of the Union Trust Company a scheme in respect to the purchase of the property of the Eastern and Western Land Company... "Your duty was not small"

(Special to The Telegraph.)

Mr. Foster also related how he became possessed of interest in Fowler's share in the Kamloops Lumber Company... "I had brought a proposition before the Union Trust Company I think your duty as a member of the board would have been to criticize and search it, would it not?"

MORAN WAS NOMINATED WITHOUT A STRUGGLE

Only Name Presented for Governor in Massachusetts Democratic Convention

Pandemonium Broke Loose When a Motion Was Made to Endorse Bryan for Presidency in 1908—Hearst Crowd Fought it Tooth and Nail and Were Defeated by a Narrow Margin.

(Special to The Telegraph.)

Boston, Oct. 4.—A new era for the Massachusetts Democracy was inaugurated today in the state convention of that party when after a turbulent and curious struggle over endorsing William Jennings Bryan and William R. Hearst, John H. Moran, District Attorney for Suffolk county, who was already the nominee of the prohibition party and the Independent League, was nominated for governor by acclamation... "But it was your duty as vice-president and director of the Eastern and Western Land Company to sell at as high price as you could"

(Special to The Telegraph.)

Then the Hearst supporters, although they were not in the majority, began to impress himself upon the convention and after many interruptions succeeded in moving that the resolutions be reconsidered... "The second rock upon which the convention was disrupted was the endorsement of Mr. Bryan for president"

BANK ORDERED TO GIVE UP BOOKS

Strong Objection to Producing Fowler's Account Proved Futile

Insurance Commission Firm in Its Resolve to Find I. O. F. Funds Used in Speculation—Ottawa Journal (Independent Conservative) Assails M. P. for Kings and Others.

Toronto, Oct. 2.—When the insurance commission resumed today C. A. Masten, representing the Bank of Nova Scotia, submitted a long legal argument raising the question of the jurisdiction of the commission in regard to the production of the books and accounts of the bank in which George W. Fowler is concerned. Mr. Masten said Mr. Fowler was not in town, and the bank had not been able to communicate with him to learn whether there is any arrangement possible by which he would concur. Under the circumstances the Bank of Nova Scotia had no alternative but to submit to the commission what they were advised is their legal position in the matter.

Mr. Masten contended that the commission being engaged in the investigation of the investment of funds of the I. O. F. and other allied questions, could not go into the private affairs of the Okanagan Lumber Company, a separate and independent entity. The Union Trust Company, he admitted, was in some measure a subsidiary branch of the I. O. F. for investment of their funds and the affairs of that company had been investigated in some degree and to some extent so far as they appear to affect the funds of the Foresters, after that there was a second subsidiary corporation known as the Kamloops Lumber Company, the nature of the relations of which to the Union Trust Company he had not been advised.

Ottawa Journal Assails Fowler and Others.

Ottawa, Oct. 3.—(Special.)—The Ottawa Evening Journal (Independent Conservative) today has a leading editorial headed "Grat." It says:— "A considerable time has elapsed since the evidence given before the insurance commission indicated that a number of prominent men, some very well known in politics—Hon. G. E. Foster, M. P.; Mr. Fowler, M. P.; Mr. Lefurgey, M. P.; Mr. Pope, ex-M. P.; Mr. McGillivray, ex-M. P.; Judge Boyd, and Matthew Wilson, K. C., had been dealing unfairly in not dishonestly with trust money or with each other. Connected with the evidence of the Journal in the expectation of further testimony. Some further testimony there has been. Judge Boyd has been examined, and by his own account seems to have

been merely a stool pigeon. Mr. Lefurgey, one of the younger Conservatives of the house of commons (the politician named as Conservatives), was examined yesterday, and apparently acted in good faith, and in ignorance of any grafting. But as regards the rest, no sufficient evidence seems to be forthcoming. Mr. Foster's evidence did not suggest any good explanation. Mr. Fowler has so far not been examined and seems to dodge it. "In regard to the transactions with the money of the Independent Order of Foresters, which the evidence given before the insurance commission indicates to have been dishonest, two parties existed. One party comprises those who had the Foresters' money in trust, through the Union Trust Company. The party included Messrs. Foster, McGillivray and Matthew Wilson. Those who were directors of the Union Trust Company took a financial interest in an option on C. P. R. lands, which option they practically sold to the Union Trust Company at a figure which netted themselves a profit. In other words, they used their official positions as trustees and the money of their clients to make a private deal which was a sure gain for themselves and a gamble for the Foresters.

