Germans Are Soundly Beaten By British On Flanders Front

Huns Try to Win Back High Ground North of Passchendaele But Are Repulsed Completely; Activity on The French Line

London, Nov. 14.—The Germans met with a complete defeat at the hands of the British yesterday in Flanders. The war office reports. An attempt to recapture the ground recently won by the British near Passchendaele was repulsed.

The statement follows:—Following upon the increased activity of their artillery already noted, the Germans yesterday afternoon attacked the positions held by our troops on the high ground north of Passchendaele. The attack was repulsed completely. "There is nothing further to report."

TERRIBLE TIME IN STORM IN ST. LAWRENCE

Quebec, Nov. 14.—Badly battered, the local tug J. H. Hackett, water-tight and damaged, limped into port last night after a harrowing experience in a bad storm yesterday afternoon near the traverse buoy.

A large tug which was towing a barge and the fleet steamer, Victoria, of Valleyfield was drowned. Captain Louis Lalonde of Valleyfield, master of the lost barge, said that the storm struck them off L'Islet. The wind had been blowing a gale. At four o'clock the storm broke and the barge sprang a leak. There were five men on her, and all took to the boats and tried to reach the tug.

Seneca was twice washed overboard and twice rescued, but a third time mammoth wave struck him, shot him up, head against the plates of the tug's hull, and he fell into the sea. He never rose again.

The barge was the Kitty H., owned by the Canada Shipping Company, Montreal, and laden with 800 cords of wood for Quebec.

FAILED TO REGISTER AND LOST THEIR JOBS

Hundred Men in Ontario Works Are Out of Employment

Windsor, Ont., Nov. 14.—Approximately one hundred men who, up to last week, had good positions with various manufacturers and mercantile firms in Windsor, Walkerville and Ford City, found themselves jobless when they reported for work yesterday.

A printed card, upon which their names were inscribed, notified them to "report at the office, and to get your services are no longer required." The order applied, of course, only to those eligible who had failed to report themselves at any of the tribunals, nor had claimed exemption.

HUNS SEND DOWN DUTCH TRAWLER AND KILL A BOY

London, Nov. 14.—An Amsterdam despatch to the Daily Mail says a German submarine on Monday torpedoed without warning the Dutch trawler Hurbertie at a point twenty-five miles off the Dutch coast. A Dutch boy of fifteen years was killed. Ten survivors were rescued after being seven hours in a small boat, and were landed at Ymuiden.

MONTREAL SUBSCRIPTIONS HAVE REACHED \$17,806,500

Montreal, Nov. 14.—Including a subscription of \$8,000,000 from the Metropolitan Life Insurance Company of New York, which is being made direct to Sir Thomas White, minister of finance, the total subscribed to the Victory Loan in this city so far is \$17,806,500. The Mutual Life Assurance Company of Canada has subscribed \$8,000,000.

SAYS GERMANY HAD 12,500,000 RIFLES READY WHEN SHE STARTED WAR

Allentown, Pa., Nov. 14.—That Germany had laid in a store of twelve and one-half million rifles alone in preparation for the European war which she precipitated in 1914, whereas the sum total of all the Allies' guns was only four million, was the declaration of Dr. Talcott Williams of New York, at a meeting of United States ambulance service men at a dinner in this city last night.

THE CALL FOR UNITY

Party feeling is being aroused, and personal political ambitions are in evidence. Would these prevail if men paused to think of the very grave situation in France today, in regard to food supplies, and every battle front, because of the united and amazing strength of the Central Powers?

LAURIER LIBERALS IN HALIFAX SAY THEY WILL NOT COMPROMISE

Unionists Try to Reach Understanding With Them—Premier Borden to Speak Tonight

Halifax, N. S., Nov. 14.—Sir Robert Borden, prime minister of Canada, will deliver his first speech of the election campaign in the city market building here tonight. He will be supported by Hon. K. M. MacLean, minister of the interior, and without portfolio in the unionist government; Senator Lynch-Staunton of Hamilton, and local speakers.

Unionist forces were trying today to arrive at an understanding with the Liberals who last night selected Dr. Blackadder and G. A. MacLean as Laurier-Liberal candidates. These Liberals firmly announced today that there would be no compromise now that the election was officially in the field. It is hoped by unionists that there will be no necessity for a contest in Halifax and that at tonight's meeting candidates acceptable to both factions can be announced.

Those who contend that an election here is inevitable dispose of the Halifax situation as follows: Premier Borden or Hon. K. M. MacLean and Mr. Martin, unionist candidates, and Dr. Blackadder and G. A. MacLean, Laurier-Liberal candidates, will be offered the nomination in Queens-Shelburne by the suggestion of Hon. F. B. McCurdy, who was declared selected as the Conservative candidate, but it is agreed that Mr. MacLean will decline and may run in Kings county, though friends of the minister are being urged to support him with telegrams to accept the Conservative nomination there.

Montreal, Nov. 14.—Alphonse Bernier, one of the young and energetic members of the Liberal party, is reported to be as far from clearing as ever. Last night a conference was held between committees of five from the Liberal and Conservative associations, but nothing came of it, according to the statement made today. No names of possible candidates were mentioned at the meeting.

POLITICAL SITUATION IN YORK-SUNBURY

Fredrickton, N. B., Nov. 14.—The political situation in York-Sunbury appears to be as far from clearing as ever. Last night a conference was held between committees of five from the Liberal and Conservative associations, but nothing came of it, according to the statement made today. No names of possible candidates were mentioned at the meeting.

ASQUITH TO ASK LORD GEORGE ABOUT SPEECH RE "BLUNDERS"

London, Nov. 14.—Premier Lloyd George will be asked in the House of Commons today in regard to his speech of a statement in regard to his allies in the past in the conduct of the war. The premier is expected to be present, but will defer a statement until later, when an opportunity will be given to the house to discuss it.

FRED OF BLAME IN CONNECTION WITH DEATH

Montreal, Nov. 14.—George Stevenson, weighman in the employ of the Canadian Rolling Mills, has been acquitted by Judge Casson of any responsibility for the death of Pashale Fratte, an employee of the Canadian Rolling Mills, who was killed by a C. P. R. train a week ago. He and Conductor William Horstey, of the train in question, were arrested in connection with the fatality. Conductor Horstey's case was adjourned till Friday.

FRAWLEY RING LAW IN EFFECT TONIGHT

New York, Nov. 14.—Legalized gaming in New York state will go out existence tonight, when the Frawley law will become in-operative. Private boxing exhibitions, however, may be held before clubs under the former membership system, which prevailed before the Frawley law was passed.

APPOINTMENT FOR MAJOR J. M. MAGEE

It is rumored in military circles that Major J. M. Magee, D.D.S., of this city, who has been for some time the officer commanding the dental corps for military district No. 6, has been recommended for the appointment of assistant director of dental services for military district No. 7. Major Magee has taken on active part for more than a year and through him the Dental Corps for M. D. No. 6 was organized. The appointment for which he is named is a good one and one which he has well learned.

Kerensky Winning; the Russian News Better

London, Nov. 14.—The Finnish Telegram Bureau says the whole of Russia except a small part of Petrograd is now in the hands of the provisional government. The provisional government referred to is the government of Premier Kerensky, which the Bolsheviks attempted to overthrow.

Kerensky in Petrograd? Stockholm, Nov. 14.—Premier Kerensky has entered Petrograd, according to a despatch received from the Copenhagen Telegram Bureau. The news agency at Harparanda, on the Russian border, Premier Kerensky is now in Petrograd and has taken up the entire city, the announcement of the Finnish Telegram Bureau says.

London, Nov. 14.—The Finnish Telegram Bureau says Moscow is the headquarters of the provisional government, and that Premier Kerensky has issued orders from Moscow which have appeared in the Petrograd, as well as the Helsinki newspapers, which have been indicating that the Bolshevik movement is nearing its downfall. General Kaledin, the Cossack leader, is reported to have been driven from the orders of the provisional government are signed by M. Kerensky, General Kaledin and General Korniloff.

The Finnish Telegram Bureau's advice to closely parallel the despatches received on Sunday and Monday asserting that Premier Kerensky had overthrown the Bolsheviks as to suggest that he may be a delayed version of the same reports, which were contradicted by the Copenhagen Telegram Bureau from Petrograd that the Kerensky forces had been defeated in a battle near Tsarskoe Selo.

London, Nov. 14.—The arrival of Premier Kerensky in Petrograd, accompanied by troops, is reported by the Copenhagen Telegram Bureau to have taken place at Stockholm at four o'clock yesterday afternoon, Premier Kerensky defeated the Bolsheviks at Tsarskoe Selo. The Cossacks are reported to have defeated the Red Guard. The telegraph lines are now in M. Kerensky's hands, so the telegram bureau reports.

For the last three days reports have been coming in from Scandinavian sources of the Bolsheviks; but they have been contradicted by wireless despatches from Petrograd. This is the third time that an account has been received of a battle at Tsarskoe Selo, a Kerensky victory having been reported twice and a Bolshevik success on the other occasion.

HOUSE WELL PLEASED WITH SPIRIT OF CO-OPERATION

London, Nov. 14.—Col. E. M. House, head of the American units, addressed the members to a conference yesterday and received reports on the progress of their deliberations with their British colleagues. He expressed himself as pleased with the fine spirit of co-operation manifested.

WHITE-WISHART

A pretty wedding took place at the home of Mrs. Allan O. Crookshank this morning when her niece, Miss Alice Maud, daughter of Allison Wishart of Halifax, was united in marriage to William Oscar White of Peterborough, Queens county. Rev. J. A. MacKeigan officiated. The bride's twin sister, Miss Nora Wishart, was bridesmaid, and her cousin A. R. Crookshank, supported the groom. The bride, who was given away by her father, was dressed in an African brown costume, a brown velvet hat with light feather trimming and carried a bouquet of white roses. Only the immediate relatives were present. After the ceremony a luncheon was served in the dining room. The bride and groom returned to the station and left on the C. P. R. for a short honeymoon trip. The bride received many beautiful presents, among which was one from her sister, Nurse Joyce Wishart, now overseas, an embroidered table scarf worked by one of her wounded patients, a one armed soldier. The groom's present to the bride was a gold wrist watch.

CONNOLLY-McLEAN

A pretty wedding took place in Holy Trinity Church this morning when the pastor, Very Rev. J. J. Walsh, V. G., who was celebrant at nuptial mass, united in marriage Miss Billie McLean and Joseph V. Connolly, both of this city. The bride looked charming in a tailor suit of Burgundy broad cloth with hat to match and carried a white prayer book. She was attended by Miss Ellen Connolly, sister of the groom. Robert Findlay acted as best man. Following the ceremony a dainty wedding breakfast was served at the home of the groom's parents, 487 Chesley street. Mr. and Mrs. Connolly, who were the recipients of a large number of beautiful presents, will reside at 555 Chesley street.

Relief Work in Roumania

Washington, Nov. 14.—The American Red Cross war council yesterday announced the appropriation of \$2,250,000 for relief work in Roumania.

