beg, Hon. Sir, for the appointment of the applicant, And your petitioners will ever pray.

Sir

Enclosed please find copy of inventory of all Government property handed over to me by Mr Joseph Marcotte, this 31st day of August 1899.

All the buildings are in very poor condition.

The school-house is badly in need of a coat of paint on the outside, as well as the roof, so as to preserve the property.

The ground cellar has caved-in at the entrance, therefore it will be impossible for the Indians to use it for their potatoes and vegetables.

The Hospital is almost a total wreck, there is not a pane of glass left, boards have been nailed on the windows to keep the young Indians out of building. I am informed that most of the crockery has been removed by the Indians. The furniture which is still in the building, is all scattered about the place, mixed up with earth, stones, & filth, bed clothes lay on the floor in all this dirt, the whole is in a terrible state of disorder.

As to the dwelling house, it certainly wants important repairs, but is still, in better condition than the other buildings.

Sir,

I expect you will receive a petition from the Indians, asking that I should reside in the Government House on the Reserve. I will explain why I think so.

Last Friday I closed the Office at four P.M. drove home Roberval 3½ miles from the Office. I met five or six Indians. I knew some of them were to leave for Lake Edward & other Points on Lake St. John R.R. as guides. At seven thirty I walked to the R.R. Station before the departure of the Chicoutimi Train. I saw the same Indians. I thought they had been taking some liquor, but not enough to make drunk. At ten thirty just half an hour before the Quebec train was to leave, I went back to the station & there, I saw the same crowd, but this time three of them were under the influence of liquor & pretty bad. I told them that this must stop, & be the last time such a thing occured. that my instructions were very severe, & that I was determined to put an end to the Indians drinking. that the

first time I would see one of them in this state, I would have him arrested, & out to gaol. One of them a little bolder than the others, told me that outside of the Reserve I had nothing to do with them, I answered that should I find him intoxicated again on or out of the reserve, he would soon find out if I had anything to do with him. On this he said the Indians would have me stay on the reserve and there only. Therefore I presume you will receive the petition above mentioned.

I have a telephone in the Office and one in my private house, it is understood that when in the Office should any Indian get a little Funny & create a disturbance at Rebendal, they telephone me & I immediately drive down, "20 miles" and the same when at home, should any thing occur on the Reserve I drive up no matter what time of the night.

Let me tell you that I am going to do my utmost to abolish the use of liquor among the Indians. I know I cannot stop it, but will try & lessen it.

As it is, I drive up & down twice a day through the reserve, & through the part where these disturbances generally occur, this they do not like at all. wherefore they would like to see me locked in the Government House, and know nothing of their doings on or out of the reserve.

As I mentioned to you when in Ottawa, that I thought this would be the best plan. I find out for the short time I am here, that the plan is working to perfection, as I have all the Indians constantly under view & especially at Roberval where they manage to get their liquor & create disturbance.

Trusting you will approve of this and have me continue as I have started.

4: Has been paid $247.08 salary. Does not receive travelling expenses or other allowance.

5: Yes. Mr. Donohue resides at Roberval 3½ miles from his office on the Reserve, which he attends daily. By driving through the Reserve twice a day the Agent has the Indians quite as much, if not more, under view than if he resided in the office building on the Reserve. As the Indians frequently visit Roberval, the Agent has had his office and dwelling connected by telephone so that he loses no time when called to either place to attend to matters relating to the Indians.

6: Answered by No. 5.

Sir.

We the undersigned Montagnais Indians of Pointe Bleue Reserve. do hereby approve of the resolution — adopted by our Council, and join with them. to ask your Honour to grant the required permission to our Agent to keep a store on the Reserve.

We have found it so very — handy since this store was opened in September last. As it is we can procure ourselves the necessities of life without having to go to Roberval and lose a day each time we — needed the least thing.

Hoping your Honour will have the goodness to favourably consider our just request and grant us

Pointe Bleue Reserve
December 15th 1900

At a meeting of the Council of the Montagnais Indians of Pointe Bleue Reserve, held in the residence of the Agent, this 15th day of December 1900, at which were present, Patrick Cleary chief, Prosper Cleary second Chief, Alfred Philippe, David Philippe and David Malec Counsellors.

Proposed by Patrick Cleary Chief, seconded by Prosper Cleary, and unanimously adopted, that this Council has noticed on several occasions, the advantages which our Indians have found by the existence of the store kept by our Agent. That before this there was no other store on the Reserve, and our Indians had to go to Roberval for very little things they needed, the poor Indians had to suffer the most, as the distance is five miles and cannot drive for less than one or one & a half dollar. That the price of goods are the same as at Roberval, and some cheaper. That altogether this store is a benefit to the Indians. That a copy of this resolution be sent to The Honorable The Superintendent General of Indian affairs, asking him as a special favour to grant the required

To the Secretary

Write my letter of 31st Oct

Pointe Bleue Dec. 24th 1900

Sir,

I acknowledge receipt of your letter of the 31st October # 11.971/2 regarding the opening of a small store at Pointe Bleue. In answer I beg to say. I was not aware it was forbidden for an employee to keep a store on the Reserve. I must say however that I do not trade with the Indians. for I should I suppose I had permission to keep a store, what I understand by trading, is advancing to Indians, to get their furs in return.

The small store I opened was meant entirely for Indian necessities, and the whole stock can be purchased for less than One hundred dollars.

My intention in opening this store was to keep the Indians from going to Roberval every day. If an Indian was in need of a pound of tea, he had to go to Roberval, and nine out of ten, he would return with a bottle of whisky, instead of the tea.

tea.

I may say that I keep only groceries and provisions, which are sold the same price as at Roberval, and for cash only.

I enclose you copy of a resolution of the Indian Council, and a petition from the Indians, which go to show that this store is a necessity on the Reserve. I also enclose you a letter from the Revd. Oblate Fathers who also find this store a necessity, and recommend its maintenance.

Hoping my explanations, and the enclosed documents will be satisfactory to the Dept. and that a license will be granted me for said store.

Memorandum:

Deputy Supt.General,-

With reference to the letter of the 7th instant from Commissioner Chipman of the H.B.Company,I beg to state that in accordance with your instructions a copy of Agent Donohue's letter of the 20th of December last was sent to the Commissioner. It appears that he is under the impression that it was the intention of the Department to prevent Agent Donohue from trading. I take it,however, that such was not your intention,as the Agent appears to give - in his letter of the 20th of December - satisfactory reasons as to why the small store that he has established on the reserve should be permitted,which is simply for the convenience of the Indians and at their special request and prevents them from going to Roberval where they would procure liquor.

Sir:-

With reference to your letter of the 7th inst., again calling attention to the store kept by the Indian Agent at Pointe Bleue, Lake St. John, I have the honour to inform you that the reply received from the Indian Agent by letter of 31st October, a copy of which was forwarded to you on the 26th December last, informed the Department that the small store which is kept by him on the Reserve contains only a few necessary articles of groceries and provisions simply for the convenience of the Indians and at their special request and which prevents them from going to Roberval, where they would procure liquor. The statements of the Agent in this regard are borne out not only by the Chief and Councillors and by the Indians of the Reserve generally but also by the Priest, the Rev. George Lemoine, all of whom ask that the Agent be permitted to continue to keep the store on the Reserve.

In view of these facts you will, I am sure, agree that the Department would not be warranted in compelling the Agent to close the store.

IN YOUR REPLY REFER TO No 24050

Sir,

I felt called upon to write you on the 7th ultimo because the Indian Agent's store at Pointe Bleue, having been opened without a special license from the Superintendent General in terms of Section 134 of the Indian Act, your letters did not convey to me the impression that a license had been granted.

Permit me to observe that you have not yet said that this has been done.

The Priest, the Rev. George Lemoine, in his letter of the 22nd December to you, a copy of which you kindly sent me, implies that the Company's store is near by the Agent's.

As to the Rev. Father's views about the two stores not following the same line of commerce, the Company is engaged in any legitimate commerce which the country affords, and I cannot recall anywhere else in the country where the circumstances require the Officials of the Department to keep a Store.

I beg to refer to your letter of 22nd December last and prior correspondence relative to your trading with the Indians and with reference to the distinction drawn by you between trading with and selling to Indians, to point out that sub-section I of section 134 of the Indian Act amended by sec. 10. I have just got in here from Oakwood.

There are a number of complaints made in Agent Donaldson's Agency and had not his return reached so uncertain I should have been despised to await it. As it was I had decided upon going through to see you tonight but information that I received on the train coming down makes me feel that a thorough inspection of his office had better be made at once, and if my recommendation is accepted

Sir,

Since writing to you today Mr. Donnelaine has called and subscribed an admission of which the enclosed is a copy.

I have numbered the items in lead pencil to the right of the page.

Referring to my letter, items 1. 3. 5. 7. 9. 10. 11. 13 & 20 are the nine mentioned in one paragraph; items 2. 4. & 6. the three referred to in the next; items 8. 14. 15. 16. 17. & 19 the six referred to in the next; and items 12 & 18 are two of the three referred to in the next. The moiety of $400 which was in doubt when the a/c which he has admitted has made up remains unadmitted. Left out of the a/c which should stand at $259.55

The item "Bala Cash on fine a/c" is the amount due by Mr. Donnelaine to the Dept. irrespective of moieties appropriated and is due by his own showing on and above remittances and on the assumption that the Dept. pins him credit for all he claims as I shall be disposed to recommend it to do if no further objections arise

Sir,-

I just returned to the Department this morning and found your confidential letters of the 13th and 14th instant, official letter of the 14th and telegram of the same date. I immediately wired you as follows,- " Better remain at Roberval until further advised." After discussing the matter with the Deputy Minister it was thought advisable not to take any action as regards Mr.Donohue until further evidence is submitted as to his guilt.

As to the moieties of fines,contained in the list which accompanied your official letter of the 14th,I would point out that the Department has nothing to do with the question of prosecution for misapplication of these moieties, as they belong to the informers; and as to the balance on Fine Account,namely,$38.85,there are no details furnished as to this.

You have said nothing about money stated to have been paid the Agent on account of lands and not forwarded to the Department. I take it that you have made full investigation into all matters complained of.

Sir,

I have the honour to acknowledge today the receipt of your message directing me to furnish further orders here and returned.

I think it proper, as the information is urgently needed, to give the Dept. briefly the gist of the more serious side of the case of which Mr. Agent Donahue. This is as follows:

1. He has permitted the cutting of timber on Indian lands without collecting dues and perhaps so as to profit himself;

2. He deceived the Dept. in order to get a license to keep a store upon the reserve in two ways (a) by representing that there was no store there - when there were three - that for want of one Indians had to go to Colonial for the most trifling supplies, where they got liquor; and (b) by representing that Indians supported his application for a license who did not do so. I am not certain that the Indian petition sent in was entirely bogus, but it was certainly false in essential particulars and purported to be signed by Indians who did not sign it. And he sold goods in contravention of the law before he had a license

3. He exacted most unreasonable and excessive costs from Indians tried by him; withheld fines and turned them to his personal use, appropriated moieties due to informers -

in one case, at Cash, by misrepresentation; deceived the Dept. as to the payment of three monthes by instalments, false certificates and false, and in some cases admittedly forged, receipts; attempted to deceive me by false statements, deliberate perjury, and by withholding papers and information; and endeavoured to obtain money from the Dept. by false accounting. He owes the Dept. immediate due to it and to inspmnes amounting to $259.33½, so far as known, on account of "fines and cash".