"There was another deal, the Kamloops Lumber Company purchase. Stated roughly and briefly, Mr. Fowler formed a syndicate to buy that company out, got privately an option on the \$170,000, persuaded his partners that \$225,000 would be a fair price, which they paid to Ryan, and took \$35,000 back from Ryan as a private perquisite. As the evidence goes at present it was a simple steal from his partners (and they were using Foresters' money) by Fowler and those who knowingly shared it with him, of whom Pope is indicated as one.

"There may possibly be something yet to come out regarding the complicated facts to exhibit some or all of the parties concerned in a better light, but it is difficult to see how unless there are new developments. We would imagine that so far as public life is concerned the usefulness of the parties implicated is gone.

Toronto, Oct. 3.—The result of the examination of the books of the Bank of Nova Scotia was the disclosure before the insurance commission, of the manner in which the \$35,000 received by Geo. W. Fowler from Peter Ryan in connection with the Kamloops Lumber Company purchase, was disposed of. The names of Foster, Clare, Bennett, Lefurgey, MacKenzie Mann, Taylor, Hailes H. Pope and Pen-chen appeared in the bank ledger as recipients of money from Fowler or Pope and Fowler. There was a number of other payments against which the names of recipients did not appear in the books.

Hon. Mr. Foster again gave evidence and volunteered the statement that the \$25,000 which, according to the account produced, he had received from Fowler, was not the only amount he had obtained. The aggregate advances made by Fowler to himself he placed at between \$5,000 and \$7,500. He had appealed to Fowler for financial assistance, because of pressing obligations, but he claimed that he had a contract claim against that gentleman which was fully equivalent to the total of advances, and that there would be an accounting between them.

Mr. Foster stated that Fowler was acting in the negotiations for the purchase of the Kamloops Lumber Company, and that the understanding between McCormack, Irwin and Fowler on the one hand, and the Union Trust Company on the other, and while declining to define the relationship of Fowler as that of "agent," admitted, in reply to Mr. Shepley that he would be likely to ask for an accounting of any profits made by a person in Fowler's position.

Mr. Fowler emphatically denied that he had any interest in the transaction when it was made, but stated that after the deal was closed, Fowler had given him an option on a portion of his interests in the Kamloops Lumber Company, and that option was still outstanding.

Divided a "Good Thing."

Mr. Foster also explained how he and his associate, Wilson and McGillivray, acquired the first half interest, and how the entire interest in the Pope-Fowler option for C. P. R. lands, as individuals, intending to finance it themselves. Finally believing it was a good thing, they let the Union Trust Company in on it, and borrowed money from the company, giving in return 275 shares of bonus stock as an inducement. He admitted that the records of the Union Trust directors did not show that the identity of the real owners of the option was disclosed to the directors at the time the transaction took place, but said the facts were well known afterwards.

Mr. Foster was unable to give very clear reasons why, when Dr. Oroniyatska suggested that 100 shares be put in his name, that a number of shares belonging to Wilson, McGillivray and himself were transferred to Oroniyatska without any consideration being given.

DR. JOSEPH ANNAND NEW MODERATOR OF MARITIME SYNOD

Thirty-Third Session Opened at Moncton Tuesday Evening With Good Attendance.

Moncton, N. B., Oct. 2.—The third synod of the Maritime provinces of the Presbyterian church of Canada met in St. John's church this evening, a large number of delegates being present. Public worship was conducted by the moderator, Rev. Dr. Miller, of Yarmouth, after which he preached from Psalms 77-10 and Acts 13-12. He said in part: The Presbyterian church was planted in the Maritime provinces under circumstances of very serious difficulty. There were no Presbyterian chaplains appointed by royal authority or supported by government salaries. There was no great missionary society with ample funds and a keen eye on the strategic points of colonial settlement. These were advantages which our brethren enjoyed and which made their way easy. There was no great missionary organization to send its agents into the ends of the earth and encourage them, should all support could be developed. That was the position which the great Methodist church enjoyed.

After some further remarks on the denomination's progress the synod was then declared constituted and Moderator Miller addressed it, briefly referring touchingly to brethren who have died during the year, namely, Rev. J. D. McKay, missionary to Demerara; Rev. J. D. Murray, of Miramichi presbytery; Rev. E. Gillis, of Pictou presbytery. He referred to the death of former members of the synod, Rev. G. Johnston and Rev. Dr. J. S. Black.

