HOPEFUL VIEW OF LUMBER MARKET IN UNITED STATES

W. McLellan of Fredericton Brings Word

Not so Bright for Pulpwood—Crown Land Cut in New Brunswick This Year About 200,000,000 Feet.

Fredericton, N. B., Feb. 12.—With a most hopeful view of the American lumber market, which is expected to pick up and afford a profitable outlet for the surplus lumber New Brunswick may have to offer, W. McLellan, president of the Canadian Realty Co., Ltd., has returned from New York.

As to the pulp wood market he reports conditions are not so bright because the American mills are so heavily overstocked but the lumber trade, with which he is actively identified through his position as trustee of the Cherry Moore state, which operates extensive mills at Belfast, Ireland, is in a much better position than recently and he believes the mills ought soon to be back to their pre-war levels.

Fredericton, N. B., Feb. 12.—Estimates received from sealers reaching the Department of Lands and Mines indicate a cut of approximately 200,000,000 feet of lumber upon the crown lands of New Brunswick this year.

This information given out by Hon. C. W. Robinson, minister of lands and mines.

Last year the cut of lumber upon New Brunswick's crown lands was about 360,000,000 feet and the curtailment of almost fifty per cent that has been made is about the same as has been made in the case of privately owned lands.

Hon. Mr. Robinson estimates that the revenue from the crown land stumpage rates will not be less than \$1,000,000 this year as compared with \$1,600,000 last year. The increase in rates, which became effective last August and the \$5 a thousand rate is being paid on this winter's lumber operations on the crown lands for the first time.

LIABILITIES MORE THAN \$8,000,000

Bankruptcy Petition in New York Court—Matter of Two Canadian Vessels.

New York, Feb. 12.—An involuntary petition in bankruptcy was filed in the federal court today by creditors of Christopher Hanegvis individually and as president of Hanegvis and Company, a banking firm which does deal in foreign exchange and shipbuilding.

The petition stated that the liabilities of Mr. Hanegvis and his company were more than \$8,000,000 with "free" assets of \$900,000.

Council for the firm said the cause of the financial embarrassment of Mr. Hanegvis and the company was due to delay in collecting just compensation from the United States shipping board for vessels constructed during the war.

The petitioners and amounts claimed by them are:

Oiler Wade, \$887,105; A. S. Reid, \$75,000; and Equitable Trust Company \$250,000. Wade, it was explained is liquidator of the Dominion shipbuilding company, Limited of Canada, and the money due, he said, resulted from the purchase of two vessels from the company, the T. L. Church and the Toronto mar.

The \$700,000 due A. S. Reid is an assigned claim of Geo. E. Pawling on which judgment has been obtained at Camden, N. J. The Equitable Trust Company claim of a quarter of a million dollars is a note made by the Dominion Company and endorsed by Hanegvis, April 28, 1920.

LORD CECIL TO OPPOSITION IN BRITISH HOUSE

London, Feb. 12.—Lord Robert Cecil has definitely intimated his decision to cross the floor of the House of Commons and take his seat on the front opposition bench. The intimation is contained in a letter written to Lord Edmund Talbot, chief Unionist, in which Lord Robert explains that he is becoming increasingly at variance with the government on several public questions and that he will be able to express his views more freely and in a more serious manner from an opposition seat than from his old seat among the Unionists. He will head the non-party group which is insisting on economy in public expenditures.

DANCED WITH KING EDWARD AND THE PRESENT PRINCE

Charlottetown, P. E. I., Feb. 12.—Miss Mercy Coles, aged 60, daughter of the late Hon. George Coles, who was one of the great political figures in the history of the Island, died here yesterday.

She had the honor of dancing with King Edward VII, when he visited the island as Prince of Wales, in the early sixties, and also with his grandson, the present Prince of Wales, when he was here in 1919.

COMMISSION ON THE MATTER OF CUBAN SUGAR

Royal Bank Man One of Seven Appointed—Producers and Government Also Represented.

Havana, Feb. 12.—Frank R. Beatty of the Royal Bank of Canada, will represent the bankers interested in the Cuban sugar situation on a special commission of seven appointed by presidential decree to have charge of all operations relative to the sale and shipment of the 1920-21 Cuban sugar crop.

The organization is to be known as the Sugar Finance Commission. Other members represent the producers of the island, while the organization also includes a member of the cabinet.

The decree appointing the commission directs sugar buyers or sellers to file before February 20, sworn statements covering all sales contracts made with firms in foreign countries. All details of these contracts must be given and the agreements must stipulate that the product they cover is to be refined or used by the buyer, and not sold or offered for sale as crude sugar.

Infractions of rules laid down will result in the commission refusing to issue permits for further shipments by offending individuals. It is explained that the object of appointing this commission is to save the sugar industry of the island.

A prominent sugar producer said today that the Cuban government is seeking not only to defend its own industry but to defend the consumer in Canada and the United States against abnormal conditions.

ATTACK MADE ON POLICE BARRACKS

Three Hundred Assault Drimoleague Quarters Unsuccessfully—Other Irish Reports.

Bantry, Ireland, Feb. 12.—Three hundred armed civilians attacked the Drimoleague police barracks at midnight last night. The garrison offered a heroic resistance and with the help of a relief force repulsed the attacking party.

One of the defending forces was wounded. The barracks and nearby houses were badly damaged by the firing.

APPEAL IN CASE OF A RHEAUME

Shooting in Which Two Ex-Canadian Soldiers Were Concerned—Col. Guthrie Counsel.

Concord, N. H., Feb. 12.—(By Canadian Press)—An appeal is to be taken in the case of Andre Rheume who is now under sentence of ten to fifteen years in state prison for manslaughter in connection with the death of Arthur E. Proulx. A verdict of guilty of manslaughter was returned by the jury after they had been out three hours and fifteen minutes. The court after sentencing Rheume granted a stay pending an appeal.

The case arose over the shooting of Proulx by Rheume during a row at Manchester, N. H. last August. Both men are said to have been intoxicated at the time. They were both former members of the Canadian overseas forces and saw service in France. Rheume was defended by Col. Percy A. Guthrie, his former commander.

CANADA'S FINANCES

Toronto, Feb. 12.—The Monetary Times reports that Canada's borrowings in the first month of 1921 totalled \$85,054,085 compared with \$84,770,555 in December 1920, and \$20,040,077 in January a year ago. Last month's total was made up largely of provincial and railroad issues, although municipalities participated to a considerable extent.

SAYS WEST IS AGAINST ELECTION AT PRESENT TIME

Press Declaration That Redistribution Should Come Before Appeal to Country.

Ottawa, Feb. 12.—The western press has taken decided ground against an election before a redistribution. It says Hon. Mr. King and Hon. Mr. Crerar must oppose dissolution at this time, or they will have trouble with their western supporters.

In order to satisfy the west, it says, the census returns should be available as a basis of redistribution, and members of parliament would have to be expedited to make the returns available during the coming session.

Dissolution would furnish another embarrassment in the effect its adoption would have on the seasonal indemnities. Under the new rules of the houses, unless a member is in attendance for at least forty days he cannot draw his seasonal indemnity, but only pay for days present. Parliament will have to be in session for eight weeks, and a member in attendance for each daily session before he can secure the corrected \$4,000.

Dissolution before the middle of April would see the members in receipt of little more than their salaries. Western members will resist to support a resolution for an immediate election in defiance of western opinion, and members from all parts of the dominion will not be enthusiastic in decreasing their salaries even if the federal treasury benefits thereby.

SOUTH AFRICAN AS GOVERNOR THERE SOME DAY

London, Feb. 12.—(Canadian Associated Press).—The Cape Town correspondent of the London Daily Telegraph reports General Smuts is expected to be nominated to take General Hertzog's place as governor-general of South Africa.

Mr. Smuts is a prominent member of the union who fought the general election in 1918, and is the next in line to succeed General Smuts should the day come when the governor-generalship of the union would be held by a South African. He added that he would have nominated a South African as successor to the late governor-general, Lord Buxton, instead of Prince Arthur of Connaught, but for the present political difference.

TO DORCHESTER FOR 40 YEARS IN MONCTON CASE

Moncton, N. B., Feb. 12.—In the police court here this morning Ernest Scullion and Henry Stanley Rows, who pleaded guilty to holding up Millicent LeBlanc of Sunny Brae on Wednesday evening and breaking into the store of Peter H. H. McKinnon, were each sentenced to serve two years in the maritime penitentiary on each charge, sentence to run concurrently.

S. OF T. DIVISION IS REORGANIZED

(Special to Times.) Moncton, Feb. 12.—Scottish Settlement, Sons of Temperance, first organized forty years ago but dormant during the last few years was re-organized on Thursday, by Grand Worthy Patriarch, Rev. C. Younger, conductor, Prince Albert, and Rev. C. Younger Lewis. The following officers were elected for ensuing quarter, Worthy Patriarch, H. McKinnon; Worthy Associate, Miss Jean Livingstone; Recording secretary, Miss Margaret Gillespie; Asst. Recording secretary, Frank W. MacKinnon; financial secretary, Miss Annie Grant; treasurer, John MacKinnon; chaplain, Rev. C. Younger; conductor, Rose Gillespie; sentinel, W. H. MacKinnon; past worthy patriarch, D. A. MacKinnon; deputy grand worthy patriarch, D. B. MacKinnon; delegates to Kent and Upper Westmoreland district division, D. B. MacKinnon and Miss Jean Livingstone; alternates, Rev. Mr. Lewis and Miss Gillespie.

ACTION AFTER DREAM LEADS TO DEATH OF BOY

Ringsville, N. Y., Feb. 12.—John Miller, a blacksmith, dreamed last night that he saw an overturned sled in a snowbank and a small crumpled figure lying beside it. The sled was one he had bought for his five year old son, Johnny. The figure beside it was that of his son. Deprived of his sleep because his father, warned by the dream, would not let him take it out of the house, Johnny caught on a heavy farm sled this morning, slipped beneath it and was instantly killed.

APPLE PRICES IN ENGLAND

London, Feb. 12.—(By Canadian Associated Press).—Current apple prices: Nova Scotia russets, 65 to 60 shillings a barrel; Canadian russets, 55 to 60 shillings a barrel; greenings, 55 to 57 1/2 shillings a barrel.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbloom, during the snowstorm yesterday I felt myself painfully cramped. I wanted to be out in the open. My view from the window was obscured by the big building across the street. I wanted to be out in the realm of wide horizons, where I could see the landscape robe, and feel myself part of all that was above, beneath and around me. I would have liked to see the branches of the fir and spruce begin to drop a little under their burden, to see all the marks of man's activity hidden away under snowy blankets; to feel the freshness of the air to find myself turning white as the snowflakes cling to my garments. Hiram, the city is a dreadful nuisance at times.

"I'm glad you think so," said Hiram. "The some hope for a feller that kind of things that ain't right in front of his eyes. Some folks is so stuck on what man makes an' does that if the Lord interferes with a snowstorm they're mad as hell. If he scatters flowers all over the face of the country they don't want to see 'em. I ast a feller if he seen the lovely colors in the sky the other evening?" he said he—hadn't had a drink since Christmas.

FURTHER CALL FOR HELP CAME TODAY

Steamship Burning Wood and Cargo Trying to Reach Nova Scotia.

Halifax, N. S., Feb. 12.—Repeating her calls for assistance the British steamer Bristol City, reported last night, shot of boiler and burning parts of her woodwork and cargo to keep her engines going, 300 miles off Louisbourg, N. S., this morning, sent a wireless message to C. H. Harvey of the Marine and Fisheries Department here advising him that she was proceeding slowly toward Louisbourg in a southerly gale and had not been able to procure assistance from any nearby vessels.

Mr. Harvey advised the distressed vessel that Farquhar Company's steamer Sabie lies, now at Louisbourg, would give her assistance as soon as possible.

BURIED TODAY

The funeral of Mrs. Mary Ellen Sepler was held this morning from her late residence in Bridge street to St. Peter's church, where high mass was celebrated by Dennis Col, C. S. R. Relatives were pall-bearers. Interment was in Holy Cross cemetery.

FOUND OFF THE FLORIDA COAST

Head 15 Feet Long and Seven Feet Wide—Scientists Are Puzzled.

Miami, Fla., Feb. 12.—Scientists and divers who were puzzled over the finding of a huge sea monster off Soldiers Key, a few miles south of Miami, were unable to explain the body and part of the skull was towed to Miami. The fragments of the skull were one and seven feet wide and weighed three tons.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, St. John, N. B., Feb. 12, 1921. Director of meteorological service.