Italian Armies Far From Being Beaten

Washington Receives Cheery Cable From French Ministry — Piave Line Holds, But Fighting Severe

Washington, Nov. 14.—France's confidence that the Teutonic drive into Italy has been stopped is expressed in a cable despatch to the French embassy. "The Germans have greatly exaggerated the importance of the Italian defeat," says the statement. "In reality the Italian armies are far from being defeated."

Italian Headquarters in Italy, Tuesday, Nov. 13.—(By the Associated Press)—The Piave line still holds in the main against heavy and continuous artillery fire from the eastern bank and the efforts of the Austro-Germans to cross the stream. These efforts have not taken the proportions of a general movement, but several battalions crossed the river on pontoons near Zenson. The Italian artillery concentrated its fire on the raiding parties, either destroying them in the mid-stream or pushing them back on the river bank. The fighting here was desperate and sanguinary. Men who have returned from the batteries along the Piave say the German fire is extremely heavy but from middle calibre guns.

Chief attention is now directed toward the eastern sector of the Trentino front where it runs across the Asiago plateau to the upper Piave river. The enemy is making demonstrations there which are either a diversion or a prelude to a heavy attack with the evident purpose of getting down into the valley toward Bassano and the plains below, thus separating the Italian army on the Trentino front from that on the Piave.

Reports indicate that the enemy is operating on four main fronts. An Italian aviator who made one of the last flights over Udine after it was evacuated says the city was damaged but little. The inter-armed council is considering measures for the adequate protection of Udine.

Italy Stands Firm. The spirit of the Italian people appears to be stiffening daily. The pride of the people has been deeply touched by recent events. There have been many calls at the American embassy to assure Ambassador Page that the nation will resist to the uttermost. "We have never made peace," exclaimed one prominent editor, "We may become homeless; we may starve, like the Belgians, but never peace."

Opening of Parliament. Rome, Nov. 14.—More than 600 senators and deputies have arrived in Rome from all parts of the country for the opening of parliament today. The prevailing talk is that the people of their constituencies are determined to support the government and the army to the fullest extent in resisting the invasion. Refugees from the occupied territory are pouring southward. They are receiving assistance everywhere.

German Report. Berlin, Nov. 14, via London.—The capture by Austro-German forces of the towns of Fimolano, in the Sugana Valley, and Feltr, west of the Upper Piave river, is announced today by army headquarters. Only artillery fighting is reported along the Piave river.

BURIED TODAY

The funeral of Mrs. Robert Stevens, who died in Moncton and whose body was brought here for burial took place this afternoon, on the arrival of the Maritime Express, from the I. C. R. depot. Services were conducted by Rev. H. A. Coady and interment was made in Fernhill.

The funeral of Mrs. William E. Myles took place this afternoon from her late residence, 88 Exmouth street. Services were conducted by Rev. Dawson. Interment was made in Fernhill.

SASKATCHEWAN LEGISLATURE

Regina, Sask., Nov. 14.—Beyond the formal opening, little business was transacted at the legislature yesterday afternoon. Dr. R. M. Mitchell was re-elected speaker.

HE GAVE HIS LIFE

A letter from the harbor master addressed to the council advised an increase of wharfage rates to equal those of Halifax, to take effect on some lines on January 1, 1918, and on general cargo, for the winter of 1918-19. The increase recommended included molasses 1 1/2 cents; 7 to 15 cents; dices 5 to 10 cents; barrels, 2 to 5 cents; salt, 1 to 2 cents a sack; general cargo, 1 1/2 to 2 cents a ton; grain, 1 to 8 cents a ton.

In reply to a question, Commissioner Russell said that the deputy minister of marine and fisheries had said he would not approve an increase of rates in St. John; he had objected to an increase in Montreal.

Mr. Chesley said that the Montreal harbor commission was under control of the marine department as the minister had the appointment of the commissioners.

Commissioner McLellan expressed surprise, saying that he had thought they were independent. He prayed to be saved from similar control in St. John. He pointed to the difference in this city, where the city had put up its own money for wharf construction. He believed the wharves, as every other department, should be self-sustaining, particularly as they were not of permanent construction.

In reply to Commissioner Russell, Mr. Chesley said he could not say how it would affect railway shipments via this port; he thought the increases should be made.

Commissioner Wigmore said he was convinced the rates should be increased. The steamship companies were making more money than ever before, and he did not think they would worry over the increase; in fact, some of their officials had expressed surprise that the rates had not been increased. He did not think they would worry over the increase. (Continued on page 2, seventh column.)

ALL GOES WELL WITH VICTORY LOAN IN CITY AND PROVINCE. (Continued from page 1.)

The Maritime Loan Company has announced that a plan has been adopted for aiding employees in their purchases.

The C. P. R. is dealing with this plan with the system that marks all the operations of the road. The company will buy bonds for all its employees who wish to collect the amount at the rate of ten per cent of the total from the monthly wages.

The McAvity & Sons, Limited, have adopted the plan of financing subscriptions of their employees, enabling them to purchase bonds by paying a certain amount each week. This plan, if generally adopted, by all the employing concerns of the city, will not only greatly facilitate the work of the canvassers but make it possible for every employee to buy at least one bond.

The appeal and the response is universal was shown by an incident which occurred at the headquarters yesterday. A small boy, whose appearance indicated that he belonged to a family in very moderate circumstances, entered the office and announced that he wanted to buy a Victory Bond. To show that he had the funds, he produced from his pockets the sum of \$5, explaining that this represented his total resources but he wanted to help all he could. As tactfully as possible, the gentleman in charge explained that the smallest bond costs a total of \$50 before it is paid for and it was a deeply disappointed boy that left the office.

The habit of advertising to attract the attention of the citizens is a huge victory loan banner stretched across the foot of King street from the Western Union to the Bank of Montreal buildings.

Police and the Military Act. Commissioner McLellan drew attention to the provisions of the military service act, requiring the civil authorities to enforce its provisions. He regarded this as work that should be carried on by the militia department. To make it effective, he would require a police appropriation of half-a-million dollars for 1915. The chief of police had received instructions to enforce the act, but the commissioner had advised him not to proceed at present, as his force was inadequate. It was similar, he said, to the prohibitory act, which required the police force to enforce it without getting a cent. It would take 600 policemen to enforce the military service act in St. John.

The mayor remarked that he did not see why the city should be required to increase its force, and if large increases were necessary, the government should make good the cost.

Wharf Repairs. A lengthy report, prepared by the harbor engineer and wharf inspector, was presented, recommending repairs to old portion of No. 5 wharves, to cost \$12,000, and to railway trestle opposite it, for \$14,000. They were agreed that this would make the work perfectly safe permanently, and as effectively as a programme recommended by C. J. R. officials, which would cost \$10,000 for the trestle alone and, practically, the reconstruction of the shed and its foundations.

Commissioner Russell moved that the work, as recommended by the engineer, should be done by Kane & King at cost, plus ten per cent. With Mr. Adams as inspector, subject to the C. P. R. engineer approving the plan, and providing it would not interfere with the completion of Kane & King's contract within the specified time. The motion carried.

Mr. Russell and Mr. Adams withdrew and the committee resolved into council. The council approved of the committee's action.

Commissioner Russell reported construction on No. 5 wharves to the total value of \$33,000, and recommended a payment of \$5,980. In answer to the inquiries it was said that this would make the payments total \$23,980.

FARE WAS "SPARTAN" AT LONDON BANQUET

London, Nov. 14.—In view of the criticism which the decision to hold a Lord Mayor's banquet on Friday night aroused, the menu was cut down to a scale of simplicity such as was never previously seen at the Guildhall. It was set out as follows: Clear soup. Filets of sole. Casserole of partridge. Baron of beef. The "clear soup" was found to be, as usual, real turtle. Potatoes, baked "in the jackets" were the only vegetables. The sweets were ice cream and jellies. The only wine was champagne of three well-known brands. Food Controller Rhonda, who was stated to have accepted an invitation to the banquet was not present.

The Evening Times and Star

ST. JOHN, N. B., NOVEMBER 14, 1917

TONIGHT'S CONVENTIONS

Will the result of tonight's political conventions in St. John give pleasure to the St. John men in the trenches, or to Mr. Henri Bourassa? Will those who meet be thinking of the ladies who lie in hero graves in Flanders, or will they think only of the possibility of gaining a political advantage at home in Canada?

We hear some talk about opposition to union government being in accord with democratic principles. The real foe of democracy, however, is on the other side of the Atlantic, and would be delighted to learn that Canada had decided not to send any more men to the front.

St. John Liberals and Conservatives have something more serious to think about than their party differences. We have come to a crisis in the affairs of this country which can only be met in the right way by putting the war first and everything else away in the background.

Do Liberal supporters of Laurier say they have no intention of taking Canada out of the war? Are they satisfied with his war policy? Then they are satisfied with Mr. Henri Bourassa, who wants Sir Wilfrid Laurier to win, in order that Canada may be taken out of the war.

This is not a time for division but for union. The war news is gloomy. The food situation among the Allies in Europe is far more grave than people here who live in the midst of plenty are able to realize—and the worst has not been told. How pitifully small are personal ambitions and partisan squabbles in the face of the danger that threatens civilization itself.

Are we worthy of the man who died? Do we forget the graves in France and Flanders? Shall we desert the men we cheered when they gave up all to go and fight for us? If not, then in God's name close up the ranks and support the leaders who put the winning of the war first, in the words of a St. John soldier now in France—

"Let us win the war first. Then we will help to clean house."

THE WAR SITUATION

The situation on the Italian front is still critical. The Austro-Germans are making determined efforts to cross the Piava, but thus far have been repulsed. They have not yet, however, brought up their heaviest guns. They have four great armies engaged in the attempt to force their way into the plains of Italy.

Today's cables announce that a German attempt to recapture ground near Passchendaele from the British met with complete defeat. It is again reported today that Kerensky and the provisional government control all but a small part of Petrograd and are supported by the rest of Russia. Reports are still conflicting, however, and it is not yet clear that the Bolsheviks are completely defeated.

The German press is interested in the Bolshevik proposals for an armistice, but intimates that Germany will yield nothing to the Allies at the present stage. The whole war situation at the present moment, apart from the western front and in Palestine affords no ground for cheerful anticipations.

ANOTHER STRONG PLEA

The Society for the Prevention of Tuberculosis has passed a very strong resolution in favor of medical inspection in the schools. What more significant argument could be presented than their announcement that a number of children in the incipient stage of tuberculosis are under the care of the Dispensary. How many other children, similarly afflicted, are in the schools and their condition undiscovered?

The medical inspector in Halifax, in his report for last year, says:—"It is no boast to say that the medical inspection of the Halifax schools has been wonderfully best in its results. When the inspection first began the number of defectives found, particularly with defective sight, was startlingly large, probably twenty-five per cent. at least. Surely such a statement as this should rouse the citizens of St. John to action. Halifax last year voted \$500 to purchase glasses for children with defective eyesight whose parents could not afford the expense. When will St. John wake up?"