4. He turned to his own use money obtained from land sales and by false certificates blinded the Dept. as to his real receipts. His default on this account, so far as discovered, has been made good.

5 He made fair from labourers on the new road by causing them to take their pay in goods from his store, representing that money for wages had not reached him from the Dept.; added to labour accounts unperformed labour in order to draw pay therefor, and did draw it. The extent of the last offence is small.

6. He permitted the expenditure for medical attendance to run up excessively and showed marked incapacity to control it.

This is a general outline of what will be more particularly dealt with in my report, drawn from my notes as the papers necessary to particularization have already gone to headquarters, and is most respectfully submitted

Re keeping of store by Agent on the Reserve

You are aware that the Department gave permission to Mr. Donohue to keep a store upon the Reserve because a resolution was passed by the Indian Council on Dec. 15th, 1900 asking that he might do so, and a petition was sent in by the Indians asking the Department to approve of the Council's resolution. It was represented at the time that there was no other store upon the reserve and that consequently Indians had to go to Roberval for supplies and there procured intoxicants.

In respect to the alleged unanimous resolution of council I would say that the statement that there was no other store on the reserve contained therein was false. The Hudson's Bay Company carries a large stock there. Charles Simmeon an Indian, kept a small shop whilst the Indians were on the reserve and Merrick Robertson had commenced to develop a business which is now spreading, in March, 1900.

I understand that David Mallech did not sign this resolution and was not present at the Council.

David Philippe one of the Councillors whose name appears makes a statutory declaration which is attached that he "did not sign that resolution nor concur therein nor have any knowledge of the same" and that he could not have done so as he went to the wood in October 1900 and did not return until June 1901.

As to the petition addressed to the Hon. The Superintendent General of Indian Affairs purporting to be from Indians of the Band asking to have the recommendation of Council approved to which 50 names where appended, I beg to say that it appears to be entirely false. The

The Agent admitted to me,when I pointed out that this seemed to be a copy,that he had no original. A number of the names are those of people who are not members of the band,Ned Robertson says he never signed and was never asked,Meridé Robertson says he never signed nor heard of the petition,George Robertson was certain that he never saw it,he was a boy o f I6 years in I900, it is attested that Henry Robertson did not sign,Alphonse Girard is a Canadian,he says he never signed nor heard of the petition, Willie and George Skinn are Scotchmen,not members of the Band and live at Chambord,Louis Larose says he did not sign,Charles Buckle says he did not sign nor see the petition. Ferdinand Bluteau is not a member of the Band, never saw the petition and was away from that part of the country in December I900, Joseph Bluteau never signed nor saw the petition, it is certified that there is no man by the name of Tommy Bluteau,Matthew Jourdain says he never signed it and Francois Jourdain is an old pensioner of the Hudson's Bay Company who would be the last to sign it,Alphonse Boily is a Canadian,not a member of the Band, Louis Cleary was off in the woods when it was signed,as was Tommy Cleary who now says he certainly did not sign, Henry Cleary it was stated was not on the reserve.

Not one signer seen admits having signed or seen the document and all but one deny it positively. The one Maurice Napton says he"does not know".

In view of these facts I think the conclusion is justified that the document was not bona fide.

But excepting perhaps in connection with the road work mentioned hereinafter there is nothing to show that the store was conducted in a manner not beneficial to the Indians. The prices charged appear to have been low and I am inclined to think that if anything the store was a convenience and did no harm.

Attached is a memorandum from Mr.Donohue to myself ("J I") on this subject. The attention of the Department is respectfully directed to his statement that he has disposed of his store stock.

His Excellency

The Governor General in Council.

The undersigned begs to report that complaints having been made by the Indians of Pointe Bleue, P.Q., that Mr. W.T.A. Donohue, Indian Agent at that place, had failed to prevent serious trespass upon the timber of their reserve, had imposed fines upon Indians without making proper returns of the moneys collected, had been guilty of misrepresentation in respect to matters within his Agency, and that he was generally untrustworthy, the Inspector of Indian Agencies and Reserves was instructed to investigate the same and to enquire into the condition of Mr. Donohue's Agency. The Inspector reports, as the result of his investigation and enquiry, that the complaints are well-founded, and, further, that returns of moneys due to the Department from land sales have not been properly made; and that the condition of the Agency is such that Mr. Donohue should not be continued in office.

The undersigned begs therefore to recommend that Mr. Donohue be dismissed from his position as Indian Agent at Point Bleue.

Department of Indian Affairs,

Ottawa, 29th April, 1902.

Liability of W. T. A. Donohue and hissureties.

The facts upon which I am asked to advise are as stated in extract from letter of 18th March, 1902, from Inspector Macrae, on file. Agent Donohue has received $259.35 on account of fines and costs for which he has failed to account. Part of the sum consists of fines or shares of fines payable to the Department for the benefit of the band for which he was agent. Other part consists of costs and the remainder is the moiety of fines payable to informers or prosecutors under the provisions of the Indian Act. I understand that the only question before me is whether the agent or his sureties are responsible to the Crown for this last mentioned share.

The form of bond executed by Agent Donohue and his sureties is by virtue of Section 7 of the Act respecting public officers R. S. C., 1886, Cap. 19, to be construed as containing the conditions set forth in Column 2 in the schedule of the Act. Under these conditions the principal and his sureties are responsible until the principal delivers up all the monies which are or ought to be in his possession custody or keeping by virtue of or in consequence of his holding the said office, or relating or in anywise appertaining thereto. The moieties of the fines have come into the possession of the Indian Agent by virtue of his ex officio tenure of the office of Justice of the Peace under Section 7 of 58-59 Vic., Cap. 35, (an act further to amend the Indian Act); and I therefore do not consider that he and his sureties are released from the bond until the monies received by the Indian Agent have been disposed of in accordance with the Indian Act or otherwise according to law.

As to the moieties payable to informers or prosecutors I do not think that the funds of the band are en-

titled to any benefit therefrom. In the absence of special provision in the Indian Act fines recovered in proceedings under the Act would I am inclined to think be payable to the Receiver General to form part of the Consolidated Revenue Fund of Canada by virtue of Section 927, Clause b, of the Criminal Code as the said Section is substituted by 63-64 Victoria, Cap. 46, Section 94 of the Indian Act provides that in cases of conviction for furnishing intoxicants to Indians one moiety of the fine shall belong to the informer or prosecutor and the other moiety thereof shall belong to her Majesty to form part of the fund for the benefit of that body of Indians with respect to one or more members of which the offence was committed. This Section only restricts the Crown's right to the fine to the extent expressly stated. It is difficult to conceive of a case in which there is neither informer nor prosecutor; but if such a person does not claim the moiety I think it would belong to the Consolidated Revenue Fund. Section 132 of the Indian Act as enacted by Section 9 of 57-58 Vic, Cap. 32, provides that every fine penalty or forfeiture under this Act, except so much thereof as is payable to an informer or persons suing therefor shall belong to Her Majesty for the benefit of the band of Indians with respect to which the offence was committed or to which the offender, if an Indian, belongs. I do not think the effect of this Section is to interfere with the rights of the informer or of the Crown for the purposes of the Consolidated Revenue Fund in the moiety of fine payable by law to the informer or prosecutor.

I consider that the Agent and his sureties are accountable to the Crown for all monies receivedby the principal as Indian Agent.

Extract from a Report of the Committee of the Honourable the Privy Council, approved by His Excellency on the 23rd April 1902.

H. O. ROSS MAY 5 1902

DEPARTMENT OF INDIAN AFFAIRS APR 28 1902

----------:0:----------

On a Report dated 16th April, 1902, from the Superintendent General of Indian Affairs stating that complaints having been made by the Indians of Pointe Bleue, P. Q., that Mr. W. T. A. Donohue, Indian Agent at that place, had failed to prevent serious trespass upon the timber of their reserve, had imposed fines upon Indians without making proper returns of the moneys collected, had been guilty of misrepresentation in respect to matters within his Agency, and that he was generally untrustworthy, the Inspector of Indian Agencies and Reserves was instructed to investigate the same and to enquire into the condition of Mr. Donohue's Agency. The Inspector reports, as the result of his investigation and enquiry, that the complaints are well founded, and further, that returns of moneys due to the Department of Indian Affairs from land sales have not been properly made; and that the condition of the Agency is such that Mr. Donohue should not b

Sir:-

I am directed by the Superintendent General of Indian Affairs to inform you that His Excellency the Governor General has been pleased, by Order in Council, to dispense with your services as Indian Agent of the Pointe Bleue Reserve. You will therefore cease to transact any business in connection with that Agency from the date of the receipt of this letter.

You will be good enough to place Mr. J. McCarthy, of Roberval, in charge of the timber held under seizure. Mr. McCarthy will be paid at the rate of $1.50 per day during the time his services are continued in connection with this matter.

An investigation of the affairs of your Agency has disclosed the fact that you are indebted to the Department to the amount of ~~$312.65~~ 290.25, made up as follows:-

Refund of certain expenditure on new road	$ 21.30
On Fines account	259.35
~~The Baillaire fine~~	~~30.00~~
For stove sold T. Larouche	2.00
~~Interest on amounts for which no bond received as payment on land & held for a time~~	7.60
~~$320.25~~	$290.25

In default of this sum being received from you without delay the collection of the same will be placed in the hands of the Department of Justice.

I may further state that your sureties, Messrs. Alfred Balancette and Arthur du Tremblay have been notified of the amount of your indebtedness as at present ascertained.

To the Secretary-

ACCOUNTANTS
MAY 9 1902
BRANCH.

Ottawa 6th May 1902-

Mr.Donohue, the late Agent at Roberval, received a number of payments on land in his Agency and held the same for a considerable time before paying over the amounts to the Department, and Mr.Macrae submitted a statement from him, in which he stated that he was willing to pay Interest if it were demanded.

I have had the Interest computed on the different amounts for the time held by Mr.Donohue, and the same amounts to the sum of $7.60, for which claim should be made.

Ottawa, May 17th---1903.

Sir:-

Referring to your letter of the 13th. instant, I have to inform you that Mr. Donohue now owes the Department the sum of $231.37-, the amount of his salary from the 1st. of March to 25rd. of April having been credited to the total amount due of which you were apprised on the 6th. instant. Detail of the amount is as follows:-

Refund of certain expenditure on new road.....	$21.30
On account of fines.....	259.35
Stove sold to T. Larouche.....	3.00
Interest on amounts received on land held by Mr. Donohue.....	7.60

The first item of this account was discovered when the expenditure upon the road was checked by the Inspector.

The second item is acknowledged by Mr. Donohue to be correct.

The third item Mr. Donohue states has not been collected from Larouche by him. It should however have been collected long before this.

The principal upon which which the last item of interest is calculated, was paid by Mr. Donohue; but as the amounts making up this principal were held by him long after they should have been paid, the Department has been compelled to charge him interest. It is hoped that these facts will place you in possession of the information you desire.

