Vol. XL. No. 8.

WOLFVILLE, NOVA SCOTIA, FRIDAY, NOVEMBER 12, 1920.

\$1.50, payable in advance.

## Acadia Wins Championship

### Defeats Mt. Allison in Hard Fought Game

Acadia won the championship of the Western Inter-Collegiate League when they defeated Mt. Allison on the Campus here on Tuesday afternoon by the score of 6 to 3. The weather was ideal and the game was witnessed by a very large crowd, including a large number of rooters from Mt. Allison. The college band was in attendance and furnished a splendid program before the game and between the periods.

In the first period the visitors showed up much better than the local team and Acadia's chances looked slim. The Mt. Allison team worked like a machine and the Acadia players had great difficulty in securing the ball. However they put up a splendid defence and it was not until nearly the end of the period that A. S. Ferguson succeeded in getting a touch down for Mt. Allison, fairly between the goal posts. Although the try was an easy one Mt. Allison failed to convert. The period ended with the score 3 to 0, and the Acadia rooters looked glum.

The short rest seemed to buck up the local team and they returned to the field with the grim determination to turn the tables on their opponents. The play began with a rush by the Acadia men which carried the ball into the Mt. Allison territory. The local team continued its aggressive playing all through the period and their opponents were unable to stop them. Wetmore tied the score amid the cheers of the Acadia students. Parker failed to convert. From the kick-off Acadia again carried the play into their opponents territory and after a few minutes Robinson again crossed the line and the crowd went wild. The kick was a difficult one and Parker failed to convert. Acadia continued to outplay the visitors and the game ended with the play close to the Mt. Allison line.

The game was most satisfactorily refereed by Lou Buckley, of Halifax. The line up of the teams was as follows:

MT. ALLISON	ACADIA
Peacock	Full Back
Ed. Ferguson	Halves
Clarke	Line
H. Elliott	Quarters
Anguine	Forwards
A. S. Ferguson	
P. Elliott	
Flemington	
Taylor	
Myers	
Churchill	
Prince	
Asford	
Miles	

Attention is called to the card of Mr. R. B. Blauvelt, L. L. D., which appears in this issue among the professional announcements. Mr. Blauvelt is a clever young man, well known in Wolfville and merits the support of the public. He has opened offices in the Herbin Block, where he will be glad to meet prospective clients.

Rev. Dr. Whitelaw was the preacher at St. Andrew's church on Sunday morning. He gave a most practical and interesting address on "Spiritual Reserve" which was much enjoyed by the congregation. A delightfully rendered vocal solo by Mrs. J. W. Smith was also highly appreciated. In the evening the pulpit was filled by Rev. Mr. Stirling, who is always heard with interest by the members of St. Andrew's congregation.

## Monday Night's Meeting

### Well Attended and Good Natured—Wolfville Votes "Wet"

The public meeting of citizens on Monday evening in Temperance Hall brought out a goodly number of ratepayers and passed off tranquilly.

Mayor Fitch, who was in the chair, briefly stated the object of the Council in calling the citizens together, and Mr. Trask, who was present, stated what he thought of the project of augmenting Wolfville's water supply by an artesian well. He impressed the meeting as a man who knows what he is talking about, and without wasting words gave a fund of useful information.

The project of the Council was pretty well discussed both sides of the argument being well presented. Some of the speakers thought that in view of the fact that we had passed through an unusually dry season with sufficient water for every demand our present source of supply with increased storage capacity, would meet every need. Others urged preparedness, in view of possible demands made upon the system for fire-fighting or any other unexpected course.

The vote when finally taken was as follows: For, 47; against, 7.

Mr. Trask's estimate is that for a supply of from 20,000 to 30,000 gallons per day a well probably not over 200 feet in depth could be sunk at an expense of \$2,000 including pumping requirements. However the sum of \$3,500 was voted by the meeting to provide for the possibility of the estimate falling short.

We understand it is the purpose to have the work undertaken in the near future and completed as soon as possible.

Don't overlook the great opportunity of procuring your Xmas presents at our special prices, during our Mammoth Sale. Remember the dates: 12th to 27th. TEN DAYS ONLY.

## Important Property Change

A real estate deal of considerable local interest was effected during the past week in the sale of the McKenna Building on Main street to Drs. Leslie and Eugene Eaton, late of Madras, India. The price paid we understand was in the vicinity of \$18,000, and the new owners will take possession December 1st.

This building, which is the finest business edifice in town, was erected by Dr. McKenna in the fall and winter of 1898. It has been occupied by different business concerns and was the home of THE ACADIAN for twenty years. Dr. McKenna has carried on a successful dental practice in offices in this building, having come to Wolfville from Kentville in December, 1895. St. George's Lodge, A. F. & A. M. have occupied the third floor since the opening of the building, which was constructed by Curry Bros., on land purchased from the late G. V. Rand.

Dr. McKenna has also sold his practice to the Drs. Eaton, and will retire to enjoy a well-earned leisure after a long and successful career.

The Drs. Eaton are sons of the late Dr. Stephen Eaton, of Canning, and have been practising their profession successfully for the past fifteen years. They are clever and enterprising young men and THE ACADIAN gladly gives them a welcome to Wolfville. Dr. Leslie has purchased the property on Earncliffe avenue formerly owned by the late E. E. Archibald, and Dr. Eugene, we understand, will occupy the dwelling in which Mr. G. S. Bauld now resides.

A very pleasant and successful social was enjoyed by the members of the congregation of St. Andrew's church on Monday evening of last week. There was good attendance and a most enjoyable program was presented.

## Acadia Notes

Dr. A. W. H. Eaton, of Boston, gave an address on "The Historical Records of Nova Scotia", in the Acadia Library, on Sunday afternoon.

The annual Freshman entertainment was given in College Hall last Friday evening. The program took the form of a Minstrel Show which was much enjoyed by the large number present.