The synod then proceeded to the election of a new moderator. Two nominations, Dr. Joseph Annand of Saint John, N. B., and Rev. Dr. J. S. Black, were made. Dr. Annand was nominated by the presbytery of Lunenburg, Yarmouth, Halifax, Miramichi, and Pictou, and was elected by the roll call. Dr. Annand was appointed moderator of the synod. After laudatory remarks by several this was carried unanimously. The new moderator was born at Gays River, Halifax county. He studied at Halifax. In 1872 he graduated and immediately upon being licensed to preach he was appointed to the New Brunswick. Some years ago he was appointed principal of a seminary established at Gagetown. This is Dr. Annand's fourth year in the ministry.

Moncton, N. B., Oct. 3.—At this afternoon's session of the Presbyterian synod the time and place of the next synod was first considered. Rev. Thomas Fowler extended an invitation to the synod to meet with St. Matthew's church, Halifax. On motion of Judge Forbes the invitation was accepted and it was decided to meet the first Tuesday of October at 7:30 p. m. French evangelization in Quebec was next taken up. Dr. Mowatt, of Point Aux Trembles, reported on the state of this work in Canada. He stated that the necessity of greater than at the present time for pushing French evangelization. It would simply be enough to give part of the church to give up this mission.

Dr. Mowatt described conditions in Quebec, the effect of his statement being that French-Canadian Romanism was today burning the Bible. Free speech there is gagged. In China they could leave a hall and religious services could not be done in the French quarter of Montreal today. They could not rent a hall from a French-Canadian. In China they could not rent a hall from a French-Canadian. In China they could not rent a hall from a French-Canadian.

The Salary Question.

The report dealt with the proposal to increase the minimum salary from \$750 to \$800, and the maximum from \$1,200 to \$1,500. It was decided to increase the minimum salary from \$750 to \$800, and the maximum from \$1,200 to \$1,500. It was decided to increase the minimum salary from \$750 to \$800, and the maximum from \$1,200 to \$1,500.

Morning Session.

At this session the clerk drew attention to the presence of Rev. Dr. Falconer, moderator of the general assembly, and he was called to the platform. Rev. G. S. Carson, business manager of the Witness presented the claims of the denominational paper on the Presbyterians of the provinces and after discussion a resolution passed recognizing the service the Witness is doing for the church in the provinces and commending to it the whole membership. The synod urges all ministers and sessions to give assistance to increasing the circulation of the Witness. Rev. Dr. Fotheringham, St. John, heartily supported the movement.