THE FOOD SHORTAGE

The food situation is put very clearly by Sir Arthur Yapp in these words of warning to the British people—"There will not be enough food for ourselves and our Allies unless the people of Canada and the United States deny themselves and eat less breadstuffs." The Toronto Globe, referring especially to the situation in France, says—"The minister of agriculture and food supplies explained recently how France stands in regard to the food problem. In normal times the soil of France is filled by eight million persons—about one-fifth of the population. Of this number war has claimed three million of the best men since August, 1914. To meet the emergency a quarter of a million men are returning to the soil, but this step comes too late to affect the

1917 crop. The harvest in half a century is the poorest in half a century. It is absolutely necessary for France to import large supplies of food to meet the abnormal shortage. British shipping will be called on to carry these supplies to French ports. France is no exception. In all European countries the wheat yield has declined by nearly one-half. Since the war began there are twenty-eight million fewer cattle, thirty-two million fewer hogs, and fifty-four million less sheep in Europe. The food shortage is greatly aggravated by the shortage of shipping.

A meat famine is threatened in England. What would happen if there should come a shortage of food supplies for the great armies in France and Flanders—or if the troops in England were forced to go short on rations? An independence visitor related the following to the reporter the other day, having just arrived on the Santa Fe Oil Filer from Kansas City: "A negro minister got on the train at Ottawa and between there and Independence he ate a whole chicken, four hard boiled eggs, four bananas, numerous bread and butter sandwiches, and drank a quart bottle of cold coffee. When I got off at Independence he was still eating. I believe some one ought to call for Mr. Hoover."—Kansas City Star.

MAKE THEM WORK

There is something radically wrong with our community life when, in a period during which there is a universal call to the highest service, and the highest ideals are held up to the people, and the blood of our sons is being shed in the sacred name of human freedom, there are to be found men, and especially women, in the police court charged with neglecting children and pandering to the lowest appetites and passions. So far as a certain class of women are concerned, there should be an institution in which they could be placed for a term and compelled to work. It would be good for them as well as for the community, and there should also be an institution for the men who have nothing better to do than peddle liquor or go about trying to get another drink. For several months after prohibition was enacted it appeared that the need for an industrial or prison farm had passed away; but such a place is still a necessity and ought to be provided.

Gen. Watson, commanding the 4th Division, says: "We in the army appreciate to the highest possible degree the splendid conduct and self-sacrifice of those gentlemen who, laying aside all hope of political advantage, have come out united for the single purpose of winning the war. With us in the army nothing else counts but this. No other issue is worth consideration save helping to bring about in the shortest possible time our complete and coming victory."

Food controller Hanna declares that the regulation regarding the use of beef and bacon in public eating places, and the substitution of other foods for white bread must be obeyed. That he is impelled to make such a statement is an evidence of the seriousness of the food situation overseas. In the United States meatless and wheatless days are being observed more and more by the people. Can Canada do less?

There would be no need of a referendum if Sir Wilfrid Laurier won the elections. No man would be sent to reinforce the Canadians at the front and war effort would gradually cease. Bourassa would see to that. How many Canadians outside of Quebec desire such a result?

Down with partisanship till the war is over should be the watchword at tonight's political conventions. There is more serious business to commend the people's attention. The casualty lists point out the path of duty. The thinning ranks of Canadian heroes must be filled or Canada wear the mantle of shame.

The defeat of the French cabinet comes at an unfortunate time, on the very eve of the inter-Allied conference. Frequent cabinet changes, however, do not imply any weakening of the spirit of the French people in regard to the war. But France needs food.

The Victory Loan is meeting with great success. It shows the people want to help to win the war. But Bourassa would drag them out of the war, and Bourassa says Laurier is his leader in the election campaign.

THE GRIM PRECURSORS

Should you, when round the fire at night The kiddies gather, pleading With glowing cheeks and eyes star-bright For fairy tales, proceeding To tell of giants gory, Or Princes in their glory, Find you forget the story—Then you are growing old!

Or when, beneath a Summer moon Young lovers wander, bending Youth's dream of life all rose-brewed With faith in love unending, If you, with gibes and scorning, Shall mock love's cloudless morning—Heed you the dismal warning!—Age makes the heart grow cold.

If you can see the folly now, Of bread and cheese and kisses; If you with wisdom walk, and bow To worldly counsel—this is Farewell to bold endeavor! When some one ought to call for Hoover, Know that for you, forever, Youth is a tale that's told!—Beatrice Barry, in N. Y. Times.

Appetite Like a Dromedary

An independence visitor related the following to the reporter the other day, having just arrived on the Santa Fe Oil Filer from Kansas City: "A negro minister got on the train at Ottawa and between there and Independence he ate a whole chicken, four hard boiled eggs, four bananas, numerous bread and butter sandwiches, and drank a quart bottle of cold coffee. When I got off at Independence he was still eating. I believe some one ought to call for Mr. Hoover."—Kansas City Star.

SISTER'S ACTION FOR HEAVY DAMAGES

Sensational Case Being Heard in Kingston, Ont.

Alleged Abduction From Orphanage—Charges Made Against Management—Plaintiff Tells Part of Story on Stand

Kingston, Ont., Nov. 14—Clothed in her religious garb, Sister Mary Basil was the central figure in a moving court drama which was partially unfolded yesterday before an audience which filled the city hall. In a simple, direct manner the sister, calm and dignified, told part of her story of alleged assault and abduction.

Sister Mary Basil, who is a member of the Sisters of Charity, is suing Archbishop Spratt and others for \$25,000 for alleged assault, abduction, false arrest and imprisonment. Her evidence had been only partly taken when court adjourned.

The objections of the defence, the plaintiff's counsel succeeded in having an interesting report and letter submitted. The report, which had to do with affairs at the St. Mary's-on-the-Lake Orphanage, which the plaintiff alleged was connected.

The Sisters and nuns, said the report, lived in luxury, while they dragged the institution down into the mud. The report further stated that, in order that Frank McPherson, nephew of the plaintiff, might have a chance to make some money, the plumbing system, which had been installed at the orphanage only a few years, was torn out much against the advice of a Protestant foreman, and replaced, so the report stated, by an inferior system.

The report stated that a few days after she made the report she repeated to Archbishop Spratt the charges and criticisms set out therein. His Grace, according to the plaintiff, said that the nuns were largely to blame for any improper conditions that might be found to exist in the orphanage. The archbishop became angry as she pressed her criticisms and, finally, jumped off his chair. She told him, however, that if matters were not remedied, she would report to Rome. He said he did not care. A few days later the archbishop had a further conversation with her, and urged her not to write to Rome, saying that she did not, maybe he would do something for or give her something. To this she replied: "I want nothing from Your Grace. All I want is what the rules give me, namely, a bite to eat, clothes to wear, and decent treatment."

Nothing having come of the report, the plaintiff said she then addressed a letter to Archbishop Spratt, under date of May 9, 1916, in which she alleged that the mother superior exercised undue influence over His Grace. In the letter she urged the archbishop to discontinue his instructions, and to employ a square meal without fear.

gand to the affairs of the order. To nullify the action of the plaintiff, the defendants, so the plaintiff charges, entered into a conspiracy to defame her. On the evening of Sept. 14, she testified, she was assaulted and abducted by a man, who she identified as John Naylor, one of the local police, entered her room while she had only a light garment on, and with violence, threw her on the bed, where she was forcibly dressed in some cast-off garments, Sisters Mary Magdalene, Mary Vincent and Mary Alice assisting. She asked the policeman who had sent him, and he said it was the archbishop, and the said it was the archbishop, and the policeman chief of police had given him his instructions. The officer said they were going to take her to an asylum in Montreal, but she asked him if he thought she didn't act like it. She said she was forced to descend to an automobile waiting at the door. She said she had asked to see Father Mea, the chaplain, but was not permitted to do so, and as she was being dragged out of the door, she screamed, "Father Mea, Father Mea, I want to see Father Mea." Father Mea heard her cries and rushed to the door, clothed in bath robe and slippers. Father Mea, on learning that they were taking Sister Mary Basil to an asylum in Montreal, said he would accompany them, but he would wait until Father Mea dressed. The party then set out for Kingston Junction and on the way Father Mea's threat of appealing to the public on the station platform and, if this failed, to accompany the party to Montreal, when he would institute proceedings in the courts, caused a halt in the proceedings, and the plaintiff was finally returned to the orphanage. This concluded the evidence of the day.

FRIENDLY RECEPTION BY BERLIN PRESS The Russian Maximalists' Peace Manifesto—A Bulgarian Opinion

Berlin, Nov. 13, via London, Nov. 14.—The Berlin press generally gives a friendly reception to the peace manifesto of the Russian Maximalists. The Vorwarts, the Socialist organ, and the Germania, the Catholic organ, both raise

the question as to whether the Bolshevik will retain the power in Russia. The question as to whether the Belgians are ready for a three months armistice for the purpose of discussing peace, the Vorwarts says, can only be answered by the German government affirmatively, declaring at the same time that it does not intend to annex or consent to annexation at Germany's cost. Whatever Germany has to say concerning annexations, it adds, is contained in the Reichstag resolution of July 19, and in the German reply to the Pope. The Vorwarts continues: "German Socialists do not accept all the theories of the Bolsheviks, but recognize them as Socialists and comrades. Therefore, they gladly receive the Bolshevik offer as worthy of socialism and most promising." A temporary cessation of hostilities between Russia and the Central Powers, the Germania says, would bring peace nearer. It adds that Germany and Austria-Hungary would promptly agree to a limited armistice as proposed, and that Russia's allies could not escape the effects of such a step. Amsterdam, Nov. 14.—Aroused apparently by the Maximalist peace offer, the Mir, of Sofia, organ of the Bulgarian national party, says that the Bulgarian cannot permit themselves to be troubled by the declarations of Russian illusionists or the Dutch-Scandinavian committee. It adds: Bulgarians are completely unanimous that Bulgaria's future imperiously demands the possession of Dobruja to the mouth of the Danube river."

THINKS COMMANDERS WILL NOT FAVOR IDEA OF THE WAR COUNCIL London, Nov. 14.—In a review of the proposed war council, the military correspondent of the Times says that the desirability for the closest co-operation is self-evident, and has already been recognized by the allies, but he is not enthusiastic for the plan as explained at present. Among other points he contends that the purview of the council should embrace all of the fronts, not only the western. He says also that the advisory committee must contain navies as well as military representatives. The writer maintains that commanders in the field will disapprove of attempts by the committee to interfere with their plans, and believes that if their opinions regarding the council could be made known they would be wholly unfavorable to it.

**ARMENIAN GIRLS ARE SOLD FOR 80 CENTS**

Sisters Taken Because Mother Could Not Pull Out Their Eyes

New York, Nov. 14—A mass meeting here raised \$75,000 for Armenian and Syrian relief, after Henry Morgenthau, former ambassador to Turkey, and other speakers, had described the sufferings of the stricken people. Mr. Morgenthau declared that Armenians were taken out in boats and drowned in large numbers. He estimated that nearly 1,000,000 Armenians and Syrians have been slain by the Turks since the war started. Hundreds of Turks, Mr. Morgenthau continued, are engaged in trafficking in girls, whom they kidnap from their homes and sell to Turkish army officers for approximately eighty cents each. Rev. Dr. Stephen H. Wise, another speaker, declared that Turkey would never learn the lesson that a people cannot be destroyed.

