CASE WAS DISMISSED

**Judge Houston Could Not
Convict In Famous Both-
well Oil Case**

WORKING ON SUNDAY

Judge Houston has given his decision in the case of Rex vs. Malampy, which was tried before him about a year ago. This was a case where the defendant was charged with working on Sunday in the Bothwell oil fields. It was a test case, it being the intention of the authorities to find out whether or not such cases could be prosecuted and convictions secured. The following is the decision:

REX VS. MALAMPY.
Bothwell oil case—Judgment of Michael Houston, Police Magistrate, delivered on Tuesday, the 20th of November, A. D. 1906.

Judgment was reserved by consent herein, no objection to be taken thereto.

I was asked to find on the evidence, if it were necessary for the defendant to work on Sunday.

I am of opinion, under the evidence, that it was not, that the business could have been conducted properly without pumping on Sunday.

The defendant is a member of the Corporation, and under the cases cited and others I have read, I am of opinion that I cannot make a conviction, and on that ground dismiss the defendant without costs.

ROADS ARE MUDDY

Milton Shaw, the general proprietor of the Prairie Siding general store, was in the city on business this morning.

"There is lots of mud out our way," said Mr. Shaw. "The roads are in awful shape. Most of them are impassable. The wet weather makes it very hard for the harvesting of the sugar beets, and I guess there are about 500 tons of them to be taken in yet out our way. The farmers will have to wait till it freezes up now before they can do any more with them."

Mr. John Houston, of Harwich, was also a city visitor this morning. He says that the beets are pretty nearly all harvested out his way.

"The country roads are in bad condition," said he to The Planet, "but they are not in half such bad shape as your own Park St. right here in the city. Between Weaver's and the P. M. tracks that street is almost impassable, and is certainly dangerous to travel over."

EVER HAVE CRAMPS?

Kind of fierce to be tied up in a knot at midnight with cramps. Keep Nerviline handy. Ten drops quiets cramps in a twinkling. Used occasionally Nerviline prevents this trouble entirely. From Stratford, Ont., Wm. Dee writes: "Nothing I know of will give such quick relief to cramps, colic or pain in the stomach as Nerviline. If you feel queasy or sick, just ten drops of Nerviline in water and you're well next minute." Think of the protection and comfort contained in a 25c bottle of Nerviline, and get it to-day.

DR. McKEOUGH EXPLAINS SCHOOL BOARD FINANCES

The Statements Re Personal Notes From The Trustees and The Closing Of The Schools Were Made at Joint Meetings But it Was in a Jest—Way Out of Difficulty

Public School Trustee Dr. Geo. T. McKeough and Secretary T. C. Macnabb were visitors at The Planet editorial rooms this morning to explain a few things in reference to the state of the finances of the Public School Board, reference to which was made in last night's Planet.

"In the first place," said the doctor, "the estimates for the repairs to the schools were struck over a year ago by Messrs. Robertson and Paxton. They were drawn out for \$19,000, and at the time when they were passed by the Council, Mr. Macnabb, the Secretary of the Board, strongly urged that the amount be increased to \$20,000, as he was confident that the contemplated work could not be done for the amount named. In spite of this the Council passed the by-law for \$19,000, and it has since been registered. The object of the meeting the other day was to find out whether the Council could increase our estimates for repairs to \$20,000, which is even \$1,000 less than the amount asked for by the Secretary of our Board, and \$1,000 more than the Council saw fit to grant us. We asked for this increase because our repairs had amounted to \$700 more than our estimates, and there were still a few things to be done which would in all probability bring the amount up to \$1,000. We did not know before the meeting that the by-law had been registered and was thereby unalterable.

"As far as our general account is concerned, we are well within our estimates, and have enough to see us through to the end of the year. The schools will not be closed, and the teachers' salaries will be paid. We have now to our credit over \$4,000 in our general account, which will be quite ample—in fact we may have a small surplus which will go to reduce the \$700 shortage in our account for repairs.

"What we will have to do will be to curtail our repairs, and be as saving as we can in our general expenditures. We had intended to make a clean job of it work on the schools, and leave it completed at the end of the year."

MISS FRENCH DEAD

Popular Young Dresdenite Passes Away—Mrs. Isabella Burgess Dies Of Cancer

From Our Own Correspondent.

Dresden, Nov. 19.—The death occurred on Saturday morning of Charlotte French, sister of Mrs. O. Kimmerly, at the home of Mrs. Dynes. The deceased had been employed in the Austin store for the past few months and had many warm friends in town. The funeral took place from the residence of A. Kimmerly to the Dresden Cemetery on Monday afternoon.

Mrs. Isabella Burgess died on Saturday of cancer of the throat at her home here in her 56th year. The funeral will be held on Tuesday to Dresden Cemetery.

Mr. Tape, who left here for the Northwest a short time ago, is recovering from typhoid fever.

Mrs. Dowsell and son Percy, of Dutton, were the guests of Dr. and Mrs. W. F. Thorton on Saturday.

Miss Florence Ritchie, of Detroit, spent Sunday and Monday in town. W. A. Peace, manager of the Dominion Bank, spent Sunday in St. Thomas.

Miss Eva McVean spent Friday in Chatham. Leighton Rippon, of Winnipeg Bank of Commerce staff, is expected to visit Dresden friends this week.

