## BREEZY SESSION TOWN COUNCIL.

Much Money Ordered Paid On Light and Water Account.

### NEW LAW SOUGHT.

Mayor Enquires Why the Printing Committee Cut Out Part of His Report.

The Town Council met in regular monthly session Thursday evening the full board being present. The Mayor asked the council to reconsider the resolution passed at last session, to build no granolithic sidewalks next year. The Dominion Government were willing to help with the pavement in front of the armory, and about \$100 would connect that with the concrete walk in front of post office. He also asked them to reconsider the items of \$1500 for public works. It should be at least \$2000. The Council took no action upon the request.

Petition was read from Wm. H. Russell, asking that he be refunded poll tax paid in 1906 as he was then over 60. Referred to Petitions committee. John Brooks was granted permission to run the Dreamland Moving Pictures Show in Opera House for a license of \$1.00 a week.

Communications were received from Auditors Alex. Murray and R. Carter. Referred to committee.

On recommendation of public works committee W. A. Hickson's bill of \$39.42 was ordered paid. On recommendation of Light and Water Committee the following bills were ordered paid: Jas. Robertson Co. \$1.90, R. C. Miller, 8.75, Stothart, Merc. Co. 359.88, John Forman, 21.00, John Forman, 22.90, Canada Gen. Elec. Co., 8.75, Canada Gen. Elec. Co., 25.64, Canada Gen. Elec. Co., 35.52, I. C. Coal Mining Co., 98.42, I. C. Coal Mining Co., 173.68, I. C. Coal Mining Co., 22.25, I. C. Coal Mining Co., 62.55, Frank Masson, 31.50, Canadian Oil Co., 15.05, Wm. J. Hogan, 12.40, Geo T. Bethune, 6.67, Robb Engineering Co. 100.00.

On recommendation Park and Fire Committee, the following bills were ordered paid: Clement Ryan, \$5.00, L. Comfort, 3.00.

The Police Committee reported four complaints re violation of Scott Act during February and four convictions. They also recommended payment to T. W. Butler of \$24 as counsel's fee. Report was adopted.

By-law committee's recommendation of Miss Irving's bill of \$25 for copying by-laws was, on motion, held over until duly certified by the committee.

The motion of Aids. Belyea and Morrissey, of which notice had been given two months previously, was adopted, after exception of income was cut down from \$400 to \$300, as follows:

"That at the next session of the Provincial Legislature this Council apply to have a special act passed to regulate taxation in the Town of Newcastle, as follows:-

"Incomes up to \$300 to be exempt. Buildings and other improvements on Real Estate, to be assessed at one-third their actual value.

"All personal property, incomes above \$300 and all real estate, with the above named exceptions, to be assessed at full value as the law at present directs."

The question of men loafing in the doorways and spitting on the street was brought up. It was decided that the policeman now had power to stop it, without a new by-law.

## Hazen Announces His Cabinet.

Premier Robinson Reigned on Thursday and on Friday the New Government was Named.

The late government tendered its resignation to Lieut. Governor Tweedie on Thursday and the latter promptly called upon Mr. J. D. Hazen to form a government. On Friday Mr. Hazen announced his choice, which is as follows:

### PREMIER AND

### ATTORNEY GENERAL.

Hon. John Douglas Hazen, K. C.—Born at Oromocto, June 6, 1860. Elected alderman of King's ward, Fredericton, in 1886, holding that position for three years, elected Mayor of Fredericton, 1889, and re-elected in 1890, retiring the same year on his removal to St. John. An unsuccessful candidate for the legislature in York in the bye-election of 1885, elected to the House of Commons for St. John in 1891, and defeated for same seat in 1896. Elected to the legislature for Sunbury in 1899, and re-elected in 1903 and 1908. Selected as leader of the opposition in 1899, and called to the premiership March 20, 1908. Created a Q. C. in 1891, and was registrar of the University for some years. Married in Fredericton, Sept. 22, 1884, to Miss Ada Tibbits and they have a family of five children, the eldest son, Mr. D. King Hazen, being a graduate of the U. N. B. and student at law in St. John. A Conservative and an Episcopalian.

### CHIEF COMMISSIONER.

Hon. John Morrissey—Born in Newcastle, Miramichi, 49 years ago. Engaged in the Agricultural Implement business in his native town. Engaged early in politics in which he has been a determined and finally successful participant. He ran his first election as an opponent of the Blair government, shortly after Mr. Blair assumed the premiership. He was defeated. At next election he ran as a supporter of Blair and was elected. He ran four or five times after that, being defeated each time until finally successful in 1903. Because of the notorious "Northumberland Deal" he left the Blair party and opposed Surveyor-General Tweedie when that gentleman returned to the county for re-election after having accepted office from the party he had fought at the provincial elections.

Since then Mr. Morrissey twice contested the county for the House of Commons, but failed to succeed. Nothing daunted, he returned to the provincial field, where his efforts have been crowned with signal success. While quite a young man Mr. Morrissey married Miss Josephine Dunn of Chatham, and their eldest son is a member of Newcastle Town Council. In politics Mr. Morrissey is a Liberal, and in religion a Roman Catholic. From 1902 to 1906 he was Provincial President of the A. O. H.

PROVINCIAL SECRETARY.  
Hon. James Kidd Fleming—Native of Lower Woodstock, and will be forty years old April 27. Taught school in Carleton county, and at Canterbury, where he subsequently conducted a grocery store. Commercial traveller for two years afterwards; conducted general store at Woodstock; removing to Perle, Carleton Co., in 1896, engaging in commercial business and is now in the lumber and milling business at Hartland and Debec. Unsuccessful candidate for the legislature in Carleton in 1895, elected at bye election in 1900, re-elected in 1903 and 1908. Married in 1890 to Miss S. Helena Fleming. A Conservative and a Presbyterian.

### SURVEYOR GENERAL.

Hon. Ward Chipman Hazen Grimmer, K. C.—Born at St. Stephen Oct. 31st, 1858. Admitted to the bar in 1882, practises at St. Stephen. Has been Mayor of St. Stephen, first elected to the legislature in 1903, re-elected in 1908. Married Nov. 24, 1884, to Miss Gove of St. Andrews. A Conservative and Episcopalian.

### COMMISSIONER FOR

### AGRICULTURE.

Hon. Dr. Landry—A native of Westmorland County, and forty years old. Attended Normal school, and taught for a short time. Is a practising physician at Buctouche. First elected to the legislature in 1905. A Conservative and a Roman Catholic.

### SOLICITOR GENERAL.

Hon. Harry Fulton McLeod—A native of Fredericton, son of Rev Dr. McLeod, 37 years old. Admitted to the bar in 1894, and practises in Fredericton. An unsuccessful candidate for the legislature in 1903, elected in 1908. Elected Mayor of Fredericton 1907. Grand Master of L. O. Association 1905-1906. Major of the 71st regiment, Unmarried, A Conservative and Baptist.

