the High School Rooms.

Testerday afternoon a deputation from the New Brunswick Historical Society, the Natural History Society, and the Loyalist Society watted upon the chairman of the school board to ask for the use of the assembly room and three other apartments of the High School building, for the meetings of the Royal Society of Canada to take place at the time of the De Monts festival. Those present, besides Judge Trueman and Dr. Bridges, were Senator Bills, Rev. Dr. Raymond, Dr., Matthew, S. D. Scott and Dr. G. U. Hay. Judge Trueman expressed a strong desire to meet the views of the societies if it could be done without interfering with the work of the school. It was pointed out to the delegation that the High School examinations would, under ordinary circumstances, be taking place about the time of the Royal Society meetings. On the other hand it was observed that the students would write examination papers at great disadvantage during the excitement of the anniversary speciacles. Some adjustment of dates may take place. When the matter is decided Senator Ellis will have a conference with the secretary of the Royal Society at Ottawa.