Memorandum—

For the Secretary:

On the 8th July last the Department wrote to Mr. W. T. A. Donohue giving him two weeks within which to settle the amount of his indebtedness ($231.37) to this Department in connection with his administration of the affairs of the Pointe Bleue Agency. The two weeks expired to-day and a letter was this morning received from Mr. Donohue with which he submits a contra account amounting to $199.70,,which if accepted would make the amount of his indebtedness $31.67. I think this account should be submitted to the Inspector, Mr. J. A. Macrae, for his report thereon as he is thoroughly acquainted with the circumstances of the case, and has visited the Agency.

With reference to the item of $99.99 for salary for March, April and May, I beg to say that in ordinary cases of dismissal it is usual for the Department to pay salary up to the end of the month in which the officer whose services are dispensed with ceases to act. In Mr. Donohue's case, however, the circumstances were, as you are aware, unusual, he having been dismissed for malfeasance, the Order-In-Council of the 23rd April last,which dealt with the matter, having put the case very strongly. I may add that the contra account which is submitted is an extraordinary one, and should, I think,as above stated, be submitted to the Inspector for his report.

Memorandum :- Mr. McLean.

I think that if there is any chance of Mr. Donoghue paying the amount due within a month or two we ought to give him the chance. I would suggest, therefore, that you should write to him and also to Tremblay, and say that he will be given two months to refund this money as the Department does not wish to be harsh with him, but at the same time he must understand that it is money which he improperly took from the funds which were in his hands, and that, further, the Department does not wish to unduly press his sureties if he is able to pay within a few months.

ADDRESS REPLY TO Inspector of Indian Agencies OTTAWA.

Department of Indian Affairs,

Ottawa, Aug. 6th 1902

Sir,

As to a. Agent Donaldson's claim for $199.70 (file 11971½) it is my opinion that:

Items 2.00 $1.50 should be paid on receipt and account furnished.

Item $25.17 should be paid at 24.17 deducting error in addition. $30.17 was formerly claimed for these expenses $6.00 more being asked for carters.

Item 25.00 should be paid;

Item $38.15 should be disallowed the agent not being entitled to commission.

Item $99.99 should be paid at $65.26 allowing salary up to the time Mr. Donaldson says, and it is likely, he received notice of dismissal i.e. May 8th.

Item $2.84 should be paid. A few articles were supplied without Dept. authority but I think that the persons who received them were fit subjects for aid.

Items $1.99 and $2.43 are reasonable should be paid.

I do not think the extension of time asked for by Mr. Donohue would if granted extinguish the claim of the Crown against him. Whether the extension would be likely to render more difficult recovery from Donohue is largely a question of fact concerning his circumstances and intentions. If the extension released his sureties this fact would more or less affect collection from Donohue, as the pressure brought to bear upon them would cause them to exercise their right of recovery against him..

As to the sureties. The Act respecting public officers (R. S. C.Cap. 19) and amending Act contain no provisions as to the effect of extension of timeto the principal debtor. In the absence of such provision I am inclined to think that such extension can be given without constituting an implied release of the sureties. Under the Interpretation Act the Crown is only bound by statutory enactments to the extent expressly named; and the general rule is that the Crown is only bound by express words (see Maxwell p. 187). If the law of Quebec had any application it would appear that by Art. 1961 of the Civil Code a surety who has become bound with the consent of the debtor is not discharged by the delay given to such debtor by the creditor; but in this connection Art. 1959 of the Code also provides that the suretyship is at an end when by the act of the creditor the surety can no longer be subrogated in the rights and privileges of such creditor.

I think that the cautious method to be adopted for the protection of the Crown would be to insist on a request from the sureties before giving extended time to Donohue if there is any disposition to do so. If the question of extension without such consent is considered it would be well

DEPARTMENT OF INDIAN AFFAIRS CANADA

MEMORANDUM:

For the DEPUTY SUPERINTENDENT GENERAL.

Mr. John McCarthy of Roberval, P.Q. has a claim against the Department for services rendered by him last summer. Mr. W. T. A. Donohue was dismissed by Order-in-Council of the 23rd April last, and the Agency was left without an Agent. On the 6th of May we wrote to Mr. McCarthy and asked him to perform certain services for the Department. He was in charge of timber, distributed relief, purchased seed grain etc. etc., and although he was not styled Acting Agent he was the only person performing any service for the Department at that time. He has made a claim for three months' salary from the 7th May to the 7th August. It is difficult to pay him to the latter date because the present Agent, Mr. Marcoux, was appointed on 27 June and was paid salary from the 1st July. I think a fair settlement with Mr. McCarthy would be to pay him from the 6th May to the 27th June at the rate of $1.50 per day, that is $78.00, and to pay him $15.00 for services rendered after the appointment of the Agent, in all $93.00. I place the rate of renumeration at $1.50 a day because that was the figure mentioned to Mr. McCarthy by Mr. Donohue, and considering the temporary nature of the employment and the locality in which it was performed, I think the rate fair and just. I would recommend a settlement on this basis.

Ottawa, 27th November, 1902.

In reply to your letter of the 13th inst. relative to the deficit of Mr. Donohue, for whom I was bondsman, you tell me that you have laid the account before the Department of Justice. Permit me to say that you are going a little fast in the matter under the circumstances. You must understand that I acted in good faith; therefore, I ought to be treated with moderation, and moreover I ask you for protection to help me to compel payment by him who received the money.

I have seen Mr. Donohue with your letter. He told me not to be anxious, as the Government will be settled with in January at latest, that is why I hope that you will be kind enough to wait for that time, and to advise me if he does not keep his promise. By this means he will pay, because he is able to do so, he has the means.

Dear Sir,

Referring to your favour of the 15th instant, in which you state that Mr. W. Donohue, the late Assistant Agent at Pointe Bleue, Lake St. John, wishes to have four months delay to settle the amount of his indebtedness to this Department, I beg to say that on looking over the records I find that it is now several months since Mr. Donohue was first asked to pay this sum and that he has been treated very leniently by the Department in not being pressed more closely for payment. The amount of his indebtedness is now about $103., and with the facts before me I see no reason how any further time can be allowed. It is the wish of the Department, therefore, that the amount be paid in at once.

To the Honorable

Clifford Sifton,

Minister of Interior.

Ottawa.

Sir:-

I have to acknowledge the receipt of your letter dated the 25th instant respecting the proceedings entered by Mr. P. L. Marcotte, Indian Agent, for the Pointe Bleue Reserve in the County of Chicoutimi which I have the honour to represent and in reply I beg to say:1st I have been prevented through indisposition for some days and by an accumulation of work from stating the reasons why I ask for the discontinuance of these proceedings, I shall also as briefly as possible give you the grounds on which I ask you to discontinue the prosecutions in certain cases and the stay of execution in others.

I was advised by wire by one of a very great friend of mine at Robertval where the reserve is that a suit was entered against one Tremblay a very poor but very decent fellow for selling liquor to Indians I asked you to stop proceedings since then I have made enquires from men on the spot and all are agreed in recommending me to appeal to you for the remission of his fine. The poor fellow in good faith took a bottle to an Indian without

knowing

knowing the consequences of his act and a fact to be borne in mind is that many of these Indians coming into daily and constant intercourse with the Canadians of the neighborhood from time immorial have grown to be peaceful and quiet and lead about the same kind of life that the whites do, besides this Tremblay is unable to pay any fine he has a large family and will be obliged to go to jail for two or three months during which time his family will be dependent upon public charity. For those reasons and particularly as the offense caused no disturbance on the reserve or in the Village of Robertval, I again ask you to let him off on suspended sentence. I am convinced that this lesson will be enough for him and that the jail would not produce a better effect. If he offends again I shall be the first to advise you to punish him with all possible rigour.

The other cases that of Dupuis, this man Dupuis is one of the members of the firm of Dupuis' **Demers & Co.** wholesale and re tail dealers not at Robertval but from miles from the reserve at Chambord Junction he is one of the most honourable and respectable men of the locality formerly Liberal candidate at the last two Provincial elections and in addition to this, a man who has never taken a glass of liquor - see under what circumstances he has been prosecuted. He was convicted on the evidence of a single Indian who bears a very bad reputation in the neighborhood and who went to the woods the day after the trial fearing that he would be arrested for perjury, in fact he is a perjurer as can be shown by Dupuis, <u>clerk</u> who is ready to swear that he did not give the liquor and by more than one witness who was there when the clerk refused

refused him. Under the circumstances mentioned which can be corroborated by all who were present and as soon as the Indian returns from the woods he will certainly be arrested for perjury. These witnesses were not heard the day of trial because they were absent one 30 miles and the other 35 miles away and the magistrate would not adjourn the case. The house of Dupuis & Co. has been dealing in liquor for many years and there has never been any complaint made against them, on the contrary they are models amongst the licensed liquor dealers. I consider that it would be a great injustice to make Dupuis pay this fine and all my friends about Lake St. John have written to beg me, as well as those I have met there and even those who have written to you, to solicit the remission of these fines.

The local Government in similar cases and they are numerous remits the fines in the first instance until a second offense which gives satisfaction to every one.

This Dupuis is one of my strongest supporters and has done good service for the Party in this locality. I should be very sorry to see him have to pay this fine it is not so much the amount as the humilitation of having been arrested unjustly if the proceedings and evidence had been taken in writing he would certainly appeal.

Agent Marcotte has informed me that he was forced by Mr. Macrae to take these proceedings on the complaint of Mr. Kirkpatrick, Agent of the Hudson Bay Company who since this occurance has been placed in the Long Pointe Asylum. This gentleman had a good deal of competition in the purchase of furs by the merchants of Robertval and he was under the impression that the Indians easily obtained liquor for their furs and did not pay him the

advances made by him. He assured me that this was the reason for making a complaint to your Department.

The other cases were dismissed except the one against a person named Dorbion who is a poor unfortunate who gave a little liquor to an Indian one of his friends withoutk knowing that it was forbidden by law to give liquor to Indians. He is so poor that he cannot pay and will have to go to prison.

In conclusion I beg to say that I am in a position to judge of the importance of the request I have made and especially of the effect the prosecutions will produce in my County, and of the effect that a suspension of the sentence would have and I do not for an instant hesitate to urge as quickly and strongly as possible necessity of clemency in behalf of those unfortunate individuals.

I may say that I never nor do I intend to begin have
now to become the advocate of the law breakers.

I trust, Sir, that you will favourably consider my request and believe me &c.

Mr. Pedley,

I understand that one O'Donohue owes a certain amount of money to the Department of Indian Affairs. Mr. Latour of the Public Works Department has asked for time for payment, but you have written refusing the application. Latour is now willing to become personally responsible if the extension is given. As it will add to the security for payment you might give the extension of time when Latour writes you making himself personally responsible.

Dear Sir,-

It would be a pity to take proceedings against me immediately. I am in communication with Mr. W. T. A. Donohue, ex-Indian Agent of Pointe Bleue, and I believe that between now and a month hence the matter will be settled. Give me one more month's delay, and if, after that time, the matter be not settled, I shall be here and there will always be means for compelling me.

Dear Sir,

In a communication dated 15th inst. I asked the Department of Indian Affairs to grant Mr. W. Donohue, late Assistant Agent at Pointe Bleue, Lake St. John, four months delay to settle the amount of his indebtedness to that Department. I am now in receipt of a letter from Mr. Frank Pedley, Deputy Superintendent General, in which he states that it is several months since Mr. Donohue has been requested to pay the sum due: $103.00, and he considers that no further delay should be granted.