### WITHOUT PORTFOLIO.

Hon. Robert Maxwell—Native of Fredericton and 49 years of age. Educated in Fredericton and removed to St. John. A contractor and builder. Was seven years a St. John alderman. First elected to the legislature at bye-election of 1904, re-elected in 1908. Married Miss McConnell of St. John in 1878. A Conservative and Methodist.

### THREE YOUTHS

### ARRESTED.

Charged With Murder of Another Whom They Planned To Rob.

WHEELING, W. Va., Friday.—Chas. Cook, seventeen years old; his wife Lila, twenty years old, and Jos. White, twenty-one years, were arrested today in connection with the death of Chas. Bennett, twenty years old, of New Kensington, Pa., whose body was found in the river at Wegee, five miles south of here, September 24. The three persons arrested are all of this city, and it is alleged have confessed to the murder which they say occurred on the night of September 21, 1907.

According to the alleged confession, Mrs. Cook, who was Miss Lila Zane, a member of a prominent family, entitled Bennett, who was a book agent, to a park where he was to be robbed. When the couple reached the lonely spot on the Ohio River shore Cook and White, who had been informed of the proposed robbery, by the girl, set upon Bennett, and, it is said, killed him. Then it is alleged Cook and Miss Zane were married and took a trip on \$20 taken from Bennett.

They were arrested by the police.

## ANOTHER SQUADRON FOR PACIFIC

British Are Strengthening Their Naval Forces There

### WILL BE PREPARED

For Any Emergency In The Neighborhood Of China And Japan

LONDON, Thursday.—No reference is made to the sending of the fourth cruiser squadron to the Pacific station in the statement of the first lord of the admiralty accompanying the naval estimates for the coming year.

The memorandum says: "It has been recently decided to appropriate permanently the Shearwater and the Albatross for service on the west coast of America, the Albatross being transferred from the China station. These two vessels will be available for the Bear- ing Sea patrol and also for occasional visits to the Pacific Islands. Reference is also made to the cruiser Sappho of the fourth cruiser squadron spending the winter months on the Pacific coast, and the coast of South America.

One of the most significant things in connection with the reported transfer of the fourth cruiser squadron to the Pacific station is the fact that the itinerary of its cruises is only given as far as Bermuda. Hereafter it has been the custom to give a detailed account, of the proposed voyage of the squadron from station to station and back to home ports.

The fourth cruiser squadron, consisting of the armored cruisers Euryalus flying the flag of Rear-Admiral Frederick S. Inglefield, commanding the squadron, Flag Captain E. M. Phillips, and Cressy, Captain T. Jackson, C. E. arrived today at Bermuda from England.

The further movements of the squadron will be watched with interest. The trio are sister cruisers, and a sketch of the Euryalus will therefore cover all three.

This flagship measures 440 feet in length, with a beam of 69 feet six inches, and has a displacement of 12,000 tons. The hull is built of mild steel throughout, divided into numerous watertight compartments on the latest system. The hull is sheathed and coppered for service in tropical waters where the bottoms foul quickly. Her water line is amply protected by a massive belt of harveiyased nickel steel which extends along each side to a distance of 230 feet, ending forward in a deadly ram, with which these ships are fitted; and aft in an armored six-inch bulkhead. The ram weighs about 15 tons. The belt varies from about 11½ feet to 14½ feet in depth, and it extends several feet below the water line, and it connects with a protective steel deck. The latter runs from stem to stern, has a thickness of from 3 to 1½ inches, and under it are the engines, boilers, magazines and other vital parts. The engines are of 21,000 h. p., and of the four cylinder triple expansion type. They are supplied by 30 Belleville boilers, fitted with economizers. When at full power the Euryalus can run at 21 knots an hour. The coal bunkers have a capacity of 800 tons, and both the bunkers and the coal can be used as additional protection in action. The armor of the ship alone weighs 2,100 tons. With regard to the armament it includes two 9.2 inch guns—one mounted in an armored barbette on the fore-castle, and the other similarly mounted aft. The barbettes are protected by six inch armor, and each gun with its shield and mountings, weighs 130 tons. The nine point two inch quickfiring guns—six on each broadside in armored casemates—four 4.7 inch quickfiring—mounted in armored casemates, two on each side—twelve 12 pounders, and three 3 pounders, together with eight machine guns to repel torpedo attack. The torpedo equipment includes two 18 inch submerged tubes. The Euryalus as a flag ship is manned by 745 all told, and the Cressy and Phillips carry 700 officers and men each. Each of these cruisers cost well on to \$200,000 each.

### STAMPEDE TO FINLAY RIVER.

EDMONTON, Alberta, Friday.—A great rush to the Finlay River country is commencing. Many parties are outfitting for the stampede.

## THE UNION ADVOCATE.

ESTABLISHED 1867.  
Issued every Wednesday morning by The Advocate Publishing Co.  
W. J. McNEIL, Manager.  
H. H. STUART, Editor.

A file of this paper can be seen at the office of Messrs. E. & J. Hardy & Co., 30, 31 and 32 Fleet Street, London, England, free of charge; and that firm will be glad to receive news, subscriptions, and advertisements on our behalf.

NEWCASTLE, MARCH 25th, 1908.

### ASSESSMENT REFORM.

The Newcastle assessors, who according to long established custom have hitherto assessed the real estate of the town at two-thirds of what they have considered its actual value, will, it is understood, this year raise the standard of assessment to five-sixths of the real worth; and intend, if reappointed, to assess next year at the full value. This is a good step, for it makes the assessment roll a more reliable document. There was no valid excuse for the past system. The good example now set by Newcastle's officials will, doubtless, prove contagious and spread more or less rapidly over those towns which are still assessing at less than the market value.

Change of standard will not effect a man's taxes. The same amount is to be raised in either case. When the valuation is increased, the rate will fall. Were the valuation to decrease the rate would have to rise again.

The next step is to see that the standards of assessment throughout the County are uniform. For if the property of one parish or section is valued too low the others will have to pay more than their share of the County taxes. The office of valuator is a most important one, and the rewards should be sufficient to insure in every case the expenditure of the proper time and thought on the work.

### THE WASTING OF THE FORESTS.

The annual meetings of the Canadian Forestry Association are and should be very important events to all who are interested in the timber wealth of Canada. At these meetings are gathered together the most experienced foresters of the country, not only men of great theoretical knowledge of this subject, but also men of the most extensive and complete practical experience. They read papers and discuss questions of interest, and give expression to the very newest thought, and the very latest discoveries in the science of forestry.

The meeting recently held by the Association in Montreal was quite up to the usual high standard of these annual gatherings. Many interesting and instructive papers were read by authorities in forestry, including Dr. Bell and Dr. Fernow, and much extremely useful discussion was engaged in. A very wide field was covered in these enquiries, and a great number of points were separately dealt with. There was, however, one fact brought out with greater and greater force as the sessions progressed, and that was the lack of proper data concerning the extent of Canada's timber resources, and the consequent need of obtaining this information with the least possible delay.

