Personals

Mr. R. F. Merlin of Halifax was in town on Tuesday.

Mrs. Phinney of Bear River, is in town visiting her daughter, Mrs. A. E. Donlop.

Prof. Haley and Prof. E. W. Sawyer of Acadia, were in town on Wednesday.

Mr. C. E. Dodwell, government engineer of Halifax was in town on Wednesday.

Miss Hattie Reid of Spring Mill has been spending a few days in Bridgetown.

Miss Rooney of Windsor is the guest of her brother, Mr. James Rooney of this town.

Mr. J. Stanley Elliott who has been in Boston during the last two months arrived in town this week.

Miss Mary Lockhart of Middleton, is visiting her parents, Mr. and Mrs. Wm. Lockhart, Forest Hill, for a few weeks.

Mr. A. Judson Westover and bride arrived in town on Tuesday from Digby. They will make Kentville their home.

Miss Maggie Roop M. A., for several years vice principal of the Lunenburg Academy, has returned to complete her studies at Harvard University.

Windsor has contributed \$100 to the Nova Scotia Soldiers' Memorial.

The funeral of the late Mr. Harry Kiteup was held yesterday, at the Oakes.

Mr. J. J. McCaffry leaves in a few days for his home at Toronto, Ontario for a visit.

The annual Board of Trade meeting will take place in Music Hall next Monday evening.

Rumor has it that our recently returned hero is to join the ranks of one of our popular young men in the near future.

The marriage of A. W. Ginter of Boston and Miss Ellen Ginter, only daughter of Mr. Ginter, Middleton N. S., was celebrated at Melrose Highlands on Wednesday.

Miss Birdie Elderkin, daughter of Mr. and Mrs. E. B. Elderkin of Amherst and Mr. Crowell of North Sydney, were married Wednesday morning, the 9th inst., at the home of the bride's parents.

Canada uses about 25,000,000 pounds of tea a year and in the Atlantic provinces no other brands have so extensive a sale as the four grades of Union Blend at 25, 30, 35 and 40 cents a pound. A key and card of explanation in every packet.

Kentville Board of Trade.—The Eight Annual meeting of the Kentville Board of Trade will be held in Music Hall on Monday night Jan. 21st 1901 at 8 o'clock sharp. A full attendance is requested. Order of business will be election of officers and a review of the year's work &c.

George E. Calkin,
Secretary.

A little "go as you please" affair occurred at the station on Thursday morning when the Prince Pro Tem concert company were taking their departure. Several of the company arrived at the station in time for the train and not seeing the rest went into the station. They had not arrived when all aboard was sung out, but after the train had started they were seen coming up the platform at a great rate. This was noticed by the party who had the company here and he at once notified the superintendent who sent word down to stop the train. When the message reached the conductor the train was well out but the train was stopped when nearly at the shed. The concert company then boarded the Canning train which took them out to the express.

PROPERTY TRANSFERS

Sheriff Belcher has conveyed to Mr. John A. de Wolfe of Canning, the Simmonds Cpk place for the sum of \$1160.

Mr. Clinton F. Bigelow of Centreville, has sold to Harry H. Griffin of Woodville, a tract of timber land for \$1000.

Halifax has declared a crusade against vice.

WEDDING BELLS

RYAN-O'KEY

The marriage of Miss Olivia Violet youngest daughter of Mrs. Wm. O'Key of "Elmsdale" Port Wms. to J. Wilfred Ryan the popular and efficient manager of the Glace Bay agency of the C.M. on Bank of Halifax, and son of Mr. J. W. Ryan of this town, was performed last Tuesday afternoon at the home of the bride's mother. Rev. Father Holden officiating. The bride who was given away by Mr. Peter Innes, looked very handsome in a travelling dress of brown cloth and tomato colored velvet with hat to match. Miss Eva sister of the groom acted as maid of honor and was dressed in green velvet and pink chiffon. After a sumptuous repast the party drove to Kentville where the train was boarded for Halifax, thence to their future home in Cape Breton. A large number of friends gathered at the station to extend congratulations.

KA-NU-TA CO.

The Ka-No-Ta concert and medicine company spent last week in Canning and had quite a successful time there. Their entertainments were much enjoyed and they have several testimonials for their medicine.

Prof. Herman and the Company came to Kentville on Tuesday and will remain at the Opera House until after Monday night. They give free performances except banner nights, Thursday, Saturday and Monday when a fine performance is given.

Prof. Herman says by the use of the medicine he is advertising he has taken 361 tapeworms from people in 11 years—some being over 100 feet long. While in Canning he treated Mr. John R. Cain and removed one 27 feet long. It was different from all other tape worms he had ever seen being round instead of flat but with the usual segments.

Prof. Herman does many wonderful tricks which he will expose on Monday night. He has a good pianist, a fine all round comedian and a wonder, 30 months old who sings and dances, etc.

Strathconas to Return

A cablegram received January 14, from Col. Biggar, Cape Town, reads:—Strathconas sail for Halifax about 21st. This announcement of the approaching departure from South Africa of the force raised by the Canadian High Commissioner creates surprise. It was generally expected that the Strathconas, who have proved most useful in the Boer war, would remain until there was no further need for their services. Evidently one of two things have happened. Either Lord Kitchener deems the force stands in need of a rest after its arduous service at the front, or the men themselves have grown tired of the warfare and indicated a wish to return home.

FARMS WANTED

We have a call for purchase of several good farms well situated in the County. All who have good fruit farms for sale from \$2000 to \$6000 should correspond with us and get our terms for selling. It costs nothing if no sale is made. Write us for particulars immediately.

Kentville Real Estate Agency

Moncton city Council has passed a general resolution offering exemption for 20 years to any company starting a manufacturing concern there employing \$50,000 or more capital.

The army canteen is to be abolished in the United States. The Senate on Wednesday concurred in the House division relative in the army canteen. Only fifteen votes could be mustered in the Senate in favor of the canteen, while thirty-four votes were cast against it.

