SOME DELEGATES TO BRANCH ARE ELECTED

Zion, Fairville, Carleton, Carmarthen Street and Portland Churches.

The Women's Missionary Aid Socities of the Methodist churches in the city are holding annual meetings this month. Portland Methodist W. M. S. met last night and Queen Square W. M. S. will meet tonight. The year has been a satisfactory one for all of the branches.

FAIRVILLE.

With an increase of \$41.18 in their funds, the members of the Fairville Methodist W. M. S. had cause for the high given by the resolution generating the annual meeting yesterday afternoon, at the residence of Mrs. O. D. Hanson. Mrs. J. M. Rice was in the chair. The receipts for the year were \$175.54. Mrs. W. J. Linton, recording secretary, gave the report of the year's activities. Mrs. W. J. Linton, recording secretary, gave the report of the year's activities. Mrs. W. J. Linton, recording secretary, gave the report of the year's activities. Mrs. W. J. Linton, recording secretary, gave the report of the year's activities. Mrs. W. J. Linton, recording secretary, gave the report of the year's activities. Mrs. W. J. Linton, recording secretary, gave the report of the year's activities. Mrs. W. J. Linton, recording secretary, gave the report of the year's activities. Mrs. W. J. Linton, recording secretary, gave the report of the year's activities. Mrs. W. J. Linton, recording secretary, gave the report of the year's activities. Mrs. W. J. Linton, recording secretary, gave the report of the year's activities. Mrs. W. J. Linton, recording secretary, gave the report of the year's activities. Mrs. W. Water Tower reporter, Mrs. William McIntosh; birth-day box superintendent, dendring the previous year. On Mrs. Lingley for her efficient leadership. Mrs. R. A. Corbett, Mrs. D. A. Goodwin, Miss Henderson and others also spoke in hearty endorsation of the resolution.

The officers elected were as follows: President, Mrs. H. A. Goodwin, Mrs. H. A. Goodwin, Mrs. H. A. Goodwin, Mrs. H. A. Grodwin, Mrs. H. A. Grodwin, Mrs. H. A. Kirk treasurer, Mrs. D. A. Morrow; recording secretary, Mrs. Arthur Long's report as strangers' secretary was heartily applauded. She, with her committee, Mrs. J. Cheeseman and Miss Ella Lowery, had made 525 hospital calls, 906 church calls, and sent out 60 birthday greetings to missionaries, 82 cards to shut-ins and aged members of the congregation.

Mrs. J. A. Humphrey of Sussex, acting district superintendent, sent a bright letter, urging especial interest in the work. She sent special greetings the work. She sent special greetings to Mrs. Rice and Mrs. S. A. Worrell, at one time associated with her in the

work at Sussex.

Expressions of regret were made becaue of the nearing departure of Mrs. Rice from Fairville. Mrs. Dan Crosby was elected president, and Mrs. Arthur McColgan, corresponding secretary; Mrs. Edward Kirkpatrick, superintendent Christian stewardship; vice-presidents, Mrs. O. D. Hanson and Mrs. William McCavour. The other officers were as before.

CARLETON.

Carleton Methodist W. M. S. received encouraging reports at its annual meeting. Mrs. George J. Barrett, president, was in charge of the meeting. The report of finances in detail was referred port of finances in detail was referred for a future meeting. The election of officers resulted as follows: Presidents, Mrs. George J. Barrett; vice-presidents, Mrs. F. T. Bertram, Mrs. Arnold B. Thorne, Mrs. Ernest Bissett; recording secretary, Mrs. Charles Belyea; corresponding secretary, Mrs. Charles Watters; strangers' secretary. Mrs. Bertram; treasurer, Mrs. George Armstrong; superintendent Christian stewardship, Miss Annie Green; mite boxes, Miss Emma Brown; Watch Tower, Mrs. Clinton D'Arcy; delegate to branch in Fredericton in June, Mrs. Barrett. The receipts of \$30 from the recent pantry sale were received. Mrs. recent pantry sale were received. Mrs. Barrett led a devotional period. ZION W. M. S.

Zion W. M. S. held its annual meeting on Monday with a good attendance and heard excellent reports. The officers elected were as follows: President, Mrs. Geo. Orman; vice-president, Miss corned beef. Hamburg steak. Annie Jordan; secretary, Mrs. F. Cameron; treasurer, Mrs. Thos. Hannah; mite box superintendent, Mrs. W. Johnson, and Mission Band leader, Miss Blanche Jones.

Corned beef. Hamburg steak.

"Won't you play with me?"

THIS little girl is speaking to you from the store windows of thousands of Congoleum merchants throughout the Dominion. She represents the thousands of happy children who have gained their mothers' closer companionship through Congoleum Gold-Seal Art-Rugs. For with these rugs on their floors, mothers have more time for their children, more time for the things that every woman enjoys.

Spring cleaning and moving time offer an exceptional opportunity to change from old-fashioned, dust-collecting carpets to easily cleaned Congoleum Gold-Seal Rugs. They are far less expensive—will leave you money for draperies and other furnishings—and in addition offer a charming variety of beautiful patterns for every room.

No Sweeping or Beating

No wonder housekeepers everywhere are using Congoleum Gold-Seal Rugs all through the house. For all the cleaning a Congoleum Art-Rug ever needs is a quick going-over with a damp mop. How different from the tiresome sweeping and beating that woven floor-coverings demand! And how infinitely more sanitary is the smooth, waterproof Congoleum surface.

Lie Flat without Fastening

Unlike many woven floor-coverings, Congoleum Art-Rugs are made in one piece. Another advantage: these rugs hug the floor; never curl at the edges, never wrinkle.

Low in Price-Big in Value

Gold-Seal Congoleum

SAINT JOHN, N. B., MAY 7, 1925.

THE MANUFACTURERS.

on record as favoring action for the wars to come. framing of an economic policy for the Dominion suitable to all parts of the country. The meeting, which dealt with many matters of immediate interest to Saint John and to the Maritimes, on capital ships did not prevent a very state of the country. The meeting was to come.

As a matter of fact the United States in such matters is carrying a light load as compared with many other countries. The Washington Arms concerning through the Empire. Admiral Sturder took part in the great sea battle of Jutland. His name stands high on the list of British naval heroes. Colonel E. T. Sturdee of Saint John is a relative. with many matters of immediate interest to Saint John and to the Maritimes, took this action after hearing an address by Mr. A. M. Belding, who made a Canadian tour on behalf of The Telegraph-Journal and The Times-Star. The chairman of the meeting expressed high appreciation of the work done in this matter by the representative of these newspapers, and it was decided that the Maritimes division of the Association should take up the guestion so that the views of the sense of Saint John is a Washington Arms Conference, which limited expenditure on capital ships, did not prevent a very great outlay on cruisers and small vessels which are immensely costly. The United States and Great Britain are both building cruisers, destroyers and submarines, but not so rabidly as some other powers. Japan, for example, is building 11 cruisers, 28 destroyers and 28 submarines; France, 9 cruisers, 57 destroyers and 59 submarines; Italy, 5 cruisers, 28 destroyers and 20 subup the question so that the views of Maritime manufacturers with respect to an economic policy for the whole country may be properly formulated, thus preparing for a national conference.