The first requirement of Canadians just now with respect to their timberlands, said Dr. Fernow, of Toronto University, one of the greatest living authorities on forestry, is knowledge, and more knowledge, and still more knowledge. And the greater their understanding of the real situation today, the greater will be their alarm, and the greater will be their desire for active measures for the protection of their forests.

Again and again it was pointed out during the session that estimates of Canada's forest wealth had hitherto been altogether too optimistic; and that the tales of an inexhaustible supply of timber in the great northern forest belt stretching from Labrador

to Yukon were nothing but childish folly. Explorers declared that in the first place this belt was by no means so well timbered as is generally supposed, the river banks being well wooded, but a great part of the interior being covered with burned or barren lands without a vestige of commercially valuable lumber. Furthermore, it was pointed out that the trees of this northern belt are of very much slower growth than in the forests to the south, spruce in some regions taking from 120 to 150 years to attain a growth which it reaches in the Province of Quebec in thirty years.

Without at all considering the inaccessibility of these northern forests—which would be a very great obstacle in the way of their exploitation—it is clear that Canadians are not justified in placing much reliance upon this northern supply of timber until more complete and reliable information is obtained regarding it. And it is also clear that Canadians cannot be too careful in their management of the timber they have close at hand. For this they have a very striking example in the story of American forestry methods and their consequences. Time was when the forests of the United States were incomparably richer than those of Canada. But wasteful and extravagant methods of exploitation have done their work, and now Americans are obliged to have recourse to Canada for their supply of wood. This is especially the case in the pulp industry which draws one third of its raw material from this country, and especially from the province of Quebec.

What Canadians have to consider now is whether or not they will allow Americans to supply in this country the same methods which have had such disastrous results in the United States. Already similar results are being experienced in the Eastern Townships and on the south side of the St. Lawrence river generally; and it is only a question of a short time before the available timber supply of the Province of Quebec will be largely consumed, without producing any adequate return to the country or its people.—Morning Graphic.

### WILL ACCEPT THE POSITION.

TORONTO, Saturday. — J. D. Mabee, Judge of the High Court of Ontario, has reconsidered his former decision and will accept the position of chairman of the railway commission. He refused it a week or two ago.

### DOUGLASTOWN.

Douglastown—Mr. Elmer Wood is home from Boston for a few weeks. Rev. Mrs. Simpson left Tuesday morning for Halifax to attend the meeting of the Home Mission Committee.

Rev. G. Wood occupied the pulpit of St. James' Church, Nelson, on Sunday afternoon in place of Mr. Simpson who preached at Millerton. The Sacrament of the Lord's Supper will be dispensed next Sabbath morning at eleven o'clock in St. James' Church, Nelson. The Preparatory Service will be held on Saturday evening at 7.30 o'clock.

Subscribe for the Union Advocate, \$1.00 a year. From now till Dec. 31st, 908, 50 cents to new subscribers.

### KICKS WILL PROVE FATAL.

Henry Blakley Badly Injured by a Vicious Horse.

BELLEVILLE, Friday. — While Henry Blakley, an old man 72 years of age, was feeding his horses on Sunday one of the animals kicked him, with the result that one of his legs and both arms were badly broken. He sustained besides several injuries about the head. He was insensible today and his doctors expect death at any time.

## A Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs—on the head, not on the comb!

The best kind of a testimonial—  
"Sold for over sixty years."  
Ayer's  
Also manufactured at  
SACRAMENTO, CALIF.  
PILLS.  
CHERRY PECTORAL.

## GRAND ORANGE LODGE MEETS

Order Has Gained Over 500 Members During the Past Year

\$2,250 SURPLUS

Circulation of Sentinel Growing—  
The Orphanage Scheme Favored

The 65th annual meeting of the New Brunswick L. O. A. met in St. John from the 17th to the 19th inst. Nearly 150 delegates attended. Grand Master Fulton in his address said that he had found throughout the province a surprising indifference to the claims of the Protestant religion, in spite of the strength of the order and its vast influence. He advocated the claims of the "Orange Sentinel" strongly.

Grand Sec'y. Morrison's report showed that during the year three new primary lodges had been organized and three reconstituted. 128 primary lodges (9 in Northumberland; 2 in Kent; 1 in Gloucester, and 5 in Restigouche) 1 district and 17 County lodges had reported, with 9 primary yet to hear from. The Order gained 571 in membership. There had been no appeals to Grand Lodge. The circulation of the Orange Sentinel was growing rapidly.

The Treasurer's report showed \$2,250.74 on hand.

The following officers were elected: G. M., Rev. R. G. Fulton. S.D.G.M., John Kenney, jr. J.D.G.M., N. J. Smith, G. C., Rev. A. A. Rikeout, G. S., Neil J. Morrison, G. T., H. G. Wadman, G. D. of G., C. M. Shaw, G. L., A. M. Corbett, D. G. Secretary, A. R. Mowatt, G. Auditors, H. C. S. Grimmer, F. Baird.

Northumberland County Lodge asked for a further consideration of the act of the Grand Lodge of British America in the legislation enacted last year in taking out the second and third degrees from the primary lodges.

The matter of having a Maritime Province Orphanage was endorsed, and a committee appointed to act with the N. S. brethren to secure an option on a property in Sackville.

Next meeting of Grand Lodge will be at Fredericton. The grand secretary was instructed to notify primary lodges that they must celebrate July 12th with their respective court lodges when the latter determine on having a county celebration.

Grand Lodge adjourned on Thursday morning.

## OBITUARY

DEANUE STEWART.  
Miss Deanue, daughter of Mr. Duncan Stewart of Nordin, died of consumption on the evening of the 17th, aged 20 years. This is the third death in Mr. Stewart's family in four years. Deceased was buried in Moorfield Cemetery on Thursday. Mrs. Stafford London of Newcastle is a sister; and Mr. John Macdonald of Chatham an uncle.

CANTORIA.  
The Red Sea Navy fought  
Near the  
Signatures  
Postponed

On account of the unavoidable absence of the president and vice-president, the Board of Trade meeting called for to-night (Wednesday) has been postponed, subject to further call of the president.

## Up-to-date Spring Clothing.

It costs little to dress well if you buy your clothing at the right place. We claim that we have the best and cheapest Clothing in town. We also claim we are in a better position to fit you out than any other dealer. In the first place we measure you all around, if the article does not fit you it is to our interest more than yours to make it fit. We at once take note of where there should be alterations made and send them up stairs to our tailors to be made right. We do not charge one cent for alterations, all you pay for is the article you buy. We invite you to call and see our stock of

## Men's and Boy's Spring Suits.

We have something very attractive to show you in CHILDREN'S SUITS. We have all the new light shades. You can depend on getting the latest at the very best price. Those desiring BOY'S LIGHT SPRING OVERCOATS should call and see what we have to offer.