Mr. Greig, of Brantford, was in town on Friday and was the guest of Mr. McLeod, of the Bank of Commerce.

The young men of the Methodist church purpose giving an entertainment in the basement of the church on Monday, Nov. 26th. A splendid program has been prepared.

Wm. Ward returned on Friday evening from the G. T. R. agents excursion. In New Orleans he met his brother from Texas, whom he has not seen in 34 years. He reports a most enjoyable trip.

Miss Alice McVean will entertain her Sunday school class from four to eight on Tuesday evening.

Mr. and Mrs. Irvine Wallace returned to Tilbury on Friday evening after spending a few days with Mr. and Mrs. T. West.

Miss Dora Sisson, the Belding silk instructress, left for Welland on Saturday morning after a very successful two weeks in Dresden.

Mrs. Osgood McVean is spending the week in Toronto.

GAVE HIM A PIPE

William Turtle, who for a great number of years has been a faithful employee of the Peter Marguerite, in this city, left this week for St. Thomas, where he has received a higher position with the same company. Before he left, the Chatham Encompiement and local Oddfellows presented him with a pipe. Mr. Turtle has been an esteemed member of the local branch of the order.

RAIN SPOILED FIELD TRIALS

**They Were Not Run Off

DEATH'S CALL

Bessie Rutherford, the little daughter of Mr. and Mrs. James Rutherford of Blenheim, passed away at ten o'clock yesterday morning.

The little girl attended school on Thursday last, and on Friday she complained of a pain in the base of one of her eyes. On Sunday her suffering became acute, and she became unconscious.

Dr. Thompson, of London, assisted by Dr. Langford, of Blenheim, performed an operation at three o'clock yesterday morning, but the little patient never rallied. Mr. and Mrs. Rutherford have the sincere sympathy of their many friends in their sudden and unexpected bereavement of their bright little daughter.

The funeral will take place tomorrow at two o'clock from the family residence on Talbot street to the Evergreen Cemetery.

MY SPECIALTY IS CHILDREN'S FEET

I have given the fitting of children's feet my personal attention ever since I have been in business. The result is I have got the children's trade in the city, and it is growing every day. There isn't a careful mother hereabout who does not come here as soon as she knows that I make a specialty of fitting children. It is true economy, too, for my shoes wear longer, keep their shape better and look nicer than cheap shoes carelessly fitted.

THE LATE JUDGE WOODS.

The transition of Robert Stuart Woods, late Junior Judge of the County of Kent, has bereft Chatham of a citizen whose activities covered a wide range, and whose influence was felt in an almost infinite variety of ways. From the earliest days Mr. Woods has been associated in all movements which were tended to advance the best interests of this community, and he passed from this life, after years of excellent public service, respected and honored by his fellowmen.

Mr. Woods was a loyal and earnest churchman, and one of the most influential and valued members of Christ Church, where the fruits of his untiring labors were everywhere in evidence. He was a member of the Synod, and his counsels in matters pertaining to the church of his affection, were ever sought and revered.

In municipal and political matters, and at the bar, he was a prominent figure, at a time when this country was struggling for power and recognition, and it is only his due to say that in such matters his actions and expressions of opinion were always in keeping with his honesty of purpose and clearness of conception.

It is the sheer superfluity to comment on the life and works of a man whose deeds and thoughts have so often been unfolded to the public gaze, but it would be a neglect of duty to pass over unnoticed the demise of a man who has accomplished as much good as has the late Judge Woods.

CHRISTMAS SHOPPING.

A short time ago, in another department, The Planet drew attention to the fact that the Maple City merchants are now ready for Christmas shoppers, and the sooner this shopping is done, the better it will be for all concerned. It was pointed out that those who are first at the counters will be the ones who will get the choice of the goods, and through a little thought now, the big Christmas rush will be lessened, and both the merchants and the buyers will be better pleased and satisfied. There are many people of means, who are in just as good a position to do their shopping now as they will be in a month's time, and still the custom seems to be to wait until the rush is on—and then people expect prompt attention from the merchants, and they also expect to be perfectly suited in the shortest possible moment. Such expectations are absolutely ridiculous. Why not visit the stores at once, and make your purchases before the goods are all picked over, and while there is ample time at the disposal of the clerks to see that your wants are suitably supplied?

There is another consideration—that of the health and comfort of the clerks, of whom so much care and patience is expected. It is always found necessary to engage an extra staff during the holiday season, and many of those who are engaged for this time alone, may not be acquainted with the various lines of stock carried by the different firms, and while it may not be their fault entirely, the interests of the buyers and the merchants are not always as carefully looked after by these temporary assistants. Anyone, too, who has witnessed the terrible strain which is placed on the store clerks during a holiday season will never wonder why they dread the approach of this largely to be found in the custom of leaving everything to the last couple of weeks, when the shopping might just as well be done earlier.

Those who are considering the purchase of a few Christmas presents this year will do well to think this over, and act with promptness. It will be less strain upon everyone concerned, more suitable presents will be selected, and the early shoppers will have the satisfaction of feeling that they have not only wrought joy and happiness through the giving and receiving of the little remembrances they purchase, but that they have also contributed toward the pleasure and comfort of others whom they have not heretofore considered, and there is no doubt that as a result of their thoughtfulness there will be many a faithful clerk who will spend at least a Merrier Christmas.