Acadia Seminary Conservatory of Music will present a series of three Artist Recitals during the winter. H. Gebhard, the famous Pianist will play at College Hall, Friday evening, Dec. 10. Mr. Gebhard is one of the best pianists before the public to-day. Nov. 12-13, he plays in St. Louis with the St. Louis Symphony Orchestra, Nov. 18-20 with Cleveland Symphony Orchestra; Dec. 17-18 in New York, with the National Symphony Orchestra and in February with the Boston Symphony Orchestra. Dec. 7th he plays at Mount Allison, Dec. 9 at Halifax and thru the efforts of Dr. H. T. DeWolfe and Prof. F. E. Marsh he comes for the first time to Wolfville Dec. 10. Tickets will go on sale next week at Rand's Drug store. In March Helen Choate, the noted Boston Soprano will give a recital in College Hall. It was with great effort that we were able to get these artists as they are both in great demand throughout Canada and the States. The third number is to be announced at a later date. If the lovers of good music want a series of Artists Recitals each year in Wolfville now is the chance to boost and make these concerts a great success. The proceeds from these concerts are to form a fund to pay artists to come at later dates. Remember the date, Dec. 10, 1920. H. Gebhard, Eminent Pianist.

"My Soldier Girl" at the Opera House on Tuesday evening was greeted by a truly good house. Those present enjoyed the story, music, and perfect costumes. The assistance rendered by the students of the College is much appreciated.

## Armistice Day

### Fittingly Celebrated in Wolfville

The weather yesterday was delightful and contributed not a little in making the celebration of Armistice Day in Wolfville the success that it was.

The program which was arranged by the Civic Club for the occasion was given hearty support by citizens generally.

A most interesting feature of the day was the presentation of flags to the different departments of the public school by the Sir. Robert Borden Chapter of the I. O. D. E. This presentation took place with appropriate ceremony at the school building at 10 o'clock. There was a goodly number of visitors present. Each department was given its own flag by a representative of the I. O. D. E., as follows:

In the principal's room the ceremony was in charge of Mrs. L. C. Moore, chairman of the School Board and Regent of the I. O. D. E. Mrs. R. W. Ford made the presentation in the vice-principal's room; Mrs. (Dr.) Cutten in Grade 8; Mrs. W. H. Chase in Grades 6 and 7; Mrs. Herbert Johnson in Grade 5; Mrs. Rachel DeW. Archibald in Grade 3 and 4; Mrs. (Prof.) Balcom in Grade 2; and Mrs. (Prof.) Perry in the kindergarten.

Addresses were made by visitors in the different departments, national airs were sung and the whole affair passed off most happily, and reflected much credit on those in charge.

At the close of the exercises the schools were massed on the play-ground where they were paraded and joined in the procession composed of Boy Scouts, School Children, and G. W. V. A., and marched to the Baptist church where the Armistice Day exercises were carried out. The parade was a most creditable one and presented a splendid appearance. It was headed by a band from the College and Boy Scouts which furnished excellent music and made a fine impression. The assistance rendered by the students of the College is much appreciated.

## The United Farmers of Nova Scotia

will hold a meeting in

### NICKLET HALL, KENTVILLE

— On —

## Tuesday, November 16th, 1920

AT 2 O'CLOCK SHARP

H. L. TAGGART, Farmer, M. P. P., from Colchester county, President of the Association will address the meeting.

The Press says the farmers of Kings county do not believe in this Organization but we think differently. We would like for every Kings county farmer to be present at this meeting, take part in the discussion and show where they stand on the question.

Talk this over with your neighbor and if necessary BRING HIM TO THE MEETING IN YOUR CAR

**Notes and Comments**

We are apt to look upon candid friends as enemies.

It is easier to dodge responsibility than it is to dodge results.

Every dreamer expects to accomplish something when he wakes up.

Wife: "I cook and cook and cook for you, and what do I get? Nothing?"  
Husband: "You're lucky; I always get indigestion."

The Toronto Globe draws the conclusion that the women of the United States evidently took a good deal of stock in the argument that a Democra ic candidate with Tamany behind him could hardly be reckoned a friend of bone-dry prohibition.

Great Britain, France and Italy have signed a tripartite agreement in which they undertake to support each other in maintaining their "spheres of influence" in Turkey. The limits of the areas in which the respective special interests of France and Italy are recognized are defined by the same document.

Boston fishermen are not inclined to admit that the victory of the Esperanto over the Nova Scotia schooner Delawana established the Gloucester boat as the champion of the North Atlantic fishing fleets, and they have sent a challenge to the Cape Ann salts to race the Esperanto against the Boston fisherman Josephine Decasta. The challenge is for one race or for the best two out of three.

Every person alive in Canada on June 1st, 1921, will have his or her name appear in the census records compiled by the Dominion Bureau of Statistics. Two hundred and thirty commissioners, one in charge of each Federal constituency, and eleven thousand enumerators will be employed to accomplish this feat. In the cities and towns it is expected that the work will be concluded in two weeks, but it is anticipated that four weeks will be necessary to clear up all the rural enumeration areas.

**NOVEMBER ROD AND GUN**

Readers of Canada's national sportsman's monthly ROD AND GUN IN CANADA will look forward with interest to the November issue which contains among other interesting stories and articles, "Where the Amber River Flows," a story of the North country written by that premier sportsman, Robert G. Hodgson. "Lobstering in Nova Scotia" is the title of Bonnycastle Dale's instructive contribution to this issue. The annual tournament of the Nova Scotia Guides' Association is fully reported and illustrated in two articles. The sportsmen's departments, fishing guns conservation and kennel are up to their usual high standard. In addition to these interesting stories and departments, A. Bryan Williams, the noted big game hunter of British Columbia gives an interesting account of a big game hunt in the mountains of the Pacific province. ROD AND GUN IN CANADA is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

**Why Anaemia Prevails**

**The Strenuous Conditions of Life Today Are Responsible**

Mothers who remark that girls to-day are more prone to anaemia than the girls of a generation ago, should look back at the surroundings in which they and their companions lived. They would easily see the reason in life's altered circumstances to-day.

Now the school-girls' life is more strenuous; her more numerous studies are a severe tax upon her strength. Also, girls enter business soon after leaving school—at an age when they most need rest and outdoor life. Their womanly development is hampered by the stress of working hours, hurried and often, scanty meals. Girls are more liable to bloodlessness to-day, but there is this consolation that, whereas doctors formerly regarded anaemia as often incurable, the cures are now counted in tens of thousands. Such medicines as Dr. Williams' Pink Pills have restored to good health thousands of weak anaemic girls and women, simply because they contain the elements necessary to make new, rich blood which means good health and vitality.