Synopsis.—The disturbance which was in New Jersey yesterday morning is now centered in Cape Breton. It is causing gales over the maritime provinces, attended by a considerable snow fall. Elsewhere in the dominion, with the exception of some light snow falls in southern Ontario and western Quebec the weather has been fair and in the west continued abnormally mild.

Lower St. Lawrence, Gulf and North Shore—Fair today and on Sunday, not much change in temperature.

Maritime—Northerly to northwesterly winds, gradually decreasing, clearing and cold. Sunday fair, not much change in temperature.

Toronto, Feb. 12.—Temperatures: Highest. Lowest. Stations. 8 a.m. Yesterday. Night.

PARIS POLICE HAD SWIFT REVENGE

Killed Notorious Bandit After He Had Murdered Two Inspectors.

Paris, Feb. 12.—For the death of two of their number in a revolver duel with bandits last week, the Paris police took swift revenge.

It was on Saturday last that the drama began. Two inspectors gave chase to a group of men whom they had caught red-handed in a burglary, and on the street one of the men turned and fired almost point blank at the pursuers. Both men fell, one dead and the other so badly wounded that he died the next day. The man who fired was, however, known. He was Desire Baquet, a young man whose reputation for daring had made him a hero among the Paris apaches.

Close watch was kept in the St. Denis district, where he was known to be living. This afternoon his retreat was discovered and a posse of twenty policemen was sent in a motor wagon to surround the house. They did so very quietly. Two of them forced an entry noisily and found Baquet playing with his child as he lay in a bed. Covering him with their revolvers, they called on him to surrender.

The fact that the child was in his arms proved to them carrying out their threat to shoot, however, and of this Baquet at once took advantage. With all his force he flung the child at the legs of one of the policemen and by this diversion gained time to seize a revolver under the pillow. He fired and the policeman fell with a bullet in the stomach.

The other took no chances. As his comrade fell he shot the bandit through the head, discharging his weapon twice, to make sure, and Baquet fell back dead.

BOMB HURTS SIX IN CHICAGO; IS IT POLITICS?

Chicago, Feb. 12.—A bomb explosion at the 19th ward Democratic headquarters last night, which seriously injured six men, was attributed to politics today by Anthony D'Andrea, candidate for city council from that ward, who had a narrow escape himself.

Ald. John Powers, who for thirty years has represented that section in the city council and state senate, and is a candidate for re-election to the city council on February 22, said today that he hoped no one would believe that he would "contaminate" such an action by his followers, and that he had agreed with D'Andrea last Saturday to conduct a clean campaign.

Two of D'Andrea's precinct captains suffered broken legs, one had his leg mangled and several others were hurt. A rope by which the police assert the bomb was lowered from the roof to the place where it exploded, furnished the only clue to the bombers.

SEA MONSTER FOUND OFF THE FLORIDA COAST

Head 15 Feet Long and Seven Feet Wide—Scientists Are Puzzled.

Miami, Fla., Feb. 12.—Scientists and divers who were puzzled over the finding of a huge sea monster off Soldiers Key, a few miles south of Miami, were unable to explain the body and part of the skull was towed to Miami. The fragments of the skull were one and seven feet wide and weighed three tons.

GOT \$17,000 BY RUSE FROM THREE BANKS

Invisible Ink Used, Checks Certified and Then Raised.

Montreal, Feb. 12.—The Bank of Montreal loses \$17,000; the Royal Bank \$5,000; and the Merchants' Bank \$2,000, as a clever ruse under which a man, so far as is known, wrote out small checks in invisible ink on each bank, had them certified and later in the week returned and cashed them when amounts he had originally written on them had been treated chemically and developed to the raised figures.

LABOR SUGGESTS MEMBER OF THE RY. COMMISSION

Brookville, Ont., Feb. 12.—The trades and labor council last night endorsed Calvin Lawrence of St. Thomas, Ont., legislative representative of the Brotherhood of Locomotive Engineers, for the vacancy on the dominion railway commission. It also passed a resolution asking the labor members of the Drury government to adopt eight hour day legislation.

GIVE HUSBANDS DOWER RIGHTS IN WIVES' ESTATES

Madison, Wis., Feb. 12.—A suffrage bill with a reverse twist, designed to give certain equal rights to men, has been introduced in the Wisconsin legislature by Assemblyman Thos. A. Sullivan. He proposes to amend the law to give husbands the same dower rights in their wives' estates as now are shared by widows in their husbands' property. He also provides that a married man or woman who has fully and without just cause dived apart from his or her mate for one year or more loses all dower rights.

Husbands will be entitled to a one-third dower in the property of their wives.

CHICAGO HOUSE WAS "KIDNAPPED"

Owner Found His Residence Gone—Police Ordered to Keep Watch for It.

Chicago, Feb. 12.—The police have been notified to keep a sharp watch for a "kidnapped" three-story house. J. Van Wiehe, the owner, reported it disappeared from its foundation off a south side lot.

Van Wiehe, who lives on the north side, told the police the house had been vacant for some time. He took a prospective purchaser out to look at the building. When they arrived where the house had stood for years, they found nothing but the badly battered foundation.

Persons in the neighborhood said that a short time ago they noticed a number of trucks belonging to a wrecking company standing in front of the building and that a gang of men had worked all one day getting the house on rollers, when they started down the street with it.

Van Wiehe told the police that some time ago he had some trouble with a member of the wrecking company and asked that representatives of this firm be brought to court for questioning about the mysterious disappearance.

Believed That Amount Came to John D. Rockefeller in 1918—18 Millions in Taxes.

Washington, Feb. 12.—One man in the United States reported an income of at least \$32,371,921 for the tax year 1918, and paid taxes on a net income of at least \$30,458,234, after general deductions of more than \$4,000,000. There were but one man listed as "single" who reported a personal income of more than \$4,000,000. There were but three such incomes, one reported jointly by husband and wife; and one by a "single" man not listed as a "head of a family" and one by a "single" woman.

John D. Rockefeller is a widower and therefore would be listed as "single." While the Internal Revenue Department refused to give any information as to the identity of the persons paying the taxes on these great incomes, it is obvious that Mr. Rockefeller is the only "single" man who fits the situation.

COMMENT ON DECISION IN MARRIAGE CASE

Montreal, Feb. 12.—(Canadian Press Despatch).—As the news of the private court decision on the Tremblay-Despatie marriage case, Bishop Farthing of Montreal commented that the judgment was "most satisfactory." He added: "It gives us everything for which we have contended for a long time past. It is in my opinion one of the most momentous decisions we have ever had. Had it been otherwise it would undoubtedly have occasioned prolonged trouble which would only have served to accentuate the religious differences of this province."

Rev. Father J. O'Rourke, chancellor of the archdiocese of Montreal, said that "the decision of the private council does not alter the decisions of the Catholic Church in interpreting her laws on the one hand, or the civil authorities in London have decided differently that is another question, but does not in the least alter the church's decision. All these expressions of pleasure and satisfaction from those of other beliefs seem strange and uncollected for, when the case Smith, a noted evangelist and Bible teacher. The founder of the Christian Missionary Alliance was the late Dr. A. B. Simpson, a native of Prince Edward Island, who, as president of the alliance, resided in New York, where he is the headquarters for the Missionary Society. It is an interdenominational and unsectarian society carrying on missionary work in nearly all the great heathen lands of the world. There are 308 missionaries and 667 native workers in the field.

MAY HELP OUT IN INVERNESS SITUATION

Sydney, N. S., Feb. 12.—It is reported that the National Railways, through Hon. F. B. McCurdy, minister of public works, will help to relieve the serious situation affecting 3,000 people at Inverness by taking over the coal output at nearly cost price for a short time.

LINCOLN ANNIVERSARY

New York, Feb. 12.—The stock exchange is closed today, Lincoln's birthday.

GERMANY DOES NOT PROPOSE TO BE DICTATED TO

High Tone on Reparation by Finance Minister

Berlin, Feb. 12.—Germany is not going to the London reparation conference to be dictated to, Dr. Wirth, the minister of finance, declared in a speech to the Bremen Chamber of Commerce today. He said great economic questions could not be solved in that way.

Ready to Do All They Can, He Says, But Sum Offered Must Be Produced By Work—Reichstag President Urges Refusal.

"We are prepared to accomplish all we can," continued Dr. Wirth, "because we feel under a moral obligation to assist in reconstruction, and we will make reparations proposals of our own in London, are incorrect. Our offer will not be small one. The nation must learn to realize that what we shall offer cannot but must be produced by work. And be extracted from the national wealth, this raises the question whether in these circumstances all the fruits of the revolution can be safeguarded.

"Work will have to be organized on a great scale, and what we offer must be made good."

EX-CHAPLAIN USES GAS MASK; SAVES TWO U.S. FLAGS

Shrewsbury, Mass., Feb. 12.—After making two daring but unsuccessful attempts to enter at great risk the corridors of the town hall, which state police were guarding, a fireman, who was being fought in the cellar by Bremen, Rev. F. W. Smith, pastor of the Methodist church, an overseas chaplain with the Canadian Black Watch, rushed to his home, procured a gas mask, again entered the building and rescued two large silk United States flags that recently had been presented Ray Stonepost, a member of the legion.

Before entering the door of the building he made one end of a long string fast to the outside and tied the other end to his left thumb so that he might safely make his exit.

To save the flags he was compelled to crawl the length of the building over a floor through the cracks of which flames, smoke and sparks were pouring.

FEBRUARY HAY CUTTING IN MAINE

Bath, Me., Feb. 12.—They are making hay while the sun shines here winter. Albert Johnson made a meadow with a good stand of grass. He made a ditcher with the owner, took his machine out and turned it loose on the meadow. The hay proved well dried and after he had used it he wanted to pack his ice crop, Johnson had a surplus for the horse that pulled the mower. Cutting hay and ice at the same time is without precedent here.

TO DIE IN ABOUT FOUR DROWNING HIS CHILD

Riviere Du Loup, Que., Feb. 12.—Sir Francois Lemieux, chief justice of a superior court yesterday pronounced the death sentence on Charles Roussel on trial here on the charge of having drowned his child. Roussel was condemned to be hanged on April 15.

CONVENTION OF THE CHRISTIAN AND MISSIONARY ALLIANCE

A convention of the Christian and Missionary Alliance is to be held in this city in a few weeks. The speakers will be Rev. R. H. Glover, D. D. foreign secretary of the alliance; Rev. A. W. Hoff, superintendent for Canada; Rev. Frank Irwin, missionary on furrough from Annam, and Rev. Oswald J. Smith, a noted evangelist and Bible teacher. The founder of the Christian Missionary Alliance was the late Dr. A. B. Simpson, a native of Prince Edward Island, who, as president of the alliance, resided in New York, where he is the headquarters for the Missionary Society. It is an interdenominational and unsectarian society carrying on missionary work in nearly all the great heathen lands of the world. There are 308 missionaries and 667 native workers in the field.

MAY HELP OUT IN INVERNESS SITUATION

Sydney, N. S., Feb. 12.—It is reported that the National Railways, through Hon. F. B. McCurdy, minister of public works, will help to relieve the serious situation affecting 3,000 people at Inverness by taking over the coal output at nearly cost price for a short time.

LINCOLN ANNIVERSARY

New York, Feb. 12.—The stock exchange is closed today, Lincoln's birthday.

LOCAL NEWS

WRIST BROKEN. Miss Annie Cox of 106 Waterloo street, a member of the business staff of the Telegraph and Times, suffered painful injury yesterday afternoon when she slipped on Princess street sidewalk and broke her arm at the wrist. Dr. J. F. London rendered surgical aid.

A LITTLE GIRL'S LOSS. Attention is directed to a want advertisement concerning the loss by a little girl of a highly treasured Sunday school badge which she wore when she visited the hospital last Saturday and which was missing when she arrived home. The little girl is ill. The finder will be rewarded.

JUNIORS HOLD SALE. A pantry sale under the auspices of the Junior Y. W. C. A. gymnasium class was held in the recreational centre, King street east, this morning. In addition to the pantry sale the ladies' class carried out a programme of folk dancing, which was enjoyed by many of the parents and friends of the children. The proceeds, which amounted to the sum of \$40, are for the benefit of the Junior class. The entire sale was managed by a committee of Miss C. F. Littlefield, physical director of the Y. W. C. A., the committee was as follows: Lois Watters, Margaret Hayward, Gladys Holder, Margaret Skinner, Elizabeth Williams and Vera Roberts.