Call and look over our nice line of Gents' Furnishings, Nice Hats, Shirts, Collars and Ties Just Opened.

## L. B. McMURDO.

### TROUT BROOK.

Trout Brook, March 21.—The roads have been in a fine condition and the young people are taking advantage of them.

Miss Janie Lumsden, who has been in Newcastle for the past few months, is spending a few days at her home here.

Messrs. William Dunnett, William Hosford and Russell Ward have returned to their homes after finishing their winter's work lumbering on Cream Tartar Ridge.

Mr. Wm. McKay of C. I. Road spent Sunday here the guest of his brother-in-law, Mr. James Wayne.

Mr. Wm. Duncan visited friends in this vicinity for a few days.

Mr. David Blackmore of Redbank and Mr. Everett Baisley of Wayerton were the guests of Mr. James Wayne on Tuesday last.

Miss Martha E. Wayne spent Sunday in Wayerton, the guest of Mrs. Henry Allison.

Mr. John Stewart of this place met with a very serious accident by falling off a yard of logs and breaking one of his legs. He will be confined to the house for some time.

Miss Jessie A. Wayne, who has been spending the winter in Wayerton with her aunt, Mrs. Jas. McNeil, spent Sunday at her home here.

Miss Mary B. Wayne was the guest of Mrs. Joseph Hosford on Thursday evening.

Messrs. Thomas Hyland, Joseph Esty and Ross Mullin of Redbank made a business trip to this place the first of the week.

Miss Marjorie Curtis of Whitneyville is visiting her sister, Mrs. Jas. Street of this place.

Messrs. Wm. Cain and Hosford are engaged hauling logs for Mr. John Ryan.—Rosebud.

### THE ALL RED LINE.

Sifton Leaves for England to Resume Negotiations.

OTTAWA, Saturday. — In a few days Hon. Clifford Sifton will leave for England to resume negotiations with the British Government with regard to the All Red line.

### SPRING BLOOD

### IS BAD BLOOD

How to Get Health And Strength in the Spring.

The winter months are trying to the health of even the most robust. Confinement indoors in overheated and nearly always badly ventilated rooms—in the home, in the shop and in the school—takes the vitality of even the strongest. The blood becomes thin and watery, or clogged with impurities, the liver sluggish, the kidneys weakened. Sometimes you get up in the morning, just as tired as when you went to bed. Some people have headaches; others are low-spirited; some have pimples and skin eruptions. These are all spring symptoms that the blood is out of condition. You can't cure these troubles with purgative medicines, which merely gallop through the system leaving you still weaker. What you need to give you strength in spring is a tonic, and the one always reliable tonic and blood-builder is Dr. Williams' Pink Pills. These pills not only banish spring ills but guard you against the more serious ailments that follow, such as anemia, nervous debility, rheumatism, indigestion and kidney trouble. Every dose of Dr. Williams' Pink Pills makes new, rich red blood which strengthens every nerve, every organ and every part of the body. This is why Dr. Williams' Pink Pills is the favorite spring medicine with thousands and thousands throughout Canada. Try this medicine this spring and you will have energy and strength to resist the torrid heat of the coming summer. Mrs. Jas. Haskell, Port Maitland, N. S., says: "I was troubled with headaches, had a bad taste in my mouth, my tongue was coated, and I was easily tired and suffered from a feeling of depression. I got a supply of Dr. Williams' Pink Pills, and it was not long before they began to help me and I was soon feeling as well as ever I had been." Sold by all medicine dealers or by mail at 50 cents a box, six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## Spring Boots.

And Missed As  
Often.

RENFREW, Ont., Wednesday.—A police court case of more than usual interest, was held Saturday before Police Magistrate Mitchell, of Pembroke. The proceedings were the outcome of excessive punishment to a pupil in the public school, inflicted by Principal Ramsay.

On March 3 Samuel Dempsey the 13 year old son of Sheriff Dempsey, for putting his legs out in the aisle of the school, was requested by the principal to keep his legs beneath the desk. After the teacher passed by the boy put his legs out again. This action on the part of the boy aggravated matters which were not going any too well between the teacher and pupil. For doing the trick the second time the teacher struck the boy across the leg and the leg for the second time was placed in a proper position.

In the course of the argument between the two the teacher ordered the boy to put his leg outside the desk. This the boy refused to do, when the teacher grabbed him by the collar and hustled him into the corridor, securing the strap on the way out. In the hall the boy was asked to hold out his hand. He refused, and refused, with the result that the strap was used with vigor about the culprit's legs—some 22 strokes being given and as many more missed, as the evidence showed. The result was that a warrant was sworn out against Ramsay before Police Magistrate Eady.

As Mr. Eady was a member of the School Board, he did not wish to sit on the case, so he called in the Pembroke magistrate.

The case was called for four o'clock when one of the most representative gatherings that ever graced a Renfrew police court was present, embracing members of the School Board and many business men. Mr. E. J. Stewart, appeared for the defendant and T. W. McDermott, K. C., prosecuted.

The principal witnesses were the two factors in the trouble. The boy told of how the master had punished him; the master of the insubordination of the pupil. The magistrate fined the principal but refused to impose a severe penalty. The case will be appealed.

## 'AN ASTONISHING RULER'

The New York Evening Sun, up to the time of the coronation of King Edward, could not discern any qualities in His Majesty's character worthy of the admiration of a devout republican. Our contemporary, in fact, was one of the chief of tall-towers and royalty batters. Doubtless its point of view was affected by the mistaken impression, still prevalent to some extent in the United States, that there is something in monarchical institutions repugnant to the genius of free republicanism—government of the people, for the people, by the people.

The career of our sovereign has done a great deal to remove this false assumption on the part of our neighbors, and doubtless the demonstration, many ancient prejudices is due to a more sympathetic study of the British system following the accession of King Edward to the throne and the atmosphere of tolerance which is his peculiar royal environment. The conversion of the Sun is most complete, in witness of which read the following:

"King Edward sat by the bedside of his Prime Minister yesterday. It was the first time that the official house of the head of the Cabinet in Downing street was visited by the sovereign."

"But more than that. It is the reason why Queen Victoria's successor is the most influential ruler that Great Britain has had since Oliver the Great Protector. He gives himself no Lord's appointed airs, but sets in all things as King by virtue of an act of Parliament. To him the Premier, representing the voting majority of the nation, is more important than archbishops and dukes. Until the present reign the Prime Minister, though he made peers, had to yield precedence to them. All that has been changed. Edward R. I. has been described as the best Foreign Minister that England ever had. Nor is it an exaggeration. There is no hint from Liberals of royal usurpation. For it is known that he would not lift a hand if he imagined that there was the slightest objection on the part of his constitutional advisers to his use of his activity as a peace-maker and peace-keeper. His successor will have to establish public confidence in himself if he wants to cut any such figure in affairs."—Morning Graphic.

Bulgarians live chiefly on sour milk which is made into a mess called zoghurt.