When your daughter's strength fails and pallor, breathlessness and backaches disclose here anaemic condition, remember that you can make her well and assure her health development by giving her Dr. Williams' Pink Pills to make good red blood. Remember, too, that for women of all ages Dr. Williams' Pink Pills are especially helpful in the many ailments that result from watery blood. They make women and girls well and keep them well. This is simply proved by the case of Miss Eva MacKinnon, Glamis, Ont., who says: "As a school girl I grew very pale and would take dizzy spells and sometimes vomiting. My condition was such that I was not able to attend school regularly, and my mother was very much worried about my condition. Finally she decided to give me Dr. Williams' Pink Pills and I took these for a considerable time, gradually gaining strength until I was perfectly well. It is some years since I took the pills and I have enjoyed the best of health, and I am certain pale, sickly girls will find new health if they give Dr. Williams' Pink Pills a fair trial."

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

**NOT A TREE TRADE COUNTRY**

The United Kingdom is no longer a free trade country. The statement of the Canadian Manufacturers' Association, presented to the Tariff Commission, refers to the budget speech of Hon. Austen Chamberlain, Chancellor of the Exchequer in which he stated that the United Kingdom had raised during the year ending March 31, 1920, the sum of 149,360,000 pounds sterling from customs duties imposed on goods imported into the United Kingdom. That is, every resident of the United Kingdom paid a customs tariff of the average of about \$16 last year. In Canada last year the average per capita tariff tax, including the war tariff, now removed, was about \$23 or, without the war tariff, about \$19.50.

In addition to applying various protective duties, and imposing embargoes which are really protective measures, as in the case of the cattle embargo, the United Kingdom now has a measure before Parliament to prevent dumping, arising from exchange depreciation or other causes.

These facts cut the ground from under the feet of those Canadian free traders who are always setting up England as an example, and maintaining that the Mother Country's lead in the world's commerce is solely due to free trade there.—British Columbian.

**"Your Teeth"**

By Rea Proctor McGee, M. D., D. D. S.  
Editor ORAL HYGIENE.

**"RACE DEGENERATION"**

As we read history and we notice the rise and fall of nations, we realize that at certain periods of their greatness, when their governments have had the greatest vigor and their foreign commerce has been pushed to the ends of the known world, and when the armies have stood victorious in the capitols of their enemies, it would seem that no power would ever be able to raise and to overthrow them.

In many cases the fall of a nation has been caused by a powerful enemy, but more frequently has been the result of a gradual degeneration in the physical and mental qualifications of the people who constitute the country.

If you consider the glories of ancient Greece and their marvellous physical development, and their wonderful energy, their active minds and their artistic instincts, and then wonder what brought them to the low level that they have occupied for the last thousand years, you will find that it was not the invading hosts of the enemy and that it was not the violation of our present standards of morality, and it was not any of those things that are usually held up as vices. It was a new kind of disease that did the business for the old Greeks; it was simply malaria. So you see that if a nation shows signs of decay, one of the first things to do is see if there is any extremely active disease that is attacking the inhabitants in great numbers, and if there is, there you will find the reason for a lowering of the national tone.

In America today nearly every child that goes to the public schools, and nearly every child that does not go to the public schools, is suffering from decay of the teeth. It would seem that the bacteria of tooth decay, which is just as much a disease as malaria ever was, is a widespread attack upon the people of our race. And if we are unable to check it then we must conform to the physical regulations that have been in force since the world began, every type of animal that has disappeared from the globe has done so because the change of climate or environment had been so rapid that the development of the teeth could not keep pace with the change in food, and consequently these animals that once existed became so because their dental apparatus could no longer do the business. And if our dental apparatus is allowed to become a total wreck, we are doomed as a people.

**DIGBY BOAT NOW A TRAINING SHIP**

Once the passenger "flyer" between Digby and St. John, later, at the outbreak of the war, a scout-cruiser in the North Atlantic, off the Canadian and American coast, then a troop transport across the English Channel, and now a cadet training ship of the British Navy—that is the record of the steamship St. George since the C. P. R. bought the vessel and brought her out from England three years previous to the war and placed her on the Bay of Fundy route; she succeeded the side-wheeler Prince Rupert, another Clyde-built "flyer," in those days, and which was sold to Cuban purchasers. The St. George is now on another cruise from Plymouth, Las Palmas being her destination. She has a full complement of cadets from the Nautical College at Pangbourne. Captain Cardiff was master of the St. George when she was on this side of the Atlantic, but now Capt. J. Hamilton Blair, D. S. C., is in command of the ship.

Lucky is the man who loses his reputation, if it is bad.

**Windmill Barbados Super-Fancy Molasses**

It is the fruit juice of ripe, Golden Ribbon sugar cane—not crushed by steel, nor cooked by steam—but, as in days of old, it goes through wooden rolls with windmill's aid, and is cooked over the open fire in open kettles.

It takes 100 lbs. of this Golden Ribbon Cane to make one gallon of "Windmill" Barbados. Nature alone gives it its sweetness, flavour and colour.

Nothing added—nothing extracted. Full of the food elements that give heat, energy, and endurance, and well balanced with minerals, fruit salts, that give health to the blood and strength to the body frame.

Yet costs no more than common molasses, or compounds in which there is practically no food value.

No fancy cans to raise the cost—Sold in bulk only.

Be sure you get the good, old-process, "Windmill" Barbados—it savors of fruits and flowers of Barbados.

We guarantee Windmill to be absolutely pure and highest grade Barbados Molasses.

If not on sale at your grocer's, mail us his name.

WHAT "BONE DRY" VERDICT MEANS

An order-in-Council is to be passed by the Dominion Government fixing a date after which importation of liquor into the provinces which went "bone-dry" in October will be prohibited. Under an amendment to the Canada Temperance Act, passed last year, it is provided that after the prohibition of importation is declared to be in force,

(1) No person shall import, send, take or transport into the province concerned any intoxicating liquor.

(2) No person shall, either directly or indirectly, manufacture or sell, or contract or agree to manufacture or sell, any intoxicating liquor to be unlawfully imported, sent, taken or transported into the province.

(3) The carriage or transportation of intoxicating liquor through the province shall only be by means of a common carrier by water or by railway, and not otherwise, and during the time any intoxicating liquor is being so transported or carried no person shall open or break or allow to be opened or broken, any intoxicating liquor there from.