JOHN J. CASEY DEAD. Many friends will hear with regret of the death of John J. Casey, which occurred at 12:35 o'clock today at his home, 193 St. James street, west. He was a lifelong resident of West St. John, and for more than twenty-nine years was a faithful employee of the city ferry service. A few days ago he was rendered unconscious by a fall at his home and death resulted from this accident. He was a charter member of the C. M. B. A. in Carleton, and had a host of friends in the city and elsewhere to whom news of his death will come as a great blow. He is survived by his wife and two daughters, Mrs. T. J. Lahey of 221 City Line, West St. John, and Miss Florence, at home.

Notices of Births, Marriages and Deaths, 50 cents.

Ltd. stores are offering wonderful values in all sorts of household cottons and linens, during the remaining few days of their big yearly Free Hemming and Table cloth, sheeting, pillow cottons, towels and many more things always needed in every household are generously reduced and every woman should take advantage of this offer at this time.

ATTEMPT A TEXORTION FROM MEMBER OF THE MORGAN FIRM ALLEGED

Philadelphia, Feb. 12.—A man, alleged to have attempted to extort money from E. P. Stotesbury, widely known banker and member of J. P. Morgan & Co., New York, and threatening harm to him and his family, is under arrest here today. His identity has not been disclosed.

LOCAL NEWS

Charles Hamm of Grand Bay was stricken with paralysis in Market Square this afternoon at three o'clock. The ambulance was summoned and he was taken to the General Public Hospital.

HERE NEXT WEEK

The C. P. O. S. liner Scandinavian is en route to this port from Southampton via Antwerp and is expected to arrive next Tuesday or Wednesday. She has 745 passengers on board, 366 cabin and 479 steerage. Of those 196 cabin and twenty-two steerage passengers embarked at Southampton and the remainder at Antwerp.

CONDITION SERIOUS

The condition of Harry Gillen at the General Public Hospital is very grave. His injuries, received by a fall into the hold of a steamer, are of a very serious nature.

AT CHUBB'S CORNER

Four properties were put up for auction at Chubb's corner at noon today, three of which were sold. Auctioneer Potts disposed of a freehold property in Midway street, West St. John, belonging to Katherine M. Fitzgerald and others, to Mary E. LeBlanc for \$800. A freehold in Somerset street was sold by Mr. Potts to Susanah Peckham for \$750. Auctioneer Webber put up a bungalow and three lots at Fair Vale belonging to T. L. Baxter, but withdrew them at \$1,000. A four-family leasehold, 102 Queen street, was sold to Harry Cox for \$2,000.

FOUR YOUTHS ARE ARRESTED AS HOUSE BREAKERS

Ottawa, Feb. 12.—With the arrest of four young men last night, the police believe they have solved the mystery of a recent outbreak of house-breaking in the city. Three of the quartette will be charged with having carried out seventeen burglaries from January 21 until the night of February 10, while a fourth will be charged with having participated in at least some of them.

SITE FOR FREDERICTON MATERNITY HOSPITAL

Fredericton, N. B., Feb. 12.—The trustees of Victoria Hospital have practically obtained an option on the property of the estate of Mrs. J. H. Pickard, Smythe street, for use as a maternity hospital. Trustees of the property are residing at distant points and it will be some days before a definite decision will be reached. At least one other party is after the property.

Forest Long of South Devon, Ill. with pleuro-pneumonia, is reported today to be improved. The condition of George P. Barrett is unchanged. Austin Dunphy is still in a serious condition.

LOCAL NEWS

John Casey of St. James street, West side, who fell down the stairs of his home last Saturday evening and sustained a fractured skull is still unconscious. He is an elderly man and has been in ill health for several years.

Samuel T. Seeds, engineer at No. 1 fire station in Charlotte street, has completed twenty-five years' faithful service. A supper was tendered to him last evening at the station. E. S. Seaton was chairman, and addresses were delivered by Joseph McAuley, J. Corbett, Thomas McCullough, B. Atkinson, Charles Perry, George Heys, and others. On behalf of the members and friends, Mr. Seaton presented to Mr. Seeds a case of pills.

As a result of a fire which broke out in St. John's, Kings county, Frank McKenna returned yesterday with his wife and six children lost their home and everything they possessed. They barely escaped with their lives.

According to a despatch received in the city last evening from Ottawa, Norman P. McLeod of this city has been appointed to succeed Arthur W. Sharp as inspector of federal taxation for this district. Mr. Sharp is to be superannuated.

A committee, consisting of W. F. Burditt, Alexander Taylor and Councilor Dalzell of East St. John, held a conference with the mayor yesterday afternoon, when various phases of the question of union with the city were discussed. Another meeting will be held in the near future.

GOOD THINGS COMING TO THEATRES OF ST. JOHN. CARPENTIER TO BOX IN ST. JOHN

Imperial's Refined Society Drama, "The Wonder Man," Has Four Whirlwind Rounds Monday.

Georgia Carpenter (pronounced Carpon-shay), the great French war hero, gentleman heavyweight boxer and the only man who stands between Dempsey and the coveted world title, will fight four whirlwind rounds with heavyweight Bob Barrett of United States as a grand climax to the brilliant and wondrously staged social-political drama "The Wonder Man" at Imperial Theatre Monday.

It will not be a case of introducing a "duh" actor into story for the sake of his athletic prowess for Carpenter is a finished actor, a handsome demoburn fellow who wears a dress suit like a tailor's model and smiles the smile of a trained courtier. His dramatic fire is second only to his physical punch and as the engrossing story works up to a high pitch the sensational box in the real ring (no parlor stuff about this) brings watchers their feet with sporting enthusiasm.

Since Mon. Carpenter—France's medal-bedecked hero aviator—made this wonderful picture for the Robertson-Cole Corporation of New York, he has been thrust more conspicuously into the eye of the world as a challenger for the pugilistic pre-eminence of the world. In fact he will sign articles in a very few days, sport demonstrated by clean-living athletes, will have the extraordinary opportunity of seeking the possible future champion in action.

The Imperial will show this expensive feature at the special scale of 2 o'clock, 5:45 and 7 and 9:45 p.m. Ladies need have no hesitation in attending this picture-show for it is not only a fine society drama of the best type but the sporting element in it is devoted of all brutality or slum suggestion, in fact it is a dress suit occasion, but lively to the king's taste.

"RECKLESS EVE" SCORES A HIT AT OPERA HOUSE

Is a Bright Miniature Musical Comedy, With Beautiful Stage Settings and Tuneful Melodies.

"Reckless Eve", a miniature musical comedy, scored a hit in the Opera House last evening. Its bright, beautiful stage, a pleasing plot, plenty of catchy musical numbers, a pretty and strong singing chorus, and an interesting story, all combined to make a comedy throughout. The scenic effects, the magnificent costumes of the lady members of the cast, and the tuneful musical renditions won commendation from all. It is one of the brightest hits presented for some time and is sure to make a decided hit while in the city.

While the work of the entire cast was good that of Cecil Summers, Jack West, Florence Warren and Eva Edy was outstanding. The cast and musical numbers follow: Jarvis Huntington..... Walter M. Wellitt Friend..... Martin Gibbons A Friend..... Joe Gates Steve Wilton..... Fred West Mayne..... Evie Edy Proprietor..... Dominick J. Buckley The Engineer..... Cecil Summers The Heiress..... Florence Warren Chorus—Misses Meyer, Burns, Dix, Tegue, Hucules, Manley, Haviland and Miller.

MUSICAL NUMBERS

Opening..... Evie Edy and Cecil Summers and Papa..... Steve and Mayne Some Tune..... Heiress and Chorus Up Just Like Bird..... Evie Edy and Steve, Mayne, Engineer and Chorus Romeo..... Heiress and Chorus Love-Love-Lo..... Evie Edy and Chorus Finale..... Entire Company

MYSTERY FILM AT THE UNIQUE MONDAY

"118," the best mystery picture of the year, starring Wedgwood Nowell, will be shown at the Unique Theatre Monday. It is a super-spy, and was adapted to the screen from the famous Arsene Lupin story by Maurice Leblanc.

LOCAL NEWS

John Casey of St. James street, West side, who fell down the stairs of his home last Saturday evening and sustained a fractured skull is still unconscious. He is an elderly man and has been in ill health for several years.

Samuel T. Seeds, engineer at No. 1 fire station in Charlotte street, has completed twenty-five years' faithful service. A supper was tendered to him last evening at the station. E. S. Seaton was chairman, and addresses were delivered by Joseph McAuley, J. Corbett, Thomas McCullough, B. Atkinson, Charles Perry, George Heys, and others. On behalf of the members and friends, Mr. Seaton presented to Mr. Seeds a case of pills.

As a result of a fire which broke out in St. John's, Kings county, Frank McKenna returned yesterday with his wife and six children lost their home and everything they possessed. They barely escaped with their lives.

According to a despatch received in the city last evening from Ottawa, Norman P. McLeod of this city has been appointed to succeed Arthur W. Sharp as inspector of federal taxation for this district. Mr. Sharp is to be superannuated.

A committee, consisting of W. F. Burditt, Alexander Taylor and Councilor Dalzell of East St. John, held a conference with the mayor yesterday afternoon, when various phases of the question of union with the city were discussed. Another meeting will be held in the near future.

Jones, Hall & Fairweather, \$10 each; C. N. Goodspeed, H. L. McMurray, \$5 each.

WARM YOUR BLOOD.

A poet has said that "the owl for all his feathers was a-cold" when people for all their wraps are a-cold whenever they are out-of-doors even in normal winter weather.

It is plain they need the warmth there is in pure, rich red blood, which reaches the brain, the arteries and veins, from head to foot, all over the body. They could be told by many people, from experience, to have this good blood they should take Hood's Sarsaparilla. This great medicine has really made it possible for men and women, boys and girls, to enjoy cold weather and resist the attacks of disease. It gives the right kind of warmth, stimulates and strengthens the same time, and its benefits are as lasting as those of any tonic possibly can.

If there is biliousness or constipation, which often occurs as a result of the torpidifying effect of cold, Hood's Pills will do the trick. They are perfectly compatible with Hood's Sarsaparilla, and are gentle and thorough.

LATE SHIPPING

Port of St. John. There were no arrivals and no clearances today.

LANDIS SENDS CLERK HOME AND CRITICIZES BANK

Chicago, Feb. 12.—After pleading guilty of embezzling \$96,600 from the National City Bank here, Illinois, Francis J. Carey, 20, former receiving teller of the bank, yesterday was released on his own recognizance by Federal Judge Landis, who criticized officials of the bank for the small salary paid the defendant.

When Carey said his pay was \$90 a month, Judge Landis exclaimed: "This is astounding. It puts the responsibility on the directors of the bank. You were not getting any more than the elevator operators in the Federal building and they are notoriously underpaid. Francis you go on home. I'll send for you again."

NOT LIKELY TO HAVE BOYS SENT TO FREDERICTON

It is not likely that the Boys' Industrial Home will be moved from St. John, Mayor Schofield told a Times reporter this morning. He said that the D. S. C. R. hospital at Fredericton, which was under consideration, had a capacity of three hundred occupants, and as there were only fifty-one boys in the industrial home here it would hardly pay to take over the whole Fredericton plant.

He said that he had suggested to the commissioners of the general public hospital that they look into the possibility of having the patients from the provincial hospital in Lunenburg and the annex transferred to the Fredericton building, and utilize the provincial hospital buildings as an addition to the general hospital equipment here.

He said that the Fredericton site was in an ideal location and was capable of considerable expansion. The provincial hospital and annex offered accommodation for some six hundred patients, which would be more than would be required in the city for some time, in addition to that provided in the general public hospital.

The mayor was of the opinion that opportunity for expansion of the general public hospital in its present location was limited. While the arrangement suggested was quite an undertaking, he thought it was worthy of consideration, particularly on account of the fact that before long the D. S. C. R. hospital in Fredericton will be unoccupied.

FINANCES OF ONTARIO AND B. C.

Toronto, Feb. 12.—Public accounts for Ontario for the fiscal year 1920 show that the direct debt of the province was \$128,191,754 on October 31, 1920, as compared with \$97,576,761 on October 31, 1919. The total expenditures total \$66,890,946, and the ordinary receipts \$35,078,694, a deficit of \$31,812,252. The capital expenditures total \$66,890,946.