GREAT HORSE SHOW ON FRIDAY DEC. 14, 1901

Annapolis Valley papers please copy

The farmers of Nova Scotia meet in Kentville the last of January, they all have heard of the good horses that are to be found in Kings County and it is proposed that anyone having some nice stock should drive into Kentville on Friday afternoon, Feb. 1st. Every speedy stallion should be on exhibition that day as well as all good roadsters and draft horses. It should be a big show day, so join the procession.

For 50 cents you can join the Farmers Association and have a chance to vote for the new officers on Friday morning. All meetings are free and open to the public.

You Can Flake This Test

You can find out if the kidneys are clogged, deranged and diseased. Have you backache or a weak, lame back? Do you have pain or difficulty in urinating or a too frequent desire to urinate? Are there deposits like brick dust in the urine after it has stood for 24 hours? If you have any of these symptoms not a moment should be lost in obtaining Dr. Chase's Kidney-Liver Pills, the world's greatest kidney cure. One pill a dose, 25 cents a box.

BORN

At the home of Leonard I. Porter Esq. Jan. 11th 1901 to Mr. and Mrs. Bruce Boylan a son.

At Upper Canada Jan. 12th to Mr. and Mrs. A. L. Clerk a son: At Kentville Jan. 3rd to Mr. and Mrs. H. Gifford a son.

DIED

FULLER.—At the residence of Ebenezer Loomer, Pleasant St., Aylesford, Jan. 1, 1901, Mrs. Ann Fuller, relict of the late J. Leonard Fuller of Weston, Cornwallis, aged 88 years and 2 months.

NEW MINAS

Our village has been unusually quiet this winter, so that items have seemed quite scarce, but perhaps we can find a few at this time, to let the readers of this valuable paper know that we still exist.

Saturday's big snow storm housed us all on Sunday, but Monday breaking roads was the order of the day, something unusual for New Minas to resort to, and we noticed a new snow plough being used, which done excellent work.

The farmers have been busy shipping apples this week and they begin to feel quite encouraged as the returns for their fruit have been rather better of late, long may it continue.

Mr. C. H. Turner met with quite a painful accident one day recently, being kicked in the knee by his horse but he is able to be around still.

Mr. and Mrs. F. B. Mallet entertained a number of their friends, very pleasantly, on Monday the 7th inst.

Mr. and Mrs. Byron Bishop of Dartmouth, paid a brief visit to the former's parents, Mr. and Mrs. Ainsley Bishop at the first of the year.

Mrs. S. Wallace has been visiting relatives in Billtown during the past three weeks.

Mrs. Weeks of Dartmouth, who has been visiting her sister, Mrs. J. A. Fuller, returned to her home last week, accompanied by her son, J. Weeks who was a guest at J. A. Fullers over Sunday.

Mr. and Mrs. A. N. Griffin visited Mr. and Mrs. Baker of St. John, during holidays.

Our Teachers have returned to their schools, after very pleasant holidays, spent at their respective homes.

We have had quite an amount of sickness in our community since the New Year dawned but we are glad to report all as convalescent at present. Mr. Harry Witter is slowly recovering from a severe attack of Typhoid fever.

Mr. Henry Fitch who has been confined to the house for some time is again able to be out.

Master Jason Forsythe, son of our genial blacksmith, has been quite ill during the past few weeks but is now improving.

Our community has been saddened this week, owing to the sudden death of one of our esteemed citizens, Mr. Harry Kileup, which occurred on Monday morning, at his home here, after an illness of only two days. The deceased was for several years driver of the old stage coach between Winsor and Annapolis, but recent years has been in the employ of the D. A. R., he leaves a widow and family and a large circle of friends. We extend our heartfelt sympathy to the bereaved ones. Jan. 15th, 1901.

WHITE ROCK

Miss Ferguson of Gaspereau was the guest of her aunt Mrs. C. N. Bishop over Sunday.

Mrs. Daniel O'Leary has returned from a visit to friends at Hall's Harbor.

We are sorry to report Miss Edna Collins on the sick list. Her many friends hope for a speedy recovery.

Mr. Thomas Cooney of Mass. spent a few days at Mr. W. J. Cohoon's recently.

Miss Edie McInnis of Steam Mill was the guest of Miss Cinda Hennigar during the past week.

The young people of this place have organized a Crokinole Club and in-

tend meeting in the hall every Friday evening.

Mr. J. F. Cohoon who has been visiting friends in Queen's Co. has returned home.

Lily of the Valley Division met with W. R. Division on Wednesday evening last and a most enjoyable evening was spent. The programme was well rendered and after a collation was served the friends dispersed arriving at their homes in the wee small hours of the morning.

A New Steamer

Potter Bros. of Canning Building a Vessel for the St. John Minas Basin Route.

J. H. Potter, of the firm of Potter Bros. of Canning, is in town making arrangements for the purchase of the machinery for the new steamer which his firm and the other owners of the Beaver propose to put on the route between St. John and Basin of Minas ports. The timber for the hull is being got out, and the steamer will be built at Canning. Her dimensions will be: Keel, 96 feet; length over all, 105 feet; beam, 23 feet; depth, 8 feet. It is expected the steamer will be able to steam between 10 and 12 knots. She will have accommodation for 24 first class passengers, and will be able to carry about 1,200 barrels of cargo. The steamer will probably be launched early in July, but at the latest she will go on the route about the first of August. The Messrs Potter have not made, nor do they intend to make, any demand upon St. John merchants for assistance, but if any of them see fit to invest in the venture their aid will be much appreciated. The boat will be built and put on the route even if St. John men fail to help the concern out.—"St. John Sun."

What are you doing with the dog? I'm going to weld it on my law mower. Then I'll always know which of my neighbors has it.

A Woman's Troubles.

Mrs. Chas. Keelley, 852, Owen Sound, Ont., writes:—"It is a pleasure to tell what great benefits I have derived from the use of Dr. Chase's Nerve Food. I am 55 years of age, and for about five years my life was one of great suffering from nervousness, sickness and extreme physical exhaustion. I could not sleep, and hot fluids would pass through my body from feet to head. I consulted our family physician and two other doctors, but they told me that about my time of life I was likely to be troubled in this way. I continually grew worse and despaired of ever being cured. Dr. Chase's Nerve Food came to my notice, and as we have Dr. Chase's Recipe Book I had confidence in the doctor. I was so surprised at the help I received from the first box that I bought three more. They built me right up and made me feel healthy and young again. They have proven a great blessing to me, and I hope this testimonial will be of help to some weak, nervous woman suffering as I did."