I understand you are willing to grant my request, provided I hold myself responsible for the amount of Mr. Donohue's indebtedness. If so, I wish to state that should Mr. Donohue or his bail fail to pay the sum of $103.00 to the Department of Indian Affairs within four months, I am ready to engage myself to pay same.

Hoping this offer will be favourably considered.

Memorandum:

Deputy Superintendent General.

I think we should press our claim against Mr Donohue the late Indian Agent at Pointe Bleue. Mr L.J. Latour of the Department of Public Works ,offered to become personally responsible for payment if an extention of time in which to make payment was granted. By the advise of the Department of Justice he was informed that in addition to his guarantee the Department would also require to receive the consent in writing of Mr Donohue's sureties to the extention. On the 28th January Mr Latour wrote stating that should Mr Donohue or his sureties fail to make settlement within four months he would do so. More than four months have since elapsed , and although Mr. Latour has been repeatedly written to the matter still remains in a most unsatisfactory state . The written consent of the sureties to the extention has never been furnished, and Mr Latour was last heard from on the 2nd April. Under the circumstances it appears to me that the Department of Justice has better be informed to proceed in the matter.

MEMO:

Deputy Supt.General.

I beg to direct your attention to the case of Mr. W'T'A'Donohue who held the position of Indian Agent at Pointe Bleue. When he ceased to hold the position of Indian Agent he was indebted to the Department. Repeated efforts were made to collect the money but without success and the case was placed in the hands of the Dept. of Justice. On the 2nd April last the Deputy Minister of Justice reported that a judgment had been obtained against Mr. Donohue for $102.72 and interest from the 20th Dec. last. The Deputy Minister of Justice enquired as to whether criminal proceedings would be taken to collect the money. This Department replied in the negative. On the 7th May the Department of Justice reported that Mr. Donohue was in Ottawa in the employ of the Transcontinental Railway, and suggested that arrangements be made with the Commissioners of the Railway for the payment of the money due out of Donohue's wages. This Department, ~~atiagxx~~ acting on the suggestion, wrote the Commissioners in the matter. A reply has now been received saying that

saying that the name of W.T.A.Donohue does not appear on the pay-roll of the Railway Commission.

I shall be glad to know whether Mr. Donohue's sureties are to be called upon to pay the amount found to be due,viz:- "$102,72 with interest from the 20th December last".

I may add that the lawyer's expenses in connection with obtaining judgment were $60.40, which amount has been paid.

Sir,

Referring to your letter of the 7th ultimo, and previous correspondence respecting Mr T.A. Donohue's indebtedness to this Department,I beg to say that acting upon your suggestion this Department wrote to the Commissioner's of the Transcontinental Railway requesting that payment of the amount due be made from Mr Donohue's wages,(it being presumed that he was an employee of that railway). They replied stating that his name does not appear on their pay-list. Mr Arthur du Tremblay,of Roberval, and Mr Alfred Lalancette,of the same place,Mr Donohue's sureties were then called upon to make good the amount. Although written to on the 30th May Mr du Tremblay has not replied. Mr Lalancette communicated with the Department,protesting against being held responsible in the matter. He appears to think that Mr Donohue should be forced to pay,and states that the latter's address is Hotel Couture,Quebec.

The collection of the amount due has been long delayed, and it is desirable to have the money paid.I shall be glad if you will take such steps in the matter as you deem advisable to close the same satisfactorily to this Department.

Monsieur,

Re Agnesworth vs Lalancette,caution pour Donohue,le défendeur a fait une motion pour particularités pour savoir quand Donohue a reconnue les montants réclamés dans les prétendues adressées au département et dans lesquelles le même Donohue reconnaissait devoir ces montants et promettait de régler l'affaire sans délai.Or ce sont ces lettres de Donohue que le défendeur demande dans ses particularités,lettres qui ont été adressés les 9 mai, 18 Juillet et 6 Octobre 1902 et que vous devez avoir en mains.

Veuillez donc,s.v.p. faire des recherches pour trouver ces lettres et me les adresser à Chicoutimi d'ici à 5 ou 6 jours le plus tard.Les délais accordés pour produire ces lettres expireront vers ce temps.

Espérant que vous vous rendrez à ma demande le plus vite possible,attendu que le sort de la cause dépend de notre diligence,j'ai l'honneur d'être,monsieur,

Votre très humble et dévoué,

L. P. Girard

P.S. Il me faut ces lettres avant le 15 juin.

Sir,—

Re Aylesworth vs. Lalancette, surety for Dionne, the defendant has made a motion for particulars in order to learn when Dionne acknowledged the amounts claimed in the ~~statement~~ letters addressed to the Dept. and in which the said Dionne acknowledged that he owed those amounts and promised to settle the matter without delay. Now, it is those letters from Dionne that the defendant asks for in his particulars,— ~~Letters~~ that were written on May 9, July 18 and Oct. 6, 1902, and which you must have in your possession.

Please, therefore, make a search

Monsieur,

Le dix-huit Octobre dernier en votre qualité de ministre de la Justice vous avez fait prendre jugement par mr Phillippe Girard,avocat de Chicoutimi,contre un nommé Alfred Lalancette,de la ville de Roberval,Lac-St-Jean,pour un cautionnement conjointementement donné avec un Mr Arthur DuTremblay du même lieu pour un nommé T.A.Dennohue,qui a été agent des Sauvages à la Pointe-Bleue en 1902 et qui au sortir de sa charge cette année-là n'a pas rendu compte de tout l'argent perçu etc.Le pauvre Lalancette,l'un des cautions,a été poursuivi et condamné à payer la moitié de l'argent remboursable à titre de caution et vous avez aujourd'hui jugement contre lui pour $49.56,il me charge d'implorer auprès de vous clémence.Il a payé jusqu'à présent le montant des frais qui se montent à près de $25.00 et il est menacé de saisie pour la balance du capital.C'est un pauvre homme et il voudrait avoir un peu de délai,c'est un père de douze enfants et il a peine le nécessaire pour vivre.Il a la bonne volonté de payer et il paiera bien avec du délai tout le montant,car il est très honnête et je vous en donne l'assurance personnellement.

J'attends donc de votre honorable bienveillance un extension de temps pour rencontrer ce montant et vous obligerez beaucoup ce pauvre homme,bon libéral en politique,mais très peu libéralisé en fortune terrestre.

J'ai l'honneur d'être,
Monsieur le Ministre,
Votre humble serviteur,

Hon.A.B.Aylesworth,
Minister of Justice,
Ottawa.

Sir,- 357450

On Oct.18, last, in your capacity as Minister of Justice you caused Mr.Phillippe Girard, advocate, of Chicoutimi, to take judgment against one Alfred Lalancette, of the village of Roberval, Lake St.John, for a bond given conjointly with one Arthur DuTremolay of the same place for one T.A.Donohue, who was Indian Agent at Pointe Bleue in 1902 and who on giving up his office that year did not give an account of all moneys collected by him,&c. Poor Lalancette, one of the sureties, was prosecuted and sentenced to pay half the money payable under the bond, and you have now a judgment against him for $49.56; he asks me to implore you for clemency in his regard. Up to the present time he has paid the amount of costs,which run up to nearly $25.00, and he is threatened with seizure for the balance of the capital. He is a poor man and he would like to have a little time. He is the father of twelve children and he has hardly the necessaries of life. He is quite willing to pay and he will pay in time the whole amount, for he is quite honest and I give you my personal assurance.

I, therefore, expect from your honourable kindness an extension of time to meet this amount, and you will oblige very much this poor man, a good Liberal in politics, but very illiberally provided in earthly fortune.

I have,&c.,

INDIAN AGENT AT POINTE BLEUE.

Mr. GIRARD:

1. Has a person named W. Donohue, Indian agent on the Pointe Bleue reserve, been removed? If so, in what year and why?
2. Who are the persons who asked for this action of the minister?

Hon. FRANK OLIVER:

W. T. A. Donohue was removed from the position of Indian agent for the Pointe Bleue reserve in the year 1902, by order in council of 23rd April of that year, as result of an investigation into irregularities connected with the conduct of his agency.

2. The department has no data to enable it to answer this question.

Dear Sir

I wish to take out the deed for lot No. 17 in the 4th Con. Tehkummah Manitoulin I. There has been a man living on the lot for 3 years ~~soon~~ Oct. next. There is a house about 18. by. 24. and 30 rods odd acres cleared on said lot.

Before whom is the affidavit of settlement to be taken, and where am I to send the money due on said lot from time of settlement viz. 16th Oct. 1874.?

Is the interest to be paid, Compound or simple interest.? Have I to pay anything for obtaining Patent or deed except what is due on the lot?

By answering the above questions you would confer a favor on your humble servant.

The Six Nations
In Council
11th March 1879.
Present
The Dis: Supt.
Interpreter and 31 Chiefs.

Council opened by Chief John Buck.

Remarks by Supt. The Supt. congratulated the Council on their being permitted to assemble this fine morning, and pleased to meet them.

Brant Memorial. The Supt. read a letter dated 10th inst. from Mr A. Clapham, Sec. & President of Brant Memorial, Duke of Connaught Subscribes £10— with a Copy of a letter from Sir Edward Elphinstone, intimating the desire of His Royal Highness the Duke of Connaught to subscribe £10 towards such Memorials.—

In connection with this matter, it is suggested, the Council should request the present Governor General to consent to be a Patron, in place of the late Gov.t. General, the Earl of Dufferin and no doubt His Excellency will be pleased to assent.

The Supt. read a letter from

The Act of 1876. The Supt is asked if he will submit any communication he may see fit over the Act of 1876, with the view to alterations therein.

The Supt's response, he will endeavour to do so.

Adjourned.

12th March

Present:

The Vis & Superintendent
Secretary, and 10 Chiefs.

Council Opd. by Chief Jno Beck in an appropriate manner.

Supt replies The Supt's response.
The State of the roads prevented his arrival earlier, but he joins from Chiefs Island.

Object of meeting. The immediate object of their meeting, is to discuss the Act of 1876, which he is ready to do.

Marriage of Prince Arthur: He thinks it his duty to announce That that Prince Arthur, Duke of Connaught, is to be married tomorrow to

to a Grand niece of the Emperor of Germany.

The Speaker expressed the pleasure of the Council upon learning that their illustrious Prince is about to be married, and he felt sure the Hon. Members wish him and his Princess all happiness, and that the Secretary will telegraph their congratulations to his Royal Highness.

Congratulations by telegram.

The Secretary read a proposed telegram in the following terms.

"Arthur, Duke of Connaught. Windsor Castle. England.

Toronto, 13th March, 1879.

"The Ships of the Dominion Legislature, in Council, desire to offer their congratulations upon your Marriage, and wish all happiness may attend Your Royal Highness and the Princess" which is pleasing to the Council.

The Speaker explained

the mish of the Council, that the Sec'y' read the Clauses of the Act, with any proposed Amendments—

Clause 2. Caused a discussion the Sec'y' explaining and stating it did not affect the position of the Trustee, the Dominion Government, which acted in the place of the Crown.