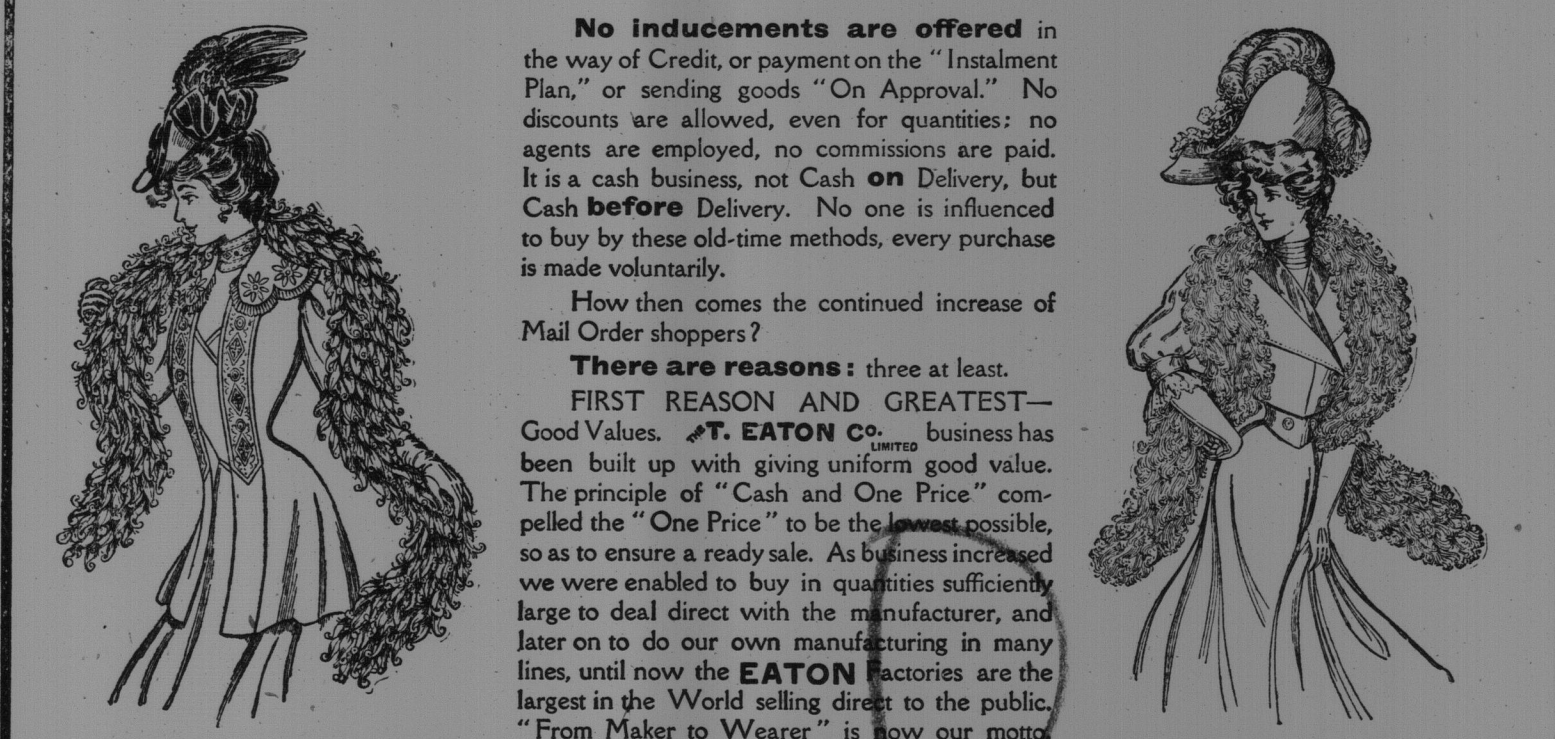

The Halifax Ladies' College was the next matter to engage attention. Dr. Smith, of Musquodoboit, submitted a report from the visitors to the college. The committee made two visits and heartily endorsed the sentiment of affirmation in the report of the visitors to the college. The committee was asked to collect information with regard to the condition of education within their bounds and forward the same to the convener of the committee.

Principal Falconer was called upon to report from a committee on bill and overtures.

He had no report to make, but gave an outline of what had been done to promote education in places called to the attention of the synod. He spoke of the earnestness of teachers, and said the distance to teachers was a disgrace to people who pretended to be educated. Rev. Mr. MacTherion, of Inverness, told the synod of a section of the country near Inverness where there were no schools, and where people were growing up in ignorance. Considerable discussion ensued over the educational problem. Hon. B. Rogers, of P. E. Island, thought the government should be held responsible for secular education. This was thought would not meet the situation. A resolution passed on motion of Prof. Falconer, endorsing the sentiment of affirmation in the report of the visitors to the college, and requesting that a strong committee be appointed by the synod to carry on a further conference with the board of governors regarding the management of the college.

The report said: "We are glad to say we were led to believe that the general moral tone of the college is good. Certain forms of amusement which were considered objectionable last year, were infrequent, are not now mentioned by the college."

WHY DO SO MANY BUY FROM EATON'S BY MAIL?

No inducements are offered in the way of Credit, or payment on the "Installment Plan," or sending goods "On Approval." No discounts are allowed, even for quantities: no agents are employed, no commissions are paid. It is a cash business, not Cash on Delivery, but Cash before Delivery. No one is influenced to buy by these old-time methods, every purchase is made voluntarily.

How then comes the continued increase of Mail Order shoppers? There are reasons: three at least. FIRST REASON AND GREATEST—Good Values. T. EATON CO. business has been built up with giving uniform good value. The principle of "Cash and One Price" compelled the "One Price" to be the lowest possible, so as to ensure a ready sale. As business increased we were enabled to buy in quantities sufficiently large to deal direct with the manufacturer, and later on to do our own manufacturing in many lines, until now the EATON factories are the largest in the World selling direct to the public. "From Maker to Wearer" is now our motto.

There is only One Profit and that a small one. No middlemen's profits, and the Cash Price is the lowest possible. Second Reason for the Increase—Large assortment to choose from. Difficult it is to convey to those who have not seen it, what endless variety there is here to delight the purchaser in every line of goods. For example, our showroom for Women's Suits and Waists alone measures 175 by 100 feet, nearly half an acre! And not a last season's garment in the whole stock. Our Furniture showrooms covers nearly an acre and a half, all on one floor, and hardly two pieces alike, the reserve stock being stored in an another building. But an idea of the whole is seen in the long row of Delivery Wagons lined up thrice daily for City Delivery, and the endless coming and going of Express and Freight Wagons hauling away Mail Order Parcels and Cases.