Mr. Belding explained that the Boards of Trade of Montreal, Toronto, Winnister of Montreal, Toronto, Winnister of Montreal and School of Trade of Montreal and School o that meeting. The natural proceeding were in 1913, and hundreds of millions woman.

"There was no pride about him. I the other provinces at the conference in Winnipeg. The manufacturers yesterday showed that they were keenly trymen to disarm in advance of public swer, it is to the conference of the conferenc

Another matter with which they dealt and in which Saint John is keenly interested is that of West India trade, the extension of which the meeting feit to be urgently necessary. It was pointed out that the Maritimes must be on the alert in order to make sure of direct sailings from Maritime ports.

Opinion, but in nearly every country man lie came over to the Leather Bottle every other Tuesday evening to read some of his works to ús. Why I don't know, but I know he interested a lot of us on a good many nights when we make the least war and to conquer the distress and disorganization of business of direct sailings from Maritime ports.

be on the alert in order to make sure of direct sailings from Maritime ports in summer as well as in winter, and it was suggested that the steamers of the Canadian Government Merchant Marine should be employed to develop more business with South American countries rather than to compete with the subsidized line to the West Indies.

The Sales Tax was subjected to a destructive analysis by Mr. R. N. McCormick, the tariff expert of the Association. The importance of the Association. The importance of the Association, and the Association made it clear that in its judgment the ratification of this pact would result in an important increase of trade, whereas delay beyond the present ses-

ward Saint John's interests. greater extent by the public.

Fast wars and the conviction that it is necessary to insure against wars to come cost the civilized world a staggering proportion of the money it raises by taxation. According to the Pittsburg Gazette, out of every \$100 paid into the United States treasury interest on the public debt takes \$28.20, the War Department \$10.10, and the Navy Department \$9.50. The Gazette says that if the debt and interest charges that if the debt and interest charges are considered as a legacy of previous wars, as most of the war and are added to the cost of the War and Hon. Mr. Graham, Minister of Rail-THE COST. wars, as most of them are, and are eliminate as far as possible duplication added to the cost of the War and of train services, though he does not such a rumor originates. the ratification of this pact would result in an important increase of trade, whereas delay beyond the present assion of Parliament may result in the loss of all the advantages which the treaty promises.

THE LONG SPECHES.

Who reads the long speeches made in Parliament during, for example, such a debate as that on the budget! Here is one answer, given in blunt terms by the Ottawa Journal:

"As a matter of fact not one percent. of the three million or as owords that are spoken or read in Parliament each session is read by apphody. Most of the speeches being merely rehashes of what has been said a thousand times before, the papers are fuse to print them—and how many people read Hansard? So that he argument that such speeches are necessary, because of our geographical to randomal position, is worthless."

This rather savage but substantially correct estimate of the situation may have some effect in restricting the oratorical output. It may be of assistances which act upon each other to produce the light. In other words, makes a visit, he uniformly finds a warm welcome. The nearly good wishes of the people of the British Empire will follow the person of the source and and the spector of the atmosphere at the seal revel is only affeten pounds to the square inch. The pressure of the atmosphere at the seal revel is only affeten pounds to the square inch. The pressure at the seal revel is only affeten pounds to the square inch. The pressure at the seal revel is only affeten po

As a matter of fact it is difficult to carry into effect any hard and fast rule as to the time to be occupied by members of the House, for the plea is constantly set up, and with some justice, that complete freedom of discussion should not be curtailed. But freedom to record essential views is too often abused by verbose members who state the interests of Canada last evening affords.

Stick."

It is a welcome sign that so many individuals and organizations in these days are discussing measures to promote the interests of Saint John industrially and in other ways. The banquet following the annual meeting of the Saint John Branch of the Engineering Institute of Canada last evening affords are adventured and disinterested desire to serve all the peoples over whom he will some day be called upon to rule, that has done so much to give the Prince of Wales a high place in the regard of the people of the Empire. The power of the British Monarchy now finds expression through constitutional channels only. Its indirect power, however, is enormous, if somewhat intended to serve all the peoples over whom he will some day be called upon to rule, that has done so much to give the Prince of Wales a high place in the regard of the people of the Empire. The power of the British Monarchy now finds expression through constitutional channels only. Its indirect power, however, is enormous, if somewhat intended to serve all the peoples over whom he will some day be called upon to rule, that has done so much to give the Prince of Wales a high place in the regard of the people of the Empire. Engine-Diver's Sweetheart—"And do ways think of me during your love the company in the rest convertion in hard the company have been turned been an action of America. The convention in the company have been turned to many to the city were soon to make the company have been turned down and the c

the case carried to a decision by the Court of Appeals which places the management of the company in quite a different position from that which they were in before this occurred.

Why does Dr. Foster say "The question arises, is the City of Saint John to be forbidden the use of its own streets by reason of a technical trespass?" There is room on the streets for both systems, and the company has pass?" There is room on the streets for both systems, and the company has never expressed a desire to prevent the distribution of hydro. Is the company not fair in asking that the hydro system be constructed in such a manner as will not interfere with the company's system and will not be a menace to life and property?

pany's system and will not be a menace to life and property?

Dr. Foster promised to arrange a meeting between the members for Saint John and the management of the Power Company before this legislation was passed for the purpose of trying to work out some agreement which would obviate the necessity of passing legislation, which to say the least, as far as the investment of capital is concerned is bad advertising for the province, but this meeting was not arranged. Had Dr. Foster kept this promise this legislation might have been unnecessary.

necessary.

If the interferences with the com-If the interferences with the company's system are of such a trivial nature as has been stated, and the city is willing to correct them, why has the city not had them corrected, and why has the city spent thousands of dollars in fighting the case in the courts? The Power Company has been most fair in this matter and has done everything possible to effect a settlement. thing possible to effect a settlement but there seems to be a determined effort being made to wreck this company and thereby bring the street rail-way and gas departments under con-trol of the City Hydro Commission or similar organization. Dr. Foster seems to be guilty of leading this effort in spite of the fact that when he intro-duced the original hydro bill in 1920

cooking conditions never vary.

from \$50—ten months to pay.

For Ten Cents A Day

That's only one of the wonders of cooking with Gas. Our records show that the average monthly bill for Gas Cooking in Saint John, is but \$3.20—or about Ten Cents And, in addition to this, the cooking is done better than by any other means. It is done without fuss or fume,

without dust of dirt, wihout excessive heat. And there is no long wait for a Gas Range to heat up. Gas Service is immediate. On a Gas Range you can boil a pint of water in 31/2 minutes. No other cooking appliance can even approach

this record. It is merely one of the many points in which Gas Service leads the way.