It is, however stated that the Sec'y' General is, under the said clause, bound by the Act and its provisions, and by way of illustration, reference is made to Clause 91. under which, without consent of the Six Nations, a large Sum of money has been paid for their funds, Therefore, considered an infringement of the treaty, and their rights—.

Committee on Act named.

After further discussion. The Speaker said the Council agree to appoint a Committee to revise the Act, and desire the Superintendent will please act as Chairman.

Sir,

I transmit three
Minutes.

With reference to the proposed "Brant Memorial", H. R. H. Prince the Duke of Connaught will contribute £20 towards the project.

You will observe, the Council have renewed their vote of $1500 for the second year, towards their schools, also, reappointed their three Excellent Representatives at the School Board.

The Act of 1876 is being discussed, and the Council have named a Committee of 7 to revise the Act, requesting me to sit with them, which I intend doing on Monday, - and, perhaps, suggestions may be made for Your consideration.

On page 6 of the minutes, will appears the objection to clause 2 of the act, - namely, that it empowers Your

My dear Sir.

I saw Running yesterday in the Council Room, and on my observing, I heard he was in Ottawa, - he laughed, and said, they had not money to pay their expenses, - but, another Chief told me, Running is to leave today, - and, I see his two associated colleagues here today, but, they keep their movements from the Council and myself, why, I do not know.

I understand, they are going to complain of Monies being paid to the County of Brant; of an increase in the Salary of the late Dr Brownberry; and also,

the addition of $200 to the Interpreter:

Now, as to Dr Bumberry's salary of $600, it was the sole act of the Council - 31st Augt 1878. That of the Interpreter, was in the shape of two pensions of $100 each, for injuries in the performance of duty, from which, he has incurable injury. The Council knew of these pensions, but never remonstrated, that I am aware of. The Committee of the Council is revising the Act of 1876, and will rather ask Ottawa to receive a deputation, or they may request me to represent their views. Clearly, Burning is in error, to act outside of the Council, of which he is speaker.

Yours
sincerely (initialled)

Sir;

Mr Richard Ingram occupant of Lot 23. in the 11th Con. Orford, asks for rebate of Interest on the agreed purchase money on the above Lot. Mr Ingram bargained for said Lot in 1861. and has paid $140. leaving a balance of $570.00 which I am prepared to pay for him within a very reasonable time if the interest is taken off. In laying this matter upon you, I feel to express the justice of rebate of Interest in this particular case, first the Lot is one half marsh & untillable, and not over five acres dry can be got in one field on the 100 acres. Secondly, five years ago McIngram was taken ill & has been unable to do a days work, & sold Cows & three years ago he lost his wife & left him a Widower with six Children, three quite young. These statements can be substantiated by affidavits if necessary. I therefore, in his behalf, Honorable Sir, ask your kind & generous Consideration, and the deed will be obtained. Brantford
5th January 1853.

My dear Sir,

I met Mr Canton (the Vice President & Manager of the Buffalo & Lake Huron Railway Coy:) the other Evening, and he said he was very desirous of having deeds for the Rights of way through the Indian Lands, and that the question of expense for Patents need not be in the way, if that was the only difficulty. He said he was going to Quebec soon, and wished me to inform Sir E. that he would do himself the pleasure of calling on Sir E. upon the subject. I wrote You officially on the 2d: ultimo last, with reference to this Right of way.

The amount to be paid by the Railway Company, as agreed upon with Mr Thorburn 20th Dec: 1852, was about £2,050, which, with

smith.

interest to date, would be about £2540.

The list of the lands were sent to the Department 15th Sept 1859.

I received a letter from Sam of 29th Nov., requesting information as to clearance of timber for Timber during the past season, and I have been awaiting for the several Collectors returns, to enable me to reply. I have heard from the Collectors of Dennisville & Port Dal: housie, but no clearance of timber for Timber was lodged with either, and the Collector of this Port, which includes the out port of Caledonia, has not yet given me a return, but thinks no timber for Timber has been cleared through his Office.

Recently, Hon Powell's report we: contains the information, for he said he was purchasing (some time ago) a full return of his clearances & dues, to the Crown Lands office.

The Collector here as also the Collector of Port Dalhousie, would like to have instructions from the Comrs of Customs, to act as the Indian Department desires, for they are not sure of their authority, to detain any Timber or Lumber, without a Clearance or Permit.

I sent my returns of Land payments, and other Returns, on the 2d. & 3d. Inst:, I was so interrupted, I could not send them all by the same mail.—

The weather here, continues fine and Springlike.

I hope the cheques will come soon, as they are much wanted.

I remain

Yours

very truly

P.S. I am by no means dissatisfied, but I think, my position sh^d be improved, which it would be better, that all my travelling expenses (as in the case of my predecessor) sh^d merge in my salary, and I do not suppose, the Six Nations would raise any objections, for I am constant more to them (from my personal intercourse with them and residence near their Reserve,) than perhaps any previous Superintendent. Sir,

I am in receipt of your letter of the 22d. Inst. requiring the Buffalo & Lake Huron Railway Company to furnish the requisite Surveys, with Maps & Reports, of the Rights of Way taken from the Indian Lands.—

I beg leave, respectfully, to refer You to the late Mr. Thoburn's letter to the Superintendent General, of the 18th June 1858, when he transmitted to the Department, the accompany Diagrams and descriptions, beautifully executed in a book: It appears, this work was performed, by a Mr. Andrew Hood P. L. S., under the directions of Mr. Thoburn, the expense to be paid by the Railway Company, amounting to some hundreds of pounds.— But the Railway Company, was then in a Bankrupt condition, and could not, or would not pay, so Mr Hood

Mr Hood I am informed, got nothing for all his labour & expenses, and shortly after left the Province for some other Colony. Mr Hood prepared a copy of the Book sent to the Department, which is in this office, and the Railway Manager, wished to have it, but Mr Thompson refused it, unless they paid for it; and which, according to usage, and in all justice, they should be required to do before coming to a settlement.

A Shedule of the different pieces of land taken by the Railway Company, and sums to be paid under the award or valuation, was transmitted on the 5th March 1860, but as it was somewhat defective, being from the lists sent to the Department 19th Septr 1859-, I have requested Mr Sudrens to prepare another, and care will be taken, that it is correct.

To His Excellency the Right Honorable
Sir John Douglas Sutherland Campbell
Marquis of Lorne, K.T. G.C.M.G.
P.C. Governor General of Canada
&c. &c.

The Petition of Andrew Hood of Dunn
in the County of Haldimand, Province of
Ontario late a Provincial Land Surveyor
Humbly Sheweth

That in the year 1853, when the Buffalo
Brantford and Goderich Railway was
under construction, the line of road passing
through Indian lands in the Counties of Brant
and Haldimand, it was deemed necessary by
the Indian Department, to have Surveys and
descriptions made of the quantity of land in
each and every lot, to be taken by and ceded to
the Railway Company in the said Counties of
Brant and Haldimand.

The late D. Thorburn Esq was at that time
Special Commissioner and Superintendent
of Indian affairs in said Counties, and through
him, the Indian Department and the Railway
Company transacted business. It was then
agreed that the said D. Thorburn, should
appoint a Surveyor and that the company
should pay for the Services. Your Petitioner
was the appointee and received instructions
from Mr Thorburn and the Secretary of the
company jointly and together, that is to say
from Mr Thorburn as to the manner in which
the returns of survey were to be made, and
from the Secretary as to the quantity of land
to be taken, referring me therefor to the
Company's Engineers

I went on with the work, paying the necessary assistants and all expenses from my own funds. Owing to the unfinished State of the works the alignment undecided in places and the curves in particular not marked on the ground. There was also indecision as to the widths of land required at certain points causing resurveys of parts, and an increase in time and outlay.
When completed the returns, in maps diagrams and descriptions were delivered to Mr Thorburn and the account presented to the Company for payment. The Company was then and continued to be without funds. Some time thereafter at my request, the account was settled by note, the amount being $1171—
The insolvency of the Company was followed by the transfer of the road to another Company which was chartered by the Government under the style of the Buffalo and Lake Huron Railway Company. The new Company on being chartered were pledged to pay the unpaid employees of the old company. Application was made to the Manager of the new company after their coming into possession of the road. My claim was rejected on the plea that I was not an employee of the Buffalo Brantford and Goderich Company, but in fact that of the Government. Mr Thorburn undertook to urge payment, but without success. He conceived the propriety of the Government withholding from the company the title to the said lands until my claim should be satisfied; in this plan he had no doubts of success. Just then your Petitioner emigrated to British Columbia in the assurance of the receipt of this sum before many months

I learned afterwards that the then chief of the Indian Department did not entertain Mr Thorburn's ideas, and in consequence my claim remains unpaid. After an absence of near twenty years in British Columbia and elsewhere, and after six years entire disability from bad health, I have returned to Canada and now apply to the Government of my country for just recompense for my past services as the only source to which I can now apply

I have been accustomed in similar instances to be referred from one tribunal to another – law courts and courts of equity – Should such be the case in this instance I will be driven to abandon the claim.

Copies of returns of survey must be found in the Crown Lands or Indian Office.

Patents for the lands have probably been issued long ago, and probably my surveys were used as a basis in making those grants.

Your Petitioner therefore prays. That such action will be taken in the matter by your Excellency as will insure to your Petitioner full payment of his long deferred claim.

And your Petitioner as in duty bound will ever pray

You can perceive that we have to encounter very
great privations at times, and although starvation
often threatens us yet we patiently endure, yet,
constantly hunting in every direction for some kind

We trust that you will take our manner of

Application has been made to by Chief Bartholomew of Muscle to the Dept for assistance to enable him to purchase a few boards to complete a house which he says he has erected - The reasons which he urges for his request being granted are that he is getting very weak, Old, & infirm

I shall be obliged if you will kindly inform me whether Chief Bartholomew's circumstances are such as would justify an exception being made in his favor by granting him a small sum for the purpose asked by him & if so what amount would be sufficient to meet his wants.

Sir

I am in receipt of your No. 12.096 of 11th July in the regard to Chief Bartholomy of Moisie's request for assistance to buy boards for his house — Before replying I would like you to understand he has to get his language translated into English & written by another person which in some instances may be a little stronger than he intended to convey.

Bartholomy spoke to me about having written to the Dept asking for boards. I told him I was sorry he had done so, as I did not think his application would be entertained, I understood him to say the boards were wanted for repairs to the Church at Seven Islands but he may have felt diffident to say it was for himself individually & not for the benefit of the whole after what I said to him. — I am aware he has been striving for the last 10 years to get the means to buy boards & for a house he had in frame but which is now down. He has a house on the Indian reserve 14×12 but it is getting old & miserable. The whole tribe as they come from the woods stop with him & must until they put up their wigwams up for a day & sometimes two more especially when the weather is bad as it

often the case in Spring. I have seen 4 or 5 families consisting of between 20 & 30 big & little besides hers own all crowded into it how they managed I have no idea. By Indian Custom he is expected to feed them at all events for the first day until they provide themselves with food, this is a heavy tax on him.

As to his circumstances he is very poor & is rendered more so in his endeavours to keep up his position with his tribe. I have had repeatedly to assist him. And for the last few years had to give him his advances to go to the woods (which he does not always pay) as the Hudsons Bay Co would not give him any & he could not get them elsewhere. He is a man of about 60 years & hale & as yet by no means very weak or infirm although age is beginning to tell on him. He has great influence with his people & is a man of very good intellect very proud but fickle.