For a first offense a penalty is provided of not less than \$200 and not more than \$1000, or imprisonment, in default of not less than three and not more than six months, for each subsequent offence the penalty is imprisonment for not less than six and not more than twelve months. Exception is made in the case of liquor intended for sacramental or medical purposes or for manufacturing or commercial purposes, other than manufacture or used as a beverage.

Canada ranks second among nations for the manufacture and ownership of automobiles.

A Clergyman's Wife Wants Women to Know Advantages of Internal Bathing

If women could only see the thousands of letters Dr. Tyrrell has received from grateful women in all parts of the world thanking him for his wonderful invention for Internal Bathing they would soon discard the medicine bottle and look to the real cause of their trouble. 95 per cent. of all human ills are due to accumulated waste in the Colon, or large lower intestine. Warm water, properly used with the J. B. L. Cascade, will relieve the cause of your troubles, and perfect health will follow.

A Winnipeg clergyman writes: "My wife is naturally sensitive having her name appear in public print, yet is anxious that others should know what the J. B. L. Cascade has done for her. It has really given her a new lease of life. For years she had been doctoring for Constipation, which became worse each year. Since using the J. B. L. Cascade, first about four years ago, she has not been sick a day, and has become robust and strong again. Should any person wish this letter confirmed, you are at liberty to give my name in private."

The J. B. L. Cascade is shown and explained at A. V. Rand, Druggist, Wolfville. The J. B. L. Cascade is an invention perfected by Dr. Chas. A. Tyrrell of New York, and has done more during the past few years to restore health and lessen disease than all other means combined. Ask for booklet explaining all about Internal Bathing and what it has done for others. It is free, or write to Tyrrell's Hygienic Institute, 163 College Street, Toronto.

MILD WINTER IS PREDICTED

An open winter, similar to that of two years ago is predicted by the Indians of the North Country. They base their belief on the fact that the beaver, noted for his industry, has not begun to prepare his winter quarters. They say the beaver was similarly dilatory in getting ready for cold weather in the autumn of 1918.

However, the trappers do not indulge in the same cheerful outlook. They say there will be heavy snowfalls this coming winter, and they base their belief on the fact that there are more hornets nests than usual in that section of the country.

Minard's Liniment Co., Limited. Gentlemen, I have used MINARD'S LINIMENT on my vessel and in my family for years, and for the every day ills and accidents of life I consider it has no equal. I would not start a voyage without it if it cost a dollar a bottle.

CAPT. F. R. DESJARDIN. Schr. "Storke," St. Andre, Kamouraska

T. E. HUTCHINSON WOLFVILLE

THE PRESS AND ADVERTISING RATES

In this day of rapidly increasing costs nearly everybody is protesting to High Heaven. The butcher, the baker, the candlestick-maker, all have boosted the price of their wares. Newspapers alone, in most cases, still serve the public at the same old price. When a raise has been made—the protest usually results in a riot, but even so, many riots are soon due. The cost of material, labor and in fact, everything going into the manufacture of a newspaper, has increased from 100 to 400 per cent. in the past few years. Has the subscription price, the price of advertising, or the price of job work increased in proportion? We'll tell the world it has not. Most newspaper men have always been poor business men, but now, as a matter of self-protection, as a matter vital to their very existence, they are beginning to make a study of the situation.

Space is the newspaper man's stock in trade and its amount is limited—he has only a certain amount to sell. Even a schoolboy may figure out the rates to be charged for advertising space in order to cover the cost of production. Many newspaper men are just beginning to do so. The raise is going to come and no apology will be offered. A man does not apologize for defending his life, and newspapers are becoming tired of explaining why they must fight for existence.

To a certain extent, newspaper men, like preachers, serve the public through a love for humanity, but nowadays beef-steak is harder to get, and the fount from whence flows the milk of human kindness appears to be drying up. At any rate, dollars are becoming a necessity, and the newspaper men are going to get their just share, so don't be surprised to find that another idol has been discovered to have clay feet, and that the publisher of your home newspaper has entered the race after the almighty dollar. He was forced to and must have it in his business.

If Christian Science succeeds in making us believe there is do such thing as pain, it will rob a lot of people of the pleasure they take in being miserable.

THE CLARION CALL

To the Editor of The Acadian:

Dear Sir:—The result of the recent referendi in Alberta, Saskatchewan, Manitoba and Nova Scotia is a magnificent victory for prohibition. The people voted at a Dominion poll upon a Federal issue—the matter of interprovincial traffic in intoxicating liquors. The result of this vote is that a degree of National Prohibition legislation is forthcoming from Ottawa. This victory is a great stride towards a bone dry Canada. It is a further mandate from the electorate for a Dominion wide Prohibition law.

The existence of large quantities of intoxicating liquor, the manufacture and importation of it elsewhere in Canada will continue to be a menace to these "Dry" Provinces.

The clarion call of the prohibition forces in Canada must now be "National Prohibition". Let the temperance forces of Canada hold this ideal before them stronger than ever before and let them speak in one united voice. Let the new electorate the women of Canada recognize that they have in their hands at this moment the power which will finally deal the death blow to this traffic in Canada.

Our goal is a national law enacted by the Parliament of Canada covering all incidents of the traffic, applicable to the whole of Canada and defining intoxicating liquor as any beverage containing one half of one per cent alcohol.

Mrs. H. P. Newcombe  
Ottawa, Oct. 26th.

How to Purify the Blood. Fifteen to thirty drops of Extract of Roots, commonly called Mother Selgel's Carative Syrup, may be taken in water with meals and at bedtime, for the cure of indigestion, constipation and bad blood. Persistence in this treatment will effect a cure in nearly every case. Get the genuine at druggists.

A FEW TRAGEDIES

A man struck a match to see if the gasoline tank on his auto was empty. It wasn't.

A man patted a strange bulldog on the head to see if the critter was affectionate. It wasn't.

A man speeded up to see if he could beat the train to a crossing. He couldn't.

A man touched a trolley wire to see if it was charged. It was.

"I've got a yard of lace on hand."

The lady said: "I guess

I'll add a bit of ribbon, and

I'll have an evening dress."

The JEWELER contributes to every Event of Happiness.