The Cost?

Gas Ranges come from \$18 up and we have a great variety for you to choose from. You can pay on small monthly installments, or you can rent by the year—as low as \$5 a year.

No costly installation charges. The Gas Range, set up in your kitchen, complete, ready to work, means a very small outlay.

But it will reduce your fuel bill enormously, save labor and time and give satisfaction and service that cannot be obtained from any other cooking medium.

SAINT JOHN HOUSEWIVES Are, daily, expressing their preference for Gas Cooking. The number of Gas Ranges in use here, now, is near the 1700 mark and, ere long, will pass it. Have you ordered a Gas Range

DON'T WAIT for the hot weather to come. Forestall it and order a Gas Range now. YOU can enjoy its

benefits as well as your neighbor. Why delay?

In a few days definite announcement of the opening of our Home Service Department will be made.

NEW BRUNSWICK POWER COMPANY

Parliament Should Hesitate to Shake Investors' Confidence

PROJECT ALLURING, HE TELLS COMMONS

Good Informed If He Becomes Leader He Can Help Solve Problems.

OTTAWA, May 6—"My advice would be not to rush at this amalgamation without full consideration," said Hon. G. P. Graham, minister of railways, speaking today on the Canadian National Railways. Mr. Graham was dealing specifically with the suggestion that the Canadian National and Canadian Pacific should be merged.

Mr. Graham's stand summarized was: So far as the Federal Government was concerned the proposal for the amalgamation of the Canadian National and Canadian Pacific railways was not an immediate issue, but no effort would be spared to secure reduc- Not Likely, However, to be tions in the Dominion's transportation costs through co-ordination of the two systems. If this could not be achieved through voluntary co-operation on the part of the railways it would be obtained through intervention by the Dominion Railway Board. ABSOLVED FROM

FULL CONSENT REQUIRED. of the investing public in the justice and honesty of Canadians. Amalgamation was a big problem and nothing should be done without the full consent of all parties who had invested their money in these lines.

A corporation, Mr. Graham added, whether its stock was owned privately or by the Government, having possession of all the transportation facilities in the country, might not be in the best interests of the people.

SOURCE SAUNG SERRY

\$50,000,000 SAVING SEEN.

This, said Mr. Graham, was made up of \$51,139,161 on Canadian National lines in Canadian National lines in Canadian National lines in the United States. To the total would have to be added a deficit after fixed charges of \$897,062 on the Central Vermont. This would make a deficit, after fixed charges, of \$55,757,481.

IMMIGRATION URGED The real solution for industrial, agricultural and transporation problems was in the bringing of people to Can-

W. C. Good, Progressive, Brant, asked how people could be kept in Canada when they were once here?

Mr. Graham replied that if Mr. Good would become a leader in affairs instead of a follower, he would help to solve these problems.

Build your body back to Health

TANLAC is a great natural builder. It revitalizes the blood, stimulates the digestive organs, rejuvenates the liver and peps you up all over.

From the four corners of the earth we gather the roots, barks and herbs that go into Tanlac. We compound them after the famous Tanlac formula that has brought health to millions.

nials from men and women in every walk of life, who state gratefully that Tanlac has brought them back to vig-orous strength.

If you suffer from indigestion, loss of appetite, can't sleep or rest; if rheu-matism is making life a torture; if your liver is out of sorts and your body has run down to skin and bones, get a bottle of Tanlac at your druggist's and start taking it right away.

You'll be amaged to note the improvement that comes at once. For the first time in months you'll feel like eating some good solid food. You'll wake up in the morning rested and refreshed, ready for a good day's work. First thing you know you'll have some color in your cheeks and the sparkle of health back in your eyes.

Flared Skirts Prominent In in such a generous manner. Refreshments were served and a pleasant evening of games and music enjoy-New York Season Fashions

By HEDDA HOYT

(Written for the United Press.)

Flared skirts have driven straight-lined frocks out of fashion. This sealined frocks out of fashion flowers are the newest things in bouttonieres. They may be worn on the evening frock as well as on the street suit. Chiffon carnations are the newest things in bouttonieres. They may be worn on the evening frock as well as on the street suit. Chiffon flowers are the newest things in bouttonieres. They may be worn on the evening frock as well as on the street suit. son we should be bouffant from the hips down with hems extending like the petals of a blown rose. We may even be barrel-shaped with a rounded fullness below the hips held in at hip and hemline in tapering effect similar to the hobble. But we won't have tube-like silhouettes—unless we care not a whit about style. tube-like silhouettes—unless we care not a whit about style.

Newest of flares are the back flares which cause the frock to stand out at a perky angle in the rear. This is achieved by means of pleated lace or chiffon insets or circular godets placed one on each side of the centre of the skirt. These insertions may begin at the knees, the hipline or the normal waistline. When placed at the waistline a fitted bodice is suggested. The fullness at the back of the skirt may be also carried out in front but front

be also carried out in front but front fullness is often omitted when the back flare is used. Until now we have had flares used in front and at the front sides or placed evenly about the hem since the flat back was considered necessary. However, not only frocks but ensemble coats are now appearing with rear flares.

A bouffant taffeta frock which would

be suitable for the dance frock of the young miss is made of light coral tafteta combined with yellow velvet. This combination of colors is unusual but decidedly flattering to youth. The fitted bodice is made with an off-shoulder neckline trimmed in a wide scalloned wake of yellow velvet. The scalloped yoke of yellow velvet. The full skirt is shirred on at a normal waistline and is made in two-tier effect with each tier bordered in wide scallenge of relieve

bridesmales frocks are also lovely when combining yellow chiffon over flesh or coral shades. Layers of pastel hued petals may adorn the hem of the chiffon overdress.

Summer pajamas of knee length are appearing in the shops. They are made of striped silks or cotton cloth, and in pongee and crepes. Sometimes these are made so short that they resemble A new trim for the felt hat with in front.

PRESSURE CHARGED HALIFAX, May 6—The encaenia ball of King's College was a brilliant affair at Dalhousie gymnasium last night. Five hundred dancers enjoyed the music. The lieutenant-governor, the premier of Nova Scotia, the American consul-general and their wives, Bishop-Coadjutor Dr. Boyle, and many others attended.

The patronesses were Mrs. J. R. Douglas, Mrs. E. H. Armstrong, Mrs. C. L. Worrell and Mrs. R. E. Harris.

The committee included C. LeRoi Mooers, Woodstock, N. B., D. Lev. Cooper, John I. Byron, St. Andrews, N. B., C. John D. McClearn.