Victoria, B. C., Feb. 12.—British Columbia has a surplus of \$381,888 of revenue over expenditure for the fiscal year ended March 20 last, according to the public accounts presented to the legislature yesterday. The total surplus of assets over liabilities has increased from \$221,181,298 to \$268,407,391.

PERSONAL

M. K. Pike, general sales manager, C. F. R. Jones, telephone and cable sales manager; L. A. Johnson, supply sales manager; J. J. Soper, district manager, of the head office Northern Electric Co. Ltd., Montreal, were in St. John on business on Friday.

WOMEN TRIED TO SMUGGLE LIQUOR FROM ITALIAN SHIP

New York, Feb. 12.—Six women smugglers, after a visit to the Italian steamer ship Giuseppe Verdi yesterday, were arrested by customs inspectors and a search revealed twenty-one quarts of liquor seven bags hanging from their waists beneath their skirts. The liquor was confiscated and each woman, one a grandmother, was fined \$5.

STATEMENT AND DENIAL IN C. P. B. THEFT CASE

Montreal, Feb. 11.—In the case of Felix Perreault, accused of receiving goods, Lachie, Mrs. Oscar Gagne yesterday stated from the bench that Perreault testified that attempts had been made to get her to give evidence in favor of the accused in consideration of money payments. This was emphatically contradicted. The case was adjourned until Feb. 17.

TO REPEAL ARKANSAS ANTI-CIGARETTE BILL

Little Rock, Ark., Feb. 12.—The house yesterday passed a senate bill repealing the anti-cigarette law of Arkansas. The bill now goes to the governor.

SERBS REFUSE TREATY OF COMMERCE WITH GERMANY

Belgrade, Feb. 12.—The cabinet has rejected the draft of a treaty of commerce with Germany, prepared in collaboration with German representatives here and approved by the minister of commerce. The German delegates have left.

DOUBLE TRAGEDY

Edmonton, Alta., Feb. 12.—William Jarvis, a farmer, of Sangudo, shot and killed his wife and committed suicide yesterday.

Melbourne, Feb. 12.—(By Canadian Associated Press.)—The cricket test match being held today England completed its first innings for 284 runs. The Australians made 207 for five wickets when stumps were drawn. A feature was the collapse of the English bowling.

PERMIT SYSTEM IN HANDLING LIQUOR

Other Features of New Legislation Proposed for British Columbia.

Victoria, B. C., Feb. 12.—(By Canadian Press.)—The broad outlines of the government liquor control law were outlined by Premier Oliver yesterday in the legislature in opening the debate on the motion to ask the lieutenant-governor to submit a bill providing for government sale of liquor. The government's proposals include:

Abolition of bars and saloons. Abolition of prohibition of sale to persons under the age of twenty-one. Liquor stores to be limited to the larger centers of population.

The introduction of a permit system with the permit revocable where its holder is guilty of abuse. Liquor to be sold at a moderate price to yield a reasonable profit to the government.

The commission to be given power to draw up and impose regulations from time to time for the proper enforcement of the act. Illicit liquor buying to be made a punishable offence.

The municipalities to receive 50 per cent. of all revenue received from fines under the act in their respective districts. It is expected that the bill will be introduced in the legislature the end of next week.

POPE WOULD LIKE NEW GARDINAI'S TO BE INVESTED IN ROME

Rome, Feb. 12.—Pope Benedict yesterday again expressed the desire that unless a serious reason prevents the new cardinals to be created at the next consistory in March will come to Rome to receive the red hat.

Power, Manager, Association Bldg. The Audit Bureau of Circulation audits the circulation of The Evening Times.

### CONSIDER THESE FACTS.

An article in today's Times presents very interesting facts regarding medical inspection in the city schools, the value of the work done and the assistance given by the public hospital, where and thoughtfully, and ask himself or herself without prejudice whether there is anything in the principles adopted to which reasonable objection can be made. The figures show that these operations averaged almost one per day last year. In 800 cases children were relieved of a defect that could not but affect their ability to progress at school, and in a great number of other cases the vigilance and skill of the medical inspectors improved conditions for the boys and girls. The city still needs a dental clinic, and better provision for providing glasses for children with defective eyesight, but great progress has been made since medical inspection was introduced. The results are of the greatest benefit, not only in preventing the spread of contagious and infectious diseases through the medium of the schools. In this general connection we quote a paragraph from the Bangor Commercial—

"No community is doing its duty to its children until it makes itself safe for the child to grow up into healthy, normal adult life, both in mind, body, and morals, says the Maine department of health. To do this there must be playgrounds with supervision; amusement places fit for boys and girls which will then be fit for men and women; means of overcoming physical defects which have been discovered by school nurses or physicians; instruction in healthy living; and a segregation of the mentally defective in order that they may secure special instruction. Last but not least there must be supervision of the child of working age to see that he is physically fitted for his work and that surroundings are fit for his mental and moral development."

St. John does not segregate the mentally defective, and does not even provide sufficient classes for retarded pupils. If we accept the average in cities where a study has been made, there are probably a hundred retarded and mentally deficient children in the schools of St. John. It is unfair to put them in classes with brighter pupils and expect them to do as well. They should be gathered in separate classes, graded according to their capacity, and given such instruction as their mental powers could grasp. It was noted in the Times on Thursday that out of 111 boys and girls examined in connection with the juvenile court in Montreal no less than 87 were mental defectives. It should be one of the aims of our educational system to pay special attention to this class of children, and they should be followed up after leaving school. Not many years ago there was a girl of school age who was mentally defective. Today she is a woman who has been the mother of several illegitimate children, born in institutions, and she herself is still at large without institutional care. On such object lesson is enough to enforce the argument for proper care of the mentally deficient in school and after; but New Brunswick pays no attention.

### BRITISH SHIPPING TRADE

Information received by the foreign information department of New York shows how British shipping trade has recovered itself since the war. It says that official figures of the Board of Trade covering the entrance and clearance of vessels with cargo at British ports in 1920 show an increase of nine million tons over similar returns for the year 1918, and a gain of almost twenty-four million over the figures of the year 1917. The net tonnage entered and cleared increased from 49,800,000 tons in 1917 to 78,100,000 tons in 1920. Of course there is yet a great gain to be made to equal pre-war times, as the figures for 1918 were 116,800,000 tons. The report further says:

"Of total entrances and clearances in 1920, approximately 46,000,000 tons were British ships compared to 44,000,000 tons in 1919; 85,000,000 tons in 1917 and 72,000,000 tons in 1918. Norwegian tonnage again led the foreign entrances and clearances in British ports in 1920, with American tonnage second. But United States shipping made the greater gain in the year. The comparative figures are: Norway 1920, 4,750,476 tons; 1919, 4,460,579 tons; United States, 1920, 8,999,004 tons; 1919, 8,284,518 tons. American tonnage with cargo in British ports in 1918 was only 618,922 tons, while Norway entered and cleared more than three quarter million tons."

An interesting fact as showing the rapidity of German recovery is that German entrances and clearances with cargo totalled 460,494 tons in 1920 compared to 11,064 tons in 1919.

The Standard's Ottawa correspondent says that at least five new men will be taken into the Meighen cabinet, and that three of them will be French-Canadians. He says further that there will be a series of by-elections, and that the result of these will determine whether or not there will be an early appeal to the people in a general election. It may be taken for granted that any by-elections held hereafter will be hotly contested.

### READ THE STATEMENT.

The Times presents in brief today the story of vocational training in St. John and reasons why the evening classes should be continued. Every citizen in doubt should read the statement carefully and thoughtfully, and ask himself or herself without prejudice whether there is anything in the principles adopted to which reasonable objection can be made. The figures show that these operations averaged almost one per day last year. In 800 cases children were relieved of a defect that could not but affect their ability to progress at school, and in a great number of other cases the vigilance and skill of the medical inspectors improved conditions for the boys and girls. The city still needs a dental clinic, and better provision for providing glasses for children with defective eyesight, but great progress has been made since medical inspection was introduced. The results are of the greatest benefit, not only in preventing the spread of contagious and infectious diseases through the medium of the schools. In this general connection we quote a paragraph from the Bangor Commercial—

"No community is doing its duty to its children until it makes itself safe for the child to grow up into healthy, normal adult life, both in mind, body, and morals, says the Maine department of health. To do this there must be playgrounds with supervision; amusement places fit for boys and girls which will then be fit for men and women; means of overcoming physical defects which have been discovered by school nurses or physicians; instruction in healthy living; and a segregation of the mentally defective in order that they may secure special instruction. Last but not least there must be supervision of the child of working age to see that he is physically fitted for his work and that surroundings are fit for his mental and moral development."

St. John does not segregate the mentally defective, and does not even provide sufficient classes for retarded pupils. If we accept the average in cities where a study has been made, there are probably a hundred retarded and mentally deficient children in the schools of St. John. It is unfair to put them in classes with brighter pupils and expect them to do as well. They should be gathered in separate classes, graded according to their capacity, and given such instruction as their mental powers could grasp. It was noted in the Times on Thursday that out of 111 boys and girls examined in connection with the juvenile court in Montreal no less than 87 were mental defectives. It should be one of the aims of our educational system to pay special attention to this class of children, and they should be followed up after leaving school. Not many years ago there was a girl of school age who was mentally defective. Today she is a woman who has been the mother of several illegitimate children, born in institutions, and she herself is still at large without institutional care. On such object lesson is enough to enforce the argument for proper care of the mentally deficient in school and after; but New Brunswick pays no attention.

### DEFIATION

Canadian Finance makes some interesting remarks on the subject of deflation. It says:

"We are pretty well agreed that the sooner we get right down to rock bottom in business the better it will be for us all, provided the downward movement is not too abrupt. There are two ways of reaching the foot of the business stairway, either by sliding down the banister and falling off the end with a bump or by an orderly descent of the steps which modern business provides. In Canada we are trying the latter method with a reasonable amount of success, but there are influences which have placed obstacles on the stairway which tend to cause us to lose our balance momentarily. Fortunately we are getting nearer the end of our downward journey every day. What are these drawbacks to orderly deflation? First, we have those who refuse to recognize the obvious fact that prices are falling and hold on to their goods waiting for prices to come back. These men will be adding to present difficulties by fighting against the inevitable. Next come those who only recognize a purchasing contract when it pays them to do so. There are men in our midst who hesitate to cancel an order to purchase goods from a wholesaler as soon as they see prices dropping. With them an obligation to purchase is nothing more than a scrap of paper—to be torn up if it will not produce profit for them. We shall not build up a great business nation in this country until our business men live up to their obligations to the last letter of the contract. These men who cancel orders right and left so that they may buy in a lower market are dislocating Canadian industry, and although their actions may be profitable for the time being they will find that in the long run it does not pay."

This reference to men who cancel contracts without just cause deserves universal consideration. If we may judge from articles in trade journals and from business circulars that habit of cancellation has become sufficiently prevalent to suggest a slump in business ethics. This is not a healthy state of affairs, since it has a tendency to break down confidence without which business transactions on a large scale could not be carried on.

St. John has a world's skating record to its credit won by Charles Gorman yesterday. This city is getting into its stride again as a producer of athletes able to hold their own in any company. The present year should see a further great revival of interest in all amateur sports. As Gorman did all his practicing on outdoor rinks this season, the Improvement Leagues which provided them deserve credit for their public spirit, and deserve greater support than they have yet received from the citizens at large.

### JAIL WITHOUT FINE FOR DRUNKEN DRIVERS OF AUTOS

Quebec, Feb. 12—Hector Laferte of Drummond is bringing before the legislature a bill providing for imprisonment without the option of a fine for drunken drivers of autos. Mr. Laferte brought in this bill last year, but it was defeated in committee, on the ground it was too drastic. Since that time, however, Mr. Laferte, who is well known as a lawyer in Quebec, has gained the support of some additional members, as well as plenty of newspaper support throughout the province, and hopes to have more success this year.

The winter picnic of the Queen Square Methodist Sunday school was held last evening. A committee composed of Mrs. Horace Emery, Miss L. M. Lingley and Mrs. A. B. Gilmour were in charge of arrangements. Those taking part in the programme were: Girls of the C. G. I. T. Mrs. C. R. Mersereau, Miss Besie Thompson, Leslie Bewick, Norman Magnusson and Charles Cromwell.