A uniformly low price and an unequalled variety ensures a satisfactory choice and repeated orders. Third Reason and not Least. Our Broad Guarantee—"Goods Satisfactory or Money Refunded." The purchaser runs no risk: the money is only on deposit here until the purchase proves satisfactory. This is of great benefit not only directly, but indirectly. In this way our Customers' frank criticism of our goods, teaches us most thoroughly the needs and wishes of the great Buying Public. The accumulated knowledge gleaned from many years of criticism, gives now to our customers goods better suited than ever to Canadian requirements.

Therefore, don't nurse a grievance, write us about it so that we may remedy it and avoid it in future to our mutual benefit. Summarized briefly the increased popularity of the EATON Mail Order system of buying, is due to Saving—Because the prices are right. Satisfaction—Because the goods are right. Safety—Because "Goods Satisfactory or Money Refunded." But What of the Future? Prompt shipments and better values.

When our Winnipeg Store opened, the Toronto Store gave it the great North West trade, which was a big slice of the Mail Order Business. Our Toronto Store redoubled its efforts to develop the Eastern business to a greater than the whole Dominion had been for T. EATON CO. watchword is ever "Advance," no matter what the conditions. Arrangements were made to Prepay Freight on \$25.00 orders for the most lines of goods throughout Ontario and East, and greater attention was given to filling Orders. But the resulting large increase in the East, coupled with the unexpected rush of trade in the West, taxed our factories to their utmost, and often were we compelled to delay shipments, waiting for goods.

But steadily we have added machines and operators and to-day we are filling orders within twenty-four hours, our Customers receiving their express shipments almost as soon as by return mail. An immense new Factory is nearing completion, so that an added characteristic is Prompt Shipments Now and in Future. Another powerful fact not to be overlooked is the growing appreciation of our trade in all the manufacturing centres, because of the added importance and prestige of our orders, which now include Winnipeg. Buying for Cash and being able to place bigger orders than ever, means buying for less and enables us to sell for less than before.

T. EATON CO. has risen from being Canada's Greatest Store to be the Largest organization of its kind in the British Empire. Something for Canadians to be proud of, and something for them to take advantage of. The means provided to get in touch with this unequalled Distributor is the profusely illustrated Catalogue which has just been issued. Catalogue in hand, you can from your own easy chair buy goods selected from this great stock and have them delivered close to your home and save money, worry and exertion by this ideal way of shopping.

provinces and sends greetings to the Nova Scotia convention now in session at Springhill. The synod calls upon the membership of the church to use its influence in securing as town, municipal, provincial and federal representatives men who can be depended upon to place upon the statutes and have carried into effect laws which will be in accordance with our convictions in relation to moral reform. The synod reaffirms the judgment of past assemblies that nothing short of prohibition will be a satisfactory method of dealing with the liquor traffic and calls upon our members in Nova Scotia and New Brunswick to urge upon the legislators the wisdom of placing upon the statutes a law as effective as the prohibition law in P. E. Island.

Seconded by Rev. Geo. McMillan, of Kentville, who told the synod how temperance and reform had defeated the government candidates in Kings in the recent election. Rev. J. E. Sutherland, of Halifax, submitted a report on home missions. A resolution was moved by Rev. R. O. Strathe, of Summerside, expressing gratitude for the goodly measure of success attending the work the past year and recognizing the liberality of the synod generally to the cause of home missions within the synod and northwest. The Woman's Foreign Missionary Society was especially thanked for its contribution. The resolution deplored the fact that the work has suffered through lack of men. Mr. Ross said while they met many many discouragements there were encouraging ones. Ten churches had been built last eighteen months. There was betterment all along the line. Says Savary Was Unbalanced. Referring to the work being done by students he said: "I have to speak in sorrow not in anger of one case to which the press recently has given a good deal of attention. As known to me he was a man of truth, honesty and integrity. I did know him in his depression, that he was troubled with insomnia. If the whole truth were told the facts would appear in a very different light. Some reporters did the worst they could do to the platform, the members of the synod will give an authoritative statement when the medical men give their judgment. We know he has been mentally unbalanced." Discussion on Presbyterianism was introduced by Rev. Dr. McMillan, of Kentville, Governor Fraser, of Nova Scotia, was called to the platform, the members of the synod rising and applauding. Mr. McMillan said the college had just closed a successful year and they looked for a still more successful next year. He moved a resolution that the synod notes with thank-