Prize Winners

Prize Winners

The protest, which takes the form of a plea for an injunction alleges that undue pressure is being exerted upon the election commission by the fixing of such an early date as May 12, for Von Hindenburg's inauguration, as the commission is thus not afforded sufficient time to canvass the returns.

Agitation also continues over the issue whether the Republican flag shall be retained or the old black, white and red readopted. The Republican Reichbanner organization has refused to participate in the reception for Von Hindenburg with the Nationalist organizations, claiming that the affair will be made the occasion of a monarchist demonstration.

The college list follows: DeBlois English prize, Miss M. Dominey; Binney exhibition, H. F. Feaver; Kaihki exhibition, F. J. Keble, Hammond River, N. B.; Jackson exhibition, Thomas Turner; Akin's historical prize, F. J. Keble, Hammond River, N. B.; Dr. Smith's reading prize and Wallace Greek testament prize, G. F. Edsforth, Hoyt Station, N. B.

MUST DELIVER OATH

The head of the Reichbanner, Herr Hoersing, in a manifesto, declares that Von Flinder burg "must and will deliver the oath" on the Republican flag, which was, he says, insulted by the Nationalists during the campaign culminating in the declared election of the Field Marshal.

Insurance executive says Kellogg's ALL-BRAN is "Conqueror of Constipation'

Former addict to pills and drugs says ALL-BRAN restored youth-

Here is a most remarkable tribute to Kellogg's ALL-BRAN: For more than one-third of a century, I was an addict to all kinds of pills, drugs and nostrums to alleviate the tortures resulting from constipation. They brought only temporary relief. Then I tried Keilog's ALL-BRAN, and as a result I have a new birth of freedom from the terrible foe of the race. I am again in the pink of condition, the personification even of youthful vigor in my advancing years. Truly, Mr. W. K. Kellogg's ALL-BRAN is the conqueror of constipation.

Gratefully yours.

Let Kellogg's ALL-BRAN conquer constipation forever for you. Doctors recommend it. It is what they call a bulk food, that sweeps the intestine clean, stimulating digestion and normal, healthy action. Something habit-forming pills and daying can prever do. drugs can never do.

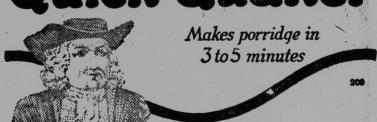

Eat at least two tablespoonfuls

daily—in chronic cases, with every meal. If eaten regularly, relief is guaranteed or your grocer returns the purchase price. Kellogg's ALL-BRAN is made in London, Canada. Served in leading hotels and restaurants. Sold by all grocers.

Right on Time

Everybody's off to school or work right on time when Mother uses Quick Quaker. It is the world's quickest hot breakfast, it cooks perfectly in 3 to 5 minutes. Gives you the same full flavoured por-ridge as the regular Quaker Oats you have always used, but it cooks in less time than it takes to set the table. Put Quick Quaker on your next grocery list. Costs but a cent a meal.

Sealed Cartons Only

free list had enabled Belgian fertilizer to come in and put the Canadian fertilizer factories out of business because of the depreciation in currency in Belgium. If this commodity had to pay duty on the par value of the franc the Canadian manufacturers would be able to meet the competition but they could not do so at present.

not do so at present.

The thanks of the meeting was extended to Mr. McCormick for his excellent address by the chairman.

The chairman named Messrs. L. W.
Simms, Angus McLean and C. R. Walker a resolutions committee.

The thanks of the meeting was extended to Mr. McCormick for his extellent address by the chairman, amend Messrs. L. W. Simms, Angus McLean and C. R. Walker a resolutions committee.

MR. BELDING SPEAKS.

He then called on A. M. Belding to give an address on his cross Canada trip.

Mr. Belding remarked in opening that during the forty-five years after. Confederation the people of Canada were so busy building railways and senals, adding new territory, going after immigrants and looking forward to the great development they believed was assurred, that they paid little attention to the question whether the harness of Confederation was adapted to real team work. Then came to the war, and after it the war debt, piled upon that so gaily incurred in persions of limited crops in the west. Facing these conditions the country has now taken stook and finds the need of a new seconome policy for the town darks. The problem to be salved to alter. The problem to be salved to alter. The problem to be salved to alter and that the government be asked to discard the period of depression, and of limited crops in the west. Facing these conditions the country has now taken stook and finds the need of a new seconome policy fair to the four natural divisions of the country, without which agenuine national spirit cannot be developed.

TELLS OF WELCOME

Mr. Belding told of the warm wellow. Will devote his time to writing.

Mr. McLean brought up the matter of a get together of the business men from other sections of Canadas and Frankings and the color of the Central Provinces and the termination of the country. The resolutions committee recommended that the government be asked to strengthen the during the countries with a well manufacture to duty coming from countries with depreciated currency be valided at the government be asked to all the government be a

query oft-repeated: "What do you in the Maritime Provinces want us to do for you?" He told of the proposal of the Toronto Board of Trade that the Boards of Trade of each province first get together, after which there would be a national conference; and the later announcement that the Boards of Montreal, Toronto, Winnipeg and Vancouver will issue a joint invitation for a national conference of business men might promote a Maritime conference by expressing their approval. Either we in Canada must find an economic policy on which all sections of the country can agree, or we cannot hope to develop a national spirit; and he said he could assure his learners, as a result of observation and what he had heard, that the business men of the other provinces were not dissolve sure men

Stopped!-by

TT looked like a nasty fall!

But the Little Brake that weighs only 29½ ounces saved the rider from plunging into the deep ditch.

It is in such emergencies the cyclist is thankful he has a Hercules Brake.

While ounces lighter than others, the new Improved Hercules has more actual braking service. It works the instant you back pedal. No slipping, no jerking. But a smooth, velvety "giant" grip that, when necessary, brings the bicycle to a dead stop with almost incredible rapidity.

The Hercules has only about half as many parts as the average coaster hub. The hub shell—the part that bears the train—is not a malleable

casting, but is turned from a solid

only willing but would be glad to sit around the conference table in a truly Canadian spirit. "The matter," he

with all that Mr. Belding had said, he with all that Mr. Belding had said, he was wondering "if we here were doing all we could to develop our own resources. We were importing eggs, butter, etc., when we ought to be supplying our home market and exporting as well." He also made a plea for the support of the campaign of Hance J. Logan for an extension of the trade between Canada and the West Indies and Central and South America. He suggested that the Canadian governsuggested that the Canadian govern-ment use the C. G. M. M. to open up new avenues of trade instead of putting them on routes to compete with subsidized lines now operating.

NEW POLICY FAVORED.

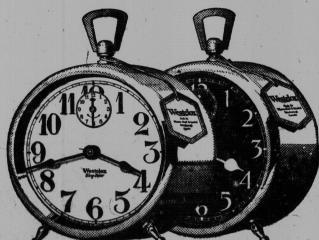

Walker, Sydney; C. G. Fraser, Saint only willing but would be glad to sit around the conference table in a truly Canadian spirit. "The matter," he said, "is put squarely up to us—what are we going to do about it?"