JUST A LITTLE BIT OFF THE TOP

A Chatham Public School Trustee?

The Mayor of Hamilton has sent for the Toronto dragoons to help them out in the strike trouble. The Mayor had best beware lest the Toronto soldiers betray native traits, and attempt to take Hamilton and the pet mountain home with them.

Though the City Council have decided that they will have no more money to run things with, the Public School Board may take consolation from the fact that they can still hold meetings and discuss the weather and other interesting topics.

In considering bank inspection reform, the Canadian Bankers' Association might also think up a few ideas to reform some of the bankers.

Oak Park, Ill., boasts of a "Widows' Relief Club." This rather puts a dent in the belief that most women find it a relief to become widows.

TOWNSHIP COUNCIL

DOVER COUNCIL.

The Court of Revision on Boyle drain met Oct. 17th. The members were all present. The appellants and parties appealed against were heard in evidence, and the Court of Revision adjourned.

The council met. The minutes of the last meeting were read and adopted. A letter was read from Houston & Stone, solicitors for R. Trudell, A. Bechard and C. Trahan, on the bad state of Pain Court Creek owing to standing water. Judge Bell's report was read re investigation of Wallaceburg Herald-Record charges.

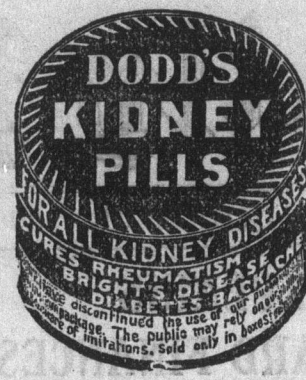

The following accounts were ordered paid and charged to the respective accounts: Planet \$5.64, Daily News \$5.50, W. Baxter \$3.50, investment committee work and horse hire, A. Bourdeau \$10 committee and pension work, Mr. Lewis \$4 committee work and \$10 salary, Clerk \$25 salary. The council adjourned to the call of the next meeting.

The adjourned Court of Revision on Boyle drain met Nov. 7th. The members were all present. The minutes of the last meeting were read and adopted. The Court of Revision adjourned to meet Nov. 10th. And the council met at the call of the Mayor. The members were all present. The minutes of the last meeting were read and adopted. A by-law was passed for an overdraft credit fund in the Canadian Bank of Commerce. An application was read from H. N. Bechard for collector for divisions 2 and 3, and from James S. Rankin and Harry Smith for divisions 1 and 4. Mr. Bechard was appointed collector at a salary of \$90; the other appointment was deferred till next meeting. Mrs. A. Bechard's grievance was read, and Mr. Lewis with power, W. C. Gordon's grievance to Mr. Crawford with power, and also that of Grace church congregation, Wm. Campbell's grievance was referred to Mr. Lewis to investigate and report. The Treasurer was instructed to credit Old Fryder drain with \$11.20 charged to it in error.

The following accounts were ordered paid: The treasurer of S. S. No. 13, \$10.99, half cost of digging and putting in new pump at school house and town and jump at pair for hall; T. Peltier \$2 for inspecting a house; G. T. Coulter \$8 for one sheep killed and one damaged by dogs; J. W. Shackleton \$30 for work on Hendrick up drain, Rivard tap drain, Hyatt drain, bridge, 14th concession road and bridge on Rivard drain outlet; Mrs. T. Mayers \$10 for help to keep Mrs. A. Charron; A. McDowell \$20 for survey and award on Astoria drain and \$30.30 for work on Boyle drain; Judge Bell \$9.30, investigation of Wallaceburg Herald-Record charges; Chatham Daily News \$15.44 for advertising; Mr. Crawford \$12 for committee and commission work; Mr. Bourdeau \$10 for committee and commission; Reeve \$9 committee and \$10 salary Clerk committee work; W. R. Baxter \$4.25 for furnishing and printing; postage account \$4.97. Moved by Terry and Bourdeau, that S. T. Martin's offer be accepted, to build a bridge over Ouellette drain dredge cut at 3rd concession road, Dover West, for \$150, to be covered with 2-inch oak plank and built according to plan submitted to the council.—Carried.

The Reeve and Clerk were appointed a committee to get the amount of assessments due Dover by Chatham Township and city on drains, to prepare documents for sale of drainage debentures and to attend to the collector's securities and report.

Moved by Terry and Bourdeau, that whereas the Township of Dover has, with other western municipalities, suffered serious damage from year to year during these latter years and likely to become worse by reason of the River Thames overflowing its banks caused by foreign water being rapidly brought into it by means of artificial drainage; and whereas it has now become but little more than a drainage outlet for the waters of the far eastern municipalities; and whereas the Ontario Drainage Act provides as follows: "If from the lands or roads of any municipality or individual water is by any means caused to flow upon and injure the lands and roads of any other municipality, company or individual, the lands and roads from which the water is so caused to flow may under

all the formalities and powers contained herein be assessed and charged for construction and maintenance of the drainage work required for relieving the injured lands or roads from such water, etc."