It would take 250 boards to cover in a moderate sized house. In Quebec they cost from $ 8 to 10 dollars per 100 ft. 12 feet long & landed here adding a freight of 3$ per 100 would make the cost here 30 to 35 $ for that number & that would only be a board house. Now a comfortable house is built of squared logs & covered with boards & floor of same can be put up say 21 by 21 for 40 dollars finished. If you decide on this it might be put up as the Chiefs house not the property of Bartholomy but of the Chief —

I have placed the whole information

Monsieur,

Par l'état de comptes qui accompagne cette lettre vous verrez que pour le premier semestre de 1879. le Rév.d Père C. Arnaud, Missionnaire des Montagnais, a dépensé pour eux la somme de $390.93

Il a reçu du gouvernement par l'entremise de Mgr. de Rimouski ——— 250.00

En sorte qu'il lui est dû une balance de 140.93

Les missionnaires ont voulu, suivant le désir du gouvernement, essayer de porter les sauvages à cultiver. Le Rév.d Père Arnaud rend compte de cette tentative, dans une lettre du 23e de ce mois, dont j'annexe un extrait à cette lettre. L'achat des instruments d'agriculture et des grains a nécessairement augmenté la dépense pour cette fois.

R. M. de Betsiamits 23 août 1879

Monseigneur,

..... J'ai déjà fait remarquer à Votre Grandeur que nos sauvages ne sont pas cultivateurs, que le pays qu'ils habitent est froid et se prête peu à la culture - que leur principal moyen de vivre est la chasse ; ils vont très loin dans les terres. Il ne reste ici que les vieux, les malades, ceux qui sont trop pauvres pour se procurer tout ce qui leur est nécessaire pour une longue excursion, tel que poudre, plomb, fusil, canot, couvertes, provisions de bouche, habillements chauds pour se mettre à l'abri contre les grands froids - ceux-là restent à la mission, et ils sont aussi incapables de cultiver que de chasser. Pour les autres, et c'est le plus grand nombre, ils partent après la mission, c'est à-dire après le mois d'août, et ne sont de retour que dans le courant de juin, trop tard pour faire des semences. Les grains de semence qu'on leur distribue sont

My Lord

... I have already remarked
to your Lordship that our Indians
are not farmers, that the Country
which they inhabit is cold & little
fitted for agriculture, that their
principal means of existence is pro-
cured by the chase they go very far into the
bush. The only ones who remain
here are infirm, sick persons &
those who are too poor to procure
all that is necessary for a long
excursion, such as powder shot
gun, canoe, blankets, procuring
warm clothes to protect them from
the great cold - these remain at
the mission, and they are also employed
to farm as to hunt - As regards
the others & these are the greatest
numbers they go away after the
mission close, that is to say after the
month of August & they only return
in the month of June. to late to put
in the Crops and distribute to them
what are wanted rather than utterly for
being gone to late they would not keep

Ottawa

Dear Sir

I beg to take the liberty of addressing you a few lines relating to the Minican Indians, owing to the Small Pox breaking out in the Early part of the Summer close to this Post, I was obliged to get the Indians away inland two months Earlier than usual, well knowing if once the disease got amongst them it would have killed them all off they were in such a filthy dirty Condition not being able to remain on the Coast and having made but a very indifferent hunt during the Winter they left for inlands pretty nigh destitute of Everything,

Owing to the very Severe Loss the Company have Sustained ~~from~~ Year to Year by giving them advances and not getting paid they are obliged to Stop advancing them, this leaves them worse off than Ever they were,

As it is likely they will be all Coming out this Fall, I would beg of You to grant them a Sum Sufficient to Enable them to

Get provisions Ammunition, and Clothing for the Widows and Orphans who are quite destitute of the latter, if this grant is allowed them in time I will be able to get them Inland before the Severe weather sets in and the fevers take they will then be able to hunt Deer &c &c for a living

Owing to the heavy loss already mentioned the Company have closed the Post at Nutashquan and the most of them Indians are coming to this Post which gives a great many more poor people who are in want of support, apart from the last grant You so kindly sent, the Amount of Gratuities given by the Company come up to One Hundred Dollars, they had when they went away scarcely any Clothing and only a few of them had Blankets, So that I may Expect them Out in a very destitute Condition

As I have been for ner Twenty Years amongst the Indians of this Coast, I know all them that are in actual need of help, and if You grant my Request You may rely in me giving it out to only those that are in Need and Cant hunt if there is anything left after sending them inland it will do for them that Come out in the winter,

And trusting You will grant my Request and that I will hear from You Either

Sir

Your Officer at Mupan
Mr Benjamin Scott having
informed the Dept that
owing to the small pox
breaking out in the
early part of the sum-
mer near Mupan he
felt disinclined on
him to induce the
Indians to move inland
2 months earlier than
usual this season and
that as your Co had
been obliged to stop
making advances to them
& that they had
had a very indifferent
hunt during the last
past winter the Indians
left for Inland pretty
nigh destitute of every thing
and it is likely that all
come to grief unless
assisted -

In view of these
facts Mr Scott requests
that the Dept will grant
a sum sufficient to enable
the Indians to provide
themselves with
ammunition

I have the honor to
request that you will be
good enough to inform Mr
Scott that he may in consideration
of the facts stated by him
furnish those Indians
with supplies, not to exceed
$150.00 (in addition to the
annual grant of $100) The
Dept will rely upon him (Mr Scott

The Honble
Minister of the Interior

Sir

I have just received the other day on my arrival at the Coast your favour of the 11th of August, and have also to acknowledge the receipt of eighteen barrells flour, with six buckets lard, which you have been pleased to send to the Moisie & Seven Islands Indians;

I left the coast for the interior this summer earlier than usual, on account of the Small pox, and Measels raging with such violence east & west of our locality, however fortunately we escaped, not one case of either disease taking place among us, although a great many both blacks & whites died at Bersiamites;

It appears that you wrote to me (shortly after I left the coast, it safely arrived I understand, but have not as yet seen its contents) however I am of the same mind at present, as when I addressed you in summer with regard to the planks & boards necessary to build a good light little House, I am old, getting infirm and have gone through a life of very often great labour, misery, & hunger which I cannot expect to last very much longer: There may be people who are predjudiced enough to consider such an indulgence as a comfortable little house to an old Indian Chief is an unnecessary expense, but these same people to be obliged to change their position & mode of life with mine, would consider

Dear Sir,

In reply to Mr. Thos. J. McDermott's letter of the 14 Feb. asking for a [illegible] of the timber on certain lots in the Township of St Edmunds — I beg to enclose you a list of the lots named by Mr. McDermott the following have been sold, viz: 31. 32 in 4 E.R. 31. 33, 34 in 5 E.R. and 31 in 6 E.R. The two last named lots have been sold to Mr Thos. McDermott.

Of the lot sold in the 4 Con we sold three to the 1st of Dec. 1877 a Copy of which I enclose herein and which reserved pine trees sold when the land on which they are growing is sold.

The remainder of the lots were sold subsequently and therefore the timber is in the lands of the Dep for

HAMILTON, 12th March, 1879.

THE RIGHT HON. SIR JOHN A. MACDONALD, K. C. B.,

Minister of the Interior, Ottawa.

MY DEAR SIR JOHN,--

When I had the pleasure of seeing you in Ottawa last December, I promised to place before you in writing, suggestions for the benefit of the Six Nation Indians, Mississaquas (New Credit Band) or any others, in regard to their system of doing business with traders and storekeepers. Great evil exists in the present system, but in order to point such out, it will be necessary to state what the system is.

The majority of the people get credit mainly upon the strength of their interest money, which is paid to them semi-annually by the Government through their Local Superintendent.

The following is a copy of order such as is used by the Indians in obtaining credit :

Form of Indian Order used in getting credit.

March.....1878.

(Trader's Address,)

Please let me have goods to amount of.....Dollars,
which sum I hereby agree to pay out of my next Spring's (or as the case may be Fall's) Interest Money.

(Signed,).....(Name of party.)
Upper Mohawk,
Lower Mohawk or whatever tribe or
band he is a member of.

4, 6 or 8 (as the case may be) persons in family.

What is to be complained of is, the trader or store-keeper has no means of enforcing the payment of these orders when they are receiving their interest money, but are entirely at the Indians' mercy, and they will pay or not pay just as the notion takes them—and they very often take the notion not to pay. Under the present system the trader cannot very well prevent them continually overdrawing their account, for the reason that he cannot enforce the payment of these orders, and this the Indian well knows, and they take advantage of it by saying to the traders if he undertakes to curtail their credits, "if you do not let me have all I want, I will not pay you for what I have already had," and the trader is forced, in order to keep them good natured up to the next payment (so that he may receive their money) to give them all they ask for, and even then they very often dodge payment. In this way they get deeper and deeper into debt until their trade becomes an actual loss to any person engaged in it.

Now as credit seems to be necessary for these people, and under a proper and judicious system it would no doubt be a very great advantage to them, I believe the Government would be conferring a great blessing on the Indian by introducing a system whereby they could get the credit they need, at once safe for the trade and of great benefit to the tribes or bands.

I suggest a system and one of very easy accomplishment, viz. :—The Government to allow the Local Superintendent to procure credit for the Indians *by giving them orders in advance on account of*

Indian Affairs. (RG 10, Volume 2082, File 12,105

ARCHIVES PUBLIQUES
CANADA

their semi-annual receipts of interest money, on any respectable trader they wish to deal with, with full power to use their interest money when it comes to hand in payment of these orders.

I think for the convenience of the people that the Local Superintendent ought to meet them at their Council Houses, to issue the orders to them, and then let them go where they pleased to do their trading. It would be a great saving to the people—all things being equal—for them to do as much of their business as possible near their own homes, it would not only save the majority of them who have not teams of their own the expense of hiring teams to go long distances to do their trading, but it would also save them from being exposed to the evils of intemperance, to which they so often give way when exposed to the temptation of towns or villages, away from their reserve. The advantages that would result to all parties by adopting this plan are manifest.

The Indian would certainly get better value for his money, because the risk to the traders of getting it is removed, as the Local Superintendent's order would be considered as good as cash, and the people could not rush headlong into debt, as the Superintendent would have it quite in his power not to allow them in any case to go beyond a certain point, and the trader would have the satisfaction of knowing that his money was sure, and then enable him to furnish supplies at a low price.

It would do great good if the Government would treat the matter in some such way as I have pointed out.

There is one thing that should be done in common justice to the traders who have been supplying the Indians—that arrangements should be made to pay off the old debts; in the case of the Six Nations, I believe this has been done to some extent, but in that of the New Credit Band it has not; this latter should be done as an act of even-handed justice. Besides this, in the case of the Six Nation Indians, there are traders who advanced supplies to them in 1877 for which they have not been paid; the goods were supplied on the faith that the Indians were getting a Government loan for seed, etc., and that they would pay the traders from results of harvest, etc., but the Government declined to loan this money unless agreed to be repaid out of the Fall, 1877, money; this left the traders unpaid. The Local Superintendent should be instructed to retain a proportion of their monies to pay these debts—a proportion such as might be agreed upon; the old debts were only paid up to 1876, although the audit was not completed until 1878, and many Indians think that their debts were paid up till date of audit, so that since then their debts have accumulated from the causes which have been indicated.

