

GOOD THINGS COMING TO THEATRES OF ST. JOHN

OLD BILL, BERT AND ALF MAKE THEIR BOW

At Unique Tonight in the Famous Bainsfather Picture "The Better Ole"—Six Hours Daily All Week—15 to 50 Cents Admission

The popularity of "The Better Ole" as both play and picture is sweeping Europe and America and doubtless the contagion will spread to St. John this week when the picture, which is said to be of even greater interest than the play, will be seen at the Unique during the entire week, with a special matinee daily scheduled as follows: 1.30, 3, 4.30, 6, 7.30 and 9 o'clock. Particular attention is called to the matinee and supper hour shows which will undoubtedly prove an excellent medium for avoiding the rush that will probably occur in the evening.

OLD BILL of Bainsfather Fame

week when the picture, which is said to be of even greater interest than the play, will be seen at the Unique during the entire week, with a special matinee daily scheduled as follows: 1.30, 3, 4.30, 6, 7.30 and 9 o'clock. Particular attention is called to the matinee and supper hour shows which will undoubtedly prove an excellent medium for avoiding the rush that will probably occur in the evening. The prices are: Matinee, adults twenty-five cents, children fifteen; evening, main floor fifty cents, balcony twenty-five cents. The number of Bainsfather readers seem to be legion as indicated by the intense interest aroused in "The Better Ole" which, together with the fact that it is the only picture of the war yet produced containing nothing even suggesting the horrors of war, is well for a large attendance at the Unique all the week. The Toronto World says of "The Better Ole": "The quickest possible way to forget the troubles now past is to smile them away with Old Bill, Bert and Alf, the three famous marketeers of the British army."

THE OPERA HOUSE

All Changed After Tonight—Features of the New Bill

The Opera House vaudeville programme for tonight, last time, offers five splendid acts, including Bijou Russell, the merry minstrel and one of the best and clog dancers we have had here for a long time; Francis and Edson, in a good musical offering; Ben and Partie, in comedy musical offering; Jess Herbert, singer, comedian and banjoist; Ponce and Ponce, in musical and acrobatic novelty; and a Vitaphone comedy picture with John Bunney and Clara Kimball Young. Tonight at 7.30 and 9.30, the change of program opening tomorrow afternoon at 8 offers Mabel and Johnny Dove in blackface comedy with some good singing and dancing; Ben and Partie and the Cunningham Sisters in a musical comedy skit; Le Polli, a real French soldier, in a variety musical; Jeanette Childs, singing comedienne, one other good vaudeville feature and the sixth chapter of the serial, The Iron Tree.

HALIFAX PLAYERS ASSURED OF BOWPER WELCOME TONIGHT

The very large sale of seats for the Jane Cowie triumph "In Line Time" at the Imperial tonight assures the American professional players who constitute the Majestic Stock Company (Academy of Music) Halifax, a royal welcome to this sister city. The audience will be fully representative of St. John's play-loving public and not without some brilliancy. For eighteen weeks the visiting aggregation has been delighting the exacting people of Halifax and "In Line Time" is their best play to date. It is a perfectly sweet Pearly romance growing out of incidents of war—a throbbing, emotional and yet at times delightfully funny story utterly devoid of killing or wounding scenes. It has a tremendous heart appeal. The piece will be specially mounted with made-to-order scenery and during the action Laura Arnold, leading lady, will sing appropriate numbers as written into the play. Miss Arnold is a vocalist of note, associated with "In Line Time" and "The Only Girl" musical successes in New York. Curtain at 8.15, carriage at 10.45. Seat sale for Tuesday and Wednesday going on. Some choice chairs for tonight are available and box parties accepted at the orchestra rate of \$1 per chair.

"THE BELLS"

Sir Henry Irving's wonderful melodrama, "The Bells," is the big attraction at the Star Theatre this evening. It is the greatest picture to be shown in St. John for many months. Box office opens at 6.30 this evening. Regular admission prices. First show at 7. See announcement page for detailed announcement.

MORE SERIOUS NOW

Than Ever Before Because of War-Reduced Reserve Strength.

The war has been far-reaching in its effects. It has caused worry and anxiety in every home, and has affected the health of every family. It has aggravated chronic troubles, increased their tenacity, and made all spring ailments more serious. As a result, a blood-purifying, stomach-toning spring medicine is more necessary this year than ever. People still take Hood's Sarsaparilla because it is an old family friend, has proved its merit to three generations—as a spring and all-the-year-round medicine in purifying the blood, expelling humors, restoring appetite, relieving rheumatism, banishing that tired feeling. It combines roots, barks, herbs, and berries often prescribed by physicians for spring ailments of the blood, stomach, liver and kidneys. Hood's Pills are a good cathartic.

THIS MEETING ONE OF INTEREST

With the verdict of the coroner's jury fresh in their minds, it is regarded as probable that when the members of the board of school trustees meet in monthly session, matters relating to discipline and the other for the appointment of a commission for an investigation of the methods of corporal punishment in that school, will be the order of the day.

The jury made two recommendations of interest to the board; one for the immediate removal of the teacher, the boy whose death occurred recently, and the other for the appointment of a commission for an investigation of the methods of corporal punishment in that school.

So far as is known, no action has been taken with regard to the teacher, this matter apparently being left to the board to deal with. From comments made by some of the trustees the meeting is expected to be one of unusual interest. The change in the teaching staff is not the only one hinted at.