Now that the Township of Dover suffers from foreign waters, we, the members of this Council, deem it our duty as representatives and trustees of the people to do all we can to protect and relieve them from such damage, and in trying to do so it is the opinion of this Council that the better way would be to form a drainage committee, composed of the representatives of the different municipalities that sustain damage by the said overflow of water, namely, Dover, Tilbury, E. & L. H. Chatham Tps., Chatham city, Grand River Railway, and others, and we hereby authorize and appoint C. Purser, Reeve, to represent this Township, and to endeavor to get as many representatives of the aforesaid corporations as he can to form a strong committee to go before our Ontario Government to thoroughly explain the situation, and as we might find it very difficult to reach these far-away municipalities in applying the Ontario Drainage Act, urge upon the Government the justice and necessity of its taking up on case as a Government work, or to very largely assist by a liberal appropriation in keeping with the cost of enlarging our present outlet or providing some additional outlet, as may be advised by an engineer appointed by the Government for that purpose.—Carried.

The Council adjourned and met as the adjourned Court of Revision on Boyle drain, Nov. 10th.

The members were all present. The minutes of the last meeting were read and adopted.

The following advice from the Township Solicitors was read: Chatham, Nov. 10, 1906.

C. Purser, Esq., Reeve of Dover: Dear Sir,—Re Boyle Drain Appeal.

In this matter, as there is an appeal pending by Chatham Township, the assessments are unfixed and undetermined until the Referee's decision, and the proper course for the Court of Revision open on this drain—until the Referee shall have made his report and the matter is fully determined.

Yours truly,
(Signed) WILSON, PIKE & CO.

Moved by Terry and Lewis, that the Court of Revision on the Boyle drain be adjourned until the appeal of Chatham Township against the assessment has been determined by the Referee, according to the Solicitors' advice.—Carried.

The Council met Nov. 10th; the members were all present. The minutes of the last meeting were read and adopted.

Moved by Lewis and Crawford, that James S. Rankin be appointed collector for the 1st and 4th divisions for 1906, at a salary of \$80.—Lost.

Moved by Crawford and Bourdeau, that Harry Smith be appointed collector for the 1st and 4th divisions for 1906, at a salary of \$90.—Carried.

Mr. Lewis called for the yeas and nays.

Yeas—Messrs. Crawford, Bourdeau and the Reeve.

Nays—Messrs. Lewis and Terry. The Clerk was instructed to notify Philip O'Mara, commissioner, to have the team work in the new outlet of the Marden drain completed as soon as possible.

The Council adjourned.
John Walsh, Clerk.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, and their weakness is not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine smells, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell.

Veal calves sold at \$8.00 per cwt.

Sheep and Lambs.
Export sheep sold at \$4.50 to \$4.80 per cwt.; lambs, at \$5.75 to \$6 per cwt.

H. P. Kennedy quoted select hogs at \$5.90 per cwt, and lights and fats at \$5.65 per cwt, fed and watered, which is an advance over last week's prices of 25c per cwt.

MONTREAL LIVE STOCK.
Montreal, Nov. 19.—Cables from Liverpool and London on cattle came weaker, and declined 1/4c to 1/2c to 1c to 1 1/2c since this day week. Canadians sold at 11c and ranchers at 10 1/2c. Exports for Great Britain were 1000 to 1200 sheep. Receipts to-day were 15,000 cattle, 50 mitch cows, 2000 sheep and lambs, 250 calves and 1000 hogs. A fair trade was done, and a stronger feeling in the market for hogs, and prices advanced 10c to 25c per 100 lbs. This was due to the supply of hogs being also and also to the more encouraging advices from abroad on Canadian bacon, cables on Saturday noting an advance of 1c to 1 1/2c in Liverpool, London and Bristol. The demand for hogs from packers was something like that for cattle, and a number of selected lots were made at \$6 to \$6.25 per 100 lbs, weighed on cars.

The hogs were not strong and trade was good, but the price of common stock continues very low. There were a number of low western cattle on the market, and among these were a lot of Texas steers which had been shipped from Texas to the Canadian northwest, and, after feeding there for some time, were shipped east for slaughter. They sold at 3 1/2c to 4c per lb. Mr. Joseph Richard paid \$4.00 per 100 lbs. for the choice prime cattle sold at from 4c to 4 1/2c per lb.; pretty good cattle sold at 3c to 4c, and the common stock at from 1 1/2c to 2 1/2c. FIELDING ON THE TARIFF

Says Government Will Only Make Necessary Changes Here And There

Montreal, Nov. 21.—The banquet given last evening by the Reform Club to the Hon. W. S. Fielding was a splendid success. Five hundred guests sat down, under the presidency of L. E. Geoffrion. At the table of honor were Sir Fred Borden, Hon. Messrs. Paterson, Aylesworth, Fisher, Emerson, Brodeur and Lemieux of the Federal Cabinet, ex-Premier Ross, Senators Mackay, Casgrain, E. M. McDonald, M.P., Pictou, and many other leading men from the different provinces.

The health of the Minister of Finance was proposed by Maj. G. W. Stephen, M.P.

The Finance Minister, who received an ovation on rising, after referring to the action of the Conservatives in opposing him in the House of Commons, said that the Government's financial policy was sound and in the interests of Canada. Referring to the tariff question he said:

"The adoption of extreme protective views which prevail in some quarters, would undoubtedly lead to a disturbing and perhaps dangerous situation in the west. I have repeatedly urged upon many industrial friends that whatever policy would best fit up the Northwest is the best policy to serve the manufacturers themselves, for settlers in these new lands will naturally be customers for eastern manufacturers."