SUGGESTS BELDING ACT.

Mr. McLean suggested that it would be a good thing to get Mr. Be,ding to organize the Maritime Provinces along the lines suggested in his address.

Mr. Fisher said that while he agreed with all that Mr. Belding had said, he

hard to remove, therefore no time is wasted when removing the rear

The new Improved Hercules is easier to adjust, and requires less adjusting than others. It can be adjusted more closely and still coast more freely and farther than the average coaster brake.

Having all these advantages, is it any wonder there are five times as many Hercules Brakes in Canada as all other makes combined?

As it can be attached to any bicycle, there is no reason why every rider should not have a Hercules.

All C.C.M. Bicycles are equipped with the new Improved Hercules Brake and the C.C.M. Triplex Hanger, without

The Sanitary Gas Range!

FAST, satisfactory cooking, no trouble—and more important still—sanitation. That's McClary's

Add to this the great volume of intense heat which comes steadily from the burners, accounting for the surprisingly low operating cost. The porcelain enameled oven lining affords perfect cooking hygiene. Now you understand why McClary's is known everywhere as the satisfactory Gas Range.

parties, which the last the concern of the entire ship's personnel is the passenger's comfort, pleasure and safety. Remember, too, the voyage embraces the educational value of the trip down the mighty, historic St. Lawrence River.

be beaten clean Dirt, destructive, gritty dirt, gets into every rug

To Prove Rugs Need Beating

Turn over a corner of one of your rugs. Take an ordinary table knife or something of equal weight and tap the under side smartly several times. Watch the harsh, gritty dirt fly out—dirt that required beating to dislodge. Because only The Hoover BEATS, it alone will insure your rugs freedom from this destructive dirt.

and carpet, and stays there until it is beaten out. It must be kept beaten out, too, regularly and often, lest the life and beauty of your rugs suffer from its sharp, grinding edges.

But how, you may ask, can rugs be beaten regularly and often? There is only one convenient, easy way-with the Hoover.

For The Hoover is the elegtric cleaner which gently beats loose all the destructive, embedded digt, while it thoroughly sweeps and air-cleans, too, all in a few easy movements.

And The Hoover, with its dusting tools, is a complete household cleaning servant. Wherever dirt hides or clings, it hunts and cleans. There is a part for every place—curtains, hangings, upholstery, every out-of-the-way nook or corner.

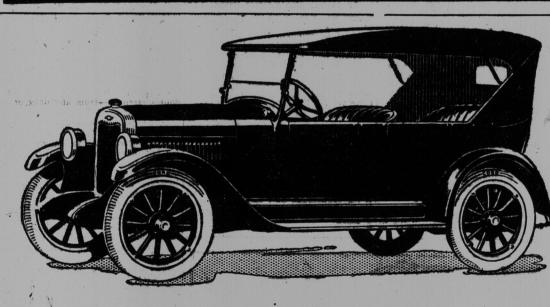

Authorized Dealers recommend The Hoover and are glad to show how efficiently it cleans. If you wish to purchase, \$6.25 down, and a few easy monthly payments give you one complete with

BY HIS HOLIDAY

Sea Trip and Mediterranean Air Bring Great Benefit

LONDON TOPICS IN NEWS LETTER

Divorce Cases—Not So Many U. S. Hostesses This

LONDON, April 23—It is satisfactory to know that King George's sea trip and the Mediterranean air at the very best of the year have greatly benefited His Majesty's health. I understand that there is no ground for any of the anxiety caused in London by the noticeable fact that the King kept far more closely to the royal yacht than Queen Mary, and missed a good many of the most interesting shore vises. But it is pretty certain that King George needed a rest. His influenza at one time developed alarming symptoms of pneumonia. This was what made the medical attendants so insistent on a real holiday in the sumy south.

Comments on the thrilling adventure

him a few thibgs. So the judge fined fined antong service charilies, and an exceptionally fine programme will be exceptionally fine programme will be provided this year in the hope of raising some £15,000, which will constitute a financial record. The Royal Registration of Artillery pageant in itself should prove an irresistible altraction. This will be supplemented by the interport raval competitions, always keenly exciling items, and musical rides by the 1.1st Guards and Royal Horse for raval competitions, always keenly exciling items, and musical rides by the 1.1st Guards and Royal Horse for the proving symptoms of pneumonia. This was what made the medical attendants so insistent on a real holiday in the sumy south.

SPEED FACTOR,

Deep Swift's notion of sunshine Correspondence of The Times-Star.

south.

Comments on the thrilling adventure of the R. 33 reveal much popular misconception about modern airships. These monsters are utterly helpless without their mooring masts, or other means of coming safely to earth. They are in this respect exactly like a ship at sea in an era before docks existed. Nor can a rigid airship, even with the most favorable terrain below, come down to make a promiscuous landing. She would be inevitably broken up and, and, unless the air happened to be dead still, would be bound to start rolling, still, would be bound to start rolling, so the strongest winds. The R. 33 is a comparatively old vessel, and, even at full speed ahead, drifted backwards at nearly 20 miles an hour in the gale. Either of the two latest super-airships only the comparative winds. The R. 30 is a comparatively old vessel, and, even at full speed ahead, drifted backwards at nearly 20 miles an hour in the gale. Either of the two latest super-airships only the full to the constitution of sunshine bottled in cucumbers is now quite a back number. Wightful, but in rough winds new hands suffer from "sea sickness."

COMING DIVORCE CASES.

An unusual number of libel actions, mostly against newspapers, and several well-known people among the divorce court suitors promise an Easter law well-known people among the divorce court suitors promise an Easter law stitings hardly less interesting than the divorce lists, being about the same as last Easter, and of these more than 600 are undefended. Among them is a petition for divorce by Lady w. E. B. Vincent from Brigadier-General-Sir Kerkeley Vinceat; whom she married in 1906; also a still for divorce by Lady the Marquess of Queensberry against the Marchioness, Sir J. H.

Dunn, a Canadian, being cited as co-respondent. The Marchioness was once a Galety actress, known as Irene Richards. In point of probable interest the is sold under guarantee of money back if it fails to remove your freckles.

Be sure to ask the druggist for the double strength Othine as this strength is double strength Othine as this strength list ig that if Viscount Gort, V. C., against his wife, Viscountess Gort, who

for the benefit of the Red Cross.

Although the well-known American hostesses are coming over as usual this year—Mrs. Harry Brown is renting Spencer House from Earl Spencer, and the wealthy Mrs. Corrigan will not befar away—there is not quite the same demand for houses by Americans as their was last year. I was told last night that well-known ladies who make a habit of "chaperoning" Americans as fingling for discreet but handsome fees are finding that competition is keen, and there are not enough fair Americans to go round. In any case, it is often a thankless occupation, even if the pay is good because these girls will so often get engaged to the most unsuitable young men. If this happens, the chaperon it certain to come in for a very unpleasant half-hour with an irate mamma, who wants to know what all the money has been spent for.