THE VISIT TO OTTAWA

T. H. Bullock, commissioner of harbors, commenting on his trip to Ottawa, this morning, expressed his appreciation of the courtesy shown by the representatives of the city council in the capital. They were well received on every hand and every one seemed willing to co-operate with them as occasion offered. He spoke very highly of the warra interest taken in the emergency by R. W. Wigmore, M. P. Mr. Wigmore seemed to know every one and his assistance had proved invaluable to them. Sir Douglas Hazen was in the capital at the same time and the members of the city council and Mr. Wigmore were his guests at luncheon at the Rideau Club.

Mayor Hayes will not be back until tomorrow, when he will be able to give a more detailed account of the final negotiations.

The weekly meeting of the common council will be held tomorrow afternoon and if the mayor arrives in time his report will be expected then.

DIVORCE COURT

Fredricton, March 10—The New Brunswick divorce court met this morning. In the case of Lawton vs. Lawton, a St. John action, a decree of divorce nisi was granted. Other cases were remanded, one was struck off and in another court continues.

Evidence was concluded in the case of Annie Gertrude Burton vs. James Burton, a case from St. John, in which Judge Crockett asked for further corroborative evidence. J. H. F. Teed appeared for the plaintiff.

In the case of Charles Fitz-Randolph vs. Elizabeth Fitz-Randolph, the court announced that the appeal had been decided that the defendant was sane. This case was made a remand. The case of Joseph Seymour Moore vs. Hattie Moore, a St. John case, was stood over until Friday.

THE ROTARY CLUB.

Dr. J. H. Allingham, with the assistance of three nurses from the General Public Hospital, showed the members of the Rotary Club a series of X-ray plates and the doctor explained the manner in which these were taken. His address was very clear and simple and with the plates gave the Rotarians a much better knowledge than most of them had of this great aid to the work of the physician and surgeon. H. I. Ganter was in the chair and Dr. Heald was a guest.

The Rotary Club had invited Dr. Bridges and the school board to attend a luncheon, the doctor to speak on the wider use of school buildings. He replied that he was too busy, but would be glad to have the executive of the club meet him and the principals at the next meeting. A motion was adopted to the effect that the club would be glad to meet Dr. Bridges and the school trustees—not the principals.

At Reed's Point on March 1, John Gilliland, one of the oldest residents of that place, passed away. He was in his seventy-fourth year and leaves to mourn three sons, William, Edmond and Arnold, all of that place; two sisters, Mrs. S. G. Lewis of Ferry Point, and Mrs. John Gilliland of Westfield, and one brother, Robert, of St. John; also eleven grandchildren. His body was laid to rest beside his wife in the Presbyterian cemetery at Hammond River, Rev. Mr. Mortimer officiating.

W. A. MacLachlan arrived in the city today from Montreal, where he has been visiting his son, Major R. F. MacLachlan, M. C. with bar, who is in the Royal Victoria Hospital of the place being treated for injuries received while in France. Mr. MacLachlan reports his son as doing nicely.

GIVE US \$2,200,000 AND TAKE OVER HARBOR

(Continued from page 1) towards taking over the street. His motion that an additional light be placed in Landowne avenue was approved.

On motion of Mr. Fisher, his report was received and instructions were given the petitioners be informed of the steps necessary before the streets could be improved by the city, according to the city's desire.

The city engineer said that the first requisite was to provide a proper grade for the streets; after that the matter of sewerage should be taken up.

An application from the N. B. Power Co. for permission to place one new pole in Rockland road and two in Moore street was granted.

Mr. Fisher moved that authority be granted for the purchase of a new Ford car for the use of the street superintendent, at a cost of \$247, including accessories, and to sell the old car for not less than \$275.

Mr. Jones suggested that tenders be asked for, but it was explained that there was only one agent for the Ford car and that was the car dealer. Mr. Jones said more than one dealer handled the parts and accessories.

Mr. Fisher then moved that tenders be called for the Ford car and accessories, a two and a half ton three ton truck. This was adopted.

Mr. Fisher then asked authority to call for tenders for a four-horse road grader, chiefly for use on such roads, as those in Stanley ward, at an estimated cost of \$350 to \$400. He explained that it could be used in the waters for clearing roads and gutters. The recommendation was adopted.

In reply to Mr. Thornton, Mr. Fisher said he intended to get another street sweeper and was investigating a horse-drawn pick-up sweeper. Mr. Thornton suggested that it be bought in Canada, and Mr. Fisher said that was his policy.

On motion of Mr. Fisher, authority was given to employ Charles A. Beer as superintendent of the West Side cruiser, with supervision over the north end cruiser, at \$425 a day.

Mr. Jones drew attention to a bill for legislation asking authority for the Glen Falls Water Company to extend the area they supply, and suggested that this might conflict with the city's rights. He will investigate and report.

On application from William Burton for the purchase of a cottage at Mispic for use as a summer residence, for \$300, was referred to the commissioner of water and sewerage.

PAPAL CONSISTORY.

Rome, March 9—Pope Benedict will hold a secret consistory on Monday to appoint new bishops, but it is understood that the Pontiff will take this opportunity to deliver an allocution on the grave problems of the present moment.

Another consistory will be held after peace has been concluded, probably next December, when Pope Benedict will announce the names of two cardinals chosen in the consistory of December, 1916.

THE POWER COMPANY.