Mosheh Borprian, a seventeen-year-old Armenian refugee, who said he was the sole survivor of 500 Armenians deported from one village, declared that his mother had married the features of his two sisters in the hope that they would not attract the attentions of Turkish officers. The sisters were taken, however, he said, because the mother could not harden herself to "pull out their pretty eyes."

**NEWS NOTES ABOUT PROMINENT BAPTISTS**

(Maritime Baptist.)

During September and October Rev. D. H. MacQuarrie welcomed thirty-two members into the fellowship of the United Baptist church of Brookfield, Queens county, N. S. Twenty-nine were received by baptism.

Rev. G. W. Swin will be the preacher at Lewisville, N. B., the last three Sundays in November. The church is looking forward eagerly to the coming of the new pastor, Rev. S. W. Slackhouse, early in December.

The Maritime Synod extends congratulations to Rev. and Mrs. John A. Swinman. A boy arrived at the Springs yesterday on last Saturday, when a warm welcome awaited him.

Rev. D. Patterson has completed his work as pastor of the Baptist church, but is continuing as supply until another pastor is secured.

Rev. P. R. Hayden, who was called to the Annapolis pastorate to succeed Rev. L. F. Wallace, has been prevailed upon by the people on the Oxford field to reconsider his decision.

Rev. A. J. Vincent and family were officially "welcomed" by the Main street church, Sackville, on November 2. The work is opening up with great promise. Pastor Vincent preaches with his usual straightforwardness and evangelistic earnestness, and the people flock to hear him. Results are already apparent, six candidates having been baptised on October 28, while others are expected.

Among the casualties recently reported is the death of Lieut. G. P. O. Fenwick, killed in action on October 31. This early and tragic ending of a promising career will be keenly regretted by a wide circle of friends. His boyhood home was at Apohaqui, but he enlisted at Edmonton, Alta., where he had established a remunerative law practice. He was a brother of Rev. L. A. Fenwick, of Jacksonville.

The Inmanville church, of Truro, has succeeded in inducing Rev. Brie D. Knott to break the pastoral relations which have so long continued between himself and the people of Mahone Bay. He will be greatly missed from Lunenburg county, and especially from the Western Association, of which he has been for years the faithful and efficient clerk.

We have read with much interest, a pamphlet read before the Nova Scotia Institute of Science by Robt. W. Tufts, of Wolfville. The author modestly terms it "Notes on the Birds of the Grand Pre Region, Kings County, N. S." It is, however, an exhaustive study of the birds of that region, and will long continue to be, we venture to say, the final word in regard to the subject. The author is a son of Prof. J. F. Tufts, of Acadia.

The Danforth Avenue Baptist church, of Toronto, is enjoying great prosperity under the pastoral leadership of Rev. M. A. MacLean. During the last four years the membership has increased one hundred per cent. More than sixty young men have joined the colors. Yet in spite of this drain the finances of the church have steadily improved. The amount given for missionary purposes during the current year will exceed \$2,000. Pastor MacLean will be best remembered among us through his pastorate at Truro.

We regret to announce that Rev. P. C. Reed will no longer serve our constituency as editor of our Young People's column. He has resigned his pastorate at Hantsport, and will join the military Y. M. C. A. at Halifax. After a period of service there he hopes to be

The First Baptist church of Waterbury, Conn., is rejoicing in the completion of its new house of worship. The pastor of the church is Rev. Horace B. Sloat, a native of New Brunswick, a graduate of Acadia, of the class of '99. More than four years ago the old church

**MAJOR JUST IS A. D. M. S.**

Major Just, a native of Guysboro (N. S.), has been appointed A.D.M.S. (assistant director of medical services), for military district No. 7. He went overseas with the 4th Battalion from Sussex as medical officer of the unit. He has only recently returned from the front. His appointment to this military field is looked upon as a popular one and he will arrive in the city soon to take over his duties.

Colonel F. McK. Bell, who has been acting A.D.M.S. while New Brunswick was a part of military district No. 6, arrived in the city yesterday from Halifax. He is here in connection with the military hospital and the activities of the "K" unit. He will remain in the city for a few days and will proceed to Fredericton, the headquarters at present, of "K" unit.

Captain Heron, of the local headquarters staff, will leave today for Newcastle to inspect the detachment at the wireless station of that place.

The latest move on the part of the authorities at Ottawa is the authorization of garrison military police for the purpose of maintaining discipline in the troops at present stationed in St. John and those that will be here when the men of the first class under the M. S. A. are called out and in khaki. The formation of the garrison military police gives authority for the establishment of two N. C. O.'s with eleven men.

Orders have also come to headquarters

that more attention should be shown in respect to men saluting their superior officers and also more care exerted in respect to dress. The appearance of men and the question of proper saluting is looked upon in military circles as the foundation of discipline. The orders state that men should endeavor at all times to present a smart and soldierly appearance.

LOCAL NEWS ALMANAC FOR ST JOHN, NOV 14. A.M. P.M. High Tide... 11.14 Low Tide... 5.27 Sun Rises... 7.02 Sets... 4.02 Time used is Atlantic standard.

Mrs. David Hipwell presided at the regular meeting of the W. C. T. U. held yesterday afternoon and the sum of \$10 was voted to the Canadian Bible Society.

A. A. Wilson, returning officer for this city and the counties of St. John and Albert, has appointed enumerators for each district and they are making up the list of voters, including women entitled to vote.

A report on the War Trophies exhibit was read at a special meeting of the Loyalist Chapter, I. O. O. F., last evening in the board of trade rooms. It was decided to give three-quarters of the proceeds to the local Red Cross and the remainder to the Navy fund.

At the meeting of the International Longshoremen's Union, Local 810, last night, the members agreed to accept the wage schedule of last year, which consists of fifty cents per hour for night or day work and double time for Sundays and holidays.

Sergeant Puddy gave an illustrated lecture on Western Battlefields at an entertainment in Trinity church Sunday school last evening. Other entertainers were Messrs. Frisby and White and Private Logan, Gibbs and Johnston. The proceeds went in aid of the G. W. V. A.

Rev. G. F. Scovill occupied the chair and H. A. Porter acted as secretary at the bi-monthly meeting of the St. John Deacons' School Association of the Anglican church held in St. Paul's church school room last evening. Addresses were given by Archdeacon Crowfoot and Rev. G. A. Hiltz.

In order to discuss and arrange for an immense greater production movement next year, a delegation consisting of the warden, secretary-treasurers, chairmen of finance committees and one representative from each of the five districts is to meet at Fredericton on Tuesday next. H. R. McLellan and J. King Kelly are to represent St. John county.

Y. M. C. A. BOYS. William McIntosh delivered a most interesting lecture on the development of animal life at the High school class weekly Tuesday night supper last evening and a large crowd of boys was on hand. A meeting of the boys' work committee was held immediately afterwards. A. M. Grege read his report as boys' secretary of the institution. A marked increase in membership is noted over last year and instead of twelve Bible study groups there are now fifteen.

BUSINESS REASONS FOR THE C. V. L.

(By Sir Vincent Meredith)

The first duty of every loyal Canadian is to help win the war. It is well known that the money markets of the world are closed to all borrowers, and in order to provide the necessary funds from now on, supply our share of men and of munitions and to maintain trade activity with consequent prosperity in Canada, it is essential that the government should receive liberal subscriptions to its War Loans.

If the Victory Loan is not a success, its failure will react on the trade of the country very materially and directly or indirectly injure the interests of all Canadians.

The yield of the bonds is a very good one and they are exempt from income tax. If a man invests in any other security, he is liable to pay this tax and therefore the net income he receives from the Victory Bonds is greater than it looks.

The bonds can be sold at any time and their price is less likely to drop than the price of any other security. The possibility of taxation that will affect other securities is becoming greater all the time; therefore, viewed either from a selfish or patriotic standpoint, everyone should invest as much as he can in the Victory Loan.

Canada from now on must, with her own resources, carry on, and I have every confidence that the loyalty of her people can be depended upon in this as well as in all emergencies in these times of self-sacrifice and endeavor.

GERMAN MONEY HAS SLUMPED TO LESS THAN HALF VALUE

New York, Nov. 14—Wall street bankers have received cable advices stating that the exchange value of the German mark in the Holland and Switzerland markets has recently dropped to the equivalent of about ten and a half cents. The mint valuation of one German mark is 24 cents. Last March when the German exchange was last traded in the New York market four marks were quoted at 60 cents or about seven cents a mark.

B. C. INSURANCE COMPANY ABSORBED BY SUN LIFE

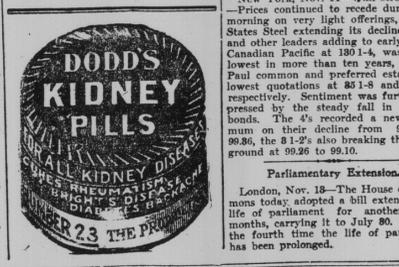

Vancouver, B. C., Nov. 13—It is announced here that the British Columbia Life Insurance Company has been absorbed by the Sun Life Insurance Company.

New Low for C. P. R.

New York, Nov. 14—Wall street noon prices continued to recede during the morning on very light offerings, United States Steel extending its decline to 80, and other leaders adding to early losses. Canadian Pacific at 190-1/4, was at its lowest in more than ten years, and St. Paul common and preferred established lowest quotations at 80-1/8 and 74-3/4, respectively. Sentiment was further depressed by the steady fall in Liberty bonds. The 4's recorded a new minimum on their decline from 99.80 to 99.26, the 8 1/2's also breaking the low ground at 99.26 to 99.10.

Parliamentary Extension

London, Nov. 13—The House of Commons today adopted a bill extending the life of parliament for another eight months, carrying it to July 30. This is the fourth time the life of parliament has been prolonged.

FALL OF FRENCH GOVERNMENT Now for Winter

First Time Such Action Has Been Taken by Chamber Since Beginning of War

Paris, Nov. 14—The Painleve ministry was defeated by a direct vote in the chamber of deputies yesterday, and later resigned. This is the first time such action has been taken by the chamber since the beginning of the war, as up to the present it has been a point of honor with many deputies not to vote against the government, but to express criticism by abstaining from recording their votes.

Strong dissatisfaction with the government's handling of the Bolo Pasha affair is believed to be the motive which changed the passive discontent to active opposition. Two other things thought to have had a part in the fall of the cabinet were the premier's statement exonerating M. Malvy, the former minister of the interior, and the fiasco attending the prosecution of the Action Francaise, edited by Leon Daudet, the accuser of M. Malvy.

The ministerial crisis comes on the eve of the inter-allied conference here and every effort will be made to settle it quickly. President Poincare was to begin consultations with political leaders this morning.

SAYS THAT JAPAN CANNOT SEND ANY TROOPS TO EUROPE

Tokio, Nov. 14—Lieutenant General Oshima, minister of war, informs the Japanese newspapermen that the despatch of troops to Europe is an absolute impossibility owing to the tremendous cost and lack of tonnage.

Baron Takahashi, former minister of finance, in a lengthy article in the newspaper declares the Japanese army is deficient in ordnance and airplane equipment.

FORD'S STEEL PLANT A MILE IN LENGTH

An idea of the vastness of the great smelter plant in course of erection by Henry Ford & Son Co. can be gained when it is said an automobile speedometer shows it to be exactly one mile from one end of the works to the other.