"We have labored also to show the western farmer that he must not expect to have things entirely as he would wish them, but he must be prepared to give and take. I think our efforts in this direction have not been in vain, and I think most of the manufacturers of Canada are disposed to recognize that the policy of a moderate tariff is, on the whole, a better one, even from their point of view."

A Revision to Be Made.
"Now, we are about to ask Parliament to join us in the work of tariff revision, although this does not mean that great changes are to be made. We have determined to change the form and shape of our tariff schedules, and while we are doing this, we may find it necessary here and there to make changes as regards particular items."

TALENTED SINGER

Mrs. Ruby Gordon of Wallaceburg Will Sing At A Concert in Thamesville

(From Our Own Correspondent.)
Thamesville, Nov. 19.—The Ladies of the Presbyterian Church have been successful in securing the services of D. A. Gordon, M. P., and his talented daughter, Miss Ruby Gordon, of Wallaceburg, to assist at the tea-meeting program at St. James', Monday night, Nov. 26.

These successful anniversary services were conducted in the Baptist Church here yesterday, by Rev. Mr. Campbell, bothwell. Mr. Campbell is an able speaker, and large congregations assembled at all services. The church was beautifully decorated for the occasion. Special music was rendered by the choir. Rev. Mr. Campbell returns to Bothwell to-day.

Chapped Hands and Chilblains

ZAM-BUK A CERTAIN CURE.

For chapped hands, cold sores, chilblains, etc., there is nothing so effective as Zam-Buk. Mrs. H. H. Rankin, of Appleton, Ont., says:—"My hands had big cracks on them which caused me much pain. I could hardly work. Whenever I tried to put them near water they would smart and burn. I had heard of Zam-Buk. They did not seem to be benefited by anything I tried until Zam-Buk was introduced. To my great pleasure within a very short time Zam-Buk closed up the cracks and healed the sore places. My hands are now white and smooth."

"I recommended Zam-Buk to a friend, who had a sore finger, and it cured that, too. I think it a splendid household ointment."

Miss E. Heintzman, of Ossington avenue, Toronto, says:—"I would advise all who suffer from chilblains to try Zam-Buk. I have suffered from them acutely, and was suffering when I first tried Zam-Buk. I am pleased to say I had only used about three-quarters of the supply when the chilblains were completely cured."

Zam-Buk is a cure for cuts, burns, bruises, eczema, ulcers, abscesses, festering sores, bad leg, ringworm, and all skin diseases and injuries. It is purely herbal in composition. All druggists sell it at 50c. a box, or post free from the Zam-Buk Co., Toronto, upon receipt of price. Six boxes for \$2.50.

Superiority has a way of coming to the fore without much talk.

More than one best?

When you ask your grocer to send you the best flour, he sends you—his best. When you know the best flour and order by the name, the choice is not left to the grocer. Many grocers handle

Royal Household Flour

as their leader. They have found it the safest flour to recommend because its results are sure and its purity is unquestioned. If your grocer's best is not Royal Household, insist on his getting it for you. The benefit will be mutual.

TO REPEAL LOCAL OPTION

Merlin, Nov. 20.—At the last meeting of Raleigh council a petition signed by upwards of 200 names was presented, asking the council to submit a by-law to the people to repeal the present local option by-law in force.

The council looked favorably on the petition and will submit the matter to the people at the next municipal elections. From the general apathy existing it is apparent that both parties are confident of victory. The local option by-law having passed here three years ago by a simple majority, it will require but a majority to repeal it.

TWO MONSTER VATS

Thousands of tourists who have visited the famous Cielie of Heidelberg remember with interest the great vat which stands in its cellars and which was once filled with the delicious wines of the Rhine country. It stands within the heavy walls as a permanent testimonial to the drinking powers of the nobles who inhabited the castle in years gone by. A ladder leads to the top of it, round which runs a railing and which is so large that a quadrille could easily be danced on it. For centuries this great Vat of Heidelberg was famous as the largest in the world.

It can no longer, however, claim that distinction, for in England there is one which is three times as large. This is the great vat at the works of Holbrook's Limited in Birmingham. It contains three times more space than the Heidelberg vat and is capable of holding the contents of two and a half millions of bottles of Holbrook's Worcester's Sauce, equal to 100,000 gallons. In the picture here given a man standing on a long ladder may be seen clinging like a spider against its side. This famous vat is now, and doubtless will remain for years, the largest in the world.

A DANGEROUS SPOT

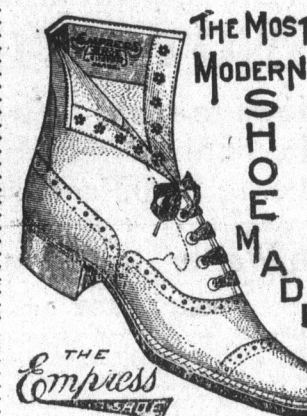

A number of complaints have been made lately about a dangerous spot at the approach to Adelaide street bridge. A new granite walk was recently laid at this point, and it seems that the workmen did not replace the plank between the end of the walk and the bridge. After nightfall this defect makes the spot especially dangerous for pedestrians. As many as three young ladies who have to pass that way to and from work, have complained of having had falls at this spot.

HARWICH COUNCIL.

Harwich Council met in Township Hall Nov. 12, all members present. Minutes of previous meetings read adopted.