The great thing to do with the Indians I refer to would be to pay off their old debts to date, and let them begin with a clean sheet and a new system such as has been suggested, it would induce frugality and temperance among them and keep them from getting beyond their depth in debt.

I remain,
My dear Sir John,
Yours faithfully,

Adam Brown

Ottawa, February 27 1879

Respectfully submitted that the words written in the margin of the accompanying Bill of the Ontario Legislature "re payments under the Municipal Fund, where Indians are interested" should be added thereto; inasmuch as the Dominion and not the Provincial Government is charged with Indian management.

My dear Lash

Will you kindly look into this for me & say

I think it would not be proper for us to ask that the words suggested should be added to the Bill. The money in question belongs to the Provincial Govt. They have a right to dispose of it as the Prov. Legislature may see fit. They may give it to Indians if they like absolutely or subject to such conditions as they may think proper to impose. The mere fact that Indian affairs are under the control of this Govt does not entitle us to require that other parties who may wish to benefit

Indians by the expenditure of money for them must expend that money according to our ideas. We might possibly by a Statute prevent any persons from giving money or presents to Indians without our consent or expending any money for them. I can hardly conceive however. that such a Statute will ever become necessary. The object can no doubt be attained by friendly correspondence with the Local authorities. Their desire is to benefit the Indians: our desire is the same, and it is unlikely that the two governments will disagree upon the mode in which the money is to be spent. I would suggest that your Department should communicate with the Ontario Govt. referring to the Statute and suggesting that before any expenditure is made your Department may be communicated with in order that the expenditure may be made in such a manner as to prevent any misunderstandings on the part of the Indians. I understand from Mr Vankoughnet that the suspicious nature of the Indians leads them to think that the Ontario Govt in expending moneys for them has some ulterior object in view such as an attempt to get hold of their lands or property.

Sir

I have the honor to report that in conformity with instructions contained in official letter dated 10th inst. I have visited and explored that portion of the Township of Allan not hitherto surveyed and now enclose a sketch showing the quality of the land. None of the land is of really good quality, the soil seldom being more than twelve to eighteen inches deep, and being almost invariably very stony. I estimate that of the 10.000 acres or thereabouts remaining unsurveyed one fourth or 2500 acres is suitable for settlement, a portion of the remainder may sell for pasturage purposes, as occasional depressions with soil sufficiently deep for growing grass are met with, but the larger part of the unsurveyed land seems valueless for agricultural purposes, being flat rock with little surface soil or so stony as to be worthless.

The timber has for the most part been burned, and an undergrowth of Poplar and small white Birch has sprung

springing up, near the Lake Shore there are some grves of hardwood and small Pine the latter generally too small for commercial purpose, although they will be valuable to the settler for the erection of log buildings.

Some trifling improvements have been made on land in the 13 "& 14" concessions near the Western End of the Township by settlers from the adjoining Township of Gordon who desire to buy the lands when for sale.

I beg respectfully to recommend that a survey of that portion of the Township of Allan not previously surveyed be made, this will complete the survey of the ceded part of this Island.

I enclose statement of expenses incurred in making the exploration ordered amounting to £17 5s

Translation To

The Right Honble
Sir John A Macdonald
Premier & Superintendent Genl
of Indian Affairs
for the Dominion of Canada
at Ottawa.

Right Honble Sir,

The humble petition of
the undersigned as well in her own name
as in the names of her brothers and sisters.

Most respectfully Shews that the
deceased Francis Vanasse and Louise
Fortin his wife and whose children &
legal representatives we are, were
established on a certain tract of land
forming nearly two ordinary lots at
the Lake called Betobi in the Township
of Maniwaki in the County of Ottawa
Province of Quebec they were there
thirty years in possession.

That they had made upon the
said a clearance of at least 25
acres of land ready for the plow or fit
for cultivation worth 10 or 12 dollars
an acre - They took possession
of the said land at least five
or six years before the said
Township of Maniwaki was
erected to the Indian lands.

That they always paid the rent annually of what they unjustly fixed the said land except the last 4 or 5 years.

That they have always been in uninterrupted and continuous possession of the said up to the time of their decease, that of our father occurred about the 15 March last 1878, and that of our mother two months after the death of her husband.

That the Chief and the Indian Act here have allowed one of them by the name of "Antoine Commandant" to take possession of the land and improvements in question in spite of our remonstrance and contrary to all principals of right & justice.

That this same Indian who is thus deprived of our land & work has made & drew away last summer all our hay which of right belonged to us in our said quality of heirs and legal representatives of our said deceased father and mother.

That we have offered to the Chief of the tribe here met in assembly to pay the arrears of rent due on the land if they would let us peaceably enjoy our land and labor and reimburse us for our hay or return us

the same quantity and quality of hay which was made and taken away from our land Or to pay us the value of our work and improvements & that the same should be estimated by three arbitrators one of whom should be chosen by them one by us & the third by the two arbitrators named by the parties & there should be a difference of opinion between them.

That they have refused & still refuse either arrangement

To Noble Sir having full & entire confidence that you will deign to consider this petition and that justice will be done us & we will not cease to pray

Sir

I have to acknowledge the receipt of your letter of the 3rd instant No 12264. And the Copy of Augustin Benause petition. And have to inform you that I received no Rent from Francois Benause for the farm he occupied in Manwaki reserve since I am Indian agent those past three years, Nor have I interfered with anny of the Benauses, Except to ask for the Rent Due by them. But on Mr John Whites Book My predecessor I find Francois Benause paid two years Rent the Sum of twenty four $ 24 00 Dollars on the 25th april 1872. And one and a half tons of Hay Equal to Eighteen $ 18 00 Dollars on the 20th april 1874. And that is the amount of all the Rent received from Benause, I have seen all the principal Indeans on the Matter and the informed Me, that the Indeans didnt interfer with anny of the Benauses

But wishes Me to inform You that Manwaki belonged to the River Desert Indeans before Francois Benause Commenced a farm on it that Benause has about thirty five acres Cleered and about the half of the Same has gress up with brush again Benause Disserted the farm about five years ago, and went up the Ottawa River to live with his Son Louis and remained away then about two Years, when he Come back again, and remained on the farm unto Some time in November 1877 when he left and didnt Come back again

again as the old Shanty the believed in was going to fall on him and he Couldent remain any longer in it. He didnot sow any Crop nor cut the hay that Year. and the farm has gone wild for the want of tilling and without Buildings and fences. as the Old Man was to old to work and his family had all left him And had no person to leave in possesion when he left in November 1877. And as for Commandent didnot Cut any Hay on the Reserve farm The Indeans also wish me to inform you. that the think it unjust for the Indeans to be Compelled to pay for improvements Made by person against the will of the Indeans and the improvements of no Youse to the Indeans and parties leaves thier improvements of thier own will as it is in this Case of Francois Benause and his Son Augustin and his Brothers and Sisters

farm until Nov. 77.
when he finally left. The
house that he lived in
having become so dilapidated
that he could no longer
remain in it; that Vanase
did not sow any crop
nor cut hay on that his
farm the year he left
& the land has become wild again
for the want of tillage,
& has neither buildings
nor fences on it;
that Wm. Vanase was too
aged a man to work,
& that his family had
all left him when
he died. The farm in
Nov. 77 he left. He was
a Pensioner having left the Militia Establishment as Lieut. Capt. of the Militia
but not any hay on the
Vanase farm.

In view of the above
facts it would not seem proper
that he pay for the alleged
improvements from the funds of
the Mississaugas & the Dept. has no other
funds from which the money required
to pay for the same could be taken.

To the Hon.ble
Sir J.A. Macdonald K.C.B.

Hon. Sir

I beg the privilege of an introduction to you. I am a Minister of the Methodist Church of Canada. Forty six years of age, Twenty three in the ministry Fourteen of which I have devoted exclusively to the Indian Missions. At present I am labouring with the New Credit Indians. I have the honor of an acquaintance with J. Wilkinson Esq. C. S. & Com. Brantford.

By reverse of fortune (all my property destroyed by fire), failing health and with a large family of boys and girls, I feel the future embarrassing and dark.

Looking to the North West to make a home for my family and believing the change of climate & exercise a restoratives to health. I have an ardent desire, the approaching summer to prospect a location.

To meet expenses could I obtain a loan of $1000.00 from the Indian Department at a moderate interest for a few, say five years:- Or could I render any service to the Indian Department on my way to or in

I feel in some sense I have a
claim
1st On the Indian Department
I have spent the prime of my day
labouring for the good of the Indians
In the work I have lost my health
And on them I have spent much of

the Settlers from the Department the Surveyor Walters is to send back a certain Grant of the said Lot to the said John Proctor the Locatee.

Your agent then recorded the transfer from Proctor to Walters.

But now the said Walters refuses to give the transfer to Gerow & when the Gerow presents the transfer to your agent at Sure Bay he will not record the transfer; the Gerow surrendered the transfer & the one Walters to Surveyor recording the same when Mr Scrage took up the Money & prepays the same out of the Door

Now my only difficulty is the official and other authorities for the information the reason why the Document is not to be recorded.

Mr Walters & Mr Gerow have given Bonds to satisfy the said John Proctor.

Now what I want to know is that the Indian agent any right to interfere with Individuals affairs or is it in accordance with this office as Deputy Indian agent.

Sir

I have the honor to enclose an application from Mr Thomas Wellington Trotter to purchase Mill site No 2. Town Plot of Shequiandah for the purpose of erecting a Sawing Factory.

I beg respectfully to recommend that the Mill site with the land attached, on the South side of the Shequiandah River, (reserving the road allowance now in use traversing the portion of the Mill site in question parallel with and adjoining the division line between Mill sites Nos. 2 & 3,) be sold to Mr Trotter for the sum of Forty dollars. — Reserving from sale that portion of the Mill site still unsold lying North of the Shequiandah River; as should the proposed Wharf at Shequiandah be constructed, the land on the North side of the River may be required for access to the Wharf, the regular Road allowance being swampy; & any of the land not required for Road purposes will become enhanced in value for building purposes from its proximity to the proposed Wharf.

I have the honor to endose affidavits setting forth the improvements that have been made on the south part of Mill site No 3. Dorcaplot fohquiandah.

The Mill site in question was sold to William Hall by authority of Off. letter No 12.270. the conditions were that a shingle Mill 40ft x 30ft was to be built and to be in running order in one year from the date of sale. 2nd October 1879.

The affidavits of Robert Lewis and David Laidley herewith endosed, correctly describe the improvements made by Mr Hall.

Mr Hall has been notified many times by letter and verbally that he should comply with the conditions of sale. The so called improvements made by him are of no value and there appears no prospect of the water power being utilized, the settlers complain of a valuable water privilege being allowed to lie unproductive in the village, thus retarding the progress of the place and preventing others from making use of it.

Sir

I have the honor to state in reply to your official letter dated 1st inst enclosing a copy of a letter from Mr William Hall. That the Mill site in question was sold to Mr Hall on the 2nd Oct. 1879 on condition that a shingle and stave Mill should be erected and in running order within two years from that date. The sale was cancelled on the 23rd January 1883, for non fulfillment of the conditions of sale. Mr Hall left Shequindah about the opening of Navigation 1883 and has since resided at Portage la Prairie Manitoba. he recently returned to this Island, but I am understand gone back to Manitoba.