Dr. Chase's Nerve Food.

Six months ago pounds of rice were rattling on their bridal carriage. Where are they today? Living in a parret and eating oatmeal.

Mr. Beechwoodwood—China is called the Flower Kingdom. I believe? Mr. Homewood—Yes; but it is a wilted flower now.

For Pain

Johnson's Anodyne Liniment is a for inflammation in every form, and can be used on to reduce it more rapidly than any other medicine, whether used internally or externally. Rub it into the affected parts or drop it on a piece of gauze and apply it. It is equally effective for the numerous pains and aches caused by inflammation.

JOHNSON'S Anodyne Liniment

was originated in 1810 by Dr. A. Johnson. Cures colic, cramp, diarrhoea, cholera morbus, bites, bruises, lacerations, chafing, eczema, colds, croup, catarrh, bronchitis, influenza, lameness, muscle soreness, and pain and inflammation in any part of the body. In two size bottles, 25 cts. and 50 cts. If your dealer hasn't it, write to:
J. S. JOHNSON & CO.,
23 Custom House St., Boston, Mass.
Our 24 page book, and free "Treatment for the Sore and Care of the Sick Room."

THE ADVERTISER

The Testing of the vitality of Seed at the Central Experimental Farm

To the Editor,—

The past season has in certain localities been unfavourable for the perfect maturing of grain. In some districts it has been injured by rain during harvest or from being stacked before fully dry, thus causing it to sprout or heat, while in other localities it has suffered more or less from early autumn frost. When exposed to either of these conditions cereals are apt to lose a portion of their vitality or to have it so weakened as to produce when sown an unsatisfactory growth. The character of the crop is greatly influenced by the quality of the seed used, and to obtain the best results it should have its germinating power unimpaired, so that when placed in the soil the young plants may make a prompt and vigorous start. Hence it is very important that farmers should ascertain whether the grain they are holding for seed possesses the vitality necessary to produce a good crop.

By instruction of the Honorable Minister of Agriculture, provision has been made whereby the vitality of seed can be ascertained without cost to the individual, and any farmer in the Dominion, who may have any variety which he desires to have tested can get the information he seeks, by forwarding to the Director of the Experimental Farms, Ottawa, samples of such grain or seeds. Samples may be sent free through the mail and an ounce or two is sufficient for the purpose. About two weeks are required to complete a test. It is hoped that all who desire to avail themselves of the provision offered will send in their samples early so that the work may be completed in good season.

WM. SAUNDERS,
Director Experimental Farms,
Ottawa, December 26th, 1900.

Belonging to Von Ketteler's Murderer a Grievous Sight

The New York Sun has the following special despatch from Pekin:

The murder of Baron Von Ketteler, the German minister, was beheaded yesterday in Hataman street, the principal thorough fare of the capital. The execution, which was under German supervision, took place at the busiest hour of the day. A great crowd was present. German troops kept order.

The murderer was made to kneel on his hands and knees in the middle of the street, and he was kept in that position for half an hour awaiting the arrival of German officers who wanted to see the execution. In the meantime the executioner, sword in hand, and his assistant stood beside the condemned man. They each wore bloody clothes. The pair had just officiated at eight other killings, and did not have time to wash.

The man who was so soon to die was cheerful during the period of waiting. He said that his name was an honored one, and that he was an honest man.

Upon the arrival of the German officers, the assistant executioner made a double wrap of twine around the man's neck, crossing the string under his chin. He then pulled on the twine and the man quene, stretching his neck to the utmost. Meantime the executioner put a knee between the man's shoulder blades and his hand on his head. Then he jumped hard, shoving the culprit's face into the dust, after which he stepped back took his sword and chopped his head off. Two blows were required to sever the head, which was subsequently placed in a cage and hung over the street.

The murderer was a soldier. At the outbreak of the Boxer troubles he was stationed in Hataman street, with orders to shoot any foreigner who tried to pass. The killing of Baron Von Ketteler was done in obedience to these orders. It is admitted by foreigners, including Dr. Mumm Minard's Liniment Cures Diphtheria.

von Schwartzstein, the present German minister, that the man would not have been executed in a European country.

Rheumatism.

Nobody knows all about it; and nothing, now known, will always cure it.

Doctors try Scott's Emulsion of Cod Liver Oil, when they think it is caused by imperfect digestion of food. You can do the same.

It may or may not be caused by the failure of stomach and bowels to do their work. If it is, you will cure it; if not, you will do no harm.

The way, to cure a disease is to stop its cause, and help the body get back to its habit of health.

When Scott's Emulsion of Cod Liver Oil does that, it cures; when it don't, it don't cure. It never does harm.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

SCOTT & BOWNE,
Chemists,
Toronto.

OUR BOARD OF TRADE

The eighth annual session of the Kentville Board of Trade will be held in Music Hall on next Monday night and it is hoped that every member will be present.

The Board since its organization about eight years ago has done much for the general welfare of the town and also for the county. Those who have kept in touch and taken part in its operations feel sure that to a marked degree it has fulfilled the mission for which it was organized.

The future benefits of the Board depends upon the amount of energy and aid that the members give.

Every citizen over eighteen years of age should be an active member.

We have had energetic and qualified officers in charge the present year and previously. On Monday night it is hoped that fully as good officers will be selected.

MARITIME SCHOOL OF AGRICULTURE AND HORTICULTURE

The members of the local governments of the Maritime Provinces met in a conference at Halifax on Wednesday. The subject of their deliberation was our heading to this article. The matter of a school of Technology was also considered but we believe it has been dropped for the present and the School of Agriculture and Horticulture will probably have some definite shape before the conference closes. We hope to announce in a short time that a school worthy of the three Maritime Provinces will be immediately established in the place best suited for such an institution. That place, of course is in the centre of the Annapolis valley.

RECEPTION AT CANNING

The reception given by the Foresters and citizens of Canning to their returned soldiers last Monday evening was a harmonious and joyful affair.