Announcing GIFTS THAT LAST

A silver cup—round and low-lined with gold, traced with your name. It was your first gift. You have it still. And, too, the little birthday ring, the locket and chain,—the watch that rewarded your graduation, the diamond that pledged your love to him,—the silver and gold of your wedding gifts.

Your life is entwined with these memories jeweled with

GIFTS THAT LAST

Love that prompts the giving of a gift is worthy of a gift that lasts. As the love endures, the gift endures and calls to mind this sentiment.

The jewelers gifts are always in good taste, our stock is wide and varied,—you may buy an expensive gem or a simple little keepsake.

### Editorial Notes

Mr. R. E. Banks, former foreman of THE ACADIAN and for the past few years chief adv. setter for the Morning Chronicle, of Halifax, has again joined the staff of this paper. This assures the most effective possible display of our adv. columns, as well as increasing our facilities for turning out high-class printing at short notice, as Mr. Banks is a tasty and skillful printer. During the past few weeks this office has carried on under unusual difficulties occasioned by insufficient power and shortage of help. In future we hope to be in a position to give the best possible attention to any work entrusted to us, and to complete every order with the least possible delay. With the hydro-electric power again available at all times as it soon will be, and a capable staff of printers we will be able to use our new Monotype and electrically driven presses to the advantage of our patrons. No pains will be spared to make the smallest job perfectly satisfactory to the customer.

The Acadia Orchestra will furnish music at the lecture by Miss Vaughan Thursday night.

### N. GRAND PRE NOTES

Mr. Fred Middleton, of Wolfville, spent last week-end with Mr. and Mrs. Harry Palmeter.

Miss Eliza Smith spent Sunday last with Mrs. Robt. Chisholm, of Wolfville.

Mr. Ernest Eagles, of Wolfville, spent the week-end with his parents here.

Nothing better for a Christmas gift than a photo of yourself or some member of your family. Make an early appointment at the Redden Studio, Wolfville.

### YOUNG-ADAMS COMPANY HERE NOVEMBER 19 AND 20

The Young-Adams Company headed by those two clever artists H. Wilmot Young and Marjie Adams perhaps the best known artists touring the Maritime Provinces will be at The Opera House, Wolfville, for two nights and a Matinee commencing Friday, Nov. 19th.

The company comes well recommended this year as having the very best shows they have ever carried, fourteen people in all and every one an artist, they are: H. Wilmot Young, Marjie Adams, Perry Norman, Geo. C. Denton, Clyde C. Ole, Mal Murray, Sid M. Eonard, David Riggan, Geo. Carruth, King Cole, Marie Fisher, Marguerite Young, Vail Hobart, Mrs. Geo. Carruth. The plays are all new and a special car load of beautiful scenery is carried to the productions. Miss Adams who is noted for her beautiful wardrobe, this year has excelled all previous efforts her gowns are of the latest Parisian and London fashion plates. The plays will be Friday, "Rich Man, Poor Man," the Saturday evening post story, Saturday Matinee "Lena Rives" Saturday the very latest sensation "The Love Divine". Seats now on Sale.

### TRUTH A FACTOR IN WINNING THE WAR

On Tuesday evening, Nov. 16, Dr. J. H. MacDonald will deliver a lecture in the auditorium of the Baptist church on the subject, "Truth a Factor in Winning the War". A silver collection will be taken up.

The lecture will illustrate the victorious power of truth by telling of the activity of the British Ministry of Information in impregnating during the last year of the war the minds of the people of alien countries with correct ideas of the war-aims and achievements of the entente powers. It was the policy of the German War Lords to keep the essential facts from the people, military and civilian, and to give them false and misleading information. How to devise means to enlighten the citizens of Germany, Austria-Hungary and Bulgaria and to get the truth into their hands so that they might read it and think of it for themselves, required consummate initiative and skill. The lecturer will show how this was done and how truth when it was brought home to these peoples, broke down their morale and caused them to distrust their leaders, thus proving a powerful weapon in winning the war.

Items of Local Interest

Mrs. W. H. Thompson will be At Home to her friends on the first and third Tuesdays of each month.

Mrs. R. B. Blauvelde will be at home to her friends, informally, on Thursday afternoon, November 18th, from 4 to 6 o'clock.

Mrs. VanZooft has sold her farm at Lower Wolfville to Dr. A. F. Miller, of the Nova Scotia Sanatorium, and will return to the town to reside.

Whereas my wife, Georgina Parsons, has left her home and refuses to return, I will not be responsible for any debts contracted by her. Joseph A. Parsons, Hortonville.

The regular meetings of the Tuxis Boys of Wolfville will be resumed this evening at 8.30 after the Boy Scouts have been dismissed. Their own room, though not yet completed is ready for use.

Mr. and Mrs. F. W. Woodman are now occupying the old DeWolf property, lately vacated by Mrs. W. M. Black. Mr. Woodman has purchased the lot north of the Methodist church, on Gaspereau avenue, and intends building a residence for himself next summer.

Take notice that a General Meeting of the Kings County Boy's Work Association will be held in Town Assembly Hall, Kentville, on Wednesday, November 17th, at 1.30 o'clock, p.m., for the work of further organization. All members of this Association and all others interested in the work are urged to attend.

The Annual Thank-offering meeting of the Woman's Missionary Society of the St. Andrew's church was given on Wednesday evening. Mrs. W. H. Chase presided and an able address on "Home Missions" was delivered by Rev. Dr. Clark, of St. Matthew's church, Halifax. The offering amounted to \$85.42.

Mr. G. D. Jefferson has just installed a wonderful machine for sewing on buttons and finishing shoes. It is operated by electrical power and puts through a lot of work in a short time. The machine cost a considerable amount but will enable Mr. Jefferson to handle his large repair work in a satisfactory and expeditious manner.

The service at the Baptist church on Sunday evening was under the auspices of the Men's League of the church. Dr. MacDonald delivered an able address on the subject, "The Open Door". The singing was led by a male choir, and a pleasing selection was given by a quartette composed of Messrs. MacDonald, Davies, Edwards and Murray, of the University.

The opening lecture of the course arranged by the Civic Club was given by Rev. Dr. MacDonald in the Baptist church last Friday evening and was an unqualified success. Dr. MacDonald's subject was "Some Fundamental Principles of Citizenship" and he handled it in a masterly manner. Dr. Wheelock presided and there was a good attendance. THE ACADIAN will give a verbal report of the lecture next week. Owing to lack of space it was crowded out of this issue.