THE ROYAL TOURNAMENT.

While under the lamp you must wear black goggles to protect the eyes, but unless you must wear black goggles to protect the eyes, but unless you must wear black goggles to protect the eyes, but unless you must wear black goggles to protect the eyes, but unless you must wear black goggles to protect the eyes, but unless you will look like a double white-eyed Kaffir! My friend's little girl was sent home from school, because these same home from school, because these same home from school, because these sembles white rings around the grade distincting to distinct and the eyes that was before my friend's little girl was sent home from school, because these same demand for houses by Americans as there was last year. Booklets for Investors

Our booklet "Investment Securities" is issued monthly and contains information of interest to investors and a complete list of our current recommendations.

"Sound Bonds of Foreign Governments" deals extensively with a class of security which is particularly attractive, and in which there is a constantly increasing interest on the part of

Canadian investors.

In our booklet "Government Bonds for the Canadian Investor" we give particulars of many Dominion of Canada issues and of practically all the Foreign issues we recommend.

We shall be glad to mail a copy of one, or of all the above, to any investor. Write our nearest office.

THE EVENING TIMES-STAR, SAINT JOHN, N. B., THURSDAY, MAY 7, 1925

SAYS "QUIP" MOORE MAY REJOIN VETS PROFESSIONAL BALL TEAM Halifax Will Have Professional Ball Team To Play Visiting Clubs

PLAY FOR BOSTON TWILIGHT CLUB

Undecided As To His Plans For The Season

That Clarence "Quip" Moore would rejoin the Vets. professional baseball team providing that he does not remain in Boston to play with some team in the Twi-Light League, was an announcement given out yesterday by Vincent Shea, who was manager of the G. W. V. A. Club last season. He said that Moore has a chance to play in Boston, but has not definitely decided whether to remain there or come back whether to remain there or come back to Saint John. Moore was given a try-out with Worcester in the New England League, but owing to the large number of players seeking berths he failed to catch on.

Will Have Team Mr. Shea also definitely announced that the Vets would have a professional baseball team this season. At a recent meeting it was decided to go ahead and organize and an effort is now being made to sign up players.

Two Teams Organized At the present time there are two rofessional teams pretty well orga-ized, the Saints, which will be under management of Joe Dever and will represent the northern section of the city, and another being banded together by Thomas Mullet of the East End. Considerable interest is being manifested in the proposed professional league and fans are awaiting definite announcements as to the personnel the teams and plans for the season.

DETAILS OF BOUTS RECEIVED BY RADIO

Announcer Gave Interesting and Amusing Details During Progress of Card.

Radio fans had a lot of fun last night with the facetious announcer on WBZ giving a running account of the championship boxing bouts, in which several Canadians came off victorious, A brass band played the national airs of each oand played the national airs of each victorious boxer once the decision was given. When the Canadian boys were announced as winners the band played "The Mapleleaf Forever" and the annuncer waxed quite enthusiastic, re-testing that all listeners stand up. ome of his friends, evidently sitting side him, good-naturedly accused him beside him, good-naturedly accused him of partiality in his announcements when a Canadian and Argentine bout was on, and gradually the fact was elicited through the merry banter that the radio humorist was formerly a Canadian newspaper writer, but his identity was not disclosed. Certainly the announcer's chatter as the puglilists pummelled one another was very like the sprightly narrative of H. C. Witwer, Harry Beaumont and other popular sport scribes.

chamber of parliament yesterday rejected a bill guaranteeing one million florins for the 1928 Olympic games at Amsterdam.

Along The Sport Trail

FNTHUSIASM IN baseball here is not as marked as might be expected which may be attributed to the fact that the weather man is dishing out a semi-fall type of breezes. With daylight saving in vogue interest should be keen, but it needs a bright sunny day to bring on the fever. However, there is lots of time yet before the umps. will adjust their chest protectors and masks and send out that long familiar and ever popular cry-"play ball." Chilly winds and bleak days have no part in baseball, but when King Sol decides to pay us a more lengthy visit and starts shedding a fair amount of heat it can be taken for granted that the fans will quickly thaw out and seek a point of vantage in some park where they can speak in terms of base hits, home runs and out shoots and incidentally bawl out the ump, or unfortunate pitcher on an opposing team. The former must stand pat and hear a few of the following suggestions: "Come on you big stiff, look 'em over," "Say you big bonehead you're cross-eyed," "Say open your good eye." The latter usually is greeted with: "Take him out, he's as wild as a circus horse," "Drive him to the timbers." "Knock it down his throat," etc. These must sound rather choice to any person not familiar with the game, but it is a legitimate language on a ball

TY. COBB is certainly setting a sensational pace for batters in the American League. His record of five home runs in two games surpasses the best achievement of Babe Ruth, the acknowledged "King of Swat." In addition he is well over the .500 mark and is leading both leagues in hitting.

FITHER JOHNNY McINTYRE is falling down as a drawing card or else times are pretty hard in Sydney, judging from word received here recently to the effect that the proposed bout between the former Saint John boxer and Kid Smith had to be called off because of a slim attendance. If the former was responsible then it is high time Johnny started staging a comeback. If the latter condition exists then he will have to seek other fields to show his wares.

After reading an account of this kind one cannot help wondering why McKenna does not get out and make some easy money in other centres. Promoters here are eager to sign him, but so far success has not attended their efforts. If the Cape Breton boy ever hopes to make a mark in the roped arena he will have to start out and show fans that he has the goods. Saint John fans want him and local promoters are ready to give him a good sized purse so it is hard to understand why he is holding off.

THE ENCOURAGEMENT of good sportsmanship on the baseball field is a master move on the part of the City Amateur League executive. A player can be aggressive, stand up for his rights and still be a gentleman.

THE ECHOES OF Madison Square Garden, the historic New York centre where all of the great gladiators of the ring have perormed, will fling back the howl of the boxing fans no more. To Johnny Dundee and Sid Terris went the honor of appearing in the last bout that will ever be staged in an amphitheatre, which was the battleground of John L. Sullivan, Peter Maher, Bob Fitzsimmons, Stanley Ketchel, Joe Gans and practically every great exponent of the art. The result of the bout Tuesday did not meet with popular favor. However, it was a case of an old man of the ring being pitted against a youngster. The former participated in 800 scraps during his
15 years of milling while Terris, who has been fighting for four years has only participated in 50 bouts. There is no doubt that the new stadium will be built along colossal lines and will be a fitting successor to the Garden, bút it will be many a long year before it will be able to compare from many standpoints with the grand old sport centre now in the hands of a wrecking crew.