## Psychic Missionaries

A friend of Dr. Bloom Remedies writes: "Send a bottle of Psychine to Mrs. W. They have a daughter in decline, and I believe it would help her. I have mentioned your remedies to the family, and also cited some of the miraculous cures accomplished inside the last 18 years, of which I have knowledge."

T. G. ERWIN, Little Britain, Ont. Run down conditions from lung, stomach or other constitutional trouble cured by Psychine. At all druggists, 50c and \$1.00, or Dr. T. A. Bloom, Ltd., Toronto.

## Social & Personal.

Mrs. H. A. Brown is slowly recovering from an attack of lagrippe.

Mr. and Mrs. Isaac Dickson of Chatham were in town last week.

John Morrissey, M. P. P., spent Thursday in St. John.

Rev. I. N. Thorne spent several days last week in St. John.

Mr. and Mrs. Fred Phillips of Douglastown spent Sunday in town.

Mrs. H. J. Masson is improving from the effects of her recent fall.

Miss Bessie Goggin, Chatham, is the guest of Mrs. J. H. Phinney.

Miss Annie McCoy, Moncton, is visiting friends in town.

Mr. W. J. Touchie, Loggieville, paid a flying visit to the Shiretown Sunday.

Messrs. Henry Wyse and George Bethune have returned from St. John.

Mr. J. McNutt, train despatcher visited St. John last week.

Miss Macdonald, of Douglastown, visited relatives in town this week.

Miss Russell, who has been visiting in Youghal has returned home.

Mrs. John Witzell is confined to her home by reason of a fall.

Mrs. Doran of Nelson spent Friday with friends in town.

Mrs. Mary Elliott entertained a number of lady friends on Thursday afternoon.

Messdames H. H. Pallen and John Robinson, Jr., were in Chatham on Thursday.

Master Wilbur and Miss Marion Macarthur spent Saturday and Sunday at Douglastown.

Mrs. Harry Libbey of Boston came home on Wednesday last to visit her mother, Mrs. Benj. Stewart.

Miss Mina Sievwright, Chatham, was calling on Newcastle friends on Saturday.

Miss Rose Meahan of Douglastown, spent Tuesday and Wednesday last week with Miss Mary Craig.

Dr. and Mrs. P. F. Duffy of Chatham visited ex-Mayor and Mrs. Hennessy last week.

Denis Burke, of Portland, is visiting his home in Douglastown, after an absence of twelve years.

Mrs. McAllister entertained a number of her friends very pleasantly on Monday evening.

Mr. and Mrs. J. W. Miller are spending a few days with friends in Millerton.

Miss Clara Dickson of Chatham is spending a few days with her cousin, Miss Abbie Stewart.

Mr. Jas. Williston of Douglastown was the guest of his daughter Mrs. Chas. Dickson last week.

Mr. Stanley Simpson has accepted a position with the enterprising firm of A. & R. Loggie, Loggieville.

The infant son of Mr. and Mrs. Robinson Allison is improving after a very severe illness.

Rev. J. G. A. Colquhoun of Millerton who has been very ill is slightly improved, and his many friends wish him a speedy and complete recovery.

John Matheson who went west last fall, has returned home and is now visiting his mother, Mrs. Thos. Matheson.

Mrs. J. D. Buckley of Rogersville, spent last week with her daughter, Miss Gertrude, who is attending St. Mary's convent.

Rev. E. J. Bannan, Barnaby River; N. Savoie, Bartibogue; N. Power, Nelson; S. Crumlin, Blackville and E. S. Murdoch, Renous, attended the concert given here St. Patrick's evening.

Mrs. John Russell of Lower Derby, who is still in Moncton at her daughter's residence is steadily improving in health.

Mrs. Powell of the Dreamland Picture Co., sang "In the Secret of His Presence," as a solo in the Baptist church Sunday night. The singing was much appreciated.

Miss May McLean daughter of Sec. McLean has been very ill but has now begun to improve.

Miss Ethel McKenzie of Nelson has taken charge of the school at Moncton.

Mr. and Mrs. George Walker of Moncton are visiting Mr. and Mrs. I. B. Humphrey.

Miss Agnes Carruthers, called home to Ferryville recently because of the death of her father returned to Boston last week.

Messrs Archibald Porter, Justus Carrol and Wm. O'Donnell of Carrol's Crossing visited Fredericton this week.

Mrs. Geo. E. Knight and Miss L. Wood, who have been spending the past week with Mrs. Brown at the parsonage leave for Chatham to-day.

Mr. and Mrs. Knight have taken Mrs. Salter's house at West End, Chatham.

The singing of the quartette composed of Miss Swesey, Mrs. McMutt and Messrs. Falconer and Shaw, in St. James church Sunday night was a pleasing addition to the usual excellent music of the choir.

The Mission Circle of St. Stephen's Church, Redbank will hold their annual Thank Offering on Sunday evening, March 29th, at 7 o'clock in St. Stephen's Church. A cordial invitation is extended to all.

## BORN.

Mar. 21 inst., to Mr. and Mrs. Owen McGowan, a daughter.

## TO TRAIN FOR OLYMPIC GAMES

Union Trust Co. Versus George W. Fowler M. P. for Kings, N. B.

TORONTO, Friday. — The racing board of the C. W. A. met last night regarding the preliminary races to qualify for the Olympic event, the following are the distances riders must train for:—440 yards, 1093.6 yards, 5468 yards, 12.4 miles, 62 miles, 1 mile pursuit, 1.24 mile tandem race. Preliminary events may be held in conjunction with the C. A. A. U. in each province, the finals to be held in Toronto on a date to be announced later.

The motion made on behalf of the Union Trust Company to strike out the \$100,000 counter claim of G. W. Fowler, M. P., by his action against Messrs. Fowler, Ryan and McCormick for \$70,500, being the difference between the sale price of the Trust Company of \$225,000 and the real price \$155,000 in connection with the Kamloops Lumber Company deal, came up today. Mr. William Douglas, K. C., for the Company argued that it was inconvenient to try the counter claim in the same action and that it should be tried separately. Judgment was reserved.

## LOOK TO THE COAL COMPANY.

Any New Move Must Come From Them—Canada's Treatment of Hindus.

LONDON, Saturday. — J. H. Plumer, president of the Dominion Steel Company, is in Paris today and will sail for Canada on the 23rd. When asked regarding the dispute between the Steel and Coal Companies, Mr. Plumer said that, having won in the courts upon two occasions, it is not for the Steel Company to approach the Coal Company. Any move towards a settlement must first come from the Coal Company.

The Saturday Review says that Canada is as bad as the Transvaal or worse in deporting Indians who are something more than British subjects, many of them with medals which proclaimed they had actually fought in British battles.

## HOUSEHOLD HINTS.

A short, stout person must never be taken as a full-length picture; the best photo would be sitting half length.

If one has a red nose it is well to cultivate as much color as possible to the cheeks to tone it down. This redness need not be artificial, though if rouge be ever justifiable it is for the girl with that sore affliction, a happily red nose.