At 8 o'clock the large dining room at the Waverley house was filled to overflowing. The room was gaily decorated with flags and festoons. At the head of the table hung a large picture of the Queen, and on each side were the names of Hubbard and Sanford in large letters. A large Union Jack crossed the picture on top and falling on each side draped the names of the two "soldiers of the Queen." In the other end of the room hung a life-size bust portrait of Lieut Harold Borden, draped around with the flag he loved so well.

E. B. Eaton, presiding officer of the Court Militant, I.O.F., presided and there sat on each side—Hubbard, Snyder and White, Sanford Beckwith and Chaplain Cox, next our local military officers in uniform, the clergy, the Foresters, and the citizens. After doing justice to what was provided for the inner man, the following toasts were drunk and responded to:

The Queen—National anthem.
Our guests—For they are jolly good fellows. Responded to by all the soldier boys, who were listened to with great interest.
Our imperial forces—Major E. M. Beckwith.
Our militia—Major Northup and Lieut. Harris.
Canada's part in the empire—Dr. J. W. Miller.

The I.O.F.—E. B. Eaton, I. S. Blankhorn and G. W. Parker.
Town of Canning—J. E. Hennigar and N. W. Eaton.
Our mercantile interest—H. H. Cochran and Capt. A. Potter.
After this all found their way to large office room, where Rev. John Johnson, on behalf of the citizens, presented Troopers Sanford and Hubbard with twenty dollars in gold to each.

Then followed Mr. Dukeshire, principal of the school, who presented Trooper Hubbard with the Halifax Herald's cheque for \$20 from the school children's fund. A few weeks ago Sanford received the like amount from the same fund. After an address by Rev. Mr. Hutchins and short speeches from Sanford and Hubbard, the rest of the evening was used in listening to music by Prof. Gordon, Bishop, Northup and others.

BOER FORCES JOINED

London, January 17.—The important report received from Johannesburg that General Dewet has crossed the Vaal and joined forces with the Transvaal commandoes, if true, probably means the concentration of 7,000 Boers, with several guns, for another big attack. There is a rumor current in Cape Town that several Boer leaders are urging an attack upon the mines. It has long been understood that General Dewet has been anxious to join the invaders in Cape Colony, and this rumor may be spread to cover an attempt to break southward.

The War office issued no fresh news yesterday. Response to the government's call for volunteers is said to be very brisk in both London and the provinces. Defensive measures in South Africa proceed apace. 7,000 men have joined the city guard in Cape Town, and 3,000 others have volunteered in the suburbs. An additional big gun has been mounted on Table Mountain. A small Boer commando entered Sunderland, cut the telegraph wires, looted the stores and then proceeded northward.

COUNTY COURT

The January term of the County Court opened at Kentville on Tuesday morning. His Honor Judge Chipman presiding. The local members of the bar were present and Mr. A. V. Pines of Wolfville.

The case of E. J. Bishop vs Percy Hazlwood was called and judgment entered for defendant by consent of counsel.

Queen vs Amos Cassidy an appeal case was settled.

Benjamin Burgess vs Burgess Wallace, was continued to the next term by consent.

The case of The Queen vs Yates et al students at Acadia University was taken up. This was an information laid by Miller Porter policeman of Wolfville for obstructing sidewalk etc. on Saturday Nov. 10th. Mr. A. V. Pines acted for the prosecution and Messrs. Roscoe Q. C. and Dunlop for defence. Several witnesses were examined for the prosecution on Tuesday and on Wednesday several of the students were examined. There are many witnesses yet to be heard and the case was continued from Wednesday afternoon to today, Friday.

ELECTRICAL LECTURE

Mr. W. D. A. Ryan formerly of Kentville, now electrical engineer residing at Lynn Mass., delivered a lecture in December and we copy a report of it from the Lynn Daily Item.

W. D. A. Ryan addressed the Lynn General Electric Engineering Society in Fraternity Hall, Friday evening, on "Open and Enclosed Arc Light," from a photomicroscopic point of view. He explained the theory of sound, heat and light, the mechanical and chemical waves, ether transmission, spectrum light, illustrating with diagrams, also showing vibrations of 400,000,000,000 and 700,000,000,000 per second. He explained the effect of white light on the retina and optic nerve, and also light with red, green and violet predominating, and explained the similarity of arc light and daylight, and their effects, also the laws of radiation, illustrating by diagrams. The speaker illustrated the polar coordinate curves and illuminative curves, showing the distribution of light in various lamps. He explained the principal characteristics and efficiency of open and alternate and direct and enclosed lamps, also the effect of light falling on different colored fabrics. He closed with an explanation of the distribution of light by 10 ampere open arc and distribution of light by 15 ampere open alternate and distribution of enclosed, open and alternating lamps. The speaker was listened to with attention by the large audience of engineers present.

FRUIT DEALERS ARE ANGRY

The wholesale fruit dealers of St. John are in revolt against the apple packing firms of Nova Scotia. They claim that this city and other provincial ports are being made a veritable dumping ground for the poorer classes of apples, while the best fruit is shipped to England and Europe. It seems as though this fact has been a thorn in the flesh of trade for a long time, but the impetuous has grown to be so flagrant since the last crop of apples that some action is to be taken against it. The dealers claim the very best and highest priced apples that come to St. John are almost invariably of an inferior grade. The first two or three layers of the barrel will be good, second fruit, but from there to the bottom "scrubs" are to be found. Complaints have come in from retailers in hundreds of instances, but the wholesalers can only explain how they are being duped and oftentimes lose money by their transactions.

The apple growers and packers of Nova Scotia are doing very unfairly by the home trade the dealers claim, and the matter will be brought up for consideration at a meeting of the Board of Trade, and possibly it will be carried to the Maritime Board. An inspector is what the fruit men want and what they will struggle for in hopes of putting down what they claim to be a commercial evil.—Sun.

The Canadian Part

During the past week the part which the Canadian soldiers took in the capture of General Cronje at the battle of Paardeberg has been told and retold by the greatest authority on the subject, General Roberts, and several of his leading officers. The picture which is given free by the weekly Globe to its yearly subscribers is pronounced by those who were there a very accurate description of the scene.