The present programme is to have the motor building, calculated to produce 3,000,000 tons of steel a year and give employment to 20,000 men, in operation on New Year's Day, 1920.

None of this steel is to be marketed, as Ford will be obliged to work the smelters to their utmost capacity to produce a sufficient output to supply its own needs for automobiles and tractors.

During the fiscal year ending July 31, 1919, Ford will have produced 800,000 cars in which will be used 400,000 tons of steel for frames, motors, axles, etc. The steel used for magnetos, metal for tanks, sheet metal for fenders and for guards, should hit the 1,000,000-ton mark in 1920.

Tractor production is planned for 1,000,000 yearly. Farm implements take more steel and iron than automobiles so that Ford tractors will probably call for something like 8,000,000 per year—leaving nothing for other consumers.

\$1,130,000,000 FOR ALLIES

Washington, Nov. 13—A loan of \$1,130,000,000 to France to cover expenditures in this country during November and December was made today by the treasury. This makes the total credits extended to France \$1,180,000,000, and the total of loans to all the allies \$3,736,400,000.

LONDON STOCK MARKET

London, Nov. 14—The Italian and Russian situation made dealers cautious on the stock exchange today and prices were inclined to drop, only specialties like shipping, iron, steel and rubber shares showing any strength or activity. Argentine rails and Russian issues were easy. Scandinavian bonds were strong following a decline in exchange rates. Money and discount rates were quiet. The sales of treasury bills last week bring the total amount outstanding to more than one billion pounds.

BREAK IN CORN MARKET

Chicago, Nov. 14—Decided setbacks took place in the price of corn today owing chiefly to weakness in the New York stock market. Bearish inferences from statements issued by the food administration tended to increase bearish sentiment. Opening prices, which ranged from 8-5/8 to 13-5/8 lower with December at 1.20 and May at 1.15-5/8 to 1.16-1/2, were followed by material further breaks.

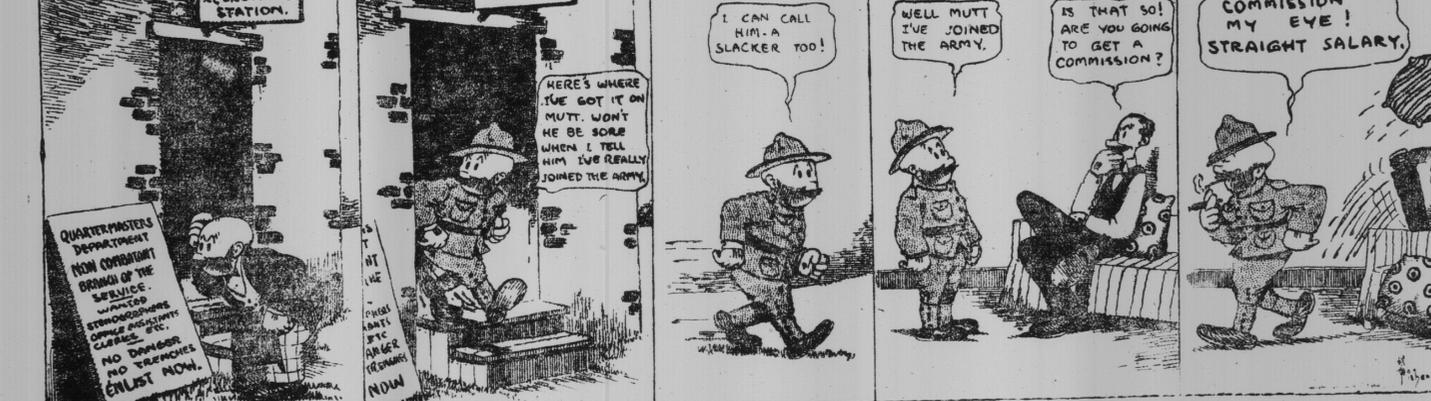

ON INSPECTION TRIP

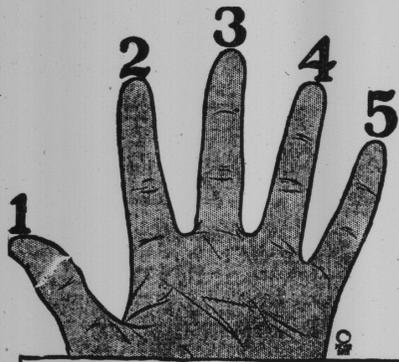

Colonel J. H. Cameron, of Toronto; Colonel J. D. Courtney, of Ottawa; Colonel Robert Wilson, of Montreal, and Colonel Donald McGillivray, of Toronto, arrived in the city last night on their coast to coast tour of all hospitals under the command of the Military Hospitals Commission in Canada. They will leave this evening for Fredericton, where they will inspect "K" unit's headquarters there.

**NEED PAID GENERAL SUPERVISOR FOR LOCAL PLAYGROUND WORK**  
Annual Meeting of Association Held Last Evening—Members Discuss Problems and Plans

The annual meeting of the Playgrounds Association was held last evening in the Y. M. C. A. with the president, Mrs. W. C. Good in the chair. In her annual address the president reviewed the year's work and spoke of future needs. She stated that a paid general supervisor be secured for playground work next year, that more encouragement be given to basketball and other hand-work, and that prizes be offered for physical exercises. She urged the need of clubs for younger girls than are formed at the present Girls' Club, and a better club home for the boys. Her thanks were tendered to all who had worked so earnestly through the year, and feeling reference was made to the death of Richard J. Walsh. Mrs. Good said in connection with the enthusiasm of the late Mabel Peters and her splendid work for the children had been an inspiration to her, and she gladly paid tribute to the memory of one who had done so much to establish the playground movement.

The president's report was referred to the incoming executive. The report of the secretary, A. M. Belding, was also read:

**Secretary's Report.**  
Mr. Belding reported that, with a civic grant reduced from \$4,000 to \$2,000, the Playgrounds Association was compelled this year to limit its expenditure, but the usual activities were carried on, and those on the supervised playgrounds in summer were even more successful than in the preceding year.

We have to report, however, that the city lost another and about the last of its playgrounds for boys this year, when the baseball diamond at the foot of Hanover street, so kindly placed at our disposal for several years by Mr. Frank L. Peters, was converted into a shipyard. There is now no playground worthy of the name in St. John.

Supervised playgrounds were conducted as usual last summer on the Carleton, Allison, Centennial, Aberdeen, Alexandra and Bentley street grounds. The supervisors were Misses Hoffer, Turner, Colwell, Howker, MacDonald and Hazel Smith; and the assistants Misses Morrison, K. Smith, Fawcett, Berwick, Landy and Trentowsky. The teachers got together before the season opened and established a working agreement that was of mutual benefit. The average daily attendance at the six grounds was close to a thousand children, the Allison, Carleton and Aberdeen each having an average of more than two hundred per day. In addition to the usual games, physical drill and other outdoor activities, basketball and kindergarten work were carried on, and a fine exhibit of work prepared for the formal closing. This was held on the Barracks Square after a march of the children through the streets with a band, and a programme of musical drill, marches, waltz drill and physical exercises was carried out, along with a game of baseball by the boys. The hand-work was exhibited in a marquee and was greatly admired by the citizens, who were also highly pleased with the outdoor exhibition, showing as it did how carefully the teachers had trained the little ones.

The Boys' Club was successfully conducted last winter, and the Y. M. C. A. rendered valuable assistance in sending young men to give physical drill at the club; but especially by taking our boys in groups and giving them the freedom of the swimming pool and shower, with exercise on the gymnasium floor. This was greatly appreciated. Weekly feasts and entertainments were given to the boys by various organizations. The club now has an excellent library. Last spring a working boys' baseball league and also a junior league was formed. The former played for a time, but broke up when the Peters playground was taken for a shipyard. The smaller boys played nearly every week evenings throughout the season, and the members of the first and second teams were awarded prizes, formally presented by Mayor Hayes. It was the best baseball season the boys have had. The club room has now been open again for several weeks, and the enrollment to date is 117. I need hardly say that the executive should give a good deal of attention to the club for the balance of the season. The excellent Harry Scott, has proved himself invaluable, as the boys know and respect him; but there is a work for many others to make the club of the most benefit to its members. This club has an honor roll of more than thirty names of former members who have gone to the front.

The most important change in the affairs of the Girls' Club was the transfer of the Travelers' Aid to the newly organized Y. W. C. A. committee, which opened rooms in Union street, engaged Miss Hoyt, and since July has been carrying on the work with much success. Some time later, because of the necessity for reducing expenses, the services of Miss Pitt, secretary of the Girls' Club, were discontinued. The club rooms were reopened this fall, but the work of organization for the winter has not yet been completed. The present premises are under lease until May next. The location is not well suited for the work of such a club, and if the Y. W. C. A. is in a position to take up the work after this winter it might be the best solution of the whole question, leaving this association free, if financially able, to make an experiment in social center work in some section of the city. Rockwood Park Grounds.

The loss of the Peters playground emphasizes more strongly the need of converting the area at the entrance to Rockwood Park into a playground for the boys and girls of the city. Since a former governor-general turned the first sod of what was to be a great recreation field, and the city constructed a great sewer for drainage purposes, nothing has been done. During the last summer Mr. John Woods, of the agricultural department at Fredericton looked over the place to consider the question of drainage, and more recently the deputy minister, Mr. W. H. Beck examined it, and has promised to come again and take some levels and advise as to the best method of drainage. That is the first problem to be solved.

The matter of leveling the surface could then be taken up, and the great field laid out as a recreation ground with room for baseball, football, tennis, cricket and a running track. The year 1918 should witness a practical beginning of the use of this field. The Rotary Club

is interested in this matter and will assist.

The executive has held regular monthly meetings throughout the year, but the attendance has not been as large as it should have been. The year now opening will be a very important one in the history of the association and a strong and faithful executive is essential to success.

The board sustained a very severe loss during the year in the death of Mr. Richard J. Walsh, who was an active, intelligent and deeply interested member, always ready to serve the interests of the children of the city.

The thanks of the association are due to the city council, the Y. M. C. A. and many friends who have shown practical sympathy during the year.

This report was adopted. Mrs. Geo. Dishart, the treasurer, submitted her report, showing receipts from all sources \$4,146.64, and expenditure \$4,129.54, leaving a balance of \$17.10. There is, however, a balance of \$531.40 due from the city's grant of \$2,500, which will aid in carrying on the winter's work.

**Election of Officers.**  
The election of officers was next taken up and Mrs. Good was re-nominated by Hon. R. J. Ritchie for the office of president. She explained that it would not be possible for her to assume so much responsibility this year, though willing to assist in every way possible. After several others had declined, A. M. Belding was nominated and finally accepted, Hon. R. J. Ritchie becoming vice-president and Mrs. Good consenting to become secretary, with Miss Goodwin as assistant. Mrs. Geo. Dishart was re-elected treasurer, and E. B. Jones and W. B. Tennant auditors.