EXPECT SHAKEUP IN YANKEES TO FOLLOW BENCHING OF SCOTT

JOHN Shortstop Who Has Played 1,307 Consecutive Games Says He Will Never Sit On The Bench

> NEW YORK, May 7.—Everett Scott, shortstop of the New York Pittsburg Yankees, who played in 1,307 consecutive major league baseball games until he was taken from the line-up yesterday, is on

The East Saint John Lawn Tennis Club held their first meeting of the season last evening at the home of Mrs. James Foley with O. J. Lawson in the chair. The report of the treasurer showed that the club is in a splendid condition financially and had a large membership.

Officers Elected

The election of officers resulted as follows: O. J. Lawson was re-elected president; Miss V. Foley, secretary and wm. Woodroffe, treasurer; ground committee, Ronald Poley, Miss V. Foley, will be ready in a few days and the club intends to get an early start this year. Regular meetings will be held the third Thursday of every month.

Yankees, who played in 1,307 consecutive major league Dase—ball games until he was taken from the line-up yesterday, is on this way west, but not with the team. He will spend a few days visiting at his home in Indiana.

The story of the benching of Scott, leaked out during the night, as base-ball followers discussed the situation. The shortstop himself said that his withdrawal came as a surprise, as he was "Just beginning to play ball."

"I got two hits yesterday." Soott soil realized my ambition, when I had played 1,000 straight games. Had my benching come when the team was losming I would not have cared, but it should happen the day after we win a game, and I make after we win

COBB CRASHES St. James and Trinity Clubs Meet In Championship Series

Arrangements have been completed for a play-off for the championship of the City Church Badminton League between St. James and Trinity clubs. A series of three matches will be played, and, the first is scheduled for this evening on St. James' floor. There will be two events of ladies' doubles, four of mixed doubles and two men's doubles on the opening card. The play-off will commence at 7.30 sharp.

In the semi-final play-off, St. James eliminated St. Jude's, and Trinity defeated Stone. This brings together two of the fastest church clubs in the city, and as rivalry is keen some thrilling matches are anticipated.

The second match will be played off later on Trinity courts, but nothing definite has as yet been decided as to the third, as one or the other may clinch the title in the two matches screduled. It is expected that a large number of badminton enthusiasts will be in attendance at the match this evening.

scrambling to emerge from the Ameri- 1925 Edition Comes to Hand, dents of Past Season.

remained out of the line-up and the team fell to the bottom. Then he returned, and his two home runs and a single at St. Louis yesterday, following dpon three four-base blows the previous day, stirred his men to action aplenty. Harry Heilman, former batting champion of the American League, poled two homers, O'Rourks escored a triple, and two singles, and Jones and Rilgney each singled three times. The result was an 11 to 4 victory for the Tigers.

Mackmen Win Anothes

Meanwhile, the Mackmen registered their second victory in three games over the once powerful Yankees, and remained in a tie with the Senators for first place. Eddje Rommell appeared to two victory, as Harris was taken and way in the eighth to allow Lamar to bat for him.

Johnson Hit Hard

Walter Johnson pitched for Washington and suffered severe punishment, but the slugging abilities of his comrades gave him a ten to eight conquests, the Red Sox being the victims.

Getting Ready

Local Catcher Is Said To Be Available For Team

John "Hap" Hanlon, Halifax base-ball ace, who spent the past eight months in Florida and Bermuda, has returned to Halifax for the summer, says the Halifax Herald. Stating that says the Halifax Herald. Stating that he had confidence in the local public to support professional baseball, Hanlon plans a speedy organization. He will communicate with the various towns where professional ball was operated last year, and says that Halifax will have a team to play American touring clubs, regardless of what the other towns do.

Nucleus For Team. Hanlon stated that his brother, Frank Hanlon, Sammy Lesser, Nick Phelan, Harold Donovan and himself from last year's team, with Billy Richardson, Middleton pitching star, are ready to play with Halifax. Others who might be secured are Gosnell, St. John pro., who is attending Dalhousie, and Vince Boyne, Middleton infielder. Work to get the game going here will be started today, with the Wanderers' grounds mentioned as the home diamond. This is Gertrude Ederle, one of

Saint John branch of the Engineering

Saint John branch of the Engineering Institute of Canada at the annual meeting and banquet last evening in the Victoria Hotel and urged all citizens to co-operate in the effort to make this city prosperous.

F. Maclure Scianders, the new secretary of the Board of Trade, asked for support in getting new industries for this city. Other speakers pledged the support of the engineers in making Canada a better place in which to live.

Reports of activities showed the branch in a flourishing condition with a membership full of activity. W. R. Pearce, M.E. I.C., was elected chairman and A. R. Crookshank, as vice-chairman.

The announcement of the scrutineers, Messrs. Wilbur and Owens, showed that the following officers were selected to pilot the branch during the coming year: Chairman, W. R. Pearce, M.E.I.C., retiring chairman, proposed the toast to the King, which was honored in the usual manner. He then proposed the toast to the City of Saint John. Mayor Potts, in his reply, referred to the high standing of engineers in the community life. He spoke of some of the difficulties encountered as Mayor. He said the city had been passing through trying times and there was need yet of very careful steering. He pledged himself to do his best.

his best.

He was pleased to see Mr. Sclanders, the new secretary of the Board of Trade present. He had heard that a flour mill would probably be started here, and wished to say that he had made a move for a flour mill some time ago, He was glad to see that Mr. Sclanders was taking hold of the idea and believed that between the Board of Trade and the citizens a mill would eventually be in operation here.

GIVES SUGGESTIONS. He sald he was not a financier but he had a financial scheme which he hoped would be adopted so that the city would save much money. He had been opposed to expensive undertakings and had been accused of being close-fisted, but citizens were complaining about taxes. He made a strong plea for the co-operation of the Board of Trade and the City Council, and urged the citizens to come to city hall and discuss civic problems.

He was asking that the British squadron, which is to visit Halifax, also come to Saint John. He spoke of the need of citizens buying at home. He believed that economy was necessary and of the nation collectively and individually practiced economy for three years there would be a wonderful change for the better.

change for the better. BELIEVES IN "SELLING." The toast to the guests was proposed by Alexander Gray. Mr. Sclanders, in replying, said he had always had a great love for Saint John. He former-

MUCH TALK OVER CAMERON CASE

Princess Street Building Matter Gone Into-Commissioner Harding to Chicago. Another exciting econ-

The Saint John branch of the G. W. The Saint John branch of the G. W. V. A. wrote suggesting that the city extend an official invitation to Earl Haig to visit Saint John when he visited Fredericton and offered to cooperate in entertaining the distinguished visitor. They had been informed, the letter said, that Premier Veniot intended to hold a reception for Earl Haig at Fredericton. The letter was referred to Mayor Potts to extend an invitation to Earl Haig to come to Saint John and he was given authority to make the necessary arrangements for a reception and entertainment while here.