Communications were read from the following:

S. A. Armstrong, inspector of asylums, giving a list of patients from Harwich in the London institution for whom less than \$1.50 per week is contributed. He asked if the list was correct.

J. A. Bell, reporting on the work on the following drains---Z. W. & Lutes, Curtis, Downie, and Wolfe Creek. He also filed his award on the Walters ditch.

Wilson & Pike, re meeting requested by P. M. Ry. at Erie with Council officials, to view the cause of complaint re tracks on the town-

ship road. They also enclosed G. T. Ry. agreements on culvert on Z. W. & Lutes drain; and re preparation for the Hughson pit.

Jas. Hughson, through his solicitor, threatening a second suit because of postponement if further damage resulted.

G. J. Leggett, re franchise for telephone service.

P. M. Ry. that they had ordered the track to be kept clear where complained of, at entrance to Chatham.

Abram Horton, asking damages as a result of his horses running away and breaking his wagon and causing injuries to himself, owing to a washout by Lucas drain bridge, Communication road. Damages asked were \$32.

Geo. McDonald forwarded a copy of a resolution passed by Howard Council and asking Harwich to join with them in asking P. Bowyer, M. P. P., to endeavor to get a grant from the Legislature to improve the Town Line road near Rondeau. On

motion the Harwich Council endorsed the request.

Jas. McCormick, ex-Reeve, drawing the attention of the Council to an apparent overcharge of last year's commissioner in fees on the Downie drain of \$6, and asked that Council have the same refunded to the credit of the drain.

Geo. Wilson, Albert Smith and R. McNaughton, fence-viewers, filing award on the McCachran line fence.

Judge Dowling, giving his judgment on the Watson and English appeals, dismissing the Watson and English appeals in the 9th Con. 5 with costs, and allowing the English appeals in the 8th Con. with costs; costs in the latter case to be spread pro rata on the whole of the Baird drain.

Councillor Walters reported sale of the work on the Baird drain at the estimate, to be done by Nov. 15. Adopted.

Reeve Young reported that the committee re townline grants had decided to gravel the townline from

McKay's Corners northward 600 rods, the job having been let at from \$1.15 to \$1.65 a rod, the gravel to be taken from Keefe pit, Howard, to pay 12c. per load to cover 100 feet. Adopted.

Dr. S. G. Story, M. H. O., presented his annual report, giving a very favorable report on the health of the township. Report adopted.

A deputation was heard of S. S. No. 5 ratepayers re their assessment for general school taxes. It was shown to them that the council had no alternative according to the new School Act that came into force last May, but to levy the tax as the Act did not exempt portions of a township joined to a town for school purposes. On motion of Clark and Walters the following was passed: Whereas a number of ratepayers of S. S. No. 5 Union interviewed the council re assessment for general school rate on lands within said union section asking that the general tax be refunded to them as they received no benefit from said tax, and whereas

this question having been discussed in the Municipal World and with legal advice given there, this council deems it advisable not to take any action at present, but in case it is shown at the next session of the Legislature to be an error in the Act as it now reads and is thereby amended so as to exempt said lands as formerly we would recommend that the general school tax for 1905 be refunded to the ratepayers in said union school section.

The Clerk was instructed to notify certain ratepayers on the Pearson drain that complaint had been made of cattle tramping in said drain and

that the owners would be held responsible for the removal of any obstructions caused thereby.

Moved by Gerber and Walters, that the Clerk notify the Grand Trunk Railway that the culvert under their tracks, lot 14, concession 3, R. T., was caving in, and that an 18-inch pipe is required to give the water above a proper outlet. Carried.

The Clerk was instructed to notify a ratepayer to remove a tree that had fallen from his lands upon the road.

The following by-laws were given their final readings, passed, signed and sealed: The Hutchison drain, the Baird drain, the Zink, Whalen & Lutes drain.

A number of accounts were ordered paid.

Council adjourned.

Niagara Power in Toronto.

Toronto, Nov. 20.—Yesterday afternoon in presence of a party of officials of the Electrical Development Co., the Toronto Electric Light Co., and the Toronto Street Railway Co., the switch was "cut in" and the Niagara electric current passed into the transformers. Both lines were operated with equal success. It is expected that in two or three days 10,000 to 15,000 horsepower will be in the city for distribution by the Toronto Electric Light Co., and that the Toronto Street Railway Co. will receive a supply for emergency needs.

Nixon was married only about two months ago to a young lady in this city, but did not get along very well with her on the subject of religion, he being a Roman Catholic and she a Protestant. Sunday they had a dispute in the question of going to church. Nixon went into the garden and shot himself with a 32-calibre revolver. He aimed for the heart, but struck below.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. One-sixth of the deaths from disease are due to consumption. Ninety-eight per cent. of all those who have used Dr. Pierce's Golden Medical Discovery for "weak lungs," have been perfectly and permanently cured. Cornelius McCawley, of Leechburg, Armstrong Co., Pa., had in all eighty-one hemorrhages. He says: "My doctor did all he could for me but could not stop the hemorrhages, and all gave me up to die with consumption." What doctors could not do "Golden Medical Discovery" did. It stopped the hemorrhages and cured their cause. This is one case out of thousands. Investigate the facts. Free! Dr. Pierce's great work, The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay cost of mailing and customs. Send 31 one-cent stamps for paper-covered book, or 50 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

A NEW CAP.

gether with the daintiest of hand work—but very little trimming is seen, and what is employed is in tiny babyish designs wrought as delicately as frost-work on a window pane. This delicate stitchery is what makes the little garments so costly, and the woman clever with her needle can fashion equally pretty wear for only the cost of the material.