The executive of the citizens committee of 100 met at the board of trade rooms Saturday afternoon, with M. E. Agar in the chair, to consider what action should be taken in view of the Currier report on the New Brunswick Power Company. It was unanimously agreed that the fight in the city's interests should go on and that the city council should take every step possible to protect the city when the report is dealt with by the legislature. The citizens' committee will stand solidly behind the council in this matter.

HYGENIC PACKING CO.,

The Evening Times and Star

ST. JOHN, N. B., MARCH 30, 1919

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

GO ON WITH THE FIGHT.

Having fought the New Brunswick Power Company, the citizens of St. John must now fight the report of the Carrier Commission. That report wipes out a million and a half of the watered stock, but it would still make the people pay dividends on what they assert is an additional million of water.

The company wanted recognition of \$3,100,000 of bonds and stock and \$2,000,000 of common stock, or \$5,100,000 in all. The Carrier report reduces the common stock to \$800,000, and would have it pay dividends as soon as the company had accumulated a reserve of \$800,000.

Consider this last proposition. It is that after the people have paid the company \$800,000 more than they ought to pay for the services rendered they (the people) will be permitted to pay the company dividends on \$200,000 for all time to come.

If this plan were carried out the company would have bonds and stocks to the value of \$2,600,000 against a property which the Carrier Commission itself values at \$3,800,000.

Obviously the thing to do is to go on with the fight, and carry it to the legislature. The Citizens' Committee does right to take the matter up at once and tender its full support to the city council in the action to be taken.

ALIENS AND BOLSHEVIKS.

The views of the returned and returning soldier upon the question of immigration, and these views are shared by most other people in Canada, were clearly and emphatically set forth in the House at Ottawa last week by Mr. D. L. Redman, of Calgary East, himself a returned officer who served at the front.

Master. He disagreed entirely with the Manchester Guardian and said: "During the last month we have had before the government people who have been in Russia, who have lived there since the revolution, who know the condition of affairs, and they give us a very different idea from that given by the correspondent of the Manchester Guardian. The conditions which are depicted to us as existing in Russia are such that in my judgment Russia is a proper place to keep the Bolshheviks in for some years to come, and the only thing that worries me is how soon we can get some of their ilk back to their fatherland, where they may enjoy some of the benefits of the new civilization set up by Trotsky and Lenin, men who, the moment they attained power in Russia, did not hesitate to turn their backs upon the Allies, upon the great civilized nations that had been trying to save Russia from the barbarism of Germany, and upon the civilized nations which had furnished the people of Russia with material and had put them, in the spring of 1917, in a position to have carried on this war as they never were in a position to do before, and, I believe, to have brought the war to a close in the summer of 1917."

Mr. Carvell added that there is a collection of uncut in Canada, among certain persons who if they were in Russia would go much farther than they dare go in Canada, and for this reason the utmost efforts should be put forth to get the country back to its normal condition with the least possible delay. To this task, he said, the government is bending its energies.

So many and conflicting reports of the riot at Kimmel Park have come to hand that a thorough investigation is imperative. The war is over and the soldiers should be brought home as quickly as possible. If the men have not been fairly treated someone should suffer for it. If a few agitators are responsible let the blame be placed where it belongs. The advocates of stronger beer will perhaps note that the rioters were "inflamed with drink" while they were destroying property and causing wounds and death.

Whether granted or not, the request of Irish officers who served in the war that the question of Irish home rule be submitted to the peace conference, will be received with respect. These are not Sinn Feiners and are not clamoring for an Irish republic.

After being idle since Jan. 21, forty thousand shipyard workers in Seattle went back to work on the old terms. Well, they had a good rest.

Mr. Robert Borden, Sir Edward Kemp and Sir George Perley must explain that riot at Kimmel Camp. An open enquiry must be held.

We may expect a speeding up of the transportation of soldiers to Canada. That will be one result of the Kimmel riot.

The Standard says the opposition at Fredericton is "in good fighting spirit." "A potato diet, no doubt."

No Punishment for Kaiser? The findings of the commission on responsibility for the war are still incomplete. It is understood the commission will conclude that the officials of the Central Powers were morally guilty of the most heinous crimes but that physical punishment is impossible owing to the attitude of the United States.

How Dominion Friction Surface Belting Helps to Increase Production

The greatest single factor in increasing and maintaining your production at the maximum is efficient equipment—this depends not only on your machinery, but to a greater extent than you realize on your power transmission equipment.

We are ready to demonstrate to you that Dominion Friction Surface Belting is the most economical and efficient transmission equipment made.

It is more than water-proofed fabric—the rubber used is a special friction compound that practically eliminates slipping and transmits all the power that any belt can transmit.

Its uniformity and dependability insure long and continuous service which saves time wasted in making replacements and repairs and prevents idle employees and machines.

Our special free advisory service, in charge of belting experts, is maintained to help manufacturers increase production through efficient equipment.

Phone, wire or write our nearest Service Branch when you are ready to have one of our experts help you "speed up" production just as they have helped many others.

Services Branches: Halifax, St. John, Quebec, Montreal, Ottawa, Toronto, Hamilton, London, Richmond, North Bay, Fort William, Windsor, Brantford, Regina, Saskatoon, Winnipeg, Calgary, Lethbridge, Vancouver, Victoria.

NEW CUNARD LINE STEAMSHIP SERVICE

Boston, March 9.—The Cunard Line is to inaugurate a new passenger steamship service between New York and Southampton. The steamer Mauretania, which will leave New York on March 12, will be the first vessel of this line to use the channel port instead of Liverpool, which has been the home port of the Cunard Line since 1840. It is planned that the big Cunard liners in the Southampton service will call at Cherbourg when normal conditions are restored.