The red-nosed girl should be careful of her diet, as affections of the stomach are sure to heighten the color in the offending organ.

The woman who refrains from eating onions because of annoying her neighbors can often indulge in her favorite dish, even when she is going out by eating sprigs of fresh parsley that have been saturated in vinegar.

## LIQUOR DEALERS HARD UP IN MONCTON.

MONCTON, Saturday. — The ingenuity of the methods exercised, by Moncton liquor dealers in violating the Scott Act is making a difficult matter to secure Scott Act convictions. There is practically not one open bar in the city at the present time, the rigid enforcement of the Canada Temperance Act having made it necessary to sell liquor in a very cautious manner, so that many schemes have been devised.

In some hotels old time "blind tigers" have been resorted to, liquor being sold through a hole in the wall, the purchaser being unable to see who sells it to him. In other places the bar tender carries a couple of bottles on his person, and liquor is served in a back bedroom. In one hotel the private office is utilized, liquor being stored in an ice chest.

All bar rooms have lockouts, and it is difficult for a person, unless known, to gain admission. Tipplers of Moncton as well as dealers are having strenuous times at present.

## HANGED HIMSELF AS SHE ORDERED.

MONTREAL, Saturday. — After a dispute with his mother in the course of which she told him to "go hang himself," David Machroky, a Russian boy, aged 9 years, residing on West Laughauch street, proceeded to follow her advice literally and hung himself from a beam. He was nearly dead when found but recovered after being taken to the hospital.

## FOR STYLISH, POPULAR Men's Clothing GO TO CREAGHAN'S.

Our Custom Made Clothing has become so perfect that they exceed in quality and workmanship those made to order. For style, they follow the New York market and you can always rely on "CREAGHAN'S CLOTHES."

This year we have an excellent assortment of Double and Single Breasted Suits and Men's Spring Raglans and Top Coats.

SUITS \$7.50 to \$16.50.

SPRING COATS \$6.95 to \$12.50.

J. D. Creaghan Company Limited.

## FRANCO-BRITISH EXHIBITION.

(Montreal Witness) The Franco-British Exhibition, to be held in London from May 1 until the end of November, as a crowning celebration of the "entente cordiale," is going to be the biggest thing in the exhibition line ever held in the British Empire, according to Mr. H. R. Charlton, of the Grand Trunk, who arrived back in Montreal this morning from a business trip to England.

One of the special features of the exhibition, he said, will be the stadium, in which the Olympic games will be held. This stadium will have a seating capacity for 70,000 people, while the track in the arena will be three laps to the mile. The site of the exhibition which is at Shepherd's Bush, covers four hundred acres, and the numerous buildings now in course of erection there are nothing short of magnificent. Indeed, Mr. Charlton says that although he has attended every big exhibition held on this side of the Atlantic during the last twenty-five years, he has never seen any exhibition buildings which for architecture and general ornateness, will compare with those of the Franco-British Exhibition. It is estimated that at least 15,000,000 people will visit the exhibition.

India, Australia, New Zealand and Canada will each have a section of the show to itself, and each is erecting a special building. The Canadian building, Mr. Charlton says, will be twice as big as either of the others and will overtop them all with the finest exhibit representative of Canadian life that has ever been gathered together, far surpassing the exhibits at Liege, Milan, and Dublin, good as these have been.

Mr. Charlton secured for the Grand Trunk two thousand square feet of space in an enclosure known as the French Court. The company is putting up a handsome building of its own in the Italian Renaissance style of architecture, and its exhibit will be an entirely Canadian one, including interesting features which will appeal to the emigrant, classes as well as to tourists. Included in these exhibits will be the very best specimens possible to get of the fish, fowl, and animal life native to Canada.

## WHEN BABY IS SICK GIVE BABY'S OWN TABLETS.

The little ills of childhood often come very suddenly and often they prove serious if not treated promptly. The wise mother will keep Baby's Own Tablets always at hand and give her little ones an occasional dose to prevent sickness or to treat it promptly, if it comes unexpectedly. Baby's Own Tablets cure all the minor ailments of children and are absolutely safe. Mrs. A. H. Bonnyman, Mattail, N. S., says:—"I have used Baby's Own Tablets for teething, constipation and other ills of childhood, and have found them a safe and excellent medicine." Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## LABOR MEN INVITE LEMIEUX

COBALT, Ont., Friday. — Mr. McKenzie King, of the Labor Department has been invited to come to Cobalt by the local Union to discuss the Lemieux act. The Unions are evidently doing their utmost to prevent any trouble with the coming of spring, but they claim that he regulates as set down in the act are observed but indifferently.

## SPRING FASHIONS

The new spring hats are decidedly smaller and the shapes are certainly more becoming than they have been for many seasons past. Indeed, the smartest modes may be worn by elderly women with dignity. I saw such a pretty hat in Tuscan straw—just a round crown and narrow brim, trimmed with black velvet ribbon and white wings, arranged most artistically—that might have been worn with equal becomingness by a girl of sixteen or a woman of sixty.

Indeed, there were fully a dozen different shapes and combinations, all equally attractive, to be chosen from.

The jaunty looking hoods lined with bright colored silks that are attached to the coat backs of the new spring suits are a feature that will be most popular this year. A costume with this new 'touch' that has been much admired in one of the shops, is a dainty white serge, with pleated skirt, the bottom trimmed with one fold, and the jacket, in a semi-fitted half length model, had the hood lined with pale blue.

In these days when a good education is a sine qua non for a young woman desirous of pushing her way in the world, and when the exchequers of fond parents are not too strong to bear the expense of giving the children a good send-off, the Child's Endowment Assurance comes as a great boon yet one not often taken advantage of.

It is open to the poor as well as the rich, since for the small sum of three pence a week, a parent joining a child at birth, on its attaining the age of fourteen gets an endowment of about £10; not a very large sum, perhaps, but enough to train a girl in shorthand and typewriting, or some other means of earning her livelihood. This of course, also includes life insurance.

A coat, brown velvet gown in one of the new very narrowly ribbed velvets is trimmed with skunk, and has a charming chemise and sleeves of palest brown laces and tulle, and a high collar with a pleated ruff of red and green satin, says the Queen. The collar and the little overhanging pleated frill or ruff (it is too outstanding for a soft thing like frill) strikes a new note.

## FUNERAL OF BURNLEY STEWART.

The funeral of the late Master Burnley Stewart took place from the residence of his mother on Thursday afternoon, and the large attendance showed the esteem in which deceased was held by all classes. The services at the house and grave were conducted by Rev. S. J. Macarthur, pastor of St. Jas. church. A quartette composed of Mrs. J. D. McNutt and Misses Evelyn Williamson, Hazel Crubbe and Pinkie Ingram sang "Peace Perfect Peace," and "Safe in the Arms of Jesus." A large number of beautiful floral tributes covered the casket, among which were a wreath of roses and spray of carnations from the family; a handsome anchor of roses, carnations and smilax with deceased's name from the pupils of Hawkins Academy; bouquet of carnations from Mr. and Mrs. A. E. Shaw; harp of roses and hyacinths, Miss Robinson, and Miss Margaret Robinson; crescent of carnations and roses from Havelock and Aleck Ingram; wreath of carnations and roses from Mrs. Robt. and Miss Nan Nicholson; calla lilies from Mr. and Mrs. Wm. Touchie; cut flowers from Eugene Taylor.