A number of members from Orpheus Lodge, No. 92, I. O. O. F., participated in a fraternal visit to Athlon Lodge, Canning on Monday evening last. Two candidates were members of the party and degree work was carried out by the Canning Lodge in their particularly commendable manner. After the business of the evening an oyster supper was served and a very enjoyable hour or two spent in good fellowship. The Wolfville brothers left for home in the smaller hours of the morning, leaving behind them a hearty invitation for Athlon Lodge to soon return their visit.

A meeting of the executive of the Wolfville Athletic Association was held on Wednesday afternoon with the president Dr. C. E. A. deWitt, in the chair. The meeting was called to consider the matter of sending a delegate to the provincial hockey meeting at Truro this evening. It was decided to send a representative from Wolfville and Mr. Harry Fraser was appointed. After his return it is proposed to hold another meeting and make arrangements for hockey in Wolfville this coming winter. It is expected that practices can be held in the College rink, and Wolfville should be able to get together a strong team.

Mr. F. C. Churchill, of this town, was elected Second Vice-president of the Nova Scotia Institute of Science at its annual business meeting held at Halifax on Monday evening. At the conclusion of the business meeting the first regular meeting of the year was held, at which Mr. Churchill, who has been investigating details in the surface geology of this district, read an interesting paper in which he presented a description of various fossil deltas, now much elevated above the present sea level, which he has discovered near Wolfville, and which furnishes evidence of the elevation of the region since these deltas were laid down.

Coming Events

Notices under this heading are inserted at 2 cents a word. Each repeat, 1 cent a word; minimum charge, 30 cents. Contract rates on application.

Come by Car, Cane or Crutch to College Hall, Thursday, Nov. 18, 1920. The roof is the limit of capacity.

The ladies of the Social and Benevolent Society will be at Home to the Faculty of Acadia University and the teachers of the public school on Thursday evening, November 25th.

Under the auspices of the Sir Robert Borden Chapter Imperial Order Daughters of the Empire, in College Hall on Thursday night, November 18, 1920, Gladys Vaughan, who has recently returned from the Roumania-Bolshevik front, will speak of her experiences among the refugees. Miss Vaughan has been given great publicity in the newspapers of leading cities in the United States. She also belongs to Wolfville. Among other thrilling episodes of her active service behind the lines in Poland, Miss Vaughan will tell how she with others, in the great retreat of the Polish Army, brought 4,000 refugees across the Dniester River, through Roumania up to the refuge camp in Poland. This was done in the dead of a Russian winter.

The Hamilton Times is authority for the statement that there are two thousand schools in the Province of Ontario which are without teachers. The explanation given is that "the salaries do not attract". This is one of the serious problems which apparently the people of all of our Provinces are facing.

According to an official of the Pullman Company the surcharge of 50 per cent on sleeping car tickets has reduced the earnings of the company fifteen per cent. The heaviest loss has occurred in the west.

Minard's Liniment for Garget in Cows

### The Fall Weather Hard on Little Ones

Canadian fall weather is extremely hard on little ones. One day is warm and the next wet and cold. These sudden changes bring on colds, cramps, and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

There is a gold fever raging in Pictou county, according to the New Glasgow Evening News. A fabulously rich strike has been made near Jordan's Summit. It is claimed that it is a mother lode and that it assayed, in a test, from \$5 to \$500 to the ton.

If there are 25,000 adults in the Province of Alberta who cannot speak the English language, there is room for active work on the part of the Provincial educational authorities. It shows also the need of careful selection of immigration in the future.

### N. S. NATIONAL RESOURCES

A 70-page booklet entitled "Natural Resources of Nova Scotia" with 16 illustrations and a map has just been issued by the Natural Resources Intelligence Branch of the Department of the Interior, Ottawa. This is the latest of a series dealing with various sections of the Dominion, the booklets previously issued having dealt with New Brunswick, the Peace River, New Manitoba, Saskatchewan, etc.

The opening paragraph of Nova Scotia clearly indicates the object of the series when it says "The facts in this booklet are compiled for the use of the home-seeker, merchant, manufacturer, capitalist and visitor. They purpose to be up-to-date, authoritative, concise". Each booklet forms a basis of standard official information and is revised as each edition is exhausted.

In the booklet now before us a welcome absence of verbiage allows space for valuable specific facts. Thus there is a list of products reshipped from Halifax which could easily be manufactured in Canada; a special section on West Indian and British Guiana trade, details about oil-shales, coal, limestone and iron, aeronautics, merchant marine, clays, salt, land prices and wages—all subjects of present interest. Statistics are made palatable by an interesting style and suggestive touches.

Nova Scotia is crossing the threshold to great activities, and both to the many native born who left the land in the last generation and to the many about to sail from overseas the booklet will be a reminder that the chances in Nova Scotia now seem as bright as is its summer beauty.

The "Natural Resources of Nova Scotia" will be sent free by mail on application to

The Superintendent,  
Natural Resources Intelligence Branch,  
Department of the Interior,  
Ottawa.

### TIRE TROUBLES

Experiments Show More Damage Done by Under-Inflation Than by Effect of Heat

Does the air pressure in a tire increase sufficiently in hot weather to cause blow-outs? That question has been asked of tire dealers thousands of times. Some will answer "YES" and others will declare that it is impossible.

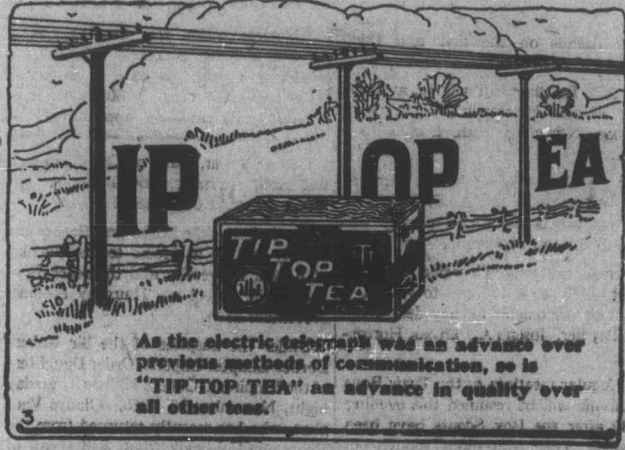

A well-known rubber company has completed interesting tests which proved that while the temperature and pressure within a tire rise during hot weather, the increase in pressure is so slight that it has virtually no effect on the tire.