### THE BUSY BARD

I punch my eye to buy a tin or sharp-plugs for my fiverr; I sing a lay to purchase hay and gas and beans and liver. The poet knows but small repose, these days of stress and straining; he works the muse for overshoots to wear when it is raining. He swats the harp to buy a carp to feed his pants and nesses; he turns out loads of hot stuff odes, on ancient Romes and Greces. And grocers say, "That rhyming lay takes life so beastly easy, while we must hump or hit the dump, where go the bankrupts' cheese?" And plumbers sigh, as they go by, "That poet's grunts a daisy; he merely sits and throws his fits, and he is fat and lazy; and we poor sink's fix busted sinks and faucets that are leaking, and when we're done and ask our mon, the patron's always abjecting." As people walk I hear them talk about the stuy I'm owning; I bask at ease and write my rhymes while working men are groaning. But oh, the times when decent rhymes won't come, for all my trying when my old dome won't frame a rhyme that men might call undying! The barren days when cheer-up lays it seems, cannot be written! The ghastly nights when he who writes is by brain-fag smitten! Oh, then the bard would lead in loud, or pluck with plunkers, gaily; if he could seek the harp whose smoke has risen yearly, jolly.

### IN LIGHTER VEIN.

Where the New Books Begin. "What sort of a novel is it?" "Old-fashioned." "That so?" "Yes. The story ends that they were married and lived happily ever after." "What's old-fashioned about that?" "The newer authors usually start off their books with the wedding day, and work the time back to the high to the finish."—Detroit Free Press.

Outwitted the Judge. The jurymen ran breathlessly into the court. "Oh, my lord," he exclaimed, "if you can excuse me, pray do I don't know which will die first—my wife or my daughter?" "Dear me, that's sad," said the innocent judge. "Certainly, you are excused." The next day the jurymen was met by one of his fellow-jurors, who in a sympathetic voice asked: "How's your wife?" "She's all right. Why do you ask?" "And your daughter?" "She's all right, too. Why do you ask?" "Why, yesterday you told the judge that you did not know which would die first?" "Nor do I. That is a problem that time alone can solve."

Mother's Unconscious Joke. Jack—And what did the old lady say when she entered the room and found her plump daughter sitting on your lap? Tom—She remarked that I had taken a great deal on myself.—Boston Transcript.

More Enterprise Needed. "No one has yet been successful in filming an actual murder," states a picture-goer's journal. It certainly does seem a pity that our murderers are so terribly self-conscious the presence of a cinematograph man.—Punch London.

### FIFTIETH ANNIVERSARY OF SUN LIFE

The year 1921 marks the fiftieth anniversary of the Sun Life Assurance Company of Canada which in the half century of its existence has grown to be one of the largest and most successful life insurance companies in the world. A comparison of the growth of the company's business by decades is perhaps the most convincing proof of the strength of its management and of the steady development of public confidence towards it. One year after it was organized, in 1872, the company's income was \$48,000; its assets, \$96,461, and it had written policies for a total of \$1,084,350. By the year 1880, the income had grown to \$141,402, with assets \$473,682 and insurance in force of \$3,897,139. From this time onward the development of the company not only in Canada but in stretching out to many other countries of the world, proceeded at a rapid pace, as the tables for the next four decades indicate:

| Year | Income     | Assets      | Insurance in force |
|------|------------|-------------|--------------------|
| 1880 | \$48,000   | \$96,461    | \$1,084,350        |
| 1890 | 2,788,000  | 10,486,000  | 87,980,000         |
| 1900 | 9,578,000  | 88,164,000  | 143,546,000        |
| 1910 | 28,751,000 | 114,839,000 | 486,641,000        |

Such a record stands alone in the annals of life insurance companies in Canada. Not after such a great achievement is there any sign that the company has any intention of standing still on its laurels, for during the past year there was written in new insurance upwards of \$106,000,000 which in itself exceeds by \$20,000,000 the high mark of 1919, which up to that date was a record for the company. It is interesting to note that during its fifty years of existence the Sun Life has paid out to its policy-holders or their beneficiaries over \$100,000,000. Details of the financial statement of this company for the past year appear elsewhere in this issue, and will be studied with more than usual interest in this its Jubilee year.

### QUEBEC SCHOOLS

Quebec, Feb. 12—Hon. Athanas Davila, provincial secretary, tabled the report of educational statistics for the school year 1919-1920 in the house last night. There were 6,772 Catholic schools, which were in charge of 3,857 male and 12,244 female teachers. These schools were attended by 433,413 pupils, of whom 223,389 were boys and 210,024 girls. The average attendance was 342,272, or 76.448 per cent. There were 817 schools for the Protestants, with 457 male and 1,946 female teachers, and attendance of 63,553 pupils, whereof 32,213 were boys and 31,340 girls. The average attendance was 46,315, or 72.92 per cent. Taking both Catholic and Protestant figures together, it is noted that there are 7,589 schools, with 4,314 male and 14,190 female teachers, attended by 516,966 pupils, of whom 255,612 were boys and 261,354 girls. This still maintains the fact that more girls go to school than boys, though birth rates are the other way about. Girls also attend school more regularly than boys.

### NEW YORK CLEARING HOUSE

New York, Feb. 12—The actual condition of clearing house banks and trust companies for the week shows that they held \$19,247,550 reserve in excess of legal requirements. This is an increase of \$4,250,480 from last week.

## Make Your Car Look New For a Dollar or Two

Sure, you can refinish it yourself with

New car, John? No, 1920! Refinished her myself with Effecto Auto Finishes.

Effecto Auto Finishes include eight snappy colors. Clear Varnish and Top and Seat Dressing. A few hours of interesting work and 24 to 48 hours for drying will transform an old weather-beaten car into a real automobile. Effecto Auto Finishes include eight snappy colors. Clear Varnish and Top and Seat Dressing. A few hours of interesting work and 24 to 48 hours for drying will transform an old weather-beaten car into a real automobile.

## TRAGIC CASE IN A TRURO HOTEL

Truro, N. S., Feb. 12—Leda Hennessey, aged 24, is making a fight for life in a hospital here. Alarmed by a noise in Hennessey's room in a local hotel, patrons say, the proprietor investigated and found the young man unconscious, with an empty bottle of chloroform and a half-filled bottle of carbolic acid by his side. It is alleged that Hennessey had written a letter stating that he had been in some sort of trouble. The letter is said to have been addressed to Enoch Hennessey of Brooklyn, Hanis county.

### RECENT DEATHS

Sister M. de Sales died yesterday morning at the Mater Misericordiae Home. She had been a member of the community of the Sisters of Charity for forty-three years. She was superior of the Boys Industrial Home. She is survived by two sisters, Mrs. W. E. Nash, Sydney, and Mrs. K. McKinnon of St. John, N.B.

The death of Mary Loretta King, the little daughter of John and the late Katherine King, of this city occurred last evening at the St. John County Hospital after an illness of fourteen months.

The little girl was nine and one-half years of age and leaves besides her father, two brothers and one sister. The funeral will take place at 8:45 o'clock Monday morning from the residence of her grandfather, William King, 57 High Street, to St. Peter's church for requiem high mass.

St. Andrews, N.B., Feb. 11.—(Special.)—Many friends will learn with regret of the death of Mrs. Angus Kennedy, which occurred this afternoon, after an illness of a few days, at the home of her son, Mayor W. F. Kennedy. Although Mrs. Kennedy had reached her eighty-fourth year she had continued active and in-

terested in the affairs of her daily life. She is survived by six daughters, Mrs. James Dalton of Ottawa; Mrs. J. E. Cunningham of Medford (Mass.); Mrs. R. B. Owens of Edmundston (N.B.); Mrs. J. E. Twohey of Tupper Lake (N.Y.); Rev. Sister St. Providence of Mount Carmel Convent, Waterford (N.S.) and Miss Amelia, at home, and also by three sons, Dr. Charles E. of Winnipeg; W. Frank and Archibald E. of St. Andrews.

### HOME BANK LOSES CAHAN LITIGATION

(Canadian Press Dispatch.)  
Montreal, Feb. 11.—In the superior court, this afternoon, Justice MacLennan gave judgment ordering the Home Bank to pay the sum of \$205,900.87 to the Corporations Securities, Limited. This is the amount which C. H. Cahan, K. C., Jr., secured from the Corporations Securities Limited, by signing checks in the name of the concern, of which he was a director, and making

| 1910 | 9,675,453.94  | 38,164,790.37  | 143,549,276.00           |
| 1920 | 28,751,578.43 | 114,839,444.48 | 486,641,235.17           |

News of the Churches

Church People of St. John

The first convention of The Christian and Missionary Alliance, headquarters New York City, will be held, D.V., from Sunday, February 27th to and including Sunday, March 6th, in the Brussels street church.

The Alliance is working in sixteen foreign fields and preaching the Gospel in twenty-two foreign languages. It has over 800 Missionaries and between 600 and 700 native workers. It holds three positions within the forbidden land of Tibet.

Paul Rader, Pastor of the Moody church, Chicago, a church with a membership of 5,000, is the President, succeeding the late Dr. A. B. Simpson.

These meetings will be under the direction of Rev. A. W. Roffe, Superintendent for Canada. Among the speakers will be:

- REV. R. H. GLOVER, M.D., New York, N. Y.
REV. OSWALD J. SMITH, Evangelist, Toronto.
REV. FRANK IRWIN, Missionary, on furlough.
Complete Programme Published Later.

Centenary Methodist Church

REV. H. A. GOODWIN, Pastor.
11 a.m.—Rev. Henry Penna will preach.
2.30 p.m.—Sunday School and Bible Classes.
7 p.m.—Rev. J. C. Berrie will preach.

Queen Square Methodist Church

REV. NEIL MacLAUCHLAN, B.A., Pastor.
The Pastor will conduct services at 11 a.m. and 7 p.m.
Sunday School session at 2.30.
A WARM WELCOME IS EXTENDED TO ALL.

EXMOUTH STREET CHURCH

REV. G. F. DAWSON, M.A., Pastor.
10.00 a.m.—Class meeting.
11.00 a.m.—Rev. J. Heaney, B. A.
2.30 p.m.—Sunday School.
7.00 p.m.—The Pastor.

OPPRESSED BY THE SOLDIERY

People of Hupeh Province, China, Reduced to Dire Straits.

(Associated Press Correspondence.)
Hankow, China, Jan. 10—Appalling stories of a populace oppressed to the point of extermination by an uncontrolled soldiery have been coming to Hankow for weeks from the upper reaches of the Vantze river. The reports are principally from missionary sources. The people in the western part of Hupeh province, these sources say, have been reduced to dire straits by troops who demand tribute, levy, taxes, seize and occupy homes and shops and live on the land without restraint and those under the yoke have no possible channel open to them to voice their grievances. Shihnan and adjoining districts in the western part of the province are said to be wholly under domination of the soldiers. The area is not far distant from the Yangtze trans-shipment port of Ichang which was seized and looted by mutinous troops in December. In ordinary times it is secluded from the rest of China with little or no communication with the other provinces due to the utter lack of routes of transportation over the rugged heights. It was in the early months of 1918 as a development in the strife between north and south that the soldiers appeared here under the name of the "Pacifying Nation Troops" of Hupeh. These troops brought disaster. Recently by reason of differences these forces have had with the Szechuen troops the source of salt supply for the district has been cut. For weeks, say the reports, it was impossible to obtain salt at any price with the result that the plague appeared among soldiers and people alike. Here is a quotation from one letter to the American Church Mission at Hankow: "In one home the soldiers became enraged at the family's lack of respect for eldest son and hanged him. His wife, they say, immediately committed suicide and without paying, threw the food of the old mother then killed herself."

Drink Baker's Cocoa Every Day

household to their horses. The need family could not smother its protest for starvation was then upon them. The soldiers then promptly called out to eldest son and hanged him. His wife, they say, immediately committed suicide and without paying, threw the food of the old mother then killed herself."

The Ford Power Plant

THE first model T Ford engine was made in 1908. It was the perfected development of Henry Ford's motor inventions dating back sixteen years to 1892 when he built his first little one-cylinder motor.

During that sixteen years Ford Cars were made in many models from little two-cylinder "chuggers" to big six-cylinder, high-priced cars.

But in 1908 the crystallized results of all those years of experience and study was the model T, the Ford power plant of today.

And since 1908, thirteen years of test under every condition of use in peace and war, in every nook and corner of the globe has shown not a single weakness nor a need of improvement, nor of additions to the power plant which drives half of all the cars on earth.

The wonderful durability and power of the Ford engine, its simplicity of operation and its economy in fuel and repairs, are reasons why the Ford car should be a good car for you to own.