Commissioner Harding said he would like the council to hear the building inspector on a matter which was giving him some concern and on which he would like the council to give some advice.

The Saint John band he was given authority to make the necessary arrangements for a reception and entertainment while here.

Commissioner Harding said he would like the council to hear the building inspector on a matter which was giving him some concern and on which he would like the council to give some advice.

The death of Irene Marion, daughter the down from Fredericton on the early adventured on the early afternoon express. He had been attending a meeting of the N. B. Electric Power Commission. The chairman reports nothing new, merely routine business.

HERE SEEKING WORK.

The decision to erect the new vocational school here and the proposed work at Grand Falls has attracted into the city quite a few unemployed. For the last few nights several men have applied for protection at the central police station. Three were given shelter last night. All three came from Nova Scotia.

In him some concern and on which he would like the council to give some advice.

CAMERON PERMIT.

James Carleton, building inspector, said the matter was the granting of a permit to George Cameron to creet a building in Princess street and he would like to know if the by-law passed in 1915, providing that certain buildings could not be erected within 300 feet of a church was to be carled out.

Two applications had been made for a permit for this building. The first had been refused because of it specifying that the building was for a public garage and being objected to by St. David's church. Later another application was made and in this the use to which the building was to be put was not stated. On refusing the permit, and order for mandamus was asked for by Mr. Cameron. The plans for the building safe the following stated that it would be 45 feet wide and 98 feet long, and he believed the specifications provided for safe construction.

Mayor Potts asked if the building laws gave the city the right to condemn to the condemn of the first had one of the specifications asked on refusing the permit, and of the leading theatrical magnates interested in selecting for fall shows. The talented young lady was given much encouragement.

TWO ACCIDENTS IN

struction.

Mayor Potts asked if the building laws gave the city the right to condemn a building which was considered unsafe, and the building inspector said the law provided for a board of arbitrators.

TWO ACCIDENTS IN CITY STREETS TODAY

trators.

The city solicitor, Mr. Carleton said, had ruled that the building inspector had not the right to demand the applicant to name for what use the building was to be put and he wanted to know whether to follow this advice or the building was reased in 1915.

Edward Knorr Hurt in Pond Street—Miss Margaret Nicholson is Run Over.

said. What he had said was the refusal refusing a permit.

Mayor Potts said there was no doubt the information had been concealed in this case for a purpose and he would say let them go ahead, and then, if it was used in a way the law did not allow, see what could be done about it.

Commissioner Harding asked what to state the use was not a ground for Commissioner Harding asked what Mr. Carleton was to do in the matter,

whether to follow this advice or the by-law passed in 1915.

Commissioner Frink asked if he understood the building inspector to mean that he thought the permit should not be issued and wanted the council to approve of his going against his judgment. To this Mr. Carleton replied that "that was about it." He further said that, so far as the mandamus proceedings were concerned, the case seemed to have been settled before going to court, as he had not been asked to give testimony.

LAWYER CALLED IN.

At this point the Mayor asked A. N. Carter to come to the committee room to explain what had taken place at the mandamus proceedings.

Mr. Carter eville, an employe of the N. B. Power company, met with a painful accident about noon. With other employes he was engaged removing an old pole at the corner of Smythe and Pond streets when the pole swerved and his pike slipped and struck him on the side of the head. The force of the blow knocked him down and he struck his head frogibly on the pavement. A deep wound was inflicted. He was taken to the hospital this afternoon said that he was resting comfortably and his condition was considered mony, which would be one of the outstanding events of the year. Large delegation were going from Washing-ton, Philadelphia, New York and the New England States. The Saint John be was engaged removing an old pole at the corner of Smythe and Pond streets when the side of the was engaged removing an old pole at the corner of Smythe and Pond streets when the side of the was engaged removing an old pole at the corner of Smythe and Pond streets when the side of the Wew England States. to explain what had taken place at the mandamus proceedings.

Mr. Carter said that when the motion for mandamus was taken the matter had been referred to Dr. Baxter, eity solicitor, and he had advised that, as the building inspector had no right to refuse a permit on the ground that the occupancy of the building had not been stated, it was no use fighting the case, and he had agreed that the permit would be granted, provided the plans and specifications were as called for in the code.

Mayor Potts asked if any person was any further ahead and knew any more about the case than before the discussion started, and Commissioner Frink said he was, for he had found out that Mr. Carter said it was no concern of the building inspector what a building was to be used for.

Mr. Carter said that was not what he said. What he had said was the refusal to the refus

SAILOR SAVED FROM DROWNING IN SLIP

Stanislaus Pothier Falls Between Schooner and South Wharf-Captain Rescues.

Stanislaus Pothier of Yarmouth, N S, a sailor of the schooner Seretha, the schooner and the South Wharf and but for the prompt action of Captain William Trahan of the schooner Laura the Marion, also of Yarmouth, the inci-Train officials today reported the travel from the United States to be appreciably heavier. The summer influx seems to be starting earlier than usual.

William Marion, also of Yarmouth, the incident might have terminated fatally. Captain Trahan promptly went to the rescue of the sailor and after a hard battle managed to get him up to the wharf with the assistance of several men. The sailor was little the

DAHLIA SOCIETY PLANS FOR EXHIBIT

The Common Council this morning decided to extend an official invitation of Earl Haig to visit the city while in Canada this summer. The details were left in the hands of the Mayor. The meeting discussed the application of George Cameron for a building permit and whether the building inspector could refuse the permit.

The consolidated business by-laws, prepared by the city solicitor, clearing up some points in regard to fines and licenses, were recommended to the council for enactment and will be taken up on Tuesday.

Mayor Potts said he had received a letter from McKenzie's Cash Grocery, Waterloo street, stating that the store had been broken into three times in the last eight weeks and asking what would be done about the matter. This was referred to Commissioner Harding for a report.

He city electrician, James Cunning the proper permits for doing work in three different places. The case will come up tomorrow before Magistrate Henderson.

ENGAGEMENT.

Mrs. Albenia Beatteay announces the engagement of her granddaughter, Hilda Gertrude Beatteay, to Kenneth Colborne Cairns, both of West St. John, the marriage to take place in June.

ATTENDING FUNERAL

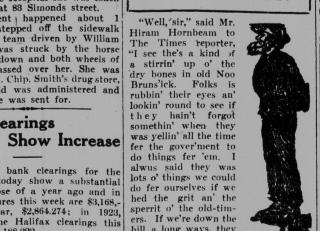

Mrs. Fred R. Basley, of Waltham, Harry Hynam and C. H. Wright, reported on the action of the committee in relation to the prize list for the exhibition. Among other things decided was that during the last three days of the show the space on the first three different places. The case will come up to morrow night will return home. agricultural hall would be devoted en tirely to dahlias.