H. S. Culver spoke briefly, pledging himself to do all in his power to aid in the work for the coming year.

The following were elected additional members of the executive: Mrs. N. C. Scott, Mrs. W. E. McIntyre, Mrs. J. E. Secord, Mrs. A. M. Belding, Mrs. J. H. Doody, Mrs. H. C. Grout, Mrs. D. P. Chisholm, Mrs. R. A. Corbett, Mrs. F. E. Holman, Mrs. O. S. Flagg, Miss Parks, Miss Leavitt, M. E. Agar, H. S. Culver, Geo. E. Day and R. E. Armstrong.

**PRESBYTERIAN LAYMEN FROM AN ASSOCIATION**  
The president appointed the following committees: Boys' Club—Hon. R. J. Ritchie, Mrs. Doody, Mrs. Belding, Mrs. Grout, Mrs. Good, Misses Parks and Goodwin, and Messrs. Culver, Tennant and Nobles. Girls' Club—Mrs. N. C. Scott, Mrs. Holman, Mrs. O. S. Flagg, Miss Parks, Mrs. Secord, Mrs. McIntyre, Miss Leavitt, and Misses Agar and Jones.

These committees will organize at once for active work. Thanks were voted the Y. M. C. A. for its kindly co-operation through the year. The new president outlined the important work of the year and the meeting adjourned.

Reports Indicate That City Must Spend Considerable Money Immediately - Weekly Council Meeting

At the regular meeting of the city council held yesterday afternoon, Commissioner Russell reported that he had, in company with Mayor Hayes and officials of the C. P. R., made an inspection of work along the harbor front on the west side on Monday afternoon. The C. P. R. men were satisfied with the work being done by Kane and Ringwood. They do not believe, however, that the work on the foundation of No. 5 shed is satisfactory, and the outside wharf at sheds 6 and 7 needs some repairs. Considerable objection was taken by the company's representatives to the piling at the old trestle from Union street out. It was claimed that about 200 new piles costing \$15 each or \$3,000 in all would be required.

Asks for Engineer's Report. This brought up considerable discussion during which Commissioner McLellan claimed that if the C. P. R. found that the city was willing to go ahead spending money, that company will

SUFFERED TERRIBLY WITH HER HEART Would Wake Up Smothering

The terrible smothering and choking up sensations and sinking spells, feelings of dizziness and faintness that come over those whose heart and nerves are deranged causes the greatest distress of both mind and body. Milburn's Heart and Nerve Pills give prompt relief and effect a complete cure in cases of such severity. Mrs. A. M. Powell, Norval Station, Ont., writes: "I cannot speak too highly of Milburn's Heart and Nerve Pills. I suffered five years with my heart and nerves, but the last two years I have suffered terribly. If I went to bed I would wake up as if I were smothering. I did not get one night's sleep out of seven. I got so very weak that the doctor was called in, and he said it was my heart, and that I must take great care of myself. I saw your advertisement in your Almanac for Milburn's Heart and Nerve Pills, and said I would try them. I have only taken two boxes of them and I feel a new woman. I will recommend them to anyone afflicted with heart trouble." Milburn's Heart and Nerve Pills are sold in all dealers, or mailed direct on receipt of price by The T. DO YOUR EARS RING WITH HEAD NOISES?

Tells Simple, Harmless Way to Overcome This Trouble at Home and Improve Hearing 100 Percent in Many Instances

Thousands of people are constantly troubled with buzzing, ringing, rumbling or hissing noises in their head and ears, are hard of hearing and fear the day when partial or total deafness may be their lot. Such cases, even though of long standing are not hopeless as a simple home prescription used daily has shown it possible in many instances to overcome the head and ear noises in less than ten days and to restore clear, distinct hearing in less than thirty. Get from any druggist 1 oz. Parmit's (double strength) which costs about 90 cents. Take this home and add to it 1-4 pint of hot water and 4 oz. granulated sugar. Stir until dissolved and then take one tablespoonful four times a day. Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear in the treatment of catarrh people who suffer from head noises or defective hearing should be certain to get it in the special (double strength) form especially designed for treating such cases.

FACE NOTHING BUT RUNNING SORES FROM ECZEMA

No rest day or night for those afflicted with that terrible skin disease, eczema, or, as it is often called, salt rheum. With its unbearable burning, itching, torturing day and night, relief is gladly welcomed. There is no remedy like Burdock Blood Bitters for giving relief to such sufferers; no other remedy has done, or can do so much for those who are almost driven to distraction with the terrible torture. Apply it externally and it takes out the stinging, itching and burning, and promotes a healthy healing. Take it internally and it gets at the source of the disease in the blood, and completely and permanently drives it out of the system. Miss Mary Chambers, Anagnone Ridge, N. B., writes: "I used Burdock Blood Bitters for eczema. I had it when an infant, but it left me. Two years ago it came back. I used doctors' medicine but it did good only while I used it. At last my face was nothing but a running sore. I saw in the paper what B.B.B. did for people. I took it, and today I am free from that terrible disease." Manufactured only by The T. slightly continue to ask for more expenditure. He suggested that before any more money was spent, that the city engage a competent engineer to go over the work and not depend on the report of the company's engineer.

"The wharves have not been kept up and are gone. It would pay to get a city engineer. He would save his salary many times over," concluded Commissioner McLellan. Commissioners Fisher and Wigmore agreed that the city should not go ahead and expend the money asked for until a report had been made on the work. Commissioner Fisher thought it strange that the C. P. R. should have been satisfied while the work was in progress and had now changed its opinion in the matter.

The mayor stated that John Adams was now looking over the work and that he with J. C. Chesley and the harbor master would be at the council meeting this morning when the matter would be gone into.

The report from the committee of the whole council to the effect that the estimate for the repairs and reconstruction of the dock building on the western side of the harbor known as No. 5 shed, together with the railway trestle at the northern side thereof, has been increased to the sum of \$55,000, was received. The committee recommended that the council approve of the work and its estimated cost. This report was passed by the council.

Permission was given to the proprietors of the Clifton House to erect a wooden porch for winter use, at its Germain street entrance on condition that it did not encroach on the sidewalk.

An application of the Canadian Brush Company for the lease of a lot west of those which it now uses, was referred to the commissioner on lands.

The N. B. Automobile Association has written to the council asking that "silent policemen" be erected at the busy corners about the city. This was referred to Commissioner McLellan's department.

Lieut. J. Kaye wrote to the council on behalf of the military authorities asking for free water at the military quarters. This was referred to the water and sewerage department.

Ex-Chief of Police W. W. Clark asked for a refund of \$14.75 taxes, claiming that he is not now a resident of the city. The mayor and city solicitor will look into the matter.

J. J. W. Campbell applied for the position of city engineer, and his application was referred to Commissioners Russell, Fisher and Wigmore.

C. H. Peters & Sons asked the city make good damages to the extent of \$40 caused by collision of their automobile with the city chemical cart. The matter was referred to the commissioner on public safety.

A communication was received from the Union of Canadian Municipalities advising the more general use of fish by the public, the council included. This was placed on file. The expenses of the district commissioner, amounting to \$2,500, were ordered paid. The council adjourned to meet at 11 o'clock this morning.

A CREAMY LOTION MADE WITH LEMONS

Prepare a quart jar of about the cost of a small jar of common cold cream. When this home-made lemon lotion is gently massaged into the face, neck, hands and arms daily, the skin naturally should become soft, clear and white, and the complexion dainty and attractive. What girl or woman hasn't heard of lemon juice to remove complexion blemishes, to bleach the skin and to bring out the roses? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart jar of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it naturally should help to whiten, clear, smoothen and beautify. Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. In this sweetly fragrant lemon lotion ladies can easily prepare and have an inexpensive toilet aid which perfectly satisfies their natural desire for a beautiful soft skin.

EVERY WOMAN EVERY MOTHER EVERY DAUGHTER NEEDS IRON

To put strength into her nerves and color into her cheeks. There is a beautiful, healthy, sweet, chewed iron tonic. The trouble in the past has been that when women needed iron they took ordinary iron pills. These pills are not only unpalatable, but they are also harmful to the system. This particular form of iron is easily assimilated, does not irritate the stomach, and increases the strength and endurance of weak, nervous women. It is a natural food, and is not only safe, but it is also a most surprising remedy. Dr. Ferdinand King can be consulted for a guarantee of success or a refund of the money. It is dispensed in all good drug stores.

BOY OF ELEVEN HAS BOND RECORD

John Bayard Snowden sold \$1,010,000 worth in Memphis, Tenn. The record for an amateur salesman of Liberty bonds is thought to be held by eleven-year-old John Bayard Snowden of Memphis, Tenn. It is not claimed by him, for he isn't interested in records; merely in selling the bonds. His friends, however, think that \$1,010,000 worth, the total of his sales for the second loan, will exceed any except those of the big banks. A few days before the bond campaign began he was one of the unhappiest boys in Tennessee. For he was too young to be a Boy Scout, which was the height of his ambition just then. Then his brother, a year and a half older, announced that as a Boy Scout he was going to sell Liberty bonds. Bayard, instead of fretting because the war had to go on without him, got permission to set up a bond selling table in the Bank of Commerce lobby. The table was covered with an American flag, and behind it Bayard sat and talked Liberty Loan to anybody who entered the bank. The million and ten thousand shows how Memphis responded. TO EXTEND THE BRITISH FRONT

Paris, Nov. 12.—The new inter-allied war committee was characterized as a "superior war council" in a declaration read by Premier Painleve in both the senate and the chamber of deputies today. The premier said the British and French commanders-in-chief had to come to an arrangement for an extension of the British front at an early date, which it would be judicious to maintain exactly. He referred to the necessity of systematic and complete economic co-ordination of the resources of the Allies. Great Britain and France, he con-

cluded, had reached a complete agreement respecting the provisioning of the two countries, which will be put into immediate execution.

# Lining Up For The General Elections

## Loggie, Unionist, and Morrissy, Straight Liberal, in Northumberland; Division in Charlotte; Opposing Forces in Halifax; A Local Meeting

Chatham, Nov. 13.—In a day of stirring political events two candidates were placed in nomination today for the county of Northumberland in the coming election—W. S. Loggie, the late member as a Unionist and John Morrissy as a Liberal opponent of the government. Hon. Mr. Morrissy was nominated at the Liberal convention at the Royal Theatre, regularly called, after a resolution approving of union government had been defeated by a small majority. Thirty-two delegates supporting Mr. Loggie for the nomination, a split in the Liberal party developed and these delegates withdrew and joined in the enthusiastic nomination of Mr. Loggie at the public meeting in the Chatham Opera House this evening. With the Conservatives united on Mr. Loggie and a pronounced division in the Liberal ranks it is conceded that Mr. Loggie, who has represented the constituency since 1900 and always was elected with large majorities has every chance of re-election.

At the Liberal convention in the afternoon Hon. J. P. Burchill left the chair and Sheriff W. F. Cassidy resigned the secretaryship to be succeeded by Gerald T. O'Brien.

W. S. Loggie's Platform.

Mr. Loggie submitted his platform as follows:

"I am a Liberal. I will support the union government during the continuance of the war on all questions that involve its continuance in office.

"I regard this necessary for the successful enforcement of the Military Service Act and the vigorous and effective win-the-war policy.