RECENT DEATHS
 James Howard Martin

The death of James Howard, second son of George and Agnes Martin, occurred at an early hour on Sunday morning at the residence of his parents, Kingsville road. He leaves, besides his parents, two brothers, George William, in the 44th Battalion in Belgium, and Benjamin at home, and five sisters, Mrs. Andrew Gray, of West St. John; Mrs. Fred. Lord, of Navy Island; Margaret, Matilda and Mena, at home. The funeral will be held on Tuesday afternoon at 2:30 o'clock.

Cornelius Driscoll

Cornelius Driscoll watchman on the new steamer War Fundy, died yesterday morning of heart trouble at his home, 22 Mill street. He had been ill for about a month. Mr. Driscoll was a son of the late Denis and Margaret Driscoll. He is survived by two sisters, Hannah, of St. John, and Margaret, of California. The funeral will be held from his late residence at 10 o'clock tomorrow morning to the Cathedral for a mass of requiem.

Miss Louise M. Appel

The many friends of Miss Louise Margaret Appel will regret to learn of her death which occurred at an early hour this morning at the General Hospital. Miss Appel was sixteen years of age, and has been ailing for the last two years. She is the daughter of Rev. J. C. B. Appel, pastor of the Christian church, Douglas avenue. Besides her parents, she is survived by one brother, Francis, and one sister, Wilhelmina.

Mrs. Edna Adamson

Word that his daughter, Edna, wife of Dr. Adamson, had died in England from pneumonia, has been received at Winnipeg by James H. Turnbull. Mrs. Adamson had resided in England since her marriage three years ago.

Tyler B. Thompson

Tyler B. Thompson, prominent citizen and pioneer business man of Missoula, Montana, is dead, aged fifty-five years. His father, Tyler Thompson, moved to Woodstock from St. John seventy-five years ago. The son was born in Woodstock in 1868. After graduating from high school he came to St. John, and was purser on a steamship between St. John and Boston. For two years he was associated with Cobb, Bates & Yerxa, Boston. In 1886 he went to Missoula and had been connected with the Missoula Mercantile Company since. On March 18, 1890, he married Jessie, daughter of Judge and Mrs. Sloane, of Missoula, who survives him, as well as one daughter, two sisters and one brother.

Roy McLaughlan

Roy McLaughlan of Woodstock is dead after illness of a week with double pneumonia. He was thirty-three years old. He was a partner in the firm of John McLaughlan Co., Ltd. He was a member of the Knights of Pythias, and had been connected with the fire department. He is survived by his wife and two children, his parents, Mr. and Mrs. John McLaughlan, two brothers, Harry, manager of a bank in Quebec; Major C. Guy McLaughlan, a twin brother, and two sisters, Bessie and Marguerite, at home.

The death of James Scott Brown occurred in Norton recently. He is survived by two sons and two daughters. He was the oldest resident of Norton, being 101 years old.

After an illness of three weeks of pneumonia Mr. and Mrs. Emerson Tapley both passed away at their home in Woodstock Saturday morning. They are survived by four sons and one daughter.

John D. Yerxa died on Saturday at his home near the mouth of the Keswick, N. B. He was seventy-two years of age. He is survived by five daughters.

Andrew McKim died at his home in Moncton on Saturday afternoon. He had been suffering from the effects of an accident which he had sustained on the railway at Aulse some years ago. He was seventy-two years of age and is survived by his wife, two sons and five daughters.

Buried on Sunday.

The funeral of Richard Lodge took place from his residence, Randolph, N. B., yesterday afternoon at 2:30. The service was conducted by Rev. W. P. Dunham and interment was made in the Good Shepherd burying ground.

Col. Guthrie Home

Fredericton, March 8.—Lieut.-Colonel Percy A. Guthrie arrived home from overseas today. He was the only col case in the party of invalided officers and men who reached here in a special Red Cross car, which came through from Portland (Me.), where the hospital ship Essequibo docked yesterday afternoon.

On February 8, Colonel Guthrie underwent an operation in England, after being invalided back from Germany, where he had been attached to one of the Imperial divisions with the British army of occupation, and he has not yet sufficiently recovered from his operation to be able to walk. It is likely, however, that after a few days he will be able to sit up and within a comparatively short time, it is hoped that he will have entirely recovered his health.

Lieut.-Colonel George W. Moreshead, who took the 182nd Battalion overseas and was in command of the 2nd Canadian Division infantry base at Etaples for some time, also arrived today. He had been ill for some time, but his health is now much improved after long treatment in England.

FACTORY INSPECTOR'S ANNUAL REPORT

The eighth annual report of the provincial factories inspector, John Kenney, has been submitted to the government for the year ending Dec. 31 last. In it the inspector refers to the fine business condition of the many industrial establishments throughout the province, pointing out with regret, however, that the Nashua Pulp & Paper Company's mill at Fairville is closed, leaving 200 hands unemployed and cutting off a payroll of \$15,000 per month.

In reporting accidents, the inspector makes the following comment:

"If there is one requirement under the Factories act more than another that I find difficult to persuade manufacturers to comply with for one cause or another, it is that portion which calls for a report of accidents to employees.

With reference to stationary engineers, the report says:

"Experience has led me to believe that there is a disposition on the part of many unlicensed men to engage in the operation of steam boilers and engines, and that they are encouraged by some manufacturers who, apparently for some reason are not disposed to employ licensed men as required by law.