A sample of it can be seen at this office. It should be in every home in Canada.

The premier of New Brunswick and Attorney Gen. Pugsley and the premiers of Nova Scotia and Prince Edward Island meet in Halifax this week to discuss the technical and agricultural conditions for the province.

The Vice of Nice has arrested Prince Victor Nicholas, Russian, on the charge of plotting to take the life of the Czar on the latter's supposed approaching visit there.

The report of the department of the interior shows that from January 1st to June 30th, 1900, the immigrant arrivals in Canada totalled 23,395, and of these 8,543 were from the United States.

The December monthly casualty list of the Boer war shows that from the beginning of the war to the end of December, 1900, 12,158 officers and men have been killed in action or died of wounds and disease. During December 295 officers and men were killed in action or died of wounds and 481 died of disease or were killed accidentally—a total death list for the month of 779.

A large number of Acadia students were in town on Tuesday and Wednesday attending County Court. They were interested in one of the cases mentioned in our report of the County Court.

E. J. BISHOP

ACADIENSIS

A new and attractive quarterly entitled *Acadiensis* has just been issued and we have the initial number before us. This magazine is published under the auspices of the Acadian society, which includes among others the names of Wm. Bayard Esq. M. D., Hon. J. Gordon Forbes, Rev. D. J. Fraser, Dr. A. A. Stockton, Rev. W. C. Gaynor. The object appears to be mainly historical but other topics will be dealt with. The subscription price is \$1 per annum, published by R. D. Jack, St. John.

The title of the book is explained in the salutatory article.

"Acadia is the title now recognized by the scientific world as applying to the territory embraced within the area of the Maritime Provinces, including a small portion of the Province of Quebec and the State of Maine, immediately adjacent. This is precisely the ground we wish to cover. Any matters relating, in whole or in part, to this extent of territory, its people, its past history or future prospects; any literary, or other productions of the people who live within its borders, dealing with outside matters; or contributions from those residing abroad, and treating upon

Acadian matters, will come within the scope of this magazine.

We have a large list of good farms from \$2,000 to \$10,000 for sale in the Annapolis Valley all who want a farm should communicate with us at once.

Mr. Gerald Ward has been appointed night watchman at the D. A. R. shops.

Mr. Harry L. Dennison, barrister, of Digby, spent a few days of this week in town.

The Conservatives will meet at Ottawa on February 5th, when a leader will be chosen.

The special meeting of the Town Council which was called for last Wednesday evening was postponed until Monday the 21st inst.

A unique feature of Kitchner's fighting scouts is the enrolment of 300 Marabel camp followers for riding and leading the spare horses. This is likely to renew the color agitation.

A large number attended the dance given by the Pastime Athletic Club in their rooms last Monday evening. After several hours of dancing a supper was partaken, after which the company broke up.

Report says that Sir Henry McCullum governor of Newfoundland will be succeeded by Sir John Brampton who was chairman of the royal commission of enquiry into the French shore question in 1898.

The marriage of Foster Blaikie to Miss Maggie E. Gonde took place at Truro on Monday, January 14th. Mr. and Mrs. Blaikie came to Kentville on Monday evening and remained here until yesterday, when they left for their home in Truro.

Some time ago Gen. DeWet witnessed the burning of his farm which was done by Lord Kitchner's men, and since that time the Boer general has sworn that he would not give up until he himself or Kitchner had been killed. A proposal to surrender to him would be useless.

The Prince Pro Tem company played to a very good house on Wednesday evening. The play was a very laughable vaudeville and the singing of different members of the troupe was excellent. The whole performance from start to finish was interesting and the costumes were very fine.

An application will be made at the next session of parliament for an act to incorporate a company to be called the Nova Scotia Central Railway Co., with all necessary power to construct a line of railway or tramway from New Glasgow to a point on the southern shore of the province, running through the counties of Pictou and Guysboro.

Judge Savary of Annapolis sentenced Arch Connors on Wednesday to seven years in the penitentiary with hard labor, six years for stealing a barrel of flour from a D. A. R. car near Digby, and an extra year for endeavoring to assault the prosecutor, H. T. Warne, during a recess in the trial.

The name of the battery to which our brave officer R. H. Ryan is attached is the Canadian Scouts and Colt Gun Battery, Pretoria. He is a captain in the above and from what we know of the Canadians in war we shall expect to hear something of importance from the efforts of this body of men under such able leaders as "Gat" Howard and Capt. R. H. Ryan.

Lord Roberts has for the present declined to accept the sword which the city of Portsmouth intended to present him in a few weeks. He says: "It is most distasteful to me to be honored and feted and called upon to rejoice while so many are in bitter grief, and before we can properly return thanks that the cloud is being rolled away which has for more than a year darkened the homes and crushed the hearts of so many in our country."

THE LAST FAREWELL

(Lines suggested by the picture accompanying the Christmas number of the Toronto Globe.)

There are many graves in Africa. But our heart goes out to one. Where they laid the dead of our land When Paardeberg's fight was done; O! the wire-flash'd news from Britain. How it thrilled us with the cost Of all that this grave in Africa Had for us won and lost. Won for the Land of the Maple The victor's laurel crown. Won for Queen and empire Now prestige and renown: Won for us all a story To nerve each steady hand. Should the distant years bring battle To our own dear cherished land. Lost to us glad home comings Of the brave lads gone so far, To fight our England's battles 'Neath Africa's southern star: Lost to some homes a brother— A son—or perhaps a lover— God pity them all! In this grave so small Lies buried each hope forever. Hats off to the heroes fallen. The pride of our northern race; They died with the right foot forward And the foeman face to face; And now in one grave together They sleep till the war is past And Canadians over the water Shall bring them home at last. Hats off to the boys surviving Each at his county's call; And the years shall roll on the story Till history's page is done. The story of Paardeberg's battle And the way the field was won. J. F. Delaney. Montreal, Dec. 9, 1900.