"I believe that our country is in jeopardy and that it behooves Liberals and Conservatives who share these views to throw aside for the moment all party issues and join hands in enforcing the Military Service Act and also in making such further laws as will enable us to protect our homes and liberties and all that these stand for.

"Furthermore we are under a sacred obligation to support the boys who have done and are still doing so much for us."

Big Public Meeting.

The Chatham Opera House was filled tonight at the union government convention. Hon. F. B. Carvell was present. Mayor W. B. Snowball presided and on the platform were Hon. Robert Murray and many other leaders of both parties. The Conservative convention had met at 7:30 o'clock and adjourned to the unionist gathering. President John Betts of the Conservative Association and Alder-

man John H. Troy of the Liberals reported the following nominating committee to select a candidate: Conservatives—Claude Brown, J. D. Lundy, John McColm, E. J. Parker, F. D. Swin, Millet Stewart, Richard Green, Fred Fowles, B. W. Wolfe, H. A. Wardoch and Frank Manderson. Liberals—W. B. Snowball, A. P. Williams, George Stables, John H. Troy, L. B. Ames, John W. Vanderbeck, H. T. Smith, Wm. Wishart, Fred Phillips and John Greagan.

The twenty men were out a few moments and unanimously chose W. S. Loggie and their choice was at once ratified by the audience who gave Mr. Loggie an ovation. Mr. Loggie, in a vigorous speech reiterated the principles laid down in his platform in the Liberal convention in the afternoon. He had regretted parting with Sir Wilfrid but was compelled to do so as a matter of principle.

Ovation for Mr. Carvell.

Hon. Mr. Carvell received another ovation. He was heckled a little at first but soon silenced the opposition. Mr. Carvell declared the twenty-six Liberals who left Sir Wilfrid Laurier had had to do so to obtain conscription. He himself had severely criticized the old government and had entered the union government for the period of the war and the time required for demobilization. The union Liberals all agreed to the same.

All sorts of questions were asked him by the audience. To one who asked, "Why he had not sent his son to the front," the minister said, "God help the cur who said that. I have no son."

His own offer of service had been refused. His son-in-law had gone and died. The militia act would take all men between 18 and 45 years. Selective conscription was fairer. He would not have voted for conscription a moment before voluntary enlistment broke down. He took his political life in his hand and cared not whether he won or lost. He would do his duty no matter what happened.

What would happen if Germany won this war? Civilization would disappear from the earth. Canada needs all the money now she can raise by tariff, by loan or in any way. She is borrowing her debt now is nearly a billion and a half, more than twice as much will be needed after the war than ever before. Pensions must be paid, no matter how large. The country must take care of its defenders. A revolution has taken place in this country in the last few years. All our preconceived ideas of government and finance may have to be revised.

A voice—"What about home rule?"

Mr. Carvell—"I visited Ireland six years ago and came away an ardent home ruler."

He regretted Ireland had not home rule, but we have nothing to do with it. Canada. A referendum on conscription would delay matters for too long. In view of Europe's terrible condition can anyone justify himself to say that Canada should quit?

Cries of "No, no."

A voice—"Is the Liberal policy to quit?"

Australia's Experience.

Mr. Carvell said a referendum now could not be held before May or finished before June. Australia turned down conscription, failed to get enough men, and now is taking another referendum. "She must apply compulsion or quit," he said. "You can't fight battles without men. He was right, he knew he was right. The hundred thousand additional Canadians may turn the war. Britain had voluntary enlistment and very successfully for the first year, then

she had to adopt selective conscription. In times of war men are small, now whole nations are in the struggle and must be thoroughly organized. Men needed in vital industries must not be drafted for battle. He hoped European conditions would never obtain here. Germany has been armed to the teeth since 1870 and compelled her neighbors to do likewise. No freer nation than the United States existed, but they have passed the same military act as we have.

A voice—"What about the franchise act?"

Mr. Carvell—"I did not like all of the franchise act, but there is a bigger question before us than the franchise act. It is shall we go to the succor of our Allies and of our own flesh and blood at the front? Let everyone ask himself 'shall I vote to save the boys at the front or for Canada to quit?'"

He could not conceive of people deciding to forsake the soldier heroes. He believed they would stand by their country and see that they did their duty in this greatest struggle of the ages. (Great applause.)

Whereas the present is a letter from the front describing the heroism of France. God Save the King was sung. Mr. Loggie later held a consultation with the friends of the union government present.

At Liberal Convention.

The Liberal convention was held here this afternoon.

Hon. J. P. Burchill, president of the county association opened the meeting. W. B. Snowball and George Stables moved the following resolution:

"Whereas the most serious and important of which we form so important a part and our allies are engaged on behalf of right and justice still rages with undiminished severity.

"And whereas the Dominion of Canada has repeatedly asserted her determination to render all possible assistance to Great Britain and her allies.

"And whereas circumstances have recently arisen which render the war situation most serious and important and it is deemed to be in the best interests of this Dominion and the empire at large that party lines and controversial questions, should for the present be suspended and all parties in Canada unite both in doing all possible to bring the war to an early and successful conclusion and in endeavoring to solve the problem economic and otherwise which have arisen in connection with the war.

"And whereas with this end in view the union government composed of Liberals and Conservatives has been formed.

"Therefore resolved that this convention do hereby declare its unqualified support for the purpose set forth in the preamble to this resolution."

C. J. Morrissy moved and W. W. Sullivan seconded an amendment condemning the nomination of Sir Wilfrid Laurier.

The amendment was carried whereupon Mr. Burchill left the chair. D. J. Buckley was chosen a new chairman and afterwards president of the county Liberal association. W. S. Loggie and Hon. John Morrissy were proposed for nomination. Morrissy won by 88 to 82. The successful candidate accepted and spoke denouncing the government and endorsing Laurier. Mr. Loggie thanked his supporters and declared he would still support union government.

No attempt was made to make the nomination of Sir Wilfrid Laurier. Mr. Fielding and Mr. Curdy.

Halifax, N. S., Nov. 13.—Hon. W. S. Fielding, financial minister in the Laurier administration, was tonight nominated by the Liberal party organization in Queens-St. Lawrence at Liverpool (N. S.). Mr. Fielding promised to support the unionist government in all matters relating to the war.

A committee of the Liberal convention waited on the Conservative convention which was also in session at Liverpool and the nomination of Mr. Fielding was made unanimous. The Conservatives nominated Hon. F. B. McCurdy, parliamentary secretary to the minister of militia, who asked for time to consider the offer.

No Agreement in Halifax.

Halifax, Nov. 14.—Dr. E. Blackadder and Mr. Redmond were last night selected as Laurier Liberal candidates for the election in Halifax city and county by the Liberal Association. The association returned to offer from the unionist convention, which also met last night, to agree upon the election of two unionist candidates by acclamation.

According to custom the candidates represent the Roman Catholic and Protestant sections of the organization.

The Protestant, Mr. Redmond, met with no opposition, but Dr. Blackadder was opposed by R. E. P. McAleer, a Catholic representative. The vote for the doctor was 180 against his opponent's poll of 89.

Dr. Blackadder was the defeated Liberal candidate at the 1911 election. Sir Robert Borden's majority being 161.

The unionist convention adjourned this evening without selecting candidates. When it was learned that the Liberals had nominated candidates, some members of the unionist convention favored selecting standard bearers.

Sir Robert Borden, who was present, counselled waiting.

The meeting was adjourned in the hope that an agreement in regard to candidates can be arrived at today.

D. D. MacKenzie Nominated.

Sydney, Nov. 13.—D. D. MacKenzie, of North Sydney, was this afternoon unanimously chosen as the Liberal nominee for Cape Breton North at a convention at Baddeck. Mr. MacKenzie represented Cape Breton North in the last house. A convention call has been issued to supporters of the union government in north Cape Breton for a meeting on

# The Man Who Has Not Slept is Irritable and Nervous

**SLEEPLESSNESS, like insanity, is greatly on the increase. Modern life, with its hurry and worry and noise, brings an enormous strain on the brain and nerves.**

More and more people are crowding into the cities, living huddled together in poorly-ventilated houses, and taking insufficient natural exercise. The blood becomes thin and vitiated, and with a little extra strain the nerves collapse.

The man who has not slept is irritable, vacillating, and lacks self-control. He is in no condition to fight the battles of life. He is worried, digestion fails, and so the exhausted nerves are further starved.

There may be no pain, no marked symptoms, but you cannot sleep, and without sleep it is impossible for the nervous system to restore the nervous energy wasted by the process of living.

The temptation to depend on sleeping powders or tablets must be fought off if you would avoid

**He is Worried-Digestion Fails-The Nerves Are Starved**

**The Food Cure**

Mr. Harry Edward Trotman, First Street, Collingwood, Ont., writes:—"It is with great pleasure I write to tell you the splendid results I have secured through the use of Dr. Chase's Nerve Food. Before I commenced this treatment I suffered from nervousness, was restless, easily worried, had frequent headaches, and neuralgia pains through my body, especially in the back. I could neither sleep nor eat well, my circulation was poor, and the heart action seemed weak. I also had attacks of indigestion. I tried several different remedies, but could not gain permanent relief. At last I started taking Dr. Chase's Nerve Food, and this treatment, together with an occasional Kidney-Liver Pill, worked wonders in my case. Five boxes of Nerve Food cured me. My wife has also derived great benefit from the same treatment, and we shall never be without these medicines in the house as long as we can get them."

catastrophic. Means of reconstructing the starved nerve cells must be sought. Since the digestive system fails to supply nourishment to the blood and nerves it is necessary to employ such treatment as Dr. Chase's Nerve Food to instil new strength and energy into the tired nerves.

Nature can only use certain ingredients to rebuild the wasted nerve cells, and these are found in happy combination in this great food cure. Gently and certainly this reconstructive treatment increases the nerve force in the human system, until the organs resume their functions. Digestion improves, appetite is sharpened, you eat well, sleep well and find your old-time vigor returning.

You have only to follow the reports in the newspapers to learn of the great good Dr. Chase's Nerve Food is accomplishing among persons who have suffered from sleeplessness, nervous headaches, indigestion and forebodings of the future which border on insanity.

**For Pain in the Back**

Also for Swollen Glands and Aches, Constant Headaches, Urinary and Bladder Troubles and all Irregularities of the Kidneys.

**Hot Water Each Morning Puts Roses in Your Cheeks**

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible matter in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in the only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

Friday, November 16. It is expected that both parties will hold a convention here on Friday next, when decisions will be reached as to whether or not there will be a union ticket for Cape Breton South and Richmond. The Labor party meets here tomorrow to consider nomination for two candidates for this riding.

In Kings-Queens.

Sussex, Nov. 13.—The campaign, with Dr. McAleer and H. H. McLean both supporting union government in Kings and Queens counties, has already begun. There was a disposition on the part of many people to try and representatives of both parties together and induce either one or both candidates to retire and avoid an election at a time when the minds and hearts of people are worried over the war situation and the fate of the boys overseas. So far all these efforts have been unsuccessful. There was a proposition on the part of

the Conservatives to withdraw their candidate, General McLean, if Dr. McAleer would retire and bring in Sir George Foster as a union candidate. This did not meet with the approval of the union Liberals whose memory of the past days when Sir George represented Kings did not dispose them to accept him again. Then some of the leading union Conservatives outside the constituency were willing to accept George H. King, of Chipman, but those directing affairs in Kings on behalf of McLean were unwilling to agree.