The pall-bearers were Warrie Rae, Aleck Ingram, George Williston, Lawrence Whalen, Percy McCormack and Eugene Taylor.

Interment was in St. Jas. Cemetery.

## NFL'D FISHING QUESTION.

PARIS, Saturday. — A question will be asked in the Chamber regarding the present state of the Anglo-French negotiations in connection with the Newfoundland fishing regulations.

## CASTORIA.

The kind you have always bought. Bears the signature of Dr. J. C. Williams. On motion adjourned.

## SALVATION ARMY WORK IN CANADA

WINNIPEG, Saturday. — Lieut.-Colonel Howell, who is in general charge of all immigration operations of the Salvation Army in Canada, and who has just completed the work of settling 500 British people in British Columbia, arrived in the city this morning from the coast. Replying to criticisms of the Army's immigration work, Colonel Howell said:—

"We have repeatedly been asked why it is that when there are so many unemployed people in Toronto we should bring people all the way from Great Britain to British Columbia, and should leave these people in Toronto unemployed. I see that this matter is referred to in recent telegraph despatches from the east. Our reply to this is that there are constant applications at the offices of the Salvation Army in Toronto for farm hands, those applying for assistance offering good wages. The unemployed people of Toronto will not accept this employment. The people whom we are bringing out from Great Britain to the west are to go to work on the land. If the unemployed of Toronto will not go to work for the farmers in Ontario they would probably not go to work for the farmers in British Columbia. It may also be said that the unemployed of Toronto are not Salvation Army people. We are prepared to accept the responsibility for all the people whom we bring to Canada, but not for those with whom we have had no connection."

## TOWN COUNCIL

(Continued from page 1)

His worship then enquired of the Council who was responsible for the cutting out during his absence on the political campaign of part of the Report which he had prepared for the Town Book.

Ald. Belyea replied that he was one of the responsible parties, as one part of the Report had already been printed in the Auditor's report, and another part, that referred to the By-Laws, was not correct.

Ald. Morrissey said he also was a party to the cutting out of the parts, because he felt that a direct charge had been made against the By-Law Committee of which he and Ald. Belyea were members.

The Mayor then informed them that no member of the Council had any right or authority to change his report in the least, as his report was to the Electorate and not to the Council, and furthermore, there was nothing in the report that was not correct.

Ald. John Clarke contended that the Council had a right to say what should and what should not go into the Town report which was printed at the town's expense.

[The following is the suppressed portion of the Mayor's Report which referred to the By-Laws: "I am sorry to state that a great deal of friction has occurred during the past year over our efforts to secure the By-Laws. Acting in accordance with the Chairman of the By-Law Committee, after being advised by the Council to have By-Laws prepared, I with the assistance of stenographer, prepared a set, comprising all bye-laws incorporated since the Town Council since the Town incorporated, as well as from other towns, and which I drew up, and submitted to the Council for approval, as soon as some unknown reason repudiated the work, a committee, against my wish, had the bye-laws altered by the Council reprinted stenographer, thereby additional expenditure and unauthorized by me to this strange action. I regretted the Town is so compelled set of bye-laws. On motion adjourned."

**SYNOPSIS OF CANADIAN NORTH WEST.**  
Homestead Regulations.  
Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub agency for the district in which the land is situated. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.  
The homesteader is required to perform the homestead duties under one of the following plans:  
(1). At least six months' residence upon and cultivation of the land in each year for three years.  
(2). A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.  
(3). If the father (or mother if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4). The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.  
(5). A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.  
Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.  
Deputy of the Minister of the Interior.

### THE PRINCESS OF WALES

Will Not Accompany the Prince on Visit to Canada.

LONDON, Thursday. — It is not thought in London that should the Prince of Wales be invited officially to go to Washington while in Canada next summer he would be able to accept. It has been reported here that such an invitation was in contemplation. According to the present arrangements, the Prince's trip to attend the tercentenary at Quebec will be most brief. He will not go anywhere else, although many invitations have been received from Montreal and other cities. He will not be accompanied by the Princess of Wales.

Marion Bridge, C. B., May 30, '02.  
I have handled MINARD'S LINIMENT during the past year. It is always the first Liniment asked for here, and unquestionably the best seller of all the different kinds of Liniment I handle.

### EXHUMED GIRL'S BODY.

Remains of Jessie Gould are Coming to Toronto.

(Toronto News.)  
The body of Jessie Ellen Gould, the former Peterboro' girl and waitress at the Cadillac Hotel, whose death is alleged to have resulted from a criminal operation performed by Dr. A. G. Ashton Fletcher, will arrive in Toronto by the C. P. R. train at 7 o'clock this morning from Peterboro'. Armed with the necessary order of the Attorney-General, Detective MacKie, accompanied by Mr. Arthur W. Miles, undertaker, went to Little Lake Cemetery yesterday afternoon and exhumed the remains which were shipped from Toronto last Wednesday. The officer and undertaker, with the body leave Peterboro' about 4 o'clock this morning.

### Coal Strike Possible

INDIANAPOLIS, Thursday. — The National convention of the United Mine Workers of America met today to consider the question of a strike of the operators and miners of the Central competitive field to agree upon a joint wage conference to fix a scale in place of the present one which expires April 1st. The wage scale for the various bituminous fields of the United States and Canada are based upon the scale fixed in the Central competitive field, consisting of Illinois, Indiana, Ohio and Western Pennsylvania.  
It is thought probable that President Mitchell will advocate the adoption of one of the first two policies, expecting by pursuing that course to induce some of the operators to sign a scale and put their mines in operation which the miners believe would force the others to do likewise.  
There is a disposition on the part of some of the coal operators to stimulate coal market prices in this manner or by the threat of bringing on such a strike, said Mr. Mitchell. "And it looks now as though there would be a full suspension of mining in all these great bituminous fields on April 1st."

### PROOF

That Zam-Buk Grows New Healthy Skin.