Table with Ford prices: Touring Car, \$675; Sedan, \$1,200; Runabout, \$610; Chassis, \$550; Coupe, \$1,100; Truck Chassis, \$750. Starter and Electric Lighting \$100 extra. Prices are f.o.b. Ford, Ont.

PANTRY SALE.

A successful pantry sale was held this morning in the Imperial Theatre lobby under the auspices of the Philathea Club of the Central Baptist church. A nice assortment of home-cooked and candy was on sale. The proceeds are to be used in aid of the parsonage fund.

CHURCH CONCERT.

A concert was held in the Victoria street Baptist church school room last evening, under the direction of G. W. McAulay, who acted the programme as follows: Instrumental duet, Master Alfred and H. E. Sibson; reading, Stanley Irving; solo, Dr. F. L. Bonnell; instrumental duet, violin and guitar, Miss Mae Betts and James Catherwood; sketch, "Grasshopper Centres" Miss May Parry, Kenneth Ferris and G. W. McAulay; solo, Mrs. B. C. Ferris; reading, Miss Alice McKim; reading, G. W. Walker; violin solo, Miss Mae Betts, accompanied by Miss Sadie Cogle. The proceeds are to be used for the new church fund.

SENTENCED TO PENITENTIARY

McDonald Found Guilty in Assault and Theft Charges Gets Four Years and One Year, Running Concurrently.

The case of George McDonald, alias Lorne Russell, Dunsmuir, charged with assault and theft, was disposed of by speedy trial before Judge Armstrong in the county court today. He pleaded guilty to the assault and not guilty to the other charge. The evidence disclosed that he and another man entered the Williams Hotel cafe between one and two o'clock in the morning and ordered refreshments for which they did not pay. The other man drew a revolver which the accused pointed at the Chinese in charge, ordering him to hold up his hands. This being done the accused broke open the cash box and stole \$70. The accused, who had a previous record in Stratford, Ontario, was found guilty and sentenced to one year in the penitentiary on the one count and four years on the other, with hard labor, the sentences to run concurrently.

POLICE COURT

No arrests were made during the night. A case in which one man charged with having liquor in his possession other than in his private dwelling and also with obstructing the inspectors in the course of their duty and another with obstructing the inspectors, was before the court. A plea of not guilty was entered. Inspectors Journey and Henderson told of going to the place in question, which they say is not a private dwelling because of a door leading from a beer shop to the hall of the dwelling. The inspectors said they went in to the hall and were about to go upstairs when they were obstructed by the accused who caught hold of them and attempted to prevent them going upstairs. The inspectors succeeded in getting up upstairs and say that on going into the front room saw one of the accused take a tin can and throw it out of the window at the same time saying, "grab it and run."

One of the accused denied the charge of having liquor in his possession but thinking that his dwelling was a private one said he did obstruct the inspectors. He admitting throwing a can out of the window but said it was empty. He said the can belonged to his brother and had originally contained gin. The other accused said he arrived on the scene and saw his brother struggling with two men on the stairs and not knowing that they were officers of the law assisted in preventing them from getting upstairs. This completed the case and it was postponed until Wednesday. A deposit of \$100 was put up for appearance in both cases. W. M. Ryan conducted the prosecution.

DECIDED TO USE AIRPLANES IN OUR FOREST WORK

Premier Foster Makes Announcement—Start With Two or Three Machines.

Air patrols for the protection of the forests of New Brunswick will be used this summer by the provincial government according to plans now being considered, so Premier Foster announced this morning. Allowance for the expenditure is being made in the estimates for the coming year. The machines will be furnished by the Canadian Air Board and the province will provide the pilots, observers and mechanics.

This year's operations in this connection will be more or less in the shape of an experiment, the premier said, and on the success of the work will depend the permanent employment of a thorough system of air patrols. It is the intention of the government to start with two or three machines this year and add to the fleet later if the trial proves successful.

There are many parts of the province where a complete observation of the forest from the ground is impossible, and in the case of serious fires, particularly during the dry season, they are not detected until they have been burning for some time; consequently it is a more difficult undertaking to get them under control. The fire menace to the woods has always been a serious one and the local government is using every effort to prevent the destruction of our valuable forest lands. It is considered better in the interests of the province to conserve, rather than be compelled to reforest, and it is felt that the saving effected by a system of aerial watchmen will more than pay for the expense incurred.

REGRET LOSS OF THE CITY GRANT

Animal Rescue League Feel It Might Come Out of Dog License Receipts. The seventh annual meeting of the Animal Rescue League was held on Thursday at the residence of Mrs. C. J. Coster. The society reported a year of some difficulties, but encouragement as well. The treasurer's report was discussed and approved. Disappointment was expressed at the withdrawal of the city grant. It was thought that in view of the service rendered in clearing the streets of so many homeless and undesirable dogs the small sum asked for might have been paid from the dog license fees.

It was agreed to hold a second rummage sale in April, and to continue the work of the league for the present year, at any rate, with the following personnel: Advisory board, Mrs. Walker, Mrs. J. V. Ellis; president, Mrs. Charles Coster; vice-president, Mrs. W. F. B. Paterson; 2nd vice-president, Arthur S. Belaney; managing director, Miss Sara Hare; treasurer, Miss Gray; secretary, Miss Lillian Hazen; executive, Mrs. R. T. Robertson; Miss Laura Hazen, Miss Muriel Sadler, Miss Stetson.

SNOW FALL HEAVY

During the storm yesterday and last night five and a half inches of snow fell. Owing to a high wind which prevailed the snow drifted considerably. The maximum wind velocity was thirty-two miles an hour. Indications are for clear weather with moderately cold temperature.

A report from Hampstead is that the snow lies fifteen to twenty inches deep in that part of the river country. If it did nothing else, last night's storm provided at least temporary employment for a great many of the city's out-of-work citizens. Although it was expected that many men would be at the city hall this morning looking for work, there were few callers and it is presumed that they found a job without coming to city hall. The few who did call were sent out on sidewalk shoveling and as they did not return it is supposed that they got what they went after.

The city employed several men today clearing out catch basins and gutters in addition to their regular crews. They also had several gangs at work removing the snow from the main thoroughfares, on which it had drifted considerably. Although the street car traffic was delayed in some quarters, there were no serious tie-ups. Even the loop line in West St. John, which has been snowed up in other big storms during the winter season, was in operation this morning.

FATAL CASE OF THE SLEEPING SICKNESS HERF

The mysterious malady, commonly known as "sleeping sickness," has reached St. John. One death resulted during the week, but as far as is known there is no more evidence of the disease in the city. It is said that the patient's temperature ranged from sub-normal at 96 degrees to abnormal 106 in the space of a few minutes. Where or how the patient contracted the disease is said to be unknown.

Bidding You Welcome

There's something about a big, roomy overstuffed chair or davenport that seems to say: "Come in, sit down and rest awhile." It's an invitation that you'd hardly resist if you had a living room with a big comfy chair in front of the fireplace like the one we picture, or a big, roomy, overstuffed suite.

If you are thinking now that you'd like to have a living room as comfortable and attractive as the one we show above, why just come down to this Store and let us help you out. You'll find it difficult to resist saying "Send it out!" when you see the big fine chairs or suites here.

Anyway—come in—we'll show you an attractive line of furniture, and do it with a smile, too.

### Presentation of Facts As To Vocational Training

WHAT HAS BEEN DONE AND IS PLANNED IN ST. JOHN—STRIKING FACTS FOR THE CITIZENS TO CONSIDER—SAVE THE EVENING CLASSES

March, 1912—The board of school trustees decided to open evening technical school. Dr. H. S. Bridges advocated the establishment of a trades school.

November 14, 1918—The city council requested the board of school trustees to investigate, consider and report on vocational training.

January 13, 1919—A committee of the board of school trustees reported that, while approving of the principle of vocational training, yet the board was unable to undertake the work at present, owing to its unsatisfactory financial situation.

June 11, 1919—The common council requested the board of school trustees to apply to the vocational education board for power to establish, equip and maintain a vocational school.

July 14, 1919—A resolution was passed by the board of school trustees to carry out the recommendations of the common council.

October 20, 1919—The board of school trustees appointed a committee for the administration of vocational training: Chairman—Dr. A. F. Emery.

Members—Mr. Thomas Nagle, Mr. J. D. P. Lewis, Mr. Richard O'Brien, representing the board of school trustees; Mr. Alex. Wilson, representing capital; Mr. G. P. Hennessey, representing labor; Mrs. W. E. Raymond, representing home.

Secretary—Mr. A. G. Leavitt, secretary board of school trustees.

January, 1920—First vocational evening classes were opened. They continued until April.

December 6, 1920—In accordance with regulations of the Vocational Education Act, Mr. W. C. Lawson, M. C. B. A., late director of the vocational branch of the department of Soldiers' Civil Re-establishment in New Brunswick, was appointed local director of vocational training.

January 6, 1921—Vocational training classes re-opened.

**Aim of Vocational Training.**

To extend the present educational system to provide special training in all industrial, commercial and home-making occupations:

(1) In day schools for boys and girls enrolled in the public schools who have chosen some industrial, commercial or home-making occupation as their vocation.

(2) In part-time and evening schools for boys, girls and adults who are employed during the day.

**Need of Vocational Training.**

1. Less than 25 p. c. of boys and girls who enter school reach the high school.

2. The present "classical" high school course qualifies only for professional occupations. "Tuition is free."

3. The old apprenticeship system is dead.

4. Boys and girls who choose "commercial work" a vocation "must pay for their training."

5. Boys and girls who would choose an industrial occupation or home-making cannot obtain any training.

6. Boys and girls who are compelled to work for a living must join the hard-worked and poorly-paid ranks of "unskilled labor."

7. A technical or industrial high school or trade school is urgently needed, where industrial and commercial training or training in household science can be obtained by these boys and girls.

8. This training should be supplementary to the existing public school system, and "tuition should be free."

**History of a Grade.**

In 1919 Grade I contained 1,167 pupils. Here is the record for succeeding grades:

|            |       |
|------------|-------|
| Grade I    | 1,167 |
| Grade II   | 1,090 |
| Grade III  | 974   |
| Grade IV   | 974   |
| Grade V    | 845   |
| Grade VI   | 718   |
| Grade VII  | 693   |
| Grade VIII | 383   |
| Grade IX   | 394   |
| Grade X    | 190   |

Note.—Largest number drop out between Grades VI and VIII, and between the ages 14 to 16. The 304 shown as entering the high school includes 35-40 non-residents who were not previously in the class.

**Plan For Development of Vocational Training in St. John.**

1. Continuance this winter of evening classes for men and women, boys and girls who are employed during the day.

2. Opening, next fall, of a full-time day school with some few selected industrial, commercial and home-making courses. Continuance and development of evening classes for both fall and winter.

3. The addition, next year, of other courses in industrial and commercial training and home-making in the day schools. Opening of part-time classes by arrangement with employers. Continuance of evening schools.

4. Erection, as soon as possible, of a suitable building, fully equipped for the provision of technical training in all industrial, commercial and home-making occupations in day, evening and part-time classes, free of charge, as a part of the present public school system.

**FACTS AND FIGURES.**

**Analysis of Finances For 1920.**

Received from the city council, \$18,000.00

Surplus of assets over liabilities: \$74

Comptroller McIntyre's report: \$5,262.69

Government grant: \$2,714.93

5,331.62

Actual net cost of evening classes to city, 1920: \$4,622.88

Total cost per student in 1920: \$8.07

Cost of teaching per student in 1920: 2.84

**Analysis of Finances For 1921.**

Estimated available funds (Comptroller McIntyre's report): \$6,518.74

Estimated total cost for 1921: 6,367.41

Note.—Three thousand dollars of the estimated available funds have not yet been received, viz., \$2,000 from the city council and \$1,000 from the provincial government.

Estimated Cost 1921-22.

The city council have been asked for \$25,000.

This would provide as follows:

Evening classes, fall, 1921: \$1,000

Evening classes, winter, 1922: \$1,000

Day schools, 1921-22: \$23,000

The amount of instruction depends upon amount of money received.

**Statement of Facts.**

The cost of vocational evening classes per student in 1920 was \$8.07.

The cost per student will become less each year.

Less than \$5,000 of the citizens' money was actually consumed.

In 1920, 709 students attended the classes; \$24 received the full forty-eight hours instruction each.