Reporting on child labor which also comes under his inspection, Mr. Kenney said he was aware of the fact that children under fourteen years of age were employed during the war, and had known of cases, but because of the scarcity of labor and the urgent need of cer-

tain materials, such as munitions, he believed it was in the interest of all that this employment should have been allowed. He was opposed, however, to the wholesale employment of children under age, but said it was difficult to make people obey the law.

DORCHESTER SOLDIER KILLED IN CAMP RIOT

London, March 8.—(By Canadian Associated Press Cable)—The inquest on the bodies of the victims of the Canadian outbreak at Kimmel Park was formally opened today and adjourned until Thursday next, the coroner for Piltshire merely taking evidence of identification.

Lieutenant Edward Small, 5th Battalion, identified the bodies as follows: Private David Gillen, 20, 85th Battalion, home at Florence (N. S.); William Taraschewich, nationality unknown, real name believed to be Larko. No further evidence was taken.

Premier Will Stay

Present indications are that it will be the middle of May or early in June before Sir Robert Borden is expected to return to Canada.

The Most Delicious MARMALADE

Last Marmalade and Preserving Season, when sugar was scarce, the Canada Food Board recommended the use of white corn syrup for preserving. Thousands of women tried it and were astonished at the results. They discovered the secret of making the most delicious marmalade—use

LILY WHITE CORN SYRUP

The following recipe, recommended by one of the leading Technical Schools, indicates the proper proportions and method for results you never before attained:

1 grapefruit	8 cups water
1 orange	10 cups Lily White
1 lemon	Corn Syrup

Cut fruit in thin slices and allow to stand in water for 36 hours or overnight. Separate seeds and soak them in part of the water. Cook fruit until tender and add Corn Syrup. Continue cooking until jelly is obtained.

LILY WHITE is the white corn syrup for table use or preserving—better than sugar.

CROWN BRAND Corn Syrup is golden in color, for table use and all cooking purposes.

Sold by grocers everywhere, in 2, 5, 10, and 20-lb tins.

French Foreign Minister Shows That Allies are Willing to Help With Food But Huns Cannot go Back of Conditions

Paris, March 10.—(By the Associated Press)—Stephen Pichon, French foreign minister, in a talk with correspondents yesterday, described the hearing of the food situation in Germany on the speedy conclusion of peace. He said that the urgent need of supplying Germany was recognized by all the governments represented at Paris.

On the other hand, however, this could not be done if the Germans ceased working and did nothing to make certain that the expense caused to the Entente countries by the destruction and damage of the war should be met.

In signing the armistice last January, Germany agreed to hand over her commercial fleet, to be used in revictualing Europe generally, and Germany particularly. Yet, continued the minister, at a recent meeting at Spa the German delegates declared that the arrangement was unsatisfactory and that they would "absolutely refuse to part with their ships."

The Allies were willing, M. Pichon went on, not only to supply food, but to accord credit to Germany, but Germany must first declare her willingness to live up to the conditions of the January armistice.

The foreign minister defended the peace conference against the charges that its work had been slow, saying: "It may have seemed slow at first, but there has been much progress during the last few days."

London, March 10.—(British Wireless Service)—Control of the German ships is a necessary condition to the feeding of the German people and the Germans have made that situation, declares the Westminister Gazette in discussing the break in the shipping negotiations at Spa.

"Again and again during the last two years," the paper adds, "it has been pointed out to them that their destruction in which it might be totally impossible to supply Germany herself with the food and raw materials which she would need when the war ended."

SCHOOL STUDIES.

West St. John, N. B., March 6, 1919. To the Editor of the Times:— Sir,—In Thursday night's Times I received a letter from a mother—a Canadian mother, I suppose—regarding the teaching of children out of school hours—home study, etc. I am a young American mother, and I cannot resist the temptation to write that I heartily agree with the views expressed in her letter. Both my husband and myself were born in Massachusetts and educated in her public schools, and having children who may some day attend the St. John schools, naturally we are interested. The past few years that we have lived in St. John we have heard more than one complaint from parents who have to teach their children at home, and that the children have so much outside studying to do that it necessitates their staying up far later than is best for their health in order to get it all done. I firmly believe the reason for this is that the present system is trying to put so much knowledge into the children's heads in so few years that the teachers do not have time within the school hours to cover it all and teach it thoroughly, or the children to learn it as they should—consequently the necessity for home teaching and so much home study. And does it pay in the end? Is it not too big a mouthful for the child of school age? Why not divide it up and see that each sure the child's digestion would be improved and his health in general benefited. Unless the school systems of Massachusetts have changed considerably since I left High School eight years ago, the children begin at five years instead of six there and take up about the same amount of work in thirteen years that St. John schools cover in about eleven years, but there is no home work necessary until the sixth or seventh grade, and then only a few problems (taking but a short time for the average pupil) up to the ninth grade or Grammar School, as it is called. Scholars graduating from the Grammar School require no matriculation examinations to enter High School, which course is four years—making thirteen years of free public schooling, and it really is free beside that of St. John. School the pupils never have to furnish as much as a pen, pencil or blotter. Every necessity from books to scribbling pads is furnished them as it also is in the schools of Western Canada. I am sure the school taxes are any higher there in proportion than here. Entering High School it isn't necessary that a pupil take a classical course spending hours over languages which may not benefit him unless he is able to enter college, but the child of poor parents may take up bookkeeping, typewriting and stenography and passing the required examinations go out into the world as well equipped to earn his or her living as one who was able to pay for a course at some business college, and I do not believe the school taxes are any higher there in proportion than here. We American citizens had to pay school taxes in St. John before our children were born and who reaps the benefits? The proper education of the child of today is going to mean as much to St. John in the coming years as a good many other enterprises which the city finds a way to get the money for, and if the little town of some 6,000 inhabitants which I have in mind as I write can do it, why can't a city of the size and importance of St. John do it? AMERICAN MOTHER.