She Fleat Well

Last summer a woman shipped her husband's remains and a dog over a Dominion RAILWAY. At a station she appeared at the door of the baggage car to see how they were getting along. How does he seem to be doing? she asked with a sniff. Who, the corpse? inquired the baggage master kindly. No, the dog. Oh, he's comfortable, replied the baggage man. Anybody been sitting down on him? Who, the dog? No, the corpse. Certainly not, answered the baggage man. Does it seem cool enough in there for him? For who, the corpse? No, the dog. I think so, grinned the baggage master. Does the jolting appear to affect him any? Affect who, the dog. No, the corpse. I don't believe it does. You'll keep an eye on him won't you? she asked wiping a tear away. On who, the corpse? No, the dog. And having secured the baggage man's promise, she went back to her coach, apparently contented. The robbery at Moncton of a mail bag containing \$1,200 of Intercolonial Railway checks has been reported to the Postoffice Department, and efforts to trace the thief are now being made.

Catarrhazone An Efficient Asthma Remedy

Innerkip, Ont.—"Catarrhazone is certainly a very efficient remedy for Asthma. I have derived great relief from its use. A neighbor also, to whom I gave a trial has been benefited to a similar extent." Mrs. Ed. Callan. No greater boon has been extended to sufferers from Asthma. Catarrhazone is as certain to cure as anything in this world can be certain. Its effect is immediate and its prolonged use results in a radical cure. Several hundred testimonials from sufferers of this malady, enables us to make this strong claim. A trial will certify this. Sold by all druggists or sent postpaid to any address in Canada or United States on receipt of \$1.00. N. C. Polson & Co., Kingston, Ont., Hartford, Conn.

Somebody broke into my stable last night and stole my best harness. Didn't he leave any trace? Nop. He took the traces and all. Minard's Liniment Cures Colds, etc.

La Grippe's Victims

ARE LEFT WEAK, SUFFERING AND DESPONDENT

A Nova Scotian Who Was Attacked Almost Gave Up Hope of Recovery—His Experience of Value to Others. From the Enterprise, Bridgewater, N.S. Mr. C. E. Johnson is about 28 years old, a gold miner by occupation, is well known about the mining camps in these parts and is thoroughly posted in his business. Not long since Mr. Johnson chanced to be in Porter's drug store, in Bridgewater, when a case of Dr. Williams' Pink Pills was being opened, and he remarked to the clerk: I saw the name when a dozen boxes of those pills were of more value to me than the best gold mine in the country. A reporter of the Enterprise happened to hear Mr. Johnson's rather startling remark and asked him why he spoke so highly of the pills. Mr. Johnson's statement was as follows: About four years ago I was attacked with la grippe which kept me from work about three weeks. I did not have it very hard apparently, but it left me weak all the same. After losing three weeks I concluded to go to work again. The mine I was working in was making a good deal of water and I got wet the first day. That night the old trouble came back, with the addition of a severe cold. I managed to get rid of the cold, but the whole force of the disease settled in my stomach, kidneys and joints, and boils broke out on my body and limbs. My back was so weak I could scarcely stand a mile, while food in every form distressed me, and I became so nervous that my usual noise would overcome me. I tried several sorts of medicines, but none seemed to do any good. I next went to a doctor. His medicine helped me at first, but after a short time lost its effect. He then changed the medicine, but with no better result. About this time a clergyman also called at the house advised me to try Dr. Williams' Pink Pills. I got a box and used them, but they did not materially benefit me. I had not been some weeks ill and was feeling desperate. A friend strongly advised me to go to a hospital for treatment and I had just about decided to do so when an acquaintance, learning I had taken but one box of the pills suggested that I should try three boxes more before giving them up. The matter of money decided me on trying the pills again. I got three boxes and when used I was quite a bit improved. Could eat light nutritious food, slept better, and felt noticeably stronger. But I was still an unwell man. As the pills were doing a good work, however, I sent for eight more boxes. I continued using them till all were gone. When I felt that I was restored to health. All my stomach trouble had disappeared, I was fully as fleshy as before the first attack of la grippe, my nerves were solid as ever, and I know that work would give strength to my muscles. So, after about six months, I went to work again and have not had a sick day since. One dozen boxes of Dr. Williams' Pink Pills saved my life and gave me better health since than I had before, and that is why I said they were worth more to me than any gold mine, for all that a man has he will give for his life. Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. If your dealer does not keep them, they will be sent post paid at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville Ont.

Last year at this season there were twelve or fifteen Prince Edward Island schooners laid up at Halifax with cargoes of potatoes to be opened up in the spring. This year there are only three or four such vessels, so that when the demand comes in the spring there is likely to be a shortage and the cargoes are that prices will then be higher. In the meantime quotations are unchanged and nominal. The last figures mentioned were 28 and 30c for P. E. Island stock and 35 and 40c for Nova Scotia and New Brunswick.

DR. A. W. CHASE'S 25c CATARRH CURE

Send direct to the discoverer by the Improved Flower, Health the throat, clear the sinuses, stop droppings in the throat and permanently cures Catarrh and Hay Fever. Beware of cheap imitations. Sold by all dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

THE BOYS WE NEED

Here's to the boy who's not afraid To do his share of work; Who never is by toil dismayed. And never tries to shirk. The boy whose heart is brave to meet All lions in the way; Who's not discouraged by defeat. But tries another day. The boy who always means to do The very best he can; Who always keeps the right in view. And aims to be a man. Such boys as those will grow to be The men whose hands will guide The future of our land; and we Shall speak their names with pride. All honor to the boy who is A man at heart, I say; Whose legend on his shield is this: "Right always wins the day." —Sel. by W. N. Tenney.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. E. W. Grove's signature is on each box.

The first three offers figure up at \$7 and we offer them for \$4. Others are as good offers. Success is a favorite New York monthly 48 pages at \$1.00 per year. Current Literature is a New York monthly of 10 pages at \$3 per year and should be in every literary home. It has a big circulation. Remit now to us while the offer stands.

The Advertiser.

KENTVILLE.
The Halifax papers announced the sudden death, in that city, on Sunday of Mrs. Howard Bligh, at the age of 56 years.