For ceremonious wear when baby is on parade the robe illustrated is an excellent example of the best baby modes. Of sheer linen, with real Valenciennes lace into the material and dainty touches of embroidery at intervals to help out the design, nothing could be more charming. The bottom is edged with a frill of the Valenciennes mounted by the insertion, and bows of soft ribbon ornament the shoulders.

The first baby caps are very pretty, made of fine handkerchief linen daintily embroidered and edged with lace. These are worn over a little silk lining, wadded or plain, according to the temperature, and can be readily fashioned from fine French handkerchiefs if one does not care to buy them outright. The cap illustrated is a very new design and

FOR CEREMONIOUS WEAR.

can be had in several different materials—in handkerchief linen, the over pale blue or pink china silk, the color repeated in the feather stitching and piping that edge the front. The same idea is shown in caps built of white silk of handsome quality. About the face there is a full lingerie ruche, and the strings of soft satin ribbon are adjusted by fastenings under tiny rosettes, so that they can be easily removed for renewal or laundering purposes.

The little underclothes are built upon the most hygienic lines. There must be no undue pressure anywhere, no tight bands, and everything must hang from the shoulders or be attached to a tiny "body," which is supported by broad straps. These clothes are made of the finest muslin and trimmed with hand tucks of the finest description and narrow Valenciennes lace.

To revive flowers sent by post plunge the stems into hot water and let them remain until the water is cold then cut the ends of the stems and put the flowers into fresh cold water.

Match marks on the kitchen wall which have been caused by carelessly striking matches on them, will disappear if rubbed first with the cut surface of a lemon, then with a clean cloth dipped in whitening. Afterward wash the surface with warm water and soap, and then quickly wipe with a clean cloth wrung out of clear water.

ITCHING PAINFUL SORES ON HANDS

Suffered for a Long Time Without Relief—Had Three Doctors and Derived No Benefit—One Doctor Was Afraid to Touch Them—Soreness Disappeared and Hands Now Smooth After Application of

CUTICURA SOAP AND CUTICURA OINTMENT

"For a long time I suffered with sores on the hands which were itching, painful, and disagreeable. I had three doctors and derived no benefit from any of them. One doctor said he was afraid to touch my hands, so you must know how bad they were; another said I never could be cured; and the third said the sores were caused by the dipping of my hands in water in the dye-house where I work. I saw in the papers about the wonderful cures of the Cuticura Remedies and purchased some of the Cuticura Soap and Cuticura Ointment. In three days after the application of the Cuticura Ointment my hands began to peel and were better. The soreness disappeared, and they are now smooth and clean, and I am still working in the dye-house."

"I strongly recommend Cuticura Soap and Cuticura Ointment to any one with sore hands, and I hope that this letter will be the means of helping other sufferers. Very truly yours, Mrs. A. E. Maurer, 2340 State St., Chicago, Ill., July 1, 1905."

"FIGHTING BOB."

Vanquishes Orangeville Police Forces—Slashes a Constable and Puts Two Others on the Run.

Orangeville, Nov. 20.—Yesterday afternoon three constables undertook to arrest Bob Cook, a notorious character, and widely known as "Fighting Bob."

He was to appear at Grand Valley three weeks ago for creating a disturbance at the fall fair, but refused to comply with the summons, and a warrant was issued for his arrest. Two gaminers papers were also against him, and as he was passing through this town with his threatening outfit, Bailiff James Morrison served these papers, whereupon Cook at once trampled them into the mud and rode on. Chief Speers was notified, and together with High Constable Hughes and Night Constable Halbert attempted to arrest him. Cook immediately showed signs of fight. The constables were apparently getting the best of the tussle, when Cook managed to draw a large knife from his overcoat and slashed Constable Halbert, inflicting a terrible wound in his left arm. Having one arm disabled, Cook made a pass at Constable Hughes' neck, but fortunately missed. Falling in this he resorted to the throwing of stones, and did effective work on Constable Hughes, who was also the recipient of a few well aimed kicks. The constables finally returned up town, being powerless to defend themselves further, as all were unarmed.

Cook then continued his journey, and was seen last evening as he was boarding a westbound train. He is credited with the threat he would never be taken alive.

Police all along the line have been notified and it is understood the town will offer a reward for his capture.

THE DRAWBACK.

To mount the dizzy auto And chase it down the line And over dogs and apple carts Is doubtless very fine, But I opine It isn't quite so pleasant To lie upon your back And gaze aloft and wonder where The works are out of whack.

To amble up the boulevard A minute to the mile And make the neighbors jealous Is swell and lovely style, But it must rile A temper, though by nature sweet, To be obliged to stop Before a large and laughing crowd That heard the puncture pop.

To throw the speed gauge open And cut the started air Is very lovely business. A banisher of care, But it's to sweat and strain When just around the corner A few rods down the line The village constable appears And calls you for a fine.

To jog along to business At slow and steady gait Is fine when you are certain You will not get down late, But oh, hard fate To have the wheels quit buzzing And after some delay To get a team of horses To haul the thing away!