Two five inch tires were used in the test, one properly inflated and other underinflated. The tests were made on different days, one of which was extremely hot, the other of normal temperature.

In the case of the normally inflated tire, the temperature within the tire increased 30 degrees, while the pressure was increased between 7 and 10 per cent., an increase insufficient to cause a blow-out under ordinary conditions. The pressure in the underinflated tire, however, increased 14 per cent., while the temperature rose 48 degrees.

This substantiates the assertion that underinflation causes more wear to be done by the tire and indicates a destructive effect upon it. The experiments show, also, that the increase in air pressure under normal conditions, with proper inflation, will have no destructive effect upon the tire, regardless of the heat of the day.

### The Ideal Bathtub for Baby

EDDY'S Infantile Hygiene Wash is just the thing for baby's bath. Besides being light, easy to handle and unbreakable, it has a surface which cannot cause injury—no cracks, no joints, no sharp corners. It is made of one piece and will not warp, it does not splinter or come apart. It is much superior to metal because it cannot dent or rust. Metal tubs quickly chafe baby's skin and irritate water is added. In a like manner metal tubs will irritate the skin and also cause the water to cool rapidly. Eddy's Infantile Hygiene Wash is the only wash that can be used in cold water. For the same reason it keeps the water warm longer.

Another Royal Suggestion

## PIES and PASTRIES

From the NEW ROYAL COOK BOOK

**CHEER** up! There is no further reason for worrying about table variety. The new Royal Cook Book gives new suggestions for every meal every day. The book is so full of surprises there will never be another dull meal in the home. Here are a few suggestions from the new Royal Cook Book.

**Plain Pastry**

This recipe is for one large pie with top and bottom crust

2 cups flour  
1/2 teaspoon salt  
2 teaspoons Royal Baking Powder  
1/2 cup shortening  
cold water

Sift together flour, salt and baking powder; add shortening and rub in very lightly with tips of fingers (the less it is handled the better the paste will be). Add cold water very slowly, enough to hold dough together (do not work or knead dough). Divide in halves; roll out one part thin on floured board and use for bottom crust. After pie is filled roll out other part for top.

**Rich Pastry**

2 cups pastry flour  
1/2 teaspoon Royal Baking Powder  
1/2 teaspoon salt  
1/2 cup shortening  
cold water

Sift flour, baking powder and salt; add one-half shortening

and rub in lightly with fingers; add water slowly until of moist consistency to roll out. Divide in halves; roll out one half thin; put on in sliced pieces half remaining shortening; fold upper and lower edges in to center; fold sides in to center, fold sides to center again; roll out thin and put on pie plate. Repeat with other half for top crust.

**Apple Pie**

1 1/2 cups flour  
1/2 teaspoon Royal Baking Powder  
1/2 teaspoon salt  
2 tablespoons shortening  
4 apples, or 1 quart sliced apples  
2 tablespoons sugar  
1 teaspoon milk

Sift flour, baking powder and salt; add shortening and rub in very lightly; add just enough cold water to hold dough together. Roll half out on floured board, line bottom of pie plate; fill in apples, which have been washed, pared and cut into thin slices; sprinkle with sugar; flavor with cinnamon or nutmeg; wet edges of crust with cold water; roll out remainder of pastry; cover pie, pressing edges tightly together and bake in moderate oven 30 minutes.

"Bake with Royal and be Sure"

### A Series of Talks on Music

By Prof. C. C. Laugher, Mus. Bac., Sarina.

#### NO. III—PERT REMARKS

The chesty concert singer said to his friend, "I am thinking of touring South Africa next year." His friend said, "Take my advice and don't, an ostrich egg weighs two or three pounds you know." What a difference to that most lovable and interesting character Chopin, his delicate touch was full of expression and exquisite grace, his physical condition debarred him from every bodily exertion. He was seriously restricted always by a lack of strength, and died at the age of forty. Listen to what Chopin said of himself, "I am well and in good spirits, why, I do not know, but the people here (Vienna) are astonished at me, and I wonder at them for finding anything to wonder at in me. My manner of playing pleases the ladies so much, I move in the highest circles and I do not know how I got there. I am in the world like an E string of the violin on a contrabass."

Living during the same period but in the little country of Belgium was de Beriot, a man of different habits. This talented violinist was appointed solo violinist to William I. King of the Netherlands. "De Beriot" received a New Year's present of a dozen bottles of champagne from a wealthy friend. The violinist consumed the wine and returned the empty case with his card, on which he had written "encore," his patron did not resent this, but sent a second lot with his visiting card, on which he had written the word "finale."

Joachim was another great violinist who is known as the most distinguished teacher and greatest violinist of recent times. Joachim insulted the Kaiser, for when the Kaiser asked Joachim to teach two of his sons the violin, Joachim replied, "Your majesty, I fully appreciate the honor of teaching your sons, but I am very sorry to say that all my time is so taken up with talented students that I find it impossible to accept your majesty's offer." Ever after that time Joachim was no longer a favorite with the Kaiser. Joachim was the greatest teacher of his time, he took no pupil at any price who was not already an artist of talent, yet we often think of the words of Jacob Abbott who said, never get out of patience with dullness or stupidity," but we are inclined to question when we read of an examiner asking the following questions and receiving these replies: What is a double sharp? When you strike two black keys at the same time, one with each hand. Define "form" in music? Well it is not good form to applaud by stamping your feet, you should clap your hands. What does "si" signify? So far for one day's practice.

What is a Minuetto? A short piece that you can play through in one minute. We cannot but smile at some answers, for Willie after reading about the Guitar asked, what is a guitar? Why said Johnnie with a sneer, it's a disease in the head. No it ain't said Freddie, giving his chum a nudge, it is a lump growing on the throat.

The violinist was certainly put to a test for an answer when the landlady said to the violinist, who also was a new lodger. Oh, good-morning, good-morning answered the new lodger, I hope you had a good night's rest, said the landlady. No I did not said the midlooking man, your cat kept me awake. Oh, said the landlady tossing her head, I suppose you are going to ask me to have the poor thing killed. No, not exactly said the gentle lodger, but would you very much mind having it tuned.