PARENTS AND TEACHERS

102 Queen street, St. John, N. B., March 6th, 1919. Editor of the Times:— Sir,—In this evening's issue of your paper I notice a letter of interest signed "Parent," and dealing with a subject very much in the limelight just now. I also am a parent, but with a different sense of a parent's responsibilities. I think if parents would exercise some of their parental authority in training their children to strictly adhere to the rules of the school room, as laid down by their teacher, and also to act and speak respectfully to their elders, instead of encouraging them to rebel, by finding fault with their teacher in their hearing, many of the grievances of teacher and pupil could be avoided. Your correspondent does not state the age of the child she was requested to teach at home, which was in all probability five years. Teachers are not paid for kindergarten work in the public schools, the Play Grounds Association provides such training for children whose mothers have neither time nor inclination for such duties, which should be a pleasure to any supervising her child's studies as well as she sympathizes with him, when he gets a well merited punishment. I consider any child who comes to school unprepared for his day's work should be punished, and if the parents will not punish him the teacher must. "A dose of stick will not provide more brain," but it will provide a very wholesome respect for the

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

Feverish, Bilious, Constipated, Give Fruit Laxative At Once. Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "sides" clean and sweet. Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contentment any other fig syrup.

Reach Halifax On S.S. Adriatic

Lieut. M. P. Gregg, V. C. M. C., of Mountbaldale, Kings county, arrived in Halifax yesterday on the Adriatic. He enlisted as a private in the 10th Battalion, won a Victoria cross and a Military Medal and was wounded three times. The Adriatic brought the Royal Canadian and the Forty-Second Highlanders. In addition to these there were ten officers and 186 other ranks of the Royal Northwest Mounted Police. The following is a list of the St. John soldiers who arrived in Halifax yesterday on the S. S. Adriatic: Major W. S. Harrison, St. John. Captain J. H. Carvaco, St. John. Sergeant J. W. Pike, 229 St. James street, St. John. Private L. W. Andrews, 82 Charles street, St. John. Private C. A. Cromwell, Orange street, St. John. Private H. C. Ellis, Gullford street, St. John. Private E. McDonald, St. John. Private C. G. Nichols, St. John. Private W. H. Preston, St. John. Private R. C. Purcell, St. John. Private A. Regan, St. John. Private E. R. Spence, Rayfield. Private W. A. Steel, Main street, St. John.

Home Coming. The military department has been advised of the sailing of three more steamers from England, the Minnedosa with fifteen officers and 1,050 other ranks; the Corsican with a number of munition workers; the Metagama with approximately 1,100 on board. All these vessels are due at St. John in the near future. Lieut. C. P. Gramman was the only St. John boy to arrive home on the Boston train Saturday. He arrived at Portland on the hospital ship Eskaduro. He was attached to the 20th Battalion for some time, and was wounded at Amiens last July. He may have to undergo an operation in Fredericton.

NEW RUSSIAN ARMY

Composed of Youths Unaffected by Bolshevism. Vladivostok, Feb. 28.—(Delayed)—(By W. E. Playfair, Canadian Press correspondent).—That splendid man-power is the report brought back from Omsk by Colonel Lash, the personal representative of the Minister of Militia with the Siberian forces. The recruits are all youths between nineteen and twenty, and are totally unaffected by Bolshevist propaganda.

The railway situation is improving slightly and Colonel Lash made the trip from Omsk to Vladivostok in eight days. The United States force here is preparing to go into the interior to guard the railway from Omsk westward, the Czechs taking over the duty of guarding the line from Omsk to Irkutsk.

As Mathias, the Alsatian Innkeeper

(Mathias, an innkeeper of Alsace, is in financial difficulties—the inn has not prospered and a large payment is due to the grasping and greedy owner. At his wit's end, Mathias knows not which way to turn for cash. Unless he can raise the required sum within a few hours, he and his wife and daughter will be turned out into the snow-piled streets.)

Late one night a wealthy Jewish traveler halts his sleigh for rest and refreshment and shelter from the snowstorm. Mathias accidentally witnesses the traveler counting over his bags of gold and, when the Jew departs, we are horrified to see Mathias pick up his axe and dash off into the storm.

Prohibition Hits Cuba

Little Republic Will Lose \$2,000,000 This Year on Molasses Output—No Contracts Made

Havana, Feb. 24.—(Correspondence)—Prohibition in the United States will mean a loss of more than \$2,000,000 this year to the Republic of Cuba, sustained almost entirely by the sugar interests, because there will be no outlet for Cuban molasses, which has been used almost exclusively for making alcohol.

The loss will be a serious one, for most of their molasses except to let it run out on the ground, as they have no means of storing it, and they would not know what to do with it if they could. It is said molasses can be used for stock feeding, and it is probable that in the future some such arrangement will be made, but this year it will be practically a total loss.