Length of History.

A professor of the University of Chicago who has been digging into the ruins of Egypt with his useful spade has uncovered 1,000 more years of ancient history than we used to have to struggle with in our text books when we went to school.

However, as all he discovered can be put into a dish much smaller than a pint measure it will not add much to the sum total of the woe of the patient schoolchild who is earnestly striving to get a useful education.

When we stop to think that 1,000 years in ancient history is often dismissed with a paragraph, we sometimes wonder what the books will have to say about the United States ten or twelve thousand years from now.

Doubtless something like this: "A republic rose and flourished for a few thousand years in the central part of North America." The very names of some of our greatest presidents will have been forgotten. Isn't it sad?

And Glad to Get It.

When the tip of a dog's nose is cold and moist, that dog is not sick. A feverish, dry nose means sickness with a dog. And so with the human lips. Dry, cracked and colorless lips mean feverishness, and are as well ill appearing. To have beautiful, pink, velvet-like lips, apply at bedtime a coating of Dr. Shoop's Green Salve. The Sea Horse. This fish is found in the Atlantic ocean around the coast of Spain, the south of France, in the Mediterranean and in the Indian ocean. Sea horses are very small and have been found often curled up in oyster shells. The head is much like that of a horse, and the rings around the body and tail resemble those of some caterpillars. The habits of these fishes are singular and interesting. They swim with a waving motion, and frequently wind their tails around the weeds and rushes. They have fins to sustain them in the water, and even in the air. They live on worms, fishes, eggs and substances found in the bottom of the sea.

Rubbish Heaps. In a thousand miles of Europe I saw but one rubbish heap—some old metal cans at Carlsruhe. Everywhere else was a complete absence of all waste or carelessness and, above all, of defacement and roadside uncleanness. The foul vacant lots and dirty dumps that abound in and about American towns are not to be found anywhere. —Exchange.

WEAK HEART SYSTEM WAS RUN DOWN

When the heart is healthy and performing its functions naturally, it should beat regularly seventy-two times a minute without causing its owner the slightest inconvenience or distress.

When it begins to beat irregularly or intermittently, palpitate and throb, skip beats, beat fast for a time, then so slow as to seem almost to stop, it causes great anxiety and alarm.

The least excitement or exertion seems to affect it.

Many people are kept in a state of morbid fear of death, become weak, worn and miserable, and are unable to attend to either social or business duties, through unnatural action of their heart.

To all such sufferers MILBURN'S HEART AND NERVE PILLS

can give prompt and permanent relief. Mrs. F. Fletcher, Sault Ste. Marie, West. Ont., says: "I have been troubled for four or five years with weakness, and run down system. My feet were always cold and I felt almost dead. My heart was weak and I was so nervous I could hardly walk across the street. I started taking Milburn's Heart and Nerve Pills, and after using three boxes I felt much better. I continued their use until I had taken twelve boxes and I am now well."

Price 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Milton Cryderman Of Thamesville receives promotion—Robt. Trudell Goes To Toronto

From Our Own Correspondent.

Thamesville, Nov. 21.—Milton Cryderman, who has been junior clerk in the Merchants' Bank here since June, has been transferred to the branch at Tara. We wish Mr. Cryderman every success in his new appointment. Mr. Currie, of Hamilton, will take his place here.

Robert Trudell, who has been in the employ of Smith & Clinie for some time, leaves shortly to take a position at Toronto Junction. Although sorry to lose Mr. Trudell, we hope he may be most successful in his new home.

Jack McGaffey spent Sunday in Bothwell.

Charles Buller is improving rapidly under his treatment at Hotel Sanita, Chatham.

Mr. Currie arrived yesterday from Hamilton and has assumed his duties at the Merchants' Bank.

The funeral of the late Mrs. Mary Laurie took place Tuesday from the home of her brother, John Henderson, River Road. The services were conducted by Rev. John McInnis.

School Board meets Wednesday night.

George Watts returned to-day from a business trip to Buffalo and points east.

A QUESTION OFTEN ASKED.

Why so many people feel worse after taking pills than before? Trouble is that drastic pills are used. No remedial action is obtained, the bowels are irritated and dreadful constipation follows. In using Dr. Hamilton's Pills you are scarcely conscious of having taken medicine. Although very mild, Dr. Hamilton's Pills do regulate the bowels, stimulate normal action of the glands, and create neither nausea, griping or violent action. Positively guaranteed for biliousness, indigestion, stomach, liver and kidney ills. For a safe family pill rely on Dr. Hamilton's. 25c. per box at all dealers.

MARKETS

There was a very small market on the Square this morning, as the inclement weather and bad condition of the roads prevented the farmers from bringing their produce to the city.

A man is called selfish not for pursuing his own good, but for neglecting his neighbor's. Ideas are worth just as much as can be worked out of them, and no more.

Special Announcement!

The ten days Remodeling Sale of Stone, the Hatter, was an unqualified success. As everybody knows, the crowds were enormous. In spite of an extra large staff of clerks it was impossible to serve all who came to buy.

HUNDREDS WENT AWAY UNSATISFIED

In consideration of this, and the fact that the contractors are not quite ready to start remodeling, Mr. Stone announces that he will continue the **SALE ALL THIS WEEK.** The same discount and price list, and the same sweeping reductions in all lines of clothing and furnishings. Price List:—