In 1921, nearly 800 applications have

### MORNING NEWS OVER THE WIRES

Henry Stanley Ross, who says he lives in St. James street, St. John, and Ernest Scullion pleaded guilty in Moncton yesterday on a charge of holding up Mil-edge LeBlanc, manager of the Sunny Brae rink, and were remanded for sentences.

Hector Dumont of North Bay, Ont., due to hang tomorrow, may be permitted to live longer on account of the date being fixed for Sunday. The date was first set for January 13 and postponed for a month. The matter is now before the dominion cabinet council.

Five hundred United States blue-jackets were fired at by unknown persons in Vladivostok on Tuesday night and one was wounded. Three Russian officers were arrested. The impression is that the affair was arranged by communists with the object of embarrassing United States and Japan in strained relations.

One night this week the office of the Canadian Express Co. in Slediac was entered and two cases of gin, a quantity of chocolates and some cigarettes were stolen.

Frank B. Trites, a C. N. R. machinist at Moncton, died yesterday after two weeks' illness with pneumonia. He leaves two young sons, his mother, six sisters and two brothers.

### TO VISIT ST. JOHN.

Colonel John McMillan, accompanied by Lieut.-Colonel John Rawling of the Salvation Army will arrive in St. John

### FRANTIC ESCAPES FROM HOTEL FIRE IN AMHERST, N. S.

Amherst, N. S., Feb. 11.—Frantic escapes were made shortly after 8 o'clock this morning from the St. Regis Hotel here when fire broke out on the first floor of the building near the chimney and filled the hotel interior with thick smoke. The damage was limited to about \$5,000 less but the threats were many. Still slumbering guests, hastily aroused, fled down the fire escapes in scanty attire and one man having a room in the third story smashed the window pane and came down the fire rope.

### EDISON SAYS WHAT FORD PROPOSES IS POSSIBLE

West Orange, N. J., Feb. 12.—Thomas A. Edison was seventy-four years old yesterday, looked many years younger and acted as he looked.

Asked for his opinion on Henry Ford's announced intention of producing milk synthetically, Mr. Edison said it was "entirely possible and if such milk is made it will be much purer. There are going to be great advances in chemistry within the next few years."

### LOCAL NEWS

At a parlor meeting of the W. C. T. U. held yesterday at the residence of Mrs. Hoare in Hazen street with Mrs. David Hipwell in the chair, an extract

Under a new system recently adopted at Ottawa with reference to public works St. John harbor will remain a separate branch. Geoffrey Stead formerly superintendent of the Chatham district will be senior engineer of the whole New Brunswick district outside St. John with P. G. Goodspeed as assistant. He will have his office in the Customs House.

The executive of the South End Improvement League met last evening with the president, Frank White, in the chair. Reports were received from the club and showed it to be in a very satisfactory condition. Plans were discussed for the improvement of the club and it was decided to hold several races before the season closes. Mention was made of the excellent accomplishments of Charles Gorman.

Among the passengers sailing on the steamer Empress of Britain yesterday were Mrs. William Vassie of St. John; E. Hodgson, St. John; Mr. and Mrs. A. Barker of Truro; G. K. Chapman; Mr. and Mrs. A. W. McGinnis of Truro; Mr. and Mrs. T. S. Pattis of Truro; Mrs. Richard C. Beattay and Mrs. C. T. Nisbet, Sussex.

## Wonderful Record

613,644 Boxes of Gin Pills Sold in Canada in One Year

JUST imagine. One box of Gin Pills to every twelfth person, man, woman and child in Canada and Newfoundland. In 1919, there were 613,644 boxes sold to the people of Canada. Figured on the basis of the 1911 census, this means one box to every twelfth person.

Yet such figures are not surprising, when the remarkable effectiveness of this wonderful remedy is taken into consideration. In every quarter of the Dominion it is now recognized as the one thing that affords speedy relief to those suffering from kidney or bladder troubles. From North, South, East and West, daily, we receive letters of praise and commendation.

Here are two selected at random, and coming, one from the Pacific Coast, and one from New Brunswick.

These are typical of thousands of other similar letters being received. The names and addresses of the writers can be furnished on request.

## Gin Pills

FOR THE KIDNEYS

Gin has long been considered a remarkable curative agent for kidney or bladder trouble. This virtue comes from one ingredient alone in Gin and NOT from the alcohol. Gin Pills contain this ingredient, together with seven other tested diuretics and antiseptics. The result is a pill without comparison as a remedy for kidney and bladder troubles.

Why put off longer? Rid yourself of the pains caused by deranged kidneys now, and avoid suffering and ill-health later on. Gin Pills will prove a boon to you, as they have done to the thousands of others who have obtained relief by their use.

Pains in the back or sides, constant headaches, swollen joints, urinary troubles, brick dust deposits, painful urination — are all symptoms of kidney trouble. Nip it in the bud. Get a box of Gin Pills to-day.

All dealers sell Gin Pills, 60c a box—on our money-back guarantee.

Sample free upon request to:—

**National Drug & Chemical Co. of Canada, Limited**  
Toronto, Ont.

Gino Pills sold in the United States are the same as Gin Pills sold in Canada.

United States Address:—Na-Dru-Co., Inc., 202 Main St., Buffalo, N.Y.

**From British Columbia**

"For several years I have been troubled with kidney and bladder trouble, caused by uric acid, and the pain caused by the intermittent stoppage of urine was very severe. For this, I was taking something or other continually, with but little or no relief. At last, a friend handed me a sample package of your Gin Pills. The contents of a sample gave me relief that I had not experienced in a long time. Since then, I have been taking Gin Pills occasionally, and have had no return of my former trouble. I am very gratified for the benefit derived, and feel sure that anyone ailing as I was will find your Gin Pills will give the desired results."

**From New Brunswick**

"Now I am as strong as ever. I weigh about 20 lbs. more than when I started to take Gin Pills. My case was very serious, and I was so sick that everybody expected my death any day. No sufferings could ever be worse than what I had to endure. I have to be very thankful to you, and I recommend Gin Pills to all my friends suffering from kidney trouble. I tell them not to despair, not to wait. If I had not tried other treatments, I would not have suffered so long. I beg you to publish my letter, so that people will know what Gin Pills have done for me. The first box relieved me a good deal; 8 boxes were sufficient to bring me back to perfect health."

HOSPITAL WORK AND SCHOOLS

Most Valuable Aid to Medical Inspector by Hospital Clinic

No Fewer Than 350 Operations Last Year—A Valuable Service—More Facilities Needed to Treat Eyes and Teeth.

WOMEN'S COUNCIL FOR CONTINUANCE OF THE CLASSES

Resolutions favoring the continuance of vocational training classes in the city, advocating withdrawal of patronage from undesirable firms, and endorsing mothers' pensions and the minimum wage for women in industry were passed at the special meeting of the St. John Local Council of Women held in the board of trade rooms yesterday afternoon.

It was announced that the provincial government had assumed the support of the teacher in the East St. John Hospital, who was first placed there through the agency of the women commissioners and was supported by the I. O. O. F.

Miss Gunn reported having inspected the hospital, who was first placed there through the agency of the women commissioners and was supported by the I. O. O. F.

The resolutions submitted by the New Brunswick Federation of Labor, favoring mothers' pensions and the minimum wage act, were unanimously endorsed.

NOVEL DISCUSSION ON GROWING OLD

Age is nothing but sickness, a gradual deterioration of the tissues of your vital organs, said a prominent physician. If they are nourished and properly cared for, there is no reason why one should not enjoy the satisfaction of always feeling youthful.

NOVA SCOTIA APPLES

Kentville, Feb. 12.—During the month of January a total of 119,044 barrels of apples were shipped from here to the markets of the United Kingdom which brings the total season shipment to date to 782,618 barrels.

ANNIVERSARY ENDS WITH SUPPER

As the final event in the sixty-fourth anniversary celebrations of the Esplanade street Methodist church, a successful and enjoyable supper was held last night by the ladies of the church under the leadership of Mrs. M. L. Bonnell.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages. Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely.

USE ASTHMA RAZ-MAH

NO Smoking—No Spraying—No Snuff! Just Swallow a Capsule. RAZ-MAH is Guaranteed to restore normal breathing, stop mucous discharges, loosen phlegm, give long nights of quiet sleep, counteract habit-forming drug. \$1.00 at your druggist's. Trial free at our agencies or write: Teasdale, 145 King W., Toronto.

"THIS is my recommendation, Sir"

"NOT so very long ago I was in the same ill health as yourself. Long and busy hours, the responsibility of filling drug prescriptions and other duties of the day's work proved a strain. I took a couple of boxes of Milburn's Heart & Nerve Pills and can honestly thank them for my present splendid condition."

This little incident from everyday life fits your case in one way or another. In these days of strenuous living it is only natural for the heart to get below normal, thus affecting the nervous system.

Many people ignore the symptoms of heart and nerve trouble. Every day people drop dead, simply because of ignoring them. You cannot afford to do this. Ask yourself, "Have I any of the following complaints?"

Dizziness, Headaches, Palpitation, Breath Shortness, Brain Fat, Loss of Flesh, Depression, Sleeplessness, Anæmia, Tobacco Heart, Loss of Appetite.

These are some of the sensations which are experienced. They are a warning of vital importance. If you would be well and strong, just ask your druggist to-day for a box of Milburn's Heart & Nerve Pills.

YOU WILL BE SIMPLY ASTONISHED at the fast recovery you will make on taking them. Remember, they have been on the market for over 25 years, and you are using a preparation recommended by prominent people the country over.

All busy druggists sell Milburn's Heart & Nerve Pills at 50c. a box, or they will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ontario.

PLAYGROUNDS ASSOCIATION. At the monthly meeting of the St. John Playgrounds Association, held yesterday afternoon in the Y. M. C. A., the two resolutions presented by the Trades and Labor Councils, relating to mothers' pensions and the minimum wage law, were both endorsed.

How to Make Pine Cough Syrup at Home. No special equipment needed. No special ingredients. No special recipes. No special directions. No special costs.

Stop Coughing use MATHIEU'S SYRUP OF TAR and COD LIVER OIL. Coughs and other bronchial troubles yield quickly to this scientific combination of Tar and Cod Liver Oil which acts as a Tonic as well as a local remedial agent.

When a Scream Startles You. —and your heart jumps up in your throat—and you know one of the children is hurt—run to the medicine cabinet for the bottle of Absorbine J.

NOSE CLOGGED FROM A COLD OR CATARRH. Apply Cream in Nostrils To Open Up Air Passages. Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely.

LADES - DO HEMSTITCHING AND Piecing at home. All or spare time. Attachment lists any machine, \$2.50. Also hand embroidery machine, \$5.00. Agents wanted. E. Stephenson, Box 135, Kansas City, Mo. 20627-2-14

What About Landlord? He is not as black as he is painted but you are paying him money that would help pay for a home of your own. Then think if you build, there is some one ready to take care of your flat and help you with your payments. Better build now when so many are ready to help you. For lumber, doors, etc., The Christia Woodworking Co., Limited 65 Eriin Street.

### A MIRAMICHI MAN.

(Chatham World).

This year the Boston Yacht Club will have new flag officers. Of the three officers that headed the club in 1920 only Rear-Commodore Richard Hutchinson has been carried over on the slate named by the nominating committee, and he has been advanced to commodore.

Mr. Hutchinson left home when a lad, hired as a helper in the roughest end of a machine shop, the blacksmith's end, and worked himself up to chief of the drafting department and finally chief of the sales department for the New England States of a big manufacturing establishment, where he gets a big salary and commission and, having been there

### Banking by Mail

Because you live at a distance is no reason why you should risk the loss of your money by fire or theft. Mail it to the nearest branch of The Bank of Nova Scotia, whether you have an account or not.

If you have no account, your remittance will open one and you will receive by return mail a bank book showing the amount at your credit. If you already have an account, a prompt acknowledgment of the deposit will be sent you.

**BACK AFTER SIX YEARS IN ARCTIC**

Established Post in Land Where Mercury Drops to 72 Below—Some Experiences.

Vancouver, Feb. 12.—After an absence of more than six years in the Arctic, Captain Henrik Henriksen and Rudolph Johnson, of the Hudson's Bay Company, have returned to civilization for a vacation. The trip out was by dog sleighs, leaving Herschel Island, November 19, crossing the Divide to Rampart House on the Porcupine River. The run to Fairbanks, of 1,200 miles, occupied forty days, and the thermometer during all that time ranged from 47 to 72 degrees below zero. From Fairbanks they travelled by train to Seward and thence by boat to Seattle.