FRUIT GROWERS, ATTENTION

Mr. J. Elliot Smith, of Wolfville, has received the following letter from an apple agent in London, which will be of interest to Nova Scotia fruit growers:

At some late meeting of the F. G. A., I noted the subject of a Standard barrel and taking under Government inspection had an airing. There is room for another barrel on packing.

Passing down Shaft-bury Avenue this p.m., I was attracted by a newly opened barrel of Baldwins, and seeing it was a N. S., six-boxed or similar barrel, I stepped in and asked permission to dig down into the barrel. The top layer was a fairly good No. 1. Immediately beneath came No. 2, and further down came inferior 3's, small, green and bad-shaped. Seventeen shillings was paid for the barrel. The barrel was branded No. 1 Baldwins. (L. J. A.) W. Brown. No residence. Not only should the law compel every man to put his name, but his address as well. So that a buyer could not only report to the man from whom purchased, but to the president of the F. G. A., that the party may be traced up and asked which hand did it.—Morning Chronicle.

CHARACTER COUNTS

"Let a man tell you his story every morning and evening," said a famous Englishman in characterizing the newspapers, "and at the end of a twelve-month he will have become your master." What if the man is brazen faced, a chronic liar, one who rejoices in iniquity, and is utterly reckless in principle, who is thus welcomed daily to the home circle? Ought not a newspaper that is indifferent to truth, is self-seeking and has no regard for individual rights or for public morals, to be treated as you would deal with a scoundrel who seeks admission to your home and company? Let an unprincipled journal tell you its daily story, by an inexorable moral law you will in due time have an "evil spirit" for your master.

In the same connection we are reminded of an interesting lecture by an old journalist and member of Parliament, Mr. R. L. Richardson, of Winnipeg. "Character," said he, is just as essential for a newspaper as it is for a man who is dependent upon the public for support. It is therefore of as prime importance that an editor should guard the reputation and character of his newspaper as it is that an individual should guard his own reputation and character. If honesty is the best policy for an individual, it is, in an accentuated degree, the best policy for a newspaper. In a peculiar sense a newspaper belonging to the public, being in reality the creation of the public. In the lecturer's mind the best example of the value of preserving character in a newspaper is the history of the Montreal Witness, which the speaker regarded as perhaps the most influential journal in Canada. This he considered, was due to the sound, consistent, moral policy that had been followed, and the high ideals always held up by the Witness. It has invariably been found advocating sound principles, and it has adhered with such pertinacity to its policy that it has forced the respect of the public, and although an ultra-Protestant paper publisher in the Catholic Province of Quebec, Mr. Richardson ventured the assertion that it was respected by its religious opponents. Inasmuch as the newspaper is the historian of the day, it is desirable that it should be veracious and a faithful recorder of events."

Diseases of Children

Measles, Scarlet Fever and the many exhausting diseases of childhood, frequently leave the little sufferers in a weakened and debilitated condition of health from which it is difficult to rescue them except by the regular use of Dr. Chase's Nerve Food. This preparation is admirably suited to the requirements of children, and has such an invigorating and restorative influence on the system as to make weak, puny children healthy, plump and active.

The Health Promised

**By
PAINES CELERY
COMPOUND**

Comes as Surely as Light Follows Darkness

**Amongst the First Good Effects of
The Great Medicine are Firmer
Nerves and Completer
Digestion**

People who decide to use Paine's Celery Compound, should not entertain a doubt regarding the health-giving power of earth's most successful medicine. The health promised by Paine's Celery Compound, comes as sure as light follows darkness. Its good work has been vouched for by Canada's best people, as well as by our friends and neighbors. The use of Paine's Celery Compound means firmer and stronger nerves, complete digestive vigor, more regular bodily functions, brighter eyes, clearer complexion and sweeter breath.

Why defer the use of Paine's Celery Compound when the testimony of tens of thousands proves that the wonderful medicine encourages and strengthens the kidneys, ceases the blood of waste and poisonous matters that are direct cause of headaches, drowsiness, listlessness, melancholia and that run-down feeling that develops organic disease? Every man or woman whose nervous strength is overtaxed, should try the invigorating and vitalizing effects of Paine's Celery Compound the use of the first bottle will show wonderful and encouraging results.

Judge—Was the stolen articles gold or only gilt?
Prisoner—It was silver, sor. The guilt was all me own yer anner.

We are very glad to learn that it is proposed by the Dominion Department of Agriculture to encourage in every possible way the rearing and fattening of poultry for the great English market. A number of new fattening stations will be opened the coming autumn and the farmers in the vicinity will be visited this spring to induce them to raise as many as possible of the best variety of chickens for fattening. The Dorking male mated and well developed Plymouth Rock and Wyandotte gives the bird which is best liked by the feeders.—Co-operative Farmer.

Miner's Liniment Cures Garget a Cow.

AND IT CAME TO PASS

Exchange of courtesy, which, in the parlance of every well regulated railway passenger office, means nothing less than a pass over certain sections of the line or the whole system as the case may be, adds much work to the men of rates and destinations, but it is not frequent that acknowledgment is made in quite such characteristic form as in the following, received recently by the passenger department of the Canadian Pacific:

There are some who pass the bottle, there are some who pass away, or pass us by upon the street; or pass the time of day.

And some may pass a worrny plague, or some digestive riot, and some may pass a jack-pot, or an ace (upon the quiet.)

There are those who, in their anger make a quick pass at a foe—others pass examinations, sometimes when they do not know.

There are others who pass opinions in their self-conceit and pride, there are those—both priest and levite—those pass by the other side.

There are those who pass their rivals in all their struggles here below, there are others who pass people to the circus or the show.

But the boss-of-all the passes is the one that passes me from the shore of old Atlantic plumb to the Pacific sea.

Storied passes have been fought for by the legions fierce of old—and our boys are storming passes in the Africa land of gold; And the passing war is bitter, may it gain that perfect peace (that which passeth understanding when earth's bloody wars shall cease.) For I love not warlike clamor, though for some it hath a zest—and to me the pass Pacific far surpasses all the rest.