A further effort was made to get together on common ground by Messrs. McLean and McAleer both retiring and accepting E. Allan Schofield, of Hampton, who has worked so untriflingly for united effort since the war began. But the McLean unionists would not agree to this and preparations are in progress

by friends of both candidates to carry on a vigorous campaign.

In Charlotte.

The executive committee of the two political parties of Charlotte County met recently in St. Stephen and after much discussion, finally agreed that George M. Byron would be the union candidate of the two parties. It was then agreed to form an executive union committee to take charge of an election should another candidate appear. A meeting was called and the Liberals stood firm for the agreement, as did the executive committee of the Conservatives, but the Conservative following turned down the union candidate. The Liberals have called a convention for Thursday afternoon for the purpose of naming a candidate to contest the county.

Against Union.

More than 200 citizens assembled in Oddfellows' Hall last evening in response to a call for those in favor of a straight Liberal ticket. Urban J. Sweeney was chosen chairman. It was unanimously resolved to oppose Union government and to place two Liberal candidates in the field. Those who addressed the meeting were—The chairman, O. Chesley, J. Dryden, Mr. Hilliard, Arthur Carten, Michael Kelly, Dr. J. R. Nugent, Dr. J. M. Barry, Joseph Dwyer and others.

It was moved by Dr. J. R. Nugent that a committee of seven be appointed to interview possible straight Liberal candidates. This was carried and the following were named by the chairman: Stanley Taylor, Dr. C. M. Kelly, Joseph Dryden, Dr. E. Nugent, Ray Mounsey, O. Chesley and S. S. Ryan of Coverdale, Albert county.

A feature of the meeting was the invitation to James L. Suggate to act as a representative of labor on the nominating committee. He declined, saying that he believed organized labor would take no part in the election.

**QUEBEC LEADS IN REGISTRATION**

Ottawa, Nov. 13.—Gratification is expressed here with the extent to which the province of Quebec has complied with the terms of the Military Service Act. Early reports had created the impression that class one men in the province would largely disregard the proclamation and decline to register. So far from this being the case, the military district of Montreal now leads the dominion in percentage of men who have registered.

Hither curiously, the military district of Quebec comes second. The returns, which are the official statistics of the

**EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS**

If Feverish, Bilious, Constipated, Give Fruit Laxative At Once

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "in-sides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

**FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS**

"Pape's Diapepsin" Ends All Stomach Distress in Five Minutes

Wonder what upset your stomach— which portion of the food did the damage— you? Well don't bother, just take your stomach in a revolt; if sour, gassy and upset, and what you just ate has fermented into a place two hours, head dizzy and aches; belch gases and acid and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal bill without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

POP GEERS MADE REAL COME BACK

Veteran Reinsman Finished Strong After a Poor Start This Season Lexington, Nov. 13—Those who were sympathizers with Pop Geers and expressed regret over the passing of the veteran Tennessee reinsman early in the

season, need but to take a slant at the summaries of the last few meetings of the big ring and then cease worrying. The man who has been the idol of the harness tracks for more than a quarter of a century started off badly, it is true, but he got going at a great rate, and in the two-year-old trotter, Peter June, and the aged horse, St. Frisco, has two of the greatest performers now meeting—a pair which will land the veteran teamster up among the leaders in the money-making column.

grand circuit stakes in 1916 the mare defeated St. Frisco eight out of eleven starts, and at the close of the season was clearly the best. The only time the stallion really looked superior to the mare was in the race for the \$10,000 Empire State stake at Syracuse. Previous to the Poughkeepsie mile of St. Frisco the race record for stallions was held jointly by the Harvester and Peter Volo at 2:02. Geers drove the former to that mark in the third heat of a race over the Fort Erie track in 1916, and five years later Tom Murphy won a heat from Lee Axworthy in the same time in the match race at North Randall, in which a new three-heat record was established. Previous to the mile by the Harvester the race record for stallions was 2:03 1-4 of Cereus, made at Brighton Beach in 1901 in a match with The Abbot, the latter driven by Geers, so it can be seen that the veteran from Tennessee has had much to do with establishing the race records for stallions. Conditions were ideal at Poughkeepsie the day St. Frisco took his new record. In that mile St. Frisco trotted the last half in 1:00, the last quarter in 29 3-8. In his winning heats at Hartford he trotted the last halves in 59 1-4 and 59 8-8 and the last quarter in 29 1-4 and 29 8-8.

**THE EXEMPTION BOARDS OF ST. JOHN**

Members of Tribunals Against Publication of Names of Those Appearing

Although the names of those applying for exemption and the grounds on which they are claiming exemption is being published in some of the upper Canadian papers, the information being given out by the exemption tribunals, the names of those applying in St. John and their reasons for being exempted, are not to be given out here, according to a decision arrived at this morning by the members of the local tribunals. The right to give out this information has been given to the tribunals and it seems that it rests with them whether or not they care to do so.

It was said this morning by Colonel E. T. Sturdee that the local tribunals were kept very busy during the day and in fact too busy to make up lists for the press. Moreover the members of the local tribunals decided that it was not a square deal to publish the names of those liable under the act.

Tribunal No. 83, consisting of Dr. Manning and John Keeffe heard twenty-five cases this morning. Ten were not in category A, and so were sent away. Of the remaining fifteen applications for exemption, six were disallowed and nine were allowed.

**IMMEDIATE ACTION URGED**

Prevention of Tuberculosis Association Strongly Supports Matter of Medical Inspection in Schools

At the monthly meeting of the St. John Association for the Prevention of Tuberculosis, yesterday, the following resolution was unanimously adopted:—

"That this association wishes to express its appreciation of the effort of the Children's Aid Society to secure medical inspection of schools. It cannot express too strongly the need of such inspection. Much of the tuberculosis that exists in the city is due to the health of the children being undermined by such conditions as bad teeth, poor vision, adenoids, and such conditions which could be discovered and remedied by proper school inspection; to say nothing of discovering many cases of tuberculosis. There are at present a large number of children of school age being treated at the dispensary. This association urges immediate action, especially as the compulsory inspection of soldiers has shown startling discoveries."

**POLICE COURT**

The court sheet read "nil" today but there were several matters before Magistrate Ritchie in the police court.

Augustus Hawker was charged with using abusive and insulting language towards William Sandhurst. Hawker explained that Sandhurst was a teacher and that there had been a great deal of trouble down at one of the wharves with teamsters and fishermen. Sandhurst, he said, had been particularly aggressive on the morning in question and had come into the office, refusing to go out. According to Hawker's story, he had then lost his temper and had used the abusive language towards the intruder which Sandhurst alleged. The magistrate imposed a fine of \$8.

The charge against William Ward of stealing an overcoat from Benjamin Dunlap was brought up again this morning and some further evidence was heard. Dunlap testified that he had left his overcoat, valued at \$18, in his room at 10 Charlotte street, where the defendant also boarded. On the Wednesday morning he missed it and laid information against Ward, whom he suspected. Detective Duncan found that the missing overcoat was locked up in Ward's trunk. On the other hand Ward contended that he did not steal the coat and knew nothing about it.

**FIRE ON BLACK RIVER ROAD**

A small wooden dwelling house on the Black River road, which was occupied by Mrs. Alice Kilpatrick, was burned to the ground early this morning. The fire is thought to have caught from the chimney, but its origin is not certain.

A little before three o'clock the blaze broke out and in a short while the house was a mass of flames. The blaze produced quite a reflection, which could be seen in the city and many people were of the opinion that a large building or buildings were burning down.

The furnishings of the house were removed before the fire had made much headway. It is said that the house was insured. Recently the woodwork caught fire, but the blaze was extinguished before it had made any headway.

**INSPECTION TOUR**

Colonel J. H. Cameron of Toronto, Colonel J. D. Courtney of Ottawa, Colonel Robert Wilson of Montreal and Colonel Donald McGillivray of Toronto, advisors to the director-general of medical services of Canada, who arrived in the city last evening, inspected the armories this morning. They reported that they were pleased with the condition of things in St. John, but other than this they were reticent. They will leave this evening for Fredericton to inspect the quarters of "K" unit.

**TRIBUTE TO DR. J. Z. CURRIE AT FUNERAL**

Body of Distinguished Cambridge Physician Brought to Fredericton

Born at Keswick 70 Years Ago and Had Won Honored Place in His Profession and as a Man

The following from the Boston Transcript is of interest to New Brunswickers who were well acquainted with the late John Z. Currie, B. A., B. Sc., M. D., L. M., Ph. D., who was born in Keswick and was a frequent visitor to Fredericton:

"The funeral of Dr. John Z. Currie of Cambridge, who died suddenly of heart disease on Saturday afternoon in Arlington, was held today from his residence, 907 Massachusetts avenue, and was largely attended by Cambridge physicians and family friends. The services were conducted by Rev. Elmer W. Powell of the First Baptist church of Cambridge. This evening the body will be taken to Fredericton, N. B., where a church funeral will be held.

"Dr. Currie was the son of the late Thomas Gilbert and Patience Currie of New Brunswick. Both parents belonged to old Loyalist families. On the father's side the descent was from Earl John Currie, who came from Leeds, Yorkshire, England, and settled in what is now Peekskill, N. Y., in 1700. His mother was a daughter of Major Abram Yerxa, whose father, John Yerxa, came from Holland in 1710.

"Doctor Currie was born at Keswick, N. B., on Jan. 8, 1847, and was educated at the University of New Brunswick. He studied at several European colleges, and in 1874 he matriculated at the College of Physicians and Surgeons at Edinburgh, and at the completion of his course he was awarded the degree of M. D. in the history of this college. In the College of Physicians in London he studied under Professor Patrick Heron Watson. He then returned to New Brunswick, where he held many positions of honor and was chief health officer of the province. He came to Cambridge in 1894, where he was known as an able surgeon and physician.

"He is survived by his wife, Helen M., and one son, J. B. Currie. He was a brother of A. Y. Currie of Frowbridge street and Dr. Willard Currie, a dentist of Cambridge, and Mrs. I. E. Smith of St. John, N. B. He was a member of several secret societies and of the Massachusetts Medical Society, the American Medical Association, and the Cambridge Medical Improvement Society."

The body, accompanied by Dr. Willard Currie, reached Fredericton yesterday afternoon and services were held in the Brunswick street Baptist church. There was a large gathering of former acquaintances to pay their last respects to the memory of the distinguished man. Rev. Mr. Warren, pastor of the church, who conducted the services, delivered an eloquent address on the life and attainments of the deceased. There were more than seventy handsome floral tributes, some accompanying the body from the United States, many from Fredericton and other parts of New Brunswick. The body was viewed by many former patients and friends in the Fredericton church and the sad journey to the grave was very simple.

Doctor Currie occupied a commanding position in his profession and in private life, and was highly esteemed as he never tasted alcoholic stimulants and his life was one of integrity and high purpose. While past seventy years of age he was athletic and vigorous, and death was wholly unlooked for. Many New Brunswick friends regret his passing away and sympathize deeply with the bereaved relatives.