It was in the summer of 1914 that both, Danes by birth, left Vancouver in command of the fifty-ton gas boat Fort McPherson. They established trading posts at Herschel Island; Baile Island, 280 miles east; at Kitiqazuit, Aklavik, Fort Bacon, Tree River, Kenia Peninsula, and Shingle Point. Extensive trading with the Eskimos was carried on. Life at a fur post is monotonous enough, but at an isolated spot in the Arctic circle the exercise of all the Christian virtues is required to face conditions often worse than irksome. It is a bleak, barren country, although in summer vegetation makes its appearance and it is in this brief interval between winter and winter that fur trading is carried on most actively. The skins most valued are the fox, bear, weasel, musk ox and caribou.

Polar bears show no fear of men and have even proved to be very friendly animals. Captain Henriksen said they are "tame as cats." They are frequently seen in the vicinity of the fur posts, peacefully devouring some unfortunate seal on the ice.

However, at the sound of a shot they quickly disappear into the adjacent water. The fur is valuable, and the flesh, after hanging for a day or two, has been found very palatable. It is a delicacy much in demand by the Eskimos. Grouse also abound on Herschel Island, and as game laws are unknown in that northern fastness, the place is truly a hunter's paradise.

**SEES DIFFERENCE IN OUTLOOK IN OUR EAST AND WEST**

London, Jan. 20.—(By mail, Canadian Associated Press).—Presiding at the Royal Colonial Institute when Dr. Ellis Powell gave an address on Canada, Sir Campbell Stuart remarked that one thing that had impressed him in revisiting Canada in recent years was the difference in outlook, between that great part of

Spray with the world's best machine. The Spramotor has won over 100 gold medals and first awards against the world. Write for free illustrated folder on Crop Diseases.

the dominion which lies toward the Pacific ocean and the great part that lies towards the Atlantic ocean. He hoped it would be possible for the Canadian clubs, apart from entertaining distinguished citizens from every corner of the world, also to avail themselves of the great opportunities which come to them to invite eminent men from Western Canada to speak through their platform to Eastern Canada, and vice versa, to permit the thoughts of the east being heard in the west. It seemed to him,

**Discovered in "PERFECT" BRAND**

**THE SECRET OF SUCCESSFUL BAKING**  
CANADA SPICE & SPECIALTY MILLS, LIMITED  
St. John, N. B.

taking into consideration the geographical formation of Canada, that it was important to adjust this difference of outlook by arranging for constant interchanges of views between the two great sections which constitute the dominion—Western Canada and Eastern Canada.

The Marine Freight Handlers' Union held their regular meeting last evening in the Temperance Hall, West End. The president of the union, W. Lee, occupied the chair.

**Habit**

Nujol will give you the healthiest habit in the world.

Without forcing or irritating, Nujol softens the food waste. The many tiny muscles in the intestines can then easily remove it regularly. Absolutely harmless—try it.

**Nujol For Constipation**

**GRANDMOTHER KNEW**

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister. Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin. Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia).

**Prosperous Days Ahead Say Big Business Leaders**

**A Nation-Wide Poll of Industry**

Why business should be depressed in a land overflowing with supplies that the rest of the world is suffering for, with ships lying idle that could carry them, will puzzle future generations, and to say that such a depression can not last long in the face of the whole world's need of our products, is very much like saying one and one make two.

THE LITERARY DIGEST has asked hundreds of authorities covering the entire country, comprising business leaders, professors of economics, and financial editors of daily papers for their opinion as to the prospect of prosperity's return—and when. The answers are published in this week's issue, and people who can see nothing but gloom all around the business horizon may revise their ideas when they glance over the returns. Of course, it is very much like a survey of a battle-field, but it is a battle-field where the forces are already re-arming and re-forming, and are here and there beginning to advance again. Moreover, the American business army is one that has never known defeat, and the reason why is evident in the tone of unconquerable optimism that runs through even the casualty reports.

"Actual business recovery to begin April 1st"; "expect gradual improvement from now forward"; "expect business recovery gradual until Inauguration—then rapid"; "expect business recovery to begin probably in spring"; "recovery is already under way"; "conditions will improve from now on." These reflections reflect the general tenor of the many replies we have received from big business leaders throughout the country.

This poll of American industry is nation-wide, and covers every State in the Union and practically every important industry. Do not fail to read it in this week's DIGEST, February 12th.

**HOCKEY**  
Victoria Wins  
Victoria, B. C., Feb. 12.—By a score of 3 to 1, Victoria last night defeated Seattle in a Pacific Coast Hockey League fixture.

**WOLFVILLE 10, CANNING 2**  
Canning, N. S., Feb. 11.—In the Valley Hockey League, Wolfville defeated Canning here tonight, 10 to 2.

**HALIFAX 4, HALIFAX 0**  
Halifax, Feb. 11.—The Rovers, New Glasgow's negro hockey team, defeated the Diamonds, a local negro aggregation, 4 to 0 here tonight.

**AMHERST 5, 3**  
Amherst, N. S., Feb. 12.—Two more games remain to be played in the Independent Hockey League. Moncton and Amherst will meet on Tuesday. A win or Moncton would give them the championship; a defeat would help Amherst in the running, but Amherst would have to defeat New Glasgow on the following Friday to the Moncton for first place. The standing is:—  
Moncton ... 2 44 27  
Amherst ... 5 3 89 30  
New Glasgow ... 4 5 41 45

**ST. JOHN TEAM DEFEATED**  
The St. John hockey team was defeated in Shellic last evening by a score of 7 to 4, but Jack McGowan, their star centre was slightly injured and had to retire. As a result Shellic quickly netted five goals and won out.

**SUSSEX DEFEATS CHARLOTTETOWN**  
In Sussex last evening the home team defeated Charlottetown by a score of 4 to 3. The two teams are now tied for first place in the Eastern Amateur League.

**ST. FRANCIS X. WINS**  
St. Francis Xavier hockey team defeated King's College in Windsor last evening by a score of 12 to 1.

**WRESTLING**  
Earl Caddock a Winner.  
Zbyzsko Victor  
Columbus, Ohio, Feb. 12.—Stanislaus Zbyzsko won over Ivan Linow in straight falls in a wrestling match here last night. The heavyweights tied for 89 minutes before the referee planned Linow in the first fall, but the second required only 14 minutes, Zbyzsko using a toe hold.

**THE RING**  
Young Fisher Wins.  
Syracuse, N. Y., Feb. 11.—Young Fisher of this city was awarded the referee's decision over Soldier Barfield, at the end of their fifteen round bout here tonight.

**Went 15 Rounds**  
New Orleans, Feb. 12.—Johnny Buff of Jersey City was awarded the decision over Frankie Malon of Fort Wayne, Ind., in a 15-round bout here last night. The men are flyweights.

**Easy For Willis**  
Baltimore, Feb. 12.—Harry Willis, colored boxer of New Orleans, found Jeff Clarke of Joplin, easy prey last night and won as he pleased in the second round.

**SASKATCHEWAN'S BIG GRAIN CROP**  
23,000 Bushels More in 1920 Than Previous Year—Brighter Prospects This Year.

Regina, Feb. 12—A total of 113,135,274 bushels of wheat were produced in Saskatchewan during 1920, according to the final crop statement issued by the statistics branch of the department of agriculture. This is an increase of 23,141,889 bushels on the 1919 figures. The increase under cultivation for wheat was 10,061,069 as compared with 10,887,368 acres in the previous year.

acreage 1,140,921, yield 50 bushels an acre, production 57,080,000 bushels. The prospects for the coming season are brighter than they have been at this period for several years. The land is in excellent condition, owing to heavy rains during the fall.

**SOCIETY TO EMBRACE THREE PROVINCES**

The semi-annual meeting of the Nova Scotia Entomological Society was held in the School for the blind yesterday. A business session occupied most of the afternoon and at night a general meeting was held. An important feature of the business meeting was the changing of the name of the Society to the Acadian Entomological Society after deciding to enlarge it as to take in all the maritime provinces. It was also decided to ask the various Provincial Governments to assist in the publication of the Society's papers. The meeting was addressed by Dr. McKay, Hon. President of the Society, and interesting technical papers were read by Messrs. Tohill, G. E. Saunders, Keenan and Duxton. These dealt with the growth, spread and

**THE YELLOW PERIL SCARES A FARMER**

To the Editor of the Times:—  
Sir,—Note your "news" re prices of eggs in certain parts of United States in last night's issue of your paper. Some "news" I fear it never strikes you that are climatic conditions between these parts and Canada which have an effect on hens laying? Are you aware that the United States and Western Canada recently have been flooded with eggs from China? China is exporting millions of dozens of eggs and other produce, yet we are told, as published in your papers, that millions of people are starving there. I think Mr. McLaughlin, the prime minister, gave some light on the matter the other day when he gave out some information on this subject. You are going to have some Chinese eggs in St. John before long, the product of hens fed as the Chinese feed their hens. I hope to sell you some, my friend. The next order I get from your missus I am going to send you up some choice two-year-old preserved Chinese eggs, and I hope you will have a nice hearty breakfast and go to your editorial desk well nourished in the mornings. Let me tell you fresh laid Canadian eggs at present prices hardly pay the Canadian farmer just now. Do you remember last summer when chicken feed was five dollars the 100 pounds, some of it six dollars? That is what the farmer paid for stuff to raise his present pullets. A pullet hatched last May cost nearly three dollars to raise before it produced an egg. Ask the agricultural department for costs this past year. You will get some news of importance. When you get that you won't grudge paying 85c. or 90c. for new laid country eggs.

It is a scientific fact that eggs a month old are worthless. An egg begins to deteriorate twenty-four hours after being hatched. It will keep certainly for a month in cool weather, but it is an egg I would not like to put in my stomach. Here are Chinese eggs that take a month to travel after being despatched. How old are they before they reach the breakfast table? A man is simply throwing away his money on trash when he buys eggs that have been cased and out of cold storage. They are not eggs. A man is better paying at this time of the year 85c. a dozen for fresh Canadian eggs, for he is getting something for his money, than paying 45c. or 50c. for an imported article that contains no nutrient value.

Some few years ago China started in on exporting of eggs to England. England soon closed her doors against it. At that time there was cholera in China—there is always something of the sort there. Not because I am a farmer in Canada, but Chinese pork (bacon) and eggs should be barred from Canada. It may do well enough for our tardy allies in the United States to be not particular where their food stuffs come from. I am not

Purest and Best has been the reputation of

throughout its 30 years of public service. Always good alike.

certain whether or not a lot of that fresh Canadian egg found its way into Canada at the time. Perhaps it did, and perhaps it will again. Some day after you have had your fill of cheap Chinese eggs, and take the notion of having a

fresh Canadian egg from hens brought up on up to date clean principles, tell our friend "Hiram," and I will arrange to sell you some from a clean farm.

VERITY.  
St. John, N. B., Feb. 10, '21.

control of injurious insects and subjects of like nature. In the evening a very interesting feature was an address on the Red Man of New Brunswick, by William MacIntosh of the St. John Natural History Museum. The Boy Scouts of the city had been especially invited to be present to hear this address and many accepted the invitation. A moving picture reel illustrating potato and apple culture in the Province was shown under the direction of G. E. Saunders, in charge of the Dominion Entomological Station at Annapolis.

Announcing **Oldsmobile**

Built to Extend the Fame of a Good Name

Oldsmobile popularity receives a new impetus among motorists who want Oldsmobile sturdiness, reliability and beauty in a four-cylinder car.

In spite of present conditions, Oldsmobile dealers who have seen and tested the new model have ordered enough new Oldsmobile Fours to keep our plant busy for months to come.

They recognize in the new Oldsmobile Four "the car of the day" when buyers want dollar-for-dollar value for their investment in an automobile.

See this car. Observe its evident virtues of permanent style, sane design and sturdier construction. Note how it retains the same pleasing lines, the same close attention to body details that have always emphasized Oldsmobile beauty and comfort.

Ride in the car. Drive it yourself. Because when you actually drive the car yourself or ride in it you will appreciate that these surface excellences are but outward signs of its unseen virtues.

In looking over the Oldsmobile "4" we purposely ask you to forget any preconceived standard you have had of value. Because we believe the Oldsmobile "4" is going to sweep aside every precedent of four-cylinder goodness that you may have had of any car of like class.

- SPECIFICATIONS**  
Model 43A
- WHEEL BASE—115 inches.
  - WEIGHT—2765 pounds.