The molasses is the residue that remains after every bit of the sugar has been taken from the cane juice. Heretofore a regular fleet of tank ships has visited the various Cuban ports for the sole purpose of carrying the molasses to the distilleries in the United States, these distilleries having many tank cars on the railroads of Cuba to carry the product to the ports.

Embargo on Output.

The loss of the molasses crop this year to the Cuban sugar mill owners is not entirely due to the prohibition laws in the United States, however, for last year stood much chance of becoming adopted, the American distillers were disposed to buy Cuba's molasses output, as they had been doing for years. A part of the Cuban press, however, insisted that the price paid for the molasses was not high enough, while another part of the press insisted that there was graft in allowing molasses to be shipped north when so much alcohol was needed in Cuba for industrial purposes. The government was urged by these newspapers to put an embargo on molasses, and while it did not

do so, the distillers delayed their customary purchases of molasses to see what the Cuban government intended to do. Then one state after another in the United States approved the prohibition amendment, and the distillers were millions ahead for having failed to contract in advance for the molasses.

Prohibition in Cuba.

Talk of prohibition in Cuba, which at first was regarded very much as a joke, is now beginning to be regarded with

more seriousness. When it was first suggested it was thought there would be no support for the prohibition bill introduced into the lower House of Congress, but supporters are springing up, and while there is no organized movement in favor of it as yet, this may develop at any time.

There is an unofficial report here that the United States has notified Cuba that a prohibition bill cannot be passed, because it would interfere with the loan

LOCAL NEWS

MURDER HEARING TOMORROW. The case of Sullivan, Reason, Maxwell, Ashburn and John Sterling, charged with the murder of Sahad Hassan, will be resumed in the police court tomorrow morning. It is expected that the evidence in connection with the preliminary examination will be completed and the examination finished.

INFLUENZA OUTBREAK. Immediately the matter of an outbreak of influenza at Woodstock being reported to the Department of Health, they caused their district medical health officer for that district, Dr. J. A. Wade, to proceed to Woodstock and take the necessary steps to do what is possible to combat the disease.

V. A. D.'S RETURNING. Miss Alice Wilson, V.A.D., daughter of John E. Wilson, of this city, cables to her parents that she will leave tomorrow Wednesday of this week by the steamer Tullaghan in company with another V.A.D., Miss Marie Placator, of St. John. These young ladies have been engaged in war work in English hospitals since 1917.

AT ST. MATTHEW'S. In St. Matthew's church yesterday morning the pastor, Rev. H. L. Eisner, delivered an interesting and instructive address: "The Symbols and Realities of Life." The evening service was of special interest to young men. The sermon was timely and practical. The anthem "Jesus and Shall It Be" was well rendered. A mixed quartet was sung after the address. Notwithstanding the storm the service was well attended.

THEATRICAL HONEYMOON. Gus Tapley, assistant stage director of the Majestic at Halifax, now in this city, and Miss Esther Curran of Halifax, were married in the Nova Scotia capital just prior to the company's departure for St. John last evening and are therefore spending their honeymoon here. Miss Curran is a well-known Halifax actress, and Mr. Tapley is a favorite actor with the people of this city. The wedding was a pleasant surprise to those who knew of the couple's engagement. They were showered with good wishes en route to St. John.

INTERESTING MILITARY REPORT. It is rumored in military circles that under the new scheme of organization for city regiments, such as the 62nd St. John Fusiliers, they are to have an adjutant of the rank of captain, a sergeant-major and an orderly room clerk, all of whom will receive C. B. E. rates of pay. These officers will devote their entire time to the looking after of the military regiments of that class. It is expected that this change will have a marked effect in bringing city corps of the Canadian militia to the highest standard of efficiency. It will be interesting to know that all such appointments to the offices mentioned will be given to returned men.

HALIFAX WENT WILD YESTERDAY. Passengers on the morning train from Halifax today speak enthusiastically of the manner in which Halifax greeted its Royal Canadian Regiment returned from the war yesterday as a unit. The town went wild and the C. B. E.'s upon disembarking marched through the streets playing their own familiar march and wearing the metal helmets of the Fusiliers. Arches of welcome said: "Welcome Home," "Well Done, Boys" and such cheering slogans. It was a demonstration such as the sister city has seldom witnessed and possibly the liveliest Sunday in its history—a striking contrast indeed to the sad times of a year ago when the explosion ruins were still hiding hundreds of victims.

HAMPTON WINNERS. In a fast game of hockey last Saturday, Hampton defeated Robesay, four to three. Notwithstanding the softness of the ice and that Hampton was handicapped by having only five men, while Robesay had a full line up, the boys from the shiretown proved their superiority under adverse conditions. The line-up was as follows: Hampton Goal, McGoowan; Point, Clark; Cover Point, Blair; Chipman, Left Wing, Hevenor; M. Angevine, Flewwelling; Centre, Monteth; Crandall. It is expected that another game will be played between the two teams at Hampton, if the condition of the ice permits.

LARGE SALE OF LOGS. It is reported The Nashwaak Pulp & Paper Co., Ltd., has made a large sale of logs to local mill owners here. On being interviewed, N. M. Jones, manager of the company, confirmed the sale of practically all the logs the pulp company have here at St. John in the water. When asked what would be done with this year's cut of logs of the Nashwaak Pulp & Paper Co., Ltd., Mr. Jones said he was not yet in a position to say.