The unique power belonging to Zam-buk for growing new healthy skin when it has been destroyed by injury, disease or operation is illustrated by the recent experience of Mr. J. Schofield, of 467 Hamilton Road, London, Ont. He says: "A friend of mine (Mr. William Hall, of London) was severely and terribly burned through an explosion of kerosene oil. He was taken to the hospital where he suffered intense pain. The wounds refused to 'heal,' and the doctors decided to resort to skin grafting, and I consented to have some skin transplanted from my legs to his body. Although this was done on several occasions, the skin refused 'to take' until Mr. Hall heard of Zam-buk. From the time he applied Zam-buk, new healthy skin began to grow. I then used Zam-buk for the places on my leg from which the skin was removed, and I am glad to report that new skin has grown, and therefore consider Zam-buk the best skin food I have known." Zam-buk builds up new tissue in a way that is not possible with ordinary preparations. For healing eczema, running sores, cuts, bruises, burns, boils, eruptions, scalp sores, itch, chapped hands and diseases of the skin it is without equal. All druggists and stores sell it, 50c a box or post-paid from the Zam-Buk Co., Toronto.

### CUPID IN AN OVERCOAT.

"Dearest," he whispered, "let us go out in the frosty lane and watch the shooting stars."  
"You really want me to go, George?" he asked the pretty girl.  
"Why certainly. But is why I gave you that pretty set of furs for a Christmas present?"

### A WAY TO BETTER BREAD.

Good housekeepers, it is said, are known by the bread and pastry they provide for their homes. When we come to think of it, is there any one thing in which a housekeeper should excel—in which she should take more pride—than in her snow-white, delicious, wholesome home-made bread?  
Any woman can make white, light, nourishing bread. One of the commonest causes of failure in the baking is the use of poor flour. Flour, made of Ontario fall wheat alone, although nutritious and faultless as to flavor, is not strong enough. Manitoba wheat, on the other hand, is deficient in fine flavor and delicacy, although full of strength.

A blend of the two has been found to give wonderful results. This does not mean that you mix them at home—it is difficult to do that except with the finest and most delicate machinery. May we suggest that you buy the best miller's flour? The best miller's flour is blending the rich Ontario fall wheat with the flinty Manitoba wheat, thus bringing out all the good qualities of both.  
With this Ontario Blended Flour, you will have no trouble in making light, white bread—bread with that peculiarly wholesome taste which one naturally associates with home-made bread.

### AN UNIQUE RECORD.

(Morning Graphic.)  
When Hon. C. R. Devlin took his seat in the Legislative Assembly of Quebec at the opening of its session a day or two ago, he made an unique record in the history of Parliament. He had within two years been elected at three elections and had taken his seat for the third time during the session of Parliament to which he had been elected. The first of these occasions was in the Parliament of Great Britain and Ireland, when he was presented as member for Galway, by Mr. P. O'Brien, M. P., for Kilkenny and by Captain Donaldson, M. P., for Cork. The second was last year when, after his election to the Canadian House of Commons for Nicolet, he was introduced by Sir Wilfrid Laurier and Hon. Rodolphe Lemieux; and the third came when he took his seat in the Legislative Assembly of Quebec as member for Nicolet and Minister of Colonization and was championed by Hon. Lomer Gouin and Hon. Adolphe Turgeon. But these are not Mr. Devlin's only claims to hold Parliamentary records. Although still only a young man, he has won six elections and taken his place six times in the various Parliaments. The first was in the Canadian House of Commons as M. P. for the county of Ottawa in 1891; the second as M. P. for Wright at Ottawa in 1896; the third again as member for Galway at Westminster in 1903; the fourth at Westminster in 1905; the fifth at Ottawa as M. P. for Nicolet in 1907; and the sixth at Quebec as M. P. P., for Nicolet in 1908. If there is any other Parliamentarian in the British Empire with a similar record, we should like to hear of him.

Croup positively checked in 20 minutes. Dr. Sheep's 20 minute Croup Remedy acts like Magic. No vomiting, nothing harsh. A simple, safe, pleasant, dependable croup syrup. 50c. All Dealers.

### CHIEF JUSTICE BANQUETED.

A Hundred Leading Lawyers attended Dinner in His Honor.

ST. JOHN, Thursday. — The banquet given by the Bar of the Province to the new Chief Justice at the Union Club tonight was a brilliant and successful function. About a hundred leading lawyers were present. M. G. Teed, president of the New Brunswick barriesters' society, presided. Leading legal lights from all parts of the province were in attendance including several New Brunswick judges.

### Chilean Soldiers

Win Great Victory

Reported to Have Massacred Some Two Thousand Unarmed Strikers

SAN FRANCISCO, Thursday. — Machine guns operated by the government forces of Chile in a great conflict with strikers at the Nitra beds and in the City of Iquique laid 2500 men low, most of whom were killed according to advices received yesterday by the Norwegian steamer Christian Bora, which arrived today direct from Chile. Business at Iquique which had never before been scarcely disturbed by anything but earthquakes was paralyzed when the great army of workers went on a strike. One fracas after another occurred until soldiers and strikers met in the streets of Iquique and on the outskirts and openly defied each other. Being ordered to disperse the army of men the soldiers opened fire. The men had little opportunity to fight back even though they had been armed for the assault was so sudden. This took place on January 1st and a week later it was thought by common agreement, the strikers went back to work without the expected advance in wages. It was reported that the mine owners will voluntarily increase the pay of their employees.

### Railways vs. Other Public Service Corporations.

The present business situation throws into clear relief one important difference between railways and most other public service corporations. Street railways, waterworks, lighting concerns etc., feel more or less the effects of fluctuations in general business, but they did not suffer acutely from such changes because the number of people in a city does not decrease and the extent to which they depend on the railways for their daily needs does not greatly diminish, even when industrial depression becomes pronounced. But railways bear such a relation to industrial and commercial enterprises of all kinds that every crop failure, every panic that shuts down factories and reduces the sales of wholesale merchants, reacts violently on traffic. The freight business of the railways of the United States has decreased enormously as compared with the corresponding period a year ago. The railway cannot, like the gas and electric companies, reduce its proportion to the decline in its business. To shut down entirely would be to sacrifice its franchise, and railroad commissions and the public protest violently against reductions in service, especially passenger service, even when they are nowhere near in proportion to declines in earnings. Since railways are exposed to such violent fluctuations in business it is essential that in times of prosperity they should be permitted to earn much larger profits than most other concerns whose changes are subject to public regulation in order to make good the losses sustained in periods of depression. This consideration was advanced by transportation experts before almost every legislature and commission in the country last year as an argument against adjusting rates solely with regard to the traffic being handled at that time, but usually the argument was jauntily dismissed with the gratuitous assurance that the country's prosperity was established on such a firm foundation that nothing could happen that would hurt the business of the carriers. Subsequent events show clearly who was right. It is to be hoped that the lesson will teach public authorities to adjust rates in accordance with actual conditions and with less regard to theories formulated with a cheerful ignorance of or contempt for facts and probable developments.—Railway Age February 14, 1908.

### JUDGE ORDERED HIS RELEASE

On Grounds That Evidence Against Him was Insufficient.

BELLEVILLE, Thursday. — The trial of Richard Lindsay who was arrested some time ago charged with causing the death of his wife by neglecting to provide medical attendance, was concluded today, and resulted in Judge Deroche ordering the man's release. The judge held the evidence was insufficient to prove Lindsay guilty of the charge made against him.