Speaking of singing we cannot do better than listen to the soap-box orator, yes, said the orator, this is indeed a wonderful country. We have thousands of women who are wonderful singers—thousands of women who hold their audiences for hours at a time—after which they lay it in a cradle and rock it to sleep.

A piece of cloth that has the pattern stamped upon it is never as valuable as one where it is woven through. Surface politeness, surface virtues, are cheap things the patterns of goodness, of nobility, must be woven through and through our characters before we are really valuable to the world.

#### GRAND PRE AND HORTONVILLE

Miss Kathleen Harvey, who is training at the V. G. Hospital, Halifax, is spending her vacation at her home in Grand Pre. We wish Miss Harvey every success in her work.

Mrs. F. J. Bonner, of Halifax, is visiting in Grand Pre, the guest of her mother, Mrs. MacRae.

Mr. and Mrs. W. P. Eaton returned home last week after spending a few days in Halifax.

Miss Mary Porter was visiting friends here last week.

Miss Elizabeth Crane is ill at the home of F. H. Crane. We hope Miss Crane will soon recover.

Mr. Irving F. Boates, who has spent the fall months in Alberta, has returned home.

**Minard's Liniment for Distemper.**

#### GASPERAEU NOTES

Great sorrow is felt for Mr. A. H. Coldwell and family on account of the death of their two youngest children, Albert and Henry, who passed away on Oct. 28th and Nov. 2nd.

Mrs. Margaret Davison has left this week to spend a few weeks with her sister, Mrs. Belle Davis, in Spencer, Mass.

Mr. Walter Miner is slowly recovering from the effect of his accident which occurred some weeks ago.

Mr. and Mrs. Elmer Allen are receiving congratulations on the birth of a son. Mrs. L. L. Westcott and her two children spent last week end with her sister, Mrs. George Davison.

When you hear a woman has educated her husband, it may merely be meant that she has been giving him "pieces of her mind" at various intervals.

"YOU'LL LIKE THE FLAVOR"

### Ten Years After

Ten years ago the first packages of KING COLE TEA were packed and put on the market. The time that has elapsed since then has been filled with hard work and with many difficult situations to be met and overcome. But withal, it has been a period of unquestionable, steady and persistent progress. KING COLE TEA has never looked back. Every year has brought its increase. Today its sale is ten times greater than the first year's business. This is the public's remarkable tribute to the worth of KING COLE TEA. It speaks for unusual service.

**Personal Paragraphs**

Mr. and Mrs. H. W. Phinney spent a few days in Halifax last week, guests of Col. and Mrs. E. C. Phinney.

The Mayor and Mrs. Fitch left on Wednesday on a two weeks trip to points in the Upper Provinces including Niagara Falls.

Mr. E. C. H. Young motored to Halifax on Saturday, returning on Monday. On Sunday he, with a party of friends, motored to Chester.

Dr. F. G. Zwicker and family have returned to Halifax after spending several months at their summer home at Port Williams.

Mr. and Mrs. B. O. Davidson spent Sunday last at Middleton, guests at the home of the former's brother, Mr. A. L. Davidson, M. P.

Mr. A. W. Bleakney left on Wednesday morning for Boston and vicinity, where he will visit his sons and other relatives. He will be away about a week.

The many friends of Dr. J. F. Tufts are glad to learn that the condition of his health is much improved. It is hoped he may soon be around again.

Mr. Andrew Strong, of Port Hawkesbury, was a visitor in town over Sunday, a guest at the home of his sister, Mrs. G. W. Munro. Mr. Strong is an old resident of Wolfville and is always welcomed by old-time friends.

Mr. N. W. Eaton, of Canning, was elected Grand Worthy Patriarch at the annual meeting of the Sons of Temperance at Halifax this week. THE ACADIAN tenders congratulations to Mr. Eaton and to Kings county on the honor his election brings to it.

Mr. Ralph L. Fuller, who on account of ill-health has been spending the past year or more in this vicinity, left on Saturday en route to Ottawa, where he has resumed his duties in the Militia Department. Mr. Fuller's many friends here are glad to know of the improved condition of his health and wish him abundant prosperity.

Rev. Dr. Eaton, of Boston, the well known author of a number of valuable works, including the "History of Kings County", the leading author in the history of the province, has been visiting his many relatives and friends in Wolfville, and the county. Last Sunday he preached a remarkable sermon in St. John's church, which was listened to by the congregation with close attention. It was a beautiful exposition of the essential goodness of human nature, in spite of its many weaknesses and limitations and a most impressive exhortation to cultivate high ideals. While in Wolfville, Dr. Eaton was the guest of his cousin, Mrs. Herbert Stairs. He left on Monday morning for Boston.

**ARMISTICE DAY**  
(Continued from Page 1.)

The Baptist church was well filled at 11 o'clock when the exercises began. On the platform were the President and Vice-President of the Civic Club, the ministers of the town, Prof. Whitelaw who gave the oration, Principal Ford and Mr. Percy Brown, Scott Master, who rendered such excellent assistance in making all the proceedings so successful.

Dr. Wheelock, president of the Civic Club, presided with great skill. The scripture reading was given by Rev. R. F. Dixon and prayer was offered by Rev. G. W. Miller. "The Maple Leaf", "O Canada" and other selections were well given by the school children under the direction of Principal Ford.

Prof. Whitelaw's address was a masterly one and held close attention from start to finish. It was intended principally for the children but was certainly of interest to all. Armistice Day celebrates the coming of peace. The speaker described his experience in Germany during August, 1914, when the Germans celebrated the coming of the war. In practical and instructive terms he stated why we should all love our own country and seek to make it the best in the world. He deprecated anything tending to set nation against nation and urged the development of a worldwide brotherhood which should make the great day of peace really possible.

In closing he quoted the beautiful poem of the late Col. MacRae and urged the taking up of the torch and the carrying on of the work for which our brave boys fought and died—not in the interests of war but to make peace and good-will on earth.

The meeting closed with the singing of the national anthem, the benediction by Rev. Mr. Watts and "The Last Post" by Buglers Lake, of the G. W. V. A.

Don't overlook our special price on washing machines. our price is less than wholesale cost today. T. P. Calkin, Ltd.