MRS. CHRISTINE IRVINE. This morning at 5:45 o'clock Mrs. Christine Irvine, widow of John Irvine (formerly of Milford) died at her home, 65 Douglas avenue. Mrs. Irvine had been suffering from bronchial trouble but was getting well over that, when she was stricken with apoplexy on last Friday and died early this morning. Mrs. Irvine was in the sixty-fifth year of her age having been born at Aberdeen, Scotland, July 19, 1854. Her sisters Mrs. Eliza Stevenson, Mrs. Mary Hogg, and Mrs. Joseph Fairweather, as well as two brothers, George and William Greg, are still living in Scotland. One cousin also survives—James D. Taylor of the North End. Six daughters and three sons mourn their mother's death. Miss Grace Irvine of Philadelphia, Mrs. Robert Campbell of Fribourg, Mrs. Fred Stuart of Vancouver, Misses Margaret, Carrie and Christina; Cheyne of the American west; J. Bruce, of Boston and Charles at home.

Mrs. Irvine came to this country years ago and with her husband resided for a long period at Milford. To the sorrowing family the sympathy of a wide circle of friends will be extended. The funeral will be held on Wednesday afternoon at 2:30 o'clock from her late home, 65 Douglas avenue. Seaside Railway Originator Dead. Gloucester, N. Y., March 10.—L. A. Thompson, originator of the scenic railway, died at his country home here on Saturday night of the seventy-first anniversary of his birth.

AN EXAMPLE FOR ST. JOHN

School Buildings Used for Community Work and Built to Provide for—Concerts and Free Picture Shows

An enquiry was sent by the Times to a St. John man living in Cleveland, Ohio, to learn if there was any ground for the statement that in the United States the or community work had not given satisfaction. The following reply has been received:

"Cleveland is very active in operation of its school buildings for evening community work, and only the lack of sufficient money prevents it from operating on a much larger scale than it does. Last year out of 123 school buildings in this city, 20 per cent were used as community centres. The work done was partially a way to take care of children in the neighborhood who had no place to go in the evening, and were allowed to run wild, and partly to educate and entertain the parents of those children. Cleveland's problem is very largely one of Americanization, because of our foreign population. All schools built recently have been equipped not only with assembly halls, but also with gymnasiums; to a certain extent the gymnasium work forms a part of the daily school routine, but they are operated more extensively in the evening, only by children but by adults in the neighborhood. The Cleveland community centres are being used at the present time in the evenings for, among other things, Symphony Orchestra concerts, that is, concerts by our Symphony Orchestra given at a price of 15c. or 20c. At the three concerts given within the last thirty days the schools have been packed although the auditorium seated from 1,000 to 1,500 people. Free picture shows of an educational as well as entertaining sort are being given also, continually. The city has bought several movie machines and has only to rent the films.

"In the matter of finances: Cleveland's community schools last year were all operated on a free basis; this year, owing to the fact that Cleveland has not sufficient money in the fund to carry on its work fully, we are obliged to charge a nominal fee for these various things to help cover the expenses."

In St. John the South End Improvement League has been refused the use of the unused assembly hall of the King Edward school for one or two meetings per month.

LOST HOME; CLOSE CALL FOR THEIR LIVES

Family of Former Police Chief Simpson—Burned Out. The wife and some of the children of ex-Chief of Police D. W. Simpson narrowly escaped death from burning when their home, about six miles from Chipman, Queens county, was completely destroyed a short time ago. The household was started by the smoke and the cracking of timbers and nearly everyone was obliged to rush to the street in night-clothing only. There was very little assistance forthcoming from neighbors because of the sparse settlement, and in consequence the family saved very few of its belongings, either in furnishings or personal apparel. The circumstance is especially unfortunate as the family had become pretty well settled, and although the ex-chief has assumed new duties in the west, it was not the intention of his family to rejoin him soon, as some of the children were in course of business training here and in nursing study also. Only recently a son returned from the war. Friends will be sorry to hear of this misfortune to the family and especially since the insurance does not meet even a small part of the loss in all kinds of personal effects.

MEN THRONGING TO RETREAT EXERCISES

It was announced in the Cathedral yesterday that the number of men receiving Holy communion yesterday was the largest recorded in the history of the Cathedral on any one day! Men making the retreat, which is being preached by Rev. John Cox, S. J., joined the members of the Holy Name Society in contributing to the great total. This week will see a large addition to the membership of the Holy Name Society. The retreat enters its closing period with the interest high and the attendance very large. Last evening Father Cox preached a very powerful sermon on scandal. This morning again a very large number of men received Holy Communion.

LIEUT. COL. ANDERSON IS TRANSFERRED TO OTTAWA

Lt.-Col. A. H. Anderson, senior ordnance officer, who has been stationed in St. John for the past eight years, has been transferred to Ottawa in the ordnance branch. He is to be succeeded in St. John by Honorary Major T. Pugh, who is at present stationed in Montreal in the ordnance department. Lt.-Col. and Mrs. Anderson will leave soon for Ottawa, to the regret of their friends in this city. Capt. N. M. Burk, D. B. O., has been in Fredericton for the last few days in connection with the barracks service of that station. Lt.-Col. F. A. Good, officer commanding conducting staff, arrived in Halifax on Saturday, and proceeded to St. John, where he is having a conference today at military headquarters. Mr. D. No. 7, in connection with the transportation of troops from overseas. The following officers have been recently struck off the strength of the C. E. F.: Captain D. A. McAnlay, Lieut. H. C. Alward, W. L. Veniot, F. W. Vanwart, J. D. MacLean and R. McInerney.