Mr. Hall did a lot of work on the Mill site digging a pond which is perfectly valueless. his other so called improvements were of the same character. he is very old and feeble both in mind and Body and it was really a kindness to take the Mill site from him and so prevent his wasting any more labor and time in useless work. What little machinery be placed on the Ground was seized by the Sheriff.

Sir,

I have the honor to state in reply to official letter dated 17th inst, that the area of the old Indian Burying ground situate on the North part of Mill site number 3 Town plot of Sheguiandah, is about one and one half chains, and the situation is accurately shown in the accompanying sketch, which is copied from the office map of the Townplot of Sheguiandah,--it would be impossible at the present time when the ground is covered with Snow, to get the metes and bounds with accuracy, as the grave yard is not fenced, but measurements can be taken after the Snow leaves the ground if desired.

LAND BRANCH FEB 27 1891

The Burial ground has been unused for over twenty five years.

Sir,

I have the honor to report that Mr John Dunlop of Sheguiandah applies to purchase that portion of Mill Site Noe 3 which is unsold, lying on the North side of the River and adjoining land sold to the Incorporated Synod of the Diocese of Toronto Sale No 1032.

Mr Dunlop offers the sum of $40.00 in cash for this portion of the said Mill site No 3and I would most respectfully recommend that the same be sold him at his offer as the land is not at all valuable and there is ample room on the South side of the River should any person wish to purchase the same for Mill purposes. In any event the Mill site No 3 is valueless as a site for a Mill on account of its position. He wishes to purchase the land for building purposes and not for the purpose of erecting a Mill of any kind.

Sir,

Replying to Official Letter dated 24th instant, with reference to the application of John Dunlop to purchase part of Mill Site No 3 in Sheguiandah Town Plot and referring me to Official Letter dated 5th March 1891 addressed to this Office in regard to an old Indian Cemetry supposed to be situate on the land applied for.

I have the honor to report that the cemetry referred to consisted af one time of three Indian Graves which were on the very edge of the bank of the River and consequently were on the Street allowance. I may further respectfully state that I know from repeated visits to the spot in question that the matter of this Indian cemetry is greatly exaggerated by the plan marked as "Indian Cemetry" on the map.

These graves were completely obliterated twenty years ago and I know as a fact that the bones that used to occupy them were littered all about the place in days gone by on account of the Shallowness of the graves, and are probably now the property of relic hunters.

In view of the above facts I would most respectfully recommend that the property be sold to the applicant.

Sir,

LAND BRANCH JAN 8 1900

Referring to Official Letter dated 15th Ult with reference to the application of John Dunlop to purchase part of Mill Site No 3 in the Town plot of Sheguiandah.

I have the honor to report that the Manitowaning Road allowance is not used on the portion of Mill Site No 3 applied for, as immediately the road crosses the river it follows the allowance along the bank of the river which is known as River Street.

With reference to the means of egress that the Church Authorities have from the Northern portion of the Mill Site sold them. I beg leave to say that the portion of Mill Site No 2 lying on the North side of the River was subdivided into village Lots years ago and a plan of same registered in the Registery Office for the District. There is a Street called Robert Street in this subdivision which runs East and West through the centre of the Northern portion of Mill site No 2 which is used by the Church authorities as a means of egress from the property sold them.

The sale of the portion applied for by Mr Dunlop would not interfere with the owners of the Northern portion of the same Mill site in any way.

MEMORANDUM

LANDS BRANCH
JAN 12 1900

To the Secretary-

Ottawa 9th January 1900-

On the 17th November last, Mr.Agent Sims of Manitowaning reported that Mr.John Dunlop of Sheguiandah had applied to him to purchase the portion of Mill Site No 3 lying North of the River, Townplot of Sheguiandah, containing an area of 6.33 acres.

The Agent also reported that the Cemetry indicated on the Plan consisted of three Indian graves, which were on the very edge of the bank of the River and, consequently on the Street allowance, that he knew, from repeated visits to the spot in question, that the matter of this Indian Cemetry was greatly exaggerated, as marked on the Map; that the graves were obliterated 20 years ago and he knew for a fact that the bones that used to occupy them were lttered all about the place in days gone by, on account of the shallowness of the graves and were probably now the property of relic hunters.

Mr.Agent Sims reports Mr.Dunlop's offer to be $40.00 in cash and he has recommended the acceptance there of, as the land is not at all valuable and there is ample room on the South side of the River for any one wishing to purchase for mill purposes; that the site is valueless for a mill site on account of its position and is desired by Mr.Dunlop for building and not mill purposes.

In view of the Agent's report and as this portion of land is in the hands of the Department for sale, I would beg to recommend that he be authorized to dispose of the same to Mr.Dunlop for $40.00 cash.

Sir,

I have the honor to report having received a verbal application from Mr James Lewis, Reeve, of the Municipality of Howland, on behalf of the said Municipality, for the unsold portion of Mill Site No 3 Sheguiandah lying South of the river,

Mr Lewis intimates the willingness of the Municipality to pay the sum of $60.00 cash for the site including the water power.

I beg leave to say that about a year ago I received an offer from Mr E.B.Hallman of Wiarton Ont for this same property, who offered the same amount as is now offered by Mr Lewis but he did not wish his offer submitted to the Department until I was further advised by him, he now informs me that the above mentioned Municipality are negotiating for the site for him.

In view of the advanced figures at which properties are now selling and also the fact that there is a very good water power in connection with this property, I consider the offer made, to be far below the actual value of the property.

I would therefore most respectfully recommend that the property applied for be sold to the Municipality of Howland for the sum of $250.00 on the usual terms of sale.

I have the honor to report that the above property was sold to the Municipality of Howland on the 7th day of July 1902 under sale 3922, one fifth of the purchase money being paid at the date of sale.

I am now in receipt of an order, on the Treasurer of the Municipality of Howland, for $206.00 which he states is to pay up for the above mentioned property.

As the conditions of sale were "one fifth at the time of sale and the balance in equal annual instalments with interest thereon at 6% per annum" the next payment of $50.00 would not fall due until July 7 1903. As the property has been extensively improved, and is splendid security for the amount due the Department against it, I do not think it would be to the best interests of the Indians to allow the same to be paid out for at once, but would most respectfully recommend that the payments be made

I am forwarding to you per registered mail the Original Crown Grant of Land to John Dunlop Esq of this place of the portion of Land lying in the Town-plot of Chippewa being part of Mill Site No 3. You will notice by the description the words "commencing at a point in the east boundary of the said Mill site distant one chains from the North East Angle thence the said point being the south east angle of the Land hereby granted to the Synod of the Diocese of Toronto thence North along the said east limit seven chains to the Southerly limit of the Road Allowance along the North bank of the said River thence westerly following the said road to the west limit of the said Mill site thence south along the said west limit one chain and fifty links to the south boundary" Sir I am also enclosing Plan of Survey made by Mr J. J. Patton. O. L. S. in the year 1905. which materially alters the description given in Original Grant. You will observe that. "the said east limit" does not run 7 chains from North to South. to road allowance and that there are more than one chain and 50 links in the limit running from South to North. You will notice by the enclosed Transfer made by the said John Dunlop in May 1907. he conveys to Estate Adelaide Lots 6. 13. & 14 from his portion. The Estate is now deceased and I have proven of administration in his Estate. and find a difficulty in handing over the property title such time as the description is adjusted Could you kindly give the matter your kind consideration. and suggest a way out of the difficulty. Rev.Sir,-

In reply to your letter of the 27th ultimo I beg to inform you that Mill Street originally formed a part of Mill-site No.3, andwas opened subsequently to the sale of the 4 lot. The tracing forwarded with your letter is herewith returned; you will note that the distance on the west limit of the Mill-site scales 1.50 chains as stated in the description in the patent.

Grant and deed also returned herewith.

The discrepancy on the north shore of the river and at east side of the Mill-site has been evidently caused by the road being placed farther inland with the view probably of keeping it on drier land. There appears to have been no error in the issue of the patent and consequently it cannot be cancelled. In fact there appears to be no reason for cancellation whatever. A blue print copy of theplan of the town-plot of Sheguiandah will be sent you by mail. The Department is in no way responsible for subdivisions made by owners subsequently to the purchase of the lots from this Department.

L.B.

You will note there is no road allowance along the north side of the Mill-site in question. The municipality has no right to sell or dispose of Tehumah Street, Campbell street, or any other original street or road allowance without the consent of this Department.

Sir /

I am in receipt of your letter of the 6 inst reporting that several water fronts, though applied for and authorized to be sold, have not been paid for by parties who have made improvements thereon. Official letters have been taken possession of by parties without having applied for or paid for the same, and have built on.

I have to request that you will call upon the parties in possession of water fronts, to which a proper

Sir

I have the honour to state that Mr. Bryan Mackay has made an application to purchase the water front of lot No 27 North side of Georgina Ch. Owen Sound Peninsula, and offers to pay the sum of one hundred and twenty five dollars therefor. ($125.00)

Mr Mackay has already built a wharf on the water front in question.

I beg respectfully to recommend that a water front adjoining the water front occupied by Mr. B. Abrey and extending Easterly ~~three~~ chains from the Eastern boundary of Mr. Abreys water front be sold to Mr. Mackay for one hundred and twenty five dollars.

I enclose a sketch shewing the water fronts in question.

I have the honour to be,
Sir,
your obedient servant
David Phipps.

Sir

I have the honor to report that the parties in possession of Water fronts at little Current to which prices have been attached have been on several occasions called upon for payment of the purchase money with interest at six per cent from the date of allocations, but no payment has as yet been made.

On the 14th June 1879. Mr. G. B. Abery was notified that the water front occupied by him valued at $160.00 bore interest from the 31st Augt 1870 and Mr. D. Miller was at the same time notified that the water front in his occupation valued at $250.00 bore interest from the 20th March 1878. at 6% per annum.

Mr. D. Miller has since died & the Wharf is at present occupied by his son Mr. John Miller, & am informed under an arrangement with the creditors.

The Water front of part of Lot 31 Water St authorised by official letter No. 36.572 26th April last to be sold to William Griffith for $75.00 will I believe be paid for shortly, with interest from the date mentioned.

Mr. Bryan MacKay is willing to pay $125.00 for the Waterfront of Lot

Sir

I have the honor to state in reply to official letter dated 15th inst. that the Water Front applied for by Mr. W. Gibbon is that authorized by official letter No. 1319 dated 20th March 1878 to be sold to David Miller for $260.00, comprising the water fronts of No: 20 Water Street and No 20 Robinson street Shaftesbury.

Mr Gibbon produced in this office an agreement signed by Mr. E. Clarkson assignee of the Estate of David Miller, selling the right of Miller in the Waterfront to Gibbon, and has paid $100.00 on account of purchase.

Since the application for an extension of time for payment was made by Mr Gibbon an application from Captain O. M. Campbell has been received, to buy the Water front in question, the applica tion also a letter from Messrs Moberly and Gannon is herewith enclosed.

From the letter of Messrs Moberly and Gannon it appears that the Water front has been mortgaged by David Miller