Sheldon's New Book

A new book by Charles M. Sheldon, the famous author of "In His Steps," never fails to excite the interest of thousands of readers. "Born to Serve" is the title of the latest book by Mr. Sheldon, and the advanced sheets indicate a very strong book indeed, one of thrilling interest to the thoughtful reader, one in which with a master's hand many of the cankers of social life, of domestic unhappiness, of the broader woman problem, of social reform at the vitals of society—are laid bare, with cultured delicacy, but none the less with graphic, unflinching truth. The Canadian rights have been secured by the Poole Publishing Company, Toronto, but as the story will not appear in book form for some time the publisher will run it as a serial in the Presbyterian Review, beginning with the issue of the 3rd inst., thus enabling the readers of that paper to have the most interesting work in advance.

THE YARMOUTH S. S. CO., LTD.

On and after October 6th, this Company will make Two Trips per week between Yarmouth and Boston, as follows, viz: Steamer "Boston" will leave Yarmouth every Wednesday and Saturday evenings; after the arrival of trains from Halifax.

DALHOUSIE

Another grave in the churchyard. William Holland in the woods with Law. Gaul had the misfortune to break his arm. In falling a small fir as he was pushing on it, his arm at full tension, a bare branch descended striking the arm above the elbow with the above result.

Work in the woods has begun with double vigor.

Councillor Gaul has left work and gone to attend the Municipal Council. He hopes he will do something for the road to Oakdene, which is a disgrace to a civilized community, and shows the esteem our natives are held in. Pleasant prospects for intending settlers. No wonder our young men go to the States.

Beautiful weather, clear and cold, with snow for the woods.

Supplies are being hauled to head quarters for the benefit of the 14 camps surrounding us.

We understand Mrs. Geo. Sheriffs of Lake George, intends moving to the U. S. in the spring. Another family leaving. We will soon be in the hands of the Boers sure enough.

27 men belonging to as many houses are far away from home at work, leaving their wives and helpless ones in charge. Still we have enough card players, jugglers and devotees of bacchus within our borders.

Good weather for ice cutting Jan. 12, 1901.

FARMERS ASSOCIATION

SUN.—I have heard it said that our Kings County Farmers will not take much interest in the annual meeting of the Nova Scotia Farmers Association that meets in Kentville Jan. 30th to Feb. 1st. I can hardly credit it. Being in Pictou county last year I had a chance to attend the meetings held in New Glasgow. It was a surprise to me, some 60 delegates from every county in Nova Scotia were in attendance, and the hall was packed each day with farmers from all sections of Pictou county. Now, I believe that our farmers here are as much interested in gaining knowledge as in any part of the province and I feel sure that the present session will be more largely attended than ever before.

Questions of vital importance are to be brought forward and the Minister of Agriculture and Experimental Farm experiments will be face with our most progressive farmers and fruit growers. Every session will be of value to those who attend. Let farmers and their wives plan to be present. Yours, Farmer.
Kingston N. S.

A New Steamer

Potter Bros. of Canning Building a vessel for the St. John Minas Basin Route.

J. H. Potter, of the firm of Potter Bros. of Canning, is in town making arrangements for the purchase of the machinery for the new steamer which his firm and the other owners of the Beaver propose to put on the route between St. John and Basin of Minas ports. The timber for the hull is being got out, and the steamer will be built at Canning. Her dimensions will be: Keel, 96 feet; length over all, 105 feet; beam, 23 feet; depth, 8 feet. It is expected the steamer will be able to steam between 10 and 12 knots. She will have accommodation for 24 first class passengers, and will be able to carry about 1,200 barrels of cargo. The steamer will probably be launched early in July, but at the latest she will go on the route about the first of August. The Messrs Potter have not made, nor do they intend to make, any demand upon St. John merchants for assistance, but if any of them see fit to invest in the venture their aid will be much appreciated. The boat will be built and put on the route even if St. John men fail to help the concern out.—"St. John Sun."

Majuba Day

The days between the 18th and 20th of February 1900, will be memorable in the history of south African war. The part taken by the Canadian troops on that day when the lion of the north—General Cronje—was forced to surrender will be spoken of as a work worthy of any regiment. The position they occupied is clearly depicted in the picture which the weekly Globe is giving free to its yearly subscribers. A sample copy can be seen at this office. It is certainly worthy of a place in every Canadian home.

A Stock Broker's office is to be opened up in Halifax by Mr. F. B. McCurdy who has been in the employ of the Halifax Banking Company.

Illustrated Lecture on the South African Campaign

Trooper W. H. Snyder of the 2nd Canadian Contingent will shortly start on a lecture tour of the Maritime Provinces. While this lecture will deal chiefly with the present Boer war he will also give a description of England and its famous show places also an account of St. Helena. Trooper Snyder has secured one of the best Stereopticons in the Maritime Provinces and will fully illustrate his lectures with over one hundred views, including among others: Mounted Infantry pursuing the Boers, British blowing up bridges on the Transvaal, Canadians cheering the Queen, Canadian battery fording a river, Removing the wounded, England's best fighting regiments, Boers resisting attacks, Night after a battle, Wounded going to Lady Smith and others of a similar nature. He will also present views of St. Helena, the home of Cronje and Napoleon.

His lecture will cover the time from his departure till his return including life as a trooper, on the line of march, in the firing line, Dutch characteristics, descriptions of Boer villages, impressions by the way. Life in England in a castle, particularly in Arundel Castle, where Trooper Snyder was a guest of the Duke of Norfolk, also descriptions of Westminster Abbey, St. Paul's Cathedral, Houses of Parliament, Tower of London etc. We feel safe in assuring our readers that this lecture will be well worth hearing, as any one who has followed Trooper Snyder in his different letters to our papers, know that he has been most observant of the different places he has visited. We will announce the date for Kentville later.

Blank Forms

We have for sale at the Advertiser office the following Blank Forms at the usual prices: Mortgages, Chattel Mortgages, Bills of Lading, Writ of Summons and a few Magistrate Blanks.

Our chattel mortgages have the proper affidavit attached. Send in your order at once.

Ainsley Johnson of black Rock Mountain before retiring to his room on the evening of the 7th just took with him a pot of hot coal, for the purpose of heating the room. He was found on Tuesday morning in an unconscious condition. Medical aid was called but he died soon afterwards.

The Ka-No-Ta Medicine & Concert Co.
